DEATH OF REED CHASE

After a long, tedious illness of heart disease Reed Chase passed away at his home on Thursday afternoon, Nov. 11. He was 61 years of age and was a son of the late Charles A. Chase of Upper Brighton, where he was born. He leaves his wife, who was a daughter of the James G. Campbell, his mother and two sisters, Miss Ava and Mrs. Alma Bourinot, all of whom reside in St. John, while Mrs. Judd McGee of Lower Brighton is a sister. Four brothers survive: Charles of California, Allison, in Rainy River, Ont., Noeris in Vancouver, and George E. in Lowell.

For a number of years Mr. Chase conducted a saw mill at Upper Brighton, but about 20 years ago failing health made retirement from hard work necessary. He then for a long time ran a confectionery store here.

Mr. Chase was a kindly dispositioned man, and a wide reader he was unusually well informed on current events. He was a life-long Liberal.

The funeral was held at the home on Saturday, the service being conducted by Rev. Geo. Kincaid assisted by Rev. T. J. Wilkinson.

The pall bearers were William Curtis and three brothers-in-law W. F. Thornton, A. R. Foster, and J. D. McGee.

Waterville Speedway—March 11

On Thursday, the people of Waterville and vicinity witnessed one of the best races of the season, the track being in good shape and the weather fair but cool.

Class A, Pace
Anna D., J. H. DeWhitt 1 1 1
Bobbie D., J. Young 2 3 2
Bacon Todd, C. Crouse, 3 2 3

Class B, Pace
Parney Bourdon, S. Gaus, 1 2 3
Don P., Britton, 2 1 2
Daniel D., J. Plummer, 3 3 1

Class B did not finish on account of Daniel D. throwing a shoe and an unsatisfactory decision of the judges, but it will be raced off at an early date. Other speed horses that showed on the track were Frank Hayden, Somerville, George Smith, Lakeville and Charles Allen, Hartland, which are expected to start at the next meeting.

Officers were George Smith, Lakeville, starter; Harry Cowan and Clyde McGlaskey, Upper Woodstock, judges.

Pleasantly Entertained

During the evening chocolates and fudge was served. Music of a very high order was rendered by Miss Beatrice Lipsett. The company dispersed at a late hour, all feeling it was good to have been there.

AND THEY DID NOT

It is very hard to believe a story now in circulation that the Local Government will decapitate Mr. Pinder as chairman of the public accounts committee and install B. F. Smith in his place. It reminds us of a story told of King Charles II. The latter was approached by his brother James and informed of a plot to assassinate him and place James upon the throne. "No," said King Charles to his brother, "they will never assassinate me to make you king." Surely the government will not assassinate the King of the Neckarick for the sake of making B. F. Smith chairman of the public accounts committee. Mail.

HIT IT FAIRLY

For once in its career the St. John Standard stumbled on the truth in its Tuesday's issue and shows the true Tory attitude toward a political truce. There is a child-like innocence about the Standard when it lets the cat out of the bag with this paragraph:

"A good reason now why an election might come. An Ottawa paper declares Sir Robert Borden and his government can now face the country with absolute confidence."

CARVELL SPEAKS ON THE TARIFF BOOST

The alleged "war" tax measure has passed parliament on a straight party vote. The country is saved once again after the approved Tory fashion—increasing the taxes on the farmers and working men, and touching with gentle hand the great corporations, railroads and banks. The Tories hope taxes squeezed out by the new law will help them make both ends meet in their reckless carnival of extravagance.

The new law means a general tariff increase of almost one-third and among the articles most heavily taxed are fertilizers. A. B. Copp figures out what it will cost each country of this province per year, and using his figures it is deducted that Carleton county's share will be not less than \$75,000. This does not include the stamp tax, which, to be fully enjoyed, must be experienced.

An Ottawa dispatch says:

Frank B. Carvell declared that Premier Borden's accusations as to the breaking of the party truce by the Liberals were not all borne out, either by the facts or by comparison with what had been done by Great Britain. In Great Britain it had been a real party truce, the members of the members of the opposition had been consulted throughout with regard to the financial proposals of the government, and no attempt had been made to interfere with the fiscal policy of the country.

The prime minister has just raised the naval issue in a provocative way. If he really wanted that issue to be discussed every Liberal would accept the challenge. The Conservative dreadnought policy would have been absolutely futile during the present war, since the vessels would not have been in commission at all, where as if the Laurier policy had been adopted Canada would today have been in the same position as Australia.

Mr. Carvell drew a contrast between the speech of Sir George Foster yesterday and that of the prime minister today, declaring that the former's speech has been on a distinctly higher level, both as regards real patriotism and real argument.

Dealing with the finance minister's declaration that the heed for new taxes arose out of the liabilities left by the late government, Mr. Carvell declared that at the best Mr. White could only figure on \$112,000,000 of expenditure during the past three years, which could, in any sense, be attributable to works begun or obligations incurred by the late government. As against this there had been surpluses totalling \$133,000,000 although the government had spent \$45,000,000 more on current expenditure, as compared with what the Liberals had spent in the three years.

Danger Signals Warn You of Approaching Paralysis

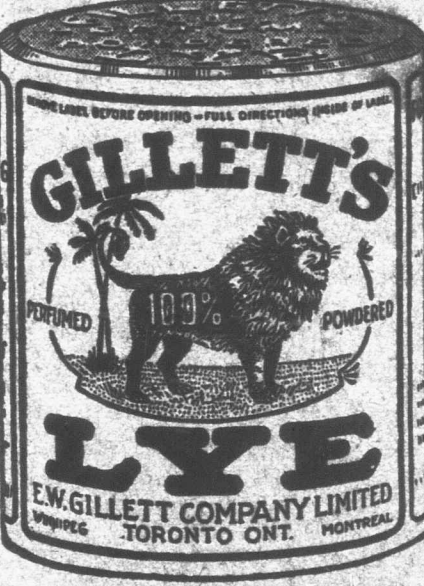

Slowly and Surely Exhaustion Goes on Until Collapse of the Nerves is the Natural Result.

You may be restless, nervous, irritable and sleepless, but you think there is nothing to be alarmed at. You have no appetite, digestion is impaired, and there is weakness and irregularity of other bodily organs. You feel tired in body and mind, and find that you lack the energy to attend to the daily task.

You may not realize that these are the symptoms of nervous prostration and the danger signals which warn you that some form of paralysis is the next step of development.

Dr. Chase's Nerve Food is the most successful restorative for the nerves that has ever been offered to the public.

GILLETTE'S LYE EATS DIRT

Sir George Foster had particularly admitted the whole case for the Liberals when he had declared yesterday that the government might save by economy the \$30,000,000 in which Mr. White proposed to raise by new taxes. But extravagance gave Mr. White the excuse for increasing the protective duties. These duties were put on, not for revenue purposes, but simply to increase the profits of the government's political friends. In the case of boots, for instance, while the government might expect \$600,000 in additional revenue, it was safe to say that there would be at least \$2,500,000 added to the cost of boots manufactured in Canada, and this would come out of the pocket of the people.

As to the direct taxes, Mr. Carvell maintained the wealthy corporations, such as railways, telegraphs, telephones, expresses and insurance companies should have been called upon to pay a larger share. The wealthy escaped but the poor man had to pay. The Bank of Montreal for instance, paid out annually \$1,500,000 would contribute only \$135,000 in additional taxes.

Referring to the increased duties on fertilizers, Mr. Carvell said that one-third of the total importation comes into New Brunswick, of which about three-quarters is used in his own constituency. This means a heavy burden on the people of his district. The minister of finance, he said, was nullifying the efforts of the minister of agriculture to increase production.

Mrs. Asa McNinch

Mrs. Asa McNinch died at the home of her son, Rev. A. M. McNinch, Paradise, N. S., on Mar. 7, at the age of 79. She lived nearly her whole life up to last fall at Somerville and Victoria. Mrs. McNinch leaves in this vicinity a host of friends. She was a true wife and mother and a friend to everyone.

MRS. ALLAN.

This has been proven in many thousands of cases similar to the one described in this letter. Mrs. Thos. Allan, R.F.D., 2, Sombra, Ont., writes:—"Five years ago I suffered a complete breakdown, and frequently had palpitation of the heart. Since that illness I have had dizzy spells, had no power over my limbs (locomotor ataxia) and could not walk straight. At night I would have severe nervous spells, with heart palpitation, and would shake as though I had the ague. I felt improvement after using the first box of Dr. Chase's Nerve Food, and after continuing the treatment can now walk, eat and sleep well, have no nervous spells and do not require heart medicine. I have told several of my neighbors of the splendid results obtained from the use of Dr. Chase's Nerve Food." The Best Medicine For Little Ones

Baby's Own Tablets are the best medicine in the world for little ones. They are absolutely safe and never fail to regulate the stomach and bowels, break up colds and simple fevers, expel worms and make teething easy. Concerning them Mrs. C. S. Bernhardt, Port Dalhousie, Ont., writes: "I have been using Baby's Own Tablets for my baby and would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MRS. AMOS W. RIDEOUT

As reported in The Observer, Mrs. A. W. Rideout died at the home of her son, Rev. A. A. Rideout, Dorchester, Mass. on Mar. 10.

Mrs. Rideout was born in Fredericton 69 years ago, her maiden name being Marsh. For some years before her marriage she taught school, but for the greater part of the past 45 years she resided in or near Hartland and was greatly esteemed for a combination of rare qualities that made her a faithful help-mate to her husband, a tender mother to her own and step-children, and a tried and true friend to a wide circle. She was a member of the old Free Baptist church and a faithful worker in many good causes.

During recent years she was made a life member of the W. M. A. of the United Baptists in recognition of long and faithful service in that society.

For a number of years—1896 to 1907—she with Mr. Rideout conducted the Commercial hotel there, where both made a wide circle of friends among the travel-

There are now spread over a great portion of Canada and elsewhere a number of people who were "regular boarders" with this worthy couple, and doubtless half a hundred of such will read this notice and recall with kindly thought their days at the old Commercial.

Mrs. Rideout was left a widow about two years ago, but is survived by her sons, Rev. Allan, of Dorchester, and Lieut. Charles M., doing garrison duty at Halifax. Stepsons are Carey Rideout of Upper Brighton and Page, now in the Peace River country.

A sister, Mrs. Belle Daggett of Smyrna, Me., also survives. All these except Page attended the funeral, which was held in the United Baptist church on Friday. Rev. George Kincaid preaching and Rev. P. J. Traflet assisting in the service. Interment was made in the cemetery at Upper Brighton.

Mogul Oil Engines

The International Harvester Mogul Oil Engine is the latest development in internal combustion engine of throttle governor type, an engine that will run on either kerosene oil or gasoline. This feature alone is a great advantage over the ordinary gasoline engine. Furthermore, Harvester has greater explosive power, at considerably less cost, and much less danger in handling. The Mogul Engine is constructed with enclosed crank case and automatically operated valves and has automatic force feed oil on 1 H. P. and larger. This engine is made in sizes from 1 to 60 horse power, equipped with magnets at the factory. Every Mogul Engine will develop 20% more than the rated horsepower before it leaves the factory. The 1, 1 ½, 2 H. P. are absolutely frost proof and do not have to be drained off even in the coldest weather. For further information or catalogue apply to the nearest McCormick local agent. The bean supper held by the ladies of the Red Cross Society in Sherwood's hall on Thursday evening was largely patronized and the sum of \$54.43 was realized, including \$3.75 received from the sale of home made candy; \$2.65 from the "grab bag" game; \$8.18 from the sale of fancy work by the ladies. A very enjoyable evening was spent and the cravings of the "inner man" were amply satisfied by the attractive and appetizing display of food that was spread. Once more our skillful lady friends have demonstrated their abilities in the culinary art and to them all we extend our hearty thanks for the very efficient manner in which they have catered to our special wants.

We wish to thank C. M. Sher-

"Fruit-a-lives" are the only pills
manufactured, to my way of thinking.
They work completely, no gripping
whatever, and one is plenty for any
ordinary person at a dose. My wife
was nearly to Constipation. We tried
everything on the calendar without
satisfaction, and spent large sums of
money until we happened on "Fruit-
a-lives". I cannot say too much in
their favor.
We have used them in the family for
about two years and we would not use
anything else as long as we can get
"Fruit-a-lives".
Their action is mild, and no distress
at all. I have recommended them to
many other people, and our whole
family uses them.

SPRING IMPURITIES IN THE BLOOD

A Tonic Medicine is a Necessity at
This Season

Dr. Williams' Pink Pills for
Pale People are an all year
round tonic, blood-builder and
nerve-restorer. But they are es-
pecially valuable in the spring
when the system is loaded with
impurities as a result of the in-
door life of the winter months.
There is no other season when
the blood is so much in need of
purifying and enriching, and
every dose of these Pills helps to
make new, rich blood. In the
spring the appetite is often poor
—Dr. Williams' Pink Pills de-
velop the appetite, tone the stom-
ach and aid weak digestion. It
is in the spring that poisons in
the blood find an outlet in dis-
figuring pimples, eruptions and
boils—Dr. Williams' Pink Pills
speedily clear the skin because
they go to the root of the trouble
in the blood. In the spring an-
aemia, rheumatism, indigestion,
neuralgia, erysipelas and many
other troubles are most persistent
because of poor, weak blood, and
it is at this time when all nature
takes on new life that the blood
most seriously needs attention.
Some people dose themselves
with purgatives at this season,
but these only further weaken
themselves. A purgative merely
gallops through the system em-
ptying the bowels, but it does not
cure anything. On the other hand
Dr. Williams' Pink Pills actually
make new blood, which reaches
every nerve and organ in the
body, bringing new strength, new
health and vigor to weak, easily
tired men, women and children.
Try Dr. Williams' Pink Pills this
spring—they will not disappoint
you.

You can get these health-re-
newing Pills through any medi-
cine dealer or by mail post paid
at 50 cents a box or six boxes for
\$2.50 from The Dr. Williams'
Medicine Co., Brockville, Ont.

Death of Wilmot R. Green

We have this week to chronicle
a sad and most unexpected hap-
pening in the death by pneumonia
on Sunday last of Wilmot Robert
Green of Summerfield at the
early age of thirty five. Alert and
active he was busy with his
duties. A little over a week of
illness and he is gone, leaving a
young wife with a child of three
years and an infant baby. The
announcement of his death made
a profound impression every-
where and called forth wide-

spread manifestations of sym-
pathy and regret. The deceased
was one of Summerfield's most
industrious and promising young
men, and with his little family
seemed to have every human as-
surance of a happy and prosper-
ous married life. At the funeral
on Tuesday there was gathered
from a wide section of country a
larger concourse of people than
the church could accommodate.
The religious services were con-
ducted by the Rev. G. A. Rose,
pastor of the church assisted by
the Rev. W. J. Hurlow of Tracy's
Mills. A quartet from Florence-
ville led in the musical exercises.
The funeral management was in
charge of Edgar Green. Six young
men acted as pallbearers, George,
Judson, Louis, Wilbur, Morley
and Frank Lunn. Interment was
made in the Summerfield ceme-
tery.

Wilmot Green was the eldest
son of Mr. and Mrs. Robert Green
and his death is the first break in
their large family. Seven other
sons survive and all but one live
in Summerfield. They are James,
Weldon, Harvey, Lee, Enoch and
Stanley. One son, Fred F., lives
in Calgary, Alta. There are also
three daughters, Mrs. Gideon
Green, Mrs. Clifford Jukes and
Miss Eva, residing here. The
young widow was Miss Kate
Malcolm of Easton, Maine. To
her and to all the members of her
husband's family the sincere
sympathy of the community goes
out in their present bereavement.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle
of Danderine right now—Also
stops itching scalp.

Thin, brittle, colorless and scraggy
hair is mute evidence of a neglected
scalp; of dandruff—that awful scurf.
There is nothing so destructive to
the hair as dandruff. It robs the hair
of its lustre, its strength and its very
life, eventually producing a feverish-
ness and itching of the scalp, which
if not remedied causes the hair roots
to shrink, loosen and die—then the
hair falls out fast. A little Danderine
tonight—now—any time—will surely
save your hair.

Get a 25 cent bottle of Knowlton's
Danderine from any drug store. You
surely can have beautiful hair and lots
of it if you will just try a little Dan-
derine. Save your hair! Try it!

moves out of the bowels, and you have
a well, playful child again.

Sick children needn't be coaxed to
take this harmless "fruit laxative."
Millions of mothers keep it handy be-
cause they know its action on the
stomach, liver and bowels is prompt
and sure.

tle of "California Syrup of Figs," which

How to Paint for Less Money

We'll tell you how in three words—use less gallons.
That's the thing to go by in Paint—not the price per gallon,
but the number of gallons required plus the length of time it
will wear and look well.

"100% Pure" Paint costs about half as much, counting
the surface it covers, and wears two or three times as long as
ordinary paint.

You pay by the gallon—both for the paint and for putting it on. The
Paint that is cheapest for you is the paint that spreads easiest and covers the
most surface.

MARTIN-SENOUR "100% PURE" PAINT

"MADE IN CANADA"

has a covering capacity of 900 square feet of surface per gallon one coat, as
against 500 square feet covered by hand-mixed Lead and Oil—or 600 square
feet covered by low priced prepared paint.

And as further proof—if you will send us the dimensions of your house,
we will tell you the number of gallons of "100% Pure" Paint required to cover
it thoroughly. No charge for this service.

Ask for a copy of our interesting book "Town and
Country Homes". It is free to our friends.
