Russ and Bulgars Agree on Peace

War Between Them Is At An End

FURTHER DEVELOPMENTS

Russia Trying to Have Sweden Act as Go-Between With Allies—Bolsheviks and Tsarists May Agree on Neutral Spot for Negotiations

Geneva, Switzerland, Jan. 10.—The Bund reports that a separate peace agreement has been signed by Russia and Bulgaria. Berns, Jan. 10.—A Bulgarian correspondent of the Bund says Premier Radolovitch read the following despatch from Brest-Litovsk in parliament: "War between Russia and Bulgaria ceases. Diplomatic and economic relations between Russia and Bulgaria are resumed. Russia recognizes Bulgaria's right to nominate a delegate to an international Danube commission. The first peace is thus concluded, with the consent of Bulgaria's allies."

The Bund says Bulgaria has appointed a minister to Petrograd and a consul-general to be stationed at Odessa and has ordered the resumption of navigation to Odessa.

Bulgaria took part with Germany, Austria and Turkey in the first negotiations at Brest-Litovsk, and it has been agreed by the Central Powers except in concert. However, articles yesterday giving the names of those who took part in the first session of the Brest-Litovsk conference, which was held on Jan. 8, this week made no mention of a Bulgarian representative.

SAYS SPEECHES OF PREMIER AND WILSON HAVE STIRRED UP GERMAN DEMOCRACY

London, Jan. 10.—James Ramsay MacDonald, Socialist and Labor M. P. for Leicester, in a speech at Dumbarton, Scotland, yesterday, asserted that the Allies might have hammered Germany for a generation without producing anything except the German democracy which apparently has already emerged as a result of Premier Lloyd George's clear statement of war aims.

President Wilson's message, the speaker added, had reinforced this view, and the next step was an international conference at Stockholm. The Labor party, Mr. MacDonald said, would ask the government to grant passports for this conference.

TO PRISON FOR TERM OF SEVEN TO 20 YEARS

Eta May Hicks Sentenced in Connection With Death of Child

Johnsbury, Vt., Jan. 10.—Ettie May Hicks, one of the women charged with the murder of a child named Alice Bradshaw, on July 5, 1917, was sentenced today to seven to twenty years imprisonment. She pleaded guilty of manslaughter, changing her previous plea of not guilty under the murder indictment. Both her counsel and the state attorney say that the woman was of low mentality.

FORGERY OF NAME OF LILLIUKALANI TO WILL CHARGED

Honolulu, Jan. 10.—"Princess" Theresa Belliveau Sam Kamakahi and H. Kealoha were indicted here yesterday in connection with the recent filing of the purported will of Queen Lilliuokalani, which named "Princess" Belliveau as the chief legatee. The indictments charge the "princess" with having forged the late queen's name to the alleged will in conspiracy to acquire the latter's estate, while Kamakahi and Kealoha are charged with having abetted the "princess" in the commission of the alleged forgery.

FRANCE MUST GET BACK ALSACE-LORRAINE

Paris, Jan. 10.—The passage in President Wilson's address to congress relating to Alsace-Lorraine is emphasized by all the Paris newspapers. The Matin says that restoration of the lost territories is the foremost condition of peace, not only of France, but of her allies. It refers to Mr. Wilson's speech as an immense effort at conciliation by a sincere democrat.

GERMANS' DYE RECEIPES ARE IN BRITISH HANDS

Capture of First Importance Announced by London Paper

When War Over, British Will Be Able to Compete Equally With German Dyed Goods in Every Market of World

London, Jan. 10.—A group of men in the British textile trade has captured the secret recipe of the great German dye industry, according to the Daily Mail, which displays the item under large heads. The recipe, numbering 27, belonged to the great Badische works and are now in the keeping of a London banker. The Mail says: "The capture is of first importance in economic war against Germany, and will free the British textile industry and scores of other important industries from the bonds of Germany. It means that when the war is over Great Britain will be in a position to compete with German dyed goods in every market in the world."

THE I. C. R. AND THE PROPOSED SAVINGS

An I. C. R. official, speaking this morning of the proposed Canadian railway board for closing up of the up-town ticket offices, said that in his mind it would be a good thing and a great saving; also that the closing of the divisional freight office of the I. C. R. as the road was at present so congested that it was impossible to handle the freight which they were carrying in an effort to prevent exportation from the country of arms and ammunition to the allied powers, and of a plan to "plant" a bomb in a Hindu temple at Stockton, California, in order to avenge public opinion against the British government, came today at the trial in the federal court here of thirty-one persons charged with fomenting revolution against British rule in India.

FAIRVILLE AND THE STREET CARS

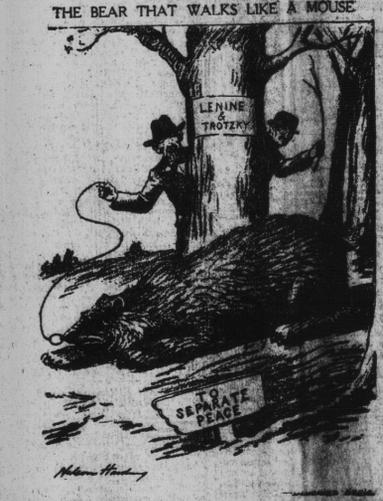

The street railway situation in regard to Fairville street dropped from an uncertain quantity to worse yesterday, when two cars were definitely lifted from the system and a twenty minute schedule inaugurated. A twenty minute wait is a long one these wintry days and it is reported that the old bones of the bus Fairville and the street cars have become agitated and may again revive sufficiently to resurrect a complaint against the present state of things.

THINKS BUSINESS PROFITS TAX 'NOUS'

Montreal, Jan. 10.—At the annual meeting of the Royal Bank of Canada today Sir Herbert Holt, the president, remarked that while he approved of the principle of the government income tax he took the view that the business profits tax was unduly onerous and restrictive, and that it had had the effect of antagonizing capital and restricting production.

A FREDERICTON SOLDIER WINS HONOR.

Fredrickton, Jan. 10.—Mrs. David Morgan of New Maryland has received a letter from her son, Pte. Lawrence Morgan, who is in France. He won a decoration for bravery on the western front. He was in the trenches when a German bomb fell. Morgan threw it out of the trench, thus saving the lives of himself and comrades.

COZZOLINO DENIES THAT TENNANT IS MEMBER OF CONSTRUCTION COMPANY

Cannot Tell Anything Tennant Did To Earn That \$100,000 Or Even \$5,000—Would Like To Get Some Of It Back—Prominent Conservatives To Be Called To Stand

Thomas Cozzolino, president of the Nova Scotia Construction Company, was the only witness at the resumption of the Valley Railway inquiry here this morning before Commissioner John M. Stevens. Hon. W. P. Jones and Peter J. Hughes appeared for the government. Mr. Jones traced drafts amounting to \$2,000 which had been made out to W. B. Tennant before the election but Mr. Cozzolino said that to his knowledge they had not been paid for politics. He was certain of one thing, however, and that is that "Mr. Tennant has nothing more to do with the company." Although he has never yet asked him for the return of some of that \$133,000, Mr. Cozzolino says that he would like to try if he could make him pay you bet your life. Mr. Tennant, however, still claims to be, in spite of opposition.

AMERICAN ARMY IN FRANCE OF SUBSTANTIAL SIZE IS READY

Washington, Jan. 10.—The United States now has in France an army of "substantial" size ready for active service. Secretary of War Baker today told the American war investigating committee. Officers and men, he explained in a statement of the mobilization accomplishments by foreign legations and staffs for modern warfare, independent lines of communication and supply are in the course of construction, and great preparations have been formulated for the production of new instruments of war.

TO TAKE 30 PER CENT OF FLOUR OUTPUT IN UNITED STATES' MILLS

Washington, Jan. 10.—To supply the needs of the army and navy and the nation associated with the United States in the war, the food administration will purchase from every flour mill in the country an amount not to exceed 30 per cent of its output. Of the flour purchased, it was explained, the food administration will retain at all times a reserve stock and will ship flour to any point where the local supply might be short.

NO BREAD IN HAVANA

Havana, Jan. 9.—Beginning tomorrow Havana will be a breadless city. The last of the available supply of flour has been divided among the hospitals and asylums, and by order of the defence board no wheat bread is to be placed on sale. This condition must continue, it is said, until the United States food administration procures the exportation of flour to this city.

CANADIANS WHO ARE IN HANDS OF GERMANS

London, Jan. 10.—The following Canadians are reported prisoners: A. Laviolette, A. Lee, J. Ballantyne and Corporal R. A. Lockwood, at Dulmen; C. A. McLes at Lieburg; Cecil Wells at Mander; E. T. Masterson, F. Williams and W. Smith.

FOOD SITUATION IN EUROPE CRITICAL

Washington Planning to Send Ninety Million Bushels Wheat With Chance of Spring Shortage

Washington, Jan. 10.—The food situation in Europe is regarded here as so critical that the food administration is planning to release an additional 90,000,000 bushels of wheat, despite the fact that the normal export surplus had been shipped by the middle of December. The American people will be asked to save to make up the deficiency. The demand from the Allies is so insistent that the food administration has decided to take a chance on a shortage in the spring to meet in part their needs. If consumption is not reduced, officials see a possible shortage of flour in the United States in May if the new wheat crops comes in June.

THE PREMIER'S SPEECH CUT BY GERMAN PAPERS

Leave Out Part Disowning Harsh Intention To Nation

WILSON COMMENT IN LONDON

Discussion of Matter of Freedom of the Seas—Realization of President's Democratic Faith Dependent on Decisive Allied Victory

London, Jan. 10.—It would have been difficult to frame a more moving or more sympathetic appeal to the best instincts at work, whether among the Russian revolutionaries or the non-militarist elements in the Central Empire, but their answer will depend partly on what extent the appeal reaches them, says the Daily Chronicle, in discussing President Wilson's message. The paper mentions that the speech of Premier Lloyd George was printed in the German newspapers with the phrases in which he disowned harsh intentions toward the German nation completely omitted, while the Bolsheviks have excised similarly similar against Premier Lloyd George. It adds "It would be a tragedy if President Wilson's intense and transparently sincere sympathy encountered the same obstacle in Petrograd."

THE PAPER INQUIRY IS INDEFINITELY ADJOURNED

Negotiations for Settlement Failed—Commissioner May Look Into Matter of Consumers' Profits

Ottawa, Jan. 10.—After discussing the scope of the investigation—whether it should embrace the business of the consumers as well as the manufacturers—Commissioner Pringle last night indefinitely adjourned the inquiry into the cost of paper used in magazines and trade periodicals.

The next step will be to send auditors into the various mills to find out the cost. Mr. Pringle said that he might or might not throw the doors open to the public and consider the essential in doing it was to ascertain the cost to the manufacturer.

Negotiations looking to an amicable settlement of the difficulty were in progress but at the afternoon sitting was announced that they were barren of result. The commissioner commented on the fact that the time in which the price was specifically fixed will expire on the 20th.

He assumed, however, that if a new order of H. V. Tyrrell of the MacLean Company was continued at the afternoon sitting.

ALLIES ON WEST AWAITING ATTACK FULLY CONFIDENT

Cleveland, Ohio, Jan. 10.—"It is always unwise to predict the result of an unknown peril," Sir Frederick E. Smith, British attorney-general, said in an address here last night, referring to the massing of German legions on the western front, "but the Allies await the attack with supreme confidence."

Three and one half years of war have taught the French and British soldiers that, man for man, they can whip the Germans anywhere.

"The superiority of the German as a fighting unit is an exploded myth. The psychological effect of this knowledge on the Allies is far greater than that of calculated terrorism."

"As 'guessers of human psychology,' Sir Frederick characterized the Teutons as 'the stupidest of all nations.'"

UNITED STEEL ORDERS AGAIN ARE VERY HEAVY

New York, Jan. 10.—The unified orders on the books of the United States Steel Corporation on Dec. 31 amounted to \$28,715 tons, an increase of 48,814 tons compared with the orders on Nov. 30.

This is the first time that the monthly figures have shown an increase since April, 1917, when they were 12,188,083 tons, the corporation's high record.

WILLIAM FARNUM IN STUNNING PLAY AT STAR

"Price of Silence" a Big Story Dealing with an Important Matter. Little boys and girls, full of life and hope, are driven into the front door of a factory where their growth is stunted, their health broken, and then thrown out at the back door on the scrap-heap of humanity, like a worn-out piece of machinery.

"The Price of Silence" is a story of love and redemption woven into the theme of burning public interest—child slavery. In it the child slave is represented, as the negro slave was represented in "Jack Tom's Cabin."

How Senator Deering (William Farnum), uses his influence to better conditions for young children in factories, is told in an extremely interesting manner.

Beside this special feature, there was included in the Star's programme, an exceptionally good issue of the Pathé News, showing the Battle of the Alps, where the French were very successful against the Germans, capturing a large number of prisoners.

ARE SEEKING TO MAKE TROUBLE AGAIN IN STATES

Washington, Jan. 10.—Through intercepted communication and evidence found on a score of more arrested aliens, government agents have discovered a concerted movement to re-organize German sabotage and anti-war propaganda in this country.

The movement was broken up and enemy activities now are believed to be confined to sporadic cases carried on largely by pro-German sympathetic persons under guidance from a central headquarters.

This was disclosed today by government officials, who disclosed, however, to give all the details of measures recently taken to prevent the rebuilding of a German spy system. It is known that about thirty Germans and a few Scandinavians have been arrested. Some Americans are being closely watched.

The evidence indicated that a few leaders whose identity has not been disclosed but who are believed to be in part subjects, tried to communicate with agitators located mainly in eastern seaboard in industrial centers in the extreme west to develop co-operation among them.

RUSS AND BULGARS AGREE ON PEACE

(Continued from page 1) King Ferdinand of Bulgaria is credited with opposing the formation of peace without annexations or indemnities, declaring Bulgaria should retain the territory she had won. This would not interfere with a peace between Russia and Bulgaria, however, inasmuch as the territorial treaties in effect before the war of Serbia and Rumania. Premier Radostoff was quoted in a Sofia despatch last month as having agreed with Great Britain and the Russian proposals providing for ending the war, restoring commercial treaties in effect before the war and settling the Danube question.

SWEDEN AS GO-BETWEEN

Petrograd, Jan. 10.—The German delegations in Petrograd are reported by the Swedish legation here and to have expressed the desire that Sweden act as a go-between with Great Britain, France and Italy.

The German delegations in Petrograd were sent to take up with the Russians questions such as resumption of commercial relations and cessation of certain classes of prisoners. So far as is known, they were not charged with political aims, and in ordinary circumstances the German government would not employ such agents in seeking Sweden's advice in mediation negotiations.

London, Jan. 10.—At the first sitting of the League of Nations conference on Tuesday, says a despatch by the official Russian news agency, the discussions centered on the subject of the central Powers' delegates centered on the selection of a city in some neutral country in which to hold the peace conference. There is every probability, it is added, of a satisfactory arrangement being reached.

Turks' Proposal Declined

Petrograd, Jan. 10.—Separate peace proposals made by Turkey, it is reported, have been refused by the Bolshevik government. "Turkey was requested to participate in the general conference between Russia and the Central Powers."

A Bolshevik Victory

Petrograd, Jan. 9.—Generals Kaledines and Dutof, Cosack leaders, the official news agency announces, have been deposed. General Dutof is reported to be retreating. The workmen's and soldiers' council at Rostov has been liberated. The Cosacks, the announcement adds, are unanimously against General Kaledines, whose troops sent towards the Don river have been defeated.

An official announcement says that the revelation of criminal relations between several pairs of officials each day for the last week. We suppose he is selling them again at a profit. You can save a good deal on clothing and furnishings.

BILLION IN SEA WAR RISKS.

McAdoo Says Federal Policies on Ships Number 13,844.

Washington, Jan. 10.—Secretary McAdoo has announced that the Bureau of War Risk Insurance since its creation on Sept. 2, 1914, to Dec. 31, 1917, had issued insurance of more than \$1,000,000,000 on the hulls and cargoes of American vessels, as follows:—

Sept. 2, 1914-Dec. 31, 1915. \$182,203,080
Jan. 1, 1917-Dec. 31, 1917. \$18,834,445

Total. \$1,001,637,525

The total number of policies written was 18,844. The total premiums received by the government have exceeded the total losses by \$18,834,445.

"These figures," said Mr. McAdoo, "indicate the great service which the bureau has rendered the country, both before and after the declaration of war. In addition to the large amount of insurance issued, the reasonable premiums charged by the government have had a large influence on the rate of private companies."

Canada's Wonderful Honor Roll

CONTAINS THE NAMES OF OVER 400,000 MEN WHO HAVE ENLISTED TO HELP FREE THE WORLD FROM OPPRESSION AND MAD MILITARY AMBITION

But there is a longer list than that by far. There are over 2,000,000 Fathers, Mothers, Brothers and Sisters of those Men who have gone to the Front, who have endured the sorrows of parting, who have gone through the agony of apprehension without a murmur, and who have shown a fortitude but a little short of the self-sacrificing heroism of the Men at the Front.

These Next of Kin of the gallant Canadian soldiers at the front, or who are destined to go there, deserve the recognition of all Canadians and are entitled to be on an Honor Roll of imperishable fame, for they have made sacrifices most cheerfully, and have endured much that Right and Liberty may triumph.

That the relatives of the men in khaki may show a tribute of honor and respect to their loved ones a most suitable "IN HONOR" BADGE has been prepared at the suggestion of the leading newspapers of Canada, similar to the designs herewith shown.

These Badges may be the last word in quality of manufacture, in beauty of design, and in appropriateness to the great cause for which they will be worn, the firm of Henry Birks & Sons, Limited, of Montreal, were invited to be the sole manufacturers of these badges.

They are made of bronze, very dainty and attractive, and are most fitting tributes of respect to those who have enlisted.

These Badges are now ready for delivery, and can be secured through the use of the Order Form below, and in no other way except from the newspapers interested. Send in your order while our first consignment is available.

WILL BEAR WATCHING.

The scheme to bring about a coalition government in New Brunswick is not new newspaper talk. Men of influence in various parts of the province have had the matter brought to their attention in a quiet and alluring way. Where it is thought prejudicial can be appealed to, certain alleged dangers are artfully set forth. Behind this effort to get control of the government at Fredericton are gentlemen who have axes to grind. They were rudely interrupted when the people threw out of power at the last provincial elections, and the formation of a union government at Ottawa came to them as a ray of light in the darkness. If they could get a union government in New Brunswick it would at least choke off investigations which they feared, and perhaps enable them to get control of the legislature for the passage of certain measures essential to the successful furtherance of their schemes. Forewarned is forearmed. The people of the constituencies will keep a sharp eye on their representatives, for this province cannot afford to play the game of the speculator, the profiteer, and the seker after legislation that would enrich the few at the expense of the many. Measures introduced at the coming session of the legislature will be subjected to a very close scrutiny, with special reference to their sponsors and the public interests involved.

DAYLIGHT SAVING.

Municipal and other bodies throughout Canada should remind the union government at Ottawa that daylight saving is both a war and peace measure of great importance to this country. There seems no reason to doubt that the change will be adopted in the United States, and Canada should follow the example of her great neighbor. The Bangor Commercial has expressed its approval of the daylight saving bill more properly known as the Bill for Standard Time for the United States and Canada. The bill is supported by the National House have very generally manifested their approval of the measure, leaving little doubt that it will receive an early passage. In fact House leaders say that the daylight saving measure will be taken up immediately after the pressing railroad and war measures are disposed of and that present indications show that there will be little opposition.

THE BILL THAT IS NOW BEFORE CONGRESS.

The bill that is now before Congress, and which has received a passage in the upper branch, calls for the advancing of the clocks by one hour from the last Sunday in April to the last Sunday in September. A similar measure has been adopted by twelve European countries and in none of these has there been a change back to the former style. It has been argued by some that a change of time would greatly inconvenience the farmer. The answer to that is that the farmer regulates his work by the sun, and would continue to do so no matter what others might do. He will not rise any earlier or go to bed any earlier because of the change. The benefits to be derived from daylight saving are admirably set forth by the Commercial, and it is worthy of note that the change is approved by the American Federation of Labor. The Commercial says—

THE ARGUMENTS IN FAVOR OF THE BILL.

The arguments in favor of the bill are very obvious. Under it the working day would commence an hour earlier and cease an hour sooner, giving more time for recreation or for home work. It would mean that the retiring hour would arrive an hour earlier in fact and that there would be one less hour a day in which the houses must be artificially lighted, effecting a saving to the individual householder and to the country in coal. Although there was an effort a year ago to enact a daylight-saving law it was not successful as the country was not ready. There was considerable objection from railroad men as it was felt that the change of time would create confusion with the schedules and it was very possible that the law, which would be a federal one only, might not be generally followed. Now, however, the government is controlling the railroads and objection from that source is obviated as all government-controlled institutions would follow the federal ruling. There now seems little doubt that the United States generally will set the clocks ahead an hour on the last Sunday in April and that once this method is adopted its benefits will be found to be so pronounced that the system will be continued after the close of the war.

THE AMERICAN FOOD ADMINISTRATION WILL TAKE CARE OF THIRTY PER CENT OF THE OUTPUT OF ALL FOUR MILLS, AND KEEP A RESERVE ALWAYS READY TO BE SENT WHERE URGENTLY NEEDED. THAT IS PRACTICAL BUSINESS.

The unhesitating manner in which the authorities act and the readiness with which business interests assent to the most radical measures prove that there is no need of the parrying and pussy-footing of which we have seen quite too much in Canada.

FREDERICTON MAIL.—Mr. George B. Jones, M. P. F. for Kings, who was prevailed upon to sign a political note for \$20,000 last prior to the last local election, stated on the witness stand that he had no intention of paying the note without a show down. It will be remembered that similar talk was "blatantly" given by certain York county politicians who signed a note for \$5,000 at the time of the Scott-Guthrie by-election. They demanded a show down and it came to them in the form of a writ issued by a Tory law firm of this city on behalf of the bank. After the show down they had to ante up.

THE LOCAL RED CROSS HAS DONE MAGNIFICENT WORK SINCE THE WAR BEGAN.

Of late there have been so many other matters appealing to public sympathy, such as the Halifax calamity and the Victory Loan that attention has been somewhat diverted from the needs of the Red Cross. These needs are constant and are increasing. There is no cessation of war activity, and the appeal for Red Cross supplies is greater than ever. The crisis of the war has not yet come, and it is necessary that every possible provision be made to provide for every need during the coming spring and summer. Whoever gives to the Red Cross helps to win the war.

MUCH IS EXPECTED OF THE EFFECT OF PRESIDENT WILSON'S ADDRESS UPON THE MINDS OF THE RUSSIAN PEOPLE AND ALSO THE PEOPLE OF THE CENTRAL EMPIRES—APART FROM THE MILITARISTS. IT IS POINTED OUT, HOWEVER, THAT THE PORTIONS OF LLOYD GEORGE'S SPEECH WHICH WERE MOST SYMPATHETIC TOWARD THE RUSSIAN AND GERMAN PEOPLE WERE CUT OUT BY THE CENSORS AND NOT PUBLISHED IN THOSE COUNTRIES.

Perhaps President Wilson's fine declaration in behalf of democracy will be treated in like manner. The municipal council finds it necessary to provide more money this year than last, for the support of public institutions—the jail excepted. The latter fact is worth noting. With regard to the other institutions, the increased cost of everything accounts somewhat for the larger estimates, and needed expansion must also be recognized and provided for. The various institutions are well conducted, and reflect credit upon the municipality. They should be generally supported by the people.

THE WOMAN SUFFRAGE BILL COMES BEFORE THE AMERICAN HOUSE OF REPRESENTATIVES TODAY.

President Wilson has announced that he favors its passage, and the Republican House leaders have asked all their supporters who can do so conscientiously to support the measure. If our neighbor adopts woman suffrage as a national measure, it will be a great example to all democratic countries.

ALONG WITH THE NEWS THAT THE BRITISH LOSS THROUGH SUBMARINES WAS LARGER LAST WEEK THAN USUAL COPES THE ANNOUNCEMENT THAT THE CHANGES IN THE ADMIRALTY HAVE BEEN EFFECTED AND THE MEMBERS OF THE NEW NAVAL GENERAL STAFF HAVE BEEN CHOSEN. THEIR WORK IS CUT FOR THEM, FOR THE SUBMARINE IS VERY FAR FROM BEING BEATEN.

WHAT MASSACHUSETTS HAS DONE AND IS DOING FOR THE RELIEF OF HALIFAX OUGHT TO BE VERY OBVIOUS.

The arguments in favor of the bill are very obvious. Under it the working day would commence an hour earlier and cease an hour sooner, giving more time for recreation or for home work. It would mean that the retiring hour would arrive an hour earlier in fact and that there would be one less hour a day in which the houses must be artificially lighted, effecting a saving to the individual householder and to the country in coal. Although there was an effort a year ago to enact a daylight-saving law it was not successful as the country was not ready. BRITISH LABOR HEARTILY ENDORSES, IN A MANIFESTO ISSUED YESTERDAY, THE SPEECH OF PRESIDENT WILSON SETTING FORTH THE WAR AIMS OF THE ALLIES.

British and American labor interests are entirely agreed in heartily supporting the most vigorous prosecution of the war.

ONE OF THE RESULTS OF PROHIBITION IN ST. JOHN IS A REDUCTION IN THE JAIL AND COURT HOUSE ESTIMATES, WHICH WERE \$8,000 FOR LAST YEAR, TO \$8,800 FOR THIS YEAR.

The difference will materially help to provide for the needs of some other institution which needs to expand.

"WE DID NOT OVERTHROW THE CAR TO BOW TO GERMAN MILITARISM," SAYS FOREIGN MINISTER TROTSKY.

THE CAPTIVE SHIPS AT MANILA

(By Dorothy Paul)

Our keels are furrowed with tropic weed that clogs the crawling tides And scarred with crust and salt and rust that gnaws our idle sides; And little junkies there and go, And ships they sail at dawn; They call us to be gone, To cross a German bow and show, As yearning to the lifting seas our gaunt hulls ride, Drifting aimless to and fro, Sport of every wind and blow, Swinging to the ebb and flow Of lay tropic tides.

DAYLIGHT SAVING

Bill To Be Pushed In States As War Measure

The Daylight Saving bill, which passed the senate last June, will be considered by the House soon after the emergency railroad and other war legislation recommended by the president is out of the way. Speaker Clark, Majority Leader Kitchin and Representative Thetus Sims, chairman of the House committee on Interstate and Foreign Commerce, will work for the passage of the measure. The bill, which provides for the advancing of the clocks of the nation one hour from the last Sunday in April to the last Sunday in September, was introduced in the House by Representative W. C. Clegg of Ohio. It is now in the hands of the committee on Interstate and Foreign Commerce, of which Representative W. C. Clegg is chairman. The bill is supported by the National Association of Daylight Saving, of which Representative Clegg is president. The measure is also supported by the American Federation of Labor, the National Association of Manufacturers, and the National Association of Retail Merchants.

Shop Talk

Psalm—Life is not worth living. Optim—You talk like an underlayer trying to drum up trade. Time to Spare. Isenberg, tailor by trade, had just taken out an insurance policy. Three hours later, by a curious coincidence, a fire broke out which consumed his shop and its contents, says an exchange. The insurance company could find no ground on which to refuse payment, but the letter which accompanied their check concluded as follows: "We note that your policy was issued at nine on Friday, and that the fire did not take place till three o'clock the same day. Why this delay?"

MISMADE.

A fair young saucer that had lost her pail Mourned her mate and would not be comforted. But by and by she got a position as pincray In the principal bedroom. And there she met a dashing old sock. That also had lost his mate. And the two were thrown much together. And out of a common experience Developed an imaginary kinship of spirit. Each felt sorry for itself. And imagined that it felt for the other. "We are twin souls," said the sock. "because we have had like experiences." "How wonderful you are!" exclaimed the saucer. And so they were married. And then they discovered That the one was a saucer and the other a sock. And the saucer went to the ash can. And the sock to the ragbag. And that was the end.

DAYLIGHT SAVING

Bill To Be Pushed In States As War Measure

The Daylight Saving bill, which passed the senate last June, will be considered by the House soon after the emergency railroad and other war legislation recommended by the president is out of the way. Speaker Clark, Majority Leader Kitchin and Representative Thetus Sims, chairman of the House committee on Interstate and Foreign Commerce, will work for the passage of the measure. The bill, which provides for the advancing of the clocks of the nation one hour from the last Sunday in April to the last Sunday in September, was introduced in the House by Representative W. C. Clegg of Ohio. It is now in the hands of the committee on Interstate and Foreign Commerce, of which Representative W. C. Clegg is chairman. The bill is supported by the National Association of Daylight Saving, of which Representative Clegg is president. The measure is also supported by the American Federation of Labor, the National Association of Manufacturers, and the National Association of Retail Merchants.

THE HOUSE SHOULD ACT ON THE SENATE BILL.

Urged a War Measure.

Representative W. P. Borland of Missouri the first member of the House to advocate daylight saving is confident the bill will be passed. "The chances are good for its passage," he declared. "We will have a hearing of one day before the committee. Business men, railroad men, laborers, and astronomers will appear. The adoption of the daylight saving plan is urged as a war measure by the Chamber of Commerce of the United States, representing over eighty trade and commercial bodies. The Advisory Commission to the National Council of Defense passed a resolution endorsing it. It is urged as a war measure by the Committees on Public Safety of Massachusetts, Maine, Vermont, New Hampshire, Rhode Island and Connecticut and many individuals, cities, towns and civic organizations throughout the country.

U. S. BEHIND OTHER COUNTRIES.

"The method cannot be carried out by individual effort. It cannot even be done by the effort of local communities. It must be national in its scope. It has now become international, and the United States actually has found itself out of step with the civilized world by having delayed so long the adoption of this plan. Laws of this character are now in force in Germany, Austria, Hungary, Holland, Denmark, Iceland, Great Britain, Norway, Italy, France, Portugal, the Australian Federation and some of the provinces of the Dominion of Canada."

LIVER TROUBLE AND HEARTBURN CURED BY MILBURN'S LAXA-LIVER PILLS

When the liver is torpid and inflamed it cannot furnish bile to the bowels, causing them to become bound and constive. The symptoms are a feeling of fullness or weight in the right side, and aching pains in the same region, pains between the shoulders, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste. In the morning, heartburn, water brash, etc. Milburn's Laxa-Liver Pills gently unlock the secretions, clear away all effete and waste matter from the system, and give tone and vitality to the whole intestinal tract, and are by far the safest and quickest remedy for all diseases or disorders of the liver.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was operation. Trusting in my good fortune I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no hot time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 3413 Marcella Avenue, Janesville, Wis. Better cut off this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Had Piles For Ten Years

And Tried Nearly Everything Except a Surgical Operation Without Obtaining Relief—It is Now Complete Cure Was Effected

Brantford, Ont., Jan. 7.—There is reported here three cures of chronic cases of piles. In all three cases many treatments were tried before it was discovered that Dr. Chase's Ointment is about the only real cure for this distressing ailment. Mrs. A. Gates, 22 Gilkinson street, Brantford, Ont., writes: "I have used Dr. Chase's Ointment as a household remedy for over so long, and am particularly indebted to it for a cure from piles. I had suffered from this annoying trouble for ten years, and tried nearly everything I heard of. After using Dr. Chase's Ointment a short while I was completely cured. Mrs. Wm. Shantz, 155 Albert street, Kitchener, Ont., writes: "For several years I was troubled with bleeding piles. I tried different remedies for relief without success. I read in Dr. Chase's Almanac of the benefits other people were receiving from Dr. Chase's Ointment, so I sent to your office for a sample box. I found it gave me such relief that I went to a drug store and purchased a full-sized box. I have used several boxes since, and have derived more benefit from its use than any remedy I have ever used."

Women's Shoes

—for—
Out O' Doors

Here is one of the most popular out-of-doors shoes we have seen this season:

Fibre sole, tan, lace shoe, low, broad heel, roomy, comfortable last. Particularly popular because it often saves the bother of wearing rubbers.

Beauty and Comfort Go Hand in Hand

They used to say that women's shoes could not be at the same time comfortable and stylish, but that is not so today. As proof of this just try on your size in our new tan lace street shoe.

It is a very neat, narrow model, with the new military heel. The sole is stout enough to give plenty of protection to your feet and still be very flexible.

Herbert Scarfe fell between the shafts of a team he was driving on the west side yesterday afternoon and broke his leg. He was taken to the General Public Hospital.

Appointments gazetted in the new order of the British Empire include Canadian names, among them Major (Rev.) John H. MacDonald, former editor of the Maritime Baptist. Major MacDonald went overseas as a chaplain.

Two appointments have been announced. Major (Dr.) James M. Magee has been appointed assistant director of dental services for Military District No. 7. Major H. H. Donnelly has been attached to the first depot battalion.

The military secretary of the Y. M. C. here, Mr. Ross A. Jones, W. P. E. C. Moran, D. P. J. C. Sweet, chaplain; W. H. Sully, registrar; P. M. Brown, treasurer; J. S. Hargrove, second lecturer; R. A. Rose, first censor; W. B. Marter, second censor; J. W. Bask, first standard bearer; T. W. Moore, second standard bearer; J. E. Bryant, pursuivant; A. J. Armstrong, C. White, H. W. Lee, Fred Nice, R. M. Baird and J. H. Donnelly, committee.

It is understood that the registrar has sent out most of the exemption cards already and soon those who have applied for exemption will hear of the final success of their pleading.

The monthly report of the Associated Charities was read by the secretary, Miss Grace O. Robertson, at the monthly meeting of the society held yesterday at the Bible House, German street. The president, J. Hunter White, was in the chair.

The case of Fred Galbraith in connection with the Darant case was continued in the police court yesterday afternoon. Inspectors Crawford and Barrett took the stand and told of the seizure of a barrel of liquor. The case was postponed until this afternoon.

At the January meeting of the Soldiers' Comforts Association yesterday afternoon it was announced that the receipts of socks for 1917 was 30,886 pairs. Mrs. George McAuliffe presided. Mrs. Walter Holly, treasurer, read her report. It was decided to ask permission for a tag day in July. Shells will be placed at points in the city to receive contributions. Mrs. H. McEllan reported for the packing work committee. E. C. Waring, while in the A. R. Williams warehouse yesterday, had his left arm strained and a finger dislocated. He was attended by Dr. Bentley.

INCOMPETENT JUNIORS AS OFFICERS IN GERMAN ARMY, SAY PRISONERS

Recent battles on the French front have shown the German prisoners are complaining of the inefficiency of their junior officers, who are, they say, often placed in command of sections after only four weeks' training. One prisoner told the Associated Press correspondent that the majority of the professional junior officers still fit for service had been transferred to the depots and instruction camps in the interior to train the boys of the 1917 and 1920 classes now called for service. These vacancies in the ranks were filled by youths from the universities and by the sons of merchants and manufacturers.

The numbers of officers also have been reduced. At the beginning of hostilities each company of German infantry had five, the captain and four lieutenants or second lieutenants. Early in the war the creation of new machine-gun, trench-mortar, gas and grenadier officers from the infantry battalions brought the number attached to each company down to only three.

Owing to the frequent absence of officers on furlough or for the purpose of following some special instruction course, there are often only two officers, and sometimes one, on duty with a company, even when it is holding the front line trenches.

Women Suffer at Home

Toronto, Ont.—"I consider Doctor Pierce's Favorite Prescription the very best of women's tonics. I suffered a severe nervous breakdown. I could not sleep, I could not eat, I could not do my work. I took the 'Prescription' and just a few bottles completely built me up and relieved me of my nervous condition. It is a good medicine and I am glad to recommend it."—Mrs. ALAN SUTHERLAND, 499 Beaton St.

Niagara Falls, Ont.—"I can safely say that 'Favorite Prescription' did me a lot of good. I at one time developed woman's trouble; my nerves were completely shattered, and I became weak. I had severe backache and pains in my side, extending down into my limbs. I doctored, but did not get relieved of my ailment and was down and out when I began taking Dr. Pierce's Favorite Prescription, and it is completely cured me and restored me to health and strength. I was able to do all my own work and others besides. I do recommend 'Favorite Prescription' to weak and ailing women; they cannot get a better medicine."—Mrs. JOSE LOCKMAN, 98 Terrace Ave.

Favorite Prescription is an invigorating restorative tonic, a soothing and strengthening nerve and a positive remedy for the chronic weakness peculiar to women.

This old prescription of Dr. Pierce's is extracted from roots and herbs by means of pure glycerine and is a temperance remedy of 50 years' good standing. Send for trial pkg. and advice to Dr. V. M. Pierce, Invalids' Hotel, Buffalo, N. Y., or Bridgeburg, O.

NEW YORK STOCK MARKET
Quotations furnished by private wire
J. M. Robinson & Sons, St. John, N. B.

Table with columns for various stocks and their prices, including Am Car and Fry, Am Locomotive, Am Beet Sugar, etc.

SOME ADVANCE, SOME LOWER IN WALL STREET

New York, Jan. 10.—(Wall Street)—Market gains in shipings, equipments and some of the less active war issues at the opening of today's stock market were counterbalanced by small reactions in United States Steel, Bethlehem Steel and American Telephone, motors, oils, tobaccos and specialties were irregular. Sears-Roebuck gaining three points. There was only a limited inquiry for calls at nominal changes.

BANK OF ENGLAND

London, Jan. 10.—The weekly statement of the Bank of England shows the following changes: Total reserve increased 2768,000; circulation decreased 2887,000; bullion decreased 2190,174; other securities decreased 218,819,000; public deposits increased 23,824,000; other deposits decreased 284,866,000; notes reserve increased 2744,000; government securities decreased 218,966,000.

LONDON STOCK EXCHANGE

London, Jan. 10.—The stock market maintained a cheerful tone today. President Wilson's message was a strengthening factor especially in Russian issues, which were strong, the latest Petrograd news having no effect. Speculation was more active, particularly eastern Kafirs, tin mines and oil shares.

Small Sums of Money

Systematically invested each month in good bonds and dividend-paying stock at prevailing low prices, will help you on your way to financial independence.

These issues were more active, particularly eastern Kafirs, tin mines and oil shares. While British American Tobacco was leading feature on dividend announcements. Home funds and shipping shares were steadily supported.

BOARD OF TRADE OF CHARLOTTETOWN DEMANDS ACTION

Charlottetown, Jan. 9.—The board of trade tonight passed a resolution urging upon the minister of railways that transportation conditions between Seckville and points on the Prince Edward Island Railway be immediately investigated by the sub-committee recently appointed and also that this province be given efficient and adequate service to handle its valuable food products.

QUEBEC AGAIN MAKES GOOD FINANCIAL SHOWING

Quebec, Jan. 10.—(Montreal Gazette Dispatch)—Hon. Walter Mitchell, provincial treasurer, in making his budget this afternoon, will announce a net surplus of \$108,440. The ordinary revenue of the province will be given at \$10,441,118, while the ordinary expenditure was \$9,352,678, making the surplus \$1,088,440.

CORN AND OATS

Chicago, Jan. 10.—Prospects of a more plentiful distribution of ears in the west had a tendency today to ease down the corn market. The outlook, however, likely to hamper efficiency of transportation acted as a heavy offset. Business was lacking, volume, opening prices, which ranged from the same as yesterday 1 1/2 cent lower to 1 1/2 cent higher.

WAR IN THE AIR

PERSONALITY COUNTS IN THE AIR

WAR in the air as it is waged today recalls the olden times, when knights rode forth to battle and won honor and glory by their deeds of personal heroism.

The life of an aviator is full of romance, action, adventure, opportunities for glorious achievement, everything that could stir the imagination of a valorous young man.

Men with nerve, courage and sound physique, are needed to maintain the supremacy of the air. There are hundreds of Canadians now training for commissions in the service.

Young men in good health, and of fair education, are invited to enroll as cadets. While training they receive \$1.10 per day. Class 1 men under the M.S. Act are eligible.

An interesting booklet, "Air Heroes in the Making," describes fully the R.F.C. course of training. A copy will be sent post-paid to anyone who contemplates entering military life. Write to one of the following addresses:

This advertisement is the second of a series of ten designed to effect closer co-operation between the company and its subscribers. There are three parties to a telephone call—person calling, the person called, and the operator who connects them. The quality of service rendered is determined by the spirit in which all three work together, rather than by the individual effort of any one or two of those three persons.

"Don't Answer" Reports

Nobody like a "Don't Answer" report. To the subscriber it nullifies the value of the service, as far as that particular call is concerned; to the company it means lost effort and loss of revenue. Our operating methods provide that before giving a "Don't Answer" report, the operator is required: (1) To ring the bell of the called station at least three times during a period of 60 seconds.

'Don't Answer' Reports Are Given by the Operators When the Above Routine Has Been Completed, and

- (1) There is no one near enough to the called station to hear the bell when it is rung, or
(2) There is an unusual delay in answering at the called station, or
(3) Through an error by the subscriber in giving, or the operator in repeating, an incorrect number is given and a wrong station is called, and no one answers, or
(4) There is mechanical trouble which has not yet come to the attention of the Maintenance Department.

A prompt answer at the called station will reduce the number of "Don't Answer" reports.

In a busy central office the operator handles many calls with precision and despatch. If a call goes wrong, she does her best to right it. Occasionally a tangle comes, however, which deserves the services of a specialist.

Behind the operator stands the supervisor. She is ready to give you her personal attention, check it up from start to finish, and right it, whenever the probabilities, as you know them, warrant you in asking for this special service.

R. J. Armstrong Converts Queen's Risk Into Home of Motion Pictures

Robert J. Armstrong, who has been identified with local theatres and sporting establishments for more than a score of years, has entered the motion picture field and in the near future will open a new theatre opposite Queen Square. Mr. Armstrong, who owned the Queen's risk, has converted it into a picture house, so the theatre can now boast of the art, which can compare favorably with any of its kind in the province. It will be known as the Queen Square Theatre.

RESOLUTION BEFORE MONTREAL COUNCIL

Montreal, Jan. 10.—In a lengthy preamble in which it is stated that a portion of the population of Canada "has been bent upon the task of vilifying the French-Canadian race, of holding it up to insult, to slander and opprobrium and of despising it of its most sacred rights and most valued prerogatives, and attacking the honor of the race and its kindest feelings," also of having, during the recent general election, shown "impudently hatred against the province of Quebec and its people of French origin," a notice of motion by Ald. Lariviere, at a meeting of the city council yesterday afternoon, concludes as follows: "Be it resolved, that this council feel that it should do its duty to show its respect and regard for the French-Canadian people of this city and its province, and to proclaim the fact that their French-Canadian fellow citizens have been most unfairly judged; that, for its part, the city council of Montreal protests most strenuously against all these unjustifiable insults, and avails itself of this occasion to affirm most energetically that the French-Canadian people have never stood in the way of the peace and progress of the Dominion."

Had Bronchitis FOR THREE YEARS COULD GET NO RELIEF

Bronchitis is generally the result of a cold caused by exposure to wet and inclement weather. It begins with a tightness across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is also a raising of mucus from the lungs, especially in the morning. This is at first white, but later becomes a greenish or yellowish color, and is occasionally streaked with blood. On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, and thereby prevent it becoming chronic and perhaps turning into some more serious lung trouble.

CHANGE OF TIME CANADIAN GOVERNMENT RAILWAYS

Will Go Into Effect January 6, 1918. Changes in the train schedules of the Canadian Government Railways, which will go into effect on January 6, will affect several of the principal trains in and out of St. John. No. 15, the local express for Truro will leave at 7.10 a.m. No. 14 Express, the connection with the Ocean Limited for Halifax at 1.20 p.m. (except Sunday). The evening train connecting with the Maritime Express for Quebec and Montreal will leave at 8.10 p.m. as usual (daily except Sunday); No. 10, the night train for Halifax, will leave at 11.40 p.m., ten minutes later. The time of arriving trains is not greatly changed. No. 19, the Maritime Express connection, will arrive at 12.25 p.m., instead of 11.20 a.m. The Ocean Limited is to run daily, except Sunday, and the Maritime Express daily. The service to Prince Edward Island is now via Cape Tormentine. Connections will be made by No. 18 train leaving St. John at 7.10 a.m. 1-14 Mud spots on black cloth should be allowed to dry thoroughly, then the mud should be scraped off and the place well brushed. Light stains will be removed most always, but these can be removed by rubbing them with a raw potato.

Mannix and Grimes are pitchers and Ward a shortstop, while Cutshaw is an infielder and Steger an outfielder. The players will accept it. They are asked to take a chance with us, and if we are successful they will derive all the benefits. If we make \$10,000 we will gladly share it with them. But it is up to them to do their part."
Many Trades Discussed.
Cincinnati, Jan. 7.—Many trades were discussed by the score of baseball owners in town today to attend the National Commission meeting here tomorrow, but nothing resulted from the discussions in so far as close observation could tell tonight. At an informal meeting of the National League members the subject of war taxes proved to be the most interesting topic.
Previous to the meeting President Tener had appointed John Heydler of the league and John Foster of the New York club, and Walter Hapgood of the Boston club, to consult with government officials relative to the payment of war taxes on passes to baseball games. At the meeting this committee was empowered to widen its scope and to include the entire war tax problem as it will concern baseball.

Wants Stars for Hornsby.
St. Louis, Mo., Jan. 7.—Branch Rickey, president of the St. Louis Cardinals, in discussing reports that he might sell Rogers Hornsby, his star shortstop, to the Chicago or New York National League clubs, said today:
"it will be safe to say that Hornsby will play with St. Louis next season. Unless Chicago meets the proposition I have made, or New York meets my terms, Hornsby will stay with St. Louis."
Rickey said he might consider the sale of Hornsby to the New York Giants for cash and Fletcher, Burns, Kauff and Schupp. He said he had told President Weegman that the Chicago Cubs could have Hornsby for \$100,000 and Alexander and Vaughan.

day. It was sent back and then dated March 18. It is for \$1,000. This was at the Royal Bank. All these drafts at the same time and yet Mr. Lindsay said nothing about elections?
A—No.
Q—Did you expect to pay so much to Mr. Tennant?
A—At first we didn't think it would be \$100,000 but when we saw a profit of \$250,000 we didn't mind.
Q—Didn't you agree that you would finish the upper end at the same price?
A—Yes.
Q—Then what possible excuse did you give the railway board for raising it?
A—The increased cost of material.
Q—But wasn't it down in black and white as a contract?
A—Yes.
Q—In anything but politics you would have had to fulfil the contract?
A—Yes.
Q—On petition they raised the price \$77,000, eh?
A—Yes.
Q—And the two days later Tennant gave Tennant \$20,000?
A—Yes.
Q—And two days later Tennant gave Geo. B. Jones \$20,000 for elections?
A—Come Out Here!
A—I don't know about that.
Q—Did you make anything as it turned out?
A—No. We came out even.
Q—You mean that whatever profits you made, Tennant's got?
A—Yes. His made more of his profits.
Q—Couldn't you have tendered \$120,000 lower and yet have made a profit?
A—Yes, but you always take a chance in contracts.
Q—Can you tell me if there were any business reasons why your company didn't make Tennant take the same chances as to the contract?
A—No.
Q—Have you any doubt but that he was merely employed as a partner because it was thought he had a pull here?
A—I don't know.
Mr. Jones read a statement of the company up to Dec. 30. The costs amounted to \$1,480,472.99, including \$188,000 for Mr. Tennant. The revenue was \$1,457,293.15, leaving more than \$6,000 profit after paying Mr. Tennant \$188,000.
Q—If he was a partner and got profits in advance, it would only be fair to charge him interest on them?
A—Yes.
Q—But you never did this?
A—Not to my knowledge.
Q—At the present time, are you making any profit?
A—A very little.
Q—Then Tennant got it all, eh? Did you have to borrow the money to give him?
A—Yes. We made a loan of some of it from the bank.
Q—Then you didn't advance his profits simply because the money was lying there, and you didn't know what to do with it?
A—Oh, no.
To Mr. Hughes—Mr. Tennant was never elected a director of the company. He was elected agent here.
To Mr. Stevens—The estimate of costs allowed for no law suits.
Q—Did you expect any?
A—Well, yes.
Mr. Hughes here read from Mr. Cozzolino's former testimony his own statement that at the time of making the contract he was elected a director. Mr. Cozzolino said that this was a misunderstanding, and that he wished to correct it. He never owned a cent in the company.
Q—Is he still a member of the company?
A—No. He claims to be, but is not.
Mr. Jones—He will be making out a draft on you some day.
A—Yes, and he'll get it—like sixty.
Q—You don't expect him to pay any back?
A—Well, I would try, if I could make him pay; you bet your life!
Mr. Hughes read Mr. Tennant's testimony, stating that there was still something due him on salary accounts.
Q—Is this so?
A—No. And further, Mr. Tennant has nothing more now to do with the company. The sub-contractors complained of Mr. Tennant's connection with the company and Lindsay told them that he would clear Tennant altogether from the company. He afterwards told me that he had done this.
Mr. Cozzolino was asked to obtain any correspondence between the company and Mr. Tennant and to send it to Hon. W. P. Jones. He was also asked to obtain a statement showing which part of a certain sum were salary and which expenses.
The commission then adjourned until three o'clock this afternoon, when R. B. Emerson and Miles E. Agar were to be called to the stand. Several other members of the conservative party are to be called by Mr. Jones tomorrow.

MAYOR CALLS FOR ESTIMATES

They're To Be On Hand By January 17
Serious Situation To Be Faced, Says His Worship, With Heavy School And Patriotic Fund Assessments

At a meeting of the common council this morning Mayor Hayes impressed upon the commissioners the importance of submitting their yearly estimates as soon as possible. Owing to the large increase asked by the school board, the large assessment of the provincial government for patriotic fund and other increases, he said, there was no denying that they were facing a serious situation. He said that the pressure was not felt by business men to any extent, but by a large proportion of the middle class, whose salaries had not increased proportionately to the cost of living.
Commissioner Fisher asked whether or not the council would support him if he sought legislation to reduce the control of Union street, from Waterloo to Brussels, and make the N. B. Power Company remove one of their tracks. He said he was desirous of laying permanent pavement in that section, but he would not do so under present conditions. With reference to permanent pavements he said that he did not propose to lay any which would necessitate the issue of bonds.
In answer to Commissioner Russell, he said that the council had given the company permission to double track the street.
Commissioner McLellan asked him if he thought he had any chance to secure such legislation. He said it was one thing to oppose the company when endeavoring to secure something but another thing to take something away from them. He said that if Commissioner Fisher thought he could accomplish anything he would willingly support him, but it was very doubtful. He said that it would be necessary to get legislation to recede the action of the council in granting the permission.
Commissioner Fisher said that he was not in a position to recommend the paving of the section unless one of the tracks was taken up.
Commissioner McLellan asked him if he proposed to let the North End go as last year and also wanted to know why he objected to a bond issue if it was absolutely necessary. He said he considered the streets should be made safe and passable and the people of the North End would soon make known their opinion as to pavement.
Commissioner Russell said he certainly favored permanent pavement in Main street. He said that the street should be finished from Adelaide street to the foot of Indian street.
Commissioner Fisher said that if the council was willing to issue bonds for this work he would fight in with it and have estimates prepared.
Commissioner Fisher again brought up the matter of securing legislation to put a stop to the flow of water from alleys and yards.
It was decided to have all estimates ready by Thursday, Jan. 17, when the council will meet and deal with them.
Commissioner McLellan reported that the new motor patrol would be ready in a few days. He said that he intended to do away with the lock-up in Brussels street and had made arrangements to rent the room. He intends to have the patrol stationed in No. 2 fire house and to have it operated by one of the police officers at headquarters.

APPOINTED TO 1ST DEPOT BATTALION

Lieut. Louis Gifford, M. M., Had Been Through War With 26th

Friends of former Sergeant (now Lieutenant) Louis Gifford, M. M., a returned soldier of the 26th battalion, son of Mrs. May Gifford, Cranston avenue, will be pleased to learn that he has been appointed an officer in the first depot battalion. Lieutenant Gifford went overseas with the original 26th and soon after the arrival of the unit in England he was appointed to be sergeant. He crossed to France with the unit and in several engagements in which the 26th took part he distinguished himself. After the battle of Concrete he won the Military Medal. In the same battle he was recommended twice for the Distinguished Conduct Medal.
His appointment is a well-merited one and to a post which he can ably fill.

MIGHT HAVE HAD FIFTY MILLION TONS MORE COAL IN STATES

Indianapolis, Ind., Jan. 10.—An estimate that at least fifty million more tons of coal than were produced in 1917 could have been taken out by the miners in the country is contained in a statement by John L. Lewis, vice-president of the United Mine Workers of America, made public today.
The fifty million was estimated by Mr. Lewis by figuring the average idle time reported and applying that figure to the total membership.

DROWNED IN VAT OF BEER

Montreal, Jan. 10.—An employe of Molson's brewery named Levesque was accidentally drowned in a beer vat yesterday. He was skimming the top of the vat when he slipped and fell in. He was forty-five years old.

BURIED TODAY
The funeral of Miss Mary Ratchford took place this morning from her late residence, 50 Peters street, to the Cathedral, where high mass of requiem was celebrated by Rev. A. P. Allen. Interment was made in the old Catholic cemetery.
