### LOCAL HAPPENINGS

THE GUIDE-ADVOCATE welcomes all items of interest for this column. All phone in, send by mail or drop item in GUIDE-ADVOCATE Letter Box.

Flour has gone up forty cents per barrel.

SEE THE NEW FORDSON TRACTOR and Plow at R. MORNINGSTAR'S. a23tf

FRIDAY, the thirteenth, was certainly an unlucky day for the Kaiser.

THE EVAPORATOR is now taking in apples. Mr. Eccles is paying the top price as usual.

MEN'S Wool Sweater Coats at \$5.00. Light and dark, grey, navy, brown and heather.—SWIFT'S.

THE Toronto International League game postponed last week will be played at Arkona, Tuesday, Sept. 24.

THE WORD "PREP" is now established as King's English, the King of England having used it in one of his speeches.

WESTERN ONTARIO'S greatest baseball attraction, Toronto vs. Arkona All Star team, Tuesday, Sept. 24.

A PRESS AGENT is no doubt a useful means of getting to the front, but General Foch seems to be getting there without one.

Now is the time to repair your buildings for the coming cold snap. Every thing in builders hardware for house, barn, stable or garage.—T. DODDS & SON.

THERE will be plenty of entertainment for fair visitors on the evening of fair day—two good concerts are being arranged for.

THIS WEEK we had customers from other towns. They were surprised at our stock of dress goods, silks, suits and coats.—SWIFT'S.

EUGENE DEBS, former Socialist candidate for the U. S. Presidency, has been sentenced to ten years in penitentiary for seditious oratory.

THE young pipers, Irene Anderson and Earl MacAlister, of London, who headed the procession at the Thrift Exhibit parade, are a pair of talented young artists.

HAVE you noticed that in the towns which led in the amounts subscribed to the sailors' fund last week the canvass was heralded by big advertisements in the local paper.

HOUSECLEANING time is here again. Washing machines, wringers, mops, scrub brushes, tubs, pails, step ladders, curtain stretchers, etc., at HOWDEN'S.

THERE were not many autos on the street Sunday, every patriotic citizen who could be anxious to help conserve the gasoline supply. Anyway it rained in the morning making travel unpleasant.

Now is the time of year you need good rubbers. Beware of wet feet this damp weather. We have the better grade of rubbers, all sizes.—P. DODDS & SON.

THE Food Board gives warning that heavy penalties will be inflicted on any unlicensed person selling potatoes, or other vegetables. A grower does not require a license to deal in these products.

ONCE MORE, we have a goodly supply of Overseas boxes in two sizes. Better get yours ready for "his" Xmas box now.—T. DODDS & SON.

SOME of our correspondents have not heard from lately. A budget each week whether large or small would give great pleasure to our numerous readers in your section.

MERCHANTS who do not advertise shouldn't be surprised to see their customers going into their competitors' stores. Lots of people do not like to hunt in where they are not invited.

THE suggestion has been offered that all citizens having war gardens this year should take special care of the ground when the vegetables are taken up. The more it is cultivated the better for next year.

BRIGHTEN UP for winter with Sherwin-Williams' Paints and Varnishes, Laquerette and Elastica Floor Varnishes, Floor Wax. A full line of paint and varnish brushes at HOWDEN'S.

THE LITERARY DIGEST makes a plea for an increase in ministers' salaries. The plea is well directed. Ministers are about the only class who haven't formed a union and struck for higher pay. Because a man is a minister of God is no reason why his material welfare should not be attended to.

LADY DUFF GORDON was speaking about the new skirts. "They're shorter and skimpier than they were," she remarked and added: "The children of Israel worshipped the golden calf, and now, in the twentieth century, the practice has become universal."

OUR CUTTER, Mr. Letherland, will be back next week from the western wheat fields. Get in your orders.—SWIFT'S Tailoring Dept.

DINNER SETS are scarce and higher. If you want one this fall look over our stock while the assortment is good.—THE HOWDEN ESTATE.

THANKSGIVING DAY has been fixed for Monday, Oct. 14th.

MANY of Canada's greatest ball-players at Arkona, Tuesday, Sept. 24.

WATFORD HIGH SCHOOL will hold their annual field day next Thursday.

STRATHROY FAIR was well patronized by Watford people this week.

IF YOUR FRUIT has a phenol smell expose it to the air and it will be as good as of yore.

HALTERS, blankets, brushes, combs, lanterns, stable brushes and all agricultural supplies at prices that large city stores don't offer.—HOWDEN'S.

COMMENCING next Sunday Trinity Church Sunday school will be held at 2:30 o'clock.

MR. R. HOME SMITH is the new Provincial Fuel Controller and Mr. E. L. Cousins is deputy.

THE LADIES' AID of the Watford Methodist Church intends to serve lunch in Mrs. White's store on the afternoon of the day of the Watford Fair. 13-2

TORONTO'S fuel commissioner advises those without coal to make application—they will receive a ton at once. Watfordites would be tickled to death if our commissioner would do likewise.

WE CARRY Gillette, Auto-Strop, Ever-Ready, Gem, Durlan Duplex and Enders Safety Razors at prices from one dollar to five.—HOWDEN EST.

CONCERT FAIR NIGHT, Oct. 3, in the Lyceum. The Brunswick Trio, Elocutionist and Irish and Scotch dancer. Auspices Lambton's 149 I. O. D. E. Particulars next week.

RUBBER BOOTS are what you want for wet fall weather. Let us show you our stock—at very low prices. We have pleased you before, let us do it again.—P. DODDS & SON.

IF you lack sugar for preserving try Glucose. Glucose prevents fermentation in fruit and crystallization of the syrup in jams and jellies which sometimes occurs on the top. Glucose can be bought in all grocery stores.

THE August number of "The Teller", a monthly magazine published by the Sterling Bank of Canada, has an excellent half-tone picture of the late Pte. Roy Acton who was killed while on active service towards the end of last year.

WATSON'S UNDERWEAR for women and children. We have sold it for 20 years—it's the best; no shirking.—SWIFT'S.

MEN who are working outside this wet weather need good waterproof shoes. Don't work with wet, cold feet—come in and get a pair of our good, strong, waterproof shoes. We sell the best at a little lower in price.—P. DODDS & SON.

CAPT. THOS. L. SWIFT, of Bowsman River, Man., writing the Guide-Advocate, says:—"The old home paper comes more regular and is more welcome than any other paper. We are fortunate in the valley of having a very good crop. Cutting is all done and threshing has commenced."

THE regular meeting of the Women's Institute was held at the home of Mrs. T. Dodds, Sept. 11th, Vice-president presiding. After opening prayer and the singing of the Maple Leaf, the minutes of last meeting read and adopted. The usual business was then disposed of. A donation of \$5 from a friend was much appreciated. The program consisted of a solo by Miss Evelyn Dodds, an instrumental by Miss M. Moir, and a reading on "Our Flag" by Miss N. Kinell, all were good. Meeting closed by the National Anthem. Next meeting at the home of Mrs. J. Bambridge.

THE POST OFFICE has received word that Canadian postal notes can now be sent to any Canadian or British soldier serving in France, and payable at any British field post office in France. As field post offices are handy to all units at the front, this should be a handy and cheap means of sending money to those at the front. The sender is protected from loss in case of the postal note not being received.

EVERY FARMER needs at this season, shovels for furrows, stable shovels, scoop shovels, drain cleaners, lanterns, manure forks, buck saws, etc. Let us supply your needs.—T. DODDS & SON.

THE ANDREWS WIRE WORKS CO., of Watford, are still desirous of obtaining more men and women. Young men and young women to work in their factory here, and the Corporation of Watford being interested in the welfare of this company and their ever increasing business, will undertake to see that any persons offering themselves to the management of said Company are comfortably located and that suitable lodging and boarding places are obtained.

IN ANOTHER COLUMN will be found the announcement of Prof. Howard Gordon, of Strathroy, a musician of acknowledged ability, who will visit Watford every Monday. Prof. Gordon is not long out from the old country, where he led some leading symphony orchestras. For some years he was lay chorister in St. Ninias Cathedral, Scotland, and is the composer of some excellent church music. He studied vocal and instrumental music under the great-est teachers in Europe. Mr. Gordon is at liberty one day each week, when he purposes coming to Watford. Anyone wishing to complete or advance their musical education should drop a line to Drawer A, Watford P.O., and the professor will call on them.

Mrs. Wm. Anderson and daughter Irene, London, were the guests of Mrs. W. E. Fitzgerald while attending the Thrift Exhibit. Many old friends were glad to see them.

The many friends of Miss Agnie Auld Toronto, will be pleased to hear that she is rapidly improving from her recent long illness and that she and her mother who is with her, expect to come home in a few days.

## THE MERCHANTS BANK

Their Handsome New Building in Watford Opened to the Public

The handsome new building just erected on the corner of Main and Huron streets for the Merchants Bank of Canada was opened to the public on Tuesday last, and during the day was visited by a large number of people.

The building is a handsome and imposing structure, a valuable addition to the business houses of Watford and an ornament to the main street. In size it is 30 by 50 feet, two stories, and is built of rough-faced red brick laid in Flemish bond design, showing diamond shape in black, and has white stone facings. It stands on a high foundation, finished in quarter-cut oak, panelled ceiling, modern desks, cages, furniture, electric fixtures and other fittings. To the left on entering is the manager's private office, and at the rear are two large vaults where the safe and safety-deposit boxes are to be found. The second story is fitted up as a dwelling with every convenience. The building contains three laboratories, and hot and cold water is forced through the rooms by a three-horsepower electric motor.

On the opening day Manager F. A. MacLean welcomed all visitors and extended hospitality. Flowers and trailing vines decorated the outside office.

The first person to open an account in the new building was little Mary Elliot, the three-year-old daughter of Mr. and Mrs. Alex. Elliot. She was presented with a box of candy by the manager, as was also Mr. Joseph McCormick, who made the first deposit by a regular customer.

The building is one that the Bank and the citizens of Watford will well feel proud of. The contractors were Messrs. Shultz Bros., Limited, of Brantford.

## Thrift Exhibit a Big Success

In spite of the rain and mud the boys and girls got their vegetables, etc., ready for the Exhibit on Friday last. There were 484 entries, being 142 in advance of last year. The judge, W. P. McDonald, said the vegetables were better and more uniform than in 1917. The parade, with the exception of the floats, had to keep to the sidewalks. Irene Anderson and Earl MacAlister, pipers in costume, led the school, many of the Public school, boys and girls being in costume.

The decorated bicycles helped to give color to the parade.

The Red Cross float with Mrs. Miller as Britannia and Mrs. Class as Miss U. S. A., with a bevy of Red Cross nurses, carried off first prize.

The Q. P. Club girls with their usual originality and initiative put on a float representing their work, which was much admired, and Carmen Harper and Co. deserve credit for the comic float.

Messrs. J. Farrell and E. A. Brown acted as judges on the parade and it was due to their generosity that all were remembered.

The evening concert drew a large audience and the recitations were judged. All were exceedingly well delivered and Eleanor Crawford deserves especial praise for her patriotic song.

Messrs. Steer and McKenzie gave two fine duets on the piano and Irene Anderson and Earl MacAlister in costume delighted all with their songs and dances.

N. McDougall, Public School Inspector, gave an excellent address.

The booth did a good business and several of the Public School girls donated their cakes to be sold at auction.

Mr. John Farrell acted as chairman and made everybody old and young feel at home.

Col. Kenward, Chairman of the Thrift Exhibit Committee, proved his ability as a gardener by exhibiting a fine collection of vegetables.

S. Stapleford kindly judged the live stock. R. Campbell, of Petrolia, the construction work, maps and writing, Miss Gormally the art work, Miss McCaw and Mr. MacKenzie the essays, Mr. MacDougall and Mr. MacKenzie judged the recitations, Mrs. Humphries and Mrs. Bambridge acting for the Women's Institute judged the darning, etc. done by the Public School girls.

Harper Bros. kindly supplied the piano which was used. Receipts at the door and booth were \$119 and special prizes were donated to the amount of \$36.

There will be a surplus of about \$30 above all expenses which will be used for patriotic work.

The prizes were distributed at the Public School on Tuesday. The Committee in charge feel deeply grateful to all who helped to give the boys and girls a happy and profitable day.

They appreciated it and at the Public School on Tuesday expressed their thanks to their teachers and the Daughters of The Empire and the Committee very suitably and in a way that would have done credit to their elders.

A complete list of the prize winners on page eight.

## Brown-Nixon

A very quiet wedding was solemnized on Wednesday afternoon, 18th inst., by the Rev. J. C. Forster, at the residence of the bride's sister, Mrs. W. J. Howden, when Miss Clara Victoria Nixon, daughter of the late Dr. Nixon and Mrs. Nixon, was joined in wedlock to Mr. Elmer A. Brown, of A. Brown & Co., merchants. The contracting couple were unattended. They took the boat at Sarnia for Sault Ste. Marie for a short honeymoon. Their numerous friends extend congratulations.

## Harvest Home

The annual Harvest Thanksgiving services will be held in Trinity Church on Sunday next. The rector will conduct the morning service and the sermon will be especially for young people. There will be a celebration of the Holy Communion. The Rev. Prof. Wright M. A., London, will preach in the evening. The thankoffering will be given to Huron College.

## Lambton's 149 I. O. D. E.

At the regular monthly meeting of Lambton's 149 I. O. D. E. held at the home of Mrs. Harper, on Tuesday, Sept. 17th, there were 13 members present. The meeting was opened with the singing of "God Save the King." The minutes of last meeting were read and adopted. The convener of the knitting committee reported 6 spindles of yarn had been delivered also having packed and sent 21 parcels on Sept. 3rd containing in all 62 pairs of socks and other comforts to men overseas. A letters and parcel was sent Lieut. Bury C. Binks.

The sum of \$25 was voted "The Sailors' Fund." The chapter are indebted to Miss Kelly of Brockton, Alberta, for the gift of a pair of beaded moccasins. A concert will be given in the Lyceum, Fair night, Oct. 3rd, under the auspices of the chapter. Good talent assured, particulars later.

Letters were received by the members from Geo. Mead, Will McNally, Cecil Dean, Corp. G. C. Matthews, W. R. Kent, J. W. Brown, Chas. Lawrence and Lloyd Howden.

The meeting closed with the singing of the National Anthem. October meeting at the home of Mrs. Kelly.

## NOW FOR THE FAIR

### Make It a Hummer and The Best Ever

Preparations are proceeding for the big fair of the East Lambton Agricultural Society which will be held in Watford on October 2nd and 3rd.

The fair has won the distinction of being one of the leading agricultural exhibitions in Western Ontario, and there is every prospect of that reputation being maintained this year. Everyone should work with that object in view, and all who can should make exhibits of live stock, poultry, fruits, vegetables, grain or in the other departments.

Among the attractions presented by the management will be two good trials of speed on Thursday, Oct. 3rd, as follows:

1.—Purse \$150.00—2.30 class trial, trotters or pacers, mile heats, 3 in 5. 1st \$75.00, 2nd \$37.50, 3rd \$22.50, 4th \$15.00.

1.—Purse \$200.00—Open. Trotters and pacers, mile heats, 3 in 5. 1st \$100.00, 2nd \$50.00, 3rd \$30.00, 4th \$20.00.

Other special features will be three cash prizes for lady drivers, a baby show, patriotic school drills, and other platform attractions.

Altogether the fair this year promises to be as good as any of its predecessors. Let there be no relaxation to make it the best yet.

Come with the crowd and meet your old friends and enjoy an outing.

### HELP THE BOYS "OVER THERE" BY SAVING GASOLINE

The Allies need gasoline. Waste none of it on Sunday motoring for pleasure. He who uses it for this purpose stinks those who are fighting our battles. It is the duty of all motor car owners to comply with the Fuel Controller's request to save "gas."

The safety of the State being the supreme law, personal enjoyment must give place to national necessity during war time. To save gasoline is to save money. It will also ensure a more adequate supply of "gas" for the needs of our war machine, which must lack no essential. To comply with the Fuel Controller's request will save \$150,000 on a single Sunday. In gasoline it will also save hundreds of thousands of gallons. A word to the wise motor car owner is sufficient!

To the Patrons of the Roche House Watford

Owing to the most exorbitant high price of everything used on the table and otherwise in the running of our hotel and the greatly decreased trade which conditions have imposed upon us, we are obliged to raise the price of our hotel sheds, yard, water, etc., privileges from \$2.00 to \$3 for the coming year, commencing October 1st, 1918, to October 1st, 1919. Do not forget the fact that when conditions were different, you enjoyed all these privileges free for a great number of years.

Thanking our patrons for the generous manner in which they responded last year. We will try and keep you warm if the coal holds out.

Yours most respectfully,  
ROCHE BROS.

## BROOKE

Miss Verna E. Acton left on Monday to attend the London Normal.

Glencoe school children were given a holiday to attend the London fair.

See the new Fordson Tractor and Plow at R. MORNINGSTAR'S, Watford. a 23 ff

Anniversary services will be held in Chalmers Church, Brooke, on Sunday next, Sept. 22nd, at 12 noon and 8:30 p.m. Preacher at both services will be Rev. G. B. Ratchiffe, B. A., of Arkona. Special music by the choir.

Harvest Thanksgiving services will be held in Christ Church, Sutorville, on Sunday next. The Rev. Prof. Wright, M.A., of London, will preach at 11 o'clock in the morning, the Rector at 7:30 in the evening. The church will be decorated as usual. The thankoffering will be given to the mission work of the church. All welcome.

The annual Harvest Thanksgiving service will be held in St. James' Church on Sunday next at three o'clock in the afternoon. The Rev. Prof. Wright M.A. of London, will preach. The church will be decorated. The thank offering will be given to the mission work of the church. All welcome.

Rev. and Mrs. J. A. Snell, formerly of Brooke Methodist circuit, have received word from their son Jerrold, stating that he has just been promoted to the rank of sergeant. He went to France two years ago this month as a private and has risen to the highest office possible in the C. A. M. C., except for those who are graduates of a medical college.

Three cars on the Glencoe-Petrolia combination train went off the track at Sutorville on Monday morning. The other two cars caught fire, the wooden part being burned, together with their contents, as well as the combination coach. Supt. C. E. Forrester of the London division was on the train at the time of the accident. When the cars left the track he was thrown in such a manner that his wrist was badly bruised.

## NOW RAISES 600 CHICKENS

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me.

"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters.

Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

WATFORD, SEPTEMBER 20, 1918

#### NOTE AND COMMENT

Peterboro' Review:—One of the new words born of the war is "defeatist", which means a man in any line of endeavor who quits before he starts.

(Buffalo Commercial.)  
Something of Great Britain's effort may be realized in the statement by Premier Lloyd George that if the United States called out as many soldiers proportionately as Great Britain has an army of 15,000,000 mop would take the field.

A report reaches Switzerland that Allied airmen destroyed the poison-gas factory at Mannheim, Germany. The release of the gases when the works were wrecked sent seventy eight persons to hospitals. It is a wonder the Kaiser does not protest against this inhumanity.

Mr. Eli Thompson, of Mud Creek, threshed 103 bushels of alsike clover seed from 14 acres.

An Oneida Indian and two young sons, 9, 11 years old pulled 284 acres of flax for the Ontario Flax Company in 28 days. Eight acres were pulled in the Tibbury fields and 29 acres for the Parkhill mills. He received for his labor \$427.50, a pretty good month's wage.

#### \$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and this is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution, and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

#### IDEAL PLACE FOR SOLITUDE!

Bird Island, in Gulf of St. Lawrence  
One of World's Most Desolate Spots.

Bird Island, most northerly of the Magdalen Islands, holds the world's record for wrecks. The whole group in the Gulf of St. Lawrence, is exceedingly dangerous, but Bird Island stands first. It is like a huge rock than an island its walls rise grim and gray in the path of the mariner. The island has no beach or coast, only a steep irregular cliff rising abruptly from the water. The top is a barren plateau of about five acres.

The principal inhabitants are birds. Gulls, gannets and murres come in thousands to nest and rear their young. The roar of their thousands of wings drowns the noise of the waters. The Indians say that they are the souls of shipwrecked sailors.

The human tenants of the plateau are the lighthouse keeper and his wife, doomed to solitary existence except about once or twice a year when a ship brings provisions. Sometimes, perhaps in about every three or four years, an enterprising naturalist comes to study the bird life on the island.

Ships can approach Bird Island only in the calmest weather. The slightest ripple and the craft keeps a respectful distance. The lighthouse is reached by a rope and windlass. The hardest mountain climber would hesitate before attempting to scale its rough gray walls.

The keepers of the light have been singularly unfortunate. The first went insane and had to be kept confined by his wife and assistant until the provision boat arrived. The second was borne away by a floating piece of ice when seal hunting in the early spring. His wife maintained the lighthouse alone until help came from a neighboring island.

#### FAD WELCOMED BY ARTISTS

Painted Designs on Lingerie Give Opportunity for Unlimited Display of Originality.

Now that the hard-hearted hosiery manufacturers have decided to reduce their manufacturing costs by cutting out the fancy colors and startling designs of the ladies' lines and limiting the output to plain somber shades that cannot be heard coming, that portion of femininity that demands novelties in dress that fairly scream will have to fall back on the new fad in underwear. Oil paintings, done to suit the individual taste, on the lingerie, each piece to follow the same design and make up the set, and a mosquito net overdress will put a spiderweb stocking in the shade when it comes to startling scenic effects.

Imagine a set with a lifelike representation of the execution of Marie Antoinette on the back of the corset cover and a panoramic sketch of the taking of the Bastille running around the bottom of the undershirt, with other sidelights of the French Revolution sandwiched in where opportunity presents.

Possibilities? Why! A pair of silk ones never began to offer the possibilities for effective display of the artistic temperament that this new fad does. All struggling artists whose productions are not in demand since the war economics have put a quietus on the picture market will rise en masse and call the originator of the new idea blessed.—Brookton Times.

#### French Labor Shortage.

The lack of labor has become more acute in almost all the vital industries of France. There are many soldiers of the old classes in the French army, men 40 years of age or more, whose usefulness at the front is a question open to debate. Agitation has been going on since the time when American participation in the war made the demand for men less acute at the battle front to relieve the old Pollus. Early in 1917 the doubtful privilege of an honorable discharge was granted to carefree fathers of six or more children. The real problem before the chamber of deputies is whether to take up the question of the old classes in a large spirit or whether to continue to make slight concessions to the demands of their constituents.

#### Adjustable Support for Broken Limbs.

"Tests of a new limb support which have been made in a hospital in this country have proved so satisfactory that a Red Cross unit will take one of the devices to France, together with specifications for making others, if desired," says Popular Mechanics Magazine. As described and illustrated, it consists of "a hammocklike sling suspended from a steel arm that can be attached either to a bed or a wheel chair. Its special feature is the freedom of movement that is afforded the patient. By means of a rope and pulleys the sling can be raised or lowered, while the supporting arm permits it to swing from side to side."

# NOTICE

## TO UNITED STATES CITIZENS IN CANADA.

By the United States Military Service Convention Regulations, approved by the Governor-in-Council on 20th August, 1918, MALE CITIZENS OF THE UNITED STATES IN CANADA, WITHIN THE AGES for the time being SPECIFIED BY THE LAWS OF THE UNITED STATES prescribing compulsory military service, except those who have diplomatic exemption, ARE MADE SUBJECT AND LIABLE TO MILITARY SERVICE IN CANADA, AND BECOME ENTITLED TO EXEMPTION OR DISCHARGE THEREFROM, UNDER THE CANADIAN LAWS AND REGULATIONS. The regulations governing this liability are published in the Canada Gazette (Extra) of 21st August, 1918; copy whereof may be obtained upon application through the post to the Director of the Military Service Branch of the Department of Justice at Ottawa.

UNITED STATES CITIZENS of the description aforesaid who were IN CANADA ON 30th JULY, 1918, HAVE SIXTY DAYS FROM THAT DATE within which TO EXERCISE AN OPTION TO ENLIST or enroll IN THE FORCES OF THE UNITED STATES, or TO RETURN to the United States; and THOSE WHO for any reason SUBSEQUENTLY BECOME LIABLE TO MILITARY SERVICE IN CANADA HAVE THIRTY DAYS FROM THE DATE of the accruing OF SUCH LIABILITY within which to exercise the like option. It is stipulated by the Convention also that certificates of diplomatic exemption may be granted within the optional periods aforesaid. EVERY CITIZEN OF THE UNITED STATES TO WHOM THE REGULATIONS APPLY is required to REPORT TO THE REGISTRAR under the Military Service Act, 1917, FOR THE province or DISTRICT WITHIN WHICH he is, in the manner by the regulations prescribed, WITHIN TEN DAYS AFTER THE EXPIRY OF HIS OPTIONAL PERIOD and will be SUBJECT TO PENALTIES IF without reasonable excuse HE FAIL SO TO REPORT. For the information of those whom it may concern Sections 3 and 4 defining the requirements of registration, with which it will be necessary strictly to comply, are set out substantially as follows:—

#### WHEN HE MADE RECORD JUMP

Youngster Was Trying to Escape Dog He Thought Was Mad, So There Was Abundant Reason.

Commander C. B. Fry, who has temporarily relinquished athletics in order to train boys for the navy, described to me the other day how he first came to discover his ability as a jumper.

"When quite a youngster," he said, "I was one day strolling along close to our house, when there came bounding along the road in my direction an exceedingly wicked-looking terrier I had recently become possessed of.

"The animal was foaming at the mouth and showed other unmistakable signs of excitement and distress. Hydrophobia was rife in the district at the time. A horrid fear gripped me. Turning swiftly aside, I took the ditch and hedge bordering the road in one wild leap, landed safely in an orchard on the other side, and was up a plum tree a few seconds later.

"The dog, however, followed through a gap in the hedge and sat at the bottom of the tree, but he brought a toad in his mouth, and I perceived he was not mad beyond the degree of trying to eat the toad. So I came down, and went to have a look at the hedge I had jumped over.

"It was much higher than my head, not to mention the ditch. It was many years before I jumped as high again." —Pearson's Weekly.

### LIKE HIS IMPERIAL MASTER

Von Buelow, Under the Wings of the German Eagle, Typical as of Ill-Omen to Mankind.

From Brand Whitlock's story of German oppression in Belgium in Everybody's Magazine, we take the following account of a single incident that occurred in May, 1914, just before the war. Mr. Whitlock, with other diplomats, was the dinner guest of Mr. Von Buelow, the German minister to Belgium.

"We were standing by a table in the corner of the room, and from among the objets d'art, the various trinkets, the signed photographs in silver frames, with which it was loaded, he drew forward a silver bowl that he used as a cendrier. As I dropped the ash of my cigar into it, I noticed that it was pierced on one side near the rim by a perfectly round hole, the jagged edges of which were thrust inward; plainly a bullet hole; doubtless it had a history. I asked him.

"Yes, a bullet hole," he said. "In China it stood on my desk, and one day during the riots a bullet came through the window and went right through it."

"Several of the guests pressed up to see; such a bowl with its jagged bullet hole and a history was an excellent subject for conversation; the German minister had to recount the circumstances several times.

"I have never had a post," he said, "where there has not been trouble; in Turkey it was the revolution; in China it was the Boxers. I am a bird of ill-omen."

### MAKE LIGHT OF ALL RISKS

British Aviators Think Little of Danger When There is a Chance to Hurt the Enemy.

The daringly low flights of English airmen at the front are shown in the official notes to awards of the military cross:

Lieut. Richard Arvidine Maybery, R. F. C., after attacking two aeroplanes in succession at very low altitudes and inflicting considerable damage, attacked and dispersed a number of mounted men and then attacked a freight train. He next attacked and shot down a hostile machine at 500 feet, and before returning attacked a passenger train.

Second Lieut. Walbanke A. Pritt, R. F. C., in attacking a hostile aerodrome dropped bombs from a very low altitude and attacked and destroyed two enemy machines almost as soon as they had left the ground. A machine gun then opened upon him from the aerodrome, which he immediately attacked. Both on his outward and homeward journey he was under very heavy fire. Once he attacked a motorcar and shot one of the occupants from about fifty feet, afterward attacking infantry on the march and inflicting severe casualties upon them.

Second Lieut. Alexander A. N. Pentland, R. F. C., descended to within twenty feet of the ground and fired into eight hostile machines. On his return journey he attacked a train with considerable effect from low altitude. He has always shown fearlessness and devotion to duty in attacking enemy balloons and troops on the ground.

### Finland's New Flag.

The Russian revolution will probably result in lengthening the list of the world's flags by several additions. Finland, which, since March, has ceased to be a grand duchy and has declared her independence and status as a republic, has now decided on her national colors. She will have three different standards: the national flag, the flag of the merchant service, and that of the pilot and customs services. The national colors are those which were acclaimed at the time of the revolution, the yellow lion of Finland surrounded by nine white roses on a red ground. The flag of the merchant service will have a yellow perpendicular cross on a red ground and in the top right-hand corner, nine white roses set symmetrically in three rows. The pilot and customs services flag will be the same, except that it will carry the yellow of Finland instead of the white roses.

### Fought With Owl.

An employee of the Helena Land and Lumber company near Perkins, a short distance north of Escanaba, Mich., had a desperate encounter with a huge owl while walking through the woods late at night.

His first warning of the attack was when he was struck on the head and his fur cap pulled off. The great claws of the bird next were fastened to his skull and his face.

After a desperate fight in the dark the man succeeded in securing a good hold on the owl and killed it by dashing its head against a tree. The owl is on exhibition at the camp and is said to be the largest ever killed in that vicinity.

### "CARDIFF GIANT" PURE FAKE

Had Its Origin in Hoax Which is Understood to Have Had Its Inception at Chicago.

Andrew D. White gives some of the particulars of the "Cardiff Giant" in a book entitled "The True Story of a Remarkable Deception." The Cardiff giant was the huge stone image of a man which Farmer Newell of Cardiff, N. Y., claimed to have unearthed while digging a well in the autumn of 1869. After it had been sold to a joint-stock company formed to exploit the wonder for show purposes, Barnum tried to buy it for his own museum, but his offer was declined. The showman then had an imitation made, with the result that two Cardiff giants were on exhibition at the same time, the duplicate being shown to the public as "the only and original." Doctor White attributes the exposure of the fake to Professor Marsh of Yale; in another account it was Dr. John V. Boynton of Syracuse, N. Y., who laid bare the fraud. The original Cardiff giant was carved or chiseled out of a gypsum block in a stoneyard in Chicago and was transported thence by rail and wagon to Cardiff. According to Doctor White, scientists as well as clergymen were much impressed with the colossal figure. Dr. James Hall, state geologist, issuing a statement in which he described the giant as "the most remarkable object brought to light in this country" and as "deserving the attention of archaeologists."

**AN ALWAYS READY PILL.**—To those of regular habit medicine is of little concern but the great majority of men are not of regular habit. The worry and cares of business prevent it, and out of the irregularity of life comes dyspepsia, indigestion, liver and kidney troubles as a protest. The run-down system demands a corrective and there is none better than Parmelee's Vegetable Pills. They are simple in their composition and can be taken by the most delicately constituted.

**Profiteering an Old Crime.** Profiteering in necessities, which has been revealed in all degrees of baseness since the United States entered the war, is one of the world's oldest crimes, according to the Bible and other ancient writings. Bunyan showed that it was one of the banes of his time, and Pepsy told of the sacking of storehouses by the hungry English populace as the speculators held back supplies for higher prices when the people starved.

**\$500,000 for Muskrat Skins.** The annual January fur auction closed at St. Louis with sales totalling approximately \$3,350,000.

A lot of 710,000 muskrats brought \$500,000. Many of the skins brought \$1.50 each, an average price for good pelts being 75 cents. A few years ago muskrat skins sold on the market at low as five cents each. A collection of beaver brought \$25 per skin and the small lot of marten from Alaska set a record price of \$57 each.

Extraordinarily high prices paid this year were said to be due to the high quality of the furs.

More than 350 buyers from all parts of the world attended the sale.

### Children Cry FOR FLETCHER'S CASTORIA

**Aged Tree Is Dying.** The original navel orange tree, planted 44 years ago, producer of the first navel oranges grown in the United States and parent of millions of trees now growing in California, is believed to be dying. Horticultural experts have begun efforts to diagnose the disease that threatens it in the hope of prolonging its life.

This tree, the most noted in the citrus industry of California, came originally from Bahia, Brazil. It was planted in 1873 by Mrs. C. L. Tibbets, who obtained it from the botanical gardens in Washington, D. C.

Home in Halifax roofed with Brantford Asphalt Slates

## A handsome roof that defies the weather

An added touch of beauty to any house is a roof of Brantford Asphalt Slates, which are in soft, harmonious shades of reddish brown and dark green. The colors are permanent and unfadeable, being the natural shades of the slate just as it is taken out of the quarries.

It will also prove a very economical roof, because Brantford Asphalt Slates do not split, get loose, absorb water or rot. They are strongly fire-resistant and are classified as non-combustible by the fire insurance companies, and allowed to be used in cities where the most rigid fire-prevention By-laws are in force.

Brantford Asphalt Slates are very moderate in cost. The regular size of the slates and their pliability make them easily and quickly laid, thus saving time and cost of labor. Being made of high grade felt saturated and coated with asphalt, and with a surface of crushed slate, they make a roof that defies the elements and is a permanent part of the building, just like the walls and the foundation.

# Brantford Asphalt Slates

are being used more extensively every year for city, country and summer homes, churches, golf clubs, stores, garages, and wherever an artistic effect is desired on a pitch roof.

If you are going to do any building this year or have an old roof that needs replacing, it will be to your advantage to investigate Brantford Asphalt Slates.

The circle wish to thank the council of Warwick Township for the donation of \$53.00 received last week. The next meeting will be held at the home of Mrs. Isaac Kadey, on Thursday, Sept. 26th.

The regular meeting of the Women's Institute was held in the Foresters' Hall on Thursday, Sept. 12th. Meeting opened with Maple Leaf and Prayer. Ten ladies were present and spent a busy afternoon in sewing and knitting. A vote of thanks was tendered to the council for their generous grant for Red Cross. Bale packed contained 9 suits of pyjamas, 5 grey flannel shirts. Shipped to Toronto 30 pairs of socks. Collection \$11.44. Meeting closed with National Anthem.

The marriage of Miss Ellen Letitia Bailey, daughter of Mr. and Mrs. John Bailey of Forest, to Glen M. Kernohan of Warwick, took place at noon Wednesday, August 28th. The ceremony was performed by Rev. D. J. Cornish, at Christ Church Rectory, Forest, the young couple being unattended. The bride wore a becoming gown of blue silk. Mr. and Mrs. Kernohan left by motor for a short trip to Petrolia and London, the bride travelling in a brown suit with hat to match and red fox furs. Since their return they are residing on the 6th line of Warwick.

On complaint of Mr. G. G. Bramhill a warrant was sworn out for the arrest of William Hall, a Muncey Indian on a charge of obtaining groceries to the value of \$22 from R. J. Nicholson of Alvinston, for the said amount from the said G. G. Bramhill with intent to defraud. Hall seems to be a hard man to find as the warrant issued on August 2nd has not yet been served. Hall, it is alleged, contracted with Mr. Bramhill to pull flax and on the strength of the contract received from Mr. Bramhill an order for goods on Nicholson's store. This was the last seen of him, hence the warrant.

**Phenol Scare Unwarranted**

Under the caption, "An unwarranted Phenol Scare," Dr. C. J. O. Hastings, M. O. H., and local Food Controller of Toronto, issued the following statement:

"I regret exceedingly the wide-spread epidemic, not only in the city, but also in the province, of 'imaginitis,' as regards the danger resulting from the slight taste of phenol in some preserved fruits and jams. There was no imagination so far as the smell of phenol was concerned, but it was purely imagination so far as any ill-effects were concerned.

"It must have been apparent to any thinking citizens that it would be quite impossible to get sufficient phenol from a rubber ring on a jar of fruit or jam, even if the ring were saturated with phenol, to have any poisoning effects. If you stop to think for one moment you will perceive that only a minute portion of the rubber ring ever comes in contact with the fruit at all, but it requires an almost infinitesimal amount of phenol to give an odor of that substance. "So that I hasten to assure the public both in Toronto and the province, whenever these rings may have been used that there is absolutely no danger in connection with the fruit thus canned or put down as jam. The only possible objection is the odor, which would make the fruit probably unsalable, but would have no ill-effects whatever on those using it."

Mr. and Mrs. Duncan Whyte, 16th con. Bosanquet, received word on Tuesday, of the wounding of their son, Pte. Donald Whyte, he having received a gunshot wound in the wrist. Pte. Whyte enlisted in "D" company 149 battalion when it was being recruited in the spring of 1916.

# Kitchener was right

when he said—

*"Either the civilian population must go short of many things to which it is accustomed in times of peace or our armies must go short of munitions and other things indispensable to them."*

NOW the only way we can possibly live up to that obligation is by going without in order that our soldiers may have. For the money we waste is not money at all—it is equipment, clothing, shot and shell that are urgently needed in France. By denying ourselves, therefore, we enable Canada to procure to the fullest extent the materials and labor which she and our Allies need for the successful prosecution of the war. What happens when we fail to save? A pull on labor by the Government in one direction and a pull on labor by the people in the opposite direction.

Hundreds of millions of dollars are of no use to the country if goods and services can be secured only to the extent of eighty millions of dollars. So we must do everything in our power to release both goods and labor for the purposes for which Canada needs them.

WHETHER it be food, coal, wool, steel, leather, labor or transportation, the result in all cases is the same. Whoever competes with the nation by freely satisfying his own desires, selfishly appropriates to his own use that which is so urgently required for our fighting men in France.

*For the sake of your country and the boys "over there," spend cautiously. Think of what Lord Kitchener has said, and ask yourself first, "Is this something I really need or can I do without it?"*

Rev. C. W. King was in Watford Tuesday and Wednesday attending the Middlesex and Lambton Pastors' Conference.

Prof. J. H. Farmer of McMaster University, who occupied the Baptist church pulpit on Sunday, returned to Toronto on the Monday 6 a.m. G.T.R. train.

Miss Zavitz, accompanied by her mother, sister and a guest, had a narrow escape Saturday afternoon. While motoring home another autoist passed her and running quite close in front suddenly stopped without warning. **The Late Mrs. Bartley**

One of Warwick's oldest and most highly respected pioneers passed away on Saturday, Sept. 14th, in the person of Mrs. Ann Little Bartley, at her home on the Main Road.

Deceased had been remarkably well and active until a week before her death when she was suddenly stricken with apoplexy, from the effects of which she never rallied, gradually sinking until she passed with the peace that possessed her all her life. She was born in Ireland on June 15, 1825, and came to Canada when quite young with her parents, who settled near Toronto when the place was only a growing town. She was married in 1854 to John Bartley and their union was blessed with eight children, four of whom predeceased her. She moved with her husband to Earnskillen twp., where they resided for about five years, keeping the first postoffice in that part of the township at Wheeler. In 1859 they moved to the farm on the Main Road, Warwick twp., which was the family home for nearly sixty years. Her husband predeceased her fifteen years ago.

Of a kindly disposition and sympathetic heart she was beloved by all who knew her, and her cheerful, optimistic manner will be remembered by all whose lives have been cheered by contact with her. She was a member of Knox church during her life in Warwick and will be greatly missed by the community where she passed such a long, useful and consistent christian life.

One daughter, Mrs. Elizabeth Dobbin, of Wyoming, and three sons, William, who lives on the Main Road, John of the second line north, and Robert of New Brighton, Alta., survive her. She was beloved as a mother also by two grandchildren. Mrs. W. R. Stephenson and Elmer Karr, of Petrolia, who were taken to reside with her when small children after the death of their mother.

The funeral took place from her late residence on Monday afternoon, when a large concourse of friends and relatives assembled to pay farewell respects to her memory. The service was conducted by Rev. J. C. Forster, of Watford, and Rev. W. M. Store, of Warwick Village, the impressive sermon being based on the text "Jesus Christ, in whom is our hope." The remains were laid to rest beside those of her husband in St. Mary's church cemetery, Warwick Village. Many beautiful floral tributes from relatives and friends of deceased bore evidence to the affection in which she was held.

**The Late William McLurg**

The death of William McLurg occurred at the family residence here, September 2nd, 1918. The late Mr. McLurg was born in Lobo Township in 1849, where he resided until ten years ago when he moved to Ailsa Craig.

He was well known throughout the country, as an extensive farmer and cattle dealer. He was a life long member and active worker of the Presbyterian Church.

Interment took place at Carlisle Cemetery, Thursday, September 5th and the funeral was largely attended.

He is survived by his wife and five children; Ethel and Glover at home; Mrs. S. A. Connor of Niagara Falls, New York; Mrs. Geo. C. Reid of London and Harold in France; also six brothers and sisters, Edward of Komoka; Dr. James, of Sault Ste. Marie; Henry of Ailsa Craig; Mrs. Edward Shipley, of Lexington, Mich.; Dr. John of Bay City, Mich.; Mrs. Wm. Parker, of London; Mrs. Mary Siddle, of London; Arthur, of London; Dr. Dave, of Detroit and Mrs. McFarlane, of McGillivray.

**CONSTIPATED CHILDREN**

Childhood constipation can be quickly banished through the use of Baby's Own Tablets. She was constipated and feverish but the Tablets soon regulated her bowels and made her well." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**With The U. S. Flying Corps**

R. B. Stout, the subject of the following article in the Blytheville, Arkansas, "Courier," is a nephew of Mrs. Harry Restorick, of Watford. He has five cousins serving in the army.

**"MOSQUITO" STOUT**

R. B. Stout, alias Mosquito Stout, has passed his examination as a flyer and promised his friends here on his last trip home, that if he succeeded in fooling the aviation officials into believing he really could fly, he would come home in his machine some Sunday and alight in front of the Courier office and tie the editor on behind.

We are expecting him to make good in the latter as he has made good in the former.

"Skete," when he named himself early in life, or was named, had little thought of ever becoming a flyer like his namesake—the mosquito. In fact, he was not named because of any likelihood of ever being a flyer, but because of his long legs. Skete's legs are historical, if ever seen, and once seen they are never to be forgotten. It is not known whether his legs had anything to do with his flying, but it is naturally presumed they did. They have had much to do with getting him about over this footstool these many years.

Seriously, "Skete" is the Beau Brummel of Blytheville. Everybody likes him. He can get farther in less time than any boy whom the town ever turned out. Not because of his long legs, because it is not recorded that his legs were ever called upon to take him anywhere in great haste. On the contrary, he is very deliberate.

But as an all around good fellow, everybody's friend, proficient in anything he tackles, a particular favorite among the ladies, he is the last word. We are just wondering what will happen when Skete comes to town in his flying machine with all his lady friends wanting a joy ride, to say nothing of his boy friends. That Skete will make his mark we verily believe and hope.

### STILL A FAVORITE

Straight Chemislike Garment Has Not Been Abandoned.

May Be Prominent Among the Fall Styles, According to a Recent Statement From Paris.

The frock here shown is a copy of one of the latest Paris models, designed by a famous French costumer and brought over by one of the foremost American importers. It was developed, as originally shown, in white and navy satin, with embroidery in a dull, rich red. This frock was one of the surprises of the French showing, a fashion writer states, as it served to put a question mark after the reiterated statement that straight line, chemise-type garments were out of the running this year, and that a waist-line indication about this frock is the result of the fabric combination, and certainly that is not sufficient to make one blind to the fact that it is a straight chemislike garment, touching the figure practically only at the shoulders.

This may possibly be a forerunner of what fall will show in the line-up of clothes, if the statement of recent date from Paris that straight lines will be the thing for fall may be taken as correct.

The gown shown may be made a slipover, if desired; but it would be easier to fashion and more easily put on if fastened in the center back, and

Chemise Type Frock of Navy and White Satin.

the fabric selection may be varied to suit the individual taste, complexion and season.

The skirt, as will be noted, is a graceful, ankle-length and this general rule for skirt length is applied to virtually all the suits and dresses shown for spring and summer.

The sash belt, with ends tied at one side, is a pretty feature of this frock. Incidentally, it may be noted that sashes of all kinds are the vogue this season. Quaint dresses of white and colored volles, of dotted swiss, georgette and other sheer fabrics are developed for summer, with wide ribbon sashes in blending or contrasting color as their accompaniment. One interesting feature is the great quantity of navy ribbon used. Where black was formerly employed navy has been substituted.

**AN OIL THAT IS FAMOUS.**—Though Canada was not the birth-place of Dr. Thomas' Electric Oil, it is the home of that famous compound. ### REFUGEES IN RICH ATTIRE

English Writer Describes Grotesque Figures He Saw During the Italian Retreat.

Amid all the chaos of the Italian retreat one kept on meeting utterly incongruous figures, for alongside of others road-worn, shabby and dirty, to be clean and well dressed is to be grotesque.

Amid this multitude of haggard, unwashed, unshaven, dead beat males, I noticed two Italian ladies treading delicately over the rough ballast of the railway track. They had naturally brought with them in that flight the most valuable of their possessions, which were of a kind conveniently carried on their persons. Against this gray background of mud and rubbish and a disbanded army their two figures glittered with a brilliance that would have been conspicuous in the Rue de la Paix.

Heavy sable furs and muffs almost bowed their shoulders; each finger had two or three rings that flashed in the light; round their necks were gold chains hung with pendants, and yet instead of the air of self-satisfied ostentation that might well have gone with a display so lavish, they were only two pathetically little, frightened, perplexed faces, and an uncertain gait that did not promise much further progress along that ankle-wrenching railway line.—G. Ward Price in the Century Magazine.

### Cavite Flashes Time Over Pacific.

Since October 1 the radio station at Cavite, co-operating with the Philippine bureau of posts and the Manila observatory, has been sending the time signals of the 120th meridian east of Greenwich at 11 a. m. and 10 p. m. every day, says Science.

For the purpose of sending time signals, the transmitting clock of the Manila observatory is connected with the Cavite wireless station through the bureau of posts. Manila observatory time signals begin at 10:55 a. m. and 9:55 p. m., standard time of the 120th meridian east of Greenwich, and continue for five minutes. During this interval every tick of the clock is transmitted, except the 28th, 29th, 54th 55th, 56th, 57th, 58th and 59th of each minute.

The situation of Manila in the Pacific makes this service of the greatest importance to the mercantile and naval fleets that ply upon that ocean.

### Result of Sugar Shortage.

The sugar shortage has encouraged Louisiana planters to broaden the use of pure cane syrup, which is made from cane juice, without taking out any of its sugar. This juice is boiled to a point just below that required to crystallize it into sugar, and can be used not only for griddle cakes and candy making, but it is recommended by the planters, as a sweetener for coffee and tea. It is practically sugar in a liquid form, and on a basis of 8 cents a pound retail for granulated sugar will yield economies of 40 to 50 per cent, at a price of 4½ to 5 cents a pound for syrup.

How Fall Fairs Can be Made a Great Success.

Attend Your Local Fair to Improve Education and to Have a Good Time.

(Contributed by Ontario Department of Agriculture, Toronto.)

THE marketing of thin chickens is not conserving our meat supply nor is it the most profitable method to the producers. Present prices of market poultry admits of the liberal use of feeds and the marketing of well-fleshed birds.

The best birds to flesh or fatten are those of the heavier breeds, such as Wyandottes, Reds, and Rocks. The light breeds, such as Leghorns, seldom pay to fatten unless they are very thin in flesh.

The birds intended for fattening should be confined to a small pen or slatted coop. The process is not difficult if you will but pay attention to a few points that are essential.

Do not feed the birds for the first day they are shut up. You should give them something to drink, but it is best to give no feed. After the first day feed very lightly for two or three days and then gradually increase the ration, being very careful not to overfeed. We usually start chickens on very finely ground grains at the rate of three-quarters of an ounce of grain per feed to each bird, feeding twice daily. This can be increased gradually to two or three times this amount. Generally the most profitable gains are made during the first fourteen to sixteen days feeding. Such birds will not be excessively fat, but should be fat enough to cook and eat well. Some markets demand a fatter bird.

The most profitable gains are made on birds weighing from three and one-half to four and one-half pounds when put up to fatten.

The grains fed should be finely ground and, if at all possible, should be mixed with sour milk. Mix the feed to a consistency of a pancake batter. The more milk the chicken will take the better bird you will have in the end. Milk appears to have no good substitute for fattening chickens. If you cannot get milk then add ten to fifteen per cent. of meat meal to the ration and mix with water. The addition of a little green food daily will help matters. Many people get better results by feeding a little salt. About one-half pound to one hundred pounds of dry grain is sufficient. This mixes best by being dissolved in water and adding a little at each feed. Be careful not to use too much.

The best grains available now are a mixture of ground barley, cornmeal, finely ground buckwheat, and shorts. Oats are good if part of the hull is sifted out, as are also ground brewers' grains. We have used with good results a mixture of two parts of ground barley, two parts cornmeal and two parts shorts, mixed with twice the amount of sour milk. In general feed about one-third shorts and then whatever finely ground grains you may have about the farm.

If at all possible mix the ground grains with sour milk.—Prof. W. I. Graham, O. A. College, Guelph.

### Importance of Attending Exhibition.

Fall exhibitions are a permanent feature in the life of Ontario, and are of particular interest and import to the farmer and his family. True, many of the smaller shows might be greatly improved by the introduction of more new educative features, and some of the larger exhibitions have been criticized in the past for tardiness in placing agriculture in its due place, but at the present time, with things agricultural to the fore-front as they are, exhibition managements realize the value of a strong agricultural and live-stock department and

are making this a leading feature of their work. In fact, no fall fair, large or small, could exist let alone prosper, without the products of the farm well represented.

Bearing this in mind, it is important that all attend their local fall fair and their nearest large exhibition. A well-managed fair is an education. The best live stock of the various types and breeds, the highest quality grain, roots and vegetables, the newest devices to aid the farmer and his wife in their work, and the most up-to-date special attractions are all there and each has its value to those who attend with the purpose of improving their knowledge. It is worth while to watch the judging being done to get an idea of approved type and to have one's interest stimulated that he may go home and do better work in breeding live stock or in the production of farm crops. Study the work of the judges. It helps to fix in the mind the proper type of live stock of the various breeds and the requirements of all farm crops. The boys and girls should be taken to the exhibition and encouraged to study and learn as well as to enjoy themselves.

Exhibitions also have their place in the social welfare of the people. It is profitable to get away from work for a few days and mingle with others, there to discuss matters of interest to all, and to see what progress is being made in industry other than that from which the fair-goer gets his or her living. It makes for bigger men and women with a wider viewpoint. A little clean, wholesome amusement is necessary in order to get the most out of life.

Go to the exhibition with the idea of improving your education and at the same time to have a real good time. It is profitable to get away from work occasionally and the exhibition offers not only an opportunity for pleasure but also for profit.—Prof. Wade Toole, O. A. College, Guelph.

### IRON FOUNDRY IN WAR AREA

How Women of France Are "Doing Their Bit" to Keep the Wheels of Industry Moving.

An interesting narration of operation under unique and difficult conditions of an iron foundry in the war area is given by the correspondent of a British paper writing from the firing line in France. He relates: One does not see much foundry work out here, but a few weeks ago I was billeted in a town near by, and actually saw a cupola in full blast. I at once got permission to have a look around, and was greatly surprised at what I saw. The foundry was a very primitive affair—just a little jobbing shop—and was mostly run by French women and girls, superintended by a few men. These women were making work up to three or four hundred pounds in weight, and in a little side shop some half dozen women were making component parts of machinery by the simple method of bedding-in. I afterward saw some of the finished work, and it would put to shame the work done by many of our so-called molders at home. The women work in ordinary dress, and work very clean and exact in both iron and brass, and also under shell fire and air raids. In the shop was a great hole where a German had dropped a bomb the night before, but the women still worked on.—Scientific American.

### Reservoir Dams in Tunis.

Already the French are looking forward to the rapid development of the province of Tunis in Africa. According to a civil engineer who has been investigating the matter there are about 35 localities in that country where dams could be constructed, with reservoir capacities ranging from 3,000,000 to 400,000,000 cubic meters, and water power ranging from 30 to 6,000 horse power of continuous energy. The engineering difficulties are stated to be small in comparison with those of dams already built in Europe and the United States, and the utilization of the water for irrigation, electrical power, and in one case canal navigation is estimated to furnish a good margin of profit. The numerous ruins of Roman dams found in Tunis show by what methods the country became "the granary of Rome" under the empire and the ruins of large cities, with coliseums, bath and temples of great size standing in what are now bare plains, are evidence of the success of the organized methods of irrigation of those ancient times.

MILLER'S WORM POWDERS are sweet and palatable to children, who show no hesitancy in taking them. They will certainly bring all worm troubles to an end. They are a strengthening and stimulating medicine, correcting the disorders of digestion that the worms cause and imparting a healthy tone to the system most beneficial to development.

### Ghosts in Maine.

(The Lewiston Journal)

The most tragic incident of the summer is recorded in the town of North Edgecomb. An elderly couple coming home from church saw two ghosts were flitting without apparent feet or legs through the gloaming and over the grass and through other things. They were dressed of course in the conventional white of ghosts and ghostesses. The elderly couple legged it like mad. They fell into a cucumber patch and could not extricate themselves. The old gentleman was rather badly injured. They were rescued by the ghosts who proved to be a couple of farmerettes in calico overalls.

## CHOP STUFF

The Vendome hotel at Sandwich, one of the oldest houses of entertainment in Essex, has been sold to a Detroit man and the hotel closed.

A billion pounds of beef were shipped abroad by the United States this year compared with less than 40,000,000 pounds prior to the war.

Charles Tanner, son of Mr. and Mrs. E. C. Tanner, formerly of Sarnia, left last week for the east, where he will take up training in the Royal Air Force Depot at Toronto. Mr. Tanner signed on the first of May this year and has been on the reserve list since that date. He is a Regina Collegiate scholar and passed his middle form examination this year.

There was quite a warm discussion at the last meeting of Dunwich township council when a deputation asked for the payment of the expenses of the farmers who went to Ottawa to interview the Government with regard to the Military Service Act. A motion to issue a cheque for \$245 for this purpose was defeated, and it was finally decided to get legal advice in the matter, said advice to be paid for by the members of the council personally.

Pte. H. Russell, of Wingham, who was one of the first to enlist from that place four years ago and who took part in many battles, distinguishing himself, returned to the township of Turberry a year ago, speechless from shell shock in which state he has remained until a few days ago. While taking a load of horses to Toronto fair the horses broke loose from the car. Russell attempted to head them off and, one of the horses rushing upon him, he excitedly yelled "whoa" and from that out he has been able to talk as well as at any time in his life. Pte. Russell is one of the happiest men in that district now.

## NERVOUS TROUBLE

The nervous system is the governing system of the whole body, controlling the heart, lungs, digestion and brain; so it is not surprising that nervous disturbances should cause acute distress. The first stages of nervous debility are noted by irritability and restlessness, in which the victims seem to be oppressed by their nerves. The matter requires immediate attention, for nothing but a suitable treatment will prevent a complete breakdown. The victim, however, need not despair for even severe nervous disorders may be cured by improving the condition of the blood. It is because Dr. Williams' Pink Pills actually make new, rich blood that this medicine has cured extreme nervous disorders after all other treatment had failed. The nerves thrive on the new blood made by these pills; the appetite improves, digestion is better, sleeplessness no longer troubles the former nerve shattered victim, and life generally takes on a cheerful aspect. Every sufferer from nerve troubles, no matter how slight, should lose no time in giving Dr. Williams' Pink Pills a fair trial, thus regaining their old-time health and comfort.

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
