TWO CENTS ON SATURDAY ONLY

MUSSOLINI AGAIN ASSASSIN'S TARGET

PREMIER IS UNHURT AS BOMB FIRED

Four Passersby Injured When Missile Explodes YOUTH ARRESTED

Italian Dictator Attacked on Way to Palace; Automobile Struck

ROME, Sept. 11.—Another attempt has been made on the life of Premier Mussolini. A bomb was exploded against the premier's car. Mussolini escaped unhurt.

ASSASSIN JAILLED

Giovannitti was immediately arrested by the police agents escorting the Premier's auto.

NEAR CITY GATE

The Premier was bound for his office in the Villa Torlonia, which is situated in the outskirts of Rome.

DOVER, Eng., Sept. 11.—Louis Timson of Boston, has failed in his attempt to swim the English Channel.

RETURNING HOME

Arctic Research Schooner Effie Morrissey on Way Back to Maine

SOUTH PORTLAND, Maine, Sept. 11.—The schooner Effie Morrissey on which Capt. Robert Bartlett and a party have been conducting research work in the Arctic is on the way home.

HALIFAX ADVANCE POLL

REUTER'S CHAIRMAN HONORED

HONOLULU, Sept. 11.—Dr. Rodrick Jones, chairman of Reuter's News Agency, passing through Honolulu en route from Australia to Canada, was the guest of honor yesterday at a joint dinner given by the Institute of Pacific Relations and Honolulu newspapers.

Resignation of Spain From League of Nations Is Received At Geneva

Escapes Death

ITALIAN PREMIER

OFFICIALS TO AID PRESS ON ELECTION DAY

Deputy Returning Officers Instructed to Hand Out Results of Poll

OTTAWA, Sept. 11.—The reply to a request that the deputy returning officers should be instructed to furnish as possible, complete and accurate returns of the vote on election day, O. M. Biggar, K. C., the chief electoral officer, said:

NEAR CITY GATE

FIGURES PUBLIC PROPERTY

On the completion of the count at a polling station, the deputy is required to complete several statements of the result. One of these is transmitted to the returning officer in the ballot box and constitutes the primary official record of the vote.

DIES OF INJURIES

Capt. Edmund Spicer Passes Away in Amherst After Accident

AMHERST, Sept. 11.—After lying unconscious in a local hospital since Wednesday afternoon, Captain Edmund Spicer of Parrsboro, died early this morning from injuries suffered when his car rolled over an embankment at the junction of the Parrsboro road, being a uncle of the Mayor of that place.

HALIFAX ADVANCE POLL

REUTER'S CHAIRMAN HONORED

HONOLULU, Sept. 11.—Dr. Rodrick Jones, chairman of Reuter's News Agency, passing through Honolulu en route from Australia to Canada, was the guest of honor yesterday at a joint dinner given by the Institute of Pacific Relations and Honolulu newspapers.

HALIFAX ADVANCE POLL

REUTER'S CHAIRMAN HONORED

HONOLULU, Sept. 11.—Dr. Rodrick Jones, chairman of Reuter's News Agency, passing through Honolulu en route from Australia to Canada, was the guest of honor yesterday at a joint dinner given by the Institute of Pacific Relations and Honolulu newspapers.

Long-Haired Semi-Blond of Oklahoma Is Miss America

ATLANTIC CITY, N. J., Sept. 11.—Miss Tulea is Miss America. She is Miss Norma Smallwood, semi-blonde, wearer of the beauty crown that has been set with but few exceptions on blonde heads. Miss Smallwood is 18 years old, weighs 118 pounds and is five feet four inches in height. She has dark brown hair, blue eyes and fair skin. Her features are Grecian in their clean-cut evenness, set off by the almost severe coiffure of her straight long hair.

Rowdyism In Ottawa Breaks Up Meeting

OTTAWA, Sept. 11.—Although hecklers have made their appearance at all political meetings here in Ottawa, rowdyism broke out for the first time here tonight at the present election campaign. A Conservative meeting in St. Anne's Hall broke up in disorder and Hon. J. L. Chabot, the French speaking Conservative candidate was refused a hearing. A band, seated at 200, howled down each of the speakers. Even women speakers were shouted down. A large squad of police officials failed to quiet the trouble makers, who continually changed seats.

ALTA. CANDIDATE SUED FOR \$100,000

CALGARY, Alta., Sept. 11.—Action for \$100,000 damages against William T. Lucas, former Progressive member of parliament for Camrose, and present candidate in that riding, was commenced in the Supreme Court of Alberta, at Edmonton yesterday by Senator Jacques Bureau, former Minister of Customs for Canada.

MONARCHIAL MOVE WAS BASIS OF PLOT

ATHENS QUIET AFTER REVOLT; FORMER KING OF GREECE IN PARIS

Hawkers Enlist Science Aid To Dispose of Pallid Fruit

Various kinds of dye were used to produce the transformation. Some of the oranges were treated with permanganate of potash, others with Bismarck brown, and others again with chrysoidine. Many were soaked in boiling water and afterwards shaken up with grease which contained dye; this gave them greatly improved color and color.

SPAIN TODAY VOTES ON GOV'T OF DE RIVERA

Approval of Military Dictatorship Is Question LASTS FOR 3 DAYS

GERMAN PAPERS LAUD STRESEMANN

One, However, Comments on Frigid Reception of Vital Points in Speech

20 Dead; Many Missing In Japanese Flood

TOKYO, Sept. 11.—Reports to the venacular newspaper today from Hiroshima say that a severe rain storm flooded the city, submerging 20,000 houses. Twenty persons are reported dead and a number injured and missing.

FOURTH ATTEMPT TO RAISE WARSHIP

Salvage Crew Again Trying to Raise Battleship

TRAIN ROBBERS GET \$137,000 PAY-ROLL

Held up Grand Trunk Express on Outskirts of Chicago and Escape

COUP WELL TIMED

Timing their work with the train schedule, two of the robbers who entered the car, got off at Evergreen Park and ran to a third member of the party, waiting in an automobile. The robbers disappeared by driving through a cemetery.

Large Shipment of Arctic Specimens Reach Ottawa

OTTAWA, Sept. 11.—Thirty packing of fozes, hares, caribou and two specimens of lemmings; 160 lots of insects including butterflies, moths and beetles; some ash and invertebrates; over 600 sheets of pressed plants numbering over 2,000 specimens; 290 geological material includes several sets of photomicrographs and a large box of photomicrographs and a quantity of ethnological material includes several sets of Eskimo clothing of sealskin and caribou skin in both winter and summer styles. The hunting implements, and a quantity of ethnological material from the interior of Baffin Island. The collection, and the fresh water seals of Baffin Island, as well as a large series of the 1925 season's work.

NATION QUITS AS PERMANENT SEAT REFUSED

Continental Branches of International Body Suggested JAPS OPPOSE IT

Germany Discusses French Army Plans

BERLIN, Sept. 11.—The German Foreign Office is not informed regarding the French plans for army reduction which, it is said, would be effected by the project, "refers to the army occupation we consider it the logical result of the Locarno pact, if it relates to France's standing army, we hail it as a welcome sequel to the Versailles disarmament."

LONDON TELEGRAPH DISCUSSES VOTES

LONDON, Sept. 11.—The Daily Telegraph in an editorial dealing with the coming federal election in Canada says that it is now clear that Canadian opinion generally is not impressed by the "Constitutional issue."

TO UNDERGO OPERATION

Friends of Mrs. Harry Hopper will regret to learn that she is ill. She has been admitted to the General Public Hospital to undergo an operation. Her son, Neilson Hopper of Derby, Me., accompanied by his wife, will arrive in town Monday to be with his mother. Mrs. Neilson Hopper will remain in the city some time to care for her mother-in-law during convalescence.

TO LEAVE PRINCESS

LONDON, Sept. 11.—The Duchess of York is paying the price of prominence. Only a few months ago she gave birth to a baby Princess who some day may be Queen of England and now she is looking forward with some anxiety to her departure from the palace to what will seem to her an interminable party. She and the Duke, the King's second son are going to Australia on a long official visit in January and there is no place for babies on royal official tours.

BAKERS ARE AHEAD

PARIS, Sept. 11.—The bakers are now far ahead of the butchers, candlestick makers and all others in the free-for-all art of Channel swimming. Ernst Vierkotter, the German who recently broke Gertrude Ederle's record, was a baker boy of Cologne. He has since made enough money to buy himself a first class bakery. Georges Michel, who broke Vierkotter's record, operates a small bakery in Paris. French enthusiasm over his feat may mean enough money to him to provide a whole chain of bakeries.

MARRIED AT CAPITAL

FREDERICTON, Sept. 11.—Announcement is made of the wedding at the George street Baptist parsonage in this city. Rev. I. A. Corbett officiating of Miss Bertha Pond, daughter of Mr. and Mrs. Charles Pond of Lake George and Frank Wade, son of Mr. and Mrs. John Wade of Penniac.

TO UNDERGO OPERATION

King Approves Affiliation of Fusiliers With Scottish Borderers

High honor has been conferred on the Saint John Fusiliers Regiment by His Majesty King George through his approval of affiliation of the local regiment with the King's Own Scottish Borderers.

CARGO OF GAS OIL GOES TO MONTREAL

Shipment of Million and Half Gallons Being Unloaded From Tanker

MONTREAL, Sept. 11.—For the first time since the Sun Oil Company Limited, became established in Canada, they are bringing in a cargo of gas oil for general distribution in Montreal.

Several years ago the company brought up cargoes of special cutters, but this oil, which is suitable for use in oil furnaces, is the first carried here for general distribution.

In anticipation of the growing demand for gas oil, a motor tanker, now on the ways at Chester, Pa., being built specially for the Canadian subsidiary company, will have a length of 231 feet, a breadth of 41 feet and is to be an ocean-going vessel capable of carrying 20,000 tons.

Regular meeting Moulton Temple, No. 14, Pythian Sisters, Pythian Castle, Monday evening, 8 o'clock.

I. L. A. LOCAL 273. Monthly meeting will be held in the hall, 35 Water street, Monday, Sept. 13, 8 p.m.

DANCING, RITZ, TONIGHT. Ritz Orchestra. Latest numbers. Good time assured.

DEATHS NUMBER 16. Sixteen deaths were reported to the Board of Health for the week ending today.

BIRTHS. PARENT.—On Sept. 10, 1926, born to Mr. and Mrs. Coles W. Parent, 33 Crown street, a son.

DEATHS. CHRISTIE.—At Phillips House, Massachusetts General, on Sept. 10, 1926, James Christie, (Kindly do not send flowers.)

Funeral on Monday from Brennan's funeral home, 111 Paradise row. Service at 2:30 o'clock.

Funeral on Monday afternoon from St. Luke's church, service at 2:30.

Funeral from the home of her daughter, Mrs. James Jackson, Murray street, on Monday morning to the Boston train, for burial at French Lake, Ontario. Service Sunday night at the home. Friends invited.

IN MEMORIAM. BARTLETT.—In sad but loving memory of our dear daughter, Violet Bartlett, who departed this life Sept. 11, 1925.

So let her sleep that peaceful sleep, With no sorrows clustering round her head, Let us be comforted who mourn, She is not dead, she lives with God.

TRY IT YOURSELF THOUSANDS OWE THEIR HEALTH TO "FRUIT-A-TIVES"

Mr. ALPHONSE COOL
"Every person suffering from Constipation or Indigestion should take 'Fruit-a-tives' and I am positive that they will soon feel in the best of health. As for myself, I have tried nearly every other kind of remedy and have come to the conclusion that 'Fruit-a-tives' is the best. Mr. Alphonse Cool, 2322 Lafontaine Street, Montreal."
Because "Fruit-a-tives" is a genuine fruit medicine made from fruit juices, intensified and combined with tonics — it corrects constipation, stomach, kidney and bladder troubles, in a natural way, and purifies the blood. No other remedy can be the same as "Fruit-a-tives" at dealers everywhere.

The Wonderful Story of the Whippet

JUST two months ago the Whippet—combining the most advanced European and American engineering thought—made its first appearance on the streets and highways of Canada. Its instantaneous success and the remarkable interest shown in the new engineering era it forecasts—is the greatest single tribute ever paid to the vision of any one man in automobile history. The international evadon given the Whippet marks the climactic achievement of a modern engineering program laid out by John N. Willys in 1922.

An Engineering Triumph
In one complete line of cars, covering the buying needs of every family, he has now incorporated the most advanced principles of European design—the highest standard of quality—the final word in modern efficiency. For the benefit of the automobile buying public, he has incorporated in these new-type cars all of the great accomplishments which European engineers have brought about unhampered by mass production.

The New Trend
He saw that the absence of mass production, coupled with a highly developed apprenticeship system, made possible constant experiment and constant improvement. He saw that the high cost of gasoline and high taxes were forcing European development along lines of intense economy, while American manufacturers were struggling with huge volumes of standardized models whose design has been little changed since the war. Four years ago he set out with a definite plan to revolutionize Willys-Overland automobiles along these modern lines.

How the Vision of One Man revolutionized the entire trend of Motor Car Design

A big car with little wheels is still a big car. It lacks those things which make the Whippet the most economical of all cars to own—the safest and by far the most thrilling of all light cars to drive.

So do not expect Whippet advantages in any other light car.

Today the Whippet—and the Whippet alone—offers you these unique engineering attainments

35 miles on a gallon of gasoline—55 miles an hour. Acceleration, 0 to 30 miles in 13 seconds. Four-wheel brakes (for the first time universal standard equipment on any light car)—stops in 8 car lengths from 25 miles an hour.

Easiest of all cars to park—turns in a 3 1/2 foot circle. Only 5 feet 8 inches high—lower gravity centre—greater safety.

European-type body—smaller external dimensions with more leg room than any other Four-Cylinder light car.

Complete symmetry of design has been achieved with compact external dimensions.

Compared with contemporary, big, bulky cars the Overland Whippet appears smarter and much more graceful. That's because height and length are in true artistic proportion.

A Notable Difference
In the Overland Whippet you have the feeling of riding closer to the ground—with the resultant sense of solidity and absence of that sideways go noticeable in the conventional type of car. That high-up-in-the-air feeling is gone—here is a new kind of riding comfort. Step into this car and you will be surprised to find so much spacious room.

In every respect it is entirely different from all other light cars being built to-day.

In Europe, people are accustomed to paying \$1,500 to \$1,800 for a car of this size and quality. Yet today, because of the tremendous manufacturing facilities of Willys-Overland, it sells in Canada for practically half this price. The Whippet is available in Coach, Coupe, and Touring Models.

You owe it to yourself to see this amazing, new-type car before buying an automobile today.

MINE TROUBLES SENDING MANY FROM ENGLAND

Miners Join Contingents of Emigrants Crossing Atlantic Ocean... SEVERAL NEW AIR LINES TALKED OF... New Type of All-Metal Air-Boat Is To Be Used

Correspondence of Times-Star LONDON, Aug. 26.—I learn that quite a substantial number of our coal miners are included in the contingents of emigrants now crossing the Atlantic.

REMARK DISLIKED. Evan Williams has promptly contradicted a statement about his having greeted the miners' leaders with a remark to the effect that he supposed they had come to surrender, but wanted something to save their faces.

SIR JOHN SIMON AT PLAY. The man who is making the biggest income ever earned at the bar is generally supposed to have time for nothing else.

AREO TWO-SEATERS. Great interest will be aroused, amongst all those who are concerned in aerial development, by the forthcoming light aeroplane contests at Lympne.

ALL-METAL AIR-BOATS. The Imperial Airways is to make a further development of its services soon by running in supplement to its existing air lines several overwater routes.

Itching Skin. Over 85,000 sufferers from skin affections say Ovelmo rid them of their trouble.

CULLY ROSS DEAD. Director of Canadian National Exhibition Passes at Home in Toronto

ITCHING SKIN. Over 85,000 sufferers from skin affections say Ovelmo rid them of their trouble.

gines, is now being made, and may be used also on the Southampton-Channel-Island route. They will be very big machines, of great carrying capacity, and will be experimental with a view to future long-distance overwater services that must some day link up the Empire in much closer and quicker bonds of transit.

POSTAL SERVICE. Recent discussion on post-mark advertising has recalled that, from the moment you slip it into a pillar-box a letter becomes the legal property of the Postmaster-General.

DEADLY RIVALRY. There are some facts stated in the Registrar-General's report that raise perplexing speculations. For instance, there is a careful analysis of street accidents, which shows not only the total percentage of deaths attributable to each sort of street vehicle, but also the varying percentages of such accidents at different ages of the casual victims.

YE OLDEST REGIMENT. So far as the regular army is concerned, the Royal Scots, familiarly known as Pontius Pilate's bodyguard, claim pride of place as the oldest regiment on the roster.

CRICKET IN HOLLAND. How many English people know that cricket is played in Holland? I confess it was news to me, but last night a clever young Dutch journalist assured me he sent three-quarters of a column about the Oval Test match to his journal in Amsterdam every night.

FEW VOTE AT HALIFAX. HALIFAX, Sept. 10.—A few took advantage of the advanced polls which opened tonight for the election of those who will be out of their constituency on election day but a heavy vote is expected tomorrow when the traveling men will be in their homes for the week-end.

BOOT AND SHOE OUTPUT SHOWS GAIN IN CANADA

In Seven Months 10,500,325 Pairs Produced—Ahead of 1924

MONTREAL, Sept. 11.—The report of the production of boots and shoes in Canada during July, based on the returns of 164 establishments out of a total of 169 establishments in operation in that month, shows production of footwear was slightly in excess of that of the preceding month.

OLDEST COUPLE IN ENGLAND ARE 102. Mr. and Mrs. John E. Taylor, Kent, Celebrate Birthday Together

LONDON, Sept. 11.—Mrs. Sophy Taylor, of New Road, Green Street, Kent, celebrated her 102nd birthday recently. She and her husband, John E. Taylor, who was 102 in April, are recognized as the oldest couple in England.

CHILDREN SOLD AS SLAVES IN HUNGARY

From \$5 to \$15 Paid in Open Market Place of Debreezen

LONDON, Sept. 10.—Few will believe that in A. D. 1926 slave markets exist in Europe. A visit to a slave market in Debreezen, the capital of the richest agricultural district in Hungary, where children are bought and sold like heads of cattle proves that such markets do exist.

Millions of Women are Martyrs to the Idea That Every Woman Must Be Beautiful—Is There None to Arise and Proclaim Her Equal Right With Men to Be Comfortable—and Homely?

Except the snake in the grass that deceived Mother Eve out of Eden and lost woman her first good home, the greatest enemy the female sex has ever had is the individual who first promulgated the theory that every woman must be beautiful whether she is or not and that she can work a miracle and make herself into a Lillian Russell if she tries hard enough.

DOROTHY DIX

MILLIONS of women have been martyrs to this idea. Millions are still suffering in coils of it. Every day millions of women go through agonies to save their complexions that would entitle them to canonization if it were done to save their souls. The stinging Arsenians suffer no more gnawing pangs of hunger than do multitudes of rich women striving to maintain that girlish figure.

The torture chamber of the loquacious has its counterpart in every beauty shop, with its permanent-waving instruments, its face-liftings and skinnings, its manicure tables and so on, where the poor victims are scalped and stewed in their own juices and are beaten and pounded to a pulp and then—not least painful of all—pay out good money for the privilege of enduring sufferings that should give them seats among the charitablenes and scraggins on high, but that only enables them to get by down here below.

FOR, alas, unless nature makes you a good-looking there is precious little you can do to help yourself. Yet women go on trying to achieve the impossible of being beautiful though homely, for it is sadly true that woman's one best bet is beauty. It is the one thing she can depend on to carry her smoothly over the rough places of life and atone for and excuse all other lacks and shortcomings.

Of course, this is the fault of man. Men make the most invidious distinctions between a plain woman and a good-looking one.

THE pretty woman never has to struggle for her rights. Privileges are presented to her on a silver salver. No handsome woman has to stand in a crowded car. If she is a beauty she could have a whole cross-section of the world at her feet. The man who stands and beams on her. But if by chance a man gets up and gives his seat to an ugly woman he does it with an expression that indicates he feels that he deserves the Victoria Cross for heroic performance of duty.

Talk about men's rights. There is no other right that women envy so persistently and entirely and sincerely as the right to be as ugly as nature made them and to look as old as they really are.

THE right to vote falls into innocuous desuetude beside the blessed privilege of not having to be straight-fronted when you are built on the bay-window type of architecture, and the freedom of a latch key is as nothing beside the glorious freedom of throwing away curling irons and clippers and wearing the straight locks with which it has pleased an inscrutable Providence to afflict you.

The worst phase of this injustice, however, appears in society. Ugliness is no bar to a man's popularity or success. It is a fatal handicap to a woman. Yet the homely and the beautiful are endowed with just the same desire for pleasure and love-making.

THE girl with the pale-green freckles and carrot hair and a snub nose is her brother similarly endowed. But there is this difference, that, while no man, except upon compulsion, will dance with her or ask her to stroll in the moonlight, brother is received with effusive welcomes everywhere, and so long as he is agreeable no girl thinks of discriminating against him because he doesn't look like a matinee hero.

Nobody can imagine a fat woman with a bald head being in eager request as a partner at balls and parties. Nobody ever saw a crowd of young men hanging around an angular spinster and basking in her smiles.

Yet we continually see women displaying the most undisguised pleasure in the society of such men, and rightly because a fat middle-aged man or a freckled-faced youth may have charms of wit and soul that would make an Adonis sink into insignificance.

EVEN after marriage the same difference is apparent. Nobody ever hears of a middle-aged man being massaged for wrinkles or physical cultured for screwiness in order to retain the affections of his middle-aged wife, but the country is full of classes of pathetic matrons solemnly hopping around on one foot or religiously turning handspins in order to keep young and stylish for some John who doesn't care a rap how he looks to them.

And the quintessence of this foolishness is reached when it is demanded that even professional women must have beauty as well as brains! With a man, achievement suffices. Nobody cares whether (Chief Justice) Taft has a straight-front figure or President Coolidge is a snappy dresser or not; but if they were women, in order to satisfy the public taste, they would have to wear reducing girdles and set the fashion in clothes.

THE beauty cult is the banner injustice to the world, and the woman who first arises and proclaims women's equal rights with man to be comfortable and ugly will be the female Moses who will lead her sex into the promised land of freedom.

In the meantime, the profession of the beautifier goes merrily on.

DOROTHY DIX.

Genuine BAYER ASPIRIN

Proved safe by millions and prescribed by physicians for

Colds Headache Neuritis Lumbago
Pain Neuralgia Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets also bottles of 24 and 100—Druggists.

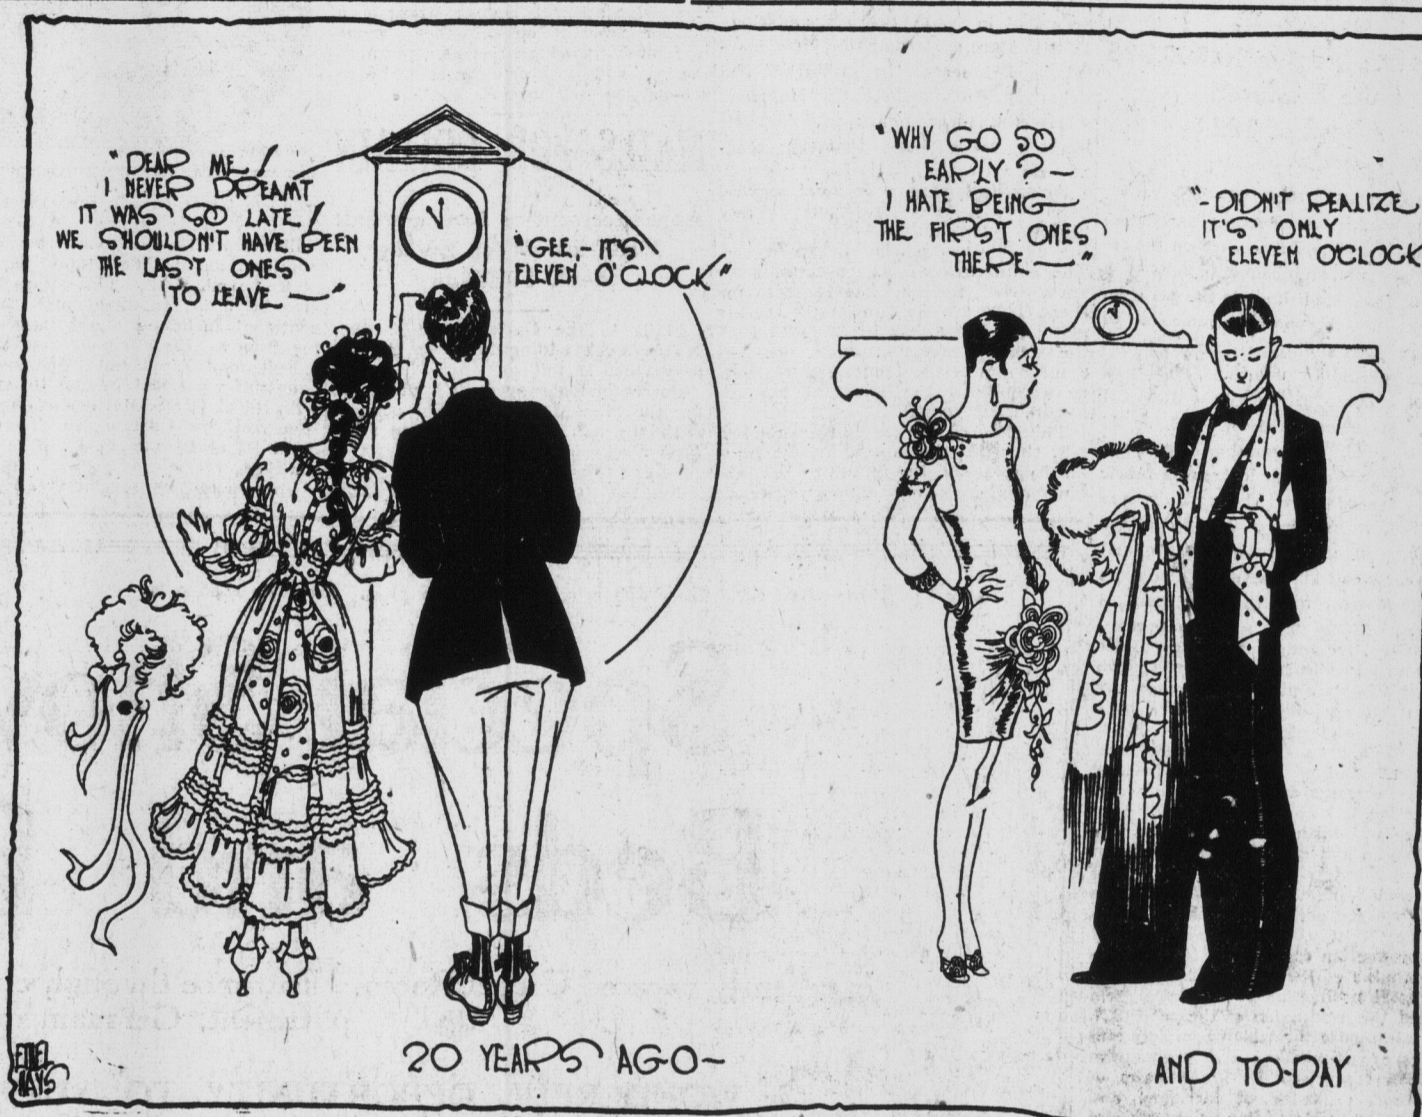

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbonyl-acetylsalicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

FIRE AND OTHER INSURANCE PROTECTION

WILLIAM THOMSON & CO., LIMITED

Royal Bank Bldg. 22 King Street

A Difference In Time

SEE-SAWING BROADWAY

THE DIRT begrimed, moss-inted crumbling old tombstones of Trinity churchyard, which form the incongruous approach to modern Wall street, are, perhaps, the outstanding attraction of New York along with Brooklyn bridge, the Woolworth building and the Broadway lights.

Innumerable paragraphs have been written of the stenographers who gather at lunch time and spill their sandwich crumbs on the earth that holds the dust of Robert Fulton, Gen. Kearney and Alexander Hamilton.

The tombstones of these great ones have been scanned by numberless millions. Then there are the rows of toppling slabs which bear little known names and these barely legible.

Among these you will find the name "Charlotte Temple," and therein lies one of the strange legends of the churchyard.

Some years ago a ghoul removed the plaque that once graced the grave-stone and thus cast the shadow of uncertainty over dates and data.

Now back in the nineties, a certain Mrs. Bowen wrote a novel entitled "Charlotte Temple: A True Tale." It told of a girl who eloped from England with an Englishman of rank, of how he deserted her after betrayal, and finally, of her death from heartbreak. It told of her burial at Trinity and the remorse of her betrayer who pleaded with the girl's father to kill him and when met by refusal came week upon week to sob on her grave.

Maybe true—maybe not! Nevertheless there is a grave in Trinity with the name Charlotte Temple graven on the stone.

Throughout the summer there was reported a steady increase of resorts just east of Broadway where "real bees" was to be had with meals.

But the most ambitious effort to date is announced by a card which comes to my desk.

It announces a "\$2.00 Beer Dinner." Diners, it is announced, will be provided with a nice "growler" or bucket

full of beer and, that the right crowd may be obtained, salesmen are going round selling meal tickets for the opening days.

The place, an old saloon, has been revamped, and, I am told, \$5,000 spent for new fixtures.

So this is prohibition!

Speaking of booting! Liquor is not the only commodity illicitly peddled.

Recently a blue law was passed compelling New York barbers to close shop on Sunday.

Now a number of places operate with side door entrances and drawn blinds and signals, while itinerant shavers have a "trout" of customers, going from place to place in the good old fashioned way and charging from 50 cents up per shave.

GILBERT SWAN.

Kellogg's PEP

THE PEPPY BRAN FOOD

THE RHYMING OPTIMIST

By Aline Michaels

It may be true that I shall never know the sunny charm of distant, sea-washed lands; that while the fleeting seasons come and go, I shall not glimpse Earth's fair and fabled strands. On cliffs afar a storied castle waits, its vision haunts me through long days and nights; yet I may never pass its time-stained gates, nor ever know its manifold delights. Seas, mountains, deserts, it may be that I shall never feel their majesty and lure; but in the daily wonder of the sky, for all my losses I can find a cure. The sky brings gracious gifts, it may be that I shall never see its airy realms possessed, and, watching all its loveliness in flower, I can forget far fires and vague unrest.

TODAY'S RECIPES

Cheese Souffle—Two level tablespoons butter, two tablespoons flour, one-fourth teaspoon salt, one-fourth teaspoon paprika, three-quarters cup milk, one-half cup soft, grated bread, one level cup grated cheese (four ounces), three eggs, well beaten. Melt the butter, add the milk and stir until boiling; add the crumbs, cheese and eggs; mix all thoroughly. Bake in a buttered dish about 25 minutes until browned on top. Serve from the dish.

Corn Meal Muffins—One-third cup shortening, one-third cup sugar, one-fourth level teaspoon salt, one egg, beaten light, one and one-fourth cup milk, one level cup flour, one level cup corn meal, three teaspoons baking powder.

Rub Your Scalp With Minard's Lintiment.

Behind the Scenes of Their Lives

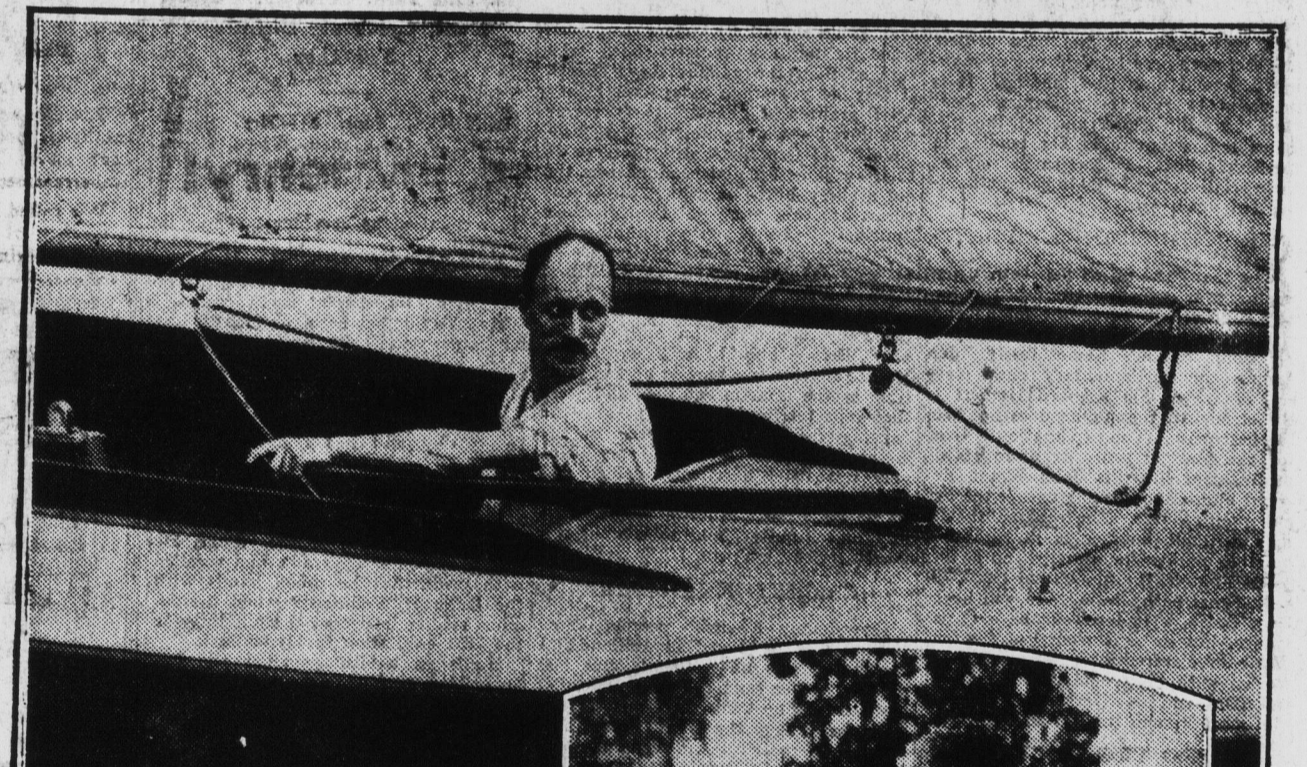

They banished constipation—corrected skin and stomach troubles—found new joy in living—with one food

NOT a "cure-all," not a medicine in any sense—Fleischmann's Yeast is simply a remarkable fresh food.

The millions of tiny active yeast plants in every cake invigorate the whole system. They aid digestion—clear the skin—banish the poisons of constipation. Where cathartics give only temporary relief, yeast strengthens the intestinal muscles and makes them healthy and active. And day by day it releases new stores of energy.

Eat two or three cakes regularly every day before meals: on crackers—in fruit juices, water or milk—or just plain, nibbled from the cake. For constipation especially, dissolve one cake in hot water (not scalding) before breakfast and at bedtime. Buy several cakes at a time—they will keep fresh in a cool dry place for two or three days. All grocers have Fleischmann's Yeast. Start eating it today!

And let us send you a free copy of our latest booklet on Yeast for Health. Health Research Dept. L-737, The Fleischmann Company, 208 Simcoe St., Toronto, Ont., Canada.

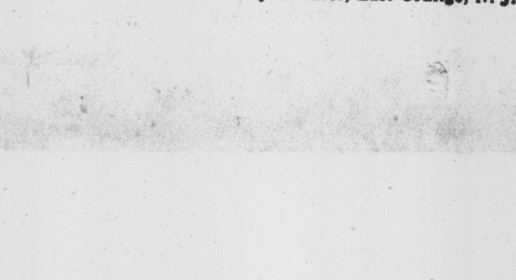

"I WAS TROUBLED with a stubborn constipation. I commenced to take Fleischmann's Yeast daily. At the end of a few weeks my constipation vanished, my nerves were steady, my general health was of the best and my appetite was ravenous. I am absolutely convinced that Fleischmann's Yeast and good health are synonymous."

Mark Hydon, Detroit, Mich.

"I DEVELOPED A SEVERE CASE of skin trouble. I decided to give Fleischmann's Yeast a trial. In three months the skin trouble was gone and my general health much improved. Needless to say I am a Fleischmann 'Booster.'"

Ann McLaughlin, Cleveland, Ohio

"I HAD BEEN TROUBLED with indigestion for some time. On two different occasions I had an attack of indigestion and was in bed for several days. The last attack that I had almost proved fatal. I became informed of Fleischmann's Yeast and took three cakes every day for a period of three weeks. After a short time I obtained relief. At the end of the third week I was entirely well. I will always speak highly of Fleischmann's Yeast. In view of how Fleischmann's Yeast helped me, I continue to take one cake of Yeast daily to keep fit."

W. J. Rickett, East Orange, N. J.

"I AM A BEAUTY DOCTOR. Two years ago the influenza left me in a run-down condition. The very sight of food made me sick. My stomach could not retain anything. My physician ordered me to take Fleischmann's Yeast once a day dissolved in warm milk; then, as I grew stronger to increase it to four cakes a day. I did this for three months and improved steadily until I was back to normal. Now I feel better and stronger than ever before. I still eat Fleischmann's Yeast daily. I feel I could not carry on my work without it."

Bessie Hanson, Hollywood, Cal.

THIS FAMOUS FOOD tones up the entire system— aids digestion—clears the skin—banishes constipation.

HOSPITAL WILL GO TO C. N. R. ON COAL SHORTAGE

Committee Reports—Financial Statement—New Class of Student Nurses

At a full meeting of the Board of Commissioners of the General Public Hospital held yesterday afternoon the report of the coal committee was presented, showing that an audit of the coal accounts and records had been made, which corroborated the statements compiled in the office of the hospital.

The meeting authorized R. H. Gale, superintendent, to make official application to the C. N. R. for the amount of the shortage in the coal supplies, about 22 tons. The meeting also adopted a recommendation that when funds permitted scales for weighing coal should be purchased.

The medical board report was submitted by Dr. C. L. Zentgraf. With reference to the treatment of mariners and immigrants, the medical board was desirous of having this matter taken up with the department of health, marine hospitals service, and asked

and 182 remained at the end of the month. There were 70 operations in the operating room and 178 in the outpatient department, where 841 treatments were given. Good progress was made in installing the new boiler. Mr. Gale referred to the special clinics and lectures conducted at the hospital under the auspices of the New Brunswick Medical Society. This report drew attention to the fact that no check had been received from the county treasurer covering the bond issue of \$2,200, and no payment had been made on the county warrant for the year.

FINANCIAL STATEMENT.

The financial statement showed receipts of \$13,102.54 including city, \$6,669; pay patients, \$4,069.97; X-ray, \$844.20; salaries, \$1,008. Bills for August were \$12,370.49, and the total debit balance was \$18,695.09.

Miss Rita A. Wilson, assistant superintendent of nurses, reported eight graduate and 56 pupil nurses enrolled. Miss Ida Kimball, senior nurse, resigned because of ill health and Miss Lella Cummings graduated. A new class of 18 probationers will be admitted on Tuesday of next week.

They are Miss Evelyn Black, city; Miss Jennie Stephenson, Magalloway Junction; Miss Mary Marnie, city; Miss Margaret Darling, Hammond River; Miss Mabel Hoyt, Lower Halesville; Miss Maud Lawson, Miss Ruth Babbs, Miss Hilma Latimer and Miss Winnie Tracer, city; Miss Esie Tamplin, Kentville, N. S.; Miss Muriel McConnell, Albert; Miss Alberta Foster, Red Hill, N. S.; Miss Edith Day, Gagetown.

RECOMMENDATION MADE.

The board recommended the purchase of a modern intravenous apparatus and this matter was referred to the commissioners, who are to meet with power to purchase. Operating room regulations submitted by the committee of the commissioners for further report.

Social Notes of Interest

The Grand Bay Outing Association gave a delightfully arranged card party of ten tables at the club house, on Thursday evening. The fortunate prize winners at bridge were Miss Hilma Latimer and Miss Winnie Tracer.

Mr. and Mrs. Leonard MacGregor entertained at dinner on Wednesday evening at the Union Club in honor of Miss Nellie Reid, Miss Roger and Miss Cotton, of Montreal.

Women Find Great comfort in this new hygienic pad that discards easily as tissue—no laundry

ON many important counts, women are desiring the old-time "sanitary pad." There is a new way. A way that multiplies protection. A way, too, that solves the old problem and embarrassment of disposal. It is called "KOTEX." Ends the insecurity of the old-time sanitary pad. Five times as absorbent. And odorless—ends ALL fear of offending.

First Votes in Election Cast Last Evening

Advanced Polls Held Here—Both Parties Hold Local Meetings. That the voting at the advanced polls in the city, which started last night and will be continued tonight and Monday evening, was somewhat heavier than usual, was the announcement made last night by Sheriff A. A. Wilson.

Victims of Accident Show Improvement

WOODSTOCK, Sept. 10.—Reports this evening from the Fisher Hospital here, where the victims of last night's railroad crossing auto crash are patients, indicate that the condition of O. R. Estey, his adopted daughter, Florence and Muriel Lester, the third occupant of the wrecked car, is much improved and attending physicians are more hopeful for the recovery of the injured man and the two little girls.

Rev. J.V. Young Named Delegate To Winnipeg

SHEDIAC, Sept. 10.—Rev. Father John V. Young, priest-in-charge of the Mission Church of St. John Baptist, Saint John, who recently completed a month's vacation at Shediac, will be a delegate from the diocese of Fredericton to the annual meeting of the National Council for Social Service to be held at Winnipeg, Sept. 22. During his absence Rev. Fr. C. W. Follett, pastor of St. Simons, and Rev. Dr. W. R. Hibbard, headmaster of Rothesay Collegiate School, and other clergymen will officiate at the Mission Church.

LARGE GAIN IN BUSINESS FROM HERE TO CUBA

Consul Betancourt Takes Exception to Statement Published

BUSINESS NEARLY \$4,000,000 IN YEAR

Declares Saint John Natural Distributing Point for Canada's Cuban Trade

R. G. Betancourt, Maritime Provinces Cuban Consul, in an interview with a representative of The Times-Star yesterday afternoon, took exception to statements about the trade between the Maritime Provinces and

HAMILTON'S FIG BARS
Just taste that filling of real Smyrna fig jam!

Cuba in an article in the Halifax Chronicle of September 4. He said this article claimed that Halifax enjoyed more sailings to Cuba than any other port in Canada; that the Halifax consulate collected about an average of \$1,200 a month in consular fees and Saint John a much smaller amount and was a much less significant office in relation to Canadian-Cuban trade. That the Maritime Provinces exported to Cuba about \$8,000,000 of goods a year, a very large part of which passed through Halifax or originated in Nova Scotia.

The article says that Halifax has no direct sailings to Havana but they have two sailings a month to Santiago de Cuba. In answer to this Mr. Betancourt submits a sworn statement showing that last year the trade from Saint John was nearly \$4,000,000, that the fees collected amounted to more than \$16,000 and there were 87 sailings from this port to Cuba.

CONSUL'S STATEMENT.

The detailed statement issued by Mr. Betancourt is as follows:
Saint John, N. B., Sept. 10, 1926.
Following is a special statement covering principal items of goods exported by the port of Saint John, N. B., Canada, to Cuba for the season of 1924-1925 ending June 30, 1925:

	Value
Potatoes, 2,088,863 bushels	\$1,683,172
Oats, 20,569 bushels	84,981
Flour, 816 barrels	4,070
Beans, 2,382 bushels	7,265
Whiskey, 31,119 gallons	189,828
Hay, 1,212 tons	20,818
Lumber, 221 thousand ft.	8,845
Paper	8,375
Newspaper	18,700
Coal, 405 tons	3,334
Printed matter	6,987
Other effects	1,175
Total	\$1,986,855

Following is the "gross" value of shipments to Cuban ports from Saint John, N. B., for the season 1925-1926, ending June 30, 1926—not classified: \$3,916,126.77.
During this period (1925-26) 87 vessels cleared from the port of Saint John, N. B., Canada, for the various ports in Cuba, the majority of course, going to Havana.
Consular fees collected during season 1925-26 amounted to \$16,083.10 or an

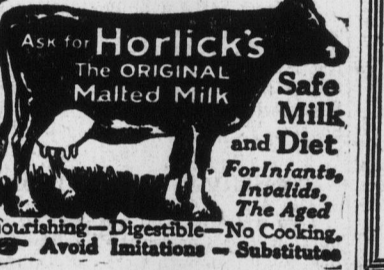

average of \$1,938.49, the best month's collections being \$2,535.25.
I, Rodolfo G. Betancourt, Cuban Consul for the Maritime Provinces, do hereby swear that the above is a true and correct statement.

R. G. BETANCOURT, Cuban Consul.
The Cuban Consul said that while there had been a big increase in the trade to Cuba out of this port during the last year it was only a beginning in what might be accomplished if the proper shipping facilities were provided. A line of refrigerator ships plying between this port and Cuba could bring here the very finest fruits and they could be sold very much more cheaply than at present and the same was true of other lines. Saint John, he said, was the natural distributing point for all Canadian trade with Cuba and it would be his aim to bring about such a condition of affairs.

FAILURES FEWER IN MARITIMES IN JULY

Number Eight For Month as Compared With Fourteen in June

MONTREAL, Sept. 11.—As compared with July, 1925, a slight increase in the number of assignments in Canada under the Bankruptcy and Winding-Up Acts, as reported to the Dominion Bureau of Statistics, was experienced in July, 1926, while the liabilities of the assignors also showed an increase. Commercial failures numbered 137, as compared with 131 in

Ask for Horlick's Safe Milk and Diet For Infants, Invalids, The Aged, Nourishing—Digestible—No Cooking. Avoid Imitations—Substitutes

the same month of the previous year, and 142 in June, 1926, a slight decrease being noted in the last comparison. The liabilities of the assignors amounted to \$2,532,078, as compared with \$2,812,918 in July, 1925, and \$2,600,450 in June, 1926.

In the month under review there were eight assignments in the Maritime Provinces, as compared with 14 in June, 1926, and 9 in July, 1925, a decrease of 11 per cent., as compared with last year. The liabilities in July were approximately \$34,000.

Dave Spittal Wins Quebec Golf Crown

MONTREAL, Sept. 10.—Dave Spittal, an unattached Toronto pro, won the Quebec open golf championship, which was played over the links of the Whitlock Golf Club here today. Spittal returned a card of 77 in the final round of the 36 hole match, which with his morning round of 76 gave him an aggregate of 153, two strokes in advance of Andy Kay, pro. of the Lambton Golf and Country Club, who had a total of 155.

TRAPPED BY ERROR IN IDENTIFICATION

British Sailor Convicted of Bigamy After "Double" is Found Drowned

LONDON, Sept. 11.—Had not the body of a drowned man come to rest on the shore near Grimby, the bigamy of Peter McCormack, a seaman, might not have been discovered. Because an error was made, justice has been done at the Old Bailey.
McCormack, 32 years of age, small in stature, hugely proportioned, and with part of a finger missing from one hand, married 26 years ago, ill-treated his wife for 10 years, left her, and "married" again.
For 15 years his turpitude was undiscovered until a body which resembled his, even to the mutilated finger, was found washed ashore at Grimby.
The first and legal wife identified it

as that of the husband she had not seen for years, and provoked a sincere protest from the other woman, who announced that Peter McCormack, her husband, was not dead.
Inquiries were fatal to the man; the judge at the Old Bailey showed no regard for the tradition that says a sailor is entitled to have a wife in every port, and sentenced him to 11 months in prison.

"MY HUSBAND is accused of boot-legging," said a wife to the lawyer.
"Will you take the case?"
"Sure," said the attorney. "Send it around any time."

A Profitable Profession for Women

Paying \$30 a Month and Living While in Training
McLean Hospital School of Nursing offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$80 per month. This course is open to young women who have completed successfully one year of high school. Entrance in January and September. For information apply to the

WHEN BETTER AUTOMOBILES ARE BUILT McLAUGHLIN-BUICK WILL BUILD THEM

rubber heels for the McLaughlin-Buick engine

The McLaughlin-Buick Valve-in-Head engine now has "rubber heels."

Here is an engine completely insulated and isolated from all metallic contact with its chassis. Thick rubber cushions, fore and aft, absorb noise, and save the engine from road shocks and strains.

Never, in all its successful years of motor car manufacture, has McLaughlin-Buick ever produced a car so far ahead of its field in performance and value as the 1927 McLaughlin-Buick.

Money can buy no finer performance, no matter how much you are prepared to spend.

Have you seen
The Greater OAKLAND SIX
with the Rubber-Silenced Chassis?

OAKLAND has done what no one else has succeeded in doing—improved upon Oakland Six quality. Among the 77 refinements incorporated in the Greater Oakland Six without any increase in prices are the following major developments, including the newest triumph of advanced Oakland engineering:

The Rubber-Silenced Chassis
—an epochal and exclusive feature, no less vital than the Harmonic Balancer, freeing the Oakland Six from the disturbing noise and rumbling found in ordinary cars, and permitting passengers to ride in quiet, cushioned comfort.

Smart New Bodies by Fisher
—retaining all of the admired Oakland Six characteristics, but revealing even more pleasing symmetry of line and contour; finished in new and strikingly beautiful, two-tone Duco color combinations.

New, Heavy, Crown Fenders
—handsome and distinctive in design and harmonizing effectively with new type side-shields and running boards.

Vital Engine Refinements
—including new camshaft; new valve spring retainers; new carburetor with single adjustment, and new oil relief and pressure valve—resulting in still greater smoothness and greater operating efficiency.

These are but a few of the high-lights among Oakland's 77 refinements—and are in addition to Oakland's many other advanced features, including Four-Wheel Brakes, air cleaner, oil filter, full-pressure oiling, and interchangeable, bronze-backed bearings.

Come in—see this Greater Oakland Six—drive it—prove to your own satisfaction that it occupies a position of unquestioned leadership.

WINNING AND HOLDING GOOD WILL

SOME 12,000 AT EXHIBITION ON THE FIFTH DAY

Closing Tonight — Orphans There This Afternoon — Art Dept. Awards

The Saint John Exhibition enjoyed patronage of about 12,000 yesterday, and the fifth night of the fair was a busy one. All the features were in full swing. Conditions were excellent for the fireworks, and it was keenly enjoyed and heartily commended. Tonight the exhibition will close. This afternoon the orphans will be taken to the sights there by the Knights of Columbus and Gyro Club, working together, and the little ones are looking ahead to a happy time. The awards in the art department, judged by Mrs. L. DeV. Chipman and Percy N. Woodley were announced as follows:

Owing to an error, it was reported that Aymer suits, Hamilton, Ont., have a booth in the main building in which their products are sold. The report should have read soups. These are put up by the Dominion Canners Company.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., SATURDAY, SEPTEMBER 11, 1926

REDS BLAMED FOR RIOTS IN ATHENS
Fourteen Dead, 170 Injured; Ten Royalist Leaders Are Arrested

ATHENS, Greece, Sept. 10.—Premier Kondylis today declared that the riot scenes in Athens (following yesterday's mutiny by the Republican Guards), were caused by Communists and a few Royalists wishing to take advantage of the situation and cause the overthrow of the republic.

The government has arrested ten Royalist leaders and participants. The number of dead is placed at 14, and the injured at 170. Some of the newspapers, however, say the mutineers lost 30 killed and many wounded, but say the casualties among the regular troops and citizens are not known.

Colonels Zervas and Dertilis, who commanded the mutinous guards, were taken to the general secretly last night.

Uses Barber To Help Him In Suicide

PRINCE ALBERT, Sept. 11.—James Alfred Murray, of Edmonton, serving a two-year sentence in the penitentiary here for burglary, committed suicide in a unique manner. While being shaved by another prisoner, he seized the barber's hand and drew the razor across his own throat. Before he expired he absolved the barber prisoner from any blame.

WILL ARMOR BANK LIKE BATTLESHIP
Midland, in London City, Will be Encased in Concrete and Steel

LONDON, Sept. 11.—Devices to make the building the most burglar-proof bank in the world are being used in the construction of the new headquarters of the Midland Bank in the city of London.

The bank is to be armored almost like a battle ship. Tons of iron, concrete and steel plates will encase it to prevent burglars from burrowing their way to the strong-rooms.

It will be five years before the building is completed, and it will not only be the safest, but one of the most important buildings in the city.

Special marble, with six penny-weights of gold in each ton, which gives the stone a beautiful lustre, is

being brought from East Africa for the pillars in the central hall.

With the exception of the Bank of England, it will be the biggest bank building in the world. The site covers an area of 35,000 square feet. The estimated cost of the building is about \$12,500,000.

Magic Carpet Valued At Over \$500,000

LONDON, Sept. 10.—A magic carpet nearly 400 years old and valued at over \$500,000 held an almost reverential little group awe-struck at a carpet dealer's premises in Holborn recently.

At first sight it seemed to consist of a jumble of rich colors. Slowly, however, the design became apparent and the eye revelled in the wonderfully rich lines of ruby, emerald green and amber.

The romantic history of the carpet was unfolded by James F. Ballard, a rich American, whose hobby for twenty years has been the collecting of rare and beautiful carpets.

"This carpet," he said, "was made at Isphahan in 1550, in the reign of Shah Saif. It was presented by the Shah to Peter the Great, who in turn presented it to Leopold I. of Austria."

"The carpet then hung for a long time on the wall of the staircase in the Palace at Schoenbrunn, near Vienna."

"It was later seized by the State, and was recently sold by the Austrian government to Cardinal and Harford, of London."

BRITISH CARGO SHIP ARRIVES AT CANTON

CANTON, Sept. 10.—The first British cargo steamer to dock since the anti-British strike and boycott started, more than a year ago, arrived here late yesterday. It was escorted by gunboats, and unmolested. This was attributed to cessation of picket activities. The British government recently warned pickets that they would be treated as pirates and that no more interference with British shipping would be tolerated.

Winchester
A Mild, Blended Cigarette

Every package of Winchester Cigarettes contains a poker hand insert card. Save these inserts—they are valuable in exchange for packs of high grade playing cards, etc.

20 for 25¢

To Those who are Married

Mother is Absorbed
in caring for the children. Keeping house, with its manifold duties—washing—mending—nursing and cooking, is a full time job. Budgeting the family income requires planning and saving. The children's pleasures, nevertheless, are her delight, and what matters so long as they grow up a credit to their parents.

Father is Intent
on giving Jack a College education. He doesn't want him to experience the hardships that were his in early life. Mary, too, must be given special training for later years. This will cost a lot of money. The margin between income and expenditure is not very large, still he hopes in later years the children will appreciate the sacrifice.

Back of it all mother and dad are growing old. The bald spot on father's head plus the grey hairs above mother's temples show plainly that only a few years of activity remain to plan and save for the sunset of life. In a short time the children will be grown up and passing through similar experiences. It would be embarrassing to be compelled to turn to them for support.

The events depicted above are an every day occurrence. Thousands have solved the problem with a **Manufacturers Life Long Term Endowment**. This policy would provide funds to enable mother to carry on and keep the home together should the inevitable happen. If, however, both live until sixty-five, the insurance would become payable for the remainder of life in the form of a **monthly income**, if desired. What could be finer? What could be more practical? Let us tell you more about it.

Weighing as Necessary as Bookkeeping
Let **Fairbanks Dial Scales** keep an accurate check on all transactions

The merchandise you deal in represents your money. When you pay out or receive money you are accustomed to counting to the exact cent. It is just as important that you know the exact quantity of merchandise you sell or buy, and this can only be ascertained by weighing. Weighing tells you exactly where your profits are made, where losses creep in.

Fairbanks Dial Scales are built with three objects in view—first, to give accurate weight not only when new but under long and severe service; second, to speed up weighing and third to reduce the possibility of errors which were easily made in beam reading.

These scales follow, in general, the same principles that years of weighing experience have proven successful in the Fairbanks beam scale. All parts are sturdily built to withstand rough usage as well as ordinary wear, and with the finest of materials and workmanship to give sensitive and accurate results.

Fairbanks Dial Scales are made in the following styles: Bench, Bench fitted with adjustable stand, Portable Platform, Overhead Suspension, Overhead Track, Self-contained and Heavy Duty.

Write or Phone our nearest office for full particulars.

75 Prince William Street, Saint John, N. B.

ADDED POWER
FROM THE ENLARGED ENGINE OF THE NEW OLDSMOBILE SIX

THE Oldsmobile Six laughs at hills. It puffs complacently over the rough roads—speeds in swift, silent flight along the open highway. And in traffic you can scarcely think faster than Oldsmobile will act.

In the **NEW**, improved Oldsmobile Six Engine, with its larger bore, there is power to spare. But, in addition, Oldsmobile offers you an economy and security never before achieved in a car at Oldsmobile price.

Crankcase dilution, with its attendant loss of efficiency, has been reduced in Oldsmobile Six by the system of Crankcase Ventilation.

By this system, the air from the crankcase is being constantly drawn off through the carburetor, taking with it the vapor and unburned fuel which cause dilution. Before entering the carburetor this air is cleaned, as is the air entering the carburetor from without—two air cleaners are used on the Oldsmobile Six.

An oil filter, improved combustion chamber, two-way cooling system, double valve springs, are but a few of the features that place Oldsmobile Six far in advance of its field.

CAMPAIGN FOR MEMBERS SOON BY RED CROSS

Drive to be Held October 4 to 9—Extension Urged

At the quarterly meeting of the New Brunswick division of the Red Cross, held yesterday, it was decided to hold a province-wide membership campaign October 4 to 9, but any branch wishing to hold one in advance of that date was given the privilege. It was decided that all membership fees would be sent direct to the provincial office and local branches would finance their operations in some other way. It was suggested that each branch

observe Armistice Day and have a roll call of the members. The obligation of the provincial division to be self-supporting was dealt with by Mrs. L. Foster and Mrs. I. P. Longley spoke on the extension of Red Cross endeavor, dealing especially with the equipping of outpost hospitals. Pending the adoption of a new draft of constitution it was agreed that the whole membership fee must be sent in to the provincial office, local branches seeking other means of financing their work and the provincial division, undertaking to return to branches requiring assistance any sum in excess of the provincial office minimum needs for operation.

14 NEW NURSING CLASSES

The home nursing report given by Miss S. A. Barrington who, with Miss Jessie L. Lawson, had just completed a provincial tour of 723 miles, told of 14 classes organized since the June meeting, pointed out the great need for this work and the eagerness of the people to receive its benefits. Miss Jessie L. Lawson in her report as Junior Red Cross supervisor, said that in her provincial trip she had visited 19 schools where Junior Red Cross is established and 16 schools that are considering organization, gave 84 talks or addresses and investigated nine cases of handicapped children recorded in the recent survey. Mrs. Walter C. Allison in the sewing committee report reported 92 skirts of yarn sent out and 89 garments and two quilts received from Chatham, Welsford, Roxbury, Hampton, Saint John, Lakeville, St. Stephen, Riverside Baptist Missionary Society, Apohaqui and Centerville.

89 ARTICLES GIVEN OUT

The relief report showed 89 articles had been given out, 22 to Sussex, 22 to Riverview for Albert and 42 in Saint John. The hospital committee report was given by Mrs. Leonard Tilley and referred to the comforts supplied soldiers in hospitals. Outings were given soldier patients at Robbsey and Riverview and they were entertained at the Saint John exhibition. The hospital committee had organized a volunteer motor corps for drives for the soldiers, 28 automobiles being listed. Red Cross pennants were placed on the cars when they were being used for the Red Cross. Mrs. Tilley appealed for gifts of

KING ATTACKS PREMIER AND MR. STEVENS

Says Minister of Customs Promoted Oil Firm on Commons Paper

Canadian Press NAPANER, Ont., Sept. 11.—The Prime Minister and the Minister of Customs were both sharply attacked by MacKenzie King here last night. Mr. Meighen for his recent reference to the late Hon. George Bolvin and Hon. H. H. Stevens for his use of House of Commons stationery in connection with the sale of oil company stock.

Persistence Necessary

Long continued and persistent effort is always necessary to bring mankind into conformity with great ideals; and a good fight bravely lost for a sound principle is always a victory.—Secretary E. Root.

LOST ALLIGATOR IS LEGAL PROBLEM

PATERSON, N. J., Sept. 11.—Archie the three-foot alligator caught in the Passaic River on last Saturday by Charles Sisko, after it had enjoyed a three-weeks vacation from its pen in

West Side Park, has become a legal problem to the city because of Sisko's refusal to return it to the Park Commission.

Sisko faced the danger of a ninety-foot drop from the Passaic Falls in capturing the alligator. He believes he should receive a reward of \$50. Since some of the city officials agree with him, he now has Archie in his cellar and says the animal will stay there until the money is paid. The Park Commission is anxious to

recoiler the alligator, but cannot pay Sisko a reward. It sent Detective Sergeant William H. Lord after the alligator, but Lord could not persuade Sisko to give Archie up.

GIVEN SHOWER. About 25 friends of Miss Eva Stevens of Fairville, gathered at the home of Mr. and Mrs. Viggo Pedersen, Brookville, on last Friday evening and tended Miss Stevens a linen shower in honor of her approaching marriage which had been set for September 13, but which has been postponed until later in the month on account of serious illness in the family of the prospective bridegroom. After a corn-bowl and supper on the beach, a basket of beautiful and useful gifts was presented to the bride-to-be, after which dancing and music were enjoyed at the home of Mr. and Mrs. Pedersen. Minard's Lintment for Toothache.

SUMMER HEAT HARD ON BABY

No season of the year is so dangerous to the life of little ones as is the summer. The excessive heat throws the little stomach out of order so quickly that unless prompt aid is at hand, the baby may be beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum, dysentery and colic are most prevalent. Any of these troubles may prove deadly if not promptly treated. During the summer the mother's best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep baby healthy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Dainty Underwear for 15c!

Those delicate, true tints the fabric had when new! You can do such tinting if you use real dye. Soft, but perfect shades for all your underthings, stockings, etc. And don't stop with tinting! "Return of JESUS CHRIST TO EARTH With His Saints" (If you want to hear a message which will make your heart glad, come) We shall see the joy in store for the Christians who come from heaven with JESUS to earth to reign with Him from Jerusalem for 1000 years. Baritone Solo—"Open My Eyes That I May See". Soloist, the Preacher Soprano Solo—"Who is On the Lord's Side?". Soloist, Mrs. J. W. Pike Thur., Fri., "Two Healing Services" at 8 p. m. I have seen wonderful healings take place in the name of JESUS CHRIST. Recently a dear one was ordered to the hospital to be operated on for appendicitis. I anointed this one and prayed for healing in the name of JESUS CHRIST. On arriving at the hospital the doctors could find no cause to operate. Why? JESUS CHRIST had healed this dear one. I am sure the doctors love to see people healed rather than operate. YES! Cancers and Tumors disappear in the name of JESUS CHRIST. Come, dear people, no matter what your sickness is JESUS can heal you. William Boaz Macgregor, the World Touring Preacher

Too Late

IN the bright heyday of youth, who could tell him of the storms that lay ahead? Later, when he had the full strength of manhood, who could hint to him of weakness or ill-health?

The need for Life Insurance protection always seemed dim and remote—and because of this the day of decision was deferred.

And then came the day when he tried to get Life Insurance, but the attempt merely brought a more grim realization of his need. His health was not what it had been.

Too late!

Avert this tragedy from your life! Obtain the security of Life Insurance while you may. Now, while you are strong and well, the protection of Life Insurance is obtainable, and the yearly outlay will be less than in the future. Decide today, and see a Life Insurance representative before you, also, are too late.

PACKED HALLS GREET MEIGHEN AT SARINIA, ONT.

Stops on Way to Meeting and Pays Tribute to War Dead. Canadian Press. SARINIA, Ont., Sept. 11—Two packed halls, a second overflow and a crowd gathered in streets outside following the speech from amplifiers, welcomed Premier Meighen to Sarinia last night. A long procession of automobiles preceded the Prime Minister on his way through the city to the village of Point Edward just outside the limits of Sarinia. Mr. Meighen paused on the steps of the war monument to pay tribute to the dead.

DR. JAS. CHRISTIE DIES IN BOSTON, 96 YEARS OLD

Was Prominent Here and Helped to Establish General Public Hospital

DR. JAMES CHRISTIE, who for nearly half a century was a prominent and popular physician, known to every resident of Saint John, and who was associated in the founding of the General Public Hospital here, died at the Phillips House, Massachusetts General Hospital in Boston, Friday, Sept. 10, 1926, aged 96 years. Word of his death was received in the city last night.

Many here will remember Dr. Christie as a kindly, genial physician. The doctor was the eldest of the three doctors Christie who were practicing their profession in this city at one time, all members of one family, and while each of the three was a leader in his profession and each

skilled surgeon, Dr. James ranked prominently. He was a son of the late William and Anne Christie and was born at Nerepis. His medical training was obtained at a medical school in Philadelphia and shortly after his graduation the United States was in the grip of the Civil War.

SURGEON IN CIVIL WAR

Dr. James Christie served as an army surgeon throughout the conflict and then returned to New Brunswick to practice his profession. He located in Saint John and he was soon acknowledged as the ablest surgeon of this city at that time. He assisted and supported Dr. William Bayard in his pioneer work in establishing the General Public Hospital in Saint John and throughout his long years of life in this city he retained a very keen interest in the welfare of that institution. Up to about 10 years ago he was serving as a member of the Board of Commissioners.

HELD HIGH OFFICE

Dr. James Christie had held the highest offices his associates—in the profession could bestow. He was president of the New Brunswick Medical Society, president of the Saint John Medical Society and a member of the Medical Council of New Brunswick. He was most hospitable and loved about the city in his doctor's carriage he was a striking figure of very handsome appearance. It was only half a dozen years ago that he left Saint John to reside with his daughter, Mrs. K. N. Bostwick, at Brookline, Mass. In his United States home he still retained a lively interest in all the doings of his native province and the city of Saint John and when New Brunswickers visited him he was eager to know of all the changes and happenings here. He was remarkably active and retained his faculties unimpaired.

ACTIVE IN COMMUNITY

His younger brother, Dr. William Christie, studied medicine in his office and was closely associated with him. Dr. William Christie practiced in the north end of the city and was also one of the leading surgeons of the city and also served as alderman. A third brother was Alexander Christie, of the Christie Woodworking Company, Saint John, and his son, Dr. William A. Christie, was also a very able surgeon. Dr. William A. Christie died only a few years ago.

HARD PIMPLES ALL OVER FACE

Lasted Three Years. Healed by Cuticura.

"My trouble began with pimples breaking out all over my face. They were hard, large and red, and festering and scabbed over. The pimples used to burn, causing me to scratch, and my face looked so badly that I was ashamed to go anywhere. I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I purchased three and I was healed after using three boxes of Cuticura Soap and four boxes of Cuticura Ointment." (Signed) Miss Rena F. Warren, Diligent River, Nova Scotia.

Rely on Cuticura Soap, Ointment and Talcum to keep your skin clear.

Solely: "Wholesale & Retail, Address: Canadian Agents: Cuticura Shaving Soap 25c.

PAINS ALL OVER BODY

Two More Cases of Feminine Illness Relieved by Lydia E. Pinkham's Vegetable Compound

Barrington, N. S.—"I had terrible feelings, headaches, back and side aches and pains all over my body. I would have to go to bed every month and nothing would do me good. My husband and my father did my work for me as I have two children and got me a bottle, and then we got more from the store. I am feeling fine now and do all my work and am able to go out around more. I tell my friends it is Lydia E. Pinkham's Vegetable Compound that makes me feel so well."—Mrs. VICTOR RICHARDSON, Barrington, Nova Scotia.

Dull Pains in Back

St. Thomas, Ont.—"I took four bottles of Lydia E. Pinkham's Vegetable Compound and found great relief from the dull, heavy pains in the small of my back and the weakness from which I suffered for some years after my boy was born. After taking the Vegetable Compound and using Lydia E. Pinkham's Sanative Wash I am feeling better than I have for the past seven years, and advise my friends to take it."—Mrs. F. JOHNSON, 48 Moore Street, St. Thomas, Ont. G

Mass., and Mrs. G. B. Gerrard, of Montreal. There are also two grand-children surviving.

The body is being brought to Saint John and the funeral will take place on Monday afternoon at 6:30 from Brennan's funeral home, 111 Paradise Row.

GOING ON VACATION

Edwin Thomas, night deskman at police headquarters, leaves on Monday for a well earned vacation and, accompanied by his wife, will visit Quebec and Montreal.

THREE STEAL \$500,000 MAIL

CHICAGO, Sept. 10—Three robbers seized mail of an estimated value of \$500,000 on a Grand Trunk Railroad train near Chicago today and escaped.

The Liberals Are Sure To Win the Election!

That is the Report, From Coast to Coast. Why Should Saint John-Albert Get Out of Step? What Benefit Comes From Seats in Opposition?

VOTE FOR R. T. HAYES and W. M. RYAN VICTORY CANDIDATES

A demand for Harbor Commission will be made by Messrs Hayes and Ryan, if elected. Mr. Ryan assured the electors of Saint John-Albert, at the monster mass meeting in the Imperial theatre. Rt. Hon. Mackenzie King, who was present, and the people take up the cause initiated by Messrs Ryan and Hayes, that of harbor commission. It means tax relief; it means a bigger and better port; it means more work and more business; it means increased prosperity in winter and summer.

WHAT MEIGHEN MEANS.

"The higher tariff will naturally benefit the industrial districts of the Central Provinces first"—Rt. Hon. Arthur Meighen, at Saint John.

Mr. Meighen was not concerned with the Maritimes' Needs.

Meighen Tied Canada to Portland, Maine. Now He Opposes British Preference.

The Liberal Government Balanced the Budget and Produced a Surplus.

Let Mackenzie King and Robb Again Restore the Prosperity Era.

Liberals Lower and Remove Taxation. Tories Favor Direct Taxation and Increases in Taxes.

AN INDEPENDENT VIEW.

(The Saint John Globe)

"The government at Ottawa after September 14 will be Liberal. That Mr. King will be the premier after election is not doubted either by Liberals or Conservatives. Why be represented by candidates unfriendly to that government. Vote, therefore, Messrs. Hayes and Ryan.

"Saint John voters who look Mr. Meighen's promises over will not find among them any reference to a harbor bridge or to increased dock facilities either at east or west Saint John. Among Mr. King's promises will be found assurance that legislative effect will be given to Maritime Rights Commission findings. That is a real promise."

Six Seats, an Increase of Five, will be captured in New Brunswick by the Liberals. Nova Scotia reports a Rapidly Rising Tide in Favor of Liberalism there. Prince Edward Island is Sure to send Three Liberals to Ottawa, probably Four. Hon. Ernest LaPointe predicted at Moncton that Quebec will elect Sixty-three Liberals. The West, with Straight Low Tariff and High Tariff Fights, will go Solidly Against Meighen.

VOTE LIBERAL---VOTE FOR THE VICTORY PARTY---VOTE HAYES and RYAN

GYPROC Advantages

- Fire protection.
- Low cost.
- Cannot burn.
- Saves like lumber.
- Non-warping.
- Can be painted, papered or paneled.
- Resists heat or cold.
- Easily handled.
- Eliminates repairs.
- Sanitary.
- Will not crack.
- Keeps out moisture.
- Keeps out dust and dirt.
- Easily, quickly applied.

NO MORE CRACKED WALLS or FALLING PLASTER!

Walls and ceilings of lath and plaster are bound to crack—the plaster is bound to fall—repairs are bound to be made some day. For, no matter how well applied, plaster cannot hold together indefinitely. In two, five, ten, fifteen years it will disintegrate and crumble.

You may say "But what shall I use instead of plaster?" The answer is "Gyproc Wallboard."

Gyproc is much less expensive than lath and plaster, can be erected in half the time, and makes your walls and ceilings fire proof, heat proof and cold proof. And Gyproc cannot crack. It is solid rock—therefore strong and permanent. Can be papered, paneled or painted. Just fill in the joints with Gyproc Joint Filler and you will have a perfectly smooth, flat surface—ready for decoration—that insulates your home against winter cold and summer heat. The saving in fuel bills alone will pay the cost of Gyprocing your home.

Write us for full information, or see any of the reliable dealers listed below.

GYPROC IS MANUFACTURED IN CANADA, ENTIRELY FROM ROCK MINED IN NOVA SCOTIA, BY CANADIAN LABOR.

Why build to burn? Gyproc does away with inflammable wood-lined walls, roofs, ceilings and partitions.

REGATTA COURSE CHANGED TO HARBOR FROM COURTENAY BAY

THOUSANDS ARE EXPECTED TO WATCH EVENTS

Championship Ball Game With Moncton Also Carded

THE regatta today will be held in the harbor and not on Courtenay Bay, it was decided at a meeting of the Saint John Rowing Club Committee yesterday afternoon. Obstructions in the Courtenay Bay course moved the committee to make this change. The races are now within easy reach of citizens and are expected to be witnessed by thousands. Three races are on the card, the Ross cup race, the four-oared race, and the senior singles.

In addition to the regatta, sports fans in the city have also a championship ball game carded between Moncton and Saint John on the East End grounds starting at 3:30 o'clock with the regatta scheduled to begin at 2 o'clock. For Hamish will pitch for the Watermen, and it likely that Harris Wall will be the Moncton slabb artist. John Armstrong will be back in the line-up with the locals.

A former Saint John player is in the Moncton line-up in the person of Eddie Strirling, brother of W. E. Strirling. Eddie pitched last year here on the Saint Johns and this year has taken part in several games for the Moncton team.

Greenville Ring, captain of the Millidgeville crew, said members of the crew felt slighted in that they were not asked to participate in the regatta. Officials said yesterday that the events were open and no dates set, the fault rested with the Millidgeville crew. The Millidgeville crew will likely challenge the McGinnis crew if they win today.

The positions for the three races are as follows: Ross Cup—Anthony Belyea, No. 1; Art O'Connell, Halifax, No. 2; Grandville McAvour, No. 3; Ronald Ingram, No. 4.

Four-oared crew—McGinnis' Crew, No. 1; Micmacs, No. 2; Senior Singles: O'Connell, Hilton Belyea, Jack Ward.

Bessie McKiyo Takes Presque Isle Feature

PRESQUE ISLE, Me., Sept. 10.—On the closing day of the Northern Maine Fair, Bessie McKiyo (210 1/2) the community owned pacer racing over her home track, won the free-for-all race today with El in two breakings kept her while old John R. Braden kept well up, but made no fight.

WINS ON FOUL ALBANY, N. Y., Sept. 11.—Bill Goethe, Albany negro heavyweight, felled Bud Gorman of Kenosha, Wis., Gene Tunney's sparring partner, in the third round of a scheduled 10 round bout here last night. The negro was disqualified. Goethe weighed 197, Gorman, 201 1/2.

Shortstop for the Chicago Cubs, last year, playing with St. Louis, he headed the National League for that position.

Threat of Boston Braves To Pennant Contenders Looms Strongly

Constructive Ideas Now Need of Amateurism In The Maritimes

PRESIDENT DOYLE'S appeal to eliminate all personalities through the newspapers in a discussion of the present amateurism and continue the issue to constructive ideas for the betterment of conditions must strike a responsive chord in the hearts of those who are honestly striving for a fair deal.

To pry open the cover and reveal a state of affairs that is disconcerting, to say the least, is never a pleasant task, but having uncovered what is rotten, there seems little need to get up on the housetops and tell the world that it is the other fellow who is all wrong.

It is enough that in such a crisis as has arisen there is need for some clear-headed thinking and acting and that no good will ever be accomplished by petty bickering among sport leaders in an effort to fault themselves before the public.

There is no need to labor the point. It must be patent to all who are sincere in their desire to help amateurism. Full, frank, aboveboard discussion is welcomed and desired. Personalities should be avoided.

This question of amateur and professional has been a debatable subject ever since the first pre-historic man ran his race for life with the dinosaur. That, however, was a professional race, out and out. There was no love of the game in it unless it was on the side of the dinosaur. In this case the cave man was a pro. A rich stake was at the other end—life itself.

Any man who runs for his life is not an amateur. The extinct mesozoic animal (we borrowed this description from Mr. Webster) must have felt free and happy in that great world of his. M. P. B. affidavits to take and no starter's pistol to worry him. It was just a free happy-go-lucky contest from his viewpoint with the winner taking what he could get.

It never lived in any dread of bullets announcing his suspension. That came later when the buffaloes took the form of bullets. They rushed him just as amateur bullets ruin many a good athlete today.

What we started out to say was this is a vexed question and must have caused considerable debate around the campfires just as it causes much battling of words at annual amateur meetings.

BROKE UP WITH KEARNS TO KEEP FAMILY PEACE

NEW YORK, Sept. 11.—Jack Dempsey was quoted yesterday as having split with Jack Kearns, because the heavyweight champion's wife, the former Estelle Taylor, could not get along with his erstwhile manager.

In an affidavit filed by counsel for Kearns the latter's suit for a third of a million dollars against Dempsey, Jersey City, N. J., was filed yesterday. Dan McKeetrick, well known boxing manager and trainer, the champion told him the break was necessary "to keep peace in my family."

ATLANTIC CITY, N. J., Sept. 11.—Self confidence and ring generalship are the prime requisites of a pugilist champion, in the opinion of Jack Dempsey. Fencing strength and physical condition are, of course, necessities, but mastery of mind over an opponent wins many battles that mere punches and shifting of feet would lose.

The champion delivered himself of this opinion after his workout yesterday in reply to questioning as to what method of battle he would employ against Gene Tunney in their title fight in Philadelphia, Sept. 23. Then the champion made a startling statement: "I always fight the other fellow's way," he said. "I figure if I'm champion I ought to be good enough to match any style of fighting that I'm put before me. If I fought in the same manner in each fight, some clever fellow would be able to follow from the weak points in that style and beat me. And there are, of course, weak points in any way of fighting. Therefore, I always let the other fellow start something and I try my best to finish it."

Last night Dempsey, in a moment of gentleness, sent in care of a New York Times writer, a message of goodwill to Tunney. In his message, Dempsey said he would be in excellent condition for the fight, assured the challenger of his friendship—outside the ring—and stated he didn't believe all the outing statements that Dempsey has made about how he would knock out the champion in a round or less, and such.

WATCHES BATHING BEAUTIES. Although Dempsey had announced that he would not come to Philadelphia today to see the beauty pageant on the boardwalk, he changed his mind and was at the Ambassador Hotel this afternoon watching the spectacle pass.

The champion went out for a three-mile walk this morning, but it was nothing more than stroll, and afterward he went fishing with Mike Trant. Dempsey caught a fish which was two feet long, but just what kind of a fish it was he did not say. It was two Dempsey camp seemed to know, "We are not in the fish business," they said. "It is only a diversion for the champ."

The referee question will probably be one of the topics discussed at a meeting which will be held in Philadelphia at a meeting of the boxing commission and the managers of the two boxers. At this meeting also it is also expected that Billy Gibson, manager of Tunney, will go through

Under the rules of Pennsylvania the referee is not called upon to make a decision only in case of a deadlock between the two judges. In case the judges disagree the referee is the sole judge. The referee question will probably be one of the topics discussed at a meeting which will be held in Philadelphia at a meeting of the boxing commission and the managers of the two boxers. At this meeting also it is also expected that Billy Gibson, manager of Tunney, will go through

U. S. TENNIS TEAM RETAINS DAVIS CUP

PHILADELPHIA, Sept. 10.—For the seventh consecutive year and the tenth time in the history of Davis Cup competition the United States has established her world's supremacy at tennis. The defence of the historic trophy was settled today as decisively as it was begun when the United States doubles combination of Richard N. Williams and Vincent Richards smashed their way to triumph over France's pair, Jacques Brugnon and Henri Cochet, in a sparkling three-set tussle, decided by scores of 6-4, 6-4, 6-2.

This was the third straight victory for the United States over France, whose bright hopes, as the survivor of 24 original national challengers, have been blasted for the second year in a row. Coupled with the convincing triumph of "Big Bill" Tilden over Jean Borotra and "Little Bill" Johnston, Dan McKeetrick, well known boxing manager and trainer, the champion told him the break was necessary "to keep peace in my family."

The formalities of getting a license for the Kennel Club racetrack tomorrow will be one of his new sparring partners. Loughran arrived this afternoon with his manager, Joe Smith, and it was expected that the details concerning Loughran's engagement to spar with the champion would be settled before the afternoon.

Jimmy Slatery, of Buffalo, also is expected tomorrow and if he arrives in time he will go in the ring against the champion. The three days' lay-off by the champion has made him hungry to get into the ring. Canvass hawks have been made for three sides of the ring at the dog track as a windshield when Dempsey is working out in bad weather. He will take no chances whatever of contracting a cold.

Dempsey expects to "work rather steadily" for the next ten days. He may alternate his sparring partners using the light ones one day and the heavy ones the next. He will probably work Friday, Saturday and Sunday and then if he feels that he is getting overworked he may lay off again for a day or so. The strenuous work will be revived again tomorrow.

A man called at Kerry Cottage this morning when Dempsey was absent and wanted to see the present champion. The man, who is a present champion of the Moncton-Saint John game for championship of New Brunswick, light with Jake Kilrain in Richmond, Miss., 24 years ago. The stranger said he was an admirer of the champion and wanted to lend it to him personally, so he will call on Dempsey again tomorrow. He did not leave his name.

NEWCASTLE NOW IN BASEBALL FINALS

NEWCASTLE, Sept. 10.—Before the largest aggregation of baseball fans who ever witnessed a baseball game in the history of the Miramichi, Newcastle, with Briggs pitching both games, the finals with Fredericton, won both contests today, thereby earning the right to play off with the winners of the Moncton-Saint John game for championship of New Brunswick.

"Honey Boy" Bill

NEW YORK, Sept. 11.—The Boston Braves, who knocked the New York Giants out of the National League pennant in the closing stages of the 1925 baseball season, threaten to treat St. Louis likewise in the present scramble. The Cards lead today in but 2 1/2 games, with Cincinnati still second and Pittsburgh third, three apart.

The Braves, languishing at the tail end of the circuit, were directly responsible yesterday for the Cards' game loss to the Cincinnati Reds, and the Pirates, who spent the day in a futile effort to solve the second place problem decisively. The Braves smote St. Louis lustily, 11 to 3, while Cincinnati and Pittsburgh won games from each other by the same score, 8 to 2.

The threat the Braves offer to the three contenders can hardly be minimized, as all three leaders must meet them shortly. Boston has a habit of taking copious defeats in their foreign tours, only to turn upon invaders of their home park, with dire results to pennant aspirations. The Cards have three more games with the Hubmen, Cincinnati two and the Pirates three. In home games played against this trio this season, just half, or 12 out of 24 battles, have gone the Boston way. It was the same Boston team that proved hardest for Pittsburgh to defeat last season, when the world champions were cruising pennant-ward.

Philadelphia embled Boston, rising to smite the Chicago Cubs, 8 to 4, and break Guy Smith's record of eight straight victories. The defeat pushed the Bruins three games below third place. Heavy silence shrouded the leaders of the American League, with St. Louis halting the six game winning streak of the Chicago White Sox 5 to 4.

U. S. TEAM WINS AND CLINCHES DAVIS CUP

PHILADELPHIA, Sept. 10.—The United States today clinched possession of the Davis Cup, tennis championship trophy, for the seventh straight year, when her doubles team of Richard N. Williams and Vincent Richards defeated the French pair, Jacques Brugnon and Henri Cochet, 6-4, 6-4, 6-2.

"Why do you speak of your husband as a theory?" "Because he so seldom works."

U. S. SCHOONER IS ARRESTED IN ALBERT CO.

Three-Master Held at Harvey on Claim of Crew for Wages

HOPEWELL HILL, Sept. 10.—The American three-masted schooner, W. T. Bell, which recently cleared for New York with a cargo of laths loaded in Albert, was placed under arrest tonight by Sheriff A. H. Peck, under warrant issued by the Admiralty Court of New Brunswick on a claim of the members of the crew for wages amounting to some \$400. The absence of the captain prevented the service of a bill of summons tonight.

The American captain who came here with the vessel left some days ago when the owners of the craft, it is said, failed to respond to his request for funds to pay the crew and a Sackville man, Captain Reid, was engaged. Besides the claims of the crew it is understood other parties also have claims amounting to several hundred dollars for spar-making, etc. which are likely to be presented later. The vessel is now at Harvey Bank in charge of a watchman placed on board by the sheriff.

Graham, Liberal candidate in Cariboo constituency, today declared he was born in Ayrshire, Scotland, and, although he spent a

BEHIND THE SCREENS

By GENE COHN

SCIENCE has moved another geographic limitation. The world premiere here of the Vitaphone was but an augury that a few months hence one may wander into a neighborhood ten miles off a railroad and listen to Michael Zimin, while watching a film follow every movement of his bow and mirror each vagrant expression. The possibilities are staggering. For certainly this is the nearest approach to synchronization of sound with screen action, and there is a great deal of accuracy in the reproduction of sounds. Of course, any device that depends on the amplifier or loud speaker for effectiveness of sound distribution is almost certain to echo confusion when mass sounds, such as a symphony or a chorus, are undertaken. This, it seemed to us, was a weakness, but compensation came in the form of solo work which, with the eye following the artist, is often uncannily real.

The Warner Brothers chose to introduce this device, which may prove the solution to the music problem in many small city theaters, at the world premiere of "Don Juan." A consensus of critical judgment voices the choice as unhappy. Outside of exquisite camera work and composition of scenes the John Barrymore picture is "nothing to write home about." Out of the mass of legends surrounding the "great lover," has been chosen a story that might easily have been culled from any of the old Doug Fairbanks and wild westerns. Obviously the writers struggled with the problem of how to present a Don Juan that would get by the censors and the great mass movie goers. In doing this they... Don Juan ceases to be Don Juan, and whatever his reputation for heart-breaking, one feels that his heart are left broken here. In other words he is "covered up" to "sell" him to the audience. He was allowed a "great and big love" in which a caption has him resting: "Teach me never to lose my faith in woman again!" Shades of Byron!

In other words, this Don Juan is a victim of a father's unhappy love and not of his own amorous instincts. And that's pretty much the way Barrymore plays him.

Perhaps the most crying weakness is

The musical comedy surroundings in which he is thrown. One never gets the illusion that the grilles of the Borgin belt and time are anything but Shubert and Ziegfeld pale in period costumes. Lovely as Mary Astor is to look upon she was completely out of type, and Estelle Taylor as the Borgin, was the one woman in the cast who allowed moments of conviction. After watching Barrymore lay whole armies out cold with a single sword thrust, one became aware of why Estelle may have married Jack Dempsey.

Dempsey, maybe, is the only man who could lick Don Juan.

BILL HART recently donated \$200 toward a pension fund for Los Angeles police horses. The screen cowboy and his love for equine animals and that he had no thought of publicity. Perhaps he didn't—but his press agent certainly saw the possibilities of such a gift.

Baby Hippopotamus Due At London Zoo

LONDON, Sept. 10.—A baby hippopotamus is expected to be born at the London Zoo at any time. It will be the first arrival of its kind since 1872.

The expectation has been kept a close secret for nine months, and it is causing the utmost excitement among the keepers, and everyone daily and hourly enquires "How is Joan?" and "Has it arrived yet?"

"Guy Fox," the first baby "hippo" to make her debut in the Zoo, was born on November 5, 1872. She was very

popular, and lived in state for 82 years, when she died of heart failure. Since then, for 22 years—the Zoo has been without any baby "hippo" at all.

SHIP BONDS TO SELL

Insure Against Dirt

DUST is bound to collect. You spend two worrying weeks yearly trying to clean it out. During the other fifty weeks you simply move it from room to room.

A TORRINGTON MODEL C CLEANER will keep a house fresh and clean at all times.

Rugs, carpets, walls, ceilings, bureau drawers, radiators, closets, clothing, window drapes—they'll look alike to a TORRINGTON.

The Nine TORRINGTON ATTACHMENTS are made for actual cleaning service—not simply as extras to help sell the machine.

Low operating cost adds to the pleasure of owning and using a TORRINGTON.

Cash will put a Torrington Electric Vacuum Cleaner, complete with attachments, in your home, the balance in 10 monthly installments of \$6.50, or cash price \$65.00.

COMPLAINT TO POLICE A complaint was made last night to police headquarters from a woman who said that a crowd of men were drinking in an old barn in the rear of her house in Beira street.

JEWISH FESTIVITIES The exercises in connection with the ushering in of the Jewish New Year were brought to a close last evening with a service in the Synagogue, Carleton street, at 7 o'clock.

SEE THE FALLS

At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River and forcing it over the falls.

At low tide the water in the Bay becomes so much lower than that of the river, that the fall of water is increased and flows down river into the Bay.

At half tide, when the level in the Bay and River are about equal, the falls disappear entirely and the water at the Falls becomes smooth as the surface of a lake.

To fully appreciate this wonder of the world should view them at all three stages.

Tomorrow (Daylight Saving Time.) High Tide..... 3:17 p. m. Low Tide..... 9:15 a. m.

Monday High Tide..... 3:54 p. m. Low Tide..... 9:53 a. m.
