

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XLI. No. 47.

WOLFVILLE, NOVA SCOTIA, FRIDAY, September 8, 1922

\$2.00, payable in advance.

TOWN COUNCIL

Holds Regular Monthly Meeting—Main Street East to be Repaired

At the regular monthly meeting of the Council on Wednesday evening the Mayor and all the Councillors were present.

The Streets Committee, through its chairman, reported that the expenditure in that department during August had been \$315.15. The work done included the practical re-surfacing of Main street, hauling gravel, trimming shade-trees and necessary operations at the dump.

Coun. Peck, for the Water Committee, reported that during the month \$208.84 had been expended and \$24.00 received by his department.

For the Sewer Committee Coun. Wheaton reported an expenditure of \$88.83, of which amount \$36.05 was for the sewer on King street authorized at the last regular meeting. The western outlet was reported to be now in a satisfactory condition.

The receipts from the Police Department were reported by the chairman, Coun. Whidden, to have been \$80.25, with an outlay of \$21.90. Plans for the proposed new lock-up were submitted and approved by the Council.

Coun. Eaton, chairman of the Poor Committee, reported that the expenses of his department during the month had been \$181.15.

Coun. Cox reported for the Finance Committee on the receipts and expenditures during the month. The overdraft was stated as \$550.09, which would have been converted into a credit balance if the amount spent on capital had been properly entered.

Petitions were read from residents of Gaspereau avenue and Pleasant street, asking that the street lights be extended in that locality, and the chairman of the Streets Committee was requested to furnish details as to required street-lighting, when a special meeting of the Council will be held to go fully into the matter.

The request of Policeman Crowell for a vacation of two weeks beginning Sept. 28th was granted.

The following accounts were read and ordered to be paid:

Telephone	\$ 30.95
E. F. Mahaney	40.25
Aut. R. S. Dakin	4.00
Andrew Delahant	8.75
Man. of Annapolis	117.50
Mrs. D. Lightfoot	3.10
C. C. Hancock	3.25
S. B. Rand	55.47
Burton Croft	12.00
A. P. Roberts	41.23
H. K. Pierce	15.25
Woodman & Co.	7.81
Children's Aid Society	2.84
E. C. Johnson	42.75
E. E. Wallace	6.75
D. A. R. Rent	30.00
W. A. Reid	1.80

Considerable discussion took place concerning the report of the Streets Committee and the chairman was requested to make much needed improvement in the condition of the east end of Main street, which was reported to be in a very bad state. It was thought that the necessary work might be done for about \$25.00.

The public-scale came in for considerable attention, it being reported that the scale had been condemned by the inspector. It was finally resolved that "the town scale be handed over to Mr. A. M. Wheaton to be repaired and used for his own purposes until a public weigher is appointed".

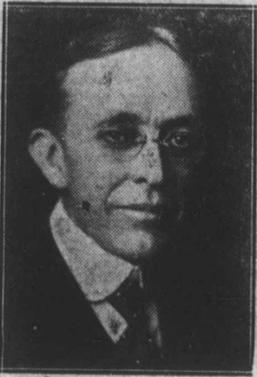

A resolution was also passed requiring a payment of five dollars per year rental for the lot of town property on which the Delahant blacksmith shop stands.

NEW PRESIDENT FOR ACADIA

The announcement that the Board of Governors of Acadia University had invited Dr. F. W. Patterson, of Winnipeg, to accept the position of president, was heard with very general satisfaction by members of the Convention and citizens who had the pleasure of meeting him and listening to his eloquent address during his visit to Wolfville. Although he has not yet formally accepted, it is encouraging to know that he is seriously considering the matter and an early and favorable answer is hoped for by all friends of the University.

Dr. Patterson is a native of New Brunswick. At present he is editor of the Western Baptist and Superintendent of the Baptist Union of Western Canada, with headquarters at Winnipeg. He is known from ocean to ocean among the Baptists, has a fine platform presence, is a profound thinker, a lucid speaker, and possesses remarkable administration and organizing powers. If Dr. Patterson's services are secured, he will be a great addition to the group of progressive educationists in the Maritime Provinces, and his coming to Acadia will be enthusiastically approved by the Acadia constituency. Mrs. Patterson is a native of Oxford, N. S.

HON. J. A. STEWART, M. P.

The former Minister of Railways who has been confined to the Montreal Hospital for some weeks, has suffered a serious relapse.

GREENWICH ITEMS

Miss Patterson, of Medford, who has been spending some time in California, has been the guest of her cousin, Mrs. Harry Neary for some time.

Mrs. A. K. Forsythe gave a very pleasant "At Home" from 4 to 6.30, last Wednesday afternoon, to a number of the Greenwich ladies and in honor of the many visitors in the place.

Mr. T. A. Pearson and daughter Miss Esther, arrived home from a short visit to Massachusetts last Wednesday afternoon and Mr. Pearson resumed his duties at the station Thursday morning, after two weeks vacation.

Mrs. Patterson and little daughter, of South Farmington, Anna, Co., visited Mrs. T. Andrew Pearson last week, leaving for home on Saturday.

Mr. and Mrs. Singleton and little daughter and son, of Brockton, Mass., who visited over a week at the home of Mrs. Singleton's uncle, Mr. G. T. Fraser left to return to their home last Thursday morning in their large Dodge car, accompanied by their sister, Miss Eaton, a graduate nurse. Their mother, Mrs. Eaton, who came down with them, went as far as West Gore where she visited relatives until Monday, when she returned here. The party made the trip all the way by land a distance of about 830 miles finding roads very bad in places. They enjoyed drives to places of interest in the county and we understand hope to come again next summer.

Miss Millie Fraser, returned to Boston last Saturday morning to resume her duties as assistant buyer in gown department in a large store there, after a few weeks vacation spent at her home here.

Rev. Gordon and Mrs. Vincent, of North Sydney, who were in attendance at the convention at Wolfville last week, were guests Saturday afternoon at the home of Mr. and Mrs. G. T. Fraser.

Mr. and Mrs. Raymond Schofield and two little boys, motored to Chester on Sunday in their car, to visit over Labor Day.

Mr. and Mrs. Burpee Bishop motored to Aylesford one afternoon last week to visit friends.

Mr. and Mrs. A. K. Forsythe spent the week-end in Bridgetown at the home of Mr. and Mrs. Chesley Forsythe.

Mr. (Captain) Curry and little daughter, of Harborville, who has been the guest of Mr. and Mrs. Lewis Forsythe for several days, returned home on Monday. We understand Mr. Harris Forsythe has purchased the farm of his brother Lovitt, at Port Williams, also has taken over the No. 2 R. R. Mail of Greenwich, which he drove.

Mr. Phillip Bishop recently purchased a car and often motors to Brooklyn, Hants Co., where he has part of his bees. We understand he is having a successful year with his bees and honey.

Our school commenced the new term on Tuesday morning this week with Miss Elsie Piper in charge. We extend to Miss Piper a welcome.

Dame Rumour says one of our young men is soon to "take unto himself a wife".

There are a number of severe cases of typhoid fever at the Poor Farm, which is stated to be caused by infection from bites of mosquitoes.

The news of the death of Hon. A. M. Covert, M. D., of Canning, which took place at the Victoria General Hospital on Monday afternoon, was heard with very sincere regret by his many friends throughout the county.

Sir Charles and Lady Townshend, Miss Townshend and C. W. Townshend, motored to Halifax this week.

Miss Ruby Beardley, of Waterbury, Conn., arrived Wednesday on a visit to her sister, Mrs. C. B. Russell.

United Baptist Convention

Of Maritime Provinces in Session at Wolfville—Interesting Account of Proceedings.

The meeting of the Convention on Thursday evening considered the matter of University federation on the report of the Board of Governors recommending that the matter be given further consideration. A number of speakers including Dr. Cutten, Dr. Cohoon, Dr. DeWolfe, Dr. Goucher, took part in the discussion and it was finally decided unanimously to refer the matter back to the Board for further investigation and report.

At the meeting on Friday morning, after the devotional service conducted by Rev. G. W. Schurman, of Aylesford, the report of the treasurer, Mr. J. Wesley Dimock, of Windsor was read by Rev. E. S. Mason.

Receipts by the Denominational Treasurer, less \$200. returned by the Maritime Home for Women, Moncton, \$ 58,805.29
Receipts by Treasurer of Save the Children Fund 9,620.77
Reported by Treasurer U. B. Women's Missionary Union. 32,427.69
Reported by Treasurer of Mission Band 5,607.19
\$106,460.85

Rev. Mr. Mason also submitted the Report on Home Missions. 48 fields embracing 94 churches with 155 preaching stations have been continuously served. There have been 18 other fields with part time service of a pastor, beside those assisted by field workers and students. New church edifices have been dedicated during the year at Plaster Rock, Waterville and Orinoto.

The afternoon devotional service was conducted by the Rev. G. D. Hudson. Reports were heard from the Convention Finance Committee, the Grand Ligne Mission Board, the European College Fund and the Annuity Board.

The evening session Friday was largely attended.

Rev. E. S. Mason, Supt. Home Missions of Maritime Provinces, gave a brief address. He said the development of rural fields means the development of the whole field. The fields on which we spend money will be those that return us riches in the future. The city churches are built up of recruits from rural districts. Men for these mission fields not only should be educated and trained to instruct others, but must present, and teach Jesus Christ first and foremost and with a positiveness that cannot be questioned.

This speaker was followed by Dr. F. W. Patterson from the Canadian West, on Western Missions, of which he is superintendent. This lecture was illustrated by lantern slides. By means of these pictures, the growth of the churches and the progress of the work was traced and explained in a most graphic way. These were speaking pictures. The beginning of the prosperous churches at Winnipeg, Regina, Calgary, Vancouver, etc., were presented, together with their pioneer preachers. Also the mission stations with their log-cabin edifices for worship, and their heroic missionary-pastors, were featured upon the screen, mutely appealing for financial aid, and endorsing the previous speaker's claim that the rural fields are those that shall yield the glorious harvest of the future.

Foreign Missions was the chief consideration of the Convention on Saturday. The report was submitted by the General Secretary, Rev. H. E. Stillwell. The chief work of the convention is carried on in Madras Presidency, India, and in Bolivia. The year has been marked by colossal efforts in the part of statesmen of good will to reconcile the conflicting interests of the nations and to safeguard against

the return of another war. The Prince of Wales, unregarding of personal risk, has toured the length and breadth of fast-changing and restless India, and made the world his debtor by allaying national inquietude. These efforts to bring about peace touch Baptist missions most closely as its mission field lies in the very centre of the storm zone.

As a result of the arrest and imprisonment of the arch agitator, Gandhi, and his assistants, India is quieter today than it has been for several years, and both Europeans and natives who are entrusted with the responsibility of Government have a freer hand in furthering the well-being of the Indian people. One of the missionaries writes that while as a result of the non-co-operation propaganda, the people are far less careful to heed the teaching of the foreigner, the missionary, who is known and trusted, finds no lack of attentive hearers.

Five new missionaries proceed to India in the course of a few weeks. They are Miss Gertrude Mann, B. A., of Acadia; Miss Barrie Turnbull, B. A., of Brandon College; Miss Grace Kenyon, B. A. of McMaster University; Miss Pearl Scott, of McMaster; Miss Evelyn Eaton, R. N., of Canard, N. S., whose sister, Miss Winnifred Eaton, is already on the field. Miss Evelyn Slack, of Windsor, N. S., and a graduate of Acadia, has been appointed to Bolivia.

The hospital and medical work of this mission has a worthy record. Two thousand, six hundred and sixty one patients spent a total of 31,256 days within the walls of our hospitals, under the skilled care of our doctors and nurses; while 34,593 out-patients received treatment, during the past nine months. The Canadian physicians have assisting them five well equipped Hindu doctors. In addition to these there are a number of compounders. The Indian staff is growing both in numbers and efficiency and gives promise of the time when the hospitals may be largely cared for by the natives themselves.

In the two Leprosy Hospitals operated by the mission the new treatment with the use of chaulmoogra and other oils, as advocated by Dr. Muir of the school of Research in Tropical Medicine at Calcutta, is being tried with most beneficial results. As from this treatment, in some places, lepers have remained free from all signs of the disease from two to four years, specialists have now good hopes of a total cure being eventually discovered. The unselfish service of our missionaries in these hospitals is a literal fulfillment of the command of Christ to cleanse the lepers.

The financial report of the Maritime Section of the Foreign Board was presented by Sheriff A. A. Wilson, of St. John. The report showed \$4,186 from invested funds and capital account investments of \$78,923.92.

The Convention continued its session on Saturday evening, when another crowded house greeted members of the Church's Foreign Missionary staff.

The first speaker was Rev. G. R. McFaul of the Grande Ligne Mission. His subject was—Building French Canada into the Highway of Holiness. He prophesied the day would come when Grand Pre would once again be populated by Acadians—a great people—dominating politics of the country, directing education, influencing the press, building the Pope's highway from coast to coast. Baptists were the first to begin missions in Canada. Followed by the Presbyterians—these two only were in the work of placing bibles in the hands of the people. The late Dr.

FRED R. MILLER

A prominent Engineer and member of the Toronto Transportation Commission is dead after a short illness.

WOLFVILLE DEFEATS KENTVILLE

In League Cricket Match—Score 53-35

A league cricket match was played last Saturday on the College Campus, between the Wolfville and Kentville elevens, and resulted in a win for Wolfville by the score of 53-35. Bauld and Robinson bowled very effectively for Wolfville, and Brooks and Fosberry for Kentville. Robinson was top scorer, making 28 runs, and carried his bat. The scoring was as follows:

Kentville	
J. Miller, b Bauld	12
A. Beauchamp, b Robinson	4
H. Brooks, b Bauld	0
E. Simpson, b Bauld	5
G. Ferguson, c Herbin Jr.	1
F. Walker, lb.w., b Robinson	2
W. Fosberry, b Bauld	1
T. Miller, b Bauld	0
H. Miller, c Koppel, b Robinson	2
S. Spencer, c Mason, b Bauld	0
Wells, not out	1
Byes	6
Wide balls	1
Total	35

Wolfville	
Herbin Sr., c Walker, b Brooks	5

GASPEREAU NOTES

Mr. Milton Ward, with his wife and children, of North Alton, spent Sunday with his sister, Mrs. Everett Kinnie. Congratulations are extended to Mr. and Mrs. Peter McDonald on the birth of a daughter.

Mrs. Mark Gertrude, of Newton, Mass., who has been visiting relatives and friends here, returned to her home on Tuesday of this week.

Miss Elizabeth Crandle, of New Minas, spent a few days of this week visiting friends here.

The sum of \$28.80 was realized at the Women's Institute Supper of Wednesday evening. Home-made candy and Ice Cream were also sold.

Mrs. James Trevo, of Brighton, Digby county, is visiting her daughter Mrs. Clifford M. Coldwell, Mr. Herbert Trevo, Mrs. Coldwell's brother, spent the latter part of last week with his sister, leaving on Saturday morning for Glace Bay, C. B.

The Women's Missionary Aid Society met in the Baptist church on Wednesday afternoon of this week. A Life Member certificate was presented to Mrs. Mary Gertrude.

Mr. Roy Coldwell left on Saturday morning last to resume his duties as teacher at New Waterford, C. B.

Mr. and Mrs. Kenneth Hunter, with Miss Thelma Hunter and Mr. George McKay, returned home last Thursday evening from an auto trip to Springhill.

Mr. Morris Zwicker, of Halifax, spent the week end with Mr. and Mrs. A. H. Coldwell.

The Misses Swallow and Waterman, of Torbrook, spent Labor Day at their home.

Miss Pooley, of St. John, is visiting her friend Miss Waterman.

Mr. and Mrs. Nathan Coldwell and Mr. Gordon Coldwell, of Hantsport, spent Sunday with relatives here.

Mrs. Archibald Westcott spent last week at her former home Waterville, Hants county.

SWIMMING EVENTS

On Labor Day Keenly Contested by Young People

The swimming meet at the Acadia Memorial Gymnasium on Labor Day was a success as far as the young people were concerned, but the attendance of grown-ups was not as large as it should have been. The people of Wolfville are fortunate in having Mr. Russell to instruct their children in swimming and should give him more encouragement. All the events on Monday were keenly contested and the results were as follows:

Girls, 80 lbs. Class
20 yard Swim—1st, Frances Forbes; 2nd, Ruth Ingraham.

Girls, 95 lb. Class
20 yard Swim—1st, R. Coit; 2nd, M. Williams; 3rd, E. Ingraham.

40 yard Swim—1st, Frances Forbes; 2nd, R. Coit; 3rd, E. Ingraham.

Girls, 110 lb. Class
20 yard Swim—1st, M. Eaton; 2nd, I. Crowell; 3rd, E. Cohoon.

40 yard Swim—1st, M. Eaton; 2nd, L. Crowell; 3rd, E. Cohoon.

Plunge for Distance—1st, M. Eaton.

Girls, Unlimited Class
20 yard Swim—1st, L. Benjamin; 2nd, A. Fitch; 3rd, B. Cohoon.

40 yard Swim—1st, A. Fitch; 2nd, R. Elderkin; 3rd, B. Cohoon.

Plunge for Distance—1st, L. Benjamin; 2nd, R. Elderkin; 3rd, M. Chase.

Special race, 20 yards, for girls using water wings—1st, B. Williams; 2nd, V. Coldwell; 3rd, Helen Young.

Boys, 90 lb. Class
20 yard Swim—1st, H. Boates; 2nd, R. Northover; 3rd, V. Murphy.

40 yard Swim—1st, R. Northover; 2nd, H. Boates; 3rd, V. Murphy.

Plunge for Distance—1st, H. Boates; 2nd, Reg. Northover.

Candle Race—1st, Reg. Northover; 2nd, Roy Northover; 3rd, V. Murphy.

110 Boys, lb. Class
20 yard Swim—1st, A. Brady; 2nd, Max Sanford.

40 yard Swim—1st, A. Brady; 2nd, Stackhouse; 3rd, M. Sanford.

Underwater Swim for Distance—1st, Reg. Northover; 2nd, H. Boates.

Plunge for Distance—1st, A. Brady; 2nd, Stackhouse.

Boys, Unlimited Class
20 yard Swim—1st, Tom Dakin; 2nd, Jas. Northover; 3rd, Carl Eaton.

40 yard Swim—1st, R. Prescott; 2nd, Tom Dakin; 3rd, Jas. Northover.

Underwater Swim for Distance—1st, C. Eaton; 2nd, Jas. Northover; 3rd, R. Prescott.

Plunge for Distance—1st, C. Eaton; 2nd, Jas. Northover; 3rd, R. Prescott.

Candle Race—1st, R. Prescott; 2nd, Jas. Northover; 3rd, Tom Dakin.

BOSTON SYMPHONY ENSEMBLE

Of the prominent members of the Boston Symphony Orchestra, the players which director Augusto Vannini includes in his Boston Symphony Ensemble, are the most noteworthy. We will hear such well-known artists as Georges Mager, the first solo trumpet player of the famous Boston Symphony. It will be recalled that Monsieur Mager toured the country a few years ago as soloist with the famous French Military Band. Mr. Wendler, the French Horn player is ranked as one of the leading artists on his instrument. His tone is said to be unusually mellow and beautiful. Mr. DeVoto, the pianist, is well known as the head of the piano department of the New England Conservatory of Music and numbers among his well-known pupils many of our best pianists in the Provinces. Mr. Langendon, the solo cellist of the Boston Symphony Orchestra, comes from Hague, Holland, and has concertized with the greatest success all over Europe. And so with all the players in this wonderful Boston Symphony. They have been chosen not only for their brilliant artistry, but for their musicianship and experience, as well. Tickets \$1.00 and \$1.25, at Rand's. See adv.

MEMORIAL SERVICE AT AVONPORT

The Sunday afternoon service at Avonport on Sept. 3 was in the nature of a memorial to the late Mrs. S. Rathburn. Dr. A. C. Borden, of Grand Pre, was the principal speaker. He spoke eloquently of Mrs. Rathburn's long service as light-keeper at Horton Bluff.

Appropriate remarks were made by Mr. Whitman and Mr. Curry, the Methodist and Baptist pastors. The Long Service Medal of the Imperial Government, which had been awarded to Mrs. Rathburn, was presented to her son, M. J. Rathburn, by Ernest Robinson, M.P.

Mr. and Mrs. J. C. Bundy and three children, of Cowley, Alta., are spending a few weeks at the home of Mrs. Bundy's parents, Mr. and Mrs. Edson Graham.

Mother—"No Bobby, for the third time I tell you, you can't have another chocolate."
Bobby—(in despair)—"I don't see where father gets the idea that you are always changing your mind."

—London Opinion.

W. C. T. U. Notes

Women's Christian Temperance Union first organized in 1874.

AIM—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in custom and in law.

MOTTO—For God and Home and Native Land.

BADGE—A knot of White Ribbon.

WATCHWORD—Agitate, educate, organize.

Let us not judge one another any more, but judge thus rather, that no man put a stumbling block or an occasion to fall in his brother's way. RM. 14 : 81.

OFFICERS OF WOLFVILLE UNION:

President—Mrs. J. G. Elderkin. 1st Vice President—Mrs. W. O. Taylor. 2nd Vice President—Mrs. G. W. Miller. Recording Sec'y.—Mrs. Ernest Redden. Cor. Sec'y.—Mrs. Annie Murphy. Treasurer—Mrs. H. Pineo.

SUPERINTENDENTS

Evangelistic—Mrs. William Chipman. Parlor Meetings—Mrs. Stanley Robinson.

Labrador Work—Mrs. J. W. Vaughn. Fishermen and Lumbermen—Mrs. W. E. Fielding.

Anti-Narcotic—Mrs. W. O. Taylor. Flowers, Fruit and Delicacies—Mrs. D. G. Whidden.

Christian Citizenship—Mrs. B. O. Davidson.

Press—Mrs. M. P. Freeman. Willard Hall—Mrs. M. P. Freeman.

Temperance in Sabbath Schools—Mr. C. A. Patriquin.

Supt. Tidings—Mrs. T. Hutchinson. Business meeting of the W. C. T. U. the last Monday of every month.

TEMPERANCE MOVEMENT PROGRESSES IN AUSTRIA, PRUSSIA, ITALY AND GERMANY

The President of Austria, a total abstainer from liquor and tobacco, lives in a house bought by money his mother gave him while a lad to abstain and by what he had saved himself by abstaining.

The Austrians, who drink heavily, while their children are starving, are getting ashamed of drinking. Round the same table where in 1914 was written the ultimatum to Serbia that plunged Europe into war, was later drawn up the constitution of a nation prohibition organization, presided over by the president of Austria.

Both Catholics and Protestants of Central Europe are waking up to the needs of prohibition. He had visited the great Catholic Temperance Association at Essen, Prussia, also the Franciscan Church in Vienna where the priest demanded nation-wide prohibition.

Where Methodist meetings were now perfectly free. He had been warmly received in Budapest and smaller Hungarian towns when speaking for prohibition. He had attended a great prohibition convention in Berlin, Prussia, at which there were three members of the German Government present as sympathetic critics.

There are 50,000 Good Templars in Germany. A prohibition convention was recently held in Italy. The Mayor of Milan, Italy, is a total abstainer. The great cities of Padua and Venice are placarded by official warnings against alcohol.

President Marsaryk and his foreign minister of Czecho-Slovakia are total abstainers and workers for prohibition. Czecho-Slovakians representing 700,000 people, recently signed a memorial demanding prohibition.—Forward.

OTTAWA, Sept. 2.—The following Maritime fruit and vegetable crop estimate prepared by the fruit branch of the Department of Agriculture, Ottawa, covers commercial production only.

New Brunswick: Apples 25 per cent. in excess of 1921, or 41,250 barrels.

Potatoes—Slightly less than last year. Much damage by excessive rains.

Prince Edward Island: Potatoes normal yield. Considerable certified.

Nova Scotia: Apples, 80 per cent. of 1921 or about 1,500,000 barrels.

Potatoes—Good average crop but affected by excessive rains.

It is an open question which bothers the household the most—what she wears or how he can pay for it.

Arthur Brisbane says to "advertisers": "Find words and pictures that compel attention—repeat and repeat—advertising calls for repetition—and repetition soon gets reputation."

High coal makes a low fire.

UNION OF N. S. MUNICIPALITIES

Holds Annual Convention at Kentville

(Continued from last week.)

At the Wednesday morning meeting Mr. George E. Graham, manager of the D. A. R. was the first speaker and in his usual pleasing and intelligent manner dealt with the subject of immigration, a subject in which the municipalities are deeply interested.

He was followed by Hon. H. H. Wickwire, Minister of Highways, who gave a short address on the road question.

Mr. S. L. Squires, chairman Executive Committee of Canadian Good Roads Association, gave a forcible address on "Good Roads in Canada". Mr. Squires in his address said, we need to maintain roads to support the great increase of traffic. Roads should also be made safe for life and property. The user of these roads should pay for the maintenance.

Federal Aid is a principle that must be supported and further aid obtained, because Canada as a whole profits from the duty collected, use of roads for postal purposes, and because roads have a direct relationship to natural problems of immigration, colonization and agriculture.

Motor use of roads has increased in Canada 2050 per cent. from the year 1911 to 1921 from 21000 in 1911 to 463,000 in 1921.

Roads must be primarily built for the people. A vision of a smooth road a short way from every man's door to every mart of trade or pleasure was what Canadians need to look forward to.

A. S. McMillan, chairman of the Provincial Highways Board, spoke on "The Road Problem in Nova Scotia", which he declared to be the greatest problem now facing the people of this province, because of our geographic location and climate conditions, road mileage in proportion to population and increasing motor-traffic. Previous to the coming of the motor-car country roads were never used by more than 15 per cent. of city or town residents while today fully 50 per cent. of these used motor vehicles.

Trucks are now used in place of freight train and bus lines for the carrying of passengers, and today 15,437 motor vehicles are operating in the province. Traffic has increased to such an extent that no roads which our people can afford to construct can stand up under it for any length of time. If we are to hold our young people on the farms, keep pace with other provinces, encourage immigration and tourist traffic this question of roads must be overcome.

Road construction dates back to 1606, when the first road was built at Annapolis Basin and directed towards Digby Gut. Not much change has been made in location of original blazed trails, but the curves cannot be eliminated for the cost of doing so is prohibitive. It is impossible to build hard surfaced roads at a cost of less than 48 million dollars. The total revenue of the Province would not pay interest and sinking fund on this amount. Where the cost might not be prohibitive, the maintenance cost would be out of the question. Gravel roads have been adopted as the standard, 1st, because it is the best available material in large quantities; 2nd, cost of construction is lower; and 3rd, they can be maintained at lower cost than any other. However if traffic continues at the same rate it may be necessary in time to use better surfacing material.

The Board does not recognize County lines in their programme. Roads are selected with a view to the best interests of the general public. Due to tremendous motor traffic on Dominion Aid roads, it is necessary to build a heavier type of road than in the case of country or market roads. It is safe to say 4,000 miles of road have been reconstructed during past four seasons. Permanent roads are a misnomer, for there is no permanent road building as far as surfacing is concerned.

Mr. McMillan also spoke on the Maintenance of Roads, which he thought to be almost greater than construction. The present season has shown that earth cannot be maintained under car traffic during wet weather. Present method of classification is not satisfactory, and the Department is at present trying to work out a new system.

In the afternoon the delegates assembled at 2.30 o'clock and were motored through the northern part of the country and given an opportunity of inspecting some of the splendid orchards and farms. The party travelled through Canard, Canning and on to the Look Off, from which may be seen five counties of Nova Scotia. Here sports were the first item on the programme. The baseball match between the towns and counties ended in a tie, the score being 2-2. The line up was:

Counties—H. Bigelow, Canning, c; C. Meek, Kingsport, 1b; E. Gertrude, Gaspereau, 2 b; L. Eaton, Wolfville, rf; S. L. Squire, Toronto, 3b; Dr. McGrath, Kings, ss; S. Rafuse, p; Mayor Fitzgerald, Sydney, rf.

Towns—Henderson, Stellarton, 2b; Freeman, Bridgetown, cf; Roberts, Bridgewater, 1b; C. C. King, Annapolis, c; McKay, Pictou, p; J. S. Liscombe, Dominion, ss; McKinnon, New Waterford, rf; George II.

The 75 yds. dash, open to Councillors, won by J. A. McLeod, District No. 10, C. B.

The 75 yds. dash open to Wardens and Mayors, won by C. C. King, Mayor of Annapolis. The 75 yds. dash open to Municipal officers, won by J. W. Henderson, Stellarton. Sack race, free-for-all, ex-Mayor Pelton. Three legged race, won by Roberts and Freeman, of Bridgewater. Fat man's race, won by J. S. Liscombe, of Dominion, C. B. Tug-of-war, East of

Halifax, vs. West of Halifax, won by West of Halifax.

Following the sports the party motored to the Canning rink. Here they were served to a most delicious clam supper, which was served by the Women's Institute of Canning.

On Thursday morning after a brief discussion on the "Good Roads" addresses delivered the previous day, a very informing and valuable address was delivered by Dr. A. F. Miller, Superintendent of the Nova Scotia Sanatorium on "Community Responsibility with Regard to Tuberculosis". It as a question of deep concern to every municipality and was listened to with deep attention. He showed a chart giving particulars of the high death rate from tuberculosis in this Province. He stated that we had no worse conditions here than elsewhere, nor were our people a race more subject to the disease than those of other places. Therefore the reason for our high death rate must be owing to a lack of education along the line of prevention and cure of this disease. The greatest asset of any country is a healthy and industrious people. He inquired as to what each Municipality was doing to prevent the spread of this disease. Most of these were probably not paying more than ten cents each for prevention and cure of this disease, whereas a cost of \$2.00 each would be a fair estimate of what should be given. Last year in the Province there were 724 deaths from tuberculosis and about 4,000 patients. We should have as many beds as we have deaths, whereas we have not half that

Newspaper Advertising

is the cheapest and most effective method by which the local merchant can reach the buying public. No expense or trouble to get the message into the homes as there is in the case of circulars. Practically every family takes THE ACADIAN and everybody in the home reads it.

Better than a Catalogue

To issue a catalogue is beyond the power of the ordinary merchant but a weekly message in the columns of THE ACADIAN is much better, and the mail order houses acknowledge that their business is least in the district where merchants use the columns of the local paper.

START NOW—The present is the time to prepare for the fall campaign. In a few weeks many families will be preparing a list of fall and winter requirements, and the local merchant who is not in the family circle by means of advertising is forgotten.

Telephone Service Is Service Indeed!

The telegraph agent at one of our large towns one morning recently received from a Home of Mercy in the U. S. A. a telegram asking him to locate the relatives of a man who was dying at The Home. The relatives were believed to be resident in the town referred to. The dying man's name was the only clue given.

The station agent handed the telegram to us in the forenoon.

Our operators speedily ascertained that the relatives did not live in that town.

Then they turned their attention to other places.

Following such hints as they could get, they called no fewer than four of our exchanged and spoke with subscribers in them whose names suggested the possibility of their being the parties wanted.

Finally our operator heard that the dying man's father lived some few miles from the nearest telephone in an exchange 25 miles away from where the telegram was handed us.

Our operators sent a message to him. He came to the telephone and the telegram was read to him over the Long Distance Wires at 7 p.m.

"Nature's Own Remedy" for Scalp Troubles, eradicates Dandruff, stops the hair from falling, and restores its natural health and beauty.

AT YOUR DRUGGIST'S

THE CHESTER TRIP

During the winter of 1921-22, a competition was held between the eight patrols of the Wolfville Boy Scouts.

Under the present plan of organization, these patrols are connected directly with the various churches. The patrols consist of three in the Baptist church, two in the Church of England and Roman Catholic combined, one in the Presbyterian church, one in the Tabernacle and one in the Methodist church.

The competition consists of reports for good turns, various games, scout badges and attendance at church, Sunday School and weekly meetings. The competition was very keen and four of the patrols came out close together, the Methodists leading with 117 points, the No. 3 Baptists with 112, the No. 1 Church of England with 104 and the Presbyterians with 84 points.

The reward for this competition was a trip to Chester. Such a trip had been carried out by the Wolfville Patrol in 1912, and since then other such trips had been planned but never accomplished.

We, the Methodist patrol, eight in number, with Scoutmaster Brown and Asst. Scoutmaster McKinnon of Port Williams, left for Chester on Friday morning, Aug. 25th, at 8.30 o'clock, in a 2 1/2 ton truck.

The roads were heavy with mud and very slippery, but with the assistance of all the boys showing up hills and prying out of ditches with poles we finally arrived in Chester Basin at 3.30 p.m. No dinner had been served on the road, but we subsisted on chocolate bars, apples and songs. From Chester Basin the course was laid for the hospitable farm of Colin Borgal, who willingly let us put up our tent on his grounds and gave us the full use of his cooper shop which he had done the year the Wolf patrol visited him. The cooper shop had a spacious open fire-place over which the cooks prepared supper under the direction of Mr. McKinnon, while the rest of our gang put up the tent and made the beds. The cooper shop was also used as a dining room as well as kitchen, so we made it our head quarters for the trip, and in case of continued wet weather it would always furnish a comfortable retreat.

After supper, Mr. Mac and Mr. Brown with Sing and Jim borrowed a boat and rowed to Marryat's Cove for the whaler and row boat which had been arranged for. These were taken over to Borgal's point and anchored not far from camp.

Early Saturday morning we set sail for back harbor of Chester and thence to Deep Cove. On the way to Deep Cove a thick fog set in so that we were out of sight of land for some time, and had to go by compass most of the way, but we safely arrived there, but could not sail up the cove as there was not enough wind. We had dinner on board and before leaving we bought a dozen mackerel for five cents and a fifteen pound codfish for fifteen cents (notice what the middle man gets) from a vessel which had just arrived. Deep Cove will be described on next visit. On the return trip there was a heavy breeze and either it or Si Woodman's head cracked the foremast close to the deck. Sea sickness was narrowly avoided but a dizziness remained and afterward the cooper-shop and tent seem-

ed to dance a regular turkey trot. On the return from Deep Cove we sailed close to Oak Island where we landed after picking up Gordon Boates who was preparing to go ashore in the rowboat that the brainless Farmer Johnson had cast adrift without the oars, and then we had to tack half a dozen times to pick him up, but after a time we landed safely on Oak Island the scene of a search for Captain Kidd's Treasure for the past fifty years. This search has been continued more or less intermittently. Shafts have been sunk to the depth of 200 feet and the island is dotted with holes. At the present time six or seven men are employed fitting up an air compressor and engine to continue the work to greater depths (it would be interesting to know how Captain Kidd buried his treasure at such great depths with less modern machinery). The reader may doubt the above statements in regard to Oak Island, but photographs will show just how the work is being carried on. We returned to camp and spent the night dreaming about Capt. Kidd's Treasure.

Sunday was spent quietly in camp after attending service at the Basin.

Monday morning we returned the whaler because we discovered it leaked very badly, and we were able to get in its place a small schooner rigged boat, named the Beatrice B., with gasoline auxiliary. We then set sail for Chester and arrived there early and explored the town. We returned to camp and had dinner and then packed all our equipment and set sail for Mahone Bay. With a Sou'west wind we had a long beat out of the bay to Round Island, thence a pleasant reach past Murger and Indian Points until the fog shut down thick and we had to use the engine into Mahone Harbor. We went close to ledges where a number of seals were enjoying themselves in the fog, and giving an exhibition of plain and fancy diving. Some of the gang went on shore to Mahone while the rest stayed, made the beds and named the different sleeping sections. These were "The Bummers' Retreat", occupied by Ding and Sing Schofield, "the Noisy Section", occupied by Farmer Johnson, Si Woodman, Free Walsh, Mr. Brown and Mr. Mac, "The Peaceful Lodge", where George Johnson and Jim Williams reigned in peace and "the Snoring Lodge", which could be heard over all the vessel, occupied by the honorable Gordon Boates.

Tuesday morning under sail and gas we arrived at Young's Landing, which is 2 1/2 miles from Lunenburg. We walked into Lunenburg before dinner where we met Mr. Silver, the principal of our school. After dinner we sailed to the back harbor of Lunenburg, known as the saw pits, which consisted of small salt water lakes connected by short passages. We met Mr. Silver who took us through the school building and through the Church of England and the Methodist Churches, and we were also surprised to notice that contrary to what we had seen in Wolfville the Baptist church was exceedingly smaller than any of the other churches.

Wednesday morning Mr. Silver entertained us by taking us to Felsone South by the ferry "Mascotte" which left the

front harbour at 8.30. We arrived at Felsone South and hiked four miles to Riverport, where we took a truck and went two miles to Oxner's Beach on the LaHave River. We went in for a swim and had a dinner of chocolate bars and raisins. We returned to Riverport and then to Felsone's South and the ferry brought us back to Lunenburg at 4 p.m.

The champion schooner "Bluenose" had just arrived with a cargo of fish which she was unloading, so we borrowed a boat and went on board and had our pictures taken with some of the crew and the cook showed us all through the vessel and the places where the water and black diamonds were kept, and then where he did his cooking and kept the flour, etc. Mr. Silver was our guest at supper and we had quite a large bill of fare, fish and clam chowder, corn, blueberry grunt and tapioca pudding. During the peaceful hours of night, Mr. Brown was rudely awakened by Farmer Johnson punching him in the ribs.

Thursday morning we started for Deep Cove, using the engine all the way because there was no wind and the bay was as calm as a mill pond. On the way we passed two Canadian Patrol boats and went close to them so we could take pictures. Before reaching Deep Cove, we passed Big Tanook which is quite a thickly populated island. We cooked dinner on board and arrived at Deep Cove in the afternoon. We put on corn beef and cabbage to boil for supper and climbed Aspetagon Mt. at the risk of life and limb. That evening we had a large campfire in a deep hollow. Mr. Mac told ghost stories that made our hair creep and we had to sing to take off the effect. Mr. Mac then made some biscuits by the fire which were served with hot cocoa.

During the quiet hours of early morning we were startled to hear that we were lost or the occupant of "Snoring Lodge" was talking in his sleep, because we heard him say "Brown! Brown! we're lost! we're lost!"

The next morning we stayed in bed until a late hour which was very unusual, as we had been getting up early, but we had decided to stay in Deep Cove until

W. O. PULSIFER, PHONE 42

that afternoon. Deep Cove is a narrow channel which runs 1 1/2 miles inland, where there is a large basin, in which we anchored the Beatrice B. The water is very deep up the channel and in the basin, so a large vessel can easily sail into it. In the War of 1812 it was used by privateers, who came there for supplies. At 4 p.m. we started for Chester, using the sails all the way, arriving there at 7.30 p.m. On the way we stopped at a small island and cooked our supper on shore. During the evening we invaded the town.

Saturday morning we started for Chester Basin after having our breakfast on the same island where we had supper, and arrived there at 10.30, where the truck was waiting to take us home. Our equipment was packed and after a good dinner we set sail for Wolfville, leaving Mr. Brown to come back with Mrs. Brown who had been driven out by Master Arthur Brown.

We had a rough ride back. Mr. Mac with three cheers and a tiger was left at Port Williams corner and the rest of us arrived safely home at 6.30.

The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

SUNDAY AT ST. ANDREW'S CHURCH

Rev. D. H. MacQuarrie, M. A., M. Th., occupied the pulpit of St. Andrew's church last Sunday morning and took for his text the words of Jesus: "I came to fulfil". The speaker claimed that it was a gentle apology for His having come into the world at all, to interfere with human affairs. He came not to make matters worse, but for human improvement and elevation. In dealing with the subject it was shown that Jesus made his word good (1) in the fulfilment of the great Messianic predictions and promises; (2) in his unfolding of biblical truths and principles and supplementing the wisdom of all the ages, and so furnishing humanity with a system of thought, morals and religion that can never be improved or superseded, and one universally suitable for mankind; and third that Jesus fulfilled the law also in the life that he lived on earth, as well as in his death on the cross, in which He so fully magnified the law and met the claims of divine justice. The law of love and sacrifice which is the prevailing principle in all aspects of life finds its fulfilment in the life and death of Jesus.

"I sometimes think that never blows so red
The rose, as where some buried Caesar bled,
That every hyacinth the garden wears
Falls to its lap from some one's lovely head."

In applying the subject the preacher showed that these words were being accomplished in the still growing and enlarging life of mankind.

KEN-WO COUNTRY CLUB

At a regular meeting of the directors of the Ken-Wo Country Club held in the Clubhouse on Saturday afternoon last, arrangements were made for the holding of the first annual tournament during the latter part of September, when the silver cup presented by Sir Robert Borden will be played for by the male members of the Club and a cup presented by George E. Graham will be competed for by the lady members. Suitable prizes will also be presented for driving and putting competitions.

Estimates are being prepared showing the cost of the installation of an adequate water supply for the Clubhouse and course, for the balance of the work necessary to complete the course and tennis courts and also for the amount necessary to maintain the course in proper condition. These figures, together with the estimated cost of a modern clubhouse, will be submitted to the shareholders within the next few weeks.

Owing to the copious rains during the season, the course is now in very fair condition, but it is to be regretted that a larger number of members do not indicate a more active interest in the game and in the welfare of the Club.

The roadway to the course is being improved and adequate and convenient parking space for motors provided.

Arrangements have been made for the holding of teas on Wednesday afternoons, to which members and their friends are cordially invited.

Dr. and Mrs. C. E. A. deWitt and family returned last week from Deep Brook, where they have been spending some time.

CANARD NEWS

Mr. and Mrs. Ross Eaton, who have been visiting at Mr. Albert Eaton's, and attending the Convention, left for their home in Prince Edward Island, on Monday. The Misses Foch and Miss Gertrude Burnaby who have been spending the summer with Mr. and Mrs. Walter N. Eaton, have returned to the United States.

Mr. and Mrs. L. K. Payzant and family, and Miss Sydney Shaw, paid a short visit to friends at Canard and Wolfville on Labor Day.

Miss Alice Burbidge, of Canning, is visiting her sister, Mrs. Frank Eaton, Lower Canard.

The bright days are improving the color and quality of the fruit, and the farmers are busy picking and shipping the luscious Gravensteins.

Mrs. Stanley Eaton, of Lower Canard, was "at home" to her friends on Friday last.

A Supper and Sale was held at the Manse, Upper Canard, last week. A very pleasant evening was spent and \$150.00 realized.

Mrs. W. W. Harris, Sheffield Mills, entertained the Canard and Sheffield Mills Institute on Thursday evening. The ladies report a most enjoyable time.

Miss Florence Eaton is visiting friends in Kingston and Berwick.

A number from Canard attended the Baptist Convention at Wolfville.

Mr. Arthur Harris, assisted by Mrs. Bowser and others gave a Concert in the Baptist church, Upper Canard, on Sunday evening last. This is the second concert of the kind and in spite of the rainy evening a large number attended. Mr. Harris is a great favorite and always draws a large audience.

There will be a public reception in honor of Miss Evelyn Eaton, our outgoing Missionary Nurse, at the Upper Canard Church on Friday evening.

The "Dorcas Society" is being revived, and garments, etc., for the needy of the church will be made.

There will be preaching in the church at Lower Canard on Sunday evenings during the Autumn months.

CLINIC ITEMS

Pre-natal and Infant Welfare Clinic, Friday, Sept. 15, at Clinic Room, Weaver Block, Kentville, commencing at 2 p.m.

Babies need attention and care, if they are to grow. Before all else the mother must give time to the baby. For the first year or two of life, babies require a great deal of care to keep them well. New born babies are like plants. They need to be kept warm, to sleep, to be kept clean, to have food regularly, to drink a little cool water, to have fresh air, to get sunshine.

When a baby is very little it will often cry because it is too cold or too warm. Its feet and hands will tell you when it is comfortable. They should be warm. The baby can soon learn to sleep at the same time every day. The mother can do more work and take better care of the baby, if she knows just when and how long the baby will sleep. It should be trained as soon as possible to sleep during the hours the mother is busiest with her house work.—From Metropolitan Life Publications.

TO BRITISH LABOR CONGRESS

Mr. H. G. Parsons has returned home after spending three years in the West. Col. and Mrs. Parsons, accompanied by Miss Parsons and Mr. Ross Parsons, motored to Halifax on Saturday to meet him.

Dr. and Mrs. W. L. Archibald and family, who have been spending the summer at Deep Brook, returned home this week. Mrs. Sheehan, who has been occupying their house during the summer, has returned to her home in Boston.

Top—President Tom Moore, of the Trades & Labor Congress of Canada, who is to attend the British Trades Union Congress, and the International Labor Conference at Genoa. Below—John W. Bruce, General Organizer of the International Brotherhood of Plumbers and Steamfitters. He will accompany Mr. Moore as adviser.

Mr. and Mrs. H. D. Johnson left last Saturday for St. John, N. B., to attend the Exhibition and visit friends.

All Boy Scouts and Girl Guides who have not paid up for Camp are requested to do so at once.

A former Wolfville lady now residing in Winnipeg in remitting to renew her subscription for 1923 writes: "I enjoy reading THE ACADIAN and should miss it very much if I did not receive it."

The better quality a tea is, that is the more delicate its flavour, the more need is there for making it properly. When you buy a package of "MORSE'S" SELECTED ORANGE PEKOE be sure to read the brewing directions on the label. And what is more important still be sure to follow them.

We are assured that the coming of the Boston Symphony Ensemble to Wolfville is not merely an idle report but has been made a certainty thru the foresight of our local manager who is taking advantage of this opportunity of one of the leading concert organizations of the country visiting the Province.

There seems to be now a fair likelihood that the present generation may yet hear the "new" fire whistle when an alarm of fire is necessary. The tower for its reception is being erected this week at the rear of the Electric station and if all goes well should soon be ready for the installation of the whistle.

Dr. I. B. Oakes received the news this week of the death at Oakland, California, of his brother, Mr. William H. Oakes. The deceased was a successful builder and contractor for many years but retired from active business a number of years ago. He was 83 years of age and a native of Annapolis county. Out of a family of eight only two members now survive, Dr. Oakes, the youngest, and Mr. Albert Oakes, the oldest, who has been residing in Wolfville with his brother for some time but recently returned to his old home at Albany, Annapolis Co.

On the departure of Dr. G. B. Cutten last Saturday morning for his future sphere of work at Hamilton, New York, a most enthusiastic and spontaneous ovation was given him. A number of citizens who gathered at the station to say good-bye were augmented by the entire Baptist Convention which had adjourned for that purpose. As the train was late a half hour or more was spent in the singing of Colgate and Acadia songs, negro melodies and hymns, together with cheers and class yells. Dr. Cutten has won for himself an enviable place in the hearts of his townfolk and of the Baptist constituency at large and is followed to his new duties at Colgate by the good wishes of all.

N. GRAND PRE NOTES

On Saturday evening last, a number of friends met at the home of Mrs. Harry Palmeter to hold a shower for Miss Mary Sanford, whose marriage is to take place shortly. The gifts were many and beautiful, including linen, silver and pyrex ware. At the close of the evening, refreshments were served of ice cream, cake and sandwiches. We wish Miss Sanford all happiness in her married life.

Mrs. Frank Slade, of Westmount, P. Q., who has been spending the summer at the Beach, left yesterday to spend a few days in Halifax before going home.

Mr. and Mrs. Tucker and Mr. Roy Smith, of Halifax, spent the holiday with Mrs. M. L. Dimock.

Miss Harriett Palmeter, of Halifax, spent the week end with her parents here.

Mr. J. A. Boates and two sons, of Wilmot, spent the week end visiting Mr. Harry Palmeter.

Miss Betty Palmeter, who has been spending some months in Alberta and the Western Provinces, returned home last week.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

Fancy Work—Mrs. B. O. Davidson. Aprons—Mrs. Ralph Creighton. Fruit and Vegetables—Mrs. Cowie. Canned Goods—Mrs. Beardsley. Samples and Novelties—Calkin's Drug Store.

White Elephants—Mrs. R. E. Harris. Fish Pond—Mrs. Coombs.

The question is often heard "What does the I. O. D. E. do with the money they raise?" At last Tuesday's meeting one hundred and fifty dollars was voted to the V. O. N., thirty toward the expense of a needy patient in the hospital, and twenty-five to the School for the Blind. This is a fair sample of how the money goes. Let every citizen of Wolfville and vicinity help to make this Fete a grand success by donations and by participation. Thursday, September 14. Rain or Shine.

CHILDREN WORK FOR GOOD CAUSE

A very enjoyable concert was arranged and given by some of the children in the west end of the town last Saturday at the home of Mr. William Fitch. Miss Irene Fitch had charge of the program and all deserve great credit. The children worked not for themselves but for others as the proceeds (\$2.20) of the concert and sale of candy were given to the work of The Children's Aid. The program was as follows:

Recitation, Freckles Jean Ingraham
Dialogue, On Pleasant Giving Bessie Benjamin and Ruth Russell
Recitation, Mr. Finny's Turnip Bessie Benjamin

Dialogue, A Birthday Call Ruth Ingraham and Clare Johnson
Recitation, In the Heart of a Seed Margaret Everett

Recitation, The Mission of a Rose Betty deWitt
Dialogue, Black on One Side Helen Ingraham and Annie Fitch

Recitation, Turn up the Corners of your Mouth Jean Wright
Dialogue, Lesson in Silence Maie deWitt, Clare Johnson and Irene Fitch

Mr. Nat Evans has purchased for the Opera House, to be installed when he takes possession next June, a Wurlitzer player which combines about a dozen instruments and is, in fact, a complete orchestra, run by electricity and manipulated by one person.

Mr. and Mrs. H. S. Thurston arrived from River Hebert on Wednesday and have taken up their residence in the Housemaster's rooms at Acadia Academy.

MOTORS AND MOTORING: A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

A PILGRIMAGE TO YPRES

Members of the Ypres League, led by Field Marshall, the Earl of Ypres, made a pilgrimage to the town recently to commemorate the fifth anniversary of the Third Battle. The photograph shows the procession passing the ruins of the famous Cloth Hall.

CLEAN MUFFLER A STEP TOWARDS MORE EFFICIENCY

One of the parts of an automobile most neglected by many owners and drivers is the muffler. As a boy with a dirty face puts off the cleaning process just as long as possible, so the motorist with a muffler that needs attention procrastinates and thinks perhaps he will fix it up tomorrow. And tomorrow never comes, but today is always here with its greater use of gasoline and various other complications that a dirty muffler causes.

Let us consider the use of the muffler. The exhaust valve opens while the burned gas is still under a pressure of from twenty-five to thirty pounds per square inch. If this were exhausted directly into the air the resulting noise would stifle conversation in the car, annoy everybody along the street and quickly get the driver into trouble with the police. The muffler prevents all this. It provides a chamber in which these exhaust gases may expand and cool somewhat and at the same time break up the pressure by allowing it to leak out slowly through a number of very small holes, instead of letting it loose in one "big noise".

In the early history of the automobile mufflers were not used and everybody for blocks around knew when an auto was coming. As the automobiles increased in number this became a nuisance and was stopped by law. Then they sought, indeed had been seeking, a means of stifling the sound. In the early muffler there was trouble because the gas would back up in the cylinder and decrease the power of the motor. It was thought there was no way to decrease the sound without decreasing the power; therefore the manufacturers devised a valve to "cut out" the muffler on the

car whenever extra power was desired. Sometimes the back pressure was so great as to interfere when driving through heavy roads or up hills. The "cut out" let the gas exhaust directly into the air instead of going through the muffler. At the present time nearly every city has a law prohibiting the use of "cut outs".

As a matter of fact, those well posted on automobile engines understand today that the "cut out" is absolutely unnecessary on a modern car if the muffler is kept in proper condition. Muffler manufacturers have been able to produce a design in which there is no back pressure at all. For this reason manufacturers discourage the use of the "cut out" on their cars, and some of them will no longer install one except as an "extra".

The average driver, however, does not know that his muffler needs as careful attention as any other part of the mechanism, and so he neglects it. In these days of noiseless cars it requires a great number of very small holes inside the muffler. These become clogged with soot or carbon from the exhaust. The deposit collects very rapidly, especially when the grade of oil used is poor or too much oil is used. It also results when the carburetor is adjusted to give too rich a mixture.

When these small openings become clogged the exhaust gases cannot escape rapidly, naturally the cylinder of the engine is not cleaned at the exhaust stroke. Result: It is impossible to bring in a full cylinder of new gas on the next intake stroke. There is not a full charge to explode, and this means a loss of power to the engine.

Cases are known where the throttle was opened wide without any increase in power. Trying to find out what the matter was, the driver opened the "cut

out" and this caused the machine to accelerate very rapidly.

In other cases when the engine was cranked there would be a few explosions, a splutter and a stop, and the reason was that the muffler was so clogged that it was impossible to exhaust the gas from these few explosions; the cylinder remained full of burned gas, and, of course, could not take in a further supply. These, of course, are extreme cases.

But even in these less serious cases it will often be found that the power of the motor may be materially increased by having the muffler cleaned yet it is seldom done, even when the car is supposed to be overhauled completely.

PICKED UP IN THE ROAD

If you use kerosene for cleaning an engine that is oiled under pressure, do not run the engine, even with the starter. This pumps kerosene into the oil tubes, from which it cannot easily be removed.

One of the elements of complication about bolts and nuts is the ubiquitous cotter pin. How is the best way to remove it?—Use a long stout button hook for that purpose. Be sure you note the position of the hole in the bolt before covering it with the castellated nut. While the nut is removed it often happens that an adjustment of one sort or another will prevent the nut being threaded far enough to bring the castellated portion in line with the hole for the cotter pin. In that case, put the nut on with the castellated portion first.

THE SULPHATED BATTERY

When a battery becomes sulphated because of neglect to charge it properly or because of low water in the cells it should be charged at a slow rate and discharged, the cycle being repeated until the battery is in good condition. Slow charging can be effected by operating the car with the sidelights or the headlights, during the day as well as at night. The set to use should be determined by the ammeter reading. When the ammeter hand begins to swing considerably past zero, the headlights should turn out. This will bring down the charging rate. If the machine is operated at a very high speed, it may be necessary to turn on the headlights to reduce the charging.

FOR A QUICK STOP

When making an emergency stop, leave the clutch engaged, apply the foot brake and pull the hand brake; but do not "lock the wheels". Keep the wheels rolling; otherwise there is danger that the car might slide or skid.

REVERSING BOLTS

In some instances a nut is so placed that it is extremely difficult to reach it with a wrench. Often this may be obviated by reversing the thread end of the bolt, whereby the nut is brought within easy reach.

USING A JACK ON SOFT GROUND

When it becomes necessary to jack up a car on soft ground, where there is no support for the tool, take out the floorboard or toe-board and use it for the jack to rest upon.

A lot of us wouldn't be content with our lot even if it were a lot.

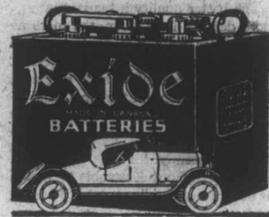

Canada has the biggest dam in the world, the Gouin, at the head of the St. Maurice River, with a capacity double the Assouan dam on the Nile.

What One of the Best Known Travellers in Canada Says.

"Now I am going to give you an unsolicited testimonial as they say in the patent medicine advertising. Heretofore I have had a profound contempt for patent medicines, particularly so called liniments. Perhaps this is due to the reason that I have been blessed with a sturdy constitution, and have never been ill a day in my life. One day last fall after a hard day's tramp in the slush of Montreal, I developed a severe pain in my legs and of course like a man who has never had anything wrong with him physically, I complained rather boisterously. The good little wife says: 'I will rub them with some liniment I have.' 'Go ahead,' I said, just to humor her. 'Well, in she comes with a bottle of Minard's Liniment and gets busy. Believe me the pain disappeared a few minutes after, and you can tell the world I said so.'"
(Signed) FRANK E. JOHNS, Montreal.

UNION OF N. S. MUNICIPALITIES

(Continued from page two)

many available. He advised experimental work, and every household where there had been a known case of tuberculosis to have every member of the household examined and family history maintained. The work of clinics and health nurses was most important, as tuberculosis is a development of childhood's affection. He further dealt with the case of those who were unable to pay the necessary expenses at the Sanatorium, and the municipalities, on application, should see that these cases be sent to the Sanatorium and the expenses borne by the municipality. He cited several cases which could not be treated at the institution on account of the patient being unable to pay the necessary expenses.

The final session was held on Thursday afternoon at 2 o'clock, when the following resolutions were introduced and passed:

(1) Resolved that this convention endorse principle of Provincial aid to roads through incorporated towns which are connecting lines with the main highways of the Province.

(2) Town Incorporation Act should be amended to enable towns to exact a license fee from non-residents of the town selling products of the farm, forest or the sea, other than these selling produce of their own farm or fish of their own catching.

(3) Whereas, in the opinion of this convention no remuneration should be paid by municipalities for assistance rendered in suppression of forest fires as provided by subsection fifteen of the forests and game act, therefore resolved that the Provincial Legislature be requested to amend said act by repealing said sub-section of said act.

(4) Resolved that the Union of Nova Scotia Municipalities again protest against the growing encroachment by the Provincial Government upon municipal sources of revenue.

(5) Resolved, that the President appoint a committee to consider the council-manager plan and submit report at the next annual convention.

(6) Resolved, that the urgent necessity of more equitable and uniform assessment laws be again urged upon the

Provincial Government.

(7) Resolved, that the thanks of the convention be extended to F. S. Whitman, Town Councillor, of Annapolis Royal; A. E. H. Chesley, Mayor of Kentville, and Mr. A. W. P. Weston, of the Eastern Trust Company, the committee on Municipal accounting and bookkeeping, for their excellent work, and that they be asked to continue the same.

(8) Resolved that the hearty thanks of this union be extended to Mr. S. L. Squires, Chairman of the Executive Committee of the Canadian Good Roads Association, for his attendance at this convention, and his very excellent address, and further resolved that we recommend all our municipalities to become affiliated with, and give their sympathetic support to the work of the Canadian Good Roads Association.

(9) Resolved that this convention go on record in favor of municipalities being exempt from the law requiring stamps on cheques and receipts.

The following gentlemen were unanimously chosen to offices of the union for 1922-23:

President, Parker Archibald, Municipal Clerk, Halifax; 1st Vice President, H. A. Rice, Mayor of Canso; 2nd Vice President, W. Kerr Dimock, Municipal Clerk, West Hants; Secy.-Treas., Arthur Roberts, K. C., Town Solicitor, Bridgewater (re-elected).

The retiring president, Ex-Mayor Parker, of Halifax; Mr. S. L. Squires, and Dr. Dodds were made honorary members of the Union.

On the cordial invitation of Mayor Robb, Amherst was unanimously chosen as the next place of meeting. The meeting concluded by the singing of the National Anthem.

MUNICIPAL GOVERNMENT

Dr. H. W. Dodds, Secretary of the National Municipal League of the United States, who with Mrs. Dodds has been spending the summer in Wolfville, was one of the chief speakers at the recent annual meeting of the Union of Nova Scotia Municipalities. Dr. Dodds' subject was "Problems of Municipal Government in the United States", and the address was one of great interest and value which should have been heard by every citizen of the county. He said that people were taking more interest in Municipal legislation today than formerly. There had been a great change in the States the last few years. Many cities were throwing out the old two chamber systems. While formerly all the Mayor's subordinates were elected, they were now chosen by the Mayor himself. It was under the old system that the great Municipal scandals occurred. Thirty years ago, when the National Municipal League was organized, the Councils were greatly reduced, the Upper Chamber being done away with and the most of

the control being centered in the Mayor.

But this was not a good system, as the Mayor would use the spoils system, which gave the jobs to the men who were the best vote getters.

When these men had learned to handle the jobs in the right way there would be another election, and with a new Mayor, new men would be put in.

The Civil Commission was new in operation and while it helped wonderfully, political pull still counted. The idea has begun to develop that business needs trained men for the important positions such as directors of police, streets, fire, etc. The City Manager plan has lately come into effect in a number of smaller places where it has been so successful that the larger cities have begun to apply the system. This puts one man at the head of everything and makes him responsible to the Council only.

There is now a City Managers' Association of 50 members which meets yearly at which important matters are discussed such as street paving, lighting, etc.

There is a growing demand for municipal power which will enable cities to borrow money without going to the Legislature, a distance away, and attempting to lobby a small Bill through. Assessment is one of the biggest problems. Formerly the rate of assessment was according to how well you knew the assessor, but that was being looked after in a better way by surveys being made and maps drawn showing the location of real estate. Dr. Dodds also spoke briefly on the new budget system which requires the Mayor to draw up a budget of estimated expenses and receipts for the new year, and submit it to the people. Most cities have done away with a sinking fund and

WHERE YOU FIND ONE, YOU ALWAYS FIND THE OTHER.

Johnson, British & Colonial Press.

THE WAY TO SUCCEED

"The world is filled with good brains which have missed the opportunity of training.

"Present your facts—show results, but don't rest your case with words.

"There's only one way that's right, and all the other ways are wrong.

"Good ideas are only seeds. They must be planted and tilled before they can produce."—Herbert Kaufman.

If canoes insist on being tipsy we may have to vote the streams dry.

Ask for Minard's and take no other.

REGAL FLOUR
It's Wonderful for Bread

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

Personal Paragraphs

Mrs. L. W. Sleep left on Wednesday of last week to visit her daughter, Mrs. Sanford, of Boston.

Miss Lounsbury, of St. John, who will assist Miss Saxton this season, arrived in town on Wednesday.

Dr. and Mrs. Roach, who spent the month of August at Deep Brook, returned home on Friday last.

Miss Evelyn Harris, of Windsor, spent the week end in town, a guest of Mrs. Haliburton, Acadia street.

Mrs. (Dr.) Wheelock left on Monday for Holyoke, Mass., where she will spend the month of September, visiting friends.

Mrs. Fitzhugh, of Brooklyn, N. Y., is visiting at the home of her parents, Mr. and Mrs. C.R.H. Starr, Westwood avenue.

Mrs. C. A. Moore, of Vancouver, B. C. has returned to Wolfville and will spend the balance of her stay in the east at the home of her father, Dr. J. W. Manning.

Mrs. Raleigh Bishop and little son, who have been visiting at the home of the former's parents, Dr. and Mrs. DeWolfe, returned to their home in New Haven last week.

Miss Eunice Curry who has been spending the summer at the home of her parents, Mr. and Mrs. Elias Curry, left last Friday to resume her position in a school near Atlanta, Ga.

Mrs. Mary Garety, Miss Garety and Mr. Joseph Garety, of New York City, who have been visiting at the home of Mr. and Mrs. W. C. Bleakney, returned home on Tuesday.

Dr. J. Arthur Estey, with Mrs. Estey and son Marten, who have been spending the summer with Mrs. Angus Murray, left on Friday last to motor to their home in Lafayette, Indiana.

Miss Marie Borden, of Marblehead, Mass., arrived in town on Friday last and has been visiting her sister, Mrs. C. M. Vaughn, and other relatives and friends in this vicinity.

Mr. Fred Rounsell, of Winthrop, Mass., who has been making his regular annual visit to Nova Scotia, was in town last week, visiting at the home of his cousin, Mr. A. V. Rand.

Mr. and Mrs. R. W. Ford and family returned on Monday from Evangeline Beach, and Mr. Ford resumed his duties as Town Clerk on the following day. During Mr. Ford's absence the office was efficiently looked after by Miss Annie Abbott.

Major and Mrs. Macpherson and family, who have been spending the past two months at their summer cottage at Avonport, returned to Wolfville on Monday and are occupying the residence on Summer street in which Dr. Allen has been residing for the past two years.

Mr. and Mrs. Weeks, of New Bedford, Mass., and Mr. and Mrs. Clarke, Belmont, Mass., were recent guests at the home of Mr. and Mrs. Enoch C. Bishop, this town. They were fortunate in having good weather for their visit although encountering storms both coming and going.

Mr. Harding Armstrong, of Brookline, Mass., a son of the late Arthur Armstrong, at one time principal of Horton Collegiate Academy, is visiting in town, the guest of Dr. and Mrs. G. O. Gates. Mr. Armstrong is the principal of a large grammar school. He is accompanied by his wife and two children.

Dr. and Mrs. Alden B. Dawson and little daughter, who have been visiting Mrs. Dawson's sister, Mrs. Scott Tremholm, of Grand Pre, for the past two weeks, will leave for their home in Chicago, Sept. 8th. Dr. Dawson, an Acadia graduate, is teaching Anatomy in the Department of Medicine, Loyola University.

UNITED BAPTIST CONVENTION (Continued from page 1)

Terrien, founder of the Grand Ligne Mission, said:—"I owe an eternal debt of gratitude to the missionaries of the Cross for not leaving me alone."

Miss Archibald, missionary on furlough, then took the platform. She belongs to a family represented on the Telegu Field for over 40 years. A graduate of Acadia and also an M. A., she has done literary work in the Telegu language, and has been honored by Madras University. Miss Archibald was arrayed in the picturesque and beautiful garments of a high caste Telegu woman and in her original and dramatic manner upon the platform, as eastern as her costume itself, she gave the audience "good breezy stuff from India". She spoke of Ghandi, of the Prince of Wales' visit, and emphatically claimed that loyalty to Great Britain is as strong as ever in India, even strengthening. Caste, the curse of untouchability, is being removed from India.

Rev. H. Y. Corey, Acadia '91, just returned from India, addressed the meeting on various phases of the work, the system under which it is carried on; committees for educational work; industrial life; teaching languages to new-comers; for building churches, bungalows, hospitals; for medical work; for printing Christian Telegu literature. No missionary is independent—accounts are audited. All is organized. The Hindus are anxious for an education with the Christian stamp upon it. Rev. Mr. Corey is one of the ablest missionaries in the field, with intellectual strength and executive ability.

A group of six missionaries then came upon the platform:—Rev. Mr. and Mrs. S. C. Freeman, Dr. Zella Clark, Miss Evelyn Eaton, leaving for India at an early date, Miss Eaton, making the journey for the first time; also Miss Evelyn Slack and Rev. H. E. Stillwell, departing for Bolivia. Each made a brief address of farewell. Miss Slack is a graduate of Acadia, and recently has been attending the White Training School in New York.

Rev. Mr. Stillwell's part on the programme was one of the leading features of the evening. An original, forceful speaker, holding his audience closely, he discoursed on Bolivia, the country, people, their customs, and mission-work among the native Indians. His address was accompanied by colored lantern slides, vividly illustrating his description of the way to Bolivia—through the Panama Canal, along the western coast of S. America, the inland journey to the mountains, the city of La Paz, and the varied scenes of the country and inhabitants of the Mission Field, once the domain of the ancient Incas.

Beautiful music, solos and choruses, added to the evening's program.

Sunday was a full day for the United Baptist Convention delegates and visitors. Devotional service was conducted by the Rev. M. S. Richardson at ten o'clock. At eleven o'clock the Baptist auditorium was filled by the members and visitors to hear Rev. N. A. MacNeil, B. A., B. D., of Maryville, N. B., deliver the Convention sermon. Special music was furnished by the choir. Mr. MacNeil took as his subject "The Programme of Jesus for Christian Service (text Matt. 16:24): Then said Jesus unto His disciples, 'If any man will come after Me, let him deny himself, take up his cross and follow Me.'" Jesus is the most startling personality that has appeared before men up to His time. His message is so stimulating to the thoughtful, His presence and person so winsome and sympathetic, His power as expressed by His miracles so matchless—being only surpassed by His power over Himself which enables him to refrain from exercising it for self-glorification—His claim to the right of divine relation-

ship and His courageous challenge to His disciples when He asks them to dethrone self and enthrone himself—these all claim Him the outstanding teacher and leader of His times.

1—Jesus recognizes the individual's responsibility and his competency to deal with him in matters of religion.

2—Jesus commands the individual's obedience and expects his unswerving loyalty.

3—Jesus indicated the individual's true entity and consequent fitness for service.

The session in the afternoon was devoted to Sunday School and Young People's Work. Addresses were given by Rev. C. W. Rose, D. D., on "The Value of Canadian Girls in Training Programme"; by Rev. D. J. MacPherson on "The Value of the Canadian Standard Efficiency Training Programme"; by the Rev. E. H. Cochrane on "The Place of the Workers' Conference"; and by the Rev. W. C. Machum on "The Present Challenge of Religious Education."

The last session of the United Baptist Convention touched a high-water mark with the address of Dr. F. W. Patterson, of Winnipeg, upon "The Challenge of Today to the Baptists of Canada." His text was found in Joshua 13:1. "There yet remaineth very much land to be possessed," and in John 14:31, "Arise, let us go hence."

The introduction of this memorable address stressed the importance of the forward glance in the life of a church or a denomination. Old age lives in the past. "Youth and virility look forward and progress. Not what others have done, but what we are doing; not what we inherit, but what we transmit determines our progress."

The first challenge to the churches is to show the people what God is like. In order to grow in the knowledge of God, an experience of Christ in our lives must be gathered fresh every day like manna. An intellectual philosophy of life is not enough. Conversation is not enough, for it is merely the acceptance of a gift. We do not know anyone from whom we merely receive a gift. We must walk with Him, talk with Him, work with Him, and bear His burdens in order to know Him.

Next comes the challenge of undiscovered truth. It is the business of the church to teach the truth of God. Truth inheres in the nature of things, and we come to know and appreciate truth as we seek it and try it before the bar of judgement within our own hearts.

There is also the challenge of the untaught world to the life of the church. Wherever a church has been virile it has been ethically strong. Christian lives teach more than sermons. Then comes the challenge of our pastorless churches. Here we see a two-fold tragedy—that of the neglected people, and that of the church which is willing to neglect them. Adequate support must be provided for rural pastors, and the importance of their work emphasized. The city churches receive their reinforcements from the rural churches, and but for them would be fighting a losing game. The pastorless churches fall an easy prey to propagandists of new sects.

The challenge of the wastage within the church was next mentioned. Not all enrolled church members are vitally enriching the life of the church. There are those who work and those who are passive and those who impede or burden the life of the church. This wastage forms a challenge to the pastors to take the material at hand and utilize it for the accomplishment of ends.

"Unless life itself be cast in the scale No fight can be fought, no cause can prevail."

Miss Saxton has just returned from an extended visit to the wholesale Millinery Openings.

A VISITOR TO GRAND PRE

While making a call of inspection at the Memorial Church at Grand Pre, now under construction, on Labor Day, THE ACADIAN had the pleasure of meeting M. Placide Goudet, M. A., Acadian historian, journalist, educationist, now of the Archives department at Ottawa. M. Goudet, who THE ACADIAN found a most interesting gentleman in the few moments at our disposal, was on his way to take part in the centennial celebration at Bridgetown, where he read a paper on the French occupation of that place. He is a native of New Brunswick and was for some time the editor of Le Moniteur Acadien, when it was published at Shediac, and later established L'Evangeline, at Weymouth in this province. Since 1872 he has been a close student of Acadian history and recently published a very interesting little volume entitled "Le Grand Derangement", in which he places the responsibility of the Expulsion upon Governor Lawrence and the officialdom of Massachusetts Bay, and exonerates the British government of any blame in the matter. A descendent of the Acadians, he is naturally much interested in the work now going on at Grand Pre and was present when the site of the church was taken over by his people last summer. When the dedication of the Memorial Church took place a few weeks ago he was prevented by illness from attending, much to his regret. He is now 72 years of age, and although physically infirm has an active and well informed mind that makes him a most enjoyable companion.

WOLFVILLE LOSES TO BRIDGETOWN

The local cricketers played a league game with Bridgetown on Tuesday at Bridgetown. Two innings were played and Wolfville lost by two runs. The first innings was won by Wolfville, the score being 26-22. Bauld took 5 wickets for eleven runs, and Schurman 5 wickets for ten runs. In the second innings Bridgetown turned the tables on Wolfville scoring 46 runs to Wolfville's 40, making the final score 68 to 66 in favor of Bridgetown. Copeland and Herbin batted well for Wolfville in the first innings and Schurman in the second. The local team is to be congratulated on making such a good stand against the crack Bridgetown eleven.

H. W. WOOD

Head of the United Farmers of Alberta, who was offered the chairmanship of the Canadian Wheat Board and refused it.

Misses Muriel and Claire Cullen are visiting at Deep Brook until Sept. 10th.

Get a Prescription from Your Doctor

Go to your doctor. Tell him you are suffering from certain ailments. Ask him to give you a prescription. He'll tell you, in the words of the Encyclopedia Britannica, that "Medical men recommend cyder as efficacious in affections of a gouty or rheumatic nature."

Evangeline Apple Cider

Is first for thirst, not merely because it quenches and cools, but because it is the one bottled drink that is wholesome under all circumstances.
