Kaiser Gives Up His Braeclot—British War Office After Wright Aeroplane—Student Solidates.

VIENNA, March 10.—Oliver Bray, an American student of medicine, who came here from Berlin to continue his studies, has committed suicide. He was suffering from a serious nervous affection. Bray's father is said to live in Pennsylvania.

CREW SAVED BY BRITISH STEAMER.

BILBAO, Spain, March 10.—The owners of the steamer Mouro which foundered off Cape De La Chevre, have received advice that the crew was picked up and landed at Bordeaux by a British steamer.

TO BUY AN AEROPLANE.

LONDON, March 10.—The Daily Mail asserts that the British War Office will make an offer at an early date for the purchase of one of Wilbur Wright's aeroplanes.

SUES FOR OLD LOAN.

BUDAPEST, March 10.—Julius Geuey, a rich apothecary, has sued Emperor Francis Joseph in the Royal Courts here for six hundred thousand francs (\$100,000). He has deposited papers and documents showing that his grandfather in 1848 loaned to the Emperor's father, the late Archduke Francis, six thousand ducats, and he asks for the principal and compound interest.

COULDN'T STAND CRITICISM.

NEW YORK, March 10.—A cable despatch to the American from Potsdam says: It was noted at the recent festivities that the Kaiser no longer wore the gold brooch that had adorned his right arm for the last 20 or 25 years. It is said that criticism of the brooch, which was declared to be entirely feminine, caused the Kaiser to give up the brooch—decorations, which in late years, was adorned with a tiny watch.

AL KUBIAC KNOCKED OUT BY SANDY FERGUSON

Want Dominion Government to Protect Interests of Separate Schools—Make Overtures to the Opposition.

BOSTON, Mass., Mar. 9.—"Sandy" Ferguson, of Chelsea, knocked out Al Kubiak, of the Montreal Canadiens, in the fourth round tonight, at the Armory, A. C. The Chelsea man showed surprising form and had the best of the bout.

Ferguson secured an early advantage by flooring Kubiak with a right to the forehead, which landed in the initial round. During the first two rounds Ferguson kept up a series of jabs on Kubiak's left eye which was soon in bad shape.

In the third round Ferguson slowed down and Kubiak was able to get to his mouth cutting his lip and landing freely on the body.

The Chelsea lad came back in the fourth, however, and near the middle of the round delivered three straight lefts to the fact followed quickly by a right hook to the jaw which laid Kubiak on the floor for the count.

CARSON, Nev., Mar. 9.—The lower house of the Nevada legislature passed today a bill providing for a graduate license for prize fighting. A state license costing \$1,000 is fixed for unlimited round affairs; \$500 for 25 rounds and \$250 for twenty rounds. Where athletic associations give boxing exhibitions the license will be \$50 but no admission fee may be charged.

PITTSBURGH, Pa., Mar. 9.—Hughes Bruce, of New York, defeated Malagahequa (Charlie Jones) the Garden City, Ont. Indian, supposed to be second only to Tom Longboat, of his race in an in-door professional Marathon race tonight, at Highland Auditorium. The full Marathon distance was run. Bruce leading almost constantly from the start. He was strong and vigorous at the finish with three laps between him and the Indian. The time was three hours, 18 1/2 minutes. The match was for \$1,000 and it is understood the winner will challenge Tom Longboat.

NEW YORK, N. Y., Mar. 9.—Yale outswam Columbia at their annual dual meet here tonight, by a score of 41 points to 12. Columbia did not succeed in taking a single first place, with the exception of the fifty yard race, in which McKinley of Columbia tied Richards of Yale.

The water polo match was one-sided from the start, Yale winning by a score of 6 to 0.

MRS. STIRLING LOSES HER ACTION FOR DIVORCE

Husband's Application Granted and He is Given Custody of the Child.

A. P. HAZEN MAY BE TRANSFERRED TO MONTREAL

EDINBURGH, Scotland, Mar. 10.—John Alexander Stirling, Laird of Kippendavie, Perthshire, today won his divorce suit against his wife Clara Elizabeth Stirling, who was formerly a Miss Taylor of New Jersey. Lord Guthrie in the court of sessions granted Stirling's petition, awarding him the custody of the child, and dismissed the cross petition of Mrs. Stirling.

FLOSSIE KINRADE AND HER MOTHER WILL PROBABLY BE ARRESTED TONIGHT

Police Have Abandoned All Theories Excepting That the Murder Was Committed by Some One Known to the Family—Quarrels Between Husband and Wife Frequently Occurred

HAMILTON, Ont., March 10.—The inquest in the Kinrade murder case begins tonight with Florence Kinrade as the chief witness. Excitement is at fever height, as the detectives have of late centered all their efforts in Hamilton and almost altogether around the Kinrade home. The detectives spend hours every day in the house, and plumbers have been with them the last two days searching for the revolver. There have been four theories in all, and of these the detectives have discarded three and are devoting their energies to the fourth. As first there was the tramp story of Flossie immediately after the shooting. The fact that no tramp would hang round for half an hour after the shooting had been done and then not touch a single article in the house dispelled the tramp and burglar theory at once. Then there was the pervert and lunatic theory. There was a man who had been insulting girls, but the police traced his movements well enough to prove that it was not he who had committed the crime. These arose the Virginian love theory but that was disposed of by investigations in Virginia and by an undisputed

MUNICIPAL UNION IS FINANCIALLY SOUND

Convention Will Open at Noon This Afternoon—Many Delegates Present—Boy Hurt While Coasting.

MONTON, N. B., March 10.—From many points all over New Brunswick delegates are arriving here to attend the Union of New Brunswick Municipalities convention which has its formal opening this afternoon. The first meeting called for by the programme assembled at eleven o'clock this morning in the city building, being a meeting of the executive committee and of an informal nature. This afternoon at two o'clock the real opening of the convention takes place, when Mayor

will extend the welcome of the city to the delegates, and President Teed's address will be delivered. Another important matter to come before the session this afternoon is the address of Secretary Treasurer J. S. Macke regarding the finances of the union. Mr. Macke's report will show \$294,171 cash on hand, income for the year being \$99,448, with expenditure of \$1,100,000. A number of important recommendations are made in the report, which dwells at length on the good results accomplished by the union.

While coasting at Berry's Mills yesterday twelve year old Willie Scott had a leg broken, through being thrown off his sled.

REV. J. C. BERRIE'S OPINION OF FREDERICTON

Says Citizens Think More of the Life of a Dog Than of a Boy.

Rev. J. C. Berrie arrived in the city today on the Atlantic express. Discussing the result of the municipal elections at Fredericton Mr. Berrie said he was much disappointed that the Scott Act ticket did not win. He blamed the defeat on the charges of extravagance which had been made against them.

He also questioned the sincerity of some of the temperance sentiment, saying that the people of Fredericton cared more for a dog than for a boy. To illustrate this he said they would employ a man to find out who killed a dog but they refused to pay for a spotter to discover who were killing their boys.

LOCOMOTIVE EXPLODED.

NELSON, B. C., Mar. 9.—Donald McQuarrie, brakeman, aged 26, was fatally scalded and died in the hospital at 2:30 o'clock. He leaves a widow here, and a young son, aged 28, single. Fireman Francis Glover, aged 28, single, of Trail, was fatally injured, and his death is expected at the hospital. Engineer McCormick escaped.

The cause of the fatality was the explosion of a locomotive at a water tank at Farron station, west of this place.

POLICEMEN DISPLAY GREAT INTELLIGENCE

Young North End Lad Charged With Truancy

They Aroused His Family and Hauled the Boy Out of Bed Before Five O'clock This Morning.

Little thirteen year old Charlie Harrington is in a police station cell charged with playing truant from school. Charlie lives in the North End and despite the fact that his mother sent him every morning to school he deceived her and played truant.

This morning between four and five o'clock there was a visit made to Mr. Harrington's home by Policemen Smith and Rankin. The family were aroused and the young truant was taken out of his bed, made to dress in a hurry, and accompany the big policemen to the station, where the youngster was given a wooden bench in a cell to sleep on.

The boy's mother feels that she has just cause for complaint at the actions of the police officers. It is said that Policeman Silas Perry had been detained to inform Mrs. Harrington that her boy was wanted in court, some days ago, but Perry did not give the necessary information to the lady, and the first intimation that she had of anything wrong was when the cell was made on the home at such an unnecessary hour this morning. The case will be ventilated in the police court this afternoon.

The boy is liable to a four year term in prison, and the policemen who so faithfully performed their duty may be presented with an illuminated address.

The schoolboy's capture was an important one, and the manner in which the capture was made shows plainly that the police force does not lack energy. It is done good judgment.

PREPARATIONS FOR THE OPENING OF LEGISLATURE

Things are bustling now at the Capitol—Mrs. R. T. Mack Died This Morning—Purse for Canon Cowie.

FREDERICTON, N. B., March 10.—After a lengthy and painful illness Mrs. Mack, wife of Roderick T. Mack, the well-known druggist, passed away at five o'clock this morning, deeply lamented by a large circle of friends. Deceased, with her husband, formerly resided in St. John, and was a native of Kings County. Her mother, Mrs. Northrup, who lives at Portland, Me., was with her in the last hours. The funeral is to take place at 2 o'clock Friday afternoon, with services at St. Ann's church by Rev. Canon Cowie. Her husband and adopted daughter survive.

Preparations for the opening of the legislature are advancing, and the week's things are in a bustle at the parliament buildings. Invitations are being sent out by Private Secretary Barker for the governor's state dinner in the evening of the 18th.

The guard of honor at the opening will be furnished by the R. C. R. led by the 71st regiment band, and the salute will be fired by the Moncton artillery.

Rev. Dr. Smith is to represent St. Paul's church at the Laymen's Missionary conference which opens at Toronto, March 31st, and during his absence in the first Sunday in April, St. Paul's pulpit will be occupied by Rev. Prof. Falconer, of Pine Hill College, Halifax.

Rev. Canon Cowie, rector of St. Ann's church last night, was the recipient of a purse of money from the wardens and vestrymen of the church.

SILVER DART IN MORE SUCCESSFUL TRIALS

HALIFAX, N. S., March 10.—Owing to the high wind at Baddeck today only some preliminary tests of the aerodrome Silver Dart were made. It was decided not to make any long flights on account of the weather conditions. McCurdy made several low flights of a mile or so, landing on each occasion with the greatest ease and with the machine under perfect control.

The chain gang is working daily breaking stones at the work near Cradle Hill, off Rockland road. There is in the gang the unlikeliest number of thirteen men, and of the lot there are but four St. John men. The chain gang is always made up of ten to eighteen men and the majority of westerns are always foreigners.

E. J. Armstrong, the well-known Prince William street printer, is considering a requisition from a large number of his friends to offer himself as candidate for alderman-at-large. Though he has not yet made up his mind to enter the field he has assured such support from a large section of the community as to give him and his friends confidence of his election if he decides to run.

The death of Allan Bremner occurred yesterday at the residence of John Malcolm 25 Broad street. The deceased was in the thirty-fourth year of his age. He was a native of Perth, Scotland, and was employed for some years in the service of the Hudson Bay Trading Company. About one year ago he removed to this city in delicate health. His decline was rapid, and he died of pneumonia on the evening of the 7th inst.

At the special services held in the Charlotte street Baptist church last night one candidate was received for baptism and three by letter. During the service an offering was taken up, amounting to twenty-five dollars. It was presented to Dr. R. Helms as a mark of appreciation for his services during the special series of meetings just closed. The services have been of unusual interest. Twenty have been united with the church and others it is anticipated will be received next Sunday.

The attention of our readers is drawn to this issue, which announces special collector rates to British Columbia and Pacific Coast ports. The Canadian Pacific is the shortest route and makes the quickest time to such points as Vancouver, Victoria, B. C., Portland, Ore., Seattle, Wash., Nelson, Trail, Kamloops, B. C., etc. Persons traveling via the C. P. R. are given a berth, and the changes en route are thereby avoided.

The Bank of New Brunswick this morning closed for the purchase of the Glieves property on Queen street and will erect thereon one of the most handsome bank buildings in the province. The transfer of this property was forecasted in the Star. Last week, in fact negotiations have been in progress for some time past. The price paid for the property was about \$4,000 and the site for the new bank building is unsurpassed in this city. It has a frontage of upwards of 25 feet and on the eastern side is an alleyway which will serve in the way of bettering the lighting facilities. It also runs back from Queen street about 100 feet, thus giving ample space for a good sized building—Fredrick Gleaves.

A well known resident and city employe is now lying in his home the victim of a most cowardly beating. It appears that a couple of nights ago a man made some remarks which were resented, and in a moment there was a fight. The man who is now injured severely offered to fight one of the disturbers, and for his gameness three tough jumped on him and in an instant he was being kicked and beaten about the head and body to such an extent that he had to be assisted to his home, where he now lies in a serious state. The man's head is badly bruised, his eyes are blackened from kicks, and one of his legs is so badly swollen that it is not known if a bone is broken or not. So serious are the injuries that a doctor is in attendance. The patient is suffering great pain. There is talk of some arrests being made, but no information has so far been made by the injured person.

CANADA'S ARMY TO BE A REAL FIGHTING FORCE

OTTAWA, March 9.—The annual report of the militia council presented to parliament today gives results of the work of the militia during the last fiscal year with recommendations as to the best solutions of the present problems of mobilization and defense. During the year special attention was directed for mobilization a decrease of 2,844 of all ranks, an increase of 188 during the year. The number of men of the militia council is 28,000.

PHYSICAL TRAINING.
After referring to the new scheme for organization of an Imperial general staff and emphasizing the fact that local autonomy would be in no wise affected, Sir Frederick outlined to an arrangement which had been made with Nova Scotia in respect to physical training and rudiments of the military drill in the schools of the province. He hoped the example of Nova Scotia would be followed by other provinces. In regard to cutting down of estimates for annual drill this year, Sir Frederick said the impression in some quarters that the money expended in the year 1933-34 was altogether wrong. There would probably be the same number of annual camps this year as in the year 1932-33, and certain corps now in a somewhat disorganized condition would not be allowed to train until they had had some time in a condition to profit by it.

TOTAL EXPENDITURE.
The total expenditure on the militia of Canada he said was less than a dollar a head of the whole population, and he asserted that this country was getting full value for the money expended. It would not be necessary to increase the present per capita expenditure to maintain the present standard of efficiency.

Proceeding Rapidly
The business of parliament is proceeding with great dispatch at the hands of Sir Wilfrid and Mr. Borden are seeking to fix the probable date of presentation of the annual report. The session is likely to wind up about May 15th. Mr. Borden expects to leave for England soon after the close of the session.

NO REDUCTION POSSIBLE.
That further no reduction is possible in the permanent force without either being a detriment to the efficiency of Halifax and Esquimaux (which would be contrary to Canada's undertaking in the treaty of London) or to the incapacity of fulfilling its duty of instruction to the active militia and organization to enable it to take part in case of need.

Shows Decrease
(6) That expenditure on militia service for 1933-34 shows a decrease of \$48,812 as compared with that of 1932-33, in which year the financial effect of the transfer of Headquarters and maintenance of the militia was not fully felt, while the estimates for 1933-34 show a still greater decrease of \$38,275.

WOMAN PHYSICIAN SAYS ITS PRACTICE WILL GREATLY BETTER CHILDREN.
NEW YORK, Mar. 9.—Dr. Eugenie R. Elisius believes it is her mission in life to teach mothers how to raise their children. Dr. Elisius is not married, but she says she has more ideas about youngsters than most married women. One of them is the hypnotizing of children when they get bad. She would also hypnotize their mothers.

WILL ASK MRS. TAFT NOT TO SERVE LIQUORS

COLUMBUS, Ind., March 9.—Several women in this city have started a movement by which they will send a petition to Mrs. Taft, wife of the President, asking her to advise the next few days, asking her to follow the example set by the wife of Rutherford B. Hayes, in not allowing intoxicating liquors to be served on her table in the White House.

Some time ago, in an interview, Mrs. Taft was quoted as saying that though her husband did not use wine she would allow it on the table, as it had been a custom in the past, and she had no intention of changing established usage. Mrs. John Little Morris is a leader in the movement here.

KING AT A GAY PARIS PLAY

PARIS, March 9.—King Edward evidently enjoyed his visit to the Varieties theatre last night to witness the 28th performance of "Le Roi," a sentimental comedy dealing with the visit of the imaginary King of Cordagne to Paris. One passage in the play turned all eyes toward the royal box.

ST. PETERSBURG, Mar. 9.—Proceedings have just begun in the high court of Moscow which involve the largest conspiracy trial on record. Three hundred and eighty persons were charged with belonging to a criminal organization, the object of which was the stealing of merchandise on Russian railroads.

Between 1925 and 1927, during the worst period of the revolutionary disorders, over \$17,000,000 worth of property was stolen from the railroads alone. The accused belong to three categories, namely professional thieves or men who became thieves during the political revolt; responsible and often highly placed railroad officers, and many retail dealers.

ST. PETERSBURG, Mar. 9.—Proceedings have just begun in the high court of Moscow which involve the largest conspiracy trial on record. Three hundred and eighty persons were charged with belonging to a criminal organization, the object of which was the stealing of merchandise on Russian railroads.

Valuable freight was removed daily from the chief railroads centres by the heads of the gang and stored in government railroad sheds by government employees, who acted as receivers. They systematically dispersed their hauls by holding special sales to retailers, who in their turn disposed of the stolen goods in the course of ordinary business.

LARGE AMOUNT OF GOODS SMUGGLED

MONTREAL, March 9.—An alleged smuggling conspiracy is being investigated here by Judge Casals of Toronto. The people who are implicated are Syrians, and it is said that large amounts of goods have been entered duty free. The case was laid on complaint of a man named Richard Cander who had been head smuggler, but later turned informer. Acting on his information actions were taken against the Damascus Jewelry Company of Montreal, for \$15,000 and against Nargh Lavande, of Montreal, for \$20,000.

TOO MUCH JOHNSON TO SUIT JEFFRIES

NEW YORK, Mar. 9.—When Jas. J. Jeffries was seen tonight at the theatre where he is playing a vaudeville engagement and shown the Associated Press interview with Jack Johnson in which the negro champion declared himself ready and willing to meet Jeffries or any man in the world, "the big fellow only grinned and said nothing." So we went to a hotel where we had sufficient credit not to be invited to pay a month's rent in advance, and the Angel jauntily submitted his play to the manager who had made a neat little fortune out of our first play and who almost lost the shreds of his feet on the second. He returned it after some of his artist's sketches, and everything that was not worth storing.

HOLMES & BUCHANAN'S GREAT-EST HIT.

Holmes and Buchanan have made their biggest hit yet in An Evening With the Old Folks, which they put on at the Nickel again last evening. Long before 7 o'clock the large theatre was filled with people and from 7.30 until 9.30 the lobbies were packed continuously. The house management, by observing the by-law regarding overcrowding, which all thoughtful people appreciate, applied to the genuine instant film was showered upon the versatile vocalists and their trio of numbers—Annie Laurie, Killarney and Slane—were—were demanded time and again. The afternoon and tonight will be the last times for this magnificent musical feature, so all who want to hear it must be on hand early. Thursday Holmes and Buchanan sing "Caroline," on Friday it is to be "Then You'll Remember Me," from the Bohemian Girl, and on Saturday that scraps of scenery, "Experience."

A NIGHT AT THE CLUB IS A SCREAM.

Bumper houses at every performance greeted Williams and Rose at the Princess yesterday. Their act is proving a great success. Today is the last time for this act. New act on Thursday. There is an entire change of pictures. Five of the finest that could be secured. Mrs. James Turf is making a big hit in her illustrated song. New song tomorrow. Bargain matinee, 50 cents, evening, 10 cents.

AN EXCELLENT PROGRAMME AT THE UNIQUE TODAY.

With two of Pathe's latest triumphs, and an excellent subject from the great Lubin studio, and the splendid bass solo of Mr. Killoyne's "Lullaby," the "Water Below the Ulquo" has an offering this evening of more than ordinary merit, even for the unique Pathe's two contributions are, The Miser (dramatic), and Choice of Weapons (comedy), while The Engine by Lubin, is promised as a subject that for dramatic situations is rarely exceeded. This will be the last opportunity to hear Mr. Killoyne in the selection which has so favorably introduced him to St. John music-lovers. Mr. Killoyne will be favored in another selection during the latter part of the week beginning Thursday.

GRAND AMATEUR NIGHT AT THE OPERA HOUSE.

Just four more evenings remain of the motion picture engagement at the Opera House. For tonight a grand amateur night has been prepared. About ten amateur acts will be included in the programme, and there is sure to be lots of fun. The best ten doubtless will be when the book and the wheelbarrow are brought into play, which will happen several times unless the performers meet with the entire approval of the audience, which is not altogether likely. Don't forget the grand series of surprise programmes, Thursday, Friday and Saturday, when as a special mark of appreciation for the liberal patronage accorded the management during the past few months, a comic opera will be produced, entitled The Isle Of Splice, with a cast including seventeen people. More particulars tomorrow.

AN OCEAN MYSTERY AT THE STAR.

The Star's leading film feature for this evening and tomorrow is the grand new picture entitled "Pond Drifting," or a mystery of the ocean. The film is over a thousand feet in length and is magnificently colored throughout. The other pictures are new and may be judged from their titles as follows: The Mystery of the Quarry, The Purloined Medal, a military drama; The Magic Garden, a lovely trick photo; and On Washington Days, a long line of laughs. Von Brander has a new song.

THE ST. JOHN STAR is published by THE SUN PRINTING COMPANY, (LTD.) at St. John, New Brunswick, every afternoon (except Sunday) at \$3.00 a year.

THE LUMBER DUTY.
Having introduced its own available supply of lumber by wasteful and extravagant methods of lumbering, the United States is at last forced to look to foreign markets for at least part of its supplies. For many years the idea that the forests would ever give out was ridiculed, but the time has arrived when the supply in sight can be estimated and is found to be less than enough to meet the requirements of the country until a date not so very far distant. Apart from the growing scarcity of lumber and its increasing price other evils equally as serious have followed in the wake of the policy of forest destruction.

Where the sense in being economical? After returning rooms and property for nothing, voting thousands of bills into law, and the expenditure of millions of dollars, why did the board balk at the suggestion to increase Judge Biddle's salary. Surely there is enough for everyone.

What a farce our system of civil government can become! A week or two ago when the regular meeting of the safety board was held, very few of the members were present. Certain recommendations were embodied in the report sent for approval to the council. At the meeting of the latter body this report was rejected by those members of the safety board who had been absent when the business was discussed.

Secret Intelligence is a true that lumber specialists in the U.S. are as willing to lay waste to the forests for the sake of quick profits as their confreres on the other side. Opposed to this spirit, however, is the strong sentiment that has been developing in Canada in recent years in favor of treating the forests as an asset to be preserved rather than as the equivalent of so much easy money which should be realized upon as soon as possible.

Another side of the subject is shown by the fact that much of the lumber which is exported goes into the manufacture of goods which could very readily be manufactured in Canada. If the need for lumber in the United States increases as it surely must, Canada will be in a position which will enable her not only to absolutely govern her course in the matter but even to dictate terms.

Under these circumstances it would not be surprising if there should be a strong demand for an export duty on lumber for the purpose of discouraging the too rapid devastation of our forests and also to encourage the wood working industry in its various branches.

THE KINRADE MURDER.
The real news story in the Kinrade murder has not yet developed. Up to the present the police have to all appearances been baffled by the exceptionally complicated circumstances by which the mystery is surrounded, but as few crimes in this age can go unwithstood the continued application of detective genius is not to be doubted that before many days the facts of the affair will be made plain. Seldom has a crime of this nature in Canada attracted wider attention. Here two sisters, daughters of a wealthy man, together in their home in a residential section of a bustling city. One of the girls was shot down, the actual murder occupying, according to medical men, from ten minutes to half an hour. That is, the murderer remained close by the victim, and the period of time mentioned elapsed between the first shot and that one which caused death.

The other sister, realising the danger rushed bareheaded to a neighbor's house, a few yards away, to give the alarm. Almost an hour after the first shot was fired she, fully attired for out-of-doors, actually gave the alarm.

No trace has been found of the revolver, apparently no one was seen to enter or leave the house, excepting the younger sister, and the latter, in the opinion of the police, was absent at the time the crime was committed. The girl, while spoken of as respectable, do not belong to the so-called highest class. While wealthy, and perhaps welcome to good society, they preferred the associates of the cheap music hall, and were overcome by the desire to "see life." The surviving sister, Florence Kinrade, has told conflicting stories, but her apparent contradictions are at least partially excused by the police on the ground of grief and worry following the tragedy.

HARD TIMES FOR CHINESE EDITORS
Called to Account by Yamen in Peking for All Misstatements and Gossip.

Not long ago some Chinese gentlemen with horse tails depending from their official bonnets saw to it that an offending editor was right properly flogged with bamboo rods—one hundred lashes were the editor's portion. These gentlemen and no private citizens; they were simply putting the new press laws of China into operation. Last year, when everything in China summed with the news of a changing order, when the old Emperor Dowager died, and when her dragon throne that she would have a constitution in China within ten years or know the reason why, and when the boycott against Japanese manufactures was assuming the features of a national movement, some of the native papers played fast and loose with ancient decorum. They even criticized the government, and called for action from high sources.

Some years in Peking whose province it is to look after things as they ought to be in the internal affairs of the empire sent a taotai all the way to England and Germany to study how the governments there handled their newspapers and called in for advice a former minister to Berlin. When all the data were at hand the taotai formulated something unique in the way of press laws. It was put into operation last May and the tone of a great many native papers has dropped two or three octaves as a consequence.

The publishers, printers and editors of newspapers for general circulation must be more than twenty years of age according to the existing press laws; they must be generally accepted as of sound mind, and none of them may continue his calling if he has ever served a prison sentence for any crime.

Each proprietor must deposit security for his recidivism to the amount of \$75 before issuing his first sheet unless he can prove that his publication is purely artistic, educational or statistical. A copy of each issue must be sent to the yamen in Peking, which will formulate these press laws. "Corrections or protests against misstatements must be published in the next issue of the paper." The number of words used in the letter of correction forwarded to the editor is more than twice as many as in the original statement. A fee of half the ordinary advertisement rates may be obtained for criticism of the throne or matter tending to inflame the public peace of mind or cast reproach upon the emperor or his custom if printed will render the editors, publishers and printers of the papers concerned liable to arrest for not less than six months or more than two years, or a fine of up to \$1,000, a repetition of any of the offences stipulated or confiscated altogether.

PUNCH ON MATRIMONY.
Punch, on reading in the Daily Chronicle that a young girl who has a bridge of hundreds of feet high, and emerged alive, had received eighteen offers of marriage, while Madame Stoinich, who is being tried in Paris for the murder of her husband and mother, has also daily received offers of marriage in song as follows:—
Domesticated damsel we,
Good Mrs. Bessie's rules
We've studied in the L.C.C.
Continuation Schools,
We're proud to show how much we know,
You come, young man, to us,
To be your dear, dear, real,
Domesticated housewife.
But what is the point of our cooking a joint, if learning to make a steak tender?
Why worry our heads with the-making of heads or striving for youth a fender?
It is all thrown away, for the polish of today declines to wax keen and ecstatic.
Over gifts such as these; what they want, if you please, is something more melodramatic.
If you're hunting a mate, you should try to create some intensely exciting sensation.
Which will boom through the press till your pictures offend the wondering thoughts of the nation.
People don't seem to mind what's precisely the kind of the feat that may win notoriety;
It is excellent if you go over a cliff and vanish awhile from society.
If your only pretence is a sane common sense, as a minister you're likely to drift on.
But the suitors arrive thick as bees in a hive if you leap from the bridge down at Clifton!
And many a maid with the poison has played when the thought irresistibly struck her.
That the men in a cue would be waiting to woo if she's only committed a murder.
Yet, perchance, after all, we should pause ere we call these youths all the names we've a mind to;
There is something, perhaps, to be said for the chaps for doing the things they're inclined to.
If a man wed a maid who is thoroughly staid and always sane, sober and sensible,
The matrimony serves to get right on his nerves till her virtues appear reprehensible;
But should she be known, pretty dear, to have shown a penchant for poison, it follows
The matrimony goes with her husband well known he must watch every mouthful he swallows;
His life is possessed of a freshness and zest, and his wits will grow brighter and brighter
When he never can tell if that curious smell is oxalic or spirits of nitre.
Domesticated damsel we
Will call ourselves no more;
We've done with pots and pans, we're free
Of ordinary lore.
Henceforth our time we'll spend in crime,
And if we 'scape the halter,
The men will flock about the dock
To lead us to the altar.

ACCUSES MOTHER OF KIDNAPPING HER
Was Dragged Away From Religious Retreat by Detectives, Mlle. Marie J. Bassot Assists.

PARIS, March 9.—Strange and sensational is the story that is being told in the suit which Mlle. Marie Jean Bassot brings against her mother, who is the wife of General Bassot, a prominent Frenchman and a member of the Academy. Mlle. Bassot charges that her mother kidnapped her and placed her in an asylum for the insane in Switzerland.

In reply Mlle. Bassot charges that her daughter, who is thirty years old, deserted her family and secluded herself in a religious retreat, the Maison Sainte, which is conducted by Mlle. Lefevre de la Motte. She asserts that her daughter is held under a powerful and mysterious influence which is harmful to her both morally and physically. In support of this charge Mlle. Lefevre de la Motte is said to have written to other young women, who, it is alleged, are also under her influence.

According to the story told by Mlle. Bassot, she was held up while on her way to mass by detectives, who seized her and carried her to an automobile, in which her mother was waiting. Then she was hurried over the border into Switzerland and placed in an asylum. She passed a note to a peasant, who telegraphed it to her lawyer, and he had her released.

When the letters of Mlle. de la Motte became angry and demanded to know where they came from, she replied that they had come from Rome and that they had been given to General Bassot by persons who were touched by his pleas. Mlle. de la Motte was said to have written to Rome to be used in a legal proceeding there to end the existence of the Maison Sainte. Mlle. Duhamel, who was in court, admitted that she was with the church, but declared that she had not

WOKE SLEEPING GIRL BY SHOCKS
Clara Lamarche Says Doctor Who Aroused Her From Long Sleep by Electricity is "No Gentleman."

WARR, Mass., March 9.—Clara, the fourteen year old daughter of Mrs. Orestes Lamarche, was awakened from her long sleep at 10 a. m. today. Town Physician H. D. Gaffney thought she could be restored to consciousness by the application of a powerful current of electricity.

A battery was attached to her chin and then to her spine. The current was turned on and the girl screamed. Dr. Gaffney suddenly turned on the current full strength, and the girl cried "Wow, wow, wow," and was awakened up in bed. The current was turned on again and she jumped from the bed and stood on the floor.

When Clara first recovered consciousness she told Dr. Gaffney he was no gentleman to awaken her so roughly by the medical community is of the opinion that she will not have a similar sleep again, or at least for some time.

FLATULENCE ON STOMACH
As It is Commonly Named, Means That Decaying Food is Making Gas.

This most serious condition is very prevalent and results most distressingly and fatally sometimes. The stomach in cases of flatulence is unable to digest the food properly. Decay sets in, gases form, extend the stomach, force their way downward into the bowels, and if not relieved it extends upward pressing against the lungs, liver and heart, causing shortness of breath, belching, acid odors, and many times sudden death.

Foods which are filled with gases, when taken into the stomach, are rapidly, and especially given to this quality. Against such a condition the stomach can do little, because these foul and poisonous gases affect its glands, muscles and tissues to such a degree as to incapacitate it almost at once.

These gases distend the stomach in all directions, preventing the contracting muscles from doing their regular duties, or if they do force the gas from the stomach it goes somewhere else in the system, and causes the same troubles the moment near food enters it.

Stuart's Dyspepsia Tablets get at gas food at once, digest it, prevent decay, quickly reduce food to nourishment, and pass the digested food to the intestines, giving the stomach its rest and the system its relief. This remedy simply cannot exist where these little tablets are used. They build up the stomach fluids so that it can not get any more gas, and they eat or food containing quantities of gas, the stomach does its work well.

PAID MAN \$100 EACH FOR A TRIO OF KISSES
Woman, When Arrested, Says She "Smoked Away" Her Allmoo.

FITTSBURGH, Mar. 8.—Whether Mrs. Anna Roth kissed away her allmoo, or whether she still has a portion of it, is a matter which the south side police have given up trying to solve.

Mrs. Roth and Joseph Alken, a railroad worker, who Mrs. Roth is said to have paid \$100 for a kiss for three kisses. When arrested at the station Mrs. Roth had \$85 and Alken \$41. Mrs. Roth declared to separate Thursday, and Roth had given his wife \$40 as her share of the family purse. Mrs. Roth went to the McCarthy home.

Christophers Roth complained to the police that his wife had been robbed of \$300 in McCarthy's home. The money wasn't found. Mrs. Roth when questioned, stated she had paid Alken \$100 for a kiss for three kisses. When arrested at the station Mrs. Roth had \$85 and Alken \$41. Mrs. Roth declared to separate Thursday, and Roth had given his wife \$40 as her share of the family purse. Mrs. Roth went to the McCarthy home.

LOCAL OPTION IS SLOGAN NOW
Temperance Advocates Hold Meeting

ENTHUSIASM PREVAILS

Pass Resolution Asking for Plebiscite on Day of Civic Election

Most enthusiastic was the meeting of the ratifiers of Lorne, Lansdowne, Dukes and Victoria wards held in the Portland Methodist church last evening in the interest of the local option movement. There was a large attendance of electors, and it was decided to proceed with the efforts to have the vote taken on the day of the civic elections.

Here A. A. Graham occupied the chair, and in the absence of J. Willard Smith the secretary's position was taken by S. J. Bolding.

The chairman made a report in which he reviewed from the beginning the efforts to secure local option. Though many had considered the endeavor had ceased, when the council decided that the vote of the electors was to be taken on the day of the civic elections, the work was being steadily carried on.

The local option workers have been waiting to hear the reply to the Temperance Federation from the local government regarding the request for a prohibitory law. If the law had been granted there would have been no need of a local option campaign. Since the request was refused the temperance workers intend to proceed immediately in their endeavors to secure local option.

There still remains a possibility that the vote may be taken on the same day as the civic elections. At least this is the hope of the workers. The Temperance Federation from the local government regarding the request for a prohibitory law. If the law had been granted there would have been no need of a local option campaign.

Whereas, the government in their reply to the request for a prohibitory law has declared their intention to amend section 21 of the Liquor License Act so as to give a fair opportunity for the expression of public opinion upon the question of the granting of licenses; and whereas, in the wards of Dukes, Lorne, Lansdowne and Victoria in this city 209 ratifiers have expressed their desire to vote upon said question, we the ratifiers assembled in public meeting strongly urge that the promised amendments be made in such form as shall provide for a vote upon the question at the approaching civic election; and the decision against the granting of licenses be made effective May 1, 1934.

The resolution was carried unanimously by a standing vote. It was agreed that the resolution should be transmitted to the Municipal Council, which will be in session today. It is proposed that the latter body will present the resolution to the local government.

A remarkably strong feeling exists that everything should be done to secure local option.

NOVA SCOTIA GIRL WHIPS HIB LAWYER

BOSTON, Mar. 9.—Publicly whipped on State street near the stock exchange was the treatment George A. Sweetser, a prominent lawyer, received today at the hands of Miss Jessie B. McClellan, a Nova Scotia girl. Earlier Miss McClellan struck Lawyerly Fuller, solicitor of Natik, with a whip in mistake for Sweetser. Then she went to State street and waited in front of the lawyer's office. As Sweetser and Sweetser is Moore's lawyer. The plaintiff claims Sweetser made himself obnoxious during the conduct of the case. The suit is still pending.

MONGTON BOARD DISCUSSES I.C.R.

MONGTON, N. B., March 8.—At a meeting of the Board of Trade tonight the question of "Interventions" control was the principal matter discussed. A resolution was introduced by President Cole favoring any change that would remove the road from political influence or control by placing it in the hands of a practical governing body having the same power as the audit general. After a good deal of discussion this resolution was referred back to a committee for further consideration.

This annual meeting of the N. B. Postmasters' Association was held here this afternoon, a large number of postmasters being present from different parts of the province. J. M. Kinross, president, Sussex, occupied the chair. Officers for ensuing year were elected as follows: J. M. Kinross, president; Wm. Johnson, Chatham, vice-president; J. V. Bourque, Shediac, secretary; treasurer, executive committee, D. S. Mann, Port-Bourque; G. D. Steeves, Hillsboro; G. H. Seacord, Apohaqui; G. M. Gaynor, Salisbury; J. P. Allison, Sackville, provincial representative of central committee J. V. Bourque.

"Aunt Chloe, do you think you are a Christian?" asked a temperance clergyman of an old negro woman who was smoking a pipe.

"Yes, brudder, I speaks I in."

"Do you believe in the Bible?"

"Yes, brudder."

"Do you know that there is a passage in the Scriptures that declares that nothing unclean shall inherit the kingdom of heaven?"

"Yes, I've heard of it."

"Well, Chloe, you smoke and you cannot enter the kingdom of heaven, because there is nothing so unclean as the breath of a smoker. What do you say to that?"

"Why, I apsects I leave my bruff behind when I go dar."

One Chicago Pastor Steps Out and Disruption Threatens Another Church.
Husband's Request for Injunction to Prevent Laying of "Confession" Before Congregation is Refused.

CHICAGO, Ill., March 9.—A situation which involves the resignation of a pastor from his church, the threatened disruption of another church, and a "scandal which is without foundation" was presented in the bill for injunction filed in the Superior Court here today. The bill was filed by John Lavender and seeks to enjoin the Rev. Edward B. Crawford, pastor of the Woodlawn Park Methodist church, and the trustees and stewards of the church from printing and circulating among church members a confession made by Mrs. Mary Lavender, wife of the plaintiff, to Dr. Crawford. The bill recites:

During January or February, 1909, E. B. Crawford, as pastor of said church, in conversation with a certain lady, received from the said lady, who believed she was conversing in confidence with him, a confession of a certain sin, and by publishing said confession to the congregation, caused the resignation of said pastor.

The "boy" in question is employed in a store in the village and going home at night passes a cemetery that lies to the east of the village. He is not superstitious, but Christmas Eve before he started home, he felt the store commenced discussing ghosts, and somebody remarked casually that the spooks were liable to get the "boy" some night as he was moving past the graveyard. That cemetery does not enjoy a very savory reputation with the colored population, and the colored boy was a little nervous when he started home.

Floorglaze

literally glazes any floor—yet isn't slippery to walk on—wears wonderfully—and keeps the room practically free from dust. Any woman can apply Floorglaze easily—it dries hard overnight—it will never crackle nor flake. Water won't affect it—so Floorglaze is good for outdoor woodwork (steps, verandas, etc.) as well as ideal for house floors. Comes in ten beautiful shades—a gallon costs 500 square feet. Ask at the paint store for Floorglaze, or let us send valuable FREE booklet. IMPERIAL VARNISH & COLOR CO., LIMITED, OF TORONTO.

THE "WHY" OF IT.
The Currie Business University has spent five thousand dollars in order to place a public service office at the disposal of its qualified pupils, thus enabling each pupil to secure an "expert" classification. This advanced move on the part of the management has given this school's graduates a step to one hundred percent higher salaries than the ordinary business college graduates.

LIVELY TIMES LATELY AMONG OWNERS OF LAND GRANTS

Prices, After Reaching the Top Notch, Slumped—A Few Men Have Made Money on Sales—Guesses Regarding Future Prices

There has been great excitement during the past few weeks among holders of western land scrips, and at the present time there is such a market fluctuation in prices that the members of the African contingent holding land warrants hardly know what to do.

Almost every day there were jumps in the price. No one understood very well what it all meant, but many took advantage of the rising market and sold out. Still the prices boomed, and in the last week of February as high as \$275 was being offered, and every one thought that the market had been reached. But just week another boom came along and on Thursday the top-notch price of \$400 was being freely paid.

There seems to be an impression that the Day Nursery in this city has been closed for lack of funds. The committee wish to explain that the reason was that the police were in the advantage of the privilege of leaving their children there, there sometimes being only one child in the nursery. Therefore it was not thought worth while to retain the services of a matron and the nursery was closed.

James Mackin, 18 years of age, got anything but a good character in the police court this morning when he was charged with disorderly conduct in the Opera House, and breaking glass. H. J. Anderson, manager of the Opera House gave evidence that Mackin is in league with a few others who are bad and cause a great amount of disturbance.
