RYERSON'S CABLE SAYS GEN. CRONJE WERE WOUNDED

This No Doubt Means the Total Number of Canadians
in the Hospital at Orange River on Sunday.

Four Canadians Were Wounded in the Fighting on Tuesday—
Two of Them Were Toronto Men—Official
List of the Dead.

Ottawa, Feb. 25.—(Special.)—A cable was received by the Militia Department to-day from Lieut.-Col. Otter, dated Kimberley, today (Sunday), stating that the following Canadians were wounded on Tuesday, Feb. 21:

"C" COMPANY.
Pte. John Burton Holland.
Pte. R. Kidner, Q. C. B.

"B" COMPANY.
Pte. W. Downing, 62nd St. John
Futilliers, severely.

Pte. A. Parker, 63rd King's County
Battalion.

PTE. ADAMS IS SAFE.
Pte. Adams of the 7th Battalion,
London, recruited in "B" Company,
who was reported missing after
the engagement at Paardeberg on
the 18th inst., has since turned up
for duty.

NINETY CANADIANS WOUNDED.
Dr. C. A. Hodgetts, honorary secretary
of the Canadian branch of the Red Cross
Society, received a cable yesterday from
Dr. G. S. Rymson. It was dated Orange
River, Feb. 25 (yesterday), and read:
"Ninety Canadians killed, ninety wound-
ed." This no doubt refers to the total
Canadian casualties to date.

Belonged to Woodstock.
Ottawa, Feb. 25.—(Special.)—The Corporal
J. Smith killed belongs to the 22nd Oxford
Bn., and lived at Woodstock. The former
reports he is Smith of London.

Sir Alfred Milner's Message.
Ottawa, Feb. 25.—(Special.)—Lord Milner
received a cable from Sir Alfred Milner
Saturday night, reporting the casualties in
the Paardeberg Drift fight on Feb. 18.
The report tallies with that sent by Lord
Strathcona. The cable winds up with:
"With much regret I send above list
I wish to express to you the great admira-
tion which is felt here for the noble share
borne by Canadians in late engagement."
Milner.

Remains of W. Kidner.
Remains of W. Kidner, a well known in
social circles in Toronto, his home in
at 641 Sherbourne-street, and he is a son of
John Kidner of the W. A. Murray Co. He
formerly worked at Murray's, but about
three years ago entered the employ of
Flett, Lowndes & Co., Bay-street, as a
clerk. He was a member of "A" Co., Q. O.
R. for four years, and just before enlisting
in the first contingent he transferred to
"C" Company of his old regiment. He is
21 years of age, but looks somewhat older.
Mr. Kidner is a clever bicycle rider, and
is known around the athletic clubs. Mr.
George Baker, who is a director of the
Flett, Lowndes Co., received a long let-
ter from him last week, containing some
interesting details of the work of the sol-
diers in South Africa. Mr. Kidner wrote

GEN. CRONJE STILL HOLDS HIS POSITION, THO HOPELESS.

Lord Roberts is in No Hurry to End a Situation Which Daily Brings Boers to Attack Him, Who Are Captured.

London, Feb. 25.—(4.55 a.m.)—Perhaps
never before in the course of the present
campaign had such crowds visited the War
Office as were there yesterday. At the
Times remarks today: "The death of
himself is a somewhat trying at a time when
a considerable success was generally re-
garded as imminent."

Roberts in No Hurry.
No disposition of confidence in Lord
Roberts is felt, however, and the public
is ready to believe that he has good reas-
ons for not mentioning General Cronje in
the official despatches. Probably he is
too busy to end a situation which is daily
bringing small parties of Boers in with
endeavour to reinforce General Cronje. These
he can deal with in detail.

Has Captured 500 Boers.
Lord Roberts' army captured over
500 Boers, and at this rate will soon
have quite a respectable array of prisoners
to hold as hostages for the 3000 British
already in Pretoria.

Want Does Cronje's Refusal Mean?
General Cronje's refusal to accept the
offer of Lord Roberts regarding the women
and children indicates either that the pos-
ition is less desperate than has been sup-
posed or that he has been able to dig an
absolutely safe place for his army.

BIG ALLAN STEAMSHIP CALIFORNIAN ON ROCKS

Sailed From Portland, Me., at Midnight, Saturday, and
Struck on Ramisland Ledge Early
Sunday Morning.

Portland, Me., Feb. 25.—The big Allan
Line steamship Californian, which left her
dock at midnight, went ashore on Ramis-
land Ledge, just outside of the harbor, a
few minutes after her pilot left her this
morning. All the passengers are safe, al-
though the condition of the vessel is
doubtful if she can be saved.

Most of the local seafaring men are of
the opinion that the rocks have penetrated
the bottom of the vessel in several places,
and they doubt very much if she can be
saved. The master of the Californian is
Capt. John France, one of the oldest and
most capable employes of the line.

Toronto People on Board.
There are six cabin, five intermediate and
162 steerage passengers, besides a crew of
75 men.

The cabin passengers are: Mr. and Mrs.
Haston, Montreal; Mr. and Mrs. D. Wilson,
Toronto; Miss Bailey, Ottawa, and Mr.
Brewell, Esquimaux, B.C.

It is impossible to give the names of the
others as there are only two lists, one on
board the ship and the other in the mails
for Montreal.

Rockets Were Sent Up.
As soon as the Californian struck the
rocks, rockets were sent up and colored
lights burned. The rockets were observed
by the patrol men at the Cape Elizabeth
Life saving station, but, owing to the severe
gale and high sea, they were unable to row
across in their boat and render the steamer
any assistance.

Ocean Tug Could Not Reach Her.
Soon after a boat from the Cape Elizabeth
Life saving station, led by the tug "Tadpole",
chartered the ocean tug Piedmont to go to
the grounded steamer and render any as-
sistance possible. Such a heavy sea was
encountered that the tug was compelled
to come to anchor fully a half a mile from
the steamer.

Ottawa, Feb. 25.—(Special.)—The Domini-
on postal authorities a few days ago,
prompted by the Opposition, called the
Imperial Government, asking if it could
not see its way to remit the postage on
soldiers' letters. A message was received,
which is a boon to countless Canadians. It
announces that letters to and from soldiers,
Canadian and English, now in South Africa,

A Week of Attractions at Dinwiddie's.
Furry little furs, suitable for ladies'
spring and fall wear, are among the re-
markable features of Dinwiddie's fur clearing
sale, to attract shrewd buyers to the store
this week. There are a number of impor-
tant Parisian pattern garments—notably a
lot of ladies' capotes in rich com-
binations of seal, Persian lamb, sable and
other choice furs, elegantly trimmed in
true Parisian taste, which are offered at
less than it would cost to produce these
garments in Canada. A number of ladies'
furnished wraps, at particularly low prices,
hold a farrow reception at Dinwiddie's this
week, and some rare buying opportunities
remain among the finest survivals of Di-
widdie's real stock of ladies' fur scarfs and
fur accessories.

Paardeberg, Orange Free State, Feb. 25.—

teen Men Missing.

Sterksburg, Sunday, Feb. 25.—A recon-
naissance yesterday in force, under Gen.
Gatcre, with eight guns, found the Boers
occupying a ridge three miles beyond
Molteno, in the Stormberg direction.

Montmorency's Scouts charged the Boers,
who crept round the scouts' flank, pouring
in a deadly fire. The scouts were finally
compelled to retire, having lost heavily.

Fourteen men are missing, and would
have been rescued if not for the disaster to
the scouts, with whom Lieut.-Col. Hosker
happened to be. Their loss was four killed
and many wounded and missing.

Woman's World...

Writing of the love which some women give, women who are repaid by the world in general as outside the pale of love because of their plainness, age, or even deformity, Balzac, in his fine story, "The Quest of the Absolute," says: "But in the whole feminine creation are there any happier women than the deformed who is not crooked for the eyes she loves, the lame woman when her husband would not have her other than she is, and the wife grown old and grey, who is still young for him? When a woman is asked the question of the world, she answers, 'Yes, in this life the greatest glory? It is easy to forget, in a moment's fascination, that a woman does not walk straight; but when she is loved because she is lame, it is the apotheosis of her infirmity.' In the strange world of these words should perhaps be written, 'Blessed are the imperfect, for theirs is the kingdom of love.' And of a truth, beauty must be a misfortune when it is not loved, for it is the only thing that the world prizes so much in the feeling that she inspires: is she not loved for her beauty as an heiress is wedded for her gold? But a woman who is the possessor of a fortune, which the children of Adam seek so eagerly, knows the love that is loved indeed, the inmost mystery of passion, the union of soul with soul. The day of disillusion can never come for her. Her charm is not to be faded, and she is not to be forgotten; and when she makes it her glory that her defects are forgotten, she cannot but see-

ced in her aim. Accordingly the best-loved women in history have been by no means perfectly beautiful for ordinary eyes; Cleopatra, Joanna of Naples, Diana of Poitiers, Mile. de la Valliere, Mme. de Pompadour, and nearly all women famous throughout the world for the love which they once inspired, had their defects and short comings, while others of whom it is recorded that there was no flaw in their loveliness, have over and over again seen love end in piteous tragedy. Do mankind live, after all, rather by sentiment than by pleasure? Perhaps there is a limit to the charm of mere physical beauty, while the beauty of the soul is infinite.

It is not generally known that Tennyson wrote a stirring "English war song," which was published in 1850, but which for some reason or other hitherto unexplained, has been left out of all the later editions. The words are these:

Who fears to die? Who fears to go?
Is there any soldier who fears to die?
He shall find what he fears and none shall
For the man who fears to die.
But the withering scorns of the many shall
To the man who fears to die.
Shout for England, ho! for England;
Shout for England, merrie England;
Shout for England for aye!

The hollow at heart shall crutch forth,
He shall eat the bread of sorrow;
Spur along, spur along, charge, charge to
the front.
Hold up the Lion of England on high,
Shout for God and our right.
Shout for England, ho! for England;
Shout for England, merrie England;
Shout for England for aye!

LINCOLN CONSERVATIVES
Held their Annual Meeting at St. Catharines and Elected Officers.

St. Catharines, Ont., Feb. 24.—The annual meeting of the Lincoln Conservative Association of the County of Lincoln was held at the Court House here to-day, notwithstanding the stormy weather, there was a very large attendance of delegates, the court rooms being crowded to overflowing. The election of officers for the ensuing year resulted as follows:

President, J. H. Ingersoll; Vice-President, L. C. Col. W. G. Grogan; Secretary, H. O'Halloran; Treasurer, Mayor Keith.

Resolutions were passed expressing the confidence of the association in Sir Charles Tupper and Mr. J. P. Whitney.

Arrangements for the Fair Bazaar.

A resolution was also adopted deploring the loss sustained by the Canadian contingent in the result of the election of the Conservative Association on Sunday last, and expressing the sympathy of the association with the relatives of those who have fallen.

Forcible speeches in support of the resolutions were delivered by Messrs. Col. O'Halloran, Major Hiscott, Messrs. A. W. Keeney, C. M. Housberger, J. W. Coy and several other members.

Mr. A. W. Wright of Toronto spoke at length on Dominion and provincial issues. His criticisms of the "machine politics" were received with applause.

Dr. Jessup, of this city, E. A. Lancaster, the Conservative candidate for the Commons, also spoke, and the convention, which closed with cheers for the Queen and the Conservative leaders in the two Houses.

ONE SENSATION SQUELCHED.
King Menelik's Chief Counselor Has Arrived in France and Says Abyssinia Desires Peace.

Marcellus, Feb. 24.—Herr Ing, King Menelik's chief counselor, arrived from Abyssinia to-day.

Europe, during which he intends to visit Premier Waldeck-Rousseau and M. Delcasse, Minister of Affairs.

In an interview, Herr Ing said King Menelik's intentions were most pacific and he desired to live at peace with the neighboring powers. Every foreign incident touching Italy or Egypt, he declared, had either been settled or was on the way to a friendly arrangement. King Menelik hoped to visit the Exposition.

The foregoing statement disposes of the sensational stories published in certain newspapers the effect that Genoul was included to take advantage of Great Britain's difficulties in South Africa to make a move towards Nile.

U. S. TRANSPORT CRIPPLED.
Broke Her Propeller and Had a Very Rough Time-Towed in by Fruit Steamer.

Norfolk, Va., Feb. 24.—The United States transport McPherson, Commander Hutchins was towed into Hampton Roads this morning by the Jamaica Fruit steamer Admiral Sampson, which found the big transport drifting helplessly about at sea several hundred miles off Charleston, S.C. The McPherson broke her propeller Monday, and had a severe experience in the storm on Wednesday night. The vessel was brought to the Norfolk navy yards for repairs.

The disabled vessel passed thru two storms, during one of which Major Hutchins was thrown down and injured. The crew was put on quarter rations after the breakdown, also there were 30 days' rations on board.

YELLOW FEVER ON BOARD.
Steamer From Brazil Lost Two Men on the Voyage.

New York, Feb. 24.—The Lamport & Holt steamer Honore, Capt. Odagan, from Santos, arrived at night and brought with it reported yellow fever on board, two deaths having occurred from the source. They were R. Price, steerman, died Feb. 5, and J. Richards, mess room steward, died Feb. 6. Both were buried at sea.

MURDER AND SUICIDE.

Frank D. Caldwell Shot His Employer's Wife in New York and Killed Himself.

New York, Feb. 24.—Mrs. E. P. Hayes, the wife of Dr. E. P. Hayes, a dentist, with street, was shot and killed to-night in her apartments in that hotel by Dr. Frank D. Caldwell, an assistant of Dr. Hayes, Caldwell then shot and killed himself.

Persons who know the Hayes couple and Caldwell say that Dr. Hayes had for years befriended Caldwell and given him an opportunity to advance in his profession, and in fact, had considered him almost as one of his own family. As a result of this treatment, Caldwell became enamored of Mrs. Hayes and it seems, after many re-pulses, decided that if he could not possess the woman, he would take her out of the world with him, after brooding over his failure to win the love of the wife of the man who had been his partner in business and his best friend, Dr. Caldwell murdered the woman of his affections and then put an end to his life by firing a bullet through his brain.

It is said that Caldwell had evidently been planning for several days.

AROUND RAT PORTAGE.

More Activity and General Improvement in Mining Business in Rat Portage, Feb. 25.—(Special Correspondence to The World.)—There is a pretty unanimous feeling among mining men here that there will be a very general improvement all along the Pie in business during the current year. During the last few months work has been pushed forward with vigor on a large number of properties, and the machinery is necessary for their further economical working, while others, a little more advanced, are again being re-erected and others again have their old machinery being replaced by new and more modern. The rig and the gold mill, these will put between them 300 head of stamps, while others will put in small batteries. A conservative estimate puts it that over 900 additional head of stamps will be installed during the coming summer. Of the already producing mills, the output of which was over \$250,000 last year, the additions made or about to be made to the plant will bring about a considerable increase to the output of bullion, while the other properties that will enter the producing line are expected to add gold bricks considerably. One authority estimates the output of the district for the year to be about \$1,000,000, but that is probably too sanguine an estimate. The million mark is reached by the River district for 1900 at \$2,000,000, but that is probably too sanguine an estimate. The million mark is reached by the River district for 1900 at \$2,000,000, but that is probably too sanguine an estimate.
