## REV. TERENCE MAGUIRE PASSES AWAY

### Beloved Priest. Well Known On the Miramichi Passes Peacefully to His Reward

The death of Rev. Father Maguire in Chatham hospital yesterday after two days illness from acute obstruction of the bowels removes a clergyman well known and well beloved in Newcastle where from 1901 till last August he was the trusted and efficient assistant of Rev. Father Dixon of this parish.

Rev. Terence Maguire was born about 50 years ago in County Cavan, Ireland. He studied philosophy and theology in All Hallows, Dublin, to fit himself for work in Salford diocese under Bishop (afterwards Cardinal) Vaughan. Being too young for ordination he went to Salford and continued his studies in Scholastic theology in the Bishop's palace there. On reaching the proper age he was ordained and remained in St. Patrick's church Manchester, some five or six years. He was then sent by Bishop Vaughan to America to collect for an orphanage asylum and because Manchester air did not agree with his health he received leave of absence and remained in America,

taking up pastoral work in New Jersey under Bishop Wigger. Upon the latter's death, Father Maguire was admitted to Chatham diocese, where Bishop Rogers assigned him to New castle, where he labored with great success and acceptance for nine years, when he was appointed parish priest of St. Margarets.

Rev. Father Maguire took suddenly ill from acute obstruction of the intestines on Saturday last; he could not officiate in church on Sunday and was brought to Hotel Dieu, Chatham yesterday at 3 p. m., but was unable to stand an operation, and died at 5.30.

He leaves a mother and several sisters at home in Ireland and two brothers, prominent in shipping and insurance circles, in New York and New Jersey.

Rev. Father Maguire's work in Newcastle and all places where he was stationed was of a helpful and permanent nature. He was a sincere and kindly man and will long be remembered and his good deeds will follow him. May he rest in peace.

### Very Valuable Find Said to be Present in Great Quantity.

The mineral recently found near the mouth of Burnt Hill stream on the S. W. Miramichi by Samuel Freeze of Doaktown, is believed to be the rare and rich mineral known as Wolframite from which is extracted the metal tungsten, used for films in electric lights. Twenty sacks of it were shipped from Boiestown to Montreal to be tested. The supply is said to be very large.

## SERIOUS FIRE

### AT RENOUS BRIDGE

The residence of Mr. P. J. Young, of Renous Bridge, the well known member of the Renous Bridge Lumber Co., was practically destroyed by fire on the 19th and Mr. Young himself was badly burned about the face and hands. The loss will exceed \$1,000, and is partially covered by insurance. It was necessary to summon medical aid to care for Mr. Young's injuries. The fire was discovered about eight o'clock and had gained considerable headway. There was sickness in the house and a large fire was burning in the stove. It is supposed that the pipes became hot and caught on the ceiling and roof. Efforts to save the house proved futile, but a quantity of furniture was saved.

## MRS. HIRAM HUMPHREYS

The death of Mrs. Catherine Humphreys, widow of the late Hiram Humphreys, the well known mill owner of Peticodiac, occurred at the home of her daughter, Mrs. J. S. Fleming on Sunday morning at 9 o'clock, from heart failure, after an illness of several months, from which however she lately appeared much improved, especially since her return from Lynn ten months ago. At the last death came very suddenly. Mrs. Humphreys was 81 years and ten months old, and was the last surviving member of the family of the late James Robertson sr., of Moncton, who will be remembered as a prominent ship-owner on the Peticodiac river. Willey, Lynn, Mass., Mrs. A. P. Rolph, London England and Mrs. J. S. Fleming, Newcastle, N. B. The removal of this much beloved representative of several of the oldest and best families of New Brunswick is deeply regretted and much sympathy is felt for the bereaved family. The funeral will be held to St. James' cemetery here tomorrow afternoon at 3 o'clock.

## WARREN C. WINSLOW DIED SUDDENLY

### Well Known Chatham Barrister and Politician Passes Away On Christmas Day

Chatham, N. B., Dec. 26—Warren C. Winslow, a leading barrister and a former mayor of Chatham, passed away at his home Christmas morning at 8.30. Mr. Winslow was born at Chatham, January 6th, 1862. He leaves a widow and six children to mourn his demise. Mrs. Winslow was formerly Miss Carville of St. John, and the children are Pelham E., of the Bank of Montreal, Toronto; Frank Warren, of Vancouver; Arthur O., of Regina; Margaret, Mary and Edith at home. One brother and three sisters also survive. These are E. P. Winslow, Bank of Montreal inspector of Toronto; Mrs. H. Montgomery Campbell, of Sussex, N. B., Mrs.

Wm. A. Park Newcastle, and Miss Constance Winslow, Toronto. The late Mr. Winslow was a graduate in law of Harvard University. He had been alderman for the town of Chatham and was mayor for two terms, 1897 and 1898. In the last local election he was a member of the then government ticket. He was a Liberal in politics and since the beginning of the construction on the I. C. R. between Chatham and Nelson had represented the Government in their dealings with property owners. Mr. Winslow was a prominent member of the Knights of Columbus. The funeral will be held tomorrow morning at 9 o'clock.

## FEDORENKO FREED BUT RE-ARRESTED

Winnipeg, December 19—Savva Fedorenko, who has been held under an extradition warrant here, and whose case has attracted wide attention, was on Saturday discharged from custody by Judge Robson, under a writ of habeas corpus. He enjoyed his liberty only a few moments, however, as he was immediately placed under arrest again on a charge of attempted murder, preferred against him by the Russian Government.

It looks as if the case had just begun, as the Russian Government has seven other charges to prefer against Fedorenko. Should he be finally committed for extradition, however, the Minister of Justice may step in and refuse to give him up, if he has reason to believe that he is wanted for a political offence.

## WOULD ABOLISH THE BAR ROOM

"Columbia", in the Catholic Record of the 10th instant, denounces the Bar Room, and advocates shutting out of liquor selling from all places except where food is eaten. He says in part: The abolition of the bar room is the remedy being advocated in Ireland. And it is the remedy advocated by Archbishop Bruchesi, who knows the extent of the evil, and of whom his worst enemies cannot say he is a fanatic. You may pass early closing bills—you may fight about local option—you may cut down licenses, but all this is but tinkering with the disease. The cause of the disease is the institution itself, and if we want a permanent cure the cause must be removed. So long as people can slide into a bar-room and drink behind closed doors, so long will we have drunkards. It is the bar-room makes drunkards. Very few are so lost to self respect that they will sit down under the public gaze and make beasts of themselves. Let the light shine on these hidden haunts and, like the vermin that aggregate under a stone, they will fly from the light of day.

The abolition of the bar, and the substitution of the café, where the poor as well as the rich can dine at convenient hours, is the surest, the only effective cure for the drink evil. Let no intoxicating drink be sold except in such cafés. This project may seem exaggerated and absurd. But it is one that deserves the serious consideration of temperance reformers.

### LET THE EMPIRE UNITE

New Zealand and Australia are reported to favor reciprocity with Canada. Before reciprocity with the United States or any foreign country should come absolute free trade between all the parts of the British Empire. The Empire united is naturally and industrially independent of the rest of the world. What is the use of an Empire whose component countries maintain tariff walls against each other? More union and fellowship is what we need more than anything else.

### CIVIC EMPLOYEES.

We do not agree with the Aldermen who at last meeting of the Council voted to reconsider the usual increase of \$5.00 a month in the pay of the policemen while doing extra work keeping up fires in the Hose station during the winter months. The Policemen get little enough, and should get more, rather than less, if any change is considered. It is a poor policy to stint public employees. If good service is expected the town should be willing to pay what such service is worth. No matter how close private employers may be the town should aim to give all of its workmen the full value of their work. The town cannot afford, as suggested one of the Councillors, to abolish the office of day policeman, even during the winter. The Town needs constant protection, and then there is the enforcement of the Scott Act, which is most largely a matter for the day policeman to look after. The town has been so well guarded at night during many years past that the least the Council should do for Officer Hill is to make the \$5 a month increase a yearly instead of a winter arrangement. And let those who work on the roads, in the water and light department, in the schools, and elsewhere, for the town receive decent remuneration without grudging. Let the civic expenses be cut down by greater diligence in collecting taxes from property holders who are one, two, three or more years in default.

### BRITISH POLITICS

Complete returns from the British elections which ended on the 19th instant, give the parties the following standing:

Unionists	272
Liberals	272
Labor-Socialists	42
Nationalists	74
Ind. Nationalists	10

Total Number Elected 670  
Total Coalition 398  
Unionist Votes 2,410,049  
Liberal Votes 2,290,738  
Labor Votes 384,288  
Nationalist Votes 129,618  
Total 5,214,693

The registered voters numbered, round numbers, 7,000,000 in Great Britain and 700,000 in Ireland. In about 100 constituencies there was no election, which accounts largely, especially in Ireland, for the difference between the registered vote and the vote cast.

As compared with the result last February, the Conservatives have lost one seat, the Liberals three, and the Independent (O'Brienite) Nationalists one; while the Redmondite Nationalists have gained three and the Socialists two. The conservative opposition is one seat worse off than last time. It would appear that the Government, being returned three times in succession, have now a clear mandate to curb the House of Lords; provide for payment of members of Parliament; disestablish the Anglican church in Wales, where the great majority of people are non-Anglican; give to Ireland as well as to Wales, Scotland and England, a local legisla-

ture to look after all merely local affairs, the essential unity of the British Islands as one state being left unimpaired; and bring about many other long-needed changes in the political, social and economic condition of the people. Tariff reform, put forward by the Conservatives, failed to develop much strength.

### IRISH FARMERS CO-OPERATING

Right Hon. Sir Horace Plunkett, president of the Irish Agricultural Society who is the originator of the co-operative dairy system in Ireland, says that there are now 900 of these co-operative associations of farmers, with a total membership of about 90,000, and that \$15,000,000 worth of business was done by them last year. Farmers in this country ought to do more in the way of getting together for the marketing of their products, he thought.

### Distribution of seed Grain and Potatoes

From the Central Experimental Farm,  
Ottawa, 1910-11.

By instruction of the Hon. Minister of Agriculture a distribution is being made this season of samples of superior sorts of grain and potatoes to Canadian farmers for the improvement of seed. The stock for distribution has been secured mainly from the Experimental Farms at Indian Head, Sask., Brandon, Man., and Ottawa, Ont. The samples consist of oats, spring wheat, barley, field peas, Indian corn (for ensilage only) and potatoes. The quantity of oats sent is 4 lbs., and of wheat or barley 5 lbs., sufficient in each case to sow one twentieth of an acre. The samples of Indian corn, peas and potatoes weigh 3 lbs. each. A quantity of each of the following varieties has been secured for this distribution.—

Oats.—Banner, Abundance, Danish Island, Wide-Awake, Thousand Dollar Improved Ligowo—all white varieties.

Wheat.—Red varieties:—Marquis and Early Red Fife (early beardless sorts of high baking strength.) Rep Fife (beardless), Preston and Huron (early, bearded) White varieties:—White Fife (beardless), Bobs (early, beardless).

Barley.—Six-rowed: Mensury and Manchurian (a selection from Mensury). Two-rowed: Standwell and Invincible.

Field Peas.—Arthur and Golden Vine.

Indian Corn (for ensilage)—Early sorts: Angel of Midnight, Compton's Early and Longfellow. Later varieties: Selected Leaming, Early Mastodon, and White Cap Yellow Dent.

Potatoes.—Early varieties: Rochester Rose, and Irish Cobbler. Medium to late varieties: Gold Coin, Carman No. 1, and Money Maker. The later varieties are, as a rule, more productive than the earlier kinds.

Only one sample can be sent to each applicant, hence if an individual receives a sample of wheat, barley, peas, Indian corn or potatoes. Applications on printed cards or sheets, or lists of names from one individual, or applications for more than one sample for one household, cannot be entertained. The samples will be sent free of charge through the mail.

Applications should be addressed to the Dominion Cerealist, Experimental Farm, Ottawa, and may be sent in any time from the 1st of December to the 15th of February, after which the lists will be closed, so that the samples asked for may be sent out in good time. Applicants should mention the variety they prefer, with a second sort as an alternative. Applications will be filled in the order in which they are received, so long as the supply of seed lasts. Farmers are advised to apply early to avoid possible disappointment. Those applying for Indian corn or potatoes should bear in mind that the corn is not usually distributed until April, and that potatoes cannot be mailed until danger from frost in transit is over. No postage is required on mail matter addressed to the Experimental Farm, Ottawa.

WM. SAUNDERS,  
Director of Experimental Farms:

She leaves to mourn her loss one son William, four brothers—Malcolm of Lewiston Me., Hugh of Boise, Idaho, John of Chatham N. B., and James of Whitneyville who has lived for the past number of years with his sister. The funeral service was conducted at the home by her pastor Rev. E. E. Mowatt assisted by Rev. H. D. Worden, (Baptist) Mr. Worden visited Mrs. Forsythe several times during her illness and a few hours before she died sang—"We're nearing the city," and "Over the river faces I see."

Mrs. Forsythe was a consistent christian and a member of the Presbyterian church for a number of years. Although paralyzed for seven years she was never known to murmur. During the last year of her illness when seized with spasms of pain, she sometimes expressed a desire to depart this life and be with God which is far better. Pallbearers were—John Forsythe, Peter Russell, Thos. Sherard, Archie Menzies, J. B. Johnston and Jas. Young. Funeral was in charge of E. Mullin, undertaker. Interment in Presbyterian cemetery, Whitneyville.

## No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with consequent indigestion, or from some other ailment of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and dependent, he is losing the nutrition needed to make strength.

Such a man should use *Dr. Pierce's Food for Weak Stomachs*. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

### GRAND CONCERT

By Great Artists St. Andrew's Literary and Social Club Give Very Successful Concert.

Who was announced as the first great concert in Campbellton took place last Friday evening in the hall of the St. Andrew's Literary and Social Club. The hall was well filled, many persons staying through the entire performance and a large number of persons being obliged to leave the hall. The music was very greatly enjoyed by the audience, and the program was carried out to the end. The artists were all well and the program was carried out to the end. The artists were all well and the program was carried out to the end.

### MOVING IN

This week several firms are moving into their new and handsome quarters. A. McE. McDonald, Druggist, is again occupying a handsome five room brick building on the old site. In the adjoining store Messrs. McKenzie & Trueman have opened up a book and stationery store. Geo. Vermette, baker and grocer, is also moving into his handsome brick store, and has a very large and choice stock.

### ARTISTIC CALENDAR

We have received from John Hopkins, St. John one of the prettiest calendars that has reached our desk this season. Like that firm's goods which have the reputation of being the best on the market, the calendar is certainly in the same class. In passing we would recommend that in buying hams, bacon or sausage, our readers should ask for "Hopkins" and get the best. They may cost a trifle more, but they are worth the difference.

### VICTIMS OF CONSUMPTION.

MOTHER AND TWO CHILDREN AT MUSKOKA FREE HOSPITAL. Are Now Under Treatment—Husband, Too, Had Been a Patient—A Tragedy in Real Life—Heavy Debt on Institution.

A story from the Muskoka Free Hospital for Consumptives tells of a mother who, with her two children, is now under treatment in that institution. The husband had been a patient, but the case was an advanced one when the patient entered, and he has since passed away. There is little doubt but that the wife was infected as a result of caring for her husband, and now she is in the Muskoka Hospital. Her little girl, about five years of age, and a boy of ten are with her, both being afflicted with this dread disease.

The words of the mother are pathetic. She writes: "I went to a doctor and got him to examine my lungs to see whether there was anything wrong with them, and he said that the right lung was affected. A little rest, he hoped, would build me up. I have a little girl, about five years old, and the doctor says that if I could take her up with me it would do her over so much good, as she is not very strong. I have three more children, and one of these, a boy of ten, seems also to be afflicted, and it is advisable that he should enter the hospital."

These three are of the 104 patients who are residents in this deserving institution and being cared for without money and without price. The sorry part of it is that the trustees are carrying a debt of something like \$40,000, incurred largely through the additions that have been made within the past year, and that have more than doubled the accommodation of the institution, together with the heavy cost of maintaining so large a number of free patients.

Readers who desire to help this great charity may send their contributions to Mr. W. J. Gage, Chairman Executive Committee, 84 Spadina avenue, or to the Secretary-Treasurer, 347 King street west, Toronto.

The Muskoka Free Hospital has ever lived up to its claims of never having refused a single patient because of his or her poverty.

By order, R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, December 14, 1910. Newspapers will not be paid for this advertisement if they insert it without authority from the Department. Dec. 16, 21.

### CAMPBELLTON NEWS

Mr. John Russell of Moncton spent Sunday with friends here.

Mr. J. G. MacColl leaves Monday for a winter trip to Montreal.

Miss Bessie Parker has returned home from visiting friends in Moncton.

Miss Sadie Mowat, who is attending Mount Allison, Conservatory of Music, is home for the holidays.

Town Treasurer S. H. and Mrs. Lingley and family are now occupying their handsome new residence.

James Duncan of the Customs Preventive Service is acting Collector of Customs while Mr. Baldwin is absent at Toronto.

Teams are crossing the Redoubt from Oak Bay to Campbellton.

LETTER BOXES UP. The letter boxes have been placed about town in nearly the same positions as before the fire and mail will be gathered at 10 o'clock each night. These boxes give a great convenience to residents.

Apply BEAUPRE prepared from the grease of the Canadian Bear and save your hair when it begins to fall out or is brittle, dry, or gray.

P. O. RUSH. The usual rush at the Post office is now on. The mail this year is not as heavy as formerly, but the express company is handling a much larger quantity of goods. In the Post Office the money order business has nearly doubled since the fire.

BOUGHT PACER. Mr. Gus Duncan has purchased from Levesque's Livery a fast little pacer.

GOOD NEWS. The Methodist congregation here received word that the Ontario Conference have pledged to raise \$10,000 to aid in rebuilding the Campbellton Methodist church.

FOR CHRISTMAS. The Relief Committee, after careful investigation, has presented each poor family with \$1.00 and a ton of coal, so all will have Christmas cheer.

FINE WEATHER. Tuesday and Wednesday were beautiful days and trade was exceptionally good here. A large number of country people were in to do their Christmas shopping.

FEAR DRUNKS. Although hundreds of men have come out of the woods for Christmas, there is hardly a drunk about the streets, quite a contrast to other years. Chief Hughes has closed up most of the places where liquor has been sold.

FIVE CHILDREN LEFT. MOTHER DIED OF CONSUMPTION AND ONE LITTLE GIRL IS NOW AT GRAVENHURST.

A short time ago a woman in the advanced stages of tuberculosis died in her own home. By her death five little ones were left without the care of their mother. There was money enough in the family to make some provision for the care of the children, but it was almost impossible to secure anyone who would render this service, so afraid are many people of this dread disease. A visitor to the home says that time and time again she had found the baby sleeping in her sick mother's bed, and near by food was stored from which the children partook. A sequel is revealed in the fact that today one of these five children is a patient in Gravenhurst, and the baby is in the children's ward at the Toronto Free Hospital for Consumptives.

It is for the care of such sufferers as these that the Muskoka Free Hospital for Consumptives has been built. The tax on the accommodation is heavy, and the Trustees have only been able to make the large extensions of the present year by borrowing heavily from the bank. An appeal is now made for funds to help on this work and provide a place where children, such as are referred to here, may find a home with good possibilities of cure.

Contributions may be sent to W. J. Gage, Esq., Chairman Executive Committee, 84 Spadina avenue, or Sec. Treas. National Sanitarium Association, 347 King St. W., Toronto.

The Muskoka Free Hospital accepts patients from any part of the Dominion, and not a single patient has ever been refused because of poverty.

## "I HAD ONE OF MY RAGING HEADACHES

### When I First Used "Fruit-a-tives"

SHANLY, ONT. SEPT. 23, 1910. You certainly have the Greatest Discovered Headache Cure in the world. Before "Fruit-a-tives" came before the public, I suffered tortures from headaches, caused mostly from stomach disorders. I tried many different remedies without any relief. One of your travellers called on me shortly after you started selling "Fruit-a-tives", and on that day I had one of my raging headaches, and had my head almost in a raw sore from external applications. I hated to see any person coming into the store (I am a general Store Keeper at the above address and have been in the same store 25 years) much less a commercial traveller, and I told him, very curtly, that I had a headache and "want none of his Patent medicine", but he very good-naturedly offered me a sample of "Fruit-a-tives", and insisted on my trying them. I did so, with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was 65 years old yesterday.

You are at liberty to publish this letter and my photo, if you think it would induce some others to use your splendid remedy. (Signed) Wm. PITT.

"Fruit-a-tives" cures Headaches because it is the greatest blood purifying medicine in the world. "Fruit-a-tives" is also the only remedy made of fruit juices. Dealers everywhere sell "Fruit-a-tives" at 50c a box, 6 for \$2.50 or trial size, 25c. If your dealer does not handle "Fruit-a-tives", send to Fruit-a-tives Limited, Ottawa, enclosing regular retail price.
