GERMANS FAIL IN CRAB-CLAW BID FOR HILLS

Ludendorff Again Resorts to Crushing Tactics, With No Result.

FULL PRICE EXACTED Enemy is Held Everywhere From Voormezele to Meteren.

British Headquarters in France, April 29.—The Germans have been held everywhere from Voormezele to Meteren.

The enemy infantry attack today developed over a wide front, extending from north of Voormezele nearly to Meteren.

The enemy's failure to advance at Lore undoubtedly influenced him to resort to crushing tactics, but the news so far is eminently satisfactory up to this afternoon in our favor.

The infantry attacked at 6 o'clock, with an attempt to advance towards Scherpenberg and Mont Rouge.

The Germans, realizing that they were making no progress, modified the crab-claw idea and the fighting developed into a more direct attempt against Scherpenberg and Mont Rouge.

The Germans are making an intense use of their great artillery strength, but the French garrisons on hills have splendid cover.

It is abundantly clear that the day's story when told will be all to the credit of Franco-British arms.

Paris, April 29.—The trial opened here today of persons involved in the affair of the Bonnet Rouge, a newspaper said to have German financial backing and to have been engaged in propaganda for the enemy.

Colonel Voyer, who presided at the Bolo Pusha trial, and Lieutenant Morlet, who represented the government in these proceedings, filled the same offices today, when the case was heard before the third war council.

The reading of the indictment occupied half an hour. The seven persons who are charged with espionage, communication and commerce with the enemy, listened without showing any emotion, with the exception of M. Maron, assistant manager of Bonnet Rouge, who visited America in July and August, 1916.

The Dominion police arrested 157 men in this military district last week.

The results of the 1918 examinations in all years at McMaster University are announced.

Thirteen military decorations are to be presented by the governor-general in Toronto on May 8.

The Workers' Educational Association is inaugurated in Toronto. The board of governors of the university donates \$1000 to the cause.

PRISONERS IN RUSSIA TO SPREAD ANARCHY

Moscow, April 29.—A congress of war prisoners, representing all nationalities of the central empires, has been in session here for the last few days.

Douglas, Isle of Man, April 29.—Frederick Brundauer, a wealthy pen manufacturer, has committed suicide in a German detention camp rather than return to Germany.

In a letter to the commander he said that the agonies of death would be nothing to what he would suffer if he submitted to repatriation, which the government proposed.

BLOODY REPULSE IN GREAT PLUNGE IS SIGNIFICANT

Allies Will Not Withdraw From Ypres, at Least Until Toll is Taken.

LINES STILL INTACT Little Confidence Among Foe That Positions Can Be Outflanked From South.

Associated Press War Summary. Germany's armies are hurling themselves against a granite wall on three sides of the ruined City of Ypres.

The objective of the fighting which is now going on is the capture of Ypres, and the British have held their positions.

The present battle opened with a bombardment of the British and French lines from Meteren to Voormezele, a distance of 12 miles.

Paris, April 29.—The trial opened here today of persons involved in the affair of the Bonnet Rouge, a newspaper said to have German financial backing and to have been engaged in propaganda for the enemy.

The battle still continues along the front, but there is little indication that an immediate withdrawal from Ypres is contemplated by the allies.

The only point at which the Germans made any gains was on the hilly section of the front back of Kemmel Hill, where the French are standing.

Frontal attacks on Ypres would seem to indicate there is little confidence in the German general staff that the Ypres positions can be outflanked from the south.

While the struggle was going on before Ypres, the British positions from La Bassee to Houthulst Wood and from Lens to Vimy were deluged with shells.

Two enemy airplanes were brought down on April 27. The same day our bombing planes dropped six thousand kilos of projectiles on establishments in the enemy zone.

MILLION MORE MEN MAY BE ADDED BY UNITED STATES

Indications Are That New Funds Must Be Provided for Three Millions.

WASHINGTON OPTIMISTIC Holds View That It Will Take Weeks to Threaten Channel Ports.

Washington, April 29.—The battle for possession of the ruins of Ypres is regarded by officials here, conversant with reports from American observers in France, as only an incident of the German drive.

Ypres is important because of the high ground about it. But if it is lost, it is believed here, every inch of ground behind it will be as bitterly contested by the British and French troops as has each step forward the enemy has made for the last ten days.

Should the rate of advance they have made for the last two weeks be maintained by the Germans, it is estimated that it would take for them to reach positions which seriously threatened the allied hold on the channel ports.

For this reason, many observers here believe the present situation, with the Germans steadily pounding and the allies striking back wherever opportunity occurs, may continue for some time.

The increased army program, necessitated by the German drive, it is learned, will be discussed by the congress by Secretary Baker within the next few days.

FOOD BOARD FORBIDS CANDY, ICING, PASTRY

Ottawa, April 29.—Following the announcement by the Canada Food Board that no manufacturers in Canada will be permitted to use for the manufacture of candy more than 50 per cent. of the average monthly quantity of cane sugar, and that drastic restrictions have been imposed on the use of wheat flour, sugar and shortening in the manufacture of biscuits, cakes or sweet dough products, the food board issued an order that no persons shall make in Canada, for private consumption, French pastries, loaf cakes or biscuits, or cakes with icing of cane sugar between the layers, or added to the exterior, and no person shall use in Canada cane sugar for making for private consumption what is commonly called "candy."

ATTACKS REPULSED, SAYS GERMAN REPORT

Berlin, April 29.—(Via London).—The announcement from general headquarters today says: "On the Flanders battlefield from midday on the artillery fire revived. The losses taken since the storming of Mont Kemmel have increased to over 7100 prisoners, including 181 officers, 58 guns and 234 machine guns."

On the eastern bank of the Meuse, a thrust into the French trenches brought in some prisoners. "From the other theatres of war there is nothing new."

War News

Belgian army, becoming involved in battle north of Ypres, also defeats German attempts.

French disperse German detachments which attempted to cross River Oise, near Verennes.

New Russian Government at Petrograd repudiates peace with Germany and demands Estonia.

Serbian on Mount Dobropele, in Macedonia, penetrate a Bulgarian work and drive out garrison.

Paris reports activity by the artillery on both sides, north and south of Aves, in the region of Ploemont.

Reuter's correspondent says that the enemy managed to penetrate to Mont Chats, and paid the full price for his failure.

French, after losing ground at one or two points about Scherpenberg and Mont Rouge, restore line by counter-attacks.

BETTER AS LEADER THAN ON STAFF DUTY TO AVERT STRIKE OF PAPER MAKERS

Gen. Smuts Investigates Resignation of Recent Chief of Air Staff.

Washington, April 29.—Steps toward averting a general strike of paper mill workers called for May 1 were taken today by the national war labor board at its first working session, with former President William Howard Taft presiding.

Replying to the criticism, Premier Lloyd George complained of and repudiated an offensive, but suggested that another stratagem in the cabinet had been trying to advise General Trenchard.

London, April 29.—There was intense interest in today's debate in the house of commons over the recent resignations from leading positions in the air force, during which Lord Hugh Cecil and others urged that Major-Gen. Trenchard, former chief of the air staff, be reinstated in that office.

Where German Commander Succeeded by Sheer Weight of Numbers He Was Speedily Ejected by Counter Drives.

With the British Army in France, April 29.—This has been one of the bitterest days of fighting that the Flanders battleground has seen since the present offensive began.

At the same time a secondary thrust has been made at the Belgians in the region of the Yser, north of Ypres.

When the correspondent left the battlefield shortly after 1 o'clock in the afternoon, the German commander had nothing to show for his pretentious drive but a long list of dead and wounded.

Along the major portion of the front his troops have been held, but where they succeeded by superior weight of numbers in pushing forward they were soon ejected by counter-drives. The allied line was intact throughout at that hour.

Belgians Stop Enemy Von Ludendorff Uses Large Forces in Futile Venture About Ypres.

London, April 29.—Powerful attacks by the Germans against the French and British positions between Meteren and Zillebeke today were repulsed.

The Belgians also repulsed heavy attacks, inflicting severe casualties on the enemy. The statement says: "Following a bombardment of great intensity, the French and British positions from the neighborhood of Meteren to Zillebeke Lake, were violently attacked this morning by large hostile forces."

"Attacks were made also upon the Belgian positions north of Ypres, and fighting of great severity developed rapidly on the whole allied front."

"The fighting still continues at certain points along the allied battlefronts."

"On the remainder of the British front there is nothing to report beyond the usual artillery activity on both sides. The weather prevented air operations Sunday."

The Boys' Store of Toronto

Copy of a Letter Received Saturday, April 27th, 1918

Oak Hall,
Dear Sirs—Sorry to trouble you, but have decided to ask you to change this suit for one of your Fifteen Dollar ones, on account of the goods. We have been dealing with you for over thirty years and find that your word about goods is O. K.
And oblige,
Mrs.
(Name Given if Asked For.)

This lady had been advised when buying her boy's suit to take the best as a safeguard for wear—and her letter speaks volumes for our policy of Better Grade Boys' Clothes.

Nowhere else can you find such a splendid showing or a better service for boys than ours. We sell the better grade clothes for boys. The kind of garments that inspire confidence and bring you back again. You know it isn't the easiest thing in the world to make good in boys' clothes. It's taken years of hard earnest work and study to bring our Boys' Department to the state of perfection that you will find here to-day.

Extra Pants for Each Suit

It took us many years to evolve our present system for taking care of the extra pant problem. To-day we carry the materials for every line and make the extra pants to your order. Can you estimate the value of this system to our host of customers? It means carrying a tremendous stock of fabrics to enable us to do this for you, but we are a big clothing house and can do many things that other houses would find impossible, furthermore our prices are regulated by the quality and when you come to think of it, is there any fairer method?

CAKES AND CANDY ARE RESTRICTED

Drastic Wartime Regulations Affecting Their Manufacture Issued.

SOME PASTRIES BANNED

Quantities of Sugar and Fats in Ice Cream Are Also Limited.

Ottawa, Ont., April 29.—Drastic wartime restrictions on the use of sugar and shortening in the manufacture of biscuits, cakes or sweet dough products; entire prohibition of the manufacture of certain pastries; and curtailment of the sugar consumption of candy manufacturers to one-half the monthly average used by them last year; limitation of the amount of fats and sugar which may be used in the manufacture of ice cream; such are the principal provisions of an order just issued by the Canada Food Board.

The new regulations are intended to readjust Canada's consumption of sugar to the available supply, and to prepare for the coming of the canning and preserving season. The use of fats is curtailed because of the increasing need for edible fats overseas. Further restrictions are made on the use of wheat flour in the manufacture of candy and sweet dough products.

The regulations follow the announcement that by June 1 all persons manufacturing ice cream, candy, cake, crackers, biscuits, pastry, confectionery, etc., will be brought under the license system of the Canada Food Board.

The new order provides that on and after that date, no person in Canada shall use in the manufacturing of biscuits, cakes or sweet dough products, more than 80 per cent. standard wheat flour. A single exception is made in the case of soda biscuits, in which the proportion may be as high as 90 per cent.

Flour and Shortening Restricted. On and after May 1 it will be illegal to use more than 100 pounds of cane sugar and 40 pounds of shortening to 200 pounds of flour and substitutes, in the manufacture of any biscuit product. Similarly, not more than 100 pounds of cane sugar and 60 pounds of shortening may be used to 200 pounds of flour and substitutes, in the manufacture of fruit cake, pound cake, layer, wine sponge, or any other kind of cake not expressly prohibited by the order.

Not more than 25 pounds of cane sugar and 15 pounds of shortening may be used with 200 pounds of flour and substitutes, in the manufacture of any sweet dough product. On and after June 1 it will be illegal for any manufacturer in Canada to offer for sale any of the products enumerated above, if they contain a larger proportion of standard flour, cane sugar or shortening than the amount prescribed.

Sale is illegal. The manufacture for sale of the following products will be illegal on and after May 1:

French or puff pastry, doughnuts or crullers, Scotch shortbread or cake, fancy almond biscuits, or other products containing more than 50 per cent. of cane sugar, marshmallow containing more than 20 per cent. of cane sugar to a 50 pound batch of marshmallow, cakes or biscuits having on the exterior products made wholly or in part of cane sugar, or with shortening, except jam, jellies or pure or evaporated fruit.

After June 1 no manufacturer in Canada will be permitted to sell or offer any of these products for sale. On and after May 1 it will also be illegal for any person to use in the manufacture of ice cream, more than 10 per cent. of fats, whether of animal or vegetable origin, or more than six pounds of cane sugar to eight gallons of ice cream.

No Wheat Flour. On and after the same date, it will be illegal to use wheat flour in the manufacture of candy, candy being defined as any solid product of sugar including taffy or toffee, either alone or in combination with flavoring and colored matter, and shall include chocolate, cream and all combinations with chocolate, except solid chocolate products.

Every manufacturer of candies is required to file forthwith, with the Canada Food Board, a sworn statement of the quantities of cane sugar and wheat flour used in the manufacture of candy, from April 1, 1917, to March 31, 1918, and the quantity of cane sugar used on and after May 1, 1918, during the period from May 1 to August 31, both these inclusive. Between these dates no manufacturer in Canada shall use for any month for the manufacture of candy, more than 60 per cent. of the average monthly quantity of cane sugar used by him during the year ending December 31, 1917.

Canadian Overseas Drafts

Arrive Safe in England

Ottawa, Ont., April 29.—It is officially announced thru the chief press censor's office, that the following troops have arrived in England: Infantry drafts from British Columbia; Western Ontario, Eastern Ontario, Nova Scotia, Manitoba, Saskatchewan, First Quebec, Second Quebec; field artillery from Vancouver, London (Ont.); Toronto; forestry draft, cavalry, railway construction draft, Hamilton; air force, pilots; Serbian drafts; inland water transport men. Details. A total of 2,905.

JUDGE WALLACE CHAIRMAN.

Ottawa, April 29.—Judge Wallace, of the County of Oxford, has been appointed chairman of the board of arbitration to settle the dispute between the Grand Trunk Railway and members of the International Brotherhood of Railroad Stationmen. F. H. McGaughey, Toronto, will represent the company, and Bernard Rose, barrister of Montreal, the men.

ARE RETURNING FROM RUSSIA.

A Pacific Port, April 29.—A trans-Pacific liner reached port this morning with 340 saloon passengers and a large number in the steerage from the Orient. Among the first-class passengers were Lady Muriel Paget and 15 members of the Anglo-Russian Red Cross hospital unit en route from the revolution-stricken country to the United Kingdom.

GERMANY CONSTRUCTS SUPER-SUBMARINES

Washington, April 29.—Information received in an official quarter in Washington credits Germany with having completed the construction of six super-submarines of 1,500 to 1,800 tons capacity, with a cruising radius of 10,000 miles, and that six more of the same design are being rushed to completion.

Germany has designed the newer submarines, it was said, to be superior to destroyers. It was said that the allied admiralities have known for more than three months of the actual construction of these super-submarines which it is believed, follow on general lines the construction of the commercial U-boats, one of which the Deutschland visited the United States. It is surmised they are for use in the Atlantic trade routes most distant from German home bases, as smaller craft are more advantageously employed in European waters. The Pacific and Indian Oceans are considered too remote, and therefore it is assumed that Germany plans to despatch the largest underwater craft to American waters, or to use them in attacks in the mid-Atlantic.

BRITAIN IS LACKING IN WHEAT IMPORTS

Baron Rhondda Tells Food Board That Canada Must Do Utmost.

Ottawa, April 29.—Wheat imports are not arriving in the United Kingdom in quantities sufficient to meet the weekly requirements. Such is the weekly report from the British Ministry of Food in its latest cable to the Canada Food Board, dealing with the food situation.

Lord Rhondda adds: "Every effort that can be exerted in Canada to increase shipments of wheat and meat will be invaluable."

The message reads: "Bacon is coming forward well, but all will be needed to make up the deficiency of meat supplies which are scarcely likely to meet the requirements, even on a restricted basis of existing compulsory meat rations."

"Cheese would also be welcome, and it is hoped that arrangements will shortly be concluded whereby purchases of Canadian cheese can be effected. "Wheat imports are not arriving in quantities sufficient to meet our all kinds of requirements. Every effort that can be exerted in Canada to increase shipments of wheat and meat will be invaluable."

OPERATION POSSIBLE ON BLIND CONVICT

Kingston, April 29.—William Bennett of Montreal, who was sentenced to be hanged for the murder of a soldier named Leach at Indian Point in Renfrew County, and whose sentence was commuted to life imprisonment, has begun to serve his term at Kingston penitentiary. His total blindness, the result of an attempt to take his own life after he had shot Leach and Mrs. Leach, a former sweetheart of his, makes him a pathetic figure.

It is said that an effort will be made to relieve his blindness. The bullet which he fired into his own head is still lodged there, and it is the opinion of some medical men that if it were removed he might recover a part of his sight, the object is a very small one. Should this operation not be performed, or should it be successful if performed, it will not be surprising if the government be asked to transfer him to the Brantford Institute for the Blind or some other institution, where he may be taught some useful occupation instead of sitting in helpless blindness.

FRACTIONAL ADVANCE IN PRICE OF BREAD

Ottawa, April 29.—The cost of living branch presents to the ministry of labor a statement with tables of the cost of bread, as in the principal cities of the Dominion for the month of February.

The consumption of flour for February shows 68,472 barrels, while for January the tables show 71,991 barrels. But when the three extra days are taken into account the figures for consumption would amount to over 75,000 barrels for February, so that the consumption appears to have increased.

The cost of flour to the bakers in January worked out an average of \$10.87 per barrel, while in February the figures stand at \$10.65, practically the same.

The cost of bread for the Dominion is about stationary, January cost standing at 6.81 cents per pound, and February at 6.85 cents, or a very slight increase of one twenty-fifth cent on a pound.

There were 14 centres which show fractional increases, while 7 show slight declines, and two groups are stationary.

Montreal cost goes up one twenty-fifth of a cent per pound, Ottawa and Toronto are nearly stationary. Hamilton, Brantford and St. Catharines show fractional increases.

Of western cities, Winnipeg and Calgary show slight declines, while Vancouver and Victoria figures are about one-thirtieth of a cent per pound higher than previous month.

Fire Destroys Alberta Hotel; One Guest Breaks His Leg

Redcliffe, Alta., April 29.—At 4 o'clock this morning the Laurel Hotel and contents were destroyed by fire of unknown origin. The loss is estimated at \$60,000, partially covered by insurance. About 30 guests were aroused from their beds when the alarm was given and escaped safely. Only one man was injured. He jumped from a fire escape and broke his leg.

ENEMY TIMETABLE KNOCKED TO BITS

Captured Documents Disclose Failure of Drive Towards Coast.

London, April 29.—Last night there was intense and almost ceaseless hostile artillery activity in the north. Great concentrations of howitzers and field batteries maintained a hurricane bombardment over wide sections of the salient front, practically all the way from La Bassée northward to the south of Houthulst Forest. The Germans also kept up a furious fire for nearly three hours on the front from Wimpy to Lens.
This morning the bombardments were renewed on our line south of Veermessele, and the French position in the vicinity of Loere was plastered with explosive shrapnel.
Our troops around Ypres several times signaled for artillery support after dawn. The tremendous bombardment points almost to a certainty to a German attempt to advance here. Yesterday the enemy airmen were very active over Mont Rouse, from which it seems certain that the Germans intend trying to push westward from Kemmel.
Documents we recently captured show that the Germans counted on developing a regular drive toward the coast, the time-table whereof is altogether gone to pieces. A certain division was due to be at Mont Chats on Friday last, but this division, instead of going forward, moved backward to rest and refit.

RAILROAD MEN ASKED TO KEEP ROAD GOING

St. Thomas, April 29.—The enforcing of the Military Service Act in St. Thomas is crippling the railway service to such an extent that today E. R. Webb, superintendent of motive power on the Michigan Central Railroad, called a meeting of all the shopmen and locomotive crews, and laid before them the great necessity of conserving the man power of the different departments, and asking the men to arrange shifts in order to keep the road running if possible.
The traffic on this road is the heaviest that has ever been, and there is the greatest shortage of efficient labor ever known. For the first draft over fifty firemen will be taken, and about forty shopmen from the M.C.R. The same conditions exist on the Canadian divisions of the other four big railways operating thru St. Thomas, so it is believed here the government is making a great mistake in retarding the movement of trains by drafting these men who are so desperately needed for the conveying of munitions, food, and other supplies.

JAP FOREIGN MINISTER NOT TO CHANGE POLICY

Tokio, April 29.—Baron Shimppe Goto was installed as foreign minister in succession to Baron Motono resigned. Baron Goto was minister of the interior in the Teruchi cabinet, and the vacancy created in that portfolio has been filled by the appointment to the post of Rentaro Mizuno.
The change in the foreign ministry has excited the greatest interest because of the powerful personality of Baron Goto. He announced to the newspaper representatives that he would follow the policy of the outgoing minister.

FOURTH GERMAN ARMY MAKES HEAVY ATTACK

With the British Army in France, April 29.—The fourth German army this morning heavily attacked the allied front in Flanders. Prisoners captured here admitted that the German intention is to attempt to capture Ypres. Severe fighting is reported in both the French and the British areas. The attack extends over a front of about 15 miles. The Belgians on the Yser front also are reported to have been attacked.

KINGSTON HOSPITAL NURSES GRADUATE

Kingston, April 29.—The following have been graduated as nurses at the Kingston General Hospital: Misses Alice Nora Fisher, Portsmouth; Mildred Heasler, Gananoque; Bessie Matland, Trenton; Catherine Rotter, Lansdowne; Eliza McNaughton, Trenton; May McElroy, Ottawa; Lilla Riley, Trenton; Daisy McNamee, Kingston; Helen MacDougall, Port Elgin; Margaret Elsell Moon, Godfrey; Dora McKendry, Gananoque; Blanche Wesley, Maberly; Bessie Aip, Granton; Clara Vincent, Woodstock; Isabelle Dunlop, Kingston; Mary Scholes, Kingston; Margaret Brown, Pembroke; Blanche McCall, Wooler; Bertha Shillington, Odessa; Dorothy Nicol, Cataract; Hazel McKinstry, Bradford; May M'Is, Brockville; Olivea Richards, Trenton; Hannah Greaves, Peterboro; Grace Asselstine, Odessa.
The gold medal for the course was won by Miss Daisy McNamee, the silver medal by Miss Blanche Wesley, the prize in materia medica by Miss Daisy McNamee, and the prize in pediatrics by Miss Grace Asselstine.

MAY TIE UP WORK ON ALL RAILWAYS

Montreal, April 29.—A conference of importance, involving 50,000 men of the shop trades of all railways of Canada, opened today in Montreal between chosen delegates of the Canadian division of the Federation of Railway Shop Mechanics and a sub-committee of the Canadian Railway Association of National Defence.
The union delegates claim they came to Montreal with a mandate, carried by a referendum vote of all the shops of the railway, demanding an adjustment and increase of the minimum wage and a standard minimum adopted for all Canada, a nine-hour day, and the change of agreement system from one year to thirty days' notice by either side.
If the negotiations should be a failure thru the representatives of the railway companies refusing to make a satisfactory arrangement with the representatives of the men, it would, to quote one of the delegates, "mean a strike on every railway of Canada, the cessation of work in all the shops, and the tie-up of transportation for want of new rolling stock and the necessary repairs to that already in service."
The conference will probably last a week and will be conducted in secret.

COL. GOW TO RETURN.
London, April 29.—It is understood that Col. Walter Gow, deputy minister of militia, will shortly return to Canada. Major C. S. Harrington, now military secretary, will take Gow's place here.

ST. THOMAS FLYER MISSING.
St. Thomas, April 29.—J. C. Gillan, of this city was notified today that his son, Flight-Lieut. Charles J. Gillan, of the Royal Air Force, has been missing since April 25. Lieut. Gillan was an employe of the Home Bank here when he enlisted, and trained at Camp Borden, going overseas last October. He was mentioned by his commanding officer for doing good work. He went to France from England in charge of a fast bombing machine about two months ago. His parents and friends here are hoping he may be a prisoner of war in Germany.

TO MAKE GERMANY PAY.
United States Will Not Defray Feeding of Interned Germans.
Washington, April 29.—The keep of enemy aliens interned by the United States must be paid by the Swiss and Swedish legations for the German Government, the state department announced today. Law-abiding enemy aliens who become objects of charity will be cared for by a national committee to be formed to raise subscriptions.

Morale!

British Staff Officer Defines It—How Y.M.C.A. Enhances This Great Factor of Victory

"IS VICTORY always on the side of the biggest battalions?" was asked of a British staff officer, as recorded by Dr. John R. Mott in the "Ladies Home Journal."

"It is and it isn't," he replied. "There's something else. You cannot chart it, you cannot weigh it, you cannot express it in any military figures. But Napoleon knew what it was, and he called it 'morale.'"

How Morale is Created

"I cannot define for you exactly what morale is, but I can tell you it comes in many different ways. I have known morale to be found in a cup of hot coffee. That sounds unromantic. But think what that means to a man who has had ten hours consecutive shelling.

"I have seen morale created by a man's taking a big risk; I have seen it sustained by a man's merely writing a letter home just before he went into action. You can describe morale," he continued, "in a score of ways, little and big.

"It may come from faith in a future life or from the thought that one is protecting the loved ones at home. But if you want an easy and short definition of morale, you will find a good one in the four letters Y. M. C. A."

CURVES IN MOUNTAINS

Amount of Track Repairs in District Between Saskatoon and Calgary.

Testifying at yesterday afternoon's session of the C. N. R. arbitration proceedings, C. A. Lutz, consulting engineer, late of the interstate commerce commission, stated that in his opinion from personal investigation the C. N. R. had failed to properly account for \$900,000 for the retirement of equipment from July 1, 1908, to June 1, 1917.

M. H. Macleod, chief engineer and manager of the C. N. R. western lines, gave information concerning the various curves, and stated that in the mountains a ten degree curve was common, but added that slow orders were not necessarily enforced on these curves, and in fact the rate of speed on a ten degree curve was 35 miles per hour.

JOHN CATTO & SON TORONTO ESSENTIAL NEED OF MEN TO FIGHT, IS ROWELL'S PLEA

President of Privy Council, at Bowmanville, Delivers a Powerful Address.

Explains the Law Youths Will be Taken First From City, and From Country After Seeding.

By Staff Reporter. Bowmanville, April 29.—Hon. N. W. Rowell delivered a powerful address on the need of the new manpower bill before a fair-sized yet extremely enthusiastic audience in the town hall.

Chancellor Bowles of Victoria College, Toronto, spoke briefly and then on the platform included Dr. J. D. Davitt, chairman, St. A. James, Fred R. Foley, J. E. Mitchell, mayor of Bowmanville, J. J. Thornton, and George Stevenson, reeve of Darlington.

Mayor Reads Address. J. E. Mitchell mayor of Bowmanville, extended a welcome to three returned soldiers and then read an address to Hon. N. W. Rowell, who was the speaker of the evening.

Dr. J. C. LeVitt, chairman, explained that the meeting was planned to launch a Y.M.C.A. campaign in behalf of the Red Triangle Club.

Prior to the general meeting some 45 farmers of Durham county held a private conference with him, Mr. Rowell explaining the necessity for leaving the young men on the farms.

George Stevenson, reeve of Darlington, introduced the delegation, and C. J. Thornton, former M.P., advanced many arguments in favor of retaining the producers on the soil.

He claimed that if the men between 20 and 22 were taken, production would decrease 25 per cent. To send men from the city to take their places would be folly, for modern farming expected knowledge will be paralyzed the farming industries.

Urges Modification of Order. J. L. Falls spoke briefly, urging modification of the order-in-council. The county was anxious to do what was best and thought that the need

Chatham, April 29.—Lieut.-Col. H. G. Henderson, military secretary to His Excellency the Duke of Devonshire, in a letter to Mayor Charles Clements of this city, stated that in the tour of western Ontario which Their Excellencies purpose making the latter part

THREE NEW ENEMY GUNS.

Amsterdam, April 29.—Three new long-range German guns, made at Dusseldorf for the bombardment of Paris, according to the correspondent at Maastricht of Les Nouvelles, passed thru Belgium last Friday in the direction of France.

RACE TRACK PATRON DIES.

St. Louis, Mo., April 29.—Louis Cella, known throughout the country in sporting circles, died here today after several weeks' illness. Cella amassed a fortune in real estate and later was a patron of the race track, where he increased his wealth, both as the owner of horses and as the promoter of races. He was 50 years old.

PURSE FOR LEONARD AND WHITE.

Milwaukee, Wis., April 29.—A boxing contest calling for sixty per cent of the gross receipts in Liberty Bonds to be divided between the contestants, has been offered for a ten-round bout between Benny Leonard, lightweight champion, and Charley White, to be staged in Milwaukee in May or June. Ten per cent of the receipts, which go to the state, and the promoter's share also would be devoted to the purchase of bonds.

RED SOX CLAIM ATHLETIC PITCHER.

Philadelphia, April 29.—Connie Mack, manager of the Philadelphia American League Baseball Club, said today that the claim by Percy Haughton of the Boston team to the services of Scott Perry, a pitcher, was news to him. Mack said: "I signed Perry while we were training in the south. It appears he had been playing with various teams before coming to me and I believed he had been made a free agent by the National Commission. There is nothing for me to do but to await the result of the commission's action on Haughton's claim."

BRITISH FIRE CRUSHES ATTEMPT NEAR LOCRE

London, April 29.—The war office reports: "The hostile attack reported developing yesterday afternoon in the neighborhood of Locre was repulsed by rifle and machine gun fire. A heavy bombardment with high explosives and gas shells was opened by the enemy this morning on the whole front from Metz to Yvermezele, and infantry attacks are now developing. The hostile artillery has also shown great activity during the night between the River Scarpe to Lens, and between Ginchy and the Forest of Nieppe. By a successful enterprise carried out by us last night, the post in the neighborhood of Festubert, captured by the enemy on the night of April 26-27, was retaken by us, together with over fifty prisoners. A number of prisoners and four machine guns were also secured by us in successful raids south of Albert and in the neighborhood of Neuville-Vitasse."

FINNS BREAK TREATY OF PEACE WITH RUSSIA

Washington, April 29.—Finnish shore batteries in command of German officers opened fire on 145 Russian ships which left Helsingfors for Kronstadt, the state department was informed today in diplomatic despatches. This was held to be a violation of the Brest-Litovsk treaty, which stipulated that the vessels should move unimpeded.

TRIED FOR SMUGGLING.

Louis Rothansky, Deported From Canada, Who Defaulted Bail, Pleads Not Guilty.

Boston, April 29.—Louis Rothansky, of New York, arrested last week after deportation from Canada, pleaded not guilty today to two federal indictments charging conspiracy to smuggle drugs from Canada into the United States. The indictments were returned in September, 1916, and soon after that Rothansky was arrested in New York, but defaulted his bail. Federal officials located him recently when he was in Montreal, as a German spy suspect, and was obliged to reveal his identity in order to clear himself of the charge. He was held in \$7000 bonds for trial.

GOLD STAMPEDE AT COAST.

Prince Rupert, April 29.—There is quite a flurry of excitement at Shuttle Island, Dawson Sound, Queen Charlotte Islands, over some new gold discoveries. Many men employed in the lumbering trades are quitting their positions to stake claims.

Labatt's
An Old Friend with a New Name

LONG before Labatt's Brews come to the fermenting tuns, they have passed through the processes which give them the flavor, the body, the tonic quality which has made the old style Labatt's Ale, Canada's favorite for over eighty years.

Old London Brew, the new brew which Labatt's will put on the market at Easter time, is made with the same ingredients, with the same care and skill and by the same processes as the ale you have known and used for so many years.

SOME BIG PURPOSE BEHIND SACRIFICES

English Minister Preaches Mc-Master Baccalaureate Sermon.

NEW DOCTRINE OF MAN

Sufferings at the Front, Consummation of That at Calvary.

"I say reverently, God damn the culture that has for its understanding poisonous gas and liquid fire, and the world without culture would be better than a propaganda of righteousness. This statement was made by Rev. John Charles Carlie of Folkestone, England, during the course of the Mc-Master University baccalaureate sermon at the Jarvis Street Baptist Church last evening. He pointed out that there were three kinds of religion, Wonder, Wisdom and Christ crucified. Two had proved a failure and the only true kind was Christ crucified. He maintained that the life would never be as simple as the old woman's tale, "It is a Great Adventure," he said, "and we with wisdom know not God. Wisdom develops a cold exposition of the world, and has no word of inspiration for the men in the mud and the blood of the trenches. Agnosticism as a religion is dead. Wisdom as a religion is dead. What then remains? Christ crucified is the highest ideal the world has ever known. Right may be crucified, but right cannot be conquered. Right is right as surely as God is God and right must win. Christ crucified: it is the revelation of the truest and the best in mankind. I do not mean to say that the modern sacrifice of our boys on the battle field is like Calvary, but I do say that the sacrifice on the battle field today is the consummation of the sacrifice of Calvary for the light of the world."

New Doctrine of Man. He maintained that there would come a time when there would be a new doctrine of man, when man would be judged, not at his best, nor his worst, but at his truest. He pointed out that the Jews earlier in history worked out a religion in symbols and colors and the ritual and the symbolism was so complex and elaborate that it ceased to be of moral value, and the later philosophers decided on the wisdom of God against the ritual, but the Jews saw the wonder works of God and crucified Him. "And then on the cross they asked the impossible. They said: 'You have saved others, now save yourself and us.' No one can do that for who saves his life must lose it, while he that would be the reclamer of the world must die. Religion is wisdom for it is the quest of a theory, and it gave us at last a dim conception of what might be." Speaking of the sacrifice of the men at the front, he stated that he could not conceive any government of the world that would not have some great purpose to achieve by the sacrifice of those men.

EMINENT ENGLISH ARTIST. Miss Mary Helen Carlisle, the eminent English artist who has done exceptional work along the lines of miniature painting and gardens, is in Toronto and in the near future will show some of her pictures. Miss Carlisle, who has already made herself many friends, will be the guest of many of the women's societies during the coming week.

SPLENDID RECORD OF TWO YEARS' WORK

Reports of two years' work of the Toronto Patriotic League were given at a general meeting held yesterday at 80 West King street, the record showing an aggregate of strenuous effort on the part of the members and an altogether wonderfully generous response on the part of the public. It was a matter of general regret that Mrs. Willoughby Cummings, who from the formation of the league had been president, was obliged to retire owing to ill-health. A vote of appreciation of the zeal and untiring activity of Mrs. Cummings in the work of the league was moved by Mrs. Van-Koughnet and seconded by Mrs. Pepler.

The general financial report presented by Mrs. Hamilton Burns told of receipts \$106,088.14, with expenditures \$105,213.41, with a balance on hand of \$874.73. From the Belgian relief receipts were \$106,194.45, making the total receipts \$211,282.59. The number of articles of Red Cross supplies amounted to 3,213,779, from 270 circles given since last general report. Classes in first aid had been established and had done splendid work under Dr. Margaret Patterson. The organization was the first to ask for Christmas stockings, and the knitting department of the league had an output of 7,000 pairs of socks. The list of soldiers' comforts which was read by Mrs. Van Koughnet was almost exhaustive, covering an approximate value of \$361,123.75. The report of the Belgian relief, read by Mrs. Pepler, showed that \$253,953.49 had been raised in cash and supplies. Addresses were made by Miss Joan Arnoldi, who spoke of the continuous need for socks and other comforts; and by N. F. Davidson, K.C., who said that food conservation should be an emergency measure with women during the next four months.

SOLDIERS' COMFORTS SHIPPED OVERSEAS

Mrs. Arthur Van Koughnet, convener of the Women's Patriotic League, reports for the week the following shipments overseas to the Canadian Field Comforts Commission, Queen Mary's Needlework Guild, and donations to the returned men in the military hospitals in Canada: 1,510 pairs socks, 150 surgical shirts, 43 trench shirts, 27 suits pyjamas, 63 trench and stretcher caps, 100 personal property bags, 129 towels, 67 sheets, 91 pillow cases, 10 pneumonia jackets, 8 suits gauze underwear, 264 bars chocolate, 80 individual parcels, and a quantity of wash cloths, mitts, writing pads, playing cards, candy. To the Mowat Memorial Sanitarium, Kingston, Central, Whitby, Ontario, Cobourg, Brant, Burlington and Newmarket, Military Hospitals, gifts of 1 tennis set, 1 English darts game with darts, 3 footballs, 8 handballs, 2 sets Badminton, 2 doz. sheets music, gramophone records, books, magazines, cushions, cigars, ice cream and cake.

EMPLOYMENT BUREAU MAKES WEEKLY REPORT

Reports from the women's department of the Ontario Employment Bureau show the past week in the factory department: Employers' orders, 24; registrations, 106; new applications, 79; help wanted, 42; referred to positions, 77; positions secured, 52. The report of permanent work in the domestic department was: Employers' orders, 24; registrations, 55; new applications, 34; help wanted, 101; referred to positions, 27; positions secured, 22. One woman with a child was placed and two were placed out of the city. In casual work employers' orders were 175; registrations, 148; new applications, 11; help wanted, 177; referred to positions, 254; positions secured, 2620.

DRAMATIC PROGRAM. May Anderson Trestrail and her Pupils Give Good Entertainment. May Anderson Trestrail and her pupils presented a dramatic program at Foresters' Hall last night when four short sketches were given. One, an original production by Sgt. E. A. Trestrail, entitled "Nearly Saved," in which the ludicrous situations created much amusement for the audience. Those taking part were E. A. Trestrail (a traveling man), May Anderson Trestrail (a woman with a sad past), T. Gordon Smith (the man following her). Other sketches were "Bixby's Baby," "Petticoat Perfidy," and "In Honor Bound." The Rotary Dolls of Miss Dorothy McQuillan, some of whom were very juvenile, acquitted themselves well in their short speeches. Violin numbers by pupils of Von Kunitz varied the performance, the proceeds of which will be divided between the Canadian Academy Red Cross fund and tobacco for soldiers.

PULMOTOR SAVES LIFE. Kingston, April 29.—Horace Noman, contractor, was overcome with gas while making a connection in a sewer. He was pulled out by workmen and the firemen saved him with a pulmotor.

WINNERS IN CONTEST.

The Women's Canadian Historical Society expect to make \$500 from their two days' sale, the returns are not yet completed. The lucky winners in the drawing contest were: Mrs. Corran, 129 Bedford road, silk embroidered shawl; Miss Elliott, 511 Huron street, cut glass rose bowl; Miss Segram, 81 Asquith avenue, cut glass bowl; Mrs. Russell, Yonge street, pair cut glass bowls.

ADDITIONS FOR SCHOOLS.

Official notifications from the city treasurer that the city council had passed the appropriations for the Perth avenue and Queen Alexandra additions were read at the meeting of the finance committee of the board of education yesterday afternoon. Both schools are overcrowded. Each addition will be in the form of a separate building on sites adjoining the respective sites.

SOCIETY

CONDUCTED BY MRS. EDMUND PHILLIPS

Sir William Peterson, and Colonel Bickett, Montreal, were the guests of the Duke and Duchess of Devonshire at dinner at Government House at the end of the week.

Mr. Samuel Gompers, Senator Robertson and Hon. T. W. Crothers, took tea with the Duke and Duchess of Devonshire at Government House, Ottawa.

The Earl of Reading, British Ambassador in the United States, will be in Toronto on May 17 for the University convocation. Another guest will be Hon. Elihu Ridd.

Hon. Dr. David Jamieson, Speaker in the provincial house, and Mrs. Jamieson, leave on Wednesday for their home in Durham.

Mrs. I. B. Lucas is leaving town today for her home in Markdale.

Lady Pellatt asked a dozen people to Cass Loma yesterday afternoon to meet Miss Mary Carlisle the minister from England, whose pretty figure looked very smart in a dark tailor-made. Mrs. Arthur Wright poured out the tea in the living room; the following were asked to meet the visitor: Lady Moss, Mrs. David Jamieson, Mrs. Frederick Mercer, Mrs. J. A. Ross, Mrs. D. Cameron, Mrs. G. P. Reid, Mrs. John Bruce, Mrs. Norton, Mrs. J. B. MacLean, Mrs. E. J. Lennox, Miss Wiseman.

Owing to difficulty in procuring a passage from Barbados, Mr. Holloway and Miss Aileen Robertson will return to town, stopping until next week.

Sir Sam Hughes arrived at the King Edward last night from Lindsay, en route to Ottawa.

Col. Levesconte left for Rochester last night for a consultation with the higher command in that district.

The Association for the Welfare of the Blind held a committee meeting yesterday afternoon at Mrs. Mullock's home in the Hotel Victoria. A luncheon and tea they are going to be in charge of for the association on May 24 and 25 at the Woodbine, when the Toronto Hunt Club will hold a horse show and the King's Plate race will be run for the 57th time. Those present included Mrs. Mullock, Mrs. R. Christie, Mrs. D. Cameron, Mrs. G. P. Reid, Mrs. J. B. MacLean, Mrs. E. J. Elliott, Miss O'Brien. The horse show is being held for the Red Cross, all funds going directly to that object.

Miss Elsie Charlton gave a song recital last night in the galleries of the Women's Club Association in aid of the Garden Club of the association to a select audience of one hundred.

The patronesses of the dance being given in aid of the Red Cross on Friday, May 10, in aid of the work depository and women's exchange are: Lady Pellatt, Lady Falconbridge, Mrs. H. D. Warren, Mrs. Harold Bickford, Mrs. Charles Beatty, Mrs. D. A. Campbell, Mrs. Graham Campbell, Mrs. Victor Cawthra, Mrs. R. J. Christie, Mrs. Dymott, Mrs. A. D. Langmuir, Mrs. Geo. G. Mitchell, Mrs. J. W. Mitchell, Mrs. J. F. W. Ross, Mrs. Sidney Small, Mrs. S. Ryerson, Mrs. Frank Wood, Mrs. T. W. G. and Mrs. Chester Harris.

GOVERNOR-GENERAL TO PRESENT MEDALS

Greatest Ceremony of Its Kind Arranged for Next Week.

Wednesday, May 8, will witness the greatest presentation of military decorations ever held at one time in the history of Toronto.

The Duke of Devonshire will come to Toronto to make the presentations on behalf of the King. All the Canadian expeditionary force troops in Toronto will be drawn up in a hollow square just south of the parliament buildings, Queen's Park, during the ceremony.

The decorations to be presented are: One Victoria Cross, four Russian Crosses of St. George, one Distinguished Conduct Medal, two Military Crosses and five Military Medals.

Several of the decoration winners, including Sergt. Frederick Hobson, V.C., have been killed in action since performing the deeds which won for them the medals. In their cases the recipients will be their next of kin. The Victoria Cross will be presented by the Duke of Devonshire to one of Sergt. Hobson's sisters, either Miss Florence Hobson, Beverley street, or Mrs. Marshall, 1281 Lansdowne avenue.

The other presentations will be as follows: Military Cross—Late Lieut. A. C. Metcalf, Canadian infantry; recipient, Mrs. T. E. Paterson (sister), 24 Ontario street, Brantford, Ont. Military Cross—Capt. C. M. Carbert, late 20th Battalion, now with R.F.C.; recipient, his father, Dr. G. B. Carbert, Campbellville, Ont. Military Medal—(90027), Pte. Hugh Graham, 27th Battalion; recipient, himself, now in Toronto. Toronto District Depot. Military Medal—(16843), Pte. J. Woodworth, 102nd Battalion, now in Darvill Military Hospital; recipient, himself. Military Medal—(441850), Pte. Edwin Steele, 248th Battalion, former depot; recipient, himself. Military Medal—(768459), Pte. Wm. A. Munro, 123rd Royal Grenadiers Battalion; recipient, his mother, Mrs. Andrew Munro, 21 Perth avenue. Distinguished Conduct Medal—Lance-Sergt. Chas. Routledge, 4th Canadian

mounted Rifles; recipient, his mother, Mrs. C. J. Routledge, 75 Leuty avenue. Russian Cross of St. George—(829472), Pte. Norman D. McEwen, 4th Battalion; recipient, himself. Russian Cross of St. George—(410783), Lance-Corp. Wm. Hunter, 58th Battalion; recipient, himself. Military Medal—(132225), Corporal Geo. E. McCarthy (deceased), 2nd Battalion; recipient, his mother, Mrs. McCarthy, 206 Morley avenue. Military Medal—(374026), Sergt. Chester Pettit (deceased), 19th Battalion; recipient, his brother, Joseph Pettit, Ballycroy, Ont. Russian Cross of St. George—(109142), Lance-Corp. C. J. Vincent, 46th Battalion (district depot), Central Military Convalescent Hospital; recipient, himself. During the visit of the Duke of Devonshire, it is expected, will inspect the Hart House, the military hospitals, and White Military Hospital in the afternoon. He may also visit some of the Royal Air Force aviation camps.

Mr. Knowles, manager of the Royal Bank, has bought Mr. C. A. Waterous' house in Brantford.

Mrs. Rowwell Colt expects to leave Ottawa shortly for England.

Mrs. Phillip Dumoulin, Kelowna, B.C., who has been staying with Mrs. Lawrence Baldwin, leaves this week for Hamilton.

The wedding took place at the Chapel Royal, Savoy, recently, of Captain John McNaughton, M.C., Canadian Highlander, to the Hon. Doris Kitson, third daughter of Lord and Lady Alredale. The bride was given away by her father, her bridesmaids being her sister, the Hon. Angela Kitson, Miss Olga Murray-Leslie, Miss Violet Preston and Miss Peggy Wolfe-Barry.

Mr. C. J. Colmer, C.M.G., of the Canadian high commissioner's office, London, England, has been re-elected master of the Patternmakers' Company. The wardens are Mr. H. T. Cart de Lafontaine and the Earl of Hamarby.

The Canadian Red Cross in London, whose offices in Cockspur street have been commandeered by the British Government, have removed to the Hotel York, Berners street.

Dr. Helen MacMurchy, the new president of the Women's Canadian Club, is spending a few days at the Chateau Laurier, Ottawa.

Mrs. Bruce Gordon and her husband, Mr. Stewart, motored to Brantford to spend a few days in town.

Mr. J. B. Tyrrell has left for northern British Columbia, where he expects to spend a few weeks.

General George Sterling and Mrs. Ryerson are in Seattle at present. The former has been engaged in advertising the interest of the Canadian Red Cross in Vancouver and New Westminster. He is to speak for the American Red Cross in Seattle, Tacoma, Spokane, Portland, and in the northwestern states.

Miss Helen Grant has returned home from the Illinois College, and Mrs. W. P. Grant, Ottawa.

News has been received from England of the birth of a son to Mrs. Moore, formerly Miss Dora Mayor, and Mrs. W. H. Edwards, Colborne, announce the engagement of their only daughter, Myrtle Mae, to Capt. W. J. Troop, formerly of Colours, G. Mr. H. will take place quietly on May 15.

Miss Laing is visiting her sister, Mrs. Collins, Brantford.

GAIGON IS GIVEN MAXIMUM PENALTY. A plea of guilty to a charge of keeping a common gaming house was entered in the police court yesterday morning by Herbert Lennox, commonly known as Gaigon, who was arrested recently for the above offence at 174 East Queen Street.

In entering this plea, I wish to contradict a report that my client has any connection with the case of Louis Maynard. It is absolutely false," asserted Mr. Lennox. He further stated that any report to the effect that Gaigon had tampered with crown witnesses was also wrong.

The magistrate was of the opinion that the case was deserving of the maximum penalty so Gaigon was fined \$200 and sent to the jail farm for six months.

John Aziz, a Greek, also charged with keeping a common gaming house was fined \$30 and costs by Magistrate Kingford.

TWICE SIGNED UP. Kingston, April 29.—Earl W. Boyce, former manager of the Crown Bank, at Inglewood, Ont., signed up for military service Saturday morning, and at night was married to Miss Edna McMahon, daughter of James McMahon, Godfrey, Ont.

CHURCH WIPES OUT MORTGAGE.

Woodstock, April 29.—Dundas Street Methodist Church has entered its first year as a mortgageless church. A long-standing indebtedness that at one time threatened to close up the edifice has been wiped off, and the mortgage burned with due ceremony.

CANADIANS CONFIDENT.

No Downhearted Person in Ranks of Dominion's Army. London, April 29.—A letter received by the Canadian headquarters office from France says: "Do not be offended by recent events. There is a pessimist out here. I only know what headquarters has in mind by rumour, but we are all certain the generalissimo knows what he is doing and the Boches will in due time get a real shaking. Moreover, we are equally certain the Boche expects it."

WHAT INFLUENCES YIELDS OF CROPS?

Various Factors Described Which Will Bring Farmers Satisfactory Results.

Crops require moisture, heat and suitable amounts and proportions of the essential elements for growth, the farmer's problem is to utilize these elements in such a way as to insure satisfactory yields. Investigations conducted at the Central Experimental Station, Ottawa, have led to the conclusion that the following factors exert a telling influence towards increasing crop production: (1) The soil. (2) The water. (3) The air. (4) The temperature. (5) The light. (6) The insects. (7) The diseases. (8) The weeds. (9) The animals. (10) The man.

(a) To carry off surplus water. (b) To allow air to reach the soil. (c) To aid in raising the soil temperature. (d) To equalize a necessity in soils where moisture conservation has to be considered. Drainage lowers the water table in the soil, leaving the soil in shape to absorb rain water. It is preserved for use in crops. On the whole, drainage improves the mechanical condition of the soil and assists in influencing the liberation of plant food elements.

Plant food.—In proper proportions the different classes of crop to be grown. This involves the adoption of a good crop rotation. This rotation should be a short one, say of 2 or 3 years' duration, and the third and fourth years should be devoted to rest, roots, potatoes and hay, require large supplies of food from the soil for stem, leaf and root growth. This may be most easily supplied by heavy manuring. The cereals, such as wheat, oats and barley, require less of this food and generally do best if sown the year following the manure. The area devoted to these cereals, if seeded down to clover and grasses, will supply a hay crop the third, or the third and fourth years, and the third and fourth years, if the soil is turned over and manured if necessary, fits the land for corn or roots once more.

Such general plan of rotation may be modified by each farmer as will suit his own needs but some such scheme is necessary in order that humus, probably the most valuable of all soil constituents, be added and maintained in the soil, to keep it in most important. Humus decomposed and decomposing vegetable matter is provided in applications of barnyard manure, in legume crops such as clover and in green manuring crops like buckwheat. Humus absorbs and holds soil moisture and is a means of raising soil temperature, since dark soils absorb heat readily and rapidly.

Manure.—Barnyard manure is most effective fertilizer and furnishes humus-forming material. Fresh manure gives crop yields almost equal to those from aged manure, and when applied directly it can be handled more economically with regard to labor. Manure should be spread evenly and incorporated thoroughly with the soil. Applications should be made in moderate quantities frequently, rather than in larger quantities at longer intervals. Apply the manure for best and clover or other hay crops in a suitable crop rotation which provides that each field in the farm will receive regularly its fair share of manure.

WILD FLOWERS

THE BLUE COYOSH (THE PAPOOSE ROOT).

Caesophyllum Thalictrifolium.

"And Indian plants, of scent and hue, Were matted into the common clay." —Shelley.

It is not strange that so many of our familiar wildflowers bear names, either directly Indian, or derived from the Indian names, when it is remembered that, in this continent, as far as we now know, the Indians were the first tribal inhabitants. Nor is it to be forgotten, that of all the important persons among the Indians, the one who undoubtedly held the highest power, and was held in awe and fear, was the one who could "make the strongest medicine."

So many of our early forest plants were intimately known of the North American Indians, that if it were possible to gather together a book on the interesting plant life of this continent, it would make a most valuable addition to Canadian literature. The Papoose Root, as its Indian name

War Garden Bulletin

PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN GREATER PRODUCTION CAMPAIGN.

Issued by the Canada Food Board in Collaboration with Experts on the Staff of the Dominion Experimental Farm.

THE NEED. Europe is short about 600,000,000 bushels of wheat. The United States and Canada are 34,000,000 bushels behind in their schedule of shipments from this continent to relieve the shortage. The surplus was used up long ago. Every bushel that we now use is snatched directly from people who are infinitely more needy than we.

This year we must substitute vegetables for bread. We can do it. Canada's war gardens last year added to the wealth of the state upwards of \$20,000,000. American gardens are credited with producing food last year worth in the aggregate \$350,000,000. There were nearly three million gardens in yards and vacant lots. This year it is expected that there will be five million. How is it that Germany's food supplies have hung out? Because of her millions of war gardens during the last two years. It has been the same in Great Britain where the women and the boys and girls have all had their plots; and in France and in Italy. Even the soldiers have their war gardens! The British army has ordered that every available bit of ground, even under shell fire, be put under cultivation. It will mean literally a million small gardens. If they can do it, the people of the Dominion can surely do theirs. Every pound of potatoes, beans, peas, cabbage, parsnips and other vegetables grown in a home garden this year will release exportable foods needed for the people of Europe.

will tell you, ranked high in favor among the medicine men of the tribe—and the medicine women, too, of course, because of the casual observation that these were medicine women. From the root, or rhizome, as botanists call it, a horizontal, and not a vertical, tuberous rootlets issuing from it, is extracted a bitter juice, which the Indian women were wont to use on occasions that they might ease the pangs of childbirth. This juice, bitter, acrid and highly nauseating, is stimulating and irritating to the human system.

Now as for the plant itself. It is a perennial, coming up year after year and after year in the same spots. It loves the rich moist mold of years' accumulation, but also thrives fairly well in open sunny spots where there is an abundance of moisture. The plant is often found in company, or nearby the haunts of the trout lilies, hepatics, mandrake and their friends. In appearance it is not at all appealing to the casual observer, for the whole plant comes up dark and forbidding looking, the leaves being of a cold metallic purple, spotted with dark and covered with a fine, greyish white dust, shimmery bloom. However, the leaves are very beautiful in shape, being three-lobed, each leaflet three-toothed, on fairly long petioles, or leaf stems. It is a lovely "leaf" and beloved of those who enjoy the study of strange leaves.

The blossoms are not the least appealing to children and it is perhaps for this reason that children do not know the plant as they know so many others. A loose terminal cluster of green-yellow, or green-purple flowers, with six sepals that do duty as petals, lovely in color, and in shape, are borne at the base, make up a great bract that is odd and thoroughly Indian looking. After the blossoms come berries, bright shiny blue, on a short thick stalk. In this berry lies a couple of seeds, that later burst off the thin covering that forms the berry, and finish their growth as naked seeds. This fact alone is sufficient to make the plant a most interesting one.

Along about June and July, the whole plant becomes a lighted hue, the purple brown color fading and a light sickly green taking its place. The blossoms are distinctive as the leaves are, and the plant should afford no difficulty in making itself known to searchers.

EARLY CABBAGE.

Early cabbage plants may be set out as soon as the garden is ready. For hand cultivation the rows may be two feet apart. For horse cultivation have the rows three feet apart. The plants should be from twelve to twenty inches apart in the rows. For early maturing cabbage requires a rich warm soil, and the heads should be used as soon as they mature, otherwise they are likely to burst and be lost. Early cabbage may be used for kraut.

It is a good idea to plan gardens on paper before planting, indicating for each vegetable the time of season the seed should be sown or the plants set, the distance apart of both plants and rows, the amount of seed required to a given length of row, and the varieties to be planted.

REACTION IN CORN FOLLOWS ADVANCE

Definition of Anti-Hoarding Law Has Bullish Effect on Prices.

Chicago, April 29.—Corn prices averaged much higher today owing to clear knowledge of the attitude of the food administration in regard to hedging sales. The market, however, failed to hold advances, and closed unsettled at the same level as yesterday's finish to 3/4c up, with May \$1.27 1/2, and July \$1.49 1/2 to 1 1/2c. Oats last 3/4c to 3 1/2c net, and provisions 1 1/2c sharp upturn at the outset in the corn market promptly showed the influence of a fresh statement defining what kind of transactions would fall under the ban of the anti-hoarding law. Even if similar business had heretofore been able to escape explicit official disapproval, the reassuring development from a bullish point of view was that the government does not make it obligatory on grain handlers to hedge holdings. Favorable weather tended also to lift the market, but sympathy with a break in the value of oats led to realising and to a consequent pronounced setback from top prices. Favorable crop conditions, together with slow movement of cash and futures, held the oats market collapse. Advances due to corn strength were thus far more than offset in the local trading. Selling pressure on pork carried down all provisions. The market had no aggressive support.

Montreal Produce Market

Montreal, April 29.—In sympathy with weakness in the Chicago futures market for corn on Saturday, cash corn today was five cents per bushel lower for some grades, while others were unchanged. The main depressing influence in the oats market was the continued slow domestic and export demand. No. 2 white holdings, 4c per bushel over the May, while standard grades to arrive in 10 days were offered at 3c over May. The smallest premium for some time past. A decidedly weak feeling developed today in the local butter and business was dull. The local and country trade in spring wheat flour was quiet and prices were unchanged. Supplies of mill feed are still very limited and the volume of new business is small, with prices unchanged. A fair amount of business continues to be done in the top grades of baled hay for local and government account, and on occasions that they might ease the ample to fill all immediate requirements prices remain steady. The market for potatoes is easy, on account of the more liberal offerings and the fact that the demand for car lots from outside sources has fallen off. A weak feeling continues to prevail in the local butter market, and prices in a wholesale way are another decline today of 1c per pound, and in a jobbing way of 2c per pound, which was attributed to the continued offer of creamery at 4c per pound in solid packages and at 4 1/2c in one-pound blocks. The trade in oleomargarine is steady, with prices unchanged. The market for cheese was without any new feature to note today, business being quiet, with prices steady. The market for local consumption unchanged at 2 1/2c to 3c per pound. Supplies of eggs coming forward continue large and there is a good demand for immediate consumption and for storage on account of the general quality of the stock. The receipts today were 3723 cases, against 2443 last Monday and 1733 on the corresponding date a year ago. Oats—Canadian western, No. 2, 95c; extra No. 1, feed, 96c.

Flour—New standard spring wheat landed, \$10.25 to \$11.00. Rolled oats—Bags, 30 lbs., \$5.35; Bran, \$3.40; shorts, \$4.40; mouline, \$7.15.

Hay—No. 2, per ton, car lots, 217. Cheese—Pineapple western, 22 1/2c to 23c. Butter—Choice western, 45 1/2c to 46c; seconds, 44c to 44 1/2c.

Eggs—Selected, 48c to 49c; No. 1 stock, 40c to 41c; No. 2 stock, 37c to 38c. Potatoes—7 1/2 lb. car lots, \$1.45 to \$1.50. Dressed hogs—Abattoir killed, \$29.50 to \$30.00. Lard—Wood pallets, 20 lbs., net, 31c to 31 1/2c; pure tallow, 27 1/2 lbs., 32 1/2c to 33c.

GRAIN AT WINNIPEG

Winnipeg, April 29.—There was little interest in the cash market today, with no demand and no offerings. There was a fair demand for cash barley, with offerings light. Cash flax was unchanged from yesterday. Oats closed 5c lower for May and 1 1/2c lower for July. Barley closed 1 1/2c lower for May. Flax closed 3/4c lower for May and 3/4c lower for July.

Winnipeg market: Oats—May, 89 1/2c to 89c; July, 87 1/2c to 87 1/2c. Flax—May, \$3.55; July, \$3.55. Cash prices: Oats—No. 2 C.W., 84 1/2c; No. 3 C.W., 83 1/2c; No. 1 feed, 80 1/2c; No. 2 feed, 78 1/2c; No. 3 feed, 76 1/2c. Barley—No. 3, \$1.50; No. 4, \$1.45; rejected, \$1.20. Flax—No. 1 N.W.C., \$2.75; No. 2 C.W., \$2.74; No. 3 C.W., \$2.53.

Motor Crashes Into Car, Injuring Two Passengers

Chatham, April 29.—Miss Leona O'Neill, a student at Ursuline Convent, is lying in St. Joseph's Hospital as a result of very serious injuries which she received when an automobile in company with Mr. and Mrs. Ovilla Faubert of Dover Township was struck by a Chatham Wallaceburg and Lake Erie street car. Mrs. Faubert was also very seriously injured, although her condition is not considered dangerous. The driver of the auto, Ovilla Faubert, escaped with a few painful cuts and bruises.

They were right on the tracks before they noticed the car. Mr. Faubert endeavored to stop the car by putting on the emergency brakes, but the auto slid directly in front of the

fast electric car. The auto was entirely demolished, Miss O'Neill being thrown over the windshield a distance of twenty feet, while the wife of the driver was crushed in the debris. Today Miss O'Neill's condition was regarded as dangerous.

MORE SHIPS LAUNCHED.

Forty-One Thousand Tons Take Water in One Week.

Washington, April 29.—American shipbuilders have responded to the shipping board's urgent demand for speed in production. In the week ending today they launched 41,105 tons, making a total of 1,405,000 tons since the building program got under way. Nearly 50,000 tons of completed ships were delivered during the week.

ITALIANS TAKE PRISONERS.

Harassing Artillery Fire Proceeds Upon Asiago Plateau.

Rome, April 29.—A score of prisoners and a machine gun were captured yesterday by the Italians in the coastal region, the war office announced. On the Asiago Plateau there was a harassing artillery fire. Italian and British patrols were active.
