## Youngsters Surprise Greybeards and Win By Score of 60-50

Several thousand years ago an old bird masquerading under the title of ancient philosopher uttered the following wisp: "When an irresistible force meets an immovable object what happens? The answer is not yet and this same answer is applicable to the curling match which took place in our midst on Friday last.

The youngsters, since called Bluebeards, met in battle royal the Greybeards and in some unexplainable manner sent down to an inglorious defeat the old married men.

When in clarion tones, the infants sent out on the breezes their challenge, the old men buckled on their armor, mounted their trusty steeds and rode forth to once and for all put the quietus on these noisy youngsters but their armor was of ancient type and their steeds of many years and the outcome was just as the youngsters had predicted, the old men fell down with a sickening thud. Gentle reader, list to the tale of a battle for a lost cause and then be convinced that in these days of strife and destruction the old Greybeard has no longer "a place in the sun" and now must be content to put on his slippers and stay in for the night, to stay home and enjoy family comforts apart from the hustle and bustle of modern times.

When the gong rang at one thirty to call the first part of the fight, skip Gifford stood ready, broom in hand, to face his ancient foe skip Ed. Dalton and when the smoke of battle had cleared away he stood a victor in a just cause by a score of 10 to 6 and a glimpse at the board on the other side showed that skip Chas. Sargeant had hit the toboggan and that skip Cole had worsted him at the roaring game with a score of 12 to 7.

Then burst forth from the throats of the children, shouts of joy and happiness and around the Greybeards was a mantle of gloom. They were with one accord straining all their mental powers to explain this awful catastrophe. In a short fifteen minutes the gong called for the antagonists again and skip Demers fared forth the honor of the children to defend against the unholly attacks of the Greybeard skip Lindon, but alas after two hours of battle it was found that skip Lindon had reversed the order of things and had forced skip Demers to bow down his head in servile attitude before a score of 10-7. This was terrible for the youngsters and to add to this and despite every effort on the part of skip John Sargeant, who was battling for his life against the savage onslaught of the old Excelsior Chief, skip John Russell, the Greybeard forced the youngster to walk the plank by a score of 14 to 4.

This gave the oldsters a margin of four points and in the councils of the infants there was consternation and grief.

The faces of the Greybeards were wreathed in smiles and Capt. Jack hurried home to prepare a place in his already trophy filled rooms, for the Dickison & Troy cup.

At seven thirty the starting gong rang and with the sounds still in the air, the players were away. The oldest citizen remembers not such shouts of encouragement as greeted the players as the several shots were made or missed and in the history of the game in our town, no such interest was ever shown.

Skip Willis Nicholson, keeping in mind the margin of four points which threatened the supremacy of the youngsters, started away with a rush and keeping on with the good work fought Skip Cassidy to a fine frazzle and when the game ended it was found that the youngsters skip had walloped the old Greybeard by a score of 16-3 and had with one fell blow blighted the aspirations of Capt. Jack to the possession of the Dickison & Troy Trophy.

On the other side was the fight between the redoubtable Skip Jim Stewart and skip "Derby" Atkinson. End after end the score was even and at last the nerve of the Greybeard refused to stand up under the test and he went down at the hands of the Kids with a score of 11-10 against him.

The joy of the "Youngsters" knew no bounds, and when the total was made up the "Greybeards" were forced to accept the verdict of a score of 60-50 in the infant's favor. At once President Lawlor challenged the winners to a return game and on behalf of the Youngsters Nease, Skip Cole accepted the challenge. All the members then repaired to the banquet hall where a supper was served very efficiently by the Ladies of the Anglican Church A. Y. P. A. During the latter part of the evening the Greybeard skips were presented with prizes in keeping with their scores. The prizes consisted of dolls, picture books and

## Fraser Companies Secure Holdings Upham Lumber Co.

Fredericton, Feb. 20—Four million feet of spruce logs, sold by the Upham Lumber Company Ltd., to the Fraser Companies, Ltd., in the deal where all holdings of the former company have passed to the Fraser interests are said to have brought about \$30 per thousand feet. George W. Upham ex-M. L. A. Woodstock, this morning said that the transfer of the entire holdings of the company, of which he is the president had been consummated, the Fraser companies having now taken possession of the Transcontinental Railway line, on the Tobique River in Victoria county.

Mr. Upham admitted that the amount involved in the transfer, including the present season's cut of logs was more than double the figure which had been mentioned when the deal was under way. "We got more than 100,000 for the four million feet of logs we cut this winter," declared Mr. Upham, which means the price paid was over \$25 per thousand. When pressed for further information all he would say was that spruce logs were now worth more like \$30 than \$25 per thousand.

It is said the price paid by the Fraser Companies for the mills, lease and logs was over \$200,000.

rattles which during the long nights to come will prove of great interest and use to the owners.

Below you will observe the toast list which was prepared by Tom Maltby who with a sureness of an old married man had supposed that the youngsters were going down to defeat.

The return match will be played in a few days and the outcome will be watched with great interest.

## Pauline Frederick in Great Photoplay at Happy Hour Thursday

PAULINE FREDERICK'S latest Goldwyn picture, "Bonds of Love," by Louis Sherwin, the eminent dramatic critic, is a powerful emotional photodrama worthy of the sterling ability of the versatile star. In none of Miss Frederick's recent pictures, has she been called upon to play the awakening instinct of mother love; but in her new screen vehicle, which comes to the Happy Hour Theatre, on Thursday, she assumes the role of a second wife who has sincerely grown to love the child of her husband's first wife and is willing to sacrifice herself for the sake of the child's welfare. This unusual combination of self-sacrifice and mother love for another's child develops into a masterly climax in which Miss Frederick has many opportunities to reveal some of the subtlest touches which have ever been seen in photo dramas. Her ability to express suppressed emotional struggle has been shown in her recent pictures, "The Fear Woman," and "The Peace of Roaring River." And in "Bonds of Love," fresh opportunities for disclosing her understanding of repressed acting occur in every reel.

Miss Frederick's picture was directed by Reginald Barker; and the photographer was Edward Gheiler, who recently discovered a new way to achieve clearness in long shots by a clever light arrangement.

The young boy in the picture gives a remarkable performance of the child. Frankie Lee was called upon to assume the part and he immediately struck up a delightful friendship with Miss Frederick, which made their many scenes together realistic interpretations of an unusual affection between mother and child.

Some of the scenes in "Bonds of Love" were taken at Santa Catalina Island where Miss Frederick in a racing motor boat performed a thrilling rescue of the child who had jumped into a launch and was heading for the rocks which guard the narrows to the open sea. Besides the rescue, many other scenes on Catalina Island unfold the sunlit beauty of this garden spot in the Pacific.

## WEDDINGS

### SIDDALL—RHOADES

Newcastle, Feb. 14—The marriage of Frederick M. Siddall of Millerton of Frederick M. Siddall of Millerton and Miss Bertha L. Rhoades of England, was solemnized by Rev. H. T. Montgomery at the latter's residence, Millerton, Feb. 12. Mr. and Mrs. Siddall will reside at Millerton.

## Three Years In Penitentiary

In the Sunbury County Court at Burton Thursday last, Frank O'Brien and John Hall, of Newcastle, were sentenced to three years' imprisonment in the penitentiary for robbery committed at the Coburn Company's store at Ripples, and George Phair, aged 13, also of Newcastle, the third prisoner implicated, was sentenced to three years in the Boys' Industrial Home at St. John.

The sentences were imposed by Judge Wilson, before whom the prisoners appeared under the Speedy Trials Act and pleaded guilty. In addition to the three years' sentence the trio will serve a year's suspended sentence handed out to them by Judge McLatchey at Newcastle a short time ago.

The three prisoners have proved that, although young, they are actually real desperadoes, as since their incarceration in the jail at Burton the trio attempted and almost succeeded in burning down that building, forcing the jailer to go for help to the sheriff.

thou believest in thine heart thou dost show forth in thy works."

Just a word about politeness in singing. The French have a proverb, "Politeness is an investment that costs nothing, but pays well." In no sphere is this truer than in the relation between the artist and the audience. If he comes before them prepared to respond to their good will by an inclination of the head and a smile, he will find them more ready to listen to his song and give him full appreciation. If he takes their welcome coldly, he must not be surprised if he meets with coolness in return. Do not be afraid to show appreciation of the courtesy of your task easier and more successful.

Some women have wonderful voices, thousands of women may hold their audience for hours at a time—after which they lay it in a cradle and rock it to sleep, but let me tell you of a real singer. The most famous soprano of the 19th century.

Adelina Patti  
A born singer was Adelina Patti. Born in the year 1843 in Madrid. The family moved to New York when she was very young. Although Adelina had several teachers, she knew how to sing intuitively, and sang the shake perfectly, when but three years of age. One biographer says of her: Adelina Patti sang all the important roles of the great operas; that in England at the Convent Gardens, she completely conquered her audience; in Paris she sang the role of "Amina and brought all Paris to her feet; the people of St. Petersburg went wild over her, and in Spain and Italy the enthusiasm was high.

Throughout the world she reigned "Queen of Singers." We will now peep behind the scenes, and see why and how this immense success. In childhood she lived carefully, kept constant watch over her voice, never forcing it, and never sang without being in perfect condition. Adelina Patti had a wonderful memory, having memorized forty different operas, and sings them in four different languages. Her method is perfect, her style elegant, her tone rich and clear and her compass unusual.

Now a few words about the greatest song writer that ever lived—Franz Schubert. He was born 1797 and died in 1828 thus living only 31 years. Beethoven said of him: "Truly he has a spark of the divine fire." Schubert was an Austrian, his father being a self-educated school master and his mother a cook. When Schubert was 10 years of age he composed a few little songs and instrumental pieces. Franz had a beautiful soprano voice and had great skill in reading music. For singing in the

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleaning at once. When purple, even, hollow, doesn't sleep, eat or act normally, or is feverish, stomach-aches, head-ache, has sore throat, cough, croup, cold, give a teaspoonful of "Syrup of Figs," and in a few hours all the foul, accumulated waste, undigested food and sour little stomach come out of its little mouth, and your baby is happy and healthy again. You have a "Syrup of Figs" which cleanses the little stomach, the liver, the bowels, and the lungs, and gives the child a healthy, happy, and contented life.

**Injury to Fruit Trees from Heavy Snow**

The recent heavy storms have brought the depth of snow in many orchards well up into the crotch of the trees, a heavy crust just forming a considerable distance from the ground, from 18 to 20 inches, and on top of which subsequent storms have piled in.

It is important that the forks or crotches of all trees now filled with snow should be cleaned out or the snow broken down by foot or club—otherwise branches may be broken off by the heavy weight or crotch damage may result from alternate freezing and thawing and consequent injury or destruction of the tender growing cells of the bark.

In the case of young trees—from one to ten years—unprotected again at this time injury—the crust should be broken through and the snow tramped down firmly around the trunk.

To prevent the possibility of serious damage, immediate attention to your orchard is urged.

**Concrete Floors Return Cost**

By increasing the value of manure produced, concrete floors for feeding stables will return their cost in about one year. This is shown by tests at the Ohio Experiment Station. The extra crop returns from manure kept on concrete floors is due to the soluble plantfood saved.

The cost of concreting floors generally amounts to about \$5 an animal in the ordinary feeding stable, and the saving in manure is equal to this amount of every 1,000 pounds in live weight of steers or cattle fed for the year, as compared with animals fed on earth floors.

Concrete floors also make it easier to provide sanitary places for animals.

Imperial Chapel Choir he was entitled to free musical education. Schubert was continually composing and music came from his brain as fast as he could write it. Schubert's 18th year was the most prolific, for during that year he wrote no less than 195 compositions, including 2 symphonies and 6 operas. Yet his struggles were many and severe. He had always suffered privations and often cold and hunger. He often had not the money to buy even the music paper on which to write his thoughts. He was in the habit of borrowing small sums of money and leaving a manuscript as security with his creditor and in this way many of his greatest works were undoubtedly lost. He seemed to live for his art alone, for he spoke, thought, and lived in music. Though Schubert lived but 31 years he wrote more than eleven hundred compositions—mostly songs. His music is of the most wonderful beauty, tenderness, sweetness and purity, blended with strength, nobility and grandeur. Dvorak the great Bohemian composer of modern times declared that he had no hesitation in placing him next to Beethoven and far above Mendelssohn and Schumann.

**MUSICAL TALKS**

By C. C. Laughler, Mus. Bac. Bowmanville.

No. VI.—Singing  
To "Sing" is to utter musical or melodious sounds. The singer uses the vocal organs or chords which are two thick strong muscles in the larynx. Vocal execution is the practice and art of singing in one or a series of notes which should result in purity of tone and quality of the voice. All cannot produce that desired purity of tone, for some produce a tone that suggests a throaty, tonguey, palatal, or veiled tone. Agility is acquired by practicing series of notes on vowels, passing from one note to another, changing the quality of tone. Great care must be taken in diction, choice of words, etc.

You must not upon any occasion take breath between the syllables of a word, or break up the phrases. How often we hear of such a person screeching out a solo at a reception. A man who apparently has no ear for music may say to you, "Surely she's a finished musician, don't you think?" If you are candid you may reply, "I hope so, but I was afraid she was going to sing again." It is indeed hard to have to sit and listen to a would-be singer, who prides herself upon never taking a singing lesson yet her singing may remind one of the following: "I hear you oo-a-ling me," warbled the daughter from the parlor. "Yes," sang the mother from the kitchen. "I want you to come he-e-re and help me with the di-ss-shes." Profound silence followed. The voice of girls of High School period are extremely delicate and require the utmost care and attention. Girls sopranos should be able to vocalize up to G. The voice that can vocalize well from middle C up to B—fourth space, should sing mezzo-soprano. Girls who can sing down to G, below middle C, and not above C—third space, should sing alto. The necessary qualifications that a pupil needs to make a singer are as follows: 1st, a good voice; 2nd, musical aptitude; 3rd, general intelligence; 4th, good health; 5th character.

The instrument and the performer are combined in one person. The process of forming or training the voice includes both the development of technic and the adjustment of machinery, as it may be called. The tuning of the voice is that which includes the production, breathing ability to produce and recognize true pitch of tones, and enunciation of words, etc.

Of all subjects neglected by choir and chorus conductors, Diction is an easy first. The singer may have a voice like a saw or rasp, but the well patterned words make up for much vocal deficiencies. Every conductor should have as his motto "Words, Word." The girl with a new dress and proud of compliments said that on entering the church, the choir were the first to notice her new dress, for they sang out as with one voice "Hardly-new you" "Hardly knew you." She was afterwards told they were really singing, "Hal-lal-lah." "Hal-lal-lah!"

Here is a good motto for church choirs taken from the Tenth Degree of the Fourth Council of Carthage in the year 508 A. D.: "See that what thou singest with thy lips thou dost believe in thine heart, and that what

**Chatham Won Fredericton Game 4-3 Score**

Fredericton, Feb. 19—Chatham took the leadership in the New Brunswick hockey league here last night, when they won from Fredericton before the largest crowd that ever saw a game here, by a score 4 to 3. Each team went on the ice with unblemished records for the crucial game of the race for the Chestnut Trophy.  
 The Fredericton team started off fast in the first period with the ice in good shape for fast playing, and scored their three goals before the Chatham team got started, the bell sounding for the first rest with the score 3 to 1 in favor of the home team. By the end of the second period the score had been tied, and half way through the final period Leo Troy took the puck about centre ice when the whole Fredericton team was starting an attack and before they knew what had happened he had sagged the net back of Cant Titus, and Chatham had the game.

**CHIEF FINLEY EXONERATED**  
 The Fredericton Police Commission on Friday afternoon issued its finding in the matter of charges laid by Harry Blair against William H. Finley, Chief of Police, arising out of incidents which occurred on the night of September 16th. The finding is lengthy and practically acquits Chief Finley on all charges. That of assault is stated distinctly to be unproven. Unreasonable detention is admitted in view of the physical condition of the prisoner, Charles Blair, but a statement is added that Chief Finley, after being fully informed of the condition of the prisoner, did not unduly detain him. On the question of discriminating against the prisoner in the matter of release on deposit, the Commissioners found that Chief Finley at first did refuse to release him, but that there were justifying circumstances and that when fully advised of the facts he gave permission for the prisoner's removal.

 of Horehound and Anise Seed  
 gave relief to those suffering with cold, etc., seventy years ago—long before most of the "cold cures" now on the market were even thought of.  
 Sharp's Balsam was the old standby—the reliable family remedy—of our grandparents, and it is equally effective to-day.  
**MR. CAMPBELL'S EXPERIENCE**  
 J. C. Campbell, a prominent barrister of St. John in 1852, writes:  
 "One of my children suffered for years with a severe cough. The usual remedies were applied without effect. I obtained some Sharp's Balsam and after the use of about eight ounces of this extraordinary medicine the cough stopped completely."  
 Ask for this famous old remedy when you need a cough medicine. Sold at all drug and general stores everywhere.—36c.

30 Days Hard Labor

"JUST a minute, your worship."

AN Officer in uniform steps forward, and holds a quiet conversation with the magistrate and other court officials.

THE story is simple and oft repeated. Just a lad—in this case from New Brunswick—got into the wrong company. Gambled, took money from employers. Hoped to win and pay it back.

FOUND out—arrested and jailed.

OF course he's sorry—but the Officer has sized him up. Believes he has the stuff to make a man of. Knows that a jail sentence may only harden him and start him on the road toward continued criminality.

THE Officer in uniform was the Salvation Army Probationer. By manly counsel, supervision and prayer he enables the lad to regain control of himself and get another start, free from the stigma of a prison sentence.

OBITUARY

JAMES DOLAN Newcastle, Feb. 20—The death of James Dolan occurred on Tuesday at the home of his daughter, Mrs. Daniel Mullin, of the Parish of North Esk. Mr. Dolan was one of the oldest citizens of North Esk, having reached the age of 87 years. He is survived by one daughter, Mrs. Daniel Mullin, with whom he made his home.

The funeral was held on Thursday morning at St. Thomas' Church, Red Bank. Requiem mass was celebrated by the Rev. P. Duffy and interment in St. Thomas' cemetery.

PARRICK PORTER The death of Patrick Porter occurred at his home in Blissfield, on Saturday Feb. 14th. Deceased was only nine days sick and his unexpected death came as a shock to all who knew him. He was fifty-eight years of age and leaves a sorrowing widow and a large family to mourn his death.

Interment was made in Blissfield cemetery. The pall bearers were Messrs. T. A. Hurley, John Bowes, Claude Sutherland, Leroy Sutherland, Ernest Brennan and Robert Brennan. Heartfelt sympathy is extended to the bereaved family by a large circle of friends.

O. K. BLACK Richibucto, Feb. 17—The community was shocked on Sunday morning to hear of the somewhat sudden death of Mr. O. K. Black, of Richibucto. Mr. Black had been ill for a few days but his friends were hoping for a speedy recovery. Mr. Black was well known throughout the whole county, and universally respected, and the news of his death will be hard with general regret. He leaves a widow and four children, besides an aged father, two sisters, Mrs. Dr. Keith of Moncton; Mrs. D. W. Stohart, Newcastle, and one brother in the United States.

DAVID MACKENZIE The death of David MacKenzie, who went to Saskatchewan a year ago last summer to reside with his son, Isaac, occurred on the 13th instant, at the age of 80 years. Deceased leaves four sons, Isaac and Melvin, in Saskatchewan; John, of Gorham, N. H., and Gregory, in the

DAME PETER LAMARRE

Pointe St. Pierre, P. Q. "I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good.

Then, I used one box of 'Sootha-Salva' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-tives'.

'Fruit-a-tives' cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure." Dame PETER LAMARRE (fils), 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

west; also one brother, John MacKenzie, of Blackville. Deceased married Miss Jane McGregor, of Millerton, who predeceased him by six years. The body was brought home for interment at Millerton.

MRS. SUSAN E. McALLISTER

The death of Mrs. Susan E. McAllister, daughter of the late Robert E. Wasson and widow of the late John McAllister, and one of the oldest and most respected residents of the Miramichi occurred Friday afternoon Feb. 20th at 3:30 o'clock at her home here. Deceased had been in ill health for a number of years and passed peacefully away. The late Mrs. McAllister was born in Blissfield April 2nd 1834, thus attaining the wonderful age of 86 years, and was the last remaining member of a family of twelve. Her husband predeceased her, having died in 1874, as did also her infant daughter Janie and her daughter Isabella (Mrs. George Stables) in 1909. The late Mrs. McAllister is survived by three daughters and one son, Annie, (widow of the late Henry Seely) of Arizona, Ella, (Mrs. Samuel Mitchell) of Arizona, Clara and John at home. The funeral was held Monday afternoon, Feb. 23rd, at 2:30 o'clock. Services were conducted at the home and grave by Rev. L. H. MacLean, Pastor of St. James' Presbyterian Church. The pall bearers, were the following relatives of deceased, James, William and Stewart Stables, George Parker, Chas. E. Fish and Allan J. Ferguson. Interment in St. James' Cemetery. Funeral Directors Thos. Malby & Son.

Winter Weather Hard on Little Ones

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Nurse told Her to Give OLIVEINE EMULSION THE GREAT HEALTH RESTORER South Brookfield, Queens Co., N. S., Oct. 1919. "Our little girl was very sick with Stomach Trouble and different foods were recommended, but everything failed until a nurse told me to give her OLIVEINE EMULSION. She is now a big, healthy baby and I would not be without it in the house. For coughs and colds and as a health builder, it is the best to be had. We recommended OLIVEINE EMULSION to quite a few who were suffering from the effects of influenza and they used it with good results." (Name on request) OLIVEINE EMULSION is more than an ideal cough remedy, to pave the way for a quick recovery from heavy colds and deep-seated coughs. It is a body builder—gives strength to the weak—tones up and invigorates the whole system. It is pleasant to take and is especially adapted to the most sensitive stomach.

TO SUBSCRIBERS

It is our intention to draw sight drafts on all subscribers who are in arrears to the Union Advocate. Before doing so, we would respectfully request those in arrears, to kindly send in the amount due by them at once. By so doing the necessity of drawing drafts will be eliminated. We have a large amount due us by subscribers, and have repeatedly asked for their remittances. Some have responded, others have not, and we are compelled to take the above measure. It costs money to run a newspaper, and since newspaper has advanced to such a high figure, we must collect our subscriptions which are in arrears.

When remitting kindly notice the date of the tag on your paper and if not paid up to 1920, compute from date of tag to corresponding month in 1920, at \$1.50 per annum—make sure that your remittance is correct.

### Canada's Place In The Empire

Canada is the foremost of the family of the British Empire, and, being nearest, the great responsibility rests upon her, not alone to aid and succor in battle, but to lead the van in all forms of industrial life, to seize every opportunity to forward the grandeur and stability both of herself and of the Empire.

### Pure Brod Poultry Stock Pays

The pure bred fowl possesses many advantages over crossbreeds and mongrels. There is more reliability in their breeding. Experience has shown that pure bred birds will convert every particle of food and energy toward production. The meat is of improved quality and the flock is superior in every way for table poultry. The uniformity of the grade is more even and gives better market returns. The eggs are more even in size and color. The fowls present a much more attractive appearance, being uniform in size and color. The eggs and stock for breeding purposes are worth much more than for market alone. The revenue from this source in a good flock is not a small item. The preferred breed may also be selected for the particular purpose to which the farmer of poultry-men wishes to specialize upon.

Keep the warmth in and the cold out. Have a cup of hot. One every day. It will warm you through and through—fortify against fatigue—ward off colds and chills—and keep you A. I.

### ROYAL YEAST CAKES

are now packed in square packages. Each package contains five cakes, which are equal in quantity to six round cakes. All dealers are authorized to guarantee that the quality of the round and square cakes are identical in every respect.

### Plantfood Mixtures That Should Not Be Made

Fertilizers should never be mixed with manure, because such a mixture tends to let loose some of the nitrogen in the form of ammonia of both the manure and the fertilizers. Acid phosphate can be applied to manure at the rate of 50 lbs. to the ton of manure with great profit to the farmer. Best results can be obtained by applying manure and fertilizers separately. Never mix fertilizers with lime or ashes, or lime itself. A mixture with lime or ashes, tends to change the soluble phosphoric acid of the fertilizer back to the slowly available or unavailable form.

### Ontario Rural School Fairs

During the year 1919 the Ontario Department of Agriculture, through its agricultural representatives, distributed seeds and eggs to 78,946 pupils in 3,278 rural schools of the province. R. S. Duncan, B.S.A. writing to the Agricultural Gazette for January states that the following quantities were distributed:—1,890

bushels of potatoes, 432 bushels of grain, 12,575 packages of root seeds, 30,700 packages of vegetable seeds, 21,900 packages of flower seeds and 11,045 dozens of eggs of a bred-to-lay strain of Barred Plymouth Rocks. These figures give some idea of the magnitude of the school fair movement in Ontario.

The first school fair was organized in 1890 with three schools taking part. Ten years later 857 rural school fairs were held in the province and the pupils had 69,848 home plots and made 111,528 entries. It is estimated that about 350 people saw the first school fair in which 58 pupils took part, while last fall 93,490 children and 107,590 adults attended the school fairs in Ontario. This is truly a wonderful growth.

### A RISE OUT OF HIM

A farmer and an Irishman were at work in a field when an airplane passed over their heads. "I'd hate to be up there in that thing," said the farmer. "Faith I'd hate to be up there and not in it," retorted the Irishman.

### 10 CENT "CASCAETS" IF BILIOUS OR CONSTIPATED

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Salty Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to a host of misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

### How to Purify the Blood

"Fifteen to thirty drops of Extract of Roots, commonly called Mother Seigel's Carative Syrup, may be taken in water with meals and at bedtime, for the cure of indigestion, constipation and bad blood. Persistence in this treatment will effect a cure in nearly every case." Get the genuine at druggists.

### WISE PHYSICIAN

"You told him to 'diet,'" said the young doctor's wife. "Yes, I told him to eat only the very plainest of food and very little of that." "Do you think that will help him?" "It will help him to pay my bill."

## Autumn Versus Spring Ploughing

There are so many different soils to plough and so many kinds of ploughs to plough them with, that no definite rule can be laid down as the best method for all soils.

We plough to bury vegetation and manure, so that they may decay and feed the future plants. We plough to pulverize the soil and fit it to receive the seed. No other implement will do so much in one operation toward the making of an ideal seed bed, as a good plough in skilled hands. We plough to increase the water holding capacity of the soil. We plough to destroy weeds, insects and rodents.

**WHY SHOULD WE PLOUGH IN THE AUTUMN?** Because this comparatively slow operation may be performed more economically when horse and man power are not at such a premium as they are during the rush of spring seeding. Early autumn ploughing enables the heat from the September sun to hasten the decomposition of one season's refuse plant growth so that it may feed the succeeding one. Late autumn ridging with a plough greatly benefits many soils by exposing the greatest possible surface to the action of freezing and thawing, nature's most wonderful pulverizer, which has made most of the seed beds throughout the ages, and is today our greatest agent in producing the tilth so necessary for large crops. In the autumn a dry soil may be ploughed without causing the same injury that would follow ploughing a soil in that condition in the spring. It is also possible to plough land so wet in the late autumn that there is a gloss or sheen from the mould-board, knowing that the frost of winter will turn what would make clods at other seasons, into mellow seed beds in the spring.

**SOILS THAT SHOULD BE LEFT AND NOT PLOUGHED UNTIL SPRING.** Light soils that blow, and soils on steep hill sides that wash, should not be exposed to the gales and heavy rains of winter and early spring. Some heavy clay soils that puddle during the heavy spring rains are better left and ploughed when they have reached the right degree of liability to crumble under the mould-board.

**LAND THAT BARLEY NEEDS THE PLOUGH TO PREPARE IT.** Land that has produced a hoed crop such as potatoes, turnips, mangels or vegetables, usually produces a better crop if the seed bed is formed for the following grain crop without using the plough. Ribbing in late autumn has been the only use of the plough that has increased such crops at Charlottetown.

A few results from cultural experiments at Charlottetown, that bear directly on this problem, are of interest. The figures secured are from average yields covering four seasons from fields of oats on a comparatively level, sandy loam soil. Sod ploughed in August gave 47 bushels and 14 pounds; sod ploughed in November (no other autumn work), 42 bushels and 32 pounds; sod ploughed in spring, 34 bushels and 9 pounds. Loss from spring ploughing compared with August ploughing, 13 bushels and 5 pounds; compared with November ploughing, 8 bushels and 23 pounds. There were 45 plots in this particular five-year rotation, and the spring ploughing of sod averaged 6 bushels below the poorest autumn method of breaking sod. Therefore plough your sod in the autumn, and as much of your stubble as you can. Leave your land after a hoed crop without ploughing, except to rib it.

### HAZELTON

Hazelton, Feb. 16—The weather for the past few days has been very stormy and the roads are in a bad condition.

Miss Ina McKell who is staying with Mrs. F. A. Rushton at Woodland Cottage, spent Sunday with her parents, Mr. and Mrs. Thomas McKell. Misses Edith Price and Annie Beek are visiting the former's parents Mr. and Mrs. Chas. Price at McNamee.

Miss Susie Beek spent Sunday with her sister, Mrs. Fred Rushton at Woodland Cottage.

Mrs. S. Chute is much better, but sorry to hear that her son Master Nelson is very ill. We hope he will soon recover.

Mr. and Mrs. Fred Rushton and daughter, Freda spent Sunday last with Mrs. Rushton's parents, Mr. and Mrs. Nat Beek.

Misses Zillis and Sadie Betts were calling on friends here recently.

Mr. Nat Beek and Archie Bartlette were calling on Mr. Beek's daughter Mrs. D. A. Munn on Monday last.

We are glad to hear that Miss Hattie Parker who has been very ill is recovering.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions, and therefore requiring constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

## A 15 YEARS' FIRE

Just think! That is the time through which Mr. H. C. Buckley endured all the fiery torture of Eczema, burning eczema. His life was a "hell" until Zam-Buk—the great herbal skin cure—brought complete relief.

Mr. Buckley, who lives at 461 East Broadway, Portland, Oregon, writes:—"For fifteen years I suffered with eczema, and although I tried many so-called 'eczema cures,' nothing seemed capable of dealing with a case like mine. It was not until I had Zam-Buk recommended to me that I began to have hope. This herbal skin healer soon effected a change for the better. My eczema cleared with Zam-Buk. The itching sensation got less. I found Zam-Buk wonderfully soothing. Gradually the patches of soreness and the inflammation were reduced, and complete and permanent cure finally resulted. I would strongly advise all afflicted with eczema to give Zam-Buk a trial. It will give them satisfaction. They will not be disappointed."

No skin disease can resist the potent healing forces stored up in Zam-Buk, which is unequalled for eczema, ulcers, abscesses, bad legs, scalds, sores, blood-poisoning, rashes, scalds, burns, cuts and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto. 50c. box.

## SOUR ACID STOMACHS, GASES OR INDIGESTION

"Papa's Diapypsin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time is! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Papa's Diapypsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress at once by getting a large fifty-cent box of Papa's Diapypsin from any drug store. You realize in five minutes how wonderful it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acids in stomach.

## Winnipeg Man Has Gained 35 Pounds

All His Troubles Were Overcome by Taking Tanlac—Feels Fine, Now.

I don't believe there has been a man in the world who has been helped by Tanlac more than I have, and if it was possible I would go out and tell everybody personally what this medicine has done for me," said E. J. Coleman, a well known painter and decorator who lives at 195 Michigan Ave., Winnipeg, Man.

"After an attack of double pneumonia about a year ago," he continued. "I got out of bed almost a wreck, was so weak I could hardly stand up, couldn't walk by myself and now since I have taken Tanlac I have gained thirty-five pounds and feel so well and strong that it seems more like a dream than anything else for such a remarkable change to come over a man."

"My stomach was in an awful condition and I suffered so with indigestion that I ate hardly enough to keep alive. My nerves were completely shattered, and just to show you how nervous I was—a friend walked up behind me one day and slapped me on the back and I almost collapsed and he had to catch me to keep me from falling. It was out of the question for me to sleep at night, and sometimes my nerves would be on edge so bad that I was even afraid to be alone in the dark and I couldn't stay in a room by myself. My kidneys were out of order and nearly all the time I had a pain across the small of my back and I lost so much weight that I actually looked like a frame."

"One day my folks brought me a bottle of TANLAC, but I didn't want to take it because I had taken so many medicines that had done me no good that I was discouraged and didn't care whether I ever took any more medicine or not. But they insisted, so that I finally consented to take it, and to my complete surprise I commenced feeling better, right away, and by the time I had finished that first bottle I had improved so much that I was able to go down town myself and get my second bottle. Now I am on my fourth bottle and I never felt better in my life and can do as hard a day's work as any man. My nerves are steady and I can stand any kind of noise. I eat anything I want, digest it perfectly and don't feel a trace of indigestion or gas, and the pain across my back has completely disappeared. My kidneys are in fine condition and I sleep all night long as sound as a child and get up in the mornings feeling just fine. If any man had told me that Tanlac would do me just what it has done for me, I would have laughed at him. As long as I live I will never be able to praise Tanlac enough for the wonderful good it has done me."

TANLAC is sold in Newcastle by E. J. Morris and in Red Bank by Wm. M. Sullivan.

## WIND AND RAIN STORM

A terrific wind and rain storm visited this section last Wednesday and was one of the worst experienced in this vicinity for years. A heavy rain prevailed all day and a fifty mile gale blew at night. Considerable damage throughout the country is reported, and the wires of the N. B. Telephone Co. Ltd were more or less put out of commission.

## CORRECTION

We have been given to understand that the Nelson report in last week's Advocate concerning Mr. and Mrs. Haasen Patterson is untrue. The correspondent will hear further from us in the matter, and can govern himself accordingly.

## AMUSING INCIDENT

A rather amusing incident occurred last week when a consignment of 2 suit cases of boot-leggers' which key was being brought to town on the Maritime Express. An inspector happened to be on board the train and noticing the two suit cases became suspicious of them and after giving them a kick with his foot satisfied himself as to their contents. He at once decided to catch the owner, but the owner must also have recognized the inspector as he kept away from the cases, but never allowed his eyes to be taken off them. When the train arrived at Newcastle, another man, well known to the inspector came on board, while the first man stepped off. The inspector then took his handcuffs from his pocket and handcuffed the two cases together and moved away to another part of the car. It was not long until the second man who boarded the train went over to the suitcases and finding them handcuffed made up his mind he had better leave them alone, and made a hasty retreat from the train at the next stop. Needless to say, the inspector took charge of the suit cases and on inspection they contained a good quantity of Boot-Legger's Liquor.

**BUY AT HOME**  
The buying of goods from out of town stores will prove a serious menace to your community. Your merchants feel it keenly and stagnation is bound to come to your town if the people persist in buying anywhere but at home. The effects of so doing are already apparent in some towns of this Province. The danger is a real one. Are you practical enough in your patriotism to see that your duty is to "Buy At Home?"

**OATS STOLEN**  
Last Wednesday night, the warehouse of The Maritime Produce Co. was broken into and about 75 bushels of oats stolen therefrom. Stealing is becoming quite an art with some of our people, notwithstanding the fact that several young men have been sentenced recently to terms in the county goal.

On Friday, the Police Officers ascertained a clue from the shape of the hoof of the horse which was used to convey the oats away, and on following it up were successful in locating 23 bags of oats which had been carefully concealed under the floor of a Blacksmith Shop in Nelson. The owner of the Blacksmith shop was arrested and is now out on bail awaiting trial.
