VOL. XXXIV—No. 12,456

LONDON, Dec. 19—3.30 a.m.—The Daily News publishes the following: Reports current in northern France are that the French and British have taken Roulers and also that they are in possession of a part of Lille. However, the capture of Roulers would mean a victory so important that an immediate official announcement would probably be made.

BERLIN OFFERS NO DETAILS OF GREAT VICTORY

Veil Drawn Over North Poland, Scene of Reported Huge Success.

ALLIES GAIN IN WEST

Considerable Progress Made in Week by Steady Nibbling Tactics.

Canadian Press Despatch. LONDON, Dec. 18.—Although there seems to be no doubt that the Russians are retreating, and that for the present any anticipation of the allies may have been of an early invasion of Germany must be dismissed, considerable mystery surrounds the reported decisive victory by the Germans which Berlin celebrated last night.

Vienna gives a few details of the fighting in the east. The claim is made that the Russians have been driven out of their positions north of the Carpathian mountains from Kresno to Zaskozyn, which would indicate that part of the southern line of railway in Galicia again is in the hands of the Austrians, and that Piotrkow and another central Poland town have been stormed, but silence is maintained as regards North Poland, where the German victory is said to have been achieved.

The German official report dismisses this battle with the statement that "in Poland we are still pursuing the enemy, who continues to give way."

No Details Given. Amsterdam despatches serve to heighten the confusion over the situation by quoting Berlin papers respectively of today as expressing disappointment at the fact that no names of battlefields are mentioned, that no tangible results of the fighting are disclosed, and that no lists are given of the number of captured guns and prisoners. Some disappointment is expressed here at the silence of the Russians, and advices from Petrograd are eagerly awaited.

Slow Progress in West. The allies' offensive in the west continues to progress very slowly, according to the Paris communication, although the German claim to have been made during the past week are taken together a considerable advance is indicated in Flanders and in the vicinity of Arras, where the allies seemingly are making their greatest efforts in the belief that penetration of the German lines would compel a general German retirement. It is still, however, a matter of siege warfare in Belgium and France.

Berlin says many of the attacks of the allies are being repulsed with heavy casualties, which are added to when the Germans mine trenches which the allies are compelled to evacuate.

JAPAN WILL RETAIN GERMAN CAPTURES

Kiaochau and Pacific Islands Seized Cost Nippon Blood and Treasure.

HELD AS RECOMPENSE

Public Opinion Averse to Giving Them Up When Ultimatum Was Disregarded.

Special Direct Copyrighted Cable to The Toronto World. LONDON, Dec. 18.—The Tokio correspondent of The Morning Post gives the Japanese attitude regarding the future of Kiaochau and the islands in the Pacific which have been seized from Germany.

To appreciate the Japanese point of view, he says, the circumstances of her occupation of these German holdings must be considered. Emphasis is laid on the conditions of Japan's ultimatum, which bound the return of Kiaochau to China if Germany would relinquish her hold without the use of force. The Japanese pointing to the fact that Germany did not release her hold without heavy cost to Japan. The reduction of Tsintau cost Japan heavily both in blood and money, and also in the loss of a fleet of battleships and the Pacific with a widely scattered fleet.

"It is clear," the correspondent continues, "that the general feeling in Japan is that none of the German possessions captured can be lightly released."

HIGHLANDER HELD AS A SPY

AN AWAITING COURTMARTIAL

ESCAPED FROM BUSTARD CAMP

What MacLaren Said of Cobb's First Arrest

Victor Cobb, Found in London With Incriminating Papers in His Pockets, Arrested for Espionage, Escaped From Scotland Yard and, Caught by Detective Miller, Again Escaped From Salisbury.

In a letter received at The World office last night from J. A. MacLaren, special staff correspondent with the Canadians at Salisbury, mention was made of the first arrest of Private Cobb. The portion of the letter dealing with Cobb's arrest follows: "Private Cobb of the 48th Highlanders is in the 'link.' He was placed there the other day, and rumors that he was a spy spread on the downs of Salisbury like a prairie fire. He was supposed to be a criminal of the worst sort. Now, no one really knows whether he is guilty or not. He has not yet been tried, but his commanding officer, Lieut. J. A. Currie, believes that he is innocent. Cobb made a great mistake. He went to London on leave, discarded his uniform, wore a civilian's suit, which is in violation of the military regulations, and saw London, not as a soldier, but as an ordinary tourist. He ran into some friends and wore a dress suit very becomingly at the Hotel Cecil. This of course aroused suspicion on the part of Gen. Radko Dimitrieff. It is said that Cobb, who is an athlete, took a strong aversion to the detectives. In fact he started a fight which ended in his favor and he made his escape. He later was arrested by a member of the regiment who was detailed to bring him back to camp. He will be tried by the military court shortly."

PRINCE HUSSEIN CHOSEN SULTAN TO RULE EGYPT

Successor of Deposed Khedive is Guaranteed Protection by Britain.

RECOGNITION BY FRANCE

Britain in Return Recognizes Full French Protectorate in Morocco.

Canadian Press Despatch. LONDON, Dec. 18, 11.30 p.m.—A British protectorate over Egypt was formally proclaimed today and Prince Hussein Kemal has been appointed sultan and has accepted that position. Prince Hussein is a uncle of Abbas Hilmi, until now Khedive. The French Government has recognized the British protectorate over this country, in which France formerly had such important interests, and in return the British Government has given notice that it adheres to the Franco-Moroccan treaty of 1912, which, following the Agadir affair, gave France a protectorate over Morocco.

BRITAIN'S GUARANTEES

In inviting Prince Hussein to accept the office as "the prince of the family of Mehmet Ali most worthy to occupy the khedival position with the title and style of Sultan of Egypt," Mr. Chestham announces that Great Britain accepts all the responsibilities for the defence of the territories under the new sultan, that all Egyptian subjects will be entitled to the protection of Great Britain, that with the disappearance of Ottoman suzerainty the restrictions placed by Ottoman firmans (proclamations) upon the numbers and organization of the army will disappear, that the relations with foreign powers will be conducted by a British representative in Cairo, and that the religious convictions of the Egyptian subjects will be respected scrupulously.

STEP TOWARDS AUTONOMY

In connection with his letter the commissioner, in a statement tonight, says that in declaring Egypt free from obedience to Constantinople Great Britain has been animated by no hostility toward the caliphate and that in any movement to strengthen and improve the Mahometan institutions the new sultan will have the assistance of the government. The promise is made that after the war the treaties will be revised and that "in such measure as the degree of enlightenment of public opinion may permit, the government will be associated with the task of government."

ELDEST LIVING PRINCE

The official press bureau in its announcement of the appointment, says: "Prince Hussein Kemal Pasha, the eldest living prince of the family of Mehmet Ali, has accepted the Sultan of Egypt post."

THE BRITISH ACTING HIGH COMMISSIONER FOR EGYPT HAS ACCEPTED THE FOLLOWING TO THE NEW SULTAN:

"By reason of your age and experience you have been chosen as the prince of the family of Mehmet Ali most worthy to occupy the khedival position with the title of Sultan of Egypt. I give you assurance that Great Britain will accept the fullest responsibility for the defence of the territories under you against all aggression. All Egyptian subjects will be entitled to receive the protection of the British Government. There will disappear the restrictions heretofore placed by the Ottomans on the numbers and organization of the Egyptian army."

THE MOTOR CAR MOBILIZATION

The armored motor which headed the parade of 600 cars used in the mobilization test yesterday afternoon.

THIRTY MINUTES IN MOBILIZING

Motor Car Test a Great Success in Every Way.

A SPLENDID RECORD

Whole Scheme Was Carried Out on Time Without a Hitch.

Number of men, 3000. Number of cars, 600. Average time for each car, three minutes. Average time to reach Queen's Park from loading point, 20 minutes. Average time from Queen's Park to High Park, 30 minutes. Time for parade of motor cars to pass King and Yonge, 30 minutes. In just fifty minutes yesterday...

approaching from the west and that the city militia was being assembled to withstand the attack. To save the men of the city corps from being taken from their work, two battalions from Exhibition grounds were divided into forty detachments and scattered all over the city. Had it been the city corps the men would have been ordered to report at these points instead of at the armories. The first task of the motor corps was to get set for Queen's Park instead of the armories. For this purpose the motorists had been divided into four sections, each section having been allotted a certain district. Each section was divided into ten squadrons, each squadron being responsible for the transport of the troops assembled at one of the primary assembly points.

In congratulating Dr. Doolittle and the members of the Ontario Motor League Corps on the results that had followed the formation of the Motor Corps, he said that the organization deserved special compliment. Every one who had been associated with the movement was worthy of the highest credit. It was evident that should the time ever come when a real call to arms was sounded the military authorities could depend on the Motor League giving invaluable assistance. Start for High Park. At ten minutes past three the men were ordered back into the automobiles and the procession began towards Bloor street. The general and his staff were in the van, followed closely by the armored car. It took twenty-two minutes for the whole procession to pass out and along Bloor street. There was very little blocking except where a car would stall for a couple of seconds. About a thousand people were in the park to watch the proceedings. The procession left the park by the Bloor street entrance, passed along Bloor street, down Jarvis street and along King street to Sunnyvale, thence to High Park. In a couple of places groups of school children regarded the passing soldier-laden motors as splendid targets for snovballs and proved themselves fairly good shots. The men were warmly clad and perhaps were not so cold as they looked. They had started from the camp with their great coats "on hand" over their shoulders and had put them on in the park. The stiff service caps they were wearing, however, did not prove very reasonable headgear.

OFFICIAL STATEMENTS

FRENCH The following official communication was issued last night: "We have gained some ground along the front at the north of the Carpathians, where every counter-attack by the enemy at the north of the road between Ypres and Menin. The British troops have advanced slightly in the region of Arras. Our artillery has destroyed two heavy batteries in the region of Verdun. There is nothing of importance to report from the other parts of the front. The day of Dec. 17 was marked, as we said yesterday, by an advance on our part in Belgium, where every counter-attack undertaken by the enemy failed. In the region of Arras a vigorous offensive made us masters of several trenches. These are located at Auchy, La Bassée, St. Laurent and Biangy. At this last-mentioned place we occupied, on a front more than one kilometre (3.5 or 4 miles) long, almost all the first-line trenches of the enemy. In the region of Tracy-Le-Val, on the Aisne, and in Champagne, our heavy artillery were distinct advantages. In the Argonne the Germans blew up one of our trenches to the north of Four de Paris, and endeavored to move out from their position with three battalions of troops. This infantry attack, as well as the one they undertook at St. Hubert, was repulsed. To the east of the Meuse and in the Vesges there is nothing to report."

AUSTRIAN VIENNA, via London, Dec. 18.—(10.05 p.m.)—The following Austrian official statement was issued today: "The beaten Russian main force are being pursued on the entire Carpathian front from Krosno (Galicia) to the mouth of the Bura River (in Poland, where it empties into the Vistula). The Russian force was driven from his positions north of the Carpathians, between Krosno and Zolozyn. On the lower Donajec River we and our allies are doing battle with the enemy's rear guard. The Russian force advanced so far that the French had to retreat. Plotkow, day before yesterday, and the heroic garrison at Przemysl has continued further fighting in front of the fortress with success. The situation in the Carpathians has not yet substantially changed." GERMAN "The fighting in Nieuport continues favorable, but no decision yet has been reached. The French attacks between La Bassée and Arras and on both sides of the Somme have resulted in failure with severe losses to the enemy. On the Somme the French lost 1500 men in prisoners and at least 1500 in dead. Our own losses were under 200. "In the Argonne forest our successful attacks resulted in the capture of some 750 prisoners, in addition to war material. There have been no important developments elsewhere on the western front. "On the frontiers of East and West Prussia the situation is unchanged. "In Poland we continue to pursue the retreating enemy. "The coincidence of the expedition to the English coast and the victory in the East continues to cause serious rejoicing. The headquarters report is that the Russian retreat is general and that the Russian defeat will prove to have been complete. From details already available, however, it seems safe to say that the victory has freed Germany from any possible menace of invasion from the east for a long period. The Austrians appear to have done their utmost. The political effect of the victory is also likely to be advantageous as regards certain powers whose attitude might depend on the course of the events of the war. "While nearly the whole press is disappointed to consider Field Marshal Von Hindenburg's victory in the light of an utter crushing of the Russians, the military press of the Vorwärts speaks in a more moderate tone."

MAD LOVER STOLE DEAD WOMAN'S MAIL Murderer of Mrs. Edith McFarland Intercepted Husband's Letters. An inquest was opened by Coroner C. J. Currie at the morgue last night into the death of Mrs. Edith McFarland, who was murdered in the home of her mother, Mrs. Elizabeth Hall, 428 Crawford street, on Friday, Dec. 11, by Guy Argies, a boarder in the Hall home, who, after shooting Mrs. McFarland, committed suicide himself. After the evidence of several witnesses was taken the jury returned the following verdict: "That Mrs. Edith McFarland came to her death on the 11th day of December by being shot by Guy Argies, while temporarily insane. Mrs. Hall, an eye-witness of the tragedy, had to be assisted into the room to give her evidence. She had not yet recovered from the shock of giving her evidence Mrs. Hall stated that Argies had been boarding at her house for eight months, and, to the best of her knowledge, never touched liquor, but had often complained of being nervous. "A week before the shooting," she said, "Argies brought home a large revolver in a case, with a score card, and remarked to us that he was a very good shot. I became worried and ordered him to leave the house, but he would not, but kept putting it off until the night of the murder. He said he would leave the following Saturday. "At Little Supper. "On Friday night, the night of the murder, Argies ate very little at supper and at about 11 he went upstairs and got his hat and overcoat, which he was getting ready to take her four-year-old son to church when Argies approached her and asked her to stay on the route, to keep the children back. General Could Not Come. Owing to pressure of work General Leppard was not present at the dinner held in his honor at the National Club, immediately after the National Club, but Major Bickford and Captain Reg. Pellatt represented him. A. R. Clarkson was the honoree of the evening. It was announced that a number of cars will be placed at the disposal of General Leppard for duty at manoeuvres in High Park, and general staff duties. TRAVELERS' CERTIFICATES. When we got in his room he locked the door and put the key in his pocket. "He said: 'Are you going out and where, or are you staying?' "Just then Argies drew the gun from the front part of his overcoat and shot my daughter. "A boarder by the name of William Hocken, in his evidence, said that he was in his room when he heard Mrs. Hall screaming for him to come down. "I came down and saw Mrs. McFarland to comfort her at the door. I when I heard two revolver shots, I broke the door of the room open. Mrs. Hall was screaming 'My God, you've shot her.' "Husband's Testimony. W. J. McFarland, husband of the dead woman, said he was a commercial traveler in Buffalo, and had written two or three times a week to his home. WESTON TO ELECT ITS FIRST MAYOR

In Now Full Fledged Town and Entitled to Larger Council.

No opposition having been advanced, the Village of Weston was duly erected to the status of a town by the Ontario Railway and Municipal Board yesterday morning. Reeve Dr. E. E. Irwin and Councilors J. Bull, S. Macdonald and G. Master, together with the clerk, J. H. Taylor, and the solicitor, G. H. Gray, attended, and received the congratulations of W. A. Christie, of York Township and others at the close of the proceedings.

Immediately on receipt of the news in Weston about 1 o'clock a joyful peal rang out from the town hall bell and the new flag was raised by Chief Constable William Campbell.

As a result the representation will be enlarged from a reeve and four councillors to a mayor, a reeve and six councillors.

A meeting of the present council will be held tonight to pass the election by-law, which will provide for nominations taking place on Monday, Dec. 28, at 7:30 p.m. and for the election being held on Monday, Jan. 4, 1915.

WARD ONE TORIES' MUNICIPAL NIGHT

Last night's meeting of the Ward One Conservative Association was municipal night, and Controller Church, Joseph E. Thompson, Alderman Robbins, ex-Alderman R. Yeomans, W. E. Orr, aldermanic candidate for ward one, and ex-Alderman Easterson, candidate for the board of education took the opportunity to make their election speeches.

Alderman Robbins spoke on only one subject, the incinerator which is to be built in ward one, and stated that in spite of strong deputations from the ward the city had decided to go ahead with the work.

"We all know about the experts," said Alderman Robbins, "they told us there would be no smell at the Morley incinerator plant which turned out to be contrary." The alderman referred to a number of cases where expert advice had been used.

BENEFIT CONCERT AT RUNNYMEDE

Local Ministers Organize Entertainment - Ward Seven News.

Under the auspices of a committee composed of Rev. Messrs. Morley, Agar, Weatherall and Hind, the pastors of the four churches in Runnymede, a benefit concert will be given in Strathcona public school on Tuesday evening, December 22. The proceeds will be devoted to relieving any cases of distress in Strathcona school district arising from special conditions due to the war.

A large delegation from Ward Seven Liberal-Conservative Association is expected to be present this afternoon at the annual meeting of the South York association in the Labor Temple.

Rev. Hugh Monroe of new St. Andrew's, King street, conducted the preparatory service of the Sunday School, Presbyterian Church last evening. The quarterly communion will be held next Sunday morning.

WESTON ATTAINS DIGNITY OF INCORPORATED TOWN

Weston has passed the village stage and now enters upon the greater life of a town. The order permitting this privilege was passed by the Ontario Railway Board yesterday after an appeal from the ratepayers. The hearing was very brief and there was no opposition. Arrangements will be made at once for the election of a mayor and six councillors on the New Year.

G. H. Gray appeared for the village, and beyond explaining several minor local conditions, no motion was advanced. The fact that six days' notice is necessary prior to an election hastened the order of the board.

MIMICO

The Union Jack Chapter, I.O.D.E., gave a patriotic benefit concert on Thursday evening in the Mimico Asylum assembly hall. The entertainment was in the form of amateur vaudeville, and its good taste and spirited presentation was a credit to the Lord Nelson Chapter, I.O.D.E., who gave the entertainment, under the direction of Mr. Stanley Adams. The proceeds from the sale of tickets were over \$150, and \$19 in addition was realized from a presentation of a doll presented by Master Johnny Loty.

WYCHWOOD

It has been considered advisable to cancel the company picnic and for Tuesday, Dec. 22, on account of the Christmas festivities. It is also probable that the installation of the Red Cross Fund will be held in the Church of Christ, Vaughan road and Helena avenue, this afternoon.

MOUNT DENNIS

Owing to a breakdown on Scarlett road of the interurban lighting system, the public school on Dennis avenue was left in total darkness last night, and the meeting of the Mount Dennis ratepayers had to be postponed indefinitely. The residents were disappointed, as N. O. Ramsden, who is a candidate for the council, was to address them, and the proposal to build a school for the eastern, or Silverthorne, portion of the section was to be discussed. The matter will come up for discussion at a public meeting to be held in the schoolhouse on Dennis avenue on Wednesday next, Dec. 23.

One trustee retires from the board of the section, No. 28, York, and E. Lunnon, the secretary of the Ratepayers' Association, is a candidate for the vacancy.

EAST TORONTO

East Toronto ratepayers have evidently satisfactorily settled upon the candidates they wish to elect for municipal offices. A meeting of the association was called for last night, but only five men, including President W. J. C. McCrea, turned up to hear last night, Controller McCarthy, Alderman F. S. Spence, W. D. Robbins, W. W. Hillz, and A. E. Walters, and W. E. Orr had to say, in disgust President McCrea had to postpone the meeting, and the candidates proceeded on their own.

Fred J. Smith delivered a very interesting lecture in East Toronto Y.M.C.A. last night on "The Canadian Continent at Valerian," which was illustrated by limelight views.

WOODBRIDGE

Woodbridge is now lighted by hydro-electric power, and services have been installed in many of the private houses. The Methodist church will be lighted up next Sunday, the wiring of the building having been done thru the courtesy of Boss Wallace of Calgary and his brother George of Woodbridge. The Presbyterian church is also to be wired, the work being made a gift to the church by John D. Harris, trustee of Woodbridge. The Presbyterian church is holding a Christmas tree in the Orange Hall on Thursday, the 24th, which promises to be considerable of a treat.

WARD ONE TORIES' MUNICIPAL NIGHT

Ald. Robbins Would Have Site of Incinerator Re-considered.

Last night's meeting of the Ward One Conservative Association was municipal night, and Controller Church, Joseph E. Thompson, Alderman Robbins, ex-Alderman R. Yeomans, W. E. Orr, aldermanic candidate for ward one, and ex-Alderman Easterson, candidate for the board of education took the opportunity to make their election speeches.

Alderman Robbins spoke on only one subject, the incinerator which is to be built in ward one, and stated that in spite of strong deputations from the ward the city had decided to go ahead with the work.

"We all know about the experts," said Alderman Robbins, "they told us there would be no smell at the Morley incinerator plant which turned out to be contrary." The alderman referred to a number of cases where expert advice had been used.

PARAMBULATING ODR.

He referred to the covered wagon which is to be used to convey the rubbish to the plant. "That will be no good," he said. "There will be a small similar to one of Harris's wagons and a crowd of flies following on behind. Mr. Robbins stated that if elected next year he would ask for a reconsideration of the matter."

W. E. Orr expressed the opinion that ward one was made the dumping ground for all civic nuisances. Dealing at some length on the incinerator question Mr. Orr pointed out that when the city came to install similar incinerators in other parts of the city there would be other deputations protesting who he thought would win out and the matter finally terminate in the enlargement of the incinerator at Wilton avenue to meet the needs of the whole city.

T. R. S. ASSESSMENT.

Controller Church referring to the assessment pointed out that the Toronto Street Railway property is assessed at 25 per cent of its value while the ratepayer is assessed at the full value. The controller also stated that he had done his part to solve the transportation problem of the city, and advocated the redistribution of the wards on a population basis.

R. Yeomans thought that the people of Canada showed a lack of confidence in their manufacturers and advocated the purchasing of "Made in Canada" goods. Referring to the importation of experts, Mr. Yeomans was of the opinion that Canada could supply all that was needed in this line.

DIAMIS PROFESSORS.

He was most emphatic in regard to the employment of aliens and maintained that a foreign professor could not teach young boys without creating in their minds a certain feeling towards his country and its ideals. Mr. Yeomans wanted to know why the German professors at the university were permitted to teach in the schools. He should be allowed to go free while others of their countrymen, the workmen, should be interned in Stanley Barracks.

A resolution to the effect that the German professors at the university be summarily dismissed was carried.

SCHOOL TOPICS.

Ex-Alderman Easterson stated that he had decided to resign from the board of education. He did not approve of so much homework being heaped on the youngsters as it brought on physical weakness. He was of the opinion that a great deal of money could be saved in connection with the alterations and enlargements of the schools.

SHORT SPEECHES.

Short speeches were also delivered by R. Bethune, ex-Controller Hubbard and Mark Irish, M.L.A.

R. Fenwick, president of the association, occupied the chair.

STREET EXTENSION.

Residents in the central southern part of West Toronto yesterday petitioned the board of works for the extension of Medland crescent across Hillview avenue to meet Conduit St. It was contended that this could be carried out entirely on civic property. The department also decided to install sanitary sewers on both sides of Conduit street beneath the boulevards as far east as Sinclair avenue. It will not be necessary then to construct separate drains with the large trunk sewer recently completed.

The local lodge of the Order of Beccas, L.O.O.F., held their last meeting of the year last night in St. James Hall, St. John's L.O.E. No. 265 also met for the last time this year in St. John's parish hall, Dundas street.

A New Tire Day

Begins When You Adopt No-Rim-Cuts

Thousands Know It

Thousands of people have proved out and adopted Goodyear Tires. They find in them a quality supreme and unvarying. They find safety and sturdiness, less trouble, more mileage. They find them unmatched for symmetry and beauty. They find them balanced in construction—each part in precise proportion to all others—no spot weak when comes some unexpected stress.

Made in Canada—Supreme Everywhere

Goodyear No-Rim-Cut Tires are eloquent tributes to Canadian achievement. They outsell every other tire made.

Efficiency reaches today's finality in the Goodyear factory at Bowmanville, Ont. All men who know are impressed by our methods.

Here we control an exclusive process that prevents rim-cutting. Here we give tires the famous Goodyear "On-Air" Cure, that prevents wrinkled fabric, and thus removes the major cause of blow-outs. Loose tread risk is reduced 60 per cent. by a patented method we alone employ.

Our double-thick, extra tough All-Weather Tread mitigates punctures and wear.

In these four ways—combating the four chief tire troubles—No-Rim-Cuts excel every other tire.

Their resistless appeal will win you soon or late.

And when it does, a new tire day will begin—a day of tire comfort, tire security, which you can never know without them. Ask any Goodyear user—there are thousands throughout the Dominion.

The Winter Tire—Our All-Weather Tread

When you learn to use this tire you will use it the year 'round. It is tough and double thick. It is flat and regular, so it runs like a smooth tread. Its grips are sharp and resistless and so deep that they last thousands of miles.

Other anti-skids cost more—some one-third more—than these. But a glance will tell you that the All-Weather tread excels them. And every test will prove it.

Goodyear tires have won more users than any other tire in the world. Give them— for your own sake—a chance to win you.

By a Staff Reporter. OTTAWA, Dec. 18.—It is believed here that Stefanesson, who started north from Heracleo Island last winter with the announced intention of traveling 100 miles over the ice and taking soundings and making such observations as he could, really went on 200 miles farther north in the hope of discovering land and spending the summer there. If he did not find land he would have spent the summer on the floating ice, but there would be an abundance of fish and game for food. Then this winter he would re-

He denied having been in her room on the morning in question, and produced evidence to prove that he was in his boarding house at the time, but the wife was positive that he was the man who committed the assault.

MEMORIAL SERVICE IN HONOR OF "BOBS"

Canadians Present at Impressive Ceremony in Salisbury Cathedral.

GREAT BELLS TOLLED

Bishop Appeals to Soldiers to Copy Characteristics of Great Captain.

By L. B. Anderson, one of The World's Staff Correspondents with the Canadian Expeditionary Force, SALISBURY PLAIN, Eng., Nov. 18.—Today had the honor of attending the memorial service to Lord Roberts planned for the overseas contingent in Salisbury Cathedral, Salisbury.

shortly after breakfast at their brigade headquarters, and the entire party was conveyed in the large motor trucks used by the ammunition division to Salisbury, where they congregated in the city square.

At the cathedral the entire main body was reserved for the Canadian troops. The 4th Highlanders and G. O. R. occupied seats about a third way from the front. The side portions of this magnificent cathedral were filled with college students and people of the city anxious to hear the service with portions from St. John xi, 25-26:

"I am the resurrection and the life," saith the Lord, "and whosoever liveth and believeth in Me shall never die."

"I know that my Redeemer liveth," from Job xix, 25, 26, 27. "We brought nothing into the world, and we can carry nothing out of it."—I Timothy, xi, 7.

These opening sentences were sung by a finely balanced choir of men's and boys' voices, who could not but appreciate hearing the glorious music.

Following this the 23rd Psalm and prayers. The Dead March in Saul and "Peace, Perfect Peace," closed the Canadian memorial service to the great departed soldier.

The sermon was preached by the Bishop of Salisbury, in which he exhorted the soldiers to keep their minds and hearts on their God and King. This was one of the enviable characteristics of the late great beloved field marshal.

At the same hour in London the remains of the beloved "Bobs" were being interred in the crypt of old St. Paul's beside Lord Wolsey.

This is the greatest honor that the British nation could bestow on its heroes, and the fitting place of Nelson, Wellington and other great soldiers in the history of England.

At the last, the band were fired the crowd began to disperse from the great cathedral, and the memorial service was closed. The troops were conveyed back to their various camps and as they passed the plains they thought how only a fortnight ago, in company with the King, the King and Queen, and Lord Kitchener, "Bobs" had walked in front of their army.

How he had planned to use us we know not, but we feel that a good friend has gone, one whose counsel in colonial war matters was invaluable to the war office and the welfare of the nation at this time.

TREAT SOLDIERS AS IMMORTAL SOULS

Rev. Dr. Chown on Spiritual Welfare of Second Contingent.

LIMIT LIQUOR SUPPLY

Methodist Ministers Urged to Bring Influence to Bear on Government.

Rev. Dr. Chown, general superintendent, has issued an official message addressed to the ministers and members of the Methodist Church on behalf of the Canadian soldiers. Dr. Chown says:

"Dear Brethren and Sisters: I desire to address you in this war crisis upon two questions of outstanding importance. The first concerns helping the soldier. Doubtless our people will contribute their full share to the Red Cross and other war funds out of philanthropic and patriotic motives. They will also unite with others in supplying comforts to the men at the front. My present plan is for the men being concentrated in camps in preparation for the day of battle.

"These men deserve the very best assistance that can be devised for them. This, however, creates a superb opportunity for the helpful ministries of Christianity.

"The officials of every church within reach of every concentration camp should set themselves to discover what they can do and how best they can do it."

"Let me suggest also that in addition to any other service rendered to them, the soldiers should be treated as immortal souls.

"The type of men who compose the Canadian contingents will not be able to understand or appreciate the professions of the church, nor can they ever forgive it if it does not inspire them with courage, renew their moral strength and fill them with divine peace amid the stress and tumult and possibly the anguish of the life to which they have committed themselves on our behalf."

"The Toronto Methodist preachers' meeting has appointed a special committee to study how our ministers and people may assist our soldiers at the present time. Similar action should be taken in all centres where military forces are gathering."

Rev. Dr. Chown at some length discussed the liquor situation in its relation to the war as the second question of outstanding importance. He urged the Methodist committees in all the provinces of Canada to bring all possible influence to bear on the provincial governments to secure the greatest possible limitation of the sale of liquor during the war.

Rev. Frederick B. Gruel, D.D., and the officials of Parkdale Baptist Church have organized a military information bureau at the parkings, No. 1 Harvard avenue. An official announcement has been sent to the Baptist ministers throughout the Province of Ontario asking them to announce from their pulpits that parents, relatives and friends of the Baptist denomination from whose families men have entered the King's service as volunteers for active overseas and are quartered at the Exhibition Camp here may address the Baptist bureau at Parkdale. Rev. Dr. Gruel will immediately visit their soldier friends at the camp.

How Your Arms May Be Made Soft and Round

By LUCREZIA BORI

Prima Donna of the Metropolitan Opera Company.

THE woman who keeps pace with the fashion knows that the evening gown has returned in favor. This makes beautiful arms a necessity, and if yours are not well rounded you should improve them by a course of treatment. The elbow should be considered first, for only one woman has fifty pretty elbows. If the skin is rough and the joint prominent, I suggest that you first scrub the elbow thoroughly with a complexion brush and pure soap. Use a stiff brush and plenty of hot water, and follow this treatment daily.

Almond Oil Treatment. After vigorously scrubbing the joints, dry them carefully, and while the surface is still warm and the pores open apply heated almond oil. To do this properly place a few drops in the palm and rub it over the elbow until it is absorbed. Repeat this until the skin will absorb no more.

On some arms there may appear a disfiguring eruption, which in many cases is due to lack of circulation. If the bath brush is used frequently it will stimulate circulation and, in time, will make the skin smooth and beautiful.

Arms that are red and rough require more careful treatment, for they must be bandaged every night. First scrub them with a complexion brush, and when thoroughly dried, bandage with strips of old linen (four or five inches in width), saturated with slightly heated almond or olive oil. Be careful not to draw the bandages too tightly about the arms. Also remember that unless every particle of water is removed from the surface of the skin the oil will not be absorbed.

Valuable Massage Cream. Un-sanded arms are the result of a run-down system, and unless your general health is good you may not expect pretty arms.

It is absolutely necessary to massage the arms if you desire them to be well formed, and a cream which will work will stimulate circulation and, in time, will make the skin smooth and beautiful.

SKINNER SIGNS WITH RIVERSIDES

Turns Down the Pro. Game—Midland Here on Wednesday—Gossip.

Skinner, who turned out with the Ontario pros, Denison and Appleton, has agreed to play with the Riverides senior O.H.A. team.

A general meeting of the Beaches Hockey League will be held on Monday evening at the Broadway Y.M.C.A., and it is expected that the senior series will be represented by eight or nine of the strongest teams in the city. The certificates will be ready for all teams if their fees are paid. A few more junior and juvenile teams will be welcomed, as it is expected to fill out for next season as an evening series. Any team, no matter where their ice is, will find teams in their district for a group, but the name Beaches does not necessarily mean that all its games are played in the east end of the city. Secretary of the league would like to hear from any such teams. Please reach 104 or 105 St. James.

Midland will play an exhibition game with Victoria at the Arena on Wednesday night.

Hydro-Electric, St. Francis and St. Pauls are the latest teams to ask for admission to the senior series of the Beaches Hockey League. Secretary of the Y.M.C.A. for so long that their team seems almost a part of that league. They have, however, decided to move up to the senior company, and the Junior All-Toronto champions hope to prove successful in their new venture.

Ken Randall, who played in the Maritime League and who has been showing good form at the Ontario practices, received a bad cut over the eye yesterday morning. It took six stitches to close the gash.

McCrimmon & Son hockey team held a good workout last night at Bayview and Bloor in preparation for the coming season. This team will play in the Toronto Hockey League senior series in any kind of company. The following are requested to attend practice at Bayview, Monday evening: Douglas, Edwards, McLeish, Harris, McCrimmon, McCarty, Sharpe, McCullough, and other players.

An important step was taken by the Toronto Hockey League last night when a business section, in connection with the senior series, was established. Last season the majority of the teams who entered last night played in the Ontario Hockey League, following the lead of W. J. Gage & Co., Mesrobian, Book Room, McCrimmon & Son, Hamilton, and the Ontario Hockey League. There are still vacancies for a number of good players who will be placed on the teams. The next meeting of the league will be held at room 11, West End Y.M.C.A., on Wednesday, Dec. 23, at 8 o'clock. Concerning the business section, information concerning the same may be had from J. A. Murphy, 22 Adelaide Avenue, or at the College 2232.

The senior teams now contemplating playing in the Beaches Hockey League are: St. Joseph, Kay's Beach, St. Pauls, Hydro-Electric, Grand Trunk, St. Francis, West Toronto Victoria, Riverides, and the Ontario Hockey League.

An Ottawa despatch says: Tommie Clark, leading scorer of the N.H.A. last year, has deserted the Ontario Hockey Club, and returned to his former club, the Ontario Hockey League, which he has today because he had one hundred dollars cut off his salary contract by the Ontario Hockey Club. Smith will play with the Ontario Club this winter, and his salary will be cut off at the N.H.A. meeting in Montreal on Friday night. Smith may request the N.H.A. to return to the Ontario Hockey League with the Ontario Club, and let him play elsewhere. According to Smith the Ontario made him a certain proposition, and because he did not sign his agreement twenty-four hours before the meeting he was fined \$100. It is also said that Smith was docked another hundred dollars for missing a practice. The Patrick case in which Tommie Clark is innocent is on in him and claim he is the property of the Ontario Hockey League. The Ontario Hockey League is now to come to terms with Ontario Livingstone with the Ontario Hockey League and the Ontario Hockey League. The Ontario Hockey League is now to come to terms with Ontario Livingstone with the Ontario Hockey League and the Ontario Hockey League.

FIRST GAME OF SEASON TODAY

Varsity and Argos in Afternoon—Pros. Play at Night for Charity.

Toronto fans will get their first taste of hockey today. Argonauts and Varsity will start the season with an exhibition game at the Arena this afternoon, and the pros will stage their debut game at night.

Todd Farr was elected captain of the Toronto Hockey Club team at a special meeting of the players last night.

Argonauts have plenty of material and will put a strong team on the ice this afternoon. The new system of playing hockey in the amateur ranks. Both teams will substitute players this afternoon, and this should keep things moving. Argonauts will start the following team: Goal, Gilbert; defence, Wray and Caldwell; rover, Crane; centre, Webster; right, Young; left, Hicks. The substitutes will be: Packer, Warwick, McLean, Adams, Gouinlock, Patterson and Teasdale.

Varsity have a host of candidates, and will not pick their team until this afternoon. Harvey Sproule will referee.

The pros are playing for a worthy cause at night. The proceeds of the game will go to local charity. The rink has been given free, and the players are also going on without remuneration. Ottawa are sending up four of their best men, and these, along with the Ontario, will be stacked up against the Toronto. Popular prices will prevail, and the game starts at 8:15.

The Methodist Young Men's Association will hold a general meeting Tuesday evening at eight o'clock in Clinton Street Methodist Church. Senior, intermediate, junior and juvenile sections will send representatives, and be prepared to report their ice and hours. Organized Sunday school classes may enter in juvenile and junior series.

Officials have been named by President Quinn of the N.H.A. for the games to be played in Montreal and at Toronto tomorrow. For the same at Montreal between Wanderers and an all-star team chosen from Canada and Quebec, Riley Hearn will referee, and Johnny Green will referee as referee of play. At Toronto, where teams chosen from Toronto, Ontario and Ottawa play, Dr. Wood is named as referee and Harvey Sproule judge of play.

3. The party hereto of the first part to agree to select the location for the contest, later than Feb. 1, 1915. And to notify the party of the second part of the proposed date and place of the contest. 4. The party hereto of the first part to agree to pay the party hereto of the second part one thousand dollars expense money, on demand, through the American Express Company, London, any time after the signing of this agreement. The said Jack Johnson to pay the above-mentioned \$10,000 (thirty thousand dollars) for his services before he goes to the ring.

LOST CASE BECAUSE HE COMPROMISED

Defendant Was Acquitted, But Rearrested on Other Charge.

Harry Davis was acquitted by Judge Costarvo yesterday on a charge of obtaining a horse and \$5 from W. J. Houlgrave by false pretences. Davis exchanged a wagon for the horse and money, but Houlgrave alleged that he afterwards found the wagon had not been sold for, and he informed the police of the transaction. Since the police court proceedings Houlgrave refused Davis to guarantee the price of the wagon, which was done, so when he appeared in the witness box yesterday he had assumed a kind-hearted and forgetful nature, and was not inclined to prosecute.

RATE DECISION HELPS MARKET

New York Stocks Sagging Prior to Commission's Report.

PRICES RESTORED LATER

Shorts Cover Hastily, Sending Issues Above Previous Day.

Canadian Press Despatch. NEW YORK, Dec. 18.—Prior to the announcement made shortly before midday that the interstate commerce commission had granted a restricted 1 per cent. freight advance to the eastern railroads, the stock market was dropping as a result of a strongly suggested liquidation. In the brief period between the opening of the market and the publication of a summary of the commission's decision, the market advanced 4 to 6 points under the influence of the news, when opening in the entire list was re-established.

Some shares were within a few points of the minimum prices and seemed to be declining for lack of support. What made the movement more noteworthy was the fact that it took very little stock to effect the declines. The average transaction at that time was in 100 and 200 shares, with losses between sales extending to half a point or more.

Share holders to Cover. Although early advice respecting the decision were somewhat misleading, they were of a tenor to indicate that many of the more important demands of the railroads had been granted. This was sufficient to precipitate a heavy covering for the stocks, although it induced some long buying which not only obliterated all early losses, but restored the average of prices well above the previous day. Realization in the final hour caused another shading of values, with few net changes at the end.

By students of the railway situation the decision of the interstate commerce commission was regarded as a victory for the roads, although its importance was nullified in large part by the fact that the failure to include coal, coke and iron ore in the list of commodities entitled to higher rates. Most of the eastern railroads derive a large part of their tonnage from these products, in some cases, the percentage running almost to 70 per cent.

Money Was Easier. The money market was easier, the rate for call money being reduced to 3 per cent. Large amounts of call money were placed at 3 per cent. The local Federal Reserve Bank followed the lead of other banks and lowered its discount rate by lowering its discount rates.

Bonds were heavy at the outset, but recovered with the stocks. Total sales amounted to \$1,700,000. United States bonds unchanged on call.

VARIOUS REPORTS AFFECT WHEAT PIT

Profit-Taking, Rumors of Peace and Export Difficulties.

Canadian Press Despatch. CHICAGO, Dec. 18.—Heavy profit taking and little talk of peace and difficulties hampering exports nearly wiped out today a substantial advance in the wheat market. Prices closed unsettled with a decline of a cent. Corn finished 1-4c off to 1-8c up, oats unchanged to 1-8c lower, and rye 1-4c up to 20c.

Holders of wheat did not manifest that any general disposition to sell, but it was not until the market had risen a quarter of a cent, a rumor that much unloading was done. Some hints of peace were at this juncture, and the market was not a widespread disposition, however, to avoid a war as possible insuring crude rumors.

May Not Sail. Some of the wheat being not likely on the sailing of English ships from American gulf ports was given some attention and had an unsettling effect. A New Orleans freight authority was quoted as saying that British vessels were not to leave port without having official sanction to do so.

Refusal of many country dealers to sell wheat, except at a decided further advance, kept actual transfers to exporters down to smaller proportions today than has recently been the case. Some of the leading cash concerns here were said to have withdrawn from the market for the present, having disposed of their holdings of wheat. It is expected that the market will be a widespread disposition, however, to avoid a war as possible insuring crude rumors.

THREE VACANCIES ON IMPERIAL BANK BOARD. Much Speculation as to New President—Probably Second Vice-President.

In view of the rapid changes brought about in the personnel of the Imperial Bank board it is interesting to note that the oldest surviving member is now William Ramsay of Bowland, St. John's, who was elected to the directorate in 1875. The late Hon. Robert Jeffrey became a member in 1885, and was made president in the month ago, following the death of Col. D. R. Wilkie, who was president and general manager.

INCREASED DEMAND FOR MANITOBA WHEAT

That Higher Prices Will Rule Later is Impression. Canadian Press Despatch. MONTREAL, Dec. 18.—There was an increased demand for foreign buyers for Manitoba spring wheat today and as the prices bid were practically unchanged only sales of a few odd loads were made for January shipment as the impression among exporters is that higher prices will rule later on and therefore they are not free sellers.
