Matter of Reducing Excise Levy On Cigarettes Is Brought To Fore

TORONTO, Ont., April 14—An Ottawa despatch to the Star today says:

With the budget announced for tomorrow, interest here is focussing on the question of what tax reductions, if any, will be announced by Hon. James A. Robb.

There will probably be decrease in income tax. These will very likely take the form of a further \$1,000 exemption in the case of married men, but which has caused much irritation and is said to have been frequently evaded. This tax, which is a tradition and a fixture in Great Britain, is not popular in Canada. Tomorrow it will be a thing of the past.

There is a strong divergence of opinion on the motor car and truck tariff, the government having received strong representations both for and against a reduction in duty.

CIGARETTE LEVIES

The customs enquiry committee has adduced certain evidence which may have a bearing on the budget. Various witnesses have testified that the revenue of the difference between the Canadian and United States excise duties on cigarettes, smuggling of the latter is being carried on to a tremendous extent.

The Canadian excise tax is 87 per cent.

The American tax is 83. It would not be at all surprising if the coming budget provided for a cut in the excise approximating to some degree, with that in force in the United States.

On the other hand, it is reported that some further protection will be granted through the budget, to the growers of early fruit and vegetables.

Exemption for married men in connection with Dominion income tax is now \$2,000. The further exemption rumored would make the total \$3,000.

Mrs. Aldrich, Seeking \$75,000 Alimony, Cites High Cost of Links

NEW YORK, April 14—Justice O'Malley, who heard testimony regarding the financial status of Mrs. Aldrich, president of the Ray Consolidated Copper Company, to enable the court to decide how much alimony Mrs. Aldrich should receive, advised counsel to try to reach an agreement.

Mrs. Aldrich sued for a separation. Her husband did not oppose the granting of a decree, but she asked for \$75,000 a year alimony. Mrs. Aldrich's lawyer, James J. Quinn, told Justice O'Malley that his client would not consent to accept less than \$50,000 a year.

MR. ALDRICH said that in the last year that he and his wife lived together their expenses amounted to about \$14,000. Mrs. Aldrich had asked for \$15,000. The copper man said that his wife had been extravagant and had lost a large sum of money gambling at Palm Beach. He said his membership in the Metropolitan Club, the Rock and Revere clubs cost him approximately \$500 a month. Mr. Aldrich had asked for \$30 to \$40 every day in expenses. Justice O'Malley expressed some surprise at this high cost of getting on \$15,000 a year on the gas.

PRICE HOLDING UP WOODSTOCK DEAL

\$72,000, Reported Offered By Chicago Investors, Not Enough For Plant

SPECIAL TO THE TIMES-STAR

WOODSTOCK, April 14—The meeting held last night between Col. A. E. Pearce, president of the Central Public Service Company, an Illinois corporation of Chicago, and E. R. Teed, J. S. Leighton and C. R. Arnold, directors of the new company which took over the Woodstock Electric Railway, Light and Power Company, yesterday noon, was unproductive of any definite basis upon which the sale of the local power system could be made.

QUESTION OF PRICE

It is known that a cash payment of \$72,000 has been offered for the local plant, but, according to statements made by the new owners, that sum is insufficient to meet the obligations incumbent upon the directors. It is felt, however, that with all the data covering information necessary to transfer of the local company's assets placed in his hands last night, Col. Pearce will soon reach a decision, which will undoubtedly mean the purchase of the local system at the figure placed on it by its owners, which is said to be only slightly in advance of the sum offered by the Pearce interests. Final disposition of proposed purchase is expected to be made by Col. Pearce early next week.

Fraser Deny Buying N. B. Railway Co. Land

FREDERICTON, N. B., April 14—The agreement under which the development of Grand Falls will be undertaken was said to be about complete when representatives of the International Paper Company and the Fraser Companies separated at noon today.

Details of the agreement between the International Paper Company and the Fraser Companies still remained to be completely settled, however, but the deal was expressed by the parties that a final decision would be reached this afternoon. President A. R. Graustein of the International Paper Co. is to leave here this evening for Boston, en route back to New York.

Hon. E. A. Reilly To Give Gov't View of Operation

HOUSE PROGRAM

Premier Baxter Expected To Wind Up Budget Debate Tomorrow

FREDERICTON, N. B., April 14—An exposé of the provincial hydro situation, as officially viewed by the new government, is being given in the legislature this afternoon by Hon. E. A. Reilly, K. C., chairman of the New Brunswick Electric Power Commission.

During the one session which he was a member of the House of Assembly in the Metropolitan Club, the Rock and Revere clubs cost him approximately \$500 a month. Mr. Aldrich had asked for \$30 to \$40 every day in expenses. Justice O'Malley expressed some surprise at this high cost of getting on \$15,000 a year on the gas.

CRITICAL ANALYSIS

This session finds Hon. Mr. Reilly speaking a set in the face of the speaker's right, as a member of the cabinet without portfolio, but holding the important post of chairman of the new Brunswick Hydro Electric Commission, and today he makes his first speech in the House in his new position. It is understood that he has a critical analysis prepared of the Musquash development and operation, and the entire provincial hydro situation, which he is supposed to bear out his contentions, and warnings of a year ago.

The end of the debate on the budget was believed to be definitely in sight today. Hon. Mr. Reilly was believed to be the last of the government speakers, except for Premier Baxter, the opposition definitely announcing at noon today that the speakers were all listed, when they had nobody to follow. E. C. Atkinson, chief government whip, last evening, and Dr. M. A. Oulton, government supporter from Westmorland, continued the debate.

FIRST DIVISION THURSDAY

Premier Baxter said today that he would not speak before tomorrow afternoon because he is engaged today in the Grand Falls conference. He does not expect to speak more than an hour, and perhaps considerably less, in winding up the debate and then will follow the first division of the new house on the opposition amendment to advance the stampage rate to 84 as a means of averting direct taxation.

That will be followed by the motion for the house to go into supply and before 6 o'clock tomorrow evening, the first items of supply should be passed unless some unexpected discovery appears. Government supporters were in caucus this morning on the budget in preparation for the early close of the debate, and the resolving of the House into committee on supply. Deputy Speaker Fred C. Sproule (Oxford), becomes the chairman of the committee on supply.

BODY AWAITS WIFE

NEW YORK, April 14—Following funeral services yesterday, the body of Henry Miller, actor-manager, was placed in a temporary vault to await final disposition by Mrs. Miller, who is en route from Europe.

Final Plan For Grand Falls Is About Ready

FREDERICTON, N. B., April 14—The agreement under which the development of Grand Falls will be undertaken was said to be about complete when representatives of the International Paper Company and the Fraser Companies separated at noon today.

Details of the agreement between the International Paper Company and the Fraser Companies still remained to be completely settled, however, but the deal was expressed by the parties that a final decision would be reached this afternoon. President A. R. Graustein of the International Paper Co. is to leave here this evening for Boston, en route back to New York.

SEEK MISSING AIRMAN

CAIRO, April 14—A ceased search is being made by British aviators for the missing aviator, Captain Esteve, leader of the Spanish flight to Manila, and his mechanic. Up to the present, however, no trace of them has been found. The men are now presumably walking through a grassy country, where they are likely to encounter friendly Arab shepherds.

Woman, 110, Earned Living Until Death

NEW YORK, April 14—Self-supporting until a few weeks ago, Mrs. Susanna Divo, said to be the native of Canada, and 110 years old, died of bronchial pneumonia at Bellevue Hospital yesterday. According to her landlady, who disputed the assertion of hospital authorities that Mrs. Divo was only 99 years old, she had supported herself by making Indian moccasins and doing beaded work, until she contracted the disease.

SLAYER IS CAPTURED AT BASEBALL GAME

Police and Pawnbroker's Son Pick Him From Line at Polo Grounds

NEW YORK, April 14—Paul Hilton, 22, arrested at the Polo Grounds yesterday, made a complete confession of his three months reign of terror, police said, in which he admitted that he killed one patrolman, shot two detectives and wounded another policeman.

His identity was learned from a pawn broker to whom Hilton had sold some of his loot. His prison records disclosed the fact that he was an ex-convict, having served a term in the state prison for the murder of Dr. F. R. Taylor, K. C., who was unable to be present, owing to the purpose of business before the Appellate Court.

SCORN'S MOTIVES

Judge Steeves in opening his remarks dealt with various comments which were made during the course of the trial with reference to possible motives underlying the action on the part of the C. N. R. The Transcript and others, and stated that he did not concern with these things but had decided the matter before him purely on its legal aspects as adduced by the evidence.

The judgment set forth the information in the first place it was charged with having entered on the station premises at Moncton for the purpose of disposing of the Timco. The defence had asked for the dismissal of the information on three grounds. In the first place it was contended that unjust discrimination was being the railway against the newspaper represented by the accused.

DENIES DISCRIMINATION

In dealing with this point, Judge Steeves said that section 816 of the Railway Act provides that no unreasonable preference or advantage shall be given by the railway to or against certain persons, but he felt that this applies to passengers or users of the railway or the transporting, receiving and delivery of persons and merchandise to and from the railway and not to persons who are not passengers or users and who seek to use the station platform for their own purposes. He held that no such discrimination was used in the present case.

Secondly, it was maintained that the accused had been on the premises under a claim of right and was therefore not criminally liable. The magistrate said that section 540 of the criminal code provided that certain acts shall not make the person committing them liable to criminal prosecution, and he thought that this applied to persons acting under a fair and reasonable supposition that they had a right on the property. In this case the defendant knew, said the judge, that there was a regulation prohibiting his going on the platform to sell papers, and that the railway authorities objected to his being there, and in a measure admitted he did not have the right by asking for permission from Mr. Tingley. He therefore thought the contention as to right failed.

QUESTION OF PERMISSION

Finally it had been set up that the accused had permission to go on the platform. The regulations provided that permission may be given by the station master or conductor under the authority of the superintendent, but there was no claim that his permission had been obtained.

"The accused," stated his honor, "claimed to be acting under the authority of Mr. Tingley, given to Mr. McLeod, who in his evidence says the final arrangement with Mr. Tingley was that one Times-Star and one Transcript boy could sell on the platform, but they could not go on the trains and conductors under the authority of Mr. Tingley. Harold Triles, a witness for the defence, says he did not see more than one boy selling the Times-Star at the station after the Terry arrests. He saw three boys trying to sell papers on the platform."

Who Is He?

OTTAWA, Ont., April 14—(Canadian Press)—A. J. Doucet, Conservative, Kent, N. B., is asking in the House if the government is aware that, before session opened, thousands of pamphlets issued by the National Liberal Committee, Ottawa, containing criticism of Mr. Meighen's Hamilton speech as "Not being sufficiently imperialistic for said National Liberal Committee," were sent through the mails franked with the initials W. L. M. K. M. P.

"Who is the member or official represented by said initials, W. L. M. K. M. P., on above postal matters," further asks Mr. Doucet.

Judge Decides That Proper Permission Was Not Received By Defendant

SPECIAL TO THE TIMES-STAR

MONCTON, N. B., April 14—Judgment was delivered this morning by Judge C. A. Steeves in the Police Court here in the case of K. D. Clifford, charged with having entered on the station platform at Moncton and fled for sale the Times-Star without permission from the C. N. R. authorities, the accused being found guilty and ordered to pay a fine of \$1 and \$3 costs. It is possible that the decision may be appealed by the defendant.

Thomas Allen, assistant regional counsel, appeared this morning in the interests of the C. N. R. and J. H. Dwyer, solicitor for Saint John, appeared for the defence of the accused. Dr. F. R. Taylor, K. C., who was unable to be present, owing to the purpose of business before the Appellate Court.

Solitary 35,000-Mile Trip Ends

Harry Pidgeon and the yawl in which he sailed around the world alone.

By MARGERY PICKARD

CENTRAL PRESS CORRESPONDENT

NEW YORK, April 14—The "Blue Water Medal" of the Cruising Club of America, awarded every five years for the most notable accomplishment in deep water navigation during that period, goes this time to Harry Pidgeon, who is in New York after completing a 35,000 mile circumnavigation of the globe.

No doubt the rescue of the crew of the stricken Antiope by the men of the Roosevelt was considered in making the award, but his "home," he says now, is the sea.

While in New York Mr. Pidgeon was much interested in reading reports of his death published from time to time, when his yacht apparently disappeared.

What made his feat all the more remarkable in the eyes of the Cruising Club was the fact that he launched the adventure with virtually no knowledge of navigation gained by actual experience, but with a fund of information obtained from books. Hence the sobriquet given him, but not contentment, by sea-farers: "The Book Skipper."

By profession Pidgeon is a photographer. He calls Los Angeles his residence, but his "home," he says now, is the sea.

While in New York Mr. Pidgeon was much interested in reading reports of his death published from time to time, when his yacht apparently disappeared.

King George Heads List of European Rulers As Follower of Outdoor Sports, Pastimes

LONDON, April 14—King George is taking up horseback riding now stands at the top of the list among the European monarchs in the question of outdoor pastimes. The British ruler also plays golf, is an enthusiastic yachtsman, and is particularly fond of sport in the field during the shooting season.

The most strenuous athlete among the monarchs, considering his age, is the King of Sweden, who although sixty-seven, is an enthusiast at tennis.

The King of Spain plays polo and is also a good yachtsman. The King of the Belgians is fond of mountaineering and so is his queen, King Albert also goes in for aviation.

The least sporting King in the outdoor sense, is the King of Italy, whose hobby is coin collecting. He has written eight volumes of a history of Numismatology and owns a collection of 190,000 coins.

TROUBLE STARTS OVER SEARCH FOR FIREARMS

Machine Guns Used To Attack Garage In Which Party Was Barricaded

Canadian Press

HERRIN, Ills., April 14—Herrin was again under military control today as official machinery was put in motion to investigate this city's latest renewal of Klan anti-Klan factional strife, which yesterday, at the municipal election here, resulted in the death of six and injury of more than a score of persons. Eighty-four guardsmen from Carbondale and Cairo were patrolling the streets.

In previous factional rioting here, 14 persons were slain. In 1922 22 miners were killed in a clash of union and non-union workers.

HALE DEAD—ARE KLANSMEN

The dead are: A. Treadway, 28, of Harrisburg; Charles Briggs, 26, "Brown", 30, East St. Louis; Mack Sizemore, 54, alderman; Ben Sizemore, 62, alderman's brother; Harland Ford, 40, brother of John Ford, former chief of police and deputy circuit clerk; Noble Weaver, 32, West Frankfort.

Three of the men, the Sizemore brothers and Ford, are Klansmen, while the others are anti-Klan.

The shootings are believed to have been incited as a result of an episode Tuesday morning, when John Smith, garage proprietor, and Klan leader, was accused by a man later identified as "Blackie" Arms, at about 9.30 a. m. The man converted for a few minutes and Arms then searched Smith, removing two guns from his pockets. He then took a gun from his own pocket and struck Smith across the face, the latter said.

OVER 500 SHOTS FIRED

Smith in a statement declared that he then ran into his garage, closed by, followed closely by his brother-in-law, Eugene Vincent, and two other men, who had not been identified. The shooting began when Smith and the three other members of his party barricaded themselves within the garage. More than 500 shots were fired from both within and outside the garage; it is reported, and scores of cars, passing the garage, slowed up as they passed to fire shots into the structure. Machine guns were also brought into play and ammunition as far as two blocks away fired volleys into the garage. The shooting finally suited and the men emerged from the garage. Smith was the only person injured, a bullet having grazed his neck. His injury was serious, however.

BATTLE RENEWED

The feeling, after the first shooting, continued on Page 2, column 6

APPEAL IS LIKELY

The magistrate felt that the question at issue was whether the accused, for purposes of his own appeal from the order of the railway, could persist in going on the platform in violation of its regulations and in face of the objection of the officers looking after the railway property. He did not feel that the defendant could do these things and accordingly found him guilty and imposed a fine of \$1 and \$3 costs for failure to appear.

TROUBLE STARTS OVER SEARCH FOR FIREARMS

Continued from Page 1

became tense and late in the afternoon about 4:20 the battle was renewed. Six men of English and Scotch extraction were engaged in a conversation outside the Masonic Temple, when several cars, loaded with men, 10 in number, pulled up to the curb. One of the men got out of the car and started to search him ordering him to hold up his hands. After searching him all of the men emerged from the automobiles and started firing at those standing on the sidewalk outside the Masonic Temple. The klansmen returned the fire and within a few minutes five of the men had been fatally injured, and a sixth killed.

N. B. CHECK FOR \$50,000 SENT TO SCHOOL BOARD

First Payment Received On Vocational School Building Account

DAYLIGHT TIME PLAN ADOPTED

Reports Submitted At Meeting of Saint John Trustees

A check for \$50,000 from the Province of New Brunswick has been received by the Saint John School Board as the first payment on account of the Vocational School Building, for which the Federal and Provincial grants, in equal amounts, will cover 25 per cent of the erection cost and 50 per cent of equipment costs.

URGES TAKING N. B. BONDS

Mr. Nagle asked if it might not be better to have the money in New Brunswick bonds, a new issue of which will be made shortly.

The matter was referred to the Finance Committee.

Dr. L. M. Curran, chairman, presided. Others present were Mrs. E. R. Taylor, Mrs. D. P. Chisholm, T. H. Carter, W. C. Cross, H. Colby Smith, S. W. Palmer, Thomas Nagle, E. R. W. Ingraham, A. A. Worrell, superintendent of city schools and A. Gordon Leavitt, secretary.

REFERS TO LATE MRS. DEVER

Mrs. E. R. Taylor said she had just heard of the death of a former Trustee, Mrs. James Dever, and referred to her great beauty of mind and the great loss it had been to the Board and to the city when she left Saint John.

APPLICATIONS FOR TEACHERS

Applications for positions on the teaching staff were placed on the application list and were as follows: E. H. Wiley, East Saint John and the Misses M. C. Roxborough, Beach Bay, Grace Calder, Campbellton; G. M. Pilmore, Ludlow; Elsie Thompson, Sussex; K. G. Rodin, Long Beach; Audrey McKee, Fort Maclelland; N. S. Marion Marvin, Sackville; Florence Henry, Halifax; M. J. Krotzsch, G. A. Comeau, G. L. Verlander, W. E. Doherty, Ella Whipple, Vicars McLaughlin and Frances J. Barry, of Saint John.

NEW SYSTEM FOR HIGH

J. V. Cunningham, city electrician submitted plans for installing a new electrical system in the High School, which he estimated would cost \$2,120. The thanks of the Board were extended to Mr. Cunningham and his report was referred to the visitors to the school.

STATISTICAL REPORT

The report of the secretary contained the following statistics: pupils belonging 8,730, of whom 4,216 were boys and 4,514 girls; pupils enrolled...

Does Spring Find You In Poor Health?

Many people find themselves in comparatively poor health at this season of the year. They lack vim and energy; they become easily wearied and fatigued.

This condition is caused by the winter's heavy drain on the vitality, rendering the blood sluggish and the body cells inactive.

Many people were not rugged enough or did not have high enough raising power to meet the abnormal demand. What they need now is a pure food tonic such as Father John's Medicine which builds up and strengthens tissue and which enriches and nourishes the blood. Father John's Medicine increases the power of resistance so that weakened people gain in health rapidly. It nourishes the system and enables it to throw off disease germs and remnants of poisonous waste matter. Start taking it today.

During the month the Board of Health reported eight cases of measles, three of scarlet fever and one of chicken pox.

TRUANT REPORT

The March report of G. Herbert Green, truant officer, submitted at the meeting of the Board of School Trustees last night showed that during that month he had visited 126 homes and 14 for lack of clothing, as well as 28 for other temporary necessity. There were six who were found to be over 14 years of age and 17 that were irregular in attendance. Of habitual truants there were four, and nine that were truants but not in the habitual class. Three were found who were not enrolled in any school and two had been sent home by the school nurse.

REV. E. JAGO TALKS ON THE BIBLE HERE

Returned Missionary From Palestine Is Former New Brunswicker

Rev. E. O. Jago, returned missionary from Palestine, who last night gave his first address in the Bible and missionary conference that will be held for one week in the Prince Edward street church, is a native of New Brunswick, but last night preached for the first time in his native province. He was born in Clifton, Gloucester county, and his father being the manager of a business concern in Boston, the family removed to that city and Mr. Jago received most of his education there. From Boston he went to missionary work in Palestine 25 years ago. His years of service in that territory are longer than those of any other North American missionary in Palestine.

MAKES DEEP IMPRESSION.

Mr. Jago made a very deep impression on the minds of his hearers last night as he described conditions in Palestine in the old days under the

GAS IN STOMACH HURTS THE HEART

Thousands of Cases of Heart Failure are Caused by Acute Indigestion, Says Medical Writer

Gas pressure from sour, acid, upset stomach is not only uninteresting, but highly uncomfortable, but some day it may prove fatal.

When your meals are followed by bloating, the stomach, neutralizes the acidity—nothing is better than the daily or "as needed" use of ordinary Bismarck Magnesia. It gives almost instant relief.

Any good druggist can supply Bismarck Magnesia, in powder or tablet form, at very small cost—but be sure you get BISMARCK Magnesia—recommended by doctors and druggists throughout the civilized world for more than 13 years.

LADIES' SOCIETY OF KNOX HAS MEETING

The members of the Knox church ladies' society met yesterday afternoon for sewing and tea. It was one of the most largely attended teas of the winter season. Those in charge were the Misses MacLaren, assisted by Mrs. W. L. Caldwell. A pleasing feature of the meeting was the presentation of a large bunch of butterfly pins to the society's popular president, Mrs. J. Herbert Crockett, the occasion being her 18th wedding anniversary. Mrs. John Hastie, second vice-president of a very pleasing manner made the presentation. Mrs. Newton, wife of the minister, Rev. W. I. Newton, also added her congratulations. In reply, Mrs. Crockett thanked her well-wishers one and all.

SWARAJ—IS IT POSSIBLE?

Recent accounts of a clash between Mussalmans and Hindus in Calcutta, insignificant in itself and having no political portent, have served to focus attention on Indian problems. Two questions are most frequently asked: Is there danger of a general upheaval? Cannot India be granted Swaraj—self government?

To the first the answer is simple. There is always danger when a crafty minority seeks for its own ends to inflame a mass of Orientals; but in India there are two great safeguards, religious antagonism and lack of cohesion between the peoples of the land.

Adverting to the second question is safe to say that Great Britain would welcome an autonomous India within the Empire where that possible. In a subject so vast it is impracticable to review, however cursorily, more than a few incontrovertible facts.

In the first place there is no Indian state. There are over a hundred distinct peoples, each speaking their own language—no dialect—each regarding the others as "foreigners." Secondly, out of 320,000,000 odd souls about eight per cent. can read and write. Next, three-quarters of the population are devout Hindus, bound by caste and therefore without aspiration towards social betterment. Lastly, for centuries before they came under British rule the masses knew only the government of autocrats, sometimes beneficent, more often tyrannical; power and exploitation were synonymous terms and this inherited viewpoint persists with its sting—given the chance, the millions would become a satrap.

Is it possible to contemplate handing over a rich and fruitful country to a heterogeneous mob, ninety-two per cent. illiterate, seventy per cent. convinced of the impety of social improvement? Is it thinkable that Great Britain could surrender the interests of hundreds of millions to the mercies of a suspicious oligarchy?

But, assuming for a moment that a visionary Government at Westminster were to take such a step—what then? Beyond a shadow of doubt the Native Chiefs would begin a battle of the Kilnseye. Then on to the fertile plains of the Punjab would descend the savage Pathans of the Frontier with their Afghan cousins on their heels. Through the stony prairie fields of the Ganges valley would swarm the grinning little Gurkhas from Nepal. "What are the cities except to yield loot?" ask the warrior races. The chaos of murder and ravishment would spread through Hind, Jessal or heart would be the only law.

And eventually these two invaders, Semitis and Mongolian, would meet, probably on the plains of Panipat if history has a lesson to teach. But the result would matter little. Already some other Power would have planned the occupation of India. Perhaps Japan might risk a long and vulnerable line of communications. More likely the teeming semi-Asiatic Russian, already influencing northern Persia and Afghanistan, probably led by Teuton adventurers, would pour through the Khyber and the Bolan Passes. The road trodden by the Aryan who pushed the Dardanian races ever southward, the paths known to the soldiers of Alexander the Great, of Jenghis Khan and the picturesque Tartar, Nadir Shah, would once more re-echo to the tramp of armies marching south-eastward. And how would India profit?

This is no imaginative dream. Enter any club in India and listen to men discussing the possibilities arising out of Swaraj and, detail apart, that is the substance of the prophecy to which all agree. It is stated, how truly we know not, that two rajahs were listening to a debate wherein a reformer urged immediate self-government. One chuckled and remarked to the other, "And after that I said your treasury." "Of course you do," replied the second, "unless I said yours first!"

And after all who are those who agitate for Swaraj? Not the mass of contented agriculturists, not the ruling princes, not the military classes nor the rank and file of the merchants. It is a coterie of clerks, led, it is to be feared by a few of the Brahminical hierarchy whose influence has declined woefully under British rule.

These nimble-witted people absorb Western education with amazing facility, pass examinations quicker than Europeans and argue therefrom, not without plausibility, that they should be given equal opportunity to hold posts in the bureaucracy of the country. What they ignore, what their British rulers know, is that this educational veneer, rapidly acquired, is as rapidly lost. And then the native educated along European lines, despite examination honors, without culture, Eastern or Western.

Assuredly—today or for a long time to come—Great Britain cannot grant India self-government.

ERNEST D. VERNON
I have pleasure in sending you today photo of the Interventional Home for Women, at Moncton, now under construction. Your Interlocking Tile was used for main wall, 8 inches of tile faced with brick, and I am very much pleased with the material and the way they laid up. The contractors are Denton & Cousin of Digby and Kentville, and they found the tile were laid with a minimum of labor and mortar.

Each Interlocking Tile equals a 4" x 8" brick in size and weight, can be laid at a fraction of the cost.

Same tile builds wall any thickness. Plaster direct on tile—no furring necessary. Air pockets prevent conduction of heat, cold or moisture. Can be plastered with stucco, faced with brick, or left exposed.

INVESTIGATIONS DEMANDED INTO CHARGES BY STEWART AND SUNBURY LEGISLATOR

Atkinson Claims Too Large Annual Drain On N. B. Timber and Accuses Hetherington of Granting Special Cutting Right

DYSART WANTS PROBE FOR VENIOT

Kent Man Urges Baxter to Appoint Judge and Sift Alleged Irregularities in New Brunswick Public Works Department in Addressing Provincial House

BY JOHN J. DUNLOP Special Correspondent to The Times-Star

FREDERICTON, N. B., April 13.—Conservation of the forest wealth of the province through the elimination of promiscuous cutting and slashing was strongly advocated by E. C. Atkinson, government member for Sunbury, in a forceful speech in the budget debate tonight in the house.

Mr. Atkinson devoted a considerable portion of his speech to lumbering and during the course of his address made a charge that the former acting minister of lands and mines, Hon. Dr. J. E. Hetherington, granted a special cutting privilege, contrary to regulations, to the company of which R. B. Smith, former member for Sunbury, was manager. He demanded a complete investigation before the public accounts committee of his charges.

A somewhat similar demand was made by A. A. Dysart, opposition member for Kent and former speaker of the House, in a very able speech in the afternoon, in which he asked, on behalf of Hon. P. J. Veniot, that the premier appoint a judge of the Supreme Court to investigate irregularities as charged by Hon. D. A. Stewart of Hon. Mr. Veniot's administration of the department.

Mr. Dysart declared that if these charges were proven, Hon. Mr. Veniot would resign his seat while, if on the other hand, they were not substantiated, that Hon. Mr. Stewart should resign his seat. Respecting the Crown Lands, Mr. Dysart advocated the appointment of an independent commission to classify the provincial holdings and fix the stumpage rate on such economic values. A cast-iron stumpage rate for the entire province was untenable, Mr. Dysart declared. All three speakers today made excellent impressions and were warmly congratulated at the finish.

DR. OULTON SPEAKS. Mr. Atkinson was followed during the evening by Dr. M. A. Oulton, government member for Canadian trade for Canadian ports, claiming such a policy would greatly aid the Maritime provinces. Both Mr. Atkinson and Dr. Oulton criticized the Health Act. Hon. E. A. Reilly, chairman of the hydro commission, will continue the debate tomorrow.

DISCUSSES SITUATION. Discussing the lumber situation, Mr. Atkinson said in part: "My knowledge of the forests of this province convince me that our vast acreage of over seven million acres will support an annual cutting of not over 175,000,000 feet. For the last 17 years we have practically cut two our capital stock to the extent of almost 100,000,000 feet per year as the following figures indicate:

Table with 2 columns: Year, Feet. Rows from 1908 to 1924, showing a general downward trend in cutting volume over time.

Average per year 263,000,000. QUESTION OF DURATION. "How long can our forests stand this promiscuous cutting and slashing?"

Hair Dry, Brittle from Constant Waving, Curling

The constant curling and waving demanded by present styles in bobbed hair, slowly brings the color, lustre and life from the hair, leaving it faded, brittle, and full of dandruff; then the hair roots shrink and the hair falls out fast. Since girls just must curl and wave the hair to appear their prettiest, try "Danderrin" to offset any bad effects. After the first application your hair will take on new life and that healthy, youthful lustre, become incomparably soft, wavy and appear twice as thick and abundant. Falling hair stops and dandruff disappears. A secret bottle of refreshing "Danderrin" from any drug store or toilet counter will do wonders for any girl's hair. It goes right to the roots, invigorates, nourishes and strengthens them, helping the hair to grow thick, healthy and long.

have been about \$12,000 had they not added the extra \$10,000 to the way suggested by him. Even at that figure they were some \$10,000 below the bid of the fourth highest tender.

CHARGE UNWARRANTED. These facts clearly prove how far astray the Minister of Public Works was in making a statement so flagrantly unwarranted.

If he had examined his own printed report he would have seen at a glance that any suspicion he may have had in this matter could not be borne out by the facts as they really existed. It was with a special cutting privilege granted by the Hon. Minister Friday last, said Mr. Dysart.

AWARDING OF CONTRACT. "I will first take up his statement touching the awarding of the contract for the Campbellton-St. Leonard road to the effect that the awarding of such a contract was a foregone conclusion that it would be given to the Concrete Builders' Association of the Province. Mr. Veniot, who was Minister of Public Works at the time, to give a point blank denial to the charge that he was being absolutely no foundation for any such inference. The tenders were called for and the lowest tender was the lowest tendered to the lowest tender. No thought of a pre-arranged plan for awarding the contract was ever entertained.

VENIOT WANTS INQUIRY. "The Hon. Mr. Veniot further authorizes me to say that he is prepared and anxious that the present Minister of Public Works have the whole matter investigated as to the method of awarding such contract and that such investigation be held by any Judge of the Supreme Court to be named by the premier. He further authorizes me to say that should it be found that there was any ground or reason for the awarding of such contract to the Concrete Builders' Association, he will immediately resign his seat. On the other hand, if nothing of that nature can be proved the minister making the charge will do likewise.

INVITES CHARGES. "I am also instructed by Mr. Veniot to invite the Minister of Public Works to formulate a charge against the present Minister of Public Works in connection with the Copeland bridge work. It was never denied that the contract had not been given to the lowest tender. That fact was published in the report of the department. There were good and valid reasons for not giving the work to the lowest tender and the reasons were given to the House during the debate of 1925, and fully discussed at that time. Let this also be investigated by a competent court, such as suggested by the premier, and he will be able to prove that there was absolutely nothing irregular in the awarding of the contract.

BRIDGE HELD NECESSARY. "Let me say that this bridge is necessary and I hope the minister will yet see his way clear to build it. So far as the Pickett bridge is concerned, it is well known that this bridge was promised the people by the Conservative party during the election of 1917, when they met defeat.

LET IN USUAL WAY. "The present minister himself admitted that it was hard to decide what the people wanted there. The contract was let in the usual way and a great deal of the work was done on well before the election and when the present Government assumed office the contractor was notified to cease work. There may have been an error in judgment, but I defy the minister to say that the contract was awarded in any irregularity in this transaction.

DISPUTE ARISES. "There has arisen a dispute between the Highway Board and the former Minister of Public Works as to what proportion it was understood the Government should pay. The arrangement as understood by the ex-minister is contained in correspondence now before the public accounts committee, and apparently the present Highway Board is not satisfied with this. All the work involved is to be paid for some in part, and some in whole, by the Government and some under a contract called for by the Lancaster Highway Board and submitted to and approved by the provincial road engineer and the then Minister of Public Works. It is not true that the work was not inspected by an official of the department. It was at different periods inspected both by the chief road engineer and by the ex-minister and the department was at all times in touch with the carrying out of this work. The engineer of the Lancaster Highway Board was

able manner in which he presented his first budget to the House. He was sure the honorable Provincial Secretary had lived up to the fondest hopes of his supporters, at the same time putting the opposition to flight.

TROUBLE ADJUSTMENT ONE. "The whole trouble is one of adjustment between the Highway Board and the Government as to the portion of cost to be borne by each, and there is absolutely nothing of a suspicious nature.

FINANCIAL CONDITION. He wished to take up the present financial condition of the province. In 1917 our capital liabilities were \$17,927,938.30. At the close of the year 1925 they were \$37,999,314.94, an increase of over twenty million in eight years. How long, he would ask, could we continue at this rapid rate? The Provincial Secretary valued our assets at \$83,255,000. With this valuation he could not entirely agree, especially the value placed on our public domain.

PROSPERITY LOOKED FOR. With the development of Grand Falls in the near future and the transfer of the long lumber business into pulp and paper output a larger revenue should be received and a more prosperous lumber industry should exist. The people demanded, yes, insisted, that whatever government might be in power in the future, there must be a safe and safe Crown Land policy. No more "Northumberland Deals" would ever be tolerated by the people of the province. There had been too much granting of special privileges to lumbermen. Last year a member of this House secured from the Acting Minister of Lands and Mines an 80 per cent. classification of his cut on Little River, Sunbury county, with respect to spruce to fir. This was secured contrary to the regulations governing the classification of defective lumber.

ACCUSES HETHERINGTON. Mr. Atkinson charged the former Acting Minister of Mines and Lands (Dr. Hetherington) with wilfully granting a special privilege, contrary to the government regulations for the cutting of lumber, without first obtaining a true statement of the actual conditions. He also charged the member for Sunbury (Smith) with using his political position to obtain special privileges for the concern of making a total loss to the revenue of the province of \$61,463.52. In 1923, 3,660 cars, previously registered, had no licenses taken out or a loss in revenue of \$89,241. In two years this province had lost \$160,706.52 by the carelessness or worse of the Department of Public Works.

HEALTH ACT BLAMED. He would, he felt, be falling in his duty to the county he had the honor to represent, if he did not devote a few

remarks to the Health Act. In 1917 the total cost of health administration in this province was \$13,025. The estimate for this year was \$102,026, almost eight times what it was in 1917. Had we received eight times as much benefit? He did not think so. If he had his way he would cut off the "high-faluting fandangoism" and useless appendages to this act of a "Radical" and place the health of the people on an economic basis.

He felt also that economy might be practiced in regard to vocational education. He was not against the principle of aiding education to get more education, for education developed along proper lines made for an intelligent nation. But he did not think that in this province of \$80,000 we could afford to increase the grants along this particular line.

In conclusion he appealed once more to every member of the House to aid the government in an effort to economize, and to impress upon them the necessity of doing away with a number of new bureaus that had been created during the last few years.

How Can a Pretty School Teacher Attract Men?—The Tired Mother Whose Neighbors Park Their Children With Her—The Danger of an Intimate Friend Boarding With a Young Couple.

DEAR DOROTHY DIX—I have taught school for eight long years. Now I feel that I should like to marry and have a home of my own, but I am not attracted to me. This is incomprehensible to me, as I am very good-looking. Perhaps I am too intelligent. Isn't it true that men prefer to tower mentally over the girls on whom they lavish their affection? Or, perhaps, I am too reserved. Petting parties make me shudder.

Lace Is Increasingly Important In Evening Modes

LACE is increasingly important in the formal frocks this season. Georgette is frequently used for these models and is often combined with lace insertions. Usually the lace is used with a restrained hand and is confined to narrow yokes, waistbands, small triangular pockets, godet insertions in the skirts and narrow borders, but occasionally wide treatments are preferred. Both stylings are combined in the frock on the left above. A peach colored tulle was used for this frock and united with blonde lace. The bodice has a narrow yoke and

Navy blue, which is a conventional color, but one of never-failing smartness, is seen everywhere now. Women who dress with distinction always find some new touch to impart to their frocks of this color. The chic little cape-frock above chooses bright green crepe binding to accent its outline, and the combination is a dashing one. With it worn a little ribbon hat of matching bright green. Ribbon hats, both grosgrain and taffeta, are being brought by all the smartest milliners.

IN NEW YORK SEE SAWING UP and DOWN BROADWAY

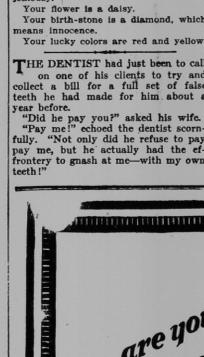

OUT of every 20,000 young women who come to Manhattan seeking "careers" only 1000 remain. The other 19,000 generally wait until most of their money is gone and write home for return fares.

A BROADWAY "more and dance man," who trains tens of thousands of amateurs from here-and-there-and-everywhere for the stage and who supplies Broadway with a considerable percentage of its girl crop, keeps a card index system of more than 24,000 girls eligible for above.

NEED WAYBURN, who has prepared countless girls for the stage, has a theory that chorus girls usually make good wives.

ONE of the leading Broadway theaters is literally "prepped over" by a derby, known as John. He has been there for 25 years—at the stage door, in the foyer and back stage—yet there is not a person who has come and gone in that time who could tell you his last name. He is just John—and he was John to Maude Adams, Charles Frohman and the hundreds of others of the "days when."

BEHIND THE SCENES

ALLAN DWAN

ALLAN DWAN, the now-famed director, had a hectic and diversified career before settling in the cinema shoes which he has occupied for 20 years.

By proving himself a capable mechanic Dwan was given a job as a director. Thus, the first precedent was established and it has been followed.

Dwan has been in the movie business too long to prophesy or even reflect. But his press agent, Bob Donaldson, supplies the missing links. The film veteran has directed 643 pictures and cast more than 100,000 beautiful girls.

A few of the girls have found stardom. Norma Shearer is the most recent. Dwan has directed many of Gloria Swanson's greatest and worst successes—"Manhandicap," "Zaza," "The Humming Bird" and "The Wings of Virtue." He is now filming "Padlocked," from the novel by Rex Beach, featuring the 16-year-old Lois Moran.

ADVENTURES of the TWINS

THE LAND-WHERE-SPRING-HAS-COME friends. Good-day to you also Mistah Hain and to you Miss Nancy and to you Mastah Nick." With that lifted his hat and was gone. "Good-bye," called the others. Mister Rubadub turned all his cans and bottles and jars upside down. "Empty—every one of them!" he declared. "Now we can have a cleaning-up party, then I'll lock the gate of Scrub-Up Land until next year." Nancy and Nick rolled up their sleeves and they all pitched in. In no time at all Scrub-Up Land was as spry and spraz as a new spool. Mister Rubadub then closed the gate and locked it. Then all four of them went down the little secret path that led to the Land-Where-Spring-Was-Comeing. When they reached the little bush that marked the place where Scrub-Up-Land ended, and Meadow-Wood-Valley began, they all stopped in surprise. The grass was as green as paint, the bushes and trees were covered with tiny green and pink fuzzy buds, the willows were out, violets were peeping up here and there, and on the edge of the woods they could see little blue hepatica flowers, and the white stars of the bloodroot. Marsh-marigolds were ready to burst into bloom over by the pond. Everywhere the birds were singing. Soft warm winds were blowing and white clouds were chasing each other across the sky. "Why, this is the Land-Where-Spring-Is-Comeing!" cried Nancy. "It's the same old place we always knew." "Yes, but it's part of Fairyland now," said Mister Rubadub. "It's now the Land-Where-Spring-Has-Come!" To Be Continued

21 NEW MEMBERS ELECTED TO SOCIETY

Various Reports Submitted at Quarterly Meeting of St. George's

At the quarterly meeting of St. George's Society, held in the Pythian Castle last evening, 21 new members were elected, which was believed to be probably the largest number elected at one meeting in the history of the society.

The report of the charitable committee was presented showing the work of this nature which had been carried on for needy and deserving Englishmen during the last quarter. The loss by death of two old and faithful members, H. H. Harvey and J. Walter Holly, since the last meeting was feelingly referred to. Resolutions of sympathy were extended to the bereaved relatives.

The report of the annual celebration committee was presented giving particulars of the arrangements for the banquet to be held at the Admiral Beatty Hotel on St. George's Day, April 23, when Hon. H. A. McKeown will be the chief speaker. The annual church service will be held in Trinity church in the evening on the following Sunday and the preacher will be Rev. C. Gordon Lawrence, chaplain of the society.

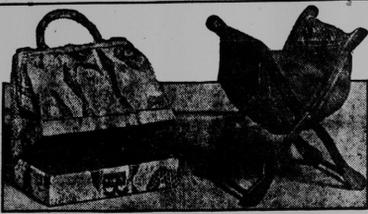

F. E. Hanington was presented a gold past-president's bar to be attached to his past-president's Jewel in recognition of his 12 years of good work as treasurer of the society as well as the 21 years in which he has held office. The new treasurer, R. F. Wright, was installed in office by the president, Harold W. Rising.

At the conclusion refreshments were served and the members enjoyed a smoker and social hour.

Beauty Teacher's 10 Rules For Getting Rid of Husband

Ten rules for getting rid of a husband were given by Mrs. Ruth J. Maurer, head of a national chain of beauty schools, in an address at the Illinois Hair Dressers' Association convention in Chicago. They are:

- Use soap and hot water for cleansing the face, always scrubbing vigorously, thus leaving the skin dry and harsh.
- Avoid use of creams, and never use any cream before applying powder.
- Refuse to use powder. Expose yourself to the hot sun. Get tanned and sunburned, thus dilating the peripheral vessels and producing the coarse, weather-beaten effect known as sailor's skin.
- Shampoo your hair with strong alkaline soap. Use various bleaching compounds and poor hair dyes.
- Play golf, tennis or take long motor rides without a hat.
- Never use sun glasses. Squint and scowl instead.
- Drink highballs, cocktails and synthetic gin.
- Smoke one or two packages of cigarettes a day, being careful to inhale. This will stain the fingertips and discolor the teeth.
- Keep late hours. Turn night into day. Make it a rule to play cards and dance every night until nervously exhausted.
- Get nervous. Be as disagreeable as you feel and cultivate a cranky disposition that will aid in printing habit lines about the mouth and forehead.
- "These rules, if followed carefully, will cause any woman to look a fright and end up in the divorce court," said Mrs. Maurer.

DOWAGER DUCHESS OF ROHAN PASSES

PARIS, April 14.—Heraldine, Dowager Duchess of Rohan, author and painter, died yesterday. She was 73 years of age.

She was one of the most illustrious members of one of the most illustrious of the feudal families of France, which claimed connection with the ancient sovereigns of Brittany. She was the widow of the Duke de Rohan, deputy of Morbihan, who died in 1914.

The Duchess was a member of the France-America committee and also of the Society of Authors, French poets, French artists and the Union of Women Painters and Sculptors.

DR. A. J. COUGHLAN HEADS DENTISTS

Saint John Association Has 14th Annual Meeting—Other Business

The fourteenth annual meeting of the Saint John Dental Association was held last evening in the Admiral Beatty Hotel. Officers were elected and considerable business transacted. The question of allowing dentistry to be practised at the General Public Hospital was discussed and a committee appointed to take the matter up.

The formation of a library for the society, to be kept at the Health Centre, was also considered. It was announced that the society already owned a considerable number of volumes which would form the nucleus of such a library. The idea was favourably considered and a committee appointed to go into the question further and decide what books should be purchased.

The following officers were elected: President, Dr. A. J. Coughlan; vice-president, Dr. Harry Dunlop; secretary, treasurer, Dr. Frank Boyaner.

CYRIL MAUDE LAUDS STAGE CENSORSHIP

Declares Some Plays in America Would Not Be Tolerated in England

BRITAIN UNITED PRESS.—LONDON, April 14.—Cyril Maude, arriving here Tuesday from New York to live the life of a country gentleman there, said today that he would never for a moment be tolerated in England.

"Those who criticize the censor here have not watched things work as I have in a country where people are led astray by their being no censor on the efforts of some dramatists."

Will Deal With Industry Disputes

SYDNEY, Australia, April 14.—(Canadian Press Cable, via Reuters).—The New South Wales government has appointed Albert B. Piddington, K. C., industrial commissioner for the State of New South Wales. The appointment is under a recent amendment to the arbitration act which abolishes the state arbitration court and substitutes a commission representing the government, the employers and the employed, to deal with industrial disputes.

The appointment is for five years and the salary has been fixed at \$2,000 a year.

Social Notes of Interest

Miss Ruth Starr was the hostess at a very enjoyable bridge of five tables at the family residence, Carleton street, yesterday afternoon. Spring flowers were used in the decoration of the drawing room, and also centred the table, over which Mrs. F. Peniston Johnston presided, assisted by Miss Don Peterson and Miss Constance Starr. The fortunate prize winners were Mrs. Campbell Mackay, Mrs. F. Peniston Johnston, Miss Jean Angus, Miss Constance White and Miss K. Branscombe. The guests were Mrs. Frederick Keator, Mrs. Guy Pittard-John, Mrs. Laurence MacLaren, Mrs. Cecil West, Mrs. Wallace Alward, Mrs. A. Dodge Rankine, Mrs. F. The visiting delegates to the Gyo convention, which was held yesterday at the Admiral Beatty Hotel, represented clubs at Halifax, New Glasgow and Moncton. The visitors were the guests of the local club last evening at a delightful dinner and dance, at which about 150 guests were present. The affair was held in the Georgian hall room of the hotel, which was artistically arranged for the occasion with ferns and potted spring plants for decoration. The tables were adorned with daffodils and pink tulips, and a single rose was at each lady's place. Mr. Donald Armstrong, the president, presided. The guests were received by Mr. and Mrs. Donald W. Armstrong and Mr. and Mrs. Arthur F. Rankine. Mrs. Armstrong's guests were Mrs. Rankine, Mrs. Armstrong's guests and Mrs. Rankine were apointed georgettes, embroidered with crystal beads. During dinner a short musical program was rendered, which added much to the pleasure of the occasion.

Dancing was enjoyed from nine to midnight, the music for which was provided by a six piece orchestra. The visitors included Mr. George Hagen, Halifax, governor of Gyo district No. 6; Mr. Homer Zwicken, president of the Halifax Club; Mr. Frederick McLeod, Mr. Allister McDonald and Mr. George Fanjoy, of New Glasgow.

The Ladies Society of Knox Presbyterian church met yesterday and took the form of a social afternoon. A very pleasant feature of the affair was the presentation of a beautiful bouquet of flowers to the president of the society, Mrs. J. Herbert Crockett. It being the 18th anniversary of her wedding, Mrs. Crockett, the vice-president, took the chair and made the presentation on behalf of the members, who showed their appreciation of Mrs. Crockett by a standing vote. Mrs. I. W. Newton, wife of the minister of the church, on behalf of the ladies' society, extended congratulations to Mrs. Crockett and spoke in glowing terms of her splendid executive ability, and of the work accomplished by her as president of the Ladies Society. Delicious refreshments were served, bringing to a close one of the most pleasant meetings of the season.

MRS. JAMES DEVER DIES IN KINGSTON

Saint John Lady, Widow of Senator, Was 94 Years of Age

Saint John friends yesterday heard with much sorrow of the death of Mrs. James Dever, wife of the late Senator Dever, of this city, which had occurred that day at the home of her daughter, Mrs. J. Norman Leslie, wife of Colonel Leslie, in Kingston, Ont., where Mrs. Dever had resided for the last five years, since leaving Saint John.

She was 94 years of age but had been in good health within a short while ago and the word of her death came as a sad shock. Senator Dever died about 27 years ago.

Mrs. Dever had been for many years a member of the Board of School Trustees in Saint John and was at one time president of St. Monica's Society, which society afterwards became absorbed in the city sub-division of the Catholic Women's League. She was also a director of the V. O. N. in Saint John at one time.

She was a woman of remarkable beauty, great personal attraction and graciousness of manner, prominent socially and devoted to her home and a devout member of her church.

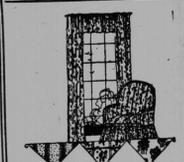

The Dever home on Chipman Hill in Saint John was noted for its hospitality and Mrs. Dever was always a kindly and gracious hostess.

The Dever home on Chipman Hill in Saint John was noted for its hospitality and Mrs. Dever was always a kindly and gracious hostess.

She leaves six daughters and one son. The daughters are Mrs. Leslie, in Kingston, Ont., at whose home Mrs. Dever died; Mrs. Alfred Ray, Mrs. Hughes, Mrs. Stanfield and Mrs. Gelli-brand, in London, England, and Mrs. Barbeau, in Rome, Italy. The son is James Dever, in New York. There are many grandchildren.

One daughter, Mrs. Roberts, wife of a nephew of Field Marshal Lord Roberts, and one son, Thomas Dever, died previously.

While no particulars of the plans for the funeral had been received last night it is understood that interment will be made in the new Catholic cemetery in

LIFEBUOY as the "Ounce of Prevention"

How true that an ounce of prevention is worth a pound of cure.

It is Lifebuoy's mission to prevent infections of the skin. Every normal skin is a healthy skin—clear, firm, velvety to the touch and without blemish.

The mild, creamy lather of Lifebuoy, the ultra-refined soap, goes down into the pores and antiseptically cleanses, purifies and beautifies.

To use Lifebuoy as a habit is to have a clear, fine skin, hence a normal, healthy skin.

So many have discovered by experience the great value of Lifebuoy as a protector against germ infection that Lifebuoy is the most widely used soap in the world.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., WEDNESDAY, APRIL 14, 1926

Gyro Clubs of District No. 6, In Session Here, Plan Extension Of Activities In This Field

Organization Work Undertaken in Various Parts of Maritime—A. T. Smith, of Halifax, Elected Pres.; Arthur Rankine, City, Secy.; Treas.: The Program

ARTHUR T. SMITH, of Halifax, retiring secretary-treasurer, was elected governor of District No. 6 at the conference of the Gyro clubs of the district, held at the Admiral Beatty yesterday. Business sessions were held in the morning and afternoon and a dinner and dance was given in the Georgian ballroom in the evening.

Other officers elected were: District lieutenant-governor, Frederic McLeod, of New Glasgow; secretary-treasurer, Arthur Rankine, Saint John. Most of the delegates were from the Saint John, Halifax and New Glasgow clubs.

Reports were given by the various officers and showed the condition of the club to be very satisfactory indeed. A new club had been organized in Moncton and the formal installation would take place there in the course of a few months. Organization work was being undertaken in Wolfville, Digby, Woodstock, Fredericton and Campbellton.

EXTENSION PLANS

Considerable legislation was dealt with regarding the extension of the Gyro Club throughout the district, which embraces all the territory east of a line drawn from Montreal to Boston. It was reported that it was expected that a club would be organized in Boston in the near future.

Among the delegates present were retiring governor, G. W. Hazen, Halifax; retiring lieutenant-governor, R. H. Gale, Saint John; Hower Zwicker, N. L. Dawson and A. L. Lomas, Halifax; George Panjoy and Alister McDonald, New Glasgow, and John Smith and Frederick Mahoney, Moncton.

CONGRATULATES LOCALS

Governor-elect Smith expressed appreciation of the services rendered to the Gyro by the retiring officers. He congratulated the Saint John club on their efforts which had made possible the holding of such a splendid conference in the city. Their work, he said, should be an inspiration to the other clubs, and was evidence of the excellent spirit of Gyro.

He sketched the growing activities of Gyro and pointed out that rapid progress was being made in spite of the fact that there was no paid organizer. The movement was based on the propagation of friendship between the members. This was the keystone of the organization. This was being further inculcated by the contact of Gyro members with their friends in cities and towns, where clubs did not yet exist.

INTER-CLUB ACTIVITIES

Inter-club activities were discussed and an affiliation committee appointed to strengthen the relations between the various clubs already functioning. It was reported that the indications were that the coming year would be a banner one. The clubs were composed of energetic young men, he said, who were active in community work and were engaged in charitable work greatly appreciated by the public at large centres where clubs were located.

BRILLIANT AFFAIR

The dinner and dance in the evening was a brilliant function. Members and guests to the number of more than 200 were present and the Georgian ballroom presented an animated appearance.

In addition to being a feature of the convention the evening was also the occasion of the Saint John club's annual ladies' night.

The guests sat down to an excellent repast served in the best style of Saint John's leading hostelry, after which there was a short program of addresses and music.

Dancing was then indulged in until early this morning. Between courses popular songs were sung under the direction of Dr. Percy Bonnell. The guests were welcomed by Don-

AGAIN ELECTED S. SCHOOL HEAD

S. A. Kirk Superintendent at Portland Street—Reports Read

The annual meeting of the board of management of Portland United Sunday school was held last evening in the Y. M. A. hall with the pastor, Rev. H. A. Goodwin, in the chair. Supper was raised during the year.

The following reports were read and adopted: Superintendent, S. A. Kirk; superintendent of home department, Mrs. Ida Calhoun; superintendent of cradle roll, Mrs. James Ferguson; superintendent of beginners, Mrs. James Ferguson; superintendent of primary

department, Miss Elsie Spence; musical director, H. W. Bromfield; adult Bible class, Percy J. Steed; young ladies' Bible class, Miss Cora Can; friendly Bible class, Miss Nan Wilson; Knights of the Round Table, Fred Stubbs; Wingene class, Miss Mary Kirk; beavers' class, Mrs. John Howe; Fidelia class, Miss Louise McIntosh; Willing Workers' class, Miss Jennie Yeomans; C. S. I. T., Miss Doris Bromfield; Challenge class, Fletcher Peacock, and Girls' Guide, Mrs. R. A. Corbett.

The treasurer's report, read by Allan W. Lingley, showed the total raised for the year, \$881.95; disbursements, \$781.75 and balance \$99.20.

The secretary's report was read by Richard C. Thomas, showing the school to have an enrollment of 692 scholars.

The missionary report, read by Miss Etta Bell, showed \$481.07 had been raised during the year.

The roll of officers and teachers was

called, showing present 11 officers, five male teachers and 29 female teachers.

The reports read showed the school to be in a flourishing condition and great credit was given S. A. Kirk, the superintendent.

The following officers were elected for the ensuing year: Honorary superintendent, R. P. Hayes; superintendent, S. A. Kirk; associate superintendent, Charles McConnell; Robert Maxwell, Frank W. Merrill; treasurer, Allan W. Lingley; secretary, Richard C. Thomas; missionary secretary, Miss

Etta Bell; associate secretary, Miss Anna Alley; secretary of periodicals, Harold Kirk; superintendent of home department, Mrs. Ida Calhoun; superintendent of cradle roll, Mrs. James Ferguson; superintendent of C. S. I. T., Mrs. H. A. Goodwin; superintendent of primary, Miss Elsie Spence; secretary of I. B. R. A., Miss Laura Panjoy; temperance secretary, B. L. Kirkpatrick; musical director, H. W. Bromfield; pianist, Miss Lillian Bromfield; director of orchestra, Stanley Goodwin.

The pastor, Rev. H. A. Goodwin, extended a welcome to the new teachers who came into the school during the year and called upon the honorary superintendent, R. T. Hayes, who gave a few remarks to the teachers and officers.

The same staff of teachers were re-appointed for the year. Superintendent Kirk commences his

Ice Is Solid In Saint John River

The ice in the Saint John River was still solid yesterday, according to F. J. McDonald, who drove to the city with a load of produce. He traveled eight miles, from McDonald's Point to Hampstead, on the ice with a double team of horses and said the going was very good. There was about 20 inches of snow in that section of the country, said Mr. McDonald, and the indications were that the ice would remain in the river until well on in May.

April 13 was considered a very late date to cross on the ice at Hampstead. The only open water in that

second year as superintendent or associate superintendent.

part of the river was from the buoy at the mouth of the Washademoak to a few rods below Carpenter's wharf. Farther down the river there was some open water at Oak Point. On grounds where at this time last year farmers were planting potatoes, there was now more than three feet of snow.

At Wickham wharf, Mr. McDonald said, a man was cutting ice in the river yesterday and it was at least 15 inches thick.

DONNELLY APPEAL FAILS. TORONTO, April 13.—The appeal of Edward V. Donnelly was today dismissed by the appellate division. Donnelly formerly a clerk in the Provincial Secretary's department, had been convicted of conspiracy and theft of \$28,000 and sentenced to 14 months' determinate and nine months' indeterminate terms.

Ford Leadership Has Been Earned

EVERY product which is a leader has earned its leadership. Over twelve million Ford cars in the hands of owners have proved Ford quality beyond question. Recently a Ford car, immediately after it was assembled, started a transcontinental trip across Canada and completed that trip under its own power. Countless travelers in every part of the world have made difficult trips in Ford cars to areas inaccessible to other cars. The entire history of Ford cars is one of outstanding practical usefulness and dependability. Ford cars lead, therefore, because they have earned their leadership.

PRODUCTS OF TRADITIONAL QUALITY

RHEUMATISM, neuritis and other kindred ailments frequently follow pyorrhea, the dread disease of the gums. Yet carelessness makes pyorrhea all too prevalent. Four out of five suffer from it after forty, and many younger, according to your dentist's own figures.

To be among the fortunate few who escape pyorrhea, begin at once using Forhan's for the Gums. If used regularly and in time, Forhan's prevents or checks pyorrhea and safeguards your health. It contains Forhan's Pyorrhoea Liquid, which has been used by dentists for the last 15 years in the treatment of pyorrhea. It is a pleasant, cleansing dentifrice that the entire family likes.

Today is none too soon to start brushing your teeth with Forhan's. Buy a tube right away and don't give pyorrhea a chance. All druggists, 35c and 60c in tubes.

STRONG UNDERTONE IN MONTREAL EXCHANGE
Power, Steamships Preferred and Smelters Furnish Bulk of Early Activity

NEW YORK, April 14.—Price movements were somewhat confused at the opening of today's stock market, although the general trend was toward higher levels. More favorable trade news and easier money conditions, including buying of many popular industrial stocks such as Dupont, General Electric, Gulf States Steel and Anaconda Copper, but motor and merchandising shares again encountered selling pressure. National Biscuit dropped four points on disappointment over the failure to declare a larger dividend.

MONTREAL, April 14.—The undertone to the local exchange this morning was strong and trading was fairly active, the bulk of business being done in Power, Steamships preferred and Smelters. Power was up 1/2 at 22 1/2. Steamships up 1/2 at 69, and Smelters up 1/2 at 20 1/2. Dominion Glass was unchanged at 9 1/2, as was Spanish River at 101 and Brompton at 32. Besco 2nd rose 1/2 at 6 1/2. Cement gained 1/2 at 10 1/2. Besco common lost 1/2 at 1 1/2, and Loyal was up 1/2 at 4 1/2.

Dentists Say Lesions Might Cause General Butler To See "Visions" At Williams Party

Canadian Press
MARINE BASE, San Diego, Cal., April 14.—The dental troubles of Brigadier-General Stanley D. Butler have become the first line of defence in the court-martial trial here of Colonel Alexander S. Williams, of the Marines, on the General's charges that Williams was drunk in a public place. Weeks ago, just after he ordered the arrest of Col. Williams, as a result of the conviviality growing out of a dinner party given by the Colonel in his (General Butler's) honor, the General retired to the naval hospital to have several teeth extracted. On the day the court-martial opened, Monday, General Butler digressed in his description of the defendant's alleged drunkenness to relate how the catastrophic Coronado cocktail episode was preceded by the extraction of one of his teeth.

"Visitors" Bad For Baseball Club

MANY PLAYERS "QUIT WHEN THE GAME GOES AGAINST THEM"

By NORMAN E. BROWN

And in addition to this he can sometimes intentionally tip off the other club by playing weaknesses of different players and thereby give them something to work on the next time they play your outfit.

I got an interesting slant on Doak's views the very next day when I saw one of the men Doak had mentioned during his discussing hobnobbing with his former mates on the Boston Braves while his present teammates were playing an exhibition game without his services.

From visitors Doak switched to the "top boys."

Players are frequently given credit for possessing among other assets, the fighting spirit or so-called "go-get-tem spirit."

"Fans oftentimes think that because a player is talking all the time to the pitcher or batter, that he is a good fighter and a good man to have on the ball club.

"Leaf" Favorites to Break Baltimore's Pennant Monopoly—Star Pitchers

TORONTO, April 13.—The 1926 International League, for whom a great new stadium has been built, will be quite as strong as the team that seriously menaced Baltimore's pennant chances last September.

The pitching staff, which lost Myles Thomas to the Yankees and Jess Doyle, to Detroit, has been reinforced until it is one of the best in the International League, including Carroll, Hubbell and perhaps George Smith, from Detroit; Moley and Paulaner, from St. Louis; Earl Terfield and Smith of the old guard.

Two Toronto all round athletes, both also hockey stars, will be on the line up. Lionel Conacher and Babe Dye, who was last year with Buffalo. These two real Toronto players will add a great interest to the game.

SAY MATTERS WORSE UNDER U. S. DRY LAW

Distilling and Orgies in Pennsylvania Coal District Told of

WITNESSES HEARD BY SENATE COMMITTEE

Say Effect Upon Young Has Been Demoralizing—New York Conditions

WASHINGTON, D. C., April 14.—Intimate pictures of conditions under prohibition in the Pennsylvania anthracite districts and the New York city tenements were given yesterday to the Senate Liquor Committee as the wetts again took up their presentation after having given way to the drys for a day. Father Francis Kasacian, director of the Holy Family Church at Sugar Notch, Pa., described distilling and orgies in the homes of miners. Mrs. Viola Anglin, deputy chief probation officer in the New York City Family Court, testified as to a lowering of moral and spiritual conditions in New York.

GIVES FIGURES

Before these witnesses were heard, Stanley Shirk, research director of the Prohibition League, Inc. of New York, spent an hour presenting statistics and charts based on official police reports which showed, he contended, that drunkenness under non-dry laws was just as prevalent as before Volstead days.

EFFECT ON YOUNG

All three witnesses emphasized what they contended was the demoralizing effect of prohibition upon the young. Father Kasacian declared that in his section young girls, who before prohibition would not have associated with men who drank habitually, now will go only with youngsters who can supply them with liquor.

Bluntly and graphically, the priest described immorality in the homes of miners, at nearby resorts and roadhouses and declared that conditions had come to such a pass that even very young children drink liquor.

"I was in a home three years ago," he said, "and heard a three year old child crying, 'moonshine, mamma, moonshine.' I asked the mother if she had ever given her children liquor and she replied probably at times when guests were present drinking."

BOUTS IN BOSTON

BOSTON, April 14.—Tommy Loughran of Philadelphia won a ten dollar decision last night from Tom Kirby, of Boston, here. Loughran weighed 113 and Kirby 107. The Philadelphia man every round was never in danger.

Art Weiland, of Buffalo, gained the decision over Battling Thomas, of Boston, and Canasta Bob of Syracuse, New York, defeated Jimmy McConlie, of Weymouth.

The steamer Canadian Freighter arrived at Vancouver on April 9 from Fraser Mills.

BOTTOM DROPS OUT OF DORY AT EAST PUBNICO

Brothers, 16 and 18, Lose Lives On Clam Quest

ONE BODY SOUGHT

YARMOUTH, N. S., April 14.—A sad accident took place at Middle East Pubnico late yesterday afternoon, when Bertie and Leslie Dentremont, aged 16 and 18 years, respectively, sons of Henry Dentremont, were drowned, and Donald Amiralet, 16, son of William Amiralet, had a most marvelous escape.

The lads, in an old dory, left the mainland to go to an island in Pubnico harbor for the purpose of digging clams, and when some distance from the shore the bottom fell out of the dory, and the boys were helpless in the water.

Men on the shore saw what had happened and with all speed went to the assistance of the lads.

ONE DISAPPEARS

When they reached the spot where the boys were, one of the Dentremonts had disappeared and was drowned. His body has not yet been recovered. They rescued his brother, however, also young Amiralet, both of whom were in a most serious condition and unconscious. Hastening to the shore, where medical assistance was awaiting, first aid was administered and in a short time young Amiralet showed some signs of life, but it was over an hour before he regained consciousness.

Dentremont, despite all that could be done, failed to recover, and shortly after reaching the shore passed away. The terrible tragedy has cast a gloom over the whole community, as they were bright active lads. They leave behind their parents many relatives.

Mauao Loa, in Hawaii Pours Out Lava and Smoke; Residents Flee

HILO, T. H., April 14.—Mauao Loa, which burst into activity with streams of lava Saturday, sent down billows of smoke yesterday. Whether the mountain was belching fire could not be seen, for the peak, 13,675 feet above the level, was hidden by clouds that reached far down its slopes. The island was shaken yesterday by numerous earthquakes. Residents of Wood Valley, in the Kan district south of Mauao Loa, took flight as the quakes continued, and began moving out.

SUCCESS IS WON BY JESSIE BOUSTELLE

Actress Well Remembered Here Lauded as Producer of Plays

Numbered among the four women who are making a success as play producers on Broadway is Jessie Boustelle, who, born and brought up in Rochester, N. Y., gained her first stage experience in the old Baker Theatre stock company. Today she is perhaps the most unusual personality in the American theatre, and certainly the most versatile producer.

Women have only entered the field of play production during the last 14 years, but already there are 10 or 12 in the U. S., and at the head of the group stand Miss Boustelle, Rosalie Stewart, Irene Harris and Anne Nichols, according to the writer.

Miss Boustelle invaded Broadway more than a decade ago when she was already a veteran stock company actress, a playwright, and director, although very young. Most of her theatrical training had been received in the hard school of road companies after she had gained her first foothold in a Rochester stock company.

It was at the advice of J. J. Shubert that Miss Boustelle entered the production end and at his request she organized a stock company in the old Cook's Opera House in this city, the article states. After establishing a record with her first company here, she operated resident companies in Buffalo, Providence, Toronto, Ottawa and the Maritimes, and for several years she directed and managed the municipal theatre in Northampton, Mass.

Now she is sole manager of the Boustelle Playhouse in Detroit, where she presents plays with her own company and is often playwright, actress, costume designer, and press agent. In New York she has a highly successful theatre of her own and occasionally produces plays in association with other managers, according to "Everybody's" magazine.

Movie Spectators Are Hypnotized

LONDON, April 14.—Films hypnotize many spectators, and consequently British audiences should be given more pictures reflecting British sentiments, rather than the sentiments of other countries, so Dr. H. P. Newsholme, medical officer of Croydon, said in a speech on the effect of moving pictures.

RICHARD DIX

LET'S GET MARRIED

with Lois Wilson

THE YARN'S SOMETHING LIKE THIS—

AFTER BEING ARRESTED FOR HAVING DISTURBED the peaceful quiet of the night club with a big brawl and free-for-all, Richard promises to reform and become what his father wants him to be—a successful hymn book salesman. Then he meets Lois, and renews his vows of chastity to her.

Our hero goes to call on his first prospect, a "J. W. Smith," purchasing agent for missionaries. Expecting to find a quiet dignified gentleman, he equips himself with concert tickets. Imagine his surprise to find that "J. W. S." is a woman—and what a woman! Edna May Oliver has the time of her life. She insists on going to a night club, and they land in the same one where Richard is known for only two things—trouble and fighting. The inevitable happens. Lois enters and Dix calls—to the police court. Sentenced to a thirty-day prison term, he writes Lois a series of letters describing his adventures in the South Seas, where he is presumably selling hymnals to the natives.

HOME FOR BURIAL

The body of George Ramsay, former resident of Summerside, P. E. I., was taken through the city today en route to the Island. Mr. Ramsay died in Boston on Monday.

CLERGYMAN ILL

Friends of Rev. J. J. Pinkerton, minister of the United Church, will be sorry to learn that he is ill with pneumonia at his home, Church avenue, Fairville.

WHAT'S THIS SPRING?

Although the city all was dead and piercing today—aside from the sheltered sunny spots—it was reported to be the spring and winter in rural districts roundabout. No Mayflowers yet, however—will be the first to reach The Times-Star with some?

ENLARGE CLASS ROOM

At a largely attended meeting of the men's class of the United Church Sunday school, taught by Rev. P. T. Bertram, it was decided to undertake at once the enlargement of the class room. Under the leadership of Mr. Bertram the class has outgrown its present quarters and the men will build a larger class room.

HOLD RUMMAGE SALE

A successful rummage sale was held today at 489 Main street under the auspices of St. Elizabeth's Society, St. Peter's church. Mrs. William O'Connor was the general convenor, and was assisted by Mrs. J. P. Quinn, Mrs. H. J. Walsh and Mrs. A. Phillips, vice presidents and other members of the society. The proceeds will be used for the charitable work of the society.

SAVED BY QUICK WORK

A lad by the name of Allen, of Camden street, had a narrow escape yesterday afternoon when he was struck by an automobile in Main street, near the North End police station. He and two other boys were running across the street and right into the automobile, which was driven by Stuart Ritchie. It was assisted by Mrs. J. P. Quinn, Mrs. H. J. Walsh and Mrs. A. Phillips, vice presidents and other members of the society. The proceeds will be used for the charitable work of the society.

CELEBRATE PROGRAM

The Young Women's Auxiliary of Centenary church met last night at the home of Miss Agnes Robertson, 122 Orange street and enjoyed a pleasant and interesting program. A mission play entitled "Lorala" was presented by Miss Patricia Jenkins, Miss Gladys Price, Miss Mary Marnie, Mrs. John McLean, Miss Rheta Brittain, Mrs. R. D. Irving, Miss Stella McAllister and Miss Laura Baxter. An Easter service followed. The title of it was "Go Quickly and Tell" and Miss Julia Hume, Miss and Mrs. Stanley Vaughan were the leaders. Many new members were enrolled. At the close of the evening there was social enjoyment and refreshments were served.

BRACELET PRESENTED

The Young Women's Mission Circle of the Christian Church, Douglas avenue, held their monthly meeting last evening in the primary room of the church. After religious exercises, refreshments were served and a presentation of a bracelet was made to Mrs. G. W. Gaynor who has been superintendent of the circle, but is leaving for the United States. The presentation was made by the president, Miss Helen Henson, who made a very nice speech in presenting the bracelet on behalf of the girls of the circle. Mrs. Henson replied, and hoped that the girls would do what they could in carrying on the work of the circle as they had done in the past, and stand by the new superintendent, Mrs. F. Welford.

ROXBOROUGH AUXILIARY

The auxiliary of Roxborough Lodge were entertained last evening at the home of Mrs. Robert Baird, Clifton street, West Saint John. Mrs. W. B. Nice presided. Sewing and quilting occupied the members and plans were made for a dance. A social half hour was spent. Mrs. James Galbraith, Mrs. M. S. Samuel, Mrs. L. H. Melvin and Mrs. J. Hervey assisted the hostess in serving dainty refreshments. Those present were Mrs. B. N. Smith, Mrs. Robert Evans, Mrs. Carrier, Mrs. F. Blizard, Mrs. W. Fuller, Mrs. B. A. Edwards, Mrs. R. MAYOR HAS WORD OF DREDGE WORK

Soon Finished At Present Location—Resume Farther Down In Summer

Acting Mayor Frink this morning received from the Saint John Dry Dock and Shipbuilding Co., a reply in reference to a complaint about noise in operating the dredge at night in Courtesy Bay. The communication said it was impossible to shut down the dredge but work on which was now engaged would be completed in two weeks time and no further noise would be done until the end of June.

METAGAMA CLOSING C. P. SEASON HERE

Last Sailing Will Be on April 23—Montreal and Quebec Plans Announced

The final Canadian Pacific sailing from the winter port of Saint John for this season will be that of the Metagama for Liverpool on April 23.

SUMMER PLANS

Nine European ports will be afforded direct passenger communication with Montreal and Quebec under seven distinct services called for by a Canadian Pacific summer sailing list issued by W. J. McGiffin, general superintendent. This is in addition to the regular service to European ports by seven freight vessels.

CONTINENTAL

There will also be two continental services; one with the Marburn and Marloch, sailing between Montreal and Antwerp; the other with the Melita and Minnedosa, calling at Antwerp and Cherbourg, as well as at Southampton and Cobh.

MANY ATTEND

The hall was filled to capacity. The proceeds will be added to the annual Club fund. The comedy will be repeated on Thursday evening in the Community hall. The play was well presented, and reflected much credit on those who had the affair in charge. The cast of characters was as follows: Mrs. Hamilton (hostess), Miss Grace McFarlane; Bob Hamilton, (her son), William Reid; Estelle Hamilton, (her daughter), Miss Freda McFarlane; Uncle John (her brother-in-law), R. U. of C. and the M. P. B. of the A. U. of C., was held last evening. The purpose is to raise money to defray the expenses connected with the entertainment of the celebrities coming here this fall to the annual meeting of the C. A. A. U. of C.

PLAY WELL STAGED IN EAST SAINT JOHN

"The Parlor Maid" Presented By Tennis Club in Community Hall

The East Saint John Tennis Club presented a three act comedy entitled "The Parlor Maid" in the community hall last evening. The play was under the management of O. J. Lawson, the president, and was directed by Miss Muriel McAllister and Miss Florence Josselyn. William Woodroffe arranged the stage setting, which pictured a summer cottage in the mountains. During an intermission, candy was sold by Miss Helen Foley, and Miss Dorothy Cunningham. Mrs. Harold Macdonald contributed a violin solo, and Miss Laura Fajoy gave a reading, between acts. An orchestra composed of Miss Marjorie Smith, E. Bridgen, and S. Jacobson, also gave selections.
