Drury Himself Is Beaten as Farmer Government Ousted

The Latest Figures From Ontario

Toronto, Ont., June 26.—The latest check-up of the returns from the Ontario provincial election with only the riding of Lincoln to hear on shows that the Conservatives have a total representation of 77; Liberals 15; U. F. O. 18; Labor and Independent 1. The Conservative party made a total gain of 54 seats, by 81 from the U. F. O., 14 from the Liberals, 8 from the Labor and 1 from the Independents.

WHAT LEADERS AND EDITORS HAVE TO SAY ABOUT IT

Toronto, June 26.—"The Government has endeavored during the campaign to carry on a clean, educative discussion of the public questions before the people. After having done so, if the people do not agree with the Government's policy, I accept their verdict most cheerfully," said Premier Drury last night.

The New Premier

Toronto, June 26.—"There are three or four outstanding facts about this election which must be observed," declared Hon. G. Howard Ferguson. "First it shows that the people of Ontario are thoroughly imbued with the necessity of clinging to British practices in Government and that they would not tolerate any departure from the principle of cabinet responsibility. There has been a strong and definite movement, so much wanted of stability and lack of policy in the last Government that the public are today in a state of confidence in it. Another thing that I think weighed a great deal was that Mr. Drury emphasized everywhere that the old parties had been discarded by the people for their want of sincerity, and that only, made more prominent his lack of sincerity, and the lack of adherence to the program issued by his party."

Questioned as to the cabinet which might be formed, Mr. Ferguson said that beyond certain obvious cabinet ranks and entitled to the first consideration he had not considered the matter. The Gregory Commission, he said, would be asked to make any statement which they might care to. They will also be asked what they are doing. "In any event," said Mr. Ferguson, "they will not be allowed to continue on the present scale. They have achieved nothing, nor have they created the people's trust. They have great sense of appreciation of the responsibility given me," declared the new Premier, "and I hope my efforts will justify the confidence shown in the very large vote."

At Ottawa

Ottawa, June 26.—Right Hon. Arthur Meighen sent a message of congratulation to Hon. Mr. Ferguson, saying, "Your victory was honestly gained and is one of the greatest personal triumphs in our political history."

There was great rejoicing among the Conservatives here. Among Liberals also there was some gratification, several expressing much satisfaction over this phase of the situation.

In Progressive circles there was naturally keen disappointment though some of the members of this group claimed not to be surprised. One Progressive member from the west explained the result by three ways: The result in the Manitoba referendum, the hope that the Conservatives would give Ontario a new vote on the temperance question, and the split between Premier Drury and J. J. Morrison.

Le Canada, Montreal, (Liberal)—The attempt at class government in Ontario is one of the greatest fiascos of our political history. Elected by a play of circumstances four years ago, this government, inexperienced and led by organizations as partisan as they were badly advised, ended by creating discontent everywhere. Dismissed within the party hastened its collapse and at the dissolution of the legislature its finish was obvious. The fiasco of the agrarian movement, which might have increased the Liberal influence, has contributed chiefly to a Conservative victory since, at the present elections, the Ontario Liberals did not sufficiently separate their cause from that of the Drury government. There is then the double lesson. Class government has suffered a resounding check and the people by their vote have signified anew that they desire a well defined programme and that they do not like coalitions, either apparent or real. Gazette, Montreal, Conservative.—It looks as if the United Farmers of Ontario, like the Patrons of Industry of twenty-five years ago, had run their course and will gradually disappear as a political force. They meant well, but conditions did not favor their cause. They inherited obligations from their predecessors which made it impossible for them to practice the economic theory they promised; financially they were open to attacks to which they could make no effective reply. Naturally there may be interest in the future.

Liberals and Progressives Will Each Have to Select New Leaders in Province—Drury to Tender Resignation This Week—Some of Those Likely to be in New Government.

(Canadian Press)

Toronto, June 26.—Hon. E. C. Drury will, it is expected, place the resignations of himself and the members of his cabinet in the hands of the lieutenant governor this week, as the result of decisive defeat of the United Farmer-Labor government in the elections for the provincial legislature yesterday.

Mr. Drury and his colleagues in the government, many of whom were defeated in their own constituencies, in the Conservative sweep, are returning to the provincial capital today for final cabinet meetings to wind up their administration.

Hon. Howard Ferguson, Conservative leader, who is assured of the backing of at least 75 members in the legislature of 111 seats, is in the city and this morning received numerous messages of congratulation from near and far, on the return of his party to power in the province, after nearly four years in opposition.

New Cabinet

Mr. Ferguson met several prominent Conservatives of Toronto and other cities today and is said to have pretty well made up his mind as to the composition of the new Conservative government which he will be called upon to form. It is considered certain that W. P. Nickle, K. C., of Kingston, will have the important post of Attorney-General, who has the direction of the enforcement of the much discussed Ontario Temperance Act. Hon. G. McDonald, elected in West-Wellington, was a member of a former Conservative government, and is practically sure of a place in the new cabinet. Hon. C. S. Henry, who represented Leamy, York for the Conservatives, was minister of agriculture in the Healey Conservative government, and was probably re-elected to the same portfolio in the new administration.

Hon. Thomas Crawford, who was former Speaker of the House, and is likely to be one of the "Ontarios," will probably have that honor again. As for the rest of the cabinet Premier Ferguson is reported to have said he will have difficulty in making a choice.

For the Liberal opposition a new leader must be appointed. Wellington Dewar, leader in the last House, Hartley Dewar, a Toronto lawyer who managed the Ontario Liberal campaign, and Major J. C. Tomin, popular army chaplain member from Windsor, are all swept out of the seat by E. N. Sinclair, member for Ontario county north, and J. H. Fisher, a Liberal from Ottawa west, are mentioned as possible candidates for Liberal leadership.

Drury Himself Out

With the personal defeat of Premier Drury, the ousted Farmer, who will have the third group in the legislature, will also have a new leader. Hon. W. E. Roney, who represented the United Farmers in the last provincial elections, will probably have first choice of the position. There will be one to comprise other minorities in the legislature.

Effect of the Ontario result on federal parties. It is likely to be considerable. In Alberta, as in Ontario, there have been evidences of a weakening of the United Farmer organization, and what happened yesterday will tend to aggravate the situation, which may also affect Saskatchewan and Manitoba. Once the Farmers' platform is adopted, it will be aggravated by what looks like a break up in Ontario, where the United Farmers won their first political success.

Toronto Globe, Liberal.—The years following the war have been bad for Governments and the Drury Government has met the fate which befell its predecessors and several other provincial administrations and destroyed the Meighen Government in 1921. The farmers in 1919 had a victory greater than they expected, and were surprised when they found themselves laid under the responsibility of forming an administration. It would appear that the farmer electors are themselves dissatisfied with the result of the experiment. They have realized that Government cannot be carried on by the representatives of a class which is in a decided minority in the province, and to a large extent they have gone back to the old party affiliations.

Toronto Mail and Empire, Conservative.—Ontario is in the hands of its friends again. The whitest of its representatives of public opinion yesterday made a practically clean sweep of the Drury Government. The combination of big spenders and little autocrats was the finestest of the people of this province ever went against. Yesterday's election was a victory for the people of Ontario.

Ottawa Citizen.—It should take very few years to demonstrate that something more is needed than the Conservative platform offered in this election to usher in better times. Opportunities for constructive service as opposition leader in the legislature are possibly greater than they would be as

PARLIAMENT IS TO HONOR DR. BANTING

Premier King Moves for an Annuity for Discoverer of Insulin.

Ottawa, June 26.—(Canadian Press)—The Premier intends to move a resolution in the House of Commons to provide for recognition by parliament of the work of Dr. G. Banting of Toronto, in the discovery of insulin as a treatment for diabetes.

"It is expedient," says Premier King's resolution, "that parliament should give some expression of the nation's gratitude to one who has rendered such distinguished service to science and humanity and that such recognition should take the form of the vote of an annuity sufficient to permit Dr. Banting of devote his life to medical research."

Phone Strike In New England Begun

Boston, June 26.—The strike of telephone operators went into effect today in the New England states, except Connecticut. That some of the operators remained at work in this city was evident when a telephone call was quickly put through the Congress exchange to the office of the New England Telephone and Telegraph Company.

Worcester, Mass., June 26.—The telephone strike here was started according to schedule. Union officials reported soon after 7 a.m. that only 23 operators were at the switchboards while Manager C. J. Abbott said he had sixty at work. The union says 470 of the operators have quit work.

Belgian Sentries Kill Four Germans

Buer, Germany, June 26.—Four Germans were shot and killed and three others were wounded by Belgian sentries here on Sunday. It is semi-officially explained that three of the Germans were killed by a patrol of sentries of the town where travel had been forbidden as the result of the killing of three Belgian soldiers. The fourth German was killed by a sentry along the railway.

Baltic Flies The Free State Flag

New York, June 26.—The Baltic of the White Star line and of British registry inaugurated a new practice by flying the green, white and yellow flag of the Irish Free State from her foremast on her return trip from her voyage to fly the flag of all the nations at whose ports she call, but previously the White Star liners had run under the Free State flag only when entering the harbor of Cobh (Queenstown).

PROBE FATALITY ON BROOKLYN "L"

New York, June 26.—A grand jury investigation into the death of seven persons and the injury of 83 others when two coaches plunged to the street in Brooklyn yesterday from an elevated structure, was started today under the direction of District Attorney Dood.

The cause of the wreck was still undetermined. Six of those killed were women. The other was an unidentified man.

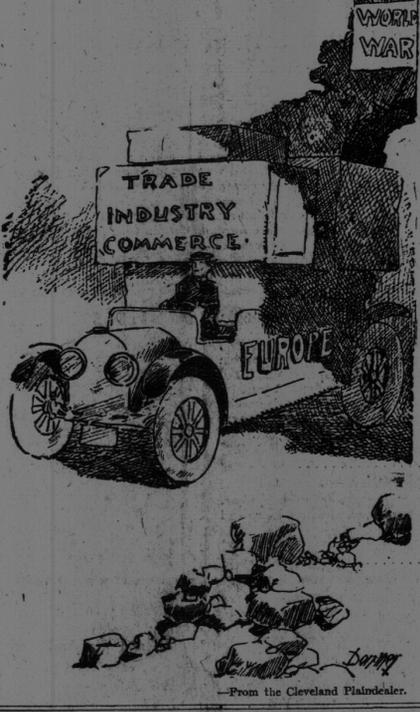

"What caused the train to leave the tracks is still a mystery and may remain one," said the district attorney.

BURIED TODAY The funeral of Mrs. D. C. Clinch was held this afternoon from St. John's (Stone) church at 2:30 o'clock. Service was conducted at the church and grave by Rev. A. L. Fleming. Interment was at Fernhill.

A cabinet minister at the present time, determined to rid itself completely of class Government and of the class idea in politics. In a word Ontario's farmer movement has gone the way of similar movements in the past—the way of the Populists in the U. S. and of the Patrons of Industry of the nineties—and this province returns to straight party Government. The result we are convinced will be good for Ontario. At worst Mr. Ferguson ought to be able to eliminate the log rolling, yawning, weakness and extravagance which both characterized and condemned the Drury regime.

The Halifax Chronicle.—Not only will the Conservatives have a clear majority over all; they have swept the field in a political landslide. The result will be regarded with satisfaction insofar as it tends the promise of a return to stable government, although the Conservative leader, Hon. G. Howard Ferguson, is not the type of politician to inspire public confidence. His record as Minister of Lands, in connection with the timber transactions during the last Conservative regime was far from creditable. Yet apparently the electors were willing to take any risk with him rather than continue government by a group and a situation which had become intolerable.

OUT OF THE SHADOW

JUNE BRIDES

Dana-Jeffries. A wedding of interest to many friends in the city and elsewhere took place at 5:30 o'clock this morning in St. Peter's church when Rev. James Woods, C.S.S.R., united in marriage Miss Mary Jean Jeffries, daughter of Mr. and Mrs. James Jeffries, 771 Midridge Avenue, and John Alexander Dunn, of this city, formerly of Whitehead, Kings Co.

The bride, who was given away by her father, wore an attractive tailored traveling suit of navy tricotine with hat to match and squirrel socks, and wore a corsage bouquet of Ophelia roses. They were attended by Mrs. G. M. Frederic Galbraith, Mrs. Galbraith being the bridesmaid.

After the ceremony a wedding breakfast was served at the home of the bride and Mr. and Mrs. Dunn left on the steamer Empress for a honeymoon trip through the Annapolis Valley. On their return they will reside at Main street.

Many costly and beautiful presents were received, testifying to the popularity of the young couple. Drs. W. P. and P. L. Bonnell, with whom the bride was employed, remembered her with a check and the groom was the recipient of a handsome parlor lamp from his fellow members in the A.O.H.

TOOLE-PATTERSON. A quiet but very pretty wedding was solemnized this morning at 8:30 at the parsonage of the Portland Methodist church when Rev. E. Clarke united in marriage Miss Flora Kathleen Patterson, Carmarthen street and Harold James Toole, of 98 Cliff street.

The bride, who looked winsome in a suit of navy blue pique with black pattern and emerald tie, was attended by Miss Jean Hoyt, wearing a suit of brown with pink hat to match. Harry King supported the groom. Immediately after the ceremony Mr. and Mrs. Toole left on an automobile trip to Sussex, Moncton and other points and on their return they will take up their residence at 108 Carmarthen street.

The bride received many beautiful and useful gifts among them being a check from the International Correspondence Schools, with which the bride was employed. Their many friends join in wishing them much happiness.

Braman-Shields. A very pretty and quiet wedding was solemnized in the Mission Church of St. John Baptist this morning at half past seven o'clock, when Rev. J. V. Young united with nuptial mass Margaret Elizabeth Shields and John Hayes Braman, both of this city. The bride looked charming on entering the church with George Brown. She was attired in grey satin with fitch stole and hat to match and carried sweetheart roses. Miss Marjorie Campbell, as bridesmaid, looked winsome in grey organdie with picture hat, and also carried sweetheart roses.

After the ceremony Mr. and Mrs. Braman left for a short honeymoon trip through the province. On their return they will reside in St. John. The wedding presents were numerous, including a set of silver and check from Dr. J. Magee, with whom the bride was employed. The good friends join in wishing them good with them for a happy future.

Carson-Queen. At the Baptist parsonage, Portland, Maine, Miss Margaret Jeanne Queen, daughter of Mr. and Mrs. Charles Queen of Armstrong's Corner, Queen's County, was united in marriage recently to James H. Carson, son of the late Mr. and Mrs. Hugh Carson, of Oak Point, Queen's County. After a tour of the Maritime Provinces, Mr. and Mrs. Carson will reside at the Carson Homestead, Oak Point.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "I have some important information for you." "Glad to hear it," said Hiram. "Most of the noos we been readin' lately has been about the same as we heere the day afore." "This is different," said the reporter. "I was told today that the deep snow, the floods, the forest fires and the drought, coming after each other, are signs that the world is coming to an end."

"Oh," said Hiram. "You don't seem to be impressed," said the reporter. "I ain't," said Hiram. "It is a serious matter," said the reporter.

"If you think so it is to you," said Hiram. "As fer me—I don't seem to remember that them the visitations of one another anywhere but in Noo Bruns'ick. They didn't hev 'em all over the world did they? Shouldn't the folks all over Canada, an' in the States an' Europe, and China, an' Australia an' all over the world git a warnin' as well as us feller? I guess you been gettin' your noos from some letter that don't use his thinkin' outfit no more'n the law allows. Now if you'd tell me we was gonno hev about two inches of rain tomorrow I'd call it real noos, wuth talkin' about—By Hen!"

DELORME CASE

Evidence Today Regarded as Favorable to Defence.

Montreal, June 26.—Draped around a dressmaker's dummy, the blood-stained garments of Raoul Delorme, slain college student, were exhibited to the jury when the trial of Delorme was resumed today.

Step by step Dr. W. J. Derome, provincial autopsist developed his observations upon the body, which was handed over to him at the morgue.

Dr. Derome who had been looked upon as the star witness for the crown, provided the initial denotation by swearing that the body's body while cold, was not frozen stiff when he examined it. The defence stressed this point in its cross-examination with the view to establishing that the body had lain exposed only a few hours by the roadside, a fact which would absolve the priest, who was charged with the body for from at least two o'clock in the morning.

Dr. Derome's testimony provided incisive clashes between the crown and the defence, the latter insisting that the autopsist was merely giving his opinions and observations and not direct, admissible evidence.

Dr. Derome's testimony provided incisive clashes between the crown and the defence, the latter insisting that the autopsist was merely giving his opinions and observations and not direct, admissible evidence.

Alvyn Taschereau, K.C., senior defence counsel, argued that this procedure had been improper and that consequently the shoes should not be admitted as exhibits. His objection, however, was over-ruled by the court.

THE SCHOOL TEACHERS.

London, June 26.—(Canadian Press)—The Imperial Education Conference after hearing an address by Dr. Viljoen, superintendent of general education for the South African Union on the question of recognition of teachers' services throughout the Empire, last night decided to appoint a sub-committee to collect evidence and consider the question of interchange of teachers and other conditions affecting teachers.

Dr. F. W. Merchant, director of technical education of Ontario will be a member of the committee.

AWAY TO CALIFORNIA.

Mrs. Edward W. Deveny, accompanied by her daughter, Miss Gertrude, who have been visiting Mrs. Deveny's sister, Miss Celia McDonald, Golding street, after a thirty-five years' absence, left last evening for their home in San Francisco. They spent five pleasant weeks here in happy reunion. The return trip will be made through the United States.

C. P. R. FIRST AID.

A meeting of officials and employees of the C. P. R. was held last evening, J. M. Woodman, general superintendent of the New Brunswick district, presiding. The object was to arrange for and organize first aid classes. A. G. Shakespeare, an instructor from Montreal, addressed the gathering. Classes will be started on the night of July 9 and will be held weekly. It was also decided that if the lady employees so desired a class would be arranged for them in the afternoon of the days on which the male classes will be held.

Judgment Against Province In C. P. R. Bridge Case Here

Railway Wins First Round—Jurisdiction Over the Navigable Waters of the St. John Vested Solely in Dominion Government, Says Judge Grimmer—Case May Go to Privy Council.

That the New Brunswick Government had no jurisdiction over the navigable waters of the St. John and that this jurisdiction was vested solely in the Dominion Government was the essence of a judgment delivered here this morning by Judge W. C. H. Grimmer in the Chancery Court, in the case of the Province of New Brunswick against the C. P. R. This action was brought by the province to attempt to restrain the C. P. R. from building a railway bridge across the mouth of the St. John river, it being claimed that the bridge would impede the passage of some ocean going schooners which were in the habit of taking lumber cargoes down the river. In his judgment, Judge Grimmer refused the injunction asked by the Province and dismissed the bill with costs. Dr. F. R. Taylor, K.C., appeared for the C. P. R. and M. G. Teed for the Province of New Brunswick. It is expected that the matter will be brought before the Privy Council for decision. The bridge has been completed and is now being used by the railway.

The clearing away of this matter will now permit the city to go ahead with the completion of the paving of Douglas avenue, which was held up awaiting the decision in the case.

BETTER WORD ON THE FOREST FIRES

(Special to Times.) Fredericton, N. B., June 26.—The department of lands and mines today received few reports from the forest fires, a fact which indicates that there are no new fires discovered and that those which have been burning for some time are making no great advance. Conditions yesterday were favorable to holding fires as there was little wind, with cool weather and showers in some places.

Bear Brook fire on a branch of Little River, Sunbury county, has been found to have been started from the camp fire of a fishing party. The brush shelter which had been built has been found. Several additional arrests have taken place in connection with the forest fire in Kent county two men have been arrested for starting fires. In Madawaska county one has been arrested for refusing to fight fire.

The fire on the Dunbar, a tributary of the Nashwaqois covers 400 acres. That fire was first reported on Sunday afternoon. There is direct evidence that fishermen started this, also reported today and the rumour is that the crews are holding them.

The big fires in Restigouche county and on the Nepisiguit have not been reported today and the rumour is that the crews are holding them.

Belgians Arrest Captain Hans Rose

Was Commander of German Submarine Which Crossed Ocean in War.

Berlin, June 26.—Captain Hans Rose, commander of the German submarine U-55, which surprised the world in October, 1918, by suddenly appearing off Newport, R. I., has been arrested by the Belgians and imprisoned at Steierade, according to Red Cross advices from the Ruhr, which assert that he is lying at the point of death because of maltreatment by the soldiers.

WERE MARRIED TODAY BY FATHER HOWLAND

Fredericton, N. B., June 26.—The wedding of Miss Margaret Hughes and James McGuire, both of this city, was solemnized this morning in St. Anne's Church, Kingsclere, by Rev. M. P. Howland at nuptial mass. The bride and groom were attended by Peter Hughes, brother of the bride and sister, who was matron of honor. The bride was dressed in blue tricotine with hat to match. Many beautiful gifts were received. Immediately following the ceremony the bride and groom left by motor on their honeymoon which will be spent in the U.S. On their return they will make their home at 522 King street.

G. W. Hoegg and wife, of Toronto are in Fredericton. They formerly resided here and later at Sussex. Mr. Hoegg was the founder of the Hoegg Canning Company which operated factories at Fredericton, Sussex and North Shore points.

MR. BULLOCK CHOSEN ON IMPORTANT COMMITTEE

T. H. Bullock, commissioner of harbors, has been appointed a member of a committee of the American Association of Port Authorities to examine and consider legislation for the prevention of oil pollution of the waters of harbors and rivers, considered as a menace to the interests represented by the Association. The other members of the committee are Robert F. Engle of Philadelphia and Bancroft Hill, president and engineers of the Baltimore Harbor board. Their report will likely be presented at the next annual meeting of the Association which is scheduled to take place in New Orleans, December 10 to 12.

AIRPLANE GOLF.

Chicago, June 26.—Airplane golf was played successfully for the first time yesterday at the Olympia Fields Country Club, to celebrate the opening of its fourth 18-hole links. A team of nine amateurs defeated nine professional one up in nine holes of match play. Two balls were dropped from an airplane as near as possible to each hole, and an amateur and a professional stationed at each green holed a ball from where the dropped ball landed. The amateurs used twenty-five strokes, and the professionals twenty-six, allowing the amateurs to win in medal score also.

Spring-time Revelry in Garden City

THIS year the citizens of Victoria B. C., celebrated the eightieth birthday of this garden city and for three days beginning with the twenty-fourth of May the city frolicked.

During the previous week the May Queen had been chosen and with her made of honor had travelled to neighboring cities inviting her sisters and brothers from Nanaimo, Vancouver and New Westminster, and her cousins from Seattle, Bellingham and Portland to join in a three day frolic in her delightful gardens.

The neighboring cities responded to her bidding to the extent of sending their Mayors and hundreds of their populace to take part in the spring-time revelry.

The initial ceremony of the three day fete was performed when Mrs. Walter C. Nichol, wife of the Lieutenant Governor of the province of British Columbia placed a beautiful floral wreath on the handsome bronze statue of Queen Victoria which stands before the parliament buildings, in the name of the Imperial Order Daughters of the Empire.

The landing of the May Queens from H.M.C.S. Patricia followed this ceremony, a tender bearing their Majesties to the broad stone steps leading directly to the parliament buildings. Here they were given the freedom of the city by Mayor Maynard and were crowned by His Honor the Lieutenant Governor of British Columbia.

Then came the Grand Parade, entered into by almost every automobile in the city and participated in by every public spirited firm and individual of Victoria.

During the three days many sports events were arranged and on the Thursday and Friday evenings elaborate balls were given in the armories and at the Empress Hotel.

COOKING DEMONSTRATION EVOKED GREAT INTEREST AT M. R. A.'S TODAY

Tomorrow Another Phase of Cooking on Electric Ranges Will Be Demonstrated

Women of St. John were all invited to view the cooking demonstration which took place in the M. R. A. Ltd. new household appliance department today—and a great many interested women availed themselves of the opportunity to do so.

Speakers were highly pleased with the efficiency of the electric and labor saving McClary Electric Range, and the demonstration clearly pointed out that in view of economy, cleanliness, and labor saving—cooking by electricity is the ideal way.

Biscuits, pies and patty pans were baked today in view of visitors and in each case the result was a delight to the eye and to the taste.

McClary electric ranges have lately been added to the M. R. A. Ltd. household appliance department and are priced from \$70 to \$170.

Electricity is undoubtedly destined to become the most popular of any means of cooking. Modern housewives would look into its advantages while these instructive demonstrations are taking place.

You are cordially invited to spectate tomorrow, 3rd floor, King St. entrance, 1st floor, German St. entrance.

WILL BE HANSEN AGAINST NOLAN

Battle for Place on St. Peter's Diamond Tonight in the Two I League.

Speculation among baseball fans throughout the city is rife today concerning the outcome of the game between St. Peter's and Quincy, which will be played on St. Peter's diamond this evening in the Two-I League.

Peter's must win to remain in second position, while Quincy are equally anxious to stage a comeback and keep from dropping into last place.

If St. Peter's win their percentage will be .572, where as if they lose they will drop to .428.

It was announced today that "Lefty" Ford would start Nolan, the southpaw, who made such a favorable impression in Moncton, and who is considered one of the best "portsideers" that ever came to these parts.

St. Peter's has the team will be at full strength. The weather was considered ideal for a game as it is quite warm and should prove favorable both to the fans and players.

Play will start at 7 o'clock for a nine innings battle.

Eugene Tippetts, pitcher for the G. W. V. A. team in the Two-I League, did not arrive here today as expected.

In a letter received by Manager Coughlan recently he informed him that he was to be married yesterday morning and would leave for St. John last evening.

Manager Coughlan said today that he will in all probability report tomorrow. Catcher Ward, who was received by the G. W. V. A. team in a trade with Quincy for Buchanan is expected to return to the city tomorrow.

USING BOMBS. Wiesbaden, Germany, June 26.—Bomb throwing has been resorted to in the effort to deter Germana civilians from patronizing trains controlled by the French. A bomb was thrown early today in the waiting room at the Wiesbaden station where a large number of Germans were awaiting a train, the explosion wounding two persons and causing considerable property damage.

ROTHESEY ROAD CASE. Before Magistrate Allingham in the Fairville court this morning, W. R. Pearce was fined \$25 and costs for speeding in the Rothesey road. A case against Mr. Puddington, charged also with speeding in the Rothesey road, was postponed until Thursday morning.

Both reports were made by Provincial Constable Robert Crawford.

COMEDY DRAMA
AT OPERA HOUSE

Exciting Steeple Chase a Feature in "The Hottentot," Spirited Picture.

"All my life I've been afraid of horses," says the man who rides "The Hottentot" to victory in a dangerous race. He fears horses more than anything else and still he wins in one of the most exciting steeplechases ever filmed. He wins both the race and the girl in the case. And he does it on sheer nerve.

Everyone thrills to deeds that date to chivalry. And that's one reason why everyone will love the character of Sam Harrington in "The Hottentot," Thomas H. Ince's comedy drama at the Opera House. Sam is fearless on the seas and has braved trifles like typhoons and the wild men of the Cannibal Isles. But he's afraid of horses and admits it until suddenly he finds himself forced to ride in a horse race or lose the girl he loves and his own self-respect.

"The Hottentot" furnishes laughter and excitement from beginning to end. It starts with a race between a runaway horse and an auto and ends with a unique steeplechase. The action never flags. One comic situation develops into another even funnier as Sam founders from deep water to bottomless depths.

Douglas McLean plays the part of Sam Harrington. Raymond Hamilton as the butler, is his best, a pretty Madge Bellamy endears herself as the winsome Peggy Fairfax.

Some of the finest action flashes ever shown on the silver sheet have been filmed in the steeplechase which is the smashing climax of "The Hottentot."

By shooting the race from the possible angle, Ince has obtained some action pictures which expert photographers declare have rarely been equalled. Thirteen horses take twenty-four stiff jumps in the steeplechase which is one of the most exciting ever run.

SUMMER FOODS AND WINTER SICKNESS

Summer food habits are largely responsible for health or sickness in the winter which follows. Science has demonstrated that all foods are either acid or alkaline. Human blood must be alkaline or the body is diseased and soon dies. "Excess Acid" foods cause acid blood and these leave the blood by the skin and linings of the nose, throat, lungs, etc. In winter the skin is inactive and the linings of the air passages have to bear the brunt of acid elimination, becoming irritated, and the bodily vitality being lowered in the process, ideal conditions for disease germs to set up business in and disease the body—flu, pneumonia, etc., are the result.

White flour, refined cereals, fats, meats, sweets are "Excess Acid" foods, largely used by civilized races in summer, their acids added to by ice cream, iced drinks, etc. Acid blood results, taken care of by the skin in summer, but the nose, throat, lungs, etc., have to eliminate the acids in winter, resulting in flu, pneumonia, etc.

Uncivilized races, who do not have these acid foods, do not have our winter diseases. They live upon alkaline whole grains, milk, nuts, beans, eggs, greens and fruits, which keep the blood alkaline, "cooled," healthful.

Roman Meal is the only alkaline cereal, 400 parts in each 1000 "Excess Alkali." It keeps the blood alkaline, as nature intends, which vitalizes and energizes the body, soothes the linings of air passages, protects against winter diseases.

Roman Meal BROSE-O, CHOCOL-O, JELL-E are three icy-cold delights for stinking days, served with milk, cream, whipped cream, honey, preserved or fresh fruits. At grocers.

THE CANADA'S PASSENGERS.

Montreal, June 26.—Delayed by light fog, which prevailed throughout almost the whole of her voyage, the White Star Dominion liner Canada arrived here on Sunday night from Liverpool, twenty-four hours behind schedule, with 120 cabin passengers. She disembarked 210 third-class at Quebec.

The Canada had a party of about thirty boys from the Church of England Waifs and Strays Society of London, proceeding to the Gibbs' Home at Sherbrooke. They will be sent to fill situations in various parts of the Dominion.

Among the cabin passengers was Charles Wright, honorary secretary of the British Passenger Agents' Association, who is visiting Canada to further co-operative effort in the development of British emigration to the Dominion.

this season. Some of the mountain residents are cooking and eating the snakes, saying they are better than cold. Some believe the rattles are destined to furnish an important article of food in the future. It is said that last summer the Pennsylvania State Forestry camp was served with rattlers all summer and the foresters declared the snakes proved an excellent food. Some Delaware County folk are said to be apprehensive that there will not be sufficient snakes to supply the demand.

LAWYERS TO HOLD BIG MEETING IN MINNEAPOLIS

Minneapolis, Minn., June 25.—(Associated Press)—Prominent members of the legal profession in the United States will attend the annual convention of the American Bar Association here on August 29, 30 and 31. An attendance of more than 2,000 is anticipated by A. C. Paul, of this city, in charge of arrangements.

Headed by the Earl of Birkenhead, of England, who will be the most distinguished visitor, the list of prominent members of the bar who will participate in the sessions include:

John W. Davis, president of the American Bar Association, and former ambassador to England; Chief Justice Pierce Butler, of the United States Supreme Court; Charles Evans Hughes, Secretary of State, and Charles S. Whitman, former governor of New York.

Lord Birkenhead will deliver the principal address of the convention on August 29, just preceding the reception of President Davis, which will be the premier social event of the meeting.

Justice Butler will be the speaker at a joint meeting of the American Bar Association and the Minnesota Bar Association, over which W. A. Lancaster of Minneapolis, president of the state organization, will preside.

Perfect "Trilbies" Won
 DuMaurier's Role for
 French Screen Actress

Los Angeles, June 26—Here, then, are what you mean when you speak of "Trilbies." It was because of the perfect proportions and general shapeliness of lines that Miss Andree Lafayette of Paris, France, is now in Hollywood making the immortal Trilby a real figure on the screen.

The French film actress, who was a popular star in France, where she was known under the name of Andree de la Bigne, was selected by Richard Waller for Trilby to play the part of DuMaurier's heroine.

Applications for the role were made in a somewhat different manner from

that usually employed, of sending a photograph only. The winning actress sent a photograph also of her feet, and it was these, as much as the blue eyes and yellow bangs and firm, white teeth that gave her the leading role of "Trilby."

Proving her willingness to sacrifice for Art, Miss Lafayette was forced to cut the long, blond hair with which she arrived in this country on the Rochambeau, but she did it smilingly. "What difference, if I make the success in America?" She inquired naively, and added, "Sometime he'll grow again."

RECENT WEDDINGS

Christenson-Mooney.
 In the Cathedral at seven o'clock yesterday morning Rev. W. M. Duke united in marriage Miss Lillian Mooney, daughter of the late John and Annie Mooney of this city, to William Christenson of Point du Chene. The bride, who wore a tulle suit with hat to match and carried roses, was given away by her brother, John H. Mooney, and was supported by Miss Evelyn Enslow. Stephen G. Mooney supported the groom. Mr. and Mrs. Christenson will make their home in the city after they return from a wedding trip to Prince Edward Island and Quebec.

Legrassie-Casby.
 At the Cathedral yesterday morning Rev. E. Reynolds, with nuptial mass, married Charles Legrassie, 68 Prince Edward street, to Miss Adele Casby, 40 Sydney street. The witnesses were Raymond Priegau and Gardland Ruby. Mr. and Mrs. Legrassie are former residents of Bathurst, and the groom is employed at East St. John.

Ganong-Hobbett.
 Professor William Francis Ganong, a well known graduate of the University

of New Brunswick having received his B.A. and M.A. in 1884 and 1886 from his Alma Mater, was married on June 20 to Miss Anna Hobbett, daughter of Mr. and Mrs. Oleomund Hobbett, of Northampton, Mass., where Professor Ganong is professor of botany, and director of the Botanic Gardens at Smith College.

Munro-Marshon.
 Miss Elizabeth Violet Marshon, of Birmingham, Eng., will be united in marriage today in Toronto to James Munro, son of Mr. and Mrs. Louis D. Munro, of St. John. Miss Marshon has been living for some years in this city. Mr. Munro formerly was a drug clerk in St. John but left recently to take a position in Perth, Ont., and later went to Toronto.

Woods-Brockaway.
 Miss Hazel Brockaway of New Mills and Russell Woods of Welsford were married recently in St. Stephen by Rev. Dr. W. C. Gouher. Mr. Woods has been with the Bank of Nova Scotia for some time but will go to California after spending his honeymoon at Welsford. He is a son of Frank Woods of Welsford and a nephew of Post Office Superintendent H. W. Woods.

DEATHS AND MUCH PROPERTY LOSS IN A DAKOTA STORM

St. Paul, Minn., June 26.—Nearly a score of deaths and great property damage resulted from Sunday's storm in the northwest, so reports last night revealed. Six persons perished when a tornado swept Western Bowman and Eastern Adams counties in North Dakota, on Sunday night. Twelve persons were seriously hurt, one probably fatally, and five slightly injured in this storm.

Several other deaths were reported from drowning, electrocutions and accidents, all attributed to the storm.

Heavy rain storms early yesterday added to the damage. A large number of buildings were demolished and many farm animals were killed in the North Dakota storm.

SAYS LEGION SALARIES SEEMED TOO HIGH

London, June 14.—(By mail)—"The salary list began with one of \$5,000, and fifty people drew salaries totalling \$100,000 a year. Where does the ex-service men come in?" said Viscount

Hardinge (late of the Rifle Brigade), in supporting a resolution at the British Legion conference, urging salary reductions at the legion's headquarters.

T. F. Lister, the chairman, explained, however, that the highest salary was now \$4,000, which he considered moderate for such a large organization.

By co-ordinating the work at headquarters the executive was reducing expenditure in all departments by about \$74,400.

The resolution was withdrawn.

ELLIS ISLAND MATTER TAKEN UP IN COMMONS

London, June 26.—Andrew W. Mellon, U. S. secretary of the treasury, will probably be consulted by British officials upon his arrival here with regard to alleged indignities forced upon British subjects landing at Ellis Island. The House of Commons was so informed yesterday by Ronald McNeill, Under Secretary for Foreign Affairs.

The subject was brought up by Captain Viscount Curzon who called attention to the case of an unnamed British mercantile captain who, he said, was made to land at Ellis Island on April 28, placed in a wire cage with thirty foreigners, and afterwards forced to strip for examination although his passport was in perfect order and he had been told by the U. S. consul that there would be no difficulty.

WORLD DEVELOPS ITS WATER POWER

Great Projects Under Way or Completed for Electric Energy

Europe's Electrification—More Miles of Railroad are Operated There by the Newer Method Than in America.

The scarcity and the high price of coal in all the countries of the world have led to a rapid increase in the use of water power, according to a bulletin issued recently by the U. S. Department of the Interior. In the United States this increase is shown by the greater activity in the development of the great potential powers of Colorado, Columbia and St. Lawrence Rivers. Progress in actual construction is shown by the horse-power of the projects for which licenses have been issued by the Federal Power Commission. The proposed turbine capacity of projects under construction for which licenses were issued in 1921 and 1922 was 1,500,000 horse-power. This capacity includes only that of projects or public lands and public reservations or navigable streams. In Europe the high cost and scarcity of coal, especially in countries importing it, have been an even greater incentive to the utilization of potential water power. Hydroelectric power is used mostly in the cities for lighting and for industrial use, but two tendencies of development in Europe that

are emphasized in many consular reports and that are evident to a less extent in this country are the extension of electrical transmission lines to serve the farming districts and the electrification of railroads.

In the United States the electrification of the rural districts, according to reports received by the Geological Survey is proceeding normally through the extension of transmission lines from cities and towns to surrounding areas. In the Far West settlers on some irrigation projects are supplied with power from plants operated in connection with the irrigation works. But the European plan is more nearly that in a bill proposed in the Michigan Legislature, which permits the formation of rural power districts for the purpose of distributing electrical energy.

In Norway, Sweden and Finland, and to a less degree in other European countries, the Governments, directly or through power districts, are extending transmission lines in accordance with a definite plan of supplying the farming districts with electricity for light and power. In Sweden 38 per cent. of the area under cultivation is supplied with electricity; the number of lamps in use is 2,345,000 and the horse-power of the motors amounts to 155,000. In Finland, mostly through the co-operation of small communities, 60 per cent. of the area under cultivation is supplied with electricity, but only a few districts are so extensively electrified that every inhabitant can avail himself of the power.

Europe Leads in Electric Roads.

Although the United States exceeds every country in the mileage of steam railroads that have been electrified (1,000 miles), the electrification is now proceeding more quickly in Europe than in this country. In Switzerland, although only 0 per cent. of the mileage of the railroads has been electrified, it is planned to have one-third of the mileage electrified by 1928. In Norway, the electrification of five kilometers of double-track railroad, extending from Christiania to Drammen, was begun in 1919 and was completed in 1922. Sweden, France, Italy

horsepower, of which 235,000 horse-power was in State projects.

Switzerland—The water-power plants in Switzerland in 1920 numbered 6,870 and the total maximum capacity was 1,362,000 horse-power. The annual production of energy by water power amounts to 3,130,000,000 kilowatt hours, which may be compared with the 227,000,000 kilowatt hours produced by water power in California in 1921. The area of Switzerland is about 16,000 square miles, whereas the area of California is 156,000 square miles. The annual production per inhabitant in Switzerland is 800 kilowatt hours; in California it is 940 kilowatt hours. The generation of heat, light and electric power uses 92 per cent. of the Swiss water power; electrochemistry and electrometallurgy use 27 per cent. railroads use 2 per cent. and 12 per cent. is exported.

The Federal Railways have recently completed a plant at Amsteg, on the Aar, near Amsog 62,000 horse-power installed and 78,000 horse-power ultimate capacity. These two plants supply power to the Gotthard Railway and tunnel. The Federal Railways are also building a plant at Barbarine Falls in Valais, with an initial capacity of 41,000 horse-power, to be completed in 1924. Another large plant has recently been completed at Muhlberg, on the Aar, with 49,000 horse-power.

Other stations under construction are the Broc, on the Jone, Motelon and Javres Rivers, twenty miles northeast of Lake Geneva, with a capacity of 24,000 horse-power; the Klosters-Kubli, on the Landquart, a headwater tributary of the Rhine, with an initial capacity of 20,000 horse-power and an ultimate capacity of 55,000 horse-power; the Chaney-Pougy, on the Rhone, with a capacity of 43,000 horse-power; the Davos-Klosters, near Davos, with a capacity of 30,000 horse-power; one at Siben, twenty-five miles southeast of Zurich, 60,000 horse-power, and one at

LOCAL NEWS

The St. John River Log Driving Company's tug Latonia sank near Big Cove, Washademoak Lake, on Wednesday after striking a submerged log and the crew narrowly escaped drowning. It was just possible to run her into shallow water before she went down. On Friday morning the tug Martello with two scows raised the Latonia and brought her here. She is now in Market Slip where she will be surveyed and the damage repaired.

A special meeting of the United Dairywomen's Association was held last evening in the Moose Hall in Coburg street, with J. N. Riley, president of the association, in the chair. The members discussed the pasteurization question and the present situation, although no decision was made. The members, according to Mr. Riley, are awaiting Hon. Dr. Roberts reply which he promised at the recent conference. No further steps will be taken, Mr. Riley said, until this reply is received.

Arthur L. Atkinson, the popular night clerk at the C. F. B. Telegraph office in King street, has been appointed a radio inspector by the Dominion Government and he received his official card yesterday. He is authorized to enter and inspect any amateur radio station in St. John and the surrounding district whether the apparatus is on a ship or on shore. Mr. Atkinson is a local radio expert and his appointment will be well received by his many friends throughout the city.

She reports that the establishment of a national Christian church in China is the goal towards which both Chinese and European leaders are striving. Sentiment towards the foreigners has changed and the Chinese are beginning to see that the missionaries want to help and not harm them. Several graduates of various colleges are in the city writing examinations for registration of dentists in the Province of New Brunswick. The papers began today in the office of Dr. F. C. Bonnell, Princess street. The passing of these examinations entitles the candidate to practice his profession in the province. The examiners are Dr. Bonnell and Dr. F. E. Burden of Moncton. Those who registered last evening were Emil Hebert and Camille Verret of the University of Montreal, and J. W. Carter, P. M. Clark, P. L. Murray, and D. Robideaux, graduates of McGill. The examinations will continue for three days.

WATCH OUT

There is a rather cruel deception being practiced on women who desire Palmolive Soap. Common soaps are shaped and colored like it. Some are given names which sound like Palmolive. But they offer you nothing of what you seek, which is benefit to your complexion.

Palmolive has won millions of users by its remarkable aid to beauty. The demand has spread almost the world over—wherever beauty lovers exist. Its unique results have made Palmolive the world's leading toilet soap.

What you prize in Palmolive is the skin effects which ordinary soaps never brought you. Then don't be cheated of them. Don't let somebody make you think that a like-looking soap is Palmolive.

Another value you get in Palmolive is a 25-cent quality for 10 cents. That is due to enormous volume.

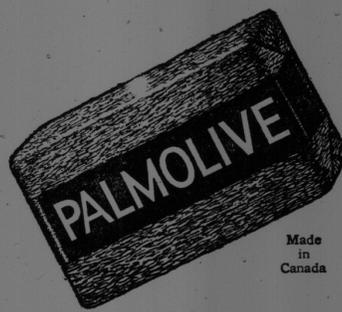

A beauty soap—a scientific toilet soap for 10 cents is unique. You are cheated of that extra value when you get an imitation. Nothing in all ages has compared with a blend of palm and olive oil for skin beauty.

Never in a soap has that blend been perfected as it is in Palmolive Soap. That is why it won supreme place with beauty-loving people.

Be sure you get it. Look carefully at the name and the wrapper. Otherwise an ordinary soap may be substituted, and you will think that Palmolive has deteriorated.

What Men Use To get those glistening teeth

Note how many men and women show white teeth nowadays. They are proud to show them when they smile—because they are attractive.

There is a new way of teeth cleaning which milks away the film. It means whiter, safer, cleaner teeth.

Men who want good teeth should use it. Make this free test and see just what it does.

It removes film You can feel on your teeth a viscous film. It clings to teeth, gets between the teeth and stays.

Avoid Harmful Grit Pepsodent curdles the film and breaks it with harmless scouring.

ANCIENT ROME HAD A TAXIMETER SYSTEM

Rome, June 26.—The old biblical maxim that there is nothing new under the sun, is once more proven by a passage in the works of Vitruvius.

Mr. MacNeill said a year was suggested because it was felt that this was a rough estimate of from 12,000 to 15,000 appeals to be heard under the amended pension act.

MacNeil Gives Evidence Before Senate Committee

Ottawa, June 26.—(Canadian Press.)—A rough estimate of from 12,000 to 15,000 appeals to be heard under the amended pension act was given last night by C. J. MacNeil, secretary of the Dominion Veterans Association.

Regarding a clause in the pensions act making a widow eligible provided she was married to her husband within a year after his discharge, Senator Calder thought that if this were adopted now, the soldiers would come back a little later in the evening at night.

Mr. MacNeill said a year was suggested because it was felt that this was a rough estimate of from 12,000 to 15,000 appeals to be heard under the amended pension act.

Stomach Trouble "Indigestion" Relieved By Burdock Blood Bitters

The sufferer from dyspepsia, indigestion or other stomach troubles who has tried every other remedy in vain, will find relief in Burdock Blood Bitters.

Even the little that is eaten causes much torture, and is wasted so largely that the sufferer is unable to eat.

Before you can eat heartily and enjoy your food, you must put your stomach right so that it will manufacture its own digestive ferments.

Mr. Wm. Kruschel, Horden, Manx, writes: "Some time ago I had quite a serious case of stomach trouble, indigestion. I could scarcely eat anything, outside of some light food, and even when I generally had pain after each meal."

MRS. MISENER'S AGES AND PAINS Vanished After Using Lydia E. Pinkham's Vegetable Compound

"Branchton, Ont.—'When I wrote you for help my action was mostly prompted by curiosity. I wondered if I, too, would benefit by your medicine. I was the most profane person I have ever known, and I have never been so well before."

"I had suffered from pains and other troubles since I was fifteen years old, and during the 'Great War' period I worked on munitions for two years and, in the heavy lifting which my work called for, I strained myself, causing pelvic inflammation from which I have suffered untold agony, and I often had to give up and go to bed. I had doctor's manent relief, when I started to take your medicines."

BREAD AND BUTTER FOR THE LARGEST FAMILY IN THE WORLD

Dr. Barnardo's Homes are once again making their annual appeal for help-crowns in memory of the founder in connection with their anniversary, June 23, at the Model Village for Girls, Barking, Essex. H. R. H. Princess Beatrice will attend. The Duke of Somerset will preside.

The Barnardo Family is the largest in the world, 7,508 children of whom 1,228 are helpless babies and toddlers under five). All these growing youngsters need food to turn them into fit citizens.

At this moment 7,508 are undergoing the process of transformation. It is these 7,508 who look to a generous public for food.

Last year 908,475 half-crowns were collected, sent in by 48,476 friends from all over the Empire.

There is no joy equal to the joy of giving. There is no satisfaction equal to the satisfaction of helping those who really need your help.

Checks and orders payable "Dr. Barnardo's Homes Founder's Day Fund" may be sent to the Honorary Treasurer, Howard Williams, at headquarters, 18-26 Stepney Causeway, London, E. 1, England.

Opening of Yarmouth Inn A Big Success

Canadian Club Delegation from Boston Attends - N. B. Tourist Association Visit.

The opening of the Yarmouth Inn at Yarmouth, N. S., under the management of George R. Hoskins of Boston, last Friday was a big success. The inn was gallily decorated and was thronged with the people of Yarmouth, all anxious to look over the house and see the wonderful changes wrought so quickly by Manager Hoskins and his staff.

The Yarmouth town band played selections on the lawn from four till six and then a special dinner was served. The management expects to seat only 200 at the dinner but many more attended and special tables were placed to take the overflow.

The Canadian Club of Boston was represented by a delegation of fifteen members headed by President Fred R. Baskley and Secretary John F. Masters. This party arrived on the morning boat and went at once to the Inn. Their long leader, Dave Sprague, was with them and led in the general singing.

Benjamin C. Baker, president of the Board of Trade, acted as chairman. There were short addresses between courses. James Smith, the chef, had a special banquet dinner and the cooking was praised by everyone. The table at the Inn will be one of its main attractions, judging by the food served at the opening.

During the banquet solos were rendered by Manager Hoskins, A. J. Souther of the Canadian Club and Elsie, singing, formerly of St. John, who is Mr. Hoskins' assistant. There were also selections by the Yarmouth Inn quartet, Messrs. Sprague, Masters, Belding and Souther. The Belding Ladies' Orchestra, Eva Semple Belding, director, contributed several selections and after dinner played for the dancing. The floor was crowded with dancers but all were out to enjoy themselves.

The celebration was said by the people of Yarmouth to have been one of the best entertainments ever held in the town. The Canadian Club delegation sang several of their club songs under the direction of Dave Sprague, and the management had provided the guests with song books which were used for community singing.

On Saturday morning the Boston men were taken on a drive around Yarmouth by the officers of the Board of Trade, and they then returned to dinner at the Inn as the guests of the visitors. After dinner the Souther and Mr. Belding sang and the orchestra played several numbers. The speakers told of the plans under way for the Old Home Week of 1924. The Boston men assured Nova Scotia they would do their part and had already made plans for a publicity campaign to open the latter part of September and to take in twenty-four papers in the New England States.

The Inn is situated beautifully and Manager Hoskins has made preparations to have all kinds of entertainments during the summer, both for the older folks and for the children. Next Sunday, Dominion Day, Premier Armstrong of Nova Scotia will give a Dominion Day address at the Inn and there will be a special musical programme.

The Inn is now under way and is already assured of heavy bookings. The orchestra will play during dinner and supper every day as well as afternoon and evening concerts and dancing several nights a week. The Marlband Male Quartet will also sing at the concerts.

A delegation from the New Brunswick Tourist Association is planning to visit Yarmouth Inn some time during the summer and hold a "New Brunswick Day" Premier Veniot is expected to head the party.

PRICES FADE AT THE OPENING

Bear Pressure in Wall Street - Very Dull in Montreal.

New York, June 26.—Prices continued to melt away at the opening of today's stock market. Professional bear traders again exerted pressure against the steels, equipments, coppers, cans and some of other standard shares, losses of a point each being registered by International Harvester, Pan-American and United Railway and Investment Pfd.

NOON REPORT.

New York, June 26.—When they began to encounter effective resistance in the industrial group, professional bear traders switched their attacks to the railroad shares, in which they forced recessions of one to three points. This manoeuvre halted the upward tendency in several active industrials, most of which again turned reactionary before noon. Baldwin was forced down more than two points to a new record for the year. Several other stocks also touched new lows, including Marine preferred, Pierce Arrow preferred and Virginia Rolling Chemicals issues, Consolidated Gas, White Motors, Household Products and International and Steel Company.

Exchange Today.

New York, June 26.—Sterling exchange here on Great Britain, 4 1/2-1/2. France, 6 1/2-1/2. Italy, 4 1/2-1/2. Germany, 1006-7-8. Canadian dollars, 2 11-3/2 per cent. discount.

SASKATCHEWAN TO SEEK VOTE ON SALE OF LIQUOR

Saskatoon, June 26.—Efforts will be made to bring about an early referendum in Saskatchewan on a system of government sale of liquor along the line of that adopted in Manitoba, it was said here yesterday by A. T. Hunter, secretary of the Saskatchewan Moderation League.

New York, June 26.—C. P. R. third week June increase \$190,000. From January 1, increase \$3,702,000. Allis Chalmers net profit after tax for May \$862,270.

MORNING STOCK LETTER.

New York, June 26.—The market now looks in a position where a very substantial rally could occur and stock look like purchases this morning for a turn. Generally, the rally are to be preferred over the industrials as they are in a better position for the time being.

EMPLOYEES TO RUN \$1,000,000 FIRM

H. S. Martin Turns Over His Business to Four Veteran Associates.

Their Earnings to Buy It—Beneficiaries Have Been With the House for From Twenty-one to Thirty-three Years.

New York, June 26.—Herbert S. Martin, President and owner of M. Martin and Co., pioneer manufacturers of undergarments, has announced that his entire establishment, good-will brand, name and all that goes with the business, now capitalized at \$1,000,000, is to be immediately turned over to four associates and employees, all of whom have been identified with the organization for more than twenty years. The business includes offices and showrooms at 102-109 Madison Avenue and manufacturing plants at 180-188 Palmetto Street, Brooklyn, Scranton, Pa., and New Jersey.

The employees who will assume absolute control of the business and pay for it out of their earnings on terms extending over a period of years are H. J. Sommerich, with the house for thirty-three years, now to become president; Edwin L. Kahner, southern salesman; I. S. Stein, in the production and manufacturing department for twenty-seven years, to become vice-president; and E. S. Frisch, for twenty-one years city salesman, to become treasurer.

It is said that the annual business runs into the millions and that the principal product of the concern is distributed in nearly 1,500 cities in the United States, Canada, Cuba, England and other European countries.

Carquet Ashore Near Bermuda; May Be A Total Loss

The Royal Mail Steam Packet Carquet, well known in this port, piled up on Thornburn Ledges, twelve miles north of Bermuda, yesterday morning, and is likely to be a total loss. She was en route from this port and Halifax to Bermuda and the West Indies. Ocean tugs left Hamilton, Bermuda, as soon as the accident was learned of, and look off the passengers and mails. At last reports the crew were standing by. So far as is known the only local passenger was Captain S. Richards, who was proceeding to Bermuda to look after the interests of R. C. Elkin, Ltd., in a schooner there. The ship was commanded by Captain Fernandez.

The Carquet was formerly the Royal Mail line. When the contract for the West Indies mail was secured she was put on this route and renamed Carquet. She was of 2,975 tons net register and had a crew of 110 men all told. The Chaleur and Chignecto are of the same line. At the time of the accident the steamer carried twenty-five saloon passengers and a party of fifty-five Chinese. The ship was badly damaged when she stranded at Trinidad in 1917.

GIVES PRIZES TO THOSE WHO SAVE HIS MARKET

Shoppers Compete by Showing Records of Saving on Purchases.

\$5 and \$1 Awards Serve the Purpose—Denver Retailer Stimulates Comparison of Prices and Values.

A unique "How much did you save?" contest, put on by Bob Fay, of the Loop Public Market, in Denver, increased Saturday sales 25 per cent, produced many hundreds of entries, and won dozens of new customers for the Fay markets.

Besides operating the Loop Public Market, in which tradesmen in numerous lines lease concessions, Bob Fay operates a meat market personally. Located in the loop district where competition is extremely keen, dozens of meat markets feature low prices and Saturday specials. Business is principally cash, with the buyers trying to get "shop around" before Friday advertising prices to customers on the inroad have cost her bought elsewhere.

Fay offered special prizes as usual for the day, with one or two items better than usual even for specials. The contest entries began to come in early in the day, as housewives and husbands completed their buying for the week-end. Monday morning came a deluge of mailed entries. Not only men, but women entered. The women, apparently, were better shoppers than the men, for they carried off the first prize, men taking the next four.

LIVE TROUT FROM CANADA IN N.Y. RESTAURANTS

New Yorker Soon Will Be Able to Catch His Own Fish—Sent in Large Tanks, with Loss of Less Than 15 Per Cent.

New York, June 26.—New Yorkers will soon be able to enter their favorite restaurant, peer into a crystal bowl and select for dinner a live fish, which only a few days previously was sporting in Lake Huron.

The shipment was made in four wooden tanks, seven feet square and five feet deep, which were placed in an ordinary box car.

Four large fresh water sturgeons, a gift from Mr. Friedrichs to the New York Aquarium, were included in the shipment.

According to Dr. Townsend, Mr. Friedrichs' experiment has demonstrated that the shipment by rail of live fish in bulk is perfectly practicable.

Dealers in New York plan to keep the fish alive and to deliver them to restaurants and hotels where they can be kept in glass tanks for selection by customers.

A new batch of tropical fish which will be displayed in the Aquarium are expected to arrive from Florida early this week.

The collection boat which is used for gathering specimens along the Atlantic coast will be put in commission early next week and will start working in the vicinity of Sandy Hook.

OLYMPIC TRIALS

To the Sporting Editor of The Times: Sir—As the next Olympic games will be held in Paris during the summer of 1924 the Maritime Branch, A. U. of C. have outlined an ambitious programme to develop as many as possible of our maritime athletes for competition at the final trials which will be held likely at Montreal in June next year.

To this end committees have been appointed as follows: For Prince Edward Island—L. B. McMillan, chairman, S. F. Doyle, secretary at Charlottetown, Leonard McNeill at Summerside, J. G. Campbell at Montserrat, J. G. Quigley, secretary at Halifax, Frank Lucas at Sydney, D. W. Fraser at Amherst, D. McDonald at Antigonish, A. H. Chesley at Kentville and A. W. Harris at Pictou.

Our programme as laid out is for village meets wherever possible before the end of June, county meets in each province before the end of July, at which a member of the committee will be present to look over likely material for the provincial championships which will be held about August 15.

The idea of village meets is to bring out if possible new talent so as to develop it before the big meets in the Dominion.

Olive Oil Shampoo Gives Soft Lustre To Dull, Dry Hair

To be beautiful, your hair must have lustre. Dull, dry hair simply detracts from the most charming face. Now specialists on hair beauty tell you to use a gentle shampoo of olive oil to have hair that is soft and glossy.

Here's a popular way to serve Kellogg's Bran—greatest health food!

Most every one who realizes how effective Kellogg's Bran is for the permanent relief of constipation has their own particular way of serving this wonderful cereal.

If you are cooking a hot cereal try this method—Measure off two table-spoonfuls for each member of the family. Mix it with the cereal and cook as you always cook the cereal.

Kellogg's Bran is scientifically prepared and ready to eat, but its digestive powers are in no way impaired if you cook it with other cereals.

Kellogg's Bran has won the friendly recommendation of physicians because it does give prompt and permanent

relief from mild or chronic constipation and because it can be eaten without forming a habit. Again, Kellogg's Bran will free you from drastic, dangerous cathartics.

When constipation conditions exist in your system or when you are threatened, do not take half-way measures. Foods with a partial bran content cannot free you! What you must have is Kellogg's Bran because it is ALL BRAN! Go the limit! Get relief!

Every member of your family will delight in eating Bran raisin bread, muffins, pancakes, macaroons, etc. Recipes on every package.

Start eating Bran to-day! Get well—keep well—keep disease out of your home! First-class hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers.

PRISON AND FINE FOR "MOONSHINER"

(Halifax Chronicle)

A fine of \$500 and one month in the City Prison with hard labor or in default of payment of the fine twelve months additional imprisonment was the sentence imposed on Bernard McKenzie, by Stipendiary Magistrate Archibald in the Police Court yesterday when the accused pleaded guilty to violating the Inland Revenue Act by having a still illegally in his possession. It was at McKenzie's residence on Mumford Road that Inspector Tracey uncovered one of the most up-to-date and largest moonshine plants ever seized in the City of Halifax.

Four stills were seized along with 24 casks of brew.

When arraigned in the Police Court yesterday McKenzie gave his age as 27 years and occupation as an ironworker and said he was born in Pictou. He pleaded guilty to the charge

of having the stills in his possession illegally and when the question of sentence came up Inspector Tracey urged for the maximum penalty, pointing out that the plant seized in the accused's home was the largest he had ever found. McKenzie produced two doctor's certificates as to his health. In passing sentence Magistrate Archibald pointed out to the prisoner that he was liable to twelve months imprisonment without the fine and while he was taking into consideration the magnitude of his operations he would also be lenient owing to it being his first offence. He therefore sentenced him to a month in the City Prison with hard labor and to pay a fine of \$500 and \$2.50 costs or in default to twelve months additional imprisonment.

MISS EDERLE SETS NEW SWIM RECORD

Lowers Time of Her Own World's Mark for the 200-Yard Free-Style Event to 2:31 4-5—Former Time was 2:35 1-5.

New York, June 26.—Miss Gertrude Ederle of the Women's Swimming Association of New York shattered her 60-foot pool world's record for 200-yards free style, at a meet conducted by her organization in the natorium of Briarcliff Lodge, Scarborough, N.Y.

Competing from scratch in an invitation A. A. U. victory in 2:31 4-5, as against the former mark of 2:35 1-5. Some of the stars who were invited to take part in the 200-yard event failed to report, and the only contenders who opposed Miss Ederle were her clubmates, Miss Virginia Whitnack and Miss Ethel McGary, who received allowances of 14 and 11 seconds as named. Miss Ederle virtually caught her rivals at the 100-yard mark, which she reached in 1:17 1-5. After that she seemed satisfied with holding them until the last few yards, when she swam ahead and earned the decision, leading Miss Whitnack by an arm's length and Miss McGary by a few yards.

Little Allen O'Mara, 12 years old, sprang a surprise in a 45-yard back stroke handicap for members of the Women's Swimming Association. She covered the course in the actual time of 0:52 2-5, a striking feat for a girl of her age, and won the race easily from the 6 second mark. Miss Dorothy Donohue, awarded 5 seconds, defeated Miss Lillian Stoddard, a 4-second girl, for second place.

Miss Allen Riggin, Olympic fancy diving champion, returned the fastest actual time, 0:48 2-5, in a 90-yard handicap swim for W. S. A. girls, but failed to place. Miss Maude McFarlane captured the event with an allowance of 11 seconds and a performance in 1:05 4-5.

The famous W. S. A. midgeets, youngsters of 8 to 11, provided keen competition in a 45-yard handicap. Edna Leonard, 6 seconds, won by inches from Frances Meany, 1 second, with Virginia Kinney, 3 seconds, a very close third.

HORNBY ENTERS DENIAL

Didn't Write Endearing Letter to Mrs. Hine, He Avers.

St. Louis, June 26.—Rogers Hornsby, star baseball player, in a deposition made in the John A. Hine divorce proceedings, denied he had written to Mrs. Hine a letter containing endearing terms and asserted when he met Mrs. Hine last summer he did not know she was married. Hine, an automobile salesman, has been proceeding to set aside the divorce Mrs. Hine obtained last February, alleging he was the injured party and asserting Hornsby had been deceiving Mrs. Hine.

Mrs. Hornsby has a divorce case pending decision and Judge Hogan has indicated he will grant it. Hornsby, in the deposition, stated he met Mrs. Hine as "Jeannette Pennington," her maiden name, adding, "I never knew her as Mrs. Hine." He said he had taken her to dinner and last summer had met her in the lobby of a hotel in New York.

The Cardinals' second baseman admitted he had written her a letter this spring in reply to one from her, but denied the epistle contained any terms of endearment.

TO CELEBRATE THE 12TH.

The local Orange lodges are planning something new in the way of a celebration for July 12 this year. They have secured the use of the Barrack Square and the Armoury, where they will stage a field day and Orange ball. District Master William M. Campbell is in charge of a strong committee and will be assisted by Henry Sellen and W. W. Donohoe. The L. O. B. A. members have united their forces with the lodges and have formed their committees. On Sunday, July 8, divine service will be held in Waterloo street Baptist church, and Rev. John A. Sweetnam will give an address. The collection will be for the Protestant Orphanage.

A WRONG IMPRESSION.

Friends of the young ladies who were in H. C. Rankine's car when it collided with another in the Acamae Road yesterday morning were surprised at the report that they had hurried for their train without waiting to inquire whether or not anyone had been hurt. This impression on the part of some of those witnessing the accident was erroneous, as they had been assured by Mr. Rankine that no one was injured. In the hurry of the moment he told them to run for their train and those watching thought that they had merely gone without questions.

EVEREADY FLASHLIGHTS & BATTERIES

Wherever You Meet
Difficulty in the Dark

THE light for an Eveready Flash-
light is innumerable. One of the
times you will most appreciate its
handiness is when backing a car on a
narrow road after dark, or in fixing a
tire, or locating engine troubles.
For the motorist the Eveready Spotlight
is the most suitable style. It focuses;
gives a 300-ft. beam or a wide circle of
light for illuminating objects near at
hand. A twist of the end cap makes
the change.
—and remember to insist upon Eveready
Batteries. They give brighter lights and
last longer. The new Eveready Unit
Cells make it more convenient to keep
refills on hand. Made in two sizes only—
one or other fits every tubular flashlight.

Tonight's Game.
St. Peter's and Quincy will meet in
the Two I League fixture on St. Pe-
ter's diaman this evening. The home
team will present their strongest line-
up in an effort to win and cut down
Frederick's commanding lead, while
Quincy are equally determined to win
to keep out of the cellar. Nolan, a
new southpaw, will be on the mound
for Quincy, and Hines will
probably be the choice for St. Pe-
ter's. The game will start at 7 o'clock
sharp and will go nine full innings.

The Water Department team will
play the Governor Dingley team this

DEMPSEY WAS A
POOR PROSPECT AT
START OF CAREER
Did Not Show Real Form
Until He Went Under
Kearns' Management—
Early Battles.

New York, June 26.—Associated
Press.—Jack Dempsey, world heavy-
weight boxing champion, who will de-
fend his title in a fifteen-round match
with Tom Gibbons of St. Paul at
Shelby, Montana, on July 4, was one of
the most crude and unpromising fight-
ers of his class when he made his New
York debut in 1915 in a no-decision con-
test with John Lester Johnson, negro.
Then in his infancy as a fighter and
under the managerial wing of John the
plumber, Dempsey appeared a sorry
prospect for the championship. John-
son, also in fighting babyhood, had just
recovered from a knockout from Sam
Langford. So they were evenly
matched in size and skill and the bout
went the limit of ten rounds.

Each claimed, the unofficial decision.
The negro's blows, however, were
more effective, for a pair of Dempsey's
ribs were damaged by body blows.
Dempsey at that time proved to be a
one-handed batter. His defence was
poor and he swung his right instead of
shooting it straight.

Among other engagements in his first
New York visit Dempsey met Wild
Bill Kenny, Andre Anderson and Dan
Ketchell. Kenny and Anderson stayed
in the hotel, but Ketchell left for
Ketchell left in the fifth round. Early
in 1917, after a series of exploits by no
means brilliant, Dempsey was knocked
out in one round by Jim Flynn, a
Pueblo fireman. Various reports were
circulated about that fight and later
Dempsey redeemed himself by dispos-
ing of Flynn in less than a round.

While Dempsey's early performances
were mediocre and suggestive of any-
thing but future greatness, he devel-
oped into one of the greatest heavy-
weights in ring history. He severed
relations with John the Barber and
plucked in a business deal with Jack
Kearns, his present manager.

Dempsey then began to improve his
hitting style. Previously he had
hunched only with his right, using the
left solely for defence.
Kearns declared that he strapped
Dempsey's right arm to his side and
instructed him for months in the use
of his left in attack.

It was with staggering left hooks to
the face that Dempsey met Jess Wil-
lard to the floor in the first round of
their championship engagement at
Toledo, July 4, 1919. Willard went to
the floor seven times in that round. It
was a terrific left hook to the stomach
that finished Fred Fulton, a Rochester,
Minn., plasterer, at Harrison, N. J., in
the first round, and it was a left hook
to the body that started George
Carpenter to the floor in the great 1921
spectacle at Jersey City.

A left to face or body is Dempsey's
most frequent blow, yet his right to
jaw and ribs is unusually effective. He
shoots straight to the mark. His blows,
well-timed, travel only a short dis-
tance, the tremendous power of the
shoulders being employed in every
lauching.

Just Like a Trip on the Balmy Pacific
PICTURED FOR THE GREATER PART IN THE
HAWAIIAN ISLANDS, and in every respect one of
the most delightful photoplays in which she has ever appeared, Betty
Compson's latest Paramount stellar vehicle, "The White Flower,"
is a screen attraction of superior value. It presents for the first
time in a motion picture story Hawaiian scenes with which
tourists alone are familiar, but, in addition to this, the theme is
one of signal drama. Written, adapted and directed by Mrs.
Julia Crawford Ivers, a distinguished photo playwright, is a
cinema attraction vested with the weird charm of the tropics
whose magic spell few are able to resist. Abounding in dramatic
and thrilling episodes, finely directed, superbly photographed and
admirably acted, "The White Flower" should prove one of the
most entertaining pictures of the current season.

amateur, made in the Grand American
Handicap in Chicago, Aug. 23 and 24,
1917. No professional record is listed.
The first 100 targets were registered-
by the Amateur Trapshooting As-
sociation of America. Tomlin missed
his first target and then broke ninety-
nine straight. Twenty-five target
spectacles were conducted after his
regular event, and Tomlin continued
shooting in these with a regular squad
and broke 149, missing the last target
he shot at. This run of 248 probably
is one of the most remarkable pieces
of handicap shooting ever accomplish-
ed.

This has been a year of excellent
performance in the Rhode Island
state shoot, Arnold Sisson, a boy of
16, tied his father, A. T. Sisson, for
the State championships, breaking 193
of 200. In the second shoot-off
the younger defeated his father by
breaking twenty straight to his father's
eighteen. In the first shoot-off each
broke nineteen out of twenty.

YESTERDAY IN
THE BIG LEAGUES
New York, June 26.—The National
League worn turned yesterday but it
made little progress. It meant that
Philadelphia, the lowliest centipede in
the major leagues, came within an ace
of defeating New York, which ran its
string of victories to seven, 11 to 10,
and that Boston, after dropping a set-
back to the Giants, smote Brooklyn 7
to 4. Jess Barnes finally won a game
for his new team mate.

Cincinnati came back at Chicago, 6
to 5, in a battle of home runs, four
being made, but made no progress, as
Pittsburg again beat St. Louis 3 to 1.
Fred Toney was in uniform, appar-
ently pacified after his tilt with his team
mate, Toporer.

Ruth rejoined his team mates, clear-
ing up his mysterious absence from
Sunday's exhibition game at New Ha-
ven, with the school boy's excuse that
he overslept, and the Yankees beat
Boston 14 to 6. They needed to, as
Philadelphia came to life after Con-
nie Mack shook up the infield and de-
feated Washington 3 to 0.

Both Chicago and St. Louis advanc-
ed, the White Sox stepping on the tale
of the Tigers, downing Detroit 7 to 1,
while the Browns chased the Indians
off the warpath 9 to 4.
St. Louis stopped Guy Morton's
string of 21 consecutive hitless innings
by knocking him from the box.
Follow the crowd to the Rockwood
Park Pavilion dance tonight.

CIRCUIT OPENS; NO CRIMINAL CASES

Lumber Insurance Claim and Workmen's Compensation Matters on Docket.

The June sitting of the Circuit Court opened this morning, Mr. Justice Crockett presiding. There were no criminal cases but quite a lengthy docket of civil actions to be heard.

Among the cases listed for hearing at this court is a claim of J. A. Gregory against several insurance companies for payment of policies upon lumber burned some time ago.

The case of Meneff vs Christoff is an action relating to a claim for \$250 alleged to be due in connection with the dissolution of a partnership in premises in Main street where the two formerly conducted a shoe shine shop and book store.

STRENUOUS WOOING Police Court Cases of Variety Today—String of Sentences for Bad Language—Theft Charge.

Patrick O'Brien pleaded not guilty to a charge of being drunk and assaulting Mrs. Marion Melanson. Mr. Melanson said the accused had accosted her in Coburg street on Sunday afternoon with an open knife and had threatened to kill her if she would not marry him.

James Archibald Firth was charged in the Police Court this morning with being drunk and using obscene and profane language. He pleaded guilty to drunkenness and not guilty to the latter charge.

A man charged with drunkenness was fined \$8 for being drunk and \$8 for being out after 9 o'clock. George McCarthy was charged with the theft of an overcoat from Philip Torrey. Torrey said that the coat produced in court was his and had been given him for Christmas.

FATHER BORGSMANN TO RETURN FOR ANNIVERSARY OF ST. PETER'S Y. M. C. A. A meeting of the members of St. Peter's Y. M. C. A. was held last evening in their rooms, Douglas avenue, to arrange for the celebration of the twenty-fifth anniversary of their association under the name of St. Peter's Y. M. C. A. and the fiftieth anniversary of the original society, which was for a quarter of a century known as St. Aloysius Society.

BOARD OF TRADE. A request for a map of the City of St. John and for information which could be included in literary works on Canada was included in a letter received by the secretary of the Board of Trade this morning from Pasadena, California.

LOCAL NEWS

THE SUNKEN SCHOONER. The work of removing the deckload of the schooner Ida B. Gison, which sank recently at St. Martins, was expected to be completed tonight.

WON TWO PRIZES. At Victoria picnic, on Saturday, Edmund Sparks won a gold watch, first prize in the fifty-yard dash for the ten-year-old class; also a pocket knife for second place in the twenty-five-yard dash.

ENGAGEMENT. Mrs. John Courtney of Kane's Corner announces the engagement of her daughter Mildred Alberta Craig, to Kenneth A. Olsen, son of Mr. and Mrs. C. Olsen of this city. The wedding will take place on July 4.

LEAK IN FOREST STREET. A small leak in the water main in Forest street was reported to Commissioner Wigmore this morning. It is thought to be located in one of the joints in the pipe. A crew is now making repairs.

BEER TOO STRONG. Edward Elliot was fined \$200 this morning for having overstrength beer for sale in his beer shop in Prince Edward street. John Connors was fined a like amount for a like offense in his premises in Union street. Both men pleaded guilty.

HYDRANT BLOWN OUT. The bottom of a hydrant near the Aberdeen school blew out last evening and the force of the escaping water made a hole nearly nine feet deep in the ground surrounding it. Repairs are being made by the water department today.

DEATH OF BOY. The sympathy of many friends will be extended to Mr. and Mrs. Charles Tyler, 280 Pitt street, in the death of their young son, Raymond Douglas, which occurred yesterday. Besides his parents he is survived by one brother and one sister. The funeral will take place from his parents' residence on Wednesday afternoon at 2:30 o'clock.

NEW AMBULANCE HERE. The new White ambulance recently purchased in Boston by the City of St. John has arrived here and will be unloaded and delivered in a day or two, so Commissioner Thornton said today. Under the purchase contract, the change of the company is coming to St. John to remain for ten days demonstrating the new equipment to the city's driver.

A DANGEROUS PRACTISE. Several complaints have been registered recently regarding the practise indulged in by boys of riding bicycles along the concrete sidewalks in the Manawagonish road. Recently a lady was knocked down by one of them and painfully injured. A petition is being circulated by the residents of that district calling upon the county authorities to take some action in the matter.

MISPEC DAM BURNED. Commissioner Wigmore reported this morning that the woodwork and gates on the Mispec dam, which is on the property of the City of St. John, were destroyed by fire recently and there is a strong suspicion that the blaze was deliberately set. He said that he would go to Mispec tomorrow to make an inquiry of the damage done and try if possible to place responsibility for the burning.

WINS TENNIS CUP. Miss Helene Wilber, daughter of Mr. and Mrs. A. Rutherford Wilber, formerly of St. John, N. B. but now of Toronto, was successful in winning the championship silver cup in the tennis tournament held by the Normal Model High school, located in this city. This is the second cup which she holds. Miss Wilber, who has finished her course at the model school with honors, will soon leave for Pasadena, California, where she will continue her studies.

PRESENTATION. The wedding of another popular member of the staff of the local customs house was honored yesterday afternoon about 4:30 o'clock when J. Gordon Henderson was called into the office of the collector of customs, C. B. Lockhart, and found all his colleagues assembled. Mr. Lockhart, with a few well chosen words, presented to Mr. Henderson a silver service as a remembrance from the staff on the occasion of his return to his duties from his honeymoon. Mr. Henderson replied fittingly.

VACCINATION. Up to noon today there had only been one child vaccinated at the Health Centre in connection with the free vaccination treatment begun there yesterday. Only a few were expected to attend in the first few days. This vaccination is given as a convenience to children who will be absent from the city for the summer and might be kept late getting their permits in the fall when they return.

TRAFFIC CASES. A case in which L. M. Johnson was charged with driving on the wrong side of Main street was resumed in the police court this morning. Arthur Redmond said he was in the car at the time and that a lady stepped off the curb into the street and it was a case either of hitting the lady or going on the wrong side of the street.

MISS CANADA AWAY TONIGHT. To meet Miss America at Cleveland on Friday, Miss Canada, Miss Winifred C. I. Blair, will leave the city this evening on the Montreal train accompanied by her mother, Mrs. F. R. Blair. They will leave for Cleveland on Thursday night, having a chance to rest before the festivities of the next day. On Friday morning they will make a call upon the City Council. Following this luncheon will be served by the Board of Trade of Cleveland and a fête will be attended in the afternoon. In the evening a grand ball will be held with Miss America leading the grand march.

COMPLETE PLANS FOR THE HOLIDAY

Dominion Day Observance Programme Here was Arranged at Meeting Today.

Details for the public observance of Dominion Day here on Monday, July 2, were worked out at a meeting of a citizens' committee in the committee room at City Hall at noon today. The Mayor presided and all the city commissioners were present, as well as A. I. Machum, secretary of the G. W. V. A., who acted as secretary, Judge H. O. McInerney, Hon. J. R. Armstrong, retired County Court Judge, and his successor, Judge J. A. Barry, Capt. A. J. Mulcahy, C. B. Allan, J. E. Quinn, R. H. Gale, W. A. Pearce, C. A. Micks, A. M. Gregg and others.

On the suggestion of Commissioner Frink, besides the central ceremony at No. 2 engine house, King square, it was decided to raise the flag on the poles at Haymarket square, at Indian town and on the band-stand in West St. John at the same hour. Mr. Bullock suggested the presentation of a small flag to every child who attended any of the ceremonies. Capt. Mulcahy looked after this on the west side. The matter of purchase of the flags and distribution to other parts of the city were left to Capt. Mulcahy.

LOCAL NEWS

LARGE NUMBER. The Eastern Steamship liner Governor Dingley arrived this morning from Boston via Eastport and Calais with the heaviest passenger list so far this season. There were 380 passengers on board, in addition to eighty tons of general cargo. Among the passengers was W. H. Bladale, general freight agent of the Eastern Steamship Company of Boston. A large number of the passengers were enroute to Prince Edward Island and points east.

HOME FOR VACATION. Harold and Gerald Crowley, Joseph Owens, Hugh Sharkey and Walter Hughes arrived home today from St. Mary's College, at Brockville, Ont., to spend their summer vacation. The five are taking the preparatory course necessary before entering the Redemptorist Congregation.

REPORTS STILL CASE. J. B. Hawthorne, chief inspector under the Prohibition Act, arrived in the city today from Fredericton. He said that Clarence Burt of Burt's Corner had been convicted yesterday of operating a still and having liquor in his possession contrary to the law and was fined \$300 and costs or ten months in jail.

BLAST CAUSED FLOOD. Men engaged in digging post holes for the hydro pole line this morning near the Canadian Bank of Commerce found it necessary to do a little blasting. Apparently one blast came too close to a pipe line with the result that a small service pipe was broken and Germain street was flooded for a while. Repairs were effected with very little damage resulting.
