Five Write Failure as Verdict
on Genoa Conference, and
Censure Premier's Defence
— Post Says "Men Who
Stayed Home Were Wise."

(Canadian Press Cable)
London, May 26.—The editorial
verdict in London this morning on Premier
Lloyd George's Genoa speech is directly
opposed to that of the house of com-
mons which gave him what is considered
the equivalent of a vote of confi-
dence. Five of the principal newspaper
editors write "failure" across the top
of the conference, and having nothing but
ensure for the premier's defence of his
foreign policy. Two others, however,
praise on the conference and Mr. Lloyd
George's report.

New Royal Arms of Canada

An attractive booklet has been sent
from Ottawa giving interesting facts
about the new Canadian coat of arms,
which was authorized by royal procla-
mation some time last year, and telling
of the reasons for adopting this emblem.
It contains a fine engraved colored plate
with the coat of arms in minute detail
on the second page, and cuts of the same
on the cover and third page. Inside there
is a copy of the royal proclamation, and
then treatise on the reasons for

As Hiram Sees It

"Hiram," said the
Times reporter to Mr.
Hiram Hornbush, "I
was welding a pick and
shovel on a neighbor-
hood playground the
other evening."
"I'll bet a big apple,"
said Hiram, "you didn't
hev no crowd lookin'
on."
"You are quite right,"
said the reporter.
"An' I'll bet you
didn't hev nobody grab-
bin' them tools out of
your hand an' askin'
you to rest a spell."
"You are right again,"
said the reporter, "but
I did have a group of
fine young fellows bring me."
"I'll bet you didn't hev a dozen," said
Hiram.
"Right again," said the reporter.
"An' it cur'ous," said Hiram, "how
little most people cares about doin' any-
thing that's s'nt paid fer? An' how
many just loaf around an' don't know
hardly what to do with themselves when
they might be buildin' to with other
good fellows 'doin' somethin' with
while? Mister, the'd be plenty o' play-
grounds an' other things we need if
folks 'ud jist get together an' do a little
plannin' an' workin' when they s'nt got
nothin' else to think about. An' it 'ud
do 'em all good—yes, sir."

Belyea's Entry For

Papers Make Feature of Announcement—Costello
and Codman to be His Opponents in Race To-
morrow—Looked on as Giving Line on Cham-
pionship of June 3.

(Special to Times.)
Philadelphia, May 26.—Philadelphia exhibits a singular apathy
toward tomorrow's regatta. The morning papers, however, feature
a paragraph from St. John announcing that Hilton Belyea's entry in
the Diamond Sculls event in the Royal Henley regatta at Henley,
England, early in July, has been forwarded. The Philadelphia
North American comments briefly on the fact that the Philadelphia
sculler has for the Farragut challenge cup, with Belyea, Costello and
Codman, a Bostonian, entered, should be one of the features of the
regatta as it will give a real line on the chances of the first place in
the Philadelphia Gold challenge cup race to be rowed on Saturday,
June 3, on the Schuylkill.

IRISH LEADERS
MEET CHURCHILL
IN CONFERENCE

Griffith, Duggan, O'Higgins
and Kennedy in London.

Collins May be There To-
night—Minister Hopes to
Make Statement in Com-
mons on Monday—Candi-
dates Plentiful in Southern
Ireland.

(Canadian Press Cable)
London, May 26.—Arthur Griffith,
head of the Irish delegation in London
to discuss the Irish situation with the
British cabinet, had a preliminary con-
ference at eleven o'clock this morning
with Winston Churchill, secretary for the
colonies. The meeting was held in the
foreign office.
The Dal president is understood to
have outlined the policy of himself and
his colleagues in arranging the agree-
ment with Eamon De Valera, which it
has been stated in some quarters may
have the effect of nullifying the Anglo-
Irish treaty.
It is expected that the full conference
of Irish and British representatives will
begin at four p. m.
Mr. Griffith was accompanied here by
Eamonn J. Duggan, another signer of the
treaty; Kevin O'Higgins, minister of
economics in the Dal cabinet, and Hugh
Kennedy, legal adviser.
Michael Collins has been sent a pre-
liminary invitation and may come tonight. In
that case the real business of the confer-
ence would begin tomorrow, and, if
necessary, be continued on Sunday, so
that Secretary Churchill might make his
promised statement on the Irish situa-
tion in parliament on Monday.
Later today, Kennedy, Duggan and
O'Higgins joined Griffith and Secretary
Churchill. It was said the afternoon
conference, if held, would also be con-
sidered a preliminary character. Premier
Lloyd George, it is understood, does
not intend to participate in the deli-
berations at this early stage. He plans to
go to Chequers Court tomorrow morn-
ing and not return until Monday, when
his presence is urgently required.
The discussions will probably be con-
sidered the week-end affair if Michael
Collins crosses from Ireland tonight,
as expected, the final conference is like-
ly to be held Monday morning, when
Lloyd George present.

MILLIONAIRE'S
SON RE-ARRESTED

Further Action in Case of
Alleged Blackmail.

DISTRICT ATTORNEY SAYS
WHOLE
STORY MUST COME OUT
IF
WALTER S. WARD IS TO STAND
ON HIS PLEA OF SELF DEFENCE.

White Plains, N. Y., May 26.—Walter
S. Ward, millionaire banker's son, yes-
terday was rearrested on a charge that
he killed Clarence Peters of Haverhill,
Mass., an ex navy man, near the Ken-
sico reservoir, nearly two weeks ago.
The Canadian Trooper, Mr. Miller,
turned over to Sheriff Warner two pic-
tures which were alleged to have figured
in the story told by Ward about a battle
between him and a band of blackmail-
ers.
Ward's attorneys, however, failed to
bring to light the pictures and other
evidence which would have had upon
their victim. The district attorney yes-
terday declared that the whole story
of the alleged blackmail plot must be
unfolds to the public if Ward stood on
his plea of self defence.
He announced the receipt of a second
anonymous letter from New York seek-
ing to shed light on the scene. Other
than to say he considered the informa-
tion "a valuable clue," he declined to
discuss the letter, which had been
written partly by typewriter and partly
with a pencil. A similar letter was re-
ceived on Wednesday.
Later.
White Plains, N. Y., May 26.—Supreme
Court Justice Young this morning issued
a writ of habeas corpus for the case of
Walter S. Ward. The writ was served
on Sheriff Warner, directing him to
bring Ward into court for a hearing on
the question of whether he was again to
be released on bail.

WOMAN DIES IN
HALIFAX FIRE

Mrs. Florence Smeardon Suf-
focated and Daughter Has
Skull Fractured.

Halifax, N. S., May 26.—Mrs. Florence
Smeardon was suffocated and her daughter,
Miss Beatrice, sustained a fractured
skull as the result of a fire here this
morning at 473 Barrington street, which
occurred in their living quarters on the
second floor. A son, William Smeardon,
and H. H. Walker, a photographer, occu-
pied the same building, suffered min-
or injuries.
The fire started from an unknown
cause about six o'clock, and spread
rapidly on the walls, built of an in-
flammable material. It was put out
within an hour.
Mrs. Smeardon was shut off by the
James and attempts to rescue her by
both her son and Mr. Walker were frus-
trated. The daughter was injured when
she jumped twenty feet to the pave-
ment. Her condition was said at the
hospital to be serious.
The Yale millinery parlor on the
ground floor was damaged by water.

ST. JOHN RIVER AT FREDRICKTON
THREE FEET ABOVE SUMMER
LEVEL—WEDDING IN CAPITAL.

(Special to Times)
Frederickton, N. B., May 26.—The St.
John River at this point is now some
three feet above summer level and driv-
ing operations are still being carried on
by the St. John River Log Driving Com-
pany without great difficulty. The first
corporation drive below Grand Falls in
Madawaska Log Driving Company
on Thursday. The second drive takes
the logs driven down to the falls by the
Madawaska Log Driving Company
which completed its drive on Tuesday.
The crew which was on a drift drive
completed its rafting operations at Ken-
necobias Island early this week and ar-
rived at the Mitchell boom on Wednes-
day to make preparations for the rafting
season. Piling is now being pre-
pared for the placing of the rafting ap-
paratus. Some lumber is now in the
booms at Lincoln but it is difficult to
estimate the quantity.
Recent local rains are not expected to
have any influence on the level of the
water.
Rafting at the mouth of Nashwaak for
the Nashwaak Pulp and Paper Company
is proceeding steadily.
The parish church of St. John's, which
is being repaired, was dedicated on Thurs-
day evening in Christ Church parish
church by Lloyd Cumins, son of Mr.
and Mrs. Fred Cumins of this city, and
Miss Catherine McKenna, daughter of
Mr. and Mrs. Francis McKenna also of
Frederickton, were married by Rev. A. F.
Bule, rector of Frederickton. They were
attended by Mr. and Mrs. Gordon Cum-
ing. They will make their home in this
city.

(Canadian Press)
New York, May 26.—Baseball's home-
run clouters are on the warpath. Yes-
terday's game featured by circuit
for the circuit, opposing players, Rice
and Judge, hit for one round trip each.
Wilbert Robinson's Dodgers in two
games against the Phillies collected five
homers. Wheat scored his fifth of the
season and the others went to High
Myers, Deberry and Johnston. Peters
and Leslie of the Phillies drove one
each. Incidentally the Dodgers won
both games.
Hornby, against Pittsburgh, batted out
his tenth homer of the season, and his
fellow-player, Al Smith, got one, but the
Cards lost 7 to 3.
Hellmann, a Detroit slugger, knocked
out his seventh this season, against
Cleveland.
Altogether the home runs in both
leagues numbered fourteen. Five went
to the American and increased the
season's total for the league to 133, while
the nine in the National brought the
season's total to ninety-three.
The Cubs, with Alexander pitching,
held the Reds to a two-to-ten tie in eight
innings, not halting the contest.
Philadelphia, May 26.—Wilbur Hub-
bell, pitcher of the Philadelphia Nation-
als, who was seriously injured yester-
day when hit on the head by a batted
ball, passed a fairly comfortable night
and was reported early today as resting
easily.
British Golf Tourney.
Freatwick, May 26.—Willie Hunter,
champion, defeated E. F. Carter, of Roy-
al Portrush, by one up this morning in
the British amateur golf tournament. E.
W. Holderness of Walton Heath won from
Hasold H. Hilton of Royal Liverpool, best in 111%
by four up and two to play. Robert
Scott, Jr., of Glasgow, put Roger Wil-
fred out of the running, defeating him
by two up and one to play.
John Caven, of Cochrane Castle, de-
feated Willis MacKenzie of Moreton
Hall, at the 22nd hole.
Indianapolis, May 26.—A new record
for the Indianapolis motor speedway
track for one lap for motors of 193 cubic
inch piston displacement—124.71, an
average of 102.65 miles an hour—was es-
tablished yesterday by Harry Hart,
California race driver, while qualifying
for position in the tenth annual 500
miles automobile race, to be run on
Saturday. His time for the four lap
qualifying trial of ten miles, was
6:00.9, an average of 92.29 miles an
hour, fast enough to give him second
place in the starting line.
Calgary, May 26.—Defeating Main Di-
rect two out of three heats in the free-
for-all yesterday, Hal N. C. A. featured
the first day's races of the spring race
meet held under the auspices of the Cal-
gary Turf Club. The winner paced each
heat in 1:11.4.

BETTER QUALITY FOR LESS MONEY IN BARGAIN BASEMENTS

So Claim Best Economists Who Have Been Studying Question.

Some of the greatest economists of the country have of late been studying ways and means of bringing down the cost of living. They recognize the fact that it costs a large amount of money to distribute goods from their origin to the final consumer.

It is a serious problem at the present time to reduce the usual overhead expenses in retail establishments by any appreciable amount, but in reality the Bargain Basement methods of merchandising have done much to solve this problem, and have materially assisted the reduction in living expenses by consistently offering better qualities of goods for considerably less money.

The reason that this can be done in Bargain Basements is because the usual overhead expenses are cut to a minimum, appropriation, charge accounts, refunds, quality fixtures and other overhead expense items being entirely eliminated. Also the goods are bought for less money because they are procured in large quantities and for cash. These are the main reasons why goods of real quality can be sold for so little money in Bargain Basement Departments.

This is recognized in the larger cities and the people take full advantage of it so that Bargain Basements have won a recognized place in merchandising, a place that is so important in its ability to save its customer money that every city should have its Bargain Basement and no doubt it will not be long before St. John will have its Bargain Basement store and will be classed with these other progressive cities. 5-26

AN AERIAL AMBULANCE

Woman Was Rushed to Hospital and Her Life Saved.

Paris, May 26.—Two French military airmen, Lieutenants D'Oysan and Heurlier, engaged in a reconnaissance of Southern Tunis, landed at Bengardine, a small station, where they found the wife of a local French official dangerously ill, the only hope being an immediate surgical operation. The officers at once transformed one of their airplanes, improvised a couch therein. The invalid was thus hurried to the city of Tunis, where they landed her safely in a hospital after a five hours' flight. The operation was performed successfully on the same day.

A bench warrant for the arrest of William Hudlin was issued out of the court of Kings Bench by Chief Justice McKewen at the Sunbury County sitting this week. He is charged with criminally libelling Miss Ella McBeath of Hupples by sending to a newspaper an account of her approaching marriage to himself. Miss McBeath is a white woman and he is colored.

FORMER ACTRESS FOUND STRANGLER

Chicago, May 26.—The nude body of Mrs. Rosie Greenberg, formerly an actress known as Margaret Wendt, was found yesterday in an old lodging house which has been termed by neighbors "the house of a thousand mysteries" because of numerous crimes and unusual happenings there. A rope was wound tightly around her neck and her body showed many bruises. She seemed to have been strangled to death.

ST. GEORGE'S CHURCH W. A.

The senior W. A. of St. George's church held its closing meeting for the season this week in its room in the church building with Mrs. Corey Green as the president, in the chair. The boy's outfit which had been made by the branch was on exhibition and each member brought to the meeting some gift of canned goods or groceries which will be sent with the outfit in the bale to a mission school in the northwest. Social enjoyment and the serving of refreshments occupied the time pleasantly.

HUSBAND CANNOT LIBEL HIS WIFE

London, May 26.—A wife cannot be libelled by her husband, according to a decision by Sir Ernest Wild, K. C., at the Old Bailey this week. William Barter was indicted for publishing a defamatory libel concerning his wife, Elsie. An ancient law quoted by the recorder ruled that if a man hits his wife she has a remedy, but if he inflicts a more severe injury by writing libelous letters she has no remedy.

The indictment was quashed and Barter discharged. The recorder said he lamented the law, but was forced to recognize it.

A collection of more than 200 articles has been presented to the Natural History Society by Mrs. Chester P. Brown and all are of special interest. Included in the collection is a white bique, a quantity of newspapers and documents, a collection of 120 coins; Indian baskets; oriental curios and several photographs of St. John scenes in early days.

GREAT DEMAND FORCES UP PRICES OF TEA

The increased consumption of tea in 1921 (during which year, by agreement, the tea growers of Ceylon and India had curtailed production) forced the price of tea steadily upwards to the present abnormally high level. The lowering of the duty in England will mean still greater demand, and authorities on tea tell us that still higher prices may be expected.

BETTER THAN HARD COAL Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

BEATEN AND ROBBED IN AUTO BY MEN WHO ASKED FOR A RIDE Asbury Park, N. J., May 26.—James Hughes, contractor and former fire chief of the Borough of Deal, is in a serious condition in the Long Branch Hospital as a result of a beating from two young men to whom he gave a "lift" in his automobile near West Wanamassa. It is believed that his right eye is permanently disabled. Hughes told the police that he had not gone far with them when one of them drew a revolver. Hughes grabbed the weapon and the two youths knifed him senseless with blackjacks. They threw him out into some bushes after robbing him of \$217 in cash, a gold watch and chain and his gold fire badge.

THE POWER IS THERE.

Commodore Stewart of the Chatham World is grievously disappointed with the Musquash development. He was there on Sunday last. To a man accustomed to the wide reaches of Bay du Vin and the Lower Miramichi, where even the Orina might sometimes be compelled to reef sail as she ploughed her way through the tossing white-caps, the smooth lake above the dam on the East Musquash would be a mere pond for pollywogs. Moreover, there was no airplane about on Sunday, to carry the north shore ace over the drainage area, that might see the source of Musquash power. Neither had his coming been heralded, and it may be feared that he will have a little real information here at church. It was not quite fair to them that a distinguished visitor should come and go without at least having extended to him the hospitality of the cook-house—and they have a chef at Musquash. Here is what the Commodore says—

"The export product of the Musquash lakes, now running freely through the sluice, is a stream ten feet wide and four or five inches deep. Would that be sufficient to run the machinery of the power plant? Not by several jugfuls." We may pass by the reference to the jug, as something which might naturally come into the mind of a man from the Miramichi, and hasten on to an explanation which may be of some interest to others as well as to the Commodore. If the first place, what he saw was not the export product of the Musquash lakes. It was merely the sewage from three small brooks which lie between the power dam and the great storage dam at Loch Alva, three miles back. The stream "ten feet wide and four or five inches deep" does not come from Loch Alva, where there is a dam holding back 1,600 acres of water, which is now rising in the dam at the rate of two inches every twenty-four hours, and which will be the main source of supply from the East Musquash, although there are many other opportunities for storage dams. Loch Alva itself is eight miles long.

Commodore Stewart has entirely overlooked the West Musquash, where there is also a main dam, and two miles behind it a storage dam with 1,000 acres of water. This dam is also filling up. It is called the Log Falls dam, and the water has already attained a depth of fifteen feet. In this area there will be other storage dams as needed. The man who goes to the main dam on the East Musquash, and takes no account of the lakes three miles behind one and two miles behind the other, now filling up to a supply into the main dams and the pipe lines to the power house, has no conception whatever of the Musquash development. Nor does he know anything about the other storage dams, which if constructed would bring in a still greater supply of water. We may consider the subject from another viewpoint. There is a pipe line running from the main dam of the East Musquash to the power house. There is another pipe line from the main dam of the West Musquash. If these were constantly filled with water—and that would not require an enormous volume, they would develop 11,000 horse power. It is planned to develop only 6,000 horse power. With the immense bodies of water held in storage over so great an area behind the power house and the main dams, there is no ground for fear that a constant supply will not be available.

Editor Stewart is an authority on the tax on bachelors, the origin of the earth, comparative religion, the King's English, how to run a newspaper, a yacht or an airplane—or the town of Chatham; but the reservoir of the north shore town is hardly to be compared with a two-million dollar hydro-electric storage-dam proposition. It may also be regarded as an open question whether a Miramichi man is in any case an authority on undiluted water. There is also a dark suspicion that Editor Stewart has an axe out for the Foster government. Commodore Stewart was editing a newspaper in St. John in 1871. He confessed to the Times on a recent visit to this city that he looks forward to a green and happy half-century yet to come. He will therefore live to see the city and parts of the province enjoying cheap light and power developed at the scene of his recent pleasurable Sabbath visitation; and many other sections also reaping great advantage from the hydro-electric policy of the Foster government.

Mr. Lloyd George has stripped the covering from the European situation and revealed it in all its grim nakedness. At the close of the debate in the Commons he was upheld by an overwhelming majority. His luminous review of the situation and of the Genoa conference must impress the world as it did the members of the Commons.

During the illness of Lord Curzon, Earl Balfour will act as foreign secretary. There could be no wiser selection.

IN KINGS COUNTY.

Major A. J. Brooks is the Conservative candidate in Kings. Leader Palmer was there but was not nominated. Major Brooks is a good citizen, and much more reputable than the cause he represents in this campaign. The seriousness of the case was shown by the presence of Mr. George B. Jones, M. P., Leader Palmer, House Leader Richards, Mr. H. V. Dickson, M. P., and Councillor John E. McAuley. It is also of interest to note that Major Brooks was nominated by Hon. James A. Murray, who might have been expected to stand by his old friend and supporter Mr. McAuley, even if the latter were deserted by Messrs. Jones and Dickson. Leader Palmer made the announcement that the issue in the contest would be the record of the Foster government, but the people can hardly be expected to forget that of the Murray government and its Kings county supporters and apologists. The record of the Foster government is so excellent by comparison that the people will have no difficulty in seeing the wisdom of electing Mr. J. D. McKenna as their representative to support that government, and its policies. The Standard is pleased to say that Mr. McKenna was chosen to be "the guest" for the government party, and it adds—

"In offering to fill this role, Mr. McKenna showed more pluck than judgment; and he will probably find before polling day comes round that while it may be easy enough to get elected to a job that no one else wants, such as the majority of Sussex, it is quite another thing to be elected to the legislature with a better man opposed to him."

The Standard's opposition will be of no small assistance to Mr. McKenna in the campaign, and its support will be something Major Brooks as a politician will have to live down. He is extremely unfortunate in his political bedfellows, and really deserves a better fate than to have to appear as their apologist.

WHERE ONTARIO LEADS.

The voluminous report recently issued in the interest of private corporations by the National Electric Light Association of the United States contained this paragraph—

"The American companies in the Niagara district are supplemented by Niagara power far more than those on the Canadian side, and yet on the American side power is being furnished at less cost to the people."

The Toronto Globe notes that the word "power" alone is used, and not "light and power," and adds—

"It has been shown conclusively in the reports of the Hydro-electric Commission, and as a result of independent inquiries conducted by the press, that Ontario's domestic rates under public ownership are not half what they are in Quebec under private ownership, if the average in the larger municipalities of the two provinces is arrived at by pooling the figures."

The Hamilton Spectator, which the Globe says was long "a luke-warm friend of public ownership," has challenged the N. E. L. Association report and says—

"It is misleading and untrue, and its publication, broadened under the authority of your association, is unfair, and distinctly harmful to the province of Ontario at large, and to the Niagara district in particular. We maintain that there is no city in the state of New York where power can be had by the general consumer at such low rates as in the City of Hamilton, Ontario, and that the average cost per kilowatt-hour of electric light to consumers in the fifteen principal towns of the Ontario Niagara district, as publicly set forth in the annual report of the Ontario Hydro-electric Commission, is less than half of the average base rates for electric light in any fifteen towns in the Niagara district of the state of New York, as set forth in the annual report of the New York State Public Service Commission."

Canada's Fire Losses.

Toronto, May 26.—Fire losses in Canada during the week ended May 25 are estimated by the Monetary Times at \$97,000, compared with \$48,700 the previous week.

IN SUN FLECKED WAYS.

(Rev. George Scott)

Dreaming in the sun-flecked ways
Poets spend an idle time,
Weaving golden phrase in phrase,
Moulding sense to subtle rhyme.

Bending thought to rhythmic speech,
Such the magic of their skill
For their parables and fables
Flights of the aspiring will.

And their mellow throated mirth
Mingles with the gentle breeze,
When the evening star bath birth,
Far above the tranquil seas.

And the lilies bend their heads
Gracefully upon the grass,
And the flowery meadow spreads
Carpets where their feet shall pass.

Not a bird but owns their art,
Silencing their throbbing throats,
Lest their gladness should impart
Discords in the dulcet notes.

And the billows of the deep,
Flowing in their granite caves
Rhythmic time and measure keep
Strophes to their choral staves.

Poets are an idle race,
Loving best to sit and dream,
Where the flickering shadows trace
Quaint inscriptions on the stream.

In the plenitude of days
Poets spend an idle time,
Weaving golden phrase in phrase,
Moulding sense to subtle rhyme.

LIGHTER VEIN.

Hopeful Prospects.

Algeon—"Tommy, do you think your sister would marry almost anybody now, from what she said to me."

Only Once.

The motor-car, traveling at a tremendous speed, was just about to turn a very dangerous corner. "Do people lose their lives here frequently?" asked a nervous passenger. "Not more than once!" yelled the intrepid driver, as he took a firmer grip of the wheel.

Trustworthy.

The tramp knocked at the farmhouse door and asked for the farmer. To that worthy he presently recited a tale of woe, and asked for a job.

"Yes, you can have a job," said the farmer. "You could gather eggs for me if you are certain you won't be any more."

The tramp choked with gratitude and emotion. "Sir," he said with eyes brimful of unshed tears, "you could trust me with any mortal thing on earth. For twenty years I was manager of a bath-house, and I never took a single bath."

"I once possessed a splendid dog," said Peter. "He distinguished between a vagabond and a respectable person."

"What became of him?" asked Grace. "Oh, I was obliged to give him away. He bit me."

RECENT WEDDINGS.

Weeks—Murchie.

Miss Marjorie Murchie, daughter of Mr. and Mrs. L. T. Murchie, Calais (Me.), and Dr. Hester F. Weeks, Calais, were united in marriage yesterday afternoon at the home of the bride's parents, Calais, by Rev. Hugo Penderelville. The bride, who was given away by her father, wore a white chiffon afternoon gown, a short veil, and carried a bouquet of white roses and sweet peas. Miss Marjorie Murchie, a sister of the bride, carried a bouquet of American maid of honor, and a grey chiffon gown and carried a bouquet of American beauty roses. After the bride and groom were preceded by little Miss Mady Bunker, the flower girl, who carried a basket of apple blossoms. After a honeymoon Mr. and Mrs. Weeks will return to Calais, where they will make their home. The bride received many beautiful presents from her large circle of friends. Among those present from out of town were: Mr. and Mrs. George Reed and Miss P. H. Reed, from Port Sandy; Mr. and Mrs. Hinton, of Millinocket; Mrs. George Rossy, Miss Mrs. Charles Seely, Houlton; Mrs. Fred Beattie, Mrs. Sidney Jones and Mr. and Mrs. E. R. Taylor and Ellis Taylor, St. John.

Gaona-Titus.

At the Baptist parsonage, Hampton (N. B.), on Wednesday afternoon, May 24, Clarence Hedley, son of Henry E. Gaona, of Ellinburg, Kings county, and Florence Miller, only daughter of Atherton Titus, of Perry's Point, Kings county, were united in marriage by Rev. W. H. Johnson in the presence of immediate relatives. The bride, who was unattended, was becomingly attired in many blue traveling suit, with hat to match. The happy pair left for their home at Ellinburg immediately after the ceremony. The bridesmaids of their many friends go with them.

KEEN INTEREST HERE IN SCULLING RACE TOMORROW.

The hold that sport has on the citizens of St. John is general, and it is not surprising that almost all gatherings in baseball and the discussion arising from addition to the market interest in baseball as well as major league competition thoughts are being centered on Hilton Belyon, Canadian premier single sculler, who is in Philadelphia training hard for the great aquatic classic which is to take place on June 3. Other well versed in sport are hoping that success will crown his efforts, but fear that there are factors that even Hilton's iron nerve and phenomenal endurance, so frequently exhibited in the past, may be unable to cope with. Word will be eagerly awaited tomorrow as to the race in which he and other competitors in the gold cup classic will compete.

KIRKPATRICK WILL PITCH TOMORROW.

The St. Peter's and Garrison teams will clash again tomorrow afternoon at the St. Peter's park and, since both teams have won a game, they will be bending every effort to secure an edge on the series. It was announced positively last evening that Kirkpatrick would be on the mound for the Garrison outfit tomorrow. The champions' choice of a hurler to stop the slugging Garrison team had not been definitely decided on last evening, although the probability will be that either Lawlor or King will be chosen, with Corcoran and Hansen in reserve. It is expected that the teams will line-up practically the same as on the holiday, except that Stewart may replace Lenihan at third base.

At the opening game on May 24 there was considerable congestion owing to many fans arriving at the last minute for tickets, so in order to avoid a recurrence tomorrow the sale will be started at the grounds this evening.

MINERS REFUSE PRODUCERS' BID Settlement of Coal Strike on Basis of 21 Per Cent Wage Cut Falls. New York, May 26.—The bid of anthracite coal producers for a settlement of the eight weeks' coal strike on a basis of wages cut twenty-one per cent, was refused by representatives of the miners were last night on the ground that "to accept would be to permit the degradation of the mine workers in order that the consumers of coal may continue to be exploited to the amount of at least \$5 a ton by the anthracite monopoly."

SWEDISH FARMERS USE "WHITE COAL" Government May Establish a Model Electrified Farm Near Stockholm. Stockholm, May 1.—(By mail)—The Swedish government has been requested to establish a model electrified farm, to be located if possible near Stockholm, in view of the fact that more than one-third of agricultural Sweden is now electrified. It is proposed that the model farm be as nearly 100 per cent electrically operated as possible, so that Swedish farmers, who are now in a position to change horse for electric power, may be enabled to view demonstrations of how "white coal" can be utilized in the country.

The request for the electrified model farm comes from the National Association for Electrification of Rural Sweden. In its communication to the government this body points out the necessity for training Swedish farmers in multiple use of electrical power. It proposes that farm electrification be made a special subject of study at the agricultural schools and colleges of the country.

It is proposed that the model farm be fully equipped with all the latest electrical agricultural devices, so that the farmers may see electrically operated plows, harrows, seeders, harvesters and threshing machines. Motors of different sizes will drive the milk separators and the churning. The new electric device which passes an electric current through an emulsion of cattle fodder to increase its nutritive value is to be shown. There is very little heavy labor on Swedish farms, heretofore performed by man or beast, which machines operated by electric current cannot do, and Swedish farmers can operate their farms by electricity if they understand the elementary principles of electrical science. Naturally, the agricultural population needs considerable training before full advantage can be taken of the wonderfully cheap power furnished by the many water-falls and rapids which have of late been harnessed.

SWEPT TO HIS DEATH WHILE TROUT FISHING. Husband of Mary Brecht Pulver Steps Into Hole in Stream and is Caught By Torrent. Binghamton, N. Y., May 26.—George W. Pulver of 13 Bennett avenue, husband of Mrs. Mary Brecht Pulver, author, met death while trout fishing in the Beaverkill River near Livingston Manor. He stepped into a hole and was swept away in the torrent caused by the recent heavy rains.

With Mrs. Pulver and Ralph D. Smith he was fishing down the stream and started to mount an embankment when a hole in the stream bed opened and he was swept into a hole and before the

members of the party could reach him he was swept beneath the waters. The body was found a considerable distance below the spot where the accident occurred.

Dr. Pulver was 40 years of age. He was a graduate of the University of Pennsylvania and a dental surgeon.

RECENT DEATHS

Mrs. Susan Brundage.
The death occurred yesterday of Mrs. Susan Brundage, 616 Main street, wife of George B. Brundage. Besides her husband, she is survived by one sister, Mrs. Thomas Foley, East St. John. T. J. Phillips, Main street, is a nephew. The funeral will take place on Saturday.

Frederick H. Barton.
The death of Frederick H. Barton occurred at Torryburn on May 25 after an illness of seven months. Mr. Barton had been in the employ of C. H. Peters & Sons for many years as foreman of their plant at Torryburn. Of a bright and genial disposition, he will be greatly missed not only by his family but by a host of friends also. He is survived by his wife, one son, John M., of the postal service; three daughters, Mrs. Thomas M. Park, of Blaine (Ariz.); Miss Lucy A. and Miss Ruth, at home; three brothers, William B., of Grand Lake, and Samuel and Charles, of this city; and by four sisters, Mrs. H. H. Belyea, Hamilton (Ont.); Mrs. T. Fairweather, of Pasadena (Cal.); Mrs. Mary Harding and Mrs. Walter Armstrong, of this city. The funeral service will be at his late residence on Friday evening and interment will be made at Grand Lake on Saturday.

Rev. E. E. England.
Digby, May 25.—On Wednesday evening, May 24, with startling suddenness Rev. E. E. England passed away. Mr. England was a supernumerary minister of the Nova Scotia Conference of the Methodist Church, and has resided in Digby for the past three years at the Acadia cottage on Maiden Lane. During his ministry he supervised many of the important changes in the conference, and was honored by being chairman of the district for many years, and also being elected president of the conference. His wife died seven or eight years ago when they were residing in Wolfville. There remain of the family, Harry, a supervisor of protestant schools in Montreal; Jamie, who is head nurse in one of the New York hospitals, and a sister who is residing in the Old Ladies' Home, Halifax. Interment will be at Wolfville.

David A. Sinclair.
Many friends throughout the province will be shocked to hear of the death of David Andrew Sinclair, veteran C. N. R. employe, which occurred suddenly yesterday evening at his residence, 90 Stanley street, at the age of eighty-three years. Mr. Sinclair was apparently in his usual health yesterday morning and had been for a walk in Rockwood Park but he was taken with a weak spell in the afternoon and passed away at about 6 o'clock. He was intimately connected with the progress of the C. N. R. in the province. When twenty years of age he entered the employ of the then European and North American Railway, which was the title by which the I. C. R. division of the C. N. R. was then known, and for fifty years and six months he remained in the service of the railway. For seventeen years he was an engineer and for thirty-three years he was foreman of the mechanical department in St. John. He retired from active work on Oct. 31, 1909. He was highly respected and very popular with his associates and had many friends. His was

Her Majesty the Queen Is Fifty-five Years Old Today

Her Majesty Queen Mary of England is today celebrating the fifty-fifth anniversary of her birth. Her majesty, who has endeared herself to her people through her kindness, sympathy and womanly qualities, was born May 26, 1867. She was the only daughter of H. R. H. Princess Mary Adelaide, daughter of H. R. H. Prince Adolphus, Duke of Cambridge, seventh son of King George III. She was married July 6, 1893, and was crowned with His Majesty King George V, on June 29, 1911. Six children were born to their majesties, all being now alive with the exception of the youngest, the late Prince John, who was born in 1905 and died a few years ago. People all over

ST. JOHN GIRLS PASS EXAMINATIONS FOR THE CIVIL SERVICE

Among the candidates who recently wrote the civil service examinations for the Dominion of Canada, and who have been notified by Ottawa that they have successfully passed, appear the names of five young ladies from the Mount Carmel Academy, in Burpee avenue. These young ladies have been pursuing the commercial course under the instruction of Sister M. Cyrilla, who is to be complimented on the number of successful business women who have emerged from the commercial world under her care. There were thirteen young ladies from the city of St. John who wrote the examination.

The successful candidates from the Mount Carmel Academy were: Miss Grace Walsh, a cousin of Monsignor Walsh of Holy Trinity church, who came among the first few for the whole Dominion; Miss Mary Walsh, a daughter of Mrs. E. Walsh, of Clarendon street; Miss Katherine Williams, daughter of William L. Williams, of this city; Miss Catherine McElriarty, sister of Rev. Anthony McElriarty, C. S. E., of this city; Miss Mary Quinn, daughter of P. J. Quinn, Main street. The class at Mount Carmel started on Sept. 1 and closes June 29, and so the young ladies from this academy have not as yet finished their college year.

HONORS WON BY A KINGS COUNTY GIRL

Miss Helen Brown, formerly of Corn Hill, Kings county, graduated last week with highest honors in all three years' work from the Winnipeg General Hospital. Miss Brown is a daughter of James Brown, for twenty-five or thirty years ago, chiefly through the influence of Professor Aaron Perry, of the Engineering department in the University of Manitoba. Mr. Perry had been a life-long friend of the Brown family. Miss Brown is being congratulated by her many friends for her successful record at the Winnipeg General. She is now engaged in special nursing in Winnipeg and in the fall plans to pursue graduate work at Johns Hopkins or in New York.

Fleischmann's fresh yeast
increases the action of the intestines

HUNDREDS of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast. Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation. Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. You can get Fleischmann's Yeast fresh daily from your grocer.

What you should know about a Fountain Pen

A FOUNTAIN PEN is nothing more or less than a writing instrument which carries its own supply of ink. It is virtually a tube containing ink, with a pen point inserted in one end of it.

The difference in efficiency between one make of fountain pen and another lies in how closely they approach perfection in controlling automatically the flow of ink from the tube to the pen point during the act of writing.

Thirty-eight years ago, Mr. L. E. Waterman invented Waterman's Ideal Fountain Pen. It was the first fountain pen with a device that in scientific conception and practical application automatically controlled the flow of ink from the barrel to the point of the pen. It did this with a degree of perfection never before known and which, to the present moment, has never been equalled.

This device is the famous Waterman spoon feed and it can be found only in

CURFEW FOR SIX ULSTER COUNTIES

Belfast, May 25 — Announcement was made today that the curfew would be imposed from 11 o'clock at night until 5 o'clock in the morning for the whole of the six counties of northern Ireland, with the exception of Belfast, where the curfew period will remain unchanged.

A man wounded in Sunday's disorders died this evening, bringing the total deaths today to six. Fourteen persons were wounded today. A mob seized an on Albert bridge tonight, and after setting him severely threw him into the

river. His body has not been recovered. Special Constable Connor was shot dead in the street here at midnight tonight.

RESTRICTIONS ON CIRCUS LICENSE

Mayor McLellan said last night that he had granted a license to the John Robinson circus to show on either the Shamrock or the East End grounds providing the grounds could be secured and that the circus agrees to take steps to protect civic improvements there and to clean up after the showing. Mr. McGuire, representing the circus, appeared before the council yesterday morning to ask for a license, and the matter was set over until the circus man visited the grounds in company with Commissioner Frink, the latter to report back to the mayor. Commissioner Frink's report was favorable to the granting of the license.

The Fifteenth Heavy Battery opened its season's training at the arsenal last evening under the direction of Captain E. M. Slader. Issue of clothing and signing on of recruits completed the first evening's activities.

WILL REDUCE RATES WHEN WAGES DROP

Washington, May 26—There will be no move on the part of the railway managers to reduce rates until wages are lowered. The Railroad Labor Board, which has the sole power to adjust railway wages, has practically completed its hearings in Chicago. A decision reducing wages of railway workers is expected from the board within a month. Not until the extent of this expected reduction is definitely made known will the railway executive move to lower their freight tariffs.

PORTLAND CEMENT.

At a meeting of the British Society of Chemical Industry, Dr. C. H. Desch pointed out that in Belgium and in some parts of America there were deposits of a natural cement, containing approximately the proportions of lime, silica and alumina that are found in Portland cement. The deposits in such cases, said Dr. Desch, were taken just as they were found, and on account of the cheapness of manufacture a good deal with still made and, unfortunately, a good deal exported labelled Portland cement. In England the ingredients for true Port-

land cement are mixed artificially. A pure limestone, preferably chalk, is used mixed with the siliceous clay. At the original home of Portland cement—the Medway—the industry is still abundantly represented. The Medway mud is particularly suitable for cement-making, as the clay can be disintegrated very easily and contains a high proportion of silica.

CARMARTHEN ST. BOYS.

The junior group of the C. G. I. T. of Carmarthen street Methodist church entertained the junior boys of the Sunday school in the Sunday school rooms last evening. An interesting address was given by Mrs. J. D. Hunter who dwelt upon a girl's service to her church. The pastor, Rev. E. E. Styles, also spoke and he took for his subject a boy's service to his church. Games were directed by the leader Miss Ethel Brindle and afterwards the boys and girls sat around in camp fire style and Miss Olive Estabrooks told some entertaining stories. Refreshments were served and the evening was brought to a close by the singing of the C. G. I. T. Taps.

BOY SCOUT TROPHY.

The Senator Thorne trophy will be awarded to the boy scout troop of this

district making the best showing at an inspection to be held next fall. This decision was made at a meeting of the executive committee of the St. John district at which G. L. Short, district commissioner, presided, in the Commercial

Club rooms yesterday afternoon. This inspection would probably be followed by an athletic meet or field day, it was said. It was also decided to inaugurate a new system of registration fees for Mauger and V. C. Timberley, district secretary.

ship charge. Besides the chairman those present at the meeting were A. C. Skelton, James MacMurray, Frank I. McCafferty, Hugh R. Reynolds, R. D. Mauger and V. C. Timberley, district secretary.

1847 ROGERS BROS. SILVERPLATE

1847
75th Anniversary

New silverplate is like fresh flowers

IT adds a cheery note to the table. Everybody notices it, particularly if it is a fancy piece such as a cold meat fork, berry spoon or cake knife.

In selecting "1847 Rogers Bros." you follow wisely the choice of home-makers who want to be sure of quality. Time alone can fully test the true worth of silverplate. No silverplate can parallel the service record of "1847 Rogers Bros.," which this year celebrates its seventy-fifth anniversary. This makes it particularly appropriate for anniversary gifts. Look for the date, 1847. It is a mark of quality.

Your dealer has "1847 Rogers Bros." or can get it for you.

The Family Plate for Seventy-five Years

A Medal for Service to Humanity

Until the poisonous match was legislated from the world, annually there were deaths amongst match workers and children from match poisoning.

The Diamond Match Company ended the suffering with its invention of the non-poisonous match and was awarded the Louis Livingston Seaman Medal for service to humanity.

The combined resources, patents and processes of the world's three greatest match makers—The Diamond Match Company, the biggest—Bryant & May, Ltd., the largest in the British Empire—and Maguire, Paterson & Palmer, Ltd., of Liverpool, England, the second largest in Great Britain.

are in the hands of the Canadian Match Company, makers of the new Maple Leaf Match.

Your first glance at the new match will surprise you. It is different and better. The sturdier, stronger, longer sticks—the perfectly finished heads—are something new to Canada.

Sponsored by the match masters of the world, Maple Leaf Matches are a product worthy of their name. They are NOT poisonous, the sticks are longer and stronger, the heads do not fly off, no live sparks when extinguished, a light every time, they withstand more wind and moisture.

LOCAL NEWS

WAS VETERAN ODDFELLOW.
David A. Sinclair, whose death was announced this morning, was the oldest member of Pioneer Lodge, I. O. O. F., in the city. Many friends in this organization were very sorry to learn of his sudden death.

PRESENTATIONS.
In connection with a farewell social tendered Dr. and Mrs. C. B. Brown on Wednesday evening, Miss Elizabeth Reid made them recipients of a silver teapot and Miss Hazel Day presented them a silver tray. Mrs. Brown is a native of St. John and was formerly Miss May Cornwall.

STREET WORK.
Repairs to the sidewalk in Princess street, between Gernan and Charlotte, were commenced this morning. It is planned to start soon the putting in of curbstones in Princess street between Gernan and Sydney, and in Duke street between Charlotte and Sydney, preparatory to laying an asphalt pavement on a macadam base. The re-surfacing of the curbing in Prince William street was commenced today.

ST. JOHN STUDENT'S GOOD WORK.
It will be of interest to friends as well as citizens of St. John in general to learn that John Kerr Higgins of this city led a class of twenty-six students at McGill University passing all examinations of the second year of the faculty in dentistry. He was the only student awarded honors in anatomy, while he also was awarded honors in histology and embryology, in prosthetic dentistry and operative dentistry. Last year he also led his class in all subjects. William B. Swetnam of Moncton finished third and was awarded honors in operative dentistry. John Wilfred Daniels, of St. Stephen, N. B. also passed in all subjects.

FUNERALS.
The funeral of Thomas Dunlap was held this morning from his late residence, 22 Johnson street, to the Church of England burying ground. Ven. Archdeacon Crowfoot conducted services. Mr. Dunlap is survived by one sister, Mrs. Robert Perry of Donegal, Ireland, as well as by three daughters and one son, who have been mentioned.

The body of Mrs. Martha J. Gunter was taken to Gagetown on the steamer D. J. Purdy this morning. Funeral service was conducted at the home of her son, W. E. Gunter, Manawagonish road, last evening.

SIR G. E. POSTER TO SPEAK HERE
Arrangements are being made for Sir George E. Foster to deliver an address to the public on the League of Nations, in the Knights of Pythias hall next week. Sir George has been recently delivering talks and lectures on the League of Nations work throughout Canada, and also on the general principles of the organization. The League of Nations Society are completing their organization throughout Canada and the annual meeting will be held in Ottawa early in June. An open letter setting out the objects of the League of Nations society of Canada has been sent out to all branches of the society, signed by prominent men of Canada, among whom is Sir George Foster, who will speak here under their auspices.

Garrison Baseball Plans Mapped Out for Summer—Cups for Competition.

At a meeting held yesterday at military headquarters it was decided to form a St. John Garrison Baseball League, and the donations on prizes were announced. Emerson & Fisher, Ltd., have given a silver cup for the league leadership, and the 3rd N. B. Heavy Brigade have offered a challenge cup for yearly competition. The league is to be played in two series, in each of which each team will meet all the others twice. The winners of the two series will play off for the cup. Games will be played on the exhibition grounds on Monday, Wednesday and Friday evenings, and special fixtures will be arranged for holidays and some Saturday afternoons. The grounds will be put into order as soon as possible, and the league will be opened on June 3 with two games, one in the afternoon between the 7th C. M. G. B. and No. 8 Signal Company, and one in the evening, with the permanent force meeting the St. John Fusiliers.

Besides the teams taking part in these games, two others have entered the league. They are the 3rd N. B. Heavy Brigade and the C. A. S. C. Besides the two cups mentioned, it is thought that special prizes for batting, fielding and other features will be arranged for. Interest is being taken in this league by the members of the garrison units and rivalry will probably run high.

The executive in charge of the baseball is composed of Major E. J. Mooney, Major G. A. Gamblin, Major A. G. Raimo, Lieut. R. E. Anderson, Lieut. M. J. Scott, Lieut. F. V. Markham, Sergt-Major W. O. Sillis and Sergt-Major G. W. Stegman. The officers and the official umpires and scorers will be appointed soon.

Matter of Long Distance Connection Before the Utilities Board—Three Systems Between Grand Lake and Washademoak, on St. John River.

A special meeting of the New Brunswick Public Utilities Commission was held here this morning in connection with the application of the Cambridge Farmers' Rural Telephone Company for long distance connection with the New Brunswick Telephone Company. Dr. Walter and A. W. Thorne appeared for the applicants; H. M. Hopper and Morris Scovil, for the Cambridge Telephone Company; J. H. Gale for the Young's Cove Telephone Co., and Dr. J. B. M. Baxter, K. C., for the New Brunswick Telephone Co. There were others interested in the matter present at the meeting.

Maps and plans produced showed that all three telephone companies represented were operating in the district bounded by the River St. John, Washademoak and Grand Lakes. Evidence was given by several witnesses, including Mr. Thorne, president of the appellant company.

Dr. Baxter made a statement showing that the N. B. Telephone Co. were present simply as stake-holders, so to speak, and were content to abide by any decision which the board of public utilities thought in the public interest. The hearing was adjourned at 1 o'clock until 2:30 when evidence on behalf of the Cambridge Telephone Co. will be brought in.

S. H. Mildram, of Boston, who is in the city at the invitation of the board to discuss some matters which have been before it, was present at the hearing. A. B. Connell, of Woodstock, was in the chair and Commissioner Michaud and Lewin were present.

NEW LICENSE TAGS.
Brass license plates to be attached to trucks and taxis licensed to operate in the city have been received at city hall and will be issued with the licenses. The plates are round with scalloped edges and bear the number of the license with the purpose for which it is issued. They must be displayed on every licensed truck or taxi. There is a different style for each class. Licenses are payable on May 1, and are now being checked up by Robert Harris, city inspector.

GIRL MISSING.
Edith May Donald of 30 Albion street today was reported as missing from her home since three o'clock on the afternoon of May 24. She is seventeen years of age, and when last seen was wearing a sailor hat of coarse red and brown straw, a Scotch plaid dress of dark blue and green, brown shoes blacked over, and brown stockings. Her hair was dressed in a style known as "Dutch cut." The detective department has been notified and are taking steps to locate her.

Upsetting An Old Tradition

When you see a friend's home that is tastefully furnished with good looking furniture, and with those little things that go so far to make a home beautiful—it doesn't necessarily follow that it was expensively furnished. Chances are that she bought it at Everett's. Here at the House Furnishing Store we have a habit of furnishing homes with artistic furniture, and at prices so modest that you'd never think it possible—and quite probably it couldn't be done elsewhere. Today we'd like to show you how we can do it for you.

YOUNG PREMIER OF AUSTRALIA REACHES CANADA

Hon. Mr. Barwell is Only 44—Is Traveling to Gain Experience.

Quebec, May 26.—Among distinguished guests who arrived yesterday on the press of Scotland, a representative of the Canadian Press met Hon. H. N. Barwell, premier of South Australia, who is on a tour of the world. He will proceed to New York and Washington. He is to be the guest of honor at the U. S. capital. He asked if he approved of the reduction of military expenses and naval service, declared that conditions were different here from what they were in his country, and he was consequently, he said, to judge by comparison. He said that the immigration problem was a great one in Australia and referred to Lord Northcliffe's recent visit to that country, when he advised the population to be very careful of the immigrants they would make of the immigrants to be admitted. Since the signing of the peace treaty, Australia has been working to re-establish discharged soldiers and this had cost tremendous amounts of money. Australia is now looking to the enactment of a new immigration policy, bringing especially farmers and farm labor to that country for the development of its immense territory. Mr. Barwell is only forty-four years of age. He says he is traveling to acquire experience.

COAL MINE WAGES OF EAST AND WEST

Halifax, N. S., May 26.—Chairman Alex Scott of the Scott conciliation board, which investigated the wage disputes of the British Empire Steel Corporation and its coal mine employees, as en route to Ottawa today with the adjutant of the board in his pocket for presentation to the department of labor. It was signed by him and John E. Moore, secretary of the representative of the corporation. Isaac Dougal, miners' representative on the board, is sending a minority report to the labor department. He left for his home in Inverness, C. B. today. Mr. Moore will return to St. John today. Mr. Moore will return to St. John today.

TRURO MAN, OUT FISHING, DROWNED

Truro, N. S., May 26.—(Canadian Press) William Hennigar, aged about 37, of Elm street, Truro, was drowned this morning at Young's Lake, Upper Stewiacke, when a boat from his boat and his brother-in-law were fishing, capsized. He leaves a wife and two children.

RED CROSS

The monthly meeting of the Red Cross Hospital Aid committee was held this morning. Mrs. J. H. Dooly reported that the board would consider the report of the committee. Fifty-nine patients had been taken for drives last month. The furnishing of the recreation hut at Lancaster was also discussed.

Friends invited to attend; interment on Saturday at Central Cemetery, Queens county.

RUTH UNDER BAN AGAIN

Chicago, May 26.—Babe Ruth today was declared by President Johnson, of the American League, to be ineligible to play until a complete investigation has been made of yesterday's trouble.

FURTHER DELAY ON ROUND WORLD FLIGHT

Paris, May 26.—Major W. T. Blake and his companions this morning again postponed their departure from the flying field at Le Bourget on the second leg of their attempted flight around the world. The hoped, however, to be able to get away for Lyons this afternoon.

NEW PRIZE FOR MARKSMEN AT SUSSEX MEET

The MacDonald Tobacco Co. Gives Prize List of \$500 for Special Competition.

A letter received by the Provincial Rifle Association from the MacDonald Tobacco Company of Montreal has made possible the biggest match of the year in the shooting at Sussex this fall. The offer has been accepted, and the prize list will probably be arranged in the near future. It is intended to make the first prize especially worth winning, and it is also thought probable that team prizes will be included in the amount. The dates for the annual provincial meeting in Sussex have not yet been definitely fixed, and probably will not be until word has been received as to the dates for the Dominion meeting. It is intended to have the shooting this year extended over four days. It is expected that the attendance this year will be larger than any for some time owing to the formation of many new rifle associations in the province and to the very large prize list offered.

CHAMPION IS OUSTED AT THE GOLF MEET

Prestwick, May 26.—Willie Hunter, last year's British amateur golf champion, was eliminated from the tournament in the semi final round today by E. W. Holderness, of Walton Heath, two up and one to play.

Paris, May 26.—The international committee of bankers, meeting here to consider European financial problems, abandoned its morning session today so that the members might have opportunity to discuss the mass of statistics and facts regarding the German financial situation and the labor department. He left for his home in Inverness, C. B. today. Mr. Moore will return to St. John today.

TRURO MAN, OUT FISHING, DROWNED

Truro, N. S., May 26.—(Canadian Press) William Hennigar, aged about 37, of Elm street, Truro, was drowned this morning at Young's Lake, Upper Stewiacke, when a boat from his boat and his brother-in-law were fishing, capsized. He leaves a wife and two children.

POLY-CASES

The police court this morning very strongly resembled a school of motor mechanics though there was considerable doubt at all times as to who was the teacher. One man, reported for speeding, stoutly maintained that it was next to impossible to top the average car in high gear at twelve miles an hour, which is the limit allowed by law. Therefore he was not guilty of speeding. He was fined \$10. Another driver in the city was fined \$10 for driving a car which was not properly equipped. The accused argued that the foot strap was rolled up around the shaft and that no one was watching the horse. He said that a horse of Tacey's had run away in Exmouth street some time ago as the result of not being secured in the proper way. The accused said that he had gone into a store just a minute and that he had told a girl to watch the animal. He said it was a "funny" horse and was quiet "like sheep." A fine of \$10 was imposed.

WANDERING DOGS MAKING REVENUE

Since Leo Blizard was put on duty in the vicinity of King square assisting the gardener and incidentally keeping the place clear of wandering dogs, nineteen animals of varied or undecidible breeds and colors have been roped in and paid toll into the city coffers. Three were sold at large and there are three in captivity awaiting disposal, one way or the other. As two of these were picked up on May 25, they were on the twenty-second, their time of free accommodation has now expired and unless they are claimed soon they will be sold. The three prisoners are a brindle bull terrier, a brown airdale, and a Boston bull.

Lesson No. 10. THE DIRECT CURRENT GENERATOR.—(Continued.) It is essential in both the direct current and alternating current generators that the magnetic field be maintained at constant strength by the steady flow of current in the windings of the field coils. In the case of the alternating current generator it is necessary to obtain this field current from an outside source or, in other words, to separately excite the field windings. In the direct current generator, on the other hand, the field current may be obtained from the armature of the generator itself. Self-excited generators may be shunt, series, or compound depending upon the manner in which the field is connected to the external circuit. Direct current generators may be separately excited if it is desirable to maintain a field strength independent of the pressure across the brushes, for, in the self-excited generator the voltage across the brushes governs the amount of current flowing in the field windings as they are connected across the brushes the generator is said to be shunt wound. In the series wound generator the field winding is connected in series with the brushes and the outside circuit or load.

As stated above, when the terminals of the field winding are connected across the brushes the generator is said to be shunt wound. In the series wound generator the field winding is connected in series with the brushes and the outside circuit or load. In a compound wound generator two sets of field windings are so connected as to utilize the desirable features of both the shunt and series connected generators. The following simple diagrams show the method of connection of these three types of self-excited direct current generators.

The ability of self-excited generators to develop current when put in motion is due to the residual magnetism of the field poles which is composed of soft iron. Once these cores are magnetized they always retain a small amount of magnetism even though the exciting current is not present. When the armature coils revolve and cut this magnetic flux a small voltage is induced in the armature. This voltage causes a slight current to flow through the field windings and increases the strength of the magnetic field. As the magnetic field increases the induced voltage further increases until the magnetic flux is reached, the length of time consumed in this process being less than a minute.

The voltage developed by the generator is regulated by inserting a variable resistance known as a rheostat in the field circuit. Increasing the resistance decreases the amount of current in the field circuit, which reduces the strength of the magnetic field and consequently lowers the voltage of the generator. Decreasing the resistance increases the strength of the magnetic field and raises the voltage of the generator.

POLICE COURT. Five men charged with drunkenness were fined \$8 or two months in jail.

THE GARRISON TEAM. Baseball fans will be interested to learn that the Garrison baseball team has secured Walter Paries, well-known local southpaw pitcher. In 1921 he was one of the leading pitchers in the Moncton City League. They have also secured another fast infielder, who formerly played on the Marysville nine and who is reputed to be a heavy and consistent hitter.

WOULD LIKE CIRCUS THERE. North end merchants, speaking to a representative of the Times this morning, said they were strongly in favor of a circus showing in that end of the city as it attracted visitors and might have a tendency to stimulate business. They said that a few residents might complain, but in these days of business depression this opportunity should be considered.

BANKRUPTCY COURT. In the Bankruptcy Court this morning before Francis Kerr, registrar, examination of the affairs of Swinn & Storey of Doaktown, N. B., was begun. The assigned some time ago to the Canadian Credit Men's Trust Association with assets reported about \$105,000 and liabilities of about \$165,000. The creditors have petitioned for an examination, which was begun this morning. H. A. Powell appeared for the company and C. S. Hanington for the authorized trustee.

LOYD GEORGE FIGHTS ALONG

London, May 26.—An enthusiastic welcome to Premier Lloyd George on his return from Genoa was today by a large gathering of parliamentary leaders at a luncheon. Viscount Long presided. In response to a toast, the premier said: "Genoa has not ended. It will go on to the end. I am interested to note how much peace will ultimately be forced through to the desired goal. Six weeks was too short to complete the task and remove all misunderstandings."

GENOTAPH FOR FREDERICTON

(Special to The Times.) Fredericton, N. B., May 26.—The Fredericton war memorial will take the form of a cenotaph and likely will be erected on a triangular plot north of Christ Church Cathedral. The monument is now on order. The structure will be dedicated on Thursday afternoon approved of a dedicatory inscription presented by Hon. O. S. Crockett, Bishop Richardson and Chancellor Jones of the U. N. B., as follows: "In honored memory of the men of Fredericton, who died in the great war for the sake of freedom, and whose names are here gratefully recorded by their fellow-citizens. "He died the noblest death a man can die, fighting for good, and right, and liberty—and such a death is immortal." "John Oxenham." J. J. F. Windlow and E. Allison MacKay were a committee to receive the names of those who were killed or died as the result of war service.

IN WALL STREET

New York, May 26.—There were no happy exceptions to the higher range of prices at the opening of today's stock exchange, buying orders being offsetting short selling. The independent steels, aside from Crucible and Vanadium, again led the advance. The price of the steel was also strong under the leadership of Studebaker and Mexican Petroleum. Moderate heaviness was shown by U. S. Rubber, Brooklyn Union Gas and Atchison. Early foreign exchange rates eased slightly from yesterday's final quotations. It is reported that the government will revise the tariff relating principally to articles on which the British preference applies. The revision attains its purpose it will achieve an improvement in the dominion's customs revenue by the cheapening of many imported articles and the stimulation of the United Kingdom's export trade with Canada. The exception made in the case of the U. S. agricultural implements is natural, our types of implements being admittedly less suitable for Canada. "The Financial Times" declares that, so long as the exceptional war expenditures run at large, Mr. Fielding has a chance to keep down the net debt. "Canada, however," it says, "has time on her side, and her people are not to be shaken out of their stride because the financial problems are formidable."

BAD MEMORY COSTS HIM 30 MONTHS IN SING SING

Ottawa, May 26.—For being forgetful, Alexander Warchinsky, a prisoner returned to Sing Sing as a parole violator after five months' freedom, will spend two and one-half years more in prison. He was originally sentenced to two and one-half years for assault in Manhattan. After serving his minimum term he was paroled Dec. 12 last with instructions to report regularly to his parole agent. He failed, however, to report. When re-arrested he declared he was absent-minded and forgot to appear.

POWER IS THERE, SAYS K. H. SMITH

Representative of Dominion Water Power Branch Talks About Musquash.

(Moncton Transcript)
K. H. Smith, Halifax, a member of the Dominion water power branch, Ottawa, was the speaker before the Rotary Club today in the Brunswick Palm room.

E. A. Cummings, Assistant Treasurer of the M. T. E. and Gas Co., Ltd., presided, and at the conclusion of Mr. Smith's address, thanked the speaker on behalf of the club.

Mr. Smith stated that certain remarks had been heard from time to time, questioning the generative capacity of the Musquash hydro electric site. Such criticisms were, he said, the problems of those who were undertaking to supply hydro electric energy to cities and towns, rather than the problem of the average man. He wished, he said, at the very outset to correct any false impressions as to the capacity of the Musquash generative source. Records had been kept in this for five or six years and in the summer of 1921 a record had been kept in a tributary of the Musquash and he commented the summer of 1921 was an arid one when one spoke in terms of hydro generation. Any question laid as to capacity of the Musquash generative source were based, he said, by those who made computations on rainfall, and these computations many miles distant from Musquash. He stated that the N. B. Hydro Electric Commission and how far power might be carried, Mr. Smith referred to a line of transmission which was 549 miles long so that distance did not enter into the question of

NO MERCY FOR PICKPOCKETS

Judge Unaffected by First Offence Plea, Sent Man to the Penitentiary.

Pickpockets may expect no mercy, said Chief Judge Decarie, Montreal, in the Court of Special Sessions, in passing sentence on John McDonald, twenty-one years of age, who said that he came from Scotland. McDonald had been found guilty of stealing \$5 from the pocket of Arthur Archambault, a barber, but pleaded in his defence that "it was the first time he had been in trouble."

Judge Decarie was unaffected by the plea, and told the prisoner that he could expect no clemency from the court. "I sentence you to two years in the penitentiary," said the judge, and McDonald was led away. He was convicted of having stolen a \$5 bill from Archambault's pocket as the latter was waiting for a car in St. Lawrence street, on April 19 last.

RARE BOOK IS EXHIBITED.
"Neue Kreuter Buch" Printed in 1542, Shown in York.

York, May 26.—A rare book, printed in the German language at Basle in 1542, has been placed in the custody of the York County Historical Society by John L. Rouse of York, in whose family it has been treasured for several generations.

The book, written by Leonard Fox, a Doctor of Medicine at Puchingen, Germany, deals with medical botany. It bears the title "Neue Kreuter Buch" and has 1,100 pages. It is believed to be the oldest book in Southern Pennsylvania, and no other copy is known to exist in any library in the United States. A paper reproduction, it is said, was printed about ninety years ago and copies of this edition are in several libraries.

The book formerly was owned by Dr. John Rouse, who gave it to his son, Dr. Samuel J. Rouse, who, in turn, presented it to his nephew, John L. Rouse.

A feature of the book, in addition to the printing, is 500 hand-painted colored plates, each separately executed.

The original edition is said not to have exceeded a dozen copies, some of which now are in libraries in Germany.

POLICE "TOO FEW," CHICAGOANS HIRE GUARDS FOR 200 HOMES

Chicago, May 26.—More than 200 homes of special Chicagoans are guarded by special policemen armed with shotguns and heavy pistols, it became known this week, as a result of the killing of a burglar by a special officer at the home of Henry A. Blair, president of the Chicago Chamber of Commerce.

At the request Mr. Blair told of receiving threatening letters and of employing a special guard, who had been on duty at his home for several months. Other Chicagoans said they were taking

The makers of "Kayser" Silk Hosiery recommend **LUX**

Every lady knows "Kayser" silk hosiery. Here is a word of advice from the manufacturer of these famous Made in Canada silk stockings:—

"Silk stockings should be washed every night to remove perspiration which is the enemy of Silk. There is nothing better for this than Lux."

Lux with its generous suds is ideal for the quick thorough washing silk stockings require. The thin, satin-like flakes of Lux, which are made by our own exclusive process, dissolve in hot water as quickly as snow. There is nothing like Lux—it stands supreme as the only product, eminently suitable for washing silken hosiery, and garments, or other fine articles of wear.

Lux is sold only in sealed packets—dust-proof!

VICTIM MAY DIE

THREE BROTHERS WIN THEIR BOUTS

A Kentville letter to the Halifax Chronicle says:—

"Monday night's boxing exhibition at the Nickel, under the auspices of Kentville sports, was different from the one of about a year ago under the same auspices and in the same place. At that time Charles McDonald, of Halifax, a welterweight of some class, was up against one of the Palmer boys of Billtown, and certainly wiped up the ring with him. Last night McDonald was on hand again from Halifax to meet his antagonist of a year ago, but this time it was different. Young Palmer has spent most of the interval in the New England states, where he has met and cleaned up quite a lot of men of his class, so that last night's scrap was all that the most enthusiastic sport could have asked for. The boxing was fast and furious throughout the entire six rounds, and just before the gong sounded Palmer knocked his opponent out, amid the thunderous applause of some seven hundred spectators.

"The Palmers of Billtown appear to come from fighting stock, for in the opening last night two more of them figured. One of them was up against another Halifax man named Carroll and did him up in short order, while the remaining brother was matched against an unknown Englishman, and keeping up the record of his family whipped him in good shape."

The Government Reduces Tax on Small Boxes of Matches!

The new Government Budget reduces the tax on all boxes containing less than 100 matches.

For example, on a box similar to the Eddy Safety and the Eddy Sesqui, each containing approximately 50 matches, the tax is reduced from one cent to half-a-cent, or \$7.20 per ten-gross case.

The many smokers and other consumers who find the small boxes of Eddy's so convenient will, therefore, benefit by this reduction in tax on these boxes.

Ask for Eddy matches. Look for the name on the box.

NEW YORK IN WORKING OUT A RE-ORGANIZATION
plan. Yesterday Mr. Bartlett was joined here by Third Assistant Postmaster General W. Irving Glover, who had charge of the investigation of the lower Broadway robbery last fall. Messrs. Bartlett and

Washington Officials, After Inquiry Into Robbery Men, Propose to Remodel N. Y. Buildings and Weed Out Employees.

New York, May 26 - Post office officials investigating the recent thefts from the mails have under consideration the remodeling of New York Post Offices, in order to make them 10 per cent proof against hold-ups from street robbers and breaches from inside. The permanent use of United States marines to guard the mails also is being considered. Former Postmaster General Will H. Hays ordered the marines on duty after the \$2,000,000 hold-up of a mail truck on lower Broadway last October, but they have been gradually withdrawn.

Orders already have been issued for drivers of "screen trucks" carrying valuable registered mails to keep to fixed routes in driving from one place to another, and the police have been asked to arrest any mail truck driver who is found off his route. It is believed this precaution will prevent hold-ups through collusion between robbers and drivers.

The revisions of collusion between Post Office employees in "inside" jobs and bands of robbers, which accompanied the roundup last week of seven persons in connection with a \$1,477,000 bond theft from the mails, will be followed by sweeping changes in the personnel of the department and in the department's policies as to hiring employees and supervising their work. To Eliminate Doubtful Men.

One of the first changes probably will be the "cleaning out" of the registry department of all employees who cannot measure up to the highest standard of character. The authorities are considering a plan to engage no one for this work except men who have been in the postal service for ten years, and to weed out all others now employed in duties involving care of the registered mail.

Announcement was made yesterday by First Assistant Postmaster General John H. Bartlett, who is Acting Postmaster General during the temporary absence of Dr. Hubert W. Worth, successor to Bartlett, that he had charge of the investigation of the recent bond thefts and to co-operate with Postmaster Edward M. Morgan of

FARMER FOUND DEAD IN A BARREL OF WHEY

Kitley Township Man Had Been Despondent.

Brookville, Ont., May 26—Head-fornost in a barrel of whey in the pig shop, James McEwen, aged 55, a farmer, was found dead by his wife. He had completed his chores, and had been seen a few minutes prior to the discovery of his body. Dr. W. J. Anderson, coroner, Jaspers, decided that an inquest was unnecessary. There was about 18 inches of whey in the barrel. McEwen had been despondent for some time past because of illness. He leaves a wife and two children.

EXPORTS REFLECT EMERGENCY TARIFF

Total of \$990,298 to U. S. in April, 1922, Compares with \$7,715,637.

In the forthcoming issue of the Commercial Intelligence Journal, issued by the Department of Trade and Commerce at Ottawa, is included a table showing exports to the United States affected by the emergency tariff. The figures given are those for the month of April, 1922, and for eleven months ending April 30, 1922, with which are compared in an adjoining column exports for the same periods in 1921.

For the month of April, 1922 the total value of exports from Canada to the United States was \$990,298, as compared with a total of \$7,715,637 for the corresponding month in 1921. For the eleven months June, 1921, to April, 1922, the total of \$38,945,028, as compared with a total of \$164,857,423 for the corresponding period in 1921.

In the following table are listed the commodities, export of which has shown a marked decrease in the period under review:

TWO ORPHANAGES TO AMALGAMATE

The amalgamation of the two Protestant orphanages in the city under the New Brunswick Protestant Orphanage Home was unanimously decided upon at a meeting of special committees from the New Brunswick Protestant Orphanage Home and the Provincial Memorial Home for Children held yesterday afternoon in the Bible rooms in Germain street.

The agreement is now being drawn up and on May 31 the older institution will take over all the properties of the younger and will continue to maintain the present home in Wright street and care for the children there. Those present at the meeting yesterday were as follows: From the New Brunswick Protestant Orphanage Home, D. C. Clark, Hon. J. G. Forbes and T. H. Estabrook; from the Provincial Memorial Home, Dr. James Manning, J. W. Britain and H. Usher Miller.

ENTERTAINMENT FOR DELEGATES

Plans for the entertainment of the delegates to the annual meeting of the Canadian Manufacturers' Association, which will be held in the Algonquin Hotel in St. Andrews by-the-sea from June 20 to 23 inclusive, were made at a meeting of the entertainment committee of the maritime branch of the association, held yesterday afternoon in the Board of Trade rooms. The chairman, G. Clifford McAvity, presided, and the other members of the committee, J. Fraser Gregory and Harry Martin, were present, as well as T. H. Estabrook, L. W. Simms, Alex. Wilson, W. A. Nicholas and H. R. Thompson, of Amherst, secretary of the maritime division of the association.

Prophy-lactic Tooth Brush

THIS brush cleans more thoroughly because the tufted bristles reach between the teeth.

It is easier to manage because of the curved handle.

It is more sanitary because it always comes in the yellow box.

It wears longer because of the quality of the bristles.

Four visits a year to your dentist and daily use of the Prophy-lactic Tooth Brush insure good teeth for a lifetime.

Adult's, youth's, and child's sizes.

school inspector for district number 5, was selected as the opposition standard-bearer for the by-election in Kings county on June 17 to fill the vacancy caused by the resignation of George B. Jones, M.P. Councillor John E. McAuley, of Lower Millstream, a strong party man, was the only other name on the ballot and he received twenty-five votes, while Major Brooks received sixty-eight votes. Mr. Brooks was nominated by Hon. James A. Murray, of Sussex, after the former premier had declined to allow his name on the ballot. Speeches were delivered by J. D. Palmer, Conservative leader, who had been mentioned as a possible candidate.

Major Brooks, C. D. Richards, M.P.P., opposition house leader; Hedley V. Dickson, M.P.P.; Councillor McAuley, and George B. Jones, M.P., who hurried from Ottawa to keep an eye on the proceedings. Councillor J. William Smith, of Hampton, was chairman. Mr. Palmer admitted that his followers were fighting a party that was strongly entrenched in power. He said the issue in the coming fight was the record of the Foster government.

Little Electric Motor That Makes Talking Machines New Again

The Shelton Electric Co. of New York, a concern devoted to improvements on mechanical devices of a utility character, have invented a portable motor that runs your talking machine instead of the steel clockwork-like spring, and the household public of the continent are buying them up like hot cakes. For instance, this little motor is simply placed alongside the turntable of the talking machine so that its rubber driving wheel touches the edge. By connecting the electric cord with a light socket or baseboard plug-hole the wee motor drives the machine at perfect tempo. Constantly winding up the talking machine is no longer a bugaboo, no longer a hurdy-gurdy process. By pressing the button the motor stops or starts. One can hardly imagine how different the music sounds under this new arrangement. Instead of the oftentimes irregular speed of the spring-driven record—perhaps the spasmodic tension of a well-worn spring—the rhythm and tempo is perfect. This is most enjoyable in dancing records and in a cheaper make of talking machine the effect is that of an expensive electrically-motored one. The Shelton Motor simply sits alongside the turntable, has no attaching screws or nails. Can be used on Edison, Victor and Columbia types. It never gets out of adjustment and is a wonderful little piece of electric mechanism, hardy and durable. There are already over 25,000 of them in use. John Frodsham, the Victor dealer opposite the Market, in Germain street, is the St. John agent for this new talking machine accessory and he has sold a score of them within the past few days after a demonstration. A phone call will make arrangements for showing this clever device.

The cost of the Shelton Motor is very moderate indeed.

ALL THE SIGNS POINT TO MURDER

Fearful Sight Under Stable on a Farm in Ontario,

Chatham, Ont., May 26—Every indication of a brutal murder was uncovered on a farm occupied by Clayton and Bert Croft, near Charing Cross village yesterday, when a hired man found the dead body of an elderly man under the stable on the farm. The body, which is believed to be that of Gusten Noel, was badly decomposed. The rear portion of the skull had been crushed in with some blunt instrument. The mouth also had been hit, only two teeth remaining. The mouth was exposed, the lips having been eaten off by rats.

THIRTY-TWO HURT IN TRAIN CRASH

Freight Strikes Electric Car, Breaking it in Two—Confusion of Signals Given as the Cause.

Birmingham, Ala., May 26—Thirty-two persons were injured, a number of them seriously yesterday when a crowded inter urban car on the line of the Birmingham Railway, Light and Power Co. was struck and broken into two parts by a freight train on the Alabama Great Southern Railroad line at Woodlawn station. Confusion in following signals of a crossing flagman was said to have caused the accident.

ANOTHER GOOD SHOW AT QUEEN SQUARE

Presented by Marty Dupree and Her Excellent Company.

Miss Marty Dupree and her company have a new programme at the Queen Square Theatre, which was much enjoyed by large audiences. The bill abounded in lots of fun, with songs, dances and beautiful costumes. Miss Dupree again made a big hit, and demonstrated her versatility with the different kind of numbers in which she participated, with the characters of a demure wife singing "Baby Days," a Bowerly girl in "It's a Wonderful Place," a dashing zombrette and a modern danseuse. She made no fewer than six changes of costume, looking decidedly attractive, and her every number was appreciated.

Ben Drohan was again very funny; he has a manner about him different to most comedians; he ejaculates witticisms just when unexpected, and thus creates spontaneous outbursts of laughter.

Allie Bagley again delighted, her songs winning the heartiest applause. She has a way of singing that captivates audience who enjoy this class of entertainment, and they are not slow in showing their appreciation.

Frank Smith is a clever character man, and was a valuable aid in the comedy work. Jack Slater also aided in the success and Frank O'Neil's solo was a feature. The chorus again showed themselves good, and looked well in their pretty costumes. The bill will be presented for the balance of the week.
