

YOUNG MEN'S CHECK ON TREASURY RAIDS

Ship Puts Series of Questions to Auditor.

Church, in a statement today, calls upon the city to stop the raids on the city and, in order to get in conflict with the raiders, to invest in a punching-worship has not forgotten of the recent election, an ant shows. Following is mayor's memo to the city:

Your department was during the recent election certain wrong into the board of education in civic department overdrains?

the Barber report on the reading some of you they are simply a check I should like you to the affairs of the outside I know they are letting thousands of dollars contracts without tenders, lying in the open market to the school board that deficits are there in department for 1920 they going to be paid? They and we cannot raise money for board of education ally not included in the rates.

See that no deficits happen and take this matter up resolutely. They are illegal municipal act."

The Toronto World

FRIDAY MORNING JANUARY 21 1921

41ST YEAR—ISSUE NO. 14,681

TWO CENTS

WALONG DRUG CAUSED DEATHS OF TWO TORONTO WOMEN. Premier Drury and J.J. Morrison Have Agreed to Bury the Hatchet

SIX CONSTABULARY KILLED IN AMBUSH AND TWO WOUNDED

One Inspector Was Victim and Another Was Shot in County Kerry.

WILL CARRY HOSTAGES

Dublin, Jan. 20.—District Inspector Clark, a sergeant and four constables were killed and one constable wounded in an ambush at 8.30 o'clock this afternoon at Glenwood, near Six Mile Cross, it was announced by the authorities in Dublin Castle this evening. The car, in which the constables were proceeding, was burned and all arms taken. It is believed that the ambushing party suffered casualties, but to what extent is not known.

District Inspector Tobias O'Sullivan was found shot dead early this morning near the Listowel Barracks, County Kerry.

Jeffrey McDonald, a laborer, was shot dead in bed in the presence of his wife at Abbeyfeick, County Queen's. Three men are alleged to have killed him.

Inspector O'Sullivan was one of the most popular officers in the constabulary. He was the hero of the siege of Kilmallock barracks on May 8, for which he was promoted and presented with the coveted constabulary medal by General Tudor. Later he was promoted to be district inspector.

Two bridges between Virginia, County Queen's, and Kells, County Meath, Dublin Castle reports, were blown up last night.

A proclamation by the military authorities that it bomb and shooting attacks on military motor cars continue hostages will be carried on all such cars in the city and county of Dublin and Meath county, causes surprise, as, although the proclamation has been issued, no attack having been made in any case since a motor car was destroyed by a bomb-proof car on the morning of the 17th, the sides being protected by steel plates with asbestos lining.

The West Meath county council at a meeting at Mullingar today decided to recognize the local government board.

Limrick, Jan. 20.—The eighty-two Sinn Féiners who were sentenced from three months to six months for alleged unlawful assembly have a torpedo boat destroyer to an unknown destination.

STATE C.N.R. TO PUT AN EMBARGO ON WHEAT

Winnipeg, Jan. 20.—Owing to congestion, due to heavy shipments of wheat, it is probable the Canadian National Railways will place a temporary embargo on wheat shipments into Duluth, according to a statement made today by A. E. Warren, general manager of the line.

DENIAL OF BUILDING GRANT.

Ottawa, Jan. 20.—A report that the government is to spend \$30,000,000 towards building houses for returned soldiers was denied here today at departments which would be interested.

More About Street Car Consolidation

The supreme topic now before the citizens of Toronto is the consolidation, soon to come, of the Toronto Railway System with the municipal system and the radials in the suburbs.

As for street widening and the layout of new streets, these are propositions that the city, rather than the commission, must finance in some way. The World believes in reasonable propositions of this kind, but they have little to do with the actual traction transportation problems committed to the transportation commission.

What the people want first of all is a consolidation of the three street systems at the earliest possible moment and some kind of improvement in the service immediately thereafter.

The scene of yesterday's find of an Indian burying ground, between West Bloor street and Grenadier pond. The old tree root had grown over and around the bones unearthed.

O'CONNOR ASSERTS UNLIKELY FOR HIM TO BE CANDIDATE

In Interview States, However, He Could Wage "Horrible Fight" Against Govt.

PETERBORO GOSSIP

Peterboro, Ont., Jan. 20.—(Special.)—"Very unlikely," said W. F. O'Connor, K.C.O. of Ottawa, today in answer to the daily query as to his candidacy. Why he had changed from yesterday's pronouncement of "almost certain," he would not say.

O'Connor denied the rumor that he might succeed Thomas J. McMurray as the Labor candidate. He was, however, less reticent than usual and, pressed for his views, intimated that he could wage a "horrible fight" against the government, should he be elected to do so, but that a campaign of such a character he did not desire to launch and would do so only if absolutely necessary.

Entering the election campaign did not appeal particularly to him now, he stated, and he would be satisfied to have some one else carry his banner.

A far shorter step back to those days it is than most of us realize. But Toronto will perceive that fact today because the swinging pick of the white bullock has suddenly laid bare to the sunshining of a twentieth-century winter afternoon the peaceful remains of a group of red men who dropped down to their last sleep long before the white man set his hand to the buildings of the city that has all but grown up around their resting place.

If these naked bones could speak today what a tale they could tell; if they could see what is about them, how would they give voice to the bewilderment of their awestruck. Perhaps on such an afternoon as yesterday they passed into the darkness in all the pomp and pride of their far from inglorious days.

Today, as a result of further excavations, what are very evidently the remains of eight Iroquois Indians lie in the home high Park district. Already many curious visitors have found their way to the historic spot and among them have been several professors and authorities on the history of the Indians in Ontario.

First discovery of the skeletons. Mr. Harvey stated, was made by the contractor in charge of the improvements the township is making just at this part. A stump of an ancient tree, estimated as between 150 and 200 years old, was in the path of the workers, who proceeded to dig up and remove the massive roots. As soon as they began digging, however, they found the bones and, when the layers of sand were removed, eight human skeletons, so placed around the tree trunk that their feet converged to the centre. Popular opinion

was that this was after some ancient custom of the tribes. The skeletons are of different sizes, so small that it appears to be that of a child. The skulls are in good condition and one even shows a perfect row of teeth, three being missing where the spade struck the skull.

Lay in Red Earth. The skulls themselves are filled with fine sand, of a color described as "vivid Indian red." A peculiarity noticed, was that the presence of a skeleton was easily told by the reddish color of the sand about it. The earth around the broken and rotting roots, which are being discovered from time to time is also of this color. Different theories have it that this coloring is due to some substance used in the embalming of the bodies or else the effect of the decayed wood.

Altho none of the skulls show wounds or marks of violence or even, according to some, the effects of the tomahawk, it is popularly believed that the bones were buried there after some Indian battle. The whole district surrounding is historically known to have been the camping ground of various tribes.

DR. FAED ADMITS MISTAKE IN USE OF DRUG DIARSENOL COST TWO WOMEN'S LIVES

King Albert's Auto Kills Girl, Monarch Carries Body to Home

Brussels, Jan. 20.—The automobile of King Albert while returning to Brussels today, from Louvain, knocked down two children in the village of Kesseloid. A girl of five years of age was killed outright, and a boy, eight years, was seriously hurt.

MORRISON APPROVES PEOPLE'S PARTY IDEA U.F.O. SPLIT HEALED

Secretary of Farmers Had Wrong Idea of Premier Drury's "Broadening Out" Proposal, But After Hearing Explanation Withdraws His Opposition, and Peace Again Prevails.

Peace once more hovers over the U. F. O. forces. The Drury-Morrison differences, which at one time threatened to divide the organization into hostile camps, have been healed, and the premier's advocacy of a new people's party approved.

The split between the leader of the government and the leader of the U. F. O. movement was all due to a misunderstanding, it has transpired. When Mr. Morrison made his attack on the premier's proposal, all "broadened out" he had a wrong conception of what it really meant.

Had Wrong Impression. It would seem that Mr. Morrison, when he made his speech opposing a people's party had not fully grasped what it meant. He thought that the leader of the U. F. O. movement would be corrupted by being diluted with other shades of thought not in harmony with them, and that eventually the U. F. O. executive committee would be seriously impaired, if not destroyed.

But all this has been dispelled from Mr. Morrison's and the U. F. O. executive's minds as the result of the premier's explanation yesterday. It must have taken a long time to make it, because the conference lasted for several hours. Besides the members of the executive, there were a number of prominent U. F. O. men present, including Col. J. Z. Fraser, president of the Farmers' Sun Publishing Co.; W. L. Smith, Ontario Orangeville; J. M. McNaughton, Orangeville.

The extension of the U. F. O. organization so as to include urban centres may now be expected to be undertaken.

WILL EXACT FULL DEBT FROM HUNS

French Premier Presents His Ministerial Program to Senate and Chamber.

Paris, Jan. 20.—Premier Aristide Briand presented the program of his ministry to the chamber of deputies and the senate today. The program contains four outstanding points, namely:

Germany must disarm and pay the reparations due from her. France has the force to compel respect for engagements taken with her and would be able to use it if necessary, but it is in peace she wants to bring Germany to fulfill her obligations.

Peace with Turkey must be made effective, account being taken of new circumstances. France will not intervene in the internal affairs of Russia, but cannot admit that the Soviet armies shall cross the Russian frontiers to attack the allies of France.

Midnight Bandits Shoot Cafe Owner. Masked Men Hold Up Woodstock Restaurant Man, Covering Customers.

Woodstock, Ont., Jan. 20.—Bandits, who went into the restaurant of Ben Johnston shortly after midnight shot the proprietor thru the head and then made a quick get-away without securing even a cent for their trouble.

Johnston will recover. A motor car drove up and two masked men entered. One had two pistols and covered Johnston and two customers, while the other made for the till. Johnston suddenly made a spring at the bandit, who dropped one gun, which was not loaded, and fired at close range with the other. The bullet struck Johnston above the eye and tore thru the side of his head.

Police Arrest Three Burglar Suspects. Charged With Implication in Theft of Furs From Queen Street Store.

Another big haul has been made by the Toronto police in the capture of three shopbreakers, alleged to have been implicated in the robbery of at least \$5000 worth of goods from the store of Richardson, the furrier, 186 East Queen street, on Sept. 26 last year.

He Testifies at Coroner's Inquest That He Asked Dr. Brodey, Pathologist at Grace Hospital for Neo Diarsenol, the Recognized Preparation for Blood Treatment, But Dr. Brodey Swears That Dr. Faed Applied for the Other Drug and Later Urged Him to Keep Mistake a Secret.

Preparation by Dr. P. Faed, 1087 Bathurst st., associated with the outdoor staff of Grace Hospital, of the drug diarsenol in the mistaken belief that he was using neodiarsonol, caused the deaths of the two women, Monica Kenney, 597 Palmerston avenue, and Mrs. Emily Bond, 212 Sackville street, after receiving a blood treatment on the afternoon of Saturday Jan. 8.

This was disclosed last night at Coroner Graham's inquest on the body of Miss Kenney, when Dr. Faed made a statement, which established clearly that Dr. McConnell was quite blameless in connection with the administering of the drug. Dr. Faed's explanation was that he had asked Dr. Abraham Brodey, pathologist of Grace Hospital, for neo diarsenol, but had received diarsenol, and that he had prepared the treatment without suspecting the substitution.

On the other hand, Dr. Brodey declared faintly that Dr. Faed had applied to him for diarsenol, and he had given it to him. Undoubtedly, Faed thought he had received neo diarsenol, said Dr. Brodey, but he had asked for diarsenol and his statement could be verified by Miss Bowling, his assistant, who was present when Faed made the request.

An hour later Faed had told him that mistake had been made and implored him to keep it secret. At 4 o'clock on Saturday, January 9, but he had Brodey's office and obtained neo diarsenol, saying that he wanted some more of those tubes.

It was brought out that soon after the double tragedy, Dr. Faed had presented himself at Dr. Brodey's office, and had asked for and obtained tubes of neo diarsenol. Subsequently these containers were turned over to the investigators by Dr. McConnell in the full belief that they included the ones which had been used in the treatment of Miss Kenney and Mrs. Bond, but Dr. Faed Kenny and Mrs. Bond, but (Continued on Page 2, Column 4.)

STICK TO PACT ON REPARATIONS

Allied Experts Agree Amount Must Be Fixed by May 1 This Year.

Paris, Jan. 20.—The allied technical experts on reparations have just completed a voluminous report, which will be presented to all the allied governments interested. The conclusions reached by the experts have not been divulged, but it is understood they recommend that final termination of the total amount of reparations Germany must pay shall not be postponed beyond May 1 of this year, the date fixed by the treaty of Versailles.

It is suggested that meanwhile a provisional arrangement might be advisable, under which Germany would be called upon to make a definite payment of five annual instalments of 3,000,000,000 marks gold each, in money and kind.

The report will probably be the second subject to be taken up by the allied premiers at their meeting here next week.

A CHANCE FOR MEN.

The Dinsens Co. will place on sale today and tomorrow all their \$7.00, \$8.00 and \$9.00 hats at the remarkably low price of \$4.95.

All sizes in the lot. Stock consists of this season's importations and are made by English manufacturers whose name inside the hat is a guarantee of quality. Don't fail to come into Dinsens, 140 Yonge street, and look over these great values.

These three men, who were arrested by Detective Sergeants Ward and Strohn, and by Detectives Black and Donaldson, are Edward Mayrnes, 183 1/2 Bolton avenue, and Sydney Martin, 402A East Queen street.

These men, so it is alleged, broke into the fur store on the night of Sept. 26, took all manner of stores, ermines, fur-lined coats and other expensive furs, and sold them around the city and in the country. Most of the stolen property has been recovered.

### URGES MORE USE OF SCHOOL BUILDINGS

Woman Trustee Desires Better Opportunities for Adults and Pupils.

Miss Constance Boulton has started a movement for the use of the public school buildings eight hours a day instead of five. To bring her ideas up for discussion at the board of education management committee next Wednesday, Miss Boulton last night introduced three notices of motion.

The proposals are: "That the school plant of Toronto be opened after school hours and in evenings for the benefit of the whole community, both adults and pupils, and where there is sufficient demand that teachers be placed in charge of evening classes for the benefit of adults or pupils who desire further instruction and that the board of inspectors be instructed to bring in recommendations for such."

"That instructions be given to Inspector Cowley and his staff to work out a time table suitable to promote the full use of all class rooms and teachers, which may be during certain periods owing to specific classes being otherwise occupied."

"That Mr. Cowley be given full power to make a redistribution of the school boundaries in order to relieve the overcrowding as far as possible."

"I hope that the Conservatives and the opposition in the legislature will not fall down this season in bringing up Hydro and Hydro radials," said Mayor Church yesterday. "The people of Northeast Toronto spoke on these questions, and it was largely owing to Hydro that Major Lewis polled such a good vote."

"The Ontario government are doing little to help unemployment by providing work, whereas the city is spending millions on public works, and up to this hour we have not received one cent of help from the province or Dominion's stand on the Hydro and Hydro radials, when the address is under consideration. The Ontario government are spending nearly half a million on useless commissions, giving only work for lawyers."

"I hope that Major Lewis will not allow anyone to interfere with him bringing up these questions and in moving an amendment to the address in this connection," the mayor added.

### MAYOR WANTS RADIALS DISCUSSED IN HOUSE

"I hope that the Conservatives and the opposition in the legislature will not fall down this season in bringing up Hydro and Hydro radials," said Mayor Church yesterday. "The people of Northeast Toronto spoke on these questions, and it was largely owing to Hydro that Major Lewis polled such a good vote."

"The Ontario government are doing little to help unemployment by providing work, whereas the city is spending millions on public works, and up to this hour we have not received one cent of help from the province or Dominion's stand on the Hydro and Hydro radials, when the address is under consideration. The Ontario government are spending nearly half a million on useless commissions, giving only work for lawyers."

"I hope that Major Lewis will not allow anyone to interfere with him bringing up these questions and in moving an amendment to the address in this connection," the mayor added.

### SEWERS CONTRACT GOES TO LOWEST BIDDER

The lowest tenderer, the McKnight Construction Company, was yesterday awarded by the board of control the contract for the laying of sewers in the recently annexed land on the north side of Danforth avenue and west of Woodbine avenue. The board had proposed to do the work by day labor as a means of helping the unemployed, but the works commissioner had put in a tender estimating the cost at fully 50 per cent. more than the lowest tender.

Controller Nesbitt said that in his opinion it would be a vicious principle to call for tenders and then not award the work to the lowest bidder. Con. Hiltz took a similar view.

The successful tenderer said that only Toronto labor would be employed on the work. The contract price is about \$41,000.

### BUILDING PERMIT ISSUED.

A permit was issued yesterday by the city architect's department to F. C. Lankin to build three pairs of dwellings on the west side of Greenwood avenue, near Milverton boulevard, for \$20,000.

## NEW COLD TREATMENT BRINGS QUICK RELIEF

Druggists Instructed to Refund Money in Every Instance Where Satisfactory Results Are Not Obtained After First Few Doses.

### RESULTS FROM USE ALMOST IMMEDIATE

Thousands Using It With Gratifying Results—Great Superiority Over Ordinary Remedies Is Clearly Demonstrated.

Asprolox, the new scientific cold remedy which has been accomplishing such remarkable results, probably provides the safest, surest and quickest, as well as the most practical treatment for colds yet discovered.

A dose taken every two hours until three doses are taken usually breaks

up the severest cold and ends all Grippe misery. The very first dose unstops the head, relieves difficult breathing and penetrates deep down into the air passages. It also checks running of the nose, relieves those dull headaches, sneezing and the feverishness which so often accompanies a cold. Don't stay stuffed up. Clear your congested head. No other remedy brings such prompt relief.

Asprolox contains no quinine or nauseating, harmful drugs. It has a soothing effect on inflamed mucous membranes of the nose, throat and bronchial tubes, and a gratifying feeling of relief takes the place of distress and discomfort. Asprolox relieves a cold by removing the cause. It is a combination treatment and acts as an antipyretic, expectorant, laxative and antiseptic.

The next time you have a cold go to your nearest druggist and ask for a bottle of Asprolox. Have the clerk open it on the spot, take a teaspoonful, repeat the dose in an hour and again in two hours. If you are not surprised and delighted with the result, go back to your druggist and he will refund your money without question.

All Drug Stores are now supplied with this wonderful new prescription.

### COMMUNITY SERVICE REQUIRES MORE MONEY

An additional \$50,000 is needed by the Federation for Community Service to meet the requirements of the 49 city charities this year.

The officials met yesterday, and appointed a special permanent campaign committee to discuss plans for enlarging the work of the federation and for deciding upon the best methods for organizing a campaign that will meet with the approval of the citizens of Toronto.

George A. Howland was appointed chairman of this permanent campaign committee, and the following sub-committees were drafted: Executive committee, Geo. A. Howland (chairman), A. E. Clark, W. T. Kernahan, Frank Lawson, Wilfred Rice, John Patterson, M. C. MacLean; publicity committee, John Patterson (chairman), Major Wemp, G. L. Lemon, Bert Trestall; campaign methods, G. A. Howland (chairman), Frank Lawson, Martin Gardner, Arthur Hatch, John J. Gibson, Guy R. Roach, F. H. Bigwood, A. E. Clemes, Fred Hamblly; delayed subscriptions committee, A. E. Clark (chairman), W. T. Kernahan, David Haig, Bert Applegath, Wilfred Rice, C. A. Westley, John Gibson.

### NO OFFICIAL WORD ON SHIPYARD DISPUTE

That he had received no official intimation from Ottawa of the men's demands being refused, was the statement made to the Collingwood Shipbuilding strikers by Herbert Wright, business manager of Local No. 128, International Union of Shipbuilders, yesterday afternoon.

Union officials contend that the government know that 90c an hour should be the prevailing rate, and that if the men will only stick to their demands Ottawa will be forced to grant them their rights.

It is held that the government dare not face a debate on the issue on the floor of the house, and that a settlement is sure to be reached between now and when the session starts next month.

Another meeting of the men will be held today.

### FRAUD CHARGE FOLLOWS FAILURE OF COMPANY

A sequel to an unsuccessful tour of a musical comedy company was heard before Judge Coatsworth yesterday, when John D. Frawley was charged with obtaining by fraud \$200 from J. R. MacDonald and \$250 from J. H. Duckworth, all three original members and promoters of the theatrical company.

The little company, which had "unlucky" 13 members, came to grief following a tour of the many small hamlets in Ontario. The court marveled at the inner workings of the amateur musical company as outlined by Messrs. MacDonald and Duckworth. Frawley was given until next Thursday to pay the money, and was also warned to take a lesson from his experience.

### ALREADY PREPARING FOR ADOLESCENT ACT

Chief Inspector R. H. Cowley has almost ready for presentation to the management committee of the board of education a report on the necessary steps to be taken for the operation of the adolescent school act in Toronto in about three years time. It was originally intended that the law should come into effect this year. To bring about a public discussion of the question of the extension of the compulsory school age in Toronto to 15 years of age, Major B. S. Wemp will move at the next meeting of the management committee for a full report on the adolescent school act.

### MAYOR HAS BUSY DAY ON RETURN TO WORK

Mayor Church was back in his office in the city hall yesterday after two days of illness, and immediately plunged into work. He presided at the meeting of the board of control and then received visitors and dictated letters and instructions until nearly 6 o'clock.

### BERRY CHARGES OFFICIALS.

John Berry, who is suing the city for an alleged infringement of his patent on a water purifying process, made charges yesterday to the board of control against certain city officials, but the board decided to take no action until the case has been disposed of in the courts.

### MEN GET NOTICE IN LIMB FACTORY

Heavy Overhead Expenses Given as One Reason—Many May Be Absorbed.

Twenty men in the employ of the limb department of the D.S.C.R. have received notice that their services will be dispensed with at the end of the present month, "owing to heavy overhead expenses." Most of the men were said to be "problem cases" and were said to be "problem cases" and were said to be "problem cases."

The men have been given a month's notice.

Colonel Morrison denied that the majority of the men were "problem cases."

### MANY AT FUNERAL OF LATE BISHOP EVANS

The funeral of the late Bishop R. C. Evans, founder of the Church of the Christian Brotherhood, took place yesterday following an impressive service at the church, conducted by Rev. A. Wilson, and the remains were conveyed to Prospect Cemetery, where a short prayer was offered, no graveside service being held.

The following elders of the church acted as pall-bearers: Messrs. E. Harrington, G. Trickey, Edward Lido, Albert Clegg, Rundle, and W. S. Falls, and the chief mourners were: Mrs. Evans, widow; W. T. Evans, son; Mrs. H. E. Thomas, daughter; Mr. H. P. Thomas, and Mrs. W. T. Evans.

Many relatives from all over Canada gathered to pay their last tribute to deceased.

### Mayor Opposes More Money For Roads Outside City

Having read of the conference between the board of control and Hon. F. C. Biggs regarding co-operation between the city and the province in the building of improved highway entrances into the city, Mayor Church announced yesterday that he would not consent to the expenditure of any more money on roads outside the city except on the Hamilton Highway and on account of the Toronto and York highways commission. "Let them understand that we are thru and the lid is on," declared the mayor.

### ROTARY CLUB PROGRAM.

Owing to the illness of Sir John Martin Harvey he will be unable to address the Rotary Club at its noon-day luncheon today. However, the club have arranged a very interesting program for the day.

### GEN. MITCHELL TO SPEAK.

The organization of the Normal Model School Old Boys' Association will be completed at a meeting to be held in the theatre of the school this evening. Brig-General Mitchell, C.B., will deliver an address on the British campaign in Italy.

### How Wcul You Like It?

Don't let your wife do it without giving it a thought. In a wifely attention to dine with you down town would be a pleasant change from the monotony of her household duties.

Take her away from her workshop, the kitchen, etc. Invite her to meet you for Evening Dinner at

### THE WALKER HOUSE

"The House of Plenty"  
Geo. Wright & Co. - Proprietors

From the story by RICHARD WASHBURN CHILD

He is knocking now at the door of your heart and soon he will enter, in—

# "HELIOTROPE"

The wonderful successor to "HUMORESQUE"

—for sometimes a thought, or maybe the memory of a word well spoken, penetrates your very soul and finds there a responsive chord. In such manner will this beautiful photoplay on "Father Love" appeal to you with its great wealth of genuine "human-ness".

### JUDGMENT RESERVED IN ARENA APPLICATION

Judgment was reserved yesterday by Justice Masten on the application of Frank G. Robinson, of Montreal, for an injunction restraining the shareholders of Arena Gardens, Ltd., holding a special meeting, which has been called for Monday, the 24th inst., for the purpose of confirming certain actions of the directors in suspending and stopping payment and especially of authorizing the return to the bondholders of their deferred interest coupons, Mr. Justice Masten

### ONE-TENTH OF ESTATE WILL GO TO CHARITIES

One-tenth of the total estate of Louisa Anne Jacques, a widow, who died June 11 leaving \$28,388, is given in charitable bequests, under a will executed October 19, 1918. Seventeen mortgages are valued at \$24,975; stocks, \$2,805; cash, \$188; household goods, \$300; and an interest in the estate of W. H. Jacques, \$120.

The charitable bequest is divided among the Salvation Army Rescue Home, Montreal; Children's Memorial Hospital, Montreal; superannuation

### ALLOWS ESTATE CLAIM.

Judge Denton has allowed Mrs. Sarah J. Scrase \$2,165 on her claim against the estate of her brother, Solomon Shepherd, for \$149 for caring for him and nursing him for six years before his death on October 20 last. The estate was passed in the surrogate court at \$19,061, and Mrs. Scrase, in addition to a request of \$2,500, inherited one-half of the interest coupons, Mr. Justice Masten

### MAJOR TOMLINSON DIES IN TORONTO

Was Famous Civil Engineer— Had Charge of Notable Works.

The death of Major Alfred T. Tomlinson, one of the outstanding civil engineers in Canada, and formerly in the United States, took place yesterday in this city at the family residence, 21 Avenue Road, after a long illness.

Born in Grand Falls, N.B., on June 23, 1859, the late Major Tomlinson early showed a strong preference for engineering life. He was a graduate of the Royal Military College of Kingston, and shortly after graduation served with distinction in the Northwest rebellion of 1885.

From 1899 to 1895 he was assistant engineer of the Brooklyn Elevated Railway and was also in charge of litigation surveys and construction of one and a half miles of elevated structure, track, stations and steam operation.

From 1893 to 1894 Major Tomlinson was in charge of the building of a section of the underground electric of the Metropolitan Railway of New York. He was also prominently identified in the work of building of the Lake Street Elevated, the North-western Elevated and the Union Elevated Railways of Chicago, third rail equipment.

He was likewise for some time in charge of the Boston Elevated Railway and from 1902 to 1905 was employed by J. G. White & Co. of New York to locate and partially build the high grade interurban line from Rochester to Lockport, New York, the Marion and Watkins Railway in Indiana, and the Alton and East St. Louis in Illinois. All the above are high class electric railways.

From 1905 to 1908 he was in charge of the construction of the Hydro electrical development of the surplus water of the Boulogne Canal at Cedara, Quebec, and later on 140 miles of construction on the G.T.P. from Teuchwood Hills to Saskatoon and a trunk sewer for the city of Edmonton.

From 1908 to 1912 he was district engineer of the Grand Trunk Pacific, representing the Grand Trunk Railway on 400 miles on sections C and D, the work of which was practically all carried out by the well-known American firm of Foley, Welch & Stewart.

From 1912 to 1914 Major Tomlinson was the chief engineer in charge of the surveys and locations of the proposed railway in the Province of Ontario, and shortly after the outbreak of the war, to 1919 he was in charge of the inspection of small arms ammunition in the Dominion Arsenal at Lindsay.

Of a most engaging personality and with a remarkable facility for making and retaining friends, his death at the comparatively early age of 62, will be learned with the most profound regret by his professional associates and friends all over the country.

The late Major Tomlinson was a member of the Engineering Institute of Canada, of the American Society of Civil Engineers, and of the American Railway Engineering Association. He is survived by his widow, two daughters, Helen and Myra, and one son, Alfred.

The funeral will take place this afternoon (Friday) at 3.30 o'clock from Humphrey's undertaking parlors, 1055 North Yonge street. Interment will take place at Cleveland, Ohio.

### DEPRESSION PART OF WORLD CRISIS

Italian Deputy Says All Nations Must Pass Thru This Condition.

Rome, Jan. 20.—Business depression in Italy is characterized by Signor Olivetti, a deputy in parliament and industrial and economic expert, as part of "a world crisis." He attributes the situation not only to Italy, but in France, England and America to the restriction of consumption and to the limitation of money. He expressed the opinion that all countries must pass thru this condition in order to attain economic reconstruction.

Signor Olivetti sees an encouraging sign in the fact that strikes and labor agitations are becoming less frequent and less serious in Italy. He says this indicates that the working men realize the difficulties thru which all industries are passing. Nevertheless, unemployment is characterized as grave and increasing.

German competition already is having a bad effect on Italian mechanical industries. Woolen manufacturers are operating only three or four days a week and hosiery and India rubber factories are working on reduced hours. No new ships are being laid down because of the uncertainty of future naval construction. The once flourishing automobile industry of Italy only just holds its own in the face of ever-increasing obstacles to exportation and the diminution of the home market.

Both exports and imports have decreased in Italy, according to figures just made public covering a period of one year. The decline in exports is attributed by Signor Olivetti to labor troubles, unfavorable exchange rates, and the uncertain condition of foreign markets. The reduction in imports is ascribed to the exchange and unsteadiness in the price of raw materials.

### CITY AND SUBURBAN TALK ON TELEPHONE TO BUSINESS MEN

Manager of Bell Company Tells of the Invention and History.

EARLSCOURT  
Business history, lectures, entertainment and refreshments were all included in the program of the St. Clair Business Men's Association last evening.

Meeting at Earlscourt Hall, the men proceeded to the address of the manager of the Bell Telephone Company, gave an address on "The History of the Telephone," which was most interesting. Mr. Kennedy explained that the telephone was "born" in Brantford, Ont., in Dr. Graham Bell's laboratory. He also explained the history of the telephone from its invention to the present time.

Much interest was displayed in the sample of the model of the first telephone ever spoken into, which Mr. Kennedy showed to the audience. Several questions regarding the telephone and the way it was worked, and answered by Mr. Kennedy, who was given a cordial reception.

Heavy votes of thanks were tendered by the business men, who also voiced their appreciation of such speakers as the speaker of the evening, Mr. Kennedy, who was given a cordial reception.

Preparations for a juvenile round-up show, to be held at Earlscourt Hall on Saturday night, were completed last evening at a meeting of the Earlscourt Poultry and Pot Stocking club, of which J. B. Harris is president.

Trustees of the S.S.H. Etobicoke, have decided to purchase 11.5 acres of land at Horner avenue and Brown's lane for the site of a new school. The price asked for the land is \$3000.

Residents of Mimico are delighted at the prospect of a new factory opening in the district. It is stated that 20 acres of the McMann property, formerly the Kenney estate, at Mimico Creek, has been sold to the Anglo-American Motors, Limited, who purpose erecting a factory for the manufacture of their La Mar automobile. The purchase price for the site is said to be in the neighborhood of \$100,000. Building operations, it is believed, are to commence early in the spring and the factory is expected to give employment to 2000 men.

The reports submitted at the annual meeting of Mimico Presbyterian Church show a total offering for the year of \$4,639.84, and from addresses given by the various officials the indications are all for a very prosperous year's work in 1921. Messrs. French, Shaw, Blair and Davidson are the board of management for the ensuing year.

### WILL SELL LIQUOR RETAIL IN QUEBEC

New Legislation Does Away With Necessity of Prescription.

Montreal, Jan. 20.—Quebec despatches today state that the new liquor legislation the provincial government will introduce will provide for:

1. Every kind of spirituous liquor and wine being sold by retail without prescription in Quebec.

2. The appointment of a commission consisting of three or five members, who will be paid at least \$10,000 per annum.

3. Thru this commission the government will control the sale of liquor, wholesale and retail, and get all the profits from retail sales.

4. Present wholesalers will not be affected, but they will be permitted to sell to retail agents in Quebec only. The retail agents will be directly appointed by the commission. The out-of-province business of retailers will not be affected.

5. The retailers will be paid salaries of \$4,000 per annum. There will be 100 of them.

6. All liquor sold by government stores will bear a government stamp and plainly state the price at which it must be sold, and there will likely be one standard price, fixed, which will include the revenue stamp to be placed on each bottle when sold to the customer and will be reasonably lower than present prices. Government analysts will be appointed to test the quality of all liquor bought from the agents before it is put into the government stores and high class inspectors will ensure that in the bottling of the liquor from the casks in which it comes to the country nothing is added, except what is necessary to bring the spirit down to the required strength underproof.

7. Hotels, restaurants and grocers will be licensed only for the sale of beer, with the exception that hotels, with more than 50 rooms, will be granted a special license for the sale of wine for their guests registered in the hotel.

8. The manufacture of temperance beer will be totally prohibited, and all night clubs will be abolished.

### THE HOME BANK OF CANADA

Established Sixty-Six Years

The Home Bank was originally established as a savings bank sixty-six years ago. It now does a very large volume of business with Thrifty Savings Account depositors. Full compound interest of highest bank rates paid on Savings Accounts of one dollar and upwards.

### PRESENTS ARGUMENT NORRIS GOVERNMENT FOR BELL COMPANY WITHOUT MAJORITY

Ex-Judge Phippen Maintains Firm Makes Good Case for Higher Rates.

Ottawa, Jan. 20.—(By Canadian Press)—A strenuous effort will be made to bring the telephone rates inquiry before the board of railway commissioners to a close by noon Saturday. If the indications on Friday afternoon are that this will not be possible, an adjournment will likely be taken until next week.

The taking of evidence was concluded at three o'clock this afternoon, when ex-Judge Phippen commenced argument for the Bell Telephone Company. At five o'clock, when an adjournment was taken until Friday morning, he said he was nearly thru. As there are eight other counsels to be heard, considerable doubt exists as to the bringing of the case to a close this evening.

Side for Bell Company. Mr. Phippen in the course of his argument maintained that the Bell Telephone Company had made a strong case for higher rates. He said he was not particular as to the form in which the increase should be given, but it was desirable that the board should come to some conclusion as to the amount of money the company requires in order that it may be in a position to properly finance the large expenditures which must be made during the next few years if the public is to have the benefit of a proper telephone service. He maintained that the company had been well managed and well financed, defended the depreciation and reserve accounts, and declared that much of the criticism built up by the opponents of the application was not worth the paper it is written on.

Two Records. For the first time in the history of the Manitoba legislature a woman will occupy a place on the floor of the house, Mrs. R. A. Rogers, M.L.A. for Winnipeg, having this distinction.

This, it is said, will be the first session of any legislative assembly ever held in Canada in which the government party goes before the house without a majority of members sufficient to carry the house in the event of a division.

D'ANNUNZIO AT VENICE. London, Jan. 20.—Gabriele d'Annunzio, former insurgent head of Fiume, arrived in Venice Tuesday, says a despatch received by the Central News today from Rome under Wednesday's date. D'Annunzio retired to the Barbarigo palace and refused to talk.

A short session of the Manitoba legislature will be held in the afternoon at 2 o'clock, says a despatch received by the Central News today from Winnipeg. The session will be held in the afternoon at 2 o'clock, says a despatch received by the Central News today from Winnipeg. The session will be held in the afternoon at 2 o'clock, says a despatch received by the Central News today from Winnipeg.

### CASH AND CARRY SCHEME IS TRIED

By West Toronto Storekeepers—Moose Order on Unemployment.

WEST TORONTO  
Many storekeepers in West Toronto are trying out the "cash and carry" plan in addition to their regular delivery system. In some ways a flurry in prices has been observed, especially in lines such as groceries. One woman informed The World that a few days ago she purchased a pound of tea of a well-known brand on a "cash and carry" order and paid 45 cents for it. Yesterday she ordered the same brand of tea, a well-known brand, without asking the price, and paid 49 cents for it. She thought that 20 cents was too much delivery charge on a pound of tea.

A general summons of the Moose Order of West Toronto to discuss the unemployed question brought 800 of the 1000 membership to Moose Hall last night. An interesting voluntary subscription was held, so long as the trade depression lasts. It was decided to pay back members' fees and also to assist where home and family calls demanded. A raffle to raise an immediate cash fund resulted in netting \$300. Early in the evening two candidates were nominated. The Moose Order was so crowded with the members standing on the benches that the candidates were not able to get up at one time. A strong feeling prevailed that the unemployed fund should become a permanent part in the west end lodge.

Royal Black Precinctory, No. 885, initiated nine candidates for the west end division at their meeting last night in Colvin Hall, West Toronto. Donald Macdonald, W.P. being in the chair. There were 40 present in netting \$300. Early in the evening two candidates were nominated. The Moose Order was so crowded with the members standing on the benches that the candidates were not able to get up at one time. A strong feeling prevailed that the unemployed fund should become a permanent part in the west end lodge.

Peace Lodge, I.O.O.F., installed their officers for 1921 at a meeting on Wednesday night in St. James Hall, West Toronto. The installation work being carried on by the lodge. The new Imperial Black branch at Boon and St. Clair avenues will be occupied in a short time. This has also been selected in a very short time.

For the purpose of creating a more sociable spirit among the members, the Peace Lodge, I.O.O.F., installed their officers for 1921 at a meeting on Wednesday night in St. James Hall, West Toronto. The installation work being carried on by the lodge. The new Imperial Black branch at Boon and St. Clair avenues will be occupied in a short time. This has also been selected in a very short time.

Trustee George Ironsides of the school board has announced his intention to move that the board instruct the secretary to write the council asking that the two bodies hold a conference to the proposed new school in the west end of the town so that the undertaking may be gone on with at once.

School Inspector Campbell favors such a conference and has assured the school board that the council have power to supply the money required for the school.

SWANSEA CHURCH PROSPERS. Morning-side Presbyterian Church has increased the stipend of its minister, Rev. J. G. Cheyne, to \$2000. The church raised \$7750 during the past year and the Ladies Aid Society decided \$350 towards mortgage reduction. The membership totals 273.

OAKWOOD OLD BOYS MEET. At a committee meeting of the Old Boys' Association of Oakwood Collegiate Institute, it was decided to hold a general meeting followed by a dance and annual collection of fees Monday evening at the school. P. McDonald, president, occupied the chair.

### REPUBLICAN ARMY IS BREAKING UP

Gen. Strickland Says It is Only Matter of Time Before It Dissolves.

Cork, Jan. 20.—In the first formal interview given to the press since he came to Ireland, Major-General Strickland, in command of the troops, told the Associated Press today that martial law was proving a success. He discussed the reprisals and his letter to the acting lord mayor explaining that he expected aid from the citizens in the shape of a vigilance committee of some kind to supply information to the military. He did not allude to his report on the Cork fires.

Among the interesting statements made by Gen. Strickland was one that women carried weapons concealed in their skirts to the ambushing forces. He declared he did not expect immediate results from martial law, but even before it was imposed the murder gang was finding it impossible to live at home and had begun to form flying columns in the Mallow district and parts of Tipperary and Killenny.

"The first result of martial law was to make these columns more active," he said. "The definite thing we are accomplishing is the breaking of the organization of the republican army. Until martial law was declared that organization was remarkably efficient. Its informants were also well organized, as were those of the British army. It may be taken as too optimistic to say that the present operations of the republican army are its dying kick, but I believe that to be a fact. How long they can keep going is a matter of conjecture. But it is only a question of time."

Not Surrendering Arms. In reply to a question as to what results had been obtained up to the present by the proclamations demanding the surrender of arms, Gen. Strickland admitted it probably was true that the number of arms personally surrendered could be counted on the fingers of one hand, but added: "In one way or another, arms are coming in."

Gen. Strickland spoke bitterly of the part he alleged women were taking as arms-bearers. "The military are not making war on women or interfering with them in any way," he said. "The difficulty of getting the arms in the possession of the women may be imagined."

Considering the suggestion that the people of Cork form a vigilance committee, the general remarked: "Sixteen months ago, when I first came to Ireland, Cork City was a hot bed of republican activity."

MORE POLICE IN ST. THOMAS. St. Thomas, Jan. 20.—The police commissioners, at a meeting today, appointed four additional constables, at a salary of \$100 per month. There was a good attendance and the hall was fully decorated. At the close of the evening resolutions were passed by the committee.

DEAR TALK SOCIAL EVENING. Under the auspices of the Unity Club a successful dance was given at the Aurora social club last evening. There was a good attendance and the hall was fully decorated. At the close of the evening resolutions were passed by the committee.

### LONG BRANCH CHURCH HAS PROSPEROUS YEAR

The annual reports of the local Presbyterian Church are unusually satisfactory.

The total offerings during the year amounted to \$2320. There are at the present time 138 members on the church roll, 31 being added during the year and two removed. It has been decided to erect a new school in the west end of the town so that the undertaking may be gone on with at once.

School Inspector Campbell favors such a conference and has assured the school board that the council have power to supply the money required for the school.

SWANSEA CHURCH PROSPERS. Morning-side Presbyterian Church has increased the stipend of its minister, Rev. J. G. Cheyne, to \$2000. The church raised \$7750 during the past year and the Ladies Aid Society decided \$350 towards mortgage reduction. The membership totals 273.

The Toronto World

FOUNDED 1850. A morning newspaper published every day in the year by The World Newspaper Company, of Toronto, Limited. M. J. MACLEAN, Managing Director, World Building, Toronto, 40 West Richmond Street. Telephone Calls: Main 5308-Private Exchange connecting all departments. Branch Office—31 South John St., Hamilton, Telephone, Regent 1946. Daily World—2c per copy; delivered, 50c per month, \$1.35 for 3 months; \$2.50 for 6 months, \$5.00 per year in advance; or \$4.00 per year, 40c per month, by mail (Canada except Toronto), United Kingdom and Mexico. Sunday World—5c per copy; \$2.50 per year by mail. To Foreign Countries, postage extra. FRIDAY MORNING, JANUARY 21.

Premier Drury, His Old Friends and His New Lights.

The Globe and The Star are busy sewing the shroud and preparing for the funeral of the Liberal party. As between E. C. Drury and Hartley Dewar, art, both journals are strong for Drury. The Star has long given the Drury government consistent and unwavering support. For months a Star reporter hovered every week-end over Crown Hill, eager to seize the pearls beyond price that might fall from the premier's lips. With uncovered head he stood while Mr. Drury got between the handles of the plow to think. The Globe, on the other hand (frankly detesting Mr. Dewar and by Mr. Dewar as frankly detested), did not worship without ceasing at the Drury shrine. It complained of the rum-running on the Detroit frontier, it slapped Mr. Drury's wrist, the playfully, over the Backus deal. It assumed the role of a candid friend.

Of late, however, no camouflage is attempted. The Globe and The Star are supporting Mr. Drury and will formally join the Farmers' party as soon as it is re-christened with a more becoming name. No wonder the leaders of the Farmers' party are dismayed at the prospect. These new recruits are apparently looked upon as Jonahs, and the practical politicians in the Farmers' party will not have them at any price.

Our journalistic neighbors during the past four years have been dancing the political Lancers in a most enticing way. It has been a "grand right and left, change your partner, swing the lady, back to your partner, change again and swing the lady." They were Liberals, then Unionists, then Liberals again and now U.F.O. How many Liberals they carried over to Sir Robert Borden in 1917 is problematical. How many they took away from him in 1920 is even more problematical.

How many will follow them into the Farmers' party remains to be seen. Our own impression is that there are a good many more Liberals in Ontario, and even in Toronto than people suspect. They are perforce inarticulate, The Globe and The Star do not speak for them. That the Farmers' party will eventually swallow the Liberal party no unbiased observer can doubt, but the Farmers may take over the firm name of the defunct party together with the other assets. Irresistible leading to this end are as irresistible as those which enabled the newly-created Republican party in the United States to swallow bodily in a year or two every other opposition party or group. What Mr. Drury has in mind will be accomplished, but not in his way. The tide will carry him without any exertion on his part to the landing place he has in view. The Globe and Star cannot impel any more than they can retard that incoming tide. Hence Mr. Drury's oldest and best friends are trying to save him from the "new lights." They complain that "a body of designing and unscrupulous men by their wily synchopany and bandishments have secured the premier's ear."

Why the Delay in Absorbing the Grand Trunk Into the National Railway System?

The disastrous railway policy of this country, with its burden of debt and over-construction, was due almost solely to the failure of the Laurier government to compel the amalgamation of the Canadian Northern with the Grand Trunk Railway system. In 1906, when the contracts were let for the construction of the National Transcontinental, the Canadian Northern was firmly established in the prairie provinces, while the Grand Trunk fairly gridironed Ontario and a considerable portion of Quebec. The two railways brought into one system would have been a powerful competitor to the Canadian Pacific after it had constructed, with government aid, a line between North Bay and Port Arthur and a line from Edmonton to Vancouver. As it was, two enormously expensive lines were constructed thru the regions north of Lake Superior and two more across the mountains. A lot of money was spent without greatly changing the situation. The Grand Trunk continued to be the main road in Eastern Canada with a long, snakelike, branchless extension from Winnipeg to Prince Rupert, and the Canadian Northern continued to be a big system in the west, with a spearlike projection into eastern Canada.

BROMPTON PULP CO. DECLARES DIVIDEND

Montreal, Jan. 20.—The Brompton Pulp and Paper Company held its annual meeting here this afternoon and the regular quarterly dividend at the rate of seven per cent, was declared payable. The financial statement showed earnings after expenses and taxes of \$1,853,588, which after deduction left \$676,886, for carrying forward. P. N. McCrea, president, in his address said that the earnings shown represent only those of the parent company and the subsidiaries at Claremont and Groveton, in the United States, ended their fiscal year December 31, but their combined earnings, would, he said, equal those of the parent company.

COUPLE DIE OF PNEUMONIA

Brockville, Ont., Jan. 20.—On Tuesday Samuel Halpenny, a gardener, died of pneumonia. Yesterday his wife was carried off by the same disease. The funeral today was a double one.

MR. DRURY: "I have been thinking, dear lady, that since we have so many ideas in common, there is really no reason why we should not prove the old adage that two can get along so much better than one."

OTHER PEOPLE'S OPINIONS

The World will gladly print under this head letters written by our readers, when your articles meet with approval. As space is limited they must not be longer than 200 words and written on one side of the paper only.

TORONTO BOTANICAL GARDENS.

Editor World: May I on behalf of the professional florists and gardeners of the country, voice an appeal for the proposed Toronto botanical gardens? I do so as a modest official of the only national organization of its kind in the Dominion, The Canadian Florists and Gardeners' Association, the members of which feel acutely the need for increased educational facilities for horticulture to develop as it deserves.

The Cost of Street Widening.

In view of the fact that street widenings and street openings may be quite frequent with the reorganization of the city street car service The World again adverts to the question, and suggests that a new and up-to-date method be undertaken in these projects so that there be no further piling up of big debenture debts for such works. The old method of putting out debentures for 10 or 20 years for the entire improvement should be discarded. Portions of any properties taken in a street widening have to be paid for if damage is shown, but the balance of the property left ought to pay its entire share of the improvement out of the award, and when the award is paid, owners of properties in the past have secured big wads of money for supposed damages, and have then left the city to collect the amount thru a long period of years. Often the original owner has got his cost out for the street widening or opening, then sold his holding at a high price and left the unsuspecting buyer to foot the bill. Legislation should be sought at the present session to make owners commute their share of the award at the time the improvement is done. Premier Drury will not take long to see, the point.

REMARKED IN PASSING.

During 1920, Great Britain reduced her national debt by 247 million pounds. No other country in the world can show anything like that record.

Our idea of an optimist is seen in "Fussfoot" Johnson, who says Scotland will yet go dry.

Mayor Church is back on the job filled with vim and vigor stored up during a few days' rest. They say at the city hall they'd hate to have him around after a month so spent.

The way the days are lengthening out reminds us that we shall soon have to face that question of daylight saving.

D'Annunzio says he will hereafter keep out of political affairs. At the same time if he had kept to the trade as a poet the world would hardly have heard of him.

WHY THE DELAY IN ABSORBING THE GRAND TRUNK INTO THE NATIONAL RAILWAY SYSTEM?

The disastrous railway policy of this country, with its burden of debt and over-construction, was due almost solely to the failure of the Laurier government to compel the amalgamation of the Canadian Northern with the Grand Trunk Railway system. The old method of putting out debentures for 10 or 20 years for the entire improvement should be discarded. Portions of any properties taken in a street widening have to be paid for if damage is shown, but the balance of the property left ought to pay its entire share of the improvement out of the award, and when the award is paid, owners of properties in the past have secured big wads of money for supposed damages, and have then left the city to collect the amount thru a long period of years. Often the original owner has got his cost out for the street widening or opening, then sold his holding at a high price and left the unsuspecting buyer to foot the bill. Legislation should be sought at the present session to make owners commute their share of the award at the time the improvement is done. Premier Drury will not take long to see, the point.

REMARKED IN PASSING.

During 1920, Great Britain reduced her national debt by 247 million pounds. No other country in the world can show anything like that record.

Our idea of an optimist is seen in "Fussfoot" Johnson, who says Scotland will yet go dry.

Mayor Church is back on the job filled with vim and vigor stored up during a few days' rest. They say at the city hall they'd hate to have him around after a month so spent.

The way the days are lengthening out reminds us that we shall soon have to face that question of daylight saving.

D'Annunzio says he will hereafter keep out of political affairs. At the same time if he had kept to the trade as a poet the world would hardly have heard of him.

WHY THE DELAY IN ABSORBING THE GRAND TRUNK INTO THE NATIONAL RAILWAY SYSTEM?

The disastrous railway policy of this country, with its burden of debt and over-construction, was due almost solely to the failure of the Laurier government to compel the amalgamation of the Canadian Northern with the Grand Trunk Railway system. In 1906, when the contracts were let for the construction of the National Transcontinental, the Canadian Northern was firmly established in the prairie provinces, while the Grand Trunk fairly gridironed Ontario and a considerable portion of Quebec. The two railways brought into one system would have been a powerful competitor to the Canadian Pacific after it had constructed, with government aid, a line between North Bay and Port Arthur and a line from Edmonton to Vancouver. As it was, two enormously expensive lines were constructed thru the regions north of Lake Superior and two more across the mountains. A lot of money was spent without greatly changing the situation. The Grand Trunk continued to be the main road in Eastern Canada with a long, snakelike, branchless extension from Winnipeg to Prince Rupert, and the Canadian Northern continued to be a big system in the west, with a spearlike projection into eastern Canada.

COUPLE DIE OF PNEUMONIA

Brockville, Ont., Jan. 20.—On Tuesday Samuel Halpenny, a gardener, died of pneumonia. Yesterday his wife was carried off by the same disease. The funeral today was a double one.

WILL EXACT FULL DEBT FROM GERMANY

(Continued From Page 1.)

gress, in contrast with the ruin of the victorious people would be a challenge France could not tolerate.

MINISTERIAL DECLARATION.

"We have a treaty of peace with Germany," the ministerial declaration read, "but we have not real peace as yet—a peace which will solidly establish France's essential rights and assure her security. We shall obtain that security only if Germany is disarmed. That is for us the vital question, marking out for the government its first and most sacred duty. We shall not fall in it."

Reparations come next in the government program. On this the declaration says: "The reconstitution of our ravaged soil, our destroyed industries and the equilibrium of our finances are possible only if Germany executes the reparations clauses of the treaty of Versailles. To this end our allies will give us their support."

"Unless the frightful iniquity of war is repaired, a resumption of normal relations and commercial exchange will remain impossible." The declaration points out that none of Germany's factories was destroyed, that its forces of production remain intact and that even the conditions of exchange which defeat inflicted upon her open the widest hopes for her commercial expansion.

Germany's prompt economic revival is foreseen, and the declaration says any idea of deprecating or obstructing it is far from the thoughts of the government.

"But," it is added, "prosperity of the aggressor coming after her defeat, in contrast with the ruin of the victorious people, would be according to the most elementary morality, a challenge France cannot accept. We have the force, and would be able to use it if necessary, to impose respect for all the undertakings signed, but republican France is essentially pacific and it is in peace she wants to bring Germany to execute the obligations she has accepted."

CONFIDENCE IN BRITAIN.

The declaration expresses confidence that Britain will do all she can to arrive at an understanding between the belligerents, and it was the last reason to the settlement of all questions concerning peace now in suspense.

Mention is made of the military accord with Belgium, which, the declaration says, was "indisputable" and which despite the dissimilarity in customs regimes led to an economic understanding equally desired on both sides of the frontier.

The principal points of the program are reduction of the military service without touching the military force of France so long as Europe still is unpeacified, reduction of expenditures, reformed regimes led to economic understanding, intensification of reconstruction and indulgence toward the working classes.

Warning! You are not getting Aspirin at all unless you see the name "Bayer" on package or on tablets. Aspirin is the trade mark registered in Canada of Bayer Manufacture of Monoaceticacid of S. Ziegler & Co., Germany.

Continued from Yesterday's World.

Kent handed his cane and hat to the footman and followed Colonel McIntyre, who slipped ahead without another word. As they mounted the stairs Kent glanced at a folded paper which he still held, and was surprised to see that he had unintentionally walked off with Mrs. Brewster's cheque. His decision to hand it to Colonel McIntyre was checked by the colonel disappearing inside the bedroom, with a muttered injunction to "wait there," and Kent stuffed the cheque inside his vest pocket. It would serve as an excuse to interview Mrs. Brewster again before leaving the house.

When Colonel McIntyre reappeared in the hall he was accompanied by Detective Ferguson.

"Keep your standing, Kent," he said. "I have sent for you and Ferguson, first because Grimes insists on seeing you, and second, because I am determined that this midnight house-breaking shall be thoroughly investigated and put an end to."

"What hour of the morning was it?" asked Ferguson.

"About one o'clock, as near as I can tell, sir."

"What were you doing in the library at that hour, Grimes?" demanded McIntyre.

"I wish to find out what your household was up to, sir," was Grimes' unexpected answer, and McIntyre started. "Explain your meaning, Grimes," he commanded sternly.

"Grimes means the library," McIntyre's tone was short. "I have no idea, sir, what you mean by that, unless he means more explicit."

The butler eyed him in no friendly fashion. "What Mr. Turnbull asserted in that very room," he demanded. "And what was he looking for?"

"I wish to find out what your household was up to, sir," was Grimes' unexpected answer, and McIntyre started. "Explain your meaning, Grimes," he commanded sternly.

"Grimes means the library," McIntyre's tone was short. "I have no idea, sir, what you mean by that, unless he means more explicit."

INSIDIOUS ATTACKS ON BRITISH IDEALS

Miss Arnoldi Gives Warning to Provincial Chapter I.O.D.E.

PATRIOTIC "MOVIES" Plea Made on Behalf of British Films and Magazines.

Representative of vitality and loyalty to the cause they uphold was the quarterly gathering of the Provincial Chapter Daughters of the Empire, who, some 250 strong, convened at the King Edward yesterday with Mrs. Burkholder of Hamilton in the chair.

On behalf of the city, Mayor Church extended greetings and showed an appreciation of the aims of the organization, in tendering the freedom of the city to the visitors, the mayor in noble achievements and something of their order and appealed to their patriotism to work for the province so that it might be a place for the returned men and their families in which to live.

As coming within the scope of their activities, the members were asked to preserve historic landmarks. In this connection the speaker pointed out that the American people were an example to Canadians in preserving memorials of their nation's history.

As organizing secretary, Mrs. Malcolmson, in a stirring address, reported the formation of thirty provinces since the last annual meeting. A new provincial chapter for Nova Scotia was also mentioned.

At the luncheon, which was held in the Pompanon room, Mrs. Lionel Clark, Miss Diana Arnoldi, Mrs. Church and Miss Joan Arnoldi were special guests.

The date of the annual meeting was arranged for April 20 and 21, to take place at Hamilton.

Discussions followed regarding the National Anthem, and it was decided to ask managers of "movie" theatres to flash on the screen near the entrance to each one of the theatres a sign which reads "The National Anthem and the press were given before the close of the meeting."

CUTICURA HEALS SISTER'S ECZEMA

In Rash All Over Body, Burned And Itched, Could Not Rest.

"My little sister had eczema all over her body. It came like a rash, and was burning and itching. She could get no rest, and we would have to wet her clothing to take it off. She was cross and irritable, and the breaking out caused disfigurement."

"She had the eczema about five months when we tried Cuticura Soap and Ointment. We could see she was getting relief, and we just used one cake of Cuticura Soap and one box of Cuticura Ointment when she was healed." (Signed) Miss Jessie Campbell, Sunny Brae, Nova Scotia, January 16, 1919.

You may rely on Cuticura Soap and Ointment to cure your skin. Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion, Canadian Depot at 515 Bloor St. W., Toronto. Write for literature. Cuticura Soap shaves without rasor.

ANNOUNCEMENTS. Notice of future events, not intended to raise money, to be held in connection with the celebration of the centennial of the birth of Sir John A. Macdonald.

ROYAL CANADIAN INSTITUTE LECTURE—Saturday, January 22nd, Physics Building, University of Toronto, at 8:15 P.M. Mr. W. A. F. Schuman, The British American Oil Company, Toronto. Title: "The Story of Petroleum." The public invited. Free.

calculated to give the impression that the board would be as careful as possible of the taxpayers' money.

HORSE DID NOT LIKE SEMAPHORE SIGNAL. "Greyhound" the wee, white horse belonging to H. Harpen, 25 Centre avenue, espying the silent policeman at the corner of King and Bay streets with its right message "stop" became infuriated at the insolence of the semaphore post yesterday afternoon, and making a mile a minute rush, smashed right into it, head-on.

HOCKEY GRANITES - 3 ARGONAUTS 1

HOCKEY WAS LIKE SLOPPY WEATHER

Granites Two Goals Up on Argonauts in Awful Tussle.

Granites moved up into a tie with Varsity for second place in the O.H.A. senior dash last night by beating Argonauts 3 to 1...

Referee Cully Wilson had a lively time. He sanctioned Collett twice for going down Crook and Rosch once each.

It looked like a runaway when Granites ran in two goals in the first period. From a scramble in front of the net...

The third was lively but no scoring resulted. Rosch was benched in this round, but Fox stopped several Arg lifts.

Table with 2 columns: Team Name and Score. Includes Granites (3), Argonauts (1), and other teams.

WESTON ARE TROUNCED BY ST. FRANCIS SIX

St. Francis declared themselves in the running for their intermediate group by defeating Weston at Ravina rink last night...

HOCKEY GAMES TODAY

Port Hope at Pictou, Whitby at Bowmansville, Canimington at Uxbridge, Niagara Falls at Port Colborne, London at Ingersoll, Brantford at Simcoe, Sarnia at Glencoe, Stratford at Watford, Greyhound at New Hamburg, Warton at Owen Sound, Barrie at Midland, T. S. S. at Huntsville, Belleville at Trenton, Aura Lee at Parkdale C.C. (Arena, 8.30 p.m.), Strathroy at Stratford Avons, Alliston at Meaford, Stayner at Collingwood, Tulliburg at Woodstock, St. Andrews at St. Michaels (Arena, 8 p.m.), Seaford at St. Marys, Jennings Cup, Junior Arts at St. Mike's, Senior Arts at Senior School, Toronto Hockey League.

OUR HATS ARE OFF TO YOU OTTAWA

S. CLEGHORN SIGNS ST. PATRICKS' PROS.

The pro league moguls held a long session at a local hotel yesterday. It is necessary to get a Stanley Cup coast by March 21st for the team to coast these two schools, and St. Mike's have to be defeated. They are at the head of the group, with two wins to their credit, while St. Andrews are in second position...

GROUP NOW TIED UP

Durham, Ont., Jan. 20.—In the final junior northern hockey game of the second series, Durham defeated Chesley here tonight by a score of 4 to 0. This now ties the round each team having won two home games. The tie will likely be broken on neutral ice. The game tonight was fast, and kept well in hand by referee Burns of Palmerston. The score by periods—1 to 0, 4 to 0, 4 to 0.

NEW BRUNSWICK HOCKEY

Fredericton, N.B., Jan. 20.—The official standing of the New Brunswick Hockey League is as follows: W. L. For. Ag. Chatham 4 0 27 7, Campbellton 2 1 17 7, McEwen 2 1 12 9, Marysville 2 2 8 21, Bathurst 0 5 6 25.

Varsity Score Win UP AT BURLINGTON

Burlington, Jan. 20.—In an O.H.A. intermediate game here tonight, Varsity defeated the home club 1 to 0. The line-up: Varsity—Goal, Thomson; right defence, McCullough; left defence, Ferguson; centre, Davern; right and left wing, McDonald; subs, Boyd and Douglas.

SEAFORTH WINS AGAIN

Seaford, Ont., Jan. 20.—A Junior O.H.A. match played here tonight between Mitchell and Seaford resulted in another win for the locals by a score of 5 to 1. The game was refereed by D. Reid of Seaford. The line-up: Seaford (5): H. Batz, Goal; Stewart, Brookes, R. defence; Reid, Frazer, L. defence; Copplin, Centre; Weiland, Heckman, R. wing; H. Hays, Chappel, Sub.; Keslake, McHenry, Sub.; Prutes.

BENNY TALKS LIKE FIGHT MANAGER

St. Louis, Mo., Jan. 20.—Conditions under which Willie Hoppe, champion bantamweight, will contest in a title match with Edouard Horan, who was announced in New York today that he would accept Hoppe's terms, were made public tonight in St. Louis. The match must be winner-take-all, the gate receipts, and also must be for a stake of \$100,000 to \$200,000.

AUSTRALIA ALSO WINS THIRD TEST

England Falls Short in Second Innings by One Hundred and Nineteen.

Adelaide, South Australia, Jan. 20.—(Can. Associated Press.)—Australia won the third test match here today by 119 runs from the English team. The Australians have now captured three out of the five test games. The English team in their second innings had to get 489, and Hobbs only seemed a match for the Australian bowling. He scored a wonderful 123.

When the game was resumed this morning it was terrifically hot, but the wicket still remained good. Gregory and Malley bowled to Hobbs and Makepeace. The batsmen made a cautious start. Before lunch Hobbs, by lively play, raised his score to 122. He was dismissed soon after the interval by Gregory, after landing only a single run. He hit with remarkable power, and reached his hundred after two hours at the wicket. He got his English team out of the stumps, but the ball missed the wicket by inches only. Russell, who made 59, played brisk cricket.

Table showing batting and bowling statistics for the Australia vs England match, including names like Hobbs, Rhodes, and Gregory.

Central Y. Athletes Tonight at Broadview

The following is the program for the dual athletic meet tonight at Broadview Y.M.C.A., starting at 8 o'clock: Central Y.—W. Wardrop, R. Granger, C. Kelley, Y.—A. Ponton, J. Tressler, E. Chambers.

BASEBALL GOSSIP

Regardless of his suspension from the Chicago Americans and his indictment for alleged conspiracy in the 1919 world series, Buck Weaver, former White Sox third baseman, declared today he will be taken back. Weaver today offered to get \$200 that would be a member of the White Sox team next season.

INTER-ASSOCIATION NIGHT A BIG SUCCESS

The inter-association night between Central and Broadview Y.M.C.A. at the east end building last night proved a big success. A fine group of fellows journeyed over to Broadview and participated in a comprehensive program that included basketball, handball, bowling and swimming, a splendid spirit being manifested throughout the evening.

WOULD PUT TAX ON NEW YORK TRACKS

Albany, N.Y., Jan. 20.—A state tax of 12 per cent on gross gate receipts of all racing associations in New York State is proposed in a bill introduced today by Assemblyman Charles H. Eells. He estimates that the tax would net the state \$800,000 annually. He pointed out, in introduction of the bill, that the Ontario Racing Associations are taxed \$100 a day for each day, which in New York would raise an annual revenue of \$1,125,000 at that rate. He considered that price rights were forbidden under the criminal code.

SOMETHING MONTREAL WILL NOT STAND

Montreal, Jan. 20.—A protest against the city being made the province of the holding of noted boxing contests was entered at the Quebec Provincial Convention of the Quebec Provincial Social Service Council, held under the presidency of W. H. Wiggs of Quebec. Dr. J. G. Shearer, secretary of the Dominion Social Service Council, Toronto, stated that prize fights were forbidden under the criminal code.

JACK DEMPSEY'S FORFEIT MISSING

Rickard's Partner Promoters Are Apparently Endeavoring to Jump the Job.

New York, Jan. 20.—After a conference here late this afternoon between Tex Rickard and William A. Brady,

Rickard told the Associated Press that Brady refused to accept the offer until he had consulted with Chas. Cochran,

the third joint promoter in the project, who is in London.

Brady agreed, however, to communicate with Cochran by cable and ascertain whether the latter desired to continue

in the project with Rickard or withdraw with Brady should the latter decide to accept Rickard's offer.

According to Rickard the interests of Cochran in this country were in charge of Brady, who holds a power of attorney for the champion prize money.

This conference was the outstanding feature of another day of controversy over whether or not the heavy-weight championship of the world

between Jack Dempsey and Georges Carpentier should be contested on a contract of alleged non-fraudulent contractual clauses.

Much of the discussion appeared to hinge upon the mystery of the missing bond, as a wily factiously styled Dempsey's surety papers.

According to Rickard, Kearns and others, such a bond for \$50,000 was made up by the champion prize money,

but its whereabouts at this time is shrouded in mystery. Officials of the Central Union Trust Company, the city stated emphatically that the bond was not in their possession.

By the contract entered into on November 8, 1920,

Richard agreed to a local representative here to break into his personal safe deposit box in order to ascertain

the whereabouts of the bond, but the result of this search had not been announced late today.

The bond, however, was found on the money put up in France by Carpentier had been accounted for apparently and only a few days ago.

Another angle is whether any technical objection could be raised on the terms of the contract to date, takes precedence over the final rulings on the fight.
