DRAFT

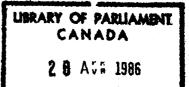

OF THE

REVISED STATUTES OF CANADA

LAID BEFORE PARLIAMENT ON THE 4th FEBRUARY, 1885

WITH WHICH HAVE BEEN INCORPORATED THE ACTS PASSED IN THE SESSION HELD IN THE 48TH AND 49TH YEARS OF HER MAJESTY'S REIGN.

PART I.

LIOINÉCLE DE I

OTTAWA: PRINTED BY MACLEAN, ROGER & CO., WELLING FON STREET, 1885.

REPORT.

To His Excellency the Most Honourable the Marquess of Lansdowne, Governor General of Canada, &c., &c., &c.

MAY IT PLEASE YOUR EXCELLENCY-

The Commissioners appointed to consolidate and revise the Statutes of Canada, have now the honor to submit a draft of the work entrusted to them.

In preparing the several chapters, care has been taken to preserve uniformity of language throughout, to remove redundancies, and to arrange the provisions of the law in the most natural sequence. To effect this it has, in very many instances, been necessary to divide chapters, and divide and transpose sections. The Interpretation Act provides that the law shall be considered as always speaking, and for that reason the present tense has been used in the consolidation.

Among the Statutes of "the several Provinces, passed previous to Confederation, there are certain Acts in respect to which doubts have arisen as to the authority with which the legislative power rests. There are also Acts, both among the Statutes above referred to" and the Statutes of Canada, which it has not been considered advisable to consolidate, although their repeal is not recommended. These include Acts authorizing the raising of loans by Government, Acts of indemnity, Acts relating to specific localities less than a whole Province, and Acts of a temporary character. These Acts have been collected in a separate schedule.

Another class of provisions, which make violations of Acts within the legislative power of Provincial Legislatures indictable offences, and provide for their punishment, have also been collected in a separate schedule. It is suggested that provision should be made that these should be repealed in each instance, from the time when the punishment of the offence, by fine or imprisonment, is provided for by the proper Provincial Legislatures.

A table is appended to each chapter, showing what Acts are proposed to be consolidated therein, the portion consolidated, the portion which it is proposed to repeal, the portion to be consolidated elsewhere, and a note of the Act with which such latter portion is to be incorporated, and to each section is attached a reference, showing the corresponding Act and section of the Statutes now in force.

When material changes have been found necessary, a note in smaller type has been inserted, showing the nature of the change, or the new matter is printed in italics.

To the Honorable the Minister of Justice of Canada:

SIR,—Pursuant to the instructions which we received from you, we have incorporated with the draft submitted by the Commissioners appointed to consolidate and revise the Statutes of Canada, such of the Acts passed during the last Session of Parliament as appeared to be proper subjects for consolidation therewith, and also the amendments suggested in the report of the Joint Committee of the Senate and House of Commons appointed last session to consider that draft. In the execution of this work we have adhered closely to the system and rules adopted by the Commissioners in the performance of the duties assigned to them.

We have also carefully revised and made the additions to the Schedules to the Report rendered necessary by the legislation of last Session, and we have completed the chronological and analytical table, showing in what manner each Act of Canada and of each of the Provinces which relate to matters within the control of Parliament have been dealt with by the Commissioners and by ourselves.

We have also in course of preparation for publication, according to your instructions, a collection of all the statute law of a public general nature, relating to subjects within the legislative authority of the Parliament of Canada, now in force, but which in the opinion of the Commissioners could be more conveniently dealt with in this way than by consolidation.

OTTAWA, 31st December, 1885.
