The Evening Times and Star

ST. JOHN N. B., AUGUST 11, 1911. The St. John Evening Times is printed at 27 and 29 Canterbury street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE EVENING TIMES THE DAILY TELEGRAPH New Brunswick's Independent newspapers. These papers advocate British connection Honesty in public life Measures for the material progress and moral advancement of our great Dominion.

THE WINNING TICKET Last night's Liberal convention left no doubt in the minds of members of the party concerning the success of their candidates in the city and county of St. John. The convention nominated the winning ticket.

Hon. Dr. Pugsley desired to be placed where the fight would be the most keenly contested, and he will stand for the city which was previously held by the Conservatives. Whether his opponents be Dr. Daniel or another, there can be no doubt of the election of the minister of public works, who has done so much to build up the port of St. John, and whose further development of what he rightly regards and describes as one of the great national ports of Canada.

Mr. James Lowell, M. P., P. J., has been unanimously chosen as the Liberal candidate for the city and county of St. John. The news will be received with the greatest satisfaction throughout the constituency. Mr. Lowell has been in the legislature for seven years, and was for years a valued member of the municipal council. In the last provincial election he defeated his highest Conservative opponent in the county by 374 votes. He is a man of honor, with an excellent record in public life. He has a reputation for carrying out his political undertakings, at least so far as hard work and earnest devotion to the welfare of his constituents may enable a man to succeed in his efforts in their behalf.

THE BUILDERS It is worthy of note that while Dr. Daniel at the Hazen banquet last evening was lauding the obstruction of public business in Ottawa as a sacred duty, Hon. Dr. Pugsley at the Liberal convention was telling the people that three of the greatest British contracting firms had just submitted tenders for the construction of great harbor works at Courtenay Bay. Of these two public men, one represents obstruction, and "let well enough alone," the other represents progress and development.

The announcement that these three tenders have been received, each tender making a deposit of half a million dollars, marks the difference between the St. John of today and the St. John of even three years ago. Then Dr. Pugsley was affirming amid the jeers of the Conservatives that Courtenay Bay must become the scene of great harbor development; now he has at his disposal half a million dollars voted by parliament to be given to the construction of Courtenay Bay, and the contract will soon be awarded for the construction there of a dry dock and ship repair plant, breakwater and wharves.

Canada's total trade with all countries last year was valued at \$769,094,388. More than half of it, or \$404,137,940 was in trade with the United States. Does that fact lessen our loyalty to the Empire?

"WELD US IN ONE"

When the crown is yet to set upon the purpose of thy power. And the mightiest page is yet to turn of all thy golden pages! O, lift thy towers to heaven, for thy work is not yet done! Nations, not shires, this day, Bring thee their worlds and say, Keep thou thine ancient way, Weld us in one!

IN LIGHTER VEIN Mr. Pecked—(to himself)—I'll keep on smashing plates until my wife stops ordering me to wash up! Bang! Crash! Bang! Mrs. Pecked—(to herself)—I hope he will go on smashing the plates. I need a new dinner service so much!

REV. DR. PHILLIPS The news of the death of Rev. Dr. Phillips will bring to very many people a sense of personal loss. There have been few kinder men than this gentle minister whose sympathy went out to every sufferer without regard to creed.

THE DARK DAYS OF THE CONSERVATIVE party hereabouts are sometimes illumined with feast and merry jest. There are at least thirty counties in Quebec where the farmer is going to have his turn or know why.—Montreal Herald.

THE STANDARD credits Mr. W. H. Thorne with expressing the hope last night that "the Hazen government will continue until we can look forward with confidence to their successors." Most people are already looking forward in just that way, and also with a considerable degree of eagerness for the change.

MR. H. J. LOGAN has accepted the Liberal nomination in Cumberland. That means a battle royal in a county of historic struggles in Nova Scotia politics. Mr. Rhodes must look to his laurels. Mr. Logan is the man to redeem Cumberland.

THE CONSERVATIVES in Vancouver are having trouble. Mr. G. H. Cowan will not run again. Sir C. H. Tupper and Mr. C. E. Tisdell represent rival factions, and an effort is being made to compromise on Mr. H. H. Watson. The latter, however, is understood to be reluctant on account of his personal friendship with Mr. J. H. Senkler, the Liberal nominee.

THE APPOINTMENT of Mr. A. P. Barnhill as a member of the International Waterways Commission will be heartily approved by all who know his fine qualities of mind, his legal ability and those personal qualities which command respect and confidence. Mr. Barnhill has had valuable experience as a member of the St. John river commission, and will enter upon his new duties well equipped for their faithful and intelligent performance.

THAT THE GROWER of Canadian fruits will get more for his produce if the reciprocity bill goes through is the opinion of Dr. W. H. Galdie, president of the Central Okanagan Land Co. of British Columbia. He says that fruit growers in Canada would get more for their fancy stock (apples being mentioned in particular) in the New England states, and that the producer would find a good market for the staple winter varieties in the cities of New York and Chicago.

MR. PUGSLEY'S laughing observation last night that the Standard did not appear to be able to see anything more than promises as a result of his efforts. Yet there was a wharf and warehouse on the west side, there was the dredging at West St. John and in the harbor channel; there was the drill-hall now being erected, and other indications of promises fulfilled. Though the minister did not say so, it was the Conservatives who always promised and never performed, so far as development at St. John was concerned, and it is only under Liberal rule that St. John has received due recognition as a winter port and one of the great national ports of Canada.

SWEET POTATOES, Canteloupe Melons, Water Melons AT Jas. Collins', 210 Union St. (Opp. Opera House.) Phone 281 HOUSE FLY FECUNDITY. A female house fly which has hibernated in a dwelling house, or elsewhere, may produce in the spring, at the lowest estimate, one hundred and twenty eggs. Assuming that one half of these hatch as females, and allowing that the breeding goes on without check for four months, we have as the descendants of a single hibernating individual 21,457,844,320,000,000,000 flies. Now, a house fly measures exactly one fourth of an inch in length; the distance around the earth at the equator is said to be 24,800 miles. It would take, therefore, 3,688,312,000 flies placed end to end to go around the world once. Using this number as a denominator, and the number of flies produced in four months from one mother as a numerator, we find she will give rise, in the course of a year, to enough flies to encircle the globe at the equator five thousand times, and have plenty of progeny to spare!—Popular Science Monthly.

INTO THE FRAY (Montreal Herald) The white plume will not go forward without company, it seems. A sign of the devotion Sir Wilfrid is able to inspire comes from Nova Scotia, where Mr. A. K. McLean has come forward against Mr. Borden and where Mr. Hance Logan has undertaken to redeem Cumberland. Mr. Logan was the first to win the riding which Sir Charles Tupper once held as his chosen stamping ground. A great, handsome, manly fellow, with plenty of brains in his big head, Hance Logan was unbeatable until illness forced him to try a whirl at the simple life. After three years of it he feels fit again and has answered to the call Sir Wilfrid sent up when he came home. Mr. McLean is another good one. He made a reputation at Ottawa for calm judgment and serene temper. He could run a committee till it worked like a well oiled machine. Not long ago he was called back to Nova Scotia to be Attorney-General in the Cabinet of Mr. Murray. He did his full share in the provincial election recently held, and then joined the Quebec bar, letting it be understood he meant to abandon Nova Scotia politics and practise law in Montreal, where so many Bluenose lawyers are doing well for themselves. The provincial election, however, was fought largely on the reciprocity issue. Conservatives did their best to keep it to the fore, and the Liberals met them fairly. Nova Scotia Liberals mean to stand by Mr. Fielding and by Sir Wilfrid in this reciprocity affair. The harder they hit the more Nova Scotia means to rally to him. Mr. McLean's acceptance of the Halifax candidature against Mr. Borden, which he will very probably beat, is a sign of it that all and sundry would do well to note.

SUFFRAGETTE AIDS STRIKE.

MISS GRACE RAYMOND, SUFFRAGETTE WHO INDUCED STRIKE BREAKERS TO LEAVE POSTS.

Miss Grace Raymond, a well known suffragette, is now very busy helping the street car strikers in Brooklyn, with their fight. Miss Raymond has induced several strike breakers to desert their cars, and, all in all, the young lady has done valiant work on behalf of the workmen. It is a new departure for suffragettes to engage in, but Miss Raymond has entered in the task with a determined spirit that has done much to aid the cause of the strikers.

EMERSON'S ELECTION FOREGOING CONCLUSION

Great Tribute to Westmorland's Able Representative at Moncton Convention Yesterday—Five to One on Government's Chances

Hon. H. R. Emerson was chosen by a large convention at Moncton yesterday afternoon as the Liberal nominee for Westmorland. All sections of the county were well represented, and the meeting was enthusiastic. Dr. Purdy moved the nomination, seconded by Mr. Legren, Mr. Emerson was heartily received in a rousing speech which he made afterward.

One of the leading financiers of Montreal was yesterday waging five to one on the return of the Liberal government. J. A. Allan, of Regina, Sask., who came to the Royal yesterday, said that in Saskatchewan indications are that the Conservatives will lose the one seat they hold at present.

B. B. Law has again been chosen to contest Yarmouth. R. J. Borden and A. B. Crosby were nominated by the Conservatives in Halifax yesterday as house of commons candidates. H. D. Tremaine was their choice in Windsor, N. S., and John MacCormick in Cape Breton, North.

The following have been appointed returning officers from Ottawa: Sheriff R. A. Stuart, for Charlotte; Sheriff F. W. F. Fergus for Kings-Albert; A. O. Skinner, St. John.

HOW P. E. ISLANDER CAME TO THE FRONT

Fred. J. Macleod, a Graduate of Dalhousie in '90, Now Holds \$10,000 Job in Massachusetts

Fred. J. Macleod who was appointed chairman of the State Railroad Commission by Gov. Foss at a salary of \$10,000 a year, was born on Prince Edward Island June 30, 1870. After attending the public schools he entered Prince of Wales Academy in his native province and was graduated at the head of his class in 1888. He then entered Dalhousie College, Halifax, N. S., and was graduated in 1890, with the degree of B. A., and highest honors. Soon after he went into the senior class of Harvard College and was graduated in 1891, receiving the degree of A. M. He continued his work in the Harvard graduate school. He played for three years on the Dalhousie variety football team, and also played on the variety second team at Harvard.

After leaving the Harvard graduate school he spent two years as professor in Mercersburg College, Pennsylvania, and the second year as instructor in the State University of Nebraska.

He entered the Harvard law school in 1896 and was graduated in 1898. He was practice of law with Stimson & Stockton, Boston street, practicing independently.

In 1900 he was engaged as an expert in corporation law and taxation, and prepared a report for the United States industrial commission. In 1903 he was employed in a similar capacity by the Massachusetts commission on the revision of the corporation laws and prepared a treatise, which was published by the state in 1905. He was re-elected to the state senate and became chairman of the Democratic state committee.

Mr. Macleod was appointed chairman of the "committee of four" which was selected to select a Democratic candidate for governor, and it was he who devised and carried out the plan for a party ballot of the delegates which nominated Mr. Foss.

"My daughter," said Mrs. Newcomb, proudly, "comes out tonight."

"How strange," said Mrs. Kasher, "so does my husband. How long was your daughter in?"—Toledo Blade.

DON'T BE BALD

Nearly Anyone May Secure a Splendid Growth of Hair

I have a remedy that has a record of growing hair and curing baldness in 98 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and I mean it to be, and no one should doubt it until they have put my claims to an actual test.

I am so certain Rexall's "98" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that I personally give my positive guarantee to refund every penny paid for or to give instant money where it is not a mere satisfaction to the user.

Recall "98" is a tonic so pleasant to use as clear water, it is delightful, fully perfumed, does not grease or gum the hair. 75c, 50c, and \$1.00. With my guarantee, if you are certain take no risk. Sold only at our store—The Rexall Store, Cass, R. Wasson, 100 King street.

OBITUARY

Rev. C. T. Phillips, D. D.

Hartland, N. B., Aug. 10.—Rev. Dr. Phillips died suddenly in this city at 10 o'clock this morning. He and Rev. Dr. Hutchinson, of St. John, who was his guest, were sitting on the veranda at Dr. Phillips' home about 9 o'clock when Dr. Phillips complained of suffering from a pain in his chest. He expired within a few minutes. Soon afterwards a neighbor called inquiring for him and found him lying on his face. Assistance was called for and he was taken to the veranda, where he died in about half an hour. Heart trouble is supposed to have caused his death.

News of the death of Dr. Phillips will be received with great regret in this city and throughout the province. Dr. Phillips was born in Somerville, Carleton county, seventy years ago. He was the son of Cornelius Phillips and Frances Steves. When about thirty years of age he began studying for the ministry and during his forty years of service had preached in Sussex, Woodstock, St. John, Hartland and Jacksonville. He was fifty years in Sussex and sixteen years in Woodstock. He was known as one of the most eloquent of the old Free Baptist clergymen and was one of the heartiest promoters of the union of the Free Baptist and Baptist churches. His work with the pen was also well known as he was a frequent contributor to newspapers. He was the possessor of a rich vein of humor, but was also quick to respond to the appeal of the pathetic.

Dr. Phillips married Georgia Doucette, daughter of an old Free Baptist clergyman, and she and four daughters survive him. The daughters are Kate, Mabel, Maud and Georgia. The last named is a nurse in training in Norway (Conn.), and Misses Maud and Kate are also nurses. He has a brother, Elsie, residing in Ontario, and a sister, Mary, wife of Stipendiary Magistrate E. F. Shaw, of Bath (N. B.). C. T. Lagrin, of St. John, is a cousin.

Dr. Phillips had been actively engaged in the missionary work of the denomination in this province during last year, and he had only recently been granted a year's rest, which he was taking at his home in Jacksonville. Arrangements for the funeral had not been completed last night.

Andrew Skillen

A telephone message from St. Martins last night brought news of the death of Andrew Skillen, which occurred at his home there yesterday morning in the 90th year of his age. He was probably the oldest active member of the Masonic fraternity in Canada, having become a member in 1862, sixty-nine years ago. At the time of his death, he was post master and treasurer of St. Martins Lodge.

Mr. Skillen came to St. John in 1838 from Ireland, and for several years was in the tailoring business here with Mr. Garrett, under the firm name of Garrett & Skillen. They had places of business at the corner of Prince William and Princess streets, and at the corner of King and Canterbury streets, where Vassie & Co. now conduct their business.

Dr. Phillips had been actively engaged in general business until some twenty-five years ago. He was also active in other ways and built the steamer Earl Dufferin which plied between St. John and St. Martins for several years. He represented St. Martins in the municipal council several times, was a staunch Liberal, an adherent of the Presbyterian church, and in every way a good citizen.

Mr. Skillen passed away some ten years ago, and there are surviving five sons and two daughters. The sons are W. E. R. W., and S. V., of St. Martins; Joseph V., of Brooklyn, and Leonard V., of Hoc

MAINE BOY SHOT HIMSELF BY ACCIDENT

Almost Within Sight of His Mother Who Thought He Had Fired at a Woodchuck

Norridgewock, Aug. 10.—Almost within sight of his mother who heard the fatal shot and thought he had fired at a woodchuck, Louis, the 12-year-old son of Louis Robinson, was killed yesterday by the accidental discharge of a small calibre rifle. A few minutes before he had started from home with the avowed intention of killing woodchucks. Five or ten minutes after she heard the shot, Mrs. Robinson saw her son in the grass in such a position that she realized there had been an accident. She ran to him but the little fellow breathed only a few times. The shot entered the chest on the right side, passed diagonally through the mouth and lodged near the base of the left ear. A severed artery caused death.

CONGO FREE STATE REPORTED IN REVOLT

Brussels, Aug. 10.—One entire province of the Congo Free State according to despatches received here today, is in revolt. The natives are said to have carried off a Belgian magistrate and are holding him as a hostage.

MORNING LOCALS

Friends of Mr. and Mrs. Neil McLean, who resided for many years in St. John, will be pleased to learn that they intend celebrating their golden wedding at their home in Manville, Rhode Island, on the 13th inst.

In the supreme court chambers yesterday morning before Mr. Justice McKewen, M. N. Cockburn, K. C., of St. Andrews, on behalf of Floyd Brown and Chipman Cheney, two prisoners belonging to Grand Manan, who are now in jail in St. Andrews awaiting trial on a charge of breaking and entering a store and stealing money, made an application for the order to admit the prisoners to bail. His honor granted the order and fixed the bail at \$400 for each prisoner and \$200 each for two sureties. The prisoners will be tried at the Charlotte circuit on Oct. 3.

A bright literary and musical programme was a feature of the moonlight excursion of the N. B. Temperance Federation last night. A large party left on the steamer May Queen at 7:45 and went up the river as far as Belyea's Point and returned to Indiantown at 11:30. Mr. McTavish, president of the St. John county branch, presided, and F. N. Stockford, ex-president, was also present. The programme included: Misses Irvine, duets; J. N. Riley, Tiller, Riley and Kierstead, a quartette. Refreshments were served and a very delightful evening spent.

CEMENT INDUSTRY AT GREENHEAD NOW

At yesterday's meeting of the Safety Board an offer for the Greenhead property was practically accepted. R. Max McCarty, on behalf of Herbert Guernsey, agreeing to purchase the property within ten months at \$28,200, a deposit of \$1,200 to be made on account of the purchase, which is to be forfeited if the sale is not concluded. The understanding is that the property is to be for manufacturing purposes.

Mr. McCarty announced that a large cement works would be established with a capacity of 1,200 barrels of cement a day. Mr. Keith, being heard, said that he was willing to give one third of the \$800 for a four months' option, but in view of Mr. McCarty's offer, this was not accepted.

It was decided on motion of Aid. Potts that holders of city lots be advised that the city was prepared to entertain offers for the purchase of the lots. Inquiries as to the painting of poles by the Street Railway as per their contract resulted in a motion by Aid. Scully that they be notified that they must carry out the conditions of the contract.

PITTSBURG IS NOW OFFICIALLY PITTSBURGH

Washington, Aug. 10.—The postoffice department yesterday added a long-helmed "h" to the city of Pittsburgh, Pa., so that it will now read officially "Pittsburgh." In consequence President Taft Wednesday sent the nomination of William H. Davis, postmaster at "Pittsburgh," to be postmaster at "Pittsburgh."

A renomination always is required in cases where the names of postoffices are changed. Mr. Davis will profit by the change for he will have a four-year term from the day his nomination is confirmed by the senate.

Free speech is no excuse for talking too much.

My Corns Don't Hurt a Bit

Tired, Ailing, Swollen, Smeily, Sweaty Feet, Craz, Callouses and Bunions, TIZ Cures Right Off

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It just wonders the way the pain vanishes. Rub the cream—TIZ—over it with your finger. You will feel the pain after TIZ. TIZ has been proven to be a blessing on your feet. Don't that sound good to you? What is it? Then read this:

"The corn on either of my toes were as large as the tablets you make to cure them. Today there is no sign of corn on either foot and no soreness. It's an up-to-date Godsend—Sam A. Hoover, Progress, N. C."

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is made only by Walter Lather Dodge & Co., Windsor, Ont., and is for sale at all druggists, 25c. per box.

Used in Canada for over half a century—used in every corner of the world where people suffer from Constipation and its resulting troubles—

Dr. Cassell's Maltin's Root Pills, stand high in public estimation than any others, and their ever-increasing sales prove their merit. Physicians prescribe them.

THE HAZEN BANQUET

Hon. J. Douglas Hazen, Premier of New Brunswick, was tendered a banquet in Keith's Assembly rooms last night by a party of his supporters to celebrate his return from England. W. H. Thorne was toast-master. H. A. Powell proposed the toast to the Governor General and Lieutenant Governor, W. H. Thorne the toast to Mr. Hazen, to which the latter replied, George W. Fowler the toast to the provincial and Dominion Legislatures, to which Dr. Daniel, Hon. J. K. Fleming, Hon. John Morrissey, Hon. W. C. H. Grimmer, Hon. Dr. Landry, Hon. Robt. Maxwell and J. A. Murray responded. Here H. F. McLeod proposed the toast to the City of St. John to which Recorder Baxter responded. The catering for the affair was done by George Menzies.

DEPARTMENT OF RAILWAYS AND CANALS

Intercolonial Railway Passenger Station, Truro, Nova Scotia

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Truro Station" will be received at this office until 12 o'clock noon, on Friday, the 25th August, 1911, for the construction of a stone Passenger Station at Truro, Nova Scotia.

Plans, specifications and form of contract to be entered into may be seen and information obtained on and after 10th August, 1911, at the office of the Chief Engineer, at the office of the Chief Engineer of the Intercolonial Railway at Moncton, N. B., or at the office of the Board of Trade, Halifax.

Parties tendering will be required to accept the fair wages schedule prepared or to be prepared by the Department of Labor, which schedule will form part of the contract.

Contractors are requested to bear in mind that tenders will not be considered, unless made strictly in accordance with the printed forms, and in the case of firms, unless there are attached the actual signature, the nature of the occupation, and place of residence of each member of the firm.

An accepted bank cheque for the sum of \$10,000.00 made payable to the order of the Minister of Railways and Canals must accompany each tender, which sum will be forfeited if the party tendering declines entering into contract for the work at the rates stated in the offer submitted.

The cheque thus sent in will be returned to the respective contractors whose tenders are not accepted.

The cheque of the successful tenderer will be held as security, or part security, for the due fulfillment of the contract to be entered into.

The lowest or any tender not necessarily accepted.

By order, L. K. JONES, Secretary, Departments of Railways and Canals, Ottawa, August 4th, 1911.

Newspapers inserting this advertisement without authority from the Department will not be paid for it. 6360-8-12.

ing an audience of the city of St. John. That was when he met the provincial candidates in a wordy contest upon the issues of a former campaign. He thanked the convention for the honor they had conferred by selecting him as standard bearer for the Liberal party in the city and county of St. John. The county delegates were pleased by the manner in which the city portion of the convention had participated in his selection. He was assured that the party would profit by the selection of a resident of the county and every Liberal supporter would be working for the benefit of both candidates.

There was no greater honor than in being selected by a convention of the present status to stand for the Liberal party in one of the most important constituencies. He would have been quite happy, owing to the loyal support that his constituents had given him to have remained in local politics, but he would not be doing his duty to those who had no loyalty stood behind him nor to the party if he did not accept the honor which had been offered him.

Taking up matters at issue, Mr. Lovell referred to Conservative incapacities and spoke of the Canadian navy matter as furnishing a striking instance. Their leaders had proclaimed themselves strongly in favor of a Canadian navy and stated that they would support the government in providing for a commitment. The orators of the party were profuse in their arguments for the immediate building of a navy but when the navy bill was presented to parliament the opposition continued the measures. After the greatest protestations of helplessness they did not stand to their guns.

In the local legislature he had done service to the people of the city. He had stood on the floor of the legislature and held out against a majority when the interests of St. John were being sacrificed by his opponents. Maintaining that this city should become a terminal of the St. John Valley Railway he had never retreated from his position until fortune and the dominion government had stopped it to ensure the boon to this port. Instead of being but a part of the Canadian Pacific line the agreement between the two governments, annex this port as the terminal.

And there was another particular in which he served the interests of the people of this city standing for the reduction of the poll tax from \$5 to \$3, he had forced the leader of the opposing local contingent to abandon his position and favor the reduction. Before the termination of the meeting the speaker showed the efforts of their representative in the local house. Because of the sympathy which he had shown in coming to the people of the city and asking their loyal support. If he went to Ottawa, and there would doubtless to his going, he would support the minister of public works with all his power in his efforts to benefit the city and province. His course would widely diverge from the usual finding and critical manner of the present member from the city.

He called on the Liberal voters to stand behind their guns as organization would mean a great victory. The narrow margin of being but a part of the country side. The battles of Liberalism were early won when men stood true to the old principles.

The meeting closed with hearty cheers for the candidates and the ringing of the national anthem.

GREAT BRITISH FIRMS TENDER FOR COURTENAY BAY WORK

Hon. Mr. Pugsley, in his speech at the Queens Rink convention last evening, in accepting the Liberal nomination for the city, announced that tenders for the great works in Courtenay Bay had closed at Ottawa yesterday, and that he had just received a telegram from the deputy-minister of public works saying that three tenders had been received. Dr. Pugsley said these tenders were from three of the greatest contracting firms in the British Empire, each of which had made a deposit of \$500,000, in accordance with the terms laid down by his department. The minister added that he would go to Ottawa immediately, and that then the tenders would be opened and passed upon by himself and other members of the government. This statement, which was a feature of Dr. Pugsley's eloquent references to Greater St. John was received with the heartiest of cheering.

A. P. BARNHILL MEMBER OF NEW COMMISSION

Ottawa, Aug. 10.—The Canadian representatives on the International Waterways Commission were nominated today by the cabinet. They will have to be confirmed by the British government. The commissioners named to act for Canada are: Sir George Gibbons, London, Ontario; A. P. Barnhill, K. C., St. John, (N.B.); Aime, Geoffroy, Montreal.

The salary is \$7,500 a year. This is the new commission which will deal with all boundary waters from the Atlantic to the Pacific. The duties of the commissioners are most important. Mr. Barnhill, who has been chairman of the St. John River Commission, and who has done splendid service in that position, is exceptionally well fitted for the duties of the larger sphere into which he now enters, both as a lawyer of high standing and as one acquainted with the questions which will fall within the jurisdiction of the new commission. The Canadian commissioners will have an office in Ottawa, and they are presently to meet the American commissioners and effect their organization.

Asepto Premium Plan Advantages

TALK NO. 5

A lady called at our store yesterday and during conversation expressed unbelief in premiums, remarking that she never got a premium that was any good. We immediately showed her a pair of boots that were made by one of the most reliable manufacturers in Canada, and asked her "If she considered them a good premium? "Oh! if one could get premiums like that."

She did not understand our plan and when we fully explained it her purchases totaled about \$10.00.

Every article is for sale and every article a premium.

Every article comes to us direct from the maker.

Our premiums are the best, and we handle many lines.

Are you buying from your grocer Asepto Soap, Asepto Soap Powder, and other lines?

We have a big Xmas surprise planned for all the users of our Asepto products, the more you have bought the greater the gain.

CANADA SOLD LESS WHEAT TO BRITAIN

Exports Decreased £1,500,000 for Six Months of This Year.

Ottawa, Aug. 10.—John Bain, imperial trade correspondent for this district, today issued a report on the external trade of the United Kingdom, as it affects Canada, for the six months ended June 30. The total value of the merchandise imported into the United Kingdom from Canada and exported from the United Kingdom to Canada, during the first six months of each of the years 1910 and 1911 were as follows: The figures given being in pounds sterling.

Imports into the United Kingdom from Canada, 1910, £10,260,000; 1911, £8,841,000.

Exports from the United Kingdom to Canada of United Kingdom products, 1910, £3,511,000; 1911, £3,464,000; of foreign and colonial products, 1910, £188,000; 1911, £1,478,000.

The exports to Canada were thus about the same in value as last year, but the imports from Canada were lower by two millions sterling, at which nearly £1,500,000 were due to diminished imports of wheat. Britain's wheat imports from Canada were £3,820,000 in the first six months of last year, while in the same period this year they were only £2,322,000. Bacon and tams, however, show an increase from £263,000 to £1,027,000.

LIBERALS CARRY THROUGH CURB OF LORDS' POWER

Amendments to Veto Bill Rejected by Majority of 17—Lord Rosebery and Archbishop of Canterbury Converts at Last Moment

London, Aug. 10.—Premier Asquith's government, tonight enjoyed its well-earned majority in the House of Commons by a vote of 131 to 114. By this vote the house of lords decided to accept what the Liberals contend is the will of the people and adopted Viscount Morley's motion not to insist upon the lord's amendments to the parliamentary bill which practically limits the power of the house of lords to a two year suspensory veto and vastly increases the prerogatives of the house of commons.

The great constitutional struggle, which began when the house of lords nearly two years ago rejected the budget of Lloyd George, chancellor of the exchequer, is ended for a time at least, with the greatest change to Great Britain's working constitution since the passage of the Reform Bill.

The process of voting consumed nearly an hour and the result trembled in the balance till the last moment. The "die

hard's" mustered greater strength than the prophets had anticipated and the government owes its victory to votes of between about 20 and 30 Conservatives who threw in their lot with the Liberals to save their own careers from loss of prestige by a great increase in their numbers and the king from the necessity of the use of the royal prerogative, from which every member was more anxious to be saved.

The Archbishop of Canterbury and York and nine bishops also lined up with the government, although the ecclesiastical lords generally keep aloof from party questions. The Bishops of Bangor and Worcester were with the Liberals, while the "Last Ditchers."

It was noticeable that the highest ranks of the nobility furnished the greatest supporters of the government. The Dukes of Norfolk, Leeds, Marlborough, Newcastle, Northumberland, Somerset and Westminster, voted with the opposition, while the remainder abstained from voting. When the voting began a thrill of excitement marked the appearance of each notable member. There was greater than when Lord Rosebery turned up as a supporter of the government.

London, Aug. 10.—A resolution to pay members of the house of commons £2,000 annually for their services was carried by a vote of 236 to 136. The resolution was introduced by Chancellor David Lloyd George in the house of commons today.

When the debate on the veto bill resumed in the House of Lords today Viscount Morley, speaking for the government, announced that if the measure were defeated the bill would be introduced in the House of Commons in the next session.

Viscount Morley, who made the statement in reply to a speech by Lord Rosebery and Lord Lansdowne, read it slowly from a sheet of foolscap. He said that members deserved an answer, plain, deliberate and beyond all cavil and mistake. He concluded:

"Every year given against my motion not to insist on the amendments is a vote given in favor of a large and prompt creation of peers."

Lord Rosebery, who followed Morley, admitted that it was now quite clear that the bill must pass. The former premier, who spoke for the first time since the veto bill was introduced in the upper house denounced the government for having gone to "A young and inexperienced king, not yet five months upon the throne to ask some guarantee to pass a bill that had not even passed its first reading in the house of commons." He concluded:

"If the bill passes tonight there will be some left in the house to oppose the dangerous measures of the government and the empire will be spared the sight of a scandal which would go far to weaken the hold of the centre of the empire on its component parts."

The Earl of Camperdown having announced that he would support the government in preference to leaving the upper house swamped with new peers, the Duke of Norfolk declared that if any Unionist peers supported the government he would vote with the insurgent followers of the Earl of Halsbury.

Viscount Halifax, adopted the same attitude.

The Archbishop of Canterbury announced that he had come into the house with the hope and the expectation that he would be able to abstain from voting without doing anything detrimental to the interests of the country but that during the course of the debate he had changed his opinion.

"I have especially been influenced," the Archbishop continued, "by the callousness. I might also say levity, with which some of the noble lords seem to contemplate the election of 500 peers, which would make this house, and the country, the laughing stock of the dominions beyond the seas, and of foreign countries, the history of whose constitutional life and progress has been so largely modelled on our own. In these circumstances I feel it my duty to give my vote against insisting upon the amendment."

Several lesser lights on both sides of the house then made speeches and Lord Milner, Lord Curzon of Kedleston, and the Earl of Halsbury, and finally the Earl of Selborne spoke in favor of resisting the commons.

The Duke of Devonshire said if there was any effective way by which the passage of the bill could be prevented he would be the first to advocate it, but there was none. He added that if the advice of the

DALHOUSIE JCT. YOUTH DIES OF HIS INJURIES

Dalhousie, N. B., Aug. 10.—(Special)—Chester Jameson, son of John Jameson, of Dalhousie Junction, died on Tuesday as a result of an accident which happened about two weeks ago in a mill at the Junction. He was eighteen years of age and endured terrible suffering before he died. His funeral took place here today and was largely attended. The services were conducted by Rev. J. H. Kirk. Much sympathy is felt for the friends in their sad bereavement.

CONTRACT LET FOR HUDSON BAY RAILWAY

J. D. MacArthur to Begin Great Work at Once Costing About \$3,000,000

Ottawa, Aug. 10.—At today's meeting of the cabinet council the contract for the construction of the first section of the Hudson Bay Railway from the Pas to Thicket Portage, a distance of 185 miles, was awarded to J. D. MacArthur, whose tender amounted to a little less than \$3,000,000, and was well within the estimate of probable cost according to the government's survey.

Mr. MacArthur is prepared to start active construction work at once and considerable progress will be made this fall. He has practically completed his contract for the section "B" of the National Transcontinental from Superior Junction to Winnipeg and has his equipment and men all ready to undertake the new contract. The balance of the road will be placed under contract next year.

An old bachelor says that distance lends enchantment to the view of women.

GOOD PROGRESS WITH THE STREET PAVING

Crescoted Blocks Laid in Prince William Street in Good Time—Busy Section of Mill Street Finished at Last—Part of the Police

The paving started last week in Prince William street is now finished from the corner of King to Princess street, and many favorable comments are heard of the work which has been done.

Crescoted blocks were used in the pavement and although the methods employed were somewhat slow and old-fashioned, good progress was made. The old-fashioned horse rollers were used for the work, while hand-spoons were resorted to for pouring the pitch between the open spaces in the blocking.

DREDGING RESUMED

Mr. Scammell Says Work Will be Continued Until Completed—Arrangements Made by Hon. Dr. Pugsley

As a result of instructions issued by Hon. Dr. Pugsley the dredging operations on the west side, which were temporarily suspended yesterday afternoon, will be resumed this afternoon, orders having been given to that effect today.

The reason for the suspension of operations yesterday was the fact that no more money was immediately available.

Pending the provisional voting of additional sums necessary, the minister of public works has issued orders for the continuance of the work, the money needed being voted soon as parliament reassembles. The money expended for this work has nothing to do with that voted for Courtenay Bay, namely \$200,000 which is to be used exclusively for the operations there.
