

GOOD THINGS COMING TO THEATRES OF ST. JOHN

OPERA HOUSE TONIGHT; ALL NEW TOMORROW

A good snappy vanderbilt programme at the Opera House tonight, with a well arranged bill of five acts and serial pictures. "The Tiger's Trail" with Ruth Roland. Last time for this programme this evening at 7.30 and 9.

UNIQUE TONIGHT

"The Eleventh Commandment," a great story. Read what the best critics have to say: "Given the magic of a combination of a super director, a super star and a super story, a super photodrama is a foregone conclusion. This is demonstrated in Lucille Lee Stewart's newest medium for screen expression, 'The Eleventh Commandment,' a powerful photodrama written and directed by Ralph Ince. The picture is generally voted one of the big hits of the present season.

MR. WIGMORE ON HARBOR MATTER

Efforts were being made to arrange a conference between S. E. Elkin, M. P., and Mr. W. W. Wignmore, M. P., and the city engineers to discuss the harbor matter. Mr. Wignmore is a member of the Ottawa members of the city committee on the harbor matter. He is a member of the cabinet council. The meeting was held for half-past two o'clock.

EXTEND MAIN TO DRY DOCK SITE

her property adjoining North Market street, and also that this was not a public street. Mr. Thornton announced that he would close North and South Market streets to traffic on July 1 to uphold the city's rights to the streets as private property. A motion to that effect was adopted.

BIRTHS

PETERSON—On June 21, to Mr. and Mrs. George Peterson, 311 Brussels street a son—Frederick Joseph.

MARRIAGES

CALLAHAN—WHITE—At the Cathedral of the Immaculate Conception on June 23, 1919, by Rev. Wm. M. Duke, F. Leonard Callahan, son of Mr. and Mrs. Thomas Callahan, to Miss Florence White, both of St. John.

DEATHS

HECTOR—On June 21, 1919, at his home, 51 Spar Cove road, George Hector, aged forty-three years. Notice of funeral later.

THE SITUATION IN PARLIAMENT

Course of Events Leading To Martial Law STRIKES ELSEWHERE

Street Railway Men in Toronto And Part of Massachusetts Out—Ottawa May Have Similar Trouble

Winnipeg, June 22—Following a clash between a street mob and the Royal Northwest Mounted Police, in which one man was killed and several wounded, martial law was declared in Winnipeg on Saturday afternoon.

The riot developed into a fight between a detachment of fifty-five of the R. N. W. M. P. and a mob of several thousands. The favorite weapons of the rioters were jagged blocks of concrete larger than bricks, taken from a house in the course of demolition.

Mike Sokolow, a registered alien, was shot through the heart at the street crossing William avenue when the police made their charge. Robert C. Johnson, a returned soldier, was shot through the left thigh and Jack Barrett, a young school boy, was shot through the right thigh. Perhaps a score of others were more or less injured, but none seriously.

Ottawa, June 22—Hon. N. W. Rowell, in reply to a question by D. D. MacKenzie, made a statement in the house this morning in regard to the rioting at Winnipeg. He reviewed correspondence between him and the attorney-general, Manitoba in regard to the co-operation of the Northwest Mounted Police with the provincial authorities in the preservation of law and order.

Mr. Rowell said that on Friday a mass meeting of strikers in which there were some 500 or more soldiers decided that they would parade the streets notwithstanding the proclamation of the mayor that parades would not be permitted. They also sent word to the minister of labor, intimating to him that they intended to meet in Victoria Park at 2.30 on Saturday and from there they would parade to the Royal Alexandra Hotel, where the minister was staying, and that he must then address them and that they would be violent if he refused.

The minister of labor desired to avoid any possibility of conflict or any possibility of the proclamation of martial law being violated and sent word to the strikers through the strike committee that he would go to the Victoria Park mass meeting at 2.30 and there address the strikers. That, apparently, however, he would not be permitted to do so.

There were present at the meeting the minister of labor, the mayor of the city, Commissioner Perry of the Northwest Mounted Police and the attorney-general. The committee insisted that the parade should be held on the main street and that the street railway, which were already operating, must cease their operations and that they would go temporarily to the industrial bureau, of which they would take possession. They desired also to be addressed in the industrial bureau.

The mayor insisted that under no conditions would he permit a parade to be held on the main street. He insisted that the minister of labor indicated that it was not possible to secure the parade on the main street. He insisted that the parade should be held on the main street and that the street railway, which were already operating, must cease their operations and that they would go temporarily to the industrial bureau, of which they would take possession. They desired also to be addressed in the industrial bureau.

The Italian steamer Chelavsky, 8822 tons register, arrived in port today from Trieste in ballast to load grain. She is consigned to J. T. Knight & Company. The Royal Mail Steam Packet liner Casquet left Bermuda on Friday for this port and is expected here tonight or tomorrow morning. She has 2,460 tons of sugar for the Atlantic sugar refineries and 1,000 puncheons of molasses in addition to a number of passengers.

WOMAN'S EXCHANGE LIBRARY You only read the New Books once. Save money by renting them from Special Cakes, Tea Biscuits, Preserves. gent upon paving in 1920, and desirable, \$145,700; total \$189,600. Wooden sewers to be renewed in 1919 \$125,550; paved, \$120,000; desirable but may be deferred if money not available, \$145,000; total \$400,600.

It was agreed that bids go to the commissioners of water and sewerage and public works for joint recommendations. Water Main Extensions Mr. Jones submitted an application from A. R. Dufresne, for the St. John Dry Dock and Shipbuilding Company, asking for extension of the sixteen inch main in East St. John for a distance of 1,560 feet to their works. Mr. Jones reported that the extension could be made with a twelve-inch pipe to supply to dry dock company, the Bedford construction company and the fertilizer plant, and this would give an estimated revenue of \$500 a month. The cost would be about \$10,000. He moved that a contract for excavating and back-fill be awarded to the Bedford Construction Company at \$2,500, the amount to be repaid to them on their water bills.

Mr. Fisher thought that tenders should be called in the usual way. Mr. Jones agreed and his motion to that effect was adopted. The call for tenders will include the 420 feet extension of the sixteen-inch pipe not finished last year, and the 1,136 feet of twelve-inch pipe.

Mr. Jones announced that he had received from the Board of Health a report of sanitary conditions and the use of wells in Hawthorne avenue, which have been ordered closed. He presented a report from the city engineer recommending an extension of the water main with an eight-inch main 2,000 feet in length. The estimated cost was \$9,200 and the estimated revenue was \$125. The course to be taken by the main, the cost of revenue would be small, but as the people were left without water he saw no other way to serve this district and also Rockland road, and to empty into Inlandtown harbor, would be so great that he would not recommend it at present.

The principle of extending the water system to any place where a house might be built was discussed at length and finally the matter was referred back to the commission of water and sewerage. Mr. Thornton moved that he be given authority to call for tenders for putting, painting and renewing windows in the west side city hall at a cost of about \$500. This was carried.

Mounted Police and asked for their co-operation in preserving law and order. Toronto Street Railway.

Toronto, June 22—While Toronto's thousands walked stoned or cycled to work this morning, the board of control and other civic authorities met to endeavor to put on the streets again the trolley cars, which have been stalled in the car barns since a strike vote of the street railway employees late on Saturday night. The demand of the striking employees is for fifty-five cents an hour, a straight eight hour day and other concessions.

Perhaps in Ottawa. Ottawa, June 22—A decision to strike unless their demands are complied with on June 30, was reported at a meeting of the members of the Ottawa division of the Amalgamated Brotherhood of Street Railwaymen on Saturday midnight.

Massachusetts The-Up Boston, June 22—Thousands of workers in more than a score of cities and towns served by the Western Massachusetts Street Railway, formerly the Bay State Street Railway Company, walked to their places of employment today as a result of the strike of union car men on the system yesterday.

The agitation arose from a strike of the Lowell car men in protest against the use of hand registers on open cars. The strike was called without sanction of the Amalgamated Association of Street Railway Employees and against the advice of President Mahon, who has threatened to revoke the local union charters unless the men return tonight.

Montreal, June 22—The latest development in the labor strike situation is a strike of about 500 bakers, employed by about forty firms. It was called as a result of the refusal of the employer to meet the demands of their bakers and distributors for higher wages. No immediate shortage of bread in the city is expected. Other strikes now in progress in the city remain as they were at the end of last week, but the return of railway shomen, officials from Atlantic City is expected to preclude unfavorable developments in their negotiations with the Canadian Railway War Board.

MANY KILLED IN FEARFUL WIND STORM Fergus Falls, Minn., June 22—Between sixty and seventy persons were killed and more than a hundred were badly injured by the tornado which struck Fergus Falls late yesterday and tore a large section of the city including the business district to pieces. Thirty-eight bodies have been recovered. The property loss is \$5,000,000.

The Italian steamer Chelavsky, 8822 tons register, arrived in port today from Trieste in ballast to load grain. She is consigned to J. T. Knight & Company. The Royal Mail Steam Packet liner Casquet left Bermuda on Friday for this port and is expected here tonight or tomorrow morning. She has 2,460 tons of sugar for the Atlantic sugar refineries and 1,000 puncheons of molasses in addition to a number of passengers.

IN SCOTLAND Commissioner Jones has received word from his nephew, Henry McAllister, son of Alexander McAllister of Douglas avenue, who went overseas with the 9th Regiment, that he is enjoying a leave to be home before long.

EAST END LEAGUE Teams and men will again be busy on the East End ground this evening. The executive will hold a short meeting to appoint the sports committee and for other business. Baseball games will soon be in progress.

A LITTLE BETTER Clifford Godfrey, of Fairville, who was seriously injured on Friday evening when he fell from his bicycle, fracturing his skull and injuring his shoulder, was reported from the General Public Hospital today to be slightly improved, and was thought on Saturday that he would not recover, but today hope is held out for his recovery.

CARLETON SOLDIER HOME Lieutenant Charles Hughes, who went overseas with the 140th battalion as a sergeant and got his commission over there, returned home last week and is receiving a hearty welcome from his many friends.

Sergeant Harry Colman returned home last week after having seen much service at the front. His many friends in this city and elsewhere will be glad to hear of his safe return. Both are West St. John boys.

CUBS WIN The Carleton Cubs defeated the Carleton Tigers in Carleton Saturday afternoon by the score of 8 to 4. The battering was done by the pitcher, W. Craft, pitcher, D. Mulvey; Tigers catcher, T. Howe, pitcher, Phillips. Mulvey, slab artist for the Cubs pitched a good game and the Cubs pitched a good game. The game was a two-base hit by O'Brien of the Cubs, a sacrifice by Brown of the Carleton team, a two-base hit by Parker of the Tigers.

THE ROTARY PICNIC The Rotary Club will hold a picnic at Onneton on Monday, July 1. Immediate members of the club will be taken in motor cars to Onneton, to the grounds of F. A. Dykeman, at 10 o'clock. The picnic will be a most enjoyable one. The committee on sports and refreshments were appointed. The sports will consist of football, baseball, basketball, and other games. The picnic will be a most enjoyable one. The committee on sports and refreshments were appointed. The sports will consist of football, baseball, basketball, and other games.

AT THE CATHEDRAL An impressive ceremony was carried out yesterday afternoon in the Cathedral when the church was filled with the children of the various schools in the city and the orphans from St. Vincent's convent and the Boys' Industrial School. A spiritual banquet which had been gathered by the children during the school year. The gathering commenced with the opening of the fall term last year and was made up of short visits of adoration before the Blessed Sacrament. It was intended that the accumulated time of these visits should total 18,000 hours, but on account of the closing of the churches during the influenza epidemic, the aimed-for goal was not reached. The benediction was given by Rev. Wm. M. Duke on behalf of the children. Father Duke also said a few words to the children.

Children Love Music

Let Them Have It This Summer

What rollicking good times are planned for by the young folks—and the older folks, too! Buy an "IMPERIAL PHONOGRAPH" now. The young people can dance to it, sing with it, and then the older folks can slip in some of the beautiful Grand Opera airs and listen to the world's greatest artists.

SPECIAL TERMS! We have arranged specially attractive terms on all IMPERIAL PHONOGRAPHS, so that none may be without music in their homes. A large variety of models. Ranging in Price from \$73.50 to \$385.00

A Demonstration Will Cost You Nothing J. Marcus - 30 Dock St.

LOCAL NEWS DEATH IN FREDERICTON. Thomas Moore, aged 62, died in Fredericton today. His wife, three sons, one daughter, one brother and three sisters survive.

DOUBLE RATES NEXT WEEK Many dog owners have neglected to pay current license for their dogs for the current year. Those who delay longer than next Monday will have to pay double rates.

RUNAWAY Considerable excitement was caused in Main street at noon today when a horse took flight and ran away. It dashed along Main street and turned into Elm, where it was stopped. A large number of people were in the street at the time.

IN SCOTLAND Commissioner Jones has received word from his nephew, Henry McAllister, son of Alexander McAllister of Douglas avenue, who went overseas with the 9th Regiment, that he is enjoying a leave to be home before long.

EAST END LEAGUE Teams and men will again be busy on the East End ground this evening. The executive will hold a short meeting to appoint the sports committee and for other business. Baseball games will soon be in progress.

A LITTLE BETTER Clifford Godfrey, of Fairville, who was seriously injured on Friday evening when he fell from his bicycle, fracturing his skull and injuring his shoulder, was reported from the General Public Hospital today to be slightly improved, and was thought on Saturday that he would not recover, but today hope is held out for his recovery.

CARLETON SOLDIER HOME Lieutenant Charles Hughes, who went overseas with the 140th battalion as a sergeant and got his commission over there, returned home last week and is receiving a hearty welcome from his many friends.

Sergeant Harry Colman returned home last week after having seen much service at the front. His many friends in this city and elsewhere will be glad to hear of his safe return. Both are West St. John boys.

CUBS WIN The Carleton Cubs defeated the Carleton Tigers in Carleton Saturday afternoon by the score of 8 to 4. The battering was done by the pitcher, W. Craft, pitcher, D. Mulvey; Tigers catcher, T. Howe, pitcher, Phillips. Mulvey, slab artist for the Cubs pitched a good game and the Cubs pitched a good game. The game was a two-base hit by O'Brien of the Cubs, a sacrifice by Brown of the Carleton team, a two-base hit by Parker of the Tigers.

SOLDIERS' BADGES

To the Editor of The Times: Sir,—I was asked by a prominent business man to explain for what the badge I was wearing was issued. The first, a class A service badge, I explained was issued because I had been in the actual theatre of war and had seen actual action service. The second, a badge C, I explained that I had served with the Second Canadian Division on active service. While I was in conversation with him one passed wearing the C.H. badge. This man had seen service in nothing but the Canadian militia some years ago and had not deemed khaki at all. Another passed wearing a Class A service badge. He

BOSTON DENTAL PARLORS Head Office: 277 Main St. Phone 688 Branch Office: 35 Charlotte St. Phone 4 DR. J. D. MAHER, Prop. Open 9 a. m. Until 9 p. m.

Inform me that he had left Canada on Dec. 26, 1918 and had been to Vladivostok, but had never been out of St. John until after the armistice was signed. He told me that he and all his comrades who went to Russia had been issued with a war service badge marked for "service at the front." A third passed and paused to speak to us. He also was wearing a Class A service badge "for service at the front." I had met him in England on several occasions during leave from my battalion in France and up to the time I came home he had not been out of England. I asked him how long he had been in France and he replied that he had gone over after the armistice was signed.

I printed my little brass badge because I thought it was issued by the government as a distinguishing mark of appreciation of those who had stood in the trenches and done their little bit to keep the Hun from advancing but since I have seen them passed out indifferently I shall put mine away that I may not have to waste my time listening to tales of derring-do performed by my "comrades" who participated only in the triumphant march to Germany and the glorious occupation of Vladivostok after the war was over. A RETURNED SOLDIER. St. John, N. B. June 21.

THE POINTING FINGER.

"We have been living in a sheltered valley for generations. We have been too comfortable and too indulgent; many, perhaps, too selfish; and the stern hand of Fate has scourged us to an elevation where we can see the everlasting things that matter for a nation—the great peaks we had forgotten, of Honor, Duty, Patriotism; and, clad in glittering white, the towering pinnacles of Sacrifice, pointing like a rugged finger to heaven."

Thus Lloyd George, in one of the great crises of the war, revealed the British people to themselves. Does not the simile still apply, and to the people of Canada? How much of the present social and industrial unrest is due to selfishness, disregard of duty and indifference to sacrifice? The stern hand of Fate knows no favorites. Each nation must rise by its virtues, or sink through its moral defects and its failure to see the pointing finger that indicates the onward and the upward way.

The people of Canada need to be shaken out of that mood of indifference which disregards the signs of the times. A new era, with infinite possibilities, opens up before this nation. Universal education, promotion of child welfare and public health, social service, the removal of social disabilities—above all the recognition of high moral standards in every field of human relationship—these must be wrought into the very fibre of our national life. The right of the individual to exploit his fellows for his personal aggrandizement is challenged by events that have shaken the world. That challenge comes to every man, be he rich or poor. The word service appears in flaming letters above the portal of every avenue of human activity, and he who heeds it not has failed to catch the spirit of the new era. Our systems of education have placed too much emphasis upon what the well-equipped student may be able to do for himself in a world of soulless competition, and not enough upon what he may do for humanity in a world of co-operation in human service. Too many miss the glow of inspiration and the exaltation that are born of community service.

Opposing interests ruled by selfishness are too much in evidence. The sneering query of Cain: "Am I my brother's keeper?" is a word that has not been forgotten. But what a wonderful opportunity is now offered for leadership. The whole nation is stirred, and even the most thoughtless realizes that important changes affecting social and industrial relations are imminent. Is there a Canadian Lloyd George awaiting the hour, and Canada awaiting the man or woman who have the courage and the wisdom requisite for leadership in the great adventure of national reconstruction, along lines that will produce results worthy of a great commonwealth that has been tried as by fire.

THE WOMEN WIN.

Both houses of the United States Congress have adopted a resolution for the submission of a woman suffrage amendment to the constitution to the state legislatures. It is declared that this ensures the ratification of the amendment within two years by the necessary two-thirds of the states. Discussing the vote in the house of representatives, where the resolution was adopted by a vote of 304 to 89, the Halifax Chronicle says: "The gain of suffrage since the last previous vote in the house of representatives in January, 1918, in which the same resolution was adopted by exactly the requisite number of votes, is of forty-two votes, and the change is coincident with, and said to be a result of the success of the Republican party in the last congressional election. The opposition to the amendment was distinctly Democratic opposition, both in the vote recorded—seventy of the eighty-nine negative votes being of Democrats—and in the attempts to qualify the result by amendments. Of the seventy Democrats voting in the negative, sixty-five were from the southern states, while the Republicans recorded in the negative were principally from New England, New Jersey and Pennsylvania; and they represent what may be called the old conservative sentiment on this subject. Of the Republican members of the house, only nineteen voted against the amendment, to 200 recorded in its favor. This clearly makes the amendment a Republican party measure, and ensures its final adoption."

It is recalled as an interesting bit of American history that Lincoln was a believer in woman suffrage. The Christian Science Monitor says: "The passage of the suffrage constitutional amendment has reminded somebody of a bit of history which, oddly, seems to have been overlooked in previous discussion of this much-studied question. Abraham Lincoln, it appears, spoke for feminine suffrage several years before the first woman suffrage convention in the United States was held at Seneca Falls, New York. The convention met in July, 1848. In 1848 Lincoln was a candidate for the Illinois house of representatives, and declared in his platform, 'I go for all sharing the privileges of government who assist in bearing its burdens. Consequently I go for admitting all whites to the right of suffrage who pay taxes or bear arms, by no means excluding females.' Lin-

coln thus declared himself a pioneer in the movement which now virtually achieves its end in the action of the national legislature."

The fight for woman suffrage has been a long one but the war has hastened action in all countries because of the magnificent service rendered by the women. Lincoln's view was the right one, and the women, whose interests are affected by all laws, cannot much longer in any country be denied the right to have a voice in framing those laws. In the United States the advocates of woman suffrage won state after state, and now they have won national recognition. The constitutional amendment is as good as adopted.

TOWN AND COUNTRY.

"The most important problem that we have to solve is that of establishing an equilibrium between the rural and city populations. There are too many workers and too little work in the cities, and there is so much work and so few workers in the country. It is necessary that we take to the land those who belong there, and make agriculture more productive and more paying."

The above extract from a speech by Sir Lomer Gouin, premier of Quebec, indicates a policy that is perhaps more essential in some other provinces than in Quebec. If the equilibrium were properly restored there would be a reduction in the cost of living with benefit to everybody. Production would be increased and the problem of the city household made easier of solution. There are in every city and town families who would be much better off in the country, but they cling to the neighborhood of the white lights and the allurements of populous centres. The government may not be able to change the point of view of all of them, but by an enlightened and progressive agricultural policy it may lessen the drift from the rural districts to the urban centres.

Christian Science Monitor—"With the growing conviction, both in England and in America, that the best solution of the housing problem is for the greatest possible number of citizens to own their homes, a great deal of interest attaches to what has been done already in Baltimore, Maryland. It is said that this city, more than any other in the United States has developed citizen ownership. The movement was started in 1904, and in ten years more than 80,000 dwellings were built, chiefly two-story houses, thoroughly modern in their construction, and in most cases purchased by men of moderate income through building associations. The cost of these dwellings was reduced by wholesale buying of land and material and corresponding economy in construction. Baltimore, moreover, passed a law which requires that every dwelling shall have a bathroom, an idea in municipal legislation which many other cities might well copy."

The sinking of the captured German war vessels in the Scapa Flow is a breach of the armistice made while the Huns are begging for easier terms from their conquerors. Later news received today was that German warships at Kiel and elsewhere, which had not been surrendered, had been sunk. If this proves true it means that a well worked plot has been carried to a successful issue. The Germans evidently have not yet learned the lessons of the war and it may be that the Allies have not fully sounded the depth of German unreliability.

It would be of interest to know what the former Kaiser thinks about the sinking of the German prisoner fleet at Scapa Flow.

Today's cables carry an official announcement that Germany will sign the peace treaty. Paris reports a request for extension of time being flatly refused.

When the heart begins to palpitate, it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by weak, fainting and dizzy spells.

When the heart gets into this condition, you become weak, worn and miserable, and are unable to attend to either social, business or household duties.

Milburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangements.

Mrs. Walter Greives, Aspley, Ontario: "I had been run down, and doctors told me I was anemic, but did not help me with their medicines. I could not sleep nights, my heart palpitated so, and I could count every beat. I used to have such dizzy spells I would have to go to bed. I was not able to do any work for eight months. A cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work. I am so thankful to tell others what they have done for me, so that they may try this great and wonderful remedy. I hope this may prove good to some one who is suffering the way I did."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PUBLIC HEALTH NOTES

"SUMMER DISEASE OF INFANTS"

Seasons and climate have long been held responsible for exerting an immense influence, either for good or evil upon health. Modern science, however, has demonstrated that such an influence is not so great as it was formerly supposed to be. For instance, climate has little to do in a direct way, with malaria, or "fever" and "ague," as it is commonly called. The equilibrium between the world are free from malaria, and many quite temperate climates are, or used to be, veritable culture beds of this disease. It is not so very long ago that

"bad air" was discovered to have nothing to do with malaria, but that the disease was wholly due to the bite of a species of mosquito which bred in swampy places and in stagnant water. Similar examples might be adduced of a number of other diseases at one time thought to be almost wholly due to malarial climates, but they know to have little or no connection with heat or cold.

Season, however, has still preponderating influence upon the diseases of young children, more especially as respects those diseases which attack the lungs and bowels. Cold and dampness accompanied as a result by chills are a frequent disposing cause of bronchitis and pneumonia in the very young during the late winter and early spring, and nothing has been more widely observed than that it is during the latter part of our summer that intestinal disease in young children, commonly known as cholera infantum, tends to become prevalent. Much the larger number of cases occur in infants under a year old, that is to say in those children who are wholly dependent upon milk for food.

It is evident, therefore, that a very close connection exists between this disease and milk. Now milk, for the young infant, has two possible sources, from its mother, and, failing that, from the cow. The one is generally known as the natural source, the other the artificial one. A whole world of difference exists as regards the baby's chance of life between the two sources, the one being nourished by cow's milk from a bottle.

Even the one exception had not been wholly confined to the natural source for its food, having occasionally had the bottle.

This is no new experience, but one that has been observed the world over during the last half century. The reason that it carries is so plain that it scarcely needs pointing out. If a bottle-fed baby has only one chance out of twenty-two for life as compared with a breast-fed one during the summer time, then it is evident that the more largely natural feeding prevails to the complete exclusion of the bottle, more especially in summer, so much the more largely will the infantile death rate be cut down and young infants survive.

It is true, however, that bottle feeding, because of various circumstances or accidents, is unavoidable in many instances. In these cases very much indeed may be done to prevent cholera infantum as a consequence of artificial feeding. Cleanliness is the very first requisite. This applies to the bottle itself and its adjuncts but to the infant itself, the mother or nurse, the whole house and its surroundings. Of all of these, the bottle, while it is the most important, is at the same time, often the most neglected. Never, therefore, should the mother and its immediate use being boiled for half an hour and so made ready to take the place of the natural one.

The milk fed to a young baby from a bottle should not be relied upon in hot weather, it is the easiest of all to keep clean. In a word, it can be boiled and kept in a short time after boiling. It is best to sterilize the milk in the sense that from it cholera infantum cannot originate. Several bottles, therefore, should always be employed, those not in immediate use being boiled for half an hour and so made ready to take the place of the natural one.

The milk fed to a young baby from a bottle should not be relied upon in hot weather, it is the easiest of all to keep clean. In a word, it can be boiled and kept in a short time after boiling. It is best to sterilize the milk in the sense that from it cholera infantum cannot originate. Several bottles, therefore, should always be employed, those not in immediate use being boiled for half an hour and so made ready to take the place of the natural one.

MORNING NEWS OVER THE WIRES

English troops stationed at Sutton Camp, Surrey, Eng., have refused to obey orders and other soldiers have been sent to the camp to maintain discipline. Four hundred of them have been arrested and eight hundred sent to other camps. Two hundred persons were killed by a tornado at Fergus Falls, Minn., yesterday.

GRAHAM'S SECOND FLIGHT

In another airplane of the same design as the last in which he visited the city, Lieut. Stuart Graham, accompanied by his wife as navigator, and Walter Kabre as mechanic, arrived in the city last Saturday afternoon and left again about 7.30 for Quebec. He got as far as Woodstock but had to descend owing to a coming storm. He left Woodstock yesterday about 12.30 p.m. Graham made fast time from Halifax beating out a message sent by telegraph by about thirty minutes.

Great Escort For British Dirigible When Nearing U.S.

American Airships to Fly Out to Welcome R-34

New York, June 21—A squadron of American airships is to fly out to see and escort the British rigid dirigible R-34, the largest craft in the world, to Roosevelt Field, Mineola, Long Island, whenever it comes. The field is being made ready for the use of the giant while it is in this country. The flight across the Atlantic, if carried out as planned, will require fifty hours. The R-34 is 700 feet long and contains 2,000,000 cubic feet of hydrogen gas. She carries a crew of thirty men, and it is said to be capable of a sustained flight of eighty hours. Ten concrete blocks, each seven feet high and eight feet high laid down on Roosevelt Field will hold great wire loops an inch thick which will be used to moor the big ship while the fuel supply is being replenished. A special mast will be set up. To this the nose of the

great bag will be tied, permitting it to swing with the wind and eliminate the possibility of its being blown away out of control. A joint board of two admirals and a captain of the navy and Major-General Charles T. Menober, head of the army air service, will receive the visitors, who will also be met by Brigadier-General L. E. Charlton, British aerial attaché to the United States, and Major Hugh Fuller of the Royal Air Force, who arrived in Mineola today, with a large force of British aerial mechanics to help in the work of preparing the field. Vice-Admiral Gleaves will head the navy committee. General Menober will be accompanied by Brigadier-General William Mitchell, director of the air service, and a colonel. The army and navy jointly have assigned more than 1,600 American mechanics to the task of helping protect the craft while it is in American territory. Because of its huge size, no hangar is available on this side of the Atlantic. The cost of erecting a temporary shelter for it, one capable of resisting the wind and adequately protecting the dirigible, would run into millions of dollars, aero officers say. Some idea of the precautions taken in England to keep it safely moored while on the ground may be had from the fact that it required 160 men working more than an hour to open the four

doors of its hangar when it was taken out on its test flight recently. Each door weighs 100 tons.

RECENT WEDDINGS

Bennet-Cassidy. At Sherbrooke, Quebec, on Saturday morning Miss Eva Cassidy, daughter of Mr. and Mrs. Charles Cassidy of 109 Rotheray avenue, was married to John Bennet of Derby, Vermont. Mr. and Mrs. Bennet left by auto for Derby, where they will make their home.

Purdee-Ellison.

A very pretty wedding took place at the home of Mr. and Mrs. William Ellison, McAdam, Wednesday, when their eldest daughter, Florence Mildred, was united in marriage to Joseph Francis Purdee, only son of Dr. Purdee and Mrs. Purdee, formerly of London (Eng.). The bride, who was becomingly attired in a gown of lavender, carried a large and beautiful bouquet of roses and lilies of the valley and ferns entered the room on the arm of her father. The ceremony was performed by the Rev. R. M. Fenlon, rector of St. George's church, McAdam. The couple reside in McAdam and only the immediate relations were present. Among the out-of-town guests were Mrs. D. Ellison of DeLisle street, city, and Fred and Ernest Ellison. After luncheon had been served the happy pair left on a short honeymoon trip to Montserrat, Toronto and Niagara Falls. The bride's travelling suit was of lawn Bedford cord, with hat to match, and very beautiful and costly presents of cut glass, silver and linen bore eloquent tokens of the high esteem in which she is held and groom are held by their friends. On their return they will make their home in McAdam.

RECENT DEATHS

Mrs. Elizabeth B. Cowan.

The death of Mrs. Elizabeth B. Cowan, widow of Moses Cowan, occurred at her residence, 110 Victoria street, on Saturday. She was seventy-nine years of age. Mrs. Cowan was a daughter of the late George and Elizabeth Thompson, and was born at Eastport. When a young woman her parents moved to this city, of which she has since resided for more than sixty years. She was a valued member of the Main street Baptist church, and a leader in the ladies' work until a short time ago. She is survived by one daughter, Mrs. Edith Golding, with whom she made her home; five sons, children, Walter Slip, son of Albert and the late Robert Slipp, living in the west; A. Stanley Golding of Boston, and Mrs. Edith Golding; A. Cowan Vanwart, overseas, and Harold Vanwart of New York, sons of Theodore and Len Vanwart; two great-grandsons, Albert and George Slipp, sons of Walter Slipp; one brother, Tyler Thompson, still over in Australia, and one half-brother, George F. Thompson of this city.

A. D. Ross

Amherst, June 22—(Special)—The sudden death of one of Amherst's most prominent citizens, A. D. Ross, editor of the Amherst Daily News, occurred at his home tonight. He has been illing for a year and a half, suffering from effects of a stroke of paralysis. Although he had been quite active and able to attend to his work until the last few days, his death comes as a great shock to the community. His wife predeceased him two months.

He is survived by two sons, Roland and Wilfred, at home; also one brother, John, and two sisters, Mrs. Bennett and Mrs. Elizabeth, of Amherst. The members of the family have the sincere sympathy of the community in their great loss.

Mrs. Isaac H. Spinney.

The funeral of Mrs. Elizabeth G. Spinney, wife of Isaac H. Spinney, will be held at her home in L'Etang. She was fifty-six years of age. She leaves besides her husband, five sons, one daughter and one brother to mourn. The sons are George E. I. Elmer, Earl W. and William, at home; Frank, still overseas and Miss Annie P. at home, and a brother, Thomson A. Gray of Massachusetts.

The funeral was held on Thursday from her home in L'Etang, and interment was made in St. George.

Mrs. Margaret Pettigall.

The death of Mrs. Margaret Pettigall occurred last evening at the residence of Mrs. George Pettigall, Rotheray. Mrs. Pettigall was a daughter of the late Thomas Pettigall of Rotheray, and was seventy-six years of age. Death was due to pneumonia. She leaves one sister, Mrs. Julia Pettigall, and several children. The funeral services have been arranged for Tuesday afternoon at 2:30 o'clock (daylight time), at the Rotheray Baptist church. Rev. A. Lawrence Teaford will conduct the funeral services.

ON ESSEQUIO AND SCOTIAN

Word was received in the city yesterday by Charles Robinson, secretary of the New Brunswick returned soldiers commission, that the hospital ship Essequibo arrived at Portland with several soldiers for this district. They left on the regular train last night. The R. M. S. Scotian also arrived in Quebec yesterday with seven men for this district, including Lieutenant-Colonel Corbett. They will probably arrive in the city some time today. The list is as follows:

- S. S. Essequibo: Lieutenant Woten, Andover; Private Giberson, Bath; Sergeant Miller, Hillsboro, Albert Co; Private McCluskey, Erin street, St. John; Private Peley, Harcourt, Kent county; NS N. S. Lockhart, Pettitcodiac; NS Smith, St. John; Private Campbell, St. John; Private Demier, St. John; Private Graham, Woodstock; Private Hooper, St. John; Private Harquill, Dalhousie; Private Kelley, St. John; Private Milbury, St. John; Private McIlveney, Fredericton; Private McNairn, Moncton; Private Paul, St. John; Private Paul, Fredericton; Private Robinson, St. John; Private Smith, Bathurst. All men proceeding to Nova Scotia will arrive at the same time and will have dinner at the depot restaurant. R. M. S. Scotian: Lieutenant-Colonel G. G. Corbett, Coburg street, St. John.

PROTESTS AT MASS MEETING IN TORONTO

Toronto, June 22—A gathering of about 8,000 men in Queens Park here on Saturday night to protest "against working class persecution" and protesting passed a resolution calling upon the minister of justice immediately to grant bail to thirteen men sentenced as alleged spreaders of sedition by a Toronto magistrate to terms of imprisonment from six months to three years, "without having been arraigned or tried according to

the criminal code," and grant them a fair and open trial.

A resolution was passed asking the government "immediately to repeal the recent drastic amendment to the immigration act which gives the dominion authority power to seize and deport without trial any person other than of Canadian birth who may be deemed to be acting against constituted authority."

Small Fire at Witley Camp.

London, June 22—(Reuter's)—A message from Witley on Saturday stated that another fire had broken out in the camp and that some of the huts had caught. The fire proved to be a small one. The outbreak occurred at midnight in the stables and was extinguished by the military police fire brigade in forty-five minutes. The troops remained quiet and orderly.

St. Andrew's church Sunday school picnic was held Saturday afternoon in Seaside Park.

The rain in the afternoon caused the attendance to be small and also prevented sports from being held.

MARINE NOTES.

The new packet steamer Glenholme of Yarmouth arrived in port Saturday afternoon on her maiden voyage and tied up at the Thorne wharf. She was much admired.

The American schooner Rena A. Murphy, Capt. C. M. Crooks, arrived in port this morning from Anas, San Domingo, with 5200 bags of sugar for the Atlantic Sugar Refineries, Ltd.

Another American vessel, the Oakwoods, Capt. Black, brought a cargo of coal for the Consumer's Coal Co. today.

LOCAL NEWS

There was a meeting of the journeymen bakers of the city in Odell Hall, Union street, Saturday evening when they formed themselves into an organization. Fred A. Campbell, of the Trades and Labor Council, was present and organized the union. Another meeting is to be held at which officers are to be elected.

Stanley E. Eldin, M. P., was in the city for the week-end and leaves for New York tonight, returning to Ottawa later.

Rev. I. W. Williamson who has just returned from a tour of Canada and the United States in the interests of the Christian Brotherhood, preached in the Victoria street Baptist church yesterday.

The Main street Baptist Sunday school held its annual picnic at Crystal Beach on Saturday. The steamers Hampton and Majestic took the picnickers up and the D. J. Purdy brought them back.

A lad named Harry Wright was injured at the Miller mill, Pookok, on Saturday, when he caught his arm on the machinery.

Mola Ellis

Barnard Ferguson

That it is not necessary to go outside the United States to obtain the highest quality of music and the sweetest voiced singers has been demonstrated by Methodist Centenary Celebration officials in mustering vocal and instrumental artists for the great pageant, "The Wayfarer," at the Centenary Celebration, Columbus, Ohio, June 20 to July 13.

PERMANENT JOBS FOR MEN WHO TOOK STRIKERS' PLACES

Ottawa, June 22—Considerable business was disposed of at the first Saturday sittings of the house of commons during the present session.

Advertisement for Gouard's Oriental Cream, featuring an illustration of a woman.

Mr. Rowell—"It applies to any who may have been taken on in these three post offices in May last."

The house went into committee on a resolution to provide salaries for the chairman and members of the purchasing commission. The bill providing for the constitution of this commission is now before the house and stipulates that the number of commissioners shall not be more than three.

Mr. MacKenzie said he was strongly of the opinion that the government's proposal was absolutely a mistake. He said he was sick and tired of hearing about people serving as chairman of commissions without pay and suggested that in many instances they were "putting water in the mill for other purposes."

The bill was reported out of committee and now stands for third reading.

In discussing the question of ocean mail subsidies and assistance in local steamship services, J. E. Armstrong asked if the government had control over the rates, tolls and tariff charges of subsidized vessels.

The Frederick Police Commission met Saturday. The matter of the sub-inspectorship under the Intoxicating Liquor Act came up and will be further considered when Chief Inspector W. D. Wilson's reply is received on Friday next.

Mr. MacKenzie said he was strongly of the opinion that the government's proposal was absolutely a mistake.

Mr. MacKenzie stated emphatically that Colonel Allison was one of the class of men to whom he had referred. Perhaps, he said, the member for St. Antoine would like to put himself in that class and drop his knighthood.

PRINCE OF WALES IS TO VISIT N. B. EARLY IN AUGUST

Premier Foster Makes Announcement on Return From Ottawa

Preparation For Great National Liberal Congress in August—Province to Take Over Wholesale and Retail Liquor Vendors This Autumn.

That H. R. H., the Prince of Wales, is coming to New Brunswick, probably early in August, was one of the announcements made by Premier Foster on his return from Ottawa yesterday.

Among the visitors to the capital while Premier Foster was there was Hon. Mr. Stewart, Premier of Alberta, who said a large and representative delegation from the West was expected to be present at the national Liberal convention at Ottawa in August.

Advertisement for Mennens Borated Talcum, featuring an illustration of a child.

wick member of the national committee which is arranging details of the convention, says conventions in the various New Brunswick constituencies to choose delegates to the national convention will be held very soon.

Details concerning the Maritime Province tour of His Royal Highness, the Prince of Wales, are not yet available, but it is known that he is coming to this province, probably early in August.

The City Cornet Band will occupy the bandstand in King Square this evening from eight until ten o'clock, daylight time, and will render the following programme under the direction of Frank Waddington: March, Queen of the Pine; overture, Lullaby; Beautiful Blue Danube, Strauss; Hearts and Flowers, Tobani; operatic selection, La Sonnambula, Donizetti; cornet triplet, Red, White and Blue, soloist, D. J. Gallagher; march, Washington Greys, Grenfell; light operatic selection, The Burgomaster, Ladd; waltz, Tales of Hoffman, Offenbach; medley selection, The Emerald Isle, Beyer; Fox trot, I Am Always Chasing Rainbows, Carroll; finale, God Save the King.

While in Toronto Premier Foster looked thoroughly into the Ontario government's system of wholesale and retail liquor vendors for liquor. The entire sale is handled by the province, the head official being a man who formerly was manager for a wholesale liquor importing firm in Hamilton.

There is still a chance that the assistance will be given.

The Atlantic subsidies total \$7,716,868. In this sum there are increases of \$90,000 for the service to Great Britain; \$90,000 to the West Indies and South America; \$70,000 to South Africa; and \$70,000 to Australia and New Zealand.

WORLD RECORD SMASHED

TEXAS OIL PAYS \$50,000,000 IN DIVIDENDS TO INVESTORS NATIONS AROUSED TO IMPORTANCE OF OIL RESOURCES DEMAND INCREASING FASTER THAN SUPPLY

United States Government report to Congress says "serious action necessary to conserve petroleum resources. Demand increasing faster than supply. Twelve million barrels in excess of production drawn from storage in 1918, and 27,000,000 barrels imported from Mexico. Oil is the most essential single product known to civilization. Without it no machinery would be possible and not a wheel would turn."

Oil statistics show record breaking percentage of oil wells. January 61 oil wells, 18 dry holes. February 196 oil wells, 20 dry holes. March 181 oil wells, 20 dry holes. April 208 oil wells, 39 dry holes. Total drilling, four months, 646 oil wells; 97 dry holes. Daily production, 160,000 barrels, worth nearly \$400,000 daily.

1 p.c. Monthly---ALTEX PETROLEUM COMPANY---12 p.c. Per Annum

ALTEX PETROLEUM is an "All-Texas" producing and refining company operating in the Burkburnett, Ranges and Goose Creek territories of the famous Texas oil fields. ALTEX is young and live. Altex is a quick-action stock—and its smashing record as a new company indicates a sure winner.

TO INVESTIGATE STEAMER PROFITS

Ottawa, Ont., June 21.—The cost of living committee of the commons has decided to call the president, general manager and secretary of the Canada Steamships Lines to appear on Friday to give evidence regarding the stock of the company and the profits made during the last six years.

44.4 cents. The gross profit was \$2.65 per ton and the margin set by the fuel controller was \$2.49.

Following the evidence of the Ottawa coal dealers, discussion arose on a suggestion by the chairman that an interim report should be presented to the house. The chairman intimated that he was preparing such a report regarding meat products and eggs.

BIG FIRE IN QUEBEC

Quebec, June 22.—A fire which caused damage to the extent of about half a million dollars was discovered shortly before 6 o'clock this morning in the Terrasse & Racine block fronting on St. Paul, St. Thomas and St. Andrew streets.

The Tooth Paste That Has Punch and Snap

The first time you use it you will realize that Minty's adds zest to the joy of living. It seems so full of punch and vigor that you know it has done its work well.

Duke Now Chief of St. Regis Indians

Corwall, June 21.—The Duke and Duchess of Devonshire and party arrived here by special train and were given a cordial welcome by the citizens of the town and a large number of people from the surrounding district.

He is a son of E. S. Hennigar, 28 Orange street, and has been a missionary in Japan for fourteen years. Two years ago he enlisted in the Imperial army in Japan and went to France as a conducting officer.

THE OLD COUNTRY IS BUYING OUR CANDY The effectiveness of group organization in the development of foreign trade is indicated by the success of the recently organized "Biscuit and Confectionery Industries of Canada," which association includes ten Canadian firms engaged in the manufacture of biscuits and confectionery.

Are Your Feet Calloused? Easy to remove lumps by applying Putnam's Corn and Wart Extractor. This purely vegetable remedy acts painlessly and is guaranteed. Inset on Putnam's only 25 cents per bottle.

Abbe Effervescent SA GIVES YOU HEALTH The New York Journal states that German machines sold in Holland at prices 10 per cent below the Dutch manufacturers cost. The machines in question were made by Krupp and sold for cost price.

MUTT AND JEFF—SIR SIDNEY DOESN'T KNOW WHEN HE'S BEING SPOOFED

GOOD YEAR MADE IN CANADA CORD TIRES

KARAT—measure of purity for gold; solid gold is generally 14K. because this quality gives longest service and greatest satisfaction. —Oxford Dictionary.

14 Karat Fine—This Tire

Men speak of the Goodyear Cord Tire as jewellers speak of a solid gold watch-case.

It is a piece of craftsmanship, fine and worthy of its producer.

It embodies value far beyond even the high-grade materials used—for in the Goodyear Cord Tire is a value of workmanship unsurpassed in any tire.

And the result? The same fine service, long-lasting and economical, as is given by a solid gold watch-case. The same finished and handsome appearance. The same pride of ownership.

And just as no substitute can ever give you the value of solid gold, so no tire less worthily built can give you the value of the Goodyear Cord Tire.

For really lower tire cost—for lower costs for the year—try a set of Goodyear Cords. In mileage, comfort, gasoline-saving, they will outdo your expectations.

See the Goodyear Service Station Dealer. He has the story of Goodyear Cord Tire Saving in facts and figures.

The Goodyear Tire & Rubber Co. of Canada, Limited.

and rain checks were issued the patrons, which will be good for the next event.

In the Free-for-All, Frederickson, June 21—Ex-Alderman Hugh O'Neill, secretary of the Frederickson Park Association, which controls the local race track, stated this morning that there was absolutely no truth in the story which is current to the effect that Adolo Guy, the first horse owner, had been offered \$5000 by B. F. O'Neill, of Halifax, to buy the track.

The owner of Adolo Guy received an offer which it is understood was for \$5000, but has stated definitely that his horse will race in the free-for-all here, in which he was entered several weeks ago.

ATLANTIC

Irish Wine Race, The first race of the season under the auspices of the R. K. Y. C. was held on Saturday afternoon and was won by the Irish wine, which was owned by the privateer third. The race was run from Millville to Rocky Point and back.

Purchase Flashes Home First Again

15,000 See Hildreth Star Outfit Entitled in Stayover Handicap at Jamaica

New York, June 21—Samuel C. Hildreth's Purchase proved his racing quality beyond cavil yesterday, and in the opinion of a majority of the 15,000 persons at Jamaica qualified as a real rival of Commander Ross' champion three-year-old, Sir Barton. Carefully nursed through the early part of the season, while Sir Barton was making the turf world ring with his praises, Purchase made his third appearance in the Stayover Handicap for three-year-olds and, in his two previous outings under colors, he won with ease.

No easy task was set the new star in the turf world, which gained the respect of the experts by his victory over Billy Kelly in the Southampton Handicap on the opening day of the meeting. The victory had placed him second to Sir Barton in the opinion of the official handicapper, and in the Stayover Handicap he was asked to carry 125 pounds, three pounds over the scale, and to compete four pounds to J. W. McClelland's Hildreth, which was believed to be admirably suited by the distance of one mile.

With Loftus in the saddle, Purchase performed his task in a workmanlike manner, and though his margin of victory was but half a length he was being eased at the finish and undoubtedly had covered by a far greater margin. The time of 1:28.4-3 constituted a track mark, as the Stayover was the first race at a mile ever held on the track.

London, June 21—(Canadian Associated Press)—The recent camp disturbances at Epworth, where there can be no conceivable excuse, it is just a criminal folly which all decent Canadians will condemn as they are subject of a special order of the day by General Turner, which is directed to be read out to all ranks immediately.

The general first says with deep regret he feels compelled to refer to the senseless acts of rioting recently occurring in the Witley Camp. Fortunately, he says, the better elements in the camp prevailed, and the disturbances were recognized their duty, they would not have allowed the disturbance to reach the dimensions it did. He thinks they have learned a lesson for the future.

For the more serious and shameful disturbances at Epworth, where there can be no conceivable excuse, it is just a criminal folly which all decent Canadians will condemn as they are subject of a special order of the day by General Turner, which is directed to be read out to all ranks immediately.

For the more serious and shameful disturbances at Epworth, where there can be no conceivable excuse, it is just a criminal folly which all decent Canadians will condemn as they are subject of a special order of the day by General Turner, which is directed to be read out to all ranks immediately.

The general first says with deep regret he feels compelled to refer to the senseless acts of rioting recently occurring in the Witley Camp. Fortunately, he says, the better elements in the camp prevailed, and the disturbances were recognized their duty, they would not have allowed the disturbance to reach the dimensions it did. He thinks they have learned a lesson for the future.

Sidelights On Sport

The New York Yankees are again out in front in the American League race and there is great rejoicing in Gotham. The setback they received in the series with Cleveland was a keen disappointment to the many fans in New York, who are taking a great interest in their club's welfare. Hannah was responsible for the loss of the last game to Cleveland. The big catcher made two wild throws that paved the way to defeat. Pink Bodie, who is one of the leading hitters on the club, emulated the famous Casey in the eighth inning, the head of the bat, and he was the winning run and approached the plate amid the frantic shouts of thousands of fans. However, he took three lousy swings, at the ball and wended his way back to the dugout.

The Philadelphia Athletics, by winning a bigger percentage of their games since the return of Davis and they may make a lot of trouble for their opponents before the season is over.

There was no change of note in the National League, the Giants holding their lead over Cleveland by defeating St. Louis, while the runners up were being trimmed by Philadelphia.

In the International League Baltimore won four games and is away out in front. The Toronto club are having all kinds of hard luck. First Purdie, their star third sacker, had two ribs broken, then Constable's shortstop hurt his leg and went lame. Next followed by McLean, who was shortstop. He also had a couple of ribs cracked. Now Holden, their star

center fielder and slugger, is out with a broken bone in the shoulder, while Beckenridge, their right fielder, is also nursing an injury. Nearly all of the injuries were the result of collisions.

The announcement in these columns Saturday that Carleton and St. Peter's would meet this evening was erroneous. The games for the week will be as follows: Monday, Carleton vs. Fairville; Tuesday, St. Peter's vs. M. C. L.; Wednesday, St. Peter's vs. Carleton (postponed game); Thursday, Carleton vs. Y. M. C. L.; Friday, St. Peter's vs. Fairville.

As the North Star League this evening the members of the Women will meet at a good game is expected.

Pictures of the fight between Willard and Dempsey are just being taken in a balloon. It is hard to see the fight when he promotes a fight. The best writers and advertisers at night, in coming from Willard's training camp it is said his work is short and just what is needed by the public. In some centres Dempsey is a favorite. One bet was posted in Buffalo recently \$100 to \$200 that he will not last eight rounds. In Chicago and New York Willard is a six to five favorite.

There is a report in circulation that champion Benny Leonard is now in the city. He is said to be rich and is at present boxing only for the love of the game.

GENERAL TURNER VERY DEFINITE ON DISTURBANCES

Special Order of the Day To Troops in England

Everyone Present and Not Helping Held Blameworthy—Holds Out No Hope for Amnesty at Conclusion of Peace

London, June 22—Four reports of the coal commission which had been considering nationalization of British mines have been published. The main report is a departmental memorandum on the subject of coal control. It also recommends immediate legislation for acquisition of mines, royalties for the state and for owners to receive just compensation. It also recommends the immediate application of local administration of mines through local, district and national mining councils and legislation for acquiring mines after the plan has been approved by the coal commission.

The report of the miners generally agrees with that of Justice Sankey, but objects to provisions that would require the men to sign a contract not to combine to cease work until a question in dispute has been referred to arbitration. This report denied that the diminished output of coal is the fault of the men, and demands an immediate inquiry. The men are similarly requested to accept the subject. The three representatives of the miners, Messrs. Hodges, Miles and Smith, object to competition being given, apart from allowances where the small royalty owners are deprived of their livelihood.

The owners' report figures argue that any form of nationalization would be detrimental to development of the industry and the economic life of the country. It says no action so vitally affecting the industry should be taken without referring the question to the community. The report recommends the establishment of a department of mines which would be assisted by a system of councils, similar to those recommended by the miners. A view is expressed of the difficulties arising from royalties this report proposes that the state acquire ownership of the coal subject to the continuance of existing leases for at least sixty years.

The four reports, written by Sir Arthur Drickham, recommends state acquisition of the entire mineral rights of Great Britain and the nationalization of a minority of mines with representation for labor on the directorate.

London, June 22—(By The Associated Press)—The German officers and sailors, forming the complements of the German ships interned at Scapa Flow, sank most of their fleet today. All the big ships, the battleships and battle cruisers, excepting the Baden, and numerous craft were sunk, while others went ashore in a half sunken condition.

The German officers and crews have been made prisoners. None of the officials tonight would offer an opinion as to how they are to be dealt with. The Admiralty first denied the report, but later confirmed it and issued an official statement. The statement says: "According to the latest reports from Scapa Flow all the interned battleships and battle cruisers have been sunk, except the battleship Baden, which is still afloat. Five light cruisers have been sunk, but three have been beached. Eighteen destroyers were beached by local tugs. Four destroyers are still afloat. The rest of the destroyers have sunk."

A German rear-admiral and most of the German crew of the ships are now in custody aboard British ships. Some boats from the ships refused to stop when ordered and were fired upon. A small number of Germans were killed or wounded.

In accordance with the terms of the armistice, the German ships were interned with skeleton crews as caretakers and without British guards aboard.

MARCONI JOINS THE ITALIAN DELEGATION TO PEACE CONFERENCE

Rome, June 23—(Havas)—The Italian delegation to the peace conference hereafter will be composed of former Foreign Minister Tittori, Senator Marconi and Senator Scelasio.

STRONGLY CRITICIZES SENATE.—That the senate in voting to bring to an end the measures passed by the government to prohibit the manufacture, importation and sale of intoxicating liquors until the end of the war and for have to say to you now is that these disturbances must and shall cease, and that whatever steps are necessary will be taken to ensure that they do cease.

ON TRIP TO PACIFIC.—Rev. J. A. MacKeigan of St. David's church is going through to the Pacific coast as Y. M. C. A. representative with troops from the hospital ship Essequibo. He will spend a fortnight on the way back visiting some of the principal cities en route.

Professor J. W. Falconer, D. D. of Fine Hill College, Halifax, occupied the pulpit at both services in St. David's church.

GERMAN CREWS SINK THEIR FLEET AT SCAPA FLOW

London, June 22—(By The Associated Press)—The German officers and sailors, forming the complements of the German ships interned at Scapa Flow, sank most of their fleet today. All the big ships, the battleships and battle cruisers, excepting the Baden, and numerous craft were sunk, while others went ashore in a half sunken condition.

The German officers and crews have been made prisoners. None of the officials tonight would offer an opinion as to how they are to be dealt with. The Admiralty first denied the report, but later confirmed it and issued an official statement. The statement says: "According to the latest reports from Scapa Flow all the interned battleships and battle cruisers have been sunk, except the battleship Baden, which is still afloat. Five light cruisers have been sunk, but three have been beached. Eighteen destroyers were beached by local tugs. Four destroyers are still afloat. The rest of the destroyers have sunk."

A German rear-admiral and most of the German crew of the ships are now in custody aboard British ships. Some boats from the ships refused to stop when ordered and were fired upon. A small number of Germans were killed or wounded.

In accordance with the terms of the armistice, the German ships were interned with skeleton crews as caretakers and without British guards aboard.

SHEDAC BOY STRUCK BY LIGHTNING; BLIND FOR TIME

Moncton, N. B., June 22—During a very heavy electrical and rain storm at Shediac on Saturday afternoon, half the size of marbles fell and some damage was done by lightning. Willie Gagner, a six-year-old boy, while standing in the doorway of his home was struck by lightning and the shoes torn from his feet. He was unconscious for two hours and when restored was totally blind, but

BIG CIRCUS IN TOWN TODAY!

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to start one hour earlier than usual, in order to make full connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m. (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and change.

LOCAL NEWS

NEW CURATE ASSISTS
Rev. D. T. Wright, new curate of St. Leo's church, arrived in the city on Saturday from New York. Yesterday he assisted at the morning and evening services.

NOW VERY ILL
Friends of Policeman James H. Goss will be sorry to hear that there is no improvement in his condition today. Little hope is held out for his recovery.

AN AUTO REPORT.
A. L. Stearns was reported by Policeman McNamee for speeding the foot of King street at 10.15 one day last week. The defendant declared he did not have the car on that day, as it was in Mr. Graw's garage. Chief Street, for repairs, and also that he was in his office on that day till six o'clock. The case was postponed until Wednesday morning.

TO HAVE WAREHOUSE HERE.
Policeman Stearns has received from E. B. Ester & Sons, wood-workers, of New York and London, Eng., a letter intimating that it is their intention to open a warehouse in St. John. This firm has two small factories in the province for the manufacture of various articles of wooden ware, and it is their intention to use St. John as a distributing and shipping centre.

BIG SCHOONER HERE.
The Jane Palmer, one of the largest schooners that ever called into this harbor, is at present riding at anchor in the stream. She came here in ballast from New York and is to load deals for the United Kingdom. The schooner was built in Boston in 1894 and is 240 tons. It is in command of J. T. Knight & Company. Other five masters have been here, but they are said to have been differently named.

MORE FISH INQUIRIES.
Many inquiries for prices and samples of fish have been received recently by the St. John Board of Trade through the Canadian Trade Commission. The bulletins are passed on to the various fish pickers and dealers in the province, and while it is known that samples here been sent and prices quoted, it has not been ascertained whether business has resulted. The most recent bulletins are for general points in Spain, Venezuela, Dutch Guiana, Rio Janeiro and Liberia.

IN BAY SERVICE.
A small steamer, the Glenholm, arrived here on Saturday night from Yarmouth on her maiden voyage. She is owned by the St. John Steamship Company and is to be used between St. John and Yarmouth and launched on April 15. She is 130 tons register, 80 feet long, 17 feet over all and twelve feet deep. In addition to a large cargo space she has accommodations for 20 passengers. She is in command of Captain H. W. Moore.

OFFICERS CHOSEN.
The Holy Name Society of St. John the Baptist church, formed during the mission held there a week ago, met last evening and chose their officers for the ensuing year. There were between 120 and 200 men present. The officers elected were: President, John J. Deane; secretary, Daniel Griffiths, and treasurer, David Hunt. The chaplain, Rev. F. J. McMurphy, addressed the meeting.

ST. JOHN'S ALLEYWAYS.
The board of trade in one of the upper Canadian cities has asked the local board of trade for information as to whether the public alleyways in the city are kept up by the city or by individuals. Commissioner Fisher said this morning that those alleyways which are owned by the city are of course maintained by the department of public works, but in the case of those owned privately, the duty of looking after them falls on the individual. In the case of proper care not being taken of them, the city possesses the right to close them to public traffic.

FINE SCHOOL RECORD.
Miss Beryl Mullin of St. John, a student at the Sacred Heart Convent, Sault Ste. Marie, Montreal, returned home on Saturday after another very successful year of studies. Of the seven prizes awarded to her she won the first in history, geography, literature and composition—and second in the three others—Latin, Christian Doctrine and mathematics. Her success this year duplicates her record of the previous year. She was accompanied home on Saturday by her mother, Mrs. Daniel Mullin, who had gone to Montreal to say good-bye to her sister, Miss Madeline Gentry, on her leaving on a visit to Italy.

ST. PHILIP'S SUNDAY SCHOOL.
The Children's Day exercises of St. Philip's Sunday school last evening were highly appreciated by the congregation. Those who took part were little Alexander Leslie, Kate Leslie, Kathleen Middleton, Edith McIntyre, Hazel McIntyre, Blanche McIntyre, Marjorie Marsh, Kathleen Richie, Emma Ogden, Ethel Boyd, Pearl Boyd, Helens Adamson, Agnes Stewart, Maud Stewart, Mrs. Annie Edison and Miss Della Walcott. There were remarks by Superintendent R. H. McIntyre, also by Rev. R. H. W. Pinkett, the pastor, Rabi Spencer, violinist played music. Miss Beatrice McAleer assisted in training the children. She also being the Sunday organist, presided at the organ.

TUG CAPTAIN AND THE WEIRS.
A captain on one of the local tugs said to a Times representative this morning that this harbor was becoming so blocked with fishing weirs that it was difficult for them to get their boats round to attend to their work. He said that it was hard to tow a schooner to Wiggins slip and that a similar situation existed along Strait Shore where there was danger of tearing into the weirs while towing schooners to the wharves. The current, he said, ran very strongly in that section and a boat could very easily be carried upon a weir. Weirs, he said, were also interfering with handling ships about Hillyard's blocks and in addition to these fishermen have nets strewn about the harbor, making it hard to move about to get work done. He felt that something should be done to remedy this matter.

POTATOES WILL SOON BLOSSOM

This was one of the loveliest mornings of the season along the river. City people were very reluctant to come back to the city. The Queen had a large passenger list, however, and they greatly enjoyed the trip in the sparkling sunshine. The Queen will make an early trip down next Monday morning, arriving at Indiantown before nine o'clock instead of toward home.

Rain late in season was of immense benefit to crops and the gardens are flourishing. Potatoes budded for blossom are seen in some of them.

The first dance of the season was held in the pavilion at Public Landing on Saturday evening. An excellent piano has been purchased by the committee and the young people enjoyed themselves very much.

The Valley Railway station, which had been removed a point almost opposite the wharf. Improvements have been made to a number of cottages at the Landing and this promises to be the liveliest summer resort before the war. A number of cars as well as motor boats were at the Landing yesterday.

Rev. Dr. Heine was a visitor yesterday and held a service in the camp of some thirty or more Bulgarians who work on the Valley Railway. Dr. Heine can speak the language and the service was much appreciated. These men belong to the Greek church. Down at Nepesin there is a mixture of Rumanian, Russian, Bulgarian, Italian, English and French.

The river had a lively aspect when the Queen went up on Saturday afternoon. Yachts were out in Grand Bay, motor boats were cruising up and down, and there was a large picnic from the city at Crystal Beach. Selye's Point is a great favorite with motor boat parties, and many of them were there yesterday, although a strong wind made it rather interesting for small boats in the bay and along the beach.

POLICE COURT

Further Reference to Girls Walking Streets at Night

In the police court this morning two men were charged with drunkenness. One told the court that he was in Rockwood Park on Sunday evening when two men came along and offered him a drink which he took. The magistrate severely reprimanded him and said that if all persons who were in the street after nine o'clock in the evening and could not give a good account of themselves, were arrested, conditions in this city would be much improved. He said that young girls were allowed to roam the street at night. He said that all girls should be gathered in if they were found in the streets after nine o'clock.

One of the men accused was fined \$8 or two months in jail and the other was remanded.

William Hayes, was charged with being under the influence of liquor and also with using profane and obscene language. Policemen Lindsay and Gibbs gave evidence. The accused was remanded until witnesses for the defence could be summoned.

A case against Leo Hayes and Walter Elliott, charged with assaulting Jake Hum, a Chinese, in his restaurant, was remanded but postponed until Wednesday morning, as one of the witnesses could not speak English and an interpreter would have to be agreed upon. E. S. Ritchie appeared for the prosecution and W. M. Ryan for the defendants.

A case against Cecil Livingstone, charged with being drunk, was remanded until this afternoon. E. S. Ritchie appeared for the defence.

ENGLISH NUMBER OF THE 236TH KILTIES' JOURNAL

Another issue of the Breath O' The Heather, the regimental journal of the 236th Battalion, Maclean Kilties of America, has been received. This is a Sean Ford-Bramah number, published in England, and completes the record of the battalion from the time of sailing for England until the last draft departed and the unit went out of existence as a military organization. Six numbers had been issued previously by Frederick, Valcartier, Boston, Quebec, and Montreal and it is the intention of the officers to get out another at the time of the reunion which is to be held in Boston on Labor Day, this fall. The current issue contains full page portraits of the chief of the clan, Sir Fitzroy Donald Maclean, Bart., K. C. B. of Duart and Morvern, and the chief of the battalion, Lt.-Col. P. A. Guthrie, groups of officers, draft detachments and a scene at the final review. Articles comprising the history of the unit and other matter go to make an attractive number.

BIG TROUT CAUGHT IN LAKE LOMOND

Some large red trout are being caught at Upper Loch Lomond. On last Saturday Ogden Smith had a rise from a very large one and landed it. The fish was nearly twenty inches long and weighed four pounds and seven ounces. The catch was made in that part of the lake opposite Johnston's Hotel. Smith had to use a net that weighed three pounds. There is material in this for the N. B. Tourist, Game and Resources League.
