## "COAXED" 50 BALLOTS AND OFFERED TO SELL TO LIBERAL FOR \$100

### Alleged Conspiracy to Affect West Hamilton Election is Divulged and Prompt Action is Taken to Spoil it.

### D.R.O. ADMITS GIVING BALLOTS TO POLL CLERK

HAMILTON, June 7.—(Special.)—What looks to the Conservative executive like a big conspiracy and a well-planned attempt to throw discredit on Hon. John Hendrie and the Conservative party, was unearched this evening.

The moment the matter was reported to Col. Hendrie, who is the Conservative candidate in West Hamilton, he immediately sat down and requested the returning officer, Col. A. H. Moore, to lay an information against everybody implicated.

Col. Hendrie's letter to Col. Moore was as follows:

"It has come to my knowledge that some improper conduct has occurred with relation to ballots delivered by you to one of your deputies.

"It is difficult to understand what lawful explanation can be given especially as I am told a package of ballots were delivered by the deputy to a man who was not his officer.

"I am informed that other people were parties to these proceedings which are of so serious a nature that in my judgment you should not lose a moment in requesting the crown attorney to take legal proceedings against all who may have been parties thereto." (Signed) Yours faithfully, John S. Hendrie.

The men implicated by Col. Moore are W. Lawson, 123 North Hughson street, a deputy returning officer; Harry Dillabaugh, a poll clerk, 27 Gore street, and William McLaughlin, Liberal chairman of ward five.

The story Col. A. H. Moore tells of the affair is about as follows:

Last night he was informed by the police that William McLaughlin, Liberal chairman of ward five, had reported to him that Dillabaugh, one of the poll clerks, had been seen in a room containing 50 ballots, and offered to sell them to him for \$100. McLaughlin made arrangements to meet Dillabaugh this morning at 11 o'clock in a North James-street store, pretending, as his story runs, that he wished to close the deal.

Col. Moore, with Detective Coulter, went to the place of meeting, but Dillabaugh did not turn up. The police and the detective then called at Dillabaugh's house.

After some conversation, Dillabaugh admitted to the colonel that he had shown a package of 50 ballots to McLaughlin, his explanation being that he was going to sell them to "bluff the enemy."

He insisted that he had no intention of selling the ballots, and pointed out that they would be useless to anyone since they were not initialed by the deputy returning officer.

Says he was "coaxed" by the colonel and detective then called upon Lawson, who admitted to him that he had given Dillabaugh a package of ballots.

Asked for a reason, he said that Dillabaugh had coaxed him for them, saying that he wished "to have some fun with the 'Grits'."

Col. Moore dismissed both officials and reported the occurrence to Crown Attorney Washington at once.

When seen this evening Col. Moore declared that he had promptly taken steps to see that all the ballots were returned. He satisfied himself that every ballot given out was carefully looked up in the deputy returning officer's boxes.

That Lawson should be mixed up in anything of the kind is a surprise to all who know him. He was regarded as a most careful and competent man, having served as a deputy returning officer for years in the municipal elections.

The whole affair is looked on as a conspiracy to try and throw discredit upon the party and Col. Hendrie did not lose a moment in asking that the law be set in motion against all concerned.

Will Be Prosecutions.

This evening Col. Moore laid, in writing, all the details before the crown attorney. If action is not taken by him at once, the officers of the Conservative executive say they will lay information the first thing to-morrow.

### TRADES CONGRESS SEPT. 21

### Will Enable Western Delegates to Celebrate Day at Home.

HALIFAX, June 7.—(Special.)—John T. Joy, vice-president of the provincial executive of the Trades and Labor Congress of Canada, has received official notice from P. M. Draper, secretary of the congress, advising him that the annual convention, fixed to be held in Halifax this year, will be on or about Sept. 21. The object in fixing the date a little later than usual is to enable western delegates to attend the convention after their respective Labor Day celebrations. The total number of delegates from Canada will be about 170.

W. R. Trotter, organizer for the Trades and Labor Congress of Canada, will arrive here this week and remain in the province some little time.

It is understood that the Halifax Labor party will nominate a candidate at the Dominion election.

## THREE LIB. WORKERS ROBBED BY AGENT WHO TRAPS TWO

### Dan Rose Has an Exciting Time in Agnes St. House in Which Police Make Other Discoveries.

In a South Toronto Liberal committee-room on Agnes-street, at 2 o'clock Saturday afternoon, Dan Rose, acting as a financial agent for the Reform party, was throttled and robbed of \$140 by three of the party workers. When the police dropped in to make arrests they found three empty whiskey and two quart whiskey bottles with whiskey in them. Which is another way of abolishing the bar.

Dan Rose had intended to pay the three men for clerical work. They claimed that \$80 was due each of them but he wanted to stand them off with \$40 apiece, saying that they would get the balance after they had done the work they were expected to do to-day in connection with the election.

After some argument, Dan was invited into the basement to partake of a refreshment, which was a hot day when he was pounced upon and his wad taken.

Dan broke loose and hid upstairs to telephone the police. While doing this the man with the money escaped, but Dan was cuffed and slammed the trapdoor shut upon the other two and held it down until P.C.'s Wood, Black and Acting Detective McKinney arrived from No. 2 station.

Sam Henry, 146 Centre-avenue, and James McMillan, 46 McGill-street, were arrested. They are the same men who were located some weeks ago in close proximity to the blood-chicken and feathers of two stolen chickens, and who were let off by the magistrate because there was nothing more definite than a very strong suspicion against them.

One of the whiskey bottles was found nicely tucked away into a chimney-hole of the cellar.

## BOY SLIPS FROM BOAT DROWNS IN THE BAY

### Boy, Uncle and Brother With Him and Mother Nearby—"Charley's Gone" Said Little Willie.

Charlie Butler, the 5-year-old son of Wm. Butler, 155 West Richmond-street, fell from his father's sailboat in the R.C.Y.C. slip at 6.10 last evening and was drowned.

The "Vera" was tied to her moorings, and Mr. Butler, with another son, Willie, 7-years-old, and the child's uncle, Hawthorne Butler, were on the boat at the time.

The men were tying down the rigging—one in the bow and the other at the stern—when the little fellow was standing at the side of the deck.

A splash was heard and the men scarcely raised their heads when Willie said "Charley's gone." When they became aware that had happened the father began to tear off his clothes and the uncle put off for Mate Ackroyd's boat house in a dinghy. The father could not swim well, but was about to plunge in when Mr. Ackroyd arrived with another man in a boat.

The stranger dived and Mr. Ackroyd thrust down a long boat hook simultaneously and so close together that the man's eye was cut slightly by the hook. The hook located the body 17 feet.

Everything occurred within plain view of the child's mother, who had been tied off at the Somerville dock with her sister-in-law only a few minutes previously. The party had just returned from an afternoon's sail.

## PRECAUTIONS TO SAFEGUARD ROYALTY

### King Edward and the Czar Will not Be Molested By Terrorist Craft at Reval.

LONDON, June 7.—The most elaborate precautions are being taken to insure the safety of King Edward and the czar when they meet at Reval.

The British and Russian squadrons will not enter the port proper, but will anchor in the roadstead. At the bank of the Mittergrund there will be a picket boat and three torpedo boats, which will stop entering vessels and examine their papers. They will also furnish pilots to convoy the vessels past the royal squadrons at a minimum distance of 1400 feet.

If there is no room in the port, the vessels will be allowed to moor in the roadstead at a minimum distance of 3700 feet from the nearest squadron ship, but loading or unloading will not be permitted. If a vessel wishes to send a boat ashore, she must signal a torpedo boat, which will conduct the boat to the cruiser Asia, where the occupants will be carefully searched before their passports are issued.

Outgoing steamers will be subject to similar regulations. Of pleasure boats only yachts and rowboats belonging to the Estonian Yacht Club will be allowed in the roadstead, and then only after they have gone thru many formalities and are anchored at a safe distance from the squadron. Motor boats are absolutely forbidden to enter the roadstead except those belonging to the squadron.

After sunset no private craft will be allowed to enter the roadstead except the press boat supplied by the admiralty.

## WOMAN JUMPS FROM BRIDGE

### Mrs. Salem Armstrong of Galt Ends Life in Sensational Manner.

GALT, June 7.—Mrs. Salem Armstrong, widow, aged about 48 years, eldest daughter of Thomas Patterson, ex-assessor and collector for the town, committed suicide Saturday morning, about 10.30, by jumping from the Canadian Pacific bridge into the Grand River, a distance of about 70 or 80 feet, at a point in the river where the water is about 20 feet deep.

She was in the city on her way to the vicinity of the bridge, and shortly afterwards walked deliberately out on the bridge. Her efforts were made at rescue by men in canoes, but they were unavailing. The body was recovered about 4 o'clock in the afternoon.

Mrs. Armstrong, who was living with her father on Lansdowne-avenue since the death of her husband, the late Salem Armstrong of Stouffville, leaves a son and daughter, aged, respectively, 16 and 14 years.

No reason for her suicide is known.

## DESOPDENT WIFE'S DEED.

### Tries to Swallow Laudanum in London Drug Store.

LONDON, June 7.—(Special.)—Mrs. Wm. Stanton of Hamilton-road entered McCallum's drug store on Saturday evening and purchased 10 cents' worth of laudanum. She placed the bottle in her lips, but before she could swallow more than a few drops the clerk knocked the phial from her hands. Prompt work at the hospital saved her life.

The woman had been down town with her husband on Saturday and left him on the street, telling him to wait for her. He says his wife has been despondent for some time.

## WHERE THEY'LL HEAR THE NEWS

### Local Candidates Arrange to Receive the Returns—Premier Confident of Success.

Premier Whitney resolved to add nothing in the way of final messages to what he has already said during the campaign. He is confident of the issue and the record of the government as the best argument to achieve the support of the electorate.

Mr. Whitney will be in his office in the parliament buildings at 5 o'clock to-night to hear the returns.

All the out of town ministers will be in their own constituencies during the day and evening, but most of them will be back in the city to-morrow morning.

At the parliament buildings in the case of Hon. Nelson Monteith, and in his case it is not the doubt that what is in the parliament buildings at 5 o'clock to-night to hear the returns.

John B. Hay has arranged to be at his central committee rooms, 387 Queen-street, on Saturday evening. He will be on hand also at their respective homes.

Mr. McNaught will wait for the returns at his central committee rooms, 387 Queen-street, on Saturday evening.

Hon. J. Foy and Hon. Dr. Pynes will be on hand also at their respective homes.

Mr. Thompson will be at his central committee rooms, 387 Queen-street, on Saturday evening.

## Body of Young Printer Found With Neck Broken and Pockets Turned Inside Out.

LONDON, June 7.—(Special.)—J. H. Roberts, a young Montreal printer, was found dead in a field east of the city this morning.

His feet were found entangled in a barb wire fence and his neck broken. His pockets were turned inside out, and the police are inclined to suspect murder with robbery as the motive.

A handkerchief was resting over the face, as the place there by some one.

Roberts came to the city from Palmerston last week looking for work at his trade. He was not a union man and was unable to get employment.

An uncle with whom he was stopping advanced him money and he got a union card, and he was to go to work to-morrow.

Coroner Ferguson will order an inquest.

## WILL BE CREMATED.

### Funeral Service of the Late Sir Robt. Reid Largely Attended.

MONTREAL, June 7.—(Special.)—The remains of the late Sir Robert G. Reid will be cremated to-morrow morning in the Mount Royal Crematorium, the ceremony having been delayed till after the funeral sermon was preached.

The funeral oration was pronounced at St. Andrew's Church this morning by the Rev. J. Edgar Hill, the attendance being very large and the sermon eloquent. Amongst those at the funeral were Sir T. Shaughnessy, Sir William Van Horne, Justice McLaren of Toronto, H. M. Whitney of Boston, Hon. B. F. Peabody of Halifax, three sons and one nephew of the deceased.

During the afternoon all the business places along Water-street, St. John's Nid., were closed out of respect for the man who had contributed so largely to the development of the ancient colony.

Sir Robert's death leaves a vacancy on the directorate of the Bank of Montreal, and already the names of several persons are being mentioned.

Several persons were mentioned, but it is most likely that the fact of the president of the Grand Trunk Pacific being an American citizen will militate against his chances.

### Sir Frederick Bridge Spreads Fame of St. James' Chorists.

(Canadian Associated Press Cable.) LONDON, June 7.—Sir Frederick Bridge, interviewed re his tour, says the greatest enthusiasm was shown everywhere in Canada. The illustrations of his lectures were beautifully sung and the performance in St. James' Cathedral, Toronto, was equal to any cathedral performance in England. He had interviewed 100 organists with a view to strengthening the bonds between organists in Canada and Britain.

ST. JOHN, N.B., June 7.—(Special.)—Thomas Edwards, an inmate of the provincial asylum, jumped 70 feet over a cliff at the rear of the institution into the whirling pools ten yards below the reversible falls of the St. John River late last night.

He was rescued by fishermen. Edwards was terribly injured and may die. He has been insane six months, and has tried suicide three times.

## I.C.R. EMPLOYEES INDUITE TO DESIGN

### Government Circular Creates Indignation in Moncton—The Real Facts as to Voting of Supplies.

MONCTON, N.B., June 7.—(Special.)—Intense feeling has been aroused over a circular issued by the I.C.R. intimating that there is no money to pay the checks of the 400 I.C.R. clerks in the general offices, and leaving it optional whether they work or not.

A prominent citizen who learned yesterday of the circular said he would make arrangements to pay all the checks of the I.C.R. men for at least a month's wages, to the extent of at least \$80,000, so that if the government is willing to have it advertised to the world that it has no money to pay the men who operate the people's railway, there is enough public spirit here in the City of Moncton to furnish it. The Times says this circular is the most insolent document ever issued by a minister of the crown in this country.

It is believed here that the object of the circular is to effect the voluntary resignations of some men whose places are desired for political heebers.

In the circular the general manager is instructed to instruct you to notify the several members of your staff of their position, leaving it to them to decide whether they wish to continue to work on the understanding that no salaries or wages will be paid to them until further supplies have been voted."

## HAVEN'T BEEN REFUSED.

### Opposition Not Responsible for Non-Payment of Officials.

OTTAWA, June 7.—(Special.)—There were three sittings of the cabinet on Saturday, the business under discussion being the supplementary estimates which are now in such a forward state that they may be presented to the house very shortly. With most of the Ontario and Quebec members of the cabinet, there will not likely be much more than a quorum in attendance at to-morrow's session of the commons.

The government and the Liberal press continue their attempt at humbugging the people respecting the scarcity of money in the department, while Ontario ministers have been campaigning against the Whitney government instead of attending to their duties with the country pays them.

Mr. Graham, the minister of railways, is sending out a statement to the Intercolonial employees that no moneys are available, when up to the present time he has not asked parliament for a single dollar that has not been granted. Instead of remaining in Ottawa and attending to his business in parliament on Monday, he is absent on a self from his duties for the purpose of taking part in a campaign in which he should have no concern.

The supplies voted by the opposition since May 5 amount to no less a sum than \$10,311,114, and this has been passed with very little delay. The total amount of the large sum of \$17,985,500 all this having been voted since April 24.

The government, in order to impute blame to the opposition, are refraining from doing what has been done as a matter of course on previous occasions. They could introduce a supply bill and in half an hour make all this money available.

Instead of doing this, they prefer to raise a woful wail thru the columns of their press for the purpose of petty partisan advantage.

The record shows that of the \$11,778,365 voted by parliament since April 24, the sum of \$10,311,114 is available for salaries. This represents about a million dollars a day, and is divided among the departments as follows:

Postoffice salaries, etc. \$4,844,025  
Public works, Quebec, etc. 1,923,542  
Customs, salaries, etc. 1,815,187  
Mounted Police, salaries, etc. 666,087  
Militia, salaries, etc. 64,982

Totals \$10,311,114

In addition thereto, there have also been passed the following estimates:

Public works, maritime provinces \$201,768  
Public works, Quebec, etc. 735,592  
Public works, Manitoba and west 4,933,000

A total of \$11,778,365.

## ANARCHY IN PERSIA.

### ST. PETERSBURG, June 7.—Despatches from Teheran say that as soon as the news of the Shah's flight became known the bazars and shops were closed and the streets were deserted. The palace guard, joined by many fanatics, fired on the inhabitants, crying, "Death to the Nationalists!"

Several persons were maltreated. A state of anarchy prevails at Tabriz, which next to Teheran is the largest city in Persia. The governor is powerless as the troops deserted en masse. The cabinet has been reconstructed under the premiership of Mushir Vatanah.

## CANADA MOST EXPENSIVE.

### Dominion Costliest Place in World to Live, Says Prof. McPhail.

BOSTON, Mass., June 7.—(Special.)—In a forceful speech here Saturday afternoon before the Intercolonial Club of Boston, Prof. Andrew McPhail of McGill University told of the stagnation in the maritime provinces, and pointed out the need of a new policy. Among other things he said:

"Canada is to-day the most expensive place in the world in which to live. In Toronto the prices of necessities advanced 65 per cent. between 1897 and 1906; in Ottawa 45 per cent. in the last five years, and in Montreal, 36 per cent."

The ultimate cause of the stagnation in the maritime provinces is that the people are backward access to their natural markets for purposes either for purchase or for sale."

WOMAN: As She Appears for the Public Eye in the News of the Day

Meaneat Trick of All. PITTSBURG, Pa., June 7.—Just about the meaneat trick that blushing bride and groom ever suffered from was handed out to Frederick Hoffman and his bride, who was Miss Alice Ellababeth Welch, as they left the German Evangelical Protestant Church after the marriage ceremony had been performed last evening. Twenty-six babies, some white, some black, some dirty, a few clean, some smiling, but most of them loudly "bawling," were lined up on either side of the walk leading from the side door of the church to the street, where the bridal carriage was waiting. Me and Mrs. Hoffman came out of the church to the refrain of the wedding march, and just behind them came their attendants, Ernest Thompson and Miss Lena Hoffman. The first sound that greeted them was the chorus of baby cries, and the first man they saw was a baby, who was eight months old. As quickly as they could, and without one glance behind, the bride and groom were driven away, followed by the screams of babies and other screams of the friends who had perpetrated the joke. Paul R. Benjamin, a theatrical man, known in Chicago as well as here, conceived the idea and gave it up along Strawberry alley and Montour way. Vengeance is threatened by the bride and groom.

The Banjo Girls.

One of the prettiest dances in the mammoth musical extravaganza of college life, Prof. Napleton, which is being given at the Princess Hotel, is preparing for production at the Princess Theatre on June 18, 19 and 20, is the Banjo girls. There are about fifty girls in this dance. The scenery for the Banjo girls is a representation of the campus of Saguah College. The Banjo girls are supposed to be the college girls serenading the students of the college. They play the banjo and sing the "pang-a-pang" accompaniment of the serenade in truly college fashion. After the serenade they have a milking dance on the campus. This dance has been very well learned. Every pretty pose and fancy step is already perfectly executed. The Banjo girls are costumed in orange and black—Princeton colors—and the material of these costumes is of such a peculiar shade that the lights, which are thrown on them from the balcony, make the costumes appear to be continually changing color. The Banjo girls include Margaret Mubolland, E. Madge M. Comb, Eibel McComb, Eibel Hoffman, Manchoe Stone, Hazel E. Ellis, Sadie H. Brown, Lucia Bloor, Elisha Hamilton, Edna Strick, Clara Stanton, Vera Hanson, Wilfrid Corman, Olive Denn, Gertrude Tomlin, Emma Tomlin, Mabel A. Briggs, Grace E. Briggs, Gladys Stone, W. F. Fersonal

Under a canopy of flowers at the residence of Daniel G. Cox, was the scene of a very pretty June wedding Wednesday evening. About 80 guests assembled at the marriage of his daughter, Mabelle A., to Clifford H. Hamilton of Edmonton, Alta. The wedding march was played by Miss Violet W. Cox, sister of the bride. The couple took their place under a bell of pink and white coronations, Rev. S. W. Falls officiating. The bride looked charming in French ivory silk, trimmed with lace and seed pearls and carried bride pink and was assisted by her sister, Miss Edith H. Cox, who wore pale pink silk organdie and carried pink roses, while Moody Wilson assisted the groom. The groom's gift to the bride was a superb pearl and to the bridesmaid a pearl crescent set in whole pearls, to the pianist a pearl brooch and to the best man a pearl stick pin. The happy couple left amid a shower of confetti on the evening train for Montreal and other points, the bride traveling in a brown broadcloth suit with hat to match. On their return they will take up their residence in Edmonton, Alta. Thru the kindness of Mrs. Macrae a sale of fancy work, children's clothes, books, etc., will be held on her veranda, Orinco Cottages, 282 Centre street, on Wednesday, June 17, from 3 p.m. till 10 p.m. Miss Downing will give several solos on the harp and Miss Brenda Spittle will sing. Invitations have been sent out by Mr. and Mrs. F. W. Sutcliffe for the marriage of their sister, Miss Alice Rebecca Elliott of Brimpton, to Mr. Charles Campbell Smith, B.A., D.L.S., of the Dominion Observatory, Ottawa. The wedding will take place quietly at "Summerhome," Lindsay, on June 16. W. E. Raney, K.C., and Mrs. Raney are leaving shortly for a trip to England and Scotland. Deputy Chief Stark, Mrs. Stark and

THREE-FIFTHS CLAUSE FRIEND OF TEMPERANCE

Advocate of Prohibition From Nova Scotia Sees Strong Points in Favor of Existing Measure. (From Sunday World.) ST. CATHARINES, June 6.—(Special)—William R. Geldert, deputy most worthy patriarch, Sons of Temperance, Truro, N. S., visiting in this city, says that from personal experience in local option centres in Ontario, he has been led to believe that the three-fifths clause in the Local Option Act is most commendable and worthy of endorsement of all who earnestly desire of abolishing barrooms and all legalized traffic in intoxicating drink. Mr. Geldert has been a temperance worker 14 years, and has in that time induced 37,000 persons to sign the abstinence pledge. The girl, Craigie Moffatt, whose deportation by the immigration department was prevented by Mayor Campbell, who aided in hiding her from the authorities, is still in the city, and is again living with her brother-in-law, named Shaw, who resides on Court-street. The mayor explains the statements credited to him to the effect that he had told the authorities and newspapers that the girl had gone to Montreal Wednesday night by saying that she purposely misled them in the girl's interest. The mayor this morning visited the Shaw home and left a ticket from St. Catharines to Glasgow on the steamer St. Athens, sailing on the 11th, and \$8 balance remaining from the girl's money after purchasing the ticket. The mayor stated that he would have nothing further to do with the matter.

YOUTH STEALS KISSES AND MAY GO TO JAIL

Bold Young Man Fails to Prove Osculation is General Custom Around Chatham.

CHATHAM, June 7.—A unique kissing case affected the risibilities of the county court Saturday morning, and Alvy Provost, 20 years old, who fished two kisses from Miss Clara Zeach, 18 years old, while out driving with her last Thursday evening, will get some "reasonable" punishment meted out to him Monday morning. Both young people live near the eighth concession, Dover Township, and on the night in question the young swain called for his lady love in a rig. They drove around the country for a short period when the young man's free arm began to twine her shoulder, to which the maiden objected, so she stated in court. Suddenly the young fellow gave her a resounding kiss, to which she also objected. Then followed another equally objectionable. When the girl arrived home she told her mother, who averred her daughter must be "protected" and had the young man arrested, charging assault. The young man was honest, and freely admitted the charges. Justice Houston remanded the case until Monday to permit the gathering of evidence showing previous good character. In the meantime the youth will live the simple life in jail, to permit the gathering of evidence showing previous good character. O. L. Lewis, K.C., the swain's counsel, tried to prove willingness on the part of the maiden, claiming that it "was the general custom in the township." The justice, however, intimated it was about time to discourage the custom.

Hitchcock Stays in Tomb.

NEW YORK, June 7.—Raymond Hitchcock, the comedian, who was committed to the Tombs prison without trial on the charge of attempted assault on a 17-year-old girl, will probably have to remain in prison during his trial. Counsel for Hitchcock made an effort Saturday to secure the consent of the district attorney to have the comedian released on bail, without avail.

Breakfast

Breakfast Kellogg's Toasted Corn Flakes. is one of the few foods that everybody likes—that nobody gets tired of—that agrees perfectly with young and old. It is a delightful change from any other breakfast food. Try it to-morrow morning. Be sure you get Kellogg's TOASTED CORN FLAKES.

Purity above everything—distinguishes Schlitz beer from the common. There's a difference, of course, in the barley, the hops the yeast. We use the costliest materials. We age the beer for months to prevent biliousness. But the healthfulness of Schlitz is mainly due to its purity. The Beer That Made Milwaukee Famous.

Some Items Condensed From Sunday World

LOCAL.—The Dominion Railway Commission will decide whether it has jurisdiction to order a viaduct. G. F. Shepley argued that the commission might just as well assume to order track elevation all the way from Montreal to Sarnia, as thru Toronto. President Schurman of Cornell University (Ithaca, N.Y.), in a special interview accorded The World, spoke very appreciatively of Prof. Goldwin Smith as "The greatest man in America."

BIGAMIST ANDERSON HURRIED TO KINGSTON

Arrives at Big Penitentiary Saturday Evening and Commences His Long Sentence. (From Sunday World.) KINGSTON, June 6.—(Special)—J. A. Anderson, bigamist, arrived from Renfrew to-night to enter here on a seven-year term. Charles McDermott was in charge of the prisoner, who was not handcuffed at any time on train. The situation in tinmiths' strike remains the same, no further attempt at reconciliation having been made. The strikers are receiving the strike benefit from the international union. Albert Simmons and J. Kincaid were struck by falling timbers in pulling down the old mill and seriously injured.

SUICIDE'S BIBLE FOR 35 CENTS

Queer Things Knocked Down to Bidders at Public Auction. (From Sunday World.) A suicide's Bible brought 35 cents at the public auction sale at the city hall yesterday afternoon, when Inspector of Detectives Duncan put up an imitation of an Italian fruit pedlar and sold off the accumulated unclaimed goods which have come into the hands of the police during 1896 and 1897. The screens which formed the setting for the west end spiritualistic seance, where Constables Brishin and Harris, in 1896, brought \$3.50, while the gauze which cloaked the very material spirit went for a nickel, despite the efforts of Salesman Duncan to create a belief in its supernatural power. A fountain pen went for 15 cents, on equal terms with some lady's discarded garments, always named in the plural. Boots, a shaving brush, some underwear and an alarm clock brought \$1.05, and a pair of meat hooks and a bottleless urn brought a quarter. Earnestly advertised, a straw hat and a catcher's mitt brought a like amount, while a pair of top boots and a dog collar went for 15 cents. A toothbrush and a garden rake brought 50 cents.

WERE INCITING THEIR DUPES

Socialist in Bitter Speech. (From Sunday World.) LYONS, June 6.—M. De Pressense, Socialist member of the chamber of deputies, in a speech made here this evening, opening the congress of the League of the Rights of Man, referred to the shooting of Major Dreyfus in the Pantheon in the following words: "Is the past again confronting us? Are not those who believe nationalism dead deceived? The brutal outrage in the Pantheon proved again, as has been proved before, that the Nationalists are not only preaching their nefarious sophistries, but inciting their dupes to vengeance and crime."

Thought it Was Suicide.

A prominent merchant was discovered a few days ago brandishing his razor at midnight. His wife called for assistance, but found her hubby was only paring his corns. Far better not to risk blood poisoning—use Putnam's Palmers' Corn Extractor; it's guaranteed. "Putnam's."

AT THE THEATRES. BOOKMAKERS ARE SORE ROBBED BY PICKPOCKETS. Expert Thieves Take Money From Them in Hundred and Two Hundred Dollar Notes. (From Sunday World.) If ever there was a sore bunch it is the makers of the books who held the lawns at the Woodbine during the past week. A none too profitable meet, where the talent was only moderately stung, was had enough, but when a week ago Saturday five expert American pickpockets walked down the line and lifted the cold cash in \$100 and \$200 chunks out of the bookies' satchels it was too much. About 10 of the one best artists were touched. Valentine lost \$318; J. Munroe was minus \$200; "Klondyke" L. Allenburg was relieved of \$60; Aloucher of \$75; Rod McMahon was shy \$55, and various others lost like amounts. Many of these have developed a pessimistic view of Pinkerton police protection.

ARREST CAME TOO LATE.

James Kelly Wanted in New York Taken at Woodbine. (From Sunday World.) James Granger, alias James Kelly, alias James Ennisson, wanted in New York for forgery and grand larceny, was arrested at the Woodbine track Saturday afternoon by Detectives Archibald and Tipton. He was taken just after he had made a losing bet. "Why didn't you put me in at the beginning of the meet; you would have saved me \$1000," he said. He says, too, that he lost \$2000 at New Orleans just before coming here. If Granger had stuck to his Christy hat, which he wore until yesterday, he would have got away, as the detectives have been looking for him since Wednesday. But yesterday he donned a cap like that worn in the photo in the hands of the police, and he was immediately recognized. He was registered at the King Edward Hotel under the name of James Ennisson.

ROYAL YACHT BREAKS BLADE

First Mishap of Meeting Between the British and Russian Monarchs. (From Sunday World.) KIEL, June 6.—The British royal yacht Alexandra broke a blade of her propeller while entering the Kiel Canal today, and as a result she had to be towed thru the canal. The Alexandra had only her crew on board. She is on her way to Brunsbuttel to join the other royal yacht, Victoria and Albert, which left Port Victoria this morning for Royal will King Edward, Queen Alexandra and Princess Victoria on board.

JOHN GRIFFIN IS DEAD. Well-Known Yonge-Street Night Watchman Passes Away.

Another of the familiar figures of Toronto streets passed away yesterday, in the person of John Griffin, the old night watchman who for twenty-five years has patrolled Yonge-street from Queen north.

Griffin was 75 years of age and an old soldier. He was also an Irishman and famous among those whose business lay downtown at night as a raconteur. He was never so busy on his circuit that he could not stop to tell a good story to one of his hosts of friends who might be passing.

Mr. Griffin leaves a widow. His home was at 225 Victoria-street.

Acids Cause a Fire. When the firemen broke into James A. Thompson's drug store, 55 West Queen-street, at 6 o'clock last evening, they were nearly suffocated by a dense rush of sulphuric fumes. A pot containing some kind of a mixture had been left boiling upon a gas stove, which was mounted upon a barrel of bulk sulphur with the head knocked in. The stuff had boiled over and ignited the sulphur. The building was damaged to the extent of \$700; fully covered by insurance.

Pianos to Rent. Pianos rented on very reasonable terms. Six months' rent allowed in case of purchase. Heintzman & Co., 115-117 West King-street, Toronto.

Nancy Helen O. K. NORTH BAY, June 7.—(Special.)—Supt. Black of Nancy Helen Mine, Cobalt, interviewed to-day in regard to press report that Nancy Helen had closed down, denied the story as a canard made from whole cloth. The mine is being worked with double shifts night and day and more men being taken on.

SOCIALISTS VS. POLICE. Former Declare They'll Continue to Battle for Free Speech.

The Socialists yesterday passed the following resolution, which will be presented to the police commissioners tomorrow by a deputation consisting of J. Simpson, W. Wrigley, Phillips Thompson, W. Gribble, F. J. Peel, Charles Bishop and James Lindala:

"Whereas the Socialist party have repeatedly pointed out the existence of a class struggle between an exploited wage working class, and an employing capitalist class, the capitalists acting in control of all the power of government, including the militia and police,

and whereas the Toronto police, acting on behalf of their capitalist masters, have given ample proof of the existence of the class struggle during the week by endeavoring to prevent the working class from discussing political questions, while allowing religious meetings to block the streets, using their clubs Friday night in brutal Russian Cossack style, in an attempt to excite the passions of foreign-born workers, and induce them to strike back, and thus create a riot and provide an excuse for the suppression of all street meetings,

"And whereas the working class everywhere are fighting successfully for the right of free speech, a time-honored privilege of the much-vaunted British liberty,

"Be it therefore resolved that this meeting of Socialist working men, declare its determination to fight for the rights of free speech on the streets of Toronto, and guarantees the financial backing for the employment of competent lawyers, as well as for the wages of speakers, for the time spent in jail, if such sentence is imposed.

"And be it further resolved that while it is the duty of the police to maintain order and keep an open passage-way, and the sidewalks and roadways, the Socialist party guarantees its cooperation with the police in preventing disorderly and obstruction to traffic.

"And be it still further resolved that if any disorders take place, the responsibility will rest solely with the police and the capitalist masters who give the orders to club law-abiding workers, guilty of nothing more than an attempt to increase their knowledge of the political and economic conditions under which we live."

OTHER PEOPLE'S EXPERIENCE

It may be safely claimed the expressed opinion of a purchaser as to an article he has bought is based entirely on his experience with it.

Therefore we do not ask you to rely on our statements only as to the merits of "Pease Goods;" but we offer as well the statements of those who, having made a careful trial of them may properly be classed as IMPARTIAL WITNESSES.

For instance, a County Registrar wrote us— "I have had considerable experience with other furnaces, which have been purchased by schools, churches, offices, etc., and can safely say that I have not found any heater equal to the Pease, and the Company is a responsible, reliable firm to deal with."

Call at our Salesrooms or on our local Agent and be convinced that "Pease Goods" are "The Goods."

Write to-day for "Result Booklet."

THREE HURT BY TROLLEYS STEP INJURES 2 WOMEN

While Standing in Crowd Are Struck as Car Rushes by— Young Man Badly Bruised.

Three Men Stayed on Murder Charge and as Accessories.

NORTH BAY, June 7.—(Special.)—The tragic death of Frita Young of Strathope, Que., at Inroquois Falls, on the Grand Trunk Pacific construction, last week has aroused great interest in Northern Ontario, particularly in North Bay, where the trial of Thomas Wright, on a charge of murder, and James Quinn and Michael Morris, as accessories, will take place at the fall sessions.

The three men received a preliminary trial at Cobalt yesterday before Magistrate Hartman, and were committed to North Bay jail to await trial.

Wright, a survivor of the schooner John F. Miller, which was wrecked in Alaskan waters, was found alive in the centre of an ice cake two weeks after the disaster. He was frozen to the bodies of two of his shipmates.

Pete is now at Northwestern Harbor and has recovered, but he will be a cripple all his life.

The original report was that Pete was four frozen to the dead men on the wreck, but it turns out that the survivor and the bodies were found ashore in a cove, and not on the ice.

When the rescuing party came across the piece of ice they cut it open with an ax out of curiosity, not suspecting what they would find.

The Miller, commanded by Captain Kelton, sailed from San Francisco station at Pirate Cove. While trying to assist the schooner Glen, which was ashore, the Miller was hit by a howling northerly gale, and struck in Bear Harbor, Unimak Island, Alaska.

That was on Jan. 8. The temperature was 10 degrees below zero, and an hour after the vessel was cast ashore her hull was broken in two. The after section drifted ashore, and nine of twenty-one men on that part of the hull reached land after a terrible experience. Two were drowned.

The forward section of the vessel, holding eight men, drifted seaward, and with the exception of the man who was afterward found alive in the cove of ice, none of the men on it escaped. Neither was that portion of the hull seen again.

The codfishing schooner Ivy had put some men ashore on Unimak Island, and to get ball when two members of her crew ran across the piece of ice, containing the living and the dead. Steamboat Pete was frozen face to face to another sailor, while a dead negro sailor was frozen to the back of "Steamboat Pete."

One of the sailors of the Ivy poured the contents of a flask of whiskey down Pete's throat and the two got him across the ice as quickly as possible.

A BRITISH NAVAL WAR. Bessford and Scott Not on Speaking Terms—Admiralty May Interfere.

LONDON, June 7.—(Sun Cable.)—It is not generally known that there has been a sequel to the incident between Admiral Lord Charles Bessford and Sir Percy Scott when the former asked the admiralty to haul down Sir Percy's flag which would mean ruin to the latter's career.

The admiralty declined to accede to Lord Charles' request, whereupon the admiral ordered Sir Percy to communicate with him in future in writing only.

It is stated now that it is a question in regard to the efficiency of the feet under Lord Charles Bessford's command as to how much longer this state of affairs will be allowed to continue.

FOUNDRY CONVENTION IN TORONTO THIS WEEK

2000 Delegates Will Attend the Series of Meetings—Massive Exhibits Installed.

Toronto is to-day, and will be for the coming week, practically the centre of the iron moulding industry of America.

The annual convention of the American Foundrymen's Association begins this morning, and the exhibiting grounds and yesterday delegates and their wives to the number of about four hundred arrived in the city.

From Chicago a special party of 28 registered at the King Edward last night. In all 80 are expected from Chicago, and an equal number from Detroit. When the convention will under way it is expected that there will be 2000 delegates here.

Three other associations allied with the Foundrymen's Association, are meeting at the same time. They are the Associated Foundry Foremen, the Brass Foundry Association and the Foundry Supply Association.

In connection with the convention there is running in the process building and manufacturers' building one of the most spectacular exhibits that have ever been seen in Toronto. Cupolas have been erected in a special annex for the melting of iron and brass, and every operation in the making of a casting will be shown, including the melting of the iron, the moulding, cleaning and polishing. Smaller furnaces have also been erected for the production of open-hearth steel. Every kind of foundry equipment will be shown, many of the exhibiting firms having put in working models which will be "open in operation."

Throughout the country foremen and brass founders will hold business meetings at the King Edward. The meetings of the national association at which papers will be read on different problems of the industry will begin tomorrow morning in the dairy building at the corner of King and Front streets. J. S. Ropeson is giving a dinner to the agents of his company.

An official reception will be tendered the delegates at the city hall tomorrow night. Wednesday night they will be the guests of the Canadian Manufacturers' Association on a moonlight excursion. Thursday night they are all going to Scarborough Beach and on Friday night the men will be entertained at a smoker, while the ladies party will be given the ladies.

H. M. Lane of Toronto is the secretary of the Foundry Supply Association, and is in charge of the exhibits. The Toronto committee in charge of the entertainment of the delegates is headed by L. L. Archer, Fred Somerville, Robert Cluff, Peter McMichael and W. P. Near.

One of the sailors of the Ivy poured the contents of a flask of whiskey down Pete's throat and the two got him across the ice as quickly as possible.

A BRITISH NAVAL WAR. Bessford and Scott Not on Speaking Terms—Admiralty May Interfere.

LONDON, June 7.—(Sun Cable.)—It is not generally known that there has been a sequel to the incident between Admiral Lord Charles Bessford and Sir Percy Scott when the former asked the admiralty to haul down Sir Percy's flag which would mean ruin to the latter's career.

The admiralty declined to accede to Lord Charles' request, whereupon the admiral ordered Sir Percy to communicate with him in future in writing only.

It is stated now that it is a question in regard to the efficiency of the feet under Lord Charles Bessford's command as to how much longer this state of affairs will be allowed to continue.

Says Kaspar, (the brewmaster):

THEY mean well, I think,—those people who class lager with whisky or brandy. They probably really think they're all the same,—all intoxicants. But it happens they're wrong,—'way, 'way wrong.

"R-c-g-a-l Lager, for instance, isn't so much of an intoxicant as table salt is a poison. Fact!

"This mild, sparkling, light brew contains barely 3 1/2 per cent. of alcohol,—and whisky contains (often) fifteen times that much!

"Even claret—which so many think an ideal table wine—has some four times as much alcohol as R-c-g-a-l Lager.

And it's not a fourth so good for digestion, nor a tenth so nourishing.

"Gives you a new idea of what this food-drink, R-c-g-a-l Lager, really is, doesn't it? Act on the new idea. Tell the dealer you'll try R-c-g-a-l on your dinner-table to-day."

ALIVE, FROZEN TO DEAD MAN FOUND IN ICE CAKE

Sailor, Two Weeks Imprisoned in Cengealed Water, is Rescued by Seamen off Alaska

NEW YORK, June 7.—According to a report received here to-day by Supt. Lyman Bunly of the maritime exchange from Victoria, B.C., "Steamboat Pete," a survivor of the schooner John F. Miller, which was wrecked in Alaskan waters, was found alive in the centre of an ice cake two weeks after the disaster. He was frozen to the bodies of two of his shipmates.

Pete is now at Northwestern Harbor and has recovered, but he will be a cripple all his life.

The original report was that Pete was four frozen to the dead men on the wreck, but it turns out that the survivor and the bodies were found ashore in a cove, and not on the ice.

When the rescuing party came across the piece of ice they cut it open with an ax out of curiosity, not suspecting what they would find.

The Miller, commanded by Captain Kelton, sailed from San Francisco station at Pirate Cove. While trying to assist the schooner Glen, which was ashore, the Miller was hit by a howling northerly gale, and struck in Bear Harbor, Unimak Island, Alaska.

That was on Jan. 8. The temperature was 10 degrees below zero, and an hour after the vessel was cast ashore her hull was broken in two. The after section drifted ashore, and nine of twenty-one men on that part of the hull reached land after a terrible experience. Two were drowned.

The forward section of the vessel, holding eight men, drifted seaward, and with the exception of the man who was afterward found alive in the cove of ice, none of the men on it escaped. Neither was that portion of the hull seen again.

The codfishing schooner Ivy had put some men ashore on Unimak Island, and to get ball when two members of her crew ran across the piece of ice, containing the living and the dead. Steamboat Pete was frozen face to face to another sailor, while a dead negro sailor was frozen to the back of "Steamboat Pete."

One of the sailors of the Ivy poured the contents of a flask of whiskey down Pete's throat and the two got him across the ice as quickly as possible.

YONGE ST. REALTY DEAL. J. F. Brown Disposes of Two Stores at a Godly Profit.

A real estate transfer of no little interest has been brought about by the purchase by W. G. Trethewey, the well-known Cobalt mining man, of the property, 138-191 Yonge-street. J. F. Brown, who is the seller, brought the land about four years ago for \$55,000 and at the price of \$125,000, at which he now disposes of it, he nets a very handsome profit. The property, upon which are the premises of H. H. Love & Co. and the "Ready-to-Wear" Clothing Co., has a frontage of 37 feet and a depth of 210 feet. The building was years ago known as Albert Hall, and was a favorite place for holding political meetings. The transfer is confirmed by both parties.

EVEN CENTRAL EXECUTIVE FAILS TO ASSIST W. D.

A. W. Wright Says It Shows That Conservative Party Isn't Backing the Candidate.

A. W. Wright's West Toronto campaign was concluded by a meeting in West Association Hall Saturday night, when encouraging reports were received and the spirit of optimism was very much in evidence.

Mr. Wright made telling allusion to a condition which is being freely commented upon, namely, the lukewarmness of the general attitude of the public towards Mr. McPherson's candidature.

It is an still president of the West Toronto Conservative Association, announced the youthful F. G. McBrien, who said that 900 of the 1000 members of the body would support Mr. Wright.

Mr. Wright said that it would be impossible for J. B. Hay, if elected, to be loyal to the Grand Trunk and to public ownership.

W. D. Barnaby, secretary of the Central Conservative Association, had been impressed by Mr. Tomlin and Mr. Clarke, late secretary of the West Toronto Conservative Association, to issue an official statement to West Toronto Conservative electors along the line of the one notifying the voters of East Toronto that T. R. Whiteside was the "Whitney candidate."

Mr. Wright made his usual eloquent appeal for support of his party in his early connection with the national policy and enunciation of public ownership principles in long, earnest, and the spirit of independence which had always marked his career.

BAREBACKED RIDERS SCARCE

And Their Career is Short-lived—Cole Bros. Have the Best.

The career of a bareback rider with a circus is limited to about ten years. The tension and application is so strained and marked that it is but few riders who are able to perform their startling feats for more than a decade.

With Cole Brothers' world toured shows, which will open on Monday and Tuesday next, at Queen-street and Broadview-avenue, there are gathered together positively the most representative group of bareback riders that lovers of circus performances could see were they to visit every show on the road.
