MAIL ORDERS

We solicit out of town orders which
 receive our personal attention. The
 length of time taken to fill orders is
 governed very largely by how busy we
 are in the department of our factory
 in which the particular goods are
 made. While we have exceptional
 facilities for promptly turning out
 goods, it is important to place orders
 as far ahead as possible. Orders are
 filled by us in the rotation in which
 they are received, and customers can

**RECRUITING FOR
 THE CONTINGENT**

Many Names are Received, But
 Men are Not Coming Forward
 as They Ought to

The recruiting for the second con-
 tingent from this district is being carried
 on assiduously by Major McKenna,
 and Lieut. Ferguson and Mowat. A
 goodly number of men have signed the
 service rolls, but the proportion for
 our town is very small indeed. The
 military authorities are disappointed
 that from a town of our size, the popu-
 lation of which is composed of a
 large number of young men, so few
 of them feel called on to do their duty
 in signing for the defense of the
 Motherland and our own country.
 "Breathes there a man with soul so
 dead,
 Who never to himself had said:
 This is my own, my native land."
 This is a war which we are interest-
 ed in. The sooner it is over, the soon-
 er better times will be in store for us.
 The quickest way to settle it, is for us
 to see that all the men required by
 Fitchener are given him, and we must
 strengthen the hands of those who are
 fighting our battles in the damp and
 muddy trenches on the borders of Bel-
 gium.
 Young men of Campbellton, awake
 to your duty. Leave out your plea-
 sures and your gaudies. You who have
 no ties to bind you, who are free to go
 wherever you wish, be a hero, take
 the great opportunity offered you by
 your country and your King. Some
 of the girls may be sad at your going,
 but they will be more sorry if you
 don't, and may present you with a
 bunch of white feathers to wear as a
 memento of a wasted opportunity.
 Last Sunday, Mr. E. B. McLatchy
 and Mr. Ollie Mowat left for Kingston
 to take a special course at the military
 College there, preparatory to their going
 to the front with the artillery.
 Five of those who have signed for
 service, left this week for St. John,
 where they will undergo training and
 receive their equipment.
 Among those who have signed the
 service roll are—
 Joseph Jacques, Campbellton, N. B.,
 Clarence Duncan,
 William E. Malcomber,
 David K. Graham,
 Leonard Wylie,
 John Donohoe,
 Clifford H. Clarke,
 John Peters,
 Donald Howard,
 Wm. R. Duncan,
 Albert Norman,
 Evan Kanoka,
 W. F. Robichaud,
 John Grieves,
 W. M. O'Brien,
 Albert Harwood,

**SUBSCRIPTIONS TO
 FUND-INCREASING**

Amount Subscribed is Now Well
 Over \$4000, But Our Duty is
 Still Plain

The Patriotic Fund this week shows
 the amount now collected in town to
 be over \$4000. A strong effort should
 be made to bring the amount up to at
 least \$5000, and with a little sacrifice
 this can easily be done. Don't make
 any excuses that the collectors have
 not called upon you. Send or call
 with your subscription to the Graphic
 office, and the amount will be acknowl-
 edged in our columns and handed to
 the proper authorities.
 For us who stay at home, it is our
 part to pay the bills, and we ought to
 sacrifice more than we are doing. It
 is not the amount you give, but what
 sacrifice the giving of it entails that
 will count. At least let us do this
 work gladly, feeling that this is an
 honour and the price of our heritage
 of freedom. In safety and security
 has our lot been cast for many years,
 at no cost to us. The protecting
 mantle of British has been over us
 and while the British taxpayers has
 paid through the nose for our benefit,
 we have not contributed one cent for
 this protection. The call comes to us
 now. For generations we have enjoy-
 ed the peace and prosperity insepar-
 able from British rule, and our duty is
 now plainly shown that we must
 shoulder the burden of finance while
 others shoulder the gun. Don't be a
 quitter. Pay up gladly, thankfully
 and with a spirit of pride, or forever
 cease to call yourself a loyal Briton.

**RED CROSS WORK
 STILL GOES AHEAD**

The Committee Will Hold a Bean
 Guessing Competition to Aid
 Their Funds

The Red Cross Committee of the
 Women's Institute beg to acknowledge
 receipt of the following articles—
 2 prs. mitts, Mrs. Jellet; 1 bolt
 flannel, F. E. Shepherd; 3 caps, 1 pr.
 socks, Mrs. Shives; 1 cap, Mrs. Firth;
 2 prs. socks, Miss Chamberlain; 2 prs.
 socks, Mrs. Jno. Cameron; 2 pr. wrist-
 lets, Mrs. Wm. Murray.
 The committee desire to inform the
 ladies of this town, that the rooms in
 the Murray Building are open every
 afternoon from 3 to 5 p.m., and say
 one who wishes to help in this work,
 can be supplied with materials for
 knitting, etc. Many have stated their
 willingness to help, but are unable to
 afford to purchase the necessary
 goods, and this is a good opportunity
 for them to do their share in the work.
 The ladies of the Institute and Red
 Cross Committee are putting on a
 "Guessing Contest". Prizes will be
 given, which will be displayed in the
 rooms in the Town Building. Owing
 to the room being open only for a
 short time each day, Mr. A. McG. Mc-
 Donald has kindly consented to take
 the guesses, and would like to get
 busy. Nice prizes will be given to the
 one guessing the correct number of
 beans in a jar, or the nearest to it.
 There will be two guesses, one for 10
 cents and one for 25 cents, and a prize
 will be given for each. Be sure and see
 the window and help along such a de-
 serving cause. The ladies are giving
 a lot of time to this work, and need
 funds to carry it on, so help along the
 good cause.

The following item from the Mont-
 real Star will show how much the
 work of the ladies is appreciated—
 "The following is an extract from
 the letter of an officer of the Fifth
 Royal Highlanders, now in camp on
 Salisbury Plains, to his mother in
 Montreal: 'It is certainly great work
 all you women are doing in Montreal,
 and if it is all as effective as the 'com-
 forts' made for us, the women deserve
 public recognition. The men wear
 their 'Balaclavas' absolutely all the
 time, except when ceremony requires
 the Gengari; and the socks and
 wristlets have been greatly appreciat-
 ed in keeping the other extremities
 warm and comfortable. I secretly
 laughed at the wristlets at first, but
 by jove, you can't beat them for keep-
 ing the frost off the fingers.'
 This evidence of appreciation is
 particularly welcome at the present
 time. It is an incentive to renewed
 efforts to meet the demand, and The
 Star has much pleasure in conveying
 the message to the women of Canada.

**FIREMEN'S DANCE
 DECIDED SUCCESS**

Number at Ball Held in
 Music Hall Last Night For
 The Patriotic Fund

Last evening the Masonic Hall held
 a large gathering on the occasion of
 the annual Firemen's Ball. A large
 number of invitations were issued,
 and the response was hearty and gen-
 erous. The committee in charge did
 everything in their power to make the
 evening a success, and are to be con-
 gratulated on the results of their ef-
 forts. The entertainment this year,
 took the form of a Patriotic dance, the
 net proceeds being handed over to the
 Patriotic Fund. The hall was nicely
 decorated with bunting and the flags
 of the allies, and many pictures of the
 fighting men at the front were posted
 round the walls.
 The music was provided by Mc
 Eachran's orchestra, and the guests
 were treated to an extra treat on oc-
 casion, when Miss Nan Synott assist-
 ed her sister at the pianoforte. Mrs.
 Dr. Pinault and Mrs. Geo. G. Glennie
 acted as chaperons, and the committee
 served lunch at the interval, during
 which three extra dances were given.
 Many visitors were present from
 Jacquet River, and all were delighted
 with the evening's enjoyment.
 The Firemen desire to return their
 thanks to the ladies, who so kindly
 donated cake, sandwiches, etc., and to
 the various hotel men, who so gladly
 lent their various utensils for serving
 the refreshments. A graceful act of
 kindness, which was much appreciated,
 was received from Mr. A. J. Goran
 of the Waverly Hotel, who rebated the
 board bill of the orchestra during the
 time they were here.

A POSITIVE CURE FOR RHEUMATISM

Hundreds of People Have Found "Fruit-a-lives" Their Only Help

READ THIS LETTER

Superintendent of Sunday School in Toronto Tells How He Cured Himself of Chronic Rheumatism After Suffering for Years.

55 DOVERCOURT ROAD, Oct., 1st, 1913.

"For a long time, I have thought of writing you regarding what I term a most remarkable cure effected by your remedy 'Fruit-a-lives'. I suffered from Rheumatism, especially in my hands. I have spent a lot of money without any good results. I have taken 'Fruit-a-lives' for 28 months now, and am pleased to tell you that I am cured. All the enlargement has not left my hands and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 55 pounds in 18 months."

R. A. WAUGH

Rheumatism is no longer the dreaded disease it once was. Rheumatism is no longer one of the "incurable diseases". "Fruit-a-lives" has proved its marvelous powers over Rheumatism, Sciatica, Lumbago—in fact, over all such diseases which arise from some derangement of stomach, bowels, kidneys or skin.

"Fruit-a-lives" is sold by all dealers at 50c. a box, 6 for \$2.50, retail size, 25c. or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

TWO MEN KILLED NEAR ROGERSVILLE

Sleigh Struck by the Ocean Limited on Monday Evening on I. C. R. Track

A shocking accident occurred on the I. C. R. at McGee's Sliding, near Rogersville, about 5:30 on Monday evening, when two brothers, Oliver Burke and Odiete Burke of Rogersville, were struck by the northbound Ocean Limited and almost instantly killed. It is said that the men who were driving, attempted to cross the track in front of the train. The seat of the wagon, robes and the men were lifted on to the pilot of the engine. The men who were about sixty years of age died shortly after the train was brought to a stop. It is said the horse escaped injury.

LETTERS FROM THE BOYS AT THE FRONT

Interesting Letter Received From Mr. Leslie D. Dewar.—Having Splendid Time

We have received the following letter from one of our Campbellton boys now in Salisbury Camp, which we publish below. This is not the first communication we have seen from the contingent, as we were privileged last week to see a cablegram from Salisbury Plain. We expected to hear good news, but this is what the cable read—"Am on furlough. Wire me—Royal Bank." Big times in London.

The following is the letter from Mr. Leslie Dewar.

Ponds Farm, Oct. 28th, 1914.

Dear John— Thought you might like to hear a few words from some of the O'Con boys. We are having a fine time over here, getting lots to eat, lots of time to sleep, and don't get worked too hard. I don't suppose I can tell you anything about the country. We get up at 6 o'clock, have physical drill at 6:30, then breakfast, then drill from 9:30 to 12 when we have dinner. Generally a route march from 2 till 4 in the afternoon, then supper and a big time at the M. C. A. We have church parade on Sunday mornings. The boys in our tent had a picking contest this morning, when a well known O'Con boy carried off the honors. A Chatham boy took second place and another Chatham boy secured third place by 2 points, a O'Con boy coming a close fourth. The names are withheld by request. Needless to say what they were picking!

The weather has been very damp here, but the last three days have been fine. We are all to get three days leave. The people here use us fine and nothing is too good for the Canadians. Well, I guess this is about all that I can spout to-night. Don't throw any O'Con Graphics in the waste basket, one a week would be very acceptable over here. Give my love to all the girls.

Yours with a smile, Leslie D. Dewar, 12th Battalion, 16th Platoon, First Canadian Contingent, Ponds Farm Camp, Salisbury Plains, England

P. S. Send the Graphic and I will send the names of the boys in the contest. There is every promise of more contests and they are very interesting.

LOCAL DRUGGIST MAKES MANY FRIENDS

A Mc G. McDonald reports they are making many friends through the Quick benefit which Campbellton people receive from the simple mixture of buckthorn bark, glycerine, etc., known as Alder-i-ka. This remedy became famous by curing appendicitis and it is the most thorough bowel cleanser known, acting on both the lower and upper bowel. JUST ONE DOSE of Alder-i-ka relieves constipation and gas on the stomach almost IMMEDIATELY.

THE GRIM DEFENCE OF ANTWERP CITY

Newcastle Man Describes the Fighting and the Retreat of The Belgians

Newcastle, Nov. 6.—Lieut. A. A. Aitken, of the Royal Naval Volunteer reserve, a Newcastle boy, who took part in the defending of Antwerp, in a recent letter to his mother, Mrs. Wm. Aitken, says:

"Everything I had was lost in Antwerp. We received our orders about four o'clock Sunday morning and started to march to Dover at eleven. We sailed that night for Dunkirk, and reached Antwerp midnight on Monday. The whole city gave a sigh of relief when we arrived. They thought everything would be all right when the British soldiers took things over. We did our best, but there were only eight thousand of us, without any big guns, against sixty thousand Germans with all sorts of artillery, even their new sixteen-inch guns.

"We took up our first position Monday night, but they drove us in during the night of Tuesday. Our second line of trenches was at Vieux Dieu, about five miles outside the city. All Wednesday and Wednesday night they shelled us with all their guns, but on Thursday morning they started throwing shells from the heavy guns into the city, over our heads. Their marksmanship is wonderful. After every shell we would see a fire break out. We stayed in the trenches until eight o'clock Friday night, when we received orders to retire. We marched right through the city, and it was a wonderful sight—not a living soul to be seen and the city in flames in hundreds of places. We marched right through to St. Gilles that night, nearly thirty-five miles, and took train from there to Ostend. Of the eight thousand we started with, we lost about three hundred killed and sixteen hundred taken prisoners, or locked up in Holland until the end of the war. If it hadn't been that we had the luck of the devil, none of us would have got out of Antwerp.

"The most pitiful sight I have ever seen was the people leaving Antwerp. All the young men were gone, of course, but the women and children were every place, and either carrying or wheeling in a barrow all their valuables. I'm sure there was at least one hundred thousand of them passing walking to Brugge, ninety miles away.

COMMANDS THE EMDEN.

Captain Muller is commander of the German cruiser Emden, the Kaiser's swift commerce destroyer, which has sunk a score or more of British ships.

London, Nov. 10th.—The German cruiser Emden's wild career is over. She was destroyed by the Australian cruiser Sydney, driven ashore at Cocos Island, in the Bay of Bengal, and burned to the waters edge. Loss of life on Emden was very heavy. Casualties on the Sydney were only slight.

ANNUAL MEETING The annual meeting of the Union of New Brunswick Municipalities will be held in St. John on Wednesday and Thursday, Nov. 25 and 26. The meetings will be held in the Court House, and it is hoped that every municipality in the province will send delegates. Subjects of vital interest to the different parts of the province will be discussed and speakers, experts in various lines, will be heard. The County of St. John has made a special grant for the entertainment of the delegation and this feature promises to be good. Business as usual, in spite of the war will be the aim of the meetings, and every effort will be made to have the idea carried out in all parts of the province.

FOR TRAINING SCHOOL Miss M. Irene Ullman, formerly of Jacques River, but late of Campbellton, was in town last week on her way to Montreal, where she will enter a hospital to take a course in training to become a professional nurse. Miss Ullman possesses a sterling character, and an amiable disposition which are necessary factors in the noble calling which she is about to pursue—a profession, the watchwords of which are ever "virtue" and "self sacrifice". Miss Ullman was very popular here with all classes, and has made a host of friends here who regret her departure keenly, and extend to her their very best wishes for success in her new field of labor.

THE DUTY OF THE HOUR

The call to the young men of New Brunswick to enlist for the second contingent is being listened to in many quarters, but there are still many who have turned a deaf ear to the cry from the mother-land. There is a bounden duty before every young man who can possibly go to the front, and we cannot do better than quote from the St. John Telegraph in their editorial of Monday evening. Listen!

"With the Empire in peril; with thousands of her bravest soldiers fighting for justice and liberty—giving their services and their lives freely that our national existence shall not be wiped out by the militarism of Prussia—it is unthinkable that the young men of New Brunswick will fail to respond nobly and promptly to the call. To suggest that there will be difficulty in recruiting the eleven hundred men necessary to complete the New Brunswick regiment should be to insult the manhood of this city and province.

In Great Britain men are flocking to the colors in such numbers as were never known before in the British Isles. But more men are needed—and more equipment. We in Canada must not forget that we are just as much at stake as Great Britain; that our own rights and liberties are as much at stake as hers; and we must grasp thoroughly the fact that the triumph of German arms would forever wipe out that freedom and progress whose traditions are in our homes and in our blood.

A SEARCHING QUESTION

(Boston Transcript.) It would require the perverted ingenuity of a hardened casuist to present an ethical distinction between sniping and bomb dropping on non-combatants. If it is not only wrong, but atrocious for civilians—that is, men out of uniform—to fire on soldiers, why is it not equally reprehensible for the occupants of airships to drop bombs on non-military positions? The cathedral of Notre Dame, Paris, was crowded with worshippers, when a German aircraft dropped a bomb upon its roof. Fortunately the bomb did not explode. Had it exploded and wrecked that noble structure, it would have mainly killed or maimed non-combatants, for few French soldiers were probably within the sacred precincts. A bomb has been aimed at a crowded Paris railroad station. Possibly a railroad station in these times may be considered a military position, as troops are constantly passing through it, but, nevertheless, the question recurs in this instance if bomb dropping is not an attempt at promiscuous massacre and excusable only to those who accept the doctrine that the might to do a thing is equivalent to the right to do it.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderrine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderrine tonight—now—any time—will surely save your hair. Get a 25 cent bottle of Knowlton's Danderrine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderrine. Save your hair! Try it!

THE RIGHT SPIRIT

A wonderful letter from an English woman appeared recently in a London morning paper. This sentence tells the story: "I have," she says, "eight swords, naval and military, which have belonged to members of my family. The last man of the family has now given his life for his country, therefore there is no longer any reason for keeping these weapons. I am sure their former owners would wish them to be of use, if possible, to their country." That sort of letter should help recruiting, so fine is its spirit.

N. B. AND P. E. I. SUNDAY SCHOOL CONVENTION

The New Brunswick and Prince Edward Island Sunday School Association will hold its annual convention at Sussex November 10th, 11th and 12th. Among those who will attend is Mr. John L. Alexander, of Chicago, International Superintendent of the Secondary Division. Mr. Alexander is a noted Sunday School worker. When General Baden-Powell came to America, to organize the Boy Scouts, Mr. Alexander was chosen as Executive Secretary of the American Department of the Boy Scouts Movement. During the great Men and Religion Campaign he was asked to become a member of the group of speakers who visited the larger cities of the Continent and he inspired many workers in local fields to undertake definite effort in behalf of boy welfare—physical, mental, spiritual and social. At the close of his campaign he was called to undertake work of still greater reach and importance as Superintendent of the Secondary or "Teen Age" Division of the International Sunday School Association. Among other speakers at the Convention will be Rev. H. A. Goodwin, pastor of the Central Methodist Church, Moncton; Rev. G. A. Lawson, pastor of the First Baptist Church, Moncton; Principal McKinnon, of the Presbyterian College, Halifax, and Prof. Nowlan, of Acadia University.

A strongly practical and inspirational programme is being arranged for the Convention. At the request of the Advisory Committee on Boys' Work for New Brunswick, the Programme Committee of the Sunday School Association have agreed to set aside Tuesday morning and afternoon, Nov. 10th, for special conferences for leaders in Boys' Work.

INDUSTRIAL ACTIVITY

(La Patrie.) The giving of orders by the agent of the British government and the news that the French government is sending a special agent to Canada to purchase articles, the production of which is now paralyzed in Europe, are encouraging indications for our national industries, which will not let the occasion pass to develop and increase the amount of their profits as well as the extent of their operations. Our banking institutions will, doubtless, be glad to advance capital to the manufacturers who thus secure lucrative orders from overseas. The confidence which will thus be reborn in Canadian activity is a good augury and it is a national duty for each one of us to work to make it greater.

WOULD THIS DO?

Now that the Emden is out of the way, and the Japanese and British cruisers are in full cry after the other German pirates, would it not be well to get a detachment of Bluejackets and see if they could round up the working apparatus of our wonderful town clock. We heard it whispered some time ago that something was to be done, but alas! our hopes have been once more blighted. Take it down and send it to Emperor Wilhelm, he seems to be making a collection of things that won't go.

PECULIAR ACCIDENT NEAR PETIT ROCHER

Large Crane of Dominion Bridge Co. Falls in River One Man is Injured

About 4.50 Friday afternoon, a peculiar accident, the second of its kind within a few weeks occurred on the main line of the I. C. R., about two miles from Petit Rocher, when a bridge crane belonging to the Dominion Bridge Company and a span of steel bridge work, which it was lifting at the time, overbalanced, left the rails and toppled into Elm Tree river, leaving the bridge "out" and traffic on the main line blocked. Brakeman Vital Bernard, of Moncton, who was walking on the bridge at the time of the accident, was thrown to the ground, and sustained painful injuries.

It is only a few weeks since a similar accident occurred while a crane was putting in a span on a small bridge at Coal Branch station, a few miles north of Moncton.

The crane and bridge span are now at the bottom of Elm Tree gulch and seem likely to stay there for some time. When the news of the accident reached Moncton, Mr. Willie Duff, Bridge Engineer and a staff of assistants went north on the Maritime to take charge of the salvaging operations. Wrecking trains are being hurried from all points of the compass.

The Ocean Limited from Halifax No. 35, north bound accommodation, the Maritime and numerous freight trains were stalled on either side of the break. Passenger transfers were the order of the day until a temporary span was put in over Elm Tree River.

It is learned that Mr. Vital Bernard, brakeman, on a stalled freight fall of the bridge, when the crane overturned, and received painful injuries to one of his hips. He was taken to Petit Rocher, where he received medical attendance. It is believed that his injuries are not dangerous.

AILING WOMEN OF MIDDLE AGE

Mrs. Doucette Tells of her Distressing Symptoms During Change of Life and How She Found Relief.

Belleville, Nova Scotia, Can.—“Three years ago I was suffering badly with what the doctors called Change of Life. I was so bad that I had to stay in bed. Some friends told me to take Lydia E. Pinkham's Vegetable Compound and it helped me from the first. It is the only medicine I took that did help me and I recommend it. You don't know how thankful and grateful I am. I give you permission to publish what your good medicine has done for me.”—MRS. SIMON DOUCETTE, Belleville, Yarmouth Co., Nova Scotia, Canada.

Such warning symptoms as sense of suffocation, hot flashes, headache, back-aches, dizziness, palpitation of the heart, sparks before the eyes, irritability, constipation, variable appetite, weakness and inquietude, and dimness, are promptly relieved by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If you want special advice write to Lydia E. Pinkham Medicine Co. (read carefully) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

THIS NEW MEDICINE SAVES YOU MONEY

We are druggists right here in your town and make a living out of the drug business, but it is because people have to have drugs and not because we like to see people suffer—we don't. Our duty is to render the best service we can, and when someone is ailing, we are interested in seeing them take the best medicine there is for their particular trouble. We do recommend "cure-alls," as we don't believe there are such things. We don't want you to spend more money than you have to. Some of you get small wages, and when you're sick, none at all, and you should get the most you can for your money.

We recently came across a new remedy for increasing strength and building up people who are run-down and emaciated. We know that a slight trouble sometimes grows into a serious one, and to stop it in the beginning, will save you money in the end. This new compound is called Rexol Olive Oil Emulsion. It is the best remedy, when you are run-down, tired out, nervous—no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness and builds you up to a healthy, normal condition. It is a real nerve-food tonic and builder of good blood, strong muscles, good digestion. It contains Hypophosphites, which tone the nerves, and pure Olive Oil, which nourishes the nerves, the blood and the entire system. Pleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the Rexol Stores, and in this town only by us, \$1.00.

Thos. Wran, druggist.
There is a Rexol Store in nearly every town and city in the United States and Great Britain. There is a different Rexol Store for nearly every ordinary human ailment, especially designed for the particular ailment which is recommended.

Business men, bookkeepers, clerks, stenographers and others whose work is done in close rooms, are subject to Sore Throats contracted by the change from the warm air indoors to the cold without. The affliction may appear unimportant, but frequent attacks of a Chronic Sore Throat will, in the end, impair hearing. Then, too, a Sore Throat is always dangerous, for it may develop into Tonsillitis, Glanders or Diphtheria.

NEW CARLISLE
Miss Jean McLatchey was in town last week the guest of Mrs. J. H. Kelly. Miss McLatchey took part in the Red Cross concert, and her selections were very much appreciated. A special train ran from New Richmond to New Carlisle on Wednesday evening, to enable people up the line to attend the Red Cross concert held on that evening. Among the large number were seen—Mr. and Mrs. Bond of Cascapedia, Mr. and Mrs. LeBreton of Bonaventure, H. W. Johnston of Black Cape, Miss Leona Smollett and her friends, Miss M. Conn of Maria, Miss W. Chisholm of New Richmond and Guy Kempfer of New Richmond.

Mrs. Arnold and son of Chandler were in town for the concert. Also Miss Myrtle McPherson of Port Daniel.
The ladies of the branch of the Red Cross Society have found everybody very willing to work, and as a result have been able to send a couple of bales of goods away to the soldiers. Their duties will not end at that, as it is necessary to keep up the good work. The next receipt of the Red Cross concert held on Wednesday evening, the 4th, under the direction of Mrs. J. H. Kelly, were about \$250.00, which goes to show it was a decided success. The hall was packed to the doors, and good order prevailed. Mrs. Kelly deserves a very great deal of credit for the amount of time she gave and the skill she displayed in arranging so good a programme. Every part was well carried out. It is well worth repeating.

THE WORLD AT WAR

The Greatest Struggle of the Ages—What it Demonstrates and Teaches Concerning Drink—A Remarkable Record of Temperance Progress

The heart of all civilization aches to-day, as it watches the upheaval of devastation, cruelty, misery and slaughter with which Europe is shaken and torn. Yet out of the awful carnage flash gleams of heroism that compel admiration, and of facts that are very instructive, while the motives and events which evoked them are deplored.

CONSISTENT FOR BELGIAN RELIEF SENT
Twenty-one Boxes of Clothing And Large Quantity of Groceries Sent Off

The committee in charge of the Belgian Relief Fund have sent off their consignment this week, which consisted of 21 bags of clothing and bedding, 10 boxes groceries, and 3 bags of groceries.

The response to the call for the relief of this distressed nation, was hearty and generous, and many useful articles were sent to them suitable for their needs.

There is not the slightest doubt that another call will be sent out for this worthy object, and we must attend to this cry for help. It is not only our duty, it is the highest privilege that a nation could have conferred upon it, that of succoring the hungry and the distressed.

The committee beg to acknowledge receipt of the following articles:—Mrs. T. Malcolm, ladies coat, men's clothing, bedding; Mrs. J. G. Christie, men's clothing; Mrs. A. C. Roy, clothing and bedding; J. N. Harvey, blanket, clothing, dried apples; Nap Audet, hauling 4 loads to station.

Upwards of 25,000 Officers and Men assisted in the production of this film, the only one in existence approved by the Army Council.

The film begins with a typical scene showing recruiters at work outside the London Recruiting office, and here at the very commencement we see evidence of that spirit of progress so marked in the Army of to-day.

Every department of a great nation's defense is clearly depicted, a feat hitherto impossible to either adequately illustrate or describe. Among the many interesting scenes the following will demand more than ordinary attention:

A First Taste of Army Life, Discipline of To-day, Barrack Square Drill, Modern Instructional Methods, With the British Artillery, Training Cavalry Recruits, The Wooden Horse, Modern Cavalry Work, Cold Steel in the Cavalry, The Soldier as a Citizen, Field Telegraph and Mule Transportation, Long Distance Field Telegraph, Guns vs. Aeroplanes, Royal Engineers at Work, Land Mines, Barbed Wire Entanglements, Target Practice with Maxims, Bridge-building and Demolition, Modern Intrenchments, The Infantry, Regimental Colors, Maxims in Action, The Magazine Rifle, Teaching the Soldier to Shoot, Blocking up a Stockade, A Matter of Transport, Feeding the Soldier, Service Under War Conditions. ANNUAL MEETING OF CALEDONIAN SOCY.

Held on Tuesday Evening.—Reports and Officers Appointed For Ensuing Year

The annual meeting of the Caledonian Society of Restigouche was held on Tuesday evening in the council chamber, the president, Mr. A. D. McKendrick in the chair.

The Secretary's report showed that the Society had a membership of 88, and the Society had a balance to their credit after the years working of \$19.70. These reports were received and adopted.

The officers for the ensuing year were then appointed.

President—His Honor Judge McLatchy.

Vice-Pres.—Thos. E. Busted.

Secy.—Treas.—John G. MacColl.

Chaplain—Wm. Currie.

Marshalls—Fred J. McRae and F. E. Shepherd.

Piper—H. M. McLennan.

Executive—Max M. Mowat, A. D. McKendrick, Dr. Murray, Harry Miller and H. A. Carr.

The Society discussed the matter of holding the usual St. Andrew's Day Banquet, and it was the feeling, that owing to the war, and the many privations our brother Scots are enduring, it would be well to forego the banquet at this time, and do something to help the poor and distressed, whose lot has been made very hard owing to the war.

On November 30th, a smoking concert will be held, at which meeting the officers will be installed, and an entertainment given to the members of the Society.

Votes of thanks were then given to the retiring officers, and the meeting adjourned.

The secretary will be pleased to receive the dues from the members for the current year amounting to \$1.00, and will be glad to take the names of our members for proposition to the Society.
