Rev. L. D. Morse who has been preaching in Yarmouth for the past few months has been spending a few days in Halifax.

The Yarmouth Steamship Company is to go into liquidation agreeably with the Nova Scotia Act.

Mrs. M. C. H. Stone of St. John was in town this week.

Mr. Wm. E. Dennis of London, England was in town on Tuesday.

Mrs. T. P. Calkin and family are spending a few weeks in Parrsboro.

Rev. H. T. DeWolfe, principal of Acadia Seminary, will occupy the pulpit of the Baptist church here next Sunday morning and evening.

The Railway Men's Christian Association will hold a special open meeting on Sunday the 28th of July at 4 p. m., in the vestry of St. Stephen's Methodist church.

Wm. Clem Uppham, travelling Railroad secretary will be present and will address the meeting, a picked choir with Mrs. Spurgeon Cross, nee Mitchener presiding at the organ will insure good music and singing.

Remember 4 o'clock Sunday afternoon
BUFFALO AND NIAGARA
 continued from Tuesday.

The two days spent on the Exposition grounds at Buffalo only gave us an opportunity of visiting the most important buildings and gazing at the most attractive exhibits.

On Thursday morning at the interesting hour of four o'clock we started for the Lakehead depot to take passage on the Grand Trunk Ry. train for Toronto.

We traversed through the beautiful Niagara district again and arrived in Toronto a half hour late, and just 15 minutes late to catch the C.P.R. express for St. John.

As a consequence we were obliged to spend another day each at Toronto and Montreal and remain in St. John over Sunday.

At Toronto we visited Monroe Park circled the best residential part of the city, visited Simpsons and other large stores and places of interest.

Next day Montreal was re-traversed and McGill College and other buildings visited and a delightful ride taken in the electric around the mountain.

We found Prof. J. H. Morse again and spent a while in the first Baptist church listening to his sweet music from the pipe organ in that church.

Rev. Z. L. Fash was in Montreal at the time and was supplying the pulpit for Rev. A. J. Gordon.

A night on the C.P.R. palace sleeper from Toronto to Montreal and another from Montreal to St. John brought us in the last named place on Saturday at 11.30 a.m.

Here the editor and wife remained until Monday morning the guests of Rev. B. N. and Mrs. Nobles.

Rev. Mr. Nobles since leaving Kentville has been doing good work at Carleton. He is beloved by his congregation and has taken up the work of improving the church the same as he did at Kentville.

Under his direction the church has been covered inside with handsome metal and now the church is being enlarged by the addition of several class rooms and a steeple.

The Prince Rupert and the Blace nose conveyed us from St. John to Kentville. During the trip we had experienced nice cool weather but on arriving at Digby and from that to Kentville we found we had again struck a hot wave.

But we were satisfied with our own country though a few days remained very hot and we felt that it was prettier in most ways than any other locality we had visited.

Tennis Tournament
 Kentville and Bridgetown played a tennis tournament at Kentville last Saturday the result being that Kentville won 108 points and Bridgetown 75.

Those who played for Kentville were:—Mrs. T. A. Robertson, Mrs. Wickwire, Mrs. W. B. Moore, Miss Moore, Miss Chipman, Miss Mackinson and Messrs. Dr. Moore, T. R. Robertson, F. W. Wickwire, Mr. Purvis, F. Chipman, W. C. Harvey. The games were exciting. Tea was served on the grounds.

Waterville

July 22nd—Apples in this vicinity are estimated at 90 per cent. of a full crop. They are for the most part of fine quality and generally very free from the black spots of last season. Some orchards on the South Mountain, however, are said to be badly spotted. Farmers here are expecting high prices for their apples this year, as there is a scarcity in Ontario and the New England States and New York States, where a great part of America's fruit is shipped to the British markets.

D. G. Hattie, harness-maker, is making some changes in the arrangement of his shop, necessitated by increase of business. He is having his workshop fitted up for newly made harness and has moved his workshop out to the larger room. Mr. Hattie has more than a local reputation for first class workmanship and is receiving a liberal patronage.

Rev. Mr. Steadman, son of Capt. Steadman Billoway, who has been laboring as missionary at Corea, sang at the morning service in the Berwick Baptist church last Sunday. Mr. Steadman preached in the same church in the evening.

F. E. Harriot, Jeweler, Windsor, and S. A. Marchant, editor of the Advance, Hantsport, were visiting friends here over Sunday.

It is reported the proposed canning factory will not be erected here this season, as Road Bros. cannot make satisfactory terms with the railway authorities for a building site.

Major Campbell, who went to Pueblo, Colorado, for his health, is now fully recovered, and has taken a position as telegraph operator on the Sante Fe railroad at that place at a good salary.

Judging from the piles of returned strawberry crates at this station, it is doubtful if there is any other station on the D. A. R. line which ships more berries.

WHAT IS LIFE TO YOU?

If you are a victim of piles as one person in every four is, you suffer keenly from one of the most torturing ailments known to man, and may well wonder if life is really worth living. Certain relief and ultimate cure is awaiting you by means of Dr. Chase's Ointment. It has never failed to cure piles. Painless and naturally it allays inflammation, heals the tissues and thoroughly cures the wretched disease.

Newtonville

July 20th—Mr. E. A. Davison of Gaspereau gave us a call last week. Mr. Burpee Dorman spent last Sunday at his home in this place.

Last Sunday Miss Anne Dorman of Wolfville visited her parents, Mr. and Mrs. J. A. Dorman. Mrs. Blois and son Albert have been spending a week with the former's sister, Mrs. Haliburton Brown. They leave for the States today.

Wednesday evening about twenty young people spent a very pleasant time at a "Swing" at Mr. Haliburton Brown's.

Two pupils from our school attended the Teachers Examination held in Wolfville last week. Mr. Justin Caldwell B. and Miss Carrie Caldwell D.

Last week Mr. Elijah Eagles and Will Dorman, visited Benjamin's Mills, Falmouth. The old gentleman was greatly pleased with all he saw. He speaks in high terms of the orderly crowd of men Mr. Benjamin has in his employ.

Minard's Liniment Cures Diphtheria.

Cheverie

Quite a number drove to Walton on the 9th to attend district Division. Had a very pleasant time. There were several Divisions represented, and all were grandly entertained. In the evening there was a large gathering in the Baptist church, as the hall was not large enough to seat the crowd.

There are a great many of our friends coming home from Boston and other places to visit our cool village, and to meet old friends. It is a pleasure to see them with us again.

Capt. Henry Burgess and brother Halley of the ship Lavinia have been home for a few days, and their sister, Miss Libby, of Boston, is also home for a visit.

Capt. Harry Armstrong wife and children are in Cheverie, the guests of her father, John G. Burgess.

Capt Pratt's new schooner, the Theta, has arrived at the wharf here. Not much the worse for her bumping. Mr. Frank Glenn was the recipient of a very fine present from his three sons in the form of a handsome buggy and harness. Surely we should be proud of our boys.

THE AGONY OF SLEEPLESSNESS

Did you ever pass a single night in wakeful misery, tossing and rolling in bed, trying in vain to sleep and longing for morning to come? Can you imagine the torture of spending night after night in this way, each succeeding night growing worse and worse? This is the most dreadful symptom of Nervous Exhaustion and Debility. You can be gradually and thoroughly cured of Sleeplessness by the uplifting influence of Dr. Chase's Nerve Food. It cures in nature's way by creating new nerve cells and restoring lost vitality.

Burlington

The farmers are hard at work making hay this week and are having very nice weather.

Mr. Geo. Harvie, agent Massey Harris Co., reports having sold more mowing machines and hay rakes this season than ever before. The people of Burlington and vicinity know a good thing when they see one, and are taking hold of the new Massey-Harris machines.

Rev. C. M. Tyler is getting settled in his new home and preached his first sermon in Burlington on Sunday evening, July 14th. We hope Mr. Tyler and family will feel at home among us.

Mr. Robie Sanford has returned home after a two weeks canvass for the Windsor Tribune. Reports business good.

Mr. Albert Burgess has been away from home for two weeks repairing and painting Mr. James Parker's house at Tenneycape.

Mr. Luther Shearer, Mr. James Thompson and family and Mr. and Mrs. George Shearer arrived home from Bridgeport, Conn. to visit Mr. and Mrs. William Shearer of this place.

Mr. A. S. Sanford and workmen are home for a short time having used their supply of timber on the work at Port Williams.

Mr. Stanley Card is also home for a few days making his hay.

I want to see a bonnet, said Miss Passee, aged 40.

For yourself, miss? inquired the French milliner.

Yes. Marie, run down stairs and get me hats for ladies between 18 and 25. Bonnet sold.

Rev. James Symonds, who is a Nova Scotian by birth, and a graduate of King's, but who has served for some time in the States, has been elected to the parish of Aylesford.

Cecil Rhodes and Dr. Jameson have arrived at Queenstown from Cape Colony. They declined to discuss South Africa, saying they were no longer public men.

Fred Coleman, proprietor and manager of the Barker House, Fredericton and one of the most famous hotel men in Canada, died July 19th.

MRS. KRUGER DEAD

Mrs. (Dora Paul) Kruger died at Fredericton on Sunday, of pneumonia, after an illness of three days, aged 67 years. It is said that Mrs. Kruger's long separation from her husband and the recent death of her favorite daughter, hastened her demise.

Mr. Kruger was much affected by the news and the Transvaal and Orange Free State flags are flying at half mast above the villa in which he is living in Hilversum, Belgium.

All the London morning papers published sympathetic editorials concerning the death of the ex-president's wife. The Times begins an eulogistic article by saying: "The English people will feel genuine sympathy with the aged ex-president of the Transvaal in the severe domestic bereavement which has befallen him."

A despatch to the Toronto Evening Telegram from Bisleigh, England, says: "This is the closing day for the rifle competition meeting and the Canadians are leaving camp to night. Earl Roberts honored the Canadian hut with a visit to-day. He expressed much interest at the fire quarters in which the team were located. He sympathetically referred to the death of Minister Borden's son in South Africa. General Sir Redvers Buller and Earl Aberdeen accompanied Earl Roberts."

The Governor General and Lady Minto arrived in Charlottetown Saturday on their maritime tour. They were received at the wharf by Mayor and Mrs. McIntyre, together with city and government officials. The city was gayly decked with bunting for the occasion, and the crowd gave their excellent a most cordial and patriotic reception.

POOR GIRL, PITY HER.

Growing! Yes, into weakness, but not strength. Studies plenty of them. Tired of course she is, and weak too. Does not eat enough, and digests far less than enough. This condition is so frequent, but how seldom noticed by her fond parents. (Give her Terzogene, which not only improves her cheeks and lips, grows ruddy, her step elastic, her spirits buoyant, all this simply the result of eating and digesting enough making blood, and thereby strengthening the nerve and brain power. Terzogene gives a woman's strength to weak girls. Your daughter or wife needs Terzogene. Get it today. At G. C. McDougall druggist Kentville, N. S.

False Economy

An exchange reports the saying of a small boy who must be one of those unwise souls who withhold more than is meet.

At the supper table he confessed that he had eaten a piece of pie that afternoon.

Who gave it to you? asked his mother.

Mrs. Rich. Did you thank her? No'm! I thought she would give me another piece, and I was going to thank her all at once.

GENERAL NEWS

The census enumerator who sent a bill to the government claiming ten dollars' damages for the tearing of his trousers by a dog receives no sympathy from La Patrie. Mr. Larue's paper takes the strong ground that enumerators should not wear ten dollar trousers. So does the dog.—St. John Sun.

This Style of Advertising

The professional writer of advertisements, remarked a man in the advertising business, knows more about his trade than any one else does. But occasionally some rank outsider, from whom it is least to be expected, comes out with a stray idea that is worthy of attention.

I remember the case of an old man named Ovid Chapman, who kept a general store in a sleepy little Massachusetts village.

He was not an educated man, but he was clever, as is proved by the fact that he could read his own handwriting. One day he wandered into the office of the village weekly and asked to see the business manager.

Hey! you, he asked by way of greeting to that worthy, I want two inches of space for two months. Things has been droppin' off considerable in my line lately, and I'm goin' to try advertisin' for a spell.

Ahem! coughed the business manager. Now, just what is your line of business, Mr.—er—Chapman?

Wall, I jest keep hardware, candy, shoes, toothbrushes, hoozy, shirts, and all such things. But you needn't bother about that. I've got my ad. all writ up, and he took from his pocket a slip of paper, upon which was scrawled the following: 'We don't keep anything. We sell everything. O. Chapman. Main street.'

Some days later when passing his store I was surprised to see a placard hanging above the boots and shoes in his window; 'We are trying to sell our shoes not our customers. New shoes sold. Old shoes resoled.'

Yes, he said, with a satisfied chuckle, I believe in advertisin'. But it's like baked beans—it's got to be w. ll done to be any good.'

A large number of pilgrims from Acadia and New Brunswick have been attending the Shrine of Ste. Anne deBeaupre at Quebec. A despatch from that city says, Miss Doucette, Yarmouth, N. S. who accompanied the pilgrims, recovered the use of her limbs denied her since childhood at the Shrine. She left the church unassisted to the astonishment of all present, leaving her crutches at the altar railing.

Everett Porter, Cold Brook is completing the building of his new house, and now has a commodious residence. C. H. Croft is working on the building. After finishing this work, Mr. Croft will be engaged in building Mr. Hayes' new house.

It is expected the vessel Cuba, Capt. Earl master, which has been loading at the wharves here with lumber from S. P. Benjamin Co's mills, will complete her cargo to-day and sail for some South American market. The Cuba will carry about 450,000 feet of lumber.

The Women's Missionary Aid Society of the Baptist Church held a very successful public meeting in the vestry-aided, day. Mrs. S.H. Mitchell presided. An interesting programme of readings, recitations etc., was given. A liberal collection was taken for the auxiliary enterprises. The society is doing a grand work in their line.

Aberdeen is becoming each season more popular as a summer resort. Hardly a day passes that some picnic party does not meet there for a good time and to take a dip in the Avon. Next Friday evening the general proprietor, H. L. Shaw, has arranged for a band concert by the 68th band of Windsor. Refreshments will be provided. Everybody come and enjoy the music and other attractions.

Town Clerk Comstock, who purchased the Micmac translations of the late Dr. Silas F. Rand, has sold several sets of the books. Quite recently Mr. Comstock received an order from the librarian of Yale college, New Haven, U. S. for a set of Dr. Rand's translations. They are considered of great value by people interested in the Indian language.

A. E. Cornwell, photographer, of this town, is gaining an enviable reputation for work in his line. Last week we were shown some of the fine views he has recently taken including the extreme end of historic Blomidon views of French relics, Sam Slicks house, etc., which made a valuable collection and should be included in every collection of views. Mr. Cornwell also reduces them for use in the stereopicon. He has a number of artistic pictures on exhibition in the post office including July 1st celebration and other interesting scenes, duplicates of which can be obtained at any time.

The annual Camp Meeting will be held at Berwick this year, beginning on Friday, August 9th, and closing August 16th. Rev. H. N. Brown of Brooklyn, New York, will be present and conduct the services. Mr. Brown is very well known to Camp Meeting goers as a man of strong spiritual power. A large attendance of ministers are expected this year, who will assist in the services. The usual Bible readings, conferences, young people's meetings will be held. Accommodations will be made for the large crowd who will be there. Cheap rates have been arranged for on the railroads, and no doubt a large attendance will enjoy the week's outing at the Berwick Camp Meeting. Rev. A. B. Higgins is superintendent of public worship and Rev. J.M. Fisher of Rose Bay, N. S., secretary-treasurer.

Polson's Nerviline Cures Rheumatism The remarkable strength and marvelous soothing power of Nerviline renders it quite infallible in rheumatism. Five times stronger than any other remedy, its penetrating power enables it to reach the source of the pain and drive out the disease. Nerviline is stronger, more penetrating, more highly pain-annihilating in its action than any other medicine heretofore devised for the cure of rheumatism. Sold in large 25 cent bottles everywhere.

FATE

It is very convenient to attribute the disasters which overtake us to fate. But for the most part man is the arbiter of his own fortunes. Business men are struck down suddenly as by lightning. The verdict is generally "heart failure."

"His heart was weak. It was fate for him to meet this end. But if we went behind the 'weak' heart we should find a 'weak' stomach, probably, and back of the weak stomach is careless eating at irregular hours."

When the stomach is diseased the organs depending on the stomach for nutrition are starved. Starvation means weakness of the body and its organs.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When these organs are cured, diseases of heart, liver, lungs and kidneys, caused by the diseased stomach, are cured also.

"In the fall of 1891 I was taken with another of the same kind of heart trouble, and a distressing feeling in my stomach," writes Mr. W. W. Kinney of English, Dorchester Co., N.S. "I consulted a doctor and he said I had organic heart trouble. He gave me some medicine, but it did me no good. I then tried different kinds of patent medicines, but they only helped me a little. I then sent and got five bottles of Dr. Pierce's Golden Medical Discovery. Before the first bottle was gone I felt a change. When the five bottles were gone I began to work. I had not worked any for a year before."

"I am well and can eat anything now with the exception of pork and rich food," writes Dr. Pierce's Pleasant Pellets cure biliousness.

PERSONALS

Mr. and Mrs. Judson F. Dalton left last Wednesday for Branbrook, B.C., where Mr. Dalton is interested in mining operations.

M.C. Terfry formerly of this town, now in Roxbury, Mass., and daughter, Miss Eva, have been visiting relatives here for a few weeks. Mr. Terfry is engaged in the bakery business and has been very successful. They returned home on Saturday.

W. D. McCallum, crown surveyor, was in town last Wednesday.

Mrs. Levi Woodworth, mother of Attorney General, an old lady 87 years old, living with Mrs. Brown of this place, met with a serious accident Sunday. In walking about the house Mrs. Woodworth in some way tripped and fell, fracturing her leg at the thigh bone in the capsular ligament.

Misses Lulu and Sadie Dickson are visiting in Minasville, Hants Co., for a few weeks.

Thos. Guest, Yarmouth, has taken Miss Dickson's place as operator at the station here during her absence on her vacation.

Miss Lottie McCulloch is stopping with friends in Walton.

Miss Ethel McGrath, Halifax, is the guest of Mr. and Mrs. E. Cohoon.

Misses May Earle, Edith and Bertha Pentz spent Sunday in Summersville.

Misses Fannie Cox and Alma Parker were in Wolfville over Sunday.

Dreadful Kidney Pains. Could Not Rest or Sleep.

A. G. P. R. Conductor's Sufferings—He is Now Well and Gives Dr. Chase's Kidney-Liver Pills Credit for the Cure.

Mr. W. E. Berryman, Conductor on the C.P.R., St. Stephens, N.B., writes: "I have been railroaded for 23 years, and for ten years suffered from a severe case of Kidney Disease and Backache, a trouble common to railroad men. It used me all up to walk, and after walking up hill I would have to lie down to get relief, my back was so bad. I could not sleep more than half the night and then didn't seem to get any rest. I had used all sorts of medicines and was pretty badly discouraged when I heard of Dr. Chase's Kidney-Liver Pills. After using two boxes of this treatment I found it was helping. This treatment I found it was helping. My back is strong and the old trouble has entirely disappeared. Many people to whom I have recommended these pills have been cured. Anyone wishing further particulars write me."

The sale of Dr. Chase's Kidney-Liver Pills far exceeds that of any similar remedy. One trial is enough to convince anyone that this is the greatest family medicine that money will buy. One pill a dose, 25 cents a box, at all dealers or Edmondson, Bates & Co., Toronto.

First Monument to a Canadian Heroine is at Pugwash, N.S.

A few weeks ago a monument was erected at Lundy's Lane, Ont., in memory of Laura Secord, who is known as the heroine of the war of 1812.

Henry J. Morgan of Ottawa, writes to the Journal of that city, as follows: "In your article some days since, on the monument to Laura Secord, which has been unveiled at Lundy's Lane, you refer to it as the first monument erected to a Canadian woman in Canada. This statement is incorrect, as seemingly the honor of rearing such a monument to a member of the other sex, in this Dominion, belongs not to Ontario, but to Nova Scotia. On March 24th, 1870, Mr. White, one of the members for Cape Breton, in the House of Assembly of that Province, drew the attention of the body to an act of great heroism which had been displayed by a little girl, named Catherine Crowley, at Pugwash in the County of Cumberland, which had cost her life, and he moved that the Government be authorized to erect a suitable memorial stone over her remains. The resolution was adopted, and in the same year a marble block surmounted by a cross, and resting on a granite base, was duly dedicated to her in the local cemetery.

On the cross are the words: 'In Memoriam,' and in the face of the stone the following inscription: 'Catherine Crowley lies beneath the sod, a victim of fraternal love. Having rescued a younger brother and sister from the flames of her parents' dwelling, she exclaimed: 'Mother, all is over with me now; but I have saved my brother and sister!' She expired 24 hours after, Oct. 15th, 1869, aged 12 years. 'Greater love no man hath known.' One side of the stone is inscribed: 'This memorial was erected by the Legislature of Nova Scotia.'

WANTS RECIPROcity WITH CANADA

At a meeting of the Merchants Association of New York last Thursday the following resolutions were adopted with the desire for closer and reciprocal trade relations between Canada and the United States:—

Whereas, the manufactured products of the United States are constantly increasing and are already exceeding the demands of home consumption, and

Whereas, This overproduction is a serious and growing menace to the commercial interests of this country, and

Whereas, the opening of foreign markets upon such terms and conditions as will enable the manufacturers of this country to dispose of their product advantageously therein will furnish a preventive for this threatening evil, and

Whereas, the opening of the Canadian market, which lies so near and with which communication is so direct, would be a long step in providing an outlet for our surplus products; now, therefore, be it

Resolved, That the Merchants Association of New York hereby urges upon the President and Congress that such immediate and effective steps be taken as in their judgment will result in the consummation of a mutually advantageous reciprocal trade agreement between the United States and Canada.

A Coroner's jury in a rural settlement in Georgia returned the following verdict recently: "That the deceased came to his death by trying to light his pipe by a electric light, which can't be done successfully."

GOVERNOR GENERAL TO VISIT KENTVILLE

The Right Hon. the Earl of Minto, G. C. M. G., eighth Governor General of the Dominion of Canada and the Countess Minto will arrive in Kentville from Canning tomorrow afternoon at 2.30 o'clock standard time and they will remain for three quarters of an hour. On their arrival an address will be read to their excellencies after which many of our citizens will be presented.

A guard of honor will be drawn up at the east end of the platform to receive the Governor General and the Kentville Band will play from their bandstand. Hon. Dr. Borden, Minister of Militia will accompany the vice-regal party.

The Earl and Countess will be driven round town from the station along Aberdeen St., to the N.S. Carriage Factory, then east as far as Mr. John Tully's farm, then west along Main St. to Mr. Dennison's and return to station.

We trust that our citizens will show their appreciation of the visit of the Governor General in a hearty and patriotic way. Let all the flags and bunting possible be displayed.

The vice-regal party after being presented with an address at Wolfville will leave for the Look Off passing through Church Street, Starr's Point. On arriving here they will be lined by the Hon. Dr. Borden. After lunch they will leave for Canning and will be met by a guard of honor of the K. C. H., and will proceed to the grounds of Dr. Borden where an address of welcome will be presented by the citizens of the town and a reception held with Canning band in attendance.

A new pest has made its appearance in Westchester County, New York and is known as the flying boring bug. The new insect is described as being as large as a bumble bee, having a long hard stinger with which it stabs the younger trees and fruit. Many towns have been devastated. It is said the bug will destroy whole fields of grain.

Since Confederation the Dominion Premiership has been held by three Ontario men—Macdonald, Mackenzie and Bowell; by two Quebec men—Abbott and Laurier; by two Nova Scotians—Thompson and Tupper. When we take into account length of service, Ontario's predominance is much greater. It held the Premiership continuously from 1867 to 1891 and for more than a year afterwards, in all 25 1-3 years out of 34. Quebec between Sir John Abbott and Sir Wilfred Laurier has had 61 years and Nova Scotia a little more than two years. Of leaders of the two parties, four, Macdonald, McKenzie, Blake and Bowell, have been Ontario men; two, Abbot and Laurier, Quebec men and three, Thompson, Tupper and Borden, Nova Scotians.

The South African war cost the country 3,919 soldiers during June—174 officers and 3,745 men. As usual an enormously large proportion of this aggregate is made up of victims of disease. The number "sent home as invalids" are 141 officers and 3,066 rank and file. There were 167 killed in action, 66 died of wounds, 370 died of disease, 51 deaths were "accidental," and 78 are returned as "missing and prisoners." The actual death roll for the month was 634. Losses from the commencement of the campaign to the end of June are as follows: Officers 784, non-commissioned officers and men, 19,634.

Mr. E. A. Lancaster M. P. of Lincoln, Niagara has been in Kentville the last week visiting Mr. C. S. Nixon.

James Lockhart of Avonport, N. S., is to be wharfinger of the Government wharf at Avonport, aforesaid.

JULY WEDDING

Beckwith-Marchant
"Oak Bank" Belcher St., the residence of Mr. C. C. Cogswell was the scene of a very pretty affair, yesterday afternoon at 2 o'clock. It was the marriage of Miss Hattie Marchant of Brooklyn St. to Mr. R. Allen Beckwith of East Amherst, a native of Woodville, Kings. The ceremony was performed by the Rev. Geo. McMillan of Kentville, on the lawn which was very tastefully decorated with flowers, flags and bunting. A large arch composed of cedar and spruce, decorated with flowers was erected under the two large oaks which are on the lawn.

At two o'clock the groom, unattended, marched down the lawn from the house and took his place under the arch. Shortly after the bride, leaning on the arm of her brother, Mr. Norman Marchant, proceeded down the lane and took her place beside the groom. The wedding march was played by Miss Nina McKittrick.

The bride looked very charming in a dress of pale blue foulard silk trimmed with white silk. She carried a bouquet of sweet peas and maiden hair ferns.

The bride was the recipient of many valuable and useful presents. After the ceremony a reception was held, after which the bridal party drove to Pt. Williams station where the afternoon express was boarded for Halifax and other places. After the wedding trip the happy couple will reside in Amherst.

Meeting of Maritime Board of Trade at Chatham

The provincial convention of the Maritime Provinces Boards of Trade takes place at Chatham, N. B., on the 21st of August at a recent meeting of the Chatham Board of Trade, a committee composed of J. D. B. F. McKenzie, George Watt, W. C. Winslow, R. A. Murdoch and J. L. Stewart were appointed to look after the entertainment of the visiting delegates. At the same meeting the Hon. J. B. Snowball offered to supply a steamer for giving the members an excursion. It is hoped that a very large attendance from various boards of trades throughout the provinces will be secured.

Twenty Thousand Farm Laborers Wanted

The Manitoba Government advises that it will require at least twenty thousand farm laborers to harvest the enormous wheat crop of Manitoba and Assiniboia this season, and in order to supply this demand the Canadian Pacific Railway has completed arrangements with the International Dominion Atlantic, Canada Eastern and P. E. I. Ry., to run farm laborers excursions to any point in Manitoba or Assiniboia west, southwest and northwest of Winnipeg as far as and including Moore Jay, Estevan and Yorkton, at rate of \$10 for the going trip. Second class tickets will be issued from points east of New Glasgow on August 9th and from points west of New Glasgow on August 10th, and with each ticket agent will furnish verification blank which will be deposited with ticket agent where he secures work, and when this certificate has been signed by the party for whom he has been working, it will entitle the original purchaser to a ticket to return to his starting point in the Maritime Provinces at rate of \$15, any time previous to November 15th, 1901.

On this trip tickets will be issued to female as well as male, but will not be issued at half fare to children, and 150 lbs of baggage, wearing apparel only, will be allowed on each full ticket.

Late advices state that harvesting operations will commence on August 10th.

The commissioner at the Indian Department at Winnipeg has received advices from the agencies throughout the west, showing that the crops on the Indian reserves are in the very best condition.

CANNING

Miss Fraz Borden of Massachusetts, is visiting her brother, Mr. Charles Borden of this town.

Miss Fraz Eaton of Kentville, Miss Annie Hibbert and brother of Port Williams, Mr. T. Lockwood and Mr. Hopgood of Port Williams and Kentville, were visiting in the town on Thursday.

Mr. Alfred Ella of Boston, is a guest of Mr. James Northup.

Miss Lucie Harris spent last week at Mrs. William Hardwick's, Canard.

Preparations are going on for the reception of the Governor who is expected on Saturday. It is very nice to be able to welcome our governor and we hope he may enjoy his short stay among us. Major Northup of the K. C. H., is preparing with his troop to give him a military welcome. The K. C. H., will be the honor guard of the governor when he visits the Look-off in the afternoon. We presume Saturday will bring a crowd into Canning—a crowd, who, probably will expect to see a "phenomena" but who will behold the ordinary specimen of humanity, we trust.

Miss Glee Woodworth of Kentville, is visiting at Mrs. Chas. Miller's.

Last Thursday evening some of the Methodist congregation tendered their new pastor, Rev. W. F. Gaetz, a reception, or as they expressed it, a pound party, which is, we understand, more substantial and more to be desired than the mere reception.

Miss Minnie Baxter, while returning from Kingsport recently, fell from her wheel and injured one of her arms quite seriously, we regret to say. However, we are glad to report that she is speedily recovering from her injuries.

Hon. Dr. Borden's family are residing at their home here for a few weeks.

The ice cream social given by the Baptists recently in the grounds of Mr. Daniel Bigelow was a success socially and financially. A large crowd was present. A big quantity of ice cream was disposed of, which did not hinder the ice cream salon of Mr. Fred Northup from being filled after the social was out. It is wonderful, the quantity of ice cream which people can consume under ordinary circumstances.

After the hilarious festivities of July first there has been up to last week, a lull in the way of picnics, etc., but lo! the beleaguered city has burst forth in its wonted strength. New enforcements have arrived to strengthen the position. Two gay expeditions were partaken of last week and still their's more to follow.

Miss Edith Henigar is home from her school at Dartmouth, for the summer vacation.

Mr. Vaughn of Sheffield Mills, is to teach at Upper Canard during the coming year.

Farmers are rushing along with haying while the sun shines. Crops are turning out finely.

Miss Surie Hubley of Boston, is a guest at the home of Mr. and Mrs. Fred Northup.

Mr. Hopgood, Kentville, spent Sunday at the parsonage.

Mr. Stafford Woodworth visited the town last week.

Dr. Brown, wife and little son of Bermuda, are visiting their relatives in town.

The weather is simply scorching. We were wondering why we could not hold our Sunday services out of doors and only in the evening. When, on Sunday we noticed how hot both the ministers and congregations appeared. It is hard on both speakers and listeners. However, edifying the sermon, it is difficult to concentrate our attention upon it when the hot, stuffy air of the churches reduce us to stupor. Open windows might render the position more tolerable and those afflicted with neuralgic tendencies might kindly remain at home during the hot season.

The coast of Labrador is blockaded with ice, which will delay the Peary relief steamer.

A GIRL OF GRIT.

BY MAJOR ARTHUR GRIFFITHS.

COPYRIGHT, 1900, BY R. F. FENNO & CO.

I hammered at that door and hung on to that bell till I woke all the echoes of that dead-alive suburb. No one came. There was not a sign of life within. Presently the police came up, and the general, who had been cruising about on his bicycle, joined miss outside. They all stopped there, talking to her a bit, and I judge they were hesitating to act, arguing it out with the general, who was very fierce and positive, ordering them about short and sharp, but doing little good till missy took up the running. But she soon sent them flying in after me and came with them. One of the constables ran around to the back, where he found a strip of garden with a low wall. He was over that like a flash and in through the scullery window. Half a minute more and we heard him unchaining the front door. Then we all trooped into the entry and ran through the house, some high, some low, but none of us finding anything. There was not a scrap of furniture nor the signs of any occupancy that we could see.

But miss, she also hunted, hallooing on the collie dog with a "Go look, Roy," worry, worry, worry, which drove the beast nearly mad. He hunted and a quested through the house with a short snapping bark, as if he was rounding up a sheepfold, and it was he, marvelous animal, who led us into the basement, into a sort of cellar between the front parlor and the kitchen. Here he raced round and round like a thing possessed, yelping furiously. The place was all black darkness. No windows, not a glint of daylight. But some one struck a match and lit a bullseye, and we could make out what there was there. One big, long table, a kitchen table, with seats on each side, and at the end a strange thing that told its own story.

It was a sort of wooden erection something between a scaffold and a bulkhead; two great upright timbers, wedged in tight between the ceiling and the stone floor—might have been a support, pillarlike, for the roof or ceiling, but we could see it was meant to make some one fast to—a pair of stocks, you might say, or a whipping post. And so it had been used, no doubt. For there were a long chain and padlock hanging between the uprights just over a low bench that served as a seat for whoever was held there a prisoner.

This was where the collie raged about most fiercely, sniffing, scenting, hunting to and fro, always under the encouraging voice of missy, who shouted, "In-lu-lu, good dog; and him, then Where is he? Out with him, Lu-lu!" Of course his master had been there. Name of us had a doubt of that, any more than of the plain fact that he was not there now. We looked at each other blankly, after a bit, hardly knowing what to do or say next, till missy ed her pretty feet and cried, "Well? "

"I have my suspicions," began the sergeant, knocking his hands together rather joyfully, till the dust flew out of his white lisle thread gloves. "It's not all fair and square. I shall make a report to that effect and await instructions."

"shew!" interrupted miss. "And since Mr. Wood was murdered, I'll offer a reward of £500 to whoever him, but it must be within the 24 hours."

"ow you're talking," I said heartily and I don't see we gain much by lying here. The cage is empty, and I've got to follow the birds wherever they fly down."

"You'll excuse me," said the sergeant, who had not mighty eager when he heard of the reward, "the most er course, as I see it, is to start this here house. Whose is it? took it? Likewise who put up this rat, and why? When those questions are answered by the neighbors, a sergeant, tradesmen and such like, may come to lay our fingers on a rat as is responsible for this here case."

"on land better do all that, then," the general, very discontented, I shall go to New Scotland Yard fountain head. There's more in tin you suffers seem to think want the best man they've got, a detective, to take up the case."

"is was aimed at me. It was un- you'll say. But after all how had I done and where was boy 's not like him," I was saying half myself as we stood together, miss I, while she was taking the rib-band with one neat brown shoe on step was just getting into her cart, then he's been caught spying—and

that's not like him—or he's hanging on to their heels like bird lime. But—What in thunder's that?"

"I saw some rough writing in white chalk upon the gate, and an arrow sign directed there with the point toward London."

"Looked it, Fellerin on. Joe. They were as plain as print, so was their meaning, and I pointed out the words triumphantly to Miss Fairholme. "I knew that boy wouldn't fail me. He's got grit, he has. Some day he'll be able to teach me my business!"

"I wish he would begin soon," said miss peevishly. "It's always the same story. Some day, one day, next day, never. And all this time he—poor Captain Wood—is—"

With that she gave her pony a smart cut with her thigh, and the beast, nearly springing through his collar, started off like a mad thing, with the other mad beast of a dog yelping and screeching and jumping up at his master or trying to bite at his heels. The general also gave me a contemptuous good day and, springing on to his "bike" like a boy, went off at a real right down scorching pace after the buggy.

I expect that is the last I shall see of her, for she never took a card of mine or asked where she could find me again, and I've fully made up my mind that never so long as I live will I hunt after her. When Joe reappears, as I tell you, gentlemen, I most confidently expect he will at any moment and with important news, so that I can pick up fresh threads, I'll do the next job alone. I don't want no highfalutin young duchesses treating one like dirt, for a true born American citizen is as good as any emperor, let alone a part mix with ever so pretty a face. We shall see. If there was no better reason than the wish to humble her, I mean to see the thing right through to the very end.

CHAPTER VI. PASSAGES FROM THE DIARY OF WILFRIDA FAIRHOLME.

S. S. Chattahoochee, July 17.—Although still harassed and oppressed by hideous anxiety, I want, in this my first moment of leisure, to set down clearly and fully the strange events that have occurred since that memorable evening in Prince's Gate. I have been in a whirl ever since. But I have forgotten nothing. Every act, every thought is indelibly fixed in my memory from the moment that I realised my loss.

Forget! I shall never forget that afternoon when the American detective brought me the news. What an odd creature he was. Very much over-dressed, with a sort of company manner voice, which didn't disguise his Yankee accent or tone down his awful Americanisms. I know now that the poor wretch was honest and straight-forward, but I could not get over my repugnance to him at first.

And so when we got to the very house and drew quite blank in my mind that the man was an arrant impostor. Nothing fell out as he said. "His boy would be on the watch."

There was no boy. He was quite certain of the house into which Willie had been carried. The police broke in. There was no Willie Wood.

The whole thing was humbug. I felt convinced of it and said so, only to regret it directly after. It could not be quite humbug, or, if it was, Roy, dear Willie's lovely dog, was in it, too, for Roy had certainly smelt him out in the cellar where we found the awful apparition and things, and I ought to have known that a dog's instinct is always

right. I was very short with Mr. Wood when he came in a huff. It was a chance, and after all he was a good old Sir Charles Collyer's opinion was that the man was a big official, chief constable, assistant commissioner or something of the kind. I found them there crowded with mother, who had heard of it from them. She was rather limp in condition, took her mother, quite failed to take in the situation, and unable to say or suggest anything.

The color of his face was rather a cross looking, middle-aged man, with square cut, short, wavy hair, and a bristling grey mustache. He took me abashedly to wait for him in the American alley, and I should have been offended at his tone, but he was in a hurry.

"You tell us he had no doubt in communication with Captain Wood yesterday, and he would have been under our hand now. He was hunted up," said the colonel.

"I don't know him at Scotland Yard as there today, and they sent me to the United States consul to tell me that himself," I said.

"I will know him at the consulate. I will send there to inquire and the colonel, making a short bow to me, said, "Captain Wood's man knows of it. They came here together this morning."

"And that's the matter of that so do I," added Sir Charles. "Not much of course, and he's an uncommon queer looking chap. But the fellow seems honest and straightforward."

"Unless the whole thing is a put up job," remarked the police colonel, with

"He must be hunted up," said the colonel with a meaning smile, "a scheme to throw you off the scent of these papers which you say are so important, Sir Charles."

"By George, they are that," the general broke in. "Don't you see? It is probably a trumped up story about the plot against Wood simply to cover the theft of the papers."

To be continued.

Nervous Depression and Bodily Weakness.

Another Woman Who Has Found Health, Strength and Vigor in the Use of Dr. Chase's Nerve Food.

To women especially Dr. Chase's Nerve Food is proving to be a very great blessing. So many women are weakened and debilitated by overwork, worries or diseases peculiar to their sex, and need the assistance of just such a restorative as this great food cure.

Mrs. M. A. McCrea, Torry Hill, Ont., writes:—"My system was all run down when I began to use Dr. Chase's Nerve Food. I was weak and very nervous and felt so tired and worn out that I could scarcely drag myself about the house. It seemed impossible for me to get rest or sleep at all. I felt that I was gradually getting weaker and more nervous and irritable. Since beginning the use of Dr. Chase's Nerve Food I feel altogether different. It has gradually strengthened my nerves and built up my system wonderfully. I sleep well now, and am thoroughly restored to health and strength. I believe it is the best medicine to be had for the nerves."

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50, at all dealers, or Edmanston, Bates & Co., Toronto.

Benevolent Party—My man, don't you think fishing is a cruel sport? Angler—Cruel? Well, I should say so. I have sat here six hours, have not had a bite, and am nearly frozen to death.

To speak of the bonds of marriage is hardly using the right terms. What's wrong about it? Bonds, as a rule, are supposed to gain an interest with time.

HAY FEVER CAN BE PREVENTED

Don't seek other climes at Hay Fever Season, don't destroy your stomach and nerves by drugs—prevent the disease. Hay Fever is caused by germs that float about in the air and finally find lodgement in your throat and lungs. Medicine won't reach them there, but Catarrhazone will. Catarrhazone is sure death to germs. Start now and use Catarrhazone. Inhale it into the throat, lungs, nasal passages and bronchial tubes; it goes wherever the air you breathe goes and it will prevent and cure Hay Fever. Endorsed by not less than one thousand doctors in Canada and U.S. Sent to any address for \$1.00 forwarded to Polisor & Co., Hartford, Conn., U.S.A.

Crutches Discarded

Mrs. Wells, of Mochelle, Annapolis, Annapolis Co., writes:

May 8th, 1900

"I am an old woman, nearly eighty years of age. Sometime ago I fell and injured my hip. I was afterwards troubled with Sciatica; at times my sufferings were intense; I could not get about my room without the aid of a pair of crutches. I tried many remedies; none did me any good; some of them made me worse. At last I read of Egyptian Rheumatic Oil and tried that. I am happy to say that it has given me great relief, removing the pain and enabling me to move around much better than I could. I think Egyptian Rheumatic Oil a splendid liniment for use in cases of Rheumatism.

Conciliatory. "What do you propose to do when you get to the peace conference?" asked the European delegate's friend.

"I propose to discuss the situation in a fair minded and conservative spirit. I'll tell them that if they will let my government have its way in Asia and Africa and keep quiet about any little patches of territory on this continent to which we feel naturally entitled we will consent to lay down our arms. Otherwise we'll wait for an opportunity and whip them till the gut peels off their scorpers and the earth shakes with the jar of collapsing thrones."—Washington Star.

Why We Eat Oysters Raw.

Dr. William Roberts in his interesting lectures on the digestive ferment writes: "Our practice in regard to the oyster is quite exceptional and furnishes a striking example of the general correctness of the popular judgment on dietetic questions. The oyster is almost the only animal substance which we eat habitually and by preference in the raw or uncooked state, and it is interesting to know that there is a sound physiological reason at the bottom of this preference."

"The fawn colored mass which constitutes the dairy of the oyster is its liver, and this is little less than a heap of glycogen. Associated with the glycogen, but withheld from actual contact with it during life, is its appropriate digestive ferment, the hepatic diastase. The mere crushing of the dairy between the teeth brings these two bodies together, and the glycogen is at once digested without other help by its own diastase."

"The oyster in the uncooked state is merely warmed in, in fact, self-digestive. But the advantage of this provision is wholly lost by cooking, for the heat immediately destroys the associated ferment, and a cooked oyster has to be digested, like any other food, by the eater's own digestive powers."

Lincoln as a Life Saver.

William A. Newell, who had the rare distinction of being governor of two states—New Jersey and Washington—was as a congressman in 1840, when he originated the life saving service by offering a resolution in the house of representatives to appropriate money to save lives imperiled by the sea. This service was John Quincy Adams and Abraham Lincoln. Mr. Newell said: "Various objections were made to my motion, the strongest of which was that the scheme was impracticable. I laid the matter before a great many senators and members, speaking to them in person. Ex-President John Quincy Adams occupied a seat just behind mine and after the reading of the resolution clerk leaned forward and said to me, 'I would like to see that rescue.' I sent for it and handed it to him. He read it over carefully and, handing it to me, said, with a smile: 'It is good. I hope it will prevail.' Abraham Lincoln also read it and said: 'Newell, that is a good measure. I will help you. I am something of a life saver myself, for I invented a machine that righted itself on the Mississippi sand bars.'"

Calling the Doctor.

A good story is told of Dr. X., who is the physician in charge of the female wards of one of our best known charitable institutions. One evening about 9 o'clock Mary, a new Irish servant girl, knocked at the door, saying: "Doctor, the head nurse wants you to come down to supper."

The doctor, swelling in his pride of superiority above the nurses, sent the Irish girl away with a curt message. Half an hour later the head nurse came to his room looking very serious.

"Doctor," she said, "No. 8 is very bad indeed. I think you ought to see her at once."

"Why did you not let me know before?" was the reply.

"Why, doctor," said the nurse, "I sent you word by Mary half an hour ago."

"The fool!" said the doctor. "She told me to come down to supper!"

"Why," said the nurse, "I sent you word to come down to supper!"

An inquiry made the whole thing clear. Mary thought it more polite to say "Come down to supper" than to say "Come down to see."

A Sensitive Scot.

A sensitive Scot rebukes the London Daily Chronicle for saying that his countrymen pronounce man "mon." "The absurd form 'mon,' he writes, 'is the hall mark of Scots' vernacular as written by a southern pen, and its intrusion has often lent additional sadness to comic journalism, even, alas, to the pages of our chief humorous periodical. In the north of England 'mon' certainly occurs; in Scottish speech never. In Scott and Stevenson one may look for it in vain. The broad, soft vocalization of the word in Lothian dialect lies somewhere between 'mann' and 'man,' but as it cannot be literally symbolized the word should be spelt in dialect passages simply as in English."

Accidental.

"She's well educated, isn't she?" "Well, she's one of those women who can pass as being that way. When she meets any one who can speak French and not German, she can speak German, and when she meets any one who can speak German and not French she can speak French."

His Mistake.

"How lovers are given to freaks of fancy?"

"Here's a story where a fellow calls his girl's hair golden, and the accompanying picture shows it's only plaited."

LETTER

From Corporal W. H. Snyder

Army Remount Depot, Durban, Natal, June 22nd, 1901.

Dear Mr. Editor,—It is raining as it only rains in Africa. Consequently I am at leisure and shall try and get off a letter to the ADVERTISER. I as you doubtless know was transferred from my headquarters at Heidelberg in the Transvaal to Durban along with five other Canadians to oversee the unloading and despatch of horses up country. So far we have sent up about a thousand. There are 6000 yet to come. I expect however to rejoin my corps very soon as Capt. Moore said as soon as our troop was supplied with horses he wanted me.

I went up country last week with a train load of Australian horses leaving on Sunday and arriving at Heidelberg on Saturday. After we left Natal we could not travel by night. We had something to break the monotony, as after we left Standerton our train all but two links ran off the track. The Boers had derailed us, but our engineer had noticed it, so, although too late to stop running off, yet we were going so slow no damage was done. I had to have all the horses entrained and with six Kaffirs drove them to Vonkrust.

When I got to Heidelberg I found a great many changes. I was glad to find Lamont of Biltown back, looking all right after his sickness. But a great many of the boys are away in Hospital, some very ill indeed. Lockhart I did not see as he was on guard, but he is well I only had six hours there when I had to start back.

Captain Moore and Lieut. Willets of Windsor, are fairly idolized by the boys. The troop started off as escort over a convoy just as I left. There has been

a great shaking up in the squadron, which is called a troop, consisting of one captain, one lieutenant, a sergeant major, quartermaster sergeant, two sergeants, six corporals and eighty seven troopers, four of whom are first class troopers, four second class the rest third class commissioned officers are:

Sergeant major	\$2.74 a day
Quartermaster sergeant	2.52
Sergeants	2.40
Corporals	2.28
1st class trooper	2.16
2nd "	1.92
3rd "	1.68

This of course is clear as everything is found. So you see the rate of pay is very good. To those who wish to indulge in the luxury of a wife \$25, a month extra is allowed. The boys have formed football, cricket and baseball clubs.

Its very cold in the Transvaal now, quite different from here in Durban where some days its most awfully hot, yet this is African winter.

I had a letter from Captain Moore saying he had been ordered to take his troop to Roodekop, so I guess the boys will soon get what a lot of them are looking for, viz an "introduction to the Boers." I found everybody is wishing for one thing, some long distractedly for it, some merely wish despondently for it, in a sullen way, and others just "wish it" to happen as soon as possible or sooner. The officer thinks of, and longs for the time to come, when he shall once again be seated amongst his magnificence, his town and country houses, his club, his shooting boxes; when he shall again whirl with a charming partner on a glassy ball room floor, to the strains of a first class band in the dreamy waltz or the exhilarating lancers.

"Tommy" longs for the return to his "old woman" his favorite "pup" his "kids" and his jovial though perhaps noisy companions. If he has no "old woman" he thinks of his "girl." He remembers the "preees" he had, the black eyes he got in certain "shakes," and those he presented to other people, and he smacks his lips as he thinks of good old English ale and he longs for dear old England again.

The old Boer who has surrendered and who sees there is no hope for his side, thinks of his two roomed house on the farm, its low ceiling hung with drying tobacco, he remembers the old black cow he bought from some Kaffir for a sovereign and that he had been offered ten pounds for just before the war, the stone wall round his little garden and his old brown pony that could keep up his one easy, gentle pace, hour after hour, mile after mile without seeming tired. He thinks of when he was at home with his old "broun" and half grown children smacking away in dreamy bliss hour after hour and drinking coffee with all his friends and he shakes his head mournfully as he realizes that some of his friends will pay him no more calls.

The native wishes the war over, he feels its a long time since his cattle, or horses and sheep came home in safety, a mile or more away from his kraal. His crops may be burned by the British to save them from falling into the hands of the Dutch and vice-versa. His kraal may happen to be in the firing line at any moment. In fact everyone is sick of the war. For my part I should not be surprised to see it last another twelve months.

But I must close this rambling letter. Hoping dear old "King's" is having its full share of prosperity and that Lockhart, Lamont and myself may in the future return safe and sound. I am,

Most sincerely yours,

Corporal W. H. SNYDER,
17th Troop, S. A. C. Division,
Heidelberg, Transvaal.
