WEDNESDAY MORNING JULY 23 1919

VOL. XXXIX.—No. 14,133 TWO CENTS

PROHIBITION PASSES UNITED STATES HOUSE NEARLY THREE TO ONE

Provisions and Penalties Are Drastic—Liquor May Be Kept in Dwelling for Private Consumption—Half Per Cent. of Alcohol Limit of Beverage for Sale.

Washington, July 22.—By a vote of nearly three to one, the house, weary of talk on prohibition, today passed a bill for its enforcement, with provisions and penalties so drastic as to bring from the men who framed it the prediction that it would forever suppress the liquor traffic on American soil.

Exactly one hundred members—52 Democrats and 48 Republicans—refused to support it. Against this even hundred, the prohibitionists, putting up a solid front to the very last, polled 287 votes. The measure now goes to the senate, where many of its restrictions may be modified or stricken out. The clock room, however, persisted that all of this legislative effort might end on the shoals of a presidential veto, although the general view was that it would be signed as passed.

The bill, as it passed the house, provides:

After January 26, 1920: Every person permitted under the law to have liquor in his possession shall report the quantity and kind to the commissioner of internal revenue. (This applies to chemists, physicians, etc.)

After February 1, 1920: The possessor of any liquor, other than as authorized by the law, shall be prima facie evidence that it is being kept for sale or otherwise in violation of the law.

May Keep in Dwelling. It will not be required, however, to report, and it will not be illegal to

have in one's possession, liquor in a private dwelling while the same is occupied and used by the possessor, as his private dwelling, and the liquor is used for personal consumption by the owner, his family or his guests.

The possessor of such liquors, however, bears the burden of proof that the liquor was acquired and is possessed lawfully.

Intoxicating liquor is defined as a beverage containing more than one-half per cent. of alcohol.

Any house, motor vehicle, or other place where liquor is manufactured or sold, is declared a nuisance.

No Manufacture or Sale. No person shall manufacture, sell, barter, give away, transport, import, export, deliver, furnish or receive any intoxicating liquor.

Liquor for non-beverage purposes, and wine for sacramental use may be sold under specified regulations.

Denatured alcohol, medicinal preparations (including patent medicines), unfit for beverage purposes, toilet articles, flavoring extracts, and vinegars are exempted from the law.

Registered physicians are authorized to issue prescriptions under strict regulations for the use of liquor in cases where it may be considered necessary as a medicine.

Liquor advertisements of all kinds are prohibited.

Sale, manufacture or distribution of compounds intended for use in the unlawful manufacture of liquor is prohibited, together with sale or publication of recipes for home manufacture.

HUNGARY WILLING TO MAKE PEACE

But Bela Kun Quoted as Saying World Revolution is Inevitable.

London, July 22.—Bela Kun, deposed head of the Hungarian soviet government, is quoted in an interview by the Reuter correspondent at Budapest, under date of July 18, as saying that he was convinced a world revolution was inevitable, but in the meantime Hungary was willing to make peace with what he termed the capitalist nations.

There has been much talk about an entente ultimatum to Hungary, but none has been received, and it doubt if it ever will be. If it does come, however, the soviet government is prepared to adopt a courageous policy.

"The Hungarian government will never admit that the entente has a right to interfere in Hungary's internal or domestic affairs. The new government has nothing to do with the Hapsburgs. A socialist government was impossible in Hungary, according to Bela Kun, and that was realized by the socialist leaders.

Race Track Betting.

Whether horse racing is to resume in Canada is not a question of interpretation of an order-in-council as to when "the war is over." Probably a court would be impressed by the opinion given by Sir Allan Aylesworth that racing with its profits would be legal almost any day now.

The real issue turns on the way race track profits out of betting as legalized had been distributed amongst shareholders and owners of the tracks. Some of these tracks have distributed over a hundred thousand dollars a season out of profits, all of which came from betting!

The World has reason for believing that when the race track interests interviewed the government lately they were told that the scandal of this undue profiteering out of betting would have to be wiped away or the privilege now incorporated in the criminal code would be repealed in deference to public opinion. That is the issue, not what the courts might say was the time currency of a war order-in-council.

What was scandalous in betting as conducted before the war was equally true of mile tracks as of half-mile tracks. Equally scandalous, the not attachable to some of the big associations was the desire to have the number of days of racing extended by increasing the number of tracks under the one management.

Public pastimes, amusements, diversions, are all good in their way; horse racing is one of the finest public spectacles we know of; and horse racing was a feature of the best regulated games, those of ancient Greece, under the direct management of the state. But there was no profiteering. To this it may be said that England allows betting and that scandalous things are being done; and yet the profiteering out of race-track betting by the associations that give the prizes and conduct the racing is not the scandal in Britain that it is here.

MANY OBJECTIONS IN WINNIPEG CASES

Member of Legislature Not Affected by Changing of Information.

Winnipeg, July 22.—Objection after objection by counsel for the defense, and clash after clash between counsel for the defense and prosecution marked the hearing of the evidence in the preliminary hearing of the eight strike leaders. R. B. Russell, W. M. Ivens, W. A. Pritchard, R. J. Johns, A. A. Heaps, A. E. John, Queen George Armstrong and R. E. Bray, on charges of seditious conspiracy before Provincial Magistrate R. M. Noble in the law courts this afternoon. The amendment of the information yesterday, it was announced today, did not concern or affect the charges against J. J. Dixon, M. L. A., in any way.

Dixon Not Affected. T. J. Murray, counsel for the defense, today stated that Mr. Dixon and J. S. (Continued on Page 2, Col. 1.)

CONFERENCE WILL CONSIDER UNIFYING LAWS OF LABOR

National Industrial Body to Discuss the Report of Mathers Commission—Representative Delegates Will Attend.

Ottawa, July 22.—Following is the proposed agenda for the national industrial conference, which is to be held in Ottawa, beginning on Sept. 11, and which is to be attended by representatives of the Dominion and provincial governments, of municipalities and representative employers and labor men in all branches of trade and industry throughout Canada:

1. Consideration of the question of the desirability of unifying and coordinating the existing labor laws of the Dominion parliament and of the provincial legislatures; and the consolidation of any new labor laws which are deemed necessary.
2. Consideration of (a) the employment of women; (b) recognition of labor unions; (c) the right of employees to collective bargaining.
3. Consideration of: (a) the recommendations of the royal commission on industrial relations in favor of the establishment of a bureau to promote the establishment and development of joint industrial councils; (b) the further recommendations of the royal commission on industrial relations regarding the establishment of joint plant and industrial councils.
4. Consideration of the recommendations of the royal commission on industrial relations respecting hours of labor.
5. Consideration of minimum wage laws.
6. Consideration of the recommendations of the royal commission on industrial relations that the findings of the commission be put into effect in all work controlled by the government where the principles of democratic management can be applied.
7. Consideration of resolutions relating to any other features of the royal commission report.
8. Consideration of the labor features of the treaty of peace.
9. Consideration of any other proposals which may be introduced bearing on the relations of employees and employers.

PUMPING TO CEASE IN ALL COAL MINES

First Time in Forty-Five Years Ventilation in Yorkshire Mines Stopped.

London, July 22.—A despatch to The Evening News from Bradford, Yorkshire, today announced that pumping would cease in the remainder of the Yorkshire coal mines this afternoon. This would be the first time in 45 years that ventilation in the mines had been stopped.

The correspondent adds that the defiance of the miners' federation by Herbert Smith, president of the Yorkshire Miners' Association, in declaring that the miners would fight to a finish created a sensation in Bradford. The despatch adds that a long struggle is feared.

The striking miners will "fight to a finish," Herbert Smith declared. He advised the men, however, not to interfere with any pumps which might be sent to the mines. He said the miners' federation had nothing to do with the disputes in the Yorkshire district and that the strike will go on until the men "get their rights under the Statute report."

BELGIUM ENTITLED TO FRUITFUL PEACE

President Poincare, at Brussels, Says France Willing to Prove Her Gratitude.

Brussels, July 22.—At today's celebration of Belgium's national feast President Poincare was received at the chamber of deputies where he was warmly greeted. President Poincare, in a speech of welcome, recalled the ties of friendship between Belgium and France, the fraternity of arms and mutual sacrifices.

M. Poincare spoke of the spirit of sacrifice displayed by the Belgian people and the great sufferings endured, which entitled Belgium to a fruitful peace. France, he said, was willing to prove her gratefulness by acts.

The speeches were frequently interrupted by cheers and the whole ceremony testified to the deep friendship between France and Belgium.

At a reception at the Hotel de Ville, felicitations were exchanged between President Poincare and Burgomaster Max and similar exchanges took place at a gala dinner at the palace between President Poincare and King Albert with tributes to the sacrifices endured during the war and stirring references to mutual friendship and aid.

CLEMENCEAU ACCORDED VOTE OF CONFIDENCE IN FRENCH CHAMBER

Carried by Majority of 91, But Opponents Say It Spells Doom of Cabinet—Says He Has Obtained All France Could Desire.

Paris, July 22.—The chamber of deputies gave a vote of confidence in the cabinet of M. Clemenceau this afternoon by a vote of 272 against 181. M. Clemenceau's opponents were jubilant over the vote in the chamber, saying that it spelled the doom of the cabinet as at present constituted.

Premier Clemenceau, on leaving the chamber, said: "This is a mere skirmish. The real battle is coming."

The premier was cheered as he departed, many officers surrounding him and shouting "Vive Clemenceau" and "Long live the father of victory."

Amused during the debate by repeated interruptions from the socialists, in which Jean Bon and M. Varvenne were conspicuous, M. Clemenceau himself ascended the tribune. Amid tense silence the old man walked slowly up the steps and turned and saluted the right and centre, and gazed at the extreme left. The light of battle was gleaming in the "Tiger's" eye, as he said, in a low voice: "I blame me for not having chosen my colleagues from the learned. An eminent man is not necessary

LAVELLE'S LAWYER TRICKS DETECTIVES

By Clever Ruses Leaves Police and Reporters Stalled on Street.

To be the centre figure in something sensational is the desire of many persons—to have such notoriety thrust unwillingly upon one creates an unenviable position.

Whether or not Vera de Lavelle desired in the past to be a centre figure and to walk the stage in full gaze of the public is a question she alone can answer. "But be her reply what it may, the fact remains that her every action in the past, when she has come before the public has been surrounded by sensational detail. Her voluntary return yesterday to private life was no exception. It was stated she wished her return to be a very quiet affair, and to give Vera her due, it was not her fault that the sensational episode took place.

In this case she was the victim of circumstances, as the following story will show—a story in which a clever lawyer-led detectives, three evening newspaper reporters and a newspaper photographer, stalked on a street corner and went off in a high power motor car to meet Vera by herself.

After Vera Escaped. But, as the French say, to our misfortune. When Vera escaped from the jail some months ago she proceeded, it is said, to the house of a friend somewhere in the vicinity of the Allan Gardens. She stayed there a considerable time and then went to the country for a few weeks. She then returned to the city, so it is stated, and lived in a street off Wesley. Some time ago she went to reside near College and Yonge streets, and used to dress, so The World was told, by a person who knew her well as a nurse, and very pretty she looked in her uniform. The informant further added she was, when not in her uniform, always well and neatly dressed, and never gave one the idea that she was in any way pressed for money. How she has obtained the means wherewith to purchase the clothes she possesses

MACLEAN FINDS FAVOR IN MONTREAL CIRCLES

Montreal Gazette Suggests Him as Safe Man for the Job.

Montreal, July 22.—In a leading article today The Gazette discusses the coming minister of finance. It extols the great financial ability of Sir Thomas White; also the parliamentary capacity he developed. The article concludes:

So, in choosing his new finance minister, it may be assumed that the premier will not forget that the minister has a great part to play in the commons. It so happens that a member of the cabinet has already been tried in the office and not found wanting. During the absence of Sir Thomas White through ill-health during the session of 1918, Hon. G. K. Maclean of Halifax acted as finance minister, presented the budget, and administered the affairs of the department acceptably. Mr. Maclean has been in public life since 1901, and a member of the house of commons since 1911. He has a gracious personality, is an admirable speaker, and may be designated by the expressive term a "safe man," not being carried to extremes, nor stampeded to a course contrary to his convictions.

In selecting a successor to Sir Thomas White, the premier might go farther, and fare worse than in naming his colleague, Hon. Mr. Maclean.

CORONER'S JURY EXONERATES "Y"

Healthy Boy Drowned in Two Feet of Water in Weedless Pond.

A verdict of accidental death and attaching no blame to the authorities of the West End Y.M.C.A., was returned by a coroner's jury at the morgue last night, inquiring into the circumstances surrounding the death of Arthur John Tweedale, aged ten years, of 3 Lindsey avenue, who was drowned at the Y. M. C. A. camp near Maple, Ont., on Saturday, July 5.

The inquest was called at the instigation of the crown attorney, and was, by nature, an informal inquiry to give the boy's relatives an opportunity to ascertain whether the boy's death had been caused through neglect on the part of the Y.M.C.A. The superintendent of the camp as well as his two assistants and a number of the boys holiday making there were called to give evidence bearing on the case, but after all this had been heard, the jury Dr. W. A. Young was firmly convinced that the officials had taken every reasonable precaution to safeguard the lives of the boys in their charge and were, therefore, in no way to blame for the unfortunate incident.

Fred T. Graham, camp superintendent, stated that every means of protection had been taken when the boys were in the water bathing, or out boating and that for this purpose an attendant was appointed. He also said that the boys were all specially warned to keep within a certain distance from the shore where there were deep holes in the neighborhood.

Nothing to Explain Drowning. Gordon M. Galloway, assistant superintendent, corroborated his superior's statement in regard to the care taken and related for the benefit of the jury how the boy had first been misadvised and the circumstances leading up to the finding of the body. He stated that the boy had been found about 30 feet from the shore and that there was absolutely nothing around in the nature of weeds or stumps to explain the drowning.

Two boys staying at the camp said that they had been warned against dangerous holes in the pond and that their swimming holes had been localized by those in charge.

Dr. Andrew J. Harrington, who conducted the post-mortem, said that the death had sufficed and stated that he had found that there was ordinary health and body development.

No definite evidence whatever was brought out as to how a healthy boy died in two feet of water or as to whether John Tweedale could or could not swim.

MANY OBJECTIONS IN WINNIPEG CASES

(Continued From Page 1).

Woodsworth of Vancouver, would be brought in in all probability for their preliminary hearings on Monday or Tuesday of next week.

The first witness called today was George Fringel, a foreman of the Printing Company, who tendered formal evidence as to the personnel of the Winnipeg Trades and Labor Council in this city and as to the publication of The Winnipeg Labor News and the Strike Bulletin. He stated that William Ivens was the editor of the paper and that he had been in charge of the newspaper for ten years. He stated that Ivens was in charge of the secret service department under Col. Clark for Western Ontario and Manitoba. He was examined by the judge as to his investigations in Winnipeg.

He stated that he had attended the meeting held in the Majestic Theatre under the auspices of the Socialist party on January 19, and that all the speakers had pointed out that a revolution was coming, and called for the working classes to educate themselves so as to be able to grasp the current events of the day. "All the speakers," said Sergt. Reames, "announced the government's policy of reconstruction, and a hope was expressed that the coming revolution would be peaceful, but asserted that in the event of a capitalist class kept the working classes from obtaining their rights."

For Memorial Service. Sergt. Reames stated that at this meeting an intimation was made by the chairman that a memorial service would be held in the near future for Karl Liebknecht and Rosa Luxemburg, recently killed in the fighting in Berlin. The intimation, he said, was indirectly the cause of the riots shortly afterwards.

According to Sergt. Reames, Ivens had defined Bolshevism as "sacredness of human life, combined with the right to work for everyone, and the product of work for the producers."

"I, therefore, want you all to understand that I am a Bolshevik in every sense of the word," Sergt. Reames quoted Ivens as having said.

Ivens had also declared himself in favor of the big union and had stated that the American Federation of Labor was the tool of the American capitalists, and affiliation with them would never get the working man anywhere, said this witness.

BODY OF UNKNOWN MAN FOUND IN LAKE

Hamilton, July 22.—Members of the crew of the Macassa, late this afternoon, found the body of an unidentified man, presumably about 35 years of age, floating in the lake near Grimsby, where it was brought to shore by Foreman Hughson of Grimsby Beach Park. Coroner Dr. Alexander decided that it was a case of drowning, either accidental or suicide. The only clothing on the body was a coat and smock. There were no marks of violence.

The victim had not been noted in the vicinity, and at a late hour to-night had not been identified. The victim's trousers had not been found. Coroner Alexander does not believe the body was in the water more than 30 hours. An investigation will be held.

HAMILTON NEWS

Hamilton, July 22.—East Hamilton war veterans have passed a resolution demanding the immediate repeal of prohibition.

Controller Juttin is pressing his scheme to split up the school being conducted by the school board, with a view to providing more houses.

Members of the crew of the Macassa found the body of an unknown man in the lake near Grimsby Beach yesterday afternoon.

The board of control will inspect H. P. Stevens' sand and gravel pits in Oakton township next week with a view to preventing further damage.

Douglas Shepherd, the 14-year-old son of Robert and Mrs. Stephens, 55 Madison avenue, was drowned while bathing in the canal yesterday.

Mr. William Moran, 77 Keith street, was removed to the hospital last night suffering from hemorrhage and shock following tooth extraction. She was afterwards able to go home.

ISSUE CREDENTIALS FOR LIBERAL CONVENTION

Ottawa, July 22.—Twelve hundred and thirty-eight certificates have been received, and the same number of credentials issued to date, for the national Liberal convention to be held at Montreal, August 5, 6, and 7. About 90 more names have been received of probable delegates, making altogether an attendance of accredited delegates exceeding 1500. To each delegate, pamphlets reviewing the work of the Liberal party are being issued. One of these issues in detail the tariff from 1883 to 1913.

LOOKS LIKE SWINDLING ONTARIO MERCHANTS

Port William, Ont., July 22.—Yesterday afternoon an individual giving the name of Miller, who claimed to be a farmer with a postoffice box in the city, secured money from three merchants in succession, by means of checks, exceeding 1500. To each merchant, he ordered a quantity of goods, paid for them with a cheque about \$20 larger than the goods came to, and took his change, asking the merchants to hold the goods till he drove round to get them. He has not been seen since.

NATIONAL LINE ABSORBS HUDSON BAY RAILWAY

The Pas, Man., July 22.—The Canadian National Railways here absorbed the Hudson Bay Railway, which is destined to lose its identity in the government system. The Hudson Bay line starts at The Pas, and is built to within ninety-eight miles of Port Nelson. The construction of ten miles of line will bring the steel head to the Nelson River, and make possible river navigation to Hudson Bay.

CLEMENCEAU GETS VOTE OF CONFIDENCE

(Continued From Page 1).

alone, but that it was the government's economic policy that led to M. Bore's resignation. He said the economic situation was serious, and that the country considered the government's announced program to be insufficient.

After criticizing in detail the economic policy of the government, M. Franco-Fourrier took up the foreign policy. He advocated a more intimate alliance with Italy, and concluded by asking the chamber to say if it endorsed the government's errors, which he declared, compromised the fruits of victory.

Outlines Economic Policy. M. Joseph J. B. E. Noulets, the new food minister, in reply, outlined the government's economic policy. He announced measures to increase the supply of wheat and sugar, and asserted that the government could not be taxed with lack of foresight. In conclusion, he said the government would prosecute all offenders.

M. Clementel, minister of commerce, outlined measures to increase the supply of wheat and sugar through the world, and announced that the allied governments had decided to organize conferences, in which neutral nations should take part, to reach conclusions on the critical economic situation throughout the world, and to submit these findings to all governments.

An Amnesty Bill. It was announced this afternoon that the government would introduce an amnesty bill. The question of amnesty, grown more acute since the German treaty was signed, is another measure of the liberal government. The amnesty bill prepared by the government is of a general nature, and it excludes, however, persons convicted of crimes or offences under the common law and the crimes of treason, communication with the enemy, espionage, trading with the enemy, unlawful price raising, speculation, conspiracy of an anarchistic nature, and the inciting of soldiers to disobedience or desertion.

It is estimated by L'Homme Libre, formerly edited by Premier Clemenceau, that 120,000 persons will come under the amnesty act.

WOMAN SUFFERS SHOCK AFTER TEETH EXTRACTION

Hamilton, July 22.—Mrs. Lillian Moran, 77 Keith street, was admitted to the city hospital this afternoon suffering from shock and internal hemorrhage, the result of having 27 teeth extracted. It was reported at the hospital tonight that the unfortunate woman is much improved, having been discharged and removed to her home.

Fourteen-Year-Old Boy Loses Life While Bathing

Hamilton, July 22.—Another bathing fatality was added to the summer's long list this afternoon when Douglas, 14 year old son of Robert and Mrs. Shepherd, 55 Madison avenue, was swept to his death in the canal at the high level bridge.

The lad, who could not swim, was paddling in the water near the shore when he slipped into deep water. Bernard Ireland, 514 Cannon street, saw Douglas attempt to rescue the drowning boy, but was unsuccessful. No inquest will be held. Coroner Reames pronounced the death in the case of accidental death. Funeral arrangements have not yet been made.

DISCRIMINATION AGAINST WIFE PROTESTED

Postal Workers Deny Striking to Support the Soviet Movement.

Winnipeg, July 22.—Representatives of the Postal Workers' Union appeared before the Robson commission today and made a statement protesting against the discrimination of the government in not reinstating the workers who had been on a strike and also putting on record of the commission on witnesses a denial that the postal workers in declaring for the sympathetic strike did so to support a movement for a soviet form of government in this city or for any reactionary principles of an unconstitutional nature.

The statement was made by J. A. Ailick, general secretary of the Postal Workers' Union, who was supported by E. Johnson, one of the delegates who went to Ottawa and W. J. Boyd, a member of the executive of the union.

London Employers. Ernest Robinson, secretary for the Trades and Labor Council of Winnipeg, also appeared before the commission and made a statement in which he condemned the discrimination being shown by employers in Winnipeg—against men, who had held official positions in the unions before the strike and who had been strikers. The witnesses were re-examined by C. P. Wilson, K.C., who is assisting Commissioner Robson in taking evidence. None of them, however, were placed under oath.

JAPAN'S PROMISES DESCRIBED AS EMPTY

Chinese Delegate in Washington Explains Why China Will Not Sign Treaty.

Washington, July 22.—Dr. Chachu Wu, one of the Chinese delegates to the peace conference, arrived in Washington today to discuss the Shantung settlement with the American officials. Dr. Wu reiterated that China planned to submit the Shantung question to the league of nations immediately upon its foundation. He stated that he would not sign the peace treaty because she wants to be free to determine her own future. The league of nations undoubtedly will offer the best avenue to approach the situation. Japan's promises in regard to Shantung were described by Dr. Wu as being empty promises. He said that H. H. Kung, other Chinese delegate, had also made the same statement. He said that he had had conferences with several senators in the Shantung question, and that he had other interviews before they leave Washington.

Secure Modification. China's purpose, the delegates declared in a statement today, is to secure a modification of the German treaty that will prevent the retention of Shantung by Germany. It is stated that the United States would not suffice, they said, as that would only bind the United States to the German position. The substitution of the name of China for that of Japan in the article of the peace treaty, which was formerly held by Germany, and that if this could not be done, the entire article should be struck out and the disposition of Kiaochow and German possessions in that quarter left to the league of nations.

Referring to a published report from Paris to the effect that the league of nations was considering the propriety of the hundred and eighty-five German workmen yesterday in less than two hours after the men had walked out merely by their presence in the district.

The strike, aggregating 800 Germans, was in Bendorf-on-Rhine. It consisted of the American troops in the general strike in Berlin and other parts of Germany, notwithstanding warnings issued from army headquarters.

When word reached Coblenz that the men had struck forty military policemen rushed to Bendorf in motor trucks. The soldiers took up positions in various parts of the town.

Almost as soon as the machine guns were in position the strike leaders sent word to Captain Dewhurst that the strike was off.

In several other industrial villages in the country where strikes were expected to take place, the military police were on duty with their machine guns and shot guns. No disturbances of these places has been reported.

CANADIANS CHARGED WITH MANSLAUGHTER

London, July 22.—(Reuter cable).—Platoon of 100 Canadian Battalion; C. Connor, 1st Canadian Battalion; A. McKester, 3rd Canadian Battalion; and R. A. McAllan, both of Camp D Fort, were today committed for trial at Bow street for manslaughter in connection with the death of Sergt. Green of the Epsom police and also Bugler Robert Todd of the Canadian army. A coroner's warrant, were brought up at the Surrey assizes. Justice Darling presided. The charge against the men was that they had unlawfully and riotously assembled to display the flag and causing damage to property. All three were defended and pleaded not guilty.

Press Claims of Canadians Servicing With Imperial Army

Winnipeg, July 22.—Vancouver, Prince Albert, Port Arthur, Fort William and Ottawa branches of the Imperial Veterans of Canada association have joined with the Winnipeg unit in pressing the case for Canadian citizens who served with the Imperial army getting the same treatment as members of the Canadian expeditionary force in the matter of gratuities. Secretary Willing of Winnipeg has been notified by these branches that they have endorsed the representations made to the Canadian and British governments by the Winnipeg unit. The latest reply Mr. Willing has received from the Dominion government on the subject is that when Mr. Willing's letter was received Premier Borden was leaving to take a brief, but necessary rest, but that copies of the letter were being sent to every member of the cabinet and the question would be duly considered when the ministers returned.

COBALT THUNDERSTORM

Cobalt, July 22.—In a sharp thunderstorm here today the house on Queen street, occupied by Hugh Welsh was struck by lightning and damaged. No one was injured, although there were a number of people in the house at the time. The station of the Northern Ontario Light and Power Co. at Cobalt was also struck.

ARREST AUSTRALIAN SEAMEN'S SECRETARY

Melbourne, Australia, July 22.—Walsh, the secretary of the Seamen's Union, was arrested at 10, 2500 subsequent speech he defied the government to imprison him and boasted that while he was in jail not a ship would move and that the action against him would cause a revolution.

A Sydney despatch says the seamen there do not favor Walsh's reported military movement and a plan is on foot to form a new union.

FORD STAYS IN PEACE APOSTLE

Prepared to Send Correspondent With Wilson to Report His Speeches.

Mount Clemens, Mich., July 22.—Henry Ford, tossed about on a choppy sea of public opinion, today anchored peacefully in the smooth harbor of interrogation by his friend and personal attorney, Alfred Lucking, 1050 West 14th street.

Mr. Ford expanded somewhat and his nervousness disappeared. The constant shifting of position in his chair was abandoned, his voice became stronger, and he sighed with apparent relief. It was not on Mr. Lucking's program, he knew, to demand a complete list of donations, facts and figures with regard to the army in Porto Rico and Alaska, and other embarrassing matters. He did not wish to discuss the mechanical as Elliott G. Stevenson, senior counsel for The Chicago Tribune, defendant in the \$1,000,000 libel suit, "I will make it short," said Mr. Lucking, referring to the examination, adding, with a look at the witness, "under expose."

Incidentally it became known that Mr. Ford has not ceased his efforts to promote world peace. Edward J. Flipp, manager of a news bureau established by Mr. Ford at the beginning of the suit, announced it was planned to send a newspaper correspondent with President Wilson to report the latter's speeches in support of the league of nations, which Mr. Ford testified last week, he believes will assure universal amity. The bureau, he added, will distribute the correspondent's stories to a list of papers which have been taking the report of his news bureau on the "peace" campaign.

In the course of the examination Mr. Lucking received quite as many "I don't know's" and "I don't remember's" as he did "yes's" and "no's." Ford was admittedly eager to get away, for there is an immediate vacation in prospect for him with Thomas A. Edison and John Dewhurst, the naturalist, as companions.

Ford's Memory Bad. Mr. Ford all but admitted at the details of interviews had with him by Willis J. Abbott and John Reed, magazine writer, and by Samuel Crossley, a partisan advocate. Mr. Wood in a speech in Detroit in 1910, quoted Mr. Ford as saying "I would not be surprised if he had been in Washington." Mr. Ford was a very credible witness, and I don't believe that I had not been in Stockholm two hours until he saw that he had been wrong and that I had not been in Stockholm.

GERMAN STRIKERS

Coblenz, July 22.—Military police, armed with machine guns, saved the lives of the strikers by their presence in the district.

The strike, aggregating 800 Germans, was in Bendorf-on-Rhine. It consisted of the American troops in the general strike in Berlin and other parts of Germany, notwithstanding warnings issued from army headquarters.

When word reached Coblenz that the men had struck forty military policemen rushed to Bendorf in motor trucks. The soldiers took up positions in various parts of the town.

Almost as soon as the machine guns were in position the strike leaders sent word to Captain Dewhurst that the strike was off.

In several other industrial villages in the country where strikes were expected to take place, the military police were on duty with their machine guns and shot guns. No disturbances of these places has been reported.

NO SOLUTION YET.

Paris, July 22.—No solution to the territorial dispute between Greece and Bulgaria was given the supreme court today by Foreign Minister Titton of Italy, appointed to report on the question.

Signor Titton informed the council that it was impossible to settle the dispute by direct agreement.

U.S. CASUALTIES IN RUSSIA.

Washington, July 22.—Casualties among the American troops in Russia to date total 307 dead, 304 wounded and 19 prisoners, of which 14 are listed as missing in action. The rest of the missing are reported as being held by the Russian forces.

COMING TO CANADA.

New York, July 22.—Sir Walter Townley, British minister to Canada, will arrive here today. They are on their way to their new residence.

Sir Walter is the retiring British minister to Holland and is also retiring from the diplomatic service, he said.

CANADIAN M. P. HURT

Regina, July 22.—R. F. Thompson, Unionist M.P., for Weyburn, sustained a serious injury to his head while on his car broke near Cadoux on Saturday, and he was pinned beneath when the car overturned. He was taken to hospital for his recovery.

YORK COUNTY AND SUBURBS

EARLSCOURT MIMICO

FALL FAIR PLANS NEAR COMPLETION

Exhibition Bids Fair to Beat All Previous Earls Court Records.

A representative meeting of the fall fair committee was held at 1659 Dufferin street last night, President Alex Macgregor in the chair. It was the largest yet held of the various committees and the utmost enthusiasm was displayed by all the members. The baby show committee had a long list of entries to report. The vegetable committee has also been very successful and the domestic and cooking section is on the increase, while the entertainment committee have practically completed all their arrangements, also the athletics, but none of the committees have reached the success of the poultry section, which promises a list of poultry from 1000 to 1500 exhibits, with a splendid donation list of silver cups, shields, chicken fests, flour, garden produce, farm stock, reaching a total of over \$700 in value.

The merchants of Earls Court and all this fall fair publicity and what it is doing for Earls Court, and are entering into the scheme with enthusiasm. A large number of business men of Earls Court and Mimos have been appointed a committee for various departments of the work. Streams will soon be placarded across the principal streets in the northwest section and through the districts of Fairbank, Oakwood, Wychwood and Silverthorn.

Twenty Thousand Visitors. From 20,000 to 30,000 visitors are expected to pass thru the gates of Royce Park, facing Lansdowne avenue, during the four days of the fair, namely, Sept. 10, 11, 12, 13, which Mayor Church will open on the first day. The secretary has been instructed by the general committee to write the Lieutenant-governor inviting His Royal Highness the Prince of Wales when he comes to Toronto to visit the fair on one of the four days, as his royal highness is expected to lay the foundation stones of two important new buildings in course of erection in this neighborhood about this date.

The prize list is in process of printing and will extend to a 42-page book, containing a complete list of donations, prizes and other valuable local data. The officers of this year's fall fair are as follows: Alex. Macgregor, president; Samuel Crossley, vice-president; Andrew B. Law, treasurer; Reg. A. Everett, general secretary.

M'CORMICK GIRLS WIN

On McCormick and McMurrich playground, was played a league game in the senior girls' playground baseball team. The team, consisting of McCormick girls, played a fine game and came out winner 10-8. Janet McMurrich pitched the good game for McCormick and all the team played well behind her. This is McMurrich's first year in the playground league and she made a very creditable showing. There will be another game at McMurrich next Monday.

Miss Doran of McCormick umpired the game. Miss Nixon of McMurrich scored.

PLAYGROUND SCHEDULE

All activities on the Earls Court playgrounds are now in full swing with an average daily attendance of three hundred and eighty-five. The weekly program for the girls for the summer season is as follows: Monday-Folk dancing 2-4; Senior League Baseball 7:30-9:30. Tuesday-Sewing 2-4; Tether tennis, volleyball ball 7-9:30. NEWMAN'S FORT-REVIVER

is composed of the finest concentrated fruit juices, and will be found a most HEALTHY GIVING Tonic. It contains wonderful fortifying and Reviving powers, and is strongly recommended for those wishing to retain their Health and Strength. Those who take it regularly will be taking care of their HEALTH as well as consulting their pleasure.

WAITING MEANS WASTE

Don't wait when you discover a leak in any part of your plumbing system. It not only makes it harder for it to be repaired, but also has a tendency to retard a satisfactory repair being made. It might also cause a larger leak or damage to your decorations—which is not good business. You don't have to wait when you repair repairs, just phone us and it will be done. When you want us to come, we come no matter where you live. Ask your neighbor about our "service."

EDUCATION BOARD FOR YORK TOWNSHIP

Proposal of Reeve to Deputation Asking Increase in Teachers' Salaries.

The trustees of the school section of York township waited upon the councillors on Monday afternoon with a request that the council double the allowance it now makes to help the sections pay the salaries of the teachers. At present York Township Council pays \$200 towards each principal's salary, and \$200 towards each assistant teacher's salary, and the request was made that it be increased to \$500 and \$400, respectively.

Chief Clerk McDonald recorded the deputation a good reception, and his suggestion, that the trustees inaugurate and head a movement to secure a board of education for the township, made a hit with the visiting trustees, who warmly accorded support to the idea.

After a long discussion, in which the matter was fully thrashed out, it was decided, as all the school sections were not represented, that the council would invite the trustees of the township to a meeting to be held at 5 p.m. on Thursday, July 31, in the township chambers, when it is expected a solution of the problem will be arrived at.

JITNEY BUS SERVICE ON DON MILLS ROAD

A jitney bus service has been started on the Don Mills road, between the corner of Danforth and Broadview, and Pape avenue, Tomdorden. This enterprise, inaugurated by Norman Eird, a returned veteran, is a decided boon to the residents of the Tomdorden district and has met with success since its start a week ago. That Mr. Eird's venture fills a long felt want in the matter of extended transportation in the east end is the opinion of prominent residents in the district, who think that it should be duplicated in the Woodbine avenue section.

BACK FROM BATTLE LINE.

Pte. A. C. Brown, 15th Battalion, C.E.F., recently returned to his home in Tomdorden from overseas after three and a half years' service. He was wounded in action at St. Pierre on the Lens front on March 8. Previous to leaving Canada he served on guard duty in various camps.

Pte. Brown, who enlisted as a young man in the 5th Royal Scottish Volunteers in Edinburgh, has served in the empire for 35 years. He was formerly employed on the estate of Lord Malcolm Follisch, Argyleshire.

RIVERDALE SIDEWALK REPAIRS PROGRESS.

Work is well advanced on the concrete sidewalk between Danforth avenue and the eastern end of the viaduct on the south side. Not much progress has been made on the new roadway between Parliament and Glen road subway.

The extra gang who were put on the job last week laying drains on this section have completed their work.

DID GREAT WORK.

According to the statement of J. R. Kennedy, secretary of the Soldiers' Comrades League of West Hill, sent to total of 1,124 boxes of comforts at a total cost of \$3,714 during war operations.

Suits for Men Who Are Taller or Stouter Than the Average

And Other Seasonable Wearing Apparel For Men Whatever Their Girth or Height May Be. In Today's List Are Bathing Suits, Negligee Shirts, Handkerchiefs

Men's Underwear

It's Balbriggan and Comes From Our Own Factory, Hence the Price. Garment 59c

Directly to the counters via our own workrooms comes the greater part of this underwear--wherefore it's readily apparent that "Eaton" shoppers reap substantial benefit. Finely knit cotton yarns in natural shade. Shirts with long sleeves, drawers ankle length. Sizes 34 to 42. An economy suggestion--buy underwear for next season NOW, at this price. Garment 59c.

Men's Bathing Suits--Even when seen in their orderly piles on the counter, these suits bear an air of quality that makes them desirable. Being of worsted they are best to wear when the water is chilly. One-piece style, with skirt. Three-button shoulder; no sleeves. Navy, trimmed with orange or red. Sizes 34 to 42. Per suit, \$5.00.

Men's Shirts

Featuring Three Lots of the Thoroughly Well-Made Kind

At \$2.00 are Cambric Shirts, coat style, with soft, double cuffs. Sleeve lengths assorted, to assure comfortable fit. The selection of stripe patterns--in single, double and cluster effects--is quite good. Sizes 14 to 17. Each, \$2.00.

Blue Chambray Work Shirts, Eaton made--A work shirt in popular use. The material of serviceable color and medium weight, being perfectly fitted for this purpose. Reversible collar, breast pocket and button cuffs. The bodies are not "skimpy" and give perfect freedom and comfort. Sizes 14 to 18. Price, \$1.50.

Shirts cut specially to fit young men and big boys--these are in the Boys' Section. They assure a neat fit to the growing boy. Coat style shirts of fine quality cambric. Laundered cuffs and neckband. Single and cluster stripe patterns, in blue, black or helio on white grounds. Sizes 13, 13 1/2 and 14. Each, \$1.00.

The men who are taller or stouter than the average will find a splendid selection of suits to choose from in the clothing section.

For instance at \$47.50 is a Three-piece Suit for the man who is five feet eleven or more in height, and requires a longer sleeve and leg measurement than is usual. It's of all-wool navy blue serge, in a three-button, semi-form-fitting sacque style, with notch soft roll lapels. Trousers are straight cut, have five pockets, tunnel and belt loops, plain up to 36 inches, or with cuff bottoms to 34 1/2 inches. Sizes 37 to 46. Price, \$47.50.

At \$45.00 is an All-wool Navy Blue Worsted Serge Suit, designed for the stout or corpulent man who requires a suit, trousers of which measure about the same as the breast of the coat. The coat is in a three-button sacque style, with neat notched lapels, one outside and one inside breast pocket, and two body pockets with flaps; it is a well tailored garment, and has Italian linings. Vest fastens with five buttons. Trousers are well proportioned and have two hip, two side and a watch pocket, tunnel and belt loops, and may be obtained with or without cuffs. Sizes 39 to 46. Price, \$45.00.

Men's Handkerchiefs

Big Linen Ones and Specially Priced Too at Each 50c

This is a remarkable opportunity to procure a supply of excellent quality handkerchiefs at an exceptionally low price. They are made from sturdy linen similar to that formerly used in the manufacture of aeroplanes. Thus you can readily appreciate their extra wearing qualities. Another feature is that they are offered at a special price. They are large size, in white only, and are neatly hem-stitched. Special, each 50c.

Memorial Tablets and Shields

"In Days of old, When knights were bold."

They went forth to aid those in distress. The SHIELDS of those who attained distinction on such quests were preserved for the admiration of future generations.

So arose the custom of setting Shields and Memorial Tablets on the walls of manor, church and abbey. Present-day English life is everywhere linked with and carried back to past days of glory by these reminders.

In a democracy like Canada coats-of-arms are out of place. But the worthy custom of erecting memorial tablets for our valiant boys survives. Our heroes went forth on a very knightly quest; let the memory of their brave deeds be preserved in this way.

How they did their duty, and honored their country can be told on a tablet of bronze or brass. Such a tablet will be a source of pride to the factory, the office, the school, the lodge or the church which displays it.

Ask the Insignia Section for sketches and quotations on the size you desire.

POSTAL SERVICES WANT AN ANSWER

Mass Meeting Tomorrow Night May Prove Eventful.

Postmaster-General E. B. Blondin is in receipt of a letter from the committee specially convened by the membership of the Toronto Letter Carriers' Association dealing with the crisis in the Queen City, asking his co-operation in the attempt to reach a settlement of the difficulties involved. The letter reads as follows: "There is general distrust in Toronto with respect to the action of the department toward employees in the matter of bonuses, both as to when same is to be paid, and as to any official statement relative to the increased salary which was to have commenced April, this year. There would seem to be no instructions from anyone in charge as to what we are working for. A general impression prevails that the department is not living up to its promises, and the carriers in Toronto feel that it would be mutually advantageous to send someone from Ottawa to Toronto, with authority to make satisfactory arrangements, some one with real official standing, so that we may have something definite to go on. An immediate answer. We would appreciate an immediate answer, as there is to be a mass meeting of the postmen on Thursday.

CONTROLLERS DISCUSS FIREMEN'S WAGES

Just towards the finish of the board of control meeting yesterday, Controller Robbins raised the question of firemen's wages, and reminded the mayor that he had promised to deal with the subject.

The Mayor: I am prepared to deal with it. Mr. McQueen, secretary of the board, in reply to a question: Mr. Bradshaw has not made his report. Controller Cameron: He was asked to report two weeks ago, but has not been able to get it ready yet. Controller McBride: We have got to consider this before we start increasing salaries. Is the position worth the salary they are getting, or any more? That's the question. I have got a list in my pocket where there is not a man in the brigade who has worked more than seven hours in one month fighting fires. Controller Robbins: The cost of living is not going down. Controller McBride: What about the men who have not got nice, soft berths? Controller Cameron: Many men cannot get work; returned soldiers, too. We have got to take that into consideration. Would Have Been Fired. Controller Robbins made a remark about the men withdrawing their ultimatum on a certain understanding, to which Controller McBride replied: "They withdrew their ultimatum because they would have been fired. There is a thousand of a waiting list." The controller added, from information he had, the most any man worked in

NO RUSH FOR HOUSES

It is reported that so far there have been only 200 applications to the Toronto Housing Commission for houses, and it is estimated that 200 houses will be finished by Nov. 15. "We want more requests for houses," said Mr. H. Williams, the chairman.

EPWORTH LEAGUE EXCURSION

The Epworth Leagues of Toronto held an enjoyable excursion to Port Dalhousie on Saturday the 19th. The large steamer "Dalhousie City" was chartered for the day and after filling her to capacity, the committee were very sorry to leave the dock with several hundred still waiting to get aboard but when the tickets were issued there was no thought of the 19th being a holiday.

MUST LIVE IN CITY

The board of control yesterday decided to continue the city's policy, requiring its employees to live in the city. The only exception would be where living outside was considered advisable for health reasons.

HARBOR SALARIES INCREASED

It is stated that the harbor commission has granted to its employees increases in salary totaling about \$25,000 a year.

CORONER YOUNG WAXES SARCASTIC

Suggests Medical Officer Serve Summons on Himself for Insanitary Morgue.

Realizing the requirements of a well-equipped city morgue, Coroner Dr. W. A. Young fully outlined these for the benefit of Dr. C. J. Hastings, M.O.H., in a letter to the latter yesterday. Included in the letter is the request for plumbing. As it is against the city bylaws to have plumbing out of order, Dr. Young thinks it surprising that the health department should be guilty of a delinquency of this nature. In cases of private residences, where the plumbing is out of order, it is the general custom of the health department to serve a twelve-hour notice, followed by police court prosecution. The city morgue, Lombard street, being under the jurisdiction of the public health authorities, it would be advisable for them to conform with the city bylaws and set the example for citizens in this respect. To The Young suggested as a remedy that the M.O.H. serve a twelve-hour notice on himself and then, failing to complete the plumbing, serve a police court summons on himself. The coroner also points out the great need of a new copy of Holy Scripture for use at the inquests. In

PROTECTION OF BEACHES

The intolerable conditions at the Beaches were mentioned at the board of control meeting yesterday by Controller Cameron, who put in a plea for temporary protection without delay. He said they would probably have a storm again soon, and they should go ahead with work now. It is asked that the officials be authorized to bring down a report, and this met with favor.

CONTROLLERS PASS LIFE-SAVING PLANS

New Stations Along Every Waterfront to Cost \$36,000 Annually.

Capital expenditure of \$38,000 and \$26,000 a year on maintenance of life-saving equipment were yesterday authorized by the board of control. In the way of assistance the Dominion government is handing over to the city life-saving equipment valued at \$29,000 and has agreed to contribute \$2000 a year towards maintenance, the harbor commission allocating a like sum for the latter purpose. The additional equipment is to be provided immediately and paid for in equal proportions by the city and harbor commissioners. Stations Everywhere. It is intended generally to provide a service consisting of stations and patrol boats for the Humber River and lake shore from the Humber to Dowling avenue; for the west end of the inner harbor in the vicinity of the western channel; for the lake shore section near Woodbine avenue to east-ern limit; a main life-saving station at the eastern channel to assist general navigation; a look-out tower on the harbor commission building; a patrol boat for inner patrol work; all craft to be equipped with modern pumps, motors, drags and general life-saving equipment, and the harbor commission at Toronto to answer emergency calls on request of the harbor commission.

Pay the Expenses. The executive council has been asked to take up the subject of co-operation with the tanners' council, and the shoe manufacturers in the matter of revising shoe styles involving changes in lines of footwear.

Grand Army Votes To Help Minor. G.A.C. Post No. 1, at last evening's meeting appointed a committee to deal with the question of furthering the appointment to the civil services and to municipal employment.

Men Dissatisfied With Gratuites. Not yet has the G.A.C. received reply to its request upon the government to rescind that clause in the gratuites act which prevents patients under the D.S.C.R. from obtaining gratuites while undergoing treatment.

Teachers in Ontario Schools. This step is taken in the belief that the educational system in this manner, can acquire men of such spirit and force that the full benefits of the war experience, and of the sacrifices made, will be the inheritance of the children of the province.

ed it as among the antiquated ideas of a bygone century. "I don't know what the government can be thinking of to permit of such a state of affairs," he said to The World.

I am convinced, too, that these gratuites could very well be paid in bloc, instead of in bunches of \$70 or \$100. Such a system, in my estimation, will readily breed an undesirable lack of ambition on the part of veterans...

G. A. C. TO DIVIDE ACCORDING TO WARDS. Organization into wards is the latest development of the Grand Army of the Republic and this new achievement is expected to be carried out within the next few weeks.

Overseas Service Counts as Time. Unless a special meeting is called the board of police commissioners will not meet any more until September. At the meeting yesterday afternoon the board authorized that members of the force who had served overseas receive promotions due them, and re-consideration dating from the time when promotion was due.

Police Seniority Based From Date of Joining, Including War. The city solicitor has been asked to decide whether or not the police have to pay for a window broken by a policeman while in pursuit of his duty.

One Item Per Minute. The board of control dwelt in unity yesterday. Eighty-nine items were disposed of in as many minutes. There was nothing really contentious on the order paper, but all the same it was quite a good performance in the matter of time.

Shall Trade Unions Rule Veterans' Bands? Many returned men apparently affected to dislike the idea of trades unionism as affecting G.W.V.A. Bands.

SHOE RETAILERS IN CONVENTION.

The Officers of the Canadian National Shoe Retailers' Association, now meeting in Toronto. From left to right they are: Edward Cook, Secretary; Warren T. Fagan, President; James W. Jupp, Treasurer.

SHOE RETAILERS BLAME PACKERS

Price of Hides Puts Up Price of Leather and Boots. LIKELY TO GO UP. May Have to Pay Even More for Footwear in Near Future.

That the combination of packers at Chicago were responsible for the high cost of living, and incidentally, the high cost of shoes, was the emphatic statement made by Joseph Daoust of Montreal at the convention of the Canadian National Shoe Retailers' Association...

Another speaker who touched on points vital to the public as well as the trade was Laird H. Simons, president of the Wm. Amer. Co., Philadelphia, who spoke on 'The Glazed Kid Situation'.

The first reaction of the war on the glazed kid situation was when the governments of the world made of calf tanners' marching shoes, the first result of the war, said Mr. Simons, was at first to lower the price of kid shoes...

Warren Fagan Elected. As the association is yet in its infancy, the first elections were held, and Warren T. Fagan of Toronto, one of the most active movers in the formation of the association, was unanimously elected president.

Among the resolutions presented for approval by the committee on resolutions was one in which the association emphatically condemns the irresponsible, unwarranted and unfair statements made by the press in Canada with regard to retail prices and profits.

Convolve Next July. It was decided to hold the next convention of the association in Montreal about the middle of July next year.

The Toronto World

FOUNDED 1860. A morning newspaper published every day in the year by The Toronto World Printing and Publishing Co., Limited, 40 WEST RICHMOND STREET, TORONTO.

Two Kinds of Mayors.

Mayor Carter of Guelph and Mayor Mercer of Galt represent the two classes of public men. One thinks of the welfare of the whole community. The other places his faith in the corporations and special interests.

He accuses the Toronto newspapers of stirring up trouble when everything was going along sweetly and feathery for the corporations. Just as the Hamilton interests did some months ago. Had Mayor Carter had the interests of his citizens at heart there would have been no need for the Toronto newspapers to interfere.

Mayor Carter alleges that what he has done in trying to put a corporation agreement over on the city of Guelph was not in antagonism to the Hydro-Electric Radial policy. If Mayor Carter believes this, he can convince himself of anything.

Mayor Mercer of Galt, on the other hand, sees that the only safety for the cities is to stand together and keep their affairs and their franchises in their own control. He is inviting Sir Adam Beck to visit Galt to discuss a proposal to have the Hydro Radials connect Galt, Guelph, Kitchener and Hamilton.

The Grand River Railway has its tracks on Water street in Galt, and Galt wants them removed. The Hydro radials could then run over Water street to Preston, across to Blair and by the Grand Trunk to Elmira, Kitchener and the north.

If Guelph prospers in anything like the ratio of Toronto in fifty years, she will be as large as Hamilton, and her interests will be vast and remunerative. Can Mayor Carter not look ahead a little and see what he can do for the people who are to come after him, rather than assist in tying them up in corporation bondage for half a century?

The Coal Strike in Britain. More and more serious becomes the industrial situation in Britain. The coal miners have closed down the mines in an area of the coal fields and are even risking the destruction of some of them by preventing the pumps from operating.

Political Notes in Jazz Time

As a matter of fact party ties have grown weak since Rowell and Proudfoot joined the Hearst non-partisan army. Mr. Rowell still sings that his heart is true to Pol. He and his friends will still keep the faith. They are prohibitionists and they hope that the Hearstites are likewise.

Political piques are becoming more popular as a form of summer recreation. They are arranging one down in South Retlaw and the promoters hope to lure Hon. Thomas McGarry and H. H. Dewar upon the same platform.

That seems to be the best way, especially if it is decided to leave the referendum to the voters. Why not then leave the selection of members of the legislature to the people at large? Let them all run, prohibitionist, Tory, Liberal, man and woman.

Or, perhaps, the great war has changed all things that they were in the past. But, speaking of the war, who is there that thinks the returned soldiers will take any other view than that of responsible government: of holding a referendum, one and all, to the same platform.

And Hartley Dewar and the Liberals, said Kirk and free Kirk, are in the same boat, as far as the returned man is concerned. Also with the United Farmers. They, too, have the platform habit.

The Fabian Society—not the Italian, as the printer had it yesterday, in mentioning Mrs. Besant's renewed connection with the society she helped to found—the Fabian Society has succeeded by wide measures in bringing about more social and economic reforms than any other body in Britain.

The Woodstock Sentinel-Review has a good deal to say in defence of the Union government. With this we do not quarrel. But how does our contemporary stand with the Union government or party as a permanent?—Hamilton Times.

The same as with the political parties. The Sentinel-Review is not the organ of any party. It advocates what it believes to be Liberal principles. Sometimes these are progressive measures; sometimes by conservative measures. It is as important to preserve what is good as to remove what is bad.

Weddings at Kitchener. Special to The Toronto World. Kitchener, Ont., July 22.—A pretty July wedding was celebrated at the home of Mr. and Mrs. Peter Berdux in Waterloo today when their daughter, Miss Berdux, became the bride of A. P. Wightman of Detroit.

Engineer Discharged. Special to The Toronto World. Kitchener, Ont., July 22.—It was announced here today by the commission that Chief Engineer Walker of the waterworks had been discharged from the service of the commission owing to the fact that he had failed to put into operation the air compressor pumps which the commission had secured since June 8, and which were to have been put in immediately in order to overcome the water shortage here.

Lavelle's Lawyer Tricks Detectives

(Continued From Page 1). how she has financed herself during the past few months must be left to the imagination. It may be remembered, however, that Vera seemed to be able almost to "create" money, for when she broke out of the Don prison she had money in her possession.

On Monday last Vera visited her solicitor, W. H. Horkins, at Robinson, Pines & Godfrey, and told him she was tired of the anxiety of hiding and wanted the matter of her unfinished jail sentence finished once and for all. Mr. Horkins, after a lot of persuasion, obtained her consent to surrender herself to the police at an hour to be arranged by himself yesterday afternoon, after arranging the details.

She deemed sufficient precautions to prevent her arrest. She went to the close of the Diaz residence and went direct to the police or to allow her address to be given them. She consented, however, to meet Mr. Horkins in the vicinity of College yesterday afternoon and was arrested. In accordance with this plan, Mr. Horkins yesterday afternoon arranged matters with detective headquarters in line with his client's desires.

Shortly before 2 o'clock yesterday afternoon there were assembled outside Mr. Horkins' office four motor cars containing the lawyer and two detectives, the three others a reporter each and a press photographer. Just before starting on the journey, Mr. Horkins observed the press motor, and remembering Vera's desire for a quiet arrest, he sent two telephone messages to the garage in the neighborhood of Wellesley street. Neither the reporters nor the detectives knew the nature of these messages.

The Star has located a probable opponent in Southwest Toronto for H. H. Dewar, who will of a certainty run there. This is George H. Gooderham, M.L.A., present occupant of the other side of the double seat. The wish to witness such a contest may be father to Mr. Atkinson's thought.

R. H. Halbert, president of the U.F.O., who will be the farmer candidate for the federal seat in the next election, may find a three-cornered fight on his hands in that riding. This would be all to his advantage. Liberals are not talking much about the federal field at present.

U. F. O. men in Toronto yesterday were asking for exact information as to the statements made at the South Bruce Liberal convention by W. A. Findlay, of Elmwood, whose name was proposed for membership in the executive body. The World at the time took the following note of Mr. Findlay's position: "He declined office in the association on the ground that the as good a Liberal as ever, he had joined the U. F. O. and intended to throw in his lot with that young and vigorous association."

Paris, July 22.—There is much speculation in peace conference circles as to whether the American delegation will continue active participation in the framing of the Bulgarian peace treaty, since it is not positively known that the United States will sign this treaty. Premier Venizelos of Greece has raised the question of the peace conference, and he added, "let us try to submit to the entente, completely unbound, our great and necessary conditions made against Austria and Germany."

Special to The Toronto World. The formal opening of the first Canadian Shoe and Leather Exhibition took place here this afternoon. The exhibits of shoes, rubber goods and accessories are far beyond the expectations of the committee who arranged the show. Today was known as manufacturers' day, and makers of footwear are here from all parts of Ontario and Quebec, and a few from the maritime provinces.

Special to The Toronto World. Chatham, Ont., July 22.—George Nelson, aged 81 years, a well known retired farmer, was fatally injured on the farm of John Simpson near Bridgetown late last evening when his horses became frightened. He was thrown onto the teeth of a cultivator he was operating.

Special to The Toronto World. Brantford, Ont., July 22.—The contract has been let for the construction of the new tin smelting plant in this city to the Secord Sons Construction Company. It is announced that the one smelter to be put up is just a start on promises to be a very large plant in due course. It will be operated by electricity.

Special to The Toronto World. Kitchener, Ont., July 22.—Mayor Gross announced here today that it was the unanimous feeling of the city council that an invitation should be extended to the Prince of Wales to visit this city. The city clerk received instructions to immediately forward a request to Ottawa.

REDFEAR EXIST IN BOLSHEVIST ARMY

Battalions Placed Behind Attacking Regiments to Force Them to Fight.

Omsk, July 22.—"Red Terror" exists not only in the cities and villages of Bolshevik Russia, but even among the Bolshevik troops, according to data gathered by the intelligence service of the Siberian army. Battalion of Hungarians, Chinese, Letts and members of the Bolshevik party are placed behind attacking regiments of the red army, according to the intelligence reports. Red army officers, it is said, are given the right to shoot without trial disobedient soldiers. Upstarts in cities and villages are continuing and are being drastically suppressed by the Bolsheviks.

Along the northern front, running from south of Ekov to Ekobgrad, Russian and Estonian troops are grouped. On the northern front, from Onexhak lake to the mouth of the Pechora river, the army is commanded by General Muller.

An appeal to all the people to join the fight against Bolshevism, in this decisive hour of the struggle, has been issued today by General Poppelayer, commander of the Siberian army.

The Bolshevik leaders are making their last efforts to break the iron ring of the armies which have surrounded the Hungarian army. They have compelled all the population from 17 years up to 45 to enter the red army and they have placed behind them detachments of Hungarians, Chinese and Lettish ex-soldiers. Our army had to retreat."

Vienna, July 22.—Gen. Frensch d'Espery, commander of the allied forces in the near east, announces that he is preparing to advance upon Budapest. The Hungarian army, with 150,000 troops. The army is made up of French colonials, Rumanians, Jug-Slavs, Italians and Hungarians. Gen. Frensch d'Espery is commanded by Gen. Krotchewski.

Paris, July 22.—The proposed international demonstrative strike, called for yesterday but postponed by the Labor Federation, was not fully effective anywhere in France, according to reports from the principal cities. The strike movements were said not to have been fully organized, even among the employees of corporations which expected their men to stop work, particularly at Lyons. At Brest only dockworkers refused to work, and in the department of Gard also stopped work.

Brantford, July 22.—Announcement was made this morning by Col. Harry Cockburn that two additional wings, being built at the plant of the Cockshutt Plow Company plant. One addition will be a one-storey building 10 by 14 feet, and the second will be 40 by 60 feet, four-story, in addition to the present engineering department. It is understood that the construction will represent an outlay approximating \$100,000.

Victoria, B.C., July 22.—In two important cases where the rights of the province of British Columbia are involved the privy council has refused to grant the location of the Dominion government in what is popularly known as the Spanish Bay case, and against the Equinox and the Nanaimo Railway Company in the Harry Whitney case. This information was received by Premier Oliver this morning in a cable from Attorney General Farris, who is in London in connection with these cases.

Winnipeg, July 22.—During the past five years, under war conditions, the net debt of the city of Winnipeg has been reduced by \$7,883,402.12. During the fiscal year ending April 30, 1919, the debt was cut down by \$1,592,288.05. These are two of the outstanding features in the annual report of the board of sinking fund trustees submitted to the city council.

Washington, July 22.—An emphatic negative was returned by the senate foreign relations committee today to President Wilson's request that it approve provisional appointment of an American representative on the international reparations commission without awaiting ratification of the peace treaty. The committee adopted a resolution declaring that "no power exists" to execute provisions of the treaty in advance of its ratification. This was interpreted not only as refusing assent to the appointment, but as declaring the president would exceed his authority should he act independently.

London, July 22.—The house of lords today passed the second reading of a bill introduced by the lord chancellor entitling women to hold public offices and exercise public functions. The bill, however, makes no change in the franchise as affecting women.

OUTRAGE IN MEXICO ON U. S. CITIZENS

Fifty Killed or Assaulted Since 1917, and Not Single Arrest Has Resulted.

Washington, July 22.—Altho about 50 American citizens have been killed or outraged in Mexico since 1917, not a single arrest or conviction is known to have resulted, Henry P. Fletcher, United States ambassador to Mexico, today told the house rules committee in a hearing on the proposed resolution proposing appointment of a congressional committee to investigate relations between the two countries.

Altho declining to express an opinion as to the policy either past or future, of this country towards Mexico, the ambassador in effect opposed suggestions advanced by members of the committee, looking to withdrawal by the United States of recognition of the Carranza government.

At present, Mr. Fletcher said, there were no revolutionary leaders in Mexico with sufficient following to overthrow the existing government and set up a stable one. The kidnapping of Lawrence L. Shipley, an American citizen, by Mexican bandits near Fresnillo, Mexico, last Saturday, was reported today to the state department.

Chicago, July 22.—Only theories as to the cause of the explosion and destruction by fire of the dirigible machine resulting in twenty deaths and injury to 28 other persons yesterday were elicited at the first session of the coroner's inquiry today. The cause of the disaster was said to have been a gas leak at the moment when flames erupted along the gas bag as it soared above Chicago's sky scraper before plunging down through the roof of a great bank, spreading fatal flames among bookkeepers, clerks and stenographers preparing to end their day's work.

A grand jury investigation will be made, according to information at the criminal court building today. Prosecution is certain, according to Assistant State Attorney John M. Lowry.

The twelfth victim of the calamity was Milton G. Norton, a photographer for a morning paper who died today. Devotion to duty marked his last semi-conscious moment. He was a veteran newspaper photographer and sought the assignment to go with the dirigible on one of its early test flights. His parachute failed and he leaped from the machine's gondola and he fell in the street. As death approached he murmured that he hoped his camera and plates had not been damaged.

Not all of the victims of the fatality were out of danger, hospital advisers said. Funeral services for the dead were being planned but probably will be held separately.

U. S. Committee Rejects Wilson's Request. Washington, July 22.—An emphatic negative was returned by the senate foreign relations committee today to President Wilson's request that it approve provisional appointment of an American representative on the international reparations commission without awaiting ratification of the peace treaty.

Berne, July 22.—The general strike in Vienna Monday was almost complete, according to the correspondence bureau. Only the bakeries and food-stores were open. Cafes and restaurants were closed, there was no street car transportation and no newspapers were published.

London, July 22.—The house of lords today passed the second reading of a bill introduced by the lord chancellor entitling women to hold public offices and exercise public functions. The bill, however, makes no change in the franchise as affecting women.

Liverpool, July 22.—Virtually all the liners due to sail from Liverpool today were cancelled because of a strike of dock gates in sympathy with the men engaged in the dredges, who are out. By the end of the week it is feared that the 6,000 dockers in Liverpool will join the strikers.

DEATH LIST NOW TOTALS TWELVE

Inquiry Commenced Into the Cause of Explosion of Dirigible at Chicago.

LEATHER EXHIBITION AT KITCHENER IS SUCCESS

Special to The Toronto World.

The formal opening of the first Canadian Shoe and Leather Exhibition took place here this afternoon. The exhibits of shoes, rubber goods and accessories are far beyond the expectations of the committee who arranged the show.

Delegates to the shoe retailers' convention at present being held in Toronto will attend the exhibition in a body tomorrow, arriving here on a special train. A full program is arranged for their entertainment, including dinner at the Bridgeport Casino by the evening.

Special to The Toronto World. Brantford, Ont., July 22.—The contract has been let for the construction of the new tin smelting plant in this city to the Secord Sons Construction Company.

Special to The Toronto World. Kitchener, Ont., July 22.—A pretty July wedding was celebrated at the home of Mr. and Mrs. Peter Berdux in Waterloo today when their daughter, Miss Berdux, became the bride of A. P. Wightman of Detroit.

Special to The Toronto World. Brantford, Ont., July 22.—It was announced here today by the commission that Chief Engineer Walker of the waterworks had been discharged from the service of the commission owing to the fact that he had failed to put into operation the air compressor pumps which the commission had secured since June 8.

Special to The Toronto World. Kitchener, Ont., July 22.—Mayor Gross announced here today that it was the unanimous feeling of the city council that an invitation should be extended to the Prince of Wales to visit this city.

**CUCUMBERS IN OPEN
BEFORE END OF JUNE**

Edwin Collis, gardener to Col. Mas-
son, Shanty Bay, who began to cut
cucumbers on June 24, an extraordinary
early date, explains how he ob-
tained this unusual result in reply to
a query from a Balmly Beacher, also
a long row of them. Balmly Beach
is, for gradus peas, a tall variety,
also shows not only the earliness of
Shanty Bay, but the skill Mr. Collis
possesses.

"In answer to my friend, Balmly
Beach, my cucumbers were planted in
a bed of manure with soil in the
open one Rossini telegraph and the
other white spine; also to say they
were gradus, not field peas, as stated
in your paper. I see that Balmly Beach
is a Nott's excelsior, which is a
dwarf pea. I do not grow any of that
variety. I am now picking peas of the
gradus and stratagem varieties. I have
an open row of them. Balmly Beach
is perhaps, more south. We are more
north and the land stony."

**MRS. DANCER LANDS
IN BELGIAN UNIFORM**

Among recent arrivals from over-
seas are Captain C. J. Dancer and
Miss Dancer, who like her husband
landed in Toronto in uniform, being
the first woman, English or Canadian,
to serve in the Belgian army. Mrs.
Dancer, who was Miss Daisy Ward,
daughter of "Dave" Ward of Ward's
Island, Toronto, was married sixteen
years ago, has a son of fifteen and
lived in the west for some years be-
fore the war was followed by her
husband to England and thought she
herself could be useful in the Belgian
army. How useful she proved, is shown
in an ambulance driver is shown by
the fact that she wears the Belgian Croix
de Guerre and the Ordre de la Reine.

**CHILDREN BOLTED WITH
POLICE-MARKED BILLS**

Suspected of selling whiskey, Annie
Glekmart, 50 Brant place, was arrested
last night by plainclothesmen
Forbes and Dunn. The police seized
two bottles of whiskey, one with
marked money. When the man returned
to the waiting police with the bot-
tles they entered the house. Seeing
the officers, the woman is alleged to
have thrown the money on the floor
amongst a number of children. The
children picked up a handful of bills
and ran to the street. They were
caught by the police, but it is doubt-
ful if the plainclothesmen will be able
to produce the bills which they say
they marked to make the purchase
with.

**CORSICAN COMFORTABLE,
SAYS O. C. TROOPS**

With reference to the complaints
about the last voyage of the Corsican
to Montreal, it is stated the captain
and officers of the ship made the
rounds every day and received no
complaint, and there was absolutely no
foundation for the statement that the
steerage passengers were sent home
"like cattle."
Lieut.-Col. Sparrow, who was in
command of the troops on the boat is
quoted as saying: "The troops have
been well looked after, and their mes-
sages have been eminently satisfactory.
No complaints of any kind have been
received."

NEW SPIRE BLESSED.

The solemn blessing of the new spire
of St. Stanislaus (Polish) Church, Denison avenue,
will take place on Sunday next after
the mass at 10.30 a.m. The ceremony
will be performed by Rev. B. Jankowski,
Pastor, Wilno, Ont., assisted by the Rev.
F. Heilmann, rector, and Rev. S.
Fogalaki.

The money for the work was raised
by the congregation, amounting to \$500.
The church which is established eight
years was donated to the Polish com-
munity by the late Eugene O'Keefe, a
valuable memorial bust of the donor,
which has been situated in the church,
and also unveiled.

The congregation of this parish number
nearly 1000.

**STRUCK ON ALIGHTING
FROM STREET CAR**

Alighting from a westbound King
car at the corner of Massey and King
streets at 5.40 last evening, Andrew
O'Loughlin, aged 63 years, of 40 Mas-
sey street, was struck by a motor car
and seriously injured. Massey was re-
turning from work and had just step-
ped from the car when he was hit by
the motor and hurled against the street
car. He was picked up and driven in
a motor car to the Western Hospital.
Examination showed him to be suffer-
ing from injuries about the head,
limbs and internally.

Detectives Bain and Strohm spent
last evening examining witnesses, in
an effort to find out whether or not
the street car was at a standstill when
the accident happened. The automob-
ile was going west alongside of the
King car, and was driven by Agnes
Bona of 93 Fern avenue.
Harold Vonning of Jarvis street, the
owner of the car, was sitting in the
front of the car with Miss Best. He
was taken to Clarendon street hospital
and held for a time, but later on he
was allowed to go.

Kitchener School to the Wilkinson
School. The matter was referred to
Finance Commissioner Bradshaw.

PROTEST AGAINST REPEAL OF ACT

**Ward Four Liberal Conserva-
tives Insist Enemy Aliens
Remain Disfranchised**

Ward Four Liberal Conservative As-
sociation passed the following resolu-
tion at the meeting of its executive
committee held in Broadway Hall
last night:

Whereas the parliament of Canada,
during the recent session has re-
pealed the wartime election act as
far as the Austrian, German and alien
enemy vote is concerned, which act
was enacted by the Liberal-Conserva-
tive government in the best interests
of this country.

We, the members of Ward Four
Liberal Conservative Association, de-
sire to enter our most solemn pro-
test against the repeal of this act,
and wish a copy of this resolution for-
warded to the prime minister of Can-
ada and a similar copy also sent to
our representative in parliament.

We also instruct our representa-
tives in the Central Liberal Conserva-
tive Association of Toronto to
bring this resolution up at the meeting
of this body to be held on Thursday,
July 24, 1919.

Unanimous Agreement.
Considerable discussion was in-
cluded in by all members of the as-
sociation. All members felt that on
account of the promise made by the
government that a proper franchise
would be brought down in par-
liament in the fall, that as the act
was only passed as a compromise, the
old act in its entirety should have
remained intact. The members feel
that there are other laws which have
been just as drastic as the wartime
election act which have not been re-
pealed.

Final arrangements were complet-
ed for the annual Ward Four picnic
which will take place on Queenston
heights, Wednesday, July 30. Consi-
derable optimism was expressed, and
the prospects look to a bumper crop.
The premier and other members of the
Ontario provincial members as well as
the Ontario members will be on hand
to address the assemblage.

**TWICE BURNED OUT
BY HOOLIGAN CROWD**

The police are investigating the
charges of James McLaughlin, 15 Elm
street, that on two occasions rowdies
celebrating had burned his barndock
and causing damage of several
thousand dollars. On armistice day
McLaughlin's wagons were taken from
the barn and burned on Yonge street.
On Saturday night a hooligan crowd
of the same gang, McLaughlin charges,
burned his wagons and set fire to his
stable. Owing to the large amount of
the fire the police did not deem
it advisable to make arrests. Mr. Mc-
Laughlin's wagons were hauled to
Yonge street and burned in the centre
of the road.

In a letter written to Mayor Church
he complains bitterly of the police pro-
cedure against his barndock and the
damage caused by the burnings of his
wagons.

McLaughlin is an Irish-Canadian and
is engaged in the rag business. He is
at a loss to understand why the row-
dies visited his barn twice.

**MURDERED DETECTIVE
WAS TORONTO MAN**

Detective Harry Wilson of the Wash-
ington detective department, who died
of wounds following an attempt to
make an arrest in Washington, was
well known to the Toronto police. He
was at one time employed in a down-
town department store, and his tragic
death was a shock to the local detect-
ives.

His wife and two-year-old daughter
are at present visiting Mrs. Wilson's
sister at 253 Dupont street. When in-
formed of the death of her husband
she was almost prostrated with grief.
It was her intention to leave last
night for Washington to attend the
funeral of Mr. Wilson.

IRISH REGIMENT MEETS.

The 110th Irish Regiment met last
night at St. Lawrence Armories and
made arrangements for carrying on
the work for the fall. Many officers
and men who have been on active ser-
vice at the front, were present. A
meeting of non-commissioned officers
will be held on Tuesday night next
and appointed permanent staff have
been appointed and are on duty to-
day from 9 p.m. to 5.30, and also on Tuesday,
Thursday and Friday nights from 8
to 10.30.

All members of the regiment who
have served in the 208th, 110th, 116th,
102nd, 54th, 58th and other battalions
and units, are invited to call and
leave their addresses. The mem-
bers of the 110th Irish Regiment are
requested to leave their new address
with the orderly room staff within
office hours.

AUTOS INJURE TWO

Struck by an automobile at the cor-
ner of Dundas and Bathurst streets
last night, Joseph Amovitch, aged
three and one-half years, living at 825
Bathurst street, was removed to the
Western Hospital, suffering from scalp
injuries. The child's condition is not
serious. The motor car was driven
by Harry Reilly of 125 Ravina avenue.

While crossing Yonge at Temper-
ance street at 4.40 yesterday after-
noon, Mrs. Emma Duncan, 22 East
Queen street, was run down by a
southbound automobile. She was re-
moved in the car to St. Michael's Hos-
pital, where it was found her left leg
had been broken above the ankle. The
car was driven by Harold Clang, 3
Robbins avenue.

**How to Rid the Skin
Of Objectionable Hairs**

(Aids to Beauty)

A simplified method is here given
for the quick removal of hairy or
fuzzy growths, and rarely is more than
one treatment required. Mix a stiff
paste with some powder, delatone
and water, apply to hairy surface, and
after two or three minutes rub off,
wash the skin and every hair has van-
ished. The simple treatment cannot
cause injury, but care should be exer-
cised to get real delatone.

LABOR NEWS WILL THEY LEAVE TRADES COUNCIL?

**Rumor Has It That Unions
May Withdraw From
Labor Body.**

Nothing is definitely known as to
the decisions of various Toronto uni-
ons with respect to the Toronto
Trades Council as now governed since
the wise men of the east are unusually
silent. Controller Robbins for in-
stance was asked if it was true that
the Toronto street railwaymen had
decided to withdraw from the trades
council very shortly. "Confirm that
report," he cried indignantly. No in-
deed. I might confirm no deny any
such report. Others in the union are
not so silent, and there are rumors
that this union will take such action.
Other unions which may do so are
the Cigar-makers' Union, the Elec-
trical Workers' Union, the Stage and
Theatre Employees' Union and the
Typographical Union. As yet all
already been stated nothing can be con-
firmed in this connection.

Some Remain Loyal
On the other hand there are bodies
in the labor world equally loyal to
those now in office with the Toronto
Trades and Labor Council. There are
definitely in the ranks of the
Council as stated as a fact that the
Butcher-workers' Union, comprising
4,000 members, the Brotherhood of
Carpenters, comprising 2,000 members,
and the metal trades unions or several
of them totaling another 4,000 members,
as well as the better Carriers' Union,
will remain loyal to the present gov-
erning body.

There are many unions which may
be counted among the unknown quan-
tities, and in general terms it may be
stated that except under extreme cir-
cumstances the large majority of the
unions now comprising the Trades
Council will refuse to sever connec-
tion with this body.

**L. L. P. ORGANIZING
EARLY THIS YEAR**

**General Plan of Cohesion is
Being Considered by Can-
adian Labor Party.**

Plans are said to be under way for
the thorough organization of the L. L. P.
in preparation for any election which
may take place during the coming
months. It is understood that the
nomination of candidates for one or
two constituencies may form one of
the chief items of the program. A
executive session of the party which
is to be held at the Royal Temple,
More and more it is being realized
that the L. L. P. is a political force
with other units of the Canadian
Labor Party as a means of con-
centrating all efforts in the matter of
election of soldiers and
labor men in parliament.

**WINDSOR MEN WILL
STICK TO AGREEMENT**

Windsor, July 22.—Following a two-
hour conference here last evening,
the leadership of Sam Lozovsky, street
railway men handed A. E. Ingram of
the railway board and acting manager
of the street railway company, a sign-
ment statement that they would return
to work, and would abide by the terms
of the agreement under which they
resumed operation of the cars for a
few hours yesterday. Upon the condi-
tional service was resumed this
morning.

FIGHTING FOR VICTORY.

A largely attended mass meeting of
the garment workers of Toronto, under
the leadership of Sam Lozovsky, at
St. Koldovskys' decided on Monday
afternoon to reiterate their determi-
nation to prosecute the strike to a suc-
cessful finish. Mr. J. Lynch of Mont-
real is in the city helping Toronto
workers to win the big fight.

CONCILIATION BOARD RESUMES

Judge Barron has called a meeting
of the board of conciliation for this
morning at 10 a.m. at the court house
further the grievances of the Toronto
street railwaymen. This was the in-
formation received by Controller Rob-
bins last night. Mr. J. Lynch of Mont-
real is in the city helping Toronto
workers to win the big fight.

MAKE HEVEY DELEGATE.

W. J. Hevey, a prominent member
of the Cigar-makers' Union, and at this
moment officiating as a member of the
board of conciliation which is dealing
with the grievances of the street rail-
waymen, has been elected delegate of
his union to the Dominion Trades
Congress.

CHANGING SCHEDULES.

Dundas and Yorkville barns com-
mence the eight-hour schedule on
August 1. In due course the schedule
will be extended to include every
run. Ex-Alderman Gibbons stated
yesterday afternoon that such an un-
derstanding as the change of sched-
ule with respect to well as considerable
work.

A NEW LIVE LOCAL.

New Toronto has a real local of
the Brotherhood of Carpenters, and on
Monday night last evening was car-
ried out. The local now enjoys a
membership of thirty men.

MANY STREET RAILWAYMEN

Two thousand six hundred men be-
long to the Toronto Street Railway
Company. This is 70 more than were
on the rolls in July, 1918 when there
were only 1919 members.

PRISON GUARDS DISCUSS QUESTION OF STRIKE

Montreal, July 22.—The Herald says
a meeting is to be held in a few days
of delegates from all parts of Quebec
representing prison guards and court
house guardians, to discuss the ques-
tion of a strike. It is claimed that
between 4,000 and 5,000 guards of
various kinds are affected and that
they allege the promise of higher
wages made them last winter has not
been fulfilled. They claim that their
wages vary from \$55 to \$80 per month
and they want a \$20 increase.

**PREDICT SOLID BASIS
FOR WINNIPEG LABOR**

Winnipeg, July 22.—Interesting de-
velopments resultant from the split in
the labor ranks are taking place and
changes are being arranged which
will place the legitimate trades union
movement on a new and more solid
basis.

The Voice newspaper, which ceased
to exist with the retirement of Arthur
W. Putee from the active labor move-
ment, is to be resurrected and it is
stated that Mr. Putee will again
become managing editor of the labor
journal.

**NO SETTLEMENT
WITH METAL MEN**

**Some Say Metal Employers
Are Losing Large
Contracts.**

According to report the metal
trades employers are losing considerable
contracts because of their refusal
to accept the agreement offered by
the metal trades council. This was
stated yesterday by one of the
trades union leaders who has had
information on the highest authority.
Not only will the employers injure
their own trade, said this man, but
they were also endangering the com-
merce of the country, many prospec-
tive customers in Europe having de-
clined to transfer orders to manufac-
turers in the United States, thus
helping in the disorganization of Cana-
dian trade.

GIBSON ROLLER IS STILL GOING ALONG

Fifteen Straight Wins by Downing Reading Team Twice Yesterday.

The Leafs are past the thirteenth hole. In fact, they are into the fifteenth and going strong. The rise from that first mound was a tough struggle, but George Gibson's brave heroics were equal to the task. Whitman secured a hit over the left fielder's head in the ninth of the first game yesterday and two base runners scampered home to beat the Reading Rooters 2 to 1.

The second game was much better. The Leafs started the scoring early and had no trouble winning the seven-inning affair three to one. It was the fifteenth straight win for the Leafs and now they are ready to tear Jack Dunne and his flock of birds away from their feathers.

Yesterday's heart-rending work had the umpire, some umpire and a spruce and chased everybody in sight from the park. The Leafs were the man that grabbed the disrupted Rooters' pitcher in the first game. He went up with the work in the second game. Wash was chased, but the fans lost their good nature when Manager Dooten was given the hook. He nearly stood in the reading team leaving the field. Most fans thought that the least that could be done was to allow the Reading manager to continue.

First game: Pitching bet against the Leafs in the first game and he nearly upset the cart of straight wins. The Leafs won the game, but the captain Onslow was the man that grabbed Kormick's smash to left scored the run. Whitman threw wildly to the plate, but Weiser promptly stole the lead. He made the home station. It was here that the Reading players ran amok with the umpire. They chased from the bench and Dooten hoisted out of the game. He was stopped. Schwartz batted for Dooten and popped out. Weiser also was hit to the showers. He then Sheridan ended the anxiety by hitting to Anderson.

The Reading crowd got fresh on a couple of other occasions, but failed to break into the exciting game. The Leafs had no luck with Keefe. He baffled them all the way with the exception of one single, and walked once for a perfect batting mark. He got no help. The ninth inning was a double. Ben Purcell dumped in front of Onslow pitcher. Dooten pitched the ball just before he rolled out and by that time Purcell had made a sacrifice and was raced to third. Whitman hit for the left fielder's head, and the two runs over to win the game. The game was a thrilling finish to a red-hot game. Fourteen was the count then.

Second Game: It was not so hard on the fans in the second game as Keefe and the Leafs fed on his offerings early and sewed up the game. The first was three to one and about gives the margin in the play. Herche had a few hits, but he was not over to win the game with the exception of one run.

The first run was well-worked. Ben Purcell led in the first round, only to be forced at second by Whitman. George moved. He was hit with the Reading pitcher kindly heaved wild to first to try and nip him off. Onslow waited for a strike and then worked the trick of going down in the delayed fashion. He just saw the return to the play in such fashion that Whitman crossed the plate before he was tagged. It was ready work on Onslow's part. The fourth saw the finish of Barries. Onslow doubled for beginning and Bill Purcell neatly sacrificed. Breckenridge worked the squeeze with a nice bunt. Onslow just beating the return to the plate. Andy bounded a hit off the first sack and when Deufel was walked Dooten benched Barries and put Donahue on the mound. A passed ball hit Breck score. Herche whiffed. Genzales walked and Ben Purcell lifted to left. Billy Purcell was painfully cut about the face when he was hit with a pitched ball in the fifth inning. He had to retire and McInnis finished the game at third. Burns hit in the sixth. McInnis batted Weiser's roller and Kormick fanned. Dooten's early sacrifice fly led over the Reading run. The game was called in the seventh by the umpire and the straight run was boosted to fifteen.

YANKEES STOP THE SOX; QUINN WAS MASTER

Backed by Good Fielding—Bona by One of Mack's Recruits.

At Chicago (American)—New York checked Chicago's winning streak yesterday by winning, 6 to 1, bunching hits off Kert Pritchard. Quinn of New York was master throughout the game and was given first support, two fast double-plays broke up Chicago's lone run came after two were out in the ninth inning, when Pritchard pitched to score. Score: Chicago, 0-0-0-0-0-0-1-1-7-0. Batteries—Quinn and Hannah; Kerr and Schalk.

At Cleveland—Cleveland made it three straight from Philadelphia by winning yesterday, 4 to 3. Elmer Myers pitched the game over. Young scored; Detroit's against his former team-mates and won his own game with triple in the eighth inning, that drove in two runs. Pynch Hitter Burns spoiled Philadelphia's chance to tie the count or win the game in the ninth, when, with the bases filled and two out, he walked off first. R.H.E. Philadelphia 10 0 0 1 0 0 1-3 0 0
Cleveland 0 0 0 0 0 0 0-1 2 0 1
Batteries—Myers and McAvoy; Myers, Coveleskie and O'Neill.

AT DETROIT—TWO BASES ON BALLS LED THE WAY TO DETROIT'S 2-1 VICTORY OVER BOSTON YESTERDAY.

Young scored; Detroit's first run in the opening inning, on a base on balls, a theft of second and Cobb's hit. Cobb was given a base in the sixth, went to third on Veach's single, and scored on Heilmann's sacrifice fly. R.H.E. Detroit 0 0 0 0 0 0 1-3 0 0
Boston 1 0 0 0 0 0 0-1 2 0 1
Batteries—Mussler and Schanz; Leonard and Stange.

At St. Louis—Wellman allowed only five hits, and St. Louis took three out of four from Washington, winning yesterday, 5 to 2. Jacobson started at bat for the locals. He scored two runs and drove in two more with a double and a triple. The game concluded the locals' home stand, in which they have won 13 and lost 5 games. R.H.E. Washington 0 0 0 0 0 0 0-5 1 0
St. Louis 2 0 0 0 0 1 0-2 7 1
Batteries—Wellman and Harper; Pichler; Wellman and Seaverid.

BISONS FOUGHT BRAVELY; DROPPED BOTH GAMES

At Buffalo (International)—Buffalo dropped two games to Baltimore yesterday afternoon by one run, the scores being 1 to 0 and 1 to 0. Baltimore won the first game, and Harris costly error lost the second. Scores: Baltimore 0 0 0 0 0 0 0-2 3 2
Buffalo 0 0 0 0 0 0 0-1 2 0 0

Batteries—Acosta and Bensch; Acosta; Thomas, Jordan and Bengough.

AT ROCHESTER—ROCHESTER AND JERSEY CITY DIVIDED A DOUBLE-HEADER YESTERDAY.

Jersey City won the first game, 7 to 0, while the Redwings took the closing affair, 11 to 2. Acosta pitched a strong game in the opener and had brilliant support. Heilmann's lack of control loaded the bases in the fifth inning of the second game, and Bauman scored four runs with a hit that bounded back to the pitcher's mound in left field for a homer. Scores: Rochester 0 0 2 0 1 0 0-4 12 0
Jersey City 0 0 0 0 0 0 0-6 2 0

The Merry Chase Is Fifteen Now

Old-Time Enthusiasm for Annual Friday and Saturday at St. Catharines.

The revival of interest in rowing is distinctly noticeable in connection with the return of the Canadian Association regatta to the St. Catharines course, and the old-time enthusiasm is ready to be displayed over the battles that are set for Friday and Saturday afternoons of this week. The representation of outside clubs adds spice to the competition, in which Toronto oarsmen have held such prominence in the past. The influence of the Olympic regatta of next year in Belgium is casting its shadow over the regatta with the probability that next year the C.A.A.O. may depart from its old practice of choosing a club crew or crews to represent Canada at Antwerp.

Eastern clubs sending crews up are Ottawa and Brockville, while the Detroit Boat Club will have two crews in its eighth. Regatta, Toronto, has a more ambitious company. He has come along well since his race, and his father, the professional champion of America, has no fear of the result this time, either. Young Duran and his father will go across the lake tomorrow, in order to become familiar with the course, which is rowed with a turn, except in the eighth.

The officials for the regatta have been appointed as follows: Starter, Major Hiron, Toronto; referee, F. J. Mulqueen, Toronto; assistant referee, S. E. M. Smith, Lachine, B.C., Montreal; senior judge, J. G. O. Hooper, M.C. (Hamilton), Toronto; clerk of the course, Wilfrid Murphy, Port Dalhousie; assistant clerk of the course, R. L. Schram, Toronto; timekeepers, C. B. Berkner (Toronto), D. B. Duffield (Detroit), Major Ivan McElroy (St. Catharines), J. C. Sibley (Toronto), T. Murphy (Toronto), Capt. Crawford of the Don R.C., Toronto, will have charge of the press boat.

AMATEUR BASEBALL

At Playground (Intermediate)—Open series. Score: R.H.E. McCormick 5 0 0 2 0 0 2-11 14
Toronto 0 0 0 1 0 0 0-11 3
Batteries—Reaver and Sinden; Newman and Cruise.

At the last game was a home run by Newman in the fourth inning with the bases full.

In the Inter-City League last evening Toronto defeated High Park, Methuon, 13 to 4.

Bert Hughes is now on the road for the best hitter in the City Playgrounds League. He has had seven hits in the last five games, and has shown great speed around first on Saturday.

He picked two foul balls that looked good for five hits and two runs. Gimpie Dixon's one-hand stab of Reeve's line drive over the fence was one of the prettiest plays of the day. Geo. Langdon celebrated his coming of age on Saturday. He has pitched good ball for McCormick Playground teams from the midge league to the senior. Stan Nugent, Oiler, has developed into an All-City player. His throw is more like Archie's than any other player who has been developed in the city.

Oiler now leads the City Playgrounds League with one loss, while Carlton Park and Elizabeth have each two. Standing at date:

RAIN HALTS TENNIS.

Newton, Mass., July 22.—Rain played havoc with the schedule of matches to be played in the tennis tournament for the Longwood Bowl, and in the doubles for the New England sectional championship. As a result only ten players appeared on the courts, and not a match was finished. Beale C. Wright of New York, playing with his brother Irvin C. Wright of Boston, had a fairly easy time taking set in the second round match from O. H. Collier of Brookline, and Horace Taylor of Boston, six games to one, when rain stopped the play.

BAD DAYS FOR BALL MANAGERS.

Louisville, Ky., July 22.—Stung by considerable newspaper and other criticisms, the Louisville American Association baseball team, which was managed by Patrick J. Flaherty resigned today as manager and ball manager. He temporarily was succeeded by second baseman Joe McCarthy, whose appointment, it was said, likely would be permanent.

London and Brantford Divide Double-Header

Brantford, July 22.—Brantford and London split even in a double-header here today, the Cockneys winning the first by 4-3, and dropping the second by 4-2.

The visitors clinched the first game when they scored five runs with two men out in the first inning, hitting Betelie hard. Command's three-base hit cleaned the bases in this inning. Command also cut out a homer, with one on. Henrich pitched good ball and was tight in the pinches. London team surrounded umpire Strouger, who finally banished Witry. Pitcher Kelly, after throwing two balls in the first game, struck two men out and had to retire. The scores: Brantford 5 0 0 0 0 0 0-11 14

INTERNATIONAL MATCH FEATURES OPENING DAY

Royal Canadian Golf Association Giving Dinner to Players.

Friday at Hamilton will see in competition the finest aggregation of golfers on this continent, the occasion being a team of ten players from the United States Golf Association playing against a team of ten players from the Royal Canadian Golf Association. Never before has twenty golfers of such skill been assembled in any kind of a match. This match will be watched with great interest throughout the United States, Canada and Europe. Considerable attention is being taken as to the outcome, and it will not be hidden by some of the United States players. Arrangements are being made to win one match of the ten, but the Canadian team will also be attended by a number of distinguished United States guests, as well as Canadians. Among the speakers at the dinner will be Mr. W. R. Baker, U.S. Golf Association, and Canadian Golf Association, and Hon. George Lynch-Staunton, Hamilton. A large gallery is sure to follow the match. The Royal Naught Hotel are running a buffet lunch on the grounds for the accommodation of visitors. Every clubhouse at Hamilton is so limited that players and officials only will be able to secure meals there. Arrangements for the event are in the hands of Mr. Paul J. Kaylor of Hamilton, which insures the golf fans that everything possible will be done for the convenience and comfort of the visitors. Mr. F. A. Rolph, president of the Royal Canadian Golf Association, will preside at the dinner.

The following are the players for the international match: Canada—W. C. Mackenzie, Toronto; G. H. Turpin, Toronto; Jerome Travers, Toronto; Bobby Jones, Toronto; W. J. Thompson, Max Barstow, Toronto; E. H. Savory, Toronto; E. S. McDougall, J. E. Gullford, Toronto; J. H. White, Toronto; J. C. Sibley, Toronto.

The Friday morning attraction will be a four-ball foursome, commencing at 9 a.m. and ending at 2 p.m. The match will begin at 2 o'clock.

July 22 and 23 the Canadian championship will be played. Every club eligible, and the officials look for an excellent match. Albert Murray, the professional of the Kanawha Golf Club, Montreal, passed the time yesterday on his way to Hamilton for the open golf championship.

Lambton Golf Club have extended an invitation to all the players in the province to play over their course. No definite arrangements for matches have been made, but the players in the United States team will be seen in Toronto during the week.

Tigers Took Early Lead And Beat the Braves

Kitchener, July 22.—Sharp's wildness in the early stages of the game gave the Hamilton Tigers a chance to secure an early lead. Sharp was replaced in the fifth after two strikes by Harry C. Pich, until recently of the New England League, taking the box. He was touched up for five hits and two runs. Gimpie Dixon was in the box for the Tigers and was effective when the Braves had men on base. Emery's base running helped the home team was a feature of the game.

SAGINAW AND BATTLE CREEK.

A Flint (Min. League)—Winer was given better support than Richer, and Saginaw beat Flint, 7 to 2, this evening. Each pitcher allowed five hits, but Winer pitched better. Flint got the only earned run of the game on two hits and a sacrifice fly in the first round. Saginaw got four tallies, clinching the game, at the start, on three scratch hits, two passes and two errors. Flint threatened to score several times in later innings, but could not hit in pinches. JEWELRY TRADING

Two Sent to Washington, as They Fear for Lives if Left in France.

Washington, July 22.—A story of the betrayal of the German high command thru the efforts of the American military secret service and of the organization among German officers of a vendetta aimed at the lives of the traitors was brought to light with the arrival at New York yesterday of two German prisoners of war assigned to the director of military intelligence, Washington, D.C.

According to information here, the prisoners were officers who landed from the Agamemnon under heavy guard formerly were German officers of high rank, occupying positions of great respectability under Von Hindenburg.

Before the inauguration of the American offensives in 1918, operatives of the American military intelligence corps prevailed upon them thru inducements which have not been divulged, to deliver plans of the German general staff covering the proposed movements on the western front, probable lines of retreat, points at which stands would be made and other detailed information of insupportable value.

The German officers later surrendered themselves to the American forces. Certain of their former associates had become mischievous, however, and are believed to have abandoned the ground to meet out stern justice.

Utmost precautions were taken even within allied lines to protect the informers, but as officials believed that as long as they were kept in France their lives would be in danger orders were given for their transfer to this country.

The prisoners are said to be Alfred Scholz and Alwin Grothe. The former is an infantry officer and was captured at St. Mihiel, Sept. 2, 1918. Grothe, an aviator, was shot down in the Argonne in October of the same year.

JAPAN IS GRATEFUL FOR PARIS RECEPTION

Paris, July 22.—Before leaving Paris Marquis Saloni, head of the Japanese peace delegation, expressed to the representatives of the French press his deep gratitude for their reception in France when the peace conference was assembled.

"I saw the victorious march," he said, "and I was proud to see the soldiers of my country in the ranks. I shared in the joy of everybody in the victory obtained at the cost of many tears and we will do everything in our power to make it fruitful."

"Nations must remain closely united now more than ever. I trust that the spirit and feeling of the peace conference together into the war will help in cultivating the cordial relations, and that a lasting friendship between the two nations will be the result of this future peace, which must be based upon reciprocal understanding."

GETTING CHEAPER BREAD OUTSIDE ST. CATHARINES

St. Catharines Ont., July 22.—If two more complaints in writing with regard to the increased price of bread are received by the city council's conservation committee the latter will recommend that the city's price inquiry committee, appointed last spring, start an investigation immediately, declared Ald. Rose, chairman of the conservation committee.

HEALTH BOARD OFFICER SEES WOODSTOCK CREEK

Special to The Toronto World. Woodstock, July 22.—Dr. McNally returned to Toronto today after spending Monday and Tuesday in the city inspecting Cedar Creek. He was accompanied by Dr. A. Mackay, city medical officer, to see the creek which was kept in a polluted condition by the inflow of the city sewage.

PLANS TO RESTORE LOUVAIN UNIVERSITY

Paris July 22.—Directly after the striking of Louvain some of the members of the French Institute planned to make the restoration of the university and library a great international manifestation.

One hundred and fifty universities have given their adherence to the scheme. An appeal has been drafted. It bears the signatures of three hundred statesmen, scholars, artists and writers who belong to thirty-two different countries.

TAFI TO VISIT QUELPH.

Special to The Toronto World. Guelph, July 22.—The citizens of Guelph expect to have an opportunity of hearing ex-President W. H. Taft of the United States deliver a lecture here. The chamber of commerce has the matter in hand and they have received assurance that the former president will come here. The date will be some time in February, when Mr. Taft is making a tour thru Canada.

NO HOLIDAYS GIVEN.

Winnipeg, July 22.—No holidays will be given to civic employees who went on strike. A resolution to this effect was passed at last night's council meeting by a vote of seven to six. It was argued that this action was necessary if the public works program was to be completed this year.

HOUSING SCHEME ASSURED

Ottawa, July 22.—The Ottawa housing scheme is an assured fact. The necessary authority to transfer the loan of \$750,000 from the Ontario government to help pay the cost of the special police engaged in the work was accepted by the council. The cost amounts to \$209,655.

ANOTHER UPTURN IN GRAIN PRICES

High Price of Hogs and Hot, Rainless Weather Have Bullish Effect.

Chicago, July 22.—With hog prices today equaling the topmost level ever touched, the corn market developed corresponding strength and closed firm.

Corn promptly followed the steep ascent made by the hog market. Even if there had been no other incentive than the action of hog values buying of corn would have been greatly stimulated.

FOURTH OF USUAL CROP PROSPECT IN ALBERTA

Saskatchewan May Have 35 to 40 Per Cent. of Normal Yield. Winnipeg, July 22.—Summing up the crop situation in the three prairie provinces, The Manitoba Free Press this morning in its third report this season says that Manitoba continued to have excellent promise of a good crop.

ON CHICAGO MARKET

Hughes, Harcourt and Company, 307 Royal Bank Building, received the following wire at the close of the Chicago market yesterday: Corn—Scattered 40-centation house buying of a good class based on the dry weather caused market to advance sharply.

NEW YORK CURB

New York, July 22.—A stronger undertone was evidenced in the curb market today and the buying gave evidence of public confidence in the principal securities now being traded in on the outside market.

Of the industrials, Aetna Explosives lost 1-4 of a point. General Asphalt advanced 31-2 of a point. Submarine boat, with sales amounting to 3000 shares, declined 1-8 of a point to a close of 18-7/8.

WINNIPEG CATTLE MARKET.

Winnipeg, July 22.—Livestock receipts today at the Union Stock Yards totalled 1,110 cattle, 1,250 calves and 351 hogs. Cattle and hog prices were lower again today.

LIVE STOCK MARKET.

With a run of fresh cattle at the market yesterday, close to 1,000 head, coupled with the held over stuff which must have amounted to as much more trade was quiet and easier for anything but the good to choice butchers and well-finished steers.

SPECIAL MARKET NOTES

Surely a Record. Jos. McCurdy, for the Corbett, Hall, Coughlin Company, yesterday made a new record on the Union Stock Yards exchange.

REPRESENTATIVE SALES

Quinn & Hisey among other sales at the Union Stock Yards market report the following at the accompanying prices: Butchers—2, 1510 lbs., \$9.50; 2, 1720 lbs., \$10; 1, 880 lbs., \$11; 1, 930 lbs., \$9.50; 1, 800 lbs., \$10; 1, 1230 lbs., \$10.75; 2, 1830 lbs., \$10.75; 2, 1430 lbs., \$9.50; 3, 2180 lbs., \$9; 3, 2520 lbs., \$10.75; 2, 1530 lbs., \$10.75; 2, 1100 lbs., \$11.50; 12, 12,000 lbs., \$11.80; 4, 2560 lbs., \$10.50; 3, 3970 lbs., \$10.50; 2, 4290 lbs., \$10.50; 2, 900 lbs., \$9; 2, 1570 lbs., \$10.50; 1, 880 lbs., \$13.50; 2, 2450 lbs., \$11.

Atlas is Also Strong Feature—Some Silver Stocks Are Reactionary.

Davidson and Atlas, which last week were singled out for attention by their reactionary tendencies, were among the firmest spots in yesterday's quiet mining market.

Davidson, as before said, was distinguished by its buoyancy, the rise being at the expense of the short interest. Opening a point up at 64, the advance continued to the high making the net gain for the day 2 1/2 points from the closing price of last week.

NEW YORK STOCKS MAKE GOOD RALLY

Oil, Motors and Kindred Shares Are Leaders—News More Encouraging.

New York, July 22.—Stocks rallied substantially today from their severe depression of the previous session, to the measure of an over-convict interest, which seemed of the nature that technical conditions would have a protracted reversal.

Unusual activity was shown by the secondary or low-grade rails, over half a score of which joined in the general improvement of rates of one point, but dividend-paying stocks were apathetic, the decidedly convincing reasons were lacking for yesterday's reaction other than the market's over extended position, but the lower and more attractive price levels evidently had the effect of drawing fresh buying, which easily absorbed today's additional offerings.

General news was more encouraging and distinctly helpful to the market. Call money denoted in higher rates, and metals were quoted at higher prices and threatened labor troubles in the steel and iron industry met some of their more serious aspects.

U. S. SHIPPING MERGER

New York, July 22.—Organization of the American Ship and Commerce Corporation, incorporated under the laws of Delaware which will include among its directors a majority of the stock of the William Cramp and Sons, ship and engine building company, and eight large steamers, aggregating 51,000 tons of capacity. The corporation was announced here today.

The ships included in the organization of the new company, which is being organized under the flag of Austria, and were purchased here, and in neutral ports prior to the United States entering the war, and placed under the American flag.

Among those reported to be on the board of directors of the corporation, which will engage in a general shipping business, are Jos. W. Harriman, John L. Ogden, P. W. Herrick, J. L. Replogle, G. M. Dahl and H. P. Kerr.

EXCELLENT PROMISE FOR MANITOBA CROPS

Winnipeg, July 22.—Summing up the crop situation in the three prairie provinces, The Manitoba Free Press, this morning in its third report, this season, says that Manitoba continued to have excellent promise of a good crop, the possibly not the bumper that some anticipated. Saskatchewan may have 45 to 40 per cent, and Alberta will have at the extreme best, but more than a fourth of a normal crop, judging from the harvest to be secured by the Free Press, up to a late hour last night.

WOOLENS STOCK ISSUE ATTRACTIVE

Preference Shares Have Several Unique Features—Strong Directorate.

The Canadian Woollens Limited, issue of \$1,750,000 7 per cent. cumulative preferred shares now being offered to the public, presents several unique features. In the first place, the company is starting operation with no stock of indebtedness standing in front of the preference stock, and moreover, a covenant has been entered into that no mortgages will be placed ahead of the preference shares unless with the consent of more than two-thirds of the issued preferred shares.

The total authorized capitalization of the company is \$5,500,000, made up equally of preferred and common \$100 shares. The aggregate earnings of the Auburn Woollen Company, the Standard Woollen Mills Company and the Bonner-Worth Company, the companies which are amalgamated under the name of Canadian Woollens Limited, have averaged nearly a third of a million dollars a year for the past five and a half years, or over two and one-half times the total annual preferred dividend on the present capitalization.

An unusually strong board of directors is associated with the company. I. Bonner of Paris is general manager of Penmans Limited; A. O. Dawson of Montreal, vice-president and managing director of the Canadian Cottons Limited; F. R. Sweeney of Hamilton, president of the Zimmerman Reeling Limited; J. D. Perry of Toronto, vice-president of Barrymore Cloth Company, and J. B. Ferguson, W. K. George and F. B. Hayes are well known in connection with the development of important Canadian industries.

The organizers of the amalgamation estimate that net profits will be considerably larger under the merger than present orders are a great deal in excess of all previous records, and the quite considerable saving in administrative expenses will increase the surplus available for shareholders. The preference shares are being offered at par, and carry a 25 per cent. bonus on common stock. A syndicate made up of the Canada Bond Corporation, Ferguson & Ormsby and Hanson Bros. are handling the issue.

NEW BANK BRANCHES

Canadian chartered banks opened fifty-seven new branches and closed three in June, which compares with seventy-two branches opened in the previous month and no branches closed. The Royal Bank and Merchants Bank opened eight branches each; National Bank, Commerce Bank, Hamilton, Imperial and Union five each; Provincial four, Montreal, Nova Scotia, and Montreal and Sterling, two each, and Molson one. Of the three branches closed one was by the Imperial at Rochfort, Alta.; Commerce, at Whitecourt, Alta.; and the National at Jolyville, Que.

HOME BANK'S DIVIDEND RAISED TO SIX PER CENT.

The directors of the Home Bank of Canada have declared a dividend upon the paid-up capital stock at the rate of six per cent. per annum from the three months ended August 31, payable September 2, to shareholders of record August 15. Hitherto the rate has been five per cent. per annum, but at the annual meeting recently held, President M. J. Haney announced that the earnings of the bank warranted an increase to six per cent, and the present action is in fulfillment of the promise.

FIRMER TONE IN DOMINION IRON

Black Lake Issues Also Show Strength—Falling Off in Trading.

Wall street's smart recovery yesterday appeared to be viewed with languid interest by traders on the Toronto market. Transactions, which fell below 1300 shares, made up the small total for a full day's trading in weeks, and little effective buying power was in evidence anywhere in the list. An exception might be made of Dominion Iron. This stock opened at 67 1/2 and did not rise above 67 1/2 in the morning session, but in the afternoon the price advanced to 68 1/2, a full point above Monday's final figure, with the closing quotation 68 1/2. Dealings in iron, which reached 210 shares, were slightly exceeded by those in Steel of Canada, but the latter issue showed no inclination to rise above Monday's closing price of 70. The market for the bulls of late, and the advances in the number of specialties have halted abruptly, although prices have suffered no great impairment. However, B. C. Fishing at 61 and Canadian Locomotive at 82 yesterday were respectively about four and three points below recent high levels, predictions of dividend increases having failed to materialize. The Canada Steamship issue turned rather heavy, the common reaching 3-4 to 50 3/4 and the preferred, which closed at 25 3/4, showing the loss of a similar fraction. Brazilian showed an early gain of half a point at 58, but lost this in the afternoon. Spanish River remained steady at 43 5/8.

REACTIONARY TONE ON MONTREAL MARKET

Price Recessions Were Largely Due to a Lack of Buying Power. Montreal, July 22.—Aggregate dealings in Montreal stocks today showed a marked contraction from even the diminishing total of the previous day, as the market fell short by some 5,500 of Monday's level. The general tone of the market was again somewhat reactionary, although price recessions were largely due to a lack of buying power, rather than to any underlying weakness.

U. S. BANK CLEARINGS

The largest bank clearings for any weekly period were reported last week, the total at leading cities in the United States, according to Dun & Bradstreet, amounting to no less than \$8,066,897,253, an increase of 36.2 per cent. over the corresponding week last year and 36.3 per cent. as compared with the same week in 1917.

BANDITS ROE MESSENGER

Chicago, July 22.—Two automobile bandits who held up an eighteen-year-old boy messenger for the Austin National Bank today, escaped with \$10,000 in cash, \$400 in treasury bonds, and \$35,000 in cheques, approximately half of which bank officials say are negotiable.

PRICE OF SILVER

Table with columns: Bid, Ask. Rows: London, July 22—Bar silver, bid higher at 54 1/2 per ounce, New York, July 22—Bar silver, 104 1/2, an advance of 1/2.

Initial Dividend of 4% Paid on July 15, 1919, by the Texas Producing & Refining Co.

Incorporated Under the Laws of the State of Texas. Capitalization \$5,000,000. All Common Stock—Fully Paid and Non-assessable—Par Value \$5.00. No Bonded or Other Indebtedness.

Although this Company has been in operation approximately only three months since its incorporation, its earnings have been sufficient to declare and pay an initial dividend of 4 per cent. This is in accordance with the policy of the company to disburse one-half of its net earnings to the stockholders, retaining the balance as a reserve for expansion, etc.

PROPERTIES—The Company's holdings comprise about 40,000 acres of North Central Texas (practically all in proven territory), including some of the choicest leases in the Ranger and Burkburnett fields. Also a 61-acre refinery site owned in fee at Fort Worth, Texas.

NEW DEVELOPMENTS—The Company has six new wells in Burkburnett field now awaiting completion, and six on the Comanche County lease, just started.

REFINERY—The Company's Refinery will be finished and in operation in about ten days, and will have a daily capacity of 4,000 barrels and a storage capacity of 250,000 barrels, adding a minimum of \$2,000 a day to its earnings.

MANAGEMENT—The Company is efficiently managed (the officers and directors are experienced and successful oil operators and bankers of the highest standing in Texas).

REFERENCE—Any bank in Dallas, Fort Worth or Wichita Falls, Texas, may be referred to as to the personnel of the directorate and the standing of the Company.

IN CONCLUSION—The Company has no liabilities other than its \$5,000,000 Capital Stock issued and outstanding. All properties are owned free and clear. After the completion of the Refinery, which will be paid for when finished, a cash working capital of nearly \$750,000 will be left in the Treasury available for further development and expansion.

Sufficient progress has been made by this Company to entirely eliminate the element of risk from an investment standpoint, and to warrant the most thoughtful consideration of all those who are seeking a sound, stable and attractive investment speculation.

OFFERING—There are 20,000 shares of this stock available which we are able to offer at an attractive figure.
