Annual Meeting of Bank of New Brunswick Held Today

FINANCIAL STATEMENT

James Manchester is Re-elected President and Dr. W. W. White, Vice-President—Three New Branches of the Bank Opened During Year

The annual meeting of the shareholders of the Bank of New Brunswick was held at noon today when the report of the directors for the past year was presented, showing a net profit of more than \$142,000 on the year's transactions. Quarterly dividends at the rate of 10 per cent, had been paid to the shareholders and a substantial sum credited to the rest account. The meeting was fairly well attended and the old board of directors was re-elected. Speeches were made by Hon. J. D. Hazen, G. S. Mayer, R. B. Emerson, A. P. Barnhill, Dr. W. W. White and James Manchester. All returned to the very satisfactory condition of the bank's affairs and complimented the management and officials on their capable work.

At a meeting of the board of directors, following the shareholders' meeting, James Manchester was re-elected president and Dr. W. W. White, vice-president.

The Directors' Report

Following is the report of the directors and the financial statement as adopted by the shareholders for the year ending 31st December, 1910:

The net profits for the year, after making full provision for interest on deposits, rebate on current discounts, and for all bad and doubtful debts, amount to \$142,180.41. The following disposition has been made of this:

Quarterly dividends at the rate of 10 per cent, per annum have been declared, amounting in all to \$100,257.54. To the rest account has been added \$25,000, to the pension fund has been contributed \$5,000, there has been written off bank premises \$10,000, and the balance of \$18,922.89 has been added to profit and loss account.

The rest account has been further increased by the addition of \$29,000, being the premium on new capital stock sold and issued during the year.

The bank has had a satisfactory year, and the increase in the various departments show a continued growth of the business.

Branches of the bank have been opened at Hampton and St. Stephen in New Brunswick, and at Hantsport, in Nova Scotia. The sub-branches at Norton and Petticoat have grown sufficiently to warrant their being made regular branches.

The building at Campbellton owned by the bank was destroyed in the fire that devastated that town in July last, but it was sufficiently insured, and is now being rebuilt.

New buildings have been erected by the bank in Fredericton, Summerside, and on Charlotte street, St. John. These have occasioned the increase in the bank premises account.

VICTORY ALL ALONG LINE FOR CANADA

Practically all of Dominion's Fishery Contentions Are Confirmed

"If Reciprocity Negotiations," Says Special Despatch, End as Favorably, "Canada Will Have Reason to Bless Day Fielding and Paterson Came to Washington"

Montreal, Jan. 16.—A Washington special to the Herald says:—If the reciprocity negotiations come out as favorably to Canada as the fishery negotiations did, the people of Canada will have reason to bless the day that Messrs. Fielding and Paterson came to Washington. The final terms of the fishery agreement were not made public here on Saturday night, before Sir Alan Aylesworth and Hon. L. P. Brodeur left but the Herald has the best reasons for believing that practically all of the Canadian contentions were confirmed.

It was contended that Sunday should be regarded as a close season on the fishing grounds, and to this the Gloucester fishermen objected on account of the loss of time. It was finally agreed that Sunday should remain a day of rest in treaty waters.

The United States objected, to the right search of their vessels and the Canadian side won this point as well. It was pointed out that somebody must do the necessary policing and that it was impossible for the United States to do this in Canadian waters. The right remains Canada's. The use of purse seines will be discontinued, contrary to the wishes of the United States, and finally, Canada will return the right to licensing United States fishing vessels, though the word "license" will be changed to "permit," which is rather that of a discrimination than a difference.

In exchange for this big win certain minor concessions have been made with the view of improving the lot of the Gloucester fishermen. These concessions have not been made public either, but they will operate as much for the benefit of the Canadian fisherman as that of his rival.

MRS. SUTHERLAND ASKS SOME QUESTIONS

The assault case brought against Robert Nichols by Mrs. Ellen Sutherland, was resumed this morning in the police court and after hearing the evidence of Mrs. Nichols and her husband was resumed.

The trouble was over the water Mrs. Sutherland claiming that she could not get any when they were using it down stairs.

Asked if she desired to ask the witness any questions, Mrs. Sutherland asked, "What name did you call me when you closed the door, will you repeat it?"

The witness: "I called you nothing, I said dear me, Sheffield-street has broken loose again."

Mrs. Sutherland: "You called me a Sheffield street."

This was denied by the witness.

Mrs. Sutherland: "Why did you say when you saw me with Mrs. Hewitt that we had a bottle and were going upstairs to have a drink?"

Mrs. Sutherland: "Why did you shake a butcher knife in the face of my husband when he went to the door and told you we had no water up stairs, and threaten to seal him?"

Witness: "I didn't."

Mrs. Sutherland: "Why did you call me a soft cold tramp, and tell the milk man not to bring milk to me because I wouldn't pay for it?"

Witness: "Why, I didn't."

Mrs. Sutherland: "How can you deny these things?"

John Kerr, K. C., appeared for Nichols.

LIKELY TO JURY THIS AFTERNOON

Defence in New Year's Eve Case Has Been Completed

DEFENDANTS TESTIFY

Replies to Statements Made by Witnesses for the Crown—Defence Lawyers Sum up and Are Followed by the Recorder—Cold in Court

The case of the eleven young men charged with being members of an unlawful assembly on New Year's Eve will probably go to the jury this afternoon, as the defence has finished for the defence this morning, after the examination of the defendants, and the closing of arguments by the counsel for both sides.

The case was adjourned about 1 o'clock until 2:30 this afternoon. The atmosphere of the court room was very chilly this morning, and some of the jurors wore their overcoats.

On the opening of this morning's hearing, Wm. J. O'Rourke was recalled by Mr. Mullin, and answered a few questions.

Jones Denies

John Jones was called and told of what he saw and did on the night of the disturbances. He denied that he had thrown a stone at a street car, as had been said by Charles Alchorn, or that he had broken a window. He was not, during the evening, he said, standing alone at the head of King street. He heard some one cry "Down to the Laborers' Hall," and saw a crowd, among them Charles Alchorn run there. Later, he saw Alchorn climb up the turret at the bell, and hurriedly come down, when some one shouted "Come down, Charlie, here comes two bulls." Jones told of going to different sections of the city, and of finally going home, after having met policeman Perry in Queen street. He had not damaged any property.

Cross-examined by Mr. Baxter, he said he was in Lower Queen when box 23 of the fire alarm sounded.

Mr. Baxter: "What you were in King street, did you assist or see in any way as to how someone thought that you had thrown or were about to throw a stone?"

"No, Sir."

"Did you throw anything at all?"

Jones: "No, Sir."

"And if anybody says that you did so, he is not mistaken, but lying?"

"Yes, Sir, that is right."

FUEL FAMINE IN ALBERTA

Regina, Jan. 16.—There are grave fears of a fuel famine in many parts of the province. In Regina some of the coal burners are already exhausted supplies, while others will soon be out. At Qu'Appelle, scarcity of fuel has resulted in shutting down of light plants.

Charles Raston and Fred Flowers, in jail on New Year's Eve, were today charged with robbery of Queen's jewelry store, today elected to be tried by jury at the next sitting of the county court. The preliminary examination was commenced before Col. Marsh, J. W. McCreaty appeared for the prosecution, and P. A. Guthrie for the accused. Mr. Blackmer identified part of the jewelry in court as belonging to him.

SLASHES REFEREE; IS LOGGED IN JAIL

Cobalt, Ont., Jan. 16.—Harry Smith, the former Ottawa hockey player, and one of the famous Smith family, was not only arrested, but lodged in jail at a game, Smith lost his temper and slashed referee Quinn across the face with his stick. He will be held on a charge of assault. Smith had been penalized three times.

Nothing to do with any deprecation coming to Mr. Baxter the witness said he was standing in King street with Edward Markin, when the crowd was making a din.

Stanley Brown, another defendant, said he had given some "Caples" "some lip," when told to move onward.

Mr. Baxter: "What you were in King street, did you assist or see in any way as to how someone thought that you had thrown or were about to throw a stone?"

"No, Sir."

"Did you throw anything at all?"

Jones: "No, Sir."

"And if anybody says that you did so, he is not mistaken, but lying?"

"Yes, Sir, that is right."

Toronto, Jan. 16.—Addressing the Canadian Institute on Saturday evening, Dr. W. G. Miller, provincial geologist for Ontario, said that he believed Canada to be on the eve of the greatest mining movement in the world. With the gold of the porphyry district, Dr. Miller had been very much impressed when he was up there. Gold was a metal which was very little has been taken out of Canada, and he believed that the next few years would see a great development in this country.

Of Nickel, he said, that there had been 100,000,000 worth taken from the Sudbury mines and there was still plenty left. Canada had so far produced four billion tons of iron and Dr. Miller believed that there was no limit to the time for which the iron of the country would last.

WOULD NUMBER 200

London, Jan. 16.—(Special)—Lord Strathcona, referring to the suggestion that colonial representatives should have part in the Coronation ceremony, says much would be gained by a corps of Highland Cadet Battalion materializing, the regiment, 200 strong with pipe and bugle bands, will attend the coronation ceremonies which are to be held in London next June.

If the permission of the federal government for the battalion to leave the country is obtained, he believes, it will be possible to raise sufficient money for the expenses of the trip by public subscription. Already several large sums have been promised by prominent Montrealers in the event of the trip being undertaken.

THE JUDGE ORDERS A "NOT GUILTY" VERDICT

Hamilton Murder Trial Comes to a Sudden Termination

Hamilton, Jan. 16.—The Finton trial came to a sudden and somewhat unexpected end on Saturday evening, unexpected, that is, in the way the end was reached rather than in the result attained. After Crown prosecutor Blackstock had finished putting in rebuttal evidence, Justice Teasdale asked him if he thought the case was strong enough to go to the jury. Mr. Blackstock recomended the vital points of the evidence in justification of the crown's action.

His lordship then instructed the jury to bring in a verdict of not guilty without leaving their seats, which they did. His lordship then informed the jurist that he was free.

THE TIMES' NEW REPORTER

MAKING A NOISE

Mr. Peter Binks says he observes that the gentlemen who frequent in the cave of the Adullamites are opposed to government by commission. Mr. Binks further observes that a very good way to determine the value of any proposition is to keep an eye out and note what manner of persons rush into the arena to assert that it is no good, and to endeavor to create sectional prejudices against it.

"There are some persons," said Mr. Binks, "who like to make a noise."

WEATHER ITEM

Our esteemed fellow citizen, Mr. James Jones, has a grievance. He set out this morning to come down town, and wore his hat instead of a fur cap. He fell from both cars, and left two good Samaritans busy for some time treating the frost-bitten members with applications of ointment. What James said about the change in the weather melted the snow almost as fast as it was applied. He used some very warm expressions.

A DELEGATION

A delegation of citizens waited on the Times new reporter this morning to say that if "scent" jobs were properly assessed and hooves forced to go to work, the city of St. John would outstrip all its competitors in growth and happiness. The delegation mentioned some other little matters, such as the city council, but their chief business this morning was to free their minds about the variant bus and the zeppis who refuse to work for a living. If these were made productive it would be a fine start. The new reporter has taken the matter under advisement.

GRAVE CHARGES MADE AGAINST AN ADMIRAL.
Choice of Resignation or Suicide Said to Have Been Given an American Navy Commander

Washington, Jan. 16—Rear Admiral F. B. Barry, commanding the Pacific fleet, may be court-martialed as the result of grave charges against his moral character preferred by some of his officers. The charges, which are similar to those which figured in the famous "round table" exposures in Germany were reported to the admiralty by the men of the West Virginia. The officers are said to have offered the admiral the choice of resignation or suicide, and sent him a revolver which he refused to use. Instead of resigning he asked to be retired on half pay and the result will probably be a court-martial under the navy board.

OTTAWA BUSINESS MEN REACH OUT FOR INDUSTRIES
Ottawa, Ont., Jan. 16—Ottawa read estate dealers in conjunction with the civic publicity department have a proposal to finance industries coming to the capital. There are several substantial automobile industries which would locate here if sufficient capital were provided and the real estate dealers have offered to assist the publicity department by disposing of stock for the companies.

Ottawa Fire Record
Ottawa, Jan. 16—The total loss by fire in Ottawa during 1910 was \$188,500, a decrease of \$12,000 as compared with 1909. There were 216 fires and the insurance totalled \$1,212,000.

THE FERRY
The mayor today received a letter from the marine department at Ottawa, in which it is stated that the maximum pressure that could be allowed on the shift of the ferry steamer Anuk, which the city is negotiating for, would be 34 pounds. This, it is claimed, would not be sufficient for operating the steamer to advantage. The matter will probably be dealt with at a meeting of the council to be held in a few days.

TO STAMP OUT COCAINE EVIL IN THE DOMINION

Hon. Mr. King Framing Stringent Law to Be Introduced Into Parliament This Week—Governor General Deeply Interested

Montreal, Jan. 16—Legislation of the east iron description, setting an absolute ban on the sale of cocaine in Canada, except for medical purposes, and providing heavy punishment for violators of the law, will be introduced into the house of commons this week by Hon. Mr. Mackenzie King, in an effort to stamp out the cocaine snuffing evil which recent revelations have shown to be prevalent to a fearful extent in the dominion. It is expected that the bill will be passed without opposition.

The Mackenzie King is incorporating the cocaine act in the act to prohibit the sale of opium and morphine which will be presented to the house this week. He has obtained the permission of the senate to the inserting of a cocaine clause in the bill, and during the last five days Mr. Henderson of Montreal, a prominent member of the W.C.T.U., has been in Ottawa consulting with the minister on the proposed legislation, and also interviewed the governor-general and lady Grey at the latter's request. Their expressions on the subject are the most favorable in the proposed legislation.

The new bill will provide a fine of \$500 for the first offence as a punishment for the illegal sale of the drug and imprisonment for a second conviction. Buyers will also be liable to punishment and careful watch will be kept over them.

The new law will make it impossible for any one to obtain cocaine except by means of a medical certificate and a new certificate must be presented with every bill for the sale of cocaine.

THE C.P.R. AND THE WEST SIDE MATTER

Vice-President D. McNeill, of the C. P. R., has written to Mayor Frink, regarding statements which were made at the last meeting of the common council, concerning the west side transfer, to the effect that the C. P. R. was not willing to allow certain phrasing which would bind the railway to develop the property so that it would be used in conjunction with the work done by the city.

Mr. McNeill says the C. P. R. is quite willing to agree that the property is useful for railway purposes and the only difference which he has been advised in regard to the filling in of the flats with a specified area.

Mayor Frink when asked about the matter, said that the remarks he had made concerning the matter had not been altogether correctly reported. The substance of what he had said at that time and what Recorder Baxter had also said was that there was nothing in the agreement to show that the railway would equip the ground at the docks and warehouse to be provided by the crown could be utilized.

Both the mayor and recorder expressed the opinion that words should be inserted in the agreement to bind the C. P. R. to a policy which would provide for the land being used in the improvement of the shipping facilities for export and import business at this port, in conjunction with the work to be done by the federal government. This is a connecting link that is considered important for the city and with this point it was said today, Mr. McNeill's letter does not deal.

This afternoon Mr. Howell will have a conference with Premier Hazen and A. B. Wilnot, provincial immigration agent. There have been many applications at the office in England, from intending settlers, about New Brunswick and Nova Scotia. Tonight Mr. Howell will go to Halifax to confer with the premier of Nova Scotia and will sail from Halifax on the C. N. R. steamer, Royal Edward. He expects to be away about three months on preparation work.

HEAT WISE; COAL FOOLISH
That's another version of "penny wise, pound foolish," but it means the same thing. It means that it is not wise to use these slow burning, dirty coals that require an hour or so to work up a hot fire and waste out your patience waiting out ashes and soot. Buy Broad Cove Coal. It is a soft coal free from soot and can be burned in a kitchen range or small stove, without the fear of soot troubles so common with other soft coals. With it you get the best of wood fire and the heat of the coal; a perfect coal for the kitchen and light for the parlor. Ask one who uses it. Almost any retail dealer can supply you. If you do not, write or phone for address of nearest dealer.

A QUESTION FOR MR. HAZEN

Last week's Canadian Courier prints in black type in the middle of a page dealing with the immigration question the following paragraph:— "Premier Hazen of New Brunswick, so a friend of his writes, estimates that his province received not more than 800 immigrants last year. The total immigration into Canada was 225,000. According to population, New Brunswick's entitled to one seventeenth, or 13,000. Mr. Hazen satisfied to accept 800 instead of 13,000?" The question may be broadened. Is New Brunswick satisfied to accept 800 instead of 13,000?

The Courier quotes Mr. H. Linton Eccles, formerly its London correspondent, to the effect that the west is well and attractively advertised in England and the east is not. He says:— "The average man in Britain who is making up, or might be induced to make up, his mind to emigrate doesn't know the east. He has never been told enough about it, and a good deal of what he has been told has forgotten because it wasn't told him again or in the right way. Also, he knows nobody in eastern Canada. None of his friends or acquaintances have settled there, and he doesn't receive letters from men saying they are getting on well and wouldn't go back to the old drudgery of life in the old country for anything. You have only to be moving about London every day for a few weeks to see the big difference there is between the emigration officers that are interested in the west and those that are interested in the east of Canada."

There is food for thought in these remarks. Not only do they strengthen the plea made by Mr. T. H. Estabrook that the eastern provinces should urge the federal government to pay more attention to immigration into eastern Canada, but they make it clear that the provincial governments should do more. The question put up to Mr. Hazen by the Courier is one that his government should answer. The province of New Brunswick needs settlers. It also needs better roads and better methods of agriculture to keep those who are now being lured to the west.

CITY GOVERNMENT

The plan of city government by commission is not exactly the same in all the cities that have adopted it. The Des Moines plan, which is the basis usually adopted differs from the original Galveston plan, and other cities have modified the Des Moines plan. There is the general principle which provides that a commission of four or five men, elected by the people, by a double election, shall have full control of civic affairs, and give their whole time to the task, being subject to recall by the people at any time if they fail to do their duty. The details of the plan vary in different cities. In St. John what is declared best and most desirable could be adopted, with such additions or amendments as the conditions would seem to demand.

Were Arrested in Mistake on Train in Connection With a Murder Case

New York, Jan. 10.—Mrs. Lucinda Barton and her mother Mrs. Cora B. Herren, are suing the New York Central Railroad Co. for sums aggregating \$60,000. They allege that they boarded one of the defendant's sleeping cars at Rochester, in May, 1908, to come to New York, and at Syracuse were arrested and compelled to leave the car and go back to Rochester. They were locked up, but afterward discharged, the arrest having been made by mistake in connection with a murder in Indiana. They allege that the company did not properly protect them; that the officers making the arrest had no warrants and merely exhibited their badges. The company has made a general denial of information and belief. Supreme Court Justice Mareau in Brooklyn Monday granted Mrs. Herren's demand on the company for a bill of particulars telling all they know of the arrest. "For all the company knew the men who invaded its cars might have been burglars, disguised as policemen," said the court.

TWO INSPECTORS

The Standard is lost in admiration of the agricultural policy of the Hazen government. The appointment of a poultry inspector is heralded as a great and glorious achievement. That and the appointment of an orchard inspector are of the two great outstanding monuments of Hazen's administration. Mr. Seth Jones of Sussex, brother of Mr. Geo. B. Jones, M.P.P., the poultry expert. Mr. Hazen expects great things of Mr. Jones. Richard Arkwright, a tonsorial artist of old time, became Sir Richard Arkwright, and why not Sir Seth Jones of Sussex? The Times enviously takes a friendly regard for Mr.

Jones personally, and is glad that his side line of poultry raising has proved profitable; but the government might do a lot more than provide salaries for him and an orchard inspector, out of all that increased revenue of which it boasts. A government with plenty of money to expend for the good of the province should be able to show some results on the highways, in agriculture, in immigration and in education worthy of its opportunities. When the people ask for results, Mr. Turner and Mr. Jones are paraded for inspection. Their activities, however, do not account for all of the increased revenue, nor do they atone for the government's failure to produce a comprehensive and progressive policy, yielding practical results.

This is the week of the great forestry convention at Quebec.

The next meeting of the city council will doubtless be of a somewhat lively nature. The market affair is not yet settled.

The Liberals of St. Martin's recognize the eminent services of Hon. Dr. Pugsley to this constituency. His political foes cannot obliterate the record of those services, and therefore resort to insinuations and abuse.

The secretary-treasurer of the Toronto Board of Education reported to the Board of Control last week that \$2,210.35 was expended on the supervised playgrounds in connection with the public schools of the city last year.

The New Brunswick Tourist Association continues to do a valuable work in advertising the province and in looking after tourists who visit this city, giving them information and facilitating their movements. A satisfied tourist is always a good advertisement.

Mr. D. McNeill writes to Mayor Frink to deny that the Canadian Pacific Railway Company is holding up the agreement with respect to the transfer of the west side lots. He states that the company are and always have been agreeable that the property should be used for railway purposes only, and works in connection therewith. The company have declined to fill in the data within any specified date, but agree to do it as rapidly as the necessity requires, which is all that is asked of the government in the matter of accommodations. In the light of Mr. McNeill's letter there does not seem to be any reasonable excuse for the prolonged delay in concluding the agreement.

The annual statement of the Bank of New Brunswick is very pleasant reading for the directors and shareholders, and shows that this admirably managed institution is keeping up its record of success, and steadily broadening the field of its activities. After paying quarterly dividends at the rate of 13 per cent. out of net profits it added \$25,000 to the real account and \$5,000 to the pension fund, wrote off \$10,000 on bank premises and added \$1,822.90 to profit and loss account. To rest account was also added \$32,900, premium on new capital stock sold and issued during the year. Three new branches were opened and two sub-branches were made regular branches. The bank has now eighteen branches in New Brunswick, four in Nova Scotia and four in P. E. Island. Its success as a financial institution is a source of satisfaction to the people of the province generally.

THOSE SPIRIT REALMS

(January Canada Monthly, formerly Canada-West). John, Jr., is an observing small boy with an ambition to grow up a worthy citizen. Recently he graduated into the jack-knife class, with four shining blades and a cork screw. But there were still unconquered realms to which his spirit soared, for he came to his mother, wistfully balancing the new treasure in his hand, and inquired: "Mamma, when will I be old enough to drink bromo-seltzer in the morning like my father does?"

THE FAIRY SLEEP

You must come to the fairy sleep if you would be happy, child; The fairy sleep on the singing shores where the silver moon lies smiled. You must come till it touches you Like a soft and gentle thing. That comes by night across the dew All on a bloomy wing. The nurse may croon and the stars may shine until you count them all, But till you have come to the fairy sleep no peace on you will fall. You must feel it upon your eyes Like rain in April time. All in a land of soft blue skies Down a warm vale of rhyme. The little clouds are the weeny sheep that make you nod your head As counting them go'er the bars you wish you were in bed. But, even then, till the fairy sleep Comes by, you will not see. That gateway to the lilted vale Of the dear land of dream.

IN LIGHTER VEIN REMEMBER TO FORGET.

ARITHMETICAL.

FITTING.

Sparker—"I see Scorchier has named his new auto after his wife. Isn't that rather strange?" "Plugs"—"No, not at all; as soon as he discovered he couldn't control it he gave it her name."

PASSED THEM UP.

Young Widow—"Have you read any of the late novels?" The Bachelor—"No; since the first of the novels I have been trying to lead a better life."

SHE SUPPLIED PROOF.

"Anyway," snapped Mrs. Naggsby, who was getting the short end of the argument, "my judgment is better than yours." "I'm sure it is, my dear," replied Naggsby, calmly. "Our will always supplies all the proof you need to back up that assertion."

HOW A TOWN WAS HONORED.

The native pride of small American towns is one of the most interesting things about them. The Louisville Courier-Journal is the authority for quoting this conversation: "Did the Presidential train stop at Plunkville?" asked a visitor of the Mayor of that place. "No, it did not," replied the official, "but one of the party threw out a burnt match as they passed through."

APPROPRIATE DITS.

Plane food—for the aviator. Game for the baseball fan. Crabs for the youthful carman. Melts for the milking man.

For the upholsterer, stuffing.

For the coward and politician.

Quail and cove are the birds. The fool who flies in passion. Should be made to eat his own words.

For the glove-maker, lady's fingers.

Capers for the clown to eat. For the match-maker, nutte pudding; And for lunatics, cracked wheat.

A ST. STEPHEN RACE.
The match race at the St. Stephen speed way on Friday afternoon, between W. J. Smith's Prince Louis, Engen the great owned by F. C. Marchie, and the J. Clark Taylor horse, came to a sudden end when the Taylor horse cut itself quite badly in the first heat. Prince Louis had the best of the event but it is claimed by horsemen that the Taylor horse will be able to make the big St. Stephen trotter step some when he is properly booted for the fray. There were many interesting brushes between other speedy border horses, and the racing was enjoyed by a large number of lovers of the sport.

OBITUARY Mrs. Samuel Pollock Mrs. Samuel Pollock, widow of Samuel Pollock, of Lakefield, fourteen miles from Sussex, died at her home on Sunday morning of heart trouble, aged 68 years. Five children survive, four sons and one daughter. The funeral will take place on Tuesday, interment at Clover Hill.

William F. Emery William F. Emery, formerly of this city died in New York on Wednesday, the 11th. He is survived by his father, G. P. Emery, of Carleton, and two brothers, Dr. A. F. Emery and Charles Emery, and one sister, Mrs. William White of this city. Interment was made in New York.

John C. Beattie John C. Beattie, one of the most respected residents of Carleton, and special agent of the S. P. C. A. at Sand Point, died at an early hour yesterday morning, aged seventy years. He had been in poor health for some years, and his condition had been causing anxiety to his family for the last eight weeks. The immediate cause of death was heart trouble. He was a native of Carleton, but had lived some years in Cambridge (Mass.), returning from there seven years ago. He is survived by his wife, who was Miss Margaret Mayer, daughter of the late Samuel Mayer; one son, S. Murray Beattie, manager of the branch of the Bank of New Brunswick, Fairville, and one daughter, Miss Beattie.

WAS TERRIBLY AFFLICTED WITH LAME BACK. COULD NOT SWEEP FLOOR. Three Boxes of Doan's Kidney Pills Cured Her. It is hard to do housework with a weak and aching back. Backache comes from sick kidneys, and what a lot of trouble it causes. But they can't help it. If your work is put on them that the case had better not be wondered they can't help it. Weak back is simply a warning from the kidneys and should be attended to immediately so as to avoid a more terrible suffering from kidney trouble. Mrs. N. Larnour, Smith Falls, Ont., writes:—I take pleasure in writing you, stating the benefit I have received by using Doan's Kidney Pills. About a year ago I was terribly afflicted with lame back and was so bad I could not even sweep my own floor. I was advised to try Doan's Kidney Pills, which I did, and with the greatest benefit. I only used three boxes and I am as well as ever. I highly recommend these pills to any sufferer from lame back or kidney trouble. IN WALL STREET Financial Firm's Views on the Outlook in the United States New York, Jan. 14.—The iron business shows unsettled conditions and comparative small volume, mostly in small orders. The meeting of Steel representatives to discuss the situation resulted in no decision to cut prices. Probably the idea was that a cut would do little to jar consumers out of their hand-to-mouth methods, with consumption as low as it is at present. The opinion seems to prevail with the managers of the Steel Corporation that orders in volume must come some time in the future, and in view of this they are adverse to price reduction. General business is following about the same lines as steel and iron. The bond market is more cheerful and stocks have brightened up somewhat. With prospects of dividends being maintained through the year, investors may realize good income on good securities purchased now and held irrespective of more or less temporary declines. J. S. HON. MR. PUGSLEY DESERVES THE THANKS OF ALL

His Great Work for St. John Attested in Resolution at St. Martins Meeting—Delegates to Convention

In St. Martins and Musquash on Saturday night delegates to the Liberal nominating convention were chosen. In St. Martins F. M. Cochrane was elected chairman and W. E. Skillen secretary. The delegates chosen were: A. F. Bentley, M.P.P.; Robert Connelly, F. Cochrane, John A. Howard, Patrick H. Nugent. The substitutes were: Thomas Hoy, John T. Boyer, William J. Wabers, Rogers, Dunlop, Capt. J. H. Cresswell, Capt. J. J. Cresswell, Mr. Howard, Dr. Gilbert, and Thomas Hoy.

A resolution which was moved by Councillor Robert Connelly, seconded by A. F. Bentley, M.P.P., and passed unanimously, is as follows: "Resolved, that this meeting has entire confidence in the great Liberal administration of this country under the able, just and far-seeing policy of our beloved chief, Sir Wilfrid Laurier, who has been at the head of the government since 1896, and whose master hand is still guiding the ship of state, and who most generously trusts may be spared to do so for many years to come. As a statesman and gentleman he stands out brilliantly in the forefront of the empire's great men, past and present, honored and respected. With such a leader how can any party fail to obtain the support of the best thinking material in the dominion, whose overwhelming endorsement of his actions on every occasion speak louder than words. It can truthfully be said of Sir Wilfrid that he never in his life did keep or tried 'to keep the word of promise to the ear, and break it to the hope.' "The Hon. William's name we include in this resolution, and our unanimous endorsement of the great work he has done, and is still doing for St. John, the largest and most important city in the Maritime Provinces.

"At a critical period of the city's history, possibilities presented themselves on the horizon that with materiality would mean so much to St. John and its future development and prosperity. Our worthy and respected member proved equal to the occasion and with ingenuity, tact and eloquence captured the prizes for the city. He deserves the honor and appreciation of all classes, irrespective of party. Mr. Pugsley's services to the dominion as Minister of Public Works stand out prominently to his credit. "We also place on record our deep appreciation of the Hon. W. Robinsom, and now as leader of the opposition, did, and is still doing, noble work for this province; his keen and able judgment of the conditions and requirements of the province has tended materially to keep in check the wanton extravagances of the present government. We are certain that before long he will again be at the head of a solid Liberal administration at Fredericton."

TOURIST ASSOCIATION The New Brunswick Tourist Association are holding their annual meeting at the board of trade rooms this afternoon at 4 o'clock. F. B. Ellis, in the report of the executive, says that the association has been well up to the average. Many Americans did not come to St. John on account of the overcast weather and the hotels and boarding houses as a result of the Dominion exhibition, and many went away early for good reason. Another large increase in the revenue from license fees was reported, the figures being \$41,019.19 as against \$38,181.19 in 1909. The grant from the provincial government of \$1,200 and that from the city of \$200 has enabled the association to value of \$26,144,000, and this year with carry on the work. Efforts were made to advertise the time of the departure and arrival of trains. Replies were received that the matter would be considered when making up the summer time tables.

The Evening Chit-Chat

ACCORDING to the United States' latest census there are 4,883,000 women in the country who work for wages. This is one out of every seven women in the country who are obliged to use a wage earner. Don't such statistics impress upon you the big necessity for women to get out of the still comparative paths in which they have been so long successful, in order not to lower wages to starvation point and overcrowding these few occupations? Don't those statistics impress upon you your duty to help our wage earning sisters by sending in to this column any hints as to unusual occupations at which women you know or have heard of have made their living or even done some money? I hope they do. Here are a few suggestions that have come to me: I have heard that law publishing houses pay very good salaries to women to analyze, designate and classify decisions of the Federal and State courts. I should think such an occupation might be more profitable and more congenial to many women than school teaching or ordinary clerical work. I do not know whether the worker would have to have a full legal training or not. Doubtless any publishing house could furnish this information. An interesting way in which a stenographer augmented her earnings was by advertising to take dictation over the telephone from people quarantined on account of contagious diseases. The work was done in the evening outside of her regular working hours, but a public stenographer of course could do it at any time and it seems to me this wouldn't be a bad plan for some extenographer bride, who would like to increase her income a bit. The profit to be made by raising hens has been mentioned before in this column, but perhaps this little story of another woman who succeeded in this way may be interesting. "Your request for the suggestion of profitable occupations for women induced me to tell you of mine—raising chickens—the males for 'Spring Fry' and the females for eggs. The 'Fry' dressed, find a ready sale at twenty-eight cents per pound. The eggs to a regular customer at the door can be sold easily at forty cents per dozen the year around or at the highest market price. This is more interesting work than most people imagine. I have about fifty-five hens averaging four dozen eggs per day. A regular customer pays forty cents a dozen, and with his auto calls once a week for them. Food and supplies average \$3.80 per month, which you can readily see nets a clear profit of \$4.20 per month. How many shop girls' salaries exceed this? A woman who lives near a jewelry factory, wrote this: "This time of the year I make out a little money making chain purses. Women are advertised for by the hundreds early in the fall to come and learn. Many firms also send out links to women, and with a small plyer, a screw strongly inserted in a stick or a little board, the links can be opened, inserted in each other, and the chain purses made. "One young woman whom I know makes eight dollars a week doing this work, but the others get from three to five according to the amount of house work they have to do. Whether such work could be obtained in other localities, of course I do not know, but it would do no harm for anyone who thought she would like to work, to write and inquire from some wholesale jewelry firm whose advertisement could be found in any paper or magazine.

LETTER 72 YEARS TO REACH DESTINATION

(Yonkers Dispatch N. Y. Herald).

If it takes a letter 72 years to travel 235 miles, and both the writer and the addressee are dead when Uncle Sam at last gets around to delivery, how long will it take a post card to make the journey? This is puzzling and not only Nathan Warren, the postmaster here, but Mrs. Walter Padlock, of No. 120 Locust Hill avenue, who today received a letter mailed from Geneva, N. Y., in 1838, directed to the great uncle of her husband, D. O. Padlock, who has been dead for forty years.

Mrs. Padlock said tonight that the letter was written by Peter Beatty and concerned the shipment of a consignment of lumber. Mr. Beatty informed Mr. Padlock that he would remit \$2,000 on receipt of the lumber. Whether Mr. Padlock shipped the lumber or not is likely to be a matter of some interest.

Baseball

pitcher of Hampton, Va. Burbank is 19 years old, weighs 170 pounds and stands 5 ft. 10 1/2 in. height.

BOARD OF CONTROL IN OTTAWA A FAILURE

The persistence with which certain aldermen seek to diminish the efficiency or put out of business altogether the Board of Control system in Ottawa, would be a joke if it were not so serious.

At the recent elections, on the initiative of this aldermanic clique, the ratepayers were asked whether they were in favor of getting together and making a board of control system as perfect as possible. Not so, however. One method of killing the control system having failed, another has been adopted.

The new scheme is to stop the board as it is, and to create committees to study the system which shall, by duplicating the work of administration, bring chaos.

The Free Press has to believe that a majority of council will continue to do dutifully to the wishes of the electors at large. It came as a surprise to see two of the names on the list of aldermen so voting; we can only hope that, at a later stage, these gentlemen will have had an opportunity of learning sufficient from the experience of past years to warrant a change in their attitude.

As it stands, the vote on Monday night of a majority of the council was an insult to the thinking electorate of the city. After seeking the advice of the people they proceeded to act entirely contrary to the professed intention of the voters.

Sir Walter's Suggestion
(M. A. P.)
It is told of Sir Walter Scott that he was sitting in his library one day when a tall Highlander, who had been building an inn near by, came in and said:
"May it please you, Sir Walter I am going to call my place 'The Flodden Inn' and as I've written a poem on 'Flodden Field,' it struck me and the guide who you might give us a line for a motto."

"Have you read the poem?" said Sir Walter.
"No, sir, I'm new a reader."
"Then you know nothing about it?"
"Nothing," but I've heard them say as though that it's a very fine thing."
"Well, I would advise you to, take a verse from the poem itself."

"I can't do that," said the Highlander. "I'm a poor man, my inn's not to be a Kirk," said the man, "and the more praying there is the less drinking there'll be, and I intend to have a good deal of whisky."

"Oh," laughed Sir Walter, "I think I can alter the verse to suit you by leaving out the word 'praying' and putting in 'drinking'."

"By Alas Craig, that's just the thing!" shouted the man; "but he went away delighted."

HON. MR. LEMIEUX RETURNS

When Dr. Morse's Indian Root Pills Cured her Chronic Liver Complaint
Mrs. R. Smith, of Winnipeg, Man., tells an interesting story of relief from almost intolerable sufferings:

"I can hardly tell you how great my sufferings have been, 'Chronic liver complaint' accompanied by biliousness was a daily source of trial to me. Every day I experienced the sickening effects of these ailments. I longed for some medicine that should drive them away.

Hearing of Dr. Morse's Indian Root Pills, I bought a box and was very glad to find that I experienced relief. Continue to use them. I found my bowels were slowly but surely being relieved. I was no longer harassed by the effects of the ailments that had long sickened and weakened me. So great is my faith in Dr. Morse's Indian Root Pills that I shall never on any account be without them."

INTERCOLONIAL RAILWAY CALENDARS FOR 1911

The 1911 calendars of the Intercolonial have more of real artistic merit than in several years past, being a new departure in design and coloring, and those fortunate enough to receive them will find them tastefully ornamental as well as all they should be in the way of general utility.

On a background of green and brown a capital representation of pine cones, the words "Canadian Government Railways," "Intercolonial Railway," and "Prince Edward Island Railway" appear at the top in block letters of shaded green and gold. From the center of the letter space the I. C. R. emblematic moose head appears, surrounded by a halo of scarlet, in which is the usual motto: "The Last Line, The People's Railway."

The center of the calendar is taken up with a richly colored sketch of the "Ocean Limited Express" skirting the shores of Bedford Basin, on the way of Halifax. The scene is well chosen, the cloud tints and the colors of the far blue hills flanking the greenish blue expanse of water having a most natural effect, especially those familiar with the scene and its surroundings. The calendar tab is of sage green, with lettering and figures of white. On each side of the tab a panel of dark brown with yellow lettering is devoted to extolling the excellence of those two famous I. C. R. through trains, the "Ocean Limited" and the "Martins Express." A border of purple gives a finishing effect to the general design and completes a calendar of great appropriateness and new designs are wearing out. All that have come to the Globe this year are attractive, but the production of the calendar of the Intercolonial Railway marks a new beginning. Some beautiful scenery, as well as one of the Canadian government railways fine trains are shown in a dark background, making the calendar one worthy of a prominent place in the office or home.

MORNING LOCALS
The office of George Dick, in Britain street, was broken into on Saturday night. The contents of the safe were stolen. In St. John's church yesterday morning the congregation listened to an able sermon preached by Rev. A. H. Croft, pastor of Grand Falls. He preached in Trinity church in the evening.

A successful concert was given on Saturday night in the Seaman's Institute. Rev. Dr. Kierstead was the speaker, and those who assisted in the programme were Misses L. Murray, Gertrude Harrison, and Ethel Britton.

Friends will be pleased to hear of the promotion of E. R. Fenwick, formerly principal of the Dunlop Tire and Rubber Co., to the position of manager at St. John, succeeding P. R. Hanson, who has been transferred to the National Standard, New York, is a native of St. Martin's.

For a block of land near Kane's corner \$25,000 is asked, while it was bought for \$8,000 about ten years ago.

Two accidents occurred yesterday at Lily Lake, where hundreds were seeing Murray Bell tripped and struck on his head, losing consciousness. A boy named Hanson, of the same school, was killed by a horse, and was able to walk home with assistance.

In an interesting sermon last evening in Centenary Methodist church, Rev. Dr. Flinders referred particularly to the lawlessness of New Year's Eve, and urged that the churches exert redoubled energy to awaken a spirit of nobility and high ideals of citizenship among the element which would take part in such an affair.

John P. McAvoy, representative of Jones Bros. of Apolonia, in this city, received from his friends and associates in the centre market on Saturday a game of golf. Mr. McAvoy will leave tomorrow for Vancouver, where he will reside.

The monthly meeting of the Holy Name Society took place in the cathedral last evening. The spiritual director, Rev. Fr. Meahan, delivered a very able address. The treasurer of the St. John Association for the Prevention of Tuberculosis begs to acknowledge the following amounts: From the Senior Chapter of the Daughters of the Empire, per Mrs. Sherwood Skinner, \$1.25; Dr. E. A. Preston, Miss M. B. Lawrence, \$2 each; Dr. McAvoy, Mrs. McKenney, Mrs. E. A. Smith, Mrs. John Purpee, Mrs. Green, \$1 each.

A very interesting debate took place in the St. Peter's Y. M. A. rooms yesterday afternoon, when the subject was "Resolved that the east affords better opportunities for the young man born and living in the east, than does the west." The affirmative side of the question was upheld by Bernard J. McGovern, Chipman Olive and J. E. Dever, while Frank E. Cotter, L. Col and John McDonald spoke for the negative. W. Shea acted as judge, and after hearing the arguments advanced by both sides, he gave his decision in favor of the affirmative.

ONE OF THE OTHER.
"Wha't that noise?" asked the visitor to the apartment house.
"Probably some one in the dentist's apartments on the floor below getting a tooth out."
"Wha't that noise?" asked the visitor to the apartment house.
"Probably some one in the dentist's apartments on the floor below getting a tooth out."

AMUSEMENTS FOR OURSELVES AND OTHERS

The Unique Theatre claims another excellent picture programme for today and tomorrow. The house now boasts an enviable reputation for the class of subjects put up, and today's bill will be classed with the best. A good vigorous story, splendidly portayed, "The Solax Company," and one of the ordinary run of love tales, will see the list. It is called "The Scorpion's Daughter," and embodies thrilling incidents and climaxes. A impressive scene in this picture is the soldiers embarking for their camps and the whole film is one that will make the most blasé audience take notice. A novel comedy will be found in "The Tenuous Salmajora," is most interesting. For lovers of sentimental stories "The Woman Hater," beautifully hand colored, is calculated to please. The return of Mr. Sherman is being looked forward to with pleasure. His coming number will be a late New York success.

THE LYRIC
One of the most enterprising vaudeville acts of the season is promised Lyric for the first three days of this week, when the famous impersonator, buffoons, ventriloquists and novel mystery picture players, Cravett & Company, will hold the boards. Madame Cravett, a lady only in the world impersonating famous men, will imitate many characters of the past and present, giving a wonderful performance. Their burlesque on ventriloquism has won for them a name as fun makers wherever they have appeared, and the paper tearing exhibition will be found both artistic and bewildering. This attraction is said to rank with the best yet seen at this popular amusement house. Four exceptionally good pictures are promised: "Her Indian Mother," a Helen story of the plains; "Henry's New Hat," an Egan comedy; "Imagination," a strong drama; and "Carmen," from the opera.

THE STAR.
If the people of North End want a good hearty laugh, a laugh that keeps up for fifteen minutes, they are asked to see "Slim Jim and Jack Fat" at the Star tonight. This is the tale of two New York characters who steal away from their wives and take in all the fun at Coney Island. Everything just as it really is at the resort is shown, and the fun is fast and furious. There will be a strong Indian drama by the Selig Company, entitled "Gratitude," a scenic picture of Trebizonde and an European novelty "Honor for Albert." "Imagination," a strong drama; and "Carmen," from the opera.

THE GEM.
An excellent Vitagraph story of the heroism of a burly policeman named "Slaney," is one of the chief subjects of the picture standpoints, at the Gem Theatre today and tomorrow. The story is one of action, spirit and realistic, and has tenderness and pathos as well as a pleasing romantic note. The big blue-colored picture is a drama, even as his wife and little Andrew are passing the time pleasantly at home, expecting his arrival.

A very funny comedy from the Biograph studios, entitled "Taming a Husband," is another excellent feature, while there is also a very pretty child drama, "Saved by Divine Providence," which is gripping and fascinating. It is a sympathetic tale of a young lad who loses his parents for seven years, and is fostered by a poor widow, until at last he finds himself alone, and has to shift for himself. There will be the usual fine programme of orchestra music and singing by Mr. Dunbar.

Myrtle Lodge, 100 E. Wry, of Moncton has purchased from A. E. Wry, the building and lot on the corner of Bridge and Lorne street and will erect a large permanent building there on.

TUESDAY'S GREAT RACE. The championship half mile race between the fourth and fifth hand tomorrow evening should be the most exciting and interesting contest seen at the Vic for years. It will probably decide the possession of the splendid cup donated for this series of races. WEDDING OF INTEREST HERE. A pretty wedding took place on Wednesday evening, January 11, in St. John church, West Toronto, when Miss Rita A. Godfrey, eldest daughter of W. R. Godfrey, of Sheffield, Eng., was united in marriage to William B. Maxwell, eldest son of John Maxwell, of Duke street, Carleton. The officiating clergyman was Rev. Mr. Williams of St. John church. Both the principals have many friends in this city and west end, who wish them every happiness and prosperity in their new life. Mr. and Mrs. Maxwell will reside in West Toronto.

TWO MORE PRESENTATIONS. That James Doherty, who left for Halifax on Saturday night, to take up work as cashier of the Dominion Express Company, has many well wishers in St. John. The staff in the St. John office of the company, through Frederick Lynch, presented to him a handsome dressing case and David Fisher, on behalf of the Holy fire pipe. Mr. Doherty was one of the expert pin knockers of this team in the Inter-Society league. There was a large gathering of friends at the train on Saturday night and he was given a hearty send off.

COOK GETS LIBERTY ON SUSPENDED SENTENCE. Must Pay Boston Restaurant Proprietor \$30 For Damage Done. The non-jury case of The King vs. John Cook, came up before Judge Forbes this morning, under the Speedy Trials Act. The defendant on the night of December 23 was ejected from the Boston restaurant and threw a bottle of liquor through the plate glass window. The following witnesses were examined: Ernest J. Johnston, Chas. A. Clark, Geo. A. Horton, Bertram H. Breen, and Ed. Man. McCollum; the evidence being about the same as given in the police court. It was brought out in the prisoner's evidence that his home was at Pt. du Chene, and that he was a member of a church, but had not attended services since he had been in this city, and that there was no service held in the county jail other than that held by the Salvation Army. His Honor commented on this. His Honor released the prisoner on suspended sentence, under the condition that he take the pledge for one year and pay to Mr. Breen the amount of \$30 in weekly instalments. His Honor cautioned the prisoner that if he got drunk again he would be severely dealt with. Clarence H. Ferguson appeared for the prosecution and Homer D. Forbes for the prisoner.

THE GLOBE LAUNDRY IS SOLD

C. E. Vail Disposes of His Business and Will go West in Hope of Improving Health

The Globe Laundry has changed hands. Charles E. Vail has disposed of it to a company. He has also sold to W. B. Tennant the lot in Leinster street on which he had intended to erect a modern laundry building. Mr. Vail's home in Elliott Row is also offered for sale.

In conversation with The Times this morning Mr. Vail, who of late has been in poor health, said that after long consideration he had decided to retire from business and go west, perhaps to remain. It was not that he hoped or expected to do better in a financial way by leaving this city, but in the hope that his health would be fully restored by the change. He would spend some time looking over the west before deciding as to his future movements.

Mr. Vail has been a good and energetic citizen and one St. John will regret to lose. He will remain in the city for some time before going west, attending to matters relating to business affairs.

Mr. Vail will be much missed in Brunswick street Baptist church. He has been one of its most active members.

ST. PETER'S THROCNED AS RETREAT OPENS

Week of Special Services Begun by Father Sheehan in North End Church

A retreat, which is to be conducted in St. Peter's church, North End, for the entire week, was successfully begun yesterday, when the church was thronged to the doors, not only at the solemn high mass at 10.30 o'clock, but also at the evening service at 7.30, which was for women only. The high mass was celebrated by Rev. Joseph H. Borgmann, C.S.S.R., assisted by Rev. A. J. Duke, C.S.S.R., as deacon, and Rev. J. O'Regan, C.S.S.R., as sub-deacon.

The preacher was Rev. Patrick Sheehan, C.S.S.R., of Brooklyn, and he delivered a strongly impressive sermon, forceful and succinct, on 'The Holy Name of Jesus.' He spoke of the many miracles which had been performed in that name; of the reverence which the saints had for it; and said that the same reverence should be manifested by Christians at the present day. Only by constantly and fervently calling upon the sacred name could Christians remain true, and holy in their faith. Only by constantly and fervently retiring at night, the name of Jesus should be upon the tongue.

The sermon was a beautiful discourse, and the distinct articulation of the speaker, as well as his commanding delivery, coupled with the interesting matter, held the attention of the large congregation throughout.

The evening service was attended by the women of the parish, and until Wednesday next the services at night will be for the female parishioners. On Thursday evening the men will have an opportunity to attend, continuing until Sunday evening, when the retreat will be brought to a solemn close with all the parishioners attending and the members of the Arch Confraternity of the Holy Family in particular. New members will be received in that body, and the other members will act as an escort of honor for those enrolling.

BOARD OF TRADE TO TAKE UP MATTER OF COMMISSION TONIGHT

A special meeting of the board of trade will be held this evening at 8 o'clock, for the purpose of considering the action and recommendations of the council looking toward the adoption of the commission form of government by the city of St. John and determining what further measures should be taken to accomplish that object.

At tonight's meeting it will probably be decided to hold a citizens' meeting in the near future for the purpose of organization.

KNIFE CASE IN COURT

The Row in Smythe Street Boarding House is Told of. The case against George Damgaard, charged with stabbing William McDonald in Ole Martin's boarding house in Smythe street on Friday last was taken up in the police court this morning. After taking the evidence of Maggie Miles, a servant in the Martin house, Mrs. Victoria Martin, the wife of the proprietor, Detective Killen and Martin himself, the case was adjourned till Thursday next.

Miss Miles told of waiting on the table on the night in question. All had left the dining room except the prisoners and McDonald and a man by the name of Fleck. She was putting a cup of coffee before Damgaard when McDonald jumped up and struck him. The men had been in an argument and all had been drinking. Both men then got up from the table and the witness ran from the room but later heard that McDonald had been stabbed.

Mrs. Martin said she heard the noise and rushed to the dining room. Damgaard was on the floor and her husband struck Fleck down under the impression that he had hit the man on the floor. McDonald was standing over Damgaard and Fleck was pulling McDonald away. She heard that McDonald had been stabbed and found the knife by the kitchen door.

Detective Killen said that he and Patrolman Witties had met McDonald in the street. He said he had been stabbed and he had been dressed by a doctor. They went with him to the Martin house and arrested Damgaard.

The Martin said that when he heard the row in the dining room he went there and saw Damgaard on the floor and Shonaghan holding McDonald. He noticed Fleck away believing that he was doing the fighting. Damgaard said that all he wanted was to be let alone.

THE AIR IS FULL OF SPECIAL SALES OAK HALL'S

Stands Out Above All Others For SOLID VALUE GIVING

The reasons why this Sale rises head and shoulders above any Sale that other stores have ever held or can ever hold is because:— 1. Being makers of the clothes we sell, we can and do sell them to you at practically the same prices other stores pay at wholesale. 2. Our regular prices are therefore 25 to 30 per cent. below the regular prices of other stores. 3. When we cut our prices—as we have done for this Sale—you can buy our clothing at practically 50 cents on the dollar according to other stores' prices and in many cases less.

So there are no two ways about it—if you buy clothing at any store but Oak Hall you will either pay more or you will not get as much as you should for what you do pay. You must buy at Oak Hall if you want all that's coming to you in the way of clothing value. The response this Sale is getting shows that there are hundreds of men, young men and boys who know these facts to be absolutely as stated.

This is what one customer said on Saturday: "It isn't a bit like most bargain sales. Why, everything seems clean and fresh, and so orderly; yet I've never seen so many things I wanted at such low prices." Yes! that's the keynote—low prices linked with merchandise of known quality. And these conditions are quite sufficient to explain the fact that this Mid-Winter Sale is a success so great that even our vast business last January seems small by comparison. Sale continues all week.
