REPUBLICAN ADMINISTRATION MAKES BID FOR U. S. LABOR VOTE

A Plan to Gather Information for Use in a Possible General Strike on the Railways---Capt. Wainright to Succeed Rear Admiral Evans on U. S. Squadron.

(From our own correspondent.) WASHINGTON, D. C., Feb. 20--The administration is certainly going after the labor vote in the coming election. The latest indication is the instruction of the president to the interstate commerce commission. The chances are that it is a wise precaution, too, the way of preparing for an emergency. Heretofore there has always been an immense hullabaloo when there was a strike in any trade but there has never been any precaution to get information about trade conditions in advance.

Now that there is every outlook for trouble in the railroad world, the president has ordered the interstate commerce commission to get statistics of railroad earnings and wages for some time back, their comparative rise and fall and their relation to other big corporations. It would accentuate the appearance of hard times and tend to discredit the administration before the public. The president and those following his policies have no darer enemies than the big business interests, not because the president has proved a menace to business, so many claim, but because he has been distinctly a menace to dishonest business methods.

SOME OF THE POPULAR REFORMS COMPELLED FROM A RELUCTANT GOVERNMENT BY MR. HAZEN'S PARTY

(1) OPEN COMPETITION FOR THE BUILDING OF STEEL BRIDGES. Demand for the extension of this principle of all public work. (a) Up till 7th March, 1900, the government habitually, deliberately and without our conscientious scruple, gave to its own favorite contractors and others, the contract to build bridges and similar important public works. This, absolutely without a public competitive tender. As a result of such shameful treachery--a result which the government invited, expected and countenanced--these bridges cost the province double, and sometimes even more than double the price that railway companies were paying.

THE PEOPLE ARE DISSATISFIED

At the Verdict in the Recent Tragedy in Sydney Mines.

SYDNEY MINES, N. S. Feb. 23 (Special)--Evidence in the inquest into the cause of the deaths of Underground Managers Moran and Stewart, killed in No. 1 colliery on Feb. 13th, finished at three o'clock Saturday morning, and after four hours' deliberation the jury returned the following verdict: "That Malcolm Stewart and John Moran came to their deaths on the morning of February 13th, between the hours of 7 and 8. "That the accident was caused by Engineer John Moran being misled by signals due to the similarity of the sounds of rappers in the engine room which caused him to mistake the bottom rapper for the top. "That the Walker roller failed to act, breaking because of a defective hawse pipe. "That owing to the chains failing to perform the work required of them the accident occurred in the main shaft of No. 1 colliery of the Nova Scotia Steel and Coal Co. at Sydney Mines. "That the jury recommended that the practice of rapping back to a cage in motion be discontinued, this accident proving practice to be dangerous and that a gong be substituted in the main shaft. "By no means is the verdict being received as satisfactory by the public, and relatives of the deceased Saturday evening held a conference with the object of forcing the manager to resign. The principal objections to the verdict are in the fact that no reference was made to the defective brake. "One witness, carpenter, swore on oath when examined was "doubtful" but no reference to this was made in the verdict. However, the manager, who did not fail to drop and likely during the course of a few days legal action will follow by one or more arrests.

WIDOW OF TRACTION KING TO ERECT LARGE HOSPITAL

Magnificent Institution to be Built in Chicago by Mrs. Chas. T. Yerkes.

CHICAGO, Feb. 24--Mrs. Mary Adelaide Yerkes, widow of Charles T. Yerkes, the Chicago financier and traction magnate, announced yesterday that it was her desire to devote a portion of her \$10,000,000 estate to the erection of a magnificent hospital in Chicago. "It is Mrs. Yerkes' desire to herself design the hospital. The incomplete plans provide for the erection of at least one of the group of buildings during her lifetime. The erection of the rest of the group, and the necessary endowment for the entire institution will be provided for in her will.

THE TIMES NEW REPORTER

THIS SETTLES IT. WOODSTOCK, Feb. 24 (Special)--The anti-projective of this campaign has thrown the enemy into consternation and scored a smashing moral death. The humble piety of the members of the government party, compared with the villainous conduct of the sanguinary ruffians and blatant bribers of the opposition has made a profound impression on the public mind. No man who reads his bible and the Sun can vote for men who would prostitute the sacred ballot box to the vile uses of the opposition party. They are the scum of the earth. Frank Smith may as well throw up the sponge.

(2) ONE MAN ONE VOTE. (a) Formerly, individuals could vote in any all constituencies throughout the province in which they happened to own property. The Opposition, however, fought bitterly for all men in the affairs of the country. (b) The very suggestion of such a broad-minded and eminently just reform met the time and again, with the bitter antagonism of the government. (c) Then came the Robtaylor List Scandal, one of the most dastardly outrages that could ever befall with the inclusion of the name of the political reform of any government anywhere. (d) This vile episode in the government's career awakened feelings of the strongest revulsion among all clean-thinking people in this province, quite irrespective of party. The popular voice demanded the punishment of the offenders. And, our people have not forgotten that this, a significant fact, since 7th March, 1900 all steel bridges have been built up to public tender. (e) Nevertheless, there are still thousands upon thousands of dollars expended upon other public works which are deliberately given by the government, without competition, to its own friends, at their own prices. (f) The extraordinary and eminently suspicious fact that there is no proper audit of such accounts enables the government to hide its trail of fraudulent stewardship involving, as it does, a prodigious squandering of the people's money.

BLAZE IN THE SINGER TOWER

Wondering Crowds on Bridge and Bay See Flames Encircle Fortieth Story---Plumber's Furnace Upset.

(New York American.) Far up on the fortieth floor of the Singer Building where the wind whistles shrilly around the newly erected tower, the highest fire in the annals of New York, and probably in the history of human habitation, occurred last week. Thousands of people crossing the bay, the East and North rivers and the Brooklyn Bridge watched a spectacle never before seen in the town, and, although the fire did no damage, it stands out as one unique in the records of the city. At 5.30 p.m., while the streets in the financial district were congested with men and women hurrying to their homes, a fire broke out in the fortieth story of the Singer Building, which loomed darkly down below. It took the elements only a few seconds to hammer pieces of the red-hot fuel against the walls and reduced them to myriads of sparks. The scene from a distance was striking. Standing out in relief against the darkening sky was the cupola, around which a bright light formed. From the bridge the flames could be seen circling around the concrete and steel walls as the winds shifted. Some one high in one of the office buildings near by telephoned police headquarters. In turn Church Street station was notified, and Engine Company No. 6, in Liberty Street, received word of the trouble. Sergeant Mulhall, Policeman Grooby and a fireman rushed to the building with three fire extinguishers. They were rushed to the thirty-fifth floor in an elevator, and then had to climb through narrow ladders to the fortieth floor, where they found the fire swirling sparks, and in five minutes had flooded the furnace and removed all danger of sparks being flung to the roofs of the buildings which loomed darkly down below them. When Mulhall reached the street again he turned to the others and said proudly: "We've had the honor of whipping the 'highest' fire New York ever had." An engine at the fire would have been useless, as the streams it might throw would have struck sections of the structure far below where the charcoal was blazing. However, everything the fire could possibly reach in and on the building was made of steel, iron or concrete, and no material in which the flames could feed was near by.

FOOLING THE PEOPLE.

There is a well defined rumor to-day that the government are about to print upon the election a story about the sale of the Central Bank way. This is expected, along with the report of the alleged financial crisis, to influence the election, and to turn the tide now running so strong against the government.

POLICE COURT

In the police court this morning John Daley, charged with fighting and drunkenness was fined \$8 or thirty days in jail. James McGuire, arrested for drunkenness and also charged with fighting, was fined \$20 or two months in jail. Four others drunk were disposed of in the usual manner.

A HARD BLOW.

FLAGG'S COVE, Grand Manan, Feb. 24 (Special)--The Sun is quiet right in saying that Messrs. Byss and Armstrong had a whirlwind camping meeting here on Saturday. The atmospheric commotion was so great that several small fishing craft were driven ashore at Tiverton, Nova Scotia.

HE'S WOUNDED DIGNITY.

ST. STEPHEN, Feb. 24 (Special)--Senator Gilmor is still nursing his wrath over the gross insult to his dignity, which was offered when the opposition asked him to sign a purty agreement. His recovery is expected to be rather slow until after March 2d, in the meantime any persons wishing to advise and things should take advantage of the senator's holiday and urge him to press their claims at Ottawa.

GOVERNMENT PARTY MEN DICTATE UNFAIR TERMS

Will Not Meet York County Opposition Candidates on Nomination Day Unless Government Speakers Are Given Every Advantage.

FREDERICTON, N. B. Feb. 24--(Special)--Any arrangement for the government and opposition speakers meeting here to discuss the issue of the day on a common platform on nomination day seems impossible. The opposition has used every endeavor to reach some kind of an equitable understanding but the government party refuses absolutely to change its order. The order is so unfair and unjust that no party could accept its terms. According to the rules in politics, Mr. Belden who was representative in the past legislature should speak first and other speakers follow alternately. The government, however, has renounced the Opera House and has asked the opposition to attend but they attach as first condition that the meeting open at 1.30 and that Mayor McLeod must be the first speaker and in this they say their decision is final.

Members Express Pleasure Over Agreement for Pure Elections in St. John.

The executive committee of the Moral and Social Reform Council and representatives of the churches of St. John met on Saturday afternoon and passed the following resolution, copies of which, with the accompanying communication, were sent to Thomas McAvilly, A. W. Adams, W. E. Post, W. E. Scully and J. V. Russell of the government committee, and J. E. M. Baxter, W. H. Thorne, J. R. Armstrong, M. E. Agar and R. B. Emmerson, who represented the opposition in the recent conference. Resolved, That we, the members of the Moral and Social Reform Council and representatives of the Christian churches in Saint John, receive with pleasure the resolution of the joint committee representing both political parties, in which they mutually agree to conduct a pure election. We therefore express our confidence that both parties will see that this agreement is carried out, and respectfully call the attention of all electors to the terms of said agreement, and ask all citizens to co-operate in seeing that everything corrupt is eliminated from the present campaign. St. John, N. B., Feb. 24, 1908. Messrs. J. B. M. Baxter, W. H. Thorne, J. E. Armstrong, M. E. Agar, R. B. Emmerson, Gentlemen--I am instructed by the Moral and Social Reform Council and representatives of the Christian denominations of the city of St. John who recently waited upon your executive, to hand you the enclosed resolution passed at a meeting held on Saturday afternoon last. We are delighted to note that your committee, representing as it does the executive of your party, ward chairmen and workers, have agreed to run the coming election on a basis that will redound to the credit of the community. We are sending a similar letter to the committee representing the local government. Enclosed is the resolution as unanimously passed by our committee. Yours faithfully, (Sgt) W. O. RAYMOND, Chairman.

THE AMERICAN RAILWAYS ARE FACING A SERIOUS CONDITION

New Nine Hour Law Will Greatly Increase the Difficulty of Operating the Roads.

WASHINGTON, Feb. 24--In the opinion of the operating officials of railroads they have not been confronted for many years with a condition so serious as is contained in the nine-hour law, which by its terms becomes effective on March 4. In personal conference and in correspondence with the interstate commerce commission the officials have indicated an intention to conform to the act, but they express the belief that it will not be possible fully and immediately to comply with the requirements. Petitions of a considerable number of railroad companies have been filed with the interstate commerce commission requesting that an extension of the time of the going into effect of the law be granted them. The principal reason assigned in all the petitions for the requested extension of time is the inability of the companies to obtain the services of competent, efficient and dependable telegraph operators, and the financial hardship, particularly at the present time, which the employment of thousands of additional men will impose upon them. Some minor reasons are given in a few of the petitions, but the two referred to constitute the burden of all the statements made by the carriers. Next Thursday the 27th, instant the carriers are to vote on a large number of railroads a formal hearing on the matter of the extension of the law. An effort will be made to establish whether "financial hardship" and "inability to obtain telegraphers" constitute what the act itself terms "special causes" for an extension of the time of the effectiveness of the act. The commission by the wording of the act is placed between two fires, that of the railroads, which desires an extension, and that of the labor organizations, which demand an enforcement of the statute. Thousands of telegrams and letters on the subject have been received by the commission most of them protesting against the granting of an extension. Under the circumstances it is certain the commission will act with care and deliberation.

A TRIBUTE TO CAPT. MASTERS

What an American Paper Says of an Insurance Man Well Known Here.

(The United States Review.) Captain A. W. Masters, the much esteemed United States manager of the London Guarantee and Accident Co., who has been absent from his office for a year on account of illness, directs the work from his home in Oak Park, Chicago. Captain Masters is improving, but his physicians require him to be kept as quiet as possible. He wheels himself about the house in a chair. The following article from the pen of President Seward, of the Fidelity and Casualty, in the current issue of the company's Monthly Bulletin, well illustrates how the Captain stands in the esteem of other casualty underwriters. It was Mr. Seward's privilege lately to visit his old friend at Oak Park, near Chicago, and to pass with him and his charming family an hour or more. The home at Oak Park is delightfully planned and most charmingly set in a suburb which is perhaps the best in the vicinity of the great city. The city of magnificence and of unmet conditions, pulsating everywhere with the energy of the free life of the great west. Here Captain Masters, after months of confinement, rests easily and always, as we dare say with the abundant courage and good feeling that has characterized him among all our acquaintances of a lifetime, attended gently by loving hands, uncertain as to what the future has in store, but never renouncing. The tears were in the eyes of a visitor, but not because of any lack of cheer and bravery on the part of the man who is still the host to whomsoever come. From his bed the captain tells what he has done as to the valuation of securities, what his loss ratio has been for many years, how much money goes to surplus and how much to "contingent reserve," and I dare say he could tell many things about the work of his competitors, too, if time permitted. A truer or gentler soul never mixed in the contests of business affairs, and never gave, except to the hands of a friend, a less wish that Providence has many years of usefulness in store for him yet. The deepest hole in the world has been bored in Silesia. It has reached a depth of about 1,000 feet and passes through 13 beds of coal.

FINANCIAL and COMMERCIAL

INVESTMENT MATTERS.

General News, Notes and Current Market Comment

Edward Sweet & Co., New York.—There is no question but railroads will have to adjust wages to meet existing conditions, and it would seem that it is an inopportune time for any interference on the part of the administration in regard to this matter. This interference is looked upon to a great extent as having its basis in politics, but nevertheless it has dangerous possibilities. There is but little doubt that a great many of the active stocks have been overvalued and have discounted the worst of the new up to the present time; but as the market is so professional and in the hands of this element, who are bearishly inclined and prefer to trade from day to day on the short side, it is doubtful if we shall see any sustained rally for some little time. But with the improved mercantile and commercial conditions, and also with the improved conditions in certain industrial enterprises, it is time to be hopeful at least, if not optimistic.

Walker Cooper's letter in Saturday's Boston Commercial will say: No considerable amount of copper can be bought for 13 cents. Producers as a rule expect a much higher range of prices during the last half of the year and unless the outlook continues exceedingly blue they will not sell their copper for advance delivery at current quotations. As soon as there is a concerted buying movement on the part of domestic consumers the price of copper will advance sharply. The political situation is responsible for the extreme depression, but this is likely to change within a day. The country itself is all right. There is a lot of money and some courage left. It is about time for the beginning of reconstruction in the business world. The copper market should improve soon.

FOUND DEAD IN HIS BUNK

Fireman on Steamer Lansdowne Suffocated as He Lay Asleep.

About 7:30 o'clock yesterday morning George Matcalka, a fireman on the government steamer Lansdowne but who was on the ship's articles as James Reid, was found dead in his bunk. He was lying with his face buried in the pillow and from the appearance of the body Coroner Berrymann thinks he must have been suffocated.

The unfortunate man went aboard between 10:30 and 11 o'clock Saturday night. He had been drinking. About midnight he went to his bunk and when two of his shipmates went to call him for breakfast at 7:30 they found him dead.

On Friday night between 10 and 11 o'clock Policeman Nelson arrested Reid for drunkenness in Princess street and locked him up. He was allowed to go Saturday afternoon about 5 o'clock and it is said that he had been drinking more or less from then till he boarded the steamer.

Third Officer John Robinson was in the cabin when Reid went aboard. He says the man opened the door and started to say something. The officer, seeing that Reid had been drinking, advised him to go below and he complied. About an hour later, however, he was near the cook's galley and heard Reid ask night watchman for a cup of coffee and a piece of bread, which he got and again went down to the forecastle.

The men who were in the forecastle say that when Reid came down the companion way he had a dull glow of cooled sea to have some supper with him but, none of them complying, ate by himself, after which he climbed into his bunk, which was about six feet from the floor. He sang for a while and afterwards appeared to cry himself to sleep. About 4:30 yesterday morning some of the men got up. They agreed that they would not wake Reid then. At 7:30 they went to call him to get his breakfast. He was lying on his face with one of his hands protruding from the edge of the bunk. John Smudis, who was one of the men, remarked on the peculiar appearance of this hand. He called Fred Wallace, another of the men, and together they turned him over and were horrified to find he was dead.

The police and the coroner were notified at once. Policeman McCollum and Coroner Berrymann were soon on board the Lansdowne and after viewing the body the coroner gave permission to have it removed to an undertaker.

The unfortunate man signed articles on the Lansdowne on Sept. 22 last. He was a Scotchman. Among his shipmates, however, it was understood that Reid was not his proper name. They say that his real name was George Matcalka. The officers of the Lansdowne think that when he joined the Lansdowne he had a bad case of rheumatism and signed articles under an assumed name. As far as can be ascertained the dead man had only one relative living in St. John.

CITY SCRIBES ANNUAL "FEED"

Newspaper Men's Dinner on Saturday Evening a Very Pleasant Function

The Keith assembly rooms were the scene of a pleasant function on Saturday evening when the gentlemen of the fourth estate, otherwise the newspaper men of St. John, held their third annual dinner. The attendance was large and the good time enjoyed was even more expansive. The dinner was excellent and well served, the music fine, and the varied forms of amusement all went towards the making of a delightful evening, and the gathering was voted decidedly the best yet.

The present included representatives from the papers as follows: St. John Sun—C. F. Crandall, J. P. Patterson, L. Gove, C. W. Clark, W. Isherwood, Bruce S. Robb. Star—H. V. McKinnon, Harry Ervin, C. McIntyre.

Guests—W. H. Golding, Hugh Murphy, H. O'Brien, Robert Seely, Sydney Beckley, Mr. Hammond of the C. P. R. steamer Lake Michigan, and Messrs Smith, Leavitt and Davis, of the Philharmonic four now playing at the Nickel.

The chair was taken at 6:30 o'clock by A. M. Belding, with C. F. Crandall, vice-chairman, and the paragraphs of one fell to work upon the tempting viands. The catering was done by the Frank White Company, and was unanimously pronounced to be in most efficient hands. The table was neatly arranged. The menu was good. Everything was served in tempting style and in all the dishes was excellent. The menu was:

Roast Turkey with Dressing, cranberry sauce. Cold Ham. Creamed Potatoes. Baked Turnips. Plum Pudding, hot sauce. Cream Pie. Apple Pie. Cake. Tea. Ginger Ale.

After the good things had been disposed of the chairman read a number of telegrams (written for the occasion) which caused considerable merriment. Premier Robinson, J. D. Hazen, The Times New Reporter, Dr. Pugsley, Teddy R.—all sent messages which were heartily received. Then began the speeches and they too, were enjoyed albeit the orators had to stand a running fire of sharp interjections which would make the proceedings of a joust debate rather tame. The toast list was as follows:

The King, proposed by the chairman and responded to by Messrs. Gove and Ervin. The Editor, proposed by C. F. Crandall and responded to by Messrs. Gove and Ervin. The Reporter, proposed by the chairman and responded to by Messrs. McCready and Crandall.

THE PROVINCIAL ELECTIONS

News and Opinions Concerning the Approaching Contest in This Province.

York and Sunbury Will Stand Solid for the Opposition Candidates—Splendid Outlook in Queens and Gloucester—Government Opposed to Purity Agreement.

Against Purity in Charlotte

St. Stephen, N. B., Feb. 22.—The final meeting of the purity election committee was held tonight, and, as has been the case in all committee meetings, a large number of the opposition and but few of the government committee were present.

York and Sunbury Solid

Fredericton, N. B., Feb. 23.—The opposition held two grand meetings in different parts of the county last evening.

At Kingsclear, O. B. Crocker, Mr. Pond and others addressed a large gathering. Everything points to a big turnover in this parish, where the last election went strongly for the government.

In Queens County

Chipman, Feb. 22. To the Editor of The Telegraph: Sir,—The meeting of government supporters at Chipman last Thursday night, addressed by the premier and Messrs. Harris and Currier, was presided over by Senator King.

In Gloucester

Carleton Place, Feb. 22. To the Editor of The Telegraph: Sir,—Victory is certain for the opposition ticket in Gloucester. Prominent Liberals are rushing to their support, not on account of their condemnation of the government on its past record, but also on account of the manner in which Hon. Mr. Pugsley is slighting the county of Gloucester.

GOOD ADDRESSES

HEARD YESTERDAY. Rev. Gideon Swim and H. A. Powell before the Canadian Club--Rev. C. W. Squires at Thorne Lodge.

A large audience listened with deep interest at the Every Day Club yesterday afternoon to a vigorous address on temperance by Rev. Gideon Swim, pastor of Waterloo street Baptist church.

The ball was not nearly large enough to hold those who desired to hear the address of H. A. Powell, C. C., last evening.

Mr. Powell did not deliver a temperance address, but based his remarks upon the club's motto, "To help men to be men."

Mr. Powell declared for compulsory education, even to the extent that the state should assume the burden of caring for those children who were too poor to afford to go to school.

With regard to intemperance, he reiterated his former views, and pointed out that no man should assume the risk of handing down to his children an appetite for liquor that might prove their moral and temporal ruin.

Rev. C. W. Squires addressed a gospel temperance meeting held under the auspices of Thorne Lodge, I. O. O. F., in Tabernaerue church yesterday afternoon.
