EIGHTEENTH YEAR

AT THE ESTIMATE BOARD

Sir Charles Tupper Banquetted by the Party.

MOST NOTABLE GATHERING

Held by the Conservatives During the Present Session.

The Veteran Was in Capital Form and Aroused His Hearers to the Highest Pitch of Enthusiasm by His Spirited Speech of the Record of the Grand Old Party Reviewed Briefly—Some Attention Paid to the Premier of To-day and the Policy of His Government—Speeches by Sir John Carling, Mr. Foster and Others.

Ottawa, June 9.—(Special).—The banquet to Sir Charles Tupper, given to-night in the restaurant of the Senate, was far and away the most notable party gathering of the present Parliament. Hon. George W. Allan occupied the chair. To his right were seated the guest of the evening, Sir Charles Tupper, K.C.M.G., wearing proudly the Order of the Knight of the Grand Old Party, and Mr. Foster, who had just returned from his tour of inspection to the West. The Conservative chief was in the best of health and in the best of spirits. He was in the best of health and in the best of spirits. He was in the best of health and in the best of spirits.

Sir Charles, at the outset, alluded modestly to the abilities he possessed to place at the disposal of his party. Never, he said, had it occupied a more important position in the country. The result of the by-elections had been a triumph for the Government, but that was the usual experience; and to-day the Liberals were using every expedient of the law to maintain that position. Yet it was satisfactory to see a single man in the country of 10,000,000, who had abandoned the party of the Government, and who had returned to the party of the Opposition. It was a grand gathering in every respect, and the influence of it will surely be felt by the political thought of the country for many a day to come.

Mr. Foster's plea for party unity and fidelity to the party's principle was most effective, eliciting continuous and enthusiastic cheers, and in conclusion observed that in Sir Charles Tupper the party had a leader whose high standard of duty and high standard of those in his train would be a guarantee of the party's success. It was a grand gathering in every respect, and the influence of it will surely be felt by the political thought of the country for many a day to come.

Mr. Carling, in his speech, alluded to the record of the party during the present session. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program.

Mr. Foster, in his speech, alluded to the record of the party during the present session. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program.

Mr. Carling, in his speech, alluded to the record of the party during the present session. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program.

Mr. Foster, in his speech, alluded to the record of the party during the present session. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program.

Mr. Carling, in his speech, alluded to the record of the party during the present session. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program.

Mr. Foster, in his speech, alluded to the record of the party during the present session. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program. He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program.

He said that the party had achieved a great victory in the by-elections, and that the Government was now in a position to carry out its program.

Canada, dealing eloquently with the constitutional success, which had been achieved by the upper chamber. In response, Sir John Carling alluded to the splendid career of the party under the leadership of Sir John Macdonald, and to the splendid career of the party under the leadership of Sir John Macdonald.

Senator Loughheed proposed the toast of the House of Commons in a happy way. Hon. Mr. Foster, replying, paid a pretty tribute to the success achieved by Sir Charles Tupper in his position as leader. Coming down to politics, he did not regret that the Liberal party had been allowed an opportunity to translate their professions into practice, and to show to the country the difference between Liberal professions and Liberal practice. In this case the Liberals had first gone back on their promises and now remained to be seen how they would proceed to manage the affairs of the country. Yet in that they would undoubtedly fail, so it only remained for the Conservative party to be true to their principles and to achieve ultimate success. Then, after he had spoken of the binding influence of adversity, he alluded to the poor attempt of the Liberals to imitate the Imperial sentiment of the Conservative party. They had endeavored to add the blood of trade to the blood of sentiment, but in that they had set at naught the sentiment which made a treaty of the Empire equally binding upon the subject in London as upon the subject of the remotest part of the Kingdom.

Mr. Foster's plea for party unity and fidelity to the party's principle was most effective, eliciting continuous and enthusiastic cheers, and in conclusion observed that in Sir Charles Tupper the party had a leader whose high standard of duty and high standard of those in his train would be a guarantee of the party's success. It was a grand gathering in every respect, and the influence of it will surely be felt by the political thought of the country for many a day to come.

LUMBERMEN ARGUED

Over the Action of the United States Senate.

BANKERS ALSO STIRRED UP

As Well as Directors of Railways and Transportation Companies.

A Strong Delegation Met at the Capital to Map Out a Line of Action by Which to Checkmate the Hostility Shown to Canada as Regards Manufactured Lumber and Pulp—Cases' Bill and the Senate—W. T. R. Preston on a Pipe-Laying Trip—Yukon Co.'s Bill Passes Third Reading—Pacific Cable Matters—Ottawa News in General.

Ottawa, June 9.—(Special).—Canadian lumbermen and those financially interested in lumbering operations are evidently deeply stirred by the latest news from Washington regarding the lumber duties. Over thirty representative lumbermen, bank presidents and directors, directors of railways and transportation companies, held meetings here this afternoon to discuss the situation and to decide upon a line of action to be taken in consequence of the rejection by the United States Senate of motions to strike out the duties on lumber and pulp wood imposed by the Dingley bill. The great injustice of allowing Canadian logs and pulp wood to be exported to the United States free of duty, to be there manufactured into lumber and pulp, which would then compete with Canadian products upon which an import duty must be paid, was pointed out, and it was unanimously resolved that the Government be asked to take power to make provision by Order-in-Council to impose an export duty on logs and pulp wood, equal at least to half of which is to be paid by the Government, the duty to be ultimately imposed. The deputation then waited upon the Government tonight and urged that the request of the request, and as the tariff bill is still under consideration, action favorable to the deputation should be immediately expected. They got a most encouraging answer from the Government.

The deputation included W. C. Edwards, M.P., E. W. Harbison of Deseronto, J. B. Booth, H. K. Egan, Alex. Fraser, W. C. Hinchon, W. T. Mason, G. S. Leitham, McLaren Brothers, Levi Grinnell of the Bronson Western of Ottawa, Thomas Mackie, M.P., A. J. Smith of Toronto, Mr. Whitney of the Ontario Lumber & Sawmill Co., J. L. Burton of Barrie, Senator Drummond, Mr. Mather and Mr. G. B. Burt, Bank of Ottawa.

Mr. Oliver's interest bill amended. On the third reading of the Act respecting interest, Sir Oliver Mowat moved to add a clause to the bill providing that it should not apply to mortgages on real estate. Senator Ferguson wanted to know the reason of the amendment, and Sir Oliver explained that he had prepared the clause at the suggestion of Senator Bellie, to meet the views of the Canadian Companies. The question as applied to mortgages was also dealt with in another Federal Act, so there was no need of repeating the bill as amended stands as a third reading to-morrow.

Sir Oliver Mowat announced that he proposed to drop the bill he had introduced for the purpose of providing for the employment of children in factories. He had found that the Federal Parliament had no jurisdiction to pass such an act.

Casey's Bill in jeopardy. E. B. Ryan, M.P., of the House of Commons, has written to Mr. W. H. Irvine of Toronto, and Hal. B. Donohue of Simcoe, representing the Canadian Theobald's Association, and would give to the Casey Hagazelle bill a lift among the Senators. They spent much time in the east wing after their appearances have a hard fight before them. Report has it that the Senators are likely to throw the bill out. Senator Loughheed of Calgary has consented to take charge of the bill.

The object of A.M. W. T. R. Preston's visit to Ottawa last week is now known. Mr. Preston fears that when Mr. Whitney becomes Premier of Ontario next year, he (Mr. Preston) will have a short stay in Ottawa. He wants to get into the city in good time, hence he is laying pipe for a Federal position, and it is said that he has secured the promise of the wardenship of Kingston Penitentiary. It was first offered to Major Walsh of Brockville, but on his declining it, Mr. Preston had the call.

Yukon Co.'s Bill Read a Third Time. The British Yukon Chartered Company's bill came up for a third reading in the Senate this afternoon. An amendment was added, on motion of Senator Loughheed, to the effect that the powers granted under the bill should be exercised only with the consent of the Local Councils affected. The bill was read a third time.

The Pacific Cable. Sir Mackenzie Bowell asked whether the report of the Canadian Commissioners appointed to attend the Pacific Cable Conference would be laid before Parliament.

The Secretary of State said the Government was not in a position to make the contents public yet, inasmuch as it formed the basis of a further conference which would take place between Mr. Laurier and the Imperial authorities during the Prime Minister's visit to England.

Sir Mackenzie Bowell, British Columbia, wanted to know if the Government of Hawaii had consented to allow the landing of the Pacific cable on the island, as reported in the newspapers. Senator Scott was unable to give any information on the subject.

Sir Mackenzie Bowell pointed out that the Government of Hawaii could not without any such permission withdraw from their treaty with the United States, and he made it clear that the consent of the United States was necessary, and that that consent had already been refused.

Mr. Fisher gives notice to-night of a resolution regarding the arrangements for the coming year.

HIS GRATITUDE.

MR. HAGUE'S SENSIBLE TALK.

The General Manager of the Merchants' Bank Tolls the Trade Can Be Expanded.

MR. HAGUE'S SENSIBLE TALK.

The General Manager of the Merchants' Bank Tolls the Trade Can Be Expanded.

Montreal, June 9.—(Special).—The Merchants' Bank of Canada held its annual meeting to-day, and, as usual, Mr. George Hague's address was important. He said that the possibilities of the Northwest were worthy the attention and the encouragement of England, as a matter of public policy. There was a reference to the timber and deals industries and to the good prices which had obtained in England, though there had been curtailment of this trade in the United States, while our pulp industry was ginned at with some interest. The hope being expressed that we should not be content with merely shipping our raw spruce to the United States, but that we should export our own industries at least by the pulp itself, if not the manufactured paper.

There were notable words upon the necessity for increasing our native manufactures, the point being made that manufacturers in England and Scotland first grew around the banks of the rivers of their countries. We had unrivaled facilities. Manufacturers encouraged population and developed the country, and chiefly did it by special manufactures. Rogers' entry was known all over the world, and we were already becoming known for our butter and cheese, our fruit, our furniture and leather. We should be so well that it should be stamped with a unique distinction.

The Healthy Joseph Old Nazara. June in the country, especially around picturesque old Nazara, is one of the loveliest months of the year; this added to the fact that scarlet fever and throat troubles are now rare in town, will cause many people to avoid the danger of infection by staying at the Queen's Hotel, Nazara-on-the-Lake, where the new system of sanitation is perfection, and no illness has ever been known. The management for June and also during the progress of the brigade offered the special rate of \$12 per week.

Sword's Collar Specials. To-day 100 dozen 4-ply English linen collars, 14c each, regular 25c; 25 dozen 4-ply link cuffs, 2 pairs for 25c, regular 50c; special line of black fine ribbed bicycle hose (footless), fancy silk-mixed tops. Sword, 55 King street.

Monuments. See our designs and prices before purchasing elsewhere. We are manufacturers. H. McIntosh & Sons, office and showroom, 524 Yonge-street, opposite St. Andrew's Church, Works, Yonge-street, Deer Park.

BIRTHS. BONNELL—On Thursday, June 10, the wife of W. H. M. Bonnell, of a daughter.

MARRIAGES. GRAIG-LUMME—At Webridge, Ont., on June 9, in the Church of the Good Shepherd, by Rev. Wallace Lumme of Montreal, assisted by Rev. R. Dean Hanna of Midland. Miss Hyde Lumme, fifth daughter of John Lumme, J.P., of Wyebride, to H. J. Craig, manager of the Western Bank at Midland.

Deaths. The Past Chapter Association of the Knights of Pythias will hold a special meeting to-morrow evening in Pythian Hall for the purpose of deciding whether the order will take part in the Jubilee parade. Election of officers will also take place.

LEASES DON'T COUNT

If They Run Foul of the Railway Committee.

AN IMPORTANT STATEMENT

Which Mr. Blair Made in the Committee Yesterday.

Ottawa, Amprior and Parry Sound Railway People Claimed That Their Lease Gave Them Rights Over the Canal Reserve in Ottawa, but the Minister Promptly Set Upon That Contentious Point, Saying That the Privy Council Was Supreme as to Any and All Times—Railways Have No Vested Rights, It Appears.

Ottawa, June 9.—(Special).—An important statement was made in the Railway Committee this morning by the Minister of Railways. It was on the bill to incorporate the Hull, St. Louis Dam and Victoria Springs Railway Company, which seeks power to build railway lines through the eastern and southern suburbs of Ottawa. The bill was opposed by the Ottawa corporation, the Parry Sound Railway and the Ottawa Electric Railway. The chief objection came from the Parry Sound Railway, which objected because the road was to run along the canal reserve, which is Government property and would interfere with their rights.

It was at this point that Mr. Blair made his statement. The Minister maintained that this was a matter for the Railway Committee of the Privy Council to decide, and he proposed to amend the bill, if it passed, making provision in regard to that. For his own part he could not see any objection to granting a charter for a railway from Hull to Hog's Back. He did not, however, agree with the details of the bill. Mr. Blair emphatically protested against that idea, and maintained that in every instance the Railway Committee of the Privy Council was supreme. Even if a lease were granted by the Governor-in-Council, that would not prevent the Privy Council from exercising jurisdiction at any time.

Mr. Maclean said that this was an important matter and he was glad to hear the Minister's statement. He said that the Minister did not propose to recognize such a thing as vested rights by railway in the public domain. Sir Charles Tupper opposed the bill, and said that the committee should not grant a charter for a railway for the purpose of leaving blackmail. The measure was eventually withdrawn.

Summery Notices. Mr. Maclean said that this was an important matter and he was glad to hear the Minister's statement. He said that the Minister did not propose to recognize such a thing as vested rights by railway in the public domain. Sir Charles Tupper opposed the bill, and said that the committee should not grant a charter for a railway for the purpose of leaving blackmail. The measure was eventually withdrawn.

CAPTURED BY COCKNEYS.

London Beat Charlie Haddock's Toronto Team by 9 to 6 in Game at the Island.

London beat Toronto yesterday afternoon on the baseball grounds by 9 to 6. The grounds were soggy and in poor condition.

Table with columns: Toronto, London, Haddock, etc. showing scores and statistics.

PROVIDENCE V. TORONTO.

The championship Providence team arrived by the Chlorea yesterday, but the game with Toronto was postponed on account of rain.

EASTERN LEAGUE.

At Buffalo—After Springfield had scored four runs in the half of the sixth inning, a heavy downpour of rain compelled Umpire Gaffney to call the game.

NATIONAL LEAGUE.

At Baltimore, the champions, by superior work in hitting, leading today to a victory of this series from Cleveland.

DIAMOND DUST.

The Maple Leafs are open for challenges. Montreal prefers to average 12 years.

ASSOCIATION FOOTBALL.

At the executive meeting of the Toronto Football League last night in the Bell Telephone office, the clubs were represented.

QUEBEC RUGBY SCHEDULE.

Montreal, June 9.—At a meeting of Quebec R. U. C. the schedule was arranged: Oct. 2, Montreal v. Ottawa City; Oct. 9, Ottawa City

MAHER AND SHARKEY DRAW

Seven Rounds Before the Police Stopped It.

FIRST BLOOD FOR SHARKEY

The Sailor Landed Right in the Mouth and Maher Went Down.

Name Fighting for Five Rounds, When the Spectators Grew Disappointed—They Threw It, Ep, and After Peter Forged the Game the Police Arrested the Principals at the Close of the Seventh Round.

Round 1—They sparred carefully for a minute, Sharkey holding his hands up and missed. Sharkey tried a right swing, but was too short.

Round 2—After some sparring, Maher jabbed his right arm and Sharkey crossed his right arm over his chest.

Round 3—Sharkey jabbed left, fell short and Maher crossed his right arm over his chest.

Round 4—Sharkey jabbed left, fell short and Maher crossed his right arm over his chest.

Round 5—Sharkey jabbed left, fell short and Maher crossed his right arm over his chest.

Round 6—Sharkey jabbed left, fell short and Maher crossed his right arm over his chest.

Round 7—Sharkey jabbed left, fell short and Maher crossed his right arm over his chest.

Round 8—Sharkey jabbed left, fell short and Maher crossed his right arm over his chest.

Round 9—Sharkey jabbed left, fell short and Maher crossed his right arm over his chest.

Round 10—Sharkey jabbed left, fell short and Maher crossed his right arm over his chest.

Round 11—Sharkey jabbed left, fell short and Maher crossed his right arm over his chest.

MR. SHAM BLAKE CALLED DOWN

By Bishop Sullivan in the Presence of the Synod.

TORE A PAPER INTO TATTERS

This Was the Way in Which Mr. Blake Showed His Angry Passions

Then the Rector of St. James' Gave the Lay Platform Religious a Severe Censure, Which the Audible Applauded—Hein Introduced a Crime as Black as any Ever—Further Denunciations in Franchise.

Bishop Swetnam again presided at the meeting of the Toronto Synod in St. James' schoolhouse yesterday.

In the consideration of the Widows' and Orphans' Fund report, Mr. S. Sheppard moved an amendment that all widows and young orphans share in the benefits of the fund, but relatives of subscribers should participate to a larger extent; and that the committee be instructed to draw up a resolution to present.

Rev. Arthur Baldwin strongly opposed this. There were, he said, a number of 10-100 names had no business on the list, and the Synod should not be so soft-hearted as to put them on the list. No widow's name should be on the list unless her husband had subscribed.

Mr. W. Hooper was of the same opinion. He concluded by moving a resolution that the committee be instructed to draw up a resolution to present.

Mr. D. J. Murphy drew attention to the fact that many names were on the list for ten or fifteen years, and that some of them were not on the list at all.

Mr. D. J. Murphy drew attention to the fact that many names were on the list for ten or fifteen years, and that some of them were not on the list at all.

THE WORLD OF WHEELS

Woodstock Wildly Enthusiastic Over the Relay.

FRANK HYDE'S DISTRICT.

How the National Meet is Booming in Chatham.

John Davidson, French and Graves Get Notice of Their Transfer to the Professional Class—Norse and McEachern to Get a Hearing—More of the Wheel.

Woodstock, June 9.—(Special.)—It is remarkable at this early stage of the relay that so much interest should be taken in the race. Every place along the relay is agog with the idea of the boys passing through the place and notwithstanding the heavy rains of the last few days, the boys are already at it, training hard and riding the respective relays under the watchful eye of the different committees.

Woodstock, which is a hotbed for anything in the line of honest amateur sport, has been so since the days when the boys have taken up the idea in earnestness, and the townspeople display an enthusiasm that has already made the relay race, which was only introduced as an incentive to the good reform, which is passing over the country at present, to an affair of national importance. The relay in Woodstock will change its route from the Woodstock Sentinel-Review office.

The promoters of the relay have been very fortunate in securing as their representative in this district Mr. Frank Hyde, who is one of the best known and most popular young men in the country. An old racing man, he has carried the colors of the Chatham Bicycle Club and lately those of the Woodstock Amateur Association to the front on numerous occasions, and many a cup and piece of plate is noticed to with pride by the boys as a result of Frank's prowess on the track.

The district which is to be represented by Hyde will be divided into the following relays: From Eastwood to Woodstock, a distance of 4 miles, all good roads and should be ridden in about 15 minutes. The next will run from Woodstock to Ingersoll, 10 miles, over the finest path in Ontario, hardly a hill, stone or grade the whole distance, and the most important one, and time of 25 minutes, but accidents.

London, which is the most important point will cross one another, it being divided into the following relays: From the course of a few days. The change of course will be made here, and the front of the London Daily News office, Hinton street.

The packet with the message this time, instead of being carried by a strap thrown over the shoulder, as was done in the last relay, will be made out of chamois, and will be about 12 inches long and 2 inches wide, with a band of chamois leather, and will be carried over the hand and worn around the wrist.

HESTLING IN THE MAPLE CITY. Chatham, June 9.—The Chathamites seem to realize that this will probably be their only crack at the national meet game, and are determined to make July 25, being the biggest kind of a big affair. Not only will they be making the colors of the "pros," they are now offering prizes in the relay race that will make the boys' eyes sparkle. They have decided to meet in the afternoon at 2 o'clock, and as second prize a race. Added to these are a number of other prizes, and so that there is ample opportunity for the boys to get into the game.

The Wanderers' Band of Toronto, which has been responsible for the success of the fun at previous National Meets, will be on hand in all its glory. The famous band will be stronger than ever before, and if its previous record be lived up to, visitors to the meet will be entertained. Their band of 25 pieces will play the music at the track each day. One of the most interesting features will be the relay race arranged between teams representing the Toronto World and the Cleveland Bicycle Company of Toronto. The Toronto team will take the route from southern route through Hamilton, Brantford, Woodstock, London and on to Chatham. The Cleveland riders will follow the northern course by way of Georgetown, Quebec, and on to Chatham.

The start will take place at 5 a.m. in Toronto, and will be at Chatham about 7 p.m. Each route will be divided into 22 relays, there being two corners on each relay, and as many "trailers" as wish to follow. The corners of both routes will carry packets from the Mayor of Toronto to the Mayor of Chatham, who will receive them at the national meet. The packets will be in the neighborhood of 500 persons associated in this undertaking, and its outcome will be awaited with much interest by the people generally.

Edward N. Hines, Detroit, Chief Consul Michigan District, L. A. W., has consented to officiate as a judge at the Chatham meet. His present appearance the entry list at Chatham in July will be the biggest in the history of the C. W. A. The entries have been pouring in during the past few days, and even should no more come in the race there will be exciting ones. With

QUEBEC BANK.

ANNUAL MEETING OF SHAREHOLDERS, HELD MONDAY, 7th JUNE, 1897.

Proceedings of the seventy-ninth annual general meeting of the shareholders of the Quebec Bank, held in the Bank House in Quebec, on Monday, June 7, 1897, present: S. J. Shaw, J. T. Ross, G. Lemoine, W. A. Marsh, John Breakley, P. Johnston, Major James Morgan, D. Smith, Ernest P. Wurtelle, D. H. Geggie, John Shaw, Robert Brodie, Thomas Norris, J. H. Simmons, Capt. W. H. Carter, William Tofield, John Brown, E. H. Taylor, and others.

On motion of Mr. J. T. Ross, seconded by Mr. W. A. Marsh, the chair was taken by Mr. S. J. Shaw, and Mr. C. Coffin was requested to act as secretary of the meeting.

The Chairman read the report of the Directors, and Mr. McDougall, the General Manager, read the statement of affairs of the Bank as on the 15th of May, 1897.

The Directors beg to present to the shareholders the statement of affairs of the Bank for the year ended on the 15th of May, 1897.

Profit and Loss Account. Balance of profit and loss account on 15th May, 1896, \$1,014,475.00. Add: Profit on operations during the year, 1897, after deducting charges of management and making provision for bad and doubtful debts, 219,183.00.

Dividend three per cent, paid last December, 1896, \$75,000.00. Dividend three per cent, payable 1st June, 1897, 75,000.00. Transferred to reserve account, 100,000.00.

Balance of profit and loss account on 15th May, 1897, \$1,408,658.00. The volume of the bank's business for the year just closed has been about equal to what it was last year. The deposits show a gain and the average of the circulation shows a slight increase over last year's figures.

Last year a relatively large amount was kept at the credit of public bodies on account of reasons which do not now obtain. The directors have, therefore, taken from it a sufficient sum to form, along with the surplus profits of this year, the amount of \$100,000, which they have transferred to the reserve account, making up the sum to \$200,000.

The directors beg to announce that, owing to the uncertainty of his health, Mr. R. H. Smith retired from the office of Vice-President of the bank on the 15th of May, 1897. They regret exceedingly that it became necessary for him to take this step, and they desire, now, to make known their high appreciation of the services which he has rendered to the bank, and to recognize how constantly and with what care he has devoted himself to the duties of his office for the eight years during which he has occupied it.

All of which is respectfully submitted. (Signed) W. J. WITHELL, Vice-President.

General Statement, 15th May, 1897. Capital stock, \$2,500,000.00. Reserve fund, \$500,000.00. Loans, \$1,000,000.00. Deposits, \$1,000,000.00. Interest on current bills discounted, 102,173.72. Carried forward, 60,000.14.

Unclaimed dividends, \$72,833.86. Dividends, 1,433.65. Half-yearly dividend, No. 126, payable 1st June, 1897, 75,000.00. Notes in circulation, 903,485.00. Deposits not bearing interest, 1,461,239.60. Deposits bearing interest, 5,000,239.46. Balances due by agents in foreign countries, 20,754.51. Balances due by agents in Great Britain, 4,371.80. Notes and cheques on other banks, 220,433.74. QUEBEC BANK.

ANNUAL MEETING OF SHAREHOLDERS, HELD MONDAY, 7th JUNE, 1897.

Proceedings of the seventy-ninth annual general meeting of the shareholders of the Quebec Bank, held in the Bank House in Quebec, on Monday, June 7, 1897, present: S. J. Shaw, J. T. Ross, G. Lemoine, W. A. Marsh, John Breakley, P. Johnston, Major James Morgan, D. Smith, Ernest P. Wurtelle, D. H. Geggie, John Shaw, Robert Brodie, Thomas Norris, J. H. Simmons, Capt. W. H. Carter, William Tofield, John Brown, E. H. Taylor, and others.

On motion of Mr. J. T. Ross, seconded by Mr. W. A. Marsh, the chair was taken by Mr. S. J. Shaw, and Mr. C. Coffin was requested to act as secretary of the meeting.

The Chairman read the report of the Directors, and Mr. McDougall, the General Manager, read the statement of affairs of the Bank as on the 15th of May, 1897.

The Directors beg to present to the shareholders the statement of affairs of the Bank for the year ended on the 15th of May, 1897.

Profit and Loss Account. Balance of profit and loss account on 15th May, 1896, \$1,014,475.00. Add: Profit on operations during the year, 1897, after deducting charges of management and making provision for bad and doubtful debts, 219,183.00.

Dividend three per cent, paid last December, 1896, \$75,000.00. Dividend three per cent, payable 1st June, 1897, 75,000.00. Transferred to reserve account, 100,000.00.

Balance of profit and loss account on 15th May, 1897, \$1,408,658.00. The volume of the bank's business for the year just closed has been about equal to what it was last year. The deposits show a gain and the average of the circulation shows a slight increase over last year's figures.

Last year a relatively large amount was kept at the credit of public bodies on account of reasons which do not now obtain. The directors have, therefore, taken from it a sufficient sum to form, along with the surplus profits of this year, the amount of \$100,000, which they have transferred to the reserve account, making up the sum to \$200,000.

The directors beg to announce that, owing to the uncertainty of his health, Mr. R. H. Smith retired from the office of Vice-President of the bank on the 15th of May, 1897. They regret exceedingly that it became necessary for him to take this step, and they desire, now, to make known their high appreciation of the services which he has rendered to the bank, and to recognize how constantly and with what care he has devoted himself to the duties of his office for the eight years during which he has occupied it.

All of which is respectfully submitted. (Signed) W. J. WITHELL, Vice-President.

ONE OF THE C. P. R.'S CONCESSIONS.
Among the concessions granted by the Canadian Pacific Railway in consideration of receiving the bonus of \$11,000 a mile for the Crow's Nest Railway is the following, as taken from yesterday's Globe:

"Second, west-bound rates from points east of the great lakes to points west thereof on certain commodities of special importance, to be reduced by 10 to 35 per cent."

"On June 3 the Globe stated this concession as follows: 'Rates on certain classes of freight on the portion of the Canadian Pacific Railway, that is, from Fort William eastward, will be reduced by 10 to 35 per cent. at the beginning of 1898.'"

"These two paragraphs are apparently intended to convey the public misconception, viz., a reduction of from 10 to 35 per cent. on certain kinds of freight from points in Ontario and Quebec to points west thereof."

"There is no complaint of the tariff schedule west of Fort William, or east of it. The C.P.R. is subject to competition from all points east to Fort William. This competition has been effective in placing rates on a reasonable basis. There is no complaint from Manitoba of the rates eastward from Fort William, as far as at least as the lake and rail routes are concerned. The grievance of the Western farmers relates to the rates that apply between Fort William and points westward, where there is no competition. It is the rates west of Fort William and not east of it that should be reduced."

"But it may be said that it makes no sense to reduce the public concession, viz., a reduction of from 10 to 35 per cent. on the western half of the journey or on the eastern half. The former will get the benefit of it just the same. So it appears on the surface, but still there is a difference in the public interest, must not be lost sight of."

"There is always a possibility, or rather a probability, of a decrease in freight rates where there is competition. Any reduction of the public concession, however, would be a disadvantage to the public interest, must not be lost sight of."

"It is very important, therefore, that the proposed reduction be made to apply to the line west of Fort William. It will be noticed that the first paragraph taken from the Globe is not inconsistent with the second, and it is feared, or rather believed, by railway men that the proposed reduction will apply to that part of the route on which there is already very effective competition."

"If this is the case then the effect will be to kill off the competition to Fort William which has proved so beneficial in keeping down rates. The Canadian Pacific Railway will monopolize the whole of the business because the proposed reduction will be so considerable that the Grand Trunk and its steamboat allies will not be able to handle any business between that part of the province and Fort William. But if the reduction is made applicable to the line east of Fort William, competition will prevail east of that point and the public will get the benefit of any further reductions that competition may bring about."

"It is a matter of great importance, therefore, that the reduction that is proposed to be made should apply to that part of the line where competition does not exist, viz, from Fort William westward."

"The present lake and rail rate from Montreal to Winnipeg on certain commodities is 62 cents. Of this 47 cents is chargeable west of Fort William and 15 cents east. If the rate is reduced, say 10 per cent., which will then make it 56 cents, the western half of the line will still earn 47 cents, while the eastern half will receive but 9 cents. It is quite evident the Grand Trunk will not be able to meet such a cut."

"If the reduction is made to apply to the western half of the route then the 15-cent rate to Fort William remains, and the existing conditions between here and Fort William, which are quite satisfactory and which in the public interest should not be disturbed, will remain as they are."

"Another ambiguity that should be cleared up is this: Is the proposed reduction to apply to the ordinary schedule, or to the special schedule which is now in operation? Under the former the rate to Winnipeg is 72 cents. Under the latter it is 62 cents."

"Such points as these should be determined before the deal is put through. Otherwise the alleged concessions may prove to be of little or no advantage, if they are not positively injurious."

NO RESTRICTIONS ON JUBILEE DAY.
Yesterday the Jubilee Committee approved of a proposal to have the pupils of the Separate and Public schools compete separately in the sports that are to come off on Jubilee Day. In one part of the grounds the Catholics will have their races and games, while the Protestants boys and girls will be relegated to another quarter to hold their sports. And this on Jubilee Day, when the people of the whole Empire are supposed to be inclined to exhibit one common sentiment, begotten of their loyalty and attachment to the Queen and the Empire! It is scandalous that religious bias should separate the people on such a memorable occasion. It is necessary that this sectarian spirit should run riot and separate our school children on a day when the idea of patriotism should be uppermost in the minds of all of us. Why not celebrate the Queen's Jubilee by having the Orangemen to come out in all their war paint and the St. Patrick's boys to don their distinctive colors? The former might be confined to Jarvis-street, while the latter could do as they please in the streets of the city, by inviting the Orangemen to come out in all their war paint and the St. Patrick's boys to don their distinctive colors? The former might be confined to Jarvis-street, while the latter could do as they please in the streets of the city, by inviting the Orangemen to come out in all their war paint and the St. Patrick's boys to don their distinctive colors?

MR. BLUE'S UNCALLED-FOR SPEECH.
Mr. Blue's remarks at the Rat Portage mining convention the other day were in very bad taste, and they are calculated to have anything but a beneficial effect on the mining industry of this province. Canadians may know considerable about mining, but they do not know Mr. Blue. He is a man who has been in the public interest, must not be lost sight of."

THE QUEBEC BANK.
The annual report of the Quebec Bank, which will be found in another column, shows that \$100,000 was added to the fund, making it \$600,000, or larger than it ever was before. Considering the stagnation in business during the past year, the amount that has been added and the net profits are exceedingly creditable. The total amount of loans current is larger than in previous years, being about \$8,000,000. The past due bills and real estate items have been substantially reduced, and the decrease in these as compared with 1895 being equal to \$150,000, or \$100,000 per cent. The balance sheet shows that the bank is in a very satisfactory condition. The directors are doing great damage to the bank in many cases totally denuding the trees of their foliage."

MR. GIBSON'S RECORD.
John, The Watchman (J. J. Griffin), whose familiar "Good morning, sir" has greeted the early pedestrians and other night workers for many years, had the special honor of having his name on the program of the "Good morning" on Yonge street for 19 years. During that long period but one "break" was ever made on his charge, and John caught the burglar. Before commencing his duties as watchman he was the 4th Lieutenant Regiment of Foot, and was in the Crimea and in other stirring scenes of the Crimean campaign, where he was wounded. John Griffin is indeed a true veteran.

MR. AND MRS. JOHN ROSS OF TORONTO are in the city in connection with the B.C. Times.

CROP OUTLOOK IN ONTARIO.

All Sections of the Province Heard From.

COLD AND WET WEATHER
Have Kept Things in a Rather Backward State.

For the Most Part the Prospects are for Good Hay, Wheat and Oats Crops—High and Sandy Lands are Showing Great Promise for a Rich Harvest—Low Lands Have Suffered from the Overplus of Wetness—The Promise is for an Abundant Crop of Fruit in Most Lines.

The following are culled from a host of crop reports furnished by the Ontario Superintendent of Agriculture, of the Great North-Western Telegraph Company:

Wheat.—The continued wet and cool weather is becoming a very serious matter in this section. The hay crop, an important one here is almost a total failure on the low lands. The wheat crop is also being injured by the wet weather. The grain crop, until recently, looked much better, but now it is being injured by the wet weather. The fruit crop is also being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Hay.—The hay crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Wheat.—The wheat crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Oats.—The oats crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Fruit.—The fruit crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Barley.—The barley crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Peas.—The peas crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Beans.—The beans crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Apples.—The apples crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Pears.—The pears crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Plums.—The plums crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Cherries.—The cherries crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Strawberries.—The strawberries crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Raspberries.—The raspberries crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Blackberries.—The blackberries crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

Blueberries.—The blueberries crop is being injured by the wet weather. The prospects are for a rich harvest of wheat and oats on the high and sandy lands, but the low lands have suffered from the overplus of wetness. The promise is for an abundant crop of fruit in most lines.

THE SLATER SHOE

DEMONSTRATING SHOE--LORE

Just like attending a 'Varsity lecture when the subject is "Leather and Shoes"—we are demonstrating the process and method of making the Slater Shoes, the styles and shapes that suit your feet, the kind of leather you most wish for.

Attend the Exhibition and Demonstration, and you will ever after know too much about shoes to make mistakes in buying.

Your feet were never made to fit any kind of shoes—the Slater Shoes are made in so many shapes, widths and sizes that they'll fit any kind of feet as nature demands they should be fitted.

THE SLATER SHOE STORE, 89 King Street West.

THE SLATER SHOE

especially potatoes and corn. The continued wet weather is causing all crops in the following districts to rot. Fruit will be very plentiful.

WHO IS TO BLAME FOR THIS?

Here is a Very Rank Case of Sectarianism.

SEPARATE JUBILEE GAMES

For the Pupils of the Catholic and Public Schools.

Ald. Burns spoke for the separate schools and said the pupils were willing to compete with the public schools...

Though the Board of Control's work in reducing the cost of the games is generally conceded to have been fairly well done...

When the Board of Control was instituted its originators claimed and no doubt hoped, that it would be a great step...

The members of the board were elected by the voters from among themselves...

After one year's experience with this governing board, the Legislative Assembly passed a resolution...

It cannot be truthfully said that the members of the present board are superior to those of the past...

It may justly be said that the Board of Control is not getting a fair trial because its members will not cast aside...

Ald. Manning interviewed the Mayor yesterday and expressed his protest against the reduction of the civic grant...

The Mayor in honor. Ald. Lamb tried to play a little joke on the Mayor yesterday...

It is estimated that the City of Toronto has given \$100,000 to the Alliance for the past year...

The Fire Brigade. The Fire and Light Committee met yesterday and completed the revision of the rules for the Fire Brigade...

The Fire Brigade. The Fire and Light Committee met yesterday and completed the revision of the rules for the Fire Brigade...

Separate games will be held on Jubilee Day for the pupils of the Catholic and Separate schools...

The Royal Toronto Sailing Club were given \$200 to help defray the expenses of a party to go with the society...

A meeting of those interested in the formation of the Victorian Order of Nurses will be held in the Mayor's office...

will be held in the Mayor's office to-morrow afternoon at 3 o'clock...

REV. MORGAN WOOD ACCEPTS

The Detroit Preacher Will Enter on Bond Street Congregational Pastorate in July.

Rev. Morgan Wood of Detroit has accepted the call to the Bond-street Congregational Church in this city...

At the meeting in the Detroit Church on Monday evening there was a good deal of opposition to the acceptance...

The salary is to be \$2000 per year. Hereafter there has been a meeting in the Detroit Church...

RAILWAY NOTES

Evening Service of Trains Southward to Commence on Monday Next

Train service on the Grand Trunk Railway to points north of Palmerston is to be put in force when the new summer time table comes into effect...
