27TH YEAR PROBS: Some showers or thunderstorms, but partly fair; a little higher temperature.

TWELVE PAGES—WEDNESDAY MORNING OCTOBER 2 1907—TWELVE PAGES

R. A. PRINGLE, M.P., TO REPRESENT GOVT. ON SOO DIRECTORATE

Said to Be One of the Terms of the Renewal of the Loan—Official Announcement To-Day.

For nearly a week negotiations have been in progress at the parliament buildings concerning the renewal of the \$1,000,000 loan from the province to the Soo Consolidated Co.

An official announcement renewing the loan is expected, to-day, and it may—or then, again, it may not—confirm what The World heard last night on good authority, namely, that one of the matters agreed upon has been the appointment of a government representative on the board of directors of the company.

The appointment has been conferred upon R. A. Pringle, M.P. for Stormont. Mr. Pringle is a member of the law firm of Pringle & Leitch of Cornwall. Mr. Leitch is chairman of the Ontario Railway and Municipal Board.

Mr. Pringle has, for a year or so, been more or less connected professionally with the Soo corporation, and has been attending the conferences in Queen's Park. He, with Mr. Clergue and C. D. Warren, left on Monday night for New York City, where necessary papers connected with the extension of the loan must be signed to-day.

It was stated by one party that Mr. Pringle is to receive \$3000 a year as a member of the board; another party said he understood that it would be a fee of \$50 for each board meeting attended, numbering probably 100 in a year.

HAVE NEVER BEEN ASKED TO ACCORD ANY FAVOR

Premier Whitney Denies That Pressure Has Been Brought on Power Contract.

"The government is dealing with this question of hydro electric power with the greatest earnestness and industry that is possible, and if the united efforts of all the cabinet ministers can bring about a good result it is pretty sure to come," said Hon. Mr. Whitney late yesterday at the close of rather an arduous day in council.

"In the meantime," he continued, "I am sorry that anybody thinks that advice from Conservative or from other people has been tendered to us, and that we have been influenced by it."

"I am bound to say that no person of any political party whatever has either directly or indirectly suggested to us anything in the nature of favorable treatment to the Electrical Development Co."

"In fact, if any advice has been tendered us, it has been exactly of an opposite nature."

"Now, that is all I have to say upon that subject."

JOHN W. MORRIS KILLED.

Was Agent of Sunday World at Bowmanville.

BOWMANVILLE, Oct. 1.—(Special).—This town had hardly recovered from the sad accident of yesterday, in which William Bagnall, an employe of the Durham Rubber Company, had his hand so badly crushed that it had to be amputated above the wrist, when another distressing accident occurred this afternoon, whereby John W. Morris, a section-hand, employed on the Grand Trunk Railway, lost his life.

Morris was working on the track just west of the town when two trains from opposite directions approached, and it is thought that in getting out of the way of one train he stepped in front of the other. He is slightly deaf and this may be the cause of his not hearing the approaching train. He lived about half an hour after the accident occurred.

TORONTO MEN BEHIND WESTERN ENTERPRISE

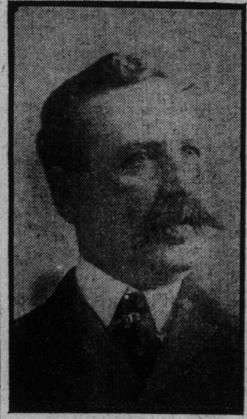

Company Being Formed to Manufacture Railway Cars—Probably in Winnipeg.

WINNIPEG, Oct. 1.—(Special).—The organization of a company for the manufacture of railway cars in the Canadian west is being effected in Toronto.

Acting Mayor Davidson to-day received a letter from the Western Securities Company announcing that the concern was being organized, and that Winnipeg was being considered as a location for the factory. The company will have a capital of \$2,000,000, and will employ 1000 hands.

Succeeded by His Brother.

LONDON, Oct. 1.—(Special).—J. C. Crombie, chief despatcher, succeeds his brother as manager of the railway in this city.

R. A. PRINGLE.

GIRL AND GOLD SLIPPED AWAY

Now Alex. Watson Is Wanted by His Successor and the Police.

John C. McGinnis, manager of the Oliver Typewriter Company, 162 Bay-street, wants to find Alexander Watson, formerly connected with the company, who hired him Aug. 23. He is so anxious to find him that he has im-bued the police with the same desire since Aug. 29. The charge is fraud, by which Watson secured \$200 from Mr. McGinnis, and it is further said that by the same transaction Watson secured a pretty wife, formerly Miss F. O'Neill of Etihadale.

The story runs thus: Mr. McGinnis, who has not been long in the country, answered an advertisement in a daily paper which called for a manager for the Oliver Company. Watson, arrayed in a frock coat and other immaculate attire, was seated at an imposing desk on the roll top variety, and near him was Miss O'Neill, who was with a typewriter.

Mr. McGinnis applied and Watson intimated that as Mr. McGinnis was unknown some guarantee should be forth-coming and suggested cash. Mr. McGinnis named \$200, and Watson agreed. They adjourned to the bank and there Mrs. McGinnis, who was with-drawing a portion of the family re-sources, was explained and she demurred, but Mr. McGinnis laughed at her doubts and the money went to Watson.

Thereafter and upon the same day Watson went to Chicago, and with him Mrs. Watson, nee O'Neill. Now Mr. McGinnis has the job, but he would like to get his \$200. It is said that the pretty Mrs. Watson has returned to the stage, while Watson is said to have passed thru the city recently on his way to Quebec.

CARELESS MANAGEMENT CHARGED, FRAUD HINTED AT

Application for Receivers for New York City Railway Company—Attorney-General's Statement

NEW YORK, Oct. 1.—Startling charges of extravagance and neglectful management, or if not, failure to account for millions of dollars, are made by State Attorney-General Jackson, in a petition filed to-day, calling for the appointment of receivers for the New York City Railway Co. and the Metropolitan Street Railway Co., and also demanding the dissolution of the New York City Railway Co.

The application for receivers was made to Justice Ford of the supreme court, who issued an order for the defendants to appear in court on Oct. 3, and answer to the complaint.

The attorney-general's action further complicates a situation already considerably entangled by reason of the various inter-related corporations which control and operate the traction lines on Manhattan Island. Ad-rian H. Joline and Douglas Robinson were appointed receivers for the New York City Railway Co. by Judge La-combe in the federal court several days ago, and to-day they were named in the same court to act for the Metropolitan Street Railway Co.

The New York City Railway Co. leases the lines of the Metropolitan Street Railway Co., under a guaran-tee to pay seven per cent. dividends on the Metropolitan stock. The divi-dend has never been earned since the date of the lease, and the attorney-general charges that the deficit to date amounts to more than \$10,000,000.

WILL PAY JAPAN'S CLAIM WITHOUT QUIBBLE

Government of Canada Will Then Look to Van-couver—Cabinet Met to Talk it Over.

OTTAWA, Oct. 1.—(Special).—The Dominion cabinet met this afternoon, with Sir Wilfrid Laurier presiding, but only three other members, Hon. Scott, secretary of state; Hon. A. E. Aylesworth, minister of justice, and Mr. Lemieux, postmaster-general, were present.

According to one of the gentlemen there, no business was touched on except that relative to the claim made for the Japanese Government.

Dr. Munro, the Canadian immigration agent at Vancouver, was asked yesterday as to his authority for de-manding passports direct to Canada from Japanese upon arriving there. A telegram was received from him to-day, stating that it was formerly the custom to do this, and he was merely reverting to it. He has been asked to stop it, as it is an infringement of the treaty.

Consul General's Claim.

Japanese Consul-General Nosse waited on the government to-day and presented claims for damages caused by the riots in Vancouver. The dam-ages will amount to between \$5000 and \$6000. The cabinet was to meet and pass the amount. There will be no quibbling over it. The money will be paid and the City of Vancouver will be asked to refund the amount.

At this afternoon's meeting, said one of the quartet that were present, we had barely a quorum and did not define about the matter. Mr. Munro will be heard from in a day or two—at least that is what we expect—and until he is we thought it wiser to do nothing formal and so the claim was not passed to-day.

Notwithstanding this, it is now practically certain that it will be passed, and, as intimated above, the government will then look to Van-couver to settle.

What the Consul Says.

"Have you had any word from any of those who attended the cabinet ses-sion this afternoon?" the Japanese consul-general was asked to-night by "The World."

"I have not," was the answer. "Is it true that you are making a claim for \$5000 or \$6000 for the Japanese Government?"

"No," matters have not gone as far as that.

"Did you not call on the secretary of state in reference to the matter?"

"Yes," but not in the manner men-tioned. How could it be when I have not got authority from Japan to that effect."

BOOKBINDERS GO ON STRIKE FOR 8-HOUR DAY

Demand Generally Ac-ceded to in New York --Men Are Out in Other Cities.

NEW YORK, Oct. 1.—The demand for an eight-hour day by the bookbinders belonging to the International Brother-hood of Binders has been generally ac-ceded to by employers throuth the city, and the strike order issued to the book-binders to-day only affected four shops. President Brocking of the Interna-tional Brotherhood said that employers in thirty-two cases had granted the demand for the eight-hour day, but that strikes had been called in Chicago, Philadelphia and Boston to enforce the acceptance of the demand.

Only a few bookbinders are out on strike here; 200 are out in Boston, and in Chicago the printing pressmen are out.

Out at Winnipeg.

WINNIPEG, Oct. 1.—(Special).—To-day some fifty bookbinders went out on strike. The men asked for an increase from \$15.50 to \$18, and a reduction in hours.

BOY SHOT AND KILLED.

He and Brother Playing With a Load of Gun.

MALLORYTOWN, Ont., Oct. 1.—A boy was accidentally shot and killed here to-day.

Kenneth Ferguson, aged 3 years, was playing with his brother Alfred, aged 5 years, about noon to-day, they having got possession of a loaded gun. In some unaccountable manner Kenneth was shot thru the head and instantly killed.

NEW STEAMER FOR LAKE TRADE

MONTREAL, Oct. 1.—(Special).—A new steamer, destined for the lake-carrying trade, arrived in Montreal to-night from Dundee. She is the G. R. Cole, and was built in Great Britain for the St. Lawrence and Chicago Na-vigation Co. for the grain-carrying trade. She left for Toronto this evening.

License Holders to Reorganize To Resist Blue Ribbon Wave

Convention Will Be Held in To-ronto on 22nd Inst. to Consoli-date Various Liquor Interests of Province.

LOCAL ASSOCIATIONS AS PART OF ONE BODY

A meeting of the executive of the Ontario License Holders' Protective Association was held yesterday, w. E. Dickie, for 13 years secretary, ten-dered his resignation, which was ac-cepted with regret. John Stormont of Toronto was elected secretary pro tem.

Arrangements were also made for a mass meeting of all branches of the trade, to be held in this city on Oct. 22, for the purpose of reorganization.

T. P. Phelan of the Canadian Rail-ways News Co., who is president of the Ontario License Holders' Association, made the frank statement last night that it had been found impossible to secure the harmony and unity of pur-pose necessary as an organization whose objects were to defend the in-terests of the trade, when each of the cities had its separate association, not responsible to the general body, picay-une jealousies, as he explained, giving rise to friction.

The idea is a general consolidation of the different interests engaged in the liquor trade. There are now dif-ferent organizations throuth the pro-vince and the plan of reorganization contemplates making such organiza-tions committees of the whole body."

Mr. Phelan denied that politics play any part in the life of the associa-tion.

If the hopes of the executive are not disappointed, the meeting to be held within the next three weeks will be attended by between 500 and 800 license holders.

Mr. Phelan said that it was intend-ed to adopt a vigorous policy of pro-tection against would-be extremist measures of over zealous temperance workers.

A member of the executive, in dis-cussing the reorganization plans last night, said that some dissatisfaction existed among license holders under the present regime, and that this was especially the case in the larger cities. He intimated that politics had some-thing to do with the unsettled condi-tions and that there was a feeling in some quarters that the present Ont-ario Government was not dealing as generously in the matter of licenses as the former government. Some of the members of the provincial assoc-iation were "lukewarm" and it was felt that the system of a general or-ganization for the province and sep-arate associations for each of the cities of Ontario did not work well.

It is also said that the membership fees have been on the decline for the last few years, and that these received have not been sufficient to defray the expenses of the association.

CHARGES FELT THRU.

OTTAWA, Oct. 1.—The charge of stealing \$2000 worth of jewelry, for which Denenberg of Montreal was held here, has fallen thru, and the ac-cused has been compensated for the charges brought.

ACCEPTS OTTAWA CALL.

OTTAWA, Oct. 1.—Rev. J. E. Mav-erty of the Century Methodist Church, Point St. Charles, Montreal, has ac-cepted an invitation to Bell-street church here.

"Maltese Cross" and "Lion" are the names to remember when you buy the best RUBBER HEELS THE GUTTA PERCHA & RUBBER MFG. CO. of Toronto, Limited. ONE CENT.

WHAT UNIVERSITY MEANS TO THE STUDENT

President Falconer Makes a Notable Ad-dress in Opening the Autumn Term.

LIBERTY AND LICENSE What Makes the True Varsity Spirit—Ath-letic Sports for Recreation Only.

"Freedom always involves obliga-tions and one of the achievements of the education which you will here re-ceive lies in the conviction of the reign and reach of law which will be im-pressed upon you."—President Falconer.

The 1907-08 session of Varsity opened yesterday afternoon and in the most auspicious manner. The formal in-augural address was delivered by Prin-cipal Falconer in the spacious new convocation hall, which was filled with students of the various colleges, while members of the faculties occupied the platform. It was a brilliant, an in-spiring and a unique gathering for the first time in the history of the great University of Toronto. It was possible for every student to listen to the president as he inaugurated the session with words of warning, of encouragement and of admonition. The occasion was therefore a specially en-joyable one, and the scene presented by the hundreds of Canadian youth was undoubtedly the most attractive Toronto and her halls of learning have ever known.

Perhaps the first sentiment that ap-peared to the spectators was the im-mense and rapidly increasing influence of the premier university of America. The sons and daughters of Canada's best families were gathered there, re-spresentative from the provinces of the far west to the ancient colony at the gateway of the St. Lawrence, and in greater numbers than ever before.

For the fame of Varsity is going far abroad, its high standing is admitted without question in highest scholastic circles, and this year almost four thousand students of the various arts and sciences have enrolled in Varsity and the affiliated colleges. The gather-ing of such an aggregation of seekers after "the liberty which the training of a great university gives" could not fail to appeal to the thoughtful.

Not wildly eloquent was the prin-cipal's speech, but cool, measured and of pervading impressiveness. Every word was golden, every sentence a straight hit, and the whole rang true and strong and golden. The applause at various periods as Dr. Falconer proclaimed some of the highest or-touched the chords of genial human feeling proclaimed the verdict of the whole gathering.

Impressive Gathering.

"He would be without much imagina-tion who could look upon such an audience as this without being very much impressed. And now you come to an educational centre in our country could be gathered together such a large body of youth, with such promise," were among the opening words of Dr. Falconer.

"Many of you know this university better than I do; others, like my-self, are beginners, and every sentence here I hope that for all of us, whether here for the first time or not, the present session will be the most success-ful in the history of the University.

"You have come from good homes; you have received the best moral and religious training. And now you come here to invest your capital in the uni-versity and to receive what education it can give you. There is no need for any of you to exhaust your talents in the earth, because at the present time, in our country numerous op-portunities exist that may well en-franchise the attention and exhaust the ambition of the most eager student before me. And now I welcome you particularly because of this very time in our national life, and I am glad that you are able to look forward to such opportunities for exploitation."

"I will ask you to consider what the university can give you on enter-ing upon a career and looking for-ward to its completion, and I wish you to consider what the university spirit really is. I believe that the university can provide you with some-thing which you cannot get anywhere else, and this endowment will be to imbue you with the university spirit. With matriculation you are presented with the faithful gift of freedom, which gift I look upon as one of the chief

Continued on Page 7.

POINTING OUT THE WAY.

Keeping continuously far in the lead for over a quarter of a century is a record of which the Dineen family are justly proud, and it is a guaran-tee of reliability appreciated by the firm's patrons. Dineen's aim has al-ways been to produce first, to har-to-ron to the very newest styles and to combine unimpeachable quality with moderate price. The popular shapes are initiated by the latest fashions, time after time Dineen's have sold enough of them to ensure the popularity. Di-neen's have paid particular attention to the demand for the finest hat made in Europe and America, and their trade is so valued by the manu-facturers that the newest goods get here at the earliest possible moment. The customers' wants are the first consideration in Canada's finest hat store, Yonge and Temperance-streets

The World's Home Magazine for Women Edited by LAURA E. McCULLY, B.A.

Details of Dress. A recent article in a leading journal calls attention to the fact that so many well-dressed women depend for their groomed appearance rather on the unconsidered trifles than on the main points, which may easily be secured by anyone with even a moderate income.

World Pattern Department

2039—Ladies' 13 Gored Ripple Skirt. With an Inverted Box-Pleat at Centre of Front and Back.

How to make one really dressy hat do the work of two, and a knockabout preserve its appearance on rainy days—these are problems to all of us. For the benefit of our readers some considerable firms which advertise occasionally in our columns, have been giving us little professional pointers lately. The first headgear:

Fashionable Neckwear. A touch of the mannish in the new tailored waists makes neckwear eminently desirable. Various effects are used. The pump bow matching the suit exactly in color, is very popular, and exceedingly easy to make.

The most pleasing feature of this 13-gored model is the full flare around the foot, which is becoming to everyone. This skirt would find its best development in panama, mohair or velvet. The pattern is in eight sizes—22 to 36 inches waist measure.

Price of pattern, 10 cents.

Pattern Department Toronto World

Send the above pattern to NAME, ADDRESS, City, State, and Country. (Give age of child or Miss's Pattern.)

Trimmings.

Gold lace is becoming a very fashionable trimming in the fall evening and reception costumes. The passion for gilt and for all that glitters has seized smart society like an epidemic.

The Final Word in Millinery

A good many surprises were in store for those interested in hats when they visited the rooms of the Robert Simpson Company yesterday, on the occasion of their last fall opening.

Really the handsomest thing seen at Simpson's—and that is saying much—was a panne velvet in the recherche taupe shade, with more ribbon in ombre effect shading from taupe (mole color) to cerise. Flowers of the exact shade were also shown, surpassing in beauty and depth of tone all a painter could imagine.

Another dulle-unique panne velvet was of copper. Here is the chance for women with red hair that shades to pink to wear something which, instead of making their hair look brown or yellow, gives it its absolute dye. The color is really exquisite.

American beauty roses in natural shades are going to be much used on fur hats this winter. Of these latter an exquisite thing in mink and lace was seen. The lace is put on in quite a new way, and the roses were, and then fastened in what the French call "ondules"—"waves" scarcely expresses it—all round the crown of the hat.

Further reports will be read to-day.

plumes shading to green rather than blue. Children's hats are a specialty with the Simpson Company and are shown in the usual dainty Dresden effects. Many mothers will find a ready solution of the children's clothes problem in these pretty and suitable styles which include greenways, pokes and flops.

Miss Mabel Parkin of 248 Beatrice-street has left for London, Ont., where she has been appointed instructor in dietetics in Victoria Hospital. As this is a new branch of instruction in Canadian hospitals, Miss Parkin will visit hospitals in Washington, Philadelphia and Baltimore to become acquainted with the methods of instruction in those hospitals. Miss Parkin is an honor graduate of the Lillian Massey School of Domestic Science of this city.

A. H. Goodwin, Mr. and Mrs. W. H. Johnston, Vancouver, B. C.; Mr. and Mrs. R. H. Goodwin, Chicago; Grace Henderson, New York, are registered at the Troquois.

The engagement is announced of Miss Alice Adessa, youngest daughter of Mr. and Mrs. T. H. Pirth, to Mr. Archibald Stewart Jones. The marriage will take place in St. Augustine Church, Oct. 23.

Mrs. Miles Vokes will receive for the first time in her home, 102 St. George-street, Thursday evening, Oct. 3, and afterwards on the first and third Thursdays.

At half past eight o'clock yesterday evening the proper wedding took place at the home of Mr. Y. L. Whitfield, of 375 Sackville-street, when his daughter, Miss Beatrice Violet, was married to Mr. George White Kelley of Buffalo. The Rev. Canon Parkin officiated. All Saints performed the ceremony, and Mr. Whiteside gave his daughter away. The bride was attended by Miss Gladys Ronan, and Miss Dorothy Johnson and Ruth Purvis. The bride's dress was of ivory lace with tulle veil and orange sash. Mr. Harry P. Whiteside was best man. After the reception the young couple left for New York and Boston, the bride wearing a navy tailored suit with tan facings and a navy blue hat.

The marriage of Miss Mary Simpson, eldest daughter of Mr. and Mrs. R. H. Simpson, of 102 St. George-street, to Mr. Jack Oakley, of the Holy Innocent, New York. The ceremony was performed by the Rev. Father O'Keefe. The bride, who was given away by her father, was smartly gowned in a tallmaded suit of brown with hat to match. Miss George Simpson attended her sister as bridesmaid, and Mr. Fred Nicholson was best man. Mr. and Mrs. Oakley left for Old Point Comfort, and will be at home on Mackenzie-crescent.

OUTBIDDING FOREIGN OFFERS.

WASHINGTON, Oct. 1.—The navy department, acting pursuant to instructions from the president, has advised the owners of American steamships who have submitted bids for the transportation of coal for the Pacific cruise that it will pay 50 per cent. excess over the amount bid by foreign vessel owners to American ships for the same transportation.

Buffalo Man Arrested. Gustave Leves of Buffalo was arrested by Detective Mackie yesterday charged with stealing a Rio automobile from the firm with which he was employed there. Leves will go to jail. It is alleged that he purchased the machine on the understanding that he was to pay \$10 a week on it and not take it out of New York State. Leves left Buffalo a couple of weeks ago and the machine has been located in the rear of the house on Victoria-street ever since.

MR. JONES HOBLES NO MORE

He wisely invested in a bottle of Putnam's Corn Extract. It removed several hard corns and callouses, and now he walks without hobbling. In twenty-four hours painless and sure is Putnam's.

DOES THIS INTEREST YOU?

A prominent physician, famous for his success in the treatment of kidney and bladder diseases, attributes a great deal of his success to the following simple vegetable preparation:

One ounce Fluid Extract Dandelion; One ounce Compound Sarsaparilla; Four ounces Compound Syrup Sarsaparilla; Mix, shake well, and take in teaspoonful doses after each meal and again at bedtime. Your druggist can supply the ingredients, and the mixture can be prepared at home at very little expense.

This, the doctor says, acts directly on the kidneys, assisting them to filter the poisons from the blood and expel same in the urine, at the same time restoring the kidneys to healthy normal action.

We feel that a great many readers will be pleased to learn of this simple preparation, knowing the ability of the physician whose formula it is, we do not hesitate to recommend it to any sufferer.

WAS ROBBED ONE DAY BUT BY TRAIN THE NEXT

Ottawa Man's Misfortunes in Toronto Came Thick and Fast. Elmer Goulet, the Ottawa laborer, who was struck by a C.P.R. train and had his skull fractured last Friday night on the Winchester-street bridge, was able to talk to The World last night. His ultimate recoverer is looked for, and Goulet thinks he will be out of the hospital in a couple of weeks.

It was proposed to exhibit the above material in the museum in the chemistry and mining building, which is open every afternoon. It is further to be hoped that an occasion may be found during the winter to offer the public an especial opportunity to inspect this museum.

BUILDING FOR RELICS.

York Pioneers Will Ask Exhibition Association for One. The York Pioneers had a great meeting at the Canadian Institute, College-street, yesterday, under the presidency of Wm. Reppie. Twenty-eight new members were elected, bringing the roll up to near the 400 mark. Special efforts are being made to reach 400 before the close of the year. Forty years residence in the county is the qualification for membership.

LOCAL FRUIT MARKET.

Deliveries of fruit on the wholesale market on Tuesday were of a limited nature, but trading was fairly active, and bulk lots were characterized by a good deal of activity.

Peaches, considering the constant frost which has been maintained throughout the season, in fair demand, and the market was of course, for fruit which in other years would have sold for infinitely less money.

In all other lines prices were unchanged. Grapes, per basket, \$2.20 to \$2.50. Potatoes, per bushel, 1.00 to 1.10. Tomatoes, per basket, 0.15 to 0.20. Watermelons, each, 4.00 to 5.00. Lemons, per dozen, 1.00 to 1.20. Limes, per case, 1.00 to 1.20. Jumbo bananas, per bunch, 1.00 to 1.20. Cucumbers, per basket, 0.20 to 0.30. Plums, large basket, 0.15 to 0.20. Greenapples, per basket, 0.45 to 0.50. Tomatoes, per basket, 0.20 to 0.30. Peaches, per basket, 0.75 to 1.75. Egg plant, per basket, 0.30 to 0.40. Onions, dried, per basket, 0.40 to 0.50. Cantaloupes, per basket, 0.40 to 0.50. Vegetable marrow, doz., 0.20 to 0.30. Crabapples, per basket, 0.25 to 0.35. Pears, per basket, 0.35 to 0.50. Apples, per basket, 0.25 to 0.35. Melons, per basket, 0.25 to 0.35. Gherkins, per basket, 0.50 to 1.50.

Barn Burned, Crops Destroyed.

INGERSOLL, Oct. 1.—(Special.)—Damage estimated at \$4000 was caused by a fire yesterday afternoon on the farm of Joseph E. Daniels, West Oxford. The fire was discovered in the barn.

The building, all this season's crop, and five cows were destroyed. Insurance \$1800.

CONFECTIONERS ASSIGN.

A. P. Brownell & Co., wholesale confectioners, Parole, have assigned to J. P. Langley. The liabilities are \$10,000, assets not yet ascertained. The failure is said to be due to outside speculation, and the creditors are being holders of promissory notes.

GEOLOGICAL SPECIMENS FOR TORONTO MUSEUM

Professors Walker and Parks Return From Successful Collecting Tour.

The museum in connection with the departments of geology and mineralogy in the university, has recently acquired a large amount of new material from the mining districts of Ontario, and from various points throughout the Northwest and British Columbia. The specimens have been obtained by Prof. T. L. Walker and W. A. Parks.

A fine set of Silurian fossils was obtained at Stony Mountain, Man., thru the co-operation of Major W. D. Murray. Fossils were also collected from St. Mary's River in southern Alberta, and from Mount Stephen in British Columbia. A fine series of the North-western fossils was obtained by presentation from the different companies, Galt Coal Co., Crow's Nest Pass Coal Co., Bank Head Coal Co., Medicine Hat Coal Co. Excellent cabinet specimens of minerals and ores from various British Columbia mines are among the material collected; particularly noticeable are the ores from the Le Roi, Le Roi 2, Centre Star, Nova Scotia, Sullivan, Society Girl, Kootenai Belle, St. Eugene and Mother-Lode. The old silver mining region at Port Arthur has also contributed good specimens, particularly the Beaver-Superior and Silver Mountain.

It is proposed to exhibit the above material in the museum in the chemistry and mining building, which is open every afternoon. It is further to be hoped that an occasion may be found during the winter to offer the public an especial opportunity to inspect this museum.

\$100,000 FOR OPERA BOX.

H. C. Frick's Record Price for Metropolitan Seats. NEW YORK, Oct. 1.—For the first time in nearly five years a box in the famous "diamond horseshoe" in the Metropolitan Opera House has changed owners.

For a price in excess of \$100,000, Henry C. Frick, millionaire iron master and long-time friend and associate of Andrew Carnegie, has purchased a coveted place in the parterre row, box No. 19, which, since the opera house was built, had been owned by the late Henry I. Harbey, who died last winter.

Mr. Frick, who has long desired a box in the Metropolitan, had the first call on the box.

This is the first outright sale of a parterre box in the Metropolitan since January, 1903, when the late Fieber B. Bishop's box was bought by James B. Haggin for \$80,000.

PRESS TAKES ACTION.

Will Oppose Alleged Hostility of Canadian Asian Pacific Railway. WINNIPEG, Oct. 1.—A case is being prepared that may affect telegraph rates all over Canada. Because of the alleged arbitrary action of the C.P.R. in charging friendly interests in the newspaper business less rates than those avowedly handled, a case is being prepared to be carried before the railway commission at once.

The charge has been made for years against the C.P.R. that this discrimination was being made in order to control the western railroads. At once these papers have broken away and formed an associated press of their own, charging friendly interests in the territory are many times the rate in the same distance in the States, and it is claimed are made prohibitive where papers are unfriendly.

The case being prepared for the railway commission will allege other charges, such as censoring press reports.

GOTHAM'S COST OF LIVING.

NEW YORK, Oct. 1.—New York City will pay more for its food this winter than ever before in its history. From beef to prunes the householder will be compelled to expend from 15 per cent. to 40 per cent. more for similar articles than he did last year, and according to dealers, wholesale and retail, the end is nowhere in sight.

INGERSOLL'S DISAPPROVAL.

INGERSOLL, Oct. 1.—(Special.)—Municipal training and domestic science board of education, who in a resolution have asked that the council take a plebiscite on these branches at the January elections.

Desf for The Bowels

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and constipation for many years, and have tried many other drugs, but could not get relief until I used Cascarets. They are the only thing for indigestion and constipation. They are very nice to use." Harry Swankley, Beach Okan, Pa.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. C. Watson. In Use For Over Thirty Years CASTORIA. Perfect Remedy for Constipation, Sour Stomach, Diarrhoea, Worms, Convulsions, Feverishness and Loss of Sleep.

STRENGTH COMES FROM WHAT YOU DIGEST NOT FROM WHAT YOU EAT. SWEETENED WHEAT. is taken up and digested by the most delicate stomach. It makes good muscle and rich blood. A boon to dyspeptics. CONTAINS MORE NUTRIMENT THAN MEAT OR EGGS. All Grocers—13c a carton, 2 for 25c.

THE HEALTH OF THE NATION WILL BE IMPROVED BY THE USE OF COWAN'S PERFECTION COCOA (MAPLE LEAF LABEL). PURE, NUTRITIOUS AND EASILY DIGESTED. THE COWAN COMPANY, LIMITED, TORONTO.

NO SEATS FOR SCHOLARS. And Four of Them Occupy Teacher's Platform. At the monthly meeting of the separate school board last night, B. Roberts was appointed caretaker of the De La Salle Institute at \$45 a month, and J. O'Shea as caretaker of St. Peter's School at \$30 a month. They replace women caretakers. J. Connell, caretaker of St. Francis School, applied for an increase, \$25 per month being hardly enough, as he pointed out, on which to support a family of seven. The matter was referred to the management committee with a favorable recommendation. The standing committee on finance recommended for payment accounts to the amount of \$291.93. E. A. Cary brought to the notice of the board the check which he had received from St. Francis School. There are four children on the platform with the teacher because of the lack of seats. The secretary said that ten seats had been ordered some time ago, but had not yet made an appearance.

BEFORE THE PRESBYTERY. Mortgage of \$30,000 Approved for St. John's Church. At the meeting of the Toronto Presbytery, held yesterday, Rev. Dr. Nell resigned his position as chairman of the committee of downtown mission work, and the committee were appointed to select another chairman from their own number. The call from Eglington to Rev. Mr. Bach of St. Andrew's Church, Vaughan, was sustained, and Mr. Bach has accepted the call. He will be released from St. Andrew's Oct. 13, and will be inducted at Eglington on Oct. 22. The induction sermon will be preached by Rev. D. W. Christy of Reed-avenue Church. St. John's congregation was given permission to place a mortgage on their church property of \$30,000 to enable them to complete their new church building, which they expect to open about the beginning of the new year. The Pape-avenue Church congregation were also given permission to mortgage their church property for \$25,000. They will be assisted by other congregations to the extent of about \$100,000.

Tomlin's TEA LOAF. In the Kitchen—use WINDSOR SALT. It is a serious mistake to use common salt. Use the fine, pure Windsor.

other countries, and especially from the United States, much to avoid, but surely we would be foolish not to profit in every way by their experiments and experience.

HARRIMAN. The New York World addresses to the directors of the Union Pacific Railway Company a savage arraignment of E. H. Harriman and demands that they and their fellow-stockholders drop Harriman from the directorate at the meeting to be held at Salt Lake on the 8th inst.

It is an error to attribute demoralized conditions to any individual or set of individuals except the men who did these wrongs. In certain quarters the president of the United States is blamed for the present financial situation.

But unless there had been wrong-doing to expose, President Roosevelt would have had no foundation in fact for his denunciations. Unless there had been a basis for the public sense of injustice, ambitious politicians would have had no honest public opinion to which they could appeal.

The foregoing is, perhaps, not entirely fair, but the facts surrounding the adoption of the Japanese treaty are too well known to admit of dispute.

The subjects of each of the two high contracting parties shall have the liberty to enter, travel, reside in any part of the dominions and possessions of the other contracting party, and shall enjoy full and complete protection for their persons and property.

After reviewing Harriman's various deals, his evil influence upon the affairs of the Equitable Life, his wrecking of the Chicago & Alton, his juggling with the dividends of the Union Pacific, his scandalous issues of watered stock and his boast that he could corrupt legislatures, the congress, and, if necessary, the judiciary, The World says:

"The people of the United States will not tolerate the over-capitalization of the public highways by swindling, the stock-jobbery and the high freight and passenger rates resulting therefrom. The people are collectively honest and their standards of public life and fiduciary honor are high.

It warns Mr. Harriman and his associates that so long as he is allowed to control any important railway company, "just so long will it be useless to try to stem the tide of public resentment and hostility against all great corporations, good or bad, honest or corrupt."

For the army of "fans," and they are many; for the small boy, and he is ubiquitous, there comes to us this morning great news from the Buckeye capital. The members of the Toronto Ball Club are heroes and old Kelly—"King Kol"—is king indeed.

It may be explained to those who sit in darkness, that the Toronto Baseball Club some days ago won the pennant in the Eastern League over rival clubs from the cities of Buffalo, Rochester, Newark, Jersey City, Baltimore, Providence and Montreal. Thus Toronto became queen of the east and might well have rested upon her laurels.

Meanwhile in the west, Columbus had triumphed, leading, for 1907, the American Association, composed of Columbus, Toledo, Louisville, Indianapolis, Kansas City, Minneapolis, Milwaukee and St. Paul. A contest was arranged between the two champions, and yesterday, at Columbus, Toronto won the fourth game, out of five played, and another pennant waves from the flag staff at Diamond Park.

All this is needless detail to the "fan." He has watched the wise old chief Kelly and his faithful braves day by day. He will not admit it now, but there was a time when he trembled at the prowess of Buffalo. But Buffalo ceased to worry us long ago. Toronto is entrenched with victory.

Last night the telephone operator at the World office had a busy yet a pleasant time. Every minute, for hours, she heard the same question and her answer was invariably hailed with cries of delight. It was always the same, and very much to the point.

Editor World: I was very much struck by your article of to-day in regard to the negotiations now said to be going on between the electric ring and Mr. Whitney's government in regard to Niagara power. I am an old-time Conservative, have always supported Mr. Whitney, and have long watched things in the Province of Ontario, and my advice to Mr. Whitney in the interest of his party, and in the interest of good government, is that the less he has to do with these men the better, except on the expropriation plan, after the water has been squeezed out of the proposition.

But I have more than that to say, and I wish to say it rather bluntly, namely, I wish before Mr. Whitney has anything to do with these men he had better have an investigation as to how they acquired their power franchise from the Ross government, and the relation of that transaction to all the unfair means used by the Ross government to keep Mr. Whitney out of office, after, as a matter of fact, he had secured the no-

Political Intelligence

The Vancouver Daily Times (Lib.) takes R. L. Borden to task quite savagely for his Vancouver speech. In the course of a long editorial The Times says:

But as Mr. Borden roundly condemns the treaty with Japan, and a few commonplace reservations about the importance to a growing country like Canada of intimate trade relations with the pre-emptive power on the other side of the Pacific, how is it that from his lips in parliament he never opened his mouth about depreciation of the condemned instrument?

The fact of that matter is that the opposition at Ottawa led by Mr. Borden, on more than one occasion, bitterly assailed the government for its lack of foresight in not availing itself of the provisions of the treaty at an early date.

The fall sessions of the supreme court opened at Ottawa yesterday. The Halifax election cases are at the foot of the list. This, the supreme court officials say, was done at the request of both parties. It will delay the hearing for a couple of months.

At a meeting of the executive of the Toronto Conservative Club, to arrange for the annual meeting, Wm. Warrell, vice-president, and J. J. O'Leary, secretary, were nominated for president. S. Sproule Nesbitt may also enter the contest. The annual meeting takes place on Monday, 21st inst.

The labor group may be heard of in the next hour. Alphonse Verreille, M.P., insists that he will stand as a labor candidate in Massenaire, and that there is to be a labor candidate in St. Mary's, Montreal, and perhaps in another Montreal constituency. There will be labor candidates in Toronto and Hamilton and in other Ontario cities at the general elections.

It has been generally understood that a labor candidate will run, and possibly win, at the London by-election on the 29th, and now it is said that Hon. A. A. Belcourt will be called to the senate and that at the Ottawa by-election a labor candidate will be in the field. This will be sad news for August Lemieux, brother of the postmaster-general, who is destined to stand in the Liberal interest.

Ottawa labor men will probably nominate a candidate for the house of commons if Mr. Belcourt is promoted to the senate.

The withdrawal of W. B. Wood from the Liberal candidate in South Brant for the legislature seems surprising in view of the fact, according to The Brantford Courier, that on accepting the nomination in June last he said he would stand by Premier Whitney "to the last ditch," and that he wanted to gather round Premier Whitney "the greatest wreck he ever saw—the wreck of his broken pledges to the people of Ontario." Now, however, there is a Leader Graham leading no longer, but accepting a portfolio at Ottawa, and in his place is a new leader, Hon. A. G. MacKay.

This is the story of South Brant politics:

1906—Hardy 638
1894—Hardy 617
1898—Hardy 598
1899—Preston 417
1902—Preston 343
1905—Preston 152
1907—Preston declines to run.
1907—W. B. Wood nominated.
Later—W. B. Wood declines.

The retirement of The London Free Press, "occurs suspiciously close to the selection of A. G. MacKay as party leader."

There is a story, and I believe, an artistic one, that Mr. Whitney by this time must know, and should long ago have known, something of the means that bridge plan to keep him out of office, or, rather, to keep the Ross government in office; he must know something of how the power franchise was acquired.

I imagine he has been told that some of his political friends might be involved, and in a changed other respects to his political friends are involved in that affair, but I would not let anything like that stand off an investigation, as these men are simply sent out exploiters of the public and of the investing world, rather than either Conservatives or Liberals.

He can well afford to take a little time now before he makes any contract, and I have to tell him this, that these men have changed their minds or methods; if they were a menace to him years ago, and if they eventually brought down the Ross government, and in a province, just as they have been doing in the past.

Once for all let them be put out of business, but respect the capital they have invested, and let us know the story of how that franchise was acquired. I want nothing, I am a plain, everyday citizen, who seeks the welfare of his country, and is anxious to see Mr. Whitney keep on the straight public road that he is now traveling.

Editor World: Now that the city council have decided to request the board of railway commissioners to order the elevation of the railway tracks along the waterfront, it is necessary that the representatives of the city should present its case in the strongest possible light. There are two distinct questions involved in the following: the Esplanade difficulty, viz:—

First—The preservation of the lives of the people.
Second—The preservation of Toronto harbor, and the development of our lake trade.

In the connection I would suggest that in the consideration of the case for the construction of the bridge before the board of railway commissioners the following facts should be clearly set forth:

First—The construction of any number of bridges would not abolish the danger from level crossings, but would simply result in doing away with the trouble at one point and creating a

Political Intelligence

precisely similar condition of affairs at another point. If this aspect of the case is properly presented to the board of railway commissioners, it will result in eliminating absolutely the bridge plan from consideration, as the erection of bridges will not abolish level crossings.

Second-The common law of the country requires that individual or company creating a danger, furnish adequate protection against that danger, therefore, it is the duty of the railways at their own expense

Third-The elevation of the tracks furnishes the only permanent solution of the level crossing difficulty, and the representatives of the city must not under any consideration be permitted to accept a proposition of any other nature. Level crossings must be absolutely abolished within the city limits of Toronto.

Fourth-In connection with the development of lake traffic, and forms crossings and the free and unrestricted use of Toronto harbor, the representatives of the city should demand from the board of railway commissioners the promulgation of proportionate rates, to and from Toronto, on lake traffic. This is a necessity for the development of lake traffic, and forms a part of the general question raised in the settlement of the Esplanade difficulty. The board of railway commissioners have established as a principle the right of the people to enjoy proportionate rates on lake and inland business, and they cannot decline to enforce this ruling in connection with business passing thru the City of Toronto.

The City of Toronto holds a strong position in connection with this matter, and it only remains for its representatives to act firmly and courage-

ously in order to secure for the people the rights and privileges to which they are entitled.

J. H. Duthie.
Toronto, Sept. 30, 1907.

YORK LOAN HEARINGS. The following dates have been set by Official Referee Rappelle for the hearing of the various classes in the York Loan Liquidation:

EATON'S DAILY STORE NEWS

A PRETTY NOVELTY FABRIC FROM PARIS AT 75c YARD

It's one of those productions that the French manufacturer spends much time and effort over to fill the demand of the Parisienne for the new, novel and beautiful in dress.

This fabric is classed with the Crepe de Chenes, and has a beautiful surface of broken lights and shades on account of its crepe surface. It reflects less light than if it were smooth, thus permitting the colors to be seen to better advantage—and there are no less than twenty-four different shades. Widely separated over the cloth is the daintiest silk embroidery in self-colors, eyelet and sprig designs, done by a machine that seems to have the skill and ingenuity of the expert seamstress—so perfectly are they executed.

Every thread is pure wool, dyed in the unmistakable French way—TO LAST. Of a new medium weight, 42 inches wide. It is a perfectly lovely fabric for evening wear, shirtwaist dresses, or for the fashionable blouse with the stylish tailored broadcloth dress.

It's washable, too, and it won't shrink—both economical considerations. In fact, everything tends to make the new Parisian novelty an exceedingly welcome addition to the season's dress possibilities.

We cordially invite your inspection of this showing in the Yonge Street Section.

The "Alger" Series of Boys' Books

One of the most desirable series of books for any boy to have.

The author invariably selects as his hero a boy whose beginning is humble and unpromising, graphically describes his trials, failures, temptations, and struggles, how he worked and persevered, and his ultimate rise to wealth and fame, with all his manly attributes developed to their fullest. All this is written in a style to fire a boy's ambition, the author making it clear that success depends entirely on his hero's honesty, determination and general good behavior.

This series is becoming more popular every day; it's a wholesome, commendable style of reading for your boy, and we highly recommend every book.

There are 40 titles, strongly and neatly bound in cloth, with attractive cover designs and tinted edges. Size 5 1-4 by 7 1-2 inches. The paper is good, the type good, clear and easily read. Every boy should own a set of these volumes, and as they are sold separately they are within the reach of all, and now is time to begin a collection. OUR SPECIAL PRICE, PER 15c VOLUME

THE TITLES ARE:—

- Adrift in New York.
Andy Gordon's Luck.
Strong and Steady.
Tin Box.
Tom, the Bootblack.
Tony, the Tramp.
Try and Trust.
Young Acrobat.
Young Outlaw.
Young Salesman.
Making His Way.
Only an Irish Boy.
Paul, the Peddler.
Phil, the Fiddler.
Ralph Raymond's Heir.
Rise from the Ranks.
Sam's Chance.
Shifting for Himself.
Sink or Swim.
Slow and Sure.

OPENING CEREMONIES OF MEDICAL FACULTY

Dr. Playfair McMurrich Addresses Students on the Way to Succeed.

The faculty of medicine session opened last night at the university with a lecture by Dr. Playfair McMurrich, professor of anatomy, in convocation hall, on "The history and study of anatomy from the dark ages down to the present era."

He told the students that their success in the field of physics depended on the keenness of their observation, practical knowledge, independence of thought, and thoroughness of study. If they followed out these four points in their studies there was nothing to prevent every man from being a leading light in their honorable profession.

The hall was well filled when President Falconer, who was supported by the Hon. Dr. Pyne, the members of the senate, and the board of governors, rose to introduce the professor. He said he was glad that one of his first duties was to welcome such a distinguished scientist to the university.

Dr. McMurrich is a graduate in arts of the university, a Ph.D. of Johns Hopkins University, Baltimore, 13 years professor of anatomy at the university of Massachusetts, one of the leading positions in the United States. In addition he is the author of many standard works on anatomy and took first rank with the leading scientists of the world.

Dr. McMurrich in reply said he heartily thanked them for their cordial reception—he was proud to return to his alma mater, as she was now entering upon the dawn of the golden age.

Dr. A. R. Reeve welcomed the students and introduced Dr. J. H. Richardson, who 60 years ago was acting professor of anatomy in the old King's College days. Dr. Richardson spoke on the development and progress made by the university since his early days.

Dr. Primrose, registrar, stated there were 12 freshmen this session, and he expected there would be over 200 in the next few days. The average attendances in former years was between 700 and 800, but this session gave evidence of being a record one.

Muller Closes at 7 p.m. Daily. Muller's cigar store, Traders' Bank building, closes daily at 7 o'clock. Telephone orders received up to 5 o'clock will be promptly delivered.

Pianos to Rent. Pianos rented on very reasonable terms. Six months' rent allowed in case of purchase. Heintzman & Co., 114-117 West King-street, Toronto.

MARRIAGES.

M'KEE-BEAUCHAMP—At St. George's Church, on Monday, Sept. 30, 1907, by the Rev. Canon Charles G. Ellingworth, Mr. George Beauchamp to Miss Marie M'Kee, only daughter of Mr. Alex. M'Kee, all of Toronto.

DEATHS.

ELLINGWORTH—At Toronto, on Monday, Sept. 30, 1907, accidentally killed, by the Rev. Canon Charles G. Ellingworth, beloved husband of Clara Ellingworth, in his 30th year.

Funeral from A. W. Miller undertaking parlors, 386 College-street, on Thursday at 2.30 p.m., to Prospect Cemetery. Members Toronto Railway Employees' Union and Manchester Unity, I.O.O.F., please attend.

GILBERT—Ada Richards, beloved wife of R. L. Gillette, died Sept. 30. Funeral from her late residence, Birchmount, Balmly Beach, on Oct. 2, at 2 p.m.

SOOPER—Fell asleep in Jesus on Oct. 1, 1907, William Sooper, in his 87th year. Funeral from the residence of his daughter, Mrs. E. Andrews, 283 Thurston-st., on Friday, Oct. 4, at 2 p.m., to Prospect Cemetery.

Funeral from the late residence, 384 Rushmore-road, Margaret, widow of the late George Wilton, on Monday morning, Sept. 30th, 1907, at 3.30 p.m. to Prospect Cemetery.

Funeral Wednesday, Oct. 2nd, at 2 p.m., to Mount Pleasant Cemetery.

CANADIAN DISAPPEARS.

Had Given Evidence of Being a Wealthy Man. (Canadian Associated Press Cable.) LONDON, Oct. 1.—Dugald Ross, described as a Canadian, staying at the Berkeley Hotel, London, has been missing for a week.

He had resided at the hotel since Sept. 8, walked out one day and nothing has been heard of him since. All his luggage was left in his rooms and his bill unmarked for. He was an enthusiastic motorist and arrived at Berkeley in a big motor car.

He is believed to be a wealthy man, telling the people he intended to train a large stud of race horses in England in 1908. He recently purchased a 200-horse-power Daimler, which attained the speed of 115 miles an hour on the Brooklands track.

Ross was pleased at the speed and gave £200 for the car. He appears to have no acquaintance here beyond those made in motoring circles.

WHERE IS DUGALD ROSS?

The London News has asked the city police for information as to the whereabouts of Dugald Ross, formerly of London.

William Walsh, manager of the Dominion Express Co., says that he knows the man, well and that he was until recently a stock farmer near Strathville, Ont.

He went to London, Eng., and Mr. Walsh heard from him at the Hotel Cecil there. When he last heard from Ross he was on an auto tour of Scotland.

LOST IN THIS GREAT CITY.

Woman From Boston Doesn't Know Where Her Home Is. Mrs. Walter Pike recently arrived in the city from Boston is at the Willard Home. She is lost. She and her husband were staying with her brother-in-law, and Monday night she went out to buy a lamp chimney.

Then, altho she walked a great deal and crossed two bridges, she could not find her way back. She was found by Sergeant Charlton at Green-street police station on Yonge-street Monday night.

A DISGUISED BLESSING.

The proprietor of the Imperial Hotel, King and York-streets, has taken advantage of the good farm land turned up before his doors by the city in the excavations for the high-pressure watermain.

This earth stood so long that he began to worry, but last night when a fine crop of cabbages, carrots and other table vegetables appeared he decided that the upshoval of the street was not an unmix'd blessing.

Telephone Orders Before 5 o'Clock. Muller's cigar store closes daily at 7 o'clock, but all orders received up to 5 o'clock will be delivered same day. On and after Oct. 2, for the benefit of holiday buyers, the closing time will be 11 p.m. daily.

It is Very Popular. If you have a heater that does not work properly, consult us about the "Pease." It won't take long to make the change, and then you will get everlasting comfort.

36 Queen-street-east. Main 7000. All union and non-union carpenters and joiners are cordially invited to a smoking concert to be held at Labor Temple on Wednesday evening, Oct. 16, at 8 o'clock.

FROHMANN PLANS THEATRE ON BIGGEST OCEAN LINERS

Manager Negotiating With Steamship Company for Performance on Transatlantic Vessels.

NEW YORK, Oct. 1.—With theatres in New York and London and companies playing in almost every country where theatres are looked upon as an amusement necessary, Mr. Charles Frohmann has gone himself one better. To-day he made known his plans for presenting his stars and many of his large productions on a big transatlantic steamship.

Mr. Frohmann says: "I am negotiating with the Cunard Steamship Co. for the purpose of adding to their already extensive department of equipment of the new Lusitania and her sister ship, the Mauretania, so to make her necessary stage facilities for giving a complete dramatic performance on board each of these mammoth vessels."

"Every season since I began producing plays abroad I have brought London and New York closer together until they are almost one. I have lent nothing of anything that London one week and here next the other."

"When I interrupted Miss Marie Tempest's successful London run in 'The Marriage of Kitty' by bringing her company to New York for a brief engagement, I not only had to pay a heavy toll for transatlantic transportation, but I also had to sacrifice the profits of three weeks of performances. It cost me fully \$10,000 to carry out my idea, but it was successful, and I am satisfied. Speaking not from a nautical view, it paved the way for other quick trips of companies to London, and I demonstrated that nothing but the question of expense stands between making London and New York theatrical suburbs."

"Aid," continued Mr. Frohmann, "I think the expense of such trips is already solved. The arrival here of the Lusitania last week with 2000 passengers, gave me the suggestion that I may soon be able to send an American company right across the Atlantic, playing them right across the Atlantic, with perhaps the loss of not more than two performances on the way."

"If the Cunard company agrees to my proposition, and I have every reason to think it will, I am sure a satisfactory plan could be carried out, but that will result in dozens of American companies exchanging places for limited seasons within a year after the plan is inaugurated."

"In months like January, February and March, when ocean travel is dull, the plan could be carried out, and when travel is heavy I am sure there would be a splendid revenue for the 'floating' performances. As we carry the plan out, it will be carried out, and our four companies goes there to play, there would be no handicap on performances on the ocean in that respect."

"Whoever has crossed the ocean and doesn't feel that an opportunity to go to the theatre should be lost, will joy by almost everybody on the passenger list." In the first place, it would be a novel idea, but it would give the women a chance to dress and give the men an excuse for bringing out their smoking room a little more than they would otherwise.

"It is not improbable that I would give the public a new kind of play under such circumstances."

ASSAULT ON DR. EADIE.

Nicholas Noble is on Trial Before Judge Winchester.

In the court of general sessions yesterday, Judge Winchester ruled on the case of Nicholas Noble, who is charged with assaulting Dr. Eadie on April 9 last on the grounds of the hospital for incurables. The defence was entered as insanity, which counsel would not do.

Noble was not charged by many questions Mr. Robbette tried to show that there was provocation. This line of defence was abandoned. He had been laid up for five weeks and was now suffering from daily headaches. Noble had told him that he was going to kill him.

"Did you attend Mr. Noble's eldest son?" asked Mr. Robbette. "Yes," "Was he operated on?" "And did he die?" "Yes."

Mr. Drayton objected to further evidence of this kind, and was upheld by Judge Winchester. "It has a lot to do with the case," argued Mr. Robbette. "No it hasn't," said Judge Winchester. "It has," he repeated.

Mr. Robbette insisted it is Mr. Noble is a reasonable man, and wouldn't hit Dr. Eadie without reason. I want to show that the reason he hit the doctor was because he had caused the death of his child."

Mr. Drayton: Your honor, if that's the case, you will have to try the prisoner on a charge of insanity. Judge Winchester: Undoubtedly that's the case.

He finally allowed the case to proceed only on the understanding that Mr. Robbette would ask no more questions on the matter.

Dr. Webster testified that he called to see how badly Dr. Eadie was injured, but that he was refused admission. Mrs. Noble said that she had asked Dr. Eadie to get her things, but he refused to do so.

Mr. MacMahon told of the severe illness of Dr. Eadie, occasioned by the blow delivered by Noble. The case goes on to-day.

"Something You Should Know." The opinion of our patrons is that we are in a distinct class by ourselves in our catering department. Table d'hôte dinner, 7 to 8 p.m. every day. After-theatre supper; special service; special menu; orchestra. We close at midnight.

"St. Charles, of course." ed&t

Customs traffic are complicated. Friction wastes energy. Bring your entries to us. Ordinary entries 50c. Maurice G. Thompson, Customs Broker, 60 Yonge-street.

UNIVERSITY MEANS

Continued From Page 1.

achievements in the university spirit. You have now left school and the restraints of home, and have entered upon what I believe to be a memorable era of discovery—a real reconnaissance to most of you, and it depends upon yourselves whether this gift of freedom will be used by you for your own or for your kindred.

"This gift of freedom is moreover something which, if its worth be not recognized, can be easily exchanged for its base counterfeit—license. Freedom is the opportunity of using freely all that you have, and you have certainly that opportunity in the university, and it rests with you to demonstrate whether you are competent to use this gift, or to prove that you are not."

"Some think that we can be controlled, and that the primary moral discipline, and that a military school can do more for some than a university can. Possibly it may be so, but you are not here to receive a military school drill, but in such circumstances we cannot have the ideal of the university. We must take the risks of the university, and the university must dominate a large institution like the University of Toronto. (Applause.)"

"You are neglecting the opportunity to prepare yourself for your largest duties, but you are neglecting the solitude from friendship with your intellectual problems, not in the class room but among our friends. We learn intellectually by actual intercourse with them, and not to face our moral problems. It is one thing to sit alone and deal with the temptations of life. It is altogether another thing to face them with our fellows, and to live amongst them in the most comfortable and pure, and not merely intellectual, intercourse with them, and not to face our moral problems. BRICK'S TASTELESS

Renovates the entire system. Is palatable and can be easily assimilated. Cod liver oil is nauseous—Knocks out the stomach. So that very few persons can take it. Take a dose of "Brick's Tasteless" And note how pleasant it is—Starts you eating at once—relieves That tired feeling which Every one speaks of from time to time, and the Languid feeling disappears immediately. Every bottle taken is guaranteed to show improvement; So why should you hesitate to take it? See your druggist today about "Brick's Tasteless." Two Sizes—8 ounce bottle 50c; 20 ounce bottle \$1.00

MINISTER'S WIFE MISSING

Mrs. H. A. Prescott of Lisbon Left Home a Week Ago. BROCKVILLE, Oct. 1.—(Special).—Mrs. H. A. Prescott, wife of the Congressional minister at Lisbon, has been missing from her home since the middle of last week. She drove to Ogdensburg and later crossed to Prescott on the ferry boat. There all trace of her ceases. The matter has been the subject of much discussion, and while there are many rumors afloat in the neighborhood, there is no satisfactory explanation of the affair. The couple have been married but a few months, and it is said their domestic relations were not the happiest. Mrs. Prescott is about 19 years of age.

SUICIDE FOLLOWS QUARREL

Newton Falls Man Tries to Kill Wife, Then Shoots Himself. BROCKVILLE, Oct. 1.—(Special).—As the result of a domestic quarrel Daniel Reno of Newton Falls attempted to kill his wife, at the home of her aunt in Axtewp, afterwards putting a bullet into his own head and dying about an hour later. The woman left her home and came to Axtewp, leaving their 19 months old babe with Reno. He followed her and while begging the woman for a kiss in the yard he drew a revolver and fired the bullet taking effect in the arm. Mrs. Reno fell. Regaining her feet she ran quickly towards the house, when Reno fired again, the bullet grazing the head of a neighbor who was attracted by the first shot. Reno then turned the weapon on himself, putting a ball into his head near the right temple and fell in a few feet away. The bullet missed it.

NEW ONTARIO PRODUCTS

Splendid Exhibition Just Held at Port Arthur. J. Lockie Wilson, superintendent of fairs and exhibitions, has returned from Port Arthur, where an excellent exhibition was held. Mr. Wilson states that the potatoes which are produced in this district are of very fine quality, due greatly to the absence of the potato bug. He doubts that tomatoes will ever do well in this region, but pronounces their ordinary vegetables unusually good. He saw hundreds of baskets of green tomatoes which had been brought from St. Paul and Minneapolis. Enquiring the reason why so few were shown at the fair, he was told that most of their crops died when two or three weeks old, but the reason for this excessive mortality has not so far been discovered.

WANT ANOTHER CENSUS

Kingston Not Satisfied With Increase of Three Hundred. KINGSTON, Oct. 1.—The assessment returns give a total value of \$3,298,775, an increase of \$300,000. The increase in population is only 200, but this is regarded as a mistake; it should be like 1500. The council may have a special census taken in December. The city waterworks has been a municipal institution for twenty years, while the rates have increased down from \$23.83 per consumer to \$9.88.

KEIR HARDIE IN INDIA

Is Being Received by Natives With Wild Acclaim. LONDON, Oct. 1.—(C.A.P.)—Kier Hardie is making a triumphal tour of Eastern Bengal under the auspices of native agitators, and is feted and garlanded with flowers. He declares there is no reason why India shouldn't be self-governing, like Canada.

THE HUNTING SEASON

Those interested in a place to go hunting this fall should write for a copy of "Hunts of Fish and Game," a publication issued by the Grand Trunk Railway System, telling where all kinds of game may be found, list of game laws, descriptive matter regarding the several hunting districts, maps, etc. Sent free to any address on application to J. D. McDonald, District Passenger Agent, Union Station, Toronto, Ont.

LICENSE INSPECTOR BUSY

BROCKVILLE, Oct. 1.—(Special).—License Inspector Zolner has been busy had two men fined \$25 and costs each for buying liquor for men against whom papers were out. Two others who partook of the forbidden cup were asked to donate \$7.50 to the provincial treasury.

LOCATED BY AN "AD"

VANCOUVER, Oct. 1.—W. H. Alward of St. Thomas, Ont., thru an advertisement has just located her missing sister, wife of W. A. O'Hara, a hotel clerk. She is one of the heirs to \$70,000 left by her aunt, Mrs. O'Hara, killed in the San Francisco earthquake.

GUELPH'S ASSESSMENT

GUELPH, Oct. 1.—Altho the assessor had not completed his work, it is expected that the total assessment of the city will reach \$6,000,000, an increase of \$500,000 over last year. An increase of 300 or 400 in the population is expected.

GENERAL ARDAGH DEAD

LONDON, Oct. 1.—Major-General Sir John Charles Ardagh, ex-director of military intelligence at the British war office, died today at Carnarvon, Wales.

Liver Pills. It is impossible, simply impossible, for any one to enjoy the best of health if the bowels are constipated. Undigested material, waste products, poisonous substances, must be daily removed from the body or there will be trouble, and often serious trouble, too. Ayer's Pills aid nature, that is all. J. C. Ayer & Co., Lowell, Mass.

IT'S "GREATER TORONTO" SOWING THEIR WILD OATS' FULL STYLES IN SUITS WITH THE CONTROLLERS ON FARMS OF ONTARIO "OPENING" AT OAK HALL

Annexation of Deer Park, Dovercourt, Wychwood and Bracondale Recommended. Shipments from West Contain Big Percentage of Dangerous Pest. Splendid Display of Men's and Boys' Clothing at Well-Known Store.

The board of control yesterday showed itself inclined to view with favor the "Greater Toronto" propaganda insofar as it has reference to the annexation of adjacent territory, it being decided to recommend to the city council the taking in of Deer Park, Dovercourt, Bracondale and Wychwood. The board having previously lent a willing ear to the representations of a deputation from the first-named municipality, appeared to be impressed with the desirability of a broad policy of annexation, while at the same time a little dubious about dealing in like manner with the request of Toronto Junction to be taken into the civic fold. However, at the next meeting of the city council, on Oct. 14, the proposition of the Junctionites will be considered along with the others.

J. Lockie Wilson, superintendent of fairs and exhibitions, desires to call particular attention to the fact that a great deal of foul grain is being at present brought into this province from the northwestern territories, and is confident that he saw oats at Port Arthur from that section which contained fully 40 per cent. of wild oats—a most dangerous field pest. He states that train loads of such grain are now arriving at Port Arthur, and the danger of the spread of noxious weeds in the agricultural portions of the province is greatly increased, owing to the fact that our farmers are in very many instances short of feed this year.

Should all four municipalities be annexed, the city's population would be increased at one bound by about 21,000, of which the Junction would supply 12,000, Bracondale 6000, Wychwood 3000, and Deer Park 1200. Junctionites Speak. Mayor Baird, who, with ex-Mayor Smith, Town Solicitor Anderson, C. M. Hall and others, appeared for the Junction, said he was prepared to have a bylaw submitted to the ratepayers, seventh ward, which would become a city's assuming its debt, carrying out necessary works on the local improvement plan, and supplying city water.

These are the days when one is involuntarily reminded of the empty coal bin and of the wisdom of keeping about for substantial clothing to keep out the biting air. Last fall's overcoat or suit perhaps will not do, and the frugal man will be seeking something sensible and reliable, as well as cheap. Mr. W. E. Sanford Company, proprietors of Oak Hall, King-street, opposite the St. James' Cathedral, have laid out on their tables a very fine display of men's and boys' clothing. The display is so attractive that it is being displayed on the front door. "Come on in," was headed by a representative of this paper, and the manager of the store gave some of his time to pointing out some of the finest features of the fall layout. No ready-made clothing establishment in Canada has a better reputation for fine goods and fair dealing than Oak Hall.

TARIFF IS HIGH

Australia's Rate in Some Cases Prohibitive. OTTAWA, Oct. 1.—The new Australian tariff recently introduced in the Commonwealth Parliament has been received at the department of trade and commerce. It has not yet passed parliament and is therefore liable to undergo many changes, as it has provoked considerable discussion throughout the country. The tariff has been increased all along the line and consequently affects Canadian trade with Australia. It is, for example, 20 per cent. ad valorem, or 25 per cent. on agricultural machinery, implements, agricultural implements, disc cultivators, etc., 25 per cent.; strip harvesters, sixteen pounds sterling; harvesters and strippers two pounds, and a farthing per pound; furniture, 40 per cent.; British preference 30 per cent. Lounges and settees, ten shillings each; 30 per cent. or whatever gives the highest rate of duty; undressed timber, one shilling and six pence per hundred square feet, and as high as 25 per cent. on bicycles, up to size; boots and shoes 35 per cent.; British, 30 per cent.; printing paper etc., 20 per cent. ad valorem; light agricultural machinery, 25 per cent.; rubber goods, 25 per cent. There are also important changes in the classification.

INSPECTOR GETS CALL

Wordy Warfare Between Chief Archibald and Lawyer. Inspector Archibald was severely "called" in the afternoon police court yesterday by J. Fred Hollis, who appeared for Wm. McMaster, engineer for the Toronto Brass Works, on Sterling-road, charged with a violation of the Lord's Day Act. Mr. Hollis told the magistrate that McMaster was not working on Sunday, that the work of erecting a smoke condenser was being done by Buffalo go on without McMaster, as the case put would have to be shut down. The contending lawyer, who said that he asked if he might go on with the work. "That is a prima facie case," butted Inspector Archibald, "and McMaster should be here."

DEER PARK'S INNING

The Deer Park's vicinities were not wholly united for annexation, a few of those present, headed by E. W. D. Butler, being hostile to such a move. Considerable warmth was shown by both sides. Mr. Butler charged that the proposition had tried to keep secret the time for appearing before the ratepayers. He asked for two weeks to get a petition signed, but the mayor returned that it must be in time for next week's meeting. The ratepayers drew attention to the heavily signed petition for annexation. Mr. Butler asked whether the city council would supply drainage and water works. The mayor promised to get a report from the city engineer showing when drainage would be completed. The controllers were not impressed by the arguments against taking in Deer Park, and their recommendation remained unchanged.

THREE CHURCHES IN ONE PARISH

Ottawa Anglicans Are Wrestling With a Problem. OTTAWA, Oct. 1.—(Special).—St. John's Church vestry has decided to purchase A. H. Mathewman's property, situated between Frank-street and Gladstone-avenue, as a site for the new church which has to be erected on vacant lots owned by the Dominion Government buying the property at auction occupied by the St. John's people. But the matter has by no means yet been settled. The Mathewman property is in the heart of St. George's parish, the people of which are protesting strongly against the course the Anglicans are pursuing. They do not want another church of the same denomination in their midst. The ex-rector of St. George's Church has passed a unanimous resolution against the erection of the proposed new church. The Mathewman property lies in the very heart of the parish. St. George's will be held in view of the fact that the Bishop of Ottawa to prevent what they consider an encroachment.

GREAT CANADIAN BOOK

Kipling Will Not Write It or Any Outsider. OTTAWA, Oct. 1.—Before leaving for the west, Rudyard Kipling was asked as to his writing a "Canadian book," and he replied that he might, but could not say. But he added: "The great Canadian book will not be by me or any outsider. It will be by a Canadian. You are a young country. You are growing. Go out and develop your resources, and some day in the fulness of time will come the Canadian book."

CHILDREN BROUGHT BACK

One Hundred Patients From Lakeside Home Returned to City. The 100 patients from the Lakeside Home for Little Children were brought back to the city hospital yesterday, during which time over 4000 children have been inmates. The Toronto Ferry Co. provided the steamer Ada, Alice, and carriages met the boat at the wharf. During the four months the home has had about 4000 visits from patients and friends of the little ones, say nothing of the hospital officials from all parts of the United States and on many parts of England who have come to examine the buildings on College-street and the Lakeside Home, and the methods on which the hospital is conducted for the hospital stands very high in the esteem of the leading hospital authorities both on this side and the other side of the Atlantic.

AFTER INSURANCE MEN

Sixty-One Indictments Against Officials on Court Calendar. NEW YORK, Oct. 1.—Sixty-one indictments, all growing out of the life insurance investigation, against eighteen defendants, who were formerly officials of leading insurance companies, will appear on the calendars of the criminal courts for Monday. District Attorney W. F. Hendon has announced that he will dispose of these cases quickly. Steamer Metamora Burned. PARRY SOUND, Oct. 1.—On Sunday evening the big tug Metamora of the Midland here was burned to the water's edge in Shawanaga Bay. The vessel ran on a rock and the crew went ashore and while absent from the boat it rolled over on its side and caught fire.

CRUSHED UNDER WHEELS

OTTAWA, Oct. 1.—(Special).—Fredrick Gutzman, aged 15, is dead at Arnprior. He fell off a wagon, crushed by the wheels and died in his sister's arms before a doctor arrived. Mink Up at Ottawa Soon. OTTAWA, Oct. 1.—(Special).—The increase of from 7 to 8 cents a quart for milk did not go into effect here today, but will on either Oct. 15 or Nov. 1.

INSPECTOR GETS CALL

FREE HELP FOR MEN. The only remedy which will positively cure lost manhood is "RESTORING" the manly vigor discovered by Dr. J. Kohr Medicine. It is controlled in this country by Dr. J. Kohr Medicine Company, a concern which has the highest standing in the medical world. This treatment has cured thousands of men who are suffering from diseases of the generative organs such as loss of manhood, exhausting drains, nervous debility, the result of abuse, this remedy cures and will cure you to stay cured. The headache, pimples, vertigo, pain in the back and failing memory, disappear completely in the worst cases from one to two week's treatment. We make the honest offer of a cure returns your money. Thousands of testimonials. Correspondence treated strictly confidential. FIVE dollars' treatment sent free with a book of hints of health and advice. Our greatest successes have been those who have failed with other treatments. This remedy is regularly used in the French and German armies, and the soldiers in these countries are models of strength and vitality. Write for sample sent securely sealed in plain wrapper. Address DR. KOHR MEDICINE CO., P.O. Drawer W 2341, Montreal.

John Z. White of Chicago A Leader in the Public Ownership Movement, Will Give an Address VICTORIA HALL Friday Evening, October 4 "The Public Ownership of Public Utilities" In Victoria Hall, East Queen Street, Opposite Metropolitan Church. Mr. White is a persuasive, as well as convincing, speaker. He can swing oratorical clubs, when occasion demands it, and logical argument mathematically adjusted is his delight; but he can lead as well as drive, and when his suspicions of bad faith are not aroused he inclines to that course.—From The Public. The lecture will be free to the public, and everybody who is interested in this great question is invited to be present.

BLOW UP SHERIFF. THREE YEARS IN KINGSTON. Queenston Hotelkeeper Was Shown No Mercy. ST. CATHARINES, Oct. 1.—James Wadsworth, the Queenston hotelkeeper, convicted yesterday of receiving goods stolen by five boys from a Grand Trunk car at Niagara Falls, appeared before Judge Carman for sentence this morning. Wadsworth pleaded that he had been drunk at the time, and that if he got free he would not be seen visiting any of Canada for ten years. The judge stated that the offence was too serious to be lenient with and sentenced him to three years in Kingston Penitentiary. Bishop Won the Match. WASHINGTON, Oct. 1.—Before leaving for Richmond, Va., to-day, to participate in the imperial convention of the Episcopal Church, the Bishop of London held an impromptu reception at the station. He admitted that he won the tennis match at the White House on Friday between himself and President Roosevelt. Milk Dealers Postpone. A meeting of the retail milk dealers, to have been held yesterday, has been postponed until next Tuesday.

MANLY STRENGTH. Free to Men Until Restored Health, Strength, Vigor is Regained. Happy, glorious manhood—the strength that pushes the world's success is its secret. Failure, despair! What is the cause? Weakness? No! It is the lack of manly strength. All men with very few exceptions were made strong and should be so through life. Many have abused this grand privilege and thru dissipation have become weaklings, puny, lack confidence, can't face the slightest difficulty, have drains, lowness, impotency, varicose veins, rheumatism, lame back, etc., and are mere playthings in the hands of their associates. deplorable, but all these men can be made full of strength, vigor and life if they will turn to the right source. Electricity cures these cases. I have been cured thousands every year for nearly forty years. So positive am I of my world-famous Dr. Hansen Electric Belt will do that if you will call or send for one you can see it. FREE UNTIL CURED. Not a penny on deposit or in advance. I will take your word for results, and only charge price of belt—many cases low as \$5. My wonderful success has brought forth many imitations of my belt, but my belt can be had free until a cure is effected, but only at address as below. Call and get one to-day, or write. I also send two best books ever written upon health and strength of men. Free, sealed, by mail. DR. A. B. SANDEEN, 140 Yonge St. Toronto, Ont. Office Hours—9 to 6, Saturdays until 9 p.m. DINEEN BUILDING, ENTRANCE 6 TEMERANCE STREET.

COBALT --- Mining Markets Are All Active Only For Specialties --- COBALT

MINING MARKETS QUIET SMALL PUBLIC BUYING

Nova Scotia Activity is Accompanied by Various Rumors—Standards About Steady.

World Office, Tuesday Evening, Oct. 1. Nova Scotia Cobalt was again active to-day, over 15,000 shares changing ownership at 2 1/2. The street, so the brokers claimed to-day, is full of rumors concerning Nova Scotia, stories of a syndicate from London, England, having secured control, being the most prominent.

BLASTING DANGEROUS.

Cobalt Citizens to Petition Whitney for Remedy. COBALT, Oct. 1.—A petition, which contains the names of over 1000 citizens of Cobalt, will be sent to the Provincial Government asking that the Lieutenant-Governor-in-Council pass an order-in-council, under Section 7 of the Mines Act, 1904, to compel the mines operating in the district to carry out and perform careful regulations for conducting blasting on the surface.

ACTIVE DEVELOPMENT.

Will Afford a Corresponding Stimulus to the Market. James A. McIlwain, in his weekly market letter, says: Cobalt stocks remain firm, and we anticipate an early date for renewed activity and higher prices. The prospects for vigorous development in many of the Cobalt mines are good, and will lend a stimulus that nothing else could impart.

A SILENT PROSPECTOR.

To-day at noon (Wednesday) an inventor is to give a demonstration on the Standard Stock Mining Machine. The inventor claims, whether a rock is mineralized and the class of mineral it contains.

New York Curb Market.

HIGHLAND MARY

Is meeting with great favor with investors—More than 250,000 shares sold first eight days of sale, and applications increasing daily.

A GOOD INVESTMENT, NOT A GAMBLE

Forty-nine men out of every fifty who make a practice of buying and selling speculative stocks lose their money. The man who watches the stock market quotations from day to day, and buys when he thinks they are going to advance, and sells when he thinks they are about to go down, is simply gambling with his money.

10 CENTS PER SHARE

The price it can be bought for to-day. We firmly believe that within five years the yearly dividends on Highland Mary will equal or exceed \$1.00 per share.

This is the kind of an investment we feel justified in advising our friends and clients to invest their money in. The Highland Mary properties have been thoroughly examined and tested by our engineers and assayers. We feel that, through our extreme caution in this respect, the element of chance, that usually enters into mining propositions, has been practically eliminated.

We are in a position to look ahead with some degree of certainty and figure it out. We are not making miscalculations. There is no more element of chance in purchasing the shares of the Highland Mary than there is any legitimate business undertaking.

A NEVER-FAILING INCOME

The ore veins at Larder Lake assay all the way from \$5.00 to \$20,000 to the ton of ore—the most marvelous results known of any mining camp in the world. We figure out that the ore will run \$50.00 to the ton, right through, but for an example as to future earnings, and to figure safely, we will say that the ore will average \$25.00 to the ton.

Capitalization of Highland Mary, \$3,000,000. Par value of shares, \$1.00; 1,000,000 shares in the treasury for development purposes. Wire or telephone orders at our expense. Prospectus, with full information, containing application blanks, mailed to any address.

OPTIMISM IN FARMER

IMPROVEMENT IN STATISTICAL POSITION STRENGTHENS WHEAT FUTURES AT CHICAGO—CABLES DULL.

World Office, Tuesday Evening, Oct. 1. Liverpool wheat futures closed 1/4 higher, December corn 1/4 higher, and December oats 1/4 lower.

Chicago, December wheat closed 1/4 higher, December corn 1/4 higher, and December oats 1/4 lower.

Chicago, Dec. 1. Wheat, 121 contract, 2 1/2; corn, 59; contract, 171. Oats 25; contract, 5.

Northwest cars of wheat to-day, 1015; west, 86; year ago, 1155.

Winnipeg car lots of wheat to-day, 14 old, 215 new; year ago, 559.

Bradstreet's report, visible wheat in-creased two and a half millions this week, against about nine millions last year.

Bradstreet's report for the week: Wheat east of the Rockies, increase, 353,000 bushels; Europe and Africa, increase, 1,900,000; world's visible, increase, 2,253,000.

Corn east of Rockies, decrease, 138,000 bushels; Europe and Africa, increase, 1,277,000 bushels.

Brooklyn cables: Foreign Crop Commission—United Kingdom, under the weather conditions, threshing has continued to make favorable progress.

The reported drought is hindering plowing, but rains are predicted, and a result offerings are liberal.

Outlook for seedling wheat favorable. Arrivals at southwest ports are light, and at the southeast, light to late.

Wheat continues unfavorable as a result of continued drought. Argentine—the outlook for the wheat crop is reported by our agent to have never been better in the Province of Cordoba and Santa Fe.

Australian—The wheat crop outlook, as received by leading shippers, are unfavorable, and they question very much whether there will be any export surplus from New South Wales.

ST. LAWRENCE MARKET.

Receipts of farm produce were 1500 bushels of wheat, 1200 of corn, 100 of straw, with a few loads of potatoes and several lots of dressed hogs.

Wheat—Two hundred bushels of fall sold at \$1.10.

Barley—Three hundred bushels sold at \$1.00.

Oats—One thousand bushels sold at \$0.75 per ton.

Hay—Thirty loads sold at \$20 and \$21 per ton.

Two loads, one of loose, sold at \$10 per ton, and one of sheaf, sold at \$15.50 per ton.

Potatoes—The bulk sold at 70c and 75c per bag by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

Wheat—The bulk sold at 70c and 75c per bushel by the load; several small lots at \$1.00 and \$1.25 per cwt.

JUNCTION CITIZENS PLEASED WITH CITY

Talk Around Town Favors Annexation—North Toronto Council Meet—Items.

TORONTO JUNCTION, Oct. 1.—In police court today, Joseph Maheux, the new proprietor of the Occidental Hotel, was charged with having sold liquor on his premises, contrary to the local option bylaw. Several witnesses were examined, but the evidence was not sufficient to show that the law had been broken. Three small boys were fined \$1 and costs for throwing stones at cars on the Suburban Railway.

Rev. Dr. Hazewood and Mrs. Hazelwood of 177 High Park-avenue left today for a trip to the United States. They will visit Buffalo, Philadelphia, Baltimore, Washington and Norfolk, Va., from whence the return journey to New York will be made by steamship along the Atlantic coast. They expect to be gone about two weeks.

Mr. and Mrs. John Baird, parents of Mayor Baird, have returned from a two months' trip to the British Isles. They visited London and several of the large cities of England, Ireland and Scotland, and spent a very enjoyable holiday.

Favorable comment is freely expressed to-night by many of the townsmen with regard to the warm reception accorded to the Junction delegation by Mayor Coakley and the members of the Board of Control, when they met today to discuss the annexation question. The opinion of the Junction residents on the matter has not yet been definitely found out, the general opinion is that it put to a popular vote, annexation would carry by a large majority.

YORK COUNCIL CHAMBERS.

Vital Statistics for the Month Are Very Satisfactory. The vital statistics for the month of September, just completed, give the births at 33, marriages at 15, deaths at 15. The mortality during the month was considerably more than the average during the year, and a large percentage of these were infants. The township is said to be practically free from contagious diseases, and not a little credit for this is thought to be due to the vigilance of the M. H. O. and the board of health.

AGINCOURT.

Ladies Are Planning Vigorous Campaign for Season. The regular monthly meeting of the Agincourt branch of the Women's Institute will be held at the home of Mrs. Andrew Scott, York townline, on Tuesday, Oct. 2, at 2:30 in the afternoon.

WYCHWOOD PARK.

Suburban Church Has Fine Crowds and Good Program. WYCHWOOD PARK, Oct. 1.—Zion Methodist Church harvest home services, held at the church last night, presided over by Minister and wife, Mr. and Mrs. W. J. Fleming and Mrs. Follett.

CHESTER.

MILLIONS FOR CHARITY MRS. ANN JEANES' WILL

One Million Bequeathed for Benefit of the Negro Race—Provision for Relatives.

PHILADELPHIA, Oct. 1.—By the will of Miss Anna T. Jeanes, well known for her philanthropic work among the Society of Friends and the negro race, which was admitted to probate today, she left almost her entire estate, valued at about \$5,000,000, to charity.

By the will \$1,000,000 is bequeathed for the benefit of the negro race. Some time ago this bequest was paid over to Booker T. Washington and Hollis Burke Friswell, as trustees, and a codicil, dated Feb. 27, 1907, revoked that particular provision of the will.

The sum of \$250,000 is bequeathed to the trustees of the Philadelphia Yearly Meeting as an additional donation to the Joseph Jeanes fund for quarterly meeting houses, the income to be used in the establishment and assistance of hospitals connected with such meeting houses.
