### LOCAL OPTION

Petition Presented to Town Council

TUESDAY EVENING

Liquor Interests Object to Granting Prayer of Petition

At the meeting of the Town Council on Tuesday evening Mayor Murray laid on the table the petition of the ratepayers of Wards Two and Three asking for a vote on the question of whether or not liquor licenses shall be granted in those wards this year. The petition for Ward Two was signed by 110 ratepayers and that for Ward Three by 61 ratepayers, being over the necessary number required in each ward.

Mr Mott was heard before the Council in reference to the petitions on behalf of the liquor dealers a number of whom were present. He objected to the petitions as not being filed in the proper time and also that the names on them were not ratepayers.

Rev Father Wallace was also heard in the matter. He wanted the Council to understand that he was opposed to local option, and hoped the Council would grant the petitioners' request. He mentioned conditions in Chatham and Newcastle where Scott Act had predicted the same results here should local option come into force.

Coun McLennan then rose and called Father Wallace's attention to the fact that local option was an entirely different thing to the Scott Act, and took issue with the

reverend gentleman in regard to affairs in Chatham and was in a position to know that the Scott Act had driven all the rum-sellers out of the town and was strictly prohibitive until policies entered into it, and the presiding magistrate was forced out of office. Father Wallace knew that some of these rum-sellers had come to Campbellton. Coun McLennan thought that when Father Wallace understood local option in its working he would not oppose it. He claimed that the petitions had been filed in the proper time and that the required number of bonafide ratepayers had signed them.

There was considerable discussion as to the time the petitions had been filed, and a lively passage-at-arms between Mayor Murray and Mr Mott, in which the latter gentleman was given to understand that His Worship was not to be bluffed so easily, that any information in regard to town affairs would be strictly private until the proper time to make it known.

The matter was finally disposed of by the appointment of a committee to find out just when the petitions had been filed and report to the Council.

For any disease of the skin there is nothing better than Chamberlain's Salve. It relieves the itching and burning sensation instantly and soon effects a cure. Sold by All Druggists.

The Friend—"Is your new book being well received?"  
The Author—"I guess so. The publishers went into the hands of a receiver last week."

Hewitt—"Would you hit a man under the circumstances?"  
Puglist—"What d'ye mean by under the circumstances? In the neck?"

Minard's Liniment Cures Diphtheria.

### HOCKEY.

A Four Team League Formed.

A meeting of the hockey club was held last week and it was resolved that four teams be formed and the dates fixed for the games.

The following are the teams—  
Dr Jos. Pric (Capt.) Geo. Mills, J. Moores, A. Keen, W. H. Marquis, B. Cochran, F. W. Kennedy, D. O'Keefe, F. Champour Roy Moffat, G. E. Farrer.

C. F. Clare (Capt.) A. Craswell, S. Keays, W. Mott, E. Mowat, St. Clair Jellet, H. McIntyre, V. R. Scott, E. Gallant, D. McMillan, G. Wallace.

H. O'Keefe (Capt.) Geo. Patterson, A. Keith, J. Wall, E. Asker, G. Sargeant, J. Ward, W. McRae, W. McLeod, O. C. Ward, D. F. Maher.

J. T. Mowat (Capt.) W. Ferguson, A. O'Keefe, B. Peterson, F. McRae, Chas Johnson, H. Millican, C. W. Anslow, F. E. Sheppard, F. E. Lockhart, W. O'Regan.

The following are the nights for practice:—

Monday night Mowat and Clare before skating, Clare after skating.

Wednesday night Pric before skating.

Friday night Clare before skating.

Saturday night Mowat before and O'Keefe and Pric after skating.

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember it's made alone for Piles—and it works with certainty and satisfaction. Itching, painful, protruding, or blind Piles disappear like magic by its use. Try it and see! A. McG. McDonald

### TROUBLE IN MEXICO.

Striking Workmen Burn Mills and Loot Stores

CITY OF MEXICO, Jan 8—Late yesterday word was received here that the textile workers in the mills in the city of Orizaba, state of Vera Cruz, who are on a strike, had burned a company store connected with one of the establishments and were threatening to destroy the mills. Two regiments of soldiers were assembled and rushed up to the scene on a special train. The mills where the trouble occurred employ about 5,000 men. For some time none of these have been working because of the dispute with the owners. On last Friday it was announced that the strike of textile workers which had spread throughout the republic had been settled owing to the intervention of President Diaz and Vice President Corral. The working men's committee announced that all of 28,000 men would return to work to-day. The first news of the disturbances came in a telegram which stated that a riot was on, and that the company store at the Rio Blancos mills was in flames. Soldiers were then rushed to the scene. General Martinez as commander of the troops. The owner of the property thus far destroyed is Eduardo Garcin, a citizen of France. The trouble started on Saturday morning when 2,000 workmen met in Rio Blanco near Orizaba, and voted not to accept the award of President Diaz. Violent speeches were made and men arming themselves with sticks and stones began looting the company's store, destroying it and confiscating thousands of dollars in money and in gold. They then pillaged private houses and the Government shops.

Minard's Liniment Cures Disteemper.

## THE WOOD TRADE

The European lumber market was not remarkably healthy in condition in 1906, prices were low, and the shipments from St. John to trans-Atlantic ports were heavy—larger by nearly thirty million feet than the shipments in 1905. Generally, the results have been very satisfactory. The following is a statement of the business done year compared with the previous year:

## GOVERNMENT

The bye-election in Restigouche resulted about as expected, the county remaining, as of old, in the government ranks by a small majority. The opposition, thoroughly organized and with the best and most popular candidate they could find, relieved the losses of the general election of 1903, but could not shake the normal government majorities of 1895 and 1899. In 1903, the opposition, having but one candidate against the government's two, was at a disadvantage not present this year. Hence their vote at that time went down far below their usual figures.

The contest in Restigouche brought out the leaders and prominent speakers on both sides, and the result is decisively in favor of the government.

The figures on Oct. 16, 1895, were:  
LaBilious, government, .....852  
Mott, government, .....805  
Culligan, opposition, .....793  
Murray, opposition, .....776  
On Feb. 28, 1899, the vote stood  
Mott government, .....970  
LaBilious, government, .....937  
Barbail, opposition, .....844  
Culligan, opposition, .....752

The liquor men are evidently very much afraid of local option judging by their action of Tuesday evening. No better argument is needed in its favor. It is now up to the temperance people to get busy.

## Dispense With The Bar

So long as local option is the only available way to abolish the bar, just so long will it be not merely legitimate but commendable for those who believe bar drinking an unnecessary evil to exercise their franchise in support of local option by-laws. About one hundred and ten local option contests come off in different parts of the province to-day. It will be the cause for sincere rejoicing to many thousands of people who are not mere "temperance families" if the result of to-day's voting is the abolition of the bar in every one of these hundred and ten municipalities. In the aggregate they make up a considerable area; added to the areas already under local option by-laws, they make a large part of the populated part of the Province. In some cases they are adjacent to municipalities already free from the licensed sale of intoxicating liquor. As especially desirable that in such cases the abolition movement should not fail, because success would make strict enforcement more practicable. The local option campaign should everywhere be taken seriously and prosecuted seriously.

The above clipping from the Toronto Globe of the 7th will convey to our readers the attitude of that paper on local option. The Globe's opinion ought to carry some weight.

## WEDDING

At St. Adelaide de Pabis, an event of great interest took place in our little Church on Monday the 7th inst when Miss Helen Birmingham daughter of the late Mr. Thos. Birmingham, and Mr. Charles Crozman Manufacturer of Saw Lumber were joined in Holy Wedlock. Reverend Father Bossi performed the ceremony.

The bride was given away by her brother Thomas. The groom was attended by our popular Mr. John Kease. A large company of relatives and friends were present to witness the important event and to do honor to the feast.

The bride looked very charming and carried a beautiful bouquet. After the ceremony the wedding party repaired to the home of the bride's brother John, where the reception was held and much enjoyed by the guests.

The groom Mr. Charles Crozman, son of Ebenezer Crozman, was born on Prince Edward Island at Cape Wolfe, Prince county, where he resided until November 1896 at this epoch he moved here and engaged in Lumber Business.

Mr. Crozman gives employment to a great many men most all the year. This winter he has a large crew in the woods cutting logs this means that next summer will give work and money. Go it for you Charlie. Congratulations and best wishes for a happy and prosperous journey through life.

## MEETING OF THE TENTH DISTRICT

**Baptists hold very successful Quarterly meeting at Lower Derby**

The quarterly meeting in connection with the 10th District of the United Baptists took place in the Baptist Church, at Lower Derby on the 1st and 2nd instant.

On Tuesday the proceedings commenced with a prayer meeting at 7 p. m. which like the other meeting that followed was largely attended, and great interest was manifested from the commencement. At the preaching service at 7:30, Rev. George Beaman of Harcourt, preached a well thought out sermon, earnestly delivered. At the close Rev. I. N. Thorne of Whitteville conducted an Evangelistic service, at which great interest was manifested, many rising and desiring prayer in their behalf, and some we believe starting on the new and better way. The meeting broke up at a late hour fully assured in the language of the preacher's Text that "they had seen strange things."

Next morning a prayer and social meeting was held from 10 to 12 when a large number attended and great interest was manifested.

By prayer and testimony, pretty much the afternoon was devoted from 3 o'clock to 5 to business, followed nearly all of the large company assembled taking some part in the after meetings. It was decided to convene the next quarterly meeting at Whitteville on the last Tuesday and Wednesday in March. In some respects this meeting was the best of all, the spiritual interest manifested by the young bringing the tears to the eyes of more than one of the older ones.

The prayer meeting at 7 was also largely attended, also the preaching service that followed, when the Rev. I. N. Thorne, of Whitteville, preached a very earnest sermon from the verse, "The way of the Lord is in the Sanctuary." This was followed by an Evangelistic meeting led by the Rev. George Beaman. The whole services were brought to a close by an address by Rev. F. T. Snell, Secretary of the District, who briefly reviewed the position and prospects of the North Shore Baptists and urged consecration to God and brotherly love and unity among themselves.

Among those who attended the meetings were the following:—Mr. and Mrs. Jared Tozer of South Bek Miss Curtis of Whitteville, Miss Tozer of Littleton, Miss Bessie Snell, Miss Annie A'Haran, Miss Rena Mather, Miss Kate Brooks, Mr. Mason Betts, of Newcastle, Mr. and Mrs. J. Lyons, Miss Benah Lyons, and many other friends from Millerton and adjacent places. Miss Kate Russell presided at the organ and was assisted by the choir of the churches.

Visiting friends were kindly entertained at the homes of Dea. Malcolm Amos, Spurgeon Amos, Mrs. Appleby, Mrs. Russell, Baron and R. Cluston. A resolution thanking those good friends was heartily passed at the close of the services. To God be the glory for a very happy and enthusiastic gathering.

Croup can positively be stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet pleasant, and safe Syrup, called Dr. Shoop's Croup Cure for Croup alone, remember. It does not claim to cure a dozen ailments. It's for Croup that's all. Sold by A. McG. McDonald.

## OBITUARY

**MR. HARRIS SEARS**

The death of Harris Sears occurred on Sunday morning last. The deceased was well and favorably known on the I. C. R. having been in the service for thirty-four years. A wife seven daughters and four sons remain to mourn the loss of a kind and loving husband and father. Deceased was 84 years of age.

**MR. PETER BROWN**

On Sunday Jan 6th Peter Brown of Dalhousie passed away. Deceased was 74 years of age, born in Bathurst and moved to Dalhousie in 1872 where he resided up to the time of his demise. He leaves a wife, four sons, Wilfred, James, William and George all of Dalhousie, two daughters Edith and Bell both married and living in Montreal, to mourn their loss. The funeral took place yesterday.

**MRS. JOHN JARDINE**

Mrs. Jardine, wife of John Jardine, the well-known lumberman and merchant at Rexton, died very suddenly on Wednesday, at the residence of her brother-in-law, Hugh Jardine, Moncton, where she had been visiting with her two young children the past week. Mrs. Jardine was dressing to go out with her children to have their photographs taken when she was stricken. She complained of feeling weak and laid down on a sofa in the parlor, expiring immediately.

Mrs. Jardine, was a daughter of William Doherty, of California, where she had a brother, Dr. William Doherty, and two sisters living. The family formerly lived in Richibucto. Heart disease was the cause of death. Besides her husband, she is survived by two little girls, one fourteen months and another five years old. The body was taken to Rexton Friday morning for burial.

The deceased was born in Campbellton at the old Doherty homestead at Mill Creek and was a cousin of Dr. Doherty.

**MRS. WILLIAM COOLING**

The death of Mrs. William Cooling occurred at her home in Dawsonville, on Jan 4th. She had been ill for some months and she was getting well, and able to go about until Thursday when, she took suddenly ill, and died before morning. She leaves besides her husband, four sons, Joseph, David, Charles and James, and six daughters, Mrs. Richard Firth, of Flatlands; Mrs. James H. Duncan, of Campbellton; Mrs. Harry Steeves, of Nashes Creek; Maud, Bertha and Sarah at home.

Mrs. Cooling, before marriage was Miss Walker, of Riverside, where she leaves an aged mother and three brothers, James, Stephen and David, and also two sisters, Mrs. Joseph Haily, of Matapedia; Mrs. Edgar Barber, of Jacksonville, Florida, U. S. A., besides numerous friends and relatives.

Mrs. William Cooling was very highly respected and one of the oldest residents, living in Dawsonville, living there 31 years. Deceased was 52 years old.

Bathurst, N. B., Jan 9—The death of Mrs. Kent, wife of Mr. W. J. Kent, one of Bathurst's best

known merchants, occurred at her home, Bathurst Village, Monday evening of peritonitis. Mrs. Kent had been ill for several weeks, suffering from typhoid fever. The deceased lady was thirty-nine years of age, and was formerly Miss Christiana Dutch, of Black Point, Restigouche Co. She is survived by her husband and seven children—three daughters and four sons. Mrs. H. M. Kent of Bathurst, Mrs. E. McMillan of New Mills, Mrs. James Fleming of Moncton, and Mrs. Johnson of St. John, are sisters, and Mr. Robert Dutch, merchant of Black Point, a brother of deceased. Mrs. Kent was of a kindly and charitable disposition, endeavoring to all. She will be greatly missed not only by her own family but by hosts of friends in Bathurst and elsewhere.

## A Generous Husband

loves to Make his wife happy by little souvenirs of affection now and then, knowing that even trifling gifts strengthen affection or friendship. Nothing pleases the ladies so much as a nice ring, a pretty watch, a pin or ornament of any kind, or a fine piece of silverware for her table. You will find choice bits at this store to please their fancy.

**C. F. CLARE,**

**The Jeweller**

## Town and Country.

Save a few dollars while our Shoe Sale is on.—MacRae's Shoe Store.

C. F. Clare recently added two handsome counter show cases to his up-to-date establishment.

There was an excellent sheet of ice in the skating rink last night but owing to the inclemency of the weather the attendance was small.

Miss Annie Annington entertained a few of her friends at a Birthday party at the home of her sister Mrs. Geo. Dobson on Tuesday evening Jan 8th.

Just a few pair of skates left. To clear we will give a special discount of 20 per cent during the next two weeks.—MacRae's Shoe Store.

Rev. E. Tennyson Smith will open his campaign in Fredericton on Sunday 13th inst., and will remain there till the 22nd.

Dr. McCully specialist in disease of the Eye, Ear, Nose and Throat will be at the Waverly Hotel Campbellton Tuesday and Wednesday Jan 15th and 16th where he may be consulted.

Albert Grant of Cadman Corner, West Co., recently found four pounds of ambergris near his home. It is worth from \$40 to \$60 an ounce.

This afternoon's accommodation from north, with Driver Hicks at the throttle, struck and killed a horse near Bathurst. The horse was wandering along the track when struck and killed by the locomotive.—Transcript, 8th.

On the 10th ult., J. H. Bunnell, a native of Sussex, N. B., was elected Mayor of Moose Jaw, Sask. whither he removed ten years ago. His majority over J. E. Hopkins was 98.

His Honor Lieut-Gov. Snowball and Premier Tweedie have each received from Lord Strathcona a large hamper of pheasants. Six other leading Canadians fared likewise.

Don't fail to be there. We mean the carnival tomorrow night. Big masquerade. Fast races. Good prizes. You'll enjoy every moment of it. Admission 25c. Season ticket not good for carnival nights. See prizes in Oak Hall window.

## Clearance Sale Prices 69

One of the specials during the Big Inventory Clearance Sale for Saturday 9 doz. ladies kid gloves regular \$1.25 clearance sale 69c.

Chancellor Jones of the U. N. B. recommends the establishment of a law department in that institution. The Fredericton College is increasing rapidly in efficiency, being now one of the foremost educational centres of Eastern Canada.

New Year's day at Woodstock. Principal Chas. D. Richards of the Carleton Co. Grammar School, was married to Miss Grace L. Bolton, formerly Matron of the Woodstock Hospital. Mr. Richards' pupils presented him with a magnificent china tea set.

The Baptists of Albert Co. met in quarterly session at Hopewell Hill, on the 1st and 2nd. There were five ministers present from Albert Co., and one from Moncton. Eighteen churches reported but during the year 1906 there had been only five pastors. Two more are now engaged, making seven in all. A committee was appointed to ascertain the number of preaching stations without ministers so that they might be cared for by other pastors. The total church membership was 2,976; and \$8,073 had been raised.

On New Year's eve John Connel, the well-known guide of Bathurst, was presented with a beautiful oak chair by Fred M. Tweedie, K. A. Lawlor, James D. Johnston, James Miller and Angus Ullock. Fred M. Tweedie made the presentation address. The chair presented to Mr. Connel was selected by Premier Tweedie in St. John and is probably the handsomest of its kind in a town. During the speech making James Miller was presented with a beautiful crayon, the work of a Chatham artist now residing in Boston.

January Clearance Sale now on. Big discounts on all lines of dry goods. Greatest bargains ever offered in Campbellton. Call and you will be convinced.

MOORES BROS.

Attend the Sale at McKenzies.

Spring prints arrived at H. S. Alexander's. A school scribbler and a lead pencil for 5c. at the Events Office.

100 lb bags sugar at \$4.50 at H. S. Alexander's.

Special lines will be placed on the counters every morning during the big clearance sale.—Geo G McKenzie & Co.

A few second-hand piano case organs for sale at a bargain. These instruments were taken in part payment for pianos during the Xmas trade.

S Laughlan.

The Boston Comedy Co., under the management of the genial and well known H. Price Webster will be in Dimock's for a few nights beginning Friday of next week the 18th.

We have received several handsome calendars this season from the following firms—Messrs Geo G. McKenzie & Co, MacRae Shoe Store, MacKenzie & Co merchant tailors, S Laughlan.

The Misses Harper of Oak Point entertained a few of their friends at their home on Tuesday evening Jan 8th. Quite an enjoyable time was spent by all. Games being the chief amusement.

J. M. Lamont the well known piano tuner will not be here this winter on his regular trip. B. Harold Markham is in town at present and comes well recommended by Mr. Lamont. Mr. Markham will be in Dalhousie on or about the 15th inst.

A young man named Currie was kicked by a horse in the forehand at one of the lumber camps about 50 miles up river on Tuesday. Dr. Price was sent for and attended to his injury, which was quite serious the unfortunate man being unconscious for four or five hours. He was brought to town yesterday.

Two rinks of Junior Curlers leave on Monday morning to take part in the Boscupell at Amherst. Considerable difficulty has been experienced in making up the eight and infact they are still short of two men but hope to be able to fill the vacancies. The following is the list as it stands at present—W. L. McRae (skip), J. T. Mowat (skip), W. S. Sharp, F. W. Kennedy, Wm Sproul, F. E. Lockhart.

At a meeting of Court Restigouche, No. 641, I. O. F., on Tuesday the following officers were elected for the ensuing year:—

Rev. R. J. Coleman, C. R.  
S. W. Dimock, V. C. R.  
F. M. Anderson, R. S.  
J. T. Reid, F. S.  
A. G. Adams, Treas.  
Rev. W. A. Thompson, Orator  
A. A. Andrew, S. W.  
A. D. McKendrick, J. W.  
J. White, S. B.  
D. F. Graham, J. B.

Does Coffee disagree with you? Probably it does! Then try Dr. Sheep's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember in Dr. Sheep's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's safe even for the youngest child. Sold by A. McG. McDonald.

The following officers were installed at a meeting of Campbellton Division on Monday evening:—

R. B. Gerrard, W. P.  
Miss McNair, W. A.  
J. T. Reid, R. S.  
Miss Jessie Thompson, A. S. S.  
Miss K. Girdwood, F. S.  
Harry Fowles, Treas.  
W. A. Trueman, Chap.  
Harry Montgomery, Con.  
Miss Coates, A. Con.  
Albert Cochran, I. S.  
Chas. McLean, O. S.  
J. M. McLean, P. W. P.

With the thermometer several degrees below zero and a gale of wind blowing the light snow about in clouds, last night was the roughest we have seen in a number of years. This morning the mercury says twenty below zero. The trains are all late and considerably difficulty is experienced in keeping the line open. The Maritime going west was an hour late the local which is due to leave Campbellton at seven thirty did not get away until nine fifteen this morning, and the Maritime going east was ten hours late.

Manitoba hard wheat flour selling at \$5.00 per barrel at H. S. Alexander's.

## Professional

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John, will be at the Waverly Hotel, Campbellton Friday Jan. 11th, where he may be consulted professionally. One day only.

## Thorns In The Flesh.

Even worse is the agony of corns. Why suffer—cure is waiting in every drug store in the form of Putnam's Corn Extractor which relieves at once, cures thoroughly and without pain. For good results use only "Putnam's".

## Personal Mention.

Jos E Petrie is in town this week.

Miss Bertha Edwards of Escuminac was in town Wednesday.

Miss Stella McKenne of Dalhousie is visiting Miss Lida Patterson.

John Russell of Newcastle is in town to day.

Miss McAlister went to Bathurst this morning to visit friends.

Percy Masters of St. John registered at the Royal on Tuesday.

Mr. Connacher went to Bathurst today to attend the funeral of Mrs. W. J. Kent.

Mr. W. W. Doherty and Miss Florine returned from Rexton on Tuesday.

W. Everett Gray returned last week to Montreal to resume his studies at McGill.

F. L. Jennings representing the McCoy Printing Co Moncton is here in the interest of his firm.

H. Marquis left Tuesday morning for a business trip to Bathurst, Salmon Beach, and Caraque.

Mr. Allison Wishart, representing the Trade Publishing Co., Ltd Toronto is in town this week.

Miss Edna Alexander left on Monday morning for Sackville to resume her studies at Mount Allison.

Miss Minnie A. Edwards of Escuminac left on the Maritime Wednesday morning for Natick, Mass.

Mr. L. K. Rette representing Emmerson and Fisher of St. John is in town this week. He is accompanied by his bride.

W. A. Trueman attended the meeting of the N. B. Temperance Federation in St. John on Friday last, and was elected 2nd Vice-President.

Mrs. D. S. Trueman will receive her friends on Monday and Tuesday the 14th and 15th inst at her home Aberdeen Street.

UNITED BAPTIST CHURCH CAMPBELLTON.

B. H. NOBLES MINISTER.

Sunday Services, morning prayer meeting at 11.25; Preaching Services at 11 a. m., and 7 p. m.; Bible School at 2.30; The Union Brotherhood at 2.30 p. m.; Midweek Service, Prayer and praise meeting Wednesday evening at 7.30 o'clock. Strangers and non-church are especially invited to each of these services. Seats free.

The class of the Union Brotherhood in connection with the Water Street Union Baptist church is largely representative and is non-sectarian, and is open to all male citizens and to the stranger within our gates. We meet Sunday afternoon at 2.30 o'clock in the audience room. Bible knowledge practically applied is our aim. An informal spirit prevails. Questions are asked and answered at will, but without embarrassment to any one. If you are not "fixed" elsewhere we'd be glad to have you join us. Our watchwords,—

"Human Brotherhood,"

"Faithful Citizenship,"

"Divine Sonship."

J. E. MILLER, Pres.

H. E. MANN, D.D.S., Sec'y-Treas.

## LOCAL OPTION.

Sustained in Many Places In Ontario On Monday.

Toronto, Jan. 8.—The electors in one hundred and eleven municipalities of Ontario expressed their will on the question of local prohibition of the liquor traffic yesterday. The new legislation of the Whitney government, introduced at the beginning of last session, requiring a three-fifths vote to put the local option by-law into effect, placed a heavy handicap upon the temperance workers, nevertheless quite a number of towns and townships carried the measure.

In Toronto Junction, where the by-law, was carried three years ago by a majority of 190, the citizens pronounced against repealing the measure by a majority of 333. In several other places, Niagara-on-the-lake and in East Garafraxa among them, local option was sustained by large majorities. The by-law was carried by a good majority over the required three-fifths in Midland, Teeswater, Port Carling, Weston, Waterford and the township of Bruce, Crummahe, Inisfil, Manvers and Norwich.

## CHEAPNESS is an Important Point

In Orillia the vote was on the licensing of the retail sale of liquor in shops, there being one shop in the town. The result was a large majority for no license—590 to 269.

A number of municipalities polled a majority for local option, but not the requisite three-fifths, including Bradford, Collingwood, Leamington and Medford. The by-law was defeated also in Adelaide, Ailsa Craig, Beeten, Blenheim, Brantford township Burford, East Nor Essa King, Kingsville, Markdale, Oakville, Port Elgin, Tiverton and Woodbridge.

The plebiscite in Kingston on the question of license reduction resulted in a substantial majority in favor of reduction.

## GREATEST Sensation Sale.

ever known in the county is now going on in the well-known store of

Jos. Tennenhouse Cr. Prince William & Water St

It will pay you to come to town to visit this sale, as everything will be sold from 40 to 50% off. Keep watching for the red flag and make no mistake.

## Every Two Minutes

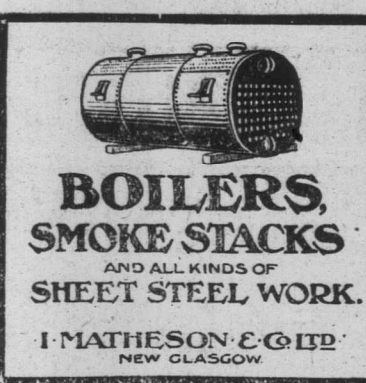

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

## SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free. Be sure that this picture is on the wrapper of every bottle of Emulsion you buy. Scott & Bowne Chemists Toronto, Ont. 30 cents and 50c All druggists

## SELECTIONS

### LIFE GROWING SHORTER.

Are We Really Dying Earlier Than Our Grandparents Did?

In part one of the third volume of the United States census for 1900 will be found a tabular statement which shows in a very striking way the rise in the death rate during the decade from 1890 to 1900 for all ages from sixty up. The figures given are now six years old, and so I have brought them up to date with the help of fresh information from Washington, a matter of no little importance, inasmuch as the increase has been marked ever since 1900. Thus corrected for accuracy the reckoning shows that since 1890 there has been this increase in the death rate for the entire United States:

For people of ages from 60 to 64, 7 per cent.  
For people of ages from 65 to 69, 6 1/2 per cent.  
For people of ages from 70 to 74, 15 1/2 per cent.  
For people of ages from 75 to 79, 17 per cent.  
For people of ages from 80 to 84, 15 per cent.  
For people of ages from 85 to 89, 12 per cent.  
For people of ages from 90 to 94, 30 1/2 per cent.  
For people of ages from 95 and up, 20 1/2 per cent.

These figures tell the story more clearly than the most eloquent discourse on the subject. They show that, notwithstanding improved medical knowledge and the benefits of modern sanitation, we are dying earlier than our grandparents did. The reason why offers a topic for a considerable discussion and is not to be summed up in a word. But one may discover it without much difficulty in the more complex and luxurious life that we lead. The lives of our forebears were comparatively simple, and their constitutions, unweakened by the luxury and intense nervous strain of an existence like that of today, were stronger than ours and better able to withstand the approaches of disease.—Reader Magazine.

**Defying the Tooth of Time.**  
The Hungarian chemist Brunn claims to have discovered a liquid chemical compound which renders certain kinds of matter proof against the effects of time. He asserts that it doubles the density of nearly every kind of stone and metal. The professor says that while traveling in Greece some twenty-five years ago he noticed that the five-year-old ruins which were known to be 2,000 years old was as hard, fresh and tenacious as if it had been made only a year. He secured a piece of the mortar and has been working on it ever since, until now, when, he says, he has discovered the secret. His discovery, he claims, will at the least double the life of metal exposed to the air, such as in bridges, railroads, vessels and tanks.—Consular and Trade Reports.

**A Jewish University.**  
By the will of Moses A. Dropsie a sum of money has been set aside for the purpose of founding a Jewish university. At a meeting held at the home of Judge Mayer Sulzberger in Philadelphia, at which Judge Sulzberger, William B. Hackenberger, Dr. Cyrus Adler and Oscar S. Straus were present, it was decided to apply to the commonwealth of Pennsylvania for a charter for an institution to be known as "The Jewish university, founded by Moses A. Dropsie." The university will be established in Philadelphia, and it is expected that it will co-operate with other institutions which have been established for the promotion of Jewish learning.

## "Let the GOLD DUST TWINS do your work"

## The Dog and The Shadow

You remember the fable of the dog who dropped a real bone for its shadow which he saw in the water. "Bear in mind that all is not Gold Dust that glitters under the name of washing powder. Don't accept a shadowy substitute; get the real

**Gold Dust Washing Powder**

**GOLD DUST makes hard water soft.**

## THIRTY FEET TALL.

**Horses Roamed in Wyoming in Olden Days Now Fossilized.**  
Out in Wyoming a lot of scientific grubbers have unearthed the fossil remains of a horse thirty feet long and more than thirty feet high. The grubbers seem to have placed the horse together without any comment, and they don't offer a word of information concerning either his genealogy or his track record.

A horse thirty feet long would appear to be a lot of horse. If he belonged to the cave man the rider certainly had his hands full. A horse so tall that a thirty foot ladder became necessary when his bridle was to be put on might well be called the pride of the stable, although no ordinary stable would begin to accommodate him.

If the cave man hadn't any ladder and couldn't borrow one the next best thing was to climb a tree. Then try to imagine him shining up a tall palm with the heavy bridle on his back, only to find when he attained the right altitude that the horse had moved beyond reach and was peacefully browsing on the tall grass of the jungle!

Of course a thirty foot horse could be expected to cover much more ground than the ordinary animal of the same breed, even at a walk. And if he took it into his head to work his way across lots there would appear to be nothing to impede him. Fences would go down before him like stubble, and a merely playful cavort would carry him over raging torrents.

When a thirty foot horse shied at a bit of white paper in the roadway the chances are that he jumped clear over into the next county.

As a war horse the thirty footer must have been a starter. When he let out a neigh the enemy fled in blind and unreasoning terror. When he stamped his feet and pawed the ground the very hills shivered. When he switched his tail the herring gull fell about him like ripened grain. And then think of the nightmare that could be expected to follow the first sight of this prodigious equine! He certainly was a wonder. It is a great pity we know so little about him.—Cheyenne News.

**A Geological Curiosity.**  
In excavating for the new reservoir on Auburn Heights, Me., the workmen came upon a singular geological formation the other day. In a crevice in the rock was some fossilized sandstone that was twisted and rolled in the most fantastic forms. At some time in the cooling process of the earth's surface this had been molten and had run into these forms as a candle is run into a mold. The different layers had overlaid each other in a manner that makes them a geological curiosity. When disintegrated these coils became sand, and has been used for cementing in the dynamite charges. Some particularly fine specimens were preserved.

**Engines as Freight.**  
A freight car as a buffer is used by locomotive manufacturers when shipping a freight car between every two engines in transit. In this way if there should be a wreck the freight car would be smashed, while the engine would remain unharmed, just the same as the ordinary passenger coach is generally telescoped while the stronger built Pullman is not damaged so much.—Philadelphia Record.

**Paper.**  
When the editor of this paper was a "bound boy" in Missouri forty years ago his copy paper at school was so scarce that he had to write on both sides of the paper and then crosswise of the first writing to save paper. Although the paper we use for copy costs only 3 cents a pound, our early experience will not permit any waste without annoyance.—Concordia Kansan.

## WAYS OF THE TOAD.

Some of the Oddities of This Peculiar Creature.

It is remarkable that the toad, loving water as it does, should wander away from watery regions to dry ground, where it can never see a drop of water except at rain time and leave its water rights to the undisputed possession of its rural neighbor the frog. How the toad loves water must be known to every garden lover. Whenever there is a shower the creature leaves its cool retreat under the piazza or shed and stands as far as its forelegs will let it, erect in the rain, apparently enjoying to the utmost the shower bath.

Whenever they are near the water at breeding time they deposit long, slimy strings of eggs, and the young toad has to go through the tadpole stage in common with his brother frog. But when they are wholly excluded by distance from the water they seem to have the power of being viviparous, or bringing forth their young alive. In the water fertilization is effected in the same manner as in fishes, but the method in the land life career is not known. About all that is known is that confined toads are found with little toads, no larger than house flies, about them after a time, and in walled gardens and places far removed from water little toads, no larger than peas, wander about on their own resources and which could never have been tadpoles, are within common experience.

## MARY CAMPBELL.

The Lassie Who Was the Original of "Highland Mary."

The original of "Highland Mary" was Mary Campbell, a highland lassie who was a servant at Castle Montgomery, with whom Burns became acquainted during his residence at Mossiel. To her he addressed the lines, "Will ye go to the Indies, my Mary?" and many others. In a note to one of his poems on Mary, Burns says: "After a pretty long time of the most ardent reciprocal feeling we met by appointment at a second meeting in a sequestered spot by the banks of the Ayr, where we spent a day in taking a farewell before she should embark for the west highlands to arrange matters among her friends for our projected change of life. At the close of the autumn following she crossed the sea to meet me at Greenock, where she had a score landed when she was seized with a malignant fever, which hurried my dear girl to her grave before I could even hear of her illness. The love which Burns felt for Mary Campbell appears to have been deeper than any he ever felt before or after. Years later, when he was married and had a family, her memory inspired the pathetic lines "To Mary in Heaven," which breathe the soul of tender melancholy.—London Tit-Bits.

**The Earth's Inside.**  
Is the earth made up of three concentric spheres? A physician says that such is the case. The solid nucleus he supposes to be between 3,000 and 7,000 miles in diameter, and this is surrounded by a liquid substratum, outside of which is the crust, variously estimated at 70 to 200 miles in thickness. More than two centuries ago a similar theory, including the slow rotation of the inner solid sphere on a different axis from that of the entire globe, was held by Dr. Edmund Halley to account for the changes in the earth's magnetism. The axis of the nucleus was thought to have been originally that of the entire globe, and to the change of its course was attributed the deluge. The earth's internal heat, it is now believed, may be accounted for by the friction of the different rotating bodies.

**Bad Importations.**  
Englishmen introduced the rabbit to Australia, where it ruined vast areas of valuable land. Weasels sent to correct the mischief did little good, and the good eating and let the rabbits alone. Scotsmen bestowed the thistle upon New Zealand and then wished they hadn't. A pretty weed of which Englishmen are fond was transplanted to New Zealand and thrived so that it dams broad rivers. The mongoose sent to Jamaica to kill off the cane rats exterminated them and developed a fine liking for poultry.

**"It Suits to a T."**  
The clause, "It suits to a T," meaning it fits exactly, is as old as the familiar instrument, the T square or T rule (so called from its resemblance to the letter T), used by mechanics and draftsmen for making angles true and for obtaining perpendiculars. The expression was in common use in the time of Dr. Johnson, who is quoted by Boswell as saying of Warburton, "You see they'd have fitted him to a T."

**The Changing Frenchman.**  
There was a time when having to cross the frontiers of his native land regarded by a Frenchman as the greatest hardship he could undergo. Today he is the rival of the Anglo-Saxon where love of travel and adventure are concerned.

**Sure of His Umbrella.**  
Departing Guest—Dear me, what a wet night! I wonder if you could give me the loan of an umbrella? Host—Certainly, but—well, the fact is, I think I would be the better for a walk. I'll just take a turn home with you and shelter you by the way."

**Bright Boy.**  
"Can you stand on your head?" asked a vicar of little Dukey.  
"No," he replied. "It's too high up."  
To grief there is a limit; not so to fear.—Elmer the Younger.

**Vanishing Chinchillas.**  
In common with many animals noted for the beauty and value of their fur, the chinchilla of South America is in danger of becoming extinct, owing to the reckless impunity with which these little natives of the Andes have been slaughtered both in season and out. The chinchilla is about the size of a squirrel, has a head somewhat the shape of a rabbit's and is covered with a light grey, silky fur, which has long been very popular in the fur markets of the world. Chinchillas are captured in various ways, but the most common method is to hunt them with dogs, the fox terrier being the most useful and skilful in their capture. In hunting them the Indians employ a vessel, which is trained to enter the crevices of the rocks, where the animals often lie concealed during the day to avoid the sunbath, and drive them out, when they are easily killed. The rapid extermination of the chinchilla and the absolute lack of protection or regulation in taking them have resulted in a tremendous advance in the price of the skins in the past two years.

**A Proud Old Steed.**  
Fred Fish of Southington, Conn., recently decided to sell his old mare and buy a younger horse, so he sold it for \$15 to a peddler. No sooner had the money been paid than the old mare fell down dead. The previous owner says that she was always a proud old steed and that he is sure that she died rather than belong to a peddler, and so she always admitted the mare he is going to erect a monument to her with the \$15 he received.—Boston Globe.

**A Land of Contrasts.**  
Just now China is a land of contrasts so wide, so sharp and so forcible that the dullist observer can hardly fail to observe them. She is going straight from wheelbarrows and springless carts, or sedan chairs, to express trains; in place of special messengers she adopts the telegraph; from rush lights she goes to electricity; and from the extreme of antiutilitarianism she is developing a taste for patriotic volunteering.—Shanghai Celestial Empire.

## INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellogg of Denver, Color  
Bearing of the Woman's Relief Corps,  
Sends thanks to Mrs. Pinkham.

Mrs. Sarah Kellogg

The following letter was written by Mrs. Kellogg, of 1628 Lincoln Ave., Denver, Colo., to Mrs. Pinkham, Lynn, Mass.: "For five years I have been suffering with a tumor which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work and life became a burden to me. I was confined for days to my bed, lost my appetite, my courage and all hope. I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound, I decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second week, I thought it only meant temporary relief, but to my great surprise I found that I kept gaining, while the tumor lessened in size. The Compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I was well again. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound at once removes such trouble. No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female trouble. Mrs. Pinkham invites all sick women to write her for advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease has been advising sick women free of charge. She has guided thousands to health. Address, Lynn, Mass. Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and not allow any druggist to sell you anything else in its place."

## PROHIBITORY ACT.

Temperance Federation will Ask For Law Similar to that of P. E. Island

St. John, Jan. 5.—The executive committee of the Independent Order of Good Templars held a meeting here yesterday, Grand Chief Templar J. V. Jackson, of Moncton, in the chair. Among others present were Mrs. J. Crandall, Moncton, Grand Vice Templar; L. R. Hetherington, Elgin, Grand Secretary; M. J. Harmer, Grand Councilor. Matters of interest to the delegates in the year's work were discussed. The year will close in April and the annual meeting of the Grand Lodge will be held here in July. Reports of the work accomplished were received.

The main feature of interest at the annual meeting of the N. B. Temperance Federation, held yesterday afternoon, was the decision arrived at to draft a prohibitory act for New Brunswick similar to that now in effect in P. E. Island and to present it to the government in an effort to have it made law at the next meeting of the legislature.

Rev. Thos. Marshall, President, was in the chair and delegates were present from the following parts of the province:

The following officers were elected for the year:

President, Rev. Thos. Marshall.

First Vice President, H. C. Tilley.

Second Vice President, J. V. Jackson.

Third Vice President, Mrs. J. Seymour.

Fourth Vice President, Rev. J. B. Jaggett.

Secretary Treasurer, E. N. Stockford.

Executive—M. G. Harmer, Robert Maxwell, M. P. P. Rev. C. W. Hamilton, Sackville; Rev. Dr. McLeod, Fredericton; Mrs. J. H. Gray, Fairville; Dr. W. B. Roberts, St. John; Rev. E. A. Brown, Elgin; Thos. A. Clarke, Newcastle; S. P. Caveour, St. John.

The executive met after adjournment and talked over the situation. The P. E. Island law was passed as a substitute for the Scott Act. It is claimed that it is more easily enforced and is generally regarded as a very drastic measure. The temperance people on the Island claim that the law is sufficient.

## WANT I. C. R. TO TAKEN B. SOUTHERN.

St. John, Jan. 7.—One of the matters that will engage the attention of the Board of Trade at its meeting Tuesday afternoon, is a petition received from citizens of St. George, asking that the board urge upon the Department of Railways, the taking over of the New Brunswick Southern Railway as speedily as possible. The petition is signed by all the business men of the town.

The step was taken, no doubt, in consequence of the policy for the acquisition of branch lines, outlined by Hon. Mr. Emmerson at the banquet given in his honor here last week. The complaints against the wretched service and inadequate equipment of this road, are becoming more vehement all the time and the words of the Minister of Railways evidently have inspired a hope that relief in this direction may be hoped for in the near future. It is understood that a leading member of the Board of Trade will introduce a resolution in support of the prayer of the petition.

## A Jamaican Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart Service at Kingston, Jamaica, West Indies Islands says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her home. Sold by All Druggists.

## Biggest Mail on Record

On December 31st, the biggest mail ever received by one firm in Canada was delivered to the Family Herald and Weekly Star of Montreal. The number of subscription orders received by that paper on the above date would probably exceed the entire receipts of any other paper for the whole month. The publishers were at their wit's end for an hour or two but quickly met the emergency by adding a complete night and day staff, and will keep up to date entering the names. The publishers are realizing more than ever what big value they receive in that great weekly, and are not slow to take advantage of it. The premium picture "A Tug War," given to all subscribers, is the best ever issued. No family should be without Canada's great family and farmer's paper this year.

## Thorns In The Flesh.

Even worse is the agony of corns. Why suffer—corns are treated in every drug store in the form of Putnam's Corn Extract which relieves at once, cures thoroughly and without pain. For good results use only "Putnam's"

Every Nurse will tell you "Invalids require nourishment that's easily digested, for in cases of sickness the gastric juices are so weakened they cannot act properly on ordinary foods."

Some stimulation is also required, but it must be stimulation without reaction. Tea, coffee, spirituous drinks and similar preparations, are stimulants—stimulants that react.

Beef tea and meat extracts are also stimulants, but with this difference, they don't react. Yet while they have stimulating properties, they are practically devoid of nourishment.

"Bovril" not only stimulates but nourishes as well, for in it the nourishing qualities of beef, fibrine and albumen are fully preserved.

## BOVRIL

IS

A TRUE FOOD

Not merely a stimulant.

## FIRE IN COLLIERY STILL RAGING.

Problem of Flooding Burning Mine Serious Than Was Anticipated.

Sydney, Jan. 4.—The problem of flooding out the fire in the Hilt main is proving far more serious than was at first anticipated, and the probability of the officials that the fire would be covered with water inside of a week is seen to be wide of the mark. Three weeks have already passed since the fire started, and many thousand gallons will have to be poured into the mine yet before pumping out time comes. It was reported at first that the water was flowing in from the ocean, at every tide through the two entrances, which have been opened through the cliff from the pit. The water, to get into the mine, would have to go up an incline much above even the high tide level. This work then has gone for nothing. All water that has gone into the mine has been from ditch No. 2 dam. Through this ditch water has been flowing at the rate of 2,500 gallons per minute. The mine has also been making considerable water. There still remain many feet before the water reaches the pit bottom, and after that there are fifteen feet or so before the fire is all covered. The company are now placing a pump to pump water from No. 2 dam. This will send 1,500 gallons a minute giving a total of 4,000 gallons per minute into the mine. This pump was intended to be used in pumping water out of the mine, and the pump house for it has just been completed, when the fire broke out. The pump is now reversed. Instead of pumping water out, it will pump water in. Then there is a question of how long No. 2 dam will stand the draining it is getting. If a dry spell comes, there will be fresh difficulties.

## When You Eat Too Fast

you have indigestion, perhaps cramps, or in any case the system is overloaded with matter that should be eliminated. Breath gets fast, eyes get dull, headaches are frequent.

Why not cleanse and purify the whole system, why not strengthen the stomach, enrich the blood and assist your overtaxed digestive organs? Easily done with Dr. Hamilton's Pills; their action is most gratifying. In every case they give the exact assistance the ailing system requires. You'll feel fit and free with a relish, sleep like a top, have a clear complexion, and restful sleep if you regulate your system with Dr. Hamilton's Pills. Price 28c. per box at all dealers.

## BOMB OUTRAGE IN PHILADELPHIA.

Man Threw One in Fourth St. National Bank.

Philadelphia, Jan. 5.—Shortly before noon to-day an unknown man hurled a bomb in the Fourth Street National Bank, at Fourth and Library Streets. The resulting explosion tore the bomb thrower to pieces and killed W. Z. McLean, the Assistant Cashier. Several others employed in the bank and some passers by were hurt. Two were hurt by the bomb thrower and one by a falling safe. A slight fire followed the explosion and tenants in the building in which the bank is located fled from their offices. The police were quickly on hand and they placed the vaults and securities of the institution under a heavy guard.

## The Grip.

"Before we can sympathize with others, we must have suffered our selves." No one can realize the suffering attendant upon an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that has resulted in pneumonia or that has not recovered. For sale by All Druggists.

## THE MARLBOROUGHS ARE RECONCILED.

Duke and His American Duchess Have Buried Past Differences.

New York, Jan. 4.—According to a despatch to The Herald from London the "Throne" says: "A reconciliation has taken place between the Duke and Duchess of Marlborough and on 'Boxing Day' (the day after Christmas) they came together again. King Edward has extended the area of his signature and his action has been chiefly instrumental in effecting the reunion. There were faults on both sides but sins of omission and commission have been mutually forgiven." A despatch to The Herald from Newport, R. I., says: "Though few acquaintances of the Duke and Duchess of Marlborough who are still here have heard anything definite regarding their reconciliation in they say they have every reason to believe the union is well founded."

## STEAMER LOST?

Wreckage from Steamer City of Panama, Washed Ashore.

SAN FRANCISCO, Jan. 5.—A report was received here late last night that several life rafts and other wreckage with the name "City of Panama" on them (came ashore at Wardell Beach last evening. The City of Panama sailed from here December 31 for the Islands. Among her passengers was Dr. Henry Waldo, of Portland, who was booked to New York, and while at Panama was to have investigated the hygienic surroundings as far as they affected labor. ## Merchant Tailors Are Alarmed.

AT THE PROGRESS MADE BY THESEMI-READY TAILORING

The Company Have Now 71 Semi-ready Wardrobes in Canada.

(From Montreal Gazette)

Referring to the progress made by the new art of men's tailoring a New York journal recently prophesied that in a few years the old-time journeyman tailor would be as scarce as a lever compositor in a daily newspaper office. Semi-ready tailoring has made such strides in recent years that the tailoring journals are advertising organization and action on the part of the merchant tailors to combat the new idea. In bold type the National Fashion Bulletin recently issued "Confidential Circular No. 1," to the custom tailors, and quoted a prominent speaker at the merchant tailors' banquet who said: "Unless we combat the Semi-ready houses our profession will in a few years be in the same condition as the custom shoe trade is now. A few will pay big prices for custom-made. The rest will wear Semi-ready."

The strides made by the Semi-ready tailoring in Canada have been remarkable. In Toronto recently two new Semi-ready Wardrobes were opened, Ed. Mack, one of the prominent merchant tailors, secured the agency. In Montreal three new Semi-ready agencies were opened. A. M. Campbell, a manager of the Merchant's Bank, joined forces with R. C. McLean, a merchant tailor. The third was opened by F. X. Bourdoux, a merchant tailor who had been in business for 20 years in Canada. There are 71 Semi-ready Wardrobes in Canada. While a merchant tailoring experience is not absolutely essential, the system upon which Semi-ready tailors operate appeals more quickly to a man of practical experience. A practical tailor grasps the idea at once. A. LeBlanc has the exclusive Semi-ready agency in Campbellton.

## POOR MOTHERLESS GIRL

THE ELDEST OF A FAMILY OF SIX

A Touching Story as Told in a Letter to The Toronto Globe.

To the Editor of The Globe: Sir,—I ask for space in your columns to quote from a letter received at this office. For obvious reasons I do not give the name. The letter reads: "I have a sad case to present to you. Twelve years ago a mother died, leaving six small children, the eldest eight years old and the youngest an infant. My mother took the eldest and kept her until my mother's death. Then the young girl went clerkling on small wages. Last year she contracted a cold of which she has never been free, and she has been unable to work since last January. She is just nineteen years old. Kindly tell me how to proceed to get her into the Muskoka Free Hospital for Consumptives." The sad part of it is this letter is only one of many—like pathetic and appealing—that are being received daily by the writer. Fifty-five patients are in residence in the Muskoka Free Hospital to-day. Seven hundred and thirty-eight have been cared for since the hospital was opened in April, 1902. In place of fifty we could care for one hundred if the needed money for maintenance was at the disposal of the trustees. Perhaps some of your readers have seen the following earnest statement in Dr. Lawrence P. Flick's valuable book, "Consumption, a Preventable and Curable Disease":—"Could the consumptives of any given community be seen at one time or pass in panorama before the people public consciousness of the magnitude of the affliction might be aroused. A physical disaster shocks the world and lets loose the sympathy of millions. A few thousand deaths are nothing as compared with the deaths from consumption." The appeal of the trustees of the National Sanitarium Association is on behalf of the consumptives of the Dominion, 500 of whom die in Toronto annually, 3,000 in Ontario, 8,000 in the Dominion. This poor, motherless girl is one of the many sufferers of to-day. Thanking you in anticipation for insertion of letter, believe me, very truly yours, J. S. Robertson, Secretary National Sanitarium Association. 25 Adelaide street west, Toronto. Contributions may be sent to Sir Wm. R. Meredith, Kt., Osgoode Hall, Toronto, or to W. J. Gage, Esq., 64 Front street west, Toronto.

## Fruit Cures Constipation

"Fruit-a-lives" cure Constipation because they are Fruit Juices in Tablet form.

Constipation means a disordered liver. When the liver is weak, bile is lacking. And it is the bile—which the liver excretes—that flows into the intestines and moves the bowels.

Fruit is the great liver tonic. It invigorates the liver and causes more bile to flow into the bowels. Purgatives, powders and purging mineral waters, never reach the liver. They irritate the bowels and FORCE them to move. They generally do harm. They NEVER do any PERMANENT good.

"Fruit-a-lives" are fruit juices—in which the medicinal action is many times intensified by the wonderful change which

takes place when the juices of apples, oranges, figs and prunes are combined.

"Fruit-a-lives" are free from calomel, cascara, senna and other bowel irritants. They are concentrated fruit juices with valuable tonics and internal antiseptics added.

"Fruit-a-lives" move the bowels regularly and easily every day—and thus cure Constipation.

Send a box—6 boxes for \$5.00. Sent on receipt of price if your druggist does not handle Fruit-a-lives. Fruit-a-lives Limited, Ottawa. 108

## Fruit-a-lives

ON FRUIT LIVER TABLETS

president, and to President Roosevelt.

Mrs. Waldo was with him, and a number of prominent Ontarians, also. In addition to her cabin passengers the City of Panama carried 25 Chinese and 20 persons in the steerage.

Wardell Beach is on the coast of Santa Cruz county, about 25 miles north of Santa Cruz city and very remote from any telegraph or telephone communication. The news was brought to Pescadero last night. Pescadero is about 15 miles north of Wardell Beach. A heavy gale has been blowing for several days and it is supposed that the wreckage found on the beach has been washed overboard. The City of Panama is owned and operated by The Pacific Mail and Steamship Company, and has plied between San Francisco and Mexican and Central American ports. She is an iron screw steamer of 1,400 tons, and was built in 1875.

SAN FRANCISCO, Jan. 5.—The fate of the Pacific Mail liner City of Panama, which sailed from here Monday last for nearly 20 years. Dr. Shoop's Cough Cure. Container holders had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for her to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by A. McE. McDonald

Wardell Beach, while off shore wreckage was seen floating. Both of these rafts, it is said, were marked City of Panama. It is known that the steamer had some trouble on the way leaving here during a gale, as she was stopped there for a time. The City of Panama was commanded by Captain W. W. Nelson, who has the reputation of being an excellent seaman. First Officer Pillsbury was commander of the Manchuria when she went ashore on Rabbit Island near Honolulu. There are two other officers, a freight clerk and storekeeper. The crew in all numbered 50.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's.

For years Dr. Shoop has fought against the use of Opium, chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems has invented the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure. Container holders had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for her to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by A. McE. McDonald

## IN AN HOSPITAL

Description of Christmas Day in Royal Victoria Hospital, Montreal

The following is an extract from a letter received from Miss Mary Anslow, who has been a patient in the Royal Victoria Hospital, Montreal, since early last Sept. and will no doubt be of interest to our readers. Ed.

"I must tell you about one Christmas in a hospital. It was a very quiet day for us in our Ward. Our end of the ward is always jolly. We are always laughing or singing or talking, but Sunday night a very sick child was brought in and he was here till after Christmas. His cot was right in the center at the foot of my bed, so we couldn't make any noise at all. Poor little chap, he died Wednesday night.

At six o'clock Christmas morning the nurses began their carolling in the corridors. They did not come in the ward at all, but the singing was beautiful. At first their voices were far away, then they came closer and closer until they were almost at the entrance of the ward, then they got further and further away. It was grand and I shall never forget my Christmas here.

For breakfast we had eggs and toast. Then followed the usual routine of getting washed, combed and beds made, and dressings done. Then I had some parcels to open, and finally it was dinner time. The dinner was fine. Tomato soup, turkey, dressing, cranberry sauce, mashed potatoes and corn, then plum pudding and sauce, not too bad for invalids. I had fruit and candy here but could not eat it after such a hearty dinner.

In the afternoon the visitors came. James brought the parcel from home and Ralph some things from distant friends. At supper we had apple sauce, bread and butter and an orange. I received such numbers of presents from kind friends at home and abroad.

Now about the Christmas tree, which was Thursday. None of us expected to go, except those who could walk or go in a wheel chair, but the matron sent up word that two beds could be down from our ward. There were three of us that

the head nurse wanted to go, as we had been here the longest, so what did she do but ask my doctor if I could be carefully lifted into the same bed with my chum across the way. He consented, and in fact lifted me himself. It was a tight squeeze as the other girl is fat, but we had a jolly time, and everyone laughed at us.

We had a long, long ride over to the other wing of the hospital. The Christmas tree was in a large empty ward, one hundred feet long. The tree was in the centre. At either end they had chairs for the visitors and right in the centre, near the tree, were the patients the cots from the children's ward directly in front of the tree. The children looked sweet. Their little cots were all decorated, and the wore little pink or blue jackets with wreaths of paper roses on their heads to match. The ward looked very pretty. It was decorated with flags, streamers, holly and lanterns. The tree was screened off while we had a little concert. First all the nurses sang, some of the carols in the corridor. Then we had some instrumental music, then a few songs by a lady. It was all very nice.

Then the tree was brought to light and along came Santa Claus. He was fine too and distributed the presents and tiny bags of candy to the children. The boys were really lovely, some of the dolls were almost as large as the tots who received them. I got very nice pocket book, while other got nice shawls, combs, etc. All this was given by the hospital and I tell you that we enjoyed it immensely. We sang "God Save the King" and then dispersed. It was funny going to a concert in your bed.

Well this is a long letter and I am a little tired. I am feeling well these days.

Lovingly,  
MARIE ANSLOW.

### Prof. Osler On Diet

Comparing a human body and the steam engine in a lecture at Workingmen's College, Prof. Osler said one differentiating feature was that while the engine had only one furnace, and a large one, the human body consisted of myriads of little furnaces—that is, cells. Milk was the original food of man. It contained the four things that were necessary as food—fat, curd, sugar and salt—all dissolved in water. Dr. Weir Mitchell once showed him a robust looking patient, and he remarked, "He looks as though he has been living on the fat of the land." "No," replied Dr. Mitchell, "on the fat of the cow." That patient had five years' milk—except on Sundays, when his wife insisted on rice pudding. If vegetarians would eat their vegetables and say less about it they would do well. Many vegetarians were not as robust mentally as physically.

Alcohol was quite unnecessary. If all the beer and spirits could be dumped into the Irish Channel, the English Channel and the North Sea for a year, people in England would be indefinitely better off. "If," he continued, "on the second day you dumped all the tobacco into the sea it would be good for you and hard on the fish."—London News.

Laudikham, British India, Jan. 2.—The Amir of Afghanistan, Abdullah Khan, arrived here today on his way to pay an official visit to India. He was officially welcomed.

King Edward telegraphed his great satisfaction at the visit "as indicating the friendly relations between your Majesty and my Government. I hope very cordially that your tour will be a pleasant relief from your cares of State." The Amir is said to have so increased the Afghan armaments as to be able today to place nearly half a million men in the field. His dominions separate the British and Russian empires; and he is a desirable ally for Britain.

Rome, Jan. 1.—Legal suits are being brought against the Italian government by ecclesiastical institutions because of the government having a few months ago reduced the interest on its bonds from 5 to 3 1/2 per cent. The government some time ago, seized much of the church's property, paying the latter in bonds drawing 5 per cent. The church was also compelled to invest its money with the government. This sudden and great reduction in interest will seriously cripple the clerical finances.

### TELEGRAPHIC NEWS

Ottawa, Jan. 4.—It is probable that Ralph Smith, Liberal Labor M. P. for Nanaimo, will accept the Yukon Commissionership at a salary of \$12,000 a year.

Paris, Jan. 3.—The new law, known as the Briand law, amending the Church and State separation law of 1905, was accepted by the President and promulgated today.

Toronto, Jan. 2.—While the Methodists, Presbyterians and Congregationalists are progressing with their proposed union, the Baptists of Ontario and Quebec are giving their chief attention to negotiations with another Baptist body, the Deputies of Christ. This latter union was the topic discussed at the Baptist meeting here today.

Winnipeg, Jan. 3.—This city for two or three days has been experiencing a terrific snowstorm which has blocked passenger traffic in all directions. The present storm is the worst for years, eclipsing that of 1879. Prince Albert, Sask., reports more snow than at any time during the last fifty years. In some districts the snow is reported ten feet deep, much to the hindrance of lumbering.

St. Petersburg, Jan. 4.—An unidentified Revolutionary shot and killed Major General Von Der Launitz, prefect of the St. Petersburg police, yesterday, and then shot himself. The slayer was about 22 years old. Launitz was killed because of his terrible ferocity in suppressing agrarian disorders in the province of Tambow some time ago. One of his subordinates was recently shot by Marie Spiridovna.

Topeka, Kansas, Jan. 3.—Two passenger trains of the Chicago, Rock Island and Pacific Railway had a head-on collision near Voland, Kan., yesterday. Thirty-four persons, thirty-two Mexican workmen and two American, were killed on the southbound train, and a tramp met the same fate on the northbound express. Fifty-five people were injured, most of the injuries being due to the setting of the emergency air-brakes, which threw the passengers to the floor by the quick setting of the brakes. While many of the unfortunate were pinned under the seats with the doors so jammed that they could not get out, the train caught fire from the broken gas tanks. The Mexicans in the smoking car were burned before assistance could reach them.

The passengers in the rear cars escaped, and with difficulty rescued the injured in the chair cars. The southbound train, on which nearly all the casualties were, was going thirty miles an hour, and the other, ten. The foremost tourist car of the southbound train also burned, but none of the occupants were badly hurt.

London, Eng., Dec. 30.—The Baroness Burdett Coutts, the celebrated philanthropist and endower of churches, died here today, at the age of ninety-two years.

Toronto, Jan. 2.—This year 10,000 British immigrants are to come to Ontario, sent by the Central Board of Emigration, London. Fourteen of the number arrived here today, and were distributed among farmers by local immigration officials.

Teheran, Persia, Jan. 3.—The revised constitution which was accepted by the national Assembly the 1st, gives the assembly control of all financial matters. Matters pertaining to the administration of the provinces may only be discussed by the Assembly. The Assembly can only be dissolved with the consent of the ministers and two-thirds of the senate. The senate is composed of 30 elected and 30 appointed members. The first Persian parliament met on Oct. 7th last.

Vancouver, Jan. 3.—J. Wallace De B. Farris, son of Hon. L. P. Farris of Queens Co., N. B., and a member of the last firm of Killam and Farris, has been nominated Liberal Candidate for Vancouver City in the B. C. provincial elections. Mr. Farris is the second man from Queens' Co., N. B., to be nominated, the other being Dr. J. H. King, son of Senator King, who will contest Cranbrook again in the Liberal interest.

Minard's Liniment Cures Colds, &c.

Winnipeg, Jan. 3.—Peter Verigin's secretary, Mr. Riebin, says there is no truth in the report that Verigin's mission to Russia is to obtain permission for the Doukhobors to return to their native land. He says that they are contented here, and are planning the erection of elevators, flour mills, &c. in their community.

Vancouver, B. C., Jan. 3.—Speaking of the past year's mineral output of British Columbia Provincial Mineralogist Robertson says there has been a growth of two millions as compared with 1905. This means that the value of ore produced in the past twelve months is over \$24,000,000, which constitutes a new record for the province.

One of the remarkable features of the last few weeks has been the awakening of the new central British Columbia. The establishment of Prince Rupert as the Pacific terminus of the new transcontinental and the laying out of the line from the Rockies to the coast have given a new energy to a wonderful country that has been languishing for a railway.

Ottawa, Jan. 5.—The second call for tenders to undertake the national transcontinental railway construction is gazetted today. Contractors are given until February 14th to tender on five new sections of the line.

The first is from Moncton about fifty miles west. Tenders for this section must be accompanied by a certified check for \$75,000. From Grand Falls, N. B., to the Quebec boundary, about 62 miles, amount of guarantee \$90,000. From the Quebec boundary to Quebec bridge about 150 miles, guarantee \$225,000. From LaFayette, Que., west to Weymouth, about 45 miles, guarantee \$75,000. From a point about eight miles west of the Abitibi River east for 150 miles.

Mexico City, Jan. 4.—It is estimated that twenty thousand operatives in the clothes factories on the Pacific are on strike. Their grievances will be arbitrated. They demand higher salaries.

Parrsboro, Jan. 1.—Six houses here are under quarantine for smallpox and vaccination has been made compulsory. The churches are closed.

Sandwich, Ont., Jan. 6.—The United States Steel Corporation has purchased a large tract of land in this town and will erect early in the summer a big iron plant that will employ 5,000 men. Large ore docks and coal storage are included in the plan.

Fort William, Ont., Jan. 6.—C. P. R. train No. 2 was wrecked today one mile west of Kamistiquia station. It is stated here that the whole train was in the ditch or possibly in the river, which is very close to the tracks at that point. Two of the first class coaches are said to be a total wreck. Four persons are killed and thirty seriously injured.

St. Petersburg, Jan. 2.—Russia is getting seriously alarmed about the threatened renewal of hostilities in the Far East. The fresh trouble between Russia and Japan appears to be over the fishery rights of the Japanese under the Portsmouth Treaty, and also over Japan's claim to free importation of goods to all places in European Russia via Siberia, as well as free navigation on the River Amur as far as Stretensk.

Paris, Jan. 1.—The French Cabinet stands committed to supplement the weekly rest day law and the employers' liability act with an eight-hour labor law, old age pensions, gradual purchase of railroads by the State and the transfer of the heaviest burdens of taxation to the rich through income and inheritance taxes.

Gnesen, Prussia, Jan. 4.—The articles of association of the Polish National League describe the latter's aim as being "to unite all the national resources for the restoration of the independence of Poland." The Polish "Sokol" association, numbering several hundred thousands, which claims to be a gymnastic organization, is considered a revolutionary body. Several of its members, prosecuted by the government, were released today.

Toronto, Jan. 2.—The Hon. Sir Wm. Pearce Howland one of the fathers of Confederation, died yesterday morning. Deceased was born at Pawlings, N. Y., in 1811, and removed to Toronto in 1830, engaging in milling business. He was elected for West York in 1857, and served in the cabinet of the Dominion of Canada from 186 to 1867 when he entered the new Dominion Cabinet as minister of inland revenue. From 1868 to 1873 he was governor of Ontario. He was Canada's oldest statesman.

St. John, Jan. 7.—There is a movement on foot to have the New Brunswick Southern taken over by the I. C. R. and made a part of the government system. A largely signed petition to this effect from merchants and other prominent citizens, has been received by the Board of Trade here, with a request that the proposal have the support of that body. There have been numerous complaints in the past as to the irregularity of the road's winter service. The matter will be taken up by the Board of Trade at a meeting tomorrow.

"World Wide" is a marvel of interest and cheapness. As a high class eclectic, it will compare favorably with anything at several times its price. For the small sum of one dollar and a-half it brings every week for a year the best articles that appear during the week in the leading British, American and Foreign publications. Of course it appeals to the thinking element in each community, those who want to know what the world's thinkers are thinking; but these will find it as full of rare entertainment as of wisdom. It is absolutely world-wide in its interests and has no axe to grind. The annual subscription includes 1906 CARICATURED, a most entertaining review of the past year. Sample copy free of charge to any address. The annual subscription price is \$1.50, and the publishers are JOHN DOUGALL & SON, of Montreal.

"That's an odd-looking attachment on top of that coffee-pot," remarked the customer. "Yes, sir," replied the polite clerk, that is the 'Taft'.

"The Taft? What is it intended for?"

Reginald—"Yes this beach is quite historical. They say the knives and forks of olden voyagers have been washed up on the sands along here."

Miss Tabasco—"Yes; I notice quite a few spoons."

Tourist—"Is property in this vicinity going up or falling?"

Native—"That depends on whether we get hit by a cyclone or an earthquake."

PATERSON'S COUGH DROPS

Take one when you feel the cold coming on—take one when that cough troubles, they give throat comfort and they cure. Ask for the three-colored drop.

## H. A. CHARY & CO.

WE HAVE A LARGE STOCK OF

Men's Clothing, Boots, and Shoes, Etc.,

and we are now offering our stock to the public at very low prices. Our stock is all new as it is known to the public of Campbellton and vicinity that our store has only been open five months. This gives everybody an idea how new our stock is.

Come And See For Yourself

and you will admit that our statement is correct. We guarantee that every article bought in our store will give entire satisfaction. We take this opportunity to thank the public for past favors and soliciting favors.

We remain your Merchant

H. A. CHARY & CO.

We are paying in cash the highest market prices for all kinds of hides, sheep skins, raw furs.

Have Your OVERCOAT Made-to-Order

From now till Spring your Overcoat will be the part of your dress by which the world will estimate what kind of a man you are.

No man ever knows real comfort and satisfaction until he has an overcoat MADE-TO-MEASURE. Many who have their suits made-to-order have the idea that they can get what they want in a ready-made overcoat. But they are quite as objectionable as ready-made suits and show at a glance the lack of style and fit.

We incorporate the very latest style ideas into our tailoring and buy only the best materials—which is a guarantee of satisfaction in itself.
