New Brunswick Lumber Company Reports Prosperous Year

GOD WHO BOASTS HIS FAULTS NOT GUILTY

FRASER CO. SEES GOOD YEAR AHEAD
Edmundston Firm Makes a Big Gain in Year of 1923.

FINANCES INCREASED
Annual Report States Lumber Business for Next Year is Bright.

(By Canadian Press.)
Montreal, March 4.—Fraser Companies, Limited, of Edmundston, N. B., for 1923 report trading profits, after Federal and general taxes and provision for bad and doubtful debts, at \$1,364,467, which compares with \$804,614 in the previous year.

Capital is Maintained
The working capital position of the company has been maintained, and even improved slightly, as the following figures indicate:—

Profit is Reported
"A fairly satisfactory profit was also realized from the manufacture of sulphite pulp, despite the continued unsettled situation of the market for that commodity and the rather lower prices which were realized on tonnage sold during the latter portion of the year."

Sapiro Asks For \$50,000 Damages
Regina, March 4.—Charging that a series of articles dealing with his co-operative marketing activities have branded him with being "guilty of an offence punishable by imprisonment," and that they charged him with "being dishonest, dishonorable, deceitful and unfaithful," Aaron Sapiro, co-operative marketing expert of California, yesterday launched a \$50,000 damage action against the Leader Publishing Company.

190-Pounder Put End To His Work
New York, March 4.—The recent snow and slush storm brought a modern Sir Walter Raleigh into view. He transported women across the streets for ten cents a trip.

ELIMINATE CITY FROM PARTICIPATION  
IN COST OF HIGHWAYS IN COUNTY

Committee Amends Bill for  
Legislature—Demand  
Open Statement.

The bills committee of the Municipal Council at its session this morning had under consideration two bills to be sent to the Legislature for enactment, one from the Parish of Lancaster providing for permanent highways and sidewalks, and the other from the Parish of Simonds providing for fire protection. During discussion of the Lancaster bill the opinion was expressed by Commissioner Frink that no bill should be brought in, the underlying reasons for which could not be given in full public view. This was amended to exclude the city from any liability for the construction of the highways. It was explained by the County Secretary that this bill would not take away any of the powers now possessed by the Water and Sewerage Department under the "Water Act". The last clause of the bill giving the Board of Management power to hold real estate for the parish, was drawn, as the opinion was expressed this should be a separate bill. The Simonds bill was introduced by Councillor O'Brien presided, and there were present Councillors Fisher, Wigmore, Thornton, Frink, Bullock, Golding and Daltell.

Notices of Births, Marriages  
and Deaths, 50 cents.

- BIRTHS
DELAWARE—To Mr. and Mrs. R. C. Delaware, 256 St. James St., West, on Thursday, Feb. 28, a son (still-born).

STEARNS—In sad and loving memory of the late Thomas Stearns, died March 4, 1923. FAMILY.
CARD OF THANKS
Mrs. Martha Richardson and family wish to thank their many friends for loyal tributes and kind expressions of sympathy during their recent sad bereavement.

LOCAL NEWS

BURIED TODAY. The funeral of Edward O. Gibson was held this afternoon from Chamberlain's undertaking rooms. Service was conducted by Rev. Canon Armstrong. Interment was in Fernhill.

REPRESENTS WEST ST. JOHN. In connection with the mothers' pensions survey report elsewhere it should be said that Mrs. E. A. Young had been appointed convener of Guys and Brooks Ward, West End.

TRAFFIC MATTER. James Isaac, baker, was fined \$10 in the police court this morning for allowing one of his delivery teams to stand abreast of another, in West St. John, while the driver was making a call in a nearby street.

UNDERGOES OPERATION. C. H. Peters, who has been in the Ross Memorial Hospital, Montreal, for two or three weeks, underwent an operation yesterday. The results were satisfactory and steady improvement is anticipated.

GRANT HALL WAS HERE. Grant Hall, vice president of the C. P. R., reached St. John this morning from Halifax on the early train. He was met at the station by J. M. Woodman, superintendent of the southern division of the C. P. R., and together they proceeded to McAdams Junction on an inspection trip.

BIRTHDAY PARTY. Mrs. Arthur Lyons, 805 Princess street, entertained about fifteen young people at her home yesterday afternoon between 4 and 6 o'clock in honor of the second birthday of her little daughter, Miss Besse Lyons. The event was greatly enjoyed by the little ones.

HAD LAKE PARTY. The Y. P. A. of St. Paul (Valley) church held a very successful skating and toboggan party last evening at Lily Lake and later returned to club room, where a delicious bean supper was served. The party was convener for the refreshments and Mr. and Mrs. H. Hamm acted as chaperons.

DEATH OF GIRL. At noon, Mary, only daughter of Mr. and Mrs. James McElwaine, 308 Main street, passed away. Up to a few weeks ago she was attending school. There was no indication that death was so near and her death came as a great shock to her family. She was survived by her mother and father, and a brother and sister.

ARGUMENT IS BEGUN. The case of A. J. Sallows against H. W. Schofield, of St. John and the New France Lumber Co. of Digby County, N. S., was resumed before Mr. Justice H. H. Barry in chambers this morning, when argument of opposing counsel was heard. W. H. Harrison, K. C., appeared for the plaintiff and J. M. Belyea for the defendant. The argument will be resumed this afternoon.

WANTS GAME HERE. It was decided, at a meeting in Fredericton of the N. B. Interscholastic Basketball League on Saturday, to play at the Fredericton arena, St. John's Normal and St. John High in that city on Wednesday night. St. John High was not represented at the meeting. It is pointed out that the cup conditions call for playing of a tie on a neutral floor, and this would call for the game in St. John and the St. John High wants it played here, and negotiations are in progress.

LADIES' AID MEET. The monthly meeting of the Ladies' Aid of Portland Methodist church was held last evening in the Church Hall. Mrs. E. N. Rowley, the president, presided over the business part of the meeting, after which Miss McIntyre took the chair, and a programme, as follows, was successfully carried out: Reading, Miss Laura Fanjoy's solo; Miss Irene Brown; piano duo, Misses Emma Brown and Roberta Craft; reading, Mrs. John Howe; solo, Mrs. Bayard Silvester; piano duo, Misses Alberta and Irene Brown; solo, Miss Elsie Spence; violin and piano duo, Geo. Higgins and Miss Elsie Spence. Mrs. Higgins was assisted in serving by Mrs. Jane Ferguson, Mrs. Chas. Cowan, Mrs. Warren Williams, Mrs. J. McCollom and Mrs. Brundage.

PERSONALS. Patrick Hennebry, of Castle street, left last evening to visit friends in Halifax. William Creary left last evening for Boston and New York to visit relatives. W. R. Bowler of London, England, is a guest of Mr. and Mrs. Thomas W. Ke. Leinster street. C. E. Vail of Ottawa passed through the city today en route to his home after spending a few days at Halifax. W. E. Farrell of Fredericton is in the city and is being heartily greeted by many friends. Rev. H. H. Bates of St. Dunstan's, Fredericton, is in the city. Councillor L. A. Cliff of Lower Queensbury and A. A. Cliff of Mars Hill, Maine, will be guests of their brother, E. P. Cliff, Edith avenue, East St. John. Mrs. J. W. Bronnell of Moncton is spending some time in Fairville, having been called there on account of the serious illness of her father, David Lawson. Brittany of Fairville, who is suffering from a stroke of paralysis, is not much improved.

WIN SPEED CERTIFICATES. To two young lady students at Mount Carmel School, Burpee avenue, goes the honor of being the first in New Brunswick to win speed certificates presented by L. C. Smith & Bros. Typewriter Co. for speed tests on the typewriter. Today the coveted honor was presented to Misses Edna Levine and Mary G. Gillespie by C. F. W. Moore, manager of the Soules Typewriter Co. Ltd., here. The young ladies gained the certificates by passing the first speed test requiring a speed of 40 words a minute. It was said by Mr. Wetmore this morning that it was not expected that any of the local entrants would attain the mark required before April, and that therefore the accomplishment of Misses Levine and Gillespie is all the more praiseworthy.

FUNERAL IS POSTPONED. The funeral of Mrs. Jane Coyne, Union St., West, is postponed until Thursday morning at 7:15 o'clock.

Dreco Brought Her  
Strength Back

Trust Woman Is Delighted at Result Achieved in Short Time By Splendid Herbal Remedy.

Mrs. F. H. Ryan, of "Trust, N. S., has joined the rapidly growing throng of Dreco enthusiasts who have experienced the remarkable health-building benefits of this grand remedy. Her interesting statement follows:

"Last winter I had the flu and it left me in a very badly run-down condition. I had been very healthy all my life, but although I took all kinds of medicines, I couldn't seem to get my strength back. The least bit of work was a great effort to me. I was restless and nervous, my nerves were out of order and I would get all upset over the least bit of excitement. I would get terrible headaches, too, something I never had before. My appetite was very poor and my stomach was out of order. I was rapidly losing weight and I imagined I was on the verge of a complete breakdown when one day I read about Dreco and decided to try it. "It proved to be just the thing for me, as although I have only taken one bottle, I have a new and strong woman again. My fls have all been relieved. I have a splendid appetite, can eat anything and my nerves are as steady as a rock. When one day I read about Dreco and decided to try it. "It proved to be just the thing for me, as although I have only taken one bottle, I have a new and strong woman again. My fls have all been relieved. I have a splendid appetite, can eat anything and my nerves are as steady as a rock. When one day I read about Dreco and decided to try it. "It proved to be just the thing for me, as although I have only taken one bottle, I have a new and strong woman again. My fls have all been relieved. I have a splendid appetite, can eat anything and my nerves are as steady as a rock. When one day I read about Dreco and decided to try it. "It proved to be just the thing for me, as although I have only taken one bottle, I have a new and strong woman again. My fls have all been relieved. I have a splendid appetite, can eat anything and my nerves are as steady as a rock. When one day I read about Dreco and decided to try it. "It proved to be just the thing for me, as although I have only taken one bottle, I have a new and strong woman again. My fls have all been relieved. I have a splendid appetite, can eat anything and my nerves are as steady as a rock. When one day I read about Dreco and decided to try it. W.O.D.E. CHAPTERS HOLD MEETINGS

Four Hear Reports and Make Plans for Their Work.

Four of the primary chapters of the W. O. D. E. yesterday held the first meeting of their new year.

Brunswick Chapter met at the home of Mrs. W. J. Wetmore with Mrs. Herbert Wetmore, the regent, presiding and planned for several activities.

The meeting of the Royal Standard Chapter was held at the home of Mrs. E. A. Schofield with Mrs. T. E. G. Armstrong, the regent, presiding and made plans for a tea and pantry sale in the near future.

Loyalist Chapter met at the home of Mrs. D. W. Ledingham with Mrs. W. L. Caldwell, the regent, presiding. Plans for the work of the coming year were discussed and \$15 was voted to the educational secretary's work and the supplementing of a library.

Plans for the Women's Hospital Aid day were discussed at a meeting in the Board of Trade rooms last night. The tag day will be held on March 15.

GIVE ADDRESSES TO BOYS.

Three addresses marked the weekly conference of the Tuxis Boys of the city at the Y. M. C. A. Saturday night.

PRINCESS LOUISE OF BELGIUM DEAD

Romantic Career of Leopold's Eldest Daughter Comes to End.

Wiesbaden, March 3.—The death of Princess Louise of Belgium here Saturday recalls one of the most romantic and sensational of European court scandals.

GIVES LECTURE ON TRIP.

Mrs. I. DeV. Chipman gave her illustrated address on her recent trip to South America in the Germain Street Baptist Institute, last night, under the auspices of the Willing Workers of the Germain Street Baptist church and had a large and appreciative audience.

SCIENCE DEMANDS UNIFORMITY.

Careful research made in recent years in the study of dietetics has shown the great importance to the human system of purity and uniform quality in foods.

PRINCESS LOUISE OF BELGIUM DEAD

Romantic Career of Leopold's Eldest Daughter Comes to End.

Wiesbaden, March 3.—The death of Princess Louise of Belgium here Saturday recalls one of the most romantic and sensational of European court scandals.

Court authority then asserted itself. Louise was placed in an insane asylum and charges of forgery against her lover caused his expulsion from the army.

The Princess was a first cousin of the Belgian King. On several occasions when she was almost destitute, members of the Belgian royal family offered financial aid, but always on the condition that the Princess should

by only a few months her life long friend with whom she wandered from one European capital to another after her escape from her brutal husband.

Always in financial difficulties and sometimes suffering dire poverty, the Princess was within a few days at last to enjoy comparative ease, the Belgian court having finally accorded her 2,000,000 francs from the late King Leopold's fortune, and having decided that she should repay Vienna money lenders the sums they advanced her before the war in crowns at the present rate of exchange, thereby leaving her sufficient income to live according to her rank.

The Princess was a first cousin of the Belgian King. On several occasions when she was almost destitute, members of the Belgian royal family offered financial aid, but always on the condition that the Princess should

cease all intercourse with Mattachich. This she always refused, saying it was impossible to renounce the friendship of the only being in the world who stood by her in the days of terrible stress and trouble.

GIVE BOYS A CONCERT.

St. Mary's Band visited the Boys' Industrial Home last night and greatly delighted the 60 boys with a fine programme of bright music.

Industrial Home, and it is planning to visit the County Hospital again in a short while.

Robertson's Quality Groceries and Meats.

Doughnuts-- "The Finest Ever". That's what you'll say the first time you revel in a batch of these toothsome goodies made with Snowdrift Flour. The careful selection and grading of wheat that goes into the making of Snowdrift, combined with modern milling methods, make unusually good baking easy. It's the all-purpose flour. "The Saving Flour—It Goes Farther". There's a Dealer in Your Town Maritime Sales Office, 661 Barrington Street, Halifax The James Goldie Co., Ltd., Guelph, Canada.

SNOW DRIFT FLOUR. 98 LBS. HIGH GRADE SNOW DRIFT FLOUR. THE JAMES GOLDIE CO. LIMITED. QUELPH-CANADA. For the finest baking.

Every drop is nourishment. Fry's. DR. Andrew Wilson, the eminent British authority, once said of the cocoa bean—"It is a kind of vegetable egg which contains all that is needed to build up a living body." Tea and coffee are mere infusions—but cocoa is an actual food in itself. Business men should remember that. Cocoa, made the FRY way, from the world's choicest beans, is pure, extremely soluble and of most delicious flavor. Nearly two hundred years' knowledge of the cocoa business stands back of FRY'S. Of course, remember "Nothing will do but FRY'S"

The odds are 4 to 1 in Pyorrhoea's favor. Don't gamble with Pyorrhoea. Four persons out of every five past 40, and thousands younger, are its victims. Heed Nature's warning—bleeding gums. Brush your teeth with Forhan's to keep the gums firm, the teeth white and the mouth healthy. Pleasing to the taste. More than a tooth paste—it checks Pyorrhoea 35c and 60c in tubes. Forhan's FOR THE GUMS. Forhan's, Limited, Montreal.

No cooking secrets

You don't have to be an expert cook to serve Shredded Wheat Biscuit in many delicious ways. Most people eat it for breakfast with hot milk, but it is delicious for any meal with fruits or creamed meats. Contains all the tissue-building elements in the whole wheat grain, including the bran which is Nature's greatest laxative. It is ready-cooked and ready-to-eat. The tasty crispness of the oven-baked shreds of whole wheat tempt the appetite and satisfy hunger.

The Canadian Shredded Wheat Company, Ltd. Niagara Falls, Ontario. Shredded Wheat.

THE OTTAWA DEBATE

The debate on the address at Ottawa yesterday disclosed nothing that is new or sensational. The mover and seconder, Mr. Kelly and Mr. Lapierre, discussed the speech from the Throne. Hon. Mr. Meighen said what he was expected to say in criticism and denunciation of the Government, but did not move an amendment to the address, and this enabled Premier King to offer a decisive remark. It is explained that Mr. Meighen did not move an amendment because he wants to be free to participate in the debate. The Conservative leader did not break any new ground. He advocated a higher tariff, and taunted the Government with making concessions to get Progressive support. Naturally he made much of the result of the Halifax and Kent by-elections, and he also charged members of the Government with making speeches in "the language of constituency bribery."

TWO VIEWS CONTRASTED

The Ottawa Citizen welcomes the announced programme of the MacKenzie King Government, and declares it has nothing to fear from a straight contest on the tariff issue. It describes the Conservative policy as one of negation, while the Liberals "show at least some intention of going forward." The troubles of the latter are attributed by the Citizen to the failure of the party to go forward with the mandate given in 1921, and it adds: "When the time for the next general election comes, even though all the resolutions of the national Liberal convention have not been enacted into legislation, a session of genuine effort to deliver the goods would place the Liberals in a more favorable light. The people of Canada are in the mood for trying something, anything rather than to stagnate, or to keep going round in the vicious circle of timid futility. Even though the Conservative party were able to line up all the reactionary interests in the country to elect another Conservative Government, it would avail them nothing. Canada must go forward, along liberal lines by preference, but unless the present Liberals are allowed to blaze the trail, others will be found to do it with perhaps far more vigorous strokes, against the tangled undergrowth that impedes the path of Canadian progress."

Over against this for purposes of comparison we place the following paragraph from the Toronto Mail and Empire: "Controlled by the King Government, the present Parliament cannot be depended on to redress the public grievances. The people must have a chance to take measures of their own to ensure the national welfare. There must be a general election, and the main business of this session should be to prepare for one by a new redistribution law. Among the members of the House who heretofore have been consenting parties to the King Government's tenure there must be a number who have a serious sense of their duty to the country. Such men must be able to waive some considerations of personal advantage, some objects of personal ambition, in order to serve the public faithfully. There must be others who, taking the merely selfish view, must see the worldly wisdom of separating themselves from the Government and taking the side of their constituents. In short, there are surely in the House enough of the former tolerators of the King Government to bring about a general election on any fair opportunity that presents itself. Further toleration of the King Government would be disloyalty to Canada."

We may infer from this that the Conservatives are out to make a fighting session. Along with the report of the Ontario hydro expert on Grand Falls development, which is said to be favorable, the Provincial Government will have before it the resolutions adopted at Grand Falls last night urging it to proceed with the development. The banquet given last night by the Grand Falls Board of Trade was attended by delegates from Edmundston, St. Leonard's, Anderson, Woodstock, Perth, Florenceville, Bath, Campbellton and

Press Comment

ECONOMIZE, BUT NOT HERE

(Brandon Expositor.) Mr. Gratton O'Leary, whose articles exposing national extravagance, appearing in MacLean's Magazine, have attracted considerable attention, is also an editorial writer on The Ottawa Journal, which newspaper greets threats of wholesale reductions in the civil service with the piteous appeal, "Woodman, spare that tree." The incident shows one of the perplexities of a Government when it seeks to apply the pruning knife, and as well shows what a difference it makes whose vine is being gored.

MUST CONSIDER ALL

(Kansas City Star.) There is a constitution for the west as well as for the east, or there is no constitution at all. There will be a bloc in congress for the farmer, perhaps, even though it be composed of demagogues and self-seeking statesmen, as long as there is a bloc for the railroads and for the tariff protectors and for that commercial piracy that has made the east rich at the expense of the west. In other words, let those Americans who stand for constitutional government make sure that it is constitutional government they seek—constitutional government for every section of America and for every American.

BELGIUM ALTERS HER COURSE

(New York Herald.) In the abrupt fall of the Theunis Government we have an indication that Belgium will now begin facing European realities with greater independence. Premier Theunis was nominally defeated on the issue of the pending Franco-Belgian commercial treaty. Actually he was beaten by a coalition of Socialists and Flemish Clericals, who make no secret of their disapproval of his subservience to M. Poincare's policies. The crisis reveals a movement to the left, toward the British policy in Europe and toward firmer support of the coming recommendations by the Dawes Committee.

Belgium's position in Europe is so radically different from France's that she can ill afford to identify her policies completely with those of Paris. France is self-supporting; Belgium depends upon manufacturing and world commerce for the sustenance of her dense population. Like Holland, her prospects are closely related to that of western Germany, and the prostration of the Rhineland dealt her a heavy blow. She is like France in needing security against an aggressive Germany. But history has shown that her best security will lie not in tying herself to the apron strings of the Gaul d'Orléans but in preserving equally the friendship of France and England, which are both bound by self-interest to aid her if she is assailed.

WHEN NEW YORK DINES

(Wall Street Journal.) Dining in New York for many has become an interesting adventure, because of the difficulties of retaining cooks and maids. But when New Yorkers dine they not only dine often but also well, as is evinced from the following figures: Fruit farms, scattered all over the world furnish 60,446,230 pounds of cantaloupe, 52,357,550 watermelons, 49,140,000 grapefruit, 40,462,300 pears, 15,751,350 strawberries consumed here annually. In addition 58,863,988 pounds of miscellaneous fruits and 38,250,000 of dried fruits are eaten. The butcher plays an important part in dining. He furnishes 68,750,000 pounds of beef, 67,000,000 pounds of pork, 48,000,000 of veal and 37,800,000 of mutton and lamb. Fish, dried, smoked and spiced, totals 35,725,000 pounds. Cheese of all kinds totals 27,350,900 pounds. Truck farms here and elsewhere produce the vegetables consumed, some principal items of which are: Sweet potatoes 52,353,000 pounds, dried beans and peas 52,200,000, spinach 43,473,323 tomatoes 44,936,399, cabbage 41,985,458, cucumbers 43,666,914, lettuce 39,834,900, miscellaneous vegetables 34,844,625, peppers 31,544,181, beans green, wax and lima 27,350,906, carrots 26,806,922, celery 18,867,481. Approximately 27,000,000 pounds of vegetable oils and compounds are used. Although Americans are not supposed to be as fond of rice as Orientals are, nevertheless, natives here eat a large portion of the 67,600,000 pounds of rice consumed annually.

SINCE I HAVE FELT THE MORNING ON MY FACE. (Elizabeth Scottard.) Since I have felt the morning on my face In that far country where keen breezes blow, Since I have seen the fingers of the snow Touch with white magic all things commonplace, Since I have watched the hoar-frost weave its lace Upon the windows as the sun sunk low, Since I have glimpsed the glimmer and the glow Of stars and moon hung in the vastness of space— I would not pass an hour of winter-tide In cities where the towering walls of stone Shut out God's sky, where streets are loud with strife; For me clear hills and meadows wild and wide,

The song of hidden streams, of trees wind-blown— A fuller freedom and a larger life. LIGHTER VEIN When Dad Sewa "How slow you men are. It takes you an hour to sew on a button." "It does, but by jingo! that button doesn't come off." For Football Brother It may not be possible wholly to eliminate biting and chewing from the robbie game of football, says the Philadelphia Ledger, but at least the practice of filing the teeth before each game should be stopped. Whale Anyway "Oh, doctor, what do you recommend for a tired, fagged-out brain?" "Well, fish is a great brain food." "What kind of fish?" "Why, for you, a couple of whales might be about right to start with."

Make It Look Like New with GLIDDEN AUTO FINISHES

Paint Up the Old 'Bus YOURSELF—IN YOUR OWN GARAGE and have it bright and shining when you bring it out for the Spring and Summer. You can do it yourself—and make a good job of it. Have a handsome car and SAVE DOLLARS—with GLIDDEN finishes, which you'll find in the Paint Department of EMERSON & FISHER, LTD.

Never a Greater Gift—Red Seal Records Are Now Double-sided

Two Caruso selections on each Red Seal Record instead of one. Two Galli-Curci selections instead of one. Two McCormack selections instead of one! Two selections of the other world famous Victor artists on each "HIS MASTER'S VOICE" Red Seal Record instead of one! Just twice the sum of their incomparable genius! And the cost is practically cut in half—for 10-inch Red Seal Records with two selections—one on each side—are only 25c more than when single-sided. Truly this is a real accomplishment.

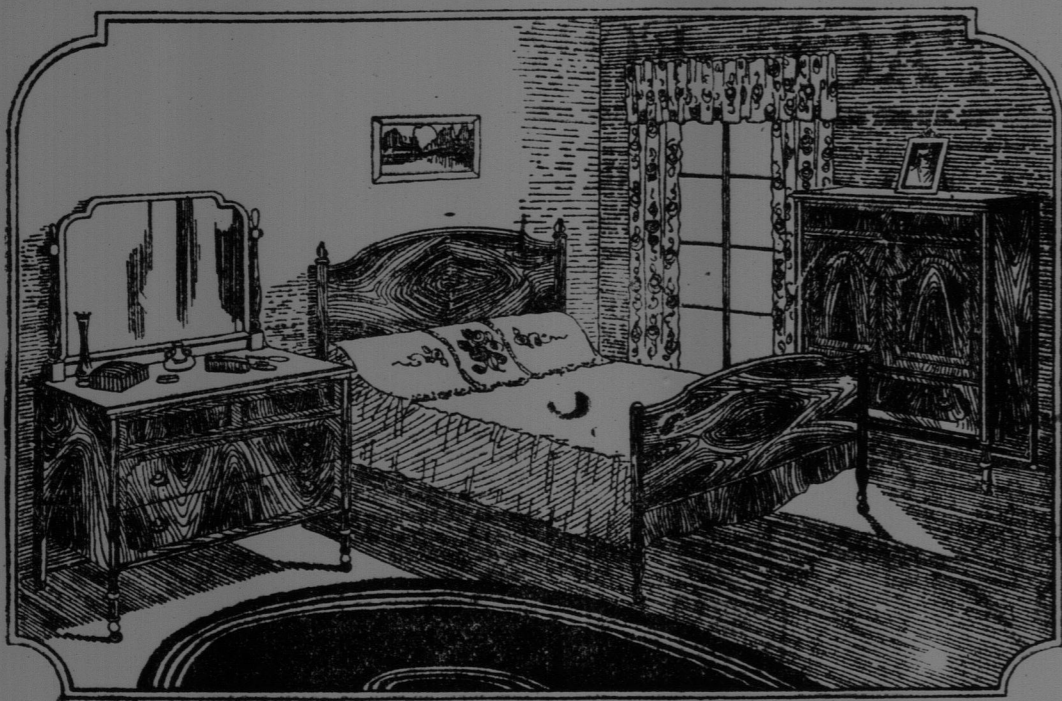

Now—two Red Seal selections for practically the price of one—for 10-inch Double-sided Red seal Records are only \$1.75. (Single-sided were \$1.50). Below we suggest some rare combinations! Ask for new catalogue listing all Double-sided Red Seal Records. It's free.

- 501/O Sole Mio (My Sunshine)—Italian Caruso
507/Dream, A (Cory-Bartlett) Caruso

Manchester Robertson Allison Limited  
KING STREET - GERMAIN STREET - MARKET SQUARE

Doors open 9 a.m. Close 6 p.m. daily during Winter months.

## Early Spring Exposition of Suits, Dresses and Coats

First spring-like days come in March so, of course, it is not too early to be thinking about new clothes. Especially when you may choose from such a fascinating collection of new styles as await you in our fashion department now. Garments are designed in the height of the mode, but with a diversity which enables every woman to enhance her individual type.

You Are Invited to See These New Modes Tomorrow.  
2nd Floor.

### Evening Frocks In Gorgeous Tints

Still occasions just ahead when evening frocks and dinner gowns will be urgently needed. Here you may choose from a host of very fascinating models. Among them French Gowns of rare and lovely tints. These are mostly heavily beaded and fashioned on long tubelike lines now so much in demand. Other beautiful models are embroidered and variously trimmed. You'll find a suitable style and color for almost any type.

### Suits Keep Jaunty Step With Fashion

The prevalence of the boyish mode among young women makes suits an important item this season. Three piece Suits are also indispensable to the new wardrobe and the newest models showing here are most attractive. They are composed of straight line dress and coat of corresponding type. Dress sleeves are usually fashioned from some sheer fabric, such as embroidered crepe, in rich contrasting color. There are other modes to be seen for your selection.

### Spring Frocks Are Welcome Now

Women have already commenced to choose their first spring frocks from our assortments. No wonder either, for there's practically every type of frock to choose from. Smart flannels and knitted woollens for sports; Poiret twills and wool crepes, pleated and tiered for afternoon or business wear; Cantons, crepe-de-chines, flat crepes and fancy brocades for more dressy occasions. And every style innovation known as fashionable this season is embodied in the latest modes.

### Wraps and Coats of Infinite Variety

Coats have never been more handsome for semi-formal wear, or more trim and dashing for sports, travel and everyday use. Fashion sanctions many innovations—large plaids, stunning stripes, plain soft, piled fabrics, and fine twills. Touches of embroidery are seen on some of the dressier models, but many coats are plain with an exclusive air of individuality brought about by cut and fabric.

On View Wednesday in Costume Department  
(2nd floor.)

Manchester Robertson Allison Limited  
KING STREET - GERMAIN STREET - MARKET SQUARE

### WEDDINGS

#### Perry-Morris

A wedding of much interest to friends in St. John took place in Montreal on Saturday morning March 1, when Miss Sara Morris, daughter of Mr. and Mrs. M. I. Morris of this city, became the bride of R. Dale Perry. The ceremony was performed by Father O'Rourke in St. James Cathedral. The bride, who was unattended, looked very sweet in grey charmoise satin with French hat to match and carrying a bouquet of sweetheart roses. After the ceremony Mr. and Mrs. Perry left on a short trip to New York and on their return will reside in the Grove apartments, Lincoln avenue. They have the best wishes of hosts of friends in St. John and Montreal.

#### Innis-Hay

Chatham, March 3.—(Special)—The marriage of Miss Grace Hay and Howard Innis, both of Bartibogue, took place this morning at the Catholic church, Bartibogue Bridge. Nuptial mass was celebrated by Rev. Edward A. Barry. The bride was attended by Miss T. Ross, of Tabusintac, and D. Preston, of Escuminac, was best man. Mr. and Mrs. Innis will reside at Bartibogue.

### DEATHS

#### Col. James George.

Toronto, March 3.—Overcome by cardiac monoxide fumes, while alone in his garage, Colonel James George, charter accountant, well known also in military and literary circles in Toronto, was found dead last evening. Col. George was last seen alive about two hours before when he was observed to be going toward the garage. His daughter later went there and found

her father lying dead. The garage had been kept shut for some time, and in the close air the fumes had evidently acted to quickly upon Colonel George that he was overcome before he could get out of the building. He was 66 years of age.

#### Isaac E. Hobart.

Isaac E. Hobart died recently in Old Town, Me., at the age of 70 years after a long period of ill health. He is survived by his wife, one son and one daughter, Elden Hobart and Mrs. Lewis Libby of Millford; also one brother, Robert Hobart, of the Stillwater ward, Old Town, and one brother, Abel Hobart of Randolph, N. B. Some time ago Mr. Hobart suffered the amputation of one of his legs in hopes to arrest a disease. A few weeks ago it was deemed necessary to remove the other leg, but the effort proved unavailing to save his life. He was a member of the Odd Fellows, holding membership in a lodge in St. John.

#### William Woods.

The death of William Woods, 206 Main street, occurred last evening. The late Mr. Woods had been a resident of the North End for many years. He had been retired for the last ten years but in his more active days had been employed by the Canadian Pacific Railway in the bridge and building department. For some time he had been in failing health. He is survived by his widow and three sisters, Mrs. Margaret Ryan, Nauwigewauk; Mrs. Anne Brown, Randolph, Mass.; and Mrs. Nolan, Boston.

#### Mrs. J. Powers.

Fredericton, March 3.—The death occurred at Victoria Hospital, yesterday afternoon, of Mrs. Jennie E. Powers, wife of John Powers, the well known contractor. Mrs. Powers underwent a very serious operation in January last and recovered sufficiently to return to her home. Yesterday it was found necessary to perform another operation and she was taken to the

hospital and died during the operation. Besides her husband she is survived by three sons and three daughters, Eugene, a student at St. Edward's College; Gordon, Perry, Gladys, Vivian and Alice, all at home. Her parents, Mr. and Mrs. Elisha Perry, Cody's; four brothers and six sisters, A. W. Perry, G. G. Perry and B. M. Perry, Cody's; E. W. Perry, Haverock; Mrs. Adam Wilson, Cole's Island; Mrs. Robert Alken and Mrs. James Wiggins, St. Catharines, Ont.; Mrs. James Merryfield, St. John; Mrs. Elmer Jones, Cambridge; and Miss Daisy L. Perry, Cody's, also survive.

#### Mrs. John Coyle.

Many friends in the city and West St. John regretted to learn of the death of Jennie, widow of John Coyle, which occurred at her residence, 78 Union street, west. She is survived by two sons, John and Francis; one daughter, Jennie Coughlan, and two step-daughters, Sister Mary Ernestine of the Holy Family Hospital, Prince Albert, Sask., and Mrs. R. A. Thompson of Windsor, Vt.

### HON. GEORGE HENRY IS SERIOUSLY ILL

Toronto, March 3.—Hon. George Henry, Minister of Public Works, and Highways, is seriously but not dangerously ill at his home in York county. He will not be able to return to his duties at Queens Park for some weeks.

### WOULD FINANCE FARM EXPORTS

Washington, March 3.—Creation of a \$150,000,000 revolving fund to finance exportation of farm products to Austria, Germany and Hungary was proposed in a bill today by Senator Dial, (Democrat, South Carolina). The fund would be taken from the \$150,000,000 undivided assets of the alien property custodian.

### HOSPITAL COAL TENDERS TAKEN UP

Contract for X-Ray Dept.  
Work Granted to S. A.  
Williams.

Coal tenders were considered and tenders for the work of the remodeling of the X-ray department were dealt with at the meeting of the Board of Commissioners of the General Public Hospital yesterday. Stanley A. Williams was awarded the contract for the X-ray department work.

M. E. Agar, the president, was in the chair. Others present were Commissioners Mrs. J. V. McLellan, Dr. W. White—recently appointed to fill the vacancy caused by the resignation of Dr. G. R. J. Crawford—who had previously been a member of the board and was cordially greeted in entering on his second term, J. King Kelly, W. E. Emerson, Alexander McMillan, Dr. E. J. Ryan, Hon. Dr. W. F. Roberts and R. H. Gale, superintendent. Mr. Agar expressed pleasure in having Dr. White present as a commissioner and referred to his well known success on the surgical staff of the hospital to undertake which he had resigned from the board some years ago and to the personal qualities he possessed which made his appointment particularly welcome.

Dr. White in his reply said he had been connected with the hospital for 34 years of continuous service and he was now on the board as he had wished to continue his service to the hospital. He did not look with satisfaction on his previous five years as a member

of the board from 1901, when he had been first warden of the county and then for four years mayor of the city. His public duties in that period had interfered with his duties as commissioner. He was now freed of other public business and hoped to be able to give more attention to the affairs of the hospital.

### X-ray Work Tenders.

F. Neil Brodie was present as architect for the remodeling of the X-ray department and tenders for that work were opened. Nine tenders for all the work were received and nine for separate trades. On motion the tender of Stanley A. Williams of \$1,848 for the whole work was accepted, that tender being the lowest.

The tenders were as follows: All of the work, B. Mooney and Sons, \$1,941; J. M. Belyea, \$1,940; Stanley A. Williams, \$1,848; R. A. Corbett, \$1,997; Kane and Barker, \$2,150; H. O. Clark, \$2,200; John Flood and Sons, \$1,938; J. A. Grant and Sons, \$2,178; J. H. Wilkes, \$2,498; painting and glazing, W. E. Dennings, \$328; John Johnson, \$495; J. E. Patten, \$375; painting, James LeB. Lynch, \$327; masonry, J. H. Burley, \$170; carpentry, John A. Adams, \$1,200; electrical work, Driscoll and Mackie, \$426; Vaughan Electrical Company, \$231.52; Maritime Radio Corporation, \$185.

Mr. Brodie thought the work of remodeling the X-ray department could be finished in about a month.

### Tenders for Coal.

Mr. Kelley submitted the report of the heat and coal committee and the meeting approved the action of the committee in calling for tenders for the coal. The tenders were opened and were as follows:

Minto Coal Company, slack, \$4.55 a ton at the yard.  
George Cushing, American anthracite steam slack, \$9.50.  
Harvey Welton of Minto, run of mine, \$7.50.  
Colwell Fuel Company, Bras D'Or, run of mine, \$9.10; slack, \$9.85; Picton, run of mine, \$8.15; slack, \$8.55;

Minto, run of mine, \$6.90; slack, \$6.50, and a cheaper slack, \$5.15.  
Dominion Coal Company, run of mine, \$8.90; slack, \$9.55; or \$5.75 at the breaker.  
George Dick, Acadia Picton, run of mine, \$8.80; slack, \$7.90.  
Atlantic Fuel Company, McCann district, N. S., run of mine, \$7.60; slack, \$5.40.  
Peerless Coal Company, Acadia Picton, run of mine, \$8.95; slack, \$7.90; Cumberland, run of mine, \$7.90; slack, \$5.30; Minto, run of mine, \$6.90.  
J. S. Gibbon, Springhill slack, \$7; "New Brunswick" run of mine, \$7, and slack, \$5.55.

The tenders were referred to the coal committee to report back to the board.

Mr. Agar reported that a committee from the board had met a committee from the Women's Hospital Aid and explained that the board had not the finances to contribute towards the salary of the social service nurse. The application of R. A. Massie for a position on the interne staff was reconsidered and he was appointed as a fifth interne to serve without salary.

### Suggests "Don't's" For Women Speakers

New York, March 4.—Ten don'ts for women political orators were laid down by Mrs. Harjett Taylor Upton, chairman of the Republican National Committee, in an address yesterday at the Women's National Republican Club. They were—

- Don't show off your best clothes.
- Don't look like a flannel dancer.
- Don't wear pearls or dangly things around the neck.
- Don't wear a hat, especially one with feathers or flopping things on it.
- Don't show your feet or ankles.
- Don't yell at your audience.
- Don't learn your speech by heart or read it from a written copy.
- Don't refer to your lack of time.
- Don't knock the other party.

### THREE PERISH IN MANITOBA BLAZE

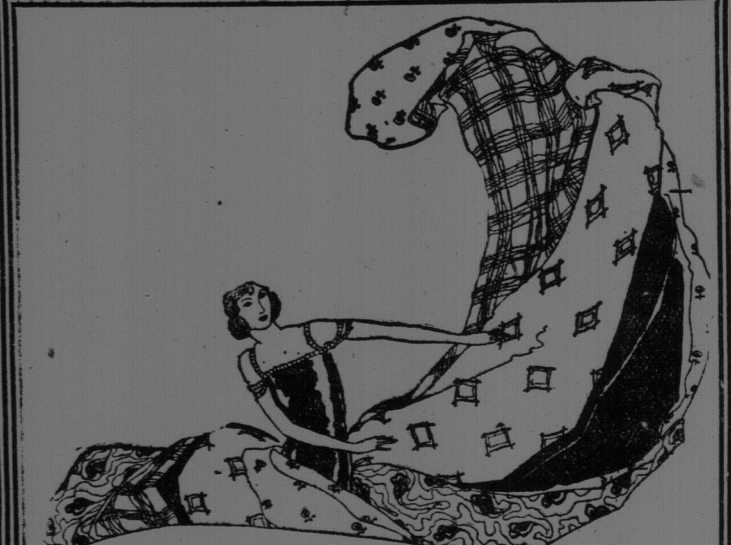

Winnipeg, March 3.—Mrs. William Lund, her 20 year old daughter, Mary Jane Lund, and Donald McKenzie, married Miss Lund was to have married next fall, lost their lives early today in a fire of unknown origin, which destroyed the Lund home near Giroux, Man., 35 miles from Winnipeg. William Lund, husband and father of the

### women, escaped. The burns may result in his death.

The Lunds have resided in the Giroux district for the past forty years.

### TURCO-GERMAN AGREEMENT NEAR

Constantinople, March 3.—A treaty of friendship between Germany and Turkey will be signed tomorrow, it was announced here today.

## Krepe-de-leen Silk --Naturally at London House

The latest in Crepe-knit Silks, featured so strongly by the fashion magazines, is right ready for your needs at Daniel's.

Delicate weave and crepey knotting, bound to keep its soft surface. Microscopic fineness—you can imagine the effect. Another thing—economical!

**\$3.25 yard**  
In either Silver Gray or Deer. May be combined with any of many fancy patterns worked out of the same color field or a contrast. Thus, a plain skirt and a patterned Jacqueline, panels or what not.  
Small figurings stir up new notions. Tiny florals, pencillings in between, dots, stripes, etc.

**Pictograph Patterns**  
You can never make a miss in the April Pictorial Review Patterns. A new description—Pictograph—is given them. Every section has full instruction worded right where your scissors and needle go. How wide to have the material, how much and where to do everything put in words as well as markings.

ADVENTURES OF THE TWINS

By Olive Roberts Barton

THE MOUSE-TRAP

"There!" declared the Beanstalk Mouse.

"Now then," said the Beanstalk Mouse to Nancy and Nick when he had carried them safely out of the dark drain, "we are in the garden's cellar where it is nice and dry. And now I shall show you the funny round dish the gardener has been kind enough to set out for me."

AFTER ALL There's Nothing To Equal Zam-Buk FOR THE SKIN!

"These whirligigs are springs, and if you touched any of them, you'd be caught."

"Are you sure?" exclaimed the mouse doubtfully. "I'll show you," said Nick. "Only the trap is so big and I'm so little, I'm not quite sure I can work it."

No wonder Nick had his doubts, my dears, for the Beanstalk Mouse was as big as a pony and the mouse-trap was as large as a—oh, about as large as a garage.

Nick picked up a big piece of wood and reached into one of the holes on the side of the trap.

CHEESE AND BUTTER INCREASE ON P. E. I.

Charlottetown, March 3.—The value of cheese and butter manufactured by the factories and creameries of this province last year totalled \$892,000, an increase of \$151,000 over the preceding year, according to reports submitted at the annual meeting of the Provincial Dairy Association today.

CATHOLIC CLERGY FOR MODERATION

Others Must Accept Papal Infallibility Before Union, Says Cardinal

London, March 3.—Cardinal Bourne, Archbishop of Westminster, in a London pastoral to the Roman Catholics of his archdiocese reminds the people that there is a wide gap to be bridged before the union of the Christian churches can be effected.

Bad Breath Overcome

"Bad breath is a sign of decayed teeth, foul stomach or unclean bowels." If your teeth are good, look to your digestive organs at once. Get Seigel's Curative Syrup at druggists. 15 to 20 drops after meals, clean up your food passage and stop the bad breath odor.

ITCHING BURNING ECZEMA ON SCALP

In Pimples, Formed Hard Crust, Hair Fell Out, Cuticura Healed. "I had eczema on my scalp. It broke out in little pimples which formed a hard crust. My scalp itched and burned so badly I was up half the night. My hair fell out terribly and I could not comb it."

What is Carnol and what will it do?

Carnol is a pleasant-tasting preparation, composed of Glycerophosphate Salts in combination with Iron, the soluble nutritive properties of Fresh Beef and Cod Liver's Extract.

Social Notes Of Interest

The wedding of Miss Ellen Meredith Purdy, granddaughter of Mr. and Mrs. W. H. Purdy, of this city, to Mr. Lee Girard Barthold was solemnized Friday, Feb. 22, at the home of her maternal grandparents, Mr. and Mrs. W. H. Fairall, 297 Springdale avenue, East Orange, N. J., formerly of this city.

Mrs. L. T. Roberts was a charming hostess at her residence in the Tucker Apartments, 1 Prince William street, on Friday afternoon at a delightful bridge to honor Mrs. Ralph St. J. Freese, of Sussex, who is visiting in the city.

Mrs. G. Harry Thurber entertained at a cosy tea on Saturday afternoon for about 40 guests at her mother's residence, 9 Goodrich street, when her mother, Mrs. W. H. Anderson, was joint hostess.

Miss Bessie Grimmer, daughter of Mrs. Howard Grimmer, 16 Queen street, who is the guest of Mrs. Edward Maxwell, Montreal, is leaving at the end of this week to visit Hugh Jones at the Pine avenue apartments.

Mrs. Alexander Orr, who has been in St. John during the absence of her husband in England, will return to their home in Montreal very shortly as Mr. Orr is arriving from his tour abroad.

Mrs. Mayes Case, 174 Princess street, entertained at four tables of bridge on Monday afternoon for her sister, Miss Lela MacVey, of St. Stephen.

Mrs. Brown, wife of Dr. Norman Brown of the medical staff of the Royal Victoria Hospital, Montreal, who has been visiting her parents, Mr. and Mrs. Charles A. Healey, Wright street, has returned to her home.

Mrs. Sherwood Skinner entertained at a delightful tea yesterday afternoon at her residence, Mecklenburg street. Mrs. Stewart Skinner presided, and was assisted in serving by Mrs. Walter E.

"How I Lost Forty Pounds In Six Months"

New York—Selma Royle, weight 168 pounds, looked well enough when she played the role of Selma in Isben's "Peer Gent."

SELENA ROYLE—BEFORE AND AFTER

Then she was cast for the part of a slim Spanish senorita in "Rust." It was easy enough for Selma to change from a blond to a brunet senorita. This is the way she cut her 168 pounds down to 128.

"I began with my diet," she explains. "I am one of these healthy creatures with the healthy woman's appetite. I could arise in the morning and look with pleasure upon a baked apple swimming in thick cream, some bacon and eggs and a few slices of buttered toast—with jots of butter. But no more!"

"Now I begin my day with an apple only. Then for luncheon I eat on a bowl of soup, a dish of lettuce and a cup of tea. In the evening I join the family at the board and eat nearly anything I want if it isn't too starchy or too fat."

Advertisement for Christie's Soda Wafers, featuring an image of the product box and the text 'Christie's Soda Wafers - Purest of all Pure Foods - Perfectly Made - Perfectly Baked - Perfectly Packed'.

On Saturday evening Mrs. Thurber was a hostess at a mixed bridge at her mother's residence, when six tables were played. Those who enjoyed the function were Mr. and Mrs. Fred G. Goodspeed, Mr. and Mrs. Harry W. Bennett, Mr. and Mrs. Harry R. Logie, Mr. and Mrs. C. A. Noble, Mr. and Mrs. Arnold Gibbon, Miss Marion Macaulay, Mr. and Mrs. Joseph Armstrong, Mr. and Mrs. Geoffrey Stead, Miss Audrey Campbell, Miss Alexa Rogers, Miss Annie Ketchum, Miss Alice Young, Miss Sallie Macdonald, Miss Lorene Evans, Mr. Hedley Wilson, Mr. G. E. Martin, Mr. Harry Rogers, Mr. Arthur W. Wilbur and Mr. William J. Johnson. Miss Lorene Evans and Miss Alice Young assisted in serving at the supper hour.

Poster, Miss Ada Bayard and Mrs. Fred Coverhill Jones. The daffodils and tulips, intermingled with fuchsia and other spring flowers, were very attractive. The sun parlor was a bower of potted plants, with lovely spring blooms. Those present were Mrs. G. Fred Fisher, Mrs. Silas Alward, Mrs. A. M. Peters, Mrs. Richard Hooper, Mrs. T. E. G. Armstrong, Mrs. R. A. Armstrong, Mrs. A. L. Fleming, Mrs. Harold C. Schofield, Mrs. Alexander L. Fowler, Mrs. J. Walter Holly, Mrs. John A. McAvity, Mrs. William M. Angus, Mrs. W. R. Turnbull, Miss Agnes Warner, Mrs. James U. Thomas, Miss Louise Parks, Mrs. G. Gilmore Brown, Mrs. David P. Chisholm, Mrs. E. T. Sturdee, Mrs. C. B. Allan, Miss Elizabeth Furlong, Miss Edna Austin, and others.

Advertisement for Sister Mary's Kitchen, featuring a list of recipes including Corn Meal Recipes, Spider Corn Bread, Molasses Corn Bread, and Custard Johnnycake.

GOVERNMENT MEMBERS HERE. Hon. J. E. Hetherington, of Cody's, Provincial Secretary-Treasurer, was in the city last night, and left for Fredericton this morning to attend a meeting of the Government.

FINED \$20 FOR ASSAULT. Earl Mullock was placed under arrest yesterday afternoon at 4.15 o'clock by Police Constable Dykeman, and charged with assaulting a fellow seaman on board of one of the steamers in port. He was fined \$20.

INVITED TO REMAIN. The third quarterly board meeting of the Portland Methodist church was held last night in the Y. M. A. hall with Rev. H. A. Goodwin, pastor, presiding. The meeting unanimously voted to invite Mr. Goodwin to remain another year. The board appointed F. S. Thomas as a delegate to the third district meeting.

Fine Tricolette with Moire Ribbon Shoulder Straps and Draw Ribbon. Shades—Pink, Orchid, White. Sizes—36, 38, 40. You can get them for half price if you buy two. ON SALE TO-MORROW AND UNTIL SOLD. D'Alaird. Blouses - Dresses - Lingerie. 81 King St.'

Advertisement for Daggett & Ramsdell's Perfect Cold Cream, featuring an image of a woman's face and the text 'Be as beautiful as you were meant to be. Take faithful care of your skin if you would have it come to its full beauty. Counteract every night the day's dust and tiredness.'

SAME HATS HERE AS SHE SAW IN EUROPEAN TOUR. A decided surprise came to a certain St. John lady just back from Paris, London and New York. She walked into Spear's Saturday evening with a friend and was able to tell about what she saw in millinery abroad by pointing to the very hats that are the thing there.

It was quite a compliment to the taste and ability of St. John's leading milliner to bring her the best that's going where hats really are hats. The Spear exhibit this season is creating quite a flurry in social circles, far surpassing the memorable opening of a year ago. A French studio has enhanced the already jewel-like salon and the collection is a stunner. The Mah Jong Hat is there in gay caprice—a black felle mandarin of close roll brim and long queue of net with end ball. They look like a thousand, but of course are not, the notion of numbers growing from the fact that every model is a style unto itself. There are others of Chinese flair, notably a suit hat of navy coburg braid and high close brim.

Advertisement for F. A. Dykeman & Co. New Spring Sport Coats, featuring an image of a woman in a coat and the text 'The newest types of Sport Coats that promise to be most popular this Spring, offered at prices that are simply amazing. Style and variety are unlimited. Sizes 16-42. Prices range—\$12.50, \$14.90, \$16.50, \$17.90, \$18.75, \$19.90, \$20.00, \$21.50, \$22.50, \$25.00, \$26.00. F. A. DYKEMAN & CO.'

Advertisement for Spear Opening Proceeding Tomorrow, featuring an image of a woman in a hat and the text 'Spear Opening - Proceeding Tomorrow. Hats from Paris. Hats from a good dozen of the world's favorite Artists invite you to Spear's Spring Opening continued Tomorrow and following days. No two of any, no copy of any possible to get without a long train trip. Come to hear about the leading designs. SPEAR. SPEAR BLOCK - UNION ST.'

Advertisement for Carnation Milk, featuring an image of a woman and a can of milk and the text 'Carnation Milk saves time and trouble, saves waste and it's always ready for use. You'll welcome its wonderful convenience in cooking. You can keep a supply on your pantry shelves—always ready, always the same dependable quality, always pure, always safe. And you can order it with your groceries. For the grocer is the Carnation Milkman. Carnation Milk is just pure fresh milk, evaporated to double richness, kept safe by sterilization. Order several tall (16 oz.) cans or a case of 48 cans from your grocer. Try this recipe and write for a copy of the Carnation Recipe Book. CREAM OF MACARONI SOUP: 1 teaspoon salt, 2 tablespoons butter, 1/4 cup macaroni (broken in 1/4 inch pieces), 2 tablespoons flour, 3 cups water, 1 cup Carnation Milk. Cook macaroni in boiling, salted water about twenty minutes or until soft. Drain and melt butter; add flour; add salt; then milk, and cook five minutes. Combine with macaroni. This recipe serves six people. Produced in Canada by CARNATION MILK PRODUCTS COMPANY, LIMITED. ATLMER - ONTARIO. The Label is Red and White.'

### LEADER OF MISSION OF RUSSIA ON WAY

Head of Soviet Delegation Passenger on Montrose For St. John

A Montreal despatch yesterday announced that Ivan J. Kulik, trade representative of the Soviet Government there, had received a cable to the effect that Alexandre Yezlikoff, who would head the Soviet trade delegation in Canada, sailed from England for St. John on Saturday on the Canadian Pacific steamer Montrose.

Upon his arrival in Montreal trade researches will commence there, and it is expected that a trade office or consulate will be opened in that city within a short time.

The object of this delegation is to establish international commerce between Canada and the Soviet republics. A great amount of reconstruction is going on in the countries under Soviet regime, their representatives say.

The other three delegates, already in Montreal, arrived in St. John two weeks ago.

#### ORGANIZATION MEETING.

The Council of the Church of England Institute held its organization meeting at the Institute last night with Ven. Archdeacon A. H. Crowfoot, president, in the chair. R. E. Coupe was re-elected secretary and Adrian Gilbert was appointed treasurer. Stanley Olive was elected a member of the council and committees appointed were as follows: Building committee, Archdeacon Crowfoot, Rev. L. F. Thompson, Mr. Gilbert and C. C. Kirby; finance committee, Dr. J. Roy Campbell, Mr. Gilbert and Geoffrey Stead.

### They Know

The way to whiter teeth. Will you not find it out?

Those many people you meet with glistening teeth do something you should do.

You see them everywhere today. They have gained new beauty and new charm. But they have also gained new cleanliness, new safety.

They use a new method of teeth cleaning. Let this test show how much it means to you.

**They combat the dingy film.**  
You feel on teeth a viscous film. That is what clouds teeth.

Under old-way brushing, much of that film remains. It becomes discolored, then forms dingy coats, to make the teeth unsightly and unclean.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Such troubles became almost universal, due to attacks caused by film.

#### Protect the Enamel

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combant which contains harsh grit.

Made in Canada

### Southern Beauty Smiles As She Faces Husband's Charges

Beautiful Mrs. Elaine Harris, wife of Beverly Harris, formerly vice president of the National City Bank, is facing her husband's annulment action in New York City. Here are three photos of the beautiful southern girl.

#### LIGHTKEEPERS ARE GOING TO OTTAWA

The Canadian Brotherhood of Lightkeepers Association were in session in the Queen Hotel, Montreal, yesterday when delegations from different parts of the Dominion were present. Among those from the eastern part of Canada were L. McDonald, secretary of the Prince Edward Island Association; Charles Peters, Flat Point, C. B., Alonzo Connolly, Deer Island, secretary of New Brunswick Association; W. Baker, Clapperton Isle, general secretary from the Ontario Association; R. W. Lindsay and Thomas Wyatt, of Quebec.

After regular business was transacted, a delegation from the association was appointed and leave today for Ottawa to meet the head of the Marine and Fisheries Department and place before the minister the needs of the lightkeepers in general.

#### ARRIVES IN THE SOUTH.

Friends in Wolfville have heard from Rev. F. S. Porter, who a few weeks ago retired from the secretaryship of the British and Foreign Bible Society, St. John, to become pastor of the Trinity Baptist church, Oklahoma City. Mr. Porter and family had a pleasant journey, remaining over at St. Louis for a short time to visit Rev. Dr. Henry Alford Porter, formerly of Fredericton. Arriving at Oklahoma they found a warm welcome awaiting them, and a California bungalow, furnished and ready for occupancy. Mr. Porter expects to find in Trinity church ample scope for his energies.

#### WATER RESTORED TO HOUSES WITHOUT IT

Authority Given to Take Legal Steps in Alleged Spite Case

Unsanitary conditions due to the cutting off of the water supply of eight city homes, recently reported, were spoken of at the meeting of the sub-division of the Board of Health yesterday afternoon, and it was said that these conditions had arisen because there was too much ice to make necessary repairs and that the matter had now been attended to. John Kelly, the chairman, presented at the meeting. Another case of the cutting off of the water supply was reported to the board. This case was in Fairville and was understood to be the work of spite. Authority was given to take legal proceedings against the offenders. Reports submitted were satisfactory. Dr. H. L. Abramson reported the city water supply to be exceptionally good. Miss D. Coates, for the Victorian Order of Nurses, reported 492 child welfare visits made to 244 babies and 123 children examined in five kindergarten inspections.

Dr. T. Fred Johnston in his report as dairy and food inspector referred to the fact that there had been few animals slaughtered in the local slaughter houses because of the low prices and large shipments of western beef.

Miss A. Megan, tuberculosis nurse, reported 305 cases registered of whom 88 were new and eight old cases re-admitted. The nurses made 363 visits in the month and held 13 clinics. Ten patients were receiving free milk.

A letter was received from a New Brunswick nurse, now resident in New York, Miss Louise Evans, who inquired as to vacancies for a visiting or school nurse. It was decided to refer this letter to Miss Meiklejohn, director of public health nursing services.

#### MT. ALLISON-U. N. B. DEBATE MARCH 27?

A communication was recently received from Fredericton by the manager of the Mt. Allison debating team, suggesting Thursday, March 27, as a suitable night for holding the inter-collegiate debate between Mt. Allison and U. N. B. The Mt. Allison debaters have agreed to this date so that, in all probability, the matter may be regarded as settled. The judges for the debate have not yet been chosen.

The date for the Co-Ed's debate will Dalhousie in Halifax has not yet been fixed, although there is strong likelihood that it will be considerable prior to that of the men. The regulation for the Co-Ed's debating league states that all debates must be held before March 21, but, owing to the fact that the Mt. Allison girls' basketball team is to be away on March 14 and 15, effort is being made to have the debate the week before the basketball trip is scheduled.

### RED ROSE TEA "is good tea"

Folks who want the very best use RED ROSE ORANGE PEKOE

#### FURTHER PARLEYS ON RAILWAY ISSUE

Montreal, March 3.—The Railway Association of Canada has agreed to the request of the United Brotherhood of Maintenance of Way men for further conferences on the subject of wages and working conditions for maintenance of way men on Canadian lines. A communication to this effect is being dispatched to the union headquarters at Detroit.

A board of arbitration rendered a report in favor of two cents an hour increase for all men earning less than 40 cents an hour.

This award the railways could not see their way clear to accept. The taking of a strike vote by the men resulted in a majority vote for a stoppage of work if necessary to secure the increase.

#### LEADERS HAVE CONFERENCE.

The second of the weekly C. G. I. T. leaders' conferences was held last evening in the Y. W. C. A. cafeteria with a good attendance. Mrs. R. G. Fulton conducted the Bible study when the Old Testament was the subject. Miss Marjorie Trotter, maritime girls' work secretary, led the discussion on C. G. I. T. methods and possible improvements. Some criticisms of the C. G. I. T. programmes were discussed.

A dose at bedtime of **DR. CALDWELL'S LAXATIVE SYRUP PEPSIN** Made them feel jolly again

**Good Health in Happy Old Age**

THE chief concern of elderly people is their health, and that is best assured by regular daily bowel movement. There is no truth, however, in the notion that because you are old you need a "strong physic." In fact, just because you are old a mild laxative is better for you. This trouble with purges and cathartics and physics is that they shock the system and weaken it and make the muscles of digestion flabby. Mr. John Muse, 128 Prince Edward St., St. John, N. B., says Dr. Caldwell's Laxative Syrup Pepsin is the best medicine on earth and Mrs. George Luth, Pope, Man., who is in her 79th year, has found it easy to take, gentle in action and entirely satisfactory.

**Does Not Grip**

You can be sure of satisfactory evacuations every day if you will take a spoonful of Laxative Syrup Pepsin at night when you retire. You will not need to take it very long as a few doses will soon encourage the bowels to act for themselves. The popularity of this wonderful family remedy has become so great that it is now the largest selling liquid laxative in the world. Because of its mildness and freedom from gripping it is especially ideal for the extremes of ages, for children and for elderly people.

**Effective at Small Cost**

Get a bottle of Dr. Caldwell's Laxative Syrup Pepsin at any drug store. The formula is on the package, and the cost less than a cent a dose. Take it when you feel heavy, sleep poorly, have headache or night cramps, for these are also symptoms of constipation. Give it to the children when they are restless, feverish or have a cold. Laxative Syrup Pepsin will keep you and your family free from constipation, a condition that lowers the vitality 25 per cent and raises the blood pressure 28 per cent. Freedom from constipation lessens the pain of kidney trouble, neuritis and rheumatism.

\*\*\* If You Want to Try It Free Before Buying \*\*\*  
"Syrup Pepsin," 24 Caldwell Bldg., Toronto, Ont.  
I need a good laxative and would like to prove what you say about Dr. Caldwell's Laxative Syrup Pepsin by actual test. Send me a free trial bottle. Address to: \_\_\_\_\_  
Name \_\_\_\_\_  
Address \_\_\_\_\_  
Not more than one free trial bottle to a family.

**ALL THREE COALS COST \$16.50 PER TON**

(A)	Burnable Matter \$13.20	Waste in the Ashes \$3.30
(B)	Burnable Matter \$14.03	Waste in the Ashes \$2.47
(C)	Burnable Matter \$15.68	Ash \$2c

Add to the waste the cost of removing the extra ash of coal (a) and (b) and coal (c) shows a saving of from \$2.00 to \$3.00 per ton.

This illustrates the difference between the best there is in coal and the ordinary every-day article, and leads to the suggestion that—

**AS YOU CANNOT TEST HEATING COAL WHEN CONSIDERING SUMMER PRICES YOU PROVE NOW IN FURNACE OR STOVE IN THE FEW WEEKS OF COAL BURNING WEATHER AHEAD JUST WHAT YOU CAN SAVE ON NEXT YEAR'S COAL BILL.**

It is not too late yet to cut something off this winter's coal bill and what is more important you can learn now how to compare values when the time comes to consider next winter's coal purchase.

There is a large size for Furnace and Big Stoves and a Chestnut size for Range, Feeder, etc.

**PROVE IT NOW. THERE IS NO RISK. IT IS GUARANTEED.**  
ASK US MORE ABOUT THIS COAL.

**A Genuine "Wear-Ever" Aluminum Double Boiler**

is a utensil that gives a life-time of service and satisfaction and saves fuel cost, as well as assuring better flavored and better cooked foods.

These results only come from using Genuine "Wear-Ever" (THICK, HARD, SHEET) Aluminum Kitchen Utensils which cannot chip or crack. Most dealers stock "Wear-Ever".

Northern Aluminum Company Limited, Toronto

Replace utensils that wear out with utensils that "Wear-Ever".

**WEAR-EVER ALUMINUM**  
TRADE MARK MADE IN CANADA

#### NAME DELEGATES TO LABOR CONVENTION

There was a largely attended meeting of the Longshoremen's Association in their rooms, Water street, last night, with J. J. Donovan, the president, in the chair.

It was decided to send ten delegates to Fredericton to attend the general meeting of the New Brunswick Federation of Labor convention to be held in that city on March 18. The delegates chosen were J. McKinnon, Robert Carlin, Jr., Stephen Stevens, C. H. Stevens, William Arbo, O. Lingley, M. P. Donovan, Joseph Montiel, Percy Taylor and J. E. Tighe.

At this convention there will be representatives from all over the province and a committee will be appointed to confer with the Provincial Government on several matters.

#### HAVE BIRTHDAY PARTY.

The Y. P. M. S. of St. David's church gave an enjoyable birthday party last night when an excellent musical programme was presented. The presentation of the life membership to John Rogerson was made by Miss Jessie Jamieson and Miss Isabelle Jamieson on behalf of the society. Rev. Hugh Miller, pastor, was the chairman, and those taking part in the programme were Mrs. Miller, Miss Phyllis MacGowan, Miss Mame Girvan, Miss Jessie Jamieson, Miss Carrie Bailey, Mrs. J. M. Barnes and Miss Isabelle Jamieson. The accompanist was Miss Edith Doherty. The proceeds, \$45, will be used for the funds of the society.

**DANGER LURKS IN NEGLECTED CHILLS**

Take no risks. If you feel the slightest ache or pain after being out in the damp and cold, apply Thermogene.

The genial, tingling warmth produced by the medicinal essences with which Thermogene is impregnated, penetrates gently to the seat of the pain, preventing the possible development of a serious cold, sore throat, neuralgia, grippe, or other winter ailments.

You can get a package of Thermogene in the familiar orange-coloured box at your favourite drug store.

**USE Thermogene Medicated Wadding for**  
Lumbago  
Rheumatism  
Neuralgia  
Neuritis  
Grippe  
Sore Throat  
Chest Colds  
Bronchitis

Sole Agents for Canada: HAROLD F. MITCHELL & CO. Limited, 18 McCaul St., REEL, TORONTO.

**COAL**

A BETTER AND MORE SATISFACTORY COAL. COSTS NO MORE. SAVES TWO DOLLARS PER TON.

**SAVE \$2.00**

To those coal users we have not had the pleasure of serving before we would suggest a very careful and thoughtful reading of the following. Think it over—

**ARE YOU PAYING \$3.30 FOR ASHES OR 82c**

Here you have illustrated the comparative BURNABLE MATTER and ASH WASTE in three coals. Coals that are in general use in St. John today. One of them is in your bin this very minute. Coal (a) is an ordinary-every-day American Anthracite. Coal (b) is what might be considered a real good lot of the same coal. Coal (c) is the one that is saving many people \$2.00 to \$3.00 per ton with a lot of added satisfaction thrown in. There are worse coals than (a) but you cannot get better coal than (c).

**ALL THREE COALS COST \$16.50 PER TON**

(A)	Burnable Matter \$13.20	Waste in the Ashes \$3.30
(B)	Burnable Matter \$14.03	Waste in the Ashes \$2.47
(C)	Burnable Matter \$15.68	Ash \$2c

Add to the waste the cost of removing the extra ash of coal (a) and (b) and coal (c) shows a saving of from \$2.00 to \$3.00 per ton.

This illustrates the difference between the best there is in coal and the ordinary every-day article, and leads to the suggestion that—

**AS YOU CANNOT TEST HEATING COAL WHEN CONSIDERING SUMMER PRICES YOU PROVE NOW IN FURNACE OR STOVE IN THE FEW WEEKS OF COAL BURNING WEATHER AHEAD JUST WHAT YOU CAN SAVE ON NEXT YEAR'S COAL BILL.**

It is not too late yet to cut something off this winter's coal bill and what is more important you can learn now how to compare values when the time comes to consider next winter's coal purchase.

There is a large size for Furnace and Big Stoves and a Chestnut size for Range, Feeder, etc.

## Premier and Opposition Leader Clash In Debate on Speech

### MEIGHEN ATTACKS GOVERNMENT

Condemns All Legislation Passed at Last Session of Commons.

### SHARP REPLIES

Premier Says Appointment of Tories Caused Criticism of Govt.

Ottawa, March 3—The debate on the address began this afternoon in vigorous fashion. The Prime Minister and leader of the Opposition squared off in belligerent mood and Mr. Forke appeared at the end and adjourned the debate.

Mr. Meighen spoke for about two hours in the afternoon. His delivery was marred somewhat by the fact that he was suffering from a severe cold but this did not detract from the vigor of his utterance. The statement published that Mr. Meighen would move an amendment to-day was wrong as that would have prevented him from subsequent participation in the debate. He moved no amendment but he was extremely critical of and expressed absolute lack of faith in every statement in the speech from the Throne.

### The Premier Replies.

Premier King replied after the House resumed at eight o'clock. He was equally vigorous with his opponent and inclined to carry the fight to him. He compared the record of the two parties in regard to by-elections, and claimed that the present administration had had considerably more success than either of its predecessors, and had the further virtue of never having hesitated to bring by-elections on. The results in Halifax and Kent, and the tribulations of local conditions, and the only appeals made by campaigners there were of a sensational character. The Premier made an interesting statement regarding the civil service commission, saying that what had contributed most to dissatisfaction with the present Government and had been prominent in Tory circles had been given political appointments by the commission. The Government had divorced the Canadian National from politics, and had refused absolutely to listen to any appeal to interfere with control by the president and directors.

### Emigration to U. S.

Speaking of Mr. Meighen's claim with regard to emigration from Canada, Mr. King made a record of the persons who leave Canada for the U. S., but none of those returning. A specific examination of cases made by Canadian officials showed that 60 per cent of those who had entered the States as immigrants from Canada had returned here and were now in Canada. Men who have studied conditions, such as Premier Dunning of Saskatchewan, claim that as between people going back and forth across the line it is steadily being cut down the line it is the greater.

### Questions Meighen's Facts.

In dealing with Mr. Meighen's criticisms of the tariff proposals in the speech, Premier King grew unusually vigorous and cutting. "The trouble is that in his pilgrimage of woe," he said, "which he has been engaged in during the past six or eight months he has reported so often statements that are wholly untrue, statements that are in no way borne out by the facts, and has become so accurate in Canada, that his own voice in public, that he has forgotten altogether what the truth and what the facts are." In giving the plan officials statistics to show that notwithstanding the burden of debt and commitments which he said this Government had inherited, it had steadily been cutting down the debt of the country.

### Civil Service Reductions.

While promising a balanced budget and reduction of expenditures on public works and in other directions, the Premier warned the House that when expenditures were reduced to a point where taxation could be reduced somewhat, they would again have to take up the task of erecting public edifices essential to the needs of the country. With regard to reductions in the civil service he pointed out that there had been a total net decrease of nearly 4,000 up to the end of last year, and this was still vigorously going on. He scored the previous Government for having done nothing to fight the war with Germany, and said that they were not ready to get after the men who were making great fortunes out of the war.

### Credits Providence.

The claims of prosperity made by the Government in the speech to the Throne Mr. Meighen attributed not only to the bounty of Providence, but to the bounty of Providence in having provided good crops in two successive years, while the balance of

### BILLION DOLLARS MAY BE LOST IF GERMANY REPUUDIATES DEBT

Americans are Likely to be the Chief Sufferers, Dealer Says.

Mr. Meyerowitz added that he would like to see all the large banking houses and banks who acted as agencies in the distribution of German Government bonds because of the faith in the financial integrity of the German Government and because of the belief that Germany would not be asked to repudiate a solemn obligation. He said he had against this proposed repudiation.

### Prior Claims Ignored.

"We are informed that the proceeds of the loan will be utilized toward a settlement of the claims by Germany against the United States Government. The absolute legitimate claims, of those who have in good faith invested their money in German Government and city bonds, are expected to wait for a fulfillment of their debtor's solemn promise until the reparations payments have been completed.

### Only a Very Few Years Ago It Was Considered Essential that Our Government Be Consulted as to Whether Our Financiers Could Grant Loans to Foreign Countries, and It is to be Hoped that Officials of Washington, Mindful of the Vast Amounts of Good American Dollars Invested in German Bonds, Will See to It that American Investors are Protected in the Same Degree as the Nations at One Time Aligned Against Germany.

He concluded by saying: "The floating of a new loan here ought to be conditional upon the absolute and unqualified protection of American investors in the American market by the national bank seeking financial accommodation." On the basis of figures presented by Mr. Meyerowitz, the German internal debt of 72,400,000,000 marks would be worth only \$16.68 should the paper mark be used as the unit of measurement. He said that the American bonds outstanding in Germany at the present time are worth only 15 per cent of their pre-war value. The increase in export trade he accounted for by the export of raw materials, remedied only by the pre-war value of which was inclined to question. The balance of trade with the U. S. was heavily against us, a condition which would be remedied only by a different and better tariff policy, while our business with Great Britain was being conducted at the expense of our own industries.

### Echo of the recent Halifax election followed when Mr. Meighen began to quote from speeches made in the Cape Breton and Halifax by-elections by the Minister of National Defence (Hon. Mr. MacDonald) and got into a brisk altercation with that member, who responded in an extended reply later in the debate.

### Appeals to Progressives.

Mr. Meighen was fertile in appeals to the Progressive quarter of the House. He pointed out that there was a heavy decrease in export of manufactured goods, and he quoted figures from the U. S. Government to show that there was a heavy decrease in the price of wheat had dropped from 41.66 in 1921 to 41.06 in 1925 and the cost of transportation had gone up. The Government, too, had pledged itself to substantial reductions in the tariff and had cast aside nearly all their promises when they came into power. The reductions they had made in the tariff on farm implements had been no more than a 20 per cent cut.

### Condemns Legislation.

Mr. Meighen then turned to the legislation of the Government, condemning it all, including the Wheat Board Act, the Inland Freight Rates Act, the Combines Investigation Act, and the Halibut Treaty. Referring to the present programme of the Government, he said that Mr. Crear and Premier Dunning to Ottawa to consult on conditions there, when practically the whole of his Cabinet had been roaming the west all summer. The result was a speech from the Throne which was nothing more than an electioneering document. He would make the prediction that the proposed reduction on agricultural implements was nothing more than a bid for support from the Progressive.

### He would make the prediction that the proposed reduction on agricultural implements was nothing more than a bid for support from the Progressive.

men out of employment and do nothing more. He summed up the whole speech here today.

### Was Physician of R. L. Stevenson

London, March 4.—Dr. Thomas Bodley Scott, Mayor of Bournemouth, who is dead aged 72, was the physician and friend of the famous author Robert Louis Stevenson. He used to recall how R. L. S. hit upon the idea of "Dr. Jekyll and Mr. Hyde."

One morning, when Dr. Scott called on him, R. L. S. was feverishly writing. Looking up, he exclaimed, "I've got my shilling shocker."

Stevenson then told him the idea for the story had come to him in a dream. The manuscript was finished in a week, and was rapidly in print.

### WAS BLINDED BY HYPNOTIST

Strange Tale Comes From Berlin—Admiral's Son Saved by Student.

London, March 4.—A Bromley man who has just died puzzled London hospital and doctors for 15 years. He was Fred Roberts, aged 46, a coal merchant, who fell from his wagon about 18 years ago and contracted a very rare nerve disease, syringomyelia, which produces partial paralysis.

Notwithstanding this, Mr. Roberts continued his heavy work until a few months ago, when he again fell from his wagon and broke his collar-bone. He was recovering from this when he had a relapse and died.

### SET A FABULOUS VALUE ON TOMB

Egyptians, Says the London Standard, Expect It to Pay National Debt.

London, March 4.—To illustrate the attitude of the average Egyptian toward the archaeological treasures at Tutank-Amen's tomb, The Evening Standard tells a story of an Egyptian who, at the opening of the sarcophagus, had been distinctly solemned, it says, during the preliminaries, but began to take notice when Howard Carter, rolling back the linen pall, disclosed, inch by inch, the gleaming gold coffin. With bulging eyes the official watched as the mark had a real value could not pay off such obligations now in the units of paper marks.

That they were required to pay at least 15 per cent of the pre-war value of the mark indicated these brokers declare, that the same precedent should be observed by the German Government in which case the 24,000,000,000 marks would be \$2,730,000,000 or 15 per cent of the pre-war value of such an amount of bonds.

"No," was the reply: "Sheet gold over wood."

The enthusiasm faded from the Egyptian's face, and he settled back for another nap.

Strange as it may seem, says The Standard, nearly every Egyptian believes there is sufficient gold in the world to pay off the Egyptian debt, as well as a vast store of diamonds, emeralds and rubies, although precious stones were unknown to the Egypt of the Eighteenth Dynasty. Of the artistic or scientific value of the finds, it says, there is no appreciation whatever.

### B. Y. P. U. MET.

Main street Baptist B. Y. P. U. last evening held a devotional night. An inspiring and helpful address was given by LeBaron Stubbs of Carlton Methodist church.

### Galleries Filled in Evening.

Ottawa, March 3.—Premier King and Rt. Hon. Arthur Meighen, leader of the Opposition met in debate on the floor of the House of Commons today. It was the opening phase of the battle on the address—a phase which opened placidly enough with public galleries only half filled. But as the afternoon wore into evening, galleries crowded and set speech was broken with interruptions, with sharp retort and rapid rejoinder.

Mr. Meighen charged that in statements made by Hon. A. B. Copp in the Kent, N. B., by-election, the language of constituency bribery would never be more plain.

He was followed by Premier King, who to the laughter of Liberals, referred to Mr. Meighen as chief mourner in a will of woe.

### EXPECT BISHOPS WILL BE NAMED

Quebec, March 3.—Notwithstanding the reluctance of the Holy See to appoint new bishops and additional auxiliaries, well informed religious authorities claim that between now and May both the archdiocese of Quebec and Montreal will be affected by ecclesiastical appointments of that nature.

### A MARCH BUTTERFLY.

Butterflies still continue to show themselves at unsuitable times and yesterday one was brought to The Times office by Louis Mullin of Halifax. He had captured it on Sunday afternoon flying around in the sun as though it were June instead of March.

### PERSIANS TALK OF FORMING REPUBLIC

May Oust Shah Because of Long Absences on Travel in Europe.

London, March 4.—The people of Persia are seething with discontent over his repeated long absences in Europe and are talking of founding a republic, says the Teheran correspondent of the Daily Mail. The entire Persian press, he declares, is strongly in favor of the change, which virtually is the sole topic of discussion in Teheran. The Shah, who has been in Europe since early November, now is at Nice. He was on the continent from January to November in 1922 and from the Fall of 1919 to the Spring of 1920.

Together with the human remains which have been found in a perfect state of preservation are those of individuals of the race of Neanderthal man, and are among the most ancient relics of primitive man which have ever been found in Europe.

### MOVING STAIRS TOO MUCH FOR THEM

African Natives Afraid in London After Perils of Desert.

London, March 4.—Two men who have crossed the Sahara, riding death-defying camels, are in London, trembling in fear at the foot of the moving staircase at Charing Cross in the centre of London.

"This earth that moves like a snake," said Ali in Arabic, speaking of the moving stairway which daily carries thousands of Londoners to and from the bowels of the earth, "is a dangerous thing. If you do not step off in time your body is carried through the wall at the top. The white masters are brave."

All and Sakari had much the same effect on the animals as the rousing of the London crowds. The monkeys chattered at them and they chattered back. The bears sat up solemnly, and the two sons of the desert, roosting with humped, sat up in imitation. In the lion house they became solemn. They were in the presence of kings.

The rushed at the cage and they talked to them, cooed at them, jelled back their lips and examined their teeth. For the first time in their lives they saw a fairer man than they. It delighted them. "Allah has given you a good saddle!" they told it.

Asked what they would like to take home with them across the desert, they said an omnibus and gold-filled teeth—but particularly gold stoppings. "An omnibus is what we need," they said. "We could fill one on top and inside with them, and take them out every day for drives."

"Travelers such as great lions," said Sakari. "We have heard their stories in the desert and have laughed at them. When we go home and tell men that in London the earth runs about like a serpent, that the walls are so high that your neck aches with looking up at them, that we have talked to lions and lions, our friends will shout and cry 'Lars!' But if we can open our mouths and show them packed with gold, they will be silent."

They were in the presence of kings. The rushed at the cage and they talked to them, cooed at them, jelled back their lips and examined their teeth. For the first time in their lives they saw a fairer man than they. It delighted them. "Allah has given you a good saddle!" they told it.

### FINDS REMAINS OF PRIMITIVE MAN

Scientists Discover Skull and Jawbones Believed 50,000 Years Old.

Madrid, March 4.—Several scientists who have been carrying out investigations and excavations in an area near Cordoba, which appears to have been occupied in prehistoric times by a lake, have made discoveries which have been submitted to the Academy of Science of Cordoba. The academy declares that a skull and several jawbones which have been found in a perfect state of preservation are those of individuals of the race of Neanderthal man, and are among the most ancient relics of primitive man which have ever been found in Europe.

Together with the human remains which have been found in a perfect state of preservation are those of individuals of the race of Neanderthal man, and are among the most ancient relics of primitive man which have ever been found in Europe.

### TESTING GLASS OXYGEN CHAMBER

Guy's Hospital Director Speaks of New Treatment of Cases.

London, March 4.—In a glass oxygen chamber with two beds built in a ward in the famous Guy's Hospital, Dr. E. P. Poulton, Director of the Medical Investigation Department, has been conducting some interesting experiments on bronchial, asthmatic, and heart cases. The chamber is provided with three doors, opening one on the ward, but in the minimum escape of oxygen and entry of outside air when the room is entered.

Oxygen is pumped from the basement. The treatment, when initiated, fills half the room. The doors are closed, and the bag deflated. An electric fan circulates the gas and there is a purifying apparatus to ensure the minimum escape of oxygen and entry of outside air when the room is entered.

### Here Is British Labor Minister

STEPHEN WALSH

STEPHEN WALSH

The new British Labor Minister for War, served as a parliamentary secretary to the Ministry of National Service during the war, under Asquith, and was parliamentary secretary to the Local Government Board under Lloyd George. He is an exceedingly popular man, with much of the winning charm of an Irishman about him, though he was born in Liverpool and may at times break into Lancashire brogue. On most occasions his English is, however, impeccable. He was brought up in an industrial home and at the age of fourteen began work in a mine, and was one of the first in England to discover the obscure disease, "botulism," and to urge the doctors to discovery of a method of treatment.

### BOY INVENTOR WAS RELEASED

Told Court He Stole Money From Employer to Perfect Plans.

New York, March 4.—Bayard Calla, 18 years old, who gave his address as 247 East Seventy-seventh street, was released on a suspended sentence by Judge Nott in General Sessions after he had pleaded guilty to the theft of \$317 from his employer and begged to be freed to perfect an invention. The boy had been in the Tombs since Sept. 1, when he was arrested for the theft of the money from the safe in the office of the Electro-Corporation of America, 428 Broadway.

Miss Martha Spira, secretary of the corporation, said that she placed the money in the safe, and when she discovered it had been stolen the boy produced a letter signed with the name of another boy employe, in which it was stated the money would be found in the check room of the Hudson Terminal Building. Detectives discovered the note was fictitious, and the boy confessed he took the money to patent an invention.

The invention, he told Judge Nott, would enable persons using the telephone to see each other while conversing, and would make possible the production of a series of motion pictures by radio. He said that when he was arrested he destroyed the plan of the invention.

### PASS \$75 VOTE FOR MATERNITY CARE

Women's Institute Members Hoped to Maintain Free Bed in Infirmary.

The lack of free maternity care in St. John was decried by the Women's Institute at its meeting in the Health Centre last night, and the Institute voted to give \$75 towards a free bed in the proposed new maternity wing for the St. John Infirmary. It being the hope of the society that it would be able to maintain one bed in the new wing for the care of a free patient.

Mrs. J. A. Vincent, the president, was in the chair. The meeting was largely attended. The payment of \$50 to the St. John Health Centre as this year's donation was authorized by the meeting.

The treasurer reported that the recent bridge had been a great financial success. Then new members, Miss B. N. Boyer and Mrs. H. W. McLeod, were welcomed. The roll call was answered in an amusing way, each member responding to her name by relating a humorous story.

Mrs. J. W. V. Lavelle gave the paper of the evening, dealing with constitutional law. She gave a comprehensive address, and hope was expressed that it might be repeated.

### GASOLINE ENDS LIVES OF THREE

Zanesville, Ohio, March 3.—Roy Tracy, 27, coal miner of McLaney, and his two daughters, Beulah, 5, and Nellie, 3, are dead and the Tracy home is in ruins, the result of an explosion and fire, which followed Tracy's attempt Monday morning to kindle a fire in the kitchen stove by pouring gasoline on smouldering coals.

Contributions from the various district associations.

### GET PROFIT FROM DAMAGED LUMBER

Good Logs Being Cut on Burned Areas—Cut Soon Finished.

Fredrickton, March 3.—It is reported that some extra fine logs are coming out of the burned areas, particularly on the Tobique. They are on Steton, Cutler & Co.'s lands and are for Fraser's mills on the Tobique. The heavy fires on that stream and other head waters are expected to have the effect of raising the level of the streams very rapidly this spring, causing a quick freshet and also a quick subsidence of the water.

The cut of fire-damaged timber in the northern part of the province in the area which a reduced rate of stumpage is allowed to encourage quick cutting, is forecast as being profitable to the lessees. The reduced stumpage was allowed in accordance with custom to prevent a larger loss than usual in the death of the trees before they can be logged. The profit will be made on the trees which were very slightly damaged by the fire and there are many of them.

High Scale in Some Cases. It is stated that there are cases in which the Department of Lands and Mines is insisting upon the regular rate of stumpage upon considerable amounts of timber. This is because the forest fires seldom make a clean burn through woods but leave strips or "islands" of trees untouched. It is to the advantage of operators to have such timber cleared in with the fire damaged and every endeavor is made to have that done. Sellers are instructed not to do so, however.

### DECIDES TO ASK FOR INCORPORATION

Fish and Game Protective Association Hears Committee Reports

A committee meeting of the New Brunswick Fish and Game Protective Association was held last night in the rooms of the New Brunswick Kennel Club, Market Building, with D. King Hazen, president, in the chair. A report from the legal committee was received and it was decided to petition for incorporation. The application was signed by the members.

A report from the protective committee was received, in which it was shown that a communication had been produced from the Loch Lomond Protective Association regarding portable saw mills allowing sawdust to enter the streams and lakes. It was decided to appoint a committee to work in conjunction with the Loch Lomond Association in presenting the matter to the proper authorities. Matters pertaining to Robertson's Lake and the Moose dam were discussed and will be dealt with.

It was announced that just as soon as letters of incorporation were received a general meeting of the association would be held. This is expected to be the latter part of the month.

A letter from John F. Calder, fishery inspector for the province, was read, thanking the association for bringing matters to his attention and promising to assist the association in their work as well as congratulating them on the formation of such an organization.

### PLAN END OF THE HOCKEY SEASON

Winnipeg, March 4.—The mild weather conditions will have some effect on the play-offs of the Western Canada amateur hockey championships but a tentative draw has been made by W. B. Sessall, Portage La Prairie, president of the Canadian A. H. A. If the play-offs are carried out according to this schedule the finalists from the east and west will probably meet about March 24 and 26.

### PREPARING FOR DAUGHERTY PROBE

Washington, March 3.—Tentative plans for beginning the investigation of Attorney-General Daugherty and the Department of Justice were made by the special Senate committee today but Chairman Brookhart said the actual hearing of witnesses probably would be delayed until next week.

### DISOWNS WANDERING HEN

Deacon Declares He Will Not Pay Her Board Bill

Bloomington, N. J., March 4.—Editorial in this place is one of the oldest justices of the peace in New Jersey. He is secretary and deacon of the Baptist church, insurance agent, real estate dealer and jobber of automobile accessories. In the summer months he conducts a boarding house for city folk. In the local newspaper Judge Ball inserted the following advertisement:

"TO WHOM IT MAY CONCERN: My Dominick hen, Betty, having left my nest and coop, I hereby give notice that I will not pay for any feed, corn, mash, etc., that any one may feed her or for any debts contracted by her.

"EDWARD E. BALL"

### CLERGYMEN ARE AFTER ENRIGHT

Call on N. Y. Police Commissioner for Names in Charges.

New York, March 4.—Police Commissioner Enright yesterday was challenged by ministers and women to publish the names of clergymen, judges and prominent men and women who, he had charged, were evading the prohibition law by carrying flasks.

"It is an insult to the cloth," Rev. Samuel L. Hamilton, superintendent of the metropolitan district of the Anti-Saloon League, said.

Rev. A. B. Batchelor, associate superintendent of the league, referred to the commissioner's accusations as a slander on the clergy of the city.

"The trouble is not with clergymen but with the officers of the law themselves," the Rev. John Roach Straton declared. "I have represented Enright to go to Pennsylvania and learn from Governor Pinchot how to clean up the bottleggers."

Enright, in an address, charged that boys and girls, clergymen and judges, have acquired, since the enactment of the Volstead law, the habit of carrying flasks of liquor. The address was delivered before a forum meeting at the Washington Heights Baptist church.

The Commissioner said that 10,000 saloons have been closed and that the number of places dispensing intoxicating liquor is being reduced at the rate of 100 a month. In reply to a question, he announced that he would make a request this week for 1,500 additional patrolmen, his "long, thin line of blue," being greatly depleted through various causes which he enumerated.

Now Drink Hard, Bad Liquor

ENGLISH GIRL'S SWIMMING STAR

Phyllis Harding May Prove to be Rival of Sybil Bauer.

In Miss Phyllis Harding, a young London girl, England has found a swimmer, it is believed, capable of preventing women swimmers of the U.S. from taking all the honors in the backstroke event in the Olympics.

place in the back-stroke event in Paris. "The value of specialist advice. Luckily, she caught the coach's eye at the psychological moment, otherwise she would probably have confined her ambition to a style for which she is not specially adapted."

RELIGIONS IN CANADA. Following are statistics from "Census Bulletin XII—Religions of the People." The figures show the total number of religious adherents in the Dominion according to the Census of 1921:

If Pimples Mar Complexion

Drive Them Off With Stuart's Calcium Wafers—Their Action on the Skin is a Wonder of Accomplishment.

Many girls with a pimpled skin do not realize that face creams and such things are merely to protect, not to remove the skin. What you must do is to supply the skin with its much needed calcium. This you do with Stuart's Calcium Wafers.

ORIENTAL ROMANCE ENDS IN THE COURT

Couple Married in Shanghai Two Weeks After First Meeting.

New York, March 4.—A romance that began in Shanghai and terminated with a separation suit in New York was disclosed in the Supreme Court when the couple were filed on an order of Justice Wagner granting \$20 a week alimony to Mrs. Margaret W. Hensler from Ben A. Hensler, formerly a drug merchant in Shanghai, and now in a similar business here.

HERE'S WHAT PEOPLE SAY ABOUT TANLAC

"If it had not been for Tanlac I would still be a sick, discouraged woman, for nothing else seemed to do me any good," says Mrs. Edward Gibbs.

All the advertising in the world and all the sales efforts combined could not have made the great success for TANLAC that has been attained, unless this reconstructive tonic possessed merit of the greatest degree. Over 40 Million Bottles of Tanlac have been sold and the demand today is greater than ever before.

MAY CROSS FUNDY IN WORLD FLIGHT

General Route of Cross-Canada Section of Tour Decided

An Ottawa despatch last night announced that the cross-Canada section of the British round-the-world flight had been mapped out by the staff of the Royal Canadian Air Force. Though the details of the route are not yet completed, the general line of flight from the Pacific coast to Newfoundland has been fixed.

LIFE BURDENED BY DYSPEPSIA

Health and Happiness Came With "Fruit-a-tives"

Made From Fruit Juices and Tonics "Fruit-a-tives", the wonderful medicine made from the juices of apples, oranges, figs and prunes, is one of the greatest means of doing good that this country of ours has ever known.

MRS. ANDERSON TELLS WOMEN

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

Leslie, Sask.—"For about a year I was troubled with a distressing drawing pain before my periods, and from terrible headaches and backache. I hated to go to a doctor, and as I knew several women who had taken Lydia E. Pinkham's vegetable compound with good results, I finally sought some and took four bottles of it. I certainly do recommend it to every woman with troubles like mine. I feel fine now and hope to be able to keep my medicine on hand at all times, as I am sure it will be without it in the box."—Mrs. OSCAR A. ANDERSON, Box 15, Leslie, Sask.

THIS STATEMENT WILL PLEASE YOU

Whether you are a business or professional man, if you were able last year to set aside a small amount of your earnings, and with the remainder to make a bank deposit, you would feel richly proud of yourself.

RURAL DISTRICTS NEED INSTRUCTION

The need in the rural districts of Canada for the ministrations and teachings of the public health nurse is as great as it is in China. Our own home states where are building up the country in the northwest, in the sparsely settled regions of Ontario and in the newly-opened regions of New Brunswick are as desperately in want of guidance as are those in foreign lands.

At 80 Years Of Age Was Troubled With Shortness Of Breath

Mrs. M. O'Connor, Whitestone, Ont., writes: "I have been troubled, most of my life, with shortness of breath, palpitation of the heart and fainting spells. I was advised by a friend to try Milburn's Heart and Nerve Pills, which I did, and at once found relief. I have never had a really bad spell since."

when You Catch Cold Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into influenza or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

GRAY'S SYRUP

FEEL IT HEAL! MENTHOLATUM COLD, CHAPPED HANDS, BURNS. Mother's Coughs and Colds Go Quickly. She cannot afford to be sick and neglect her household duties. At the first symptoms she prepares the way for quick recovery by the immediate use of Gray's Syrup.

RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a hot cold loosen up in just a short time. "Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Disease Germs Doomed

Many have lost terrors for the Scientist

The progress of recent years in medical research is little short of marvellous. Daily, science kills germs by the million. Daily, new ones are being discovered isolated and exterminated by the march of medicine.

EIGHT CASUALTIES IN TRAIN WRECK

Baltimore, Md., March 3.—S. W. Gerhardt, of Lynchburg, Va., was killed and seven other persons, five of them women, were injured in an accident to a Pennsylvania R. R. train No. 709 near here.

Villa Will Leave To Fight On Coast

New York, March 4.—Pancho Villa, sensation of the little Philippines who holds the world's flyweight title, is about to forsake Eastern rings for a sojourn on the Pacific Coast.

Stubborn Coughs

Stop Quick With Home Made Cough Mixture. Not until you make your own cough mixture—a half pint of it for a small quantity—will you find that it does stop any bad persistent cough as if by magic.

Great Game At SUSSEX TONIGHT

(Special to The Telegraph-Journal) Sussex, March 3.—Another record-breaking crowd is expected at the Royal Arena on Tuesday night when the Charlotteville Abbies and Sussex hockey teams cross sticks in the final game of the season.

Child's Best Laxative is "California Fig Syrup"

Tongue Shows If Bilious, Constipated. Well-Merited Success. A distinguished citizen, honored politically and professionally, Dr. R. C. Pierce, whose picture appears above, made a success few have equaled.

Best Laxative and BOWEL LAXATIVE

If Headachy, Bilious, Sick, Constipated. 10¢ CATHARTIC CATHARTIC. WORK WHILE YOU SLEEP.

NIXON EXPLOSION GREAT MYSTERY

New Brunswick, N. J., March 3.—Investigation into the causes of Saturday's explosion at Nixon, four miles from here, which killed 18 persons and destroyed 40 buildings, has as yet revealed no chemical expert who can account for ammonium-nitrate causing all the damage of the explosion.

GRABBER'S

GRABBER'S. The noble part which has been played by nurses who turned their talents and experience to statesmanship was shown by the speaker, who mentioned the great contributions of St. Catherine, and Florence Nightingale. While all nurses could not be statesmen they could get the broad point of view of the profession.

Nurses' Services Required as Much as in China.

The need in the rural districts of Canada for the ministrations and teachings of the public health nurse is as great as it is in China.

At 80 Years Of Age Was Troubled With Shortness Of Breath

Mrs. M. O'Connor, Whitestone, Ont., writes: "I have been troubled, most of my life, with shortness of breath, palpitation of the heart and fainting spells. I was advised by a friend to try Milburn's Heart and Nerve Pills, which I did, and at once found relief. I have never had a really bad spell since."

when You Catch Cold Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into influenza or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a hot cold loosen up in just a short time. "Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

**MOTHERS' PENSIONS SURVEY WILL BEGIN**

**Conveners Named to Conduct Inquiry Into Need For Aid**

The members of the Women's Council under the convenship of Mrs. E. A. Young will proceed at once to make a survey of the city to ascertain the number of widows and deserted wives in order to submit the information to the Commission on Mothers' Allowances appointed by the Provincial Government. Final arrangements for the survey were made at a meeting of the council yesterday afternoon in the Board of Trade rooms when Mrs. A. W. Estey, president, was in the chair. Miss E. Bell acted as secretary in the absence of Mrs. G. C. Poole.

Mrs. Young gave her report of the meeting of the special committee from the council with the members of the commission on mothers' allowances. Ward conveners for the survey were appointed as follows: King's ward, Mrs. W. Edmond Raymond, and Mrs. J. H. Doody; Lorne and Lansdowne, Mrs. T. H. Carter and Mrs. N. C. Scott; Queen's, Mrs. W. H. Robertson, for the King's Daughters, and Mrs. W. P. Patterson; Duke's, Mrs. Ritchie, for the Salvation Army; Wellington, Mrs. Hope Thomson, for the W. C. T. U.; Sydney, Mrs. L. Isaacs for the Daughters of Israel; Prince, Mrs. R. H. Anderson, St. Andrew's Benevolent Society and Mrs. H. G. Marr, German street Baptist Willing Workers; Dufferin, Mrs. J. S. Flaglor and Mrs. J. D. Seely; Victoria, Mrs. John O'Brien, for the Catholic Women's League; Stanley, Mrs. Watt for the Ladies' Auxiliary of the Seaman's Institute.

Members were to glean information from all sources and it was decided to have a meeting of all the workers in the survey Thursday afternoon in the Board of Trade rooms. At that time the cards to be used will be distributed.

**Ask Your Druggist For Vicks**

**Is Best For Grippe and All Cold Troubles**

Mrs. Willie Hebert, of Guler St. Shelburne, New Brunswick, says: "I have used Vicks VapoRub for a cold and obtained great results. My children were taken sick with the grippe so I went to my druggist and purchased a full-size jar, and rubbed their chests good and they are all well now. I cannot recommend Vicks too highly and will never go without it in my home."

Vicks VapoRub comes in salve form, and for chest colds, you just apply it over throat and chest and cover with a warm flannel cloth. The body heat releases vapors that are inhaled all night long into the throat and lungs. Menthol, Camphor, Thyme, Eucalyptus and Turpentine. Vicks is also absorbed through and stimulates the skin, aiding the vapors to relieve congestion. Usually colds go in one night and croup is commonly relieved in 15 minutes.

At all drug stores, 50c. a jar. For a free test size package, write Vicks Chemical Co., 244 St. Paul St., Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 millions jars used yearly.

**RECORD CARGO OF FERTILIZER ARRIVES**

**Five Thousand Tons of Chemicals to be Distributed in N. B.**

The steamer Thomas Haaland arrived in port yesterday and docked at No. 16 berth, Saint John, where she is discharging a cargo of fertilizer which she brought from Baltimore.

This is the largest cargo of fertilizer chemicals that ever left the port of St. John. There are more than 5,000 tons in the shipment which has been brought to the province by the New Brunswick Agricultural Societies, United.

From St. John the fertilizer will be distributed to the various agricultural societies of the province. The energy shown by these societies in the province is causing no little favorable comment. Another ship arrived in port yesterday with a similar cargo brought from Baltimore, namely the steamer Pluto. She is a much smaller ship and her cargo is being discharged at No. 16 berth, Sand Point.

**FOR FIRE SUFFERERS.**

Several more parcels of supplies for the fire sufferers at Glen Falls have been received at the Red Cross depot and arrangements are being made to have further supplies sent out from the depot.

**DYSPEPSIA WAS SO BAD Could Hardly Eat Anything**

Mrs. C. Stone, Nanticoke, Ont., writes: "Some time ago I had a very serious attack of dyspepsia, and was also troubled with gas on my stomach. I could hardly eat anything, and very often had pains after meals. I had used different medicines, but they didn't seem to do me any good. At last I happened to run on the track of Burdock Blood Bitters, and after using it for a short time I felt a lot better. I continued its use until I was completely relieved and now I am ready to recommend it to anyone troubled as I was."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

**BRIDGE HELD IN WEST ST. JOHN**

The success of the bridge held by the Ladies' Association of the Church of the Assumption in the Edmonds Hall, several weeks ago, suggested the repetition of the event, which met with still greater success last evening, when 60 kables were played in St. Patrick's Hall, West St. John. Mrs. Thomas Morrissey, president of the society, was general convener and was ably assisted by Mrs. T. Walter, Bartley and Mrs. Gerald F. Jenkins, who had charge of the bridge and the general management. Those who poured were Mrs. Claire Wetmore, Mrs. W. E. Scully, Mrs. J. Frank Owens, Mrs. M. T. Kane, Mrs. James O'Brien, Mrs. A. J. Mulcahy, Mrs. Walter E. Morris and Mrs. Louis Reedy.

Mrs. James Lynch was in charge of the refreshments and was assisted by Mrs. E. McGinnis, Mrs. C. Russell, Mrs. C. Dawson and Mrs. James McLaughlin. The checking was in charge of Miss N. Coughlan and Miss D. Burns. Mrs. Felix S. A. McMullin had supervision of the tickets.

A programme of six numbers met with hearty applause. There were vocal solos by Mrs. L. Mason, F. S. A. McMullin, Charles Stackhouse, Miss Vida Waterbury and Fred Joyce, while O'Reilly gave elocutionary selections. Those who replenished and did splendid committee duty were Mrs. F. B. Donovan, Mrs. T. McMurray, Mrs. W. Newman, Mrs. Thomas Hefferman, Mrs. William Tobin, Mrs. Edward Kane, Mrs. Jas. Russell, Mrs. Jas. McMurray, Mrs. Michael Morrissey, Mrs. A. Collins, Mrs. S. Irvine, Mrs. Fred Joyce, Mrs. Hope Reedy, Mrs. James Lavin and others. The young ladies of the association acted as waitresses at the supper hour, and dainty refreshments were served. The prize-winners were as follows: Miss Mary McGovern and James Kane for bridge and Mrs. David O'Brien for kables. A. Morrissey for auction forty-fives.

**KINGS CO. TITLE SET ASIDE HERE**

**Judgment Delivered in Case of Frank A. Mason vs. Muriel Hayes**

In Chancery yesterday judgment was delivered by Chief Justice Innes in the matter of Frank A. Mason vs. Muriel Hayes and three other infants residing title to certain farm land at Studholm, Kings county. The judgment was for the plaintiff, setting aside a decree made between Muriel Hayes, his mother, and Margaret Hayes, mother of the defendant children, represented by their guardian, J. H. McFadden, of Sussex. The order further declared a resulting trust in favor of the plaintiff as to other parts of the property in question.

Some years ago the plaintiff and his mother resided in St. John. According to the evidence he gave her wages as earned until more than \$700 was accumulated, deposited in an old trunk. She expressed a desire to buy the farm in question and he gave her the money. At different times she said the farm had been bought with her son's money, though it was in her name. In her declining years, however, she gave a deed to her daughter, Margaret Hayes, and it was this that was set aside today. S. A. M. Skinner appeared for the plaintiff and J. H. McFadden for the defendants. The court found that there had been no laches on the part of the plaintiff and ordered that the costs incurred by the guardian must be paid by the plaintiff.

**TWINS BORN ON C. N. R. EXPRESS**

Edmonton, Alta., March 3—Twins were born on No. 2 train, Canadian National Transcontinental Limited this morning, a short time before its arrival in Edmonton, to Mrs. P. Bekas, of Bruno, Alta., who was en route to a city hospital at the time the child arrived. A physician was picked up at Stony Plain station and gave medical attention. Both mother and twins are doing well.

**MOTHER OF BOY WANTS HIM BACK**

For two months Thomas "Bud" Foley, a 15 year old lad, has been missing, and his father, Thomas Foley, of 88 Newton avenue, Astoria, Long Island, New York, having searched frantically but without avail, has now called upon the newspapers in the United States and Canada to aid him in his quest. He has sent broadcast pamphlets containing a picture of the boy, who is a bright looking, laughing young fellow with a rumped head of hair.

The boy is described as looking 17 years, although he is but 15. His height is given as 5 feet, 6 1-2 inches; his weight, as 140 pounds; his complexion and hair as light and his nose is described as a very slight break with wide nostrils, enlarged through a habit of picking his nose. His eyes are gray. He was born in New York and was a student at De La Salle Institute. When last seen on Jan. 2, 1924, he wore a dark mixed suit with light tan overcoat, cap and tan shoes. The boy is said to be an expert chauffeur.

The father is offering \$100 reward to the finder, and in his pamphlet he makes a specially piteous appeal on behalf of the boy's mother, who is suffering greatly under the strain of anxiety, and whose health and life is threatened.

The father says that his boy left a home of plenty and disappeared completely. He himself has travelled 12,000 miles in Canada and the United States, following false clues and meeting with repeated disappointment. He is asking that all information with regard to the boy be wired to him regardless of cost at his expense, and he says that if his son reports to any police headquarters in the United States and make himself known, arrangements will be made to furnish him with transportation to his home. The father's earnest appeal to his son is that if he hears any love to his mother he will surely return and save her anguish of mind.

**WOMAN'S MODEL FARM COMMUNITY SOLVES LAND TENANT PROBLEM**

Mrs. W. C. MARTIN (ABOVE) AND SKETCH OF ONE OF HER MODEL TENANT FARMS.

Marshall, Tex.—A model farm community of 2,400 acres which is a business success.

Twenty-eight tenant farmers free from debt.

Home conveniences and educational and social opportunities on the farm superior to those in most small towns.

A \$200,000 project, on which the cotton crop alone brought \$50,000 last year.

These unique successes have been achieved by the management of one woman, Mrs. W. C. Martin of Dallas, Tex., at Darcy Community, 10 miles south of Marshall, in a little more than three years.

City Facilities.

Mrs. Martin began her project by dividing her large tract of land into farms of about 100 acres each. Aided by her tenants, she built a road through the centre, connecting with the main highway. In the very middle, she built a community house for social gatherings, annual fairs, club meetings, sometimes weddings, and the library. Near it the boys made a ball park with a grandstand.

Then she began replacing the old farm houses with modern bungalows.

**ELECTRIC CAR IS TO BE OPERATED**

**New Loggieville-Newcastle Service by C. N. R.—Thief Enjoys Himself**

Newcastle, March 3—The Town Clerk has been notified that the proposition recently submitted to the C. N. R. for supplying electricity for an electric car between Newcastle and Loggieville had been accepted by the railway authorities, and that the necessary equipment for the charging of the storage batteries would be forwarded to Newcastle at once, and the C. N. R. requested that the town have the wires extended to the railway property in the vicinity of the freight shed without delay. This will mean that the passenger service between Newcastle and Loggieville will now be operated by an electric car, run by storage batteries. About 100,000 k. watts will be necessary for this purpose each year, which will be supplied by the town at a cost of 4c. per k. watt meaning an added revenue to the municipality of about \$4,000 a year. Newcastle received its power from the New Brunswick Hydro Electric Commission's plant at Bathurst.

A Musical Last Week.

Newcastle thieves are very musical, or at least one would have that impression judging by some of the articles carried away by a thief who entered the residence of Mrs. W. A. Hickson. Mrs. Hickson is at present spending the winter in the South, but tracks and a broken window led neighbors to investigate. It was found that the thief had entered a back window and taken his time in the robbery, leaving behind an empty bottle, and marks that he had filled his pipe and sat down in the kitchen and enjoyed a smoke. It was not known exactly all that was stolen, but one of the missing articles is a valuable phonograph.

**YOUNG WOMEN'S GUILD ELECTS**

An increase in members, work and funds was reported at the annual meeting of the Young Women's Guild of Trinity church last night in the school room, with Rev. Canon R. A. Armstrong, the rector, presiding and Rev. C. J. Markham, curate, also present. On behalf of the members, Canon Armstrong presented to Miss Ann Orr, a life membership as an appreciation of her faithful work for the guild, and to Miss Louise Bartsch a parking gift which was accompanied by good wishes for her success which she enters a course of training as nurse at the Toronto General Hospital.

Total receipts were \$227.66; disbursements, \$418.27, and balance on hand, \$209.39. Dorcas work had also been increased and, besides making an outfit, the members had knitted scarves, undertaken work for Miss L. Shaw in her Japanese missions and various other work.

The election of officers resulted as follows: Honorary president, Miss Georgie Patton; honorary vice-president, Miss Louise Howard; president, Miss Dorothy Robinson; vice-presidents, first, Miss Ida Northrup; second, Miss Roberta Holder; third, Miss Ellen Upham; secretary, Miss Ray Cawley; treasurer, Miss Dora Jones; Dorcas secretary, Miss Ann Orr; literature secretary, Miss Alma Gale; E. C. D. treasurer, Miss Nan Porteous; committee conveners, Miss Dorothy Robinson and Miss Ray Cawley; substitutes, Miss I. Nelson and Miss Edith Foster; delegates to the W. A. board meeting, Miss Edith Foster; delegate to the monthly executive of the Trinity senior W. A., Miss Robson.

**SAY APPOINTMENTS TO BE MADE LATER**

**Advise Senatorship and Judgeship Will Remain Vacant For a While**

Private despatches received in St. John yesterday stated that the senatorship made vacant by the death of Senator W. H. Thorne, of St. John, would probably not be filled until after the session of the Legislature, and it would also probably be some time before an appointment was made to the vacant judgeship here.

This news, which was received by those close to the Government, will put at rest, for a time at least, the many rumors in connection with these appointments in New Brunswick, Ontario and Quebec.

**CHINESE TAKES FIT.**

The ambulance was called out last evening at 7:30 o'clock to convey a Chinese, named Lee Shue, from the laundry conducted by Sing Lee, Garden street, to the General Public Hospital. Lee Shue had fallen in a fit and after being treated at the hospital was removed to his home, 6 Sydney street. It is understood that the man is subject to fits.

**KEEPS CLOSE WATCH ON MILK SUPPLIES**

**More Than 200 Cans Condemned as Unfit For Pasteurization**

The extent of supervision necessary to maintain the high standard of the city's milk supply was indicated in the report of the milk inspector, J. P. Til-

ley, presented at yesterday's meeting of the sub-district Board of Health. He found considerable old milk being shipped into the pasteurisation plants and practically all of this had been separated and churned. A few large cans were shipped back to the dealers. More than 200 cans of milk were condemned as unfit for pasteurization and practically all of these had been shipped to the city by King's county producers. At one plant orders to re-wash bottles were issued as it was believed the bottles were not being properly sterilized.

Complaints from consumers were comparatively few during the month. One company was using caps on which pasteurization dates were printed and these dates were not correct, as custo-

mers did not realize that the dates were incorrect this circumstance had caused some complaints.

Mr. Tilley checked up the raw milk being sold and found that in addition to the milk being supplied under permits issued by the board there was one dealer who was supplying raw milk on doctors' prescriptions to 11 customers. The dealer admitted making these sales and promised that he would stop supplying the raw milk to these customers.

The average test of the milk of all the pasteurisation plants in the city showed 3.8 to 4 per cent. of fat, which Mr. Tilley said was exceptionally good for this season of the year. He held of various improvements made in the equipment of the pasteurisation plants.

**Health and good looks —the reward of internal cleanliness**

**HEALTH and good looks go hand in hand. If you do not keep clean internally, your looks and health are undermined together. A clogged intestine breeds poisons that reach every part of the body. These poisons ruin the complexion and undermine health. Constipation brings on such ailments as headaches, bilious attacks, and insomnia—each of which saps your health and vitality. Soon much more serious conditions follow.**

In constipation, say intestinal specialists, lies the primary cause of more than three-quarters of all illnesses including the gravest diseases of life.

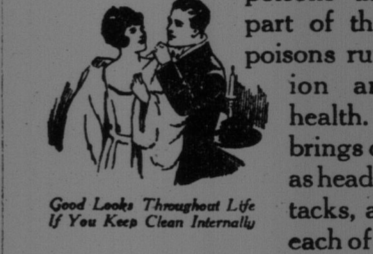

**Laxatives**  
**Aggravate Constipation**  
Laxatives and cathartics do not overcome constipation, says a noted authority, but by their continued use tend only to aggravate the condition and often lead to permanent injury.

Medical science, through knowledge of the intestinal tract gained by X-ray observation, has found at last in lubrication a means of overcoming constipation.

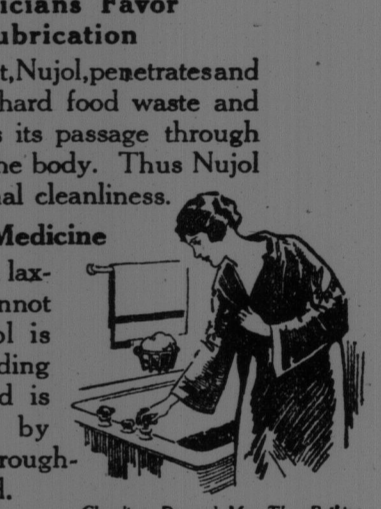

**Physicians Favor Lubrication**  
The lubricant, Nujol, penetrates and softens the hard food waste and thus hastens its passage through and out of the body. Thus Nujol brings internal cleanliness.

**Not a Medicine**  
Nujol is not a laxative and cannot gripe. Nujol is used in leading hospitals and is prescribed by physicians throughout the world.

Don't give disease a start. Adopt this habit of internal cleanliness. Nujol is not a medicine. Like pure water, it is harmless. Take Nujol as regularly as you brush your teeth or wash your face. For sale by all druggists.

Good Looks Throughout Life If You Keep Clean Internally

Cleanliness Demands More Than Dabbling

**Nujol For Internal Cleanliness**

THE EVENING TIMES-STAR, ST. JOHN, N. B., TUESDAY, MARCH 4, 1924

## UNCERTAINTY IS WALL STREET NOTE

### Some Diminution of Selling Pressure Came Toward Noon Hour.

New York, March 4.—Uncertainty over the speculative outlook in respect to the bonus legislation and the oil industry was again responsible for mixed movements at the opening of today's stock market. Overcrowding of the short interest in American Woolen caused an initial rise of three points by that stock, while Standard Oil of California started a point lower.

At eight o'clock the Epworth League met. H. Sweet, the president, was in the chair. It was Christian Endeavor night, and Miss Selena Ryan, the president of that department, was absent through illness, others took the meeting in charge. Rev. H. E. Thomas of Exmouth street Methodist church gave an interesting address on "Fundamentals." Rev. J. M. Rice presided.

### Montreal Market.

Montreal, March 4.—The activity of the market during the first half hour of trading on the local market today. This session accounted for a number of changes in the transactions put through and came out with an overnight gain of 1/4 to 5/8. The balance of the paper group was quiet and easier. Spanish River common was 1/4 to 1/2. The price of the paper was 1 1/2 to 1 3/4. The price of the paper was 1 1/2 to 1 3/4. The price of the paper was 1 1/2 to 1 3/4.

### FAIRVILLE MEETINGS

The Golden Rule class of boys of Pleasant Point Sunday school and their teacher, Mrs. Ernest Arbo, entertained the Willing Workers class of girls and their friends in their hall last evening. It was in the form of a birthday party, each person present giving as many cents as years old. The proceeds are to be used for the class fund. An interesting feature was the presentation of a pyrex casserole to Mrs. C. N. Northrup, an honorary member of the class, it being her birthday. The presentation was made by Mrs. E. Arbo, on behalf of the other members of the class. Mrs. Northrup feelingly expressed her appreciation. The evening was spent in music and games, and Mrs. Hamm, Mrs. Arbo

### CANADA'S FIRS IN YEAR \$16,761,567

Maritime Provinces' Share in Value \$738,000—Pelts Numbered 4,964,000

Ottawa, March 3.—The total value of the raw fur production of Canada for the season 1922-23 was \$16,761,567, according to a report prepared by the Dominion Bureau of Statistics. This amount represents the value of 4,964,000 of fur-bearing animals taken in Canada during the season.

The combined values for P. E. Island, Nova Scotia and New Brunswick amounted to \$738,000, the principal item for each of these provinces being the pelt of the ranch-bred silver fox.

Within the last few years fox farms have been established in every province of the Dominion, and the latest statistics available show that in 1922 there were 977 fox farms of which fewer than half were situated in Prince Edward Island.

### PROPERTY SALES

The following transfers are reported. Executors of W. F. Barnhill estate to R. Boscoe, property in Lancaster. C. S. Christie to Mary A. Christie, property, Peters street. G. E. C. Gandy to C. S. Christie, property, Spruce street. J. Fynn to V. Rossie, property, Simonds. T. E. Thurmont to Emma S. A. Thurmont, property, Lancaster.

### THE ROTARY CLUB.

The members of the Rotary Club were guests at luncheon at the Provincial Hospital today. There was an almost complete attendance. Dr. Anglin was in the chair, and at the head of the table with him were Dr. Curran, M. P. E., Dr. Travers, County Secretary Kory and Canon Armstrong. The meal was served in the banquet hall, and the visitors were highly in praise of the food and service. After luncheon many went through the wards. F. G. Spencer offered the use of the Opera House for a midnight rendering of the musical "The Last Days of Pompeii." The show last week were not the financial success hoped for.

### SPEAKERS FAVOR DEVELOPMENT OF THE GRAND FALLS

Representatives From Many Trade Boards Attend Banquet.

MANY THERE FROM UPRIVER TOWNS

Government Ownership and Operation of Utility is Advocated.

Grand Falls, March 3.—Representatives from several Boards of Trade in New Brunswick were present at a banquet given here tonight by the local Board of Trade in order to discuss the question of the development of Grand Falls power. The assemblage was regarded as one of the most important held here for years.

A special meeting of the Edmundston Board of Trade was held in the town office at that place on Saturday afternoon last, when the matter was fully discussed, and resolution was passed, that in their opinion Grand Falls power should be developed immediately, and operated solely by the Government of the Province of New Brunswick.

The banquet which did begin until 10 o'clock, was not finished at an early hour this morning. Inquiry previous to the affair, however, showed that most of the speakers intended to support the view that the water power at Grand Falls should be developed and operated by the provincial Government.

### WILL IMPROVE D. A. R. SHORTLY

Grant Hall Sees More Prosperity in Nova Scotia

Halifax, March 3.—Grant Hall, of Montreal, vice-president of the Canadian Pacific Railway and president of the Dominion Atlantic Railway, and H. Temple, Montreal, chief of motive power and rolling stock of the C. P. R., were entertained at luncheon today by George E. Graham, general manager D. A. R., at which were present Lieut.-Governor Grant, Premier Armstrong, Attorney-General O'Hearn, Hon. D. A. Cameron, Mayor Murphy, President Montgomerie, of the Board of Trade, and others. Messrs. Hall and Temple left this evening for Montreal.

Mr. Hall stated that his trip was one of inspection and arranging for certain renewals and improvements to be made this summer. Operations on the D. A. R., he stated, during 1923 were disappointing, but that was no reason why the programme for 1924 should not be carried out. Mr. Hall expressed faith in Nova Scotia, and paid tribute to its great wealth of natural resources. He said he could see improvements in many directions in Nova Scotia, particularly in the agricultural, horticultural and dairy activities, all indicating personal interest and effort and determination to make the province what it is. After luncheon many went through the wards. F. G. Spencer offered the use of the Opera House for a midnight rendering of the musical "The Last Days of Pompeii." The show last week were not the financial success hoped for.

### DIED AT MELROSE, MASS.

Friends in Fredericton have learned of the death of Melrose Mass., on Friday night of Mrs. T. Janet, wife of Albert N. Habberley. She was formerly Miss Janet Roborough of Fredericton and left there about twenty-five years ago. She was a graduate of the Provincial Normal School and taught school at Mauderville and other places before going to the United States. For some years she had been a member of the Melrose School Board. A husband, an aged mother, one son, Robert, and one daughter, Miss Helen J. Habberley, survive.

### Ontario ranks first in value of raw fur production with a total of \$3,616,692, followed by Quebec with \$3,049,625, Saskatchewan with \$2,242,937, and the Northwest Territories with \$2,171,423. Alberta, Manitoba and British Columbia had each a production valued

Regrets Small Attendance At Hockey Games Played in St. John

Editor Telegraph-Journal, More years ago than I care to think about, I played hockey in the city of St. John, against the old St. John Athletic Club and Winterport. I well recall those strenuous contests and the excitement which they occasioned.

St. John Man IN PINEHURST GOLF

Pinehurst, N. C., March 3.—J. D. Chapman of Greenwich, Conn., led home the field of 818 starters in the opening day of the qualifying round of the annual spring tournament today with a card of 73. Buck Merriman of Waterbury, Conn., was second with a 78. G. V. Stutzell of Anronimik made the fourteenth hole in one on his qualifying round.

Joe Moore GIVES UP FOR SEASON

New York, March 4.—Joe Moore, winner of the international indoor and Jersey State skating championships did not defend his title of indoor champion at the opening events last night, and will not compete any more this season because of injuries to his knee received in winning the Jersey State title Sunday.

Hit Knee in Winning Jersey State Speed Title on Sunday

New York, March 4.—Joe Moore, winner of the international indoor and Jersey State skating championships did not defend his title of indoor champion at the opening events last night, and will not compete any more this season because of injuries to his knee received in winning the Jersey State title Sunday.

More Enter For Province Skating

Several additional names were received yesterday for the entry list for the Provincial skating championships to be held in the Arena on Wednesday night. The list closes today at noon.

Garnett, Lawson and O'Connor Added to List of Contestants

Charles Gorman, Frank Garnett, Bernard O'Connor, maritime champion, and Lawson have entered, and it is expected that C. H. Smythe, of Moncton, the junior, who showed up well at the internationals will also be included in the list.

BOUT WAS SENSATIONAL

Trenton, N. J., March 4.—Johnny Buff, ex-bantamweight champion, was held a draw here last night after ten sensational rounds of milling with Emil Paulson, of Salt Lake City, according to newspapermen at the ringside.

GORMAN COMES CLOSE TO RECORDS

Skates Fast 220 and Mile Against Time on "Vic" Ice.

More than 1,000 people crowded into Victoria Rink last night to witness Charles Gorman, United States national and international outdoor, amateur speed skating champion, attempt to break the 220 yards rink record held by Fred Logan, of St. John, and the one mile record held by Hilton Belyea, also of St. John. The time of the former was 1:24-5 and the latter 2 min. 52-5 sec. The ice was in fairly good condition although a little sticky but was kept clear from the hundreds of skaters until the trials were concluded.

St. John Man IN PINEHURST GOLF

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN

FILM STAR'S STORY WAS GOOD ONE BUT IT DIDN'T FOOL AUTHORITIES

JEAN TOLLEY AND HER "TREASURE"

New York, March 4—Jean Tolley is back in New York and Jean is very, very quiet and uncommunicative. Jean's director is equally quiet and also uncommunicative and Jean's presence is suffering from a deep indigo shade of blue.

that the entire story was a cruel scheme of motion picture publicity. The part of motion picture publicity. The part of motion picture publicity.

WALLINGFORDS AND BABBITS TO ARMS! MOVIE STRIKES AT PLUTOCRACY

By JACK JUNGMEYER. Hollywood, March 3—The movies are committing flagrant lèse-majesté against plutocracy. They are striking at the very foundation of the will to get rich.

Norma Shearer, as the daughter of the "Bentons," in "Pleasure Mad."

middle class competence. Then some streak of perversity impels the father to invent a railroad device for which he gets a million or two.

IMPERIAL HAS A REMARKABLE BILL

"The Fighting Blade" is a Thriller—Katherine Gallivan in Prologue.

81 Years Old and Is Still Acting

(By Dominion News Service) London, March 4—One of the three men elaborately making-up in a dressing room recently at the famous St. James' Theatre was Henry Nelson.

FRANKLIN MAKES HIT IN "TWIN BEDS"

Opera House Audiences Delighted With Presentation of Farce.

"TWIN BEDS," a farce in three acts by Margaret Mayo, staged and directed by John Gordon, stage manager.

Methuselah Leaves Conflict In Wake

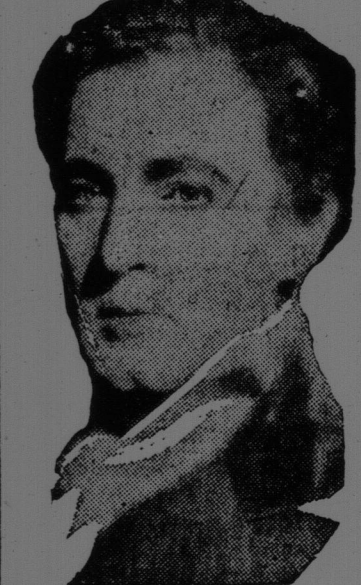

London, March 4—"Back to Methuselah" has come and gone, but echoes of the conflict it provoked between Shaw and the London dramatic critics still resound.

JOHN BARRYMORE MAKES SPLENDID BEAU BRUMMEL

Character of England's Greatest Dandy is Well Handled by Him.

(By JACK JUNGMEYER.)

Hollywood—The shade of Beau Brummel, greatest dandy of all time, has been splendidly reflected on the screen in the person of John Barrymore.

JOHN BARRYMORE AS BEAU BRUMMEL

same personal plan and insolence which elevated the penniless, obscure George Bryan Brummel to the social arbiter of England and the first gentleman of Europe during the reign of George III.

Presented in this day of revived foppishness, the pictured romance of the Beau, authentic as well as may be from historic and legendary sources, should find a particularly receptive audience.

Barrymore is soundly supported by the cast. Willard Louis, as the Prince Regent, is hardly second to him. Irene Rich, Mary Astor, Carmel Myers, Alec Francis, William Humphries and Richard Tucker, to single out a few others, contribute vitally to the drama cunningly woven by Director Beaudette.

The common impression of Brummel is vague beyond the fact that he was the pink of dress and manner. That his capitalization of elegance came with the prince's finding very pleasure and that he subsequently fell to rags and madness when royal favor waned, is the illuminating gist of the story as filmed.

In ludicrous, tense and pathetic episode is unraveled the progress of the dandy who, to avenge himself for love, the vanities indulged at, to use his charm and wit in a game against that snobbish society which wounded him. He toys mockingly with the prince's finding very pleasure in dalliance with court women, dominance of the dull regent and his retainers, the jealousies of his impotent enemies, the vanities indulged at, to use his power, finally, he offends Wales and sinks quickly into that oblivion.

Despite the general excellence of the film and the brilliant acting of Barrymore, I feel he has missed a truly great performance by a narrow margin. I think it lies in his failure quite to exploit the deep, warm undertone of character, the tender romanticism below the veneer of bitterness which "Beau Brummel" ascribes to the title role.

But if Barrymore misses shades of characterization in the earlier passages, he rises to superb heights of artistry at the close when, doddering in a prison asylum and musing with wraiths, his Brummel is found by the lost sweetheart, Lady Margery, now widowed, and by his faithful retainers.

Here the shriveled soul of the Beau played the title role. The restraints of pose gone.

CHILD FILM ACTOR UPHELD IN IDAHO.

Idaho Falls, Idaho, Mar. 1—Leon T. Osborne, father of "Baby Marie" Osborne, a juvenile motion picture actress, was found not guilty of violation of the State child labor laws here following a two-day trial.

FARNUM SIGNED AGAIN.

William Farnum, who has supposedly retired from moving pictures, has been signed to a so-called "long term" contract by Famous Players-Lasky.

Bill is a wonderful fellow, but has no particular drawing power with picture fans at this time, and his new engagement comes as a surprise.

Dustin Farnham was one of the original stockholders of Famous Players-Lasky, or rather of the Jesse Lasky Feature Play Company.

Willard Louis, recently seen in "Daddies," is to play the title role in the film version of "Babbitt" by Sinclair Lewis.

STELLAR CAST IN THE ETERNAL CITY

Hall Caine Story at Queen Square is Notable Picture.

We have often heard the phrase "All-Star Cast" used in connection with motion pictures, but never has the term been so applicable as in the case of "The Eternal City," a First National picture produced by George Fitzmaurice, which opened a three-day engagement at the Queen Square theatre yesterday.

The many players appearing in this production are headed by an exceptionally brilliant quartette, consisting of Barbara La Marr, Lionel Barrymore, Bert Lytell, Richard Bennett and Montagu Love, all of whom have attained stellar rank in previous pictures.

Hall Caine's story was perfect motion picture material to start with, but Director Fitzmaurice has transformed it into a photoplay of unparalleled power and beauty.

And the settings! They are nothing less than poetical rhapsodies. Sir Hall Caine laid the story in Rome—and there is where the picture was filmed. You will be regaled with pictorial backgrounds such as you have never seen before on the screen.

Amid such picturesque settings moves this gripping story of a love that survived the crucible of bitterness and suspicion. Rich in contrast, the plot becomes highly spectacular at times, when mobs, numbering thousands, sweep down the streets of the city bent on destruction and vengeance.

"The Eternal City" merits a position of honor on the scroll of unforgettable pictures.

is less excitement now, but more money!

"I got my first engagement when I was 16. I was making-up while the Bell of St. Paul's was being for the death of the Prince Consort, in 1861."

A REAL SEAT RUSH YESTERDAY WEDNESDAY IMPERIAL MATINEE THURSDAY THURSDAY
