BULGARIA DEARES HERSELF AN INDEPENDENT STATE; WAR WITH TURKEY SEEMS CERTAIN

France Has Offered to Mediate Between the Two Powers—British Stock Market Affected by Rumors—Turkish and Bulgarian Troops Reported to be Massing on the Frontier.

Sofia, Oct. 5.—Bulgaria, a tributary principality under the suzerainty of the Sultan of Turkey today proclaimed her independence of Turkey. This action was taken at Tirnovo by Prince Ferdinand who was elected Prince of Bulgaria in 1877. The Bulgarian Cabinet was present with the prince, having met him yesterday at the frontier and journeyed with him to Tirnovo. The party reached Tirnovo last evening. Tirnovo is the ancient capital of the Kingdom of Bulgaria. It was here that the ancient kings of Bulgaria were crowned. Constantinople, Oct. 5.—Turkey is convinced that Austria, backed by Germany, encouraged Bulgaria to declare her independence in order to strike a blow at the Balkan Ministry and compromise the new legislation. It is not known what steps Turkey will take, but the impression prevails that a European conference will be held to consider the whole question. Advice obtained in an authoritative quarter of Sofia state that not all the powers supported the British proposal for the settlement of the railroad question. Want of unanimity among the powers encourages Bulgaria to insist on her present attitude. Paris and other Bulgarian towns are placarded today with declarations that the moment has now arrived to proclaim independence, as otherwise Turkey, on the strength of the treaty of

ALL TOO BUSY CAMPAIGNING

Local Government Called to Meet Tomorrow Night But Members are all Electioneering.

Fredericton, N. B., Oct. 5 (Special).—A meeting of the local government is to be held here tomorrow evening but as all the members with the exception of Chief Commissioner Morsey are so busy electioneering it is scarcely likely that any business of importance will be transacted. Recorder Skinner and L. A. Curry, of St. John, are here today on professional business. The city council meets in regular monthly meetings tomorrow evening when it is expected there will be the usual row on police matters.

EVERY DAY BRINGS ITS OWN TIDINGS OF LIBERAL GAINS FROM THE WHOLE OF CANADA

St. John Will be in Line on October 26 With Two Liberal Members—Tonight's Big Meeting—Cheering Reports From York County—Mr. Brown's Victory Over O. S. Crockett is Assured.

With election day only three weeks away the candidates are starting in with zest to make a personal canvass of the electors. James Walker, the Liberal candidate in the city is receiving a very warm welcome in all parts of the constituency and there is no doubt that he will be the city's choice for representative at Ottawa by a large majority. Dr. Pugsley's election is conceded by Conservatives as well as Liberals and it is only a question of the majority that he will receive.

Ward Workers Active

In all the Liberal ward rooms the city there is a good gathering of workers every evening and from every section come the most encouraging reports. The chairman says that the attendance has never been so large or the interest so keen as in the approaching contest and no legitimate efforts are being spared to make the victory on October 26th, a crushing one for the opposition. Last Friday's grand meeting at the Nickel Theatre was in marked contrast to the shilly attended and unenthusiastic gathering addressed by Conservative orators.

Tonight's Big Meeting

Tonight the Liberal party will open the week's campaign with a grand rally in Dufferin Hall, 642 Main street, under the auspices of the Young Liberals Club.

NEGRO FAMILY IS A BIG SHAKEUP IN WIPED OUT BY A MOB

Buffalo, N. Y., Oct. 5.—The Express today says: "A wholesale shakeup in the personnel of the New York Central line, all the way from the president down to the superintendents is said to about take place. The programme calls for the retirement of William H. Newman, as president of the New York Central lines. He has been in the position for 14 years. He is being succeeded by Charles A. Daly, now vice-president in charge of passenger traffic. As for the New York Central proper, the most persistent rumor is that S. R. Payne, who recently went from Buffalo to Syracuse to become general superintendent, is to be promoted to assistant general manager on the Boston and Albany, to succeed J. H. Easton, who may come to Buffalo. Frank W. Everett, formerly division superintendent at Buffalo, but now located in Syracuse, will, it is said, succeed Mr. Payne as general superintendent of the western division. E. J. Richards, chief assistant general passenger agent, and F. J. Wolfe, assistant general passenger agent, have resigned and both positions are abolished. Should Mr. Daly succeed President Newman, Warren Lynch, passenger traffic manager of the New York Central lines, west of Buffalo, will be made vice-president of the present."

He was shot by a police officer and the bear was quickly controlled and the property loss will not exceed a few thousand dollars.

HANGED HIMSELF IN PRISON CELL

Sylvester Campbell's Death Ends Unusual and Complicated Case in Maine Courts.

Brunswick, Me., Oct. 4.—One chapter of a most unusual and complicated criminal case came to a close today when Sylvester J. Campbell, of this town, who was threatened with prosecution for subordination of perjury, hanged himself in a cell in the jail here. It was largely through Sylvester Campbell's evidence that his brother, Millard F. Campbell, of Monmouth, was convicted in the superior court at Portland last week. Sylvester Campbell's evidence was a result of a felonious assault upon Sylvester's wife. A later investigation of the county authorities, based on evidence furnished by Millard Campbell's attorney, led to a suspicion that Sylvester had trumped up a charge against his brother as a result of a quarrel over the inheritance of the estate. Sylvester was locked up yesterday and was to have been taken to Portland for examination. When Officer Herbert L. Robertson visited the cell room today, he found Campbell's body suspended by a chain from a grating over his cell door. The body was warm, but life was extinct. Campbell had evidently taken the chain which was used to support the door, and had fastened it to the ceiling, forming one end of it into a noose, stood on the edge of the lower berth and fastened the other end of the chain to the grating over the door. Then leaning over, it is supposed, he slipped his head into the noose and swung away from the bunk. Death was caused by strangulation. The neck was not broken. The trouble between the Campbell brothers had its origin shortly after the death of their father, John P. Campbell, at Bowdoin, early in September, 1907. At that time Millard came to Brunswick to visit his brother Sylvester, and later returned to Monmouth. About a month later Millard received notice that his brother had been made administrator of his father's estate, much against Millard's wishes. Not hearing anything further about the disposal of the property, Millard wrote to Sylvester a few weeks later, demanding an immediate settlement, and a couple of days after

A NEW YORK FIRE NUMBERS NINE VICTIMS

Blaze in Four Story Double Tenement House Causes Nine Deaths—Children Tossed From Windows to Safety.

New York, Oct. 5.—Nine persons lost their lives in a fire that occurred early this morning in a four-story double tenement in lower Mulberry street. The building was occupied by eight Italian families and there was approximately fifty persons asleep in the building when the fire was discovered. The fire started in a dry goods store that occupied the ground floor of the building. It spread with great rapidity and soon the whole inside of the building was a mass of flames. Many of the persons who escaped by the stairway were more or less burned; some of them severely. There were many narrow escapes from death in the fire and a number of children were saved by being tossed from the windows into the arms of the spectators in the street. At least six children were rescued in this manner.

Bardon was fatally wounded by Katie Kingston in a resort run by the woman.

NEWS AND VIEWS OF THE CAMPAIGN

The Amherst News says: The conviction has settled down into the minds of the active workers in both parties that the Laurier government will be sustained.

The Lethbridge Herald says: It must be disheartening for R. L. Borden to address hundreds at his meetings when Sir Wilfrid Laurier is speaking to as many thousands.

The Fredericton Herald says: The Liberal campaign in York is going on with a swing and Candidate Brown's chances of election are daily growing brighter. He is throwing wonderful energy into the fight, and is not only creating enthusiasm in his own party, but many Conservatives are rallying to his support. Mr. Brown has completed a thorough canvass in the upper section of the county, and is sure of a splendid support from that locality.

In his address at Cornwall, Ont., on Wednesday, Sir Wilfrid Laurier in speaking of having some outside of parliament call strong men to the cabinet, paid this kindly tribute to the memory of the late Hon. A. G. Blair: "I looked all over the country, and I asked Mr. Blair to

RABBI AMDUR'S SERMON ON EVE OF DAY OF ATONEMENT

The following was delivered on the eve of the day of Atonement, Sunday, at Hazen Avenue Synagogue, by Rabbi Bernard L. Amdur.

It is a line that separates two worlds of time, as little real as the distant horizon, which looks to be the meeting place of earth and sky. All our festivals are witnesses to some historical occurrence, as our approaching feast, the feast of booths, commemoration of thankfulness, the feast of passover, a great national feast calling to our minds wondrous events, or the feast of Pentecost, the day when the Holy Spirit descended upon the apostles.

Now, lastly, the third mentioned is prayer, the method whereby man brings himself into relation with God. There has been a great deal said and written about the efficacy of prayer. We have been told time and again that prayer is a relic of past superstition and that there is no answer to the petitions sent up by the devotee.

And to my shallow philosophers, those full of intellectual pride, those that dwell in knowledge, or that plunder in knowledge, I will recall an instance: When Darwin was contesting a parliamentary election, he spoke at a meeting as an independent candidate.

Now, as for our attitude to the world, charity is commended. Truly, in this all men are agreed, and as the word of God is a duty and a great virtue. No need for me to dwell upon this when hundreds of earnest men and women are devoting time, money and energy towards like carrying water to the hy for man to expiate upon the beauty of charity as the term is usually understood.

Charity has even come to be a sort of religion in these days. There is a certain worship at the shrine of philanthropy without God in it. "I am not religious," I do all the good I can, two things be reconciled? Is not religion the ground of moral obligation to anything for your fellow man, and can there be religion without God? Are not religion and charity both synonyms and it seems very strange that there should be these attempts to divorce the one from the other.

## FIELDING GETS SPLENDID RECEPTION IN TORONTO

### Minister of Finance Makes Telling Speech—Facts and Figures of Twelve Years of the Greatest Prosperity Canada Has Known—Hon. A. B. Aylesworth Heard to Advantage.

Toronto, Oct. 3.—Even though Toronto has not been much in the habit of electing anything but Conservative members heretofore its citizens include many stalwart Liberals, who are determined that in the coming contest it shall not be all Tory Toronto. There was a thrilling example of their devotion to the principles of Liberalism at the meeting in Massey Hall last night when that huge auditorium was filled to the very doors with a cheering, enthusiastic and public-spirited audience. There were orators in plenty, but more important, they had a story of progress to tell that appealed to the best in the hearts of every one present. Rarely has such a meeting been seen in this city. The minister of finance, Hon. W. S. Fielding, was in the best of speaking form, and as he paced up and down the stage, his words were received with telling and convincing comments, the audience reverberated with applause. No less hearty was the greeting to Hon. Mr. Aylesworth and the two local candidates, Messrs. T. J. Johnston, K.C., and W. H. Shaw. The meeting was indeed a splendid omen for the future of Liberalism in Toronto.

Hon. Mr. Fielding carefully reviewed the most salient features of the financial policy in existence during the past twelve years. He showed how the deficit which had taken the place of the old-fashioned Tory deficits, and how at the same time the breaking of intense patriotism was the defence of the tariff. He told how the great ideal of Sir Wilfrid Laurier was to unify the different races and creeds in Canada. His own ideal he pictured as the formation of a tariff which would harmonize with the views of both the farmer and the manufacturer.

Fielding drew a faithful picture of the progress of the twelve years; trade had increased, land values had gone up, and the population was increasing. He touched on the Crown's Nest Pass controversy, showing how neither Mr. Borden nor Sir Charles Tupper had raised his voice against the bargain when it came up in the House, but rather praised it. Incidentally, he said, the Globe newspaper had given proof of its own bias in its praise of the tariff. He said that the tariff was a large part of a brilliant, eulogy of Canada's leading statesman, Hon. Charles Tupper, and that Sir W. L. A. Macdonald delivered a short address.

The minister started out in delectable style with the music of the Highlanders' band, while the Robbette quartette rendered up-to-date campaign ballads. One of the pretty incidents of the evening was the presentation by Miss Francis Harris to both the Cabinet minister and the speaker of roses. Mr. W. K. George acted as chairman, and the meeting was entirely devoid of any Liberal mottoes.

Among the banners prominently displayed were: "Laurier and Victory," "Progress to Our Fair Dominion," "Don't return to the Days of Heaviness and Stagnation," "Laurier and the Nation of the World," "Canada the Bread Basket of the World," "Laurier and the Larger Canada," "Laurier and Transcontinental Unity," "It shall be Fielding or Foster, Surplus or Deficit," "All Red Routes," "Liberals Stand For Unity and Progress."

Hon. Mr. Fielding was received with the utmost enthusiasm, the audience rising and cheering for several minutes. The band played the "Jolly Good Fellow" when the speaker had just left the stage. When the evening had at last subsided, after Mr. Fielding had two or three times put up his hat, he came into the heads of his Tory friends when they said they were going to sever the connection with the Tories and to unite with the Liberal party. After seeing the statement of the minister, they thought it would be a good idea to work together to hold their present position, let alone bring about a change.

Fielding said that the Liberal party had no charge of corruption. He said that the Conservative party had no charge of corruption. He said that the Conservative party had no charge of corruption.

He actually paid under a Liberal administration. (Cheers.) The people have saved under the Laurier tariff \$84,000,000. No! Four hundred and eleven million dollars! (Cheers.) "Our Conservative friends were proud of an increase of \$3,500,000 per annum of income under the Laurier tariff," he asked, "and renewed cheers." Proceeding, Mr. Fielding said that it was in office the men who know how to work it out for the greatest good rather than to restore its inventors, who did not know how to operate it.

"We ask support for the Liberal Government because it has given twelve years of peace, progress, and tariff policy to this country." (Cheers.)

He then went on to tell of Sir Wilfrid Laurier's work in making a harmonious nation of a country of different races and creeds. There was no nobler task, he said, to be undertaken by any public man. He confessed that he had an arrangement of the tariff policy to bring the rival elements together, to put down sectional jealousy. He wanted to see the right spirit in order that there might no longer be trade and commercial rivalries and jealousies. That was the aim of the Liberal policy and he desired to devote his time to that, just as the leader had devoted his time to the struggle about national unity. Canada, he added, would remain an agricultural country at least for a long time to come. In the process time there might be considerable manufacturing in the west.

"The west today," he continued, "is growing rapidly. The time is coming when the west will join Canada. It is wise to antagonize the farmer of the west against the manufacturer of the east and bring about strife and endless antagonism! That is possible, the strife between the east and the west, and it is probable that the west will be the only way to get about such an undertaking as to be a competent, able, and energetic man. These estimates were being exceeded. Why? For answer, said Mr. Fielding, "the west is getting more wages for his labor; go to the man in the west and ask him what he has done for his farm and to live in comfort, and to the manufacturer: 'You are bound to consider the position of the farmer of the west, who feels these taxes a burden upon him. So, following that policy for months, he thought the government was able to do much good. A happy, prosperous population in the Northwest would be made by the policy which induced the manufacturers of the east to regard the interests of the west, and the farmers of the west to give the same consideration to the manufacturers of the eastern provinces, a policy which had contributed so much to bring happiness to the west."

Speaking of the preferential tariff, Mr. Fielding said that if no step had been taken in that direction till at one fell swoop they could have a tariff, but no step would have been taken whatever. But in 1897 the basis of the whole movement in the west was the empire was laid because Canada took that step. It was necessary for somebody to make the first step, and was the determination of the Prime Minister that Canada should be the leader in this movement, now become Imperial in scope. The speaker went on to mention the German surtax and the discovery by that nation of Canada's power as a nation to deal with trade matters. And the attempt of the United States to slaughter in order to close up Canadian factories was adverted to, Mr. Fielding remarking that while we wanted to engage in trade with the United States we did not want them to slaughter, so the (Government) saying that here was a condition, not a theory, which demanded consideration, adopted the dumping clause, which had done so much good.

Taking up the question of the French treaty, Mr. Fielding pointed out that he only knew of one country which had given an "unconditional" treatment to another without receiving it back, and that such only things received in return were a few articles on a free or preferred list. He said that Hon. Mr. Borden and himself had been negotiating a treaty with France. Day after day Conservatives had questioned this treaty, but when a division was held about half a dozen voted against the treaty. It had been confirmed, he continued, by the Parliament of Canada, and by the Chamber of Deputies in France. An attack had been made upon it in the French Senate, it being alleged that the Canadian Government had made too good a bargain. The treaty, he said, was fair to Canada and fair to France.

"This government has given you a sound, strong, wholesome commercial policy," he added, "though Hon. Geo. E. Foster began to cry out almost before we had brought down our tariff policy. Let us look at the last twelve years of Conservative government and compare it with twelve years of Liberal rule. That will be a fair comparison. You will find during the twelve years of Conservative rule an average deficit of \$415,000 per annum. How much was the average deficit under Liberal rule? None! We had a surplus of \$9,500,000 for every year of Liberal administration. (Cheers.) I don't wonder that Messrs. Borden and Foster prefer to talk about a quarter of a dollar on a barrel of flour or something like that. (Laughter.) I tell you it is not a penny that the government draws upon this splendid financial record. (Cheers.)

"Have we increased the taxation upon the people, as Mr. Foster alleges! All that a government can do is to fix the rate of taxation. The amount of tax that a man pays to the government depends upon his own consumption of goods. There has been no increase in the extent of the taxation for the average rate last year was two and a fraction per cent. less than in 1893. If you will take the taxation which existed in 1893 at \$18.25 per head for every \$100 worth of goods imported and apply it to the imports of the twelve years the people of Canada would have paid \$84,000,000 beyond what

## LIBERALS ARE GAINING ALL OVER THE DOMINION

### Conservatives Became Despondent at Continued Liberal Success—At Least Five Seats Will be Redeemed in Ontario—Great Meetings in Carleton, York and Kings Counties.

Ottawa, Oct. 4.—This week will see the political campaign in Ontario in full swing. Mr. Borden returns to the city tomorrow night after receiving the nomination in Carleton during the afternoon, and the Conservative organization is working over time to ensure a big attendance at the meeting which the opposition leader is to address in the evening. The nomination of Sir Wilfrid Laurier and Mr. McGivern has taken the enthusiasm of the Conservatives here, as it determined that his majority here shall be greater than was rolled up here for Gibson four years ago.

Mr. Caspary, who spoke briefly, brought a message of good cheer from Queen's County. He said that the old Liberal spirit of the constituency was aroused and would carry Col. McLean to victory.

On Saturday afternoon, the Liberals held a very successful meeting in the hall at Millville. W. A. Hay presided and the building was packed to the doors. Vigorous addresses were delivered by Messrs. D. Flinnery and R. W. McLellan. The band of the 71st Regiment furnished music.

From South Toronto came the news that the Liberal candidate, Mr. O'Donnoghue, who is backed by the Liberals, had a narrow victory in Dundas county as an Independent-Conservative candidate in the field against Andrew Broder.

It is a strong indication that the Liberals will gain at least five seats in Ontario. Mr. Borden's campaign of slanders is not so convincing as his friends expected.

Brockton, Oct. 4.—(Special)—The Liberal campaign in the Shabrook block was formally opened last evening with a great rally, at which the speakers were N. W. Brown, Liberal candidate, W. Carpenter, of Queen's County, and H. W. Brown. The Gibson train, which brought the candidate to the city, did not arrive until 10 o'clock, but there was a big crowd to meet him and he came in for a rousing reception.

Although suffering from rheumatism, Mr. Brown delivered a warm and stirring speech and accused the greatest of the Liberal Government, "I know enough of the Liberal Government to know that it is a government of the highest integrity and the truest devotion to public duty, and it is reason to Canada's honor that it should be so." He said that he was not a party man, but a man of the people, and that he was not a party man, but a man of the people, and that he was not a party man, but a man of the people.

The popular idol of the Acadians and their strongest champion in parliament. The Conservative machine had the nomination in this county all looked for Dr. Bourque, M.P., but since that gentleman was turned down by Mr. Hazen in the cabinet make-up he has not jumped to the crack of the party whip and he threw a bomb into the Conservative camp by declining the nomination in no uncertain terms. So sure of his nomination was the party that the Frederick Giesler, one of the few small organs remaining to the Conservatives in New Brunswick, announced that he had been unanimously chosen by the convention and that his victory was assured.

The North Shore is solid for Liberalism. Woodstock, N. B., Oct. 4.—The Foresters' Hall at Debec last night, was the scene of the largest and finest political meeting ever held in the parish of Hildesheim. F. B. Carvell, M.P., Weston, W. B. Morgan, Geo. W. Upham, and Dr. Kirkpatrick were the speakers. Harry Kirkpatrick was chairman. In marked contrast to the Opposition meeting the previous evening, when the hall was half empty, here a grand standing room was a premium and many had to be turned away. Mr. Carvell was in the form and made one of the best campaign speeches ever heard in the county. Richmond parish will roll up an old time Liberal majority for Carvell.

Monday night Mr. Carvell will speak at Watson Settlement; Tuesday at Bloomfield; Wednesday at Grand Falls; Thursday at Carleton Place; and Saturday at Bath.

As the campaign progresses Liberal prospects are every day becoming brighter all over the country. There will be a public meeting at Carleton Place on Friday.

Sussex, Oct. 3.—The Liberals of Kings County are much elated over the splendid reports that come from their associates in Albert concerning the success of Mr. Alister in meeting in his tour of that part of the united constituency. What a substantial majority there has been met with a cordial reception and such promise of support that will ensure him a substantial majority there. The meetings have been well attended and the enthusiasm of the electors is so marked as to surprise even the oldest campaigners.

The people of Albert are bound to show that they can do much better than in 1904, when they elected a Liberal majority with a small majority there.

Mr. Alister will spend next week in Albert County canvassing and addressing meetings. He will have the assistance of that eloquent speaker and vigorous campaigner, E. H. McAlpine. Wednesday, Thursday and Friday evening in that part of the constituency and Saturday evening in an important centre in Kings County.

Monday night will be a public meeting at Penobscot in the parish of Carleton in the interests of the Liberal candidate which will be addressed by Senator Donville, Hon. G. J. Omsen and others.

Tuesday night Ora P. King and Senator Donville will address a Liberal meeting at Waterford.

Wednesday night Hon. H. A. McKeown, of York and Hon. C. J. Omsen, of Hildesheim, will speak in Upland. Kings County, G. M., N. B., Oct. 3.—(Special)—G. W. Gibson's meeting here last night was packed, a majority of the audience being Liberal. The speech was a rehearsal of the scandal charges, but the audience was not impressed. The meeting closed with three cheers for Laurier.

## DR. PUGSLEY'S ENGAGEMENTS

### The Minister Speaks at Andover Tonight with F. B. Carvell.

Hon. William Pugsley, minister of agriculture, will have his morning for Andover and will speak at a meeting of Liberals tonight.

On Wednesday the minister will attend the County picnic at Oak Bay. It was expected some days ago that Hon. Mr. Fielding would also speak at this picnic, but the minister has found it impossible to attend.

On Thursday evening, Hon. Mr. Pugsley will deliver a lecture in Carleton at St. Martin's, and on Friday afternoon he will speak at a gathering at the launching of a new barge for the Bay Shore Lumber Company, at Great Salmon River.

Tonight's political event in St. John will be a mass meeting in Carleton at the auspices of the Young Liberals' Club. James Pender, E. S. Ritchie, J. A. Barry and other speakers will be present.

Friday night's great meeting in the Nickel Theatre has caused a great deal of talk and is taken as an indication of strong Liberal sentiment prevailing in this constituency, particularly when the speaker, Hon. Mr. Fielding, delivered his stirring addresses, the heartiness with which the big gathering applauded and cheered the speaker, and the grand enthusiasm of the packed hall and the lack of anything but scandal talk which have marked the Conservative meetings since the start of the campaign.

A fine Liberal meeting was held at McAdam on Saturday with George Rothwell in the chair. Stirring addresses were given by N. Dow, of Woodstock, and E. H. McAlpine.

## AN ABSURD RUMOR ABOUT DR. PUGSLEY

Late Saturday night some malicious person, in whose case the wish was no father to the thought, started a report that Hon. William Pugsley was soon to resign. Once started the story was taken up industriously by Conservatives, many of whom must have known it was both false and foolish. The minister of agriculture, who is evidently very busy, mentioned to him, saying it was too absurd to discuss, which the "fake" spread about shows that the public must be prepared for the wildest kind of rumors during the campaign, or evidently there are fallacious which they think may eventually cheer up the gloomy Conservative party.

In the Seaman's Institute last evening was attended by the seamen in port. A number of favorite sacred selections were sung by a male quartet. Mrs. H. S. Crutchfield sent in a beautiful bouquet of flowers. S. L. Gorbell addressed the men and several short talks were given by workers.

A test of various kinds of soil and the cost of freight rates might be obtained by the Pennsylvania Railroad.

The cotton outlook in Lancashire, England, was a week ago without prospect of improvement.

## CONSERVATIVES FIGHTING AMONG THEMSELVES NOW

Winnipeg, Oct. 4.—The Conservatives had a red hot fight here Saturday night before nominating A. Haggart, lawyer, as their standard bearer. A majority were in revolt against the machine rule of Rogert and Roblin, and all attempts to secure peace only served to increase the dissension. It was a lively row that marked the culmination, and when R. A. Bonpart, one of the unsuccessful candidates for nomination, was asked to make the naming of Haggart unanimous, he indignantly refused. Mr. Haggart is sure to be beaten.

Hon. W. S. Fielding, who has been speaking in Ontario for a week past, held a most successful Saturday night meeting in Hamilton. One of the chief points he said he did not want to come into the Toronto Globe, but wanted to deal with the government and opposition.

The matter was one of eleven years ago. The railway and coal companies should get back some of these lands, fearing that the railway and coal companies should get together, forming a monopoly. The government did get 50,000 acres back, and that had been there today.

"This is a big concession we got for the good transaction, and one working out well for the people of Canada. The then leader of the Conservatives had never objected, nor had Borden himself."

Amid much laughter he told of B. B. Oles, M.P., being a C. P. R. director, and if there were a crooked bargain, Oles himself must have been a party to it.

Since Hamilton was essentially a manufacturing city, he desired to deal somewhat with the tariff. He stated the broad principle of the Conservative had never objected, nor had Borden himself.

One of the best things the government could do for the manufacturer was to let the price of the west with a happy prosperous population.

## Winnipeg Party Men Revolt Against Roblin-Rogers' Machine

### Hon. Mr. Fielding, Speaking at Hamilton, Explodes Manitoba Premier's Charges About the Crow's Nest Pass.

UNFAIR ATTACKS

The best friend of the working man is he who establishes an industry which gives employment to men at fair wages, and who treats his employes in a fair and friendly way. Such a man is Mr. James Pender, the Liberal candidate in this city. The opposition party are concentrating their efforts to prevent the election of Mr. Pender, and are circulating statements concerning him which are utterly untrue. The attempt which is being made to create prejudice against him, by representing him as a man who has no sympathy with workmen, should have the effect of bringing him greater support, for the statement is false and the attack is unfair. Mr. Pender has lived many years in St. John, building up an industry that gives much employment, and is of great benefit to the city. He has enjoyed the respect and esteem of his employes, and no complaint has ever been made by them or by anyone for them of other than fair treatment. But now Mr. Pender is in politics, and his political foes, in their efforts to arouse prejudice against him and to compass his defeat, have stooped to methods of which they should be ashamed, and which will be resented by all fair-minded men.

THEY ARE WORRIED

The convincing reply of Dr. Pugsley at the mass meeting in the Nickel Theatre last week to the charges made against him by Mr. Hazen and Mr. Maxwell has not discouraged the scandal mongers. They say, in effect, that Dr. Pugsley was not telling the truth about it. The Standard thinks it a suspicious fact that the minister took the time at that meeting to reply at all. Note what it says: "It must be interesting to the Liberals of St. John to find themselves embarrassed with a candidate, who is obliged to devote three-quarters of his time at a public meeting explaining and excusing his own over-drafts from the Provincial treasury. What a position this is for a member of the Dominion cabinet and the head of one of the great spending departments of Canada!" The Standard knows perfectly well that, if Dr. Pugsley had not referred to the charges made, its largest type would have been brought out to announce that he was afraid to do so. But the minister was not afraid. He took up the challenge squarely at the very outset of his address, and showed to the complete satisfaction of the immense audience that the charges made were not well-founded. This was not what his opponents bargained for. They are now reduced to the thankless task of endeavoring to discredit the answer given to their unscrupulous assertions. Of course the purpose of this mode of warfare is to divert public attention from what the minister has done and is doing for the benefit of the winter port. It is realized by his political enemies that if the citizens cannot be prejudiced in some way against the minister his victory will be one of the greatest in the history of St. John campaigns. They have no hope of defeating him, and privately say so, but they hope to pull down his majority. There is one great local issue in this contest. It is the further development of the winter port. Which two of the candidates can do most to serve the city's interests in that direction? The government will be sustained. It is idle to talk of overcoming its enormous majority when the only question at issue is one of administration. That being so, the candidates who can do most for the port of St.

John are the Liberal candidates, one of whom is the minister of public works.

In an article commending the proposed new system of rural mail delivery the Shareholders says:—"At the present time the majority of cases to travel a considerable distance to obtain his letters and newspapers, and this in all weathers, while the vehicles which are employed to carry the mails from post office to post office almost pass his door. Under the new arrangement these mail carriers will virtually become distributors and will deposit in boxes specially designed for the purpose, whatever mail matter he may have for the individuals along his route. As regards those who reside on the cross roads not frequented by the mail carrier, provision is to be made by placing a row of boxes at the corners of these. In this way facilities will be furnished by the Government to farmers throughout the country residing at considerable distances from post-offices, which will relieve them from fruitless journeys to the post-office, and will, at the same time, secure to them the delivery of their mail without its having to lie for days awaiting chance calls. The new arrangement cannot fail to be a very great boon to the farming community."

Conservative writers and speakers tell us complacently about the seats they expect to capture from the Liberals. They are silent as to those which the Liberals will capture from the Conservatives. A majority figured out without taking into account is so one-sided a calculation as to be utterly absurd.

Dr. MacRae was not the first, nor even the second choice of his own party as their candidate. His nomination was received without enthusiasm, and by many members of the party with positive disfavor. This is a matter of common knowledge. It augurs his defeat by an overwhelming majority.

"I want St. John to be ready. I don't want it said that, because this port is not equipped, the freight (of the Grand Trunk Pacific) will have to go to Portland or Boston, and, ladies and gentlemen, I want to say that, God helping me, we shall be ready." (Hon. Dr. Pugsley's speech.)

The Liberals of this constituency should complete a more effective organization than they have ever had in the past, to roll up such a majority as will fitly answer the unfair campaign conducted against their candidate. Every man to his post. Let the victory be a rout.

In view of the fact that Sir Wilfrid Laurier has the greatest personal confidence in the minister of public works, the opposition rumor that he had called upon Dr. Pugsley to resign was exceptionally silly and ridiculous. It is, however, a part of this scandal campaign.

It is quite for a change, says the Standard. Quite so. The opposition should change its mode of attack and endeavor to prove that Canada is not prosperous under Liberal rule, or that the policy of the government is not progressive, or national in scope.

There are those who will say that Dr. Pugsley in opposition could do more for his constituency than Dr. MacRae could. Of course, the latter cannot be expected to assent to this view, but isn't there something in it?

The Standard affects to believe that the interests of St. John are to be sacrificed for those of Halifax. The best way to prevent that is to re-elect the minister of public works as the champion of St. John. What could Daniel and MacRae do?

The eastern question again threatens Europe with trouble. The cables from London yesterday were of a somewhat gloomy and alarming character. War, however, can surely be averted by an ultimatum from the greater powers.

The business of providing boys and girls with prurient literature is one that should not be permitted to exist in St. John. There are already too many inducements to impropriety and vice. The children must be protected.

The termination of the C. P. R. strike has been expected for some time. It would have been better if the agreement now reached had been accepted at an earlier stage. The loss has fallen most heavily upon the men.

Trouble is brewing for Mr. H. B. Ames. The Montreal Star says:—"It has been decided by Mr. Henry Dalby to oppose Mr. H. B. Ames in St. Antoine division as an independent candidate."

It cannot be said that the effort to secure new industries for St. John has been wholly a failure. The Conservative fake factory is working overtime.

ST. JOHN'S INTERESTS

"Within two years," said Sir Wilfrid Laurier in a recent speech, "we shall see this line (the Grand Trunk Pacific) running up traffic to new empires of the north." Conservative speakers seek to convey the impression that a much longer period must elapse before any freight originating on the Grand Trunk Pacific will come this way. Sir Wilfrid Laurier would not make the statement quoted unless he had good grounds for doing so. The minister of public works has expressed the same views. This is not idle talk. The work of construction is going forward rapidly. Therefore the port of St. John cannot too soon be equipped for handling traffic to be brought this way, whether the time be two or four years. Terminal facilities cannot be provided in a day. The necessary dredging cannot be accomplished in a week or a month, or a year. In this tidal harbor the work to be done will require time as well as money. Dr. Pugsley has stated his determination, so far as he as a minister of the crown is able, to have Courtenay Bay equipped for Grand Trunk Pacific business by the time the business is available. What he has already done is the best evidence of good faith, as well as of his ability to influence his colleagues in favor of the work to be done. As this paper pointed out the other day, he has already committed the government to a truly national policy with regard to St. John, and for that he deserves the undivided support of the citizens for himself and Mr. Pender in this campaign.

The Montreal Witness says:—"There is a marked improvement in industrial and mercantile affairs throughout Canada and the United States, and there is a hopeful note in all the reports from the leading financial and manufacturing centres east argues well for general revival of business."

A Fatal Superstition Among Caribbees

The inhabitants of the Caribbee Islands are a most superstitious people, and to a great extent their life is guided by signs and omens. They believe strongly in the evil influence of ghosts and devils, a belief which in the past led them into the most frightful practices.

One of their most potent superstitions is the "Obeah." In all probability the term Obeah is derived from the word "Obi," which is used by the natives of the East Coast of Africa to signify witchcraft and fetishism. The Obi has been traced back into Egyptian mythology. The belief in Obeah is not infrequently fatal to life, the believer pinning away till death claims him. On every estate and in every village there is at least one Obeah man or woman—more often the latter. This person is believed to possess the evil eye or the powers of the devil. A negro who wishes to be rid of an enemy goes to the Obeah woman and secures her aid by paying her a sum of money or giving her presents. The woman has her reputation to maintain, and if her influence over the victim fails she resorts to slow poisoning, but this is rarely needed, as the Obeah man or woman immediately falls into the clutches of the sorceress or Obeah. The Obeah woman's method is this: As soon as engaged to use her supernatural powers she seeks out the victim and tells him he is to be Obeahed. He becomes a prey to fear and pines away. His family and friends notice the change in his condition and declare he is "Obeahed," and fall away from him in terror. Thus the deadly work, once begun, finds an end in his miserable death, though it is the writings of his mind that killed him, the Obeah woman is held responsible and feared by all in the community accordingly.

PITTSBURG TEAM OUT OF THE FIGHT

Pennant Race in the National League is Now Between New York and Chicago.

Chicago, Oct. 4.—Pittsburg was eliminated today from the National League pennant race when Chicago scored a five to two victory before a crowd which was deemed to be the largest in the world which ever paid to see a game of baseball. Today's game was the final one of the season for Chicago and Pittsburg, while New York has three more to play, all with Boston. If one of the games were to be a rain-out, or if Boston wins one, the pennant will go to Chicago for the third successive year. By winning all three New York will exactly equal Chicago's percentage of 64. Tonight Chicago leads the league with 64. Pittsburg is second with 52.1. The story of the game is told in a simple way. Chicago started twelve hits off Willis and Camnitz, while Brown was pitched in the second. The umpire's decision was questioned only once and this in orderly fashion, despite the intense but suppressed excitement in which the players worked. President Mack of the Chicago Club announced the paid attendance at 47,000. This, Mr. Murphy said, was the largest attendance ever present at a game of baseball in the United States. The game was played on a field which was the largest in the world, it was nearly 4,000 larger than ever passed through the gates of the west side ball park before. At the Chicago game with Detroit, Mr. Murphy's office, the latter's team had just lost the pennant was smiling contentedly and proposed a bet of \$100,000 on a game between New York and Chicago the following day. "You are a better loser than I am," said the Chicago president. "You are a better loser than I am," he continued, "with reference to a possible tie by New York. However, it is no concern of mine that Boston won't get one of these games."

The constitution of the National League provides that a series of three games shall be played to decide the pennant. The board will meet at Cincinnati tomorrow to take action on the game, in which the president has decided to tie. It is said the board may take time by the forelock to take action on the game, in which the president has decided to tie. It is said the board may take time by the forelock to take action on the game, in which the president has decided to tie.

Chicago defeated Detroit 3 to 1 in the opening game of the series here today, making it just possible for the local team to win the American League pennant. Chicago's lead over Detroit was 10 1/2 runs, but the American League pennant, to this, however, Chicago must win the two remaining games with Detroit, while Detroit must win one game with St. Louis. By winning all three games Chicago will win the pennant, while Detroit will win the pennant if it wins one game with St. Louis. Detroit will win the pennant if it wins one game with St. Louis. Detroit will win the pennant if it wins one game with St. Louis.

MARATHONS WON SATURDAY GAME

But the Contest With the Algonquins Was Only an Exhibition—Carleton Team in a Draw.

The match game between the Algonquins and Marathons, the first of the series for the Bullock trophy, scheduled for Saturday afternoon, was not played as there was objection by some to D. Malcolm and stable playing on the ground that they were recently suspended by the M.P.A.A.A. for playing in a game of baseball with Home City. The teams, minus these players, played an exhibition game, the Marathons winning, 5 to 3. The intermediate game between the Victoria and Carleton on the Shamrock grounds, resulted in a draw, each side scoring a try. Carleton was the first to gain an advantage, Armstrong scoring a touch down after a five yard run, but the Victoria equalized by a try. Carleton continued to press and the Victoria were compelled to touch for safety—three times before the interval. In the second half, Carleton continued to press and the Victoria were compelled to touch for safety—three times before the interval. BULGARIA AND TURKEY MAY CLASH

Events Which Threaten to Change the Political Face of Europe are Now Crystallizing Rapidly.

London, Oct. 4.—Events which threaten to change the political face of Europe are crystallizing with lightning rapidity. Almost overnight the horizon of the near-east which seemed gradually to be assuming a peaceful appearance, has become clouded with war clouds. News reaches here from several sources that two definite strokes are impending which cannot fail to bring matters to a crisis and perhaps force an immediate war. One is the proclamation of Prince Ferdinand as king of Bulgaria, which will include Romania, taking for himself the title of "Caesar." The other is an announced intention of the Hungarian government to annex the provinces of Bosnia and Herzegovina, as appanages of the Austria-Hungary crown. Either action will be equivalent to the tearing up of the treaty of Berlin, while Prince Ferdinand's course seems almost certain to precipitate a war between Bulgaria and Turkey. Both armies are reported to be quietly and swiftly mobilizing near the border. Bulgaria is said to be buying up horses on an extensive scale. The Bulgarians have faith in their army which has reached a high state of efficiency. While Austria's action with regard to the provinces may not technically be called annexation, it is believed it will amount to that, whatever it may be. Apparently the emperor is determined that the destiny of these provinces shall be Austrian not Turkish. For this year they have been administered by Austria-Hungary, but they have always remained theoretically Turkish territory and Austria's policy seems almost certain to degenerate Turkish rights. English public opinion is with Turkey in the Bulgarian dispute, as all powers should meet to decide the Turkish rights. The English attitude will be toward annexation if that becomes a fact. Constantinople, Oct. 4.—Although a peaceful settlement of the Bulgarian question is desired, Turkey is pushing preparations to meet any development in the situation. Orders have been given for the first division of cavalry, consisting of six regiments, to be ready for immediate departure with eight regiments of the second and six of the third. Turkey thus will have twenty regiments of the frontier as opposed to 11 Bulgarian regiments, of which six are at Philippopolis, two at Sofia and three on the Rumanian border. Sofia, Oct. 4.—The latest communication from the Bulgarian government to the Turkish government is to surrender the oriental railway. The principle declines to deal with Turkey in the matter so long as the latter refuses to surrender the railway. The greatest excitement pervades the people, and yesterday all the ministers left for Constantinople, consisting of the prime minister, the foreign minister, and the interior minister. A council will be held which is expected to bring the matter to a decision. The attitude of the English press against Bulgaria causes surprise here and abroad. Bulgaria, Servia, Oct. 4.—The reports received here that Austria proposes to annex the provinces of Bosnia and Herzegovina has caused the greatest excitement. The Servian press denounces Austria's action as war-like.

SOLDIERS RIGHTS TO BE OBSERVED

South African Veterans Who Have Lost Their Discharge Papers Will be Protected.

Ottawa, Oct. 4.—Military orders just issued contain an announcement as to the mode of procedure for South African veterans entitled to the land grants who have lost their discharge certificates. It is announced for the information of all concerned that duplicate certificates cannot be issued. Applicants for the land grant under the terms of the volunteer bounty act of 1905, who have lost their discharge certificates should forward a certificate of service from their commanding officer or from two members of the corps in which they served, accompanied by an identification certificate from a justice of the peace, clergyman or other respectable person living in the neighborhood of where they reside. A deputation from the Anglican Synod and the Presbyterian church on Saturday saw the premier and requested full enforcement of the law in relation to the loss of discharge papers. Mr. Wilfrid replied that he had given the commissioners of the Yukon full authority to not only on local ordinances of the Yukon council but also the criminal code of Canada, but he would also see that the law in relation to the loss of the statements laid before him by the commission. Sir Thomas Shaughnessy stated yesterday that the company was well disposed toward the men, and that so far as the management and officials were concerned there would not be the slightest bitterness against the men who struck. On the other hand the company is bound by contract to keep in its employ the men who were before it to fill the places of the strikers. Those who prove themselves competent will probably be kept on, but there will inevitably be considerable weeding out of men who have been put to work, but who are by no means so competent as the highly efficient men who were before it. Under these circumstances it is likely that in the long run a large percentage of the strikers will be kept back. Apparently they have lost their seniority and pension standing by going on strike. **BOGUS PRIESTS WERE IN ST. JOHN**

**Fakirs Sent to Jail in England Were in This City Last Spring.**

The Standard of Empire, London, Eng. in its issue of Sept. 19 has the following:—Two Syrians, named Emmanuel and Nwija, natives of Kurdistan, described priest and deacon, were sentenced to two months' imprisonment at Stafford for collecting charitable contributions by false pretensions. They obtained money from local clergymen by producing letters purporting to be written by the Archbishop of Kurdistan, and stating they were collecting funds for churches and schools in that diocese. The Rev. F. W. Hazell, secretary to the Archbishop of London, said the men were Christians and in holy orders. Previous to coming to England they had toured Canada and Ireland. Their mission was a bogus one.

These men were in St. John last spring soliciting subscriptions, and it is understood were fairly successful. They were men of fine appearance and wore clerical robes. While in the city they called upon the mayor and many prominent citizens, showing as credentials letters, supposedly from the Archbishop of Kurdistan, and from clergymen in various places they had visited.

**OBSCENE CARDS SEIZED**

Harry Keitz and Louis Keshen have been arrested by Detective Depina and Detective Killen for exposing obscene post cards for sale in a slot machine at their automatic amusement resort on the city streets.

This resort is the sequel to a raid on the premises on Saturday morning by the police, when they seized forty-nine of the cards from the machine and two bundles also from the office of the manager. Since the opening of this penny arc the resort has been a source of annoyance to the police, and several nights ago a ten-year-old boy had ten of the obscene cards in a bunch. Two thirds of the obscene cards were seized, but not an offense to good morals, but notwithstanding, these cards and boys of ten years are permitted to patronize them.

**POLICE COURT**

On the prisoners' bench in the police court this morning were Samuel Barber and William Jones, who were fined \$8 thirty days for inebriation.

**A GIFT OF \$250.00.**

The management of the Seaman's Institute were very much encouraged in their endeavor to get the new building finished for this winter's work by the receipt this morning of a check for \$250. This is a voluntary contribution from Mr. James F. Robertson and is in addition to a former subscription of five hundred dollars only is now needed to put the building in good shape for present requirements, and this will not be hard if the citizens generally will lend their support. Any contributions will be thankfully received by the treasurer, Mr. J. W. Cassidy, No. 105 Germain street.
