TWO BIG ROADS TO JOIN FORCES

Are C.P.R. and C.N.R. to Have Big Station in Toronto and Joint Traffic Arrangement In and Out of City?

The World's story yesterday that the C. P. R. and Canadian Northern were joining hands for a Union Station in Hamilton, immediately north of the present T. H. & B. station created an unusual amount of discussion in this city.

If these two roads are going to join forces in Hamilton, it is altogether likely that they will co-operate in Toronto, and the new terminal station, much talked about, at the corner of Yonge and Castion-streets, is really for both the C. P. R. and Canadian Northern.

Eastern Traffic. (2) If the new station in Toronto is to be common to both roads, then their eastern traffic must go out over the right of way of the C. P. R., the Canadian Northern's Parry Sound line using the C. P. R. to a point a little west of Donlands station, where a spur line would immediately turn north and join the Parry Sound line at Don P. O., a mile to the north.

(3) In the same way the Canadian Northern for its Toronto-Ottawa line would have to use the C. P. R. tracks to the east-side of Agincourt, and cut across the country a couple of miles to join its new line at Malvern on the same level as the C. P. R. (4) It might also follow that the C. P. R. instead of building an independent line from Toronto to Pickering, and along the north shore of the lake to towns like Oakawa, Cobourg and Belleville, would use the line the Canadian Northern is now building.

Tunnel the Thing. The more additional information comes to hand in regard to the real estate transactions, not only in connection with the block at the corner of Yonge-streets, but to the north and east it is evident that a tunnel is contemplated from this new Ontario Station to the Rosedale Ravine, striking it somewhere east of Sherbourne-street, and running under Howland-street. From there the route would run thru the ravine to Tannery Hollow on Yonge-street, across Roxborough-avenue to the level at North Toronto.

The World cannot say that all these combinations are certain to be brought about, but many incidents are taking place that corroborate the various deductions made. There is a story, however, current for some time that the relations are in contemplation between the C. P. R. and Canadian Northern.

BURGULARS AT MAJESTIC Get Into Box Office, But Are Frightened Away. Melodrama returned to the Majestic theatre in the early hours of yesterday morning, when a number of burglars forced an entry to the stage, broke into the carpenter's room and secured a number of his tools. With these they forced the door of the box office, and broke open the till and Manager Leslie's desk, but did not secure any money.

The door of the adjoining room, where the safe stands, was also broken. The safe is about the size of a square, and very heavy, so the burglars did not attempt to blow it, but instead carried it bodily out into the inside lobby. At this juncture they were frightened by Mrs. McNab, wife of the janitor, who heard them at work and started down stairs. The burglars fled leaving safe and tools.

BIG COAL PILE ON FIRE 100,000 Tons of it in a Blaze in New Jersey.

NEW YORK, March 25.—Fire in the coal pockets of Burns Brothers, just west of the Communipaw, N.J., freight terminal at the lower end of the Hudson and the Central Railroad of New Jersey, broke out shortly before ten o'clock to-night and at midnight was burning with a fury that gave little hope it could be controlled. There were tons of coal both hard and soft in the pockets and many loaded coal cars standing 25 feet above on a trestle 100 feet long. The firemen were hampered by the panic of 200 horses freed from nearby stables.

Ultraviolet Rays To Purify Water

Discovery by Pittsburg Scientists That May Be Capable of Application to City Services Some Day.

PITTSBURG, March 25.—Scientists engaged in electrical research for the Westinghouse interests have made a discovery regarding the effect of the "ultra violet" rays from a lamp of transparent quartz, when reflected on a body of water, which, together with its application to practical service, has created a stir in medical and surgical centres. With the use of this strange and immensely powerful light, every form of germ or microbe contained in water is instantly killed when the light strikes the water, and as a result, water thus treated is made perfectly sterile and capable of use in the most delicate operations, or for household uses and for all purposes where pure water is a necessity. Unlike the ordinary sterilizing process which renders the water tasteless, the application of the violet ray leaves the natural properties of the water unchanged.

The violet ray kills, it is claimed, by direct application. The water is ordinary filtered water, merely cleaned of suspended sediment or vegetable matter and then turned into the tank where the suspended light is turned on it. The light is extremely powerful, in fact so powerful that persons are forbidden to look at it with the naked eye, or permit it to reach the hand or any other portion of the body. It is, on the other hand, not brilliant, and is brought about through the use of what is known as the Cooper-Hewitt lamp, a hollow glass tube, vacuum-proof, and filled with mercury in which a very low current of electricity passes.

U. S. SHIP SUBSIDY LOBBY SUSPECTED BY CONGRESS

Special Sub-Committee to Make Enquiry Into Alleged Conspiracy to Influence Legislation.

WASHINGTON, D.C., March 25.—The judicial committee of the house in its report which will be filed to-morrow, recommends that a committee of five be appointed to investigate the charges that a lobby is at work to induce congressmen by intimidation and threats "to support ship subsidy legislation at the present session."

The enquiry is ordered upon the showing made before the committee by representatives of Stevenson of Minnesota and representative Kuestermann of Wisconsin, charging that the mercantile marine league of Cleveland has conspired to unduly influence members of congress in favor of ship subsidy.

Many prominent men, including John Hays Hammond, ex-Governor Myron T. Herrick of Ohio; R. P. Schwerin, general manager of the Pacific Mail Steamship Co., are officers of this organization. It is charged also that the league thru various publications and in private letters has made the statement that foreign shipowners have subscribed "large corruption funds for the purpose of influencing members against a subsidizing of American steamship lines."

HALF MILLION MORE ALTHO RATE IS LOWER

Total Revenue, With 17 1-4 Mills Rate, \$6,799,500, Assessment \$270,000,000.

Taxes for 1910 \$4,677,500 Other revenue (estimated) 2,122,000 Total \$6,799,500 Taxes for 1909 \$4,210,500 Other revenue 1,580,000 Total \$5,790,500 Increase in amount available over last year \$1,009,000.

From the foregoing figures, it is evident that, even after reducing the tax rate from 18 1-2 to 17 1-4 mills, as decided upon by the board of control, there will be in excess of half a million dollars more available for civic administration this year than in 1909. The fact is attributable to the increase in assessment from \$230,000,000 to \$270,000,000 and to an expected increase of \$184,000 in income from other sources.

The rate has not been below 17 1-2 mills since 1908, in which year it was 17 mills, going to 17 1-2 mills next year. It reached its highest mark in 1902 when, after striking a rate of 19 1-2 mills, there was added \$2,100 of a mill for school purposes. For the three succeeding years it stayed at 19 mills, dropping in 1906 to 18 1-2 mills, at which figure it has remained up to the present year.

FERRY SERVICE TO-DAY. There will be a 20-minute ferry service to-day and Sunday, with four boats running. Boats will leave Bay-street wharf for both Centre Island and Haulan's Point, the service continuing from 10 a.m. till 6 p.m.

14 DIE IN FIRE IN A CHICAGO WAREHOUSE

Explosion of Benzine on Fourth Floor Traps Employees on Two Flats Above—Many Tragic Features.

CHICAGO, March 25.—Fourteen lives were lost in a fire which broke out suddenly from an explosion of benzine on the fourth floor of the Plah Furniture Co., 186-8 Wabash-avenue, to-day.

Leo Stockel, head clerk of the Plah Company, who in an accident is said to have started the fire, told his story to Fire Attorney Frank Hogan this afternoon. Altho Stockel is admittedly more unfortunate than culpable, Attorney Hogan says he will bring some charge against the young man to insure his attendance at the inquest. Stockel was brought before the fire attorney with his hand, which had been burned, swathed in bandages. He appeared heartbroken. "About 8:45 o'clock this morning," Stockel said, "Mr. Mitchell, who is a member of the firm, gave me three pocket cigar lighters and told me to go to the finishing room on the fourth floor and fill them with benzine. I had filled two of the lighters out of the five gallon can and was working on the third when there was an explosion. A sheet of flame almost blinded me. I did not fully regain my senses until I had reached the street. The lighters contained a contrivance to make a spark; but whether I ignited one of them or not, I do not know. I either dropped the can of benzine when the flame shot up in front of me, or it was blown out of my hands."

Fire Marshal Moran declared that the single fire escape was of the ladder variety, and expressed the opinion that had this been a bucket escape, no lives would have been lost. Firemen poured water on the building for two hours and a half before the flames were sufficiently subdued to make a search for bodies. Twelve bodies had been recovered this afternoon, when, owing to the falling of the tottering walls, the search was discontinued.

While earlier estimates placed the number of victims trapped on the fourth and fifth floors of the building as high as twenty, later and more thorough investigation indicates that there were but sixteen. Two of these escaped, which leaves but two more to be accounted for.

One of the bodies was worn by her sister, Florence Sullivan, as that of her sister Lillian. She said she recognized a shoe taken from one of the bodies as one which she had worn by her sister, Florence, who is 18-years old, a switchboard operator, was to have gone to work for the furniture company at noon, taking the place of another girl.

Alexander Bush, a street car conductor, identified one of the bodies as that of Harry Darrington, aged 40, painter; Ethel Anderson, aged 18, stenographer; Miner W. Bell, advertising manager; Rosie Druscko, aged 17, stenographer; Mrs. Hannah Burden, aged 20, widow, forewoman folding department; Lillian Sullivan, aged 16, folder; Wm. Green, aged 24, clerk; Ethel L. Chenstein, aged 18, stenographer; Simon Flah; Ermonico McGrath, aged 17, stenographer; Gertrude Quinn, aged 20, folder.

The missing, Mary Wargo, aged 20, folder; Bert St. Clair, aged 28, confidential clerk, three others whose names could not be learned are also reported among the missing. One employee, Emma Lichtenstein, was killed by jumping from a top story window. The body of Mrs. Hannah Burden, identified by means of letters which had escaped the fire.

OWEN SOUND H/R FOR ICE FREE

No Ice in Sight on West Side of the Georgian Bay.

OWEN SOUND, March 25.—(Special.)—Owen Sound harbor is free of ice, and navigation is wide open. Boats from Lake Erie and Lake Michigan can lie up alongside the dock without the slightest difficulty.

A strong southwest wind has cleared the harbor, and there is no ice in sight on west side of Georgian Bay.

SUES FOR \$250,000.

KANSAS CITY, Mo., March 25.—Mrs. Hattie Dunwoode Cole, divorced wife of Howard G. Cole, a Chicago millionaire, to-day file a suit in the circuit court here against Mrs. Louisa Coleman Cole, former wife of Jarvis Hunt, the Chicago architect, but now wife of Howard G. Cole. The suit asks damages amounting to \$250,000 for alienating the affections of Mr. Cole.

TARIFF CRISIS SAFELY PASSED

Word From Washington to Ottawa Officialdom Says an Agreement Will Be Reached.

OTTAWA, March 25.—(Special.)—Official information received here from Washington is to the effect that a satisfactory outcome of the tariff difficulty is certain. It is understood that Hon. W. S. Fielding has notified Sir Wilfrid Laurier that a happy outcome of the negotiations may be looked for.

Almost all the cabinet ministers are in town to-day and those seen by your correspondent were in a cheerful mood when the Washington conference was referred to. It is expected here that Mr. Fielding will make concessions on several articles which enjoy the intermeddiate tariff under the Franco-Canadian trade treaty.

It is constantly remarked in political circles in Ottawa that the people generally do not seem to realize the grave importance of the United States surplus of 25 per cent. It is not merely a 25 per cent. tax, but a 25 per cent. ad valorem, which means, for instance, that if the present duty on an article worth \$20 is \$5, the new duty under the 25 per cent. surtax would be \$5 plus \$1, or \$6 in all. This, of course, would be practically prohibitive.

The banks, of course, have been awake to the prospect of a strike, and have been insisting in their demands that the Canadian Government should do everything possible to bring about a compromise, but beyond the banks, only a few of the industrial firms which do an export business have apparently realized the gravity of the situation.

MINERS ARE SEPARATING WITHOUT AN AGREEMENT

Conferences of the Joint Scale Committee Are Futile—Likely Like a Strike in Ohio.

CINCINNATI, Ohio, March 25.—With a complete disagreement as the sense of its members, the scale committee of the joint conference of the miners and operators of Ohio, Indiana and West Virginia will report to the main body to-morrow morning and the conference is scheduled to come to a close.

Just what action the miners will take following this is a question that is troubling the mining interests here. A secret caucus was held to-night by the miners on the joint scale committee, but its result was not announced.

It is known that western Pennsylvania and Indiana mine owners have offered a five per cent. increase on pick work, and that Ohio has refused the demand. It is reported that at the meeting to-morrow of the miners' convention the question will be whether to strike in Ohio alone or to refuse all offers and call a general strike.

The Sunday World

Hon. W. S. Fielding, Canadian minister of finance, and President Taft are dealing to-day in Washington with a tariff tangle affecting an international trade aggregating two hundred and seventy million dollars. Nearly one hundred million people are waiting for the result.

Every woman in Canada will be interested in the article written exclusively for The Sunday World by Miss Olivia Smith, the noted suffragette, who created a sensation by speaking from the gallery of the legislature on the day of prorogation. In this article Miss Smith throws light on the mental processes of women who are leading in the agitation for the franchise. She tells the circumstances which prompted her to go to the legislature, how she calmed her agitated friends and all her inward impressions in the presence of the highest dignitaries of the province. This article was purchased outright, and will appear in no other paper. Every woman should read it.

The Sunday World will tell in a freely illustrated article of one of the strangest funerals on record, when thirty-seven miners were buried recently in windows blasted in the frozen earth of the northland. It is a story of infinite pathos.

The latest news of the world will be flashed into The Sunday World office over six special wires, including the Associated Press, the Canadian Associated Press, The Sunday World special cable service, the Eason and C. P. R. services, the Western Associated Press, and a corps of trained correspondents in all parts of the Dominion from Halifax to Vancouver. Every department of city news will be covered by a staff of trained reporters.

The editorial department includes striking comment on every phase of city, provincial, federal and imperial politics, a striking cartoon by Hunter, and a cartoon review from leading publications of the United States.

The foreign news department contains a picture of the beautiful Gertrude Miller, who infatuated the Duke of Westmeath, of the victorious Oxford crew; the Princesses of Romania, a review of British sporting news and many other features of interest.

Two pages are devoted to the automobile, aeroplane and commercial motors, including an inclusive editorial on "The Cad and the Gentleman."

The department of literature, music, fine art, science and education contains among many other features of absorbing interest a review of the "Songs of the French Canadians," by John Boyd, and on "Canadian Art and Artists," by Newton McTavish. There are also pictures of noted authors, including the author of "Beautiful Joe."

Three lavishly illustrated theatrical pages give complete information concerning the amusement world. It tells you what is worth going to see and where to see it. McKishnie is making a hit in his "Green Room Gossip." With the Lenten season over, this accomplished editor bursts into song, in this way:

Oh, I've the sweetest hat, mother, So let's be mad and gay; We'll go to the matinee, mother; We'll go to the matinee.

The children are clamoring every week now for the six-color comic section and the adventures of Grubby Goodthing, Ethelinda, Inventive Willie, Jangling Johnson, Mugsy and Mulligan.

There was not a Sunday World to be got for love or money at 10:30 last Saturday night. They are snatched up as soon as they appear on the street. Agents should order extras early.

BANKS ORDERED TO FEEL OUT DRIBBERS

And All Pittsburg's Civic Funds Will Be Withdrawn From the Present Six Depositories.

PITTSBURG, Pa., March 25.—Two presentments laying bare the details of Pittsburg's civic unrighteousness, ordering indictments against 21 present and past councilmen and making a demand upon the directors of the city depositories to investigate their own boards and ascertain the bribe sivers in connection with the ordinance designating their institutions as city depositories, were made by the grand jury to-day.

The presentments make a sensational story of the inside history of corruption in the municipal bodies in 1908, and the demand made upon the banks named indicates that even more sensational developments are expected on Monday, when the bank directors make their report in court. A further result of the presentments was the order of City Controller Morrow late to-day for the withdrawal of all city funds from the six banks, and the practical nullification of the ordinance designating them as custodians of city funds. There is now \$15,000 in these banks now, and this will be increased by many millions during the next week by taxes that are being paid. The deposits will be withdrawn gradually.

To Reach the Bribe-Givers. The extract from the presentment calling upon the bank directors reads: "We call upon the directors of the six banks named as city depositories to investigate who paid for each of the said banks the bribes heretofore set forth and report the same to this grand jury not later than Monday, March 28, 1910. And we further demand that the said report be in writing and certified to by directors of the said banks individually."

We strongly recommend and insist the proper officials of the City of Pittsburg take immediate legal action to nullify the ordinance naming the Farmers Deposit National Bank, the Second National Bank of Pittsburg, the German National Bank of Pittsburg, the Columbia National Bank of Pittsburg, and the Workingman's Savings and Loan Company of Pittsburg, as city depositories in order that the bribe givers may not benefit by reason of their own wrongdoing and criminal conduct.

How Graft Was Worked. The presentments give the full details of the plot by the councilmen to obtain the office of city clerk, the transfer of \$45,000 by an unnamed man to former Councilman Chas. Stewart in the history of the city. It is related that Max G. Leach, former chairman of the Republican county committee, received \$25,000 by arrangement between E. H. Jennings and F. H. Griffen of the Columbia National Bank, and that Leslie gave Wm. Brand, then president of the county council, directly or indirectly \$25,000 to obtain the city deposits for the Columbia National Bank. It is declared that the officials of the bank who paid him the money is unknown. Itstein, it is also declared, kept \$5000 for his services in arranging the deal.

It is further declared in the presentments that the members of the grand jury are of the opinion that the books of the Workingman's Bank have been mutilated, three pages referring to this deal having been cut from the ledger.

Minor Payments. Further declarations in the presentments are that two city clerks were given \$1000 each, that \$1750 was set apart for newspaper men, Henry M. Bolker, city saloonkeeper, also convicted of bribery, was given \$500 for his services in bringing about the meeting between officials of the German National Bank of Pittsburg and the councilmen.

The public is urged not to pass hastily judgment on any official of the banks mentioned, and stress is laid on the solemnity of the institutions.

It is recited that John F. Klein and

UNION STATION PROJECT WOULD CAUSE DELIGHT

Reported Purchases of Property Are Taken to Foreshadow Early Realization

HAMILTON, March 26.—(Special.)—The World's announcement to-day that the C. P. R. and other railways had purchased the property on the south side of the T. H. & B. three blocks in length, from MacNab to Catherine-street, created a great deal of comment.

This project also means that another long-standing grievance will be removed. At present the T. H. & B. and C. P. R. cross all the streets east of Hunter-street at grade, including James-street, and other important thoroughfares.

The union station and hotel project also means the building of a \$1,000,000 subway, and the lowering of the bottom of the Hunter-street tunnel.

Umpire Welcomes One Rule Change

In a very few weeks the baseball fans of the country will have a chance to see how the proposed changes in the playing rules work out in a regular game.

Under the rule which the batsman was entitled to a base should the player stop the ball by hitting the glove or cap. In the new rule the batsman is not allowed to stop the ball in this manner.

It is questionable if baseball will ever again see a player throw a glove or hat at a ball, unless he realizes that it will have no effect under the new rule.

EATON'S EASTER STORE NEWS

The Great Clothing Day of the Year

NEWS OF GOODS ON SALE TO-DAY

The Last Call for Easter Shopping

Many hundreds of visitors will be in town to-day—a great many have left their buying till they "get to EATON'S"; this short list may be of assistance in the suggestions it offers for correct Easter apparel. Those in the city who've left their shopping till the very last minute will also find interest in this good buying news.

Easter Saturday is a day of rush and hurry, we've all we can do to tend to the afternoon throngs—those who shop in the morning will shop in what comfort there's to be had at this last hour, and also they'll get best choice.

TO VISITORS—Make every use of the Store's many conveniences—rest and writing room, third floor; free check room for parcels, wraps etc. in basement; information bureau, main floor; use a transfer card, and keep to the right in the crowd.

New Spring Walking Suit

Special Easter Value at \$11.50

This is one of the best suit values we have offered, in the most wanted fabric, all-wool diagonal worsted, a material that we know will give satisfaction and keep its colors.

The style is one of Dame Fashion's favorites; coat 32 inches long, seven-eighths fitted, lined throughout, long notch collar, trimmed with Ottoman, moire silk or satin; fashionable pleated skirt; colors navy, wood brown, pearl grey, taupe, apricot, green, wisteria, black; sizes 32 to 42. Price 11.50.

The New Accordeon Silk Dress

A favorite in New York, this dress you will have to see to appreciate. The style is exceptionally good, combination collar of silk and lace with belt, the material is all silk foulard and taffeta, in a splendid range of colorings, if you are thinking of buying a dress, see this. Price 15.00.

Women's Light-Weight Raincoats

Now is the season of showers, don't forget the raincoat, it will save your spring coat or frock from the spring showers. We have a splendid assortment of styles, imported and our own make in moire silk, stripe silk, silk finish mohair, roseberry cloth, cravenette and cravenette panama in the correct shades for spring, prices within the reach of all, 7.00, 9.00, 9.50, 10.00, 11.50, 12.50, up to 25.00.

A Good Fashion for Spring

is the 52-inch semi-fitted separate coat, stylish and serviceable for cool evenings, we have a splendid assortment of the garments for Easter wear.

The materials include rajah and tussore silk, taffeta silk and fancy worsteds, natty tweed mixtures, shepherd's check, hairline stripe, wide wale, French and English coatings, diagonal weave worsteds and serges, covert cloths and broadcloths; very moderately priced, 5.00, 6.50, 7.50, 8.50, 10.00, 11.50, 12.50, 12.75 up to 35.00.

We invite your inspection.

Second Floor—James Street North.

Separate Skirts for \$1.95

The wonder is, how they could be made for the price—but see them, and if it's a skirt you're looking for to complete your Easter equipment—either to pack in the "going home" trunk or for wear in the city, you'll quickly choose one of these if you appreciate good value of the best kind. And what a satisfaction to the woman who has left till to-day to do her buying of suit or dress, to walk into this section and see such a wealth of garments, all so pleasingly priced! A good example of which are these skirts.

Made in a stylish gored design, correctly cut and well tailored; the material is all-wool imported cheviot; splendid assortment of sizes; waistband 22 to 29, length 37 to 43; choice of navy or black. Price 1.95.

SECOND FLOOR—JAMES ST.

This Store Superbly Ready to Meet the Easter Requirements of Men and Boys, For Nine Hours To-Day

It is the day before Easter Sunday! To-morrow the great throngs of men and boys will wend their way to church garbed in new Spring attire, and the cold, bleak winter will have been forgotten in the joy of Easter and of Spring's return.

The Overcoat must have your first consideration; then the Suit. This store has shown its ability on past occasions to satisfy each requirement; it will to-day manifest an Easter preparedness that we believe will prove beyond your highest expectations.

BLACK SUITS—Of all-wool vicuna cloths; single-breasted coats, serge lined; beautifully tailored; sizes 36 to 44. Prices 15.00, 18.00 and 20.00.

We Strongly Recommend EATON'S Clothing Service

The materials are all wool and specially selected from foremost British mills, assuring a choice of designs and colors unsurpassed. The style and fit of the garments is distinctly superior, through the special tailoring features. Collars are hand padded, and lapel and collar hand felted; buttonholes are hand worked, the fronts of coats are "hairclothed" from top to bottom to preserve their shapeliness, in addition to an interlining of French canvas. Brief descriptions of a few suits:—

AT \$16.50—A smoke shade worsted with colored pin stripe. Three-button single-breasted sack style, with medium length broad lapels. Best of linings.

AT \$18.00—An imported English worsted cloth in dark olive and smoke shades with Celtic and colored pin stripes. Three-button sack coat with best linings.

AT \$20.00—An olive tinted fawn English worsted with faint colored pin stripes; single-breasted coat with dressy broad lapels. Best of linings and interlinings.

Boys' High-Grade Clothing

We are showing very large assortments of Boys' Clothing of the better class this season and parents will find the choice more than gratifying. A few price-hints:

BLOOMER SUITS, of all-wool navy blue worsted, smartly tailored in the double-breasted style, coats have belt with stitched cuffs on sleeve, loose fitting strap and buckle bloomers, best quality trimmings; sizes 24 to 28. Price 6.00.

DOUBLE-BREASTED bloomer suits, in a splendid assortment of Spring patterns and shades, such as dark and medium grey, browns and olive. Strap and buckle bloomers, Italian body lining; sizes 28 to 33. Prices 5.00, 5.50, 6.50, 7.50 and 10.00.

THREE-PIECE SUITS, superbly tailored from the new importations of Spring worsteds, small neat patterns with the narrow striped effect in two and three-button double-breasted coats, some with cuffs, pleasing shades of dark, medium and light greys and browns. Superior quality cloth linings; sizes 28 to 34, knee pants. Prices 6.00, 7.50, 8.50 and 10.00.

SAILOR SUITS, of imported worsted materials in a pretty shade of grey, loose fitting blouse effect with deep sailor collar, adjustable self-front and black silk tie. Bloomer knickers; sizes 23 to 27. Price 5.50.

SPRING-WEIGHT REEFERS of that fawn covert cloth that gives such serviceable wear. Double-breasted with stitched cuffs and emblem on sleeves. Good quality trimmings; sizes 23 to 28. Price 4.50. Other Spring Reefers at 3.50, 4.00, 5.00, 6.00.

The New Spring Headwear

There is such bewildering variety here in the hats for Easter and Spring that it puzzles one to know where to begin to even hint at the assortment.

THE DERBY HAT, of course, has first place, and our \$5.00 Flexible Derby probably offers the fullest measure of quality and endurance it is possible to acquire. The hat seems almost indestructible. It is of latest style and superbly finished. Price 5.00.

AT 4.00 we show several other famous makes of Stiff Hats.

AT 2.50—Extra Fine Quality Fur Felt Derbies, from a number of the world's leading hat makers, and are thus thoroughly dependable in both quality and style; the finish, too, is noticeably fine; small, medium and large shapes; full and rounded crowns; medium and narrow brims, flat-set or with roll. Certainly no trouble in being precisely fitted.

AT 2.00 AND 1.50 are other excellent qualities in the Derby Hat. A new slate-colored English Derby is shown at 2.00.

IN THE FEDORA, our new \$3.00 hat is especially commendable; of extra quality fur felt in a soft, almost silky finish, and of a rich slate color; a moderate shape that any man could wear. Price 3.00.

Other qualities in the Fedora, 1.50, 2.00 and 2.50.

A SOFT HAT, in a light sage green, \$2.00; a strongly-favored American style; brim finished with raw edge and worn with dip front; crown may be worn in various shapes. Price 2.00.

At the same price a similar hat comes in a myrtle green, and another in a sort of light navy blue.

Prettiest of Allover Embroidery Waists, \$1

At a glance you'd think it was made of alternate rows of wide embroidery insertion and fine lawn; instead, it's an all-over embroidery designed and cut to give the effect of such. It's made with a dainty round yoke and collar of solid Val. insertion, and finished down front with tiny tucks; the sleeves are made in the new Bishop style, making a waist of extraordinary value at 1.00. Sizes 32 to 42.

Also a Smart Tailored Waist, of linette with laundered collar, at 1.00.

WOMEN'S PONGEE SILK WAISTS,

front trimmed with wide and narrow tucking, three points at side trimmed with large silk-covered buttons, long sleeves and collar trimmed to match, buttoned back; colors grey, black, navy, brown, green, Saxe, amethyst, rose and natural. 3.95.

WOMEN'S JAPANESE SILK AND NET WAISTS,

some have dainty lace yoke with guipure medallions, some have pointed yoke and panel of wide embroidered net, some have yoke trimmed with Valenciennes insertion, with front embroidered in floral design, others have front of solid tucking, new Bishop sleeves, white, ecru and black; sizes 32 to 42. Price 2.95.

\$3.59 Buys a Handsome Silk Petticoat for the Spring Suit

Women's Black Taffeta Silk Petticoats, extra deep flounce of bias tucking, strapping, and three inlaid frills, deep percaline underpiece with gathered frill, lengths 37 to 43. Price 3.59.

A New Arrival of Girls' Sailor Blouses

Girls' Sailor Blouses, of fine quality white drill, made with sailor collar, cuffs and pockets; has extra Dutch and navy blue collar and cuffs trimmed with narrow braid; sizes 6, 8, 10, 12 and 14 years. Price .89.

SECOND FLOOR—CENTRE.

Some Easter Novelties in Toyland, Half Price

What would Easter be without the little chicks or rabbits in their various forms and arrangements? Toyland offers hundreds of most interesting ideas to please the children and older folks; and to ease strain of afternoon rush as much as possible, we are offering an odd lot of novelties at half price. Can't give detailed description—all sorts of things—each having some place for holding candies, etc. Saturday, half price, from .25 to .50.

—FIFTH FLOOR.

Inexpensive Traveling Goods

Holiday visitors have the opportunity of buying trunks, suit cases and other baggage to decided price-advantage while in Toronto. Here are a few values in the less expensive goods:

"Square" Canvas-Covered Trunk, half-inch hardwood slats, brass bound, strong lock and side bolts, tray and covered hat box, two outside leather straps, sheet iron bottom; sizes 32, 34 and 36 inches. Your choice, each 2.95.

AT \$4.50—"Square" Canvas-Covered Trunk, half-inch hardwood slats, fibre bound all around, brass dome corners and valance clamps, brass lock and side clamps, deep covered tray and hat box, extra dress tray, two outside leather straps, riveted to sheet iron bottom; sizes 34 and 36 inches. 4.50.

Suit Case 98c—Dark Brown Canvas Covered Case, steel frame, rivetted edges, brass lock and side clamps, lined with inside straps; sizes 22, 24 and 26 inches. Your choice, each .98.

50 Suit Cases in a walrus grain leatherette, strong steel frame, brass lock and side clamps, lined with inside straps; lengths 24 and 26 inches. Extraordinarily good value, at each 1.75.

Feather-weight Suit Case, made up in Japanese matting, waterproof and very strong, fitted with brass lock and side clamps, and inside pocket and straps, leather bound all around; 22, 24 and 26 inches. Three sizes, at 2.75, 3.00 and 3.25.

Note and Comment

"Best meeting in my time" is the way Secretary W. H. Hall characterized yesterday's annual C.L.A. convention...

It is a mighty good council, the Erie Knott is the only Toronto member, Woody Tegar being beaten by three votes...

The delegates stuck resolutely to the three-day rule and the new seniors, as well as the intermediates, juniors and juveniles, must bring to their own fall...

THIS LEAGUE AND HAMILTON TIE FOR SOCCER HONORS

Westinghouse Score One Goal in First Half and Locals Another in the Second.

At Diamond Park yesterday afternoon the Thistles of Toronto and the Westinghouse team of Hamilton played the first game of the round for the championship of Ontario, with a tie result, one all.

In the first half the visitors had slightly the better of the play and after 25 minutes, White scored in scoring after an excellent piece of combination play on the part of the forwards.

In the second half Thistles started with a run and had considerable of the play in their favor, but they were unable to score for 30 minutes, when Parker made a nice long drive from the left wing, which tied the score.

The teams were very evenly matched and the second game of the round will be played next Saturday at Hamilton, should there be a very close and fast contest.

Toronto Thistles (1): Goal, Hardy; full back, Campbell and Murdoch; half backs, Jones; left half, MacBain; centre, H. Higgins; forwards, Parker, Cate, Banks, Rows and Appleton.

Hamilton Westinghouse (2): Goal, Newell; full back, H. Thomas; B. Thomas; right half, Hunter; left half, Gillespie; centre, Newton; forwards, Beaumont, A. McDonald, J. W. Ward, W. White, Referee, J. Dobbie of the Thistles.

W.E.Y.M.C.A. Boys' Medley Relay Race. The West End Y.M.C.A. boys' medley relay race was a very successful medley relay race on Friday morning.

The first race of this kind that they ever held, and it was a great race from the start to the finish, 50 yards race of six boys took part, each man starting and finishing at the same place.

The first relay of boys, running about a hundred yards, finished well in a bunch, but in the second Russell for Miles team got a nice lead from Dick Wise.

Dimock, in the third, however, could not hold lead against his brother on Blackwell's team, who finished 50 yards race of six boys took part, each man starting and finishing at the same place.

The following are the scores: A. Harris of Jenkinson's and P. Crofoot of Miles' team beat out J. Dennis, who led from G. Dimock. The last relay was a hard race all the way.

Jenkinson started off with a lead, but Miles and Blackwell caught him and were on even terms with him at Dundas street coming back. This is where the final race was decided.

Until the final sprint, when Jenkinson won out by a slight margin, and Miles and Blackwell finished within two feet apart in the above order. F. Dillon ran a good race, but had too much of a lead to overtake. The order of the finish and the teams were:

J. Jenkinson (capt.), F. McGrath, J. Pierce, C. McCreary, H. Dalton, A. Harris. Time 21 min. 46 sec.

E. F. Miles (capt.), T. Mason, W. Russell, G. Dimock, H. Dimock, P. Crofoot. Time 21 min. 22 sec.

E. Blackwell (capt.), A. Eadie, H. Sutton, McDonald, G. Dimock, J. Dennis. Time 21 min. 54 sec.

Distances, 200 yards, 80 yards, 100 yards, one mile, 1 1/2 miles, 1/2 mile. Total distance, about 5 miles.

Amateur Baseball. The Claremonts, champions of the Inter-City League, have reorganized for the season of 1910, and have signed all last year's players.

The Claremonts will play in the Toronto Senior League this year. The following are the officers of the club: Hon. president, G. P. Reid; president, G. Maxwell; vice-president, B. Dunne; secretary-treasurer, Ernie Uphogrove; manager, J. Cleburne.

The Claremonts will hold a practice this afternoon east of Bellwoods Park. The Pembroke baseball team defeated the Toronto Tigers Club last night in the first game of the season, the score being 9 to 0.

The line-up of the winners was as follows: Smith, 2b; G. Bee, 3rd; V. Ryan, ss; Hayes, lf; Parker, cf; J. Wightman, rf; Stewart, p.

MOTHERED IN BED

Barnardo Girl Wakes to Find Baby Dead by Her Side.

Edward Smith, the six week old son of Miss Smith was found dead in bed with his mother yesterday morning at the home of Charles Caldwell, 504 East Queen-street, where Miss Smith has been staying for the past couple of weeks.

Miss Smith, who is about eighteen years old, occupied a bed in which two other children, besides her son, slept. She was notified of the baby's death by one of the children exclaiming that the baby felt cold. The police were notified and the body taken to the morgue. A post mortem will be held this morning by Coroner Pickering. So far the cause of his death is not known, but the babe was probably accidentally smothered. Miss Smith was a Barnardo home girl and came to Canada when an infant.

MORE SOCCER PLAYERS MEET DISQUALIFICATION

Western Football Association Determined to Keep the Game Clean—Officers and New Rules.

GALT, March 25.—(Special).—President D. A. McLachlan, in opening the annual meeting of the Western Football Association, gave it as his opinion that the protests caused by unsportsmanlike conduct will continue until officers and players learn that the real purpose of the W.F.A. is not merely the awarding of championships but for the splendid recreation furnished in the playing of association football and for the development of true manhood among our young men, so that they may be nobler, truer and more worthy citizens.

The Western Football Association of the old and cleanest amateur athletic associations in America, and we want to keep it always, fully up to the standard. In the Tavistock and Owen Sound protests, trouble arose out of false declarations made to prove that Herbert Johnson did not personally act as day on the Owen Sound team. John D. Campbell, manager, Owen Sound, for action in this matter, was reported for expulsion from membership in the W.F.A. Dr. Murray of the Owen Sound club, who also for his conduct had been struck off, appeared and sought before the executive committee and made certain explanations. Gifford King, of Hickson, was reported for suspension till October of this year, and James Bailey, of Caledon East, likewise. Stanley Campbell, Fred Sloan and George W. Cantling, of the Owen Sound Juniors, who made false affidavits were named to be expelled. Judge Tezdel, at the trial, set the proper tribunal to try these men was the W. F. A. at the annual meeting and the association has promptly acted upon the suggestion by unanimously backing up the disqualification of the men concerned. The principal changes made in the W.F.A. constitution were: Making it the duty of the vice-president to see to the interests of the association in the consideration of such questions to the executive committee to suspend or expel at discretion, the player or officer of a club for conduct on the field or any meeting or gathering in interest of the game or for any illegal, vicious or unsportsmanlike act in connection with the management of a club or conduct of a match. AWARD AN AUTOMOBILE TO CHAMPION BATSMAN

National Baseball Commission Promulgates Rules—No Decision in Kling Case.

CINCINNATI, March 25.—After debating for five hours, the national commission adjourned late today without taking any definite action regarding the application of Johnny Kling for reinstatement.

The national commission has failed thus far to reach an agreement in the Kling case," said Chairman Hermann. "We have exchanged views all along the line, and can come to no conclusion. We will exchange additional views by wire or mail and pitchers with the decision by next Thursday at the latest."

Sam B. Johnson and Thomas J. Lynch said an agreement would certainly be reached within the next week. The commission issued a notice to all major league clubs to receive applications under which a Detroit firm is to present an automobile to the champion batsman in the season of 1910. Players to be eligible for the prize must have been credited with 200 times at bat, with 22 times and pitchers with 100. The official league batting average will be the only factor considered in awarding the prize.

The commission refused to take further action in the case of Peter Hunt, who was sold to the Boston American League Club by Hutchinson, Kas., and also to the Wichita, Kas. Club. On a former hearing in Texas, with McGraw's team, Boston, the present hearing being a dispute between the two western clubs, Hunt had no title to his services. Joe Knott, who played with Buffalo in the Eastern League last year, was denied the standing of a free agent. He claimed it because of his successive transfers to Jersey City and New Britain, Conn.

On appeal by the Canton, Ohio, Club, the Portsmouth Club was ordered to pay the former money. It received from the New York National League Club for Chester A. Spencer, a player who is training in Texas, with McGraw's team, Canton obtained Spencer from Toledo and proved to the commission that Portsmouth had no title to his services. The commission adjourned at 4 p.m., announcing that no decision had been reached in the Kling case. It was hinted, however, within a few days.

MARKED FORM REVERSALS AT JACKSONVILLE TRACK

Col. Ashmeade and Jane Swift Come to Life and Win—Results at Oakland.

JACKSONVILLE, March 25.—The improvement shown by Col. Ashmeade, winner of the second race at Moncrief to-day excited much comment. He was much the best of his field and won easily. Jane Swift, winner of the third, also showed a marked reversal of form. Grace Kimball was another that showed form reversal to-day, and after the running of the races, the judges forbade the further entering of this horse. Summary:

FIRST RACE, 5/8 furlongs: 1. Baracus, 56 (Moore), 8 to 1. 2. Snowball, 106 (Gans), 7 to 1. 3. Pedigree, 106 (Dreyer), 100 to 1. Time 1:08. Moncrief, Trestler, Bonaster, Couette, Cogen, Lista, Away and After also ran.

The Men Can't Be Fooled with imitations of O'Keefe's SPECIAL EXTRA MILD ALE. This special Ale of O'KEEFE'S is not merely a light beer. It is a distinct and special brew—originated and perfected by the O'Keefe Brewery. It has the full flavor—the rich, creamy deliciousness—of the finest Ales, without their heaviness and bitterness. Owing to the great success of O'KEEFE'S Special Extra Mild Ale, other brewers are bringing out so-called "Special Ales" and labelling them as such. Of course, these Ales are said to be "just the same" or "just as good" as O'Keefe's. Get the genuine—not the imitations. Insist that your dealer sends O'KEEFE'S Special Extra Mild Ale. RACES DRAW GOOD GROWD TO-DAY AT PARK TRACK

Harry Lee and Gamy Win Pacing Events and Strategy the Run.

The opening matinee of the season was held yesterday at Dufferin Park, under the auspices of the Dufferin Driving Club, when fully 1000 people were out to see the harness horses and gallopers have their initial workout.

The track, considering that it is very early in the season, was in remarkably good shape, particularly on the front stretch, and some great finishes were witnessed. Starter Gamy in second position, and Wiry Jim third. They got away to a splendid start, being noses apart. Billie Dolan, who has been pointed in this \$1 per horse, some agency, was very little delay in getting them away.

The first race was called at 2:30, when six pacers faced the wire. Billie Dolan had the pole, and after the horses started, Harry Lee in the center was a whipper-in and Wiry Jim third. They got away to a splendid start, being noses apart. Billie Dolan, who has been pointed in this \$1 per horse, some agency, was very little delay in getting them away.

The second heat was a repetition. Gamy seemed to have a better start than the other horse. He won in the one, two, three or four. All of the horses are short of work, and the time was fairly good, considering it being so early in the season.

The second race was between Harry Lee and Nettie Star for first position, but the little Parrel pacer seemed to be there with the goods delivered. Harry Lee has just purchased Nettie Star. This is the first race he has driven her in. Also R. J. McBride's new purchase, Nettie Ethan, was in a similar position. Mr. McBride's mare is a grand looker, and with the fast pace she will be going, but up with the fast ones. Harry Lee is the ever consistent little pacer. He always has a piece of the money. Wiry Staunton, owned by Mr. Snell, was also short of work, and he can beat that time very much.

The running event was won by Strategy, who broke well. She was very first and the others could not get to her. It was a nice afternoon's sport, and the officers of the club are pleased to see so many of the fair sex in the stand. The summary follows: Special pace, 1/2 mile heats—Harry Lee, br., C. Lee (owner), 1 1/2. Nettie Star, br., R. J. McBride (owner), 2 1/2. Wiry Staunton, br., Geo. Snell (owner), 3 1/2. Harry Lee, br., C. Lee (owner), 4 1/2. Time 1:16. 1 1/2 mile heats—Gamy, br., P. Kelley (w. Mead), 1 1/2. Wiry Jim, J. Mead (owner), 2 1/2. Easy Laura, bk., J. Kenyon (owner), 3 1/2. Harry Lee, br., C. Lee (owner), 4 1/2. Time 1:16. 1 1/2 mile heats—(J. McPhie) 3 1/2. No Trouble, gr., N. Goodson (J. C. Lee), 4 1/2. Minnie L., br., E. R. Lee (owner), 5 1/2. Time 1:16. 1 1/2 mile heats—Four and a half furlongs run: 1. Strategy, 119 (Wilson), 1 1/2. 2. John W. Wise, 105 (Crowley), 2 1/2. 3. Alarmed, 106 (Douglas), 3 1/2. Time 58. Ramble left at post. Judges: C. Woods, H. E. Clark and John Marshall. Timers: J. T. Hutson, Geo. May. Starter: R. J. Patterson. Clerk: W. A. McCullough.

HARRIERS RUN ON HOLIDAY IN WEST END PAPER CHASE

Half a Dozen Clubs Combine in Splendid Outing—Harry Tressider First Home.

Over 90 runners started in the West End's paper chase on Good Friday morning, representing the Central Y.M.C.A., Vermont Harriers, Tecumseh Athletic Club, Irish-Canadian A.C., Brantford Y.M.C.A. and West End Y.M.C.A.

It was 10:30 before all the runners were ready to start, and after the photographing had taken a picture of the runners on their way. They were Harry Tressider of Central, Vic. Puttock of West End, and Skinner of the Vermonts. Four minutes later the slow pace were sent out in charge of Jim Hrydon and Jack Tressider of Central and Irving Parkes and Will, Holford of West End, and five minutes later the fast pace started in charge of Jack Near, Arnold Knox, Alf. Sellers and Russell Frost of West End.

The hare laid a good trail of about eight miles, starting up Dovercourt-road, across fields and private property to Humberside and Dundas-streets, then down through High Park and returning.

Harry Tressider led home the hare, followed closely by Skinner and Puttock, who were just about two hundred yards ahead of the fast pace, of which Jack Roe was the first man, followed closely by Jack Near, Arnold Knox, Alf. Sellers, Jack Tressider and the rest.

Everybody claimed they had a good time and the run was pronounced a huge success.

The West End Harriers will now train for the club's 3 1/2 mile team race, which will be held on April 15 next.

The Dog Show. The spring show will be brought to a close at 10 o'clock to-night, when the Ontario Kennel Club winds up its first and most successful display in the spacious building at 119 Church-street. Judging was commenced at 10 a.m. yesterday and to-day's visitors will have the advantage of seeing at a glance how the dogs were placed, a card being tacked on each stall.

The Sir Henry Pellatt Challenge Trophy, valued at \$250, will be competed for this afternoon by the best dogs in the show. The judges will commence work sharp at 11 a.m. to-day.

MAHER'S HORSE EXCHANGE

PRIVATE SALES of Horses, Carriages, Harness, Blankets, etc., Every Day. "THE HORSE MARKET OF CANADA."

TWO IMMENSE AUCTION SALES

700 HORSES MONDAY (March 28th at 11 a.m. 400 Horses) THURSDAY (March 31st at 11 a.m. 300 Horses)

HORSES of all classes—HEAVY DRAUGHTS, GENERAL PURPOSE, EXPRESS and DELIVERY HORSES, CARRIAGE COBS, SADDLE and ROAD HORSES fresh from the Breeder and ready for work. In addition to our usual consignments of country horses, we shall have for Monday's Sale 4 LOADS OF BUSH HORSES (see further particulars below). We cannot write too highly about these horses; most of them weigh around 1,500 lbs., a lot of them are MARES (some in foal), and they are the best horses money could buy when they were put to their work last fall.

MONDAY NEXT A Carload of Bush Horses

From the De La Plante Lumber Company, Limited, Tomiko, Ontario.

This is a good load of horses right out of their work, and they have been consigned to us to sell to the highest bidder. We commence with this load at 11 o'clock sharp; do not forget the time. NO RESERVE.

ALSO A Carload of Bush Horses

From Messrs. McFadden & Malloy, Lumbermen, Webbwood, Ont.

These horses weigh from 1,400 to 1,500 lbs., are well seasoned, being right out of work, and are ready for work. Amongst them are several good mares in foal. NO RESERVE.

ALSO A Carload of Bush Horses

From The Carney Lumber Co., Massey, Ont.

This is a good consignment, right out of their harness, and full of hard days' work. Most of these are good mares, and several of them are in foal.

ALSO A Carload of Bush Horses

From The Spanish Pulp Co., Massey, Ont.

This will be the first Auction Sale of Bush Horses this Spring. People who know the prices lumbermen pay for their horses will know what to expect. To others, we would say, these horses are the finest that can be purchased in Ontario, most of them in poor condition, on account of a hard season's work under most trying conditions. We would call farmers' attention to the number of mares in these consignments. Quite a few of them are heavy in foal. Do not forget to attend this sale, if you need horses for the coming season, as there will be NO RESERVE.

ALSO ON MONDAY We Shall Sell

A DAPPLED GREY MARE (Petcheron), in foal 6 years, 15 hands, weight 1,400 lbs., and sound. This is a fine type of a good gelding, thoroughly broken to harness and saddle, and city sights. ALSO his Standhope Bugby and Silver-mounted Harness.

ALSO ON MONDAY AND THURSDAY we shall sell a number of serviceable sound workers and drivers, consigned to us by city people who have no further use to them.

WE SELL STRICTLY ON COMMISSION. Commission—5 per cent. Entry-fee—(if not sold) \$1 per horse.

ALL HORSES sold with a guarantee are returnable by noon the day following sale if not up to warranty.

YONGE, Dupont, Avenue Road, Belt Line or Church cars pass within 1/2 a block of our Stables. P. MAHER, Proprietor. GEORGE JACKSON, Auctioneer.

TELEGRAMMATIC ECCENTRICITIES.

Every now and then The Evening Telegram gets locoed and runs amok, or in some fine frenzy or another turns on its neighbors and rends them.

As it does the same with its own pair, to which The Evening Star has recently borne simple witness, no surprise need be felt.

The Telegram has no regard for coherence or consistency or any other quality affected by reasonable beings. Ordinary common sense would dictate a little respect for truth and fact, but the uncommon sense of The Telegram delights in excursions into the realm of fancy and in the exercise of those gifts of redomestic and inventive which it mistakes for endowments of genius.

On level ground, and when not affected with a recurring frenzy, The Telegram does very well, but unreasonable prejudices, and innate prepossessions warp its judgment. Like the Russian navy in the North Sea it is apt to mistake fishing smacks for torpedo boats, and when it does, the cannonading is kept up as long as the ammunition lasts.

An inherent love of rag-time, for instance, has led The Telegram into an inveterate dislike of such magnificent music as Lavalley's national anthem, and on all occasions it inveighs against "O Canada" as the "rag-time" was the Canadian chorale standard.

The Telegram attacks The World over one of the waterworks questions recently raised. This time it is the testing of the tunnel under the bay. The custom of locking the stable door after the steed is stolen is time-honored in Toronto, and The Telegram has always been its ardent advocate.

The tunnel should have been tested, of course, if it was to be tested at all, before it was accepted from the contractor. A year was allowed, however, in which to make the test. The year having expired, The Telegram now thinks the occasion opportune to make a test. It asks The World to suggest an alternative policy.

It follows its frequent course of falsely representing our attitude, by appearing to quote the words, "Leave the whole situation in the hands of the works department," as the "The World had suggested this plan."

The World complimented The Telegram on the 15th inst. on its interference in settling facts from other lake cities. We then said: "What is demonstrating the incapacity of the city government to appreciate the magnitude of the problems involved by the rapid growth of the city?"

On the 19th we censured the board of control for not adopting in the full Dr. Sheard's recommendation to extend the intake pipe 1500 feet. On the 21st we commented on the fact that the typhoid epidemic abated itself independently of anything done at the city hall.

On the 22nd we presented the views of the Canadian Engineer, and dwelt upon the necessity of having a stronger, abler government at the city hall, composed of broader, cleverer and more independent men.

We suggested that the board of trade might do something to stir up the citizens to a sense of what is needed.

On reading over The Telegram article of Thursday, it seems clear that it was written without any regard to the facts, but thereby to make a point in argument with unthinking readers. It is a pity that The Telegram does not keep to its wiser course of gathering information.

For the moment The Telegram appears to have taken up the cause of the board of control as against the mayor and the city engineer. Can anything be more corroborative of our view that a wise and responsible government is needed at the city hall? When a division of opinion exists on a matter of this kind among those who ought to know, if they ever know anything, what exactly ought to be done, what hope is there for wise or definite action when more complicated and difficult technical problems are submitted to their judgment?

And The Telegram, instead of trying to get the facts as other papers have been trying to do, merely starts to abuse those with whom it disagrees. Abuse is no substitute for facts or argument, and does nothing to improve city hall government. This is why The Telegram is such an evil influence in Toronto civic life.

It is notorious that scarcely any man of any standing in business or social life in Toronto will attempt to enter the civic arena knowing what is in store for him at the hands of The Telegram. But until the standard of civic rulers is raised very much above the present average, no improvement need be looked for in the execution of civic business. We believe that only by the adoption of the principle of government by commission will it be possible to secure capable government for a city the size of Toronto.

To gain this the whole inert mass of ward politics would have to be overturned, the city press would have to agree upon the plan to be followed, and important city bodies like the board of trade, the Bankers' Association, and the mercantile associations would have to co-operate for its adoption.

Meanwhile The Telegram will be free to cultivate rag-time in politics and music, and abuse those who disagree with its momentary preferences. We fear the board of control will not long enjoy its present confidence.

MODERN APPLICATIONS OF ELECTRICITY.

In a paper read at a meeting of the Municipal and Allied Foremen's Provident Institution by Mr. F. Bailey, engineer to the City of London Electric Lighting Company, some interesting statements were made regarding modern applications of electricity.

Nearly every office in the metropolis now uses electric radiators in cold weather and the City of London Company now supplies more than 4000 horse power of electrical energy for the sole purpose of supplying these radiators. Their use in the City of London, according to Mr. Bailey, alone represents a saving to the users of at least 400 tons of coal per week.

This assurance should hold out hope to the Toronto householder that before long he may be saved the trouble and annoyance of coping with the necessities of the cellar and the furnace.

Mr. Bailey, however, asked his audience not to imagine that the electric radiator is the only application of electrical energy worthy of mention for domestic purposes. Hot water, he went on to explain, can be obtained in any quantity by means of an electric heater; tea can be made without trouble with the assistance of the electric kettle; your hat can be ironed by the use of an electric iron, the self contained electric shaver will remove all evidence of a hasty morning toilet; the small electric grill will cook the mid-day chop, and the cigar lighter is available for the cigars of your friends and your own pipe.

In many trades, Mr. Bailey explained, such useful articles as electric glue pots, soldering irons, sealing wax heaters, etc., are simply indispensable. Many articles are now prepared and baked entirely by means of electrical energy, and even water is sterilized by exposure to the ultra violet rays of mercury vapor lamps.

Dealing with the application of electrical energy for motive power, Mr. Bailey alluded to the perfection now attained in the manufacture of electric motors, their low cost and remarkable durability. This he illustrated by stating that in his own experience, motors driving workshop appliances had been in use for the last 15 years, are still running and have cost nothing for repairs during that period.

Out of the 210,000 horsepower required within the London district, no less than 125,000 horsepower is electrical and in a district where his company was told no demand existed for power, 20,000 horsepower is now supplied, displacing something like 60,000 tons of coal annually. London, Mr. Bailey declared, has now been practically cleared of the former yellow fog, and when the electric radiator and electric cooking are adopted in all houses in London, there will be no unconsumed carbon in the atmosphere, for at the present time the household chimney is the only real offender. These developments in electrical application are notable enough, but none can doubt they are only precursors of far more extensive uses. A future not remote will amply justify the hydro-electric policy of the present provincial government, which has secured that this invaluable boon of Niagara, white coal will be made available to the masses of the people at a price based entirely on legitimate expenditure.

EXPLOITING PRINCE RUPERT.

A pitiful wall comes from Prince Rupert, the founding of the west, which, according to The Optimist, has been robbed and stripped and thrown by the wayside. The British Columbia Government, which is responsible for this condition of things, is accused by The Optimist of destroying the great opportunities the new city had of becoming a model municipality for the rest of Canada to pattern by.

The corporations have been given a free hand, and the result is that the people will be enslaved forever. Or if they manage to purchase their freedom it will be at such a cost as to mortgage the future. The charges are concentrated upon the person of Hon. W. J. Bower, who is described as the friend of men whose business it is to hunt franchisees. He is the champion of "vested interests" which were on the spot apparently before the city was founded.

The Tsimpson Power Co., which got a franchise for the cost of the fees, and has invested nothing, is one of these interests, and they want \$100,000. The Prince Rupert Power Co. is another which has spent nothing. The British Columbia Tie & Timber Co., which put up a cheap electric light system and went out of business, is another. The government got nothing that is accounted for from the companies, and the companies have got \$1,000,000 out of the people. The situation in Rupert—the residents drop the "Prince"—gives Ontario reason for modified gratitude that things here are not so bad as they might be. And yet, and yet—New On-

On February 28 the last batch of Chinese contract laborers left South Africa. Their gradual withdrawal has not been followed by injury to the mining industry, which indeed is better now than ever.

Pittsburg is enjoying an unpleasant notoriety. There, as elsewhere, the bribe givers were franchise seekers and municipal exploiters.

Rev. Dr. Geggis holds that one of the leading characteristics of the Scot in his political and intellectual independence. English Tory critics say he is Liberal because of his innate Conservatism. There is warrant for both judgments.

The United States is talking reciprocity but there the people propose and the Senators dispose. Promises are lightly made and in tariff matters as unsubstantial as the breath that carries them.

Bismarck once asseverated that he would never go to Canossa, the castle in Italy where the Emperor Henry VI. humiliated himself before Pope Gregory VII. in 1077. But he went all the same. Is Mr. Fielding's pilgrimage to Washington, where Canada was never again to appear, a similar capitulation? Your true Canadian would have none of it.

This is how Le Figaro of Paris describes the British Chancellor of the Exchequer: "The eye of Lloyd George shoots out flames. It is with the innate majesty of a king of speech that he treads the platform, roaring, stamping, eye howling, while he shakes the mass of his long black hair." Too picturesque for fact, but French fiction is nothing if not graphic.

WHERE OUR PROSPERITY HAS GONE.

N. Y. Times editorial: The February trade returns are of a sort which occur only at an interval of years, and which always have a significance if only it can be rightly seized. The fact that our exports are so decreasing, and our imports increasing, that we are debtors on the merchandise movement, is rare in our history. It is concurrent with a deficit in our national revenue, with a check to our domestic trade, and a diminished construction of railway mileage; and with a reversal of the currents of immigration. We are losing men and merchandise, and relatively thru a prolonged period, and there seems a mystery about it.

Looking across our northern border, not one, but all these conditions are reversed. Canada's revenues are in-

creasing. Its immigration is unprecedented, and is especially remarkable in the fact that much of it is American. Its foreign trade for January—the latest report—is a month—increased by 20 per cent., and is a record. The increase for ten months is 20 per cent., and is due both to export and import growth.

What might our loss be at the contemplation of our cousins' prosperity is that we taught them the tricks they are profiting by. We taught them how cheap and would attract home-seekers. We taught them how to build railways with land grants. We taught them how population follows the rail, and how exports grow as sure as a farmer raises more than he eats. Perhaps it was not necessary to teach these things, so self-evident, and so certainly the source of our recent prosperity. We have altered all that. We are now devoted to reform.

We shall soon purify our corporations, or sell them always, whatever the source of our ills now, whatever their work of development may have been the old bad days. Our population is larger than we can feed, and our foreign trade is so excessive, and such a betrayal of the contributors to the Republican campaign funds, that we have recently passed a tariff warranted to decrease it, and to raise the cost of cheap goods. We have turned our backs on our past, and Canada is travelling in our unregenerate days, and is reaping her reward. WE PREFER THE PATH OF VIRTUE, AND SINCERELY WE ARE LAYING UP TREASURES IN A BETTER WORLD.

All the truly good will rejoice. ONLY THE BAD WILL ENVY CANADA. And these may even be those who will not recognize the feather of an American eagle on the shaft which has slain our enterprises when they are showing a vitality almost superior to the discouragements of reform, which, of course, comes high, but must be had at any price.

DR. ROBINSON ON THE VOX TREMOLO.

Editor World: "They that worship Me must worship Me in spirit, and in truth" with the spirit, and I will sing with the understanding also." "Even so ye (Methodists), as much as ye are zealous of spiritual gifts, seek that ye may excel in the edifying of the church." St. Paul said, "Yet in the church I had rather speak five words with my understanding, that by my voice (by my voice) I might teach others also, than ten thousand words in an unknown tongue." The choir sings the anthems, and the solos and even the hymns with a tremolo voice, is that singing the praises of God with the understanding, or the understanding also? How would it sound to sing a real spiritual hymn in the theatre when the ordinary play is on? and yet the influence of many a good sermon is killed by some bedeviled solo that is sung right after. Can any enlightened mind say amen to that kind of vain worship? Were it not for the vanity that has so unconsciously seized hold of most all our choirs, especially of the Methodist churches, there could be no reasonable explanation offered for such a departure from intelligent worship. It looks as if the musical committees are entirely too lax of indifference as to what constitutes worship, but why musical committees and church choirs should impose Sunday after Sunday on the different congregations this fad of the devil to destroy true worship is only explained by lack of spiritual intelligence. We go to church to be edified, to be spiritually helped, and not annoyed and irritated so that we don't care to go back. The common people heard Him gladly. And the common people who are naturally the most spiritual, would fill all the seats now, if good sermons were preached, and if good sermons were sustained by singing with the spirit and with the understanding also." Let the Methodist Church get back to her moorings, and again set the pace for intelligent spiritual worship. God never taught any man or woman to sing His praises with a tremolo voice. Sing His praises with the spirit and with that tone of voice. There would soon be another row in heaven, and it is about time there was one down on the earth or the churches will soon cease to be regarded as places in which to worship God. Let us all seek again to worship God in spirit and in truth—yea in the very beauty of holiness. R. H. Robinson.

MR. TAFT'S HOPES.

New York World: If Mr. Taft's popularity and influence have diminished in any degree, the cause may be found in his identification with Mr. Cannon and Mr. Aldrich. These men were offensively dominant in the house and in the senate when he took office. For party reasons he has loyally attempted to make the best of them. That this has been done with some misgivings is proved by his hopeful remark at Albany that with Cannonism under control in the house, he now looks for the acceleration of desirable legislation.

In spite of the president's endorsements of Cannon and Aldrich it is the popular belief that he and they are not in full accord and that on more than one occasion they have thwarted, deceived or betrayed him. When individual can speak for the senate and the house with almost as much authority as does the president for the executive department the three must act together in sincerity or their conflicting aims will surely be made known in due time. This is a truth which explains most of the troubles of the ruling party at Washington to-day.

It is a well-known fact that Mr. Taft and unfavorable to Mr. Cannon and Aldrich. There is confidence still in Mr. Taft. There is no confidence in Mr. Cannon, Democrats and insurgent Republicans have put an end to the Cannon system, but if the truth were known it is probable that most of the regular Republicans, hearing from home as they have late, secretly rejoice at the disposition that has been made of it.

The result is full of promise for the Taft administration and the president seems to recognize the fact. It removes one serious obstacle from his path. It brings his well-meaning and energetic congress representatives to the people in arrogant, silent and deceitful, no language of the house against him. He is to have a chance at last.

A similar reform in the senate would humble the Aldrich syndicate and clear the ground wholly of a congressional oligarchy which, developed by Mr. Roosevelt, has held over to plague his well-meaning successor. There will be few insurgents and extremists in either house when measures of importance can be considered openly on their merits.

ART SALE OF THE SEASON.

Toronto's growing importance as a distributive art centre is more than ever illustrated by the important sale of rare and antique oriental rugs and valuable inlaid and other art furniture, which will take place in Messrs. Chas. M. Henderson & Company's galleries on Thursday and Friday of next week. What will then be offered is a direct consignment from Constantinople, and it comprises specimens of the finest products of oriental looms. This will afford a unique opportunity to householders and is of the highest interest to all who appreciate really artistic furnishings.

The sale is absolutely without reserve and every facility is being extended to intending purchasers. The entire collection will be on view two days prior to the sale, and it includes exquisite and rare examples of Kirghiz, Bokhara, Shiraz, Garoan, Mahal, Meshat, Serabant, Samarand, Kabilan, Kazak, Tabriz, Mauseul, and Mohair rugs and carpets in sizes suitable to all requirements. The furniture offered is of equal excellence and includes many pieces of exceptional value both from historic importance and artistic excellence.

CANADIANS RETURNING HOME

Colonization Agents at Work in New England States.

BOSTON, March 25.—A considerable movement of French-Canadians employed in New England industrial centres to Canada during the next few months is indicated by the reports of transportation agencies and by despatches from Ottawa and Montreal. The Canadian Government officials who have colonization agents at work among former Canadians in New England state that the bulk of the repatriation movement is directed toward the new provinces in the Northwest, where free lands and other special inducements are offered to responsible settlers. A despatch from Montreal states that nearly six hundred families will leave New England for the Northwest within a month.

NEW POTATO DISEASE Danger That Fungus, Prevalent in Europe, May Invade This Continent. The wart disease is a new enemy of the potato crop which is attracting great attention in Europe, and which is liable to be introduced into the United States and Canada, at any time. It affects the tubers, forming large rough unsightly warts, and, in severe attacks, completely destroys the crop. Once the fungus gets into the soil, it is impossible to grow a crop of potatoes on the land for several years. The fungus which causes this disease was discovered in 1886 in potatoes grown in Hungary. It is now prevalent in many places in England and there is great danger that it may spread to Ireland. It is also found in Germany and some other European countries. It has been carried to New-

foundland, but has not yet appeared in this country. It is spread by using affected potatoes for seed, and, as the United States imports considerable quantities of potatoes every year, there is danger that it may be introduced in that country. The United States Department of Agriculture has recently issued a circular for free distribution giving a brief account of this disease. The Story of Plate Glass. Plate glass is made by melting together silver sand, saltpetre, soda-ash, limestone, arsenic and charcoal. The sticky mass is rolled thin on smooth steel casting tables. The sheet is baked in annealing ovens, then whirled under polishing discs which rub it with sand, emery and finally rough reducing its thickness to per cent.

DORANBO BEATS MARSH Leads Him by Half-a-Lap in Fifteenth Miles at Winnipeg.

Winnipeg, March 25.—(Special.)—Dorando Pierini won the fifteen mile race at the Arena rink in 1:27.54, John D. Marsh, Winnipeg, being second, half a lap behind, and St. Yves, the French champion, third, four laps behind the leader.

The race was won on his merit, Marsh, setting the inside track, led up to the tenth mile, when Dorando led for a couple of miles. Marsh took the lead in the thirteenth mile, but Dorando, regaining it, gradually drew away from the veteran, finishing with half a lap lead. St. Yves lost six and a half laps in the third mile when he stopped to change his shoes, and also he recovered two and a half laps, he never figured very seriously in the race.

The times were: Mile, March, 5:25; second, 6:52; third, 12:30; fourth, 21:15; fifth, 27:30; sixth, 32:30; seventh, 35:30; eighth, 43:30; ninth, 51:30; tenth, 57:30; eleventh, Dorando, 1:02:30; twelfth, 1:09:47; thirteenth, Marsh, 1:15; fourteenth, Dorando, 1:21:35.

MOLTEN STREAM SPREADS BUT VILLAGES ARE SAFE

River of Lava Has Extended More Than Nine Miles—Fourteen Openings in Crater.

CATANIA, Sicily, March 25.—Aetna still is angry. From the top of the old crater volcano of white smoke are issuing to-night, while from the new craters that have formed lava is gushing and large incandescent masses are exploding with loud detonations and emissions of black smoke.

From Catania and along the entire railway surrounding Aetna thousands of persons watched the volcano, and tonight they have invaded the main roads near those two villages, which seemed threatened by the lava. The people are still fearful, but in both villages, soldiers are camped in the squares to avert panic, while the mayors and parish priests are ministering to the needy.

The people are pleading for assistance, especially for carts in which to remove their household effects from the volcanic region. The government has turned over to the prefect 15000, with which to assist needy people. This morning the lava river had extended nine miles from its course.

During the past 48 hours the emission of lava, it is estimated, has amounted to 100,000 cubic yards.

PUMPING OUT TUNNEL. Editor World: The tunnel leaks. Engineer Fellows has said so. It was also stated that the water which was leaking into it was analyzed and found to be pure spring water. This seems to be simply borne out by the analysis recently published by our medical health officer, Dr. Sheard. Engineer Fellows should be called upon to make an affidavit as to the condition of the tunnel, but also of the purity of the water which was leaking into the tunnel.

In view of Engineer Fellows' published statement as to the condition of the tunnel, I consider it unnecessary to pump out the tunnel, with the many doing so in doing so, besides a water famine of uncertain length of time.

An expert engineer is reported as saying that the tunnel could be pumped out in a few hours, as the pumps at the main pumping station are of sufficient capacity to do the work. If this statement of his had been corrected, reported, and published, it would have been an exhibition of want of knowledge of the conditions. With the water turned on, the pumps at the main pumping station would certainly soon pump out all the water which would be leaking into the tunnel, but no more; all the pumps in the main pumping station under existing conditions are not capable of pumping even as much as one gallon of water out of the tunnel. Pumps of the capacity of most any height, but will not lift or suck up water, more than about thirty feet above the level of the water in the tunnel. It is quite obvious that a force pumping plant would be required at the south end of tunnel to force water into the tunnel.

I notice statements in the newspapers that Engineer Brand and High Ferguson for conspiracy against Stewart for soliciting bribes from the six banks against Stewart for distributing portions of the money to several councilmen; against Brand for soliciting a bribe from the Columbia National Bank and for having received William Brown's money; against Ferguson for conspiracy to get the city deposits for these institutions and with distributing bribe money to other councilmen.

A paragraph of the presentment declares that former Councilman Jacob Soffel refused the tender of \$5,000, which was then set apart as a defense fund in case any of the members of the clique got within the grasp of the law.

Attorney Expects a Rush. The only comment the district attorney would make upon the result of the grand jury's verdict was: "I expect a rush at any moment and we have to use rain checks because of the rush."

To-day's finding of the grand jury declares that the conspiracy of Max G. Leslie, who is now at Hot Springs, Leslie was acquitted recently on the charge of perjury in connection with the Columbia National Bank matter. He had denied to a jury that he had ever received any money in the deal, and convinced a trial jury that on the day he was alleged to have received the money he was in New York. The present grand

jury finds that he paid \$17,500 to Brand and that the bank paid Leslie \$25,000 in June, 1908, but does not specify the date.

Individual Indictments. Indictments are recommended against Chas. Stewart, Wm. Brand and High Ferguson for conspiracy against Stewart for soliciting bribes from the six banks; against Stewart for distributing portions of the money to several councilmen; against Brand for soliciting a bribe from the Columbia National Bank and for having received William Brown's money; against Ferguson for conspiracy to get the city deposits for these institutions and with distributing bribe money to other councilmen.

THE LAST RESORT

When all else failed, the Doctors said, "try Fruit-a-tives"

And "Fruit-a-tives" cured Mrs. Cadieux

Plantagenet, Ont., January 21st, 1910. "About March 1st, 1909, I was taken deathly sick with Stomach Trouble, Backache and General Breakdown. I faltered from 125 pounds down to 80 pounds, was confined to bed for eight weeks, and was unable to eat or keep anything on my stomach, vomiting nearly all the time. I expected to die, and took many remedies as well as employing different physicians. The doctors said they could do nothing for me, and, as a last resort, one of the doctors told me to try Fruit-a-tives—if they would not cure me, nothing would."

"My husband bought 'Fruit-a-tives' from Mr. Arthur Roleau, merchant of Plantagenet, and started taking them at once, and inside of ten days, I was able to leave my bed. My stomach got strong and I could eat and retain my food. I gained rapidly and soon had my usual good health back again, and to-day I weigh as much as ever, 125 pounds."

MDE. LAURENT CADIEUX. Even the doctors are recommending "Fruit-a-tives." They realize now that these wonderful fruit juice tablets will positively cure all Stomach Troubles, Indigestion and Dyspepsia—and they are using "Fruit-a-tives" in their practice.

Few people realize the vital importance of keeping their blood pure. Impure blood is the chief cause of Stomach Trouble, because it is from the blood that the stomach obtains the fluid which digests food. When the blood is laden with impurities, the dissolving fluid (or Gastric Juice) will be deficient, and the food will not be properly digested. From Constipation, from weak kidneys, from an impure blood, the ordinary "digestive powders" and "pepsin tablets" will not cure the trouble, because they only help to dissolve the food—they do not go to the seat of the trouble. "Fruit-a-tives" is the greatest remedy ever discovered for all forms of Indigestion, Dyspepsia and other Stomach Disorders, because "Fruit-a-tives" is unequalled as a blood-purifying medicine. "Fruit-a-tives" will positively cure you of any kind of Indigestion. "Fruit-a-tives" is sold by all dealers at 50c a box, 6 boxes for \$2.50, or trial size, 25c. If you are unable to obtain "Fruit-a-tives" conveniently, do not accept substitutes, but send to "Fruit-a-tives," Limited, Ottawa, and the regular size packages will be mailed you, postpaid, on receipt of price.

BANKS ORDERED TO FERRET OUT BRIBERS

Wesson, by reason of the confessions and statements making possible the exposure of the facts, are entitled to great consideration and a reduction of Klein's sentence is urged. It is also recommended that no further indictments be found against Klein or Wesson for any of the crimes to which they have confessed.

The grand jury declares that it is recommended that Charles Stewart and High Ferguson for conspiracy against Stewart for soliciting bribes from the six banks; against Stewart for distributing portions of the money to several councilmen; against Brand for soliciting a bribe from the Columbia National Bank and for having received William Brown's money; against Ferguson for conspiracy to get the city deposits for these institutions and with distributing bribe money to other councilmen.

Individual Indictments. Indictments are recommended against Chas. Stewart, Wm. Brand and High Ferguson for conspiracy against Stewart for soliciting bribes from the six banks; against Stewart for distributing portions of the money to several councilmen; against Brand for soliciting a bribe from the Columbia National Bank and for having received William Brown's money; against Ferguson for conspiracy to get the city deposits for these institutions and with distributing bribe money to other councilmen.

Attorney Expects a Rush. The only comment the district attorney would make upon the result of the grand jury's verdict was: "I expect a rush at any moment and we have to use rain checks because of the rush."

To-day's finding of the grand jury declares that the conspiracy of Max G. Leslie, who is now at Hot Springs, Leslie was acquitted recently on the charge of perjury in connection with the Columbia National Bank matter. He had denied to a jury that he had ever received any money in the deal, and convinced a trial jury that on the day he was alleged to have received the money he was in New York. The present grand

jury finds that he paid \$17,500 to Brand and that the bank paid Leslie \$25,000 in June, 1908, but does not specify the date.

YOU CAN EXCHANGE EVERYTHING THROUGH OUR COLUMNS!

Exchange is a game at which everyone can play and everyone can be a winner.

To enter the game you need only put a Want Ad in the classified columns of

THE TORONTO WORLD

Have you anything you DON'T want? Is there anything you DO want? Have YOU an extra watch you would like to trade for a shotgun? Have you books you'd exchange for a phonograph? A bicycle for a violin? A Maltese cat for a canary bird? Why not exchange the one for the other? You'll profit and so will the other fellow.

An Exchange Ad in THE TORONTO WORLD will quickly bring you both together. You'll be rid of something for which you no longer have any use, and in its stead you'll have something you very much desire to own.

"Everybody's Exchange" ads cost but 1 cent per word, daily or Sunday. One week, daily and Sunday, 5 cents per word.

You can exchange personal property for personal property. Real estate for merchandise or personal property. But not real estate for real estate or cash.

MILWAUKEE, March 25.—The Canadian Pacific Railroad Company has acquired a block of property on the east side of Milwaukee, near Lake Michigan, for what is said to be a terminal, according to a story in an afternoon paper to-day.

Options on the property are said to have been quietly obtained. The story cannot be confirmed here.

With the Milwaukee acquisition the Canadian Pacific would have from the head of the lakes a Chicago line with which Milwaukee would be directly connected. Surveys have already been made for a new route which was figured on as the outlet.

There will be no rehearsal of the Toronto Orchestra to-night.

There will be no meeting of the Canadian Institute this evening.

Realty and Building

People in search of suburban home sites found their way to Melrose Park yesterday in the special cars supplied by Robins, Limited. The scene was a repetition of the opening day on Saturday last when crowds thronged the property. During the week 120 lots have been sold in this new subdivision. Most of these have been on the Yonge-street frontage, purchasers showing a decided preference for positions on York County's historic thoroughfare.

T. H. Wilson has purchased 550 feet of property on Kingston-road between Beach and Maple-avenues, from W. N. McEachern.

According to W. N. McEachern & Son, a decided increase in the demand for "Beach" property has been evident for some time. Purchasers are anxious to secure the best of the remaining home sites. The property now occupied by the Orchard Park Hotel at the corner of Kingston-road and East Queen-street, has been sold to Cecil Lee for \$12,500. It is Mr. Lee's intention to open up this property as a new subdivision and put the lots on the market in the near future. The property has a Queen-street frontage of 350 feet and is 1200 feet deep.

The record which the Canada Foundry Company has made in connection with the new Standard Bank Building at the corner of King and Jordan-streets, will likely be duplicated when work is commenced on the Ambrose Hotel building at the corner of Yonge and Richmond-streets. In addition to the contract for the Kent building, the Canada Foundry Company has also been fortunate in securing the contract for the steel work in connection with the new wing to be added to the parliament buildings.

A row of detached dwelling houses is to be erected on property owned by Dr. Thos. Armstrong, Yonge-street, on the south side of Parham-avenue. No price is stated by the contractor.

"WILL YOU BUILD ONE?"
MAYOR'S QUERY TO "R.J."

Mr. Fleming Declines to Talk Until He Paruses Latest Letter.

Now that the street railway has decided to enter into an agreement whereby the city would build the North Rosedale extension and the company lease running rights, will the railway stand by its original offer to build and operate the line?

Mayor Geary wants to know, and as the most direct way of finding out, he has written Manager Fleming a letter. It is a communication which almost matches in brevity that received from Mr. Fleming on Thursday, and it asks pointedly whether the city is to understand that the company has dropped the project altogether. The mayor's letter was sent late on Thursday, and Mr. Fleming explained last night that, not having read it, he couldn't say what his reply might be.

"Sometimes one word in a letter will cause all the difference in the world," he remarked.

The board of control is inclined to the view that the railway will not renew its proposal. Controller Spence holds the opinion that the company has never really intended to build the line, and is gladly seizing upon an opportunity to withdraw. He thinks the proposal came only in deference to certain interests which the company did not wish to offend. The extension, he says, would not add whatever to the railway's revenue, but would simply convenience residents of North Rosedale who now have to walk across the Glen-road bridge to get to the cars.

It is probable that the Q.O.R. celebration committee will have to alter its plans by arranging to hold the manoeuvres elsewhere than in the Rosedale athletic grounds. Exhibition Park will likely be chosen.

"THE REDEMPTION"

Choir of Carlton St. Methodist Church Give Rendering of Gounod's Work.

Carlton-street Methodist Church was fairly well filled last night with an appreciative audience to hear the choir augmented for the occasion, render Gounod's sacred trilogy, "The Redemption."

The work was sung with precision and dramatic fire, the manner in which the stupendous task of "The Redemption" was interpreted, being especially worthy of praise. The familiar "Untold Ye Portals Evening" was well done, the soprano section showed a tendency to flatten slightly on the high A. Miss Laura Homuth took the soprano solo in the beautiful concerted number "From Thy Love a Father," displaying a voice of much power and flexibility.

One of the most striking features of "The Redemption" is the utilization of the ancient plainings of the church in unison passages for the different sections of the choir. A most effective rendering of "Veni Ha Regis Prodeunt" was given by the sopranos in part one.

The peculiarity of "The Redemption" is undoubtedly the large use made of recitative, so much so as to seem to some to render the work as a whole monotonous. The trying parts of the "Reveries" were taken by Arthur Blight (baritone) and Arthur Baxter (tenor), while William McKendry sang the words ascribed to Jesus. All three acquitted themselves with credit, singing with virility of tone and dramatic force.

The choir was accompanied by twenty-three members of the Toronto Symphony Orchestra with F. H. Grant as concertmaster. Dr. E. Russell Marshall presided at the organ, F. L. Plant, organist and choir-master of the church, being at the conductor's desk.

Western Ontario Baseball League.

WATERLOO, March 25.—The annual meeting of the Waterloo County Baseball League was held here this afternoon, at which clubs in Waterloo, Berlin, Preston, Galt and Guelpi were represented. The latter club was admitted to membership and an effort will be made to recruit Brantford team to enter. The name of the league was changed to Western Ontario Baseball League. BIBLE FUND OF \$500,000
American Society Completes Task That Wins Additional Sum.

NEW YORK, March 25.—The \$500,000 fund which the American Bible Society has for more than a year past been seeking to raise to secure an equal amount, the gift of Mrs. Russell Sage, has been completed and announced by the completion of this fund, the securing of which will place a round million dollars in the hands of the society for its uses was made to-day.

The \$500,000 is in the hands of the society in the shape of good and reliable subscriptions upon which more than \$200,000 has already been paid in thousands of persons in all parts of the world and in every state of the United States have contributed to the fund in amounts ranging from ten cents up to \$25,000.

There were two subscriptions of the latter amount and upwards to 10,000 of from \$1 to \$2 each.

Victor's Complaint.
Corporal punishment is unknown in the household of John Turtur, the well-known traveler for S. B. Townsend & Co., of Montreal. A complaint book, with pencil attached, hangs in a convenient place, and the number of the family has the liberty of registering the mis-deeds of another. The same is scored out when the cause for complaint is corrected. When Mr. Turtur returned from his last trip to the Pacific coast he was looking over the complaint book to see what had happened during his absence, and under a date some weeks before he noticed in his wife's handwriting the following: "Victor was a bad disobedient boy this morning." Directly underneath, in nine-year old Victor's boyish scrawl, appeared: "don't think mother is very well to-day."

Caruso Blackmailers Indicted.
NEW YORK, March 25.—The two prosperous Italian business men, Antonino Chicco and Antonio Misiano, who were arrested on March 4 charged with attempting to blackmail and extort \$15,000 from Enrico Caruso, the operatic tenor, were indicted for that offence to-day in the county court at Brooklyn. Both pleaded not guilty. Their bail was raised from \$5,000 to \$10,000 each.

Many Unfavorable Problems Confront the N. Y. Market

Action of Prices Leads to Inference That Big Operators Are Selling—Over-Speculation in Canadian in Montreal Market.

World Office,
Friday Evening, March 25.

The various movements on Wall street during the present week confirm the opinion that there is a greater desire among the manipulators on this market to sell stocks than to buy them. The first real unloading of the American securities was made in December last, and the sharp break in January left most of the market following in such a position that they could not release themselves without incurring substantial losses. After the climate in the downward movement was reached, another period of buoyancy came and another batch of long operators tied up. The market has been struggling recently to present a species of strength, but the fear that long securities would be unloaded has prevented it, and the most judicious would have been to see to the intention of the big holders to put out more more stocks at the present rate, than to buy on the reactions. If this should be accomplished lower prices than even those registered in January will eventually result.

All sorts of subterfuges are adopted on Wall street to promote outside buying. Some days ago a decline in prices was made following a rumor of the death of J. P. Morgan. This week Tom Lawson was used for this purpose. It is more than probable that both of these rumors were circulated at the instigation of those who wanted to sell stocks. The only opinion of the public in regard to these matters is that bear operators are using all sorts of tactics to depress prices, and that there would be a big picking if these endeavors should fail in their supposed purposes.

The Wall street market is facing considerable outstanding trouble. Strikes are prevalent in many parts of the United States, and the iron business is beginning to fall off, and the cotton trade is in a bad shape owing to the high prices for the raw material. Then again the obligations which New York owes to London and other European centres have to be settled. The import for the month of February were four million dollars in excess of the exports, and it is again clear that some other way than by means of commodities for European payments will have to be made. Notwithstanding the statements that money is still cheap and plentiful, the sale of the New York city bonds this week was not anything like the amount which had been anticipated. Contrary to this, however, was the great success of the recent British financing.

The market will be relieved for a couple of months from the fear of an announcement of the decision of the Supreme Court in the American Tobacco trust and the Standard Oil cases, but this will be met again in the future of the market, and can only be regarded as out of the way for a very short period. If the reports which are coming in from Kansas and other of the southwestern States in relation to the fall wheat situation are to be given any credence, the opening up of this season's crop year is anything but satisfactory. To prevent a period of declining property in the United States, nothing but an average crop will suffice, and the Chicago market should be carefully watched from this time forward for the purpose of getting a line on this important topic.

The market is looking at present, known which can serve to assist a period to a higher level, but on the other hand there are many and various matters which can exert a strong influence against the range of values. It is a market which is a difficult one in which to make money, and it would seem as if the success of the market lines can be much better accomplished than on the long. The April distributions will be used to try to inject confidence, but it cannot be presumed owing to adverse conditions that this can have much effect.

Also prices of Canadian speculative securities have shown more resiliency during the last three weeks, and there has been an unexplained absence on the part of the outside traders come into the market. This is more applicable to Toronto than to Montreal, the eastern market having been more successful in working up a large speculative following, the in local field of operations there is a feeling that an accounting for this will result in a radical liquidation later on in the year. It is apprehension in regard to the fact of the Canadian market that is keeping many local traders away from the Toronto exchange.

The announcement of a large increase in the capital of Rio has not proved a bull feature on the stock, the prices of the shares declining several points since the notice of the increase was first made. It will be remembered that the last increase of the capitalization of this company was made at a time when the shares were above par the sharp decline followed later on. The new issue has been underwritten and the underwriters, if they are to make a success, will have to put the stock many points above its present value, any increase in the dividend being expected to have considerable influence in bringing this about. The period of increasing deposits with the Canadian banks would seem to have passed, and the numerous flotations which have been made with-

REVIEW OF THE MARKETS

Heron & Co. Present a Clear Outline of the Various Stock Markets.

Heron & Co. in their weekly letter say: Dulness on the Toronto Stock Exchange during the week was the feature, rather than weakness. Fair advances in several directions were recorded, but at no time was trading active, the Easter holidays being the main factor in restricting business.

The there was no new light on the most discussed Dominion Steel-Coal merger. If the views held in "well informed" quarters as to the price at which Steel will be taken are approximately correct, the stock is an excellent purchase now.

New York stock do not act as they were going up, at least for a time yet. Price movements have been very erratic with a shading of values on the average. The possibility of gold exports, stiffening money rates, labor troubles and political uncertainties are unfavorable features which the situation at present, but with business in all lines showing continued expansion and the crop outlook so good, market conditions are liable to change quickly and under the impulse of some new bullish factor the trend of quotations will have to be made.

In the mining list there was a fairly large volume of business, but prices, with few exceptions, are unchanged to lower than at last week's close. There was practically no news of importance to influence outside interest. Public sentiment is undoubtedly growing more favorable to the market, however, and increasing activity at a high level of quotations in the near future is confidently looked forward to.

The accumulation of Cobalt Lake by insiders is nothing at all new, and the company's plan to reduce the capital by buying its own stock proves inflexible. Since the beginning of the year two months ago, over 2,500,000 shares have changed hands on the Toronto market.

Hargrave has been neglected, but is likely soon to become a leader in activity. Transactions in mining shares will be more active than in the Toronto market total 662,144 shares with a value of \$216,628.55.

RUSSIA'S FUTURE SAFEGUARD

Rests on a Constitutional, Monarchical and Unparliamentary Regime.

ST. PETERSBURG, March 25.—Alexander J. Guchoff assumed the presidency of the Douma to-day and delivered an important speech.

In reply to the persistent attacks on the constitution, and outlining a program of legislation, he drew the sharp distinction between constitutional and parliamentary government.

Premier Stolypin has emphasized on several occasions.

The keynote of the speech is found in the following statement: "The peaceful development of Russia is possible under present conditions only under a constitutional, monarchical but not a parliamentary regime, based upon a popular representative body with wide legislative powers and the right of supervising the administration and the monarch and not to political parties."

SALVATION ARMY SERVICE

Large Crowd at Massey Hall on Good Friday Morning.

The annual Good Friday service given by the Salvation Army was held yesterday morning in Massey Hall. The entire hall including the platform was well filled, and the illustrated symbolic service was much appreciated by all present.

The keynote of the first part of the service was the joyful adoration of the Christ who triumphed on Calvary, and redeemed the world. Commissioner Combs gave a beautiful address taking for his subject, "The why and how of the Christian's life." The address was followed by the singing of "Hosanna! Hosanna! Blessed is he who cometh in the name of the Lord." A few days later when the same crowd shouted wildly, "Crucify Him, Crucify Him." The entire address was illustrated by lantern views and vocal music.

At ten o'clock the different corps throughout the city assembled at the Army headquarters corner James and Albert streets. About 1200 members of the various companies moved off on parade headed by their massed bands numbering in all about 200.

New Rules Committee.
WASHINGTON, D. C., March 25.—The House of Representatives adopted a resolution naming a committee on rules composed of six Republicans and four Democrats, in pursuance of the provisions of the Norris resolution.

Those named are: Dalzell of Pennsylvania; Walter I. Smith of Iowa; Bourne of Massachusetts; Lawrence of Illinois; Fasset of New York; Smith of California; Republicans; and Clark of Missouri; Underwood of Alabama; Dixon of Indiana; and Fitzgerald of New York Democrats.

SHACKLETON FEELS SURE THAT CAPT. SCOTT WILL REACH POLE.
NEW YORK, March 25.—"I have almost no doubt that Captain Scott's expedition will reach the South Pole," declared Sir Ernest Shackleton, the Antarctic explorer, when he stepped ashore to-day.

"I have no intention," he added, "of heading any expedition to the South Pole while Captain Scott is trying to reach it."

Discoverer of Mariposa Grove Dead.
SAN FRANCISCO, March 25.—Galen Clarke, the discoverer of the Mariposa Grove of big trees and for 20 years guardian of Yosemite Valley, is dead, aged 96. He will be cut out for himself in a tomb which he cut out for himself in a huge granite rock within a stone's throw of the Yosemite Falls.

Venezuela's Centenary.
CARACAS, Venezuela, March 25.—President Gomez has issued a decree fixing the period between April 1910 and July 1911 for the celebration of the centennial of independence of Venezuela. Great Britain, Spain and Hayti are invited to participate.

COBALT--Better Underneath Displayed by Mining Securities--COBALT

Sentiment Mainly Favorable To Holders of Cobalt Stocks

Mining Markets Generally Believed to be in Good Shape to Sustain a Recovery in Most Instances.

World Office, Friday Evening, March 25. Operations in the Cobalt mining stocks at the present time bear many of the characteristics of a speculative movement...

It is altogether likely that the markets during the present week have been more or less under the influence of the holidays...

There have been few developments of interest in the week's news relative to the Cobalts and their kindred issues. The only outside factor of any importance has been the meeting of the Nipissing and La Rose directors in New York early in the week...

Cobalt Lake continues much in the public eye, on account of the proposed reduction in the capitalization. Some reduction there are who think nothing but disaster in the proposition to purchase 1,500,000 shares of the stock in the open market...

New York continues to send reports of the plans for the long-heralded merger of the Cobalt mines. As outlined, these contain the saving element of common sense, for it is being realized, as never before, that the Cobalt camp is not one of high-grade ore...

In regard to the market itself, sentiment is generally favorable to holders. The majority of the securities WE HAVE A MARKET FOR

MINING JOURNAL ATTACK NOT JUSTIFIED BY FACTS

World Correspondent Points Out the Injustice of Remarks Against Hon. Clifford Sifton.

Editor World: The interests of Canada should be, with all good Canadians, of more importance than their personal feelings. Therefore, much against my personal inclination, I feel constrained to write you anent the unfortunate attack made by the Institute of Canadian Mining Engineers and by The Canadian Mining Journal upon the Hon. Clifford Sifton, chairman of the conservation commission.

It would seem to me to be deplorable if any Canadian, in the exercise of his duties as chairman of any commission, should be so unjustly attacked as that which has to do with the conservation of the natural resources of Canada, is to be subjected to the coarse criticisms directly, or indirectly, aimed at him by the person responsible for the editorial published by The Canadian Mining Journal...

STOREKEEPER SUICIDES

Alexander Cameron of Oakwood Kills Himself With Revolver.

LINDSAY, March 25.—(Special).—A distressing fatality occurred at Oakwood, when a well-known storekeeper, Alex. Cameron, committed suicide, shooting himself twice with a revolver, both bullets entering the chest.

Shaker Colony Passing Away. LEBANON, Ohio, March 25.—Judge J. A. Tunney to-day was appointed receiver of the United Society of Shakers at Union Village, the Shaker colony here. The society owns property in this section estimated to be worth more than \$200,000.

Herbert Booth To-morrow. On Sunday afternoon the Canadian Temperance League will hold the closing meeting of the season in Massey Hall. The chair will be occupied by Senator George A. Coles, who will be Miss Grace Hildebrand of New York, and the speaker will be Herbert Booth. Mr. Booth is the youngest son of the late William Booth, founder of the Salvation Army. Resigning his brilliant prospects with the Salvation Army, Mr. Booth devotes himself to evangelistic work and the greatest success has attended his work.

Minister Acquitted. WINDSOR, March 25.—The Methodist court of enquiry at Essex acquitted Rev. David Hicks, formerly of Gesto, of charges of false pretences in money matters.

Development By Strain

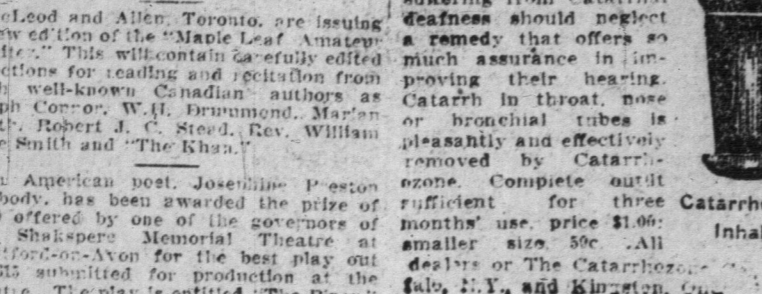

The most wonderful thing in life is to grow, to develop new capacities. The men and women dwarfed by overfeeding on leisure and happiness are the ones to be pitied, not those who are burdened with work and responsibility.

YORK CO. LIVE STOCK TRADE A BIG ASSET

Record Prices and Shipments of Horses—Great Budget of Suburban New.

The tremendous importance of the live stock trade of Ontario, and especially that of York and North York counties, is becoming increasingly apparent.

A few of the prices realized at the sales in York and North York counties make good reading even in these days of high prices.

A few days ago John Cowie sold 20 Graham and Ontario bred horses for a fine three-year-old registered cydesdale filly for \$100.

Messrs. Torrance & Michael of Markham Village shipped from London, Ont., on the 22nd inst., a pair of heavy draught mares and fillies, some of them registered cydesdales.

William Doherty of Agincourt has been a heavy buyer of good draught horses this winter, acting for Mr. Hartman and Mr. St. John.

WEST TORONTO. March 25.—(Special.)—The Sunday services in St. John's Anglican Church will be conducted by Rev. T. Beverley Smith.
