IVES BRASS AND METAL BEDS

A brass bed is always in keeping with any furniture in a cozy bedroom. It imparts an atmosphere of richness and luxury that can be equaled in a wooden bed only at great expense.

A brass bed is more easily kept clean than one made of wood, does not gather the dust, and when necessary to sweep under, is so light that it rolls aside at almost a touch.

Rigidity, finish and the harmony of the lines in construction, have combined to make Ives Brass Beds famous.

NEWS OF SPORT.

THE TURF

ALBANY, N. Y., July 25.—In accordance with general expectations Sweet Marie, 2004, the bay mare owned by Wm. Garland of Los Angeles and driven today by Alta T. McDonald of Albany, won the special match race at Island park, defeating Wentworth, 2:04, the black gelding owned by Taberna Develon, Jr., of Philadelphia.

The time, 2:07, 2:07, 2:07. The three races regularly on today's card were all won by favorites. Myrtle, the pacer that has won every race in which he was entered here thus far at both Woodbine park and Island park, won the 2:20 pace.

Today's results: 2:21, purse \$500; Flexo won first, fourth and fifth heats and race. Time, 2:15-2, 2:18-4, 2:15-4, 2:14-4, 2:20-7. Flying Alworth, second, won second and third; Dewitt third. Francis Griffin, Count Stanger and Katie also started. Oilwood also started.

2:30 pace, purse \$500; won by Myrtle in straight heats. Time, 2:12-4, 2:14-4, 2:13-4, 2:14-4. Helen third. Director Joe, Winnie Wilkes, Sweetheart, Country Boy and 2:13 pace, purse \$1,000; won by Who Knows in straight heats. Time, 2:15-4, 2:14-4, 2:14-4, 2:14-4. Miss Ant won the next two in 2:11-4, 2:12-4. Queen Alexandra, which had been racing fourth, won the next three heats in 2:21-4, 2:21-4, 2:21-4. She stepped the first half of the last mile 1:09 1/2.

Miss Ant raced on maritime tracks last year, and was also in the money.

**AQUATIC**  
BEAVERS FOR HALIFAX.

The Beaver crew composed of Lanyon, stroke; McLaren, forward mid; Stillipant, after mid; and Belya, bow, left last evening for Halifax to compete in the four-oared event at the Lorne Club's regatta on Saturday.

There will be five crews in this event exclusive of the Beavers.

Harry Belya, the Beaver crew's trainer, accompanied them. They will have the advantage of a couple of days' practice over the course. The struggle will undoubtedly be between the North Stars, St. Marys and Beaver crews. This opinion is based upon the victory of the Beaver crew over the North Stars at North Sydney last year, and the alternate victories of the two Halifax crews. A city oarsman of experience remarked last night that he expected the Beavers to win, as he had

seen all three crews in competition and would back them to win. Manager Taylor, of the Beavers, will leave this evening for Halifax, and feels confident that his crew will be the victors.

NEARLY AFTER NELSON.

**TENNIS**

In the handicap tennis tournament of the St. John Tennis club, W. H. Angus and Miss B. Hegan defeated W. Harrison and Mrs. Angus, 4-6, 6-2, 6-4 and 6-2. Angus and Miss B. Hegan defeated G. D. Robinson and Miss K. Hazen 6-4, 6-2.

The time for playing the first round has been extended to Saturday.

BOSTON, July 25.—Seven matches in singles and seventeen in doubles were decided today in the tennis tournament at the Longwood cricket club, bringing the competition for the Longwood cup to the fifth round and clearing up all but three contests in the second round for the eastern doubles championship.

The field left in the singles event is a remarkably strong one, comprising C. M. Bull, Jr., W. J. Clothier, E. B. Dewhurst, Robert Leroy, I. C. Wright, J. H. Behr, F. G. Anderson and J. D. E. Jones, and all are seasoned players.

In the doubles the middle states champions, Hackett and Alexander, by putting out Wrenn and Fincke today are strong favorites for the title which they won at Longwood a year ago, while in the lower half of the draw are the two former champions, W. A. Larned and W. J. Clothier.

The feature match of the day was the contest in doubles between Hackett and Alexander, and Wrenn and Fincke, which the former pair won in straight sets, although the second and third went to fourteen games each.

The longest contest of the day in doubles was between Roth and Wallis, and Schurley and Sweetser, which went to five sets before the former pair won. The Johnson brothers of Longwood had a fine match with Holt and Dewhurst

## RAILROAD ACCIDENTS

IN MARCH.

Interstate Commission Says the Block System is the True Means for Prevention.

WASHINGTON, July 25.—In an accident bulletin issued today the interstate commerce commission suggests that the block system repeatedly advocated by the commission "is the true means that ought to be adopted for the prevention of such distressing accidents" as the one recounted. The bulletin covers the three-month period ended March 31 last. It says: "The most disastrous accident reported, a collision causing 34 deaths and injuring 24, was due to the striking failure of the train separating system. A telegraph operator at a small and lonely station, who had been on duty all day and more than half the night, fell asleep and on awakening misinformed the train dispatcher as to what occurred while he was asleep." The total number of casualties on railroads in January, February and March, including passengers and employees, was 13,226. Of this number 17,170 were injured and 1,126 were killed.

## A MANIAC IN THEIR BED.

He Escaped From Utica State Hospital and Surprised a Couple in New York Mills.

UTICA, July 25.—A maniac who escaped from the Utica State hospital early this morning broke into the residence of Mr. and Mrs. William H. Tallman in the neighboring village of New York Mills a few hours later and calmly jumped into bed with them. The lunatic galloped to the house by removing a screen from a lower window. Mrs. Tallman was awakened, and her husband arose to call to her in response to her frightened screams. Standing at the side of the bed, with the sheet gripped in one hand and a dagger in the other, the maniac stood a strange man. He was bareheaded and barefooted. He was dressed only in a suit of pajamas. Mrs. Tallman, startled in astonishment, the visitor placed one foot on the side of the bed and endeavored to get in. Mrs. Tallman objected most decidedly and her husband leaped up and grappled with the intruder. But the maniac would not be brushed aside and quickly lay down to rest between husband and wife. Neighbors were called in, the State hospital was communicated with and the unwelcome guest removed to his proper abode. He had walked nearly four miles to Tallman's house clad only in his pajamas and had stolen a coat before he made his call upon "the sleeping couple."

## WANTS TO CHOP OFF HEADS.

Englishmen Will Answer Denmark's Advertisement for a Public Executioner.

LONDON, July 25.—Fred Smith, a publican of Bethnal Green, has been seeking for seven years to secure the position of public executioner. He offered his services to the authorities six times, but always met with a refusal. He will now apply to Denmark, which recently advertised for a "reliable, sturdy executioner," being attracted not only by the fact that he is 124 for each execution, together with an allowance for expenses, but by the occasional "see-rip" the position would necessitate if he secures it. He also thinks the excitement of chopping off a head now and then would relieve the monotony of serving beer. He does not think he would have any trouble in handling the heavy axe used by the headsman in Denmark, as he has long been accustomed to chopping wood.

## DEATH AIDS

ENGLISH TREASURY.

Succession Tax on Estates of Bait and Others Will Yield Millions.

LONDON, July 25.—The current British financial year will be remarkable for big additions to the revenue through the succession duties. Several hundred pounds will accrue through the probating of the wills of the late Alfred Beit, Lord Grimthorpe and Charles Tennant. The succession duties charged against Mr. Tennant's estate alone will yield about £200,000 for the official benefit of Herbert Asquith, chancellor of the exchequer, who was Mr. Tennant's son-in-law. Mr. Tennant's will was probated at more than £2,000,000, and Lord Grimthorpe's at nearly as much.

A young man, who has previously figured in police circles, was reported to the police at Moncton yesterday for passing a counterfeit American fifty-cent piece in a Main street restaurant. Officer Chappell investigated the matter and located the young man. Confronted by the officer the young man admitted he had passed the counterfeit, but claimed he got it from the circus and was not aware it was not a good coin. It bore an old date, and was only detected by its weight. No proceedings were taken.

## CHEMIST ARRESTED

CHARGED WITH LARCENY.

Believed to Have Cheated Parke-Davis Co. Out of \$2,500.

NEW YORK, July 25.—Walter K. Freeman, a chemist who was arrested at his summer home at Oseawana, N. Y., yesterday and locked up at police headquarters last night, charged by Parke, Davis and Co., of Detroit, dealers in drugs and chemicals, with the larceny of \$2,500, was found unconscious in his cell today. He had taken morphine and was believed to be dying, but the authorities were unable to ascertain whether he took the drug with suicidal intent. Freeman attracted considerable attention in scientific circles a few years ago by the claim that he had discovered the secret of making camphor by a synthetic process. It is alleged that while carrying on experiments under contract with Parke, Davis and Co., at his laboratory in Rutherford, N. J., he exchanged a billiard of Baker & Co., of Newark, and turned in a bill to Parke, Davis and Co., purporting to show that he had purchased from the Newark firm \$2,500 worth of platinum. This bill, it is charged, was paid to Freeman by the Michigan firm.

## BURN BADE IN MANGER.

Children's Terrible Dead Prompted by a Strange Curiosity.

NEW YORK, July 25.—Startling details of an amazing child murder, fondish and self-confessedly deliberate, but unpunishable because, in the eyes of the law, in infant perpetrators cannot distinguish between right and wrong, came to light yesterday at Riverhead, L. I. The authorities will make no arrests. The childish motive behind the burning to death of two-year-old Julian York, aged four and six years respectively, as admitted by youngsters themselves, was to determine whether the baby or the hay in the manger of the White barn would burn first. Charred bones of the baby were discovered in the ruins two days after the fire, which occurred two weeks ago, but it was not until yesterday that the awful details of the infanticide were wormed out of the frightened children. Besides the burning to death of the baby the big barn and outhouses on the farm were completely destroyed, and the woodland for a stretch of a mile to the north of the place was sent away by the flames. For two days and night following the commencement of the fire Mr. and Mrs. John Beck, parents of the victim, searched the thick woods in the neighborhood for the little fellow—the White boys insisting, when the fire was discovered, that the Beck boy was seen hurrying into the thicket.

## EAST MAY BECOME FRINGE

OF THE WEST

WINNIPEG, Man., July 24.—Hon. J. W. Longley, of Halifax, ex-attorney general of Nova Scotia, was one of the speakers at the opening of the Industrial Exhibition here yesterday. Judge Longley is in the west for the purpose of gathering data for his history of Canada which he is writing. That dramatic period in which Louis Riel was such a conspicuous figure will receive special attention. Justice Longley recognizes the strong personal emotions of the unfortunate insurgent chiefs. He will devote considerable time to St. Boniface, getting facts and details concerning the famous Metis leader. The history, when completed, may be very comprehensive, embracing several large volumes. The first volume will be ready for publication in about a year. "Development of western Canada is the great feature of the present from a dominion standpoint," said the historian. "Winnipeg and Manitoba have already assumed a most prominent position in the nation's life. Saskatchewan and Alberta will each in time overshadow Ontario. The maritime provinces will eventually become but the fringe of the great agricultural and industrial portion of the country."

## THE PROPHET EDGAR.

He Says All Forms of Government Will Be Demolished in 1915.

ASBURY PARK, N. J., July 25.—At the Watch Tower Bible students' convention in Asbury Park today John Edgar of Glasgow, Scotland, said: "In September of the year 1915 the people will rise up against the government. In the year 1912 the people will see they have made a grave mistake, and between 1912 and 1915 they will leave the government alone. At the end of 1914 the state, church and people will be in a state of anarchy. In 1915 the greatest thing will come to pass. The people will again rise up against the authorities and the government, and this time they will demolish all forms of government." While the prophet was speaking the Bible students leaned forward in silent awe. "I don't want you to be anxious about the future," concluded the prophet. "Simply watch and be ready."

MRS. HARRY THAW  
WANTS A DIVORCE.  
Whether Thaw Goes to the Asylum or Not, He Will Lose His Wife.  
NEW YORK, July 25.—A story has gained circulation and is generally credited here that there has been set on foot an investigation in the case of Harry Thaw, which will result ultimately in Evelyn Nesbit Thaw suing for divorce, no matter which way the case against Thaw goes. There were rumors long before Thaw killed White, that Evelyn had tired of her straitlaced thralldom in Pittsburgh and was about to apply for a divorce. It was further hinted by her close friends that if she did apply, it was being gathered at the request of Mrs. Harry Thaw or her close friends, that no matter whether Thaw is sent to the insane asylum or tried for murder, application for divorce is sure to be made.

## MUTUAL LIFE TRUSTEES

NOT WORKING TOGETHER

Differences of Opinion Exist—Membership of Other Committees Announced.

NEW YORK, July 25.—There was a meeting today of the Board of Trustees of the Mutual Life Insurance Co., in which it was understood several members took occasion to declare the course which had been pursued by the Board in nominating four members of the international policyholders committee on the administration of the company to be inadvisable, to say the least.

This expression from the trustees followed by reading of a protest filed with the Board in behalf of the policyholders committee in which it was demanded that the Board regulate the action of the officers of the company in spending thousands of dollars compensating lists of policyholders declared to be inaccurate for the purpose of misleading the committee and preventing it from reaching those policyholders who might wish to have a change from the present regime.

The French policyholders committee was also announced. Its members are Charles Roux, ex-member of the Chamber of Deputies, and president of the Compagnie Generale Transatlantique; Leopold Mabineau, president of the Social Museum; Leo Higginson, Henri Goumouillon, and Pierre Baudin, ex-minister of public works. The executive committee of the international committee will hold a meeting here next Tuesday.

The trustees of the New York Life Insurance Co. had an adjourned meeting today and accepted the resignation of Oscar S. Straus from the Board with appropriate resolutions. James H. Eckels, of Chicago, was elected a trustee as was Julius Fleischmann, of Cincinnati, who served for two years as mayor of that city. Seth M. Milliken was nominated for trustee to succeed James A. Blair, and John Reid was nominated to succeed Mr. Straus.

The New York Life will continue to do business in France. The trustees passed a resolution directing the officers of the company to apply to the French government for registration under the new French law.

HUIT AT HAMPTON. HAMPTON, N. B., July 25.—William Beattsey, employed in running a brick planer in Flewelling's mill, Hampton Village, this morning, slipped and his hand caught in the machine, rendering it necessary for him to be taken to the general hospital, St. John. He is the same man who was badly injured by being caught in the beltting some time ago.

HIS LIMIT. She—I suppose that even in this dull army post life there were limitations to your privileges?

### ST. ANNE PILGRIMS HAD

THEIR POCKETS PICKED

Several Lost Large Sums—Report of Rust in Western Wheat is Denied

MONTREAL, Que., July 26.—Pickpockets yesterday made a good haul at St. Anne de Beaupre, where thousands of pilgrims are gathered. A number of people were relieved of sums of money and carry bags to the city for the aid of detectives were despatched.

Among the sufferers was a lady, who lost \$150, and two gentlemen, one of whom was relieved of \$130 and the other of \$75.

TORONTO, July 26.—In view of the somewhat general circulation in the east of stories of damage by rust to the western crops, the Imperial Bank sent a query yesterday to the west and received the following reply:

"Secretary of the Winnipeg Grain Exchange says reports of crop conditions still continue to be favorable, prospects are for a yield of 5,000,000 to 10,000,000 bushels more than in 1905. The average quality of wheat and oats is good and barley very good. The harvest will be general by the 15th of August."

Thomas Radcliffe, the hangman, used this morning the way to be hanged. He is to die there on August 1st. Radcliffe on arriving at the depot proceeded to a bar-room to have a drink, and judging from appearances, he had had a number of such before he arrived in this city.

### BRYAN GRANTED KING

EDWARD AN AUDIENCE

Graciously Complied With His Majesty's Special Request and Had a Nice Time.

LONDON, July 26.—Wm. J. Bryan, who was introduced by Ambassador Whitelaw Reid, was received in private audience by King Edward at Buckingham Palace today. The visit was paid at the king's special request, his majesty having notified Mr. Reid that he desired to meet Mr. Bryan. The interview was quite informal and was marked by the pleasing cordiality which the king is accustomed to show Americans in whom he is interested. Only the king, Mr. Reid and Mr. Bryan were present. The conversation largely turned on the subject of peace and the conference of the inter-parliamentary union, with the objects of which his majesty showed himself to be thoroughly in accord. Subsequently the king received some eighty members of the inter-parliamentary union in the throne room.

A very happy time was had by the local Salvation Army officers and families yesterday at their annual picnic near Anthony's Cove. Baseball and other games were enjoyed.

The steamer Seneca of the South Shore line arrived in port at one o'clock this afternoon from Halifax via port.

E. F. Jones, formerly of this city, is now located in Vancouver in a law office.

## THE PROGRESS OF THE REVOLUTION Government Claiming to Have the Upper Hand.

Another Attempted Assassination Which Failed—Stringent Measures to Prevent Disorders.

ST. PETERSBURG, July 26.—The Government is using every means at its disposal to create the impression both at home and abroad that the crisis has been successfully passed and that the probability of a general upheaval has disappeared. The semi-official press is filled with comforting assurances that the Government now has a firm hold of the situation and the confusion and demoralization in the councils of the opposition political organizations produced by the coup d'etat render united action impossible. Moreover, the official reports seek to create the impression that there has been little response among the masses to the plan for a general strike as a preliminary to a universal uprising. The application of the old methods, the Government confidently asserts, has already landed the most dangerous of the leaders behind the bars and much stress is laid on importance of the capture of a number of revolutionary ring-leaders at Moscow, which it turns out was the result of information obtained at the time of the capture of the offices of the Misha here. Among the papers then seized, the Government claims, were the complete plans of a revolutionary military organization which enabled the authorities to locate the revolutionary channels in the army. The Government's sudden access to optimism, however, is in reality traceable to the consternation over the disastrous fall in Russian securities at home and abroad.

The second installment of the big loan negotiated prior to the assembling of parliament is due August 1st and the outlook in Russia has frightened the holders into refusing to pay in any further cash. The situation has evidently caused quite as much alarm among the financiers who underwrite the loans abroad as it has at the treasury here. Finance Minister Kokoroff has been bombarded by telegrams from French, English and German bankers urging on him the necessity of supporting the market. This accounts for the activity of the government bankers in bidding up prices on the bourse here and at Moscow yesterday, as well as for the rosy view of the future sent abroad by the official telegraph agency, last night under M. Kokoroff's inspiration. As a matter of fact, the government can hardly be blind to the fact it is living over a volcano and that the danger of an eruption is not far off. The last 48 hours the central committee of the social democrats, social revolutionaries, peasant leagues, railroad men's union, and telegraphers' union and the military committee have been conferring both separately and together with the parliamentary groups, not only on the question of calling a general strike, but actually on the possibility of attempting a counter coup d'etat by setting up a provisional government. No final decision has yet been taken, but practically all the proletarian organizations, including the members of the group of toll and social democrats of the outlawed parliament believe that another course is open, and are irrevocably committed to the surface, with the constitutional democrats, to discountenancing any active revolutionary steps.

By they have agreed to support or join in it if it can be successfully inaugurated. Over a hundred of them met last night in Finland, under the presidency of Prof. Miliukoff. Conferences will be held by representatives of other groups this afternoon. The possible extent of the support which a revolutionary movement will receive from the army is therefore vital. At Helsinki, Finland, Tuesday night 200 sailors and sailors' officers took an oath to fight on the side of the people. It is quite apparent to disinterested observers that the Government in entering on its present policy made a perhaps fatal blunder in lacking the hardihood to rest the members of the outlawed parliament. This left them free to conduct a co-spiracy against the life of the Government. When the plot is complete and the signal has gone forth arrests will be used against the conspirators. The members of the outlawed parliament will again find that it acted too late in closing the political clubs, which has been followed by the closing of all the workers' unions and suspected tea houses.

The prefect of police has issued another proclamation warning the population that persons guilty of armed resistance or of attempts to commit political crimes will be court-martialed, while lesser offences like participation in the formation of leagues, illicitment to strikes, etc., will be punishable administratively without trial by a fine of \$1,500 and imprisonment of from 3 to 6 months.

The reports from the provinces indicate that the authorities do not fear to employ harsher measures than used at the capital. The editors of confiscated papers are compelled to give hostages as guarantees against attempts at illegal publication.

MOSCOW, July 25.—Prince Paul Dolgorouff, president of the executive committee of the late lower house of parliament, arrived here tonight to consult with his party associates relative to the tactics to be pursued by the committee and to secure further signatures to the address to the people which has now been subscribed to by 213 deputies.

In view of the decision of the Moscow Constitutional Democrats to summon a national congress the Governor General announced tonight that the meeting should not be allowed and that deputies to the parliament will not be permitted to participate in meetings now to be held by their constituents at various points.

WARSAW, July 25.—A plan to kill General Krinskiy was frustrated yesterday. The would be assassin who was heavily armed resorted to bribery

## A DISORDERLY HOUSE ON CITY ROAD.

A pedestrian passing along City Road, about 11 o'clock last evening, was startled to hear a succession of fierce feminine shrieks a few rods behind him and this was followed by a volley of oaths in a male voice. Walking back a short distance he found that these harsh sounds were proceeding from a tenement house a few doors below Mr. Logan's barber shop. Talking since with some of the people of that locality the citizen learned that this was no unusual circumstance and that the people of that neighborhood had often been awakened from their peaceful slumbers during the midnight hours by these same uncouth sounds. The respectable element about that section naturally do not appreciate this sort of thing and feel that the matter should be investigated and the cause removed if possible.

D. M. Stewart, general manager of the Sovereign Bank places at \$10,000,000 the amount of capital which British and other investors, who have been in communication with him, wish to place in the industries of the Dominion of Canada. The general manager said yesterday that capitalists with a long experience in the United States, South Africa, Australia and other industries, had reached the conclusion that Canada, from the Atlantic to the Pacific, offered the best and safest field for the investor. They had come to appreciate the Dominion's great and varied resources, and have confidence in the future of the country.

Mr. Stewart has been deputed by these capitalists to secure an interest in several growing industries of the country, but he could not yet particularize as to names and locality. Some preferred woolens, others pulp mills, and so on.

Speaking to a number of up river farmers today the Star learned that the hay crop has come along wonderfully within the past two weeks, this having been the best growing weather of the season. The crop will be a fair average one, though hardly as good on the uplands as was last year's. Hayfodding and the river is practically only commencing, and no shipments of the new crop have yet come down, beyond a few small boat loads. Old hay is now selling at from 30 to 32 at Indianstons.

### G. P. R. BOATS MAY

GET BERTHS 2 AND 3

Mayor Sears Assured Sir Thomas

Shaughnessy That There Will Be No

Trouble About Placing the

Big Steamers Here.

During a brief conversation between his worship Mayor Sears and Sir Thomas Shaughnessy at the depot last evening, Sir Thomas expressed a doubt as to whether the new berth on the west side would be ready in time for the Empress steamers. He was assured by the mayor that there would be no serious delay. Both Mr. Mayes and Mr. Clark, who have the contracts in hand, have stated definitely that everything will be completed by the first of December at the very latest, and the boats will then be able to use the new berth.

Sir Thomas was also interested to some extent in the dredging at the Sand Point berth and on this point he also received the assurance that there will be no difficulty in having the work done in time. It is understood that the Canadian Pacific boats will be given the use of berths No. 2 and 3 for the coming winter, and if this is the case other arrangements will have to be made for the Allan Line.

### CAN'T GET ENOUGH

LONG KID GLOVES

Demand Has Been So Great Since Short

Sleeves Came in That Manufacturers

are Unable to Fill Orders.

A feature of the dry goods market is the prevailing scarcity of long kid gloves for ladies' wear. For years these gloves have been a drug on the market, as they were very seldom worn, being chiefly for dress occasions and then only in white and the lighter shades. But last spring fashion decreed that all new suits and all shirt waists should have short sleeves, and the result was an enormous demand for the long gloves. Retailers had very few in stock, while the wholesale houses never bothered about keeping any quantity on hand, and the manufacturers were in about the same position. So when this rush came all local stores sent in orders. These were repeated to the manufacturers, but the latter had no large stocks from which the long gloves could be made and they turned to apply to the tanners. In consequence of the demand it has been impossible for the manufacturers to fill half their orders and during the whole summer there has been a scarcity of gloves. Even now the pressure is but slightly relieved and local merchants complain that they cannot get nearly enough for the needs of their customers. This scarcity in the kid gloves has also strengthened the sale of long gloves of other materials, and there has been such a demand for silk gloves that even they have become very scarce.

### CHAIN GANG WORKING

ON THE PAUPERS' LOT

Good Work Has Been Done in Improving

This Section of Fernhill Cemetery

Admiral Lewis is more than enthusiastic over the work which his boys of the chain gang are doing in Fernhill cemetery. For five or six weeks these men have been employed at what is known as the paupers' lot and they have certainly made a great change in its appearance. A trench fully four feet deep, lined with stone and covered with a layer of earth, has been completed and will be between 300 and 400 feet long. This will thoroughly drain the lot and permit of better work being done in the future. In the centre of the land the workmen have placed a mound of stones in circular form and about 20 feet in diameter. The sides rise to between 3 and 4 feet, and the center has been filled with earth. This now forms a very pretty flower bed and adds greatly to the appearance of the property.

### HAD EIGHTY DOLLARS STOLEN

Young Man Who Got Drunk Lost His

Roll—Supposed Thief Cannot

Be Found.

A young man is today mourning the loss of a nice little roll of money amounting to about \$80, and has no doubt taken the pledge or made a vow that in the future he will not get so careless with his roll when he imbibes too freely. His last spree was in full swing on Tuesday night and the young man was seen in a couple of saloons displaying a healthy looking bag of money, but he had a sudden awakening when he found that he had been touched lightly for about \$80. This fact brought him to his senses and he immediately thought out the different persons who had shared with him the contents of the joyful cup, and finally rested his suspicions on another young man well known in the city. The matter was reported to the police and a search of the city yesterday and today was without result in locating the supposed thief, who is believed to have gone away.

### SUGGESTS SELLING THE LAND.

St. John, July 25, '06.

Mr. Editor:

The city council are at a loss to know what to ask for the land the C. P. R. want on the west side.

Why not find out in the business way, what its true value is by placing it on the market and sell it to the party who would value it most.

In my opinion as a tax payer, it is the only way to dispose of our right, in the open market.

Yours respectfully,

CITIZEN.

The word "Style" is practically defined in

every Vest we have in stock. Little touches of

originality make every one exclusive. The

Weaves, Colorings and Patterns place them in an

envied class by themselves.

No smarter line of Vests was ever conceived

than those we are selling. In rich linens, in pret-

ty cottons, and mercerized. Artistic spots, modish

stripes, cool matings, smart gros-grains, new

plaitings.

These to wear with Sack Coats are very prop-

er, in fact the Fancy Waistcoat is a fixture in

man's apparel, and one of the strongest influences

in making men look neat and dressy at all seasons

of the year.
