

THE ADVERTISER

KENTVILLE, FRIDAY OCT. 11th, 1918

Bring the children here for their FOOTWEAR

especially the boys.

You will find here just the kind of shoes you want—the kind that will withstand hard knocks of a "harum scarum" boy.

Our shoes are exceptionally popular because they are exceptionally good.

Prices Reasonable

We have exceptionally good shoes for girls, cut on stylish yet comfortable lasts.

A. E. CALKIN & Co
MEN'S FURNISHING — SHOES
Webster Street, Kentville, N. S.

KENTVILLE.

Gr. A. Blackburn, of the C. G. A., Vancouver, now stationed at Halifax, returned to the city on Monday after spending a few days furlough with his aunt, Mrs. J. W. Turner, on Prospect Street.

Who put Main Street on the map? The Sunny South Hardware Man. B. S. Also the Editor.

Mrs. Will Smith, Kentville, received a telegram this week, stating that 2nd. Lieut. Harold M. Smith, R. A. F. was reported, missing Oct 6th.

Well there is no use of talking Rockwell has some stock, but it is a sight. Come and see for yourselves.

Those of our returned soldier heroes who returned this week were W. F. Blair, Kentville R. D. DeWolf Canning, and R. Rafuse Waterville, Mr. Blair still carries his arm in a sling.

Just received two car loads of Cement, Lime and Selenite The Hardware Man Sunny South, W. W. Rockwell.

Mr. Joseph Allen, of North Grand Pre, is one of the Jurors in attendance at Supreme Court.

Unloading today, Oct. 9th., one car of Cedar Shingles, all grades. The Hardware Man Sunny South W. W. Rockwell.

Pto. Lockhart Palmer, of the 86th is reported seriously wounded.

Ladies it is old Dutch Cleanser and Pars Wax you need. Its great for the system. At the Sunny South Hardware, Rockwell's, Main Street. The busiest street in town.

As will be seen by announcement in this issue Kentville has now a new Millinery establishment. Mr. R. L. Hardwick, Jr. who has had 18 years experience in Millinery work in Boston and New York, has opened Millinery Parlors in W. W. Rockwells Brick Block Main St. With his long experience Mr. Hardwick should meet the wishes of Kings Co ladies in Millinery requirements. He also is conducting a store in Annapolis.

If it is Stores and Ranges you are looking for. Drop in and see The Hardware Man's Stock. You know the place, the store with a glow. The Daylight Store Sunny South, W. W. Rockwell.

The annual Thanksgiving Service for the blessings of harvest will be held in St. James' Church next Sunday evening Oct. 13th, at 7.30. The church will be decorated with the emblems of God's bounty, the fruits and flowers of the earth. Special music will be rendered by the Choir and a special Sermon preached by the Rector. The Thanksgiving offertory will be for the "Widows and Orphans Fund." On Monday Thanksgiving Day there will be a Celebration of the Holy Communion at 10 a. m.

What is use of complaining about the coal question when you can get a new Perfection Oil Heater. Its hotter than Rockwell The Sunny South Man.

A meeting of the Jack Tars is called for Friday evening, Oct. 11th, at 7.30 o'clock, sharp, at the home of Mrs. H. L. Cole, Aberdeen Hotel. All members are requested to be present as important business will come before the meeting.

CORA M. WALSH,
Secy. Treas.

Miss Marie Morrisey.

They concert held at "The Strand" on last evening was a unique affair. The guests, whose number included most of the music lovers of Kentville, society, assembled delighted at the prospect of hearing a recital by the celebrated Miss Marie Morrisey, assisted by Joel Belov, with his violin. But a surprise was in store for them. Not one Miss Morrisey, but two, sang to the spell-bound audience; and the violin selections were played by two Joel Belov's. And this phenomenon was brought about by means of a graceful cabinet, which stood beside the artists on the stage, and matched their performances, note for note and tone for tone.

The first performance of the miracle was in the initial number on the program, when Miss Morrisey, standing beside the cabinet, sang in unison with Mr. Edison's Re-Creation of her own voice. In the midst of the song, Miss Morrisey's lips ceased to move, but her song went on without a break. Slowly it dawned upon the astonished audience that the artist was no longer singing, though her voice came forth to them as clear and sweet as ever.

She sang again and the only perceptible difference was the motion of her lips. She ceased but her voice did not. Veritably it seemed that there were two singers upon the stage, two singers, but only one voice. For the tones which came from the New Edison matched those from the living artist so perfectly that it was impossible to detect any difference. The instrument produced not an echo or copy, but the real thing Miss Morrisey's voice unspoiled by any mechanical transformations: by untainted any metallic ring.

After the applause which followed this remarkable exhibition Joel Belov came forward to share the stage with his fellow musician, the New Edison. Again two artists were before us, for Joel Belov with his violin played in unison with the Re-Creation of his art: Only by watching him could we tell when we were hearing one Joel Belov and when his music came to us in double measure. The instrumental Re-Creation was as perfect as that of Miss Morrisey's delightful voice. It was identical with the original in every particular.

Successive numbers on the program proved that the field of the New Edison is not limited to vocal and violin records. An orchestra

selection was Re-Created with such fidelity that it was possible to follow the notes of any single instrument throughout the piece, for the identity of each was preserved, contributing its special color to the ensemble. A Re-Creation of a number on the piano was a revelation to those who had decided after hearing talking machine records, that the piano tone could not be reproduced. Further numbers in which Miss Morrisey and Joel Belov, performed with themselves served to convince the audience of their inability to distinguish between Re-Created art and its original.

One of the most interesting novelties in this evening of unique experiences was when Miss Morrisey, sang a duet with her own voice. It was as though two artists with voices of exactly the same tone-quality, the same expression, the same timbre, were singing together. The effect was so no-how unreal and weird, as though one artist had been bewitched into two by some magician's art.

The climax of the evening's entertainment was when the room was darkened in the middle of one of Miss Morrisey's selections and the listeners were left with no means but their ears to determine when they were hearing her voice in double volume, and when it reached them only from the New Edison. At first everyone doubted his own ability to judge, but as her previous proofs were forgotten in the spell of the song they became more and more convinced that no instrument could sing as this voice was singing and that Miss Morrisey was making no more breaks in her own performance. Suddenly the lights were snapped on. The audience was astonished to discover that Miss Morrisey was not there at all and that the New Edison had furnished the song alone.

At the conclusion of one of her songs Miss Morrisey was presented with a magnificent bouquet of roses etc. and the audience showed their appreciation of such a presentation by continued applause.

Such miracles are indeed the work of a magician but a most benevolent one. For the wizard who accomplished this miracle of Re-Creation, is as anxious that it shall add to the comfort and joy of mankind, as he has been that his other inventions be used for the good of the race. Thousands of New Edisons, made up in a special form durable enough to stand the hard knocks of Army and Navy usage have been furnished to our boys on ship-board and in camps and are a proof of his generous interest in happying the world, without regard for personal gain for these Army and Navy Models of the New Edison are made and sold with no profit to Mr. Edison.

CANNING

Mr. and Mrs. Bert Crocker of Freeport have been visiting Mr. Crocker at this place.

Owen W. Graves son of Mr. M. W. Graves owner of the vinegar factory here and at Bridgetown has returned home from overseas to Bridgetown.

It does not pay to feed the calf your butter fat. Feed Calmeal, the great milk substitute, sold by G. W. PARKER, Canning.

The farmers in this locality are quite discouraged over the prospects for gathering their crops. The land is so wet since the recent rains that teams and machinery are unable to travel over the land and considerable grain still remains sprouting on the ground the weather not permitting of its being harvested.

Flight Lieut Robie Parker who has been visiting his home here expects to leave for Overseas in a short time.

Thankful Mothers

Mrs. Willie Theriault, Pacquetville, N. B., says:—"I am extremely thankful that I tried Baby's Own Tablets for my baby. Through their use baby thrived wonderfully and I feel as if I cannot recommend them too highly." Baby's Own Tablets break up colds and simple fevers: cure constipation, colic and indigestion and make teething easy. In fact they cure all the minor ills of little ones. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

OBITUARY

MRS. MARY E. JESS.
 On Monday morning, Sept. 30th., there passed away at her home, Scotts Bay, Mrs. Jess, wife of Mr. David Jess after many months of failing health but only a few days of intense suffering. The funeral service was held on Wednesday conducted by Rev. E. Petty Mrs. Jess, was a consistent member of the Adventist Church and was always ready to do her Master's bidding; she lived with the assurance that each day brought her nearer her Eternal Home. She leaves to mourn her loss a husband, also two daughters Mrs. Manie Ellis and Mrs. Oxley Steele, both of Scotts Bay, and one son Bennie of Chicago Ill.

Strong People Needed

The need for people to be healthy is urgent. Those whom illness has put outside the ranks of robust men and women feel their position keenly. They are handicapped in every walk of life and weak men and nerve-worn women need more earnestly than ever to put their health right and become active and strong. Many who began "patching" months ago are as ill now as on the day they began vainly tinkering with common drugs. Every ailing man and woman should remember that the ills of debility, nerve exhaustion, indigestion, sleeplessness, neuralgia and depression come from a faulty blood supply. Worry, overwork or other causes have impoverished the blood and left the life-stream impure. The nerves thereby are starving and the whole system is languishing for new blood. In this condition many thousands have won back strong nerves and new health and strength through the new rich blood Dr. Williams' Pink Pills actually makes. In a weak or bloodless condition it is not only a waste of time and money; but also a further menace to your health to tinker with common drugs. Follow the example of so many thousands by giving Dr. Williams' Pink Pills a fair trial and they will transform you into healthy, active, men and women.

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Cambridge

Mrs. Capt. C. W. Corey, of Windsor, is visiting Mrs. Cassie Illsey this week.

Mrs. Addie North who makes her home in Montreal with her niece, Mrs. Sydney White is visiting Mr. and Mrs. C. W. F. Webster and other Kings Co. friends for a few weeks.

Miss Lena Knowlton is at home from Ottawa for a three weeks vacation. Miss Knowlton has an excellent position in the Pension Department at Ottawa.

Mrs. Alex Durno has returned from a pleasant visit to Windsor.

Miss Alice Nichols, of Aylesford, was a week-end guest of Mr. and Mrs. George Webster.

The pupils of the Coldbrook and Cambridge schools had a most creditable exhibition on Tuesday p. m., Oct. 1st., in the Advanced Dept. of the Cambridge school house. On long tables tastefully decorated with many tinted autumn leaves exhibits were artistically arranged. They consisted of vegetables, fruit, flowers with several entries in the Domestic Science Dept. The prizes were awarded in each class, and there was keen rivalry among the

contestants. J. Everett Kinsman M. P. P. was present and made an excellent address. Every article exhibited made a fine showing and would have done credit to a much larger exhibition.

Mrs. Alice Huestin has returned from a pleasant visit to friends and relatives in Boston.

Mr. and Mrs. T. T. Craig have received the sad intelligence of the death of their granddaughter, Mrs. Frank Elms of North Weymouth, Mass., also her infant son Lawrence who predeceased his mother one week. These sad deaths make the first breaks in the family circle during the period of the fifty six years of Mr. and Mrs. Craig's married life.

Mr. James Durno left for St. John on Thursday to attend the Annual Conference of Travellers.

Miss Abbie Webster has returned from Hautsport where she was attending the Teachers' Institute.

PORT WILLIAMS

Port Williams has lost its second soldier of the many from that place. Monday Oct. 7th., Mr. Charles Thompson of this place received message to the effect his son Avery of the 85th Battalion had been killed. Eldest child of Mr. and Mrs. Thompson.

Sunday evening Sept. 29th., a Memorial Service was held in Baptist Church of this place in honor of our first gallant hero to give his life for us - E. Waldo Gates second son of Mr. and Mrs. Silas Gates. Waldo was a scout of "C" Company 85th Battalion, France. The church was nicely decorated with flags by kind sympathetic friends, the Honor Roll containing many names being draped with our flag. In front on a table at foot of pulpit a mound of beautiful purple pansies were arranged on a background of dark green moss, standing up from it was a background of moss with the word Waldo nicely formed of white pansies a beautiful and touching piece of work. Speakers were Dr. Cutten, of Acadia College, who used to be Waldo's Captain at Aldershot, summer of 1916, and Dr. Archibald Principal of Acadia Collegiate and Business School of which our hero had taken a business course before enlisting, a couple of year. Rev. O. N. Chipman the resident pastor also took part in service. The music by large choir was appropriate, patriotic selections being played and a beautiful anthem sung, "Peace Heavenly Peace," among other hymns sung were two favorites of Waldo's being "Brightly Beams Our Fathers Mercy" and "Lord I am Coming Home." This brave boy was only twenty years of age last January.

Mrs. Edwin Chase who has been residing at Tompkins, Sask., left last week for New York City where she will spend the winter.

WOLFVILLE.

Mrs. Harold D. Almaine has been at Halifax guest of Sir Frederick and Lady Fraser.

Mrs. B. O. Davison was at Lunenburg last week attending the W. C. T. U. Convention.

The home of Mrs. George Churchill has been visited by Mr. Rod McDonald of Halifax and he will spend the winter here at Wolfville with his family.

Mrs. D. R. Munro and Mrs. Hugh E. Calkin spent Friday at Windsor.

Mr. T. A. Pearson of Greenwich motored to Nictau and Wilmet recently and visited Mrs. A. A. Martin.

Miss Annie Fairn who has been visiting Mrs. Enoch Neary at Greenwich has returned to her home in Albany.

Misses Gladys Corbett and Hazel Freeman of Bridgetown are attending Acadia.

Another Wolfville man gave his life for King and Country. Monday Oct. 7th., a message came to Mrs. Fred Abbott stating her husband had been killed in action. This gallant hero was a member of the 85th Battalion, France. His wife and two small daughters mourn his loss.

Mr. George I. Fraser, Greenwich, received a message Monday Oct. 7th., stating his son Everett of the 85th Battalion had been admitted to a hospital in France, gun shot wound in left arm, Sept. 28th. This is the second time this soldier has been wounded.

Mrs. Robert Chisholm has returned from a visit at Digby.

Mrs. W. O. Taylor, Mrs. T. E. Hutchinson, Mrs. Wm. Fielding, Miss Gladys Redden and Miss Ida Wagner attended the W. C. T. U. Convention in Lunenburg and reported interesting meetings.

Mrs. Guest has gone to Sydney to reside.

Mrs. Wylie Manning, of St. John, has been visiting relatives here.

On Wednesday evening of last week the business meeting of the Wolfville Baptist Church was partly a farewell to the popular Pastor Mr. Harkness. Since coming to Wolfville he has filled a difficult position as Pastor of the church and also of the institutions here, requiring tact and perseverance. Mr. Harkness has filled the position well and his departure to perform Chaplain service with the forces is regretted here. The business meeting was largely attended and about 200 sat down to the tables. After business was transacted Dr. G. B. Cutten expressed in his well chosen language the appreciation and esteem in which Mr. Harkness was held by his church members and best of wishes for him in his patriotic service. He was presented with a sum of money to be used as he desired to provide for his equipment for the position of Chaplain.

Dr. S. Spidle and wife returned to town last month and are again occupying their residence.

The McKenna Block has been opened as the head quarters for Victory Loan Organization for Kings Co. Mr. W. H. Chase is president and Mr. Harlan Davidson Secretary.

Mr. F. E. Harris of Aylesford was in town on Friday on business connected with the Victory Loan work.

Mr. and Mrs. W. P. Eaton, of Grand Pre, were in town yesterday. Mr. Eaton was for forty years a mail clerk in the Canadian Postal Service, and for a great many years was on the Yarmouth-Halifax run on the D. A. R. Yesterday he renewed many of his old acquaintance and this morning with Mrs. Eatons left for Annapolis Royal to spend the week end with Ex-Mayor and Mrs. George Hawkesworth, another of his former colleagues in the mail services. Yarmouth Telegram.

The net receipts of the dance and card party given in the Fruit Warehouse was \$70.90 and those in charge have divided this money between the Prisoners of war, and the Chronic Tobacco Funds for soldiers.

As announced last week Mr. William Regan, received the sad intelligence that his daughter Hazel (Mrs Frank Madden, had died in Dorchester Mass. Deat hwas the result of Spanish Influenza on Sunday Sept. 29th., She was married but 15 months ago and was 24 years of age and leaves a husband and infant

Corner Cornwallis & Aberdeen Streets

Supreme Court

The October term of the Supreme Court opened at Kentville, on Tuesday last with his Honor Mr. Justice Cr.-holm, presiding. Besides the members of the local bar were present Mr. Sangster K. C. of Windsor and Mr. Herman C. Morse of Bridgetown.
Mr. W. E. Roscoe K. C. on behalf of the members of the bar congratulated his Honor on his elevation to the Bench this being his first session here since his appointment.
The Criminal docket was as follows:
The King vs. Ansley McDow for manslaughter
The King vs. Judson Webster
The King vs. Ambrose DeAdder
The King vs. Loring Parks.
The Grand Jurors were duly sworn and after deliberation returned the

bills in all four criminal cases
The case against McDow for manslaughter arising out of the recent auto accident at Wolfville, and the death of the little Bishop girl of New Minas. The case lasted until Wednesday morning and a number of witnesses were examined as follows; Charles Hogan, Everett Smith, Dr. Elliott, Dorothy Bishop, Margaret McInnis, Mr. Gertrid, Robt Bishop, Mrs Margaret Schofield, Thompson, Tyle Hancock, Freeman Crowell, G. C. Gertrid, Lewis McGinnis, Frank Delabaunt.
At eleven o'clock Wednesday Mr. Sangster addressed the jury for the defence and Mr. H.-ley for Crown.
The Jury returned a verdict of guilty against McDow. His Honor has not yet delivered sentence. all day Thursday the case of The King vs. Jeremiah Webster was heard and many witnesses examined.
There are 13 cases on the docket at or the criminal cases are tried

THE ADVERTISER.

Kentville, Friday, Oct. 11th, 1918.

School Exhibition

On Tuesday October 2nd the Kentville School Exhibition was held in the Academy building. While by an oversight no public notice had been given in the papers, yet the attendance of visitors was a record one showing a deep interest in the agriculture and artistic work of the pupils of the different grades.

The school room presented a beautiful sight with the vegetables, seeds, flowers, etc., on display, showing that the prizes offered by the Manager of the Dominion Atlantic Ry. had awakened a deep interest in home production which probably the pupils will continue in after years.

The number of exhibits was far in advance of last year and the work of the pupils in drawing, collections of pressed flowers, weeds, moths, etc., was very fine.

The fall prize list which will be published later will show how representative was the exhibit.

Mr. A. W. Patterson, of Hantsport received word last week that his son, Private I. Patterson, had been wounded.

Returning to Kentville

FREDERICK W. MAYOR
an Eminent Toronto
EYE SPECIALIST
is returning for 2 weeks
Starting Monday, Ending Saturday,
Oct. 28th Nov. 9th

"He Looks into the Eye"
Owing to the remarkable success of this specialist during his recent visit to Kentville, and the many requests for his services since his departure, I have engaged Mr. Mayor, the eminent Toronto Eye Specialist, for a return visit, and his wonderful "Luminoscopy Shadow Test System." He will at the same time demonstrate this wonderful system to all who wish to consult him **Free of Charge**. Those with defective vision, headaches, or who suspect eye weakness, or those old chronic hard cases who have yet to receive future satisfaction, should avail themselves of this rare opportunity of consulting an eye specialist of the **QUALITY** and **PROFICIENCY** of Mr. Mayor.
Mr. Mayor's recent success here proves his ability to you.

Make an appointment for any morning, afternoon or evening
By Tested FREE Satisfaction Guaranteed.

North Mountain Railway Has Visitation

On Tuesday of last week a large delegation from Kentville were guests of General Manager Graham on a run over the new North Mountain Railway branch of the D. A. R.

The party consisted of Mr. Graham, Mr. R. U. Parker Halifax, Mr. A. E. Chesley, Mr. Commeau, General Freight agent all of the D. A. R. Mavor Yould, and members of the Kentville Town Council President Blair and members of the council of the Board of Trade.

The party left Kentville, at noon on the regular western train and lunch was served soon after departure. At different stations the following joined the party each bringing a bountiful display of apples, pears etc. J. A. Kinsman, Blake Clarke, Harry and Thomas Clarke etc.

Although the day was stormy one the country all along the line showed how great an agricultural and fruit district this branch line was serving. The farmers who joined the tour were able to tell of the crops raised on different farms and compare the time now taken in getting their produce to the railway with the time when it took them nearly all winter to haul their fruit and potatoes from 4 to 6 miles to the main line. The warehouses along the line, were filled and busy and our train on its return had twelve cars filled with fruit, on its arrival at Kentville.

Everyone was astonished with the fine farming district along the line and the great feeder this branch will be to the main line. A hearty vote of thanks and cheers were given Mr. Graham, for giving so many an opportunity to look over this part of our county Mr. Graham in responding hoped all would do their utmost to promote production so that such an expensive branch railway would not only prove profitable to the D. A. R. but help in the necessary production of the Empire.

WEDDING BELLS

ROSCOE RUGGLES

An event of special interest took place at Bridgetown Wed. Sept 25th when Major Barrie W. Roscoe D. S. O. of Kentville was united in marriage to Miss Louise Thorne Ruggles the ceremony was performed by Rev. E. Anderwood, Rector.

The flower girls were Miss Eleanor F. daughter of Major and Mrs. J. F. Taylor, and Miss Gwen R. daughter of Prof. and Mrs. Rosenberg, of Halifax. The groomsmen were Capt. David M. C. of Halifax, while the ushers were Major Frank Gow, Capt. H. L. of Halifax, and Sergt. Major George Gill, of Bridgetown. The church was magnificently decorated with potted plants, ferns and cut flowers. After the ceremony lunch was served to about 50 guests at the residence of the brides parents Mr. and Mrs. Harry Ruggles. The presents were very numerous and costly.

Major and Mrs. Roscoe were conveyed by auto to Kedgemakooge where they will spend a two weeks honeymoon then touring several Canadian and American cities will settle at Halifax.

The groom, groomsmen, ushers and military guests were all returned men who had done noble service

for their King and Country.

Arenburg-Driscoll

A very quiet but pretty wedding took place at St. Joseph's Church, Kentville, on Sept. 30th, when Miss Irena Driscoll daughter of Mr. and Mrs. Jas. Driscoll, of South Alton, was united in marriage to Mr. Cal. b. Arenburg, of Kentville. Rev. Dr. Donahue officiating. The bride looked neat in a navy blue suit with hat to match and carried a white Prayer Book. The groom's sister and brother acted as bridesmaid and best man. A chicken supper was served at the groom's home with invited friends and relatives. The presents were many including silver, china, glass and furniture. The groom's present to the bride was a beautiful silver Rosary case. Mr. and Mrs. Arenburg will reside in Kentville.

McARTHUR BORDEN.

The marriage of Miss Helena G. Borden, daughter of Mr. and Mrs. John Borden, of Sheffield Mills, to J. Archibald McArthur, of this city, was solemnized at 3 o'clock of Wednesday afternoon in the Presbyterian church at Canard. The church had been prettily decorated by the girls friends of the bride. Miss Borden, who was unattended, was given in marriage by her father,

and wore a navy blue serge suit, with marten furs, and carried a bouquet of roses. At the conclusion of the ceremony the bridal party motored to Kentville, where the happy pair boarded the train for Halifax, and will visit other cities in the maritime provinces. The bride was the recipient of many pretty and useful presents, among which was a silver service from the staff of Vassie & Company where she was employed.

Lieut. Ernest Pike, was injured at the Experimental farm over a week ago while engaged in operating a tractor. He had his right foot and leg severely cut his left ankle crushed and the old wound he received while in action was freshly opened up. It is hoped that an amputation of the limb will not now be necessary.

Sergt. Dean White

The following from the Summer-side Pioneer refers to a brave son of a former Rector at Kentville:

"An exceptionally large number of friends and acquaintances have been deeply grieved to learn that Sergt. Deane White, eldest son of Rev. C. DeWolfe and Mrs. White, of Summerside was killed in action in France on Sept. 2nd. This brave Summer-side boy was not yet eighteen years of age when, at the beginning of the war, he volunteered for active service and succeeded in enlisting for garrison duty at Halifax. When the 105th Battalion was recruited he joined that regiment and was one of the most popular and enthusiastic of them all. He went with them Overseas and was transferred in England with an early draft of reinforcements to the Fighting 26th., which has recently suffered so many casualties and possibly seen more fighting than any other Canadian regiment. In the bright future that has been so heroically cut off, his bereaved parents and relatives have the deep sympathy of the community and the consolation that he did his full duty and his bit. Of a family of ten brothers and sisters who are left to mourn only one other is yet of military age and he, Cadet Ross White, is now in training at Toronto with the Royal Air Force."

British Closing in on Cambrai

LONDON, September 29th.—The British encirclement of Cambrai progresses favorably and Field Marshal Haig in his official report today says that Canadian troops have captured the defense system known as the Marcoing-Masnières line as far north as Sully. Since Friday morning the British captured more than 16,000 prisoners.

PARIS, September 29.—The American army operating on the Champagne front has captured Briailles-Sur-Meuse and Romagne, west of that town on the outskirts of the forest of Romagne and the attack is progressing favorably.

20,211 Cases of Spanish Influenza in American Camps

Washington, Sept. 23.—Spanish influenza has now made its appearance in at least twenty-five army camps over the country. The surgeon general's office announced tonight that the total number of cases has increased to 20,211, including the 2,225 new cases reported up to noon today. Seven camps reported influenza for the first time today.

A TALENTED FAMILY.

Crisis in Germany

Copenhagen, Saturday, 21.—(By the Associated Press)—That the political crisis in Germany is intensification of which in the last few weeks has been plainly indicated in various ways is rapidly coming to a head appears to be evidenced by the uncertain supply of news from that country in the last twenty-four hours.

A Sense of Shame

"The Kaiser is always talking about God," said a politician in a recent talk. "The Kaiser bombards a Paris church and kills fifty girls and women. To God be the praise," he said piously. He sinks hospital ship that he'd promised to protect. Here is proof," he declares that God is on our side, "Bah! It seems to me that the Kaiser would do better to show some spirit that animated little Tommy Jones. When Tommy red-eyed and sniffling, was permitted to come forth at last from the black closet, his mother said severely: "I hope you told the Lord about it. I hope you asked his forgiveness. "No ma'am," I didn't, Tommy sniffed. I was so bad that I didn't think you'd want it known outside the family."

An elaborately constructed mine of German type, thought to have been placed off Fire Island by the submarine which recently operated in those waters, was found floating just off State Park beach at Fire Island Saturday and was towed in by the crew of a patrol boat stationed at the inlet. When taken apart it was found that a defective wire had prevented the mine from exploding.—Lunenburg Enterprise.

Hopeful Sign From Russia

WASHINGTON, Sept. 26th.—A hopeful sign from Russia came today in news reaching the State Department that the Government of the North in Archangel had notified the pan-Russian conference, now in session at Ufa, of its acceptance of its plan to set up anew the constituent assembly as the general governing authority.

Through this conference officials here believe a long step may be taken towards solving the internal troubles for Russia.

The death of Hazel a married daughter of Mr. William Regan Wolfville took place in Boston this week.

Fertilizers for 1919

(Experimental Farms Note)

Now is the time for the farmer to plan his croppings for 1919 and in doing so to decide upon what fertilizers, if any, he purposes to use. Last spring there was considerable disappointment among farmers, especially among those who had delayed placing their orders till a few weeks before the season opened, as there was not only a shortage of material but transportation facilities were such that quick deliveries could not be made. There is no prospect that conditions will be better next spring and it therefore behooves the farmer this fall to carefully consider his needs, scan the prices and having made his selection to place his orders, stipulating an early delivery. Co operation in ordering may effect the saving of a considerable amount in purchasing and freight rates.

During the last ten years there has been considerable increase in the number of farmers in British Columbia, Quebec, Ontario and the Maritime Provinces using fertilizers, but unfortunately but a small percentage of them have any definite knowledge of the profit that may have resulted from their application. There will always be a degree of uncertainty as regards results from fertilizers, chiefly owing to the fact that seasonal conditions cannot be predicted, but with close observation from carefully planned work, a very great knowledge may be gained as to the kind and amount of fertilizer which will prove profitable. A series of adjacent plots on fairly uniform soil, each with a different amount or combination of fertilizer fertilizer and sown to the same crop, furnishes the most reliable means of learning the most profitable application, but if time and labour do not permit of the adoption of this plan, a strip of the field, well staked, should be left unfertilized, and its yield weighed against that of a similar sized strip on the fertilized area. From the results so obtained the profit or loss from the application of the fertilizer may be readily obtained.

A considerable saving may be usually effected by buying fertilizer ingredients nitrate of soda, sulphate of ammonia, superphosphate, basic slag, etc., than by purchasing ready mixed fertilizers, and this course also furnishes valuable information for future guidance obtainable in no other way.

Information and advice regarding the use of fertilizers will be gladly given as far as may be practicable, by the Division of Chemistry, Central Experimental Farm, Ottawa.

Would Account For About 80,000 Turks

LONDON, Sept. 26th.—The Fourth Turkish Army on the Palestine front is virtually surrounded in the region east of the Jordan and faces annihilation by General Allenby's forces, today's advices show.

The total of prisoners already taken was increased today to 45,000.

The annihilation of the fourth army, now hoped for, would complete the cleaning up of the Turkish forces in Palestine, accounting for about 80,000

A Washington despatch says: Thirteen ships of all types of 55,000 tons deadweight were completed and delivered to the emergency fleet corporation during the week ending September 20th. The figures, made public today show there were six steel ships of 31,400 tons capacity and seven wood and composite ships aggregating 24,500 deadweight tons. Launchings during the week numbered seventeen, of a deadweight tonnage of 72,700. Among these were eleven steel ships of 50,300 deadweight tons and six wood and composite ships of 50,500 deadweight tons and six wood and composite ships of 22,200 tons.

French Hold all St. Quentin

French Headquarters in France, Oct. 2.—(Reuter)—The whole of St. Quentin is now in the hands of the French.

Reprisals for Destruction Urged

Washington, Oct. 2.—An ultimatum to Germany regarding the ruthless destruction of cities and private properties in northern France and Belgium is being urged on the Allies and is under consideration.

The burning of Cambrai and St. Quentin and the devastation of one of the most populous regions of Europe on the German retreat, has aroused great indignation and it was said in diplomatic circles today that Germany would be warned that if she allows the work of destruction to continue, severe reprisals will follow.

It is suggested that the cities of the Rhine should be marked for destruction and the Berlin Government told that for every French and Belgian city ruined without military reason a city equally important and valuable sentimentally and materially will be laid waste.

Germans Prepare To Evacuate Belgium

Amsterdam, Oct. 2.—Plans for the evacuation of Belgium, if necessary, have already been prepared, according to Baron von Fa'kenhausen, military governor of Belgium, press despatches received here today reported.

Washington, Oct. 2.—Further evidence of German preparations of evacuating the Belgian seacoast reached the State Department today in despatches saying hospitals, post offices and the contents of storage houses of German fourth army district were being moved back and turned over to the military government in the interior. German civilian authorities are being generally recalled and strict regulations affecting the maritime district are being enforced. Reserves in Belgium which are to be sent to the front by the Antwerp navy staff, are said to be preparing to leave Belgium.

It is just at this time that the Bulgarians are forced to meet a heavy Allied attack in Macedonia. It is estimated that the Allied forces on the Balkan front now number approximately 500,000 men, of which total 20,000 are Greeks, 100,000 are Serbians, and 200,000 are French British and Italians. It appears that there are few if any German troops assisting the Bulgarians. The prospect of help from Germany is not good, and as the Bulgarians and the Turks have been at odds for some months past it looks as though the Bulgarians would have to fight without assistance. Facing such a situation, and knowing that the Germans and Austrians have begun to talk peace, the Bulgarians may be tempted to seek terms for themselves. Evidently the new Allied offensive in the Balkans promise important developments.

Turkey Makes Further Appeals To The Entente.

London, Oct. 2.—Turkey has made further indirect appeals to the Allies through financial channels which are being considered by the British War Cabinet, the Standard says it learns on good authority, "important developments," the newspaper adds, "are expected."

A Great Victory.

British Headquarters in France, Oct. 2.—(Reuter's) The long, bitter battle is still raging, but it has turned so definitely in favor of the British that it is scarcely even now premature to hail it as a great victory.

French Reach Aisne Canal

London, Oct. 2.—(By the Associated Press)—General Berthlot's army this afternoon reached the Aisne Canal at several points. The Germans are retreating all along this front. The progress of Allied arms in Flanders continues unchecked notwithstanding the stiffening resistance of the Germans.

Germans Hastily Removing Booty From Lille City.

Paris, Oct. 2.—(Havas) The Matin announces that the Germans are evacuating Lille and that the commander there has requisitioned all means of transportation, even wheelbarrows and baskets, to take away the booty. The newspaper adds that the evacuation of the townspeople to Belgian towns near the German border is being pursued hastily.

Americans eat only three lbs. of cheese a year, on an average while British eat 11 pounds each, and the French and Belgians average about 30 pounds each year.

Two barrels of seed lobsters have been put into the bay off the Swampscott shore. The lobsters weighed from 6 to 8 lbs each and were loaded with from 15,000 to 25,000 eggs.

The U. S. Government wants thousands of woodsman to go down to the Maine lumber camps, prepared to cut spruce for airplanes, and partitioned inspired with a grim determination not to spare that tree.

The Alien Property Custodian in the United States, has just seized all the property of the American Transport Company proved to be a German concern; and the value runs up to \$13,000,000.

LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps is the discovery! Peps are little tablets, containing certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence the work of healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

Peps

The Tons You Eat

The Millennium Guild takes the daily average of half a pound of meat eaten by each inhabitant of the United States and finds that in 50 years the average meat eater consumes four tons and a half or, to put it in another way, this average person at the end of 50 years, has eaten enough tons of meat to be the equivalent of 6 beef cattle, 15 calves, 22 sheep, 40 lambs, 10 hogs, 100 turkeys, 200 chickens and ducks, one deer, besides pigeons and small birds a goodly number. What a slaughter-house we have made out of the world! Yet two thirds of the population of the globe, it is estimated, never eat meat. Among these latter are millions of sturdy, healthy toilers. We also know that the horse, the ox, the elephant—strongest of our animal workers, build their strength on grasses and cereals.

Nothing in the Lavender Report

After a most thorough investigation, the military authorities have reached the conclusion that there is nothing in the story of a foreign woman selling disease carrying sweet Lavender powder on the streets. The woman was arrested and held by the authorities, pending an investigation. However to safeguard the public against any attempt to spread diseases, the authorities advise the citizens requiring sticking plaster or talcum powder not to buy them from persons on the streets, but through the proper channels. — Chronicle

That 4,750,000 people have died of starvation in Europe since the war began and that even more will die in Russia during the coming winter, was the startling statement of Henry E. Thomson, food controller of Canada.

"Spanish Influenza"

(Issued by the Department of the Public Health, Nova Scotia)

In the last issue of the "Quarterly Bulletin" the opinion was expressed that this province was unlikely to escape an invasion by the condition known as Spanish Influenza, which at that time had for some months prevailed in epidemic form throughout Europe. Unfortunately the prediction has been fulfilled. The disease has found its way to the North American Continent, and has become epidemic in many localities. Nova Scotia has not escaped, and from several parts of the province it has been reported as quite prevalent.

The condition resembles in many particulars the old-fashioned la grippe, but the bacteriological investigations which have been made have shown the influenza bacillus to be present in but a small percentage of cases, while other organisms, causative of inflammatory conditions of the respiratory tract are quite common.

Clinically the disease has been characterized by an acute onset, symptoms developing with such rapidity that the victim may have to stop within a few minutes. Pains in the head, back and other parts of the body, dizziness and weakness, slight soreness of the throat and sensitiveness to light are complained of. The temperature rises quickly to 103 degrees or 104 degrees F. Movements of the eyes from side to side, and suffusion of the whites of the eye's are not infrequently noticed.

As a rule the attack is of short duration, but it is important to note that relapse is not uncommon, so the patient should be warned against too early a return to duty. Occasionally the course is somewhat erratic with an irregular fever which may be due to bronchitis, bronchiolitis, bronchopneumonia or a bacterial invasion of the blood stream. The respiratory tract usually bears the brunt of the attack. Cases of gastro-intestinal type are unusual, and the diagnosis of gastro-intestinal influenza is looked upon with some suspicion in view of the likelihood of disturbance of the digestive tract being dependent upon food which is either more or less decomposed or which through the exigencies of the time is of a character to which the individual is unaccustomed.

The disease generally runs a favorable course, and fatalities have been rare. In contrast with previous experiences with influenza, serious complications and disabling sequelae have been unusual, through weakness sometimes persists for a considerable time.

In treatment, rest in bed is requisite and should not be abandoned too soon. A preliminary purge is advised. Aspirin and the salicylates give relief from the discomfort, but care is to be exercised in the use of any drug which may add to

depression, and such drugs should be taken only upon a physician's advice.

Crowding and imperfect ventilation appear to have a marked influence in spreading the disease. Free ventilation is therefore imperative as a preventive measure. The infective element is given off particularly in the discharges from the respiratory tract. Such discharges should consequently be promptly destroyed, and every effort should be made to limit the issuance of the organisms in the spray caused by coughing, sneezing and loud speaking. Prophylaxis is therefore similar to that in any infectious respiratory condition. Doubtless many cases of the disease are so mild that the victim does not lay up, but goes about spreading the infection. Hence the need for constantly urging everybody to pay strict heed to the small rhyme:

"Cover every cough and sneeze,
For if you don't you'll spread disease"
To avoid infection, keep away from crowds, dodge the careless cougher and sneezer, get plenty of fresh air indoors and out of doors, and endeavour to keep general health good October 1, 1918.

The Earl of Minto, son of a former governor-general of Canada, has arrived in Canada to take the position of aide-de-camp to the Duke of Devonshire. He is a captain in the Scottish Guards and has seen service in France.

DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

AUTO-INTOXICATION OR SELF-POISONING

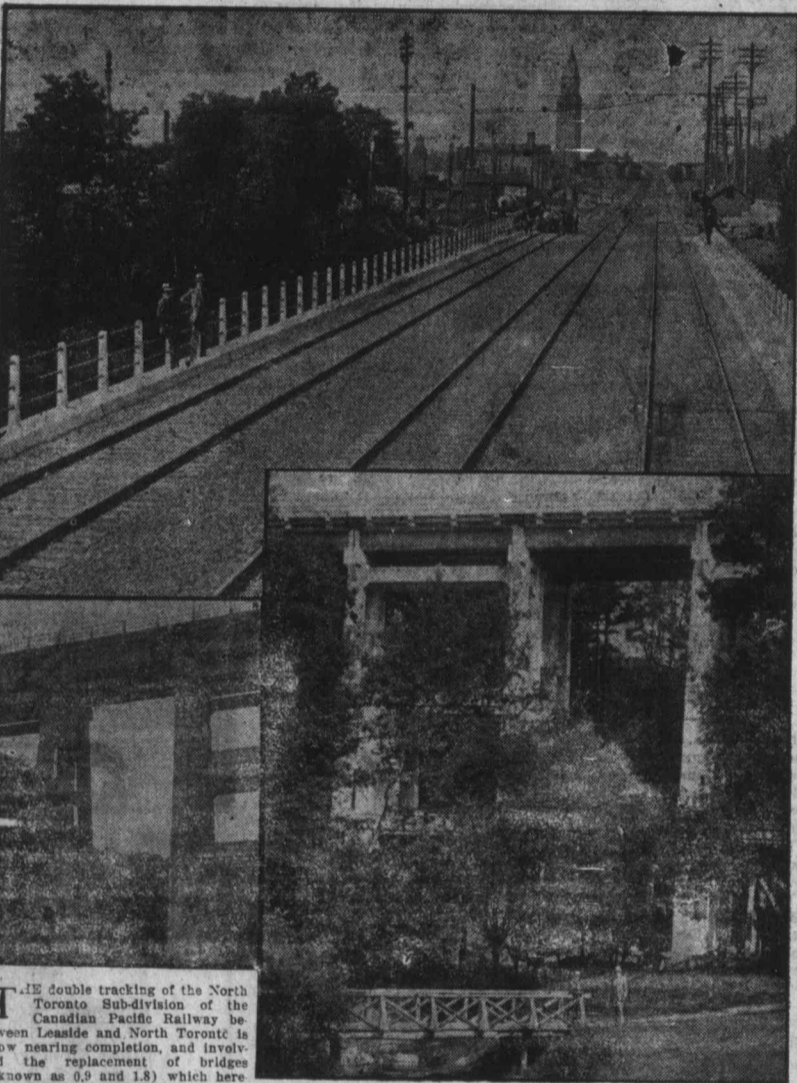

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rashes, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Record In Concrete Bridge-Building

THE double tracking of the North Toronto Sub-division of the Canadian Pacific Railway is now nearing completion, and involved the replacement of bridges (known as 0.9 and 1.8) which heretofore had been trestles constructed of steel. Owing to the high price of steel and the difficulty of procuring it since the war began it was found that reinforced concrete competed successfully against steel.

The bridges were therefore constructed of this material and are a triumph of railway construction work. No. 0.9 being 386 feet long and 90 feet high carrying two tracks and No. 1.8 of similar dimensions but a three track structure. The length of the individual spans and the details of their construction are unprecedented in the engineering world. Previous to this no reinforced concrete beam with a length of more than about 25 feet had been attempted; the spans of these two C. P. R. structures are each from 35 to 37 feet long. These spans have been made possible by the employment of unit construction by which each span was designed as two T-beams which, after being manufactured near the work, were laid side by side on the previously built reinforced concrete towers. The towers themselves are really reinforced concrete buildings constructed in the usual manner by means of wooden forms built around a steel reinforcement

which was previously assembled and securely wired together. When all was in readiness the concrete was poured by means of long spouts which led in several directions from the main mixing tower. The pouring of the concrete was maintained as continuously as possible until a whole tower was completed. This work was done during the winter at a time when the temperature was below freezing point; it was performed inside of what was virtually a building erected to maintain a suitable temperature around the newly deposited concrete until it was out of danger of being damaged by frost.

These two structures are provided with narrow sidewalks and hand-rails, which enable trainmen to move conveniently along side-standing trains. The hand rails add considerably to the aesthetic appearance of the structures, which are extremely artistic in appearance and at the same time satisfactory from a general and utilitarian point of view, besides being absolutely permanent. Both are designed to carry the heaviest engine in existence with a considerable margin of safety, and are epoch-making in the art of bridge engineering

inasmuch as they have demonstrated that reinforced concrete can take the place of steel for a very large number of permanent bridges.

These two structures are so solid that when passing over them on a train one gets the impression that he is on a solid fill instead of a bridge. The method employed in the erection of the reinforced concrete spans is a specially interesting feature of the structures. Each slab, as a unit, weighed 55 tons, which is the limit load that could be handled by the C. P. R. 100 ton standard wrecking cranes. The crane engaged handled no less than 110 slabs, each 55 tons in weight, or in all something like 6,000 tons, and all this was done without a single mishap to either men or material. Another remarkable feature is that both structures were built without interruption from June, 1917, to July, 1918, which was a shorter period than would have been required to manufacture and erect similar structures in steel. Passenger and freight traffic on the C. P. R. main lines was continued without interruption during the progress of these laborious works.

Operations on The Macedonia Front

Allied Forces Entered Kichovo While Serbians Occupied Heights Between Uskub and Bulgarian Frontier

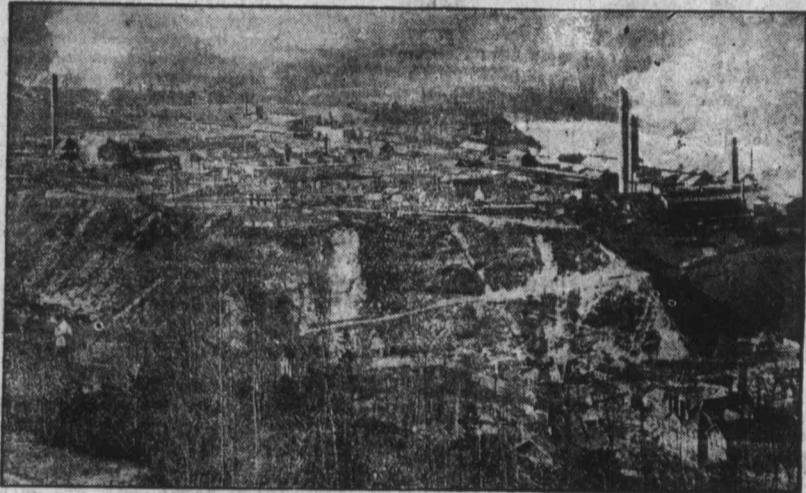

PARIS, October 2—(Delayed)—The Allied forces in Macedonia continued their progress until midday of September 30 according to the French war office statement of last night, and on the west entered the town of the chevo, twenty miles east of Kichovo.

On the north the Serbians occupied the heights of Gradishte and Plavise, between Uskub and the Bulgarian frontier.

In the regions of Lakes Presba and Ocarida on the Serbian Albanian border, the Austrians are putting up a stiff resistance to the Allied pressure.

Mr. Robie Parker, of the Royal Flying Corps Toronto, is home for a ten days vacation visiting his parents at Canning.

SMELTING IN EXCELSIS Canada's Only Refining Centre

The Great Smelter at Trail, B.C.

ALTHOUGH, as is well known, a world-wide attention was first directed to British Columbia by reason of the discoveries in the late 'fifties' and early 'sixties' of alluvial gold in the Fraser river, and in the streams of the Cariboo district—and for many years a rich harvest was reaped from these sources—mining as an important, basic industry of the Province—and it is now by far the most important industry in British Columbia—was not fairly launched until nearly forty-five years later; and the building of the Trail smelter in 1896 by that brilliant young American financier and copper king, F. Auguste Heinze, not only made Rossland, whose mines have since produced gold, silver and copper to the value of \$70,000,000 in round figures, but had the effect of enormously stimulating mineral development and the investment of capital in mining in other sections of the province. But Heinze was essentially a business man, and in establishing his smelter was certainly not actuated by philanthropic or altruistic motives. It was no part of his plan to operate the smelter for the profit of anyone but himself. Hence although he received a land grant from the Provincial Government as a consideration for the construction of the smelter and of a narrow-gauge railway to afford connection between the works at Trail and the mines at Rossland, and also obtained an assurance from the Dominion Government of a bonus of a dollar on each ton of ore treated, he also took care that the rate imposed on the treatment of customs ores should be a tolerably stiff one. In fact ere long, as the development of the mines progressed and it became necessary to market ore of a lower grade average, the margin of profit left to the miners after paying treatment charges became considerably restricted; and consequently the satisfaction was very general when in 1898 the reduction works and railway were acquired by the Canadian Pacific Railway, and the rates were at once reduced very materially. It is fair, however, to state that the new owners were in a much better position to undertake to smelt at a lower cost owing to the great cheapening of fuel following the development of the Crewe's coalfield. In 1906, the smelter became the property of the Consolidated Mining and Smelting Co. of Canada, which also acquired

at that time the War Eagle—Centre Star group of mines at Rossland, the St. Eugene lead mine at Moyle and other properties, (which since have been further augmented) and the capacity of the plant was greatly increased, so that the undertaking now ranks as one of the largest and most important of its kind in the British Empire. This is attested by the fact that the smelter has treated to date 5,179,307 tons of ore—having a gross value of \$24,218,764 and representing 1,778,321 oz. gold, 27,509,350 oz. silver, 458,326,524 lb. lead, 75,047,410 lb. copper, and 23,656,996 lb. zinc. The site of the smelter was admirably selected having regard to engineering and commercial considerations and requirements on an elevated terrace of gravelly soil overlooking the Columbia river; and only a few miles distant are the magnificent Falls of Bonington, from which the plant derives its power. Moreover, ore can be shipped for treatment to this centre most readily and advantageously from the various localities in both West and East Kootenay, and indeed from much farther afield. In consequence the Trail smelter has become almost a national if not an international institution, since in recent years it has treated in addition to British Columbia lead, zinc and copper ores from the Yukon, Manitoba, and Ontario, from the United States and from China. From quite small beginnings the works have been expanded until they now cover many acres of ground, and when working at full capacity give employment to 1,600 men, a large proportion of whom are necessarily skilled. In this article it is not proposed to go into technical details, but it may be stated briefly that the main smelting plant consists of four copper blast-furnaces, four lead blast-furnaces, and two 13-ft. basic-lined converters, the product of which is refined locally, employing electrolytic methods. This latter, perhaps, is the most interesting part of the story; and as a national achievement reflects the greatest possible credit on those responsible for its successful establishment. Before the war the only useful metal in refined form produced in Canada was lead, which was exclusively undertaken at Trail; but all our copper and our zinc, both being by the way essential metals in the manufacture of munitions, were shipped out of the country as matte, or in other unrefined state, to be re-

fined, and then to satisfy our own requirements for these metals in finished or unmanufactured form we re-purchased at, of course, a vastly enhanced price representing the profits of manufacture in a foreign country plus the import duty. All of which was the reverse of good business. But the war, which has had so stimulative an effect on the national enterprise in general, influenced action beneficially in this direction also; and upon the urging of the Munitions Board those in charge of the Trail Smelter set to work with a will, and succeeded after much experimentation in producing refined zinc electrolytically on a commercial scale. The plant now in operation has a capacity of from 60 to 70 tons of spelter daily, and last year produced 10,000 tons of zinc, having a value of \$1,000,000, which, as is stated in an official report, marks "an epoch in the metallurgical history of Canada." So also with the refining of copper, which before the war was on many sides pronounced to be an undertaking that could not economically be conducted in Canada, but which during the past two years has been most successfully carried on at Trail, the two copper converters installed in 1916 enabling the matte from the copper furnaces that previously had been shipped away for further treatment, to be converted into blister-copper, which in turn is refined electrolytically in a plant which had an initial capacity of 10 tons daily, but which since has been enlarged to handle five times that amount. Other products of the smelter are copper sulphate, lead pipe, shrapnel, wire, gold, silver, sulphuric acid, and hydrofluosilicic acid. In short, it is now as complete a metallurgical works as there is on the continent, and as such has played a most important and useful role in furnishing the metals needed for munition making in Canada, thus contributing materially to the effectiveness of the Dominion's war efforts. Nor does this complete its record for patriotic achievement. Since its proudest boast is that it has an honor roll on which is inscribed the names of something like three hundred of its employees, who enlisted voluntarily for overseas service early in the war. Among these are several members of the engineering staff, all of whom have won distinction for conspicuous gallantry and devotion to duty in the battle-fields of France and Flanders. It is

NOTICE—MILITARY SERVICE ACT, 1917 REGISTRATION OF UNITED STATES CITIZENS

Male citizens of the United States living in Canada of AGES 21-30, both inclusive, MUST REGISTER BY REGISTERED POST with the Registrar under the Military Service Act of the district in which they live, during the TEN DAYS NEXT FOLLOWING SEPTEMBER 28th, 1918; and such CITIZENS OF THE AGES 19, 20 AND 31-44, both inclusive, must so register during the TEN DAYS NEXT FOLLOWING OCTOBER 12th, 1918. It must be emphasized that THIS INCLUDES AMERICANS LIVING IN CANADA OF THE ABOVE AGES, MARRIED AND SINGLE, and includes ALSO ALL THOSE WHO HAVE SECURED DIPLOMATIC EXEMPTION OR HAVE REGISTERED WITH AN AMERICAN CONSUL, or HAVE REGISTERED FOR MILITARY SERVICE IN THE UNITED STATES.

Registration letters may be handed to local Postmasters for despatch to the proper Registrar, under the Military Service Act.

MILITARY SERVICE BRANCH.

NOTICE—MILITARY SERVICE ACT, 1917 MEN EXEMPTED AS FARMERS

Having in view the importance of leaving a sufficient number of men on those farms, which are actually contributing to the National Food Supply, notice is hereby given as follows:

1. ALL MEMBERS OF CLASS I POSSESSING EXEMPTION AS FARMERS which is expiring and WHO WISH TO REMAIN EXEMPT should communicate with the Registrars under the M.S.A., of their respective districts, REQUESTING AN EXTENSION IN TIME OF SUCH EXEMPTION. Questionnaires will thereupon be issued to these men by the Registrar and they will receive further exemption upon furnishing satisfactory proof that they are contributing sufficiently to the National Food Supply.

2. In order to facilitate productive employment during the Winter months, MEN EXEMPTED AS FARMERS SHOULD APPLY TO THE REGISTRARS FOR PERMITS TO ENGAGE FOR THE WINTER IN SOME OCCUPATION OF NATIONAL INTEREST, SUCH AS LUMBERING, MUNITION WORK, ETC. Such permits will serve to enable exempted farmers to pursue other useful occupations for the months during which farming operations cannot be carried on.

MILITARY SERVICE BRANCH.

For the next six weeks Canadians will have to rely to a large extent on farm dairies for their supply of table butter, as the creamery butter is all to go to Great Britain. The commanding process started on Monday and will last till November 9.

Metz, which is likely to be the first German fortress to fall, really belongs to France, as it is in stolen Lorraine, and a large proportion of its populace are former citizens of France. When the Allies are across the Rhine civilian Germany will realize fully what war means.

Foch told the Allied war correspondents at Headquarters the other day, that the Allies were "now over the crest and are going down hill." It was not an idle boast. Its truth has been so proved that even the Germans admit it.

The Socialist newspaper Voerwaerts whimpers that the Germans have their "backs" to the wall with death facing them. Sad as the outlook may be for the dear Germans, we quite agree that the Socialist organ has sized up the situation fairly well. And the worst is yet to come, for the "wall" is toppling to its fall.

Minard's Liniment used by Physicians.

MARRIED.

Bennette—Viner

On Sept. the 23 an event of interest took place at the home of Raymond Viner in Scotts Bay N. S. when Miss Winnie May Viner was married to Joseph Edward Bennette.

The wedding march was rendered by Lamont Coffil 1st. Violin and Truman Corkum 2nd. Violin. When the contracting parties attended by Ruth Coffil and Waldron Coffil, entered the parlor to be united in matrimony by the Rev. E. Franklin Petty.

The bride was becomingly attired in white, and carried a bouquet of sweet peas and white Asters.

The ushers were Pte Water Thorpe and Archie Steele. After the ceremony the assembled guests partook of a most enjoyable repast.

The wedding presents were beautiful and useful attesting to the interest of a number of friends, whose good wishes follow them to their new home.

WASHINGTON, October 2—Woman suffrage was beaten yesterday in the Senate. By a vote of 53 to 31 the Senate failed to give the two-thirds majority necessary to adopt the resolution passed by the House submitting to the states the Susan R. Anthony suffrage amendment to the Federal constitution.

Mrs. Ralph Shepard, and Mrs. Frances Austin of Smiths Cove were recent visitors here with Mrs. Melvin Woodman.

Save your Money and help Canada!

EVERY dollar of money in existence in Canada represents the products of individuals because money is only the visible symbol of the work of the hands or brains of individuals.

In this war, victory depends upon the way in which the assets of the people are devoted to fighting the war—in other words, upon how each person spends his money which represents his portion of the combined assets of the nation.

This nation's assets and resources are in the hands of eight million individuals—every single individual controls some part, large or small, of these resources. If those resources, represented by money and effort, are diverted from war purposes to those of private indulgence or needless expenditure, the war effectiveness of the nation is weakened to that extent.

Every dollar needlessly spent reduces the available resources of the individual and therefore those of the nation

When you spend a dollar self-indulgently you weaken your own position and your individual ability to help win the war by just that much.

When you save a dollar and put it where it can be called upon for use in the nation's service you add to your own resources and to those of Canada.

That is why Canada at this time asks each and every loyal Canadian to conserve and accumulate his and her cash resources, small however they may be, so that when they are called upon for the war they will be available.

Something New.

Many advertisers are constantly trying to think up "Something New" or "Different" and the results are startling to be sure, but certainly not convincing nor conducive to increase in the business of the advertiser.

The craze for originality is a mistake. People do not care for stunts or mental gymnastics. They do want to know the facts in regard to your business and whether you can offer better prices or better quality than your competitors.

Tell the facts in a straightforward, unassuming manner. You will gain the confidence of your patrons, and you will find that advertising pays abundantly.

COPYRIGHTED 1914 TRADE MARK BEALE SYNDICATE

What Canadians Did in One Day's Fighting

WITH THE CANADIAN FORCES IN FRANCE, Sept. 29.—The following are the net results to the Canadian corps of yesterday's fighting.

Penetration of about five miles with possession of the Canal Du Nord and a possible turning of the enemy position at Douai; capture of Bourla Wood which overlooks Cambrai and whose fall may follow in a few days; prisoners, 71 officers and 2,300 men passed thru the cages last night with a total of between three and four thousand men.

The prisoners are of the best type yet encountered, being most Prussians and Hanoverians. Our own casualties are less than the number

Amherst is not strong on Educational amusements but prefer the more sensational. That town turned down Chantaugua this season but welcomed William's Circus which was driven out of Halifax.

CANAAN.

A Red Cross Society was started a few weeks ago. The ladies met at the home of Mrs. Eisenhour. Mrs. McBride of Kentville being present to organize, and with her cheery manner and helpful suggestions did much to encourage all those who were present. The Society meets every Wednesday afternoon.

A very successful Pie Social was held at the Hall on Friday Sept 20th we understand the sum of \$30.00 was realized. The proceeds were for Red Cross purposes.

Several of our men made a trip to the Southward, on a moose hunt about a week ago.

Messers Walker and Keddy are kept busy at the threshing machine.

A valuable property is about to change owners in the near future.

Miss Margaret McDonell has gone to the United States to visit her brother, and will spend the winter there.

Mrs. H. R. Thomas visited friends in Kentville, recently.

Mr. and Mrs. Cavanaugh have been spending the Summer here.

Mr. David Kinsman spent the week end recently in Truro.

200,000 Prisoners Taken

The Allies Have Captured 40,000 in Three Days and 200,000 Since Offensive Began

LONDON, Sept. 20.—Latest despatches from the Western front says that everything is going well and that the allies have made distinct progress on all sectors under attack. Between Dixmude and Ypres six thousand prisoners have been captured and the Germans have been pressed back from four to five miles.

PARIS, Sept. 29.—French, British, American and Belgian troops in the last three days have captured 40,000 prisoners and 3000 guns, it is estimated here. Since July 18th, the allies have captured 200,000 prisoners, 3,000 guns, 20,000 machine guns and enormous quantities of material. This does not take into account the operations in Macedonia and Palestine.

C.E. F. Net Losses Over 115,000 Men

OTTAWA, Sept. 25.—To August 1st, 1918, the net losses in the overseas military forces of Canada in England and France were 115,806 officers non-commissioned officers and men This includes those killed in action or died of wounds, died, missing, prisoners of war, discharged as medically unfit, discharged to take up other lines of work and those non-commissioned officers and men given commissions in the Imperial Army.

It does not take into account officers and other ranks wounded in action who rejoined their units or are still fit for service.

Solomen's Temple

The temple of Jerusalem was built by King Solomen B. C. 1000 and was destroyed by King Nebuchadnezzar of Babylon B. C. 586. It was rebuilt by Zerubbabel 520 and partially destroyed by the Roman general Pompey in B. C. 63. It was rebuilt by King Herod B. C. 21 and finally demolished by the Romans under Titus A. D. 70.

There is a big strike in the Clyde Ship yards and all the men are idle. The men demand minimum wage of about \$25 a week.

What Will Relieve Kidney or Bladder Troubles

This is a question that thousands of people have asked; and a question that has been answered for them by the practical demonstrations of Gin Pills. Read these testimonials and realize the satisfaction that thousands of people have derived and from the relief they have been given by taking the same, and expressing their gratitude for Gin Pills.

Mrs. B. Walters, of Savona, B.C., writes:—

"I advise people who have not used Gin Pills to try them, as Gin Pills are within the means of rich and poor. I have been troubled for years with weak kidneys, and one box of Gin Pills cured me. I recommend them as an absolute and reliable cure."

Mrs. Butler, of Vancouver, sends this message:—

"I think it my duty to write and tell you that I think Gin Pills a sure cure for kidney trouble. I suffered much with my kidneys until I took Gin Pills; now I would not be without them in my home."

Can you have any doubt that Gin Pills have accomplished such wonderful results? If you have—you need not spend a cent on them until you have tried a sample box free. Just write to us and when you receive the box give Gin Pills a trial—and be convinced by results. Sold by dealers everywhere at 50c a box.

The National Drug & Chemical Co. of Canada, Limited, Toronto, Ontario. U. S. residents should address Na-Drugs Co., Inc., 802 Main St., Buffalo, N.Y. 12

The apple market continues rather dull. The growers in Nova Scotia apparently have their ideas of prices based on last year's prices, but from the government report we notice that apples in Ontario are being purchased at \$3.50 a barrel for number ones and twos, and when we take into consideration that the freight this year from the Valley to Ontario points is about a dollar it will be seen that our growers must not expect too big prices for their fruit in order for us to compete.

It will probably be a mistake for our growers to hold off selling their fruit too long, as the bulk of our crop should be marketed before Christmas. The best demand on our local markets for our fruit is from now up until Christmas. After Christmas the local markets always become very dull. This was noticed last season, and it was after Christmas last year that the big slump came. After the first of the year the fruit markets are always very dull, and then American box apples will start moving and they always have the preference over barrelled apples. At the present time, Ontario buyers in Nova Scotia are conspicuous by their absence.

Nova Scotia First

The first Sunday School in Canada was organized at Lyon's Brook, Pictou Co. 150 years ago. Mr. James Davidson was the organizer, who came to Nova Scotia, in the same ship with Rev. Daniel Cock, the first Presbyterian Minister of Truro, in 1769. The school, has an unbroken history and is still flourishing. Truro News.

LOST:—Strayed from Joseph Bennett's mountain pasture during summer a three year old heifer, white body, mixed red and white head and neck marked, crop off right ear, slit in crop hind gad in left ear. If found please inform. MRS. EVERARD EATON, Lower Canard

Notice to Apple Dealers and Growers

I have just received a shipment of "Gifford" Fruit Sizer, and am prepared to make immediate delivery. This is a perfect working machine and gives splendid satisfaction. For further information apply to J. HOWE COX, Cambridge Station, Kings Co., N.S. Aug. 30-3m.

BA SCAR

"Such relief I felt from Zam-Buk to my hand!" writes Mrs. M. 416 Timothy St., M. "I was standing when the kettle boiled which I had in the did not ease the but peeled off and the that I got no sleep. Then I comment Buk, and the first me wonderful relief cool the burning so to sleep, and from began to heal. Zam-Buk should be in the house for knocks, and for eczema, pimples, ulcers and piles equalled. All deal Co., Toronto, 50c

BAD SCALD

"Such relief I felt when I applied Zam-Buk to a badly scalded hand," writes Mrs. A. Hiseley, of 416 Timothy St., Montreal.

"I was standing near the stove when the kettle boiled over on my hand. I applied some ointment which I had in the house, but it did not ease the burning. The skin peeled off and the pain was so bad that I got no sleep for two nights. Then I commenced using Zam-Buk, and the first application gave me wonderful relief. It seemed to cool the burning so that I was able to sleep, and from then the scald began to heal. Zam-Buk grew new skin over the sore place and before long my hand was quite all right again."

Zam-Buk should always be kept in the house for cuts, burns and knocks, and for eczema, ringworm, boils, pimples, blood-poisoning, ulcers and piles. It cannot be equalled. All dealers of Zam-Buk Co., Toronto, 50c box, 3 for \$1.25.

Beilin's Complaint.

Germany's latest complaint that the American army is not playing fair and is violating the Hague convention rules challenges admiration for her single track audacity. Her wail is that the Yankees use shot-guns and buckshot, which cause "unnecessary suffering." Her great respect for Hague rules at this late date is hard to appreciate, says the Boston Post. No regret is expressed for her own introduction, of poison gas, crucifixion of prisoners, pollution of water, U-boat murders and ill-treatment of non-combatants. She has taken a page from the book of her ally, Baja, the Turk bandit, who criticised his rival Hamid, the Arab, for inhumanity on raids. "He isn't decent," said Baja; "he cut their ears off. I stab them in the back."

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to a factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. ANNA METTERIANO, 38 West 10th St., Peru, Ind.

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

British Losses In September Under 100,000

London, Oct. 1.—Casualties among the British forces reported during the month of September totalled 94,937 officers and men, divided as follows: Killed or died of wounds, officers 1,899; men, 14,914. Wounded or missing, officers 5,573; men 72,551.

Gray Hair Health
A preparation for restoring natural color to gray or faded hair, for removing dandruff and for a hair-dressing. In red and blue. Generous sized bottles at all dealers, ready to use. Price: 15c per bottle. N. J.

Germany and Austria Request Immediate Conclusion of an Armistice by Belligerents.

Chancellor Maximilian and Baron Burian Propose Cessation of Hostilities for purpose of Negotiating Terms of Peace to be Based Upon President Wilson's Programme, as Announced by him to Congress in January.

London, Oct. 6th.—Prince Maximilian of Baden, the German Imperial Chancellor, announced in the Reichstag yesterday that he had sent a note through the Swiss Government to President Wilson, in which Mr. Wilson was requested to take up the bringing about of peace and to communicate upon the subject with the other belligerents.

The German Note

Amsterdam, Oct. 6.—The text of the note follows. "The German Government requests the President of the United States to take in hand the restoration of peace, acquaint all the belligerent States of this request and invite them to send plenipotentiaries for the purpose of opening negotiations.

It accepts the programme set forth by the President of the United States in his message to Congress on January 8th., and in his later pronouncements, especially his speech of September 27, as a basis for peace negotiations.

With a view to avoiding further bloodshed, the German Government requests the immediate conclusion of an armistice on land and water and in the air."

Austria's Request

Paris, Oct. 5th.—The Austro-Hungarian Minister at Stockholm has been charged to request the Swedish Government to transmit to President Wilson a proposal to conclude immediately with him and his Allies a general armistice and to start without delay negotiations for peace.

Armentieres Evacuated

Lens Has Also Been Abandoned by the Germans

Other Towns Captured by the British Forces

Berlin, Oct. 3rd.—(Via London)—Lens was evacuated by the Germans on Tuesday night, the war office announced today. Armentieres was evacuated the same evening.

British Headquarters in France, Oct. 3.—(By the Associated Press)—Field Marshal Haig's forces are reported to have captured Ramiscourt, Gouy, Le Catelet and Sequehart. This has not been officially confirmed. More than two thousand Germans have been taken prisoner today by the British.

Allies Take Over 133,000 Prisoners Sept. 10th., to 30th.

During Fighting in France and Belgium; Huge Quantity of Guns and Other War Material.

Paris, Oct. 3rd.—During the period from Sept. 10th., to Sept. 30th., the Allied armies in France and Belgium have captured 2,844 officers, 130,192 men, 1,690 cannon and more than 6,000 machine guns, according to an official statement issued last night. Since July 15th., and up till Sept. 30th. the Allies have captured 5,518 officers, 248,494 men, 3,669 cannon; more than 23,000 machine guns and hundreds of mine throwers, the statement says.

Proposal Scorned by Press of France and United States.

Germany Must First Proffer Her Sword to Allied Commander-in-Chief in Token of Unconditional Surrender, is the Demand Voiced by the Newspapers of Paris and New York.

Paris, Oct. 6.—The Paris newspapers are unanimous in their demand for complete victory. The present peace move is sneered at. A demand is made for the entire submission of Germany and that the Germans be disarmed.

Unconditional Surrender

Paris, Oct. 6.—Unconditional surrender characterizes the general comment in Paris on the demand for peace sent by the Central Powers to President Wilson. It is felt here that Germany and her allies have not gone far enough in their request to the President for an armistice, and that although they have stated that they are willing to talk peace on President Wilson's plans, they have not shown submission, such as was forced upon Bulgaria.

Unanimous and Forceful

New York, October 6.—In unequivocal and forceful terms, the peace proposals of Prince Maximilian are rejected unanimously by the press of the United States. From all sections of the country from Maine to California the nation's newspapers tomorrow morning will voice the demand that no peace terms shall be considered by the allied nations until Germany proffers her sword to the allied commander-in-chief as token of unconditional surrender.

Damascus is Now in the Possession of the British.

Over 7,000 Turks Were Captured When Troops Under General Allenby's Command Occupied the City.

London, Oct. 3rd.—More than seven thousand Turks were taken prisoners when General Allenby's forces occupied Damascus, the war office announced last night.

The statement says: In Palestine, troops of an Australian mounted division entered Damascus Monday night. At six a. m. Oct. 1st., the city was occupied by the British forces and by a portion of the Arab army of King Hussein. Over seven thousand prisoners were taken.

After its surrender with the exception of necessary guards, all the Allied troops were withdrawn from the city for the time being. The local authorities remain responsible for its administration.

Marie Morrissey TO SING AGAIN IN KENTVILLE

Marie Morrissey's many friends who listened to her beautifully mellow contralto voice when she sang here, will have the opportunity of hearing this favorite artist once more.

The New Edison Diamond Disc will compel Miss Morrissey to sing for you at any time and at any place.

No one who heard the comparison of voice and reproduction at the Strand, will ever again doubt the reproducing powers of the Edison. If you would like to have Marie Morrissey or any of the other famous Edison artists to sing in your home, and Edison will give you this privilege.

You are invited to make a thorough inspection of the New Edison Models at our phonograph saloons.
