RIBECOURT HAS FALLEN TO FRENCH

British Also Advance the Line—Both Sides Gathering Strength for Resumption of Heavy Fighting

Paris, Aug. 15—Both sides are gathering strength for a resumption of heavy fighting. That, however, does not prevent the French from hammering away at the Lassigny-Noyon line...

London, Aug. 15—The British line has been advanced slightly east of Rainecourt, in the district northwest of Chaulnes, on the Picardy battlefield.

Paris, Aug. 15—Havas Agency—General Hans Von Boehn, the German "retreat specialist," has been appointed to the supreme German command on the Somme front.

With the British Army in France, Aug. 14—(By the Associated Press)—In the battle area between Fouquetcourt and Roye, the enemy appears to be in a fairly strong position in the old trenches behind the rusty wire erected prior to July, 1916.

There have been only a few real developments on the British front in the past few hours. The Australians have cleared the enemy from Cateaux Wood just south of Bray, straightening their line at the river and eliminating an enemy strong point.

The Germans have not desisted from the practice of leaving man traps in the territory from which they have been chased. The body of a British officer found in a wood had a German grenade attached to the wrist in such a manner that it would explode had the body been moved incautiously.

Boy Has Fighting Chance

Master Halliday of city road who met with a serious accident at the end of the Wall Street bridge last week when struck by an automobile is still in a precarious condition in the hospital, though sufficiently improved to allow of the setting of his broken thigh.

TAKES PLACE OF VON CAPELLE

Amsterdam, Aug. 15—Vice Admiral Behncke has been appointed state secretary to the German admiralty (minister of marine). He was formerly vice-chief of the naval general staff. He succeeds Von Capelle.

GERMANS HAVE BEGUN CONSCRIPTING RUSSIANS

London, Aug. 15—A despatch to the Daily Mail from Vladivostok dated Sunday says the Germans already are conscripting Russians on a small scale. "According to stories of prisoners taken by the Czechs-Slovaks," says the despatch, "German flying columns are impressing males from eighteen to forty-five years of age and are bringing those who disobey the mobilization order before Germanized revolutionary tribunals, which condemn them to death."

SOLDIERS SHOULD STOP IT

During the recent darkening of city lights the authorities evidently overlooked a very important matter—the lighting of bonfires on shores along the adjacent coast. A few evenings ago when city folks were groping their way through the streets no fewer than ten rousing big bonfires were alight on the Bay Shore sands, around which merry-makers sat and "carried on." It is not generally understood that this is the kind of "carrying on" the military authorities want. Bay Shore is the most exposed part of the city, and to build joy-fires upon it is unpatriotic thoughtlessness. If fires are needed to heat the coffee, put them out when supper is over.

TRANSPORT IN FIGHT WITH A SUBMARINE

An Atlantic Port, Aug. 14—The members of an American transport's crew arriving here this evening gave accounts of a duel Tuesday afternoon between the naval gunners of their ship and a German submarine which attacked their ship three hundred miles off the American coast.

KEEPING RECORD OF WAR CASES

London, Aug. 14—(Canadian Press despatch from Reuter's Limited)—Premier Borden, in opening today the exhibition of war specimens collected by the Canadian Army Medical Corps, remarked that the British and French hospitals were keeping the most careful records of war cases. He was assured that these would be of the greatest service in the future to medical science. It was, he added, gratifying to know that the Canadian medical officers, backed by the Canadian government, were assisting in this work.

TO TIMES READERS AND ADVERTISERS

The supply of gas was shut off by the Power Company this morning soon after ten o'clock and the Times was therefore unable to operate its linotype machines in which the metal is melted by gas burners. Only a limited amount of type can be set by hand. Readers and Advertisers, with these facts before them, are requested to exercise patience and forbearance.

JUST FOUR WEEKS AGO SINCE THE TIDE OF BATTLE TURNED

Paris Papers Outline Change Which Month Has Brought—Kaiser's "Retreat Specialist" Placed in Command on Somme

Paris, Aug. 15—Just four weeks ago today the residents of Paris were awakened by the sounds of such a cannonade as they never had heard before. It was General Mangin's "counter preparation" against the great German attack which the enemy believed was to bring him to the gates of Paris.

In phrases tempered with joy the morning newspapers outline the great change that one short month has brought. The enemy, who was at the gates of Amiens, Rheims and Compiègne, has been soundly beaten and out-generalled at every point, and initiative has been wrung from him by the military genius of Marshal Foch. The German command, it is said, has transferred the direction of operations to General Von Boehn, a specialist in retreats.

Allied troops have captured 73,000 prisoners and more than 1,700 guns. This is a greater number than the Allies have taken in four weeks since the beginning of the war.

JULY AIR RAIDS INTO GERMANY

Total of 96 With 81 Tons of Bombs Hurlled at Enemy

London, Aug. 14—A record number of air raids were made into Germany during July. The total is said authoritatively to be ninety-six. The bombs dropped amounted to eighty-one tons.

COMPLETE MASTERY OVER HUNS IN AIR

London, Aug. 14—Canadian Press despatch from Reuter's correspondent at British army headquarters cables that our mastery of the air is so complete that it is difficult for the Huns to cross our lines in daylight. Lieut. Dillik, one of the star airmen of the Richtofen circus is reported forced to land behind our lines. It is said he brought down thirty-one of our machines.

HAD HOST OF FRIENDS

Among the passengers on the outgoing Montreal express last evening were Mr. and Mrs. F. B. Cowgill, who are returning to the United States. Mr. Cowgill has been manager of the New Brunswick United Typewriter Company here for the past twelve years and has made many friends. His departure will be keenly regretted. Mrs. Cowgill has been secretary of the ladies' association of the Church of England Institute; the Trinity church branch of the women's auxiliary; the ladies' association of the New Brunswick Natural History Society; the Housewives' League; and the Wednesday Evening Club. For many years she was secretary of the Women's Suffrage Association, and a few years ago at her suggestion, the referendum was taken for the municipal franchise of married as well as single women. She was also a member of the executive committee of the social service council, and of the Animal Rescue League. At the dominion exhibition, held in St. John in 1910, she was secretary for the woman's department. In fact her executive ability has always been helpful in the cause of right. Some time ago, in recognition of her services, Mrs. Cowgill was made a life member of the woman's auxiliary of the Trinity church. At the dominion exhibition, held in St. John in 1910, she was secretary for the woman's department. In fact her executive ability has always been helpful in the cause of right. Some time ago, in recognition of her services, Mrs. Cowgill was made a life member of the woman's auxiliary of the Trinity church. WEATHER REPORT

Moderate to fresh west winds. Fine today and on Friday; not much change in temperature.

Strike Ends; Few Hours Old

City Advances Company \$10,600 on Lighting Account

Mayor's Plan Accepted and Preparations Were Under Way to Resume Power Company Service This Afternoon

The strike of the employees of the New Brunswick Power Company, which includes the staff of the power house, gas plant and motormen and conductors of the street railway, went into effect this morning, but through the intervention of Mayor R. T. Hayes and members of the Board of Trade and City Council a speedy settlement was arranged.

The company insisted that they could not meet the demands of the men to pay them the increase of six cents an hour, dating back to April 1, as they did not have the necessary finances, so Mayor Hayes on behalf of the city agreed to advance the company \$10,600 on street lighting account. This was acceptable to the company and plans were made to have the service resumed this afternoon.

This morning when the men went to the sheds to take out their cars they found a sign informing them that no cars were to be taken out. The employees had named nine o'clock as the hour when the strike was to go into effect, but the company apparently took the initiative and declined to let the cars go out this morning.

A meeting of the employees was then called and at nine o'clock the members of the Division 663 met in Temple building, Main street, to discuss the situation. Commissioner H. R. McLellan arrived and exhorted the men to use discretion and avoid any demonstrations. He also appealed to them with regard to shutting down the wheels of industry by closing off the power and gas plants.

At the conclusion of his address the meeting discussed the situation and as B. Power, F. A. Campbell and Percy Moore were appointed to reply to the commissioner agreeing to operate the machines, other than for running the street railway, for 48 hours if given a protecting body of uniformed men picked from the union.

The commissioner replied in appreciation.

ALL SUPPORT TO MEN OVERSEAS

Hon. N. W. Rowell Says Union Government Will Carry Out Promises

Newcastle, Ont., Aug. 14—"So long as I am a member of the government responsible for the administration of public affairs, I shall feel it to be my bounden duty to men and women who have fallen and lie buried at the front, as well as the cause of liberty, to see that adequate reinforcements are provided to carry on the work for which they have given their lives."

ROOSEVELT'S NOBLE REPLY

Paris, Aug. 15—Havas Agency—In Colonel Roosevelt's answer to condolences extended by President Poincare on the death of Lieut. Quentin Roosevelt he says: "My only regret is that I am unable to fight beside my sons."

Peasants March On Petrograd; The Soviet Moves To Kronstadt

London, Aug. 15—The Soviet government has issued a proclamation declaring that the Russian republic is in danger. The Petrograd Soviet has removed to Kronstadt. Bands of armed peasants are reported marching on Petrograd. Dissatisfaction with the Soviets is said to prevail everywhere in Russia.

Reuter's Limited, learns that the British troops on their way to join the Czechs-Slovaks on the Ussuri front were received by the Czechs with the greatest enthusiasm. The Czechs-Slovaks in Siberia are liable to be cut off altogether, says the correspondent of the Times at Vladivostok. In an editorial the Times emphasizes the urgency of hastening Allied action. The Times says the Czechs have been driven back from the Ussuri front, and also have suffered reverses in Eastern Russia. It is imperative, the Times declares, to send help to Western Siberia through Harbin.

QUITTING MOSCOW

Amsterdam, Aug. 15—(British Wireless Press)—Soviet troops have begun to evacuate Moscow. The gold reserves which had been in the basement of the Kremlin already have been removed to an unknown palace. Amsterdam, Aug. 15—British Wireless Press—Soviet troops have begun to evacuate Moscow. The gold reserves which had been in the basement of the Kremlin already have been removed to an unknown palace.

HAS REACHED ENGLAND

Mr. and Mrs. Thos. W. Melvin of St. Martins, have received the welcome news that their second eldest son, Sapper Geo. H. F. Melvin, has arrived safely in England. Before joining the colors Sapper Melvin was in the employ of William Lewis & Son, Britain street. Mrs. E. H. Stacey, 163 St. James street, is a sister.

BANK CLEARINGS

The St. John bank clearings for the week ending today were \$2,345,024; last year, \$1,764,749; in 1916, \$1,836,202.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

CIVILIZATION AT GEM TONIGHT

Again tonight at 7.15 and 8.45 "Civilization" at the Gem. Eight reel stupendous war picture. Will operate our own plant if power company down, so shows as usual. Only five and ten cents.

"EVERYWOMAN" COMPANY ARRIVES TOMORROW

Sixty Five People and Three Car-leads of Scenery and Accessories

The biggest travelling theatrical aggregation to tour Canada this year is the Henry W. Savage company presenting the spectacular music-drama "Everywoman" to be seen at Imperial Theatre tomorrow and Saturday. It is like a small circus. Besides the players and stage workers the company carries its own orchestra and a pipe organ. Tomorrow at noon the "Everywoman" company reaches the city and the Keith house will be closed during the afternoon for rehearsal purposes and scenic equipping. The forty local people who are to earn some patriotic money working as ensemble in the Broadway scenes will rehearse during Friday afternoon.

Tickets for the show are selling quickly, in fact more quickly every hour. A bumper house is assured for the opening night and the matinee Saturday will be well attended also, many who saw "Everywoman" last year are intent upon enjoying it again. It is a production entirely different from the usual run of shows, it is in a class by itself.

LAST CHANCE TONIGHT TO SEE FINE BILL AT OPERA HOUSE

If you have not seen Lawton, that wonderful juggler, at the Opera House this week, do so tonight, for this is your last chance. Other good features on the programme are the Bennett Sisters, Elliott's Dog Circus, Bennington and Scott, those two jolly blackface chaps, Stewart and Crumley—and the fourteenth chapter of the serial, "Vengeance and the Woman."

LIEUT. J. W. HOLLY GIVES LIFE IN WAR

Popular Young St. John Man Met Death in Battle a Week Ago Today

Lieut. J. W. Holly has been killed in action. The news brought grief to relatives and many friends in St. John today. Lieut. Holly had been in the service more than two years. He was at Courcellette and was invalided to England after that battle. He spent the intervening time recuperating before his acceptance by the final medical board for return to the front. He had been for the last eight months in France again.

The word came today that he had been killed on Aug. 8. The gallant officer was only twenty-one years old and the eldest son of J. Walter and Regina M. Holly of this city.

Before enlisting he was employed in the B. N. A., and was a young man of wide popularity. He went overseas with the siege battery, but was transferred to a Nova Scotia battalion as lieutenant of B Company, No. 7 platoon.

The deepest sympathy goes out to the bereaved family who have been called on to make so great a sacrifice in the cause of right.

BOWL-SHAPED LAND MONITOR WITH REVOLVING TURRET.

A bowl-shaped tank of novel construction, shown in the September Popular Mechanics Magazine, is now being considered by the war department. It has a revolving turret, that makes it possible to fire in any direction, and will accommodate a crew of eight men. A scraper attached to its base enables it to fill shell craters and trenches. A periscope is used by the man who controls the turret.

TELLS WONDERFUL WORK OF THE RED CROSS OVER THERE

Cannot Send Too Much, Is Advice Given by Mrs. G. A. Kuhring to Women Workers.

You cannot send too much, is what Mrs. G. A. Kuhring said of the shipment of supplies from Canada to the Canadian Red Cross overseas when she spoke to a very large gathering of deeply interested women in the Stone church Sunday school yesterday afternoon. She visualized for her hearers in a wonderfully clear and simple way the vast work which is being done by the Canadian and British Red Cross societies, showing how the smallest gift of the humblest individual in Canada does its part in helping to carry on the work of mercy, which work is in the highest sense enabling to those who take part in it and is also forming a great bond of sympathy between all the allied nations. Mrs. Kuhring has recently returned from visiting England and France in the interests of V. A. D. and Red Cross workers and she told of the great appreciation which she had found of the complete efficiency of the Canadian Red Cross. As Mrs. John McAvity said in moving a vote of thanks to Mrs. Kuhring, she had been chosen by the people of St. John as the person best qualified to visit the scenes of Red Cross activity overseas and bring back to those at home a real and true account of what was being done. Now that they had listened to what they hoped was the first of many addresses on the subject they thoroughly congratulated themselves on their choice. Mrs. F. E. Fisher presided at the meeting. Mrs. Kuhring prefaced her address with a tribute to the splendid endurance shown by British soldiers and said that the spirit shown by the people of England was one of steady striving, ceaseless effort and self-sacrifice. She had met many New Brunswick friends overseas amongst whom she mentioned Dr. Murray MacLaren, Major J. H. McDonald, Captain Pidgeon, Mrs. Neilson (Miss Vroom of St. John), Miss Fitzrandolph, Dr. Thos. Lanney and Col. (Dr.) Corbett. From Major McDonald she brought back this message to his home people—"Cheer O, and Carry On."

The fine collection of photographs which Mrs. Kuhring had with her benefited greatly to the interest of her address. Mrs. John McAvity in moving a very hearty vote of thanks to Mrs. Kuhring said she hoped soon Canadian soldiers would be being cared for in just the way described but cared for on Canadian soil. Mrs. John H. Thompson, in seconding the vote which was unanimously accorded, said that the lecture would be a great incentive to more and greater efforts for the Red Cross in Canada.

Notice of Births, Marriages and Deaths, 50c.

DEATHS

HOLLY—Killed in action in France on Aug. 8, Lieut. J. W. Holly, aged 21, eldest son of J. Walter and Regina M. Holly of this city.

FLEWELLING—Suddenly at Toronto, August 14, Walter Flewelling, formerly of Hampton, N. B., second son of the late Hon. John Flewelling of Hampton. Burial at Toronto Friday, 16th.

IN MEMORIAM

HAYES—In loving memory of Pte. F. D. Hayes, who made the supreme sacrifice Aug. 15, 1917.

WARD—In loving memory of Private John Ward, who made the supreme sacrifice in France Aug. 15, 1917.

PERSONALS

A. R. Crookshank has received word that his brother, Harold O. Crookshank, has been gassed sub-lieutenant in the British navy and is now in London after a short visit with friends in Wales and Somersetshire.

MISS ENID HUTCHINSON OF ST. JOHN (N.B.) who has been the guest of her uncle and aunt, Mr. and Mrs. E. R. Cameron, at their summer home at Blue Sea Lake, returned with them to town yesterday and expects to leave this week for her home in St. John.—Ottawa Journal.

BIG GYROSCOPIIC UNICYCLE WITH MARVELOUS SPEED.

A gyroscopic unicycle now in course of construction, which the inventor claims will attain a speed of 300 miles or more per hour, is illustrated in the September Popular Mechanics Magazine. It will be driven by an aeroplane engine hung beneath the driver's seat. So great is its stability that a man can put his whole weight on either end of the axle without upsetting the machine, though the added weight will cause it to travel in a curve.

Kink in the Back

You bend over and can scarcely get straightened up again. This comes on you so suddenly you can't understand it.

This is lumbago. Like backache and rheumatism, it is the result of poisons in the blood. The kidneys are deranged, but the use of Dr. Chase's Kidney-Liver Pills will soon set them right. The pains and aches will disappear with the poisons when the kidneys do their work properly.

Notice To Gas Consumers

The New Brunswick Power Company wish to notify all Gas consumers that the Gas will be turned on at 12 o'clock tonight. Kindly make sure that all your burners are turned off, so that there will be no escapes when the Gas is turned on.

Those having Beler or Rudd instantaneous heaters should turn off both burners and pilot light.

LIGHTNING KILLS TWO MONCTON MEN

Were Standing in Stable Door When Bolt Struck Barn With Fatal Consequence.

Moncton, N. B., Aug. 14—During the severe electrical storm which swept over Moncton and surrounding districts this evening, Stirling Murray, of Moncton, and his step-brother, Charles Jamieson, of Cherryfield, were struck by lightning and instantly killed. They were engaged in hay making. The storm coming up quickly, they took shelter in a barn on a farm belonging to Adam Murray, Stirling Murray's father. While they were standing in the stable door lightning struck the peak of the barn and followed down the boards, but only slightly damaged the building. Murray and Jamieson, who were both about thirty-five years of age, met instant death. Adam Murray, who was standing beside them, escaped unharmed.

Dr. L. H. Price, Moncton, was summoned, but medical aid was of no avail. Murray was injured about the shoulders. Shoes worn by both men were torn off by the shock. Murray was a well-known Monctonian. He was a bookkeeper in the office of F. W. Sumner Company, hardware dealers, and had a large circle of friends. He was a member of Prince Albert Lodge, I. O. O. F. His wife, who was a daughter of Dunca McKinnon, Moncton, died about a year ago. While employed in the city, Murray was living this summer in a bungalow at Cherryfield and as usual went to his summer home this evening at the close of the day's work, arriving soon before the storm occurred. Jamieson had been employed also by the Sumner Company, as trimmer, but this summer engaged in farming at Cherryfield.

A large barn belonging to Robert Black, Middle-Coverdale, was also struck by lightning and completely destroyed. Eight calves, which were in the barn, were burned to death. Among the contents of the building destroyed were thirty tons of hay.

Alkali in Shampoos Bad for the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoo or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mild soap (which is pure and greaseless), and is better than anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mild soap at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

How Can You Make Hairs Quickly Disappear

(Helps to Beautify) Even a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with delicate cream. To remove the hairs, make a stiff paste with a little powdered deodorant and water, apply to hairy surface and after about 2 minutes rub off, wash the skin and it will be left free from hair or blemish. To avoid disappointment, be quite certain you get real delectate.

In the Dark

A colored minister was about to lead his congregation in prayer when suddenly the floor of the church sank a foot, causing a commotion among the parishioners. The preacher was equal to the occasion and quickly quieted his flock by solemnly saying: "Stay just where you're all is, my people de Lawd is wif you!"

Immediately a big Moose Peters jumped upon a pew and shouted: "Misto preacher, if de Lawd was wif me just now, den who all's done took ma fo' bits in his head low-down bunch o' blackberries?"

Shell Shocked Nerves

Shattered nerves are the source of greatest suffering to many a returned soldier.

The doctor can give something to relieve physical pain, but when the nervous system breaks down and you are sleepless, nervous and mentally worried, real cure only comes when the exhausted nerve cells are nourished back to health and vigor by such restorative, upbuilding treatment as Dr. Chase's Nerve Food.

What's the Exchange Value of Your Car?

ENGINE wear measures the worth of every car—determines its sale or exchange value. And lubrication largely governs wear.

Correct lubrication keeps a motor as good as new—cylinders smooth as glass, bearings in good condition, timing mechanism and valves working accurately, piston rings tight and compression good—every part of the motor running smoothly with the least possible wear.

CIVILIZATION AT GEM WONDERFUL

Stupendous Picture Grips All—Glorious Scenes and Tremendous Ones in War

Gem patrons last night were thrilled and enthused and held in deep, close attention as the wonderful motion picture, "Civilization" was screened. Throughout its eight reels there was a glorious succession of stupendous scenes at sea, on the battlefield, in bombed cities, in the court of the Red Ruler, typical of the Kaiser.

The picture is an allegorical story of the present war that has steeped the world in blood, that has set nation against nation, that has ranged armed forces against each other, the one aiming to master the world by might, the other to make the world free from tyranny. A country typical of Germany first is shown in peace times, with pastoral scenes that outdo the finest of oil paintings. Then comes the grim shadow of war and it is shown that with the Red Ruler rests the final decision whether or not the world is to be plunged into war. He decides for it. Then come terrific, marvelous scenes as armies are mobilized, as battles are waged on land and sea. Every arm of the service is shown in gigantic operation. The deadly submarine and the sinking of a liner are there, besides the bombing of whole cities, and other pictures of awful war. Br ad riots, famines, and then the peace cry of a beaten nation come with glorious pictures of "The Prince of Peace." There is pictured the end that must come with Allied victory. There is a striking patriotic note throughout all the picture.

He's Coming Later. Jones—Ah's put in de first infanry. What's yoh all in? Bones—Ah's—Ah's in deferred classification!

Get More Vim! Renew Your Strength!

If you are tired, nervous, sleepless, have headaches and languor, you need Dr. Hamilton's Pills; they tone the stomach, assist digestion, brace you up at once. Taken at night—your well by morning. Sickness and tired feeling disappear instantly. Vim, spirits, hearty health, all the joys of life come to everyone that uses Dr. Hamilton's Pills. No medicine so satisfactory. USE THE WANT AD. WAY

LIGHTNING PRETTY HEAVY

Reports from outlying districts indicate that the electric outbursts that accompanied last night's downpour were of the same close kind that frightened folks so greatly on two occasions lately. In some cases shingles were stripped from roofs, trees trimmed of their foliage and people momentarily stunned and blinded. The lightning seemed to come in waves and upon each flash in close proximity the air seemed to snap and crackle.

Cramps and Pains In The Stomach

QUICKLY CURED BY DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

Mrs. J. Fawcett, Hopewell Hill, N.B., writes: "I am writing you of my experience with Dr. Fowler's Extract of Wild Strawberry."

Last summer I was taken so very sick with cramps and pains across my stomach that I sent for the doctor. He said I had summer complaint and gave me some medicine, but it did me very little good. As I was reading your B.B.B. Almanac, I saw Dr. Fowler's Extract of Wild Strawberry advertised, so I asked my sister to go to the store and get me a bottle, and before I had taken all of it I was a well woman, and have not had the slightest return of the trouble since. I cannot say enough for your valuable medicine, and always keep a bottle in the house."

You run absolutely no risk when you buy Dr. Fowler's Extract of Wild Strawberry, as it has been a standard remedy on the market for the past 72 years. Ask for "Dr. Fowler's" and insist on getting it, as the cheap imitations are dangerous to your health. Price 85c. Put up by The T. Millburn Co. Limited, Toronto, Ont.

watch repairs go to Huggard, 67 Peters street. (Seven years in Waltham Watch factory.)

PROVINCIAL COMMITTEE.
Mrs. Richard Hooper has returned to the city from Fredericton where she attended a meeting of the food committee of the province which was called by Dr. Keirstead to consider the coming regulations with regard to voluntary rationing in private homes. Two months ago a meeting was called in each province by the food board representative of that province to discuss suitable methods of rationing. The decisions arrived at at those meetings two months ago were sent to Ottawa and revised there so as to have, as far as possible, an equal and uniform scheme for the Dominion. At Tuesday's meeting in Fredericton the revised suggestions from Ottawa were read and discussed and at a later date the decisions arrived at will be published. Those who were present at the meeting were Mrs. W. B. Atkinson, of Moncton; Mrs. Havelock Coy, of Fredericton; Mrs. Ellis, of Woodstock; Mrs. Fitzrandolph, of Fredericton; Mrs. John Harvey, of St. John; Miss McCain, supervisor of women's institutes in New Brunswick; Miss C. J. Osmond, of Hillsboro; Miss Jean Peacock, domestic science instructor in the normal school, Fredericton; and Mrs. E. A. Smith, of St. John. Many others were invited to be present but were unable to attend.

NAVY LEAGUE.
A meeting of the executive committee of the navy league campaign was held in the board of trade rooms on Wednesday, August 14, at 11 a.m. E. L. Rising was in the chair. The following officers were appointed for the campaign: E. L. Rising, chairman; A. O. Skinner, vice-chairman; J. M. Christie, treasurer; H. Schofield, secretary. C. B. Allan reported that he had received favorable replies from all outside districts regarding the campaign. It was decided that the business districts would be canvassed by the men on September 4, and that a house to house canvass and tag day would be held on September 5. The house to house canvass and tag day to be done by the different women's patriotic associations in the city. Mrs. M. E. Ed-

Go Before Grand Jury.
Quebec, Aug. 14—The thirty-seven young men from Beauce county who were charged with robbing, damaging offices of the registrars on registration day last June 22, were all bound over to the grand jury. The criminal court at St. Joseph Beauce will hold its term in June 1919.

Sealed tenders for the purchase of all or any of these lots addressed to:—
Director of Contracts, Military Headquarters, Ottawa.

Delivery of the goods to be taken at the Ordnance Depot in each Station, and must be removed immediately tender is accepted, and payment made. The Department does not bind itself to accept any tender.

NOTE—Newspapers will not be paid for the advertisement if they insert it without authority from the Department.

wards was appointed chairman of the ladies' committee. The following chairmen were appointed: W. S. Allison, P. W. Rosh, joint chairmen of the business houses canvass. Captain A. J. Mulcahy, David Lynch, joint chairmen of the bunting and decoration committee. F. G. Spencer, chairman of the advertising and picture house committee.

Her One Deformity
An Unnecessary Corn
When you see or feel a corn no repeated applications. There is no after-soreness. Millions of people have found a simple, easy way to completely end this trouble. It is the Blue-jay plaster. When a corn appears, they apply a Blue-jay, and do it in a jiffy. Then they forget it, for the corn never pains again. In 48 hours they remove the Blue-jay, and the corn is gone. Only a rare corn needs a second application. There is no muss, no bother, no repeated applications. There are none of the faults of the old-time methods, harsh and inefficient. It doesn't take one-tenth the time it takes to pare a corn. And paring cannot end it. For your own sake, make a test of Blue-jay. See what it does with one corn. It is doing just that with millions of corns, in a gentle, scientific way. Please find out—and now—what folly it is to have corns.

NOT OUT OF THE WOODS

When the outlook on the western front was very dark, and the Germans driving forward first at one point and then at another, and dependent people were asking if the Allies had any reserves to prevent threatened disaster, while the situation in Russia was very gloomy, this newspaper contended that we should take a new grip of our faith and believe that complete disaster for the righteous cause of the Allies was utterly impossible.

Today, with the initiative in the hands of the Allied commander and the enemy forced to relinquish practically all he gained at such tremendous cost since March 21, this paper would emphasize the warning against over-confidence, or any belief that the Germans will soon be pushed back to the Rhine and the war brought to an early end. There is no ground at all for such an assumption. The Allies have gained a great victory, and are still making headway, but the enemy succeeded in withdrawing the greater portion of his troops and war material and will presently make a determined stand on a strong line of defence. He cannot be annihilated at a blow, or his trained millions whistled down the wind. He must be worn out by long and continued pressure. There is no doubt of the final result, if the people at home are as devoted to their duty as the men in the line of battle. And that is just the point. There must be no relaxation of war-effort. The longer the war lasts the more terrible the sacrifice, and it will be the action of the people at home that will determine whether the end is to come within a reasonable period or be unnecessarily prolonged. We are not yet out of the woods. There is great cause for rejoicing at the changed aspect of the war, but we must still think war, talk war and concentrate on war work.

ALTERNATE EXHIBITIONS

The Maritime Merchant favors alternate exhibitions in Halifax and St. John. There will be no provincial exhibition this year in Halifax, and perhaps not next year. The exhibition buildings were destroyed in the great explosion, and homeless people are now temporarily housed on the grounds. St. John cannot have an exhibition this year, because grounds and buildings are in use for military purposes, and the like may be true next year. In the meantime the Merchant thinks this is a good time to get together and make such an arrangement as would in the future provide one big fair each year in these provinces. We quote—

"It was argued in the past by the directors of the Halifax exhibition that alternate years with New Brunswick would be of no use to Nova Scotia; that their fixed charges for carrying on were almost as great, whether the fair was held or not. We do not know whether this would obtain in the future, but in our opinion it does seem a pity that not got together and made an arrangement whereby they should each have an exhibition in alternate years. It does not seem to us impracticable that the machinery of one province could be utilized by the other province when it needed it; that is to say, the year when New Brunswick was having its, the manager for Nova Scotia, Mr. Hall, and his staff, would be loaned to New Brunswick, and the following year Nova Scotia would have the help of Mr. Porter of St. John and his staff. They might, in fact, be New Brunswick and Nova Scotia have an interprovincial commission, although we sense difficulties in the way of this that do not submit themselves in connection with the mutual loaning of managements. There is no doubt whatever that something needs to be discovered which will put more pep into the Halifax exhibition. We are not speaking now of the horse racing or the scenes in the midway, but of the departments that are properly described as exhibits, and perhaps the scheme of alternating between St. John and Halifax would be the thing that would do it. St. John would surely want to beat Halifax, and Halifax in turn would want to outstrip St. John. The rivalry engendered between the two places would not only make for a greater interest in supplying exhibits, but in a greater attendance of people, because loyalty to their own city would demand it. However, the prospect of another exhibition in Nova Scotia is still so far away that perhaps it is a waste of space to discuss it here. It will not be this year; it will not be next year, and it scarcely seems probable that it will even come to pass by the following year. Even if it come to Halifax it will not, we understand, be at the old site, for this, we are informed, is to be used as a part of a great development of another nature. But in whatever place, on whatever site, or at whatever time, the Nova Scotia exhibition is next held, we suppose New Brunswick will be taking advantage of the opportunity to improve her position in the exhibition world, and with a clear field for a year or two she will probably reap a great advantage. We have heard some suggestions that when a new provincial exhibition is established in Nova Scotia, it should be at some other place than Halifax. We fear that such a scheme is not feasible. It requires a large number of people to make an exhibition successful, and these will not be secured in the smaller places. Besides in the smaller places they would find it impossible to cater to a large number of visitors except at the greatest inconvenience to the local inhabitants. We think, therefore, that if the exhibition is to go on, it must be located at Halifax, and if we want the competitive spirit that will make it a success, we should try to have alternate years with St. John. Such competition would bring out the genius of the two places towards making both exhibitions in their respective towns, successful. Without it we doubt if success is possible."

"The enemy seems to have accepted defeat," says a cable from British army headquarters in France, referring to the battle area between Fouguescourt and Roye, where the Germans are now endeavoring to hold their ground but giving no signs of a counter-attack there or elsewhere on that front. A bulletin by way of Amsterdam says that the Soviet troops are evacuating Moscow. These are two very significant items of news.

In July of last year the Germans sank 534,839 tons of Allied and neutral shipping. Last month only 270,000 tons were sunk. Last month, also, the tonnage built was 280,000 tons in excess of that destroyed. The tonnage sunk this year is fifty per cent. less than for the like period last year. The submarine is beaten.

Both sides on the western front are reported to be gathering strength for a resumption of heavy fighting. The Allies still have the initiative. Both British and French made some gains yesterday.

The Allied advance on a fifty-three-mile front in Picardy has reached a maximum of fifteen miles and is not yet stopped.

DUKE EQUALS WORLD'S RECORD

New York, Aug 14—Kahanamoku, the Hawaiian swimmer, equalled his world's record figure of fifty-four seconds for the hundred yard swim in a seventy-five foot pool in winning that event at the Federal Rendezvous Carnival in Brooklyn tonight.

RECENT DEATHS

The death of Miss Fanny Symonds, second daughter of the late Edward and Frances B. Symonds, occurred at an early hour yesterday morning at her residence, 4 Peters street. The funeral took place yesterday afternoon and the burial will be from Christ church cathedral, Fredericton, this afternoon.

Woodstock, N.B., Aug. 14—A telegram to-day to N. D. Lister announced the death of his son, Guy, through accident in England. He left here a few months ago with a draft from the 6th Battery. No particulars concerning his death have been received. For several years he worked with his father in the barber business and was a well-known and popular young man.

Mrs. George Sowers of Burton died yesterday in the Victoria hospital in Fredericton. She was sixty-one years of age and is survived by her husband, six sons and four daughters.

Grand Falls, Aug. 13—James Harley, an old resident, died at the home of Mrs. and Mrs. Robert Caldwell on Saturday afternoon. His death was very sudden, as he had not been ill and was out only about two hours before he died. After coming in, he lay down and went to sleep. Mr. Caldwell noticed a change in

his breathing, and when she called him he was unable to answer. He never rallied and died in a short time.

Sydney, Aug. 14—The death of Rev. T. Chalmers Jack, D.D., for twenty-two years pastor of St. Matthew's Presbyterian church, North Sydney, occurred this morning at St. Matthew's manse. Dr. Jack who was a son of the late Rev. Lewis Jack was born in St. Stephen (N. B.), in 1851. His early school days were spent in St. John and he was a graduate of the University of New Brunswick. Later he studied theology at the Presbyterian College, Halifax, and was ordained in 1879. Prior to going to North Sydney he was minister of the Presbyterian church at Maitland for seventeen years having held only two pastorates since entering the ministry. He is survived by one sister, Mrs. A. S. Rosborough, who resided with him at North Sydney, and by one brother, Rutherford Jack, of St. John.

News of the death of Mrs. Sarah Flanagan, relict of the late Martin Flanagan, and eldest daughter of the late James Hamilton, of Moncton, was received to-day by her brother, H. F. Hamilton of Moncton. She resided many years in Richibucto, removing from there to take up her residence with her sons in Montreal. She is survived by two sons.

Use More Milk

LET milk play a bigger part in your daily diet. Use more milk—for health's sake. Use more milk—for economy's sake. Use more milk—for loyalty's sake.

Food specialists, doctors, experts all say that milk is one of the richest and most nourishing foods that Nature provides. And it is one of the most economical.

At this season of the year you should use lots of milk. Drink it at every meal—as a food. Let it take the place of meat, bacon, and other foods needed "over there." Use more of it in your cooking—because it adds a richer flavor, because it is more nourishing, because it aids digestion.

Try using more milk in your diet—for one week. See how much better you feel. See how much you save.

MAKE Carnation Milk Week August 15th to August 22nd—a memorial week in your home. Become better acquainted with the goodness, the many uses, the economy of milk—Nature's first food. And become acquainted with Carnation Milk—Nature's first food in absolutely pure form.

Into thousands of homes—all over Canada and the United States—we shall be introducing this better milk during the week of August 15th to August 22nd.

Thousands of new homes will learn that Carnation Milk is milk in its handiest form—in its safest form

- that, unopened, it will keep fresh for weeks!
- that it is economical (no waste)
- that it can be ordered with your groceries!

CARNATION MILK is rich, pure milk "from Contented Cows." It is "whole milk"—evaporated to the consistency of cream. Then sealed in air-tight cans and sterilized. Nothing but water is taken out of it. Nothing is put in to sweeten or to preserve it. It is just pure whole milk—of uniform richness and quality—sealed safe from contamination.

And you can use it for everything—for cooking—for creaming vegetables and soups—as cream for coffee—diluted, as a safe, nourishing drink for your children. It is the only milk supply your home needs.

Order a week's supply of Carnation Milk from your grocer—he is the Carnation Milkman. Always keep a few cans handy for unexpected needs.

CARNATION MILK WEEK

August 15th to August 22nd

Many fine, TESTED recipes are given in "The Story of Carnation Milk"—a splendid booklet you should have. These recipes will help you to combine variety with nourishment in your mealtimes. Write for a free, copy to-day—mention this paper, please.

A meeting of the International Union of Steam Operating Engineers was held last night. The meeting concerned itself with matters of organization and three new members were taken in.
Repairs are being made to the tracks of the Canadian Government railways along the western shore of Courtenay Bay. A gang of about twenty men is at work there and many new sleepers are being put in the road bed.

War Canning Bulletin
Issued by Canada Food Board

JUST LOOK!
Illustration by courtesy of National War Garden Commission, Washington.
Putting fruit and vegetables in a jar at this time of year is just like putting dollars in the bank. It spells economy and conservation and during the winter months, when we will be asked to save butter for overseas shipment, the foresighted women will rejoice over the good investment they made when the fruit season was on.
Nearly all the war gardens boasted some tomatoes and naturally the war gardener and his wife will want some of them next winter. To can tomatoes, choose firm, ripe specimens. Wash and scald them for two minutes in boiling water. Then place in cold water and remove the skins and core without cutting into seed cells. Pack whole in jars. Add one teaspoon of salt to each quart of tomato juice, made by stewing large or inferior tomatoes about ten minutes and pressing through a fine sieve. Adjust the rubbers and covers. Partly seal. Sterilize for 30 minutes.

Food Board Flashes For Feminine Folk

"Cookery means the knowledge of Medea and of Circe and of Helen and of the Queen of Sheba. It means carefulness and inventiveness and willingness and readiness of appliances. It means the economy of young grandmothers and the science of the modern chemist; it means much testing and no wasting; it means English thoroughness and French art and Arabian hospitality."
RUSKIN.
Yet girls—too many of them—despise domestic work. They will work on farms. They will do all kinds of chores. But they will not help the farmer's wife.
If cookery means all that Ruskin says it does, why has it so few devotees?

ISSUED BY THE CANADA FOOD BOARD
"Keep the Pot Boiling. Childhood's play becomes part of our Adult War Work."

WRIGLEY'S

Keep WRIGLEY'S in mind as the longest-lasting confection you can buy. Send it to the boys at the front.

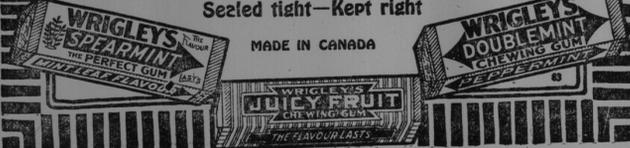

War Time Economy in Sweetmeats—

a 5-cent package of WRIGLEY'S will give you several days' enjoyment: it's an investment in benefit as well as pleasure, for it helps teeth, breath, appetite, digestion.

CHEW IT AFTER EVERY MEAL

The Flavour Lasts

Sealed tight—Kept right

Why don't more girls take it up scientifically? Why don't they take cooking courses along with mathematics? Why don't they put theory into practice? This is not for the hard-worked city housekeeper or the farmer's wife, both of whom have learned to cook in the severe school of experience. It is more particularly for the daughters who know less about cooking than they do about—well, most other things.
The marriage of Miss Stella Fay McFarlane, daughter of Mr. and Mrs. Robert McFarlane, to Eugene Price of Saugus, Mass., was solemnized yesterday at the bride's home in Moncton. The ceremony was performed by Rev. W. H. Barraclough. They will make their home in Lynn, Mass.
HORLICK'S
Malted Milk for the Home
A nourishing food-drink for All Ages. Anywhere at anytime. Delicious, sustaining. No cooking.

LOCAL NEWS
The board of health has registered an objection with the water and sewerage department with respect to the condition of a sewer which is in the parish of Lancaster, and which was taken over by the city some years ago.
A new departure for the Y. W. P. A. is the work of checking which is being done by them at the Marsh road improvement work. Members of the association go two together or take turns throughout the day from 7 a. m. till 5 at night. The money earned goes to the Y. W. P. A. fund.
A pleasant gathering was held last evening at the home of Mrs. J. H. Hamilton, 95 Spring street, when friends and relatives of Sergeant L. R. Paterson, who recently returned from overseas after two and a half years' service, gathered to welcome him home. During the evening A. H. Paterson, brother of the returned man, on behalf of those assembled, presented to Sergeant Paterson with a beautifully engraved signet ring.

Tea in the Garden of Eden

A Tommy wrote to his mother from Mesopotamia:
"This may be the Garden of Eden, but the only thing that makes it endurable is our daily ration of Lipton's. In fact, Lipton's is the only thing hereabouts that I'm not 'fed up' on."
There is a universality about Lipton's that strikes home to English-speaking people wherever they may be. To thoroughly enjoy Tea you must get Lipton's, and make it according to the directions on each package. Don't be put off with substitutes. Demand—

NOTICE

NOTICE IS HEREBY GIVEN that under and by virtue of the power and authority contained in a certain Indenture of Leasehold Mortgage dated the thirtieth day of August, A. D. 1909, and made between Charles E. Colwell, of the City of Saint John, Gentleman, of the second part, and duly recorded in the office of the Registrar of Deeds in and for the City and County of Saint John in Book 106, pages 168 to 171, No. 82867, default having been made in the payment of the said principal sum as well as the interest thereon, there will be sold at public auction, at Chubb's Corner, in the City of Saint John, and Province of New Brunswick, on Saturday, the fourteenth day of September next, at twelve o'clock noon, the leasehold lands and premises particularly mentioned and described in said Indenture of Mortgage as follows:—All that lot of land, situate, lying and being in the City of Saint John aforesaid and bounded as follows: Beginning on the eastern side of Adelaide Road at a point distant sixty-five feet eight inches southerly from the southern end of the railing of the Adelaide Road Bridge; running thence easterly at right angles to Adelaide Road until it strikes the old Adelaide Road; thence southerly along the same fifty-seven feet; thence westerly and parallel to first bounds to the Adelaide Road; thence northerly along the same fifty-two feet more or less to the place of beginning. Being the lot of land demised by Count Robert Visart debury and Lucy Gertrude, his wife to one Thomas Brown, by Indenture of Lease bearing date the seventh day of November, 1914, and duly recorded in the Office of the Registrar of Deeds in and for the City and County of Saint John in Book 55, page 57. Together with all the buildings and improvements thereon, for the purpose of realizing the principal money and interest secured by the said Leasehold Mortgage. Dated this sixth day of August, A. D. 1918. JOHN COLWELL, Mortgagee.

St. Louis 44 37 426
West End League.
The downpour of rain last night put an end to a game between the Courtneys and Giants on the Queen Square diamond, West Side. The game was called in the third inning with the score standing 2 to 0 in favor of the Courtneys.
South End League.
A three-inning called game of baseball was played on the new South End diamond last evening between the Turtles and Buffaloes, in which the score was 10 to 3 in favor of the Turtles. The batteries for the Buffaloes were Ring and King, catchers, and Parie pitcher; for the Turtles, Nixon, catcher, and Cromwell, pitcher. Three games in the League have now been played and the Turtles have the lead. They will play the Franklins on Saturday afternoon.
A large crowd assembled in Victoria square last evening to hear a programme rendered by the Temple Band. The musicians had only finished two selections when all were forced to run for shelter owing to the heavy down-pour of rain.

THE TURF
Grand Circuit.
Philadelphia, Penn., Aug. 14—Tommy Murphy's horses again carried off the chief honors at the third day's racing of the Grand Circuit meeting at Belmont track today, winning two first and two seconds money in four starts. A novelty was furnished by the free-for-all race, in which the purse of \$1,200 was sub-divided into three purses of \$400 each and awarded to the horses according to their positions at each quarter. Miss Harris M. took the race in straight heats and won the largest portion of the purse. Ben Earl finished second and Raul Hal third in the summary and in the amount of money won.

Chatham Races.
Chatham, N. B., Aug. 14—(Special)—A heavy shower, accompanied by thunder and lightning, struck this section this afternoon and made the track very heavy. The storm came up after two heats in each event, the 2.30 and 2.15, had been run off. All of these were fast. In the first heat of the 2.15, Tommy Cotter clipped two and one-half seconds off his record, making the heat in 2.12 1/2. He also won the second heat, but the heavy track was too much for him after, and Lacopia won the next three heats and the race. It was 8 o'clock before the final heat was won. In the 2.30 Jennie Pen was an easy winner in three straight heats.

Exhibition Game.
Toronto, Ont., Aug. 14—The New York Giants won from the Toronto Maple Leafs here by 5 to 0 this afternoon in a splendid exhibition game. Schupp, who pitched for the visitors, held the locals to three hits. Lewis, who pitched for Toronto, also put up a good game.

R.H.E.

LOCAL NEWS

NORTH END LEAGUE
Last evening the game between the Beavers and the Comedians was called on account of darkness. This evening the Beavers will play the Wolves.

BURIED TODAY
The funeral of Thomas Lourie, who died at his home in Hammond River, and whose body was brought here for burial, took place this afternoon from the Union station. Services were conducted by Rev. Mr. Motrimier of Hampton. Interment was made in the Methodist burying grounds.

ARGUMENT TODAY IN CURRIE INQUIRY
The final session of the inquiry in 'o the charges against Hon. William Currie, Speaker of the Legislature will be held in Moncton today when argument by A. T. LeBlanc, counsel for Mr. Currie, Dr. J. B. M. Baxter in support of the charges and A. B. Copp, M. P., for the Provincial Government will be heard by the commissioner, James Friel, K. C. The hearing will open at four o'clock.

FROM THE FRONT
Andrew Sterling, St. James street, West St. John, of the emigration department, is in receipt of a letter from his son, John R., "Somewhere in France." Young Sterling went over with Colonel Massie in 1915 and later on was transferred to the 2nd Canadian Heavy Artillery and has been through several engagements and as he says "is still going on." So far he has escaped serious injury. He encloses the programme of the Dominion Day, "Canadian Champion Sports" at which he saw Sir Robert Borden, the Duke of Connaught, and many other prominent people.

WEST END LEAGUE
One of the most interesting games played in the West Side Baseball League this year was witnessed last evening when the Giants and Courtenays met. The game went four and a half innings but had to be called on account of weather conditions. Up to the first of the fifth inning neither side was able to score, but then the Courtenays got two men across the plate. The game reverted back to even innings and will have to be played again. The battery for the Courtenays was Seeley and Dalton and for the Giants Obstant and Milan. This evening the Dominions and Courtenays will play at 7.15 sharp.

PTE. J. E. WHITE DIES OF WOUNDS
Mrs. J. E. White, 53 Thorne avenue, was advised this morning that her husband, Private John Edward White of a local infantry battalion, had died of wounds on Aug. 10. He was twenty-four years old and leaves his wife and one small child.

FLIGHT LIEUT. DAWSON MISSING
Son of Pastor of Exmouth Street Church Not Heard From Since Aug. 10

Rev. George F. Dawson, pastor of Exmouth street Methodist church, who is spending two weeks at Epworth Park, received from England this morning news that his son, Lieut. Stephen Dawson, of the flying corps, has been missing since Aug. 10. The young man had been in France only about a month, although he had been in the service almost three years, having previously been connected with the naval flying corps. He was on furlough this summer and visited his parents in St. John. He is about twenty-five years old, and has three brothers in the air service. Besides his parents there are one brother and two sisters at home. There is still a possibility that he is alive, but it is assumed he was in the great battle and the gravest fears are entertained. There is universal sympathy for Rev. Mr. Dawson and family.

YOUNG SOLDIER IS BURNED AND WOUNDED
H. L. Lindsay of the C. P. R. general freight offices received word today that his son, Guy B., was admitted to No. 7 stationary hospital, Boulogne, on August 6, suffering from gas burns and wounds. This young soldier was one of the first recruits for the 236th Kilties, joining when less than seven years of age. He was promoted to the rank of corporal but gave up his stripes in England to get to France with the first draft, going to another regiment of Highlanders. His brother, Harold L., was wounded for the third time at Easter, but in his last letter said he expected soon to return to France.

GOOD SHEPHERD ANNIVERSARY
Silver Jubilee of Excellent Work In St. John

More Than 1,000 Little Ones Cared for as Well as Many Women During the Quarter Century—The Anniversary Exercises

Two hundred and seventy-seven years ago the Blessed Father Eudes Founded the Order of the Good Shepherd in France, an order imposing upon itself the rehabilitation and regeneration of errant souls, especially children with delinquent tendencies—little ones possibly neglected by unjudicial parents and in a general way an Order devoted to the succor of the poor and needy, especially strayed ones.

Twenty-five years ago today five sisters of this French order came to St. John and assumed charge of the building in Waterloo street, which now bears the name of their organization, but which previously had been conducted as an educational institution by nurses of the Sacred Heart. In this quarter century of untiring work of the truest uplift character 1,030 little ones have been cared for and started upon life's highway fortified with higher ideals and keen, moral senses. Much good among older females has also been accomplished and at the present hour 130 people of the hospice are enjoying its haven and benefits.

And so today and for the remainder of the week this silver jubilee shepherding is being celebrated with solemn happiness by the Sisterhood, the Catholic clergy hereabouts and a host of people in various walks of life, not alone confined to the faith in which the Home of the Good Shepherd is conducted.

This morning at 10 o'clock the anniversary exercises were commenced with a triduum of praise and thanksgiving. Solemn High Mass was celebrated by the Cathedral pastor, Rev. William M. Duke as deacon and sub-deacon, Bishop G. J. Forbes of Joliette, P. Q. preached an eloquent sermon, dealing with the work of the Order and weaving very interestingly an historical sketch. It was a well-deserved tribute to the work of the sisterhood. The capacity of the little private chapel in the Monastery was taxed during these ceremonies.

This afternoon at 5 o'clock there will be solemn benediction, with sermon. The exercises will continue until Saturday.

Speaking of today's anniversary occasion to Mother, Superior of the Monastery of the Good Shepherd, said the sisters were devoutly thankful for the mercies shown them in their work in St. John, a labor of love that continued to justify the effort more and more each year. In spite of war conditions and the high cost of living the Monastery seemed to keep up its standard of efficiency and effectiveness without abatement in the least degree. It was truly providential that in such times of stress this condition should exist and to God be all the praise.

MOTION PICTURE ACTIVITIES

As the fall theatrical and motion picture season approaches the various film agencies having their Maritime Provincial headquarters in the city are presenting their plans and offerings. J. A. Cooper Canadian general manager of the General Film Co., has been in town several days; Mr. Arrouson, a high official of the Regal Films is also here in a few days D. Soskin, sales manager of the Paramount pictures for Canada, is expected. Soon the local Exchange Managers and upper Canadian officials will meet in the city to discuss the plans of their newly organized association.

Exhibitors have been invited to attend yesterday in Halifax an executive session of the Motion Picture Exhibitors' League of the Maritime Provinces was held to decide upon the details of the coming annual convention will be held in Halifax September 19 and 20th.

CONDENSED NEWS

Ontario farmers are enthusiastic over the services of the boys in the soldiers of the soil movement.

Constitutional guarantees have been re-established in Cuba.

From the first quarter of 1911 to the second quarter of 1918 the cost of living in France rose progressively 132 per cent.

A COMFORTABLY FURNISHED HOME IS AN INVESTMENT—NOT AN EXPENSE

An investment for the family, when its members are so attracted by its comfort and so proud of its appearance that they will spend their leisure hours there instead of looking outside for other amusement. An investment for the community, because it is a recognized fact that the home-loving folks make the best citizens.

And the best investment of all is when your purchases are made from our large and well assorted stock.
