ONE CENT

TO THE PACIFIC BY OVERSEAS MAIL

The C. P. R.'s Latest Train Achievement Well On Its Way Across the Continent--Left Quebec Yesterday Morning With the English Mails for China and Japan.

CHAMBERLAIN, Ont., Aug. 31--When the conductor at nine o'clock this morning at Quebec shouted: "All aboard for Hong Kong and intervening points!" he gave the cry of an historic epoch. Twenty years ago the first transcontinental train of the C. P. R. made history for Canada. The train today, "Over Seas Mail" which beats the record of two decades ago of two and one quarter days and another page to the history of the Dominion.

MARCONI AT GLACE BAY

He Will Put Additional Apparatus in Station There and Make it Equal to One in Cornwall.

SYDNEY, N. S., Sept. 1 (special)—Signor Marconi and Mrs. Marconi arrived last night and proceeded to Glace Bay where Mr. Marconi will inspect the wireless station there and have some new apparatus installed. This additional apparatus will make the station the equal in power to the one at Cornwall.

THE ANIMAL SHOW

Up to noon today F. G. Spencer had received no definite word from the manager of Percival's leopard and panthers, the great Congo Island cat he intends substituting for the Barlow elephants, which broke loose in Virginia last week, but confirmation of his engagement of them is expected hourly. When Mr. Spencer got the telegram at midnight saying he could get the act, he wired it to come at once. If the plan carries the leopard and panthers should be here Monday noon. This is the greatest attraction at Congo Island, and is part of the great Bostock's animal show. A handsome sum has to be guaranteed to bring it. As to the other features, the Cockatoo Circus is on hand, the Wornwood monkey and dog show arrived on today, and Dida came by boat from Boston yesterday.

THE FRANK AND IRA FLOATED

The schooner Frank and Ira, bound to this port from a western port, went ashore on Cedar Hill Neck, three miles from Vineyard Haven, yesterday morning. N. C. Scott, the owner, received a telegram this morning from Vineyard Haven stating that the schooner had been floated and towed to that place. She will proceed to St. John this chance.

POLICE COURT

Two boys named Lewis and Thompson, of Paradise Row were brought before the magistrate this morning charged by Mr. Smith of Lombard St. with creating a disturbance on that street. The boys admitted the offence and after being severely censured by his honor were allowed to go on suspended sentence, the fine imposed being \$8 each.

Sixteen deaths were reported at the board of health office during the week ending today, as follows: From influenza, 4; cholera infantum, 2; diphtheria, 1; scarlet fever, 1; meningitis, 1; mumps, 1; heart disease, 1; enterocolitis, 1; uterine cancer, 1; arteriosclerosis and malignant disease of stomach, one each.

Registrar Jones reports six marriages during the present week. Also fifteen births—eight girls and seven boys.

KNIGHTS OF PYTHIAS MAY HAVE NEW LODGE FOR THE NORTH END

The recent convention in this city of the Knights of Pythias and the apparent good times enjoyed by the knights, has been the means of awakening considerable interest in the order and a new lodge is being talked of for the north end. A number of the members of the order who reside in the northern section of the city are interesting themselves in the matter, and have already made considerable headway. Upwards of thirty or forty prominent north ends have signed the requisition papers which will be presented to the grand lodge within a very short time. At present there are two lodges of the order in the city: New Brunswick No. 1 and Union No. 2, with a membership of over four hundred and it is thought of

ST. JOHN'S EXHIBITION WILL BE OPEN TO THE PUBLIC THIS EVENING

Attractive Programme of Speeches and Music Prepared--Lieut. Gov. Snowball Will Declare the Exhibition Officially Opened---Advance Idea of What the Big Fair of 1906 Looks Like.

It will be the privilege of Honorable Faber B. Snowball, the Lieutenant Governor of New Brunswick, to pronounce the magic "sesame" this evening, which will open the St. John exhibition of 1906 to the public, and for several days, or until Saturday night next, the buildings and grounds at the extreme south end of the city will be the centre of attraction to every man, woman and child resident in St. John, as well as the thousands of visitors who will come to us to spend their money and help us to enjoy our fair.

There was no exhibition in St. John last year, so when it was arranged to hold one this year the committee members in it let themselves out a notch, buckled down to work and decided to make this show the greatest ever.

To this end they have labored unceasingly and zealously and those who have been favored with an advance view of the big show are guaranteed that their efforts have been attended with success, for most complete held here for years, and provided fine weather is St. John's portion for next week, it should also be a record breaker from an attendance standpoint. There is no doubt that the city will entertain a very large number of visitors, and the opening programme will be splendidly advertised and has aroused much interest all over the maritime province. The opening programme will be commenced at 8 o'clock in the large amusement hall.

After the speeches, etc., have been completed, Lieut. Gov. Snowball will declare the exhibition open and the fair of 1906 will be in full swing.

In the main building the most attractive thing this year than it has been in previous years. There is not a vacant space to be seen, and distinguished guests to have lavished more attention on their booths. The arrangements is better, more original, and the display of goods, raw materials and the products of our own industry, well representative of the manufactures and industries of this section of the province.

Entering from the main door, past the offices of the executive on the left and the gross room on the right, the first booth which will attract the visitor's attention is that of Dunlop, Cooke & Co. This enterprising firm has secured what is probably the most favored position in the whole building and in a large glass enclosed booth with architectural top they have displayed a magnificent collection of their teas, shown in bright colored packages, neatly displayed.

A very substantial looking exhibit is next. It is that of the Hewson Woollen Mills Co., who thus display their line of cloths.

The Canadian Shredded Wheat Co. has a pretty booth in light blue and white, where shreds of wheat biscuits are on view. A large quantity of biscuits is next. It is that of the Hewson Woollen Mills Co., who thus display their line of cloths.

The National Cash Register Co. has a neat booth adjoining, furnished in blue and white, where the firm's models of cash registers is shown. Just opposite F. E. Williams has a prettily decorated fresh fruit stand, which is flanked by the Vim Tea Company with a grand display of their teas, shown in bright colored packages, neatly displayed.

EXPERTS NEEDED FOR INDUSTRIES

Robert Maxwell Speaking at Maritime Board of Trade--Laid Maritime Province Industry--Need Expert Attention---Strong Plea for System of Technical Education.

(Halifax Chronicle) At the recent meeting of the Maritime Board of Trade a very interesting address in support of the establishment of Technical Education was delivered by Robert Maxwell, one of the St. John delegates, who spoke in part: "I am pleased that this Maritime Board of Trade has seen fit to introduce by resolution this most important subject of Technical Education, the most important to my mind which has yet been brought before us. If we are to hold our own in the great industrial and manufacturing enterprises, which the needs and demands of this great and growing country require, with the development of our great western provinces, we should be able to increase our manufactures in these provinces to an enormous extent. But without the skilled mechanic, whose brain and hand have been properly trained it would be impossible for us to compete with the great nations who are now sending to this continent the products of their ever increasing factories. "The marvelous growth of manufacturing enterprises in Germany may be solely attributed to their splendid technical schools. I believe the curriculum of these schools is more up to date than that of any school in this country. It is particularly regretted that an accident should happen at this time as it is only a question of a few days before the site will be ready for the first section of the cribwork.

BLAZE ON THE TUG NEPTUNE

Fire Did Considerable Damage on Her Early This Morning.

This morning about 4.40 o'clock the tug Neptune, lying at the end of Merritt's wharf, was discovered on fire by Herbert Green, night watchman of the new coal pocket at the North wharf, from which place he first saw the reflection of the flames. He shouted to those on board the tug, but could get no answer. With that he ran up the North wharf and sent the alarm in from Box No. 6. There were two men on board the tug at the time, but they were sleeping in the forward part of the tug, and just before the arrival of the fire apparatus they awoke to find their vessel on fire. The fire caught around the smoke stack, on the wood work, and then it got into a large number of life preservers that were in a large box on the hurricane deck. Considerable damage was done to the engine room, and some of the machinery and copper pipe was destroyed. The firemen's prompt reply to the alarm probably saved the tug. The tug Dirigo was lying beside the Neptune at the time and those on board her rendered valuable assistance.

AN ACCIDENT TO THE DREDGE

Dredge Beaver's Bucket Broken While Raising a Heavy Boulder.

The dredge Beaver met with a mishap yesterday afternoon while engaged in digging at the site of the new wharf. The work was going on nicely when a boulder was struck and the bucket smashed and put out of usefulness. Mr. Mayer got the men at work immediately removing the broken part and putting on the new one which was on the wharf nearby ready for an emergency. The men worked all night and repairs had been almost completed this morning. It is expected that work will be started on the wharf today.

SEIZED FOR SMUGGLING

Schooner Bound From Madeira, Madeira to St. John Seized by Customs Officials at North Sydney.

SYDNEY, N. S., Sept. 1 (special)—The schooner Margaret May Riley, Capt. Richards, from Madeira to St. John in ballast, was seized yesterday at North Sydney for smuggling. The customs officials found several cases of wine on board which had been concealed. The vessel will probably be released today. She was to have taken a cargo of coal from North Sydney to St. John.

OH! BUT IT WAS SAD

Found Dead on King Street East, He Was Trundled to His Grave in a Wheelbarrow.

Wasted by disease, he was found dead on King street east yesterday. Two employees of the city lifted him tenderly and placed the remains in a city wheelbarrow, then, while one man propelled the vehicle, the other, with solemn tread and slow, marched in the rear until the garbage dump was reached, when the inanimate body was rolled gently over to its last resting place. Thus ends the story of a dog's existence.

ARMED TRAMPS ON THE WAR PATH

FREDRICKTON, Sept. 1 (Special)—Premier Tweedie received a telegram last night from Father Richard, of Rogersville, stating that two armed tramps were terrorizing the people of that section. The premier promptly wired Deputy Sheriff Irvine to proceed to Rogersville and endeavor to round up the visitors.

THE OCAMO IN PORT

The West India line steamship Ocamo, Captain Buchanan, arrived in port this morning from Bermuda, Windward Islands and Demerara, with 34 passengers and a large general cargo. The following is a list of her saloon passengers: Hon. D. Davis, Mr. Fernandes, Miss Fernandes, from Demerara; J. C. Oland, from Trinidad; G. A. Brown from St. Louis; J. H. Patterson, H. J. Patterson, L. Curt, Rev. J. N. O'Brien, Orville Cooper, Hattie White, Capt. Emmit Brown, S. A. J. B. Taylor and wife, William Skinner, E. J. Nelles, Le Roy Poehell, all from Bermuda. She also had seventeen second class passengers.

The Opening Programme

- 1. Address of Welcome, A. O. SKINNER
2. Speech, MAYOR SEARS
3. Solo, HARRY MCCLASKEY
4. Speech, PREMIER TWEEDIE
5. Speech, HON. H. R. EMMERSON
6. Speech, ATTY-GENERAL PUGSLEY
7. Solo, HARRY MCCLASKEY
8. Speech, HON. L. P. FARRIS
9. Speech, J. D. HAZEN, M. P. P.
10. Speech, DR. J. W. DANIEL, M. P.
11. Solo, HARRY MCCLASKEY
12. Speech, DR. A. A. STOCKTON, M. P.

LIEUT. GOVERNOR J. B. SNOWBALL Who This Evening Will Declare the St. John Exhibition Officially Opened to the Public.

with a display of plumbing, heating and sanitary appointments. The exhibit is a well arranged one. The Havlock Mineral Springs Company will dispense liquid refreshment in the same booth they occupied at the last exhibition. The Times and Telegraph The Telegraph and Times booth is interesting because of its originality, representing the making of a newspaper (Continued on Page 6.)

THE TIMES NEW REPORTER

HIRAM'S JOY. Mr. Hiram Hornbeam will be one of the first to pass through the turnstiles at the exhibition buildings this evening. "It's most like election time," said Hiram this morning, "to have Emmerson, an 'Tweedie, an' Pugsley, an' Farris, an' Stockton, an' Daniel, an' Hazen makin' speeches. I wouldn't miss it for a load of hay. I s'pose they won't talk any politics, but I never seen a politician yet that couldn't talk on most anything. I callate I'll git a front seat so's I kin hear good. I want to see the gov'nor's uniform an' the mayor's robe, too--I heard so much about 'em. Guess I'll git my boots shined right away by one o' them shoeshiners you got here. Beats all how times change. I seen the time talar was good enough fer boots, but them days is past. Shop boots an' shines is all the go now. Well, I s'pose you might as well be out o' the world as out o' the fashion." Hiram has arranged with his hired man

to look after things at the farm, and he will spend all next week at the exhibition. If the judges fail to award the prizes properly for farm produce they will hear from Hornam.

THEY ALL SUBSCRIBED Yesterday's St. John Star said: "Some yesterday afternoon there has been an almost steady stream of people to the Star office looking for exhibition tickets. Scores of them have been taken."

THE RECORDER'S BUG. An interested group of citizens gathered near the lower side-entrance to the Pugsley building on Princess street this morning to gaze on a potato bug. The bug was alive, but weary, and was making slow progress. Many conjectures, as to where he came and why, were offered, until it was pointed out by one intelligent observer that the insect was pointing straight for the office of the Recorder. Manifestly, the bug had heard of the Recorder's essay on the gradual extinction of the potato, and had sent this one as a delegate to get further information direct from the fount of vegetarian truth.

ON AGAIN, ONE AGAIN. A weight was lifted from the minds of the aldermen yesterday. They had been worried about the Ludlow. Nothing had happened to her for some days, and the

THE EVENING TIMES, ST. JOHN, N. B., SATURDAY, SEPTEMBER 1, 1906

THE EVENING TIMES.

The St. John Evening Times is published at 27 and 29 Canterbury Street, every evening (Sunday excepted) by the St. John Times Printing & Publishing Co., Ltd. A company incorporated in the Joint Stock Companies Act, A. W. HARRISON, Editor.

Circulation of The Times.

Table showing circulation statistics for the week ending Aug. 25th, 1906, including Monday (6,968), Tuesday (6,926), Wednesday (6,957), Thursday (6,964), Friday (7,250), Saturday (7,453), Total (42,518), Daily Average (7,086), and Average Daily Sworn Circulation First Six Months, 1906 (6,791).

TONIGHT'S EVENTS

The citizens of St. John should see to it that the opening of the exhibition this evening is a success in point of attendance and local interest in the fair. For many weeks extensive preparations have been in progress, and the account given elsewhere in today's Times will convey some idea of the result. There are quite a number of new and exceptionally interesting features in this exhibition, which will make it more attractive than any former fairs in this city. Not only is it strong in special attractions such as interest and amusement—and we all like to be amused—but the educational features are more varied and instructive.

The management are to be congratulated on the energy displayed in providing a great exhibition, and if the weather be fine next week the results should justify their confidence and reward their efforts. Visitors from the various portions of the province may be assured that they will not be disappointed when they come to the fair, but will find in its varied features a continual source of interest and pleasure.

THE SCHOOLS

The following article is from the Moncton Transcript: When the Compulsory School Attendance Act received formal assent, two St. John newspapers commenced a crusade to rush its enforcement. The crusade was evidently based upon a belief that the mere passing of a resolution would be sufficient to bring about the desired result. Here in Moncton the discussion by the school board has been far more protracted. Here in Moncton the discussion by the school board has been far more protracted. Here in Moncton the discussion by the school board has been far more protracted.

The Transcript is in error in assuming that any person in St. John expected the Compulsory Attendance Act in order to stimulate the school board to action, and also for the moral effect upon the community. The school board has the matter under consideration, and will not unduly delay the proper enforcement of the law. Friends of education here as in Moncton will be very glad if the railway town has the law in effective operation at an early date, even if it should extend to St. John. The St. John board has during the present year adopted manual training and endorsed supervised playgrounds in the vacation season. It has taken great pains to provide within the past few years excellent school buildings and furniture. In short, it is doing excellent work.

TRUE WITNESS

In his speech at the Bryan reception in New York last night Governor Folk made some observations that are not new, but which he set forth in a striking way. We quote: "We are now learning that there may be as much patriotism in giving one's time to the betterment of civic conditions and in getting good men into office, as in baring one's breast to the bullets of a public enemy in time of war. The highest patriotism is the patriotism of service. The people are commencing to appreciate the fact that the government of the city, state and nation belongs to them, and that they can take the government into their own hands whenever they wish. No government was ever better than the people made it, or worse than they suffered it to become. The public life of a nation is but a reflection of its private life. This government is no better than any other, except as the virtue and patriotism of the people make it so. The people are beginning to understand that when they undertake to be their kings, they assume the responsibilities as well as the same the responsibilities of sovereignty. This awakening will go on, for, while reforms some-

times die, revolutions never go backward, and this is a revolution that is being wrought in the hearts of men."

Hon. W. A. Weir, who has succeeded Hon. Mr. McCorkill as minister of public works in the Quebec cabinet, is of Scotch parentage, and was born in Montreal in 1838. He is a lawyer, and in 1887 was secretary of a commission to revise the criminal code. He has been a member of the legislature for sixteen years, was minister without portfolio in 1904, and was elected speaker of the assembly last year.

The city council yesterday adopted the suggestion made by this paper, and appointed a committee to act with the board of trade in placing important matters before Hon. Mr. Hyman when he comes to St. John.

What Mr. Robert Maxwell says on the subject of technical education is worthy of the attention of his colleagues on the school board as well as of the citizens generally.

Sir William Van Horne and some others may have to revise their opinions relative to the situation in Cuba. The insurgent "army of twenty" appears to have found recruits.

In connection with the allotment of steamship berths yesterday no mention appears to have been made of the new berth. Is it not to be ready for business next winter?

If all the speakers mentioned are to speak this evening at the opening of the exhibition, it may be assumed that all of them will be brief.

This matter of the city engineer's office promises to give the aldermen considerable trouble before they get away from it.

WILLIAM B. QUINTON

A dozen years ago, it was often remarked by the friends of William B. Quinton, whose body will be laid at rest in Cedar Hill this afternoon, that were he to go to a larger newspaper field, and follow his bent as a reporter, he would achieve great success. But he loved St. John, and remained here, caring nothing about the larger rewards of the profession, happy with his friends and conscientious in his work.

His work was uniformly good in varied lines. His ship news was complete and accurate record from day to day. No man in the city could write a more interesting account of a horse race, a religious convention, an agricultural fair, a meeting of the city council, an interview with a public man—in any capacity he could be relied on to do excellent work. Probably no man in the profession had as wide a circle of acquaintances. At meetings, at fairs, at conventions, at messes, at hotels, and on the streets, he was always making acquaintances and friends. He wrote unkindly of no man, but rather sought to avoid all bitterness of expression, no matter what the subject. His ready repartee was the life of many a social party, and he possessed the happy faculty of inspiring confidence and getting the news he sought. When he and James Berry and the late R. A. Payne were at their best on the staff of the Daily Sun, that journal very seldom missed an item of local news of interest. Each had the news-gathering faculty, and each had many friends.

Mr. Quinton did his best work as a reporter of the doings at city hall, where he came to be regarded as a forecastle member of the council, with all of those who were as familiar as the aldermen themselves. Neither City Hall nor "newspaper row" has been quite the same since he passed out of their activities, and the news of his death will bring to many persons in various parts of the world a feeling of regret, with recollections of pleasant hours spent with him in the days gone by.

MOTHER'S ANXIETY

The summer months are an anxious time for mothers because they are the most dangerous months of the year for young children. Stomach and bowel troubles come quickly during the hot weather and almost before the mother realizes that there is danger the little one may be beyond aid. Baby's Own Tablets will prevent summer complaints if given occasionally, because they keep the stomach and bowels free from offending matter. And the Tablets will cure these troubles if they come suddenly. You may save your child's life by keeping a box of Baby's Own Tablets on hand to give promptly. Mrs. Frank Moore, Northfield, N. S., says: "I do not know any medicine that can equal Baby's Own Tablets for curing stomach and bowel troubles. I always keep them on hand in case of emergency." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

HALIFAX HORSES FOR N. B.

Halifax, taking with him Simmes, Krennells, Daisy Dewitt, Hazen Gay and Pete. Krennells and Pete will start in the stake races at Moncton Saturday and Simmes in the free-for-all on Monday. Daisy Dewitt will start in the 22 class at St. John next week and Hazen Gay will start at Sussex on Sept. 11th. A number of Halifax horsemen will go to Moncton to see the racing on Saturday and Monday.—Halifax Chronicle.

RIGHT QUICK CURE FOR BILIOUSNESS

Nothing can cleanse the stomach, regulate the bowels and assist the liver in removing bile like Dr. Hamilton's Pile Cure biliousness in one night, and sold everywhere in 25c. boxes.

Yesterday afternoon there was a meeting of the committee of the creditors of W. C. Short, the North End grocer, who were appointed to look into the position of Mr. Short's affairs. It was agreed to recommend that the estate be wound up.

QUESTIONS FOR MATINEE GIRL. We're all aware that Anna Held Exactly what John Drew. But what we'd like to know is just How much coin Kylie Belle. Does Hackett cut the ice he did? Does Tony Pastor pray? If you can't answer these perhaps Our old friend Edna May. Does Lillian Russell through her lines? Is Cassy Lotus tall? Is Southern cold by nature, and When Primrose did he fall? Is Mandolin tract or not? If so, Can Cass be called a plot? Would Goodwin be a bad one if Gillette him? Maybe not. But all these questions simple are Compared with this, to me: Was Meyerbeer a relative Of Mr. Beethoven Tree?—Judge.

IN LIGHTER VEIN. Ostend—Say, pa, what is food for thought? "Is anything you eat these days, my son. It takes a great deal of thinking to know what you are eating and then you are not sure.—Chicago News.

With reference to the honors of "society" reporting, Melville Stone tells of the account of a wedding published in a Kansas paper. The story, which described the marriage in the usual flowery adjectives, concluded with this surprising announcement: "The bridegroom's present to the bride was a handsome diamond brooch, together with many other beautiful things in cut glass."—Harper's Weekly.

In a discussion of expensive health resorts and watering places Bishop McVicker, of Providence, said the other day: "A friend of mine, a very stout fellow, once went to Marienbad to get his weight reduced. He had heard great things of Marienbad, and hoped to lose 50 pounds or so with no inconvenience to himself. "But he found the rates excessively high and the regime excessively severe, and after an interview with the hotel physician he said pettishly, 'I can't manage that diet, long walks—I could have managed all that without coming to this expensive place.' " "Yes," said the physician, "but you forget the annoyance induced by our high prices. That of itself will go a long way toward reducing your weight."

REASSURING HIM. "Professor, I wish you would use your influence on my son. I fear there's danger of his becoming a poet." "Well, there isn't; not the slightest."

ROBINSON OPERA CO. HERE ALL NEXT WEEK. According to all reports the Robinson Opera Company, who play here next week, are a particularly strong organization. Ernest Burnham, the leading comedian, has been a great favorite in the largest cities for many years, and has secured the playing of the chief comedy part in the big Metropolitan success, Miss Bob White, was most favorably commended. Miss Mae Skiloyne was a great favorite here four years ago, and since then her improvement as an artist has been phenomenal. Last season she was featured in the Broadway success, Simple Simon Simple, and the Dramatic Mirror, America's leading and most reliable theatrical journal said that her singing was the best heard in musical comedy on Broadway for many years. It is hardly necessary to comment on the splendid baritone, Frank D. Nelson, to St. John theatre goers, but it may be said that he is now better than ever. Last season Henry W. Savage featured him in Woodland, the biggest musical production ever staged in America, and in a company of two hundred and fifty he was the biggest favorite. Alice Fitch is another of the Savage forces who is with the Robinson Opera Co. She sang for three seasons in Mr. Savage's grand opera company, and her voice, one of marvelous range and sweetness, is a delight to our theatre goers. Rudolph Koch, the tenor singer, will only have to be heard to be appreciated, and the principals, Essie Barton, Harry Elbert, Frank V. French and Harry Nelson will give a good account of themselves. Stage Director French and Musical Director Priestlich have been busy rehearsing the company for the past three weeks, and are getting the results from their work. The management is to be congratulated in getting together so many talented people and in their efforts to give the theatre one of the best places to contribute to the pleasure of exhibition week.

SASKATOON HAPPENINGS. Items of Interest Concerning One of the Liveliest Towns in the Northwest Today.

Farmers around Saskatoon are busy harvesting the wheat and see a very bright outlook ahead. Estimates place the yield on new land as high as forty bushels to the acre. The spur line to be built by the G. T. P. railway from their main line into the city has been started and will be rushed to completion. The recent railway developments in and around Saskatoon have been the means of doubling the prices in most cases on property near the yards and terminals of the C. P. R., Grand Trunk Pacific and Canadian Northern. Ere long real desirable locations will be unobtainable excepting at fabulous prices. The Northwestern Land & Investment Company, Canada Life Building, have been busy all week making reservations for local investors, and feel sanguine that in a very few months big profits will be realized on property purchased from them.—(Adv.)

Mr. Cummings, of Boston, is visiting the Jones Collins, Stanley street. Miss Daisy Sears, who accompanied Mayor and Mrs. Sears on their recent visit to Halifax, and remained for a fortnight the guest of ex-Mayor Stephen, returned home Thursday after a delightful visit. She was extensively entertained. Stanley B. Elkin left yesterday for Toronto.

E. W. PATTERSON, 29 CITY ROAD.

THE EXHIBITION

(Continued from Page 1.)

from the written copy to the printed page. The counter is covered with mats, held in place by lino-type slugs, the curved plates made from the matrices extend up both posts at each side of the booth.

Back of the booth is a picture of the Telegraph-Times building surrounded by copies of The Telegraph and Times printed on white cotton cloth.

Overhead decorations are of tri-color bunting. The Ivy Tobacco Company has secured the space under the band stand, and makes a first class show of their brands of tobacco.

W. A. Simonds, representing Lipton's Limited, has a most booth in which he shows the various products of the Lipton concern in the way of preserved goods, confectionaries, etc.

The New Brunswick Board of Education illustrates the work of manual training in the two large spaces which are next to view. The display is in charge of T. B. Kinner and will be an eye-opener to those who are not familiar with the purposes of manual training. Specimens of work done by pupils in the public schools will be shown and demonstrations of the work will be given during the week.

Railway Exhibits. The next booth might be labelled Picturesque Canada from St. John to the Pacific. It is the exhibit of the C. P. R., and consists of views scenery along the great railway, hunting and fishing trophies from mountain, forest and stream, and souvenir things in the way of the west land, the lake region, the gold fields, the great prairies, the wheat fields, the mountains and finally the Pacific.

An electric illumination of the letters C. P. R. is in a place of honor at the background of the booth. Literature descriptive of Canada and the marketing terms which the road offers, will be distributed here, and all information desired will be gladly given.

The Intercolonial exhibit adjoins that of the C. P. R. and the government road makes a highly creditable display. The handsome heavy iron safe, which is used in the I. C. R. exhibit at St. Louis, is in place at the exhibition here. More than a dozen splendidly mounted specimens of fish and pictures illustrating the fine scenic country which the I. C. R. passes through adorn the walls of the space which will be given to the exhibit.

The Desbrosses Company make a good display of their products in the same space they occupied last year.

The St. John Railway Company have a large space reserved into which are separated by green and pale yellow draperies, and are the colors dominating the booth. They make a fine class showing of their line, heaters, ranging from the advantages to be obtained by using gas for cooking and other household purposes.

C. D. Jones has a booth where where duke and souvenirs will be on sale. Manchester Robertson Allison Ltd. make a splendid display of office and library bookshelves in the large space at the end of the wing formerly occupied by the Lawton Sew Company. The space is splendidly decorated and every article in the up-to-date office or library is shown.

An Out of Town Firm. One of the most artistic displays in the building comes next into view. It is that of J. M. Humphrey Sons, of Moncton, and appears to be the best ever exhibited at a St. John fair. Messrs. Humphrey show a splendid line of cloths of their own manufacture, and make a copy of the men's suits, etc., are to be seen. They are tastefully displayed on hangers and trunks, so as to give the effect of an especially well dressed window in which is displayed a choice line of goods. A fine and particularly complete line of ladies' clothes, which the firm is manufacturing this year for the first time, is also shown and is the subject of much attention from passers by.

Another of the Moncton firm has reason to be particularly well pleased with their first display at a St. John exhibition.

Across from the Humphrey booth P. Campbell makes a good display of acetylene gas generators and heaters, hot water heaters, and many other articles. He shows patent wringers, and the Canadian Oil Company makes a good display of cream and finished. Emery and Morley, of west end, show granite work, dials and polished. The Independent Order of Foresters have a large display of writing room tastefully finished in green.

Where the Stoves Are. John E. Wilson makes a splendid showing of stoves and ranges as well as steel collings, walls and metal work in the way of cornices, trimmings, etc. Philip Gangan in an open setting shows Richmond ranges, while the Sparks Sintering Works show money may be saved by fitting stoves, etc.

The McClary Manufacturing Co. show stoves and ranges, while Emmons & Moore make a good showing in all departments of stoves, furnishing and mantels. John C. Will's booth for the manufacture of gold wire jewelry, and Oscar Silberstein's tobacco and cigar stand come next. T. J. Phillips has a dainty ice cream booth, which adjoins McLean & Sweeny's large display of stoves and ranges. E. D. Smithers shows jams and jellies. C. D. Little shows and explains Nutrilac soap, while the Havelock Mineral Spring Company has a second refreshment booth.

The D. K. McLaren building shows rubber heating. Mr. Withan has a booth for the manufacture of pop corn, while the Copeland Scale Company and the Duffless Brand Company have adjoining booths in which the good qualities of their products are demonstrated.

The Amersbury Starch Company, for which E. T. Sturdee is agent, has a booth opposite the Dunlap Cooke booth. They have a pyramid of their canned starch in fancy boxes, while the large wall space at the end is taken by Shirley & Dittich, of Galt, Ontario, who make a large exhibit of saws.

T. J. Phillips has a pagoda for the sale of cordials, and the Willis Piano Company, of Halifax, makes a fine display of their pianos. J. Harvey Brown has an exhibit of toys in a neat booth near the lunch counter, where a cup of the invigorating beverage may be had for the asking.

In the Gallery. On ascending to the gallery at the northern end of the main building, John Frodsham's exhibit of photographs and gemmology is the first to meet the eye. Adjoining it, in a large and handsome parlor setting, E. H. S. Flood shows a number of fine pianos.

H. D. Foss & Co. of Boston have an appetizing display of chocolates in all the various styles, while very dainty specimens of fancy work are on view in the next booth, shown by Mrs. Osborne.

The floral exhibit, which runs to the end of the gallery, is a really good one this year, the display of cut bloom and potted plants made by Messrs. McIntosh and H. E. Gould of Summers especially. As a display of this class, the floral exhibit is displayed and arranged in the most effective manner and it is not difficult for anyone to imagine himself in a great garden as the beautiful bloom meets his eye on every side.

The Flood Company, Ltd., have the end of the gallery directly opposite to the M. R. A. space. A splendid display of pianos and art goods is made in this booth and the artistic arrangement is materially to make it one of the most attractive booths in the gallery. H. M. McDonald, wire worker, has a booth near the Flood booth, and Bowler & Barlett show Red Shield coffee in the next space. This booth is strikingly decorated in red and yellow and is in charge of Robert Ross, who is to be seen in the gallery.

Another Phillips ice cream booth and the St. Charles Creamery booth come next in order, and this brings the visitor to one of the most artistic spots in the building, the exhibit of Scott Ross, Ltd. This booth is so constructed as to carry out the idea of Oak Hall. Walls and ceiling are finished in imitation oak, as are also the fixtures, in which the firm's lines of repyrene clothing are shown. An electric sign with the words "Oak Hall" in points of fine hinges over the entrance and gives to the whole side of the booth a very well conceived and cleverly executed by Thomas F. Dummie, window dresser for the firm, who has been in charge of the operations at the exposition building. T. J. Phillips has a soda fountain adjoining the Oak Hall booth.

Returning to the main gallery and going down the west side, M. R. A.'s sewing work department greets the visitor. Adjoining this are the four booths of the Women's Department, which include the rest room, tea room, art room and demonstration room. These will be dealt with in detail later and two small booths, each of which is used to exhibit a business and the other a silver polish, complete the list.

The Dog Show. One feature of the exhibition which will doubtless attract general attention, is the dog show at the western end of the machinery hall and under the management of Thos. McCullough. The exhibit promises to be one of the best of the kind attempted here. The facilities for handling and housing the dogs are in every way superior to any other of the kind, and animals to be shown will be ahead of what has been seen at previous bench shows.

There are 140 dog stables each made with a view to the size of the dog to be placed therein. For the St. Bernards and dogs of such class roping stables have been provided and a half foot wide and four and a half feet deep, and with six foot walls. Where there will be a litter of pups a wire screen will protect the litter and there will be the same device in the event of an animal being ugly in temper. Straw and sawdust will be supplied in abundance and there are special places provided for the storing of such necessities.

The lighting is especially good and also the ventilation. The judging ring will be in the centre of the hall end, and there is plenty of room to enable one to witness the judging.

The show will be better patronized by exhibitors than at former exhibitions and from present outlook in the way of entries, the dog show will be the greatest yet seen in this city.

Another breed to be shown here for the first time is the Akita terrier. The bull terriers will also be high class. Among the Newfoundland dogs the entry list is long, and the dogs are in quality exceptionally good. The collies show a vast improvement over former years.

H. W. Lacey, the judge, will arrive from Boston next Tuesday. He is acknowledged to be without a peer in America as a judge of dogs. At 2 o'clock on the day of his arrival he will commence to judge and will continue day and evening until all the awards are made. The entry list, it is expected, will be complete by this evening.

On the Pike. Leaving the rear doors of the industrial building one cannot fail to be impressed with that excellent innovation of F. G. Spencer's, "The Pike." The first impression one receives at night of this feature of the St. John show is that of a blaze of light with music of various kinds and invitations to come and part with your money. It is impossible to get away from the Pike. In order to go to the Carriage Hall, the fireworks, the Amusement-halls or the live stock show the visitor must pass through the Pike. There is no way round, and thus every visitor to the exhibition will have to pass through this thirty-five foot walk on each side of which will be attractions of all kinds to tempt the passerby to linger and try his skill or to see something wonderful. Despite the fact that so much has been published in the newspapers about the Pike, there are still people who don't realize what it is. One person asked Meyer Cohen, who is associated with Mr. Spencer in promoting the affair, what the Pike really was. "It is something to eat," and "how is it served," are some of the questions. No, gentle reader, the Pike is a collection of amusements of various kinds, twenty-six in all, and there is always something doing. From the time you pass under the arch at the entrance until you leave it behind, and even after that, you are assailed with all sorts of alluring invitations that are calculated to make you and your coin part company.

It does not have life enough, that's the trouble with your hair! There is something wrong with the hair-bulbs. They are slowly starving! Then feed them at once! Give them a regular Hair-Food - Ayer's Hair Vigor. It checks falling hair, keeps the scalp healthy and free from dandruff. A little of it often does great things for the hair and scalp. J. C. Ayer & Co., Lowell, Mass.

WHAT Fruit-Lives ARE

ON "FRUIT-LIVES TABLETS"

Fruit-Lives are the marvels of modern medicine. They have accomplished more actual cures—done more good to more people—than any other medicine ever introduced in Canada for the time they have been on sale.

Fruit-Lives are fruit juices. They are nature's cure for: CONSTIPATION, BILIOUSNESS, BAD STOMACH, DYSPEPSIA, HEADACHES, IMPURE BLOOD, SKIN DISEASES, KIDNEY TROUBLES, RHEUMATISM.

FRUIT-LIVES ARE THE JUICES OF APPLES, ORANGES, FIGS AND PRUNES. These juices are concentrated—and by a secret process, the juices are combined in a peculiar manner. This new combination is much more active medicinally than fresh juices—yet so perfect is the union that Fruit-Lives act on the system as if they were in their natural state of fruit, medicinally stronger than any other known fruit.

This combination of fruit juices, tonics and internal antiseptics are added, and the whole made into tablets. These are Fruit-Lives—sold every-where for 50c a box or 6 boxes for \$2.50. FRUIT-LIVES LIMITED - OTTAWA.

A Regular Wonderland. But to describe this wonderland it extends from just outside the Industrial Hall to the front of the carriage hall. It is built with a fancy scalloped top along which flags and bunting streamers are flung to the breeze. There are 26 arched openings in the structure, each one cut out of electric incandescent lamps. In all there are over 900 lights on the Pike alone, including the huge electric sign over the entrance arch.

There is plenty of room for the crowds to pass through, and if they wish to do so, to linger and see the varied attractions.

On the front end of the Pike, at the left of the entrance will be what is known as "Break Row." Here may be seen a six-legged calf, an eight year old boy weighing only 20 pounds and in perfect health, and "the human wonder," though just what this latter is has not yet been found out.

On the left of the Pike walk will be found the "auto tours of the world." Here the visitor can enter a big auto car, 20 feet in length, and with a steering wheel and a motor, and take a trip to various parts of the world. The process is like this: After the car has been filled with people and the various places of interest and described the scenes. The car was built by S. C. Druy of this city.

Everybody Laughs. "The House of Laughter" comes next. In this booth there will be found the laughing mirrors, ten in number, in which the visitor is shown in various distorted shapes. These mirrors are far superior to any ever before seen here, and were recently purchased by Mr. Spencer at Revere Beach.

In another place the visitor can have a picture taken while in an auto. A genuine automobile is used.

The baseball gallery will be a new feature. Two life sized figures of a batter and catcher are set up and for a small fee anyone can act as pitcher and if successful in hitting the ball will receive a prize. This should prove a strong attraction for baseballists.

At the end of the Pike, facing the grand stand, and adjoining the carriage hall, will be found "Miles' Race." A tent, 40 by 80 feet, will be erected with 8 foot side walls and 24 foot roof. This show will be open continuously from 10 a. m. to 10.30 p. m. Leonard Mack, who was an eye witness of this great calamity, will give an illustrated lecture during the show. The tent will accommodate about 200 people.

Across the passage-way on the other side of the Pike will be located an Indian village with braves, squaws and papooses. They will make baskets, beadwork, etc., and will also run an archery competition.

Situated at a point between the two rear doors of the industrial building will be the merry-go-round, the old favorite of the children, without which no exhibition would be complete.

A photograph gallery is another of the concessions that is likely to prove popular. Patrons can have their pictures taken and put on buttons.

An African dodger will also be found among the attractions, where those who want to "soak the crowd" can be accommodated.

Fortune tellers, palmists, cane racks, knife racks and doll racks will also be found.

Each front has been decorated differently and "barbers" and "spicines" from Congo Island and other resorts will announce the various attractions. The Pike should prove to be a "howling success" in more ways than one.

The Carriage Hall. There will be the usual ring for the parade of prize horses and fancy turnouts. In the carriage hall, which is usually located in the drill shed, there is a fine collection of carriages and sleighs. The exhibitors are the Nova Scotia Carriage Company, thirty turnouts; A. G. Edgcombe, twenty-five; J. Clarke & Son, twenty-five; McLaughlin Carriage Company, twenty; Frank Cooper, twenty; A. P. Price, twenty; and James Mason, ten or twelve.

Amusement Hall. The amusement hall, both large and small, are ready and waiting to receive you.

It was not intended that poetry should enter into this account of the exhibition attractions, but the foregoing lines seem to sum up the whole situation, and as has been heralded abroad for the (Continued on page 8).

BASE BALL
Frequec late vs. St. John's.
The Frequec late ball team will arrive this morning after winning the league championship, and will try to clinch with the St. John's.

National League
At St. Louis-Pittsburg, 7; St. Louis, 5.
At Chicago-Chicago, 1; Chicago, 4.

THE CHICAGO AMERICANS.
For a team that was ridiculed as a championship possibility early in the season, the White Sox of Chicago have made a wonderful record.

THE TURF
More Records Broken at Resville.
Resville, Mass., Aug. 31.—The closing of the two weeks' grand circuit meeting at the New England Brooders' track today saw two more world's records established by a pair through the efforts of Eostatic, who went

the second best in the free-for-all in 2:04 1/4 and the third in 2:02 1/2.
The first is the fastest by a second ever made by a pacing mare in a race, while the combined time of the two heats averaged faster than before made by a pacing mare in competition.

Free-For-All, Pacing, \$500, Divided \$200 Each Heat.
Eostatic, b. m. (Lamb), 3:11 1/2
Angus Potter, br. s. (Sunderlin), 3:12 1/2
Leonard, br. s. (T. Murphy), 3:13 1/2
Hend Kewick, b. m. (Duckworth), 3:14 1/2
John S. M. (McDonald), 3:15 1/2
Time—2:04, 2:02 1/2.

2:07 Class, Trotting, Purse \$500, Divided \$200 Each Heat.
Angela, b. m. (Ames), 3:11 1/2
Turley, br. g. (Gee), 3:12 1/2
Norma, b. m. (Gee), 3:13 1/2
Helen North, b. m. (Rutherford), 3:14 1/2
Time—2:04, 2:02 1/2.

THE RING
Siler Sides With Gans.
If it is left to Referee Siler to decide whether Gans and Nelson shall wear their fighting caps and carry the gloves they will use when they weigh in, Siler will undoubtedly say they shall.

ASYLUM LANDS TO BE SOLD
Frederick, N. B., Aug. 31.—Considerable public interest was manifested at a meeting of the local government this evening.

NOLAN ACTS THE HERO.
GOLDENFIELD, N. B., Aug. 29.—Joe Gans has made the last possible concession he can make to Billy Nolan.

An Invitation to Exhibition Visitors

When you visit the city you are cordially invited to inspect the newspaper offices of THE TELEGRAPH and TIMES. As you know, these papers have the most up-to-date equipment, and the largest circulations, east of Montreal.

We will take pleasure in escorting you about the building, and explaining the different steps in the making of a modern newspaper, and showing you in operation the finest printing press in this part of Canada.

You are welcome to make our offices your headquarters while in the city. Stop at our booth on the grounds and receive the little souvenir of the Exhibition we have prepared for you.

Remember, our entire plant will be thrown open to visitors during Exhibition Week. All our friends are requested to call.

The Daily Telegraph The Evening Times

A Baker in Your Home
Buying Mooney's Perfection Cream Sodas is like having a master baker in the house. These dainty biscuits come to you, as crisp and inviting, as if hot from the ovens.

MOONEY'S Perfection Cream Sodas are a treat in biscuits. They look so good—and taste so good—that the first box will make your appetite captive.

THE EVENING TIMES, ST. JOHN, N. B., SATURDAY, SEPTEMBER 1, 1906.

Pete the Peddler or A Boy's Start in Life

Next morning Mr. Mims accompanied Pete for a mile on his route and then shook hands and went his own way and the boy peddler was fairly alone.

"Then you are a peddler, eh?" "I have just started out. "Is that so? You are the youngest peddler I ever saw. Did you stop at the house?"

Advertisement for 'STANDS FOR THE ASKIT-BUG' with an illustration of a bug and text about raisins.

and he had a frank and ready answer to all. When night came he had made a distance of twelve miles and had called at fifteen houses.

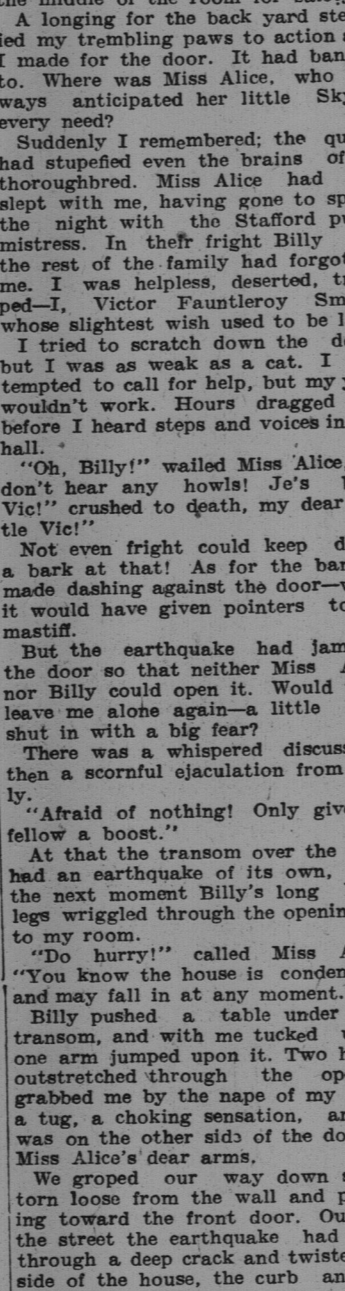

"Do hurry!" called Miss Alice. "You know the house is condemned, and may fall in at any moment."

HOW RUTH FILLED HER CUP. "Can I help, too, grandma?" asked Ruth, as she sat down in the old fashioned kitchen.

A DOG'S STORY OF THE GREAT EARTHQUAKE

VICTOR FAUNTLEROY SMITH

I thought I knew all about earthquakes, for I'm a native son-born a puppy of an illustrious San Francisco kennel—and every California dog has had his day of little chokes.

so gaily when troops marched on Van Ness avenue. I crawled out from a heap of broken glass, brushes and combs that had drifted into a corner where I had been flung from Miss Alice's bed.

THE HAPPY TRAMPS. "We're lucky birds," the sparrow said to his ragged neighbor.

HOW BOB AND BILLY KEPT HOUSE

BY SARAH NOBLE IVES.

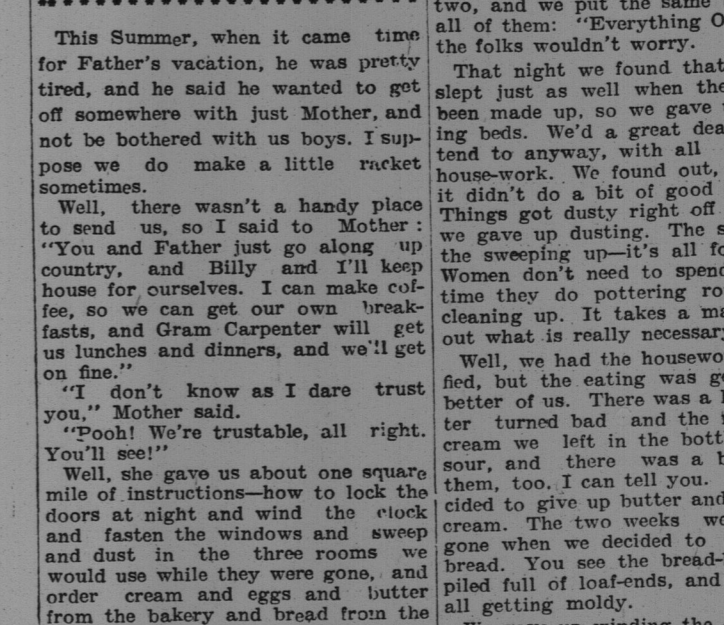

This Summer, when it came time for Father's vacation, he was pretty tired, and he said he wanted to get off somewhere with just Mother, and not be bothered with my boys. I suppose we do make a little racket sometimes.

Well, there wasn't a handy place to send us, so I said to Mother: "You and Father just go along up country, and Billy and I'll keep house for ourselves. I can make coffee, so we can get our own breakfasts, and Gram Carpenter will get us lunches and dinners, and we'll get on fine."

THE BLACK HEN'S NEST. Leon and Lida were spending a week at Uncle John's in the country. They thought it great fun to bring in the eggs and hunt for new nests.

WOMEN IN THE HAYFIELDS. Owing to the scarcity of male labor, women and boys are being employed in some parts of Norfolk in the work in the hayfields.

THE TWO-RING PUZZLE.

Here are two connecting rings cut out of one ring. Solution—Take a long, narrow strip of paper and twist it twice.

COMPOSER PLAYS A STREET ORGAN. The inhabitants of Lowestoft had the privilege of seeing Walter Slaughter, the well-known composer, play one of his own tunes on a street organ.

THE TWO-RING PUZZLE. Here are two connecting rings cut out of one ring. Solution—Take a long, narrow strip of paper and twist it twice.

COMPOSER PLAYS A STREET ORGAN. The inhabitants of Lowestoft had the privilege of seeing Walter Slaughter, the well-known composer, play one of his own tunes on a street organ.

Organized labor in France is turning its attention toward enforcing the Saturday half holidays. Many strikes are in progress.

Employment in the British building trades shows a general improvement compared with a year ago.

A union casket factory will be started at Chicago to supply union made coffins to the Union Burial Association.

Practically all the large cotton mills in New England are paying increased wages to their employes.

San Francisco stationary engineers are asking an increase of a dollar per day.

3,000 waiters in New York City on the east side are threatening to strike.

Nothing has stirred up more interest in the iron and steel trade than the announcement of the successful development of a puddling machine which will most likely revolutionize the foundation process of making wrought iron, the uses for which have been revived with the development and expansion of the steel trade.

Two miners have been nominated in Alaska for delegates to congress.

A general strike of the pressers' branch of the Brotherhood of Tailors has been ordered by the executive committee, in New York City, a uniform scale of wages and a uniform work day was demanded.

Section men and laborers in Elizabeth, N. J., are striking.

The United Patternmakers of England, with a membership of 6,061, have \$225,000 in their treasury.

Bombay, Ind., letter carriers struck recently.

The fifth annual convention of the International Stereotypers and Electrotypers' Union was held in New York City recently.

Sam M. Hendricks, 99 years and four months old, has joined the Bricklayers' Union at Los Angeles, Cal., and has started out journeyman's work.

According to International President W. Holey of the Plate Printers' Union, 96 per cent. of the craft is organized.

The Sheet Metal Workers of Boston have voted to fire every member who fails to parade on Labor Day.

A strike is threatened by the freight conductors on the Southern Pacific Railroad at San Francisco and vicinity.

When the census of 1900 was taken the total number of child laborers in the country was 1,700,000. It is estimated by competent authority that the number today is close to 2,500,000.

In one mine district in Germany 15,000 women work underground.

President McKinley of the lathers has finished a successful organizing trip.

Hardwood finishers and marble workers of Kansas City, Mo., have organized. Upholsterers and mattress makers are forming unions.

Elevator constructors have secured new agreements with the employers in Chicago, St. Louis, Philadelphia and Pittsburgh. The agreement aggregates an increase of 5 per cent. in wages.

Fruit and vegetable vendors of Los Angeles, Cal., have organized a union.

The plumbers and carpenters of Portland, Me., have secured the 8-hour day.

The office of the Board of Appeals of the International Union of Carriage and Wagon Workers will be located at Boston, Mass., for the ensuing year.

The electrical workers of Grand Rapids, Mich., with the exception of three shops, have been granted the 8-hour day.

The work of organizing the machinists of Cleveland is progressing nicely.

There are at present 56 different union labels and ten shop cards.

According to statistics given out by the officers of the International Cigar-makers' Union, the average length of life of union cigar makers has increased over 15 years since 1888, the span of life of the cigar-makers' wife having increased 8 years in that period; the percentage of those who died from tuberculosis was reduced from 31 per cent. in 1888 to 24 per cent. in 1905. The statement sets forth that these improvements followed and were the result of the establishment of the 8-hour day in 1884.

the tea fresher and daintier to take the water on the first boil.

It is a mistake to make tea and let it stand for several hours, serving it then with ice. Long standing makes the tea much too bitter. Make fresh and pour hot onto the ice.

Lemon for tea should always be cut into slices, never in chunks of quarters. It is a nice idea to have lemon juice, strained of seeds, in a little pitcher standing on the tea table.

Ice tea is served this Summer with thick whipped cream on top of the glass. Lemon juice is a little better to use, however, from the digestive point of view as the whipped cream does not easily assimilate in the cold tea.

WILL WIN THEM BACK (Ottawa Citizen).

One of the most satisfactory results which may be expected from the present great prosperity and progress of Canada is that we may win back from the United States many thousands of the young Canadians who were driven over there to seek their fortunes in the preparatory days before this country had commenced to expand on national lines. It was difficult to realize what a large section of Canada's population was resident in the States until the inauguration of the series of "old boys' reunions" which have been held during the last couple of years. In some cases whole small towns and cities have steadily advanced in population notwithstanding the drain upon their resources, the number of former residents who return in these pilgrimages from the United States was sometimes equal to nearly half the existing population. There is so people who have a greater love of country than the Canadians, and there is little doubt when this country offers approximately as good inducements as the United States, not only will we hold our own young people but win back thousands of those who have crossed the line.

TELEPHONES ON FARMS

A striking commentary on the progress of the Canadian west is the following interview with a Winnipeg man printed in a Toronto newspaper:

"Manitoba farmers are taking advantage of everything nowadays that facilitates the business of scientific farming. Quite a remarkable feature in farm life in Manitoba is the number of farmers who are installing telephones. The Bell Telephone Company is making strenuous efforts to meet the demand that is being put upon rural telephones, and its lines will soon reach practically every farmer in Manitoba who is desirous of telephone communication. The Bell people have, I believe, some twenty-five gangs engaged in the construction of rural telephone lines in Manitoba alone. Twenty-five gangs are employed in each gang, so that the work is proceeding with great rapidity. Notwithstanding the great distances between farms in Manitoba the Bell Company are building the lines, realizing that eventually all farmers, when they realize the advantages of telephone communication will become their subscribers. Fully six thousand new telephones will be placed in farm houses before winter sets in."

FIREMEN INJURED

LONDON, Ont., Aug. 31.—(Special).—Three members of the local fire department are suffering from injuries sustained while fighting a fire at the residence of Mrs. F. Mitchell, of the central station, had his eyes so badly burned that he is now under the doctor's care, while Norman Case, also of the central station, and Chief Clark have badly inflamed optics. The fire was one of the hottest the firemen have had to fight in over a year.

OBITUARY

Miss Susie J. Jones

PETITCODIAC, Aug. 31.—(Special).—The death occurred Wednesday evening at River Glade, of Susie J., third daughter of Truman Jones, merchant, of that place. Deceased took ill about four weeks ago with typhoid fever and pneumonia and for the last two weeks had been a great sufferer, her death being expected most any time. She was an accomplished young lady, a graduate of Wolfville Seminary, and was beloved by all. She had many young friends in Petitcodiac, where her grief-stricken family have the sympathy of the surrounding community, where they are much respected. Deceased was in her twenty-first year.

AN L. O. L. ORPHANS HOME FOR SACKVILLE

SACKVILLE, Aug. 31.—A committee of Grand Lodge, L. O. L., of the Maritime Province has been in town looking for a site for an Orphans' Home, which is soon to be built. The choice now lies between Sackville, Amherst, and a place near Charlottetown, with the chances in favor of Sackville.

Miss Nugent, of St. Martins, and her friend, Miss Droll, of Boston, who have been spending a few days with Mrs. M. E. Dolan, Haymarket square, have returned to St. Martins.

THE CUBAN REVOLUTION

View of Vinales Province of Dinside del Rio Reported Captured by the Insurgents

Havana, Aug. 31.—The situation is far darker tonight than at any previous time since the insurrection broke out. News of an uprising in Santiago province, while not yet published here, is spreading about the city and causing the gravest concern. The Associated Press was informed tonight by two reliable eye witnesses that Cardenas, who hitherto has been considered a perfectly peaceful city, was the scene yesterday of desultory fighting between police and rural guards on the one side and roving insurgents on the other. The Associated Press correspondent at Cienfuegos telegraphs tonight that there are 3,000 armed insurgents in that vicinity and that all the small towns in Santa Clara province are controlled by insurgents, who attack and loot trains and seize property of foreigners as well as Cubans. Trinidad is surrounded by insurgents and the government appears powerless to protect the property of Americans and other foreigners. Railway trains are held up at will and passengers are searched. The Cuban Central railway has declined to assume responsibility for the safety of passengers or freight.

General View of Santiago de Cuba Where Revolt is Gaining Headway

HOSPITALITY LURKS IN THE TEA CUP

The cheering cup of tea is a beverage probably partaken of by more people than any other drink in the world. It has come from China and other distant countries of the East, found a home in Russia, formed a hold on Great Britain that no Englishman or woman can shake off, penetrated Scotland and Ireland and settled on the United States and Canada, where its power and popularity are growing every day. Nearly everybody, as well as every nation, has an individual way of serving tea, and to the genuine tea-lover it makes all the difference in the world how the cup is poured and handed. Some people fancy that in the hot weather hot tea is a heating drink, but many a tired woman has found it cooling as well as refreshing, and nothing is easier to prepare.

Afternoon Tea.—The pretty custom of afternoon tea, borrowed by Americans from their English cousins, is always an agent for sociability. The hostess has her cups spread on a convenient table, the kettle is boiling over an alcohol lamp, and in a teaball she has the tea. When she desires to serve a cup she holds the teaball in a cup and pours over it the boiling water, holding the ball in the cup until the tea is the desired strength. This is the easiest way of all to make tea and it insures a freshly steeped cup to each guest. If desired, however, the tea may be made by taking one small spoonful of tea to one cup of water; put the tea in the pot, have the water in the kettle on the fire; when it comes to a boil pour it on the tea and let it stand to steep five minutes. Pour through a strainer to serve. If this stands for any length of time it becomes sour and rather bitter; so keep a pitcher of hot water at hand to dilute the cups poured out for extra comers. For English afternoon tea it is customary to serve cream and sugar and little tea cakes or hot buttered scones.

Russian Tea.—Make the tea in the pot as described above; put a lump of sugar in the cup, a slice of lemon. Then pour on the tea, which should be of medium strength.

The 20th Century Saline. ABBEY'S is the "salt of salts." It never had an equal. It has no equal to-day. It is the perfect product of ripe experience in the preparation of medicinal Effervescent Salts. It is the ideal formula to correct the blood—strengthen the stomach—regulate bowels, liver and kidneys—and keep the whole system actively healthy. A morning glass is a bracing tonic for the whole day. 25c. and 60c. a bottle.

Reception Tea.—For an afternoon affair which is too large for the hostess to give the personal note in serving the tea, it is a pretty custom to pass the tea in little shallow cups with a candied cherry or a preserved strawberry in the bottom of the cup.

No Good Flour Can Be Made EASILY. It takes time, trouble, and the closest attention to the minutest detail of every milling process, to say nothing of adding considerably to the cost of production, to make a good flour. You know you must watch your bread carefully during every process from the mixing to the baking, but however close the attention you may give it your trouble will be wasted unless you are using a flour which has been made with corresponding care. No brands on the market today are made more carefully than our "FIVE ROSES" and "HARVEST QUEEN." The grain itself is cleaned by the newest and most perfect machinery before being ground, and the flour is sifted and tested by experts at every stage of the milling in order to insure the nearest approach to perfection it is possible to obtain by modern methods. If you use these brands and give corresponding attention to the details of your baking, you will have as a result bread which cannot be equalled for quality and nourishing value. Lake of the Woods Milling Co., Limited. Montreal. St. John. Winnipeg.

12 DOWLING BROS., The Largest Retail Distributors of Ladies' Ready-to-wear Coats, Jackets and Blouses Waists in the Maritime Provinces.

Stunning Coats.

ALL THE NEW MODELS AND LATEST NOVELTIES IN

Ladies' Fall Coats

Are now in stock, making the most fashionable and most extensive assortment of Ladies', Misses' and Children's Coats and Jackets to be found in the Maritime Provinces. The splendid worth of these garments is evident the moment you examine them. Their style and quality are distinctive, high grade tailoring, latest fashionable cloths, exclusive styles and all at prices that satisfy. These are features that commend themselves to the practical woman and bring to us the largest share of the Ladies' Coat Business of the Maritime Provinces.

DOWLING BROTHERS, 95 and 101 King Street.

Better Than Ever.

We are proud of our range of Men's \$3.50 Boots. We have built up an immense trade on this class of footwear, because we have rigidly insisted that whatever make we carried at that price must be up to the mark. The instant they began to show signs of weakening either in quality or style, that very instant we were done with the make and procured another that would fill the necessary requirements. This season the majority of the \$3.50 shoes have been advanced to \$4.00, but we have made arrangements to carry our \$3.50 line in all materials and different weights. Our fall showing is now ready, and handsomer styles or better quality goods have never been shown.

Waterbury & Rising, King Street. Union Street.

Big Clearing Sale of Tapestry Carpets.

In order to make room for other goods coming in, we have decided to offer our customers 1,200 YARDS TAPESTRY AND WOOL CARPETS AT SACRIFICE PRICES. These prices are only for the balance of this month, so come early and get a bargain. 40c. Tapestry Carpet, now 32c.; 50c. Tapestry Carpet, now 30c.; 55c. Tapestry Carpet, now 42c.; 48c. Tapestry Carpet, now 37c.; 60c. Tapestry Carpet, now 52c.; 70c. Tapestry Carpet, now 64c.; 75c. Tapestry Carpet, now 54c.; 80c. Tapestry Carpet, now 62c.; 50c. Tapestry Stair Carpet, now 30c.; 60c. Tapestry Stair Carpet, now 47c.; 65c. Tapestry Stair Carpet, now 41c.; 80c. Wool Carpet, now 64c.; 40c. Union Carpet, now 22c.

S. W. McMACKIN, (Successor to Sharp & McMackin).

335 Main Street, North End.

School Caps and Hats FOR BOYS AND GIRLS.

No doubt your boy or girl needs an article of headwear for school. Anderson has what is new and correct. Golf Caps, 25c. to 50c. Skull Caps, 50c. to 75c. Cloth Tams, 50c. to 75c. Leather Tams, 30c. to 50c. Glen Caps, 50c. to 75c. With these we have other lines, some of which will please you

ANDERSON & CO 17 Charlotte Street.

2 CANS Red Clover SALMON For 25c.

ROBERTSON & CO., 562 and 564 Main St., ST. JOHN, N. B.

WARNING TO Exhibition Visitors

Owing to the rush we meet with during the closing week each exhibition year we are obliged to turn away hundreds who come to St. John solely for the purpose of engaging our services, but who neglect calling until the last few days of their visit. We would strongly advise all to call early and avoid the rush, so that they will not be compelled to return home disappointed at not having been able to avail themselves of our superior workmanship and moderate fees. PARENTS should take notice that the holidays are rapidly drawing to a close and that it is in the interest of their children and those of others in the community that their children's teeth should receive proper attention. We can give them the attention they require, without stopping school and at very attractive fees. DENTON DENTAL PARLORS, 527 Main Street. DR. J. D. MAHER, Proprietor.

LATE LOCALS

DIDA at the St. John Exhibition Sept. 1st to 8th. See her.

Steamer Hampton will run an excursion to Hampton on Labor Day.

During exhibition, the Country store will give away 500 German Hartz mountain canisters at 10c. each.

The King's Daughters Guild - Gospel service on Sunday at 4 p. m. All well come.

Portland Methodist Y. M. A. will hold an excursion to Putney Island on Labor Day.

The main points to be regarded in the purchase of spectacles are skillful fitting, fine quality of material and fair price. All these are procurable at D. Boyaner's, Optician, 38 Dock street.

Queen Square church, 11 a. m. Rev. S. Howard, 7 p. m. Rev. J. M. Campbell. Special music at the evening service. Sacrament at the close of evening service. Sunday school 2:30 p. m.

The case of the King vs. John and Jess Kerrigan was concluded in the county court yesterday afternoon, when the former was found guilty of an assault on Jacob Christopher and fined \$50. James Kerrigan was acquitted.

You are invited to special meetings conducted by Evangelist Shuter, Sunday Sept. 2nd at 3 and 7 p. m. Subject at 3 p. m. The Scriptural Hell. Those are not Unitarian meetings, but the Unitarian friends kindly permitted us the use of their church for which we thank them.

J. N. Harvey, the popular clothier, will offer exhibition tickets with purchases at his well-stocked premises next week. Exhibition visitors will do well to call on Mr. Harvey, who has the reputation of supplying customers with the very best goods possible for the prices quoted.

Invitations are out for the marriage of Robert M. Scribner, of the I. C. R. service, night agent at the Dorchester depot, and Miss Meta Louise Black, daughter of W. Young Black, of Upper Dorchester, in the Second Baptist church at Upper Dorchester on Wednesday morning, Sept. 5th, at 10:30 o'clock.

Rev. J. F. Floyd will preach in Ooburg street Christian church Sunday at 11 a. m. and 7 p. m. Morning subject: "Repent and Live with us from our Annual Convention." Evening subject: "Scraping the Scriptures." All seats free. All invited.

A. Gilmore, 68 King street, is famous for the clothing it is a guarantee. So pleasing and satisfactory are his goods, that re-orders are constantly being sent by former residents, some as far away as Dawson City. Also, his style and quality is eliminated at Gilmore's. Read his special ad., offering special discounts during exhibition week.

Visitors to the exhibition should not miss the grand display of new furniture at Amundson Bros., Ltd. The store is located in the city and makes the quarters for shopping at the above store, as they carry a beautiful assortment of all kinds of fashionable furniture, carpets, oil-closets, etc. Everyone is cordially invited to visit their show-rooms, whether they buy or not. See advt.

Yesterday afternoon, at about five o'clock, the two-story frame house, 237 Main street, owned by W. J. Dalton and occupied by Mrs. Walter Burke and Mrs. Miles McNulty, was gutted by fire. The fire is said to have caught as a result of a spark lighting on the roof as a result of boring chimney. It spread rapidly, and the firemen experienced much difficulty in getting the blaze extinguished. Mr. Dalton has \$500 insurance in the Commercial Union office, and he states that the insurance will cover the damage.

The Slater Shoe has found a home in St. John, which augurs well for an enterprise that is already established in three hundred Canadian cities and towns. The store at King street, which was thrown open to the public yesterday, has points about it which render it particularly attractive. It is in some ways unique. The proprietor, E. G. McDonough, is to be congratulated, not only on the class of goods he has to sell, but on the surroundings he has chosen in which to receive his patrons.

Exhibition opens today. There will be a large number of visitors in the city during the coming week, a great number, no doubt, who would be pleased to see how Campbell's celebrated XXXc. shoes are manufactured. To all who would be interested in seeing how this leading brand of shoe is made, Campbell Bros. extend a very cordial invitation to call at their factory, 18 and 20 Smythe street, near end of North Water, when they will demonstrate why Campbell's XXXc. shoes are better in every respect than any axe in the market.

PERSONALS The Misses Carrie and Margaret O'Neil, of Fredericton, are visiting Miss Beatrice McKenzie, Sydney street. Mr. and Mrs. C. A. Swinerton and their daughter, Miss Abbie, have returned to Cambridge Mass. Miss Winnie Wapcott, of Fredericton, is visiting Mrs. Win. Rivers, Main street. Mr. and Mrs. Matthew Neilson and son, and Miss Giffon, who have been visiting friends here, have returned to Montreal. Mrs. Strauss, Miss Annie Farmer, Mr. Matthews and Mrs. Stuchhouse, of the north end, are visiting friends in New York. Frank Flaherty returns to Boston this evening after visiting his parents at 212 Charles street. Cards have been received announcing the marriage of James A. Weaver to Miss Ashdown at O'Leary (Eng.), on Aug. 19. Mr. Weaver was for some time a resident of St. John, and friends here are pleased to learn of his marriage, and wish the couple a happy life. Mr. and Mrs. Weaver are to make their home in Philadelphia, where he has a responsible position in a leading school for the deaf and dumb.

THE SOLDIERS PAY To the Editor of the Times. I would like to ask some military officer why it is that No. 2 Co., B. C. A., have not received their drill pay for service at Camp Petewawa. Both No. 1 and No. 2 Companies received their money weeks ago. Now why is it? Thanking you for your valuable space. Yours, ONE INTERESTED.

In the county court yesterday afternoon the bastardy case against Robert Johnston was concluded and the defendant was acquitted. County Secretary Vincent prosecuted and Dr. A. W. Macer defended.

THE EXHIBITION (Continued from page 5).

past few weeks, the "Hippodrome," Ferrari's panthers and leopards, which will replace Barlow's elephants, Wurmwood's monkey circus and Montague's cockatoo circus will occupy the big hall. Three performances will be given daily, commencing Monday at 3:30, 7:15 and 9 p. m. This will allow the people to see the fireworks just previous to the last performance.

In the small hall the attractions, as previously announced, will be "Dida," or the mysterious creation of a woman out of nothing and Helms, the magician. As many people are wondering what Dida is, Mr. Spencer was asked to explain the wonderful act. When the curtain rises the stage is shown to be entirely bare, except in the centre, where there is a large glass tank, six feet in length by three in height and breadth. This tank is supported on a trestle so that the audience can see above, below and all around it. The tank is filled with water by means of a hose, and then the operator steps forward and throws a cloth over the tank. It is allowed to stay there ten seconds and is then removed, when a woman is seen lying apparently asleep at the bottom of the tank. She arises, gets out of the tank and stands upon the stage. The act is repeated and another woman is made to appear, as before. It is a most mysterious illusion.

The ticket-selling booths are much more extensive than in previous years. The one for the big hall has space for six dispensers of the pasteborders and the booth is lighted with incandescent lights. Policemen will be stationed on each side of the booth to regulate the crowd and avoid crushing.

Agricultural Hall In the Agricultural Hall, besides the agricultural products, those exhibiting include Vermont Separator Company, Sharp Separator Company, Petrie Separator Company, Fisk churns, Maritime Dairy Company, and Tobique Gypsum Company. On the second floor will be found the amusement hall, as usual.

Notes The fireworks will be shown on Tuesday, Wednesday, Thursday and Friday nights, and will end with a gorgeous display entitled "The Siege of Gibraltar." The telephone company has installed three telephones in the exhibition, one in the office of the Manager Milligan's office, one in F. G. Spencer's office in Amusement Hall and one on the Pike.

The St. John Railway Company will be cooking their gas stoves, by cooking various dishes and serving the people with their cookery. The cattle sheds have all been painted, re-roofed and lettered and present a neat and clean appearance. Repairs have been made to the grand stand and the fences.

MEMORIAL WINDOWS SUITABLY UNVEILED Two very handsome stained glass memorial windows and a memorial tablet were unveiled with brief but impressive ceremonies yesterday afternoon, in St. John's (Stone) church. The larger window presents the memory of the late Rev. John de Soyres as was also a brass tablet given by the vestry. The other window was in memory of the late Rev. John de Soyres, who was a member of the Society of Church Workers, in memory of their members now dead. The letter was signed by May B. Lawrence, secretary.

Mr. Jarvis acknowledged the gifts in a brief but appropriate address, in which he said that no more suitable subject could be found to perpetuate the memory of the late rector. The memorial window and tablet were accepted, and highly valued, as well as the monument to be placed in Fernhill cemetery by the congregation.

Mrs. G. F. Smith then unveiled the de Mrs. Jarvis unveiled the brass tablet. Then followed a short but very appropriate address by the rector in which he pointed out to his hearers that the lesson to be drawn from the occasion was duty to the living. The highest duty was, he said, to cultivate a sympathetic heart and to speak a kindly word of cheer and encouragement.

The windows, which have been much admired from the Royal Bazaar establishment of Mayer & Co., Munich.

ANOTHER POSITION The most straightforward and convincing advertising seen in our daily papers today is probably that of the Currie Business University under the well-known name of "Another Position" which appears now almost daily. It is so prejudicial enough to doubt each statement made in the heading he can readily verify same by phone or letter, as the names of the students and firms advertising speaks volumes for the school and proves that the methods used for the advancement of the student and the promotion of the business man are absolutely up-to-date, otherwise this school would not have such an immense share of the patronage and confidence of the public. Use Martine Hartnett, of West End, has secured the position of stenographer for the Broadstreet Co. of Portland, Me. through letters of introduction from the employment bureau of the Currie Business University, Ltd.

THE MINSTRELS LAST NIGHT Oulhane, Chase and Weston's minstrels opened their engagement at the Opera House last night, and were greeted by a good-sized audience. The performance was late in beginning, as the company came on the stage late from Calais and they were tardy in arriving. The minstrels were enjoyed by those present, as there were many things said and done that created much amusement. The singing and dancing also came in for considerable applause. In the vaudeville performance, the Great Newton novelty juggling on a running globe was far above the average. There will be performances this afternoon and evening when the company's engagement will be concluded.

At Bear River on Thursday, Miss Nellie B. daughter of F. W. Purdy, was married to Rev. A. C. Archibald of Woonsocket, R. I. The ceremony was performed by Rev. W. L. Archibald, assisted by Rev. A. J. Archibald and Rev. I. W. Peters, in presence of fifty guests.
