Southern Regiments Carry
Enemy Trenches in
Counter-Attack.

By an Associated Press Correspondent.
French Front in France, Thursday,
July 5.—Personal initiative, combined
with bravery and tenacity, won for the
French a splendid victory when the
Germans attempted last Tuesday night
to retake Chemin des Dames by a most
furious attack. The commanding gen-
eral, after inspecting the entire eleven-
mile line where the battle occurred,
declared today:

"The German crown prince had ar-
ranged a surprise party for us in or-
der to offset the Russian victory in
Galicia, but he knocked at the wrong
door and received a disagreeable re-
sponse."

Before the enemy's attack began an
uncanny silence reigned along this
famous road, where the hostile armies
are facing each other at close quar-
ters. Suddenly the German bombard-
ment opened, and its intensity impress-
ed the French general as being greater
than he ever before experienced on
the Somme, at Verdun or in the
Champagne, where he had taken part
in all the battles since the beginning
of hostilities.

Shell Smoke Thick.
The shell smoke was so thick and
the fumes from poisonous and lacri-
mose shells were so heavy that it
was impossible to take observations.
The French general attempted to com-
mand his troops.

IMPORTANT WEAPON

Dutch and Scandinavians Sell
Little Imported Goods
to Foe.

London, July 6.—"The United
States has an enormous power in its
hands today in its control of exports
to European neutrals," said Lord
Robert Cecil, the minister of block-
ade, in a talk on this subject this
afternoon.

"I do not like to express any opin-
ion as to the policy which would
guide it in the exercise of this pow-
er," continued Lord Robert. "That
is the United States' business, not
ours. However, we have had three
years of intensive experience in
blockade, and everything we have
learned during that time is at the
disposal of the United States."

"The United States has the power
of making any bargain, any stipula-
tion it thinks proper with these neu-
trals, and this is a very important
weapon against Germany. The food
stuffs which Germany obtains from
Holland and Denmark alone must be
measured in hundreds of thousands
of tons, while the mineral and fish
exports of the Scandinavian nations
are of vital importance to Germany."

In reply to a question as to whether
the neighboring neutrals were
still shipping any considerable quan-
tity of imported goods into Germany,
Lord Robert said:

A. F. Kerensky, Russian minister of war, whose zeal inspired Russian
forces to great victory recently.

FRENCH IN CHAMPAGNE REDUCE TWO SALIENTS

Brilliant Operations of Ally Results in Capture of
Store of Prisoners East of Mont
Carnillet.

Paris, July 6.—The official communication issued by the war office
this evening reads:

"The day was marked by an increase in artillery activity in the
sectors of Vauxaillon, Laffaux, Le Royer Farm and Braye-en-Laonnais.
In Champagne we have carried out in the sector of Monthaut and to
the east of Mont Carnillet detailed operations, which enabled us to reduce
two small salients and to capture a store of prisoners. The enemy, who
attempted four times to recapture the terrain we had taken, suffered heavy
losses to no avail."

"On the left bank of the Meuse the artillery firing was very violent
in the region of Hill 304 and Le Mort Homme.

"Belgian communication: Enemy artillery bombarded various sectors
on our front. Spirited bomb fighting took place in the region of Het Sas.
The enemy artillery bombarded Dixmude. An enemy patrol was dispersed
by one of our reconnoitring parties to the south of St. Georges."

"Army of the East, July 5: The artillery has been rather active in the
Cerna bend."

FOE'S ATTEMPT BEATEN BY FRENCH FORESIGHT

What Crown Prince Intended as Resounding Coup
Turns Out to Be Miserable Fiasco on
Chemin des Dames.

London, July 6.—(Via Reuter's Ot-
tawa agency.)—The correspondent of
Reuter's at French headquarters gives
some further interesting details of the
big German attempt on Chemin des
Dames on the third of July. The cor-
respondent says:

"The battle was important. It dif-
fered from most actions of the kind.
In the first place it was an elaborate
effort to secure the advantage of a
surprise. In the second place it was
a failure, despite heavy sacrifices, to
secure any result. General von Boehm
on this occasion resolved to test the
dogma of the indispensability of long
artillery preparation. There was an
uncanny silence for 24 hours preced-
ing the attack. True, the French
knew from prisoners that the Germans
in front of the Calonne casemate
plateau had been relieved; that a tired
battalion, the 38th Regiment, which
on the third of June had allowed the

stosstruppen to go forward, un-
supported, to death, had been replaced by
young troops, and that an attack was
pending. But they had no clue to the
date or the hour.

"Many Germans Seen.
The Germans had mustered the
previous night in the trenches on the
northern slopes of the plateau. At
half past seven the next evening the
French divisional general commanding
the sector of the plateau was sitting
down to his evening meal, wondering
what the silence of the enemy's guns
meant, when a sudden roar of artil-
lery supplied the solution. The Ger-
mans had opened a bombardment of
staggering violence along the entire
front. Across the plateau ran an un-
broken wave of shell-bursts, cutting
off all access to the front. In the rear
great shells rained on every part of
the position, destroying communica-
tion trenches, cutting wires and plow-
ing up roads. For a moment the po-
sition appeared desperate.

"But the Boches reckoned without
their hosts. The roar of their over-

AVION PITHEAD, ON CANADIAN LINE, GOES UP

Fosse Five, Overlooking Dom-

Disappears.

BLOWN UP BY ENEMY?

Indications Point to Another
Retreat of Germans
Near Lens.

By Stewart Lyon.

Canadian Headquarters in France,
Friday, July 6, via London.—Fosse 5,
the pithead which overlooked our out-
posts in Avion, disappeared yesterday
in a cloud of dust and fire. It had
been for some time a mark for our
heavy artillery, but whether the de-
struction was caused by our shells or
by the Germans themselves is not
known. If they anticipated a further
advance of our men, they
may have blown up the mine works
themselves, for it is their policy to
leave behind them nothing that would
aid in speedy retraction of mining
operations in the important coal area.

Much evidence of the lowering of
German morale continues to be dis-
covered in captured trenches and raid-
ed houses. A remarkable letter was
found recently which had been written
to a Bavarian at the front three
weeks ago.

"One must understand that you are
not in this horrible business. I believe
that the climax has been reached, and
that the German-Social-Democrats
have announced that if a single
shot is fired in August revolution will
follow. The situation is no longer
good. They are on the track of the
German Kaiser, too, and if it lasts
much longer it will be the end of
Prussia, for the Prussians and the
English are the masters. These two
alone are carrying on the war. The
others are merely in their hands."

If much of that sort of stuff is
reaching Prince Rupprecht's ears, the
decline in fighting spirit of the Bavari-
ans is removed from the realm of a
matter for wonder.

I understand that our casualties have
been very light during the past two
weeks, and exceptionally so in the
killed and missing classes.

MAXIMILIAN HARDEN'S PAPER IS SUPPRESSED

His Outspoken Criticism of Ger-
man Policy is Not Relished.

Copenhagen, July 6.—Maximilian
Harden's publication Die Zukunft, of
Berlin has again been suppressed.

Herr Harden's brilliant and decid-
edly outspoken journal has enjoyed a
considerable period of freedom from
suppression, the last reported action of
this sort by the government against it
being nearly nine months ago, in Oc-
tober, 1915.

After this suspension was lifted his
articles again freely attacked the gov-
ernment's policy. In one article he
eulogized President Wilson, and in an-
other appealed for democracy in Ger-
many.

Petrograd, July 6.—Estratiadis, a
priest of Feodosia, in the Crimea, hav-

the charge of speculating in charity
funds, declared a revolt. His adherents
seized a church from the militia, after
which the church was surrounded by
troops.

When the militia raided the house
of Estratiadis he resisted, and the
bishop ordered his arrest and intern-
ment in a monastery.

BORDEN MAKES REPLY TO CHARGES OF HUGHES

Laurier Intervenes in Renewed Controversy as
to Responsibility for Recruiting's Decline—
Infantry's Casualties Ratio to Enlistments
Seven to One—Quick Action on Conscrip-
tion Bill Urged.

By a Staff Reporter.

Ottawa, July 6.—It was a weary
house of commons that reassembled
this afternoon after its all-night vigil,
and went at once into committee on
the conscription bill. The prime
minister permitted an adjournment
at 6 o'clock, but announced that con-
sideration of the bill would be re-
sumed at to-morrow's sitting, and
that progress must be made as rapidly
as possible. He took occasion to
criticize as utterly without founda-
tion the oft-repeated charge made by
Sir Sam Hughes that the prime min-
ister had directed him to let up on
recruiting in the spring of 1916. Sir
Sam came back, reaffirming his
charges, and Sir Wilfrid Laurier
suggested that there had been a mis-
understanding between the two gen-
tlemen, which accounted for the fall-
ing off in recruiting, and brought
about the alleged necessity for con-
scription.

The strongest case made for con-
scription was presented today in
committee. As soon as the contro-
versy with his former minister of
militia had subsided, Sir Robert
said the house the real serious-
ness of the situation. Infantry was
urgently needed at the front and yet
the casualties were at present ex-
ceeding the enlistments in that arm
of the service in the ratio of seven
to one.

Sir Robert Borden, in opening, made
it plain that he desired to deny most
emphatically the charge of insinuation
that he had ever requested Sir Sam
Hughes to slow down on recruiting.
There was absolutely no foundation
for the statement. Sir Robert also
denied most emphatically that he had
ever said anything of the kind to J. M.
Godfrey, president of the Toronto Re-
cruiting League. He had talked the
matter over with Mr. Godfrey since,
and Mr. Godfrey agreed with him as
to what took place at the interview.
The prime minister also referred to the
interview in which he met the min-
ister of labor and Mr. Macdougall had
participated. Sir Robert's only sug-
gestion had been that every man
should serve where he could render
the most efficient service to the state
and that men should not be spared
from the work they were doing for
purpose in Canada.

Taking up the charge that he had
passed an order-in-council behind the
back of Sir Sam Hughes to prevent
the formation of new battalions and
thereby cripple recruiting, Sir Robert
read to the house the correspondence
between himself and his former min-
ister of militia, as follows:

Letter to Hughes.
Dear General Hughes.—The question
of raising new regiments was only
discussed in council, but in the house
of commons, and general approval was
given to the proposal that as far as
possible units already authorized should
be raised.

SITUATION DESPERATE SAYS FOOD CONTROLLER

Hon. W. J. Hanna Tells What Canadian Public Must
Do Without Delay If Soldiers in France
Are to Be Fed.

Speaking before a large gathering
of the members of the Women's
Press Club, and the heads of various
women's societies, yesterday after-
noon, Hon. W. J. Hanna gave "short-
age of food" as the urgent reason for
the appointment of a food controller
both in the United States and Can-
ada. The appointed to that office
only two weeks ago, Mr. Hanna had
covered considerable ground in re-
gard to both organization and in-
quiry; and what had been done along
these lines formed the text of his
address.

In his opening remarks Mr. Hanna
said it was his intention to go to the
press from time to time to point out
how desperate are the needs, and also
what can be done to meet them, and
he was satisfied of the co-operation
of the people when they were in-
formed of the requirements. The
speaker emphasized the seriousness of
the situation, saying he used the

word "desperate" advisedly, and he
was of the opinion that people should
recognize this and know the facts as
they are. Shortage of food had been
responsible for the appointment of a
food controller also in Great Britain
and France, and how this shortage
came about is something that could
not be repeated too often by the press
or on the platform. If people did not
know the facts, who would be to
blame if Great Britain and her allies
went hungry, and their sons and the
sons of Canada and the United States
fighting at the front should have to
retire in defeat because Canada did
not send them bread?

Must Make Up Shortage.
The speaker pointed out that with
Russia, the greatest wheat-producing
country in the world at war, Rumania
and Bulgaria cut off from the
markets of Great Britain, France,

RUSSIAN ARMY ATTACKS FOES IN NEW FIGHT

Battle Between Zlochoff and
Brzezany Reawakens to
Life.

FOE CLAIMS SUCCESS

Fighting Breaks Out After
Night's Pause From Violent
Bombardment.

London, July 6.—The Russians in
eastern Galicia, after two days' pause
for artillery preparation, have just re-
sumed the offensive on the front be-
tween Brzezany and Zlochoff. In the
absence of direct news from Russian
sources, it is unknown what success
they have had, but the fighting had
only begun when the report was
flushed abroad. German sources are
the first, as before, to announce the
fresh fighting.

The battle in eastern Galicia between
the Teutonic forces and the Russians
developed afresh today, after last
night's pause from yesterday's violent
artillery action. Massed assaults by
the Russians between Zborov and
Koniuchy, and at Brzezany, broke down
with very heavy losses to the enemy,
according to the official statement is-
sued this evening by the German army
headquarters staff.

The text of the communication
reads:

"Western theatre.—There is nothing
new to report on this front.
"Eastern theatre.—In eastern Gal-
icia the battle developed afresh today.
Massed assaults by the Russians be-
tween Zborov and Koniuchy, and at
Brzezany, broke down, with very
heavy enemy losses."

Vienna's Statement.
The official statement from Austro-
Hungarian headquarters today reads:
"To the south of Casinu Valley
Rumanian troops, who had been pre-
pared to attack, were dispersed by
our fire."

"In the Galician battle sector the
enemy artillery engaged yesterday
day afternoon and early today. An
attack west of Zborov today was re-
pulsed.
"Italian and southeastern theatres
—There is nothing important to re-
port."

German soldiers near Balesch, on the
Rumanian front, yesterday raised white
flags and called upon the Russians to
fraternize, says the official statement
given out today by the Russian war of-
fice. Russian artillery fired on the flag-
bearers.

"Rumanian front: In the region of
Balesch the Germans displayed white
flags and called upon our soldiers to
fraternize. They were met by the fire
of our artillery. There were fusillades
on the rest of the front.
"Russian troops and newly-reinforced
Turkish detachments are engaged in bat-
tle in the Bistria region of the Carpa-
thian front, says the official
statement issued today by the war de-
partment.

The text of the statement reads:
"Caucasus front: In the district of
Sakids, in the region of Bistria and the
River Abkhizan, our troops are engaged
in battle with newly-reinforced Turkish
detachments. On the rest of this front
there were fusillades.
The heavy gun fire of both the Russians
and the Teutons in the region of Zlochoff,
on the eastern Galician front, has in-
creased yesterday, according to the of-
ficial statement issued today by the war
department. The text of the statement
reads:

Sharp Encounters.
"Western (Russian) front: In the di-
rection of Zlochoff there has been in-
creased artillery activity on both sides.
"In the region northwest of Rybnik,
near Dzikoway, there were a number of
brief, sharp encounters between our de-
tachments. The enemy's artillery con-
ducted an intense fire against our po-
sitions east of Lipnicolina. Fusillades
were reported on the rest of the front."

The war office reports: "In the di-
rection of Kovel, in the region of Gra-
diska, our artillery brought down a Ger-
man airplane. The aviators were killed
in flames. The French pilot and observer
evidently were killed."
An official statement issued by the
Turkish war department reporting on
battle in eastern Galicia says:
"Galician front.—Our troops captured
yesterday 200 Russians in repelling an
attack. Five hundred Russians were
killed with the bayonet."

Up Yonge Street?—Sure!

When questioned yesterday
afternoon regarding the state-
ment of Controller O'Neill that
the Finance Commissioner
would be unable to provide
\$5000 for the repair of Yonge
street, north of Front, the
Finance Commissioner stated
that the money had already
been provided. He stated
further that the work would

tion of Ald. Ball.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

AFTER two days of preliminary bombardment the Russians are at it again in Galicia. The Germans flashed this news to Berlin last night...

The Russians are pursuing their initial advantage won in the great victory of the first of this week. Since they have only a short campaigning season...

The French reduced two small salients in the Champagne yesterday and engaged in their daily artillery duel. By all accounts the German failed to make an impression on the French 11-mile front...

It is noteworthy that while the Germans have been attacking the French, they have studiously refrained from attacking the British. Since they desire to encourage their troops...

The Italians have displayed more vigor this week and they have in an attack captured Austrian outposts near Selo, on the Cuneo Plateau. Gen. Cadorna is preparing for the resumption of his attack on Trieste...

bers. They were paid a minimum of \$2,000, and a maximum of \$10,000 a year, and were usually engaged in some other kind of work—very often insurance work, very often as traveling salesmen. Quite a number of them were women. One of respect for their sex, among the spies we have shot at the Tower of London, the women have been exempted and sent to long terms of imprisonment.

Further, there were the military and naval spies. This kind of spying is legitimate among all nations. Carl Lody whom I saw tried by court-martial and who had an American passport and spoke English with the slightest German accent was a legitimate naval spy and was so regarded by our authorities who treated him as well as he could be treated in the circumstances and, finally, they very properly shot him. He was captured owing to clumsiness on his part. Among other foolishness, he kept his code in his pocket, and therefore knew at the moment he was arrested that he was a spy. One of the things that led to his detection was the cable censorship.

"We had been warned for years that the country was full of German spies, but did not believe it. German war admitted to our clubs, went about among us and seemed very friendly. At the outbreak of the war we found that he had been entertaining several battalions of spies. I remember the night that went on day after day in London just before the outbreak of war when they swarmed to the German consulate to get their passports. Many of them obviously had information that a war was coming and that they might have difficulty in getting out."

Central Deposits. "Large organizations, such as insurance companies, electrical concerns, and pianoforte makers who recruited large numbers of men to go about tunneling planes were in effect central depositories for gathering information for the German Government. The Hamburg-German Steamship Company also had its own series of spies, and had to do with the subvention of Germanized newspapers in London and of certain notorious English writers. In their hurry to clear out of England, the Hamburg-American Steamship Company left behind incriminating documents, one of which was damning evidence of Germany's war intentions. "I can now relate with safety, inasmuch as no one there has been passed and both the British and German codes have been changed, an incident told to me by Lord Fisher in the early days of the war when he was at the Admiralty in London and certain instructions that eight ships should be coaled at a port which I can call Bristol. That same afternoon one of the ships was wrecked up in the Channel from one enemy submarine to another making a rendezvous at this very port for the following day and naming five of the ships. The coaling operation, of course, at once cancelled, but the incident showed that information must have come from some one in close touch with the government department in London. It sounds indeed indeed most mysterious to be true, but it was true.

Compared with the leakage of news into newspapers, the daily

leakage of secrets by cable is as a Niagara compared with a mountain stream. I am a pretty good student of the war, and have had a number of your newspapers in the last month, but on only two occasions have I seen anything likely to be of assistance to the enemy. That does not mean that there should not be a newspaper censorship. Our newspaper people from official technical military and naval action in such matters. The danger of a censorship is that it may be used to exalt incompetence, to legitimate naval spy and was so regarded by our authorities who treated him as well as he could be treated in the circumstances and, finally, they very properly shot him. He was captured owing to clumsiness on his part. Among other foolishness, he kept his code in his pocket, and therefore knew at the moment he was arrested that he was a spy. HAMILTON LABORMEN DOUBT COAL FIGURES

Price Quoted by Labor Gazette For Last Year Incorrect, They Say.

Hamilton, Saturday, July 7.—The Trades and Labor Council last night unanimously endorsed a resolution submitted by the Hydro-Electric Association protesting against any bonuses being granted to any of the railway staffs for the figures in the Labor Gazette quoting the price of coal in Hamilton in 1916 as \$7.80 a ton were far from the truth was the contention of the council members. As none of the members present remembered paying less than \$8.50 per ton in the same year it was decided to instruct the secretary to have the figures corrected.

HAMILTON OFFICIALS PLEASED WITH RESULT

Military Men Elated With Endorsement of Conscription Measure.

Hamilton, Saturday, July 7.—Local military officials are highly pleased over the endorsement that the conscription bill is receiving from both Conservatives and Liberals. Recruitment has divided into a few recruits a day here, the majority of them are for construction and medical units, very few signing up with infantry units. It is not expected that the machinery will be put in force until September, but in the meantime it is likely that the staff at the local armory will be increased in preparation for the rush of men that will follow the final passing of the bill to conscript the eligible man power of Canada.

Comgers Denies Labor Unions Incited Outrages in East St. Louis.

New York, July 6.—Denial by Samuel Comgers, president of the American Federation of Labor, that the labor unions had any share in the East St. Louis riot, which was met by a vehement denunciation of Roosevelt's speech at the murder of a peaceful negro, precipitated a spontaneous demonstration at a mass meeting held in Carnegie hall here tonight in honor of the Russian mission to the United States.

AMERICAN FLOUR MILLS LIKELY TO BE UNITED

Head of Millers' Committee Makes Announcement at Minneapolis in Open Letter.

Minneapolis, Minn., July 6.—Plans for uniting the 7,000 flour mills of the country to aid the government in its task of food distribution are now being worked out, according to an announcement today by James F. Bell, Minneapolis flour miller, who is chairman of the United States Millers' Committee formed by request of Herbert Hoover, food administrator.

Detroit, July 6.—Al Livingston, arrested in Detroit last night, was today charged with the murder of 13-year-old Hope Irene Alexander. The child was shot and killed in a grove near Detroit on Wednesday afternoon.

U. S. AGENTS SEIZE TWO ENEMY SPIES

One of Arrested Serves as Paymaster of German Workers.

SENT TO INTERNMENT

Both Men Occupied Offices in Hamburg-American Line Building.

New York, July 6.—Agents for the department of justice this afternoon arrested two Germans, described as Carl Heynen, a German engineer and authority on Mexican affairs, and R. A. Burgenstein, a former German consul at Mexico City and prior to that, consular agent with the Hamburg-American Line, was mentioned in connection with munition contracts for the German army. This correspondence indicated Heynen's connection with the Heynen (Conn.) Projectile Company as treasurer.

Continuation of Food Riots in Holland Results in Loss of Life.

Amsterdam, July 6.—Workers from the government munition works at Hemburg, a short distance from Amsterdam, and soldiers, clashed last night in a continuation of the food riots, and were fired on repeatedly by the soldiers. One man was killed and several wounded.

Hero of Many Battles Gets Appointment at Hamilton

Hamilton, Saturday, July 7.—Sergeant Major W. E. Rimmer has been appointed to the office of weights and measures part in the battles of St. Eloi, Ypres and the last engagement. He is a D.C.M. man.

Sergt. Michael Murray, Hamilton, Is Awarded Military Medal

Hamilton, Saturday, July 7.—Sergt. Michael Murray, Royal Field Artillery, was awarded the Military Medal for distinguished service. Mr. Murray, 317 East Barre, yesterday, sergt. Murray was a reservist who entered into the beginning of the war without being injured.

Tisdale Street Opening Dispute Is Finally Settled at Hamilton

Hamilton, Saturday, July 7.—The dispute over opening of Tisdale street, from Main street to Alton place, has been settled, and the Ontario Railway proceeded with the necessary improvements. The controversy has been in progress for years, and was only after a settlement had been made with L. C. Tisdale, thru whose property the opening was made, that the board granted the above order.

NOTHING CAN EQUAL NEW BRITISH ARMY

It Has Better Men and Better Commanders Than German.

London, July 6.—(By Reuters's Ottawa agency).—Perry Robinson writes from British headquarters that after surveying the results of the year it can now be confessed that there were doubts as to the new British army. But this disquietude has vanished as the new men have proved not once but a hundred times, that they are superior to the Germans.

YOUTHS CHARGED WITH WRECKING A TRAIN

Said to Have Opened Switch and Placed Obstructions, Derailing Cars.

Bellefleur, July 6.—As the result of investigations by the Belleville police and detectives of the C.E.P. C.N.R. Roy Sanford, aged 17, both of this city, are under arrest charged with having on June 18 broken a lock and opened a switch in the C.P.R. station yard in this city, and having on June 19 broken the lock of a switch and placed obstructions in the said switch on the line of the Canadian Northern Ontario Railway. In the latter case a passenger train proceeding westward was partially derailed. The accused appeared before Police Magistrate Masson today, and were remanded to jail for a week, as the crown was not prepared to proceed. Bail was requested, but refused.

Guelp Soldier Establishes Record in Getting to Front

Special to The Toronto World. Guelp, July 6.—Mr. and Mrs. R. H. Rodger, 236 Glasgow street, received a message from Ottawa today announcing that their only son, Pte. Earl H. Rodger, had been admitted to the 5th general hospital, Etaples, France, slightly wounded. Pte. Earl Rodger's case is almost a record one for the quickness with which he went to the front. He was employed in a local drug store prior to March 7 last, when he enlisted in the A. M. C. He was so well qualified that he was despatched to England April 28, and June 7 he crossed to France. When he was only a few days at the front he must have met his injuries.

JEWIS ARE LOOKING TOWARD PALESTINE

Zionist Convention at Winnipeg Shows Growth of Canadian Branch.

CALLS YOUNG JEWS Soldiers Fighting for Britain Are Also Fighting for Zion.

Clarence I. de Sola, president of the Federation of Zionist Societies of Canada, was in Toronto at the King Edward Hotel last night on his return journey to Montreal after conducting the large Zionist convention on July 1, 2 and 3 in Winnipeg.

From a small association, inaugurated twenty years ago, Mr. de Sola has seen the organization grow in Canada until, at the recent convention, delegates were present from 77 different communities, while throughout the world between eleven and twelve million of the thirteen or fourteen million Jews are enrolled in its membership.

Indeed, so great is the organization that when Hon. Arthur J. Balfour, British secretary of state for foreign affairs, was in Ottawa, he called Mr. de Sola to that city for a private conference in connection with Zionist ideals. He, however, authorized Mr. de Sola to say that he, personally, has a very deep sympathy with the Zionist movement.

When interviewed by a reporter for The World, Mr. de Sola said: "The end of the war is going to see the end of misrule in Palestine. It is going to see all the Jews who discriminate against the Jewish inhabitants of the holy land utterly swept away. There will be no more obstacles placed in the way of Jewish ownership of land, and every disability will be removed. You will find that the entente powers will insist on all that I have said, and that, as a result, the Jewish people will stand forth as the champion of our cause, and will secure for us that for which we have been yearning for well nigh twenty centuries. Britain has proclaimed that she will not sheath the sword until the wrongs of all small oppressed peoples are righted and Britain will not sheath the sword until the infamous wrong which deprived the Jews of their title to a home in the land of their forefathers for nearly two thousand years is righted."

In a resolution passed by the convention in Winnipeg the hope was expressed that Britain would assume a protectorate over Palestine and that the entente powers would grant the demand of the Jewish people for a publicly recognized and legally assured home in the Holy Land.

Many speeches were made urging every capable young man to bear arms in the British army and to return to the wife of the president, in a rousing address, told the women that "every soldier that fights for Britain fights for Zion."

Regarding the revolution in Russia, Mr. de Sola said it had settled the Jewish problem there. With equal rights, obstacles would not be placed in the way of the Jews, and in a moment all the discriminating laws responsible for the Jewish massacres, and the walls of the ghetto had been torn down and those responsible for them sent to their doom.

The world did not retrograde, and Russia would never again return to a rule of autocracy. Problems existed that might take generations to solve, but solved they would be by democracy, and not by monarchial rule.

What for centuries had been the deep yearning and aim of the Jewish race had been brought about by the war, and to the fulfilment of the Zionist ideal the movement was heartily in favor of conscription.

AN URGENT APPEAL

Last spring the organization of resources committee called the attention of the province to the seriousness of the food situation throughout the world—and especially as it affected Canadian soldiers at the front, Great Britain and our allies. The farmers were urged as a patriotic duty to produce more food-stuffs. They responded by sowing more seed and by bringing more land under cultivation than they had intended.

EXHIBITION BOARD HAS NEW MANAGER

Appointment of John G. Kent Goes Thru, as Was Expected.

DR. ORR RETIRES Gets Leave of Absence, With Salary, Until End of Year.

As expected, John G. Kent, president of the board of trade, yesterday afternoon appointed honorary general manager of the Canadian National Exhibition. Dr. J. O. Orr was given leave of absence until the first of the year with full salary.

There were rumors around the city hall yesterday that there would be a display of fireworks, but nothing out of the ordinary developed. The president as most harmonious and the decision on the various matters outlined above unanimous in every case.

Mr. Kent's decision to accept the position was enthusiastically received. Including his announced condition that he must be given full control and a free hand in matters of management. Mr. Kent takes complete charge at once, and will immediately proceed with the carrying out of details in connection with the 1917 Exhibition.

"We are getting very close to opening day," the new manager said after the meeting, "and if we are to make confederation year the success it deserves to be we must have absolute harmony in quarters. The spirit of effort, enthusiasm and the old-time fair spirit are essential, absolutely necessary."

This is the biggest thing of its kind anywhere. We were recently held up as a model to the whole British Empire by the Dominion's Royal Commission on the ideal exhibition. Let us justify that good opinion. Every cent must get behind. Unless we do people will begin to think the Exhibition is going back. On the contrary, I believe we are going to have one of the greatest and most useful fairs ever held, but only concerted effort and general co-operation and assistance will bring about that highly desirable result. It is everyone's Exhibition. Let it be a universal pull together and make the 1917 slogan, "Get together for another million year."

The meeting was a most representative one. Only one of the directors from outside the city was absent, while the city council representatives, eight in number, were there in a body, headed by Mayor Church.

WOUND RECEIVED IN DRUNKEN BRAWL

Coroner's Inquest Opened on the Death of Petro Dimco.

THOUGHT MONEY STOLEN Sum That Caused Fatal Quarrel Was Found Upon Prisoner.

An inquest into the death of Petro Dimco, 79 Edward street, an Austrian, who was slain by his prisoner Thursday afternoon from the effects of wounds sustained on Monday, was opened at the morgue last night by Coroner J. E. Elliott and Crown Attorney Green. The prisoner, Joseph Notaro, 31 Edward street, is held by the police on a charge of wounding, and Martino Rocco, 79 Edward street, is under arrest as a material witness.

The story of the tragedy as related by the police is that Notaro and Dimco were together on Monday afternoon in the latter's room at 79 Edward street. The two were drinking, and Notaro accused Dimco of having stolen money from him. This accusation was denied by Dimco. Dimco's death occurred in the hospital on Thursday.

Dr. A. J. Johnson, who performed the autopsy, stated that septic peritonitis had developed in the wound, and death was caused by this poisoning of the system. Dr. N. A. Powell, of the General Hospital, stated that the wound was a stab in the back, septic poisoning had set in because of the virulent infection carried into the wound by the knife. The wound itself had not affected any vital organs. A surgeon, he said, could make the same wound without any serious trouble developing from it.

Resisted Arrest. Plainclothesman Scott, who arrested Notaro, said that on entering the house at 79 Edward street, he saw Notaro peeping from a room and when detected closed the door and locked it. Scott forced the door in piece. Notaro immediately stated that the throat and head, and was only released with difficulty.

The witness stated that Notaro told him that Dimco had boarded him. Later when searched at the police station, money was found on the prisoner in five \$10 bills and one ten-dollar gold piece. Notaro immediately stated that he thought the money had been stolen by Peter Greenbaum and his wife, Rebecca, 79 Edward street, with whom Dimco had boarded for the past year, testified to his good character.

Martino Rocco, a boarder at the same address, who was with the other two before the stabbing occurred, stated that he and Dimco had been drinking some "sweet stuff which was not whiskey," when they were joined by Notaro. He had retired to his own room before the tragedy arose. He was arrested Thursday night, a witness, Abraham Steinwassen, 30 Agnes street, was acquainted with Dimco, and on the day of the tragedy had met him at the corner of Edward and Elizabeth streets. Dimco informed him that an Italian had stuck a knife into him and he was killed. The witness accompanied him to a drug store, where he telephoned for the police. The investigation will be continued on Wednesday next.

CAPT. W. A. BISHOP, WINS VICTORIA CROSS, DISTINGUISHED SERVICE ORDER AND MILITARY CROSS. FROM OWEN SOUND

Capt. W. A. Bishop, Nineteen Years Old, Three Times Decorated.

Also only nineteen years old, a young Canadian aviator, Captain W. A. Bishop of Owen Sound, has created a record in the way of decorations for bravery and gallantry in the United States. He has won the Victoria Cross, the Distinguished Service Order and the Military Cross. He is said to be the only man alive to have won these three decorations.

Up to June 10 the young aviator had brought down 21 German airplanes, two engines running. One of them "took off" and he was congratulated by Sir Douglas Haig, and Premier Sir Robert Borden has recently written a congratulatory letter to his father, W. A. Bishop, registrar of Grey County.

A Daring Feat. A letter from France gives the official account of the deed which won for Captain Bishop three decorations. He was placed in the hands of the enemy, before he was rescued by his comrades. He left the ground one morning alone, before the first of the enemy's aeroplanes. He found seven machines on the ground, some of which had their engines running. One of them "took off" and he fired fifteen rounds at it from a range of sixty feet. The machine crashed to the ground.

A second one taking off, he opened fire with thirty rounds. This one crashed into a tree. Two more machines were starting off, and Captain Bishop climbed. He engaged them at a range of 100 feet. His last bullet of the drum, the machine crashed three hundred yards from the aerodrome. The Hun started to climb. A fourth German aeroplane came after him, and he fired the whole drum of his machine gun into the sky, but with his machine considerably shot up by machine gun fire from the ground. The aerodrome was armed with machine guns.

MISS MARY COLTER, BRANTFORD, RESIGNS AFTER LONG AND USEFUL CAREER.

Special to The Toronto World. Brantford, July 6.—After forty years and six months of faithful service in Victoria School, Miss Mary Colter has tendered her resignation to the local board of education, the same to take effect at once. For many of these years she held the position of principal. It was at the of the most distinguished divines in the United States, and it speaks much for him that he has been pastor of two such churches as above named.

Dr. Tippy is a member of the Commission of Social Service of the Federal Council of the Churches of America.

The Time to Buy a Piano

THE BEST TIME to buy a piano is in the month of July. During the whole month we will offer better values in fine Gourlay Pianos, better opportunities to secure slightly-used pianos or instruments taken in exchange for Gourlay Pianos, than at any other season of the year.

This is a remarkable change in piano-selling policies. It is a change we have planned for months.

It means that we will change July from the dullest to the busiest month of the piano year.

By offering big savings to music-lovers, by sacrificing profits, by making July the best month in the year to buy pianos—we intend to make July of 1917 a RECORD SALES MONTH.

If you have promised yourself a fine Gourlay Piano in the Fall, you can save a tidy sum towards your Summer vacation by buying in July. If you had planned to own a piano a little later, you can get a better one for the same money by buying in July.

If you make a prompt decision NOW, you can not only save money, but enjoy the longed-for piano in your home this Summer. July is certainly the month to buy.

This list of unusual values will not be obtainable in any other month of the year. We record some sample offerings:

- Choice Mendelssohn piano in rich mahogany, cottage style—new. Special July price, \$255—terms, \$10 or more cash—\$6 monthly. Celebrated Knabe piano, graceful design in satin finish rosewood case, July price, \$275—easy terms, \$15 or more cash—\$7 monthly. Exceedingly handsome Gerhard Heintzman piano in rich burl walnut case. Louis design. Upright grand scale. One of the best styles of this maker.

Liberal terms of payment are offered on all pianos purchased in July. You are invited to inspect these instruments. They are remarkable values, as you will see. To secure any particular instrument we advise an early call.

HIGHLANDERS WILL AID U.S. RECRUITING

Have Been Invited to Stay One Week in Each City.

FIFTY-FOUR RECRUITS Minimum Height for Dragoons Raised to Five Feet Seven.

Instead of the 48th Highlanders spending two days each in New York City and Chicago when they visit the United States, they may stay a complete week in each city. A letter received by the Highlanders yesterday from Col. J. E. Dennis of the British Recruiting Mission at Chicago, stated that it was the wish of Brig-General White, of the British Mission to the United States that the visit be extended to a week in each city. The letter asked if this would suit the Highlanders. The regiment has replied that the longer visit would be satisfactory to them and arrangements are now being made thru Ottawa for the change in the arrangements.

The 48th Highlanders paraded 465 strong at the armories last night. The men put in the drill period at target practice.

An order issued from Ottawa yesterday raises the minimum height for recruits joining the Royal Canadian Dragoons from 5 feet 4 inches, to 5 feet 7 inches.

Day's Enlistments. Fifty-four men came forward for enlistment yesterday at the Toronto mobilization centre at Twenty-one, where they attended for immediate service and enrolled as follows: York and Simcoe Foresters, 3; Army Service Corps, 4; Army Medical Corps, 2; R. C. drafts, each 2; 48th Highlanders, 10th Regt., Water Transport, Engineers, and No. 18 R. R. drafts, each one.

Three "long distance" recruits arrived at the Toronto armories yesterday. John W. Smith came from El Paso, Texas, to enlist in the C.E.F., and Rich. Cowell and L. M. Seidill, from New Orleans.

The 10th Royal Grenadiers sent a draft of 14 men for the C.E.F. unit to Camp Borden yesterday, making a total in the training depot of 106 men. Every available member of the Grenadiers' C.E.F. company in Toronto will be on duty at North Toronto station tomorrow morning at 7.30 o'clock to meet the returned soldiers' party and give them help in getting off the train.

Organization of Resources Committee Wanted 500 Men

Three months ago—when Famine and World Hunger became a possibility—we said to Ontario farmers: You Must Produce More Food

The farmers have produced more food, and we now call upon town and city men to help them harvest it. Five hundred men are wanted now. More men will be needed later.

But we must have five hundred men at once for from two to six weeks. Good wages paid.

Consequently we urge employers to release men temporarily for this work, and keep their jobs open for them. And we call upon all men who can to help gather the harvest.

The food crops must be taken off the ground. You need them as much as our own Soldiers and Allies in Europe.

Many men will volunteer to do it instead of taking a vacation this year. Will you? If so, offer yourself now.

Register in person or by mail at the WAR PRODUCTION CLUB. They will give you all particulars.

UNIONVILLE BOY KILLED AT VIMY

Was Reported Missing, But Scout Found Body on Battlefield. REFUSED DISCHARGE

Went Back From Hospital to Keep Pact With Four Comrades.

Mr. and Mrs. H. P. Appleton, of Unionville, formerly of Richmond Hill, have been informed that their son, Pte. Ommond Appleton, was killed at Vimy Ridge. The sad news arrived in a letter received from a scout, who found Pte. Appleton's body on the field with pictures of the four comrades in his pockets. He was officially reported missing on May 4, and his relatives had been anxiously awaiting definite information.

Pte. Appleton was one of the brave "Princess Patricia's" having enlisted with them in the early part of the war at Winnipeg, where he was employed. During his long spell at the front he was once wounded, and after spending eleven months in a hospital, refused to take his discharge and went back to the trenches. In his last letter, two days prior to the news that he was missing, he wrote that he and five comrades were bound unto death not to leave each other, and that was why he refused to accept his discharge. The fateful letter also tells that in the great Vimy Ridge battle his five comrades were killed, and it seems that he was the last to make the sacrifice.

Pte. Appleton was 23 years of age, and was born in Richmond Hill, where he received his early education. Eleven years ago he went west where he remained up to the time of his enlistment. In his honor, a fitting memorial service will be held on July 15 in the Unionville Methodist Church. Besides his parents he is survived by five sisters—Mrs. W. E. Lear, Mrs. G. Champion, Mrs. R. Cole, Edith and Vera, and three brothers, Oscar, Byron and Orlando.

CHILD'S SKULL FRACTURED.
Two-year-old Samuel Goodman, 47 Cameron street, sustained a fractured skull when struck by a baker's wagon belonging to Moroz, 111 St. George street, yesterday afternoon. The child was picked up unconscious and removed to the Hospital for Sick Children in a motor car.

HELD ON THEFT CHARGE.
Fred Cooper, 17 Oxford street, was taken into custody last night by Detective Strohm and Cronin on a charge of stealing two motor car tires from the Ward Carriage and Storage Co., 300 College street. It is alleged that Cooper sold the tires from a motor car belonging to the company.

YORK COUNTY AND SUBURBS

ST. CLAIR MERCHANTS NEED AN INTERSECTION

Stretch of Raised Car Tracks Without Crossing is Bad for Business.

The need for an intersection midway between Dufferin street and St. Clair Gardens on West St. Clair avenue, Earlscourt, is much felt by the storekeepers on both sides of the thoroughfare. The matter has been brought to the attention of the civic authorities on more than one occasion, but the department of works has taken no action. Another appeal will be made to have the matter attended to.

The residents of North Earlscourt welcomed home Pte. John Tomson, C.E.F., who was wounded and invalided home recently. Pte. Tomson is a well-known resident of the section and a member of the North Earlscourt and Fairbank Baptists' Association.

Earlscourt Centripetal Methodist Church will hold a reception to welcome the new associate pastor, Rev. Ernest Crossley Hunter, B.A., who succeeds Rev. Archer Wallace, M.A., transferred to Berkeley St. Methodist Church. Rev. Mr. Crossley was previously stationed at Uxbridge Ont., and was for two years assistant to the late Rev. Dr. W. F. Wilson, at Elm St. Church. He and Mrs. Crossley will reside at the former home of Rev. Mr. Wallace, St. Clarens avenue, Earlscourt.

Results of Church Campaign For War Prisoners Issued

With a hundred churches still to be heard from, the report of the Prisoners of War Society, which was instrumental in having collections taken recently in city churches on behalf of war-prisoners in Germany, shows that the handsome sum of \$7,900.83 was donated. In view of the numerous calls made upon Toronto citizens to subscribe to patriotic objects this amount is regarded as more than satisfactory. It includes a collection taken at Scarborough Beach and the officials are confident that when the remaining churches send in reports the amount will be about \$10,000.

SOLDIERS HEAR OPERA.

Two hundred of the returned soldiers from the convalescent homes were entertained by the Walker-Stevens Opera Company at the Grand Opera House last evening, and thoroughly enjoyed the beautiful production of "The Serenade." The entire company were given an ovation by the boys at the conclusion of the performance.

BOARD OF TRADE IS BOOSTING THE TOWN

Weston Adopts Up-to-Date Methods to Secure Industries and Attract Settlers.

In the drive for Industries Weston's board of trade has begun a publicity campaign by issuing 2,000 neat booklets, giving in terse phrases Weston's advantages as an industrial and residential centre. The board have also erected two large sign boards, one near the C. P. R. station and one close to the G. T. R. depot. Both laud Weston as an excellent dwelling place with work in plenty and high wages. In addition the board has circulated every Toronto Sunday school superintendent describing the fine Exhibition Park on the Humber as a most suitable free picnic resort.

SILVERTHORN BAPTISTS ERECTING NEW CHURCH

Building to Cost About Twenty Thousand Dollars, and Site is Purchased.

The Baptist community in the Silverthorn district will shortly witness the turning of the first sod of their new church, which will be erected on the land recently purchased, situated at the corner of Rowanree and Silverthorn avenues. The cost of the structure is estimated at \$20,000, of which \$8000 has already been subscribed.

Rev. D. A. Hackett is the pastor. Rev. Sydney Martin, pastor of Silverthorn Methodist Church, who succeeds David Porter, the student pastor since the inauguration of the mission, will be inducted next Sunday. Mr. Porter has sailed for India to work under the auspices of the Y.M.C.A.

EARLSCOURT IS PLEASED.

General Satisfaction is Expressed at the Result of a Vote on Conscription.

The majority vote in the Dominion parliament for conscription has given unbounded satisfaction to the residents generally of the Earlscourt district. The women in particular express their deep gratification, many stating that the measure should have been put into force at the commencement of the war.

"We would not have to deplore the loss of so many bread-winners or witness such a large number of orphaned children in Earlscourt if the measure was put into force in the beginning," said a prominent member of the Independent Women Worker's Association of Earlscourt, to a reporter for The World yesterday.

ANOTHER HUGE BATCH AUTO-SPEEDING CASES

Over Seventy-Five Summonses Have Been Issued by Port Credit Magistrate.

Magistrate Gordon announces that the next "speedway" court to be held at Port Credit on July 18 will be a record-breaker for the number of offenders appearing. He states that up to last night over seventy-five summonses have been issued to the speeders and violators of the Ontario Motor and Vehicles Act on the Toronto-Hamilton highway.

On Monday there will be a special sitting of the Port Credit court, when Magistrate G. W. Gordon will hear six serious cases in connection with the traffic on the Toronto-Hamilton highway.

BUILDING IN MOUNT DENNIS.

Mount Dennis will soon have a fine block of stores constructed of concrete and granite blocks, and costing \$15,000. The building is being erected by Goddard & Marshall, of Mount Dennis, and will be a two-story structure, 75 feet by 45 feet. The second floor is to be equipped as a dance hall and lodge room. At present the walls are up, and by September 1 the contractors hope to have the building ready for occupation.

LAMPS FOR HUMBER BRIDGE.

In a few days the Humber River bridge at Bloor street will be adorned with four six-sided lanterns. They are finished with an artistic iron frame work and will stand on four imposing stone pillars. The new concrete road-structure for the bridge has been postponed for at least a year, the engineers considering the present road-bed smooth enough for motoring.

FORMER BOOKKEEPER FACES THEFT CHARGE

Was Employed by T.E.L. Company and Enlisted When He Was Discharged.

Maurice E. Lumjair, who formerly lived at 11 McKenzie avenue, was brought back from Camp Borden yesterday afternoon by Detective Twigg, and today, in the police court, he will face a charge of stealing the sum of \$1,820.25 from the T. E. L. Co. wills whom he was employed as a bookkeeper until a few months ago. According to the police, the theft is alleged to have occurred in November, 1916. It is claimed that Lumjair falsified his books and so obtained the money. When the deficit was discovered, the police say, he was discharged, and the company with whom he was bonded was expected to refund the money. This the bonding company refused to do, a technicality in the agreement entailing them to avoid payment under the existing circumstances.

The police are ignorant of the nature of the technicality. It is believed that it is contained in a clause in the contract which says that a bonded employee, in the event of a misuse of his firm's money, must be prosecuted and convicted before the bonding company can be compelled to make return. The company did not sanction the issuance of a warrant for Lumjair's arrest until a short time ago.

PARTY AT YORK MILLS FOR SEVENTY-FIFTH MEN

Relatives and Friends Entertaining Veterans in York Mills Church Grounds.

Mayor Church has been invited to be present next Tuesday afternoon at the York Mills Church grounds, where the relatives and friends of the 75th Canadian Infantry Battalion are entertaining the returned officers and men, including their families.

The Metropolitan Railway has kindly given a special car free, leaving North Toronto at 2 p.m., returning at 8 p.m. Soldiers will be called for and taken in automobiles, and brought back in automobiles. Miss Hackett has charge of the games and prizes.

INSTALLATION OF OFFICERS.

Manchester Unity I.O.F. Enjoyed Annual Gathering.

A very enjoyable evening was spent at the installation of officers of Manchester Unity Independent Order of Odd-fellows, held last night in the Orange Hall, Eglington avenue. In all there were 150 people, including members and their friends, who wound up the entertainment at a late hour in the morning.

Provincial Grand Master Hastings, Deputy Grand Master W. G. Cook were among members of other orders present. Following is a list of the names of officers who were installed: Noble grand, W. Scott; vice-grand, M. Greenaway; grand master, F. Taylor; chaplain, E. Scott; recording secretary, W. Fellow; financial secretary, H. Bond; treasurer, A. Chitty; trustees, S. A. Coles, W. R. Walters, F. Winfield.

WESTON TAG DAY FOR FRENCH HEROES

To Raise Money for Sick and Wounded Soldiers of France.

For the purpose of raising funds for the sick and wounded soldiers of the French army, the Weston Red Cross Association has decided to hold a French flag day on Saturday, July 14, the anniversary of the fall of the Bastille. This date has been chosen to fulfill the request made by the London committee of the French Red Cross for an empire-wide appeal to assist the gallant soldiers fighting under the tricolor.

Mrs. Wallace Cruikshanks will head the organization, and will also have a committee to aid her composed of Mrs. G. Coulter, Mrs. Dr. E. F. Irvin, Mrs. H. A. Coon, E. P. Burton, N. J. McEwen and J. M. Fearon.

Speaking yesterday to a reporter for The World, Mrs. Cruikshanks said she would have about eight teams of ten young women to do the "tagging." She has ordered 3000 little French flags and is confident that they will all be sold.

REPAIR PORT CREDIT BRIDGE.

Planking Worn Away by Heavy Motor Traffic.

The Toronto-Hamilton Highway yesterday began to repair the planking of the eastern section of the Port Credit bridge, which has been so worn away by the heavy traffic that a large hole now exists. The preliminary repairs were yesterday done and it will be a few days before the job is completed. However, the bridge will not be closed, except for a few hours.

WESTON MAN EXONERATED.

Magistrate Brunton dismissed the charge against Richard H. Burkart, a Weston grocer, of having liquor in a place other than his private dwelling. When his store was searched seven empty whiskey bottles and one containing "enough for half a drink" were found. The magistrate decided that the Ontario Temperance Act had not been violated.

NEW YORK GREETSS RUSSIAN MISSION

Sailors Cheer Heartily Bakhtmetieff's Message From "Free Russia."

RECEIVED BY MAYOR

New Russian Ambassador Expresses Deep Appreciation of U. S. Aid.

New York, July 6.—The Russian mission, headed by Boris A. Bakhtmetieff, ambassador to the United States, was greeted by thousands on its arrival here today.

The most impressive incident of its coming occurred when the mission landed at the Battery. Lined up in a long double row was a battalion of Russian sailors. They caught the eye of the ambassador as soon as he entered the white, blue and red of Russia. He asked to review the blue-jackets, and did so in a manner which exemplified the line of democracy of his country.

As he began to march along the line he waved his hat to the sailors and shouted: "I bring thee greetings from free Russia." The spitting "hurrah" that went up from the sailors was taken up and repeated by the thousands who lined Battery Park.

The review over, the ambassador was introduced to prominent Russian-Americans, who welcomed him in the name of their people. The ambassador, standing on the sidewalk near his auto, responded with a brief speech.

From the Battery the distinguished visitors passed thru flag-bedecked lower Broadway to the city hall, where they were formally received by Mayor Mitchell. In reply to Mayor Mitchell's welcoming address, Ambassador Bakhtmetieff said: "The United States has joined the ranks of the nations which are fighting for justice and has raised the banner of the people of Russia."

There was a dramatic pause as the speaker took from the lapel of his coat the medalion of the reception committee and waving it aloft said: "The inscription on this medal says: 'To make the world safe for democracy—we are one.'"

"Democracy—liberty and democracy—such are the challenges of the Russian revolution, such are the aims which our nation is endeavoring to secure within its own boundaries and hopes to see attained for all nations."

"It is there not a deep historical meaning in the event that while the first American troops stepped upon the soil of Europe as true champions of mankind, the members of the burning vision of freedom and democracy, is driving her warriors with unyielding impulse upon the yet unbroken ranks of the common foe of liberty?"

In these united efforts, then, lies the hope of mankind, and liberty rule the world."

The members of the mission tonight attended a great patriotic mass meeting at Carnegie Hall.

The Simplest Boiler to Operate

A Woman or a Child Can Manage a KING BOILER without the Least Trouble. A man feels an immense satisfaction in knowing that he can leave town on business and have the heating of his house cause no trouble or exertion or anxiety to his wife and family. Hot Water Heating is the most efficient and the easiest to manage. No Hot Water Boiler could possibly make a stronger appeal for preference than the KING HOT WATER BOILER.

IMPERIAL RADIATORS. The difference in Radiators in various heating systems is important. The Imperial Radiators have full sized channels and every inch of radiator surface is heating surface. In addition, they have a grace and dignity of design that make them more attractive in appearance than radiators have ever had before. Don't wait for autumn's chill to remind you—get your improvements for next winter's heating arranged at once—Do it Now. WRITE FOR BOOKLET STEEL AND RADIATION LIMITED. Steel and Radiation Limited, 311 Fraser Ave., Toronto. DEAR SIR:—Without any obligation to me, please send me free copy of your Booklet—Comfortable Homes—also literature and full particulars regarding the King Boiler and Imperial Radiators.

FOR CASH IN FULL WITH ORDER, DEDUCT 10 PER CENT. REMITTING \$25.25 ONLY.

CITY HALL NOTES. The court of revision yesterday cleared up all the assessment appeals on city property for 1916. One hundred appeals were heard and 53 reductions granted. Property Commissioner Chisholm stated yesterday that he had more positions in his gift last month than he could find men to fill. The employment bureau conducted in connection with the department furnished 67 men with work as compared with 266 in June, 1916. Almost 1000 men were placed in positions in May, 1917. AFFIDAVIT COMMISSIONERS. Announcement was made in The Ontario Gazette yesterday of the appointment by his honor the lieutenant-governor of James Hawkins Lindsey and Struan Gordon Robertson, both of the Ontario branch, Canadian contingent, London, England, to be commissioners for taking affidavits in and for the courts of Ontario, such powers to be exercised in England. REMANDED FOR WEEK. Taken into custody as a material witness in connection with the death of Peter Dimple, alleged to have been stabbed by Joseph Notaro, Martino Rocco was yesterday morning remanded for a week. According to Rocco, he was invited to Dimple's house by Notaro, where several other men were present. Notaro claimed the liquid was drugged. Rocco denied the statement of Notaro that there was mention of robbery while they were together. MAY AMEND STATUTES. Consequent of the exhumation of the body of John Taylor from St. John's Cemetery, Norway, on Thursday, legislation is now being considered to compel all physicians to acquaint the authorities in all cases where death is due to accident or suspicious circumstances. Investigation into the subject has disclosed the fact that there is nothing in the statutes at present to force a doctor to do so. Custom alone is responsible for any reports now made.

To Have Perfect Skin Throughout the Summer. These days the face needs special care and attention. Flying dust and dirt, the besetting evils, are severe on any skin. This keeps skin and pores in a clean condition, the complexion beautifully white and spotless. Discolored, freckled and roughened cuticle is actually absorbed by it. One ounce of mercolized wax, obtainable at any drug store, is sufficient to completely renovate a soiled complexion. It is used like cold cream, allowed to remain on over night, and washed off in the morning. As the skin tends to expand in warm weather, causing wrinkles to form, a good astringent lotion should be used. Dissolve 1 oz. powdered saccharine in 1/2 pt. which hazel. Bathe the face in this during the day, or before going out for a walk, theatre or social affair. It is a remarkable skin lightener and wrinkle eraser.

... WITH THE CANADIANS ON VIMY RIDGE ...

Putting A Salmon Ryer On The Map

THE map referred to is a map of some importance, for salmon is the big game of the fisherman, and brings in search of it sportmen from all over the world with big two-handed rods and large noisy reels and (what Canada much desires) a deep purse for camps, guides and outfit. Harry Allen, President of the New Brunswick Guides Association, has known the Cains River as one of the best trout streams in the Province of New Brunswick, and salmon were frequently caught twenty miles up from the junction with the better known Miramichi, but he believed that if the right kind of fishermen got there, they would find salmon all the length of at least eighty miles.

The investigation was made a short time ago by a party of sporting writers and editors from the United States. Maximilian Foster, a salmon fisherman of twenty years standing, who knows New Brunswick and Newfoundland like a book, and writes for the "Saturday Evening Post"; Hughie Fullerton, of the Chicago "Examiner"; Jack Lait, of the Chicago "Herald"; Grantland Rice and W. O. McGeehan, of the New York "Tribune"; and L. O. Armstrong, of the Bureau of Commercial Economics, Washington, D.C., an old campaigner who has hunted and fished in the Canadian woods for over fifty years, and A. O. Seymour, General Tourist Agent of the Canadian Pacific Railway, an ardent fisherman.

When they arrived at Fredericton, all the local fishermen were pessimistic. "If there are salmon in the Cains," they said, "you have come at the wrong time. They went out with the ice and are now at sea. Better go home and come back in a month." It was cold and raining, the worst kind of weather for flyfishing, but nothing daunted, they set out.

With eight fishermen, one movie picture operator from the Essanay Company of Chicago, and nine guides, the fleet started out near the head of the Cains River, fishing the pools as they went down. The first day they struck only trout, but from the second day onwards the movie man was busy. Twice he had to choose between two fishermen who had booked their salmon at the same time. Maximilian Foster had a basket of thirteen, ranging from seven to eighteen pounds. The largest measured forty-two-and-a-half-inches, which means that if it had been taken in the fall it would have weighed forty-two-and-a-half pounds. Every member of the party had what he came for, thanks to Silver Doctor and Parmachene Belle, the two flies that the Cains River salmon seem to like. In one pool seven beauties, weighing between them sixty-eight pounds, were taken out in two hours, and it was only dark and lack of time that closed the sport. Result, eight happy fishermen, one happy movie man, and one extremely proud Harry Allen, who saw that his claims were justified and that Cains River could take its place for salmon besides the hitherto more famous waters of the Miramichi and the Restigouche.

IRISH CONVENTION MEETS IN DUBLIN

Premier Lloyd George Leaves Choice of Chairman to Delegates.

GOVERNMENT TO AID Nominations for Gathering Are Not Yet Quite Complete.

London, July 6.—Premier Lloyd George announced in the commons...

The government, said the premier, hoped that the arrangement proposed would not involve the long absence of the chief secretary for Ireland from his official duties.

The nominations for the convention, the premier stated, were not quite complete, and until the government had seen them all it was not in a position to make the government's official nominations.
