

CHARLOTTE HAS A STRONG TEAM

Government Supporters Name Strong Ticket ENTHUSIASM HIGH Hon. S. J. Clark, Hon. W. C. H. Grimmer, Dr. Taylor and Carry Standard of Fleming Administration to Victory

Special to The Standard.

St. Stephen, May 27.—The convention of government supporters held here today was largely attended, enthusiastic and characterized by the utmost harmony. G. W. Ganong, Flewelling secretary, E. D. Harvey of St. George, H. W. Smith of Milltown and J. W. Richardson of St. Stephen were appointed to the committee and while they were at committee brief addresses were made by the chairman, Hon. G. W. Ganong, Hon. S. J. Clark, Hon. W. C. H. Grimmer and Dr. Taylor, the recent members, Dr. Taylor being unable to attend by reason of a professional call at the last hour. Mr. Ganong's address was characterized by the announcement that while the election of last September in which he had his first vote, among the liberals, he was now not only a supporter of the Fleming government, but was a supporter of the Borden government as well, whether it should be nominated by this convention or otherwise. The credential committee reported present, out of a possible one hundred and thirty-eight, Mr. Watson Grimmer was elected chairman and J. M. Flewelling secretary of the permanent county organization. Formalities completed the nomination of candidates. Hon. W. C. H. Grimmer was nominated by J. E. Ganong and John Webber, Hon. G. J. Clarke and F. M. Maitland by Chas. E. Huelsa and F. M. Maitland, Dr. H. I. Taylor was nominated by E. D. Harvey and Geo. E. Frauler. Scott D. Gupitll was nominated by Arthur Mitchell and Fred J. Martin, Frank C. Murchie was nominated by H. W. Smith and Dr. W. H. Laughton. Five candidates were in nomination for four places on the ticket, the first in many years that delegates to time in many years that delegates to a Conservative convention in Charlotte county had been called upon to cast a ballot. Clarke, Grimmer, Taylor, Gupitll, Hon. G. J. Clarke received 117 votes; Hon. W. C. H. Grimmer, 115; Dr. Taylor, 86; S. D. Gupitll, 84 and F. C. Murchie, 36. Mr. Murchie spoke in terms that were very gratifying to the convention and placed delegates to the consideration of his party just as soon as the way is made clear for another representative from this end of the county. He was, he said, a poor man, who would not feel badly over a defeat, or they decided in the best interests of the party and of good government for the province. He would do all that was in his power to help the cause of the chosen ticket. He closed by moving that the choice of the convention be made unanimous. This was seconded by J. E. Ganong and adopted. The following resolutions were adopted: Resolved, That the convention of the supporters of the local government in Charlotte county place on record an expression of its appreciation of the statesmanlike manner in which the affairs of the province have been administered during the past few years, of its belief that every interest of the province has been carefully safeguarded by the present government, and of its recognition of the fact that the policy of the government has been one of progress and conducive to the best interests of the people of the province. Also resolved, That this convention express its continued confidence in the Hon. J. K. Fleming, premier of the province, and of the representatives of the county in the legislature. And also resolved, That our hearty and unanimous support will be given in this campaign to the nominees of this convention. Resolved, That the convention place on record an expression of its deep regret at the news, recently received that the federal representative of the county, Thomas A. Hart, M. P., is seriously ill, and of its earnest hope that he may be speedily restored to full health and strength. Brief addresses were made by R. W. Grimmer and J. M. Flewelling, and the most successful convention has been brought to a close.

MANAGER OF HOCHELAGA IS DEAD IN MONTREAL.

Montreal, May 27.—J. A. Prendergast, 63 years of age, general manager of the Bank of Hochelaga, died this morning about ten o'clock. The cause of death was Bright's disease. Mr. Prendergast had been for 27 years with the Bank of Hochelaga. Previous to that he was engaged in journalistic work.

CANDIDATE CALLED AWAY, WHITE TO RUN

F. C. Squires Must Return to Harvard, Finds an Able Successor. G. L. Everett White Previously Declined Place on Government Ticket, Consents to Run—Certain of Election.

Special to The Standard.

Woodstock, May 27.—Owing to the fact that the election is called on earlier than anticipated and that Fred C. Squires, one of the government candidates in this county will graduate from Harvard on June 5th, he has retired from the contest in favor of G. L. Everett White, of Centreville, who has accepted the place on the ticket. Mr. White was unanimously asked to take the third place on the ticket at the convention, but declined for personal reasons. Under the circumstances that Mr. Squires must return to college for his degree, Mr. White will take his place and doubtless will be elected with the other members of the ticket. The following letter speaks for itself: "Hath, N. B., May 27, 1912. "Dear Mr. Fleming—Since the convention which was held at the town of Woodstock on Wednesday last, for the purpose of nominating candidates to represent this county in the next local legislature at which I was pleased to have other members of the party to unanimously tender the said nomination to G. L. Everett White, of Centreville and which Mr. White at that time, for reasons of a personal nature, thought best to decline, I have learned that Mr. White has reconsidered his decision, and from reliable information which I have received, I am glad to inform you that Mr. White will accept a position on that ticket. I can assure you that it gives me great pleasure to withdraw my name from the ticket under these circumstances, as I believe it will be the means of carrying out the expressed wishes of the convention and will be in the best interests of our party in this county. "I realize that I am a young man and have many years before me, and while it was a mark of confidence that I thoroughly appreciate to have this nomination tendered me, yet under the above circumstances, I feel that you should seriously consider this letter of withdrawal and place before Mr. White my intentions as early a date as possible. In doing this you may rest assured that I am in full sympathy with the policy of the administration, and it will give me the greatest pleasure to assist in every way that I possibly can the election of the full ticket. "Wishing you success throughout the province in the coming election, I remain "Yours sincerely, (Signed) 'FRED C. SQUIRES."

GOVERNMENT WILL SWEEP POLLS OF RESTIGOUCHE CO.

Rousing Meeting at Jacquet River Testifies to Popularity of Honest Administration—Candidates Spoke.

Special to The Standard.

Jacquet River, May 27.—The rousing meeting held here last evening by supporters of the local government, but another indication of the sweeping victory that will be accorded the government candidates at the polls June 29th. The meeting was among the most enthusiastic held in this vicinity for years, and the speakers were accorded a striking ovation. Hon. John Morrissey, commissioner of public works and W. H. Montgomery addressed the meeting and were followed by the two candidates, Arthur Cullis and D. Stuart, all of whom made an excellent impression. The hall was crowded to capacity, and the enthusiasm of the audience testified to the popularity of the present local government.

REBELS DESTROY PLANTATION.

Santiago, Cuba, May 27.—A coffee plantation belonging to Juan Betta, a German subject, in the vicinity of El Cobre, ten miles west of this city, was destroyed by a rebel band. The buildings were burned and the horses and cattle carried off. Protest has been lodged with the German consul.

MARRIAGE LAW DEFERENCE WILL LIKELY OCCUPY ENTIRE WEEK

Supreme Court Asked to Define Extent Of Authority of Dominion Parliament To Regulate Matrimony MANY INTERESTS REPRESENTED

Counsel For Provinces and Dominion, Promoters of Lancaster Bill and Its Opponents Present—Argument Promises to Prove Lengthy—Quebec Particularly Interested, Seeks to Show Legislation is Beyond Power of Federal House.

Special to The Standard.

Ottawa, May 27.—When the court rose for the day, counsel for the promoters of the Lancaster marriage bill had not completed the presentation of their case, Eugene Lafleur, K. C., who followed Hon. Wallace Nesbitt, K. C., being still in the midst of his argument. The hearing will probably last a week. The vital question involved is whether it lies within the competency of the parliament of Canada to legislate and enact a law on the subject of marriage, and for the hearing of the question the government has engaged the most prominent counsel in the country to support the promoters and to oppose them. Hereofore the provinces have legislated alone on the solemnization of marriage, and following the agitation ensuing the promulgation of the "Temere Decree," the Lancaster bill, which is the cause of the present hearing, was introduced in parliament. The bill provides that any marriage shall be valid, without regard to the religion of the officiating clergyman, or officer of the contracting parties, or the question arose in consideration of certain sections of the British North America Act as to whether parliament could constitutionally legislate on the question and the supreme court has been asked for a special pronouncement on the jurisdiction of the province of Quebec to dispute the jurisdiction of the court to hear the matter at all. Hon. Mr. Nesbitt and Mr. Lafleur quoted many authorities in support of their contention as to the right of parliament to legislate on the subject, and the latter dealt especially with questions two of the conference, and went deeply into the provisions of the civil code of the Province of Quebec. In effect, Mr. Lafleur held that according to the code the religious ceremony is not necessary to the performance of a marriage in the province. Edmund L. Newcombe, K. C., deputy minister of justice, appeared for the minister of justice, Wallace Nesbitt, K. C., and Eugene Lafleur, K. C., for the promoters of the bill. I. F. Hellmuth, K. C., and P. E. Mignault, K. C., for the opponents; Almo Geoffrion, K. C., R. Smith, K. C., and Auguste Lemaire, K. C., for the province of Quebec; Edmund Bayly, K. C., for the attorney general; and the other provinces were not represented. One Absentee. There was one absentee from the bench—Mr. Justice Brodeur. As he was a member of the late government when the two candidates in question, Sir Allan Aylesworth, gave the opinion that the federal parliament could not legislate on the question, and as he himself is disqualified to sit. Preliminary objections by counsel for Quebec were not argued on the merits. Mr. Newcombe appeared for the attorney general of Canada, to present the court the reasons for the reference. "The bill was introduced in parliament early last session," he said. "The government, after considerable debate, considered it advisable to have the supreme court pass on the constitutionality of its authority in the matter. So that the various interests might be protected, the government allowed the promoters of the bill to name counsel, and at the same time named counsel to argue the other side. All the provinces had answered the invitation to participate but Prince Edward Island, and the Yukon would not take part and did not intend to." R. C. Smith for the province of Quebec, entered objection as to the jurisdiction. In view of the judgment recently given by the privy council in the Companies case, he must accept the constitutionality of the reference, he stated. But with regard to question 2 of the reference, he particularly opposed the court assuming this. Private or individual rights were affected, and the recent judgment of the privy council in the Companies case held the question could not be answered by the court. Question 2 in effect asks if a marriage is a contract, and in this event the court had no powers excepting discretionary. "Do you not think it would be wise for us to hear what is to be said in this circumstance?" asked the chief justice. "I fear we can hear what you have to say." The other judges concurred in this, and the Hon. Wallace Nesbitt, for the

Valid Anyway.

He said the law was capable of being read as predicated, that a marriage was valid no matter who were the participants and that the Dominion government had control of the solemnization of marriage, although the civil rights, or those to do with the legislation with regard to the manner in which the ceremony would be carried out under the Dominion law. "If claustrinity is an impediment, as noted in the factum of the opposing counsel, that is, if a marriage between two Catholics is not legal when performed by other than a priest, then the Dominion government clearly has the right to legislate on this impediment," stated the Hon. Mr. Nesbitt. "The Dominion government, he held, has power to legislate over the provincial restrictions of this kind, unvindicated by the British North America Act. Hon. Mr. Nesbitt read a number of authorities showing that marriage was a mere consent of both parties and that the words, "I take you for my husband," or "I take you for my wife," was sufficient to validate a marriage. "You are anxious to say that marriage might be held to be necessary," he said, "but I am not sure that is so. These authorities establish beyond peradventure, that unless a contract is made in support of the marriage, unless accompanied by ceremony, that it is a valid marriage," he replied. "All this is very interesting literature," remarked Justice Iddington when Mr. Nesbitt had read a further number of authorities in support of his contention. "But we are not trying a case here, we are only asked to answer certain questions." "The question of solemnization was then taken up by Mr. Nesbitt. "I beg to refer to No. 66 Missouri," he said. "That's not a Reno volume," quired Sir Louis Davies. "No, Sir, Missouri," replied the learned counsel, "and Reno is in Nevada." Solemnization, Mr. Nesbitt declared, merely implied the presence of others at the ceremony. "Merely words pronounced in the presence of a witness," commented the Chief Justice. "I cannot see where my learned friends can find anything which will nullify and void that which the Dominion government has clearly a right to enact." Mr. Nesbitt stated that his point was to have any form of ceremony they see fit for the purpose of complying with the question of the reference. "What has public policy to do with this?" asked the Chief Justice. "With regard to perfect proof of marriage," replied with counsel for the province of Quebec, "I am not quite clear as to whether the Province and Dominion are not equal in power. There are curious questions in the B. N. A. Act," Justice Iddington interjected. "Who may marry, and who may not and their capacity to do so is for the Dominion to say," Mr. Nesbitt stated. "But one legislature may have ideas regarding people becoming parents," Justice Iddington commented. In reply to Justice Duff, Mr. Nesbitt briefly stated that his point was that the provinces had nothing to do as to what shall be the elements essential to validate the contract of marriage. "But one legislature may have ideas regarding people becoming parents," Justice Iddington commented. In reply to Justice Duff, Mr. Nesbitt briefly stated that his point was that the provinces had nothing to do as to what shall be the elements essential to validate the contract of marriage. "And as to civil rights," asked Sir Louis Davies. "The rights of lower succession can be handled by the provinces under civil and property rights," Mr. Nesbitt replied. Counsel stated that owing to the discussion he would pass from the historical aspect of the case, which he had intended to take up. Annulment of marriage was then turned to, and if it was under the head of marriage or divorce that the Dominion could legislate. It had to first determine what a marriage was before there could be divorce, he submitted. Annulment and divorce were quite different, and the whole subject of divorce included annulment and divorce for cause. "Do I understand you to say that while the solemnization of marriages is exclusively assigned to the provinces, they have no effect if they attempt anything which might prejudice or affect the decree validated by the Dominion of Canada," asked Sir Louis Davies. "The legislature can legislate as to the matter of form, but not as to the substance, if it means validity," responded Mr. Nesbitt. "That is, they may play around

GRADUATES OF LADIES' COLLEGE

Anniversary Exercises of Colleges at Mount Allison University. Enjoyable Programme and Wide Interest Packed Hall to Capacity — The Graduates and Winners of Prizes.

Special to The Standard.

Sackville, May 27.—The most successful anniversary exercises in the history of Mount Allison Ladies' College Memorial hall tonight. The weather was fine and the hall was filled to the doors. After devotional exercises by Rev. Dr. Morton of the Nova Scotia conference, an excellent programme was carried out. The graduates of the Ladies' College are as follows: Mistress of Liberal Arts. Edith Lizette Hunton, Sackville, N. B.; Mary Humphrey Lockhart, Moncton, N. B. Household Science. Two Year Normal Course. Annie Elizabeth Reed Blenkinsop, Nappan, N. S.; Lena Laura Hunley, Upper New Horton, N. B. One Year Normal Course. Vivian Alice Annis, Nictaux Falls, N. S.; Margaret Florence Burgess, New Brunswick, N. B.; Jennie Marie Burpee, Nashwaak, N. B.; Susie Maude Margeson, Berwick, N. B.; Amy Ann Patterson, Montreal, N. B.; Mary Alice Patterson, Salsbury, N. B. Continued on page 2.

REMAINS OF LADY TUPPER BURIED

Organization in Kings County Ready to Give Up the Ghost. Copp Struggles Vainly to Secure Suitable Candidates—Ticket Put Up as Possible Sacrifice Faces Defeat.

Special to The Standard.

Sussex, May 27.—The opening of the provincial campaign finds the opposition in Kings County in a hopelessly demoralized condition. The party is torn asunder by dissensions and jealousies. It is common street talk throughout the county that none of the old stalwarts attended the convention at Hampton. Men grown old in the service refused to attend. Perhaps the most influential opposition workers in the county absolutely refused to go to the convention. "What is the use," he said, "Copp and E. B. Carter have already selected the ticket and it is now up to them to elect it." The people had no choice. Mr. Carter has selected himself to run things in Kings county but he will find no response from the old guard. The people of Kings county have no use for the exordium of a sensational journal of the Hearst type; they have not forgotten the episode and final demise of that notorious sheet. It is a well known fact that Mr. Copp made three trips to Sussex before the convention and three times he got on his knees to Dr. McAllister, but that astute politician could not be caught by the crafty Mr. Copp. The doctor knew too well the condition in this county at the present time and Mr. Copp had to be contented with two disgruntled Conservatives on the ticket. No sane opposition candidate can go on the platform in this campaign and say that the roads are not greatly improved. The people of this county would need no better proof of the false canyases being used. Friends of Mr. Wetmore are disgruntled because he was turned down at the convention a year ago and then accepted now as a jack-in-the-nich. In fact the whole ticket is put up as a public sacrifice. The opposition candidates face certain defeat and they know it. It is up to Doctor Pearson to explain why he changed his mind so many times before the convention. It will be remembered he announced in "The Telegraph" a year ago that he had accepted now as a jack-in-the-nich. Yet the next day he assured his friends that he would not offer. The morning of the convention before he left Sussex he assured his friends that he absolutely would not be a candidate and he had suffered another change of heart in the hotel at Hampton. Will the doctor say why?

Sir Charles Overcome With Grief At Funeral TWO SONS PRESENT

In Constant Attendance Upon Father and Assisted Him to Carriage After Sad Rites—Prime Minister and Gov't Represented

Special to The Standard.

Halifax, May 27.—The funeral of Lady Tupper which took place this afternoon was a notable event. The weather was warm and bright and the concourse of citizens who were present in carriages was one of the greatest seen in years. The service at the former Halifax home of Sir Charles which was conducted by the venerable Archdeacon Armitage, rector of St. Paul's church was that of the English church and the three hymns sung favorites suggested by Sir Charles, were as mentioned in despatches of yesterday. During the service Sir Charles sat at the head of the casket quite immobile except that occasionally the aged statesman displayed keen emotion, particularly during the brief remarks made by the Archdeacon. His eye was bright and his manner alert, but he was evidently feeble and after the body was removed to the hearse Sir Charles had to be assisted to a carriage by two of his sons, who were in constant attendance on their father. At the grave Sir Charles wore the ordinal very well and took part in the responses to the services in a distinct but very quiet voice. The sun was warm and a seat was brought for Sir Charles who sat for nearly an hour at the grave surrounded by a few intimate friends who meanwhile spread a great profusion of beautiful flowers over the newly made mound. The Prime Minister and Dominion government were represented respectively by Sir Joseph Pope and Hon. J. D. Hazen, the Liberal-Conservative Association, the Halifax Club and other organizations were officially represented. Sir Charles went aboard the private car placed at his disposal by the Dominion government. He will leave for Vancouver tomorrow morning.

CANADA WILLING TO HELP PROTECT LAKE PASSENGERS

Official of Marine Department, Tells Navigation Congress Dominion Will Participate in Conference on Subject.

Special to The Standard.

Philadelphia, May 27.—At the International Navigation Congress today William T. Anderson, of the Department of Marine and Fisheries of Canada, said the Dominion would be very glad to confer with the United States as to the best method of protecting the lives of passengers crossing the Great Lakes or any other body of water separating the two countries.

PASSENGERS WILL BE DETAINED BY HEALTH OFFICERS

Quebec, May 27.—The steamer Tullis of the Allan line reached Quebec at 5 a. m. today after a delay of twenty hours at Gross Isle, where she left 750 of her passengers, all steered in the quarantine station. A case of amplex was discovered on board. A number of stewards were also landed together with some provisions. The passengers will have to remain at Gross Isle for at least sixteen days.

BLACK KNIGHTS OPEN SESSION IN CAPITAL

Grand Chapter Meets in Fredericton—First of Organizations Affiliated With Grand Sovereign Orange Lodge to Assemble—Order Making Material Progress Throughout Dominion—Presentation to Sir Knight Thos. Gilday.

Special to The Standard.

Fredericton, May 27.—The Grand Black Chapter of the Royal Black Knights of Ireland of British America opened their session in the Y. M. C. A. hall here this evening, being the first of the organizations affiliated with the Grand Sovereign Orange Lodge to commence their sessions here this week. It is the 38th annual session of the Grand Black Chapter, and was opened with the usual ceremonies by Deputy Grand Master Sir Knight Thomas Haw. Their lordships were referred to the recent judgment of Mr. Justice Charbonneau in the now famous Hebert case at Montreal and a lengthy and historical finding by Sir Louis Jette. Mr. Lafleur had not completed his presentation when the court rose and citizens and Acting Grand Master will be heard again tomorrow morning.

An address of welcome was also presented from Whitestone Royal Black Preceptory No. 298, Fredericton, to which Acting Grand Master Teeling replied. Reports of officers spoke in glowing terms of the progress and prosperity of the order throughout the Dominion. Sir Knight L. L. Col. Scott presented Past Grand Master Sir Knight Thomas Gilday, of Montreal with a jewel emblematic of his rank as grand master. Sir Knight Gilday replied suitably. The Ladies' Orange Brevolent Association Grand Lodge will open tomorrow and Grand Sovereign Orange Lodge of British North America will open its sessions on Wednesday. Delegates from all over Canada are here to attend the sessions, also delegates from Newfoundland.

Are You Fully Insured?

Your insurance doesn't cover the loss a fire would cause you

"FULLY INSURED" is the most misleading term in modern business usage. You, whose "fully insured" factory burns, may discover to your sorrow, that you were not insured against the most serious loss the fire could cause you.

YOUR organization is demoralized. Experienced, trained employees have to seek work elsewhere. You are unable to fill contracts on hand. Your credit is probably injured because of the fire, valuable papers, mailing list, patent models and other vital records which cannot be replaced may have been burned. The loss of life may render you liable for heavy damages.

Does Your Fire Insurance Policy Cover All These Losses?

The only insurance that fully insures is a fire-proof factory

MANY types of so-called "Fire-proof" construction have been designed. Various elaborate systems for retarding the spread of fire may give partial protection.

But when the fire-test comes, the only building that is fire-proof is one entirely constructed of a material that can't burn and won't collapse.

Reinforced concrete can't burn. It can't be seriously damaged by fire. It is the only fire-proof material that can be used economically for all parts of a building, walls, floors, columns, partitions, everything from the foundation to the roof.

YOU should have a copy of the book

"Factories and Warehouses of Concrete"

It was published to give business men complete and reliable information on modern fireproof factory and warehouse construction. Photographs of 235 buildings, housing

195 different kinds of industries (including yours) are shown, with names of owners, architects and other pertinent information, rating and other pertinent information.

This book will be sent to you upon request. Enclose 12 cents in stamps for postage. The edition is limited, so to be sure of getting a copy, write at once.

The following are the winners of prizes and scholarships at the ladies' college:
Highest average prizes—Prizes are awarded to the three students making the highest average in their studies for the year. These prizes are open for competition to those who take three or more subjects, as well as essay work, on the collegiate course. Marks for department are averaged in the general result. The first prize is the Birks' Gold Medal.

This medal is offered for annual competition by Henry Birks and Sons, of Montreal.
Winner—Miss Jean Howard, Sackville, N. B.

The second and third prizes of \$15 and \$10 respectively, are known as the S. W. W. Pickup Prizes.
The sum of \$25 has been placed at the disposal of the faculty by S. W. W. Pickup, Esq., M. P., Grandville, P. E. I.

Winners—Miss Mabel Cook, Fogo, Newfoundland; Miss Helen Clark, St. George, N. B.

The sum of \$20 has been offered by R. A. Borden, Esq., Moncton, N. B., to the students making the highest average in their essay classes for the year.

Winners—Miss Susie Margeson, Berwick, N. S.; Miss Marguerite Elderkin, Weymouth, N. S.; Miss Mildred Murray, Albert, N. B.; Miss Jean Rennie, Sackville, N. B.

Tribune Prize Essay.
Awarded for the best essay on a given subject.
Winner—Miss Alice Patterson, Salisbury, N. B.

Frank Davison Prizes.
The sum of \$20 has been offered by Frank Davison, Esq., Bridgewater, N. S., for excellence in the different classes.

Second year—Miss Marguerite Elderkin, Weymouth, N. S.; Miss Kathleen Murray, Albert, N. B.; Miss Helen Clark, St. George, N. B.

First year—Miss Doris Ayer, Sackville, N. B.; Miss Helen Clark, St. George, N. B.

The W. B. Tennant Prizes.
The sum of \$25 is given by W. B. Tennant, Esq., Sackville, N. B., to the student making the highest average in any two years of English literature.

Winners—Miss Nan Gass, Shubenacadie, N. S.; Miss Mary Lockhart, Moncton, N. B.

The Sarah Borden Black Memorial Prizes.
The sum of \$25 has been placed at our disposal by J. W. S. Black, Esq., Sackville, N. B., to be awarded to the students making the highest average in the pianoforte department.

Winners—5th grade, Miss Grace Farquhar, Auburn, N. B.; 4th grade, Miss Jean Howard, Sackville, N. B.; 3rd grade, Miss Dorothy Priddham, Sackville, N. B.; 2nd year, Ethel Burns, Sydney, C. B.; 1st grade, Miss Kathleen Humphrey, Moncton, N. B.

R. S. Priddham Prizes.
Prizes are offered by R. S. Priddham, Esq., Sackville, N. B., for excellence in drawing.

Winners—1st, Miss Nina Embree, Port Hawkesbury, C. B.; 2nd, Miss Marjorie Ayer, Sackville, N. B.; 3rd, Miss Ethel Pierce, Halifax, N. S.

The following have completed the course in English—Miss Rita Chisholm, Miss Annie Clark, Miss Lulu Croft, Miss Nellie Donkin, Miss Ada Ford, Miss Nellie Lockhart, Miss Lennie Lushy, Miss Blanche Muttart, Miss Estelle Thompson, Miss Laura Wilson.

The following have completed the course in English—Miss Rita Ferguson, Miss Alice Hanson, Miss Dora Hewson, Miss Bertha Kieff, Miss Winifred Stubbings, Miss Gladys Smith.

Father and Son Arrested.
Yesterday afternoon Frederick O'Dell and his father Charles O'Dell along with Thomas Grant were arrested for being drunk and the trio had four or five bottles of gin with them when arrested. The older O'Dell is also charged with using profane language.

Change in Bay Service.
Commencing this morning the steamer Prince Rupert will leave for Digby at 7:45 o'clock and the steamer Yarmouth will leave for Digby at noon. This service will be daily.

STUDENTS OF ART MAKE GOOD SHOWING

Work on Exhibition in Sackville Reflects Creditably Upon University - Paintings Surpass Those Previously Shown.

Sackville, May 25.—A visit to the Owen's Museum of Fine Arts this year is of unusual interest. The work of the fine arts department has been steadily growing in excellence from year to year, and this year a standard, perhaps higher than ever before, has been reached. It is really wonderful what students can accomplish in one year in this department. Beginning in September with no knowledge of the work of the department, the students have made splendid progress, as indicated by their very excellent exhibitions which now adorn the walls of the museum. The work of the students is made up of a variety of subjects and teachers are enthusiastic over the very creditable work which has been accomplished.

Interest centres in Professor Hammond's room, the walls of which are hung with paintings which surpass anything he has ever seen. The oil painting of the late Charles Favett occupies a conspicuous place in the exhibition, being a most creditable exhibition of his painting. Two landscape scenes, both showing flocks of sheep, are particularly worthy of mention, being rich in color and having a beautiful atmosphere.

The exhibition of Miss Harris, of Pictou, N. S., the first graduate in crafts, embraces wood carving, leather and metal work, designing, drawing modelling. Miss Harris has also a very creditable exhibition of china painting. Two chests, one of natural carving and one conventionalized, are excellent works in addition and a chest of drawers, also designed by Miss Harris, is especially good, while various pieces by Miss Gretchen Allison, of Sackville, are remarkably good. The punch bowl in green glass, silver by Miss Marjorie Haskin, of St. Stephen, is quaint and pretty, and gives evidence of the student's taste. A vase made by Miss Nan Chapman, of Moncton, and reflects much upon her skill. Miss Elizabeth Smith, of Amherst, also shows some very creditable work.

In copper work a tray of beaten copper, Miss Dora Hewson, of Amherst, is worthy of more than passing notice.

The jewelry shown is more finished and better than ever before and is really wonderful. A ring set with a turquoise by Miss Nellie Turner, of Sackville, is especially well done.

The china painting exhibit of course is large and shows a great deal of interest, especially among the ladies. The work of Miss Dora Hewson, of Amherst, is especially good, while various pieces by Miss Gretchen Allison, of Sackville, are remarkably good. The punch bowl in green glass, silver by Miss Marjorie Haskin, of St. Stephen, is quaint and pretty, and gives evidence of the student's taste. A vase made by Miss Nan Chapman, of Moncton, and reflects much upon her skill. Miss Elizabeth Smith, of Amherst, also shows some very creditable work.

Graduates in the commercial course were Desia Anderson, Amherst; Roy Denn, Paradise, N. S.; Jean Beat Stanley, N. B.; Percy Clarke, Durham Centre, N. B.; Fletcher Conner, Amherst; Charles Dearborne, St. John; George Gunn, Hantsport, N. S.; Edward Johnson, Kensington, P. E. I.; George Leitch, Shippagan, N. B.; Stanley Lefebvre, Canquerrill, N. B.; Keith Saunders, Halifax.

Graduates in stenography and typewriting—Merle Bell, 27th, in Coleville, N. B.; Annie Conley, Leonardville, Bear Island; Maud Platt, Carleton Place, N. B.; Edith Platt, Nelson, N. B.; Lillian Forast, Herwick, N. S.; Bernice Page, Amherst; Helen Gellerson, Pictou, N. B.; Florence Giles, Weymouth, N. S.; B. Gladys Gies, Weymouth, N. S.; Estelle McKenzie, Campbellton, N. B.; Alice Price, Grand Falls, N. B.; Della Poole, Montague, P. E. I.; Helen Palmer, Sackville; Caroline Schlessinger, Amherst; Jean Whitman, Canisot, N. S.

Matriculation to University—George Chudleigh, Burlington, N. S.; J. R. Crockett, Pictou, N. S.; Coleville Chudleigh, Pictou, N. S.; John Judkins, Wakefield Centre, N. B.; Floyd Lantz, Millford Station, N. S.; Arthur McFee, Millerton, N. S.; Stanley McDonald, Grand Bank, Newfoundland; John H. Poole, Montague, P. E. I.; Carl Welton, Kingston, N. S.; Donald White, Sussex, N. B.

Young Men Have Narrow Escape.
Harvey Station, May 27.—On Friday last an exciting baseball game took place between the local team and Fredericton Junction.

L. McLaren of St. John until recently night agent here for the C. P. R., aided the home team, M. Donovant also assisted. Harvey team won.

What might have proved a serious whipping up tired nerves.

The driver reaches his destination sooner by whipping up his tired horse, but no one supposes that the whip imparts strength to the horse. It merely causes the more rapid expenditure of strength.

And so it is with stimulants. When the system is run down the use of stimulating medicine merely calls forth the additional expenditure of the waning vitality and in reality hastens the breakdown.

Dr. Chase's Nerve Food is not a stimulant. It does not give rise to false hope by whipping up the exhausted system. It is a true tonic and cures by gradually and naturally building up the feeble, wasted nerve cells and adding new, firm flesh and bone.

You need not expect any startling results from the first few doses, but can be certain that the benefits to the body are thorough and lasting.

OPPOSED TO SUNDAY TRAINS ON THE I. C. R.

Mass Meeting in Chatham Adopts Resolution Protesting Against Proposed Service - Many Decline to Vote.

Chatham, May 25.—Notice of a meeting to be held in St. Luke's Methodist church after the close of evening service was read from the pulpit of the evangelical churches of the town today. The meeting was called by the local branch of the Lord's Day Alliance and had for its object the entering of a strong protest against the proposed Ocean Limited train on the I. C. R. being run through New Brunswick on Sunday this season.

D. P. McLachlan, M. P., president of the local branch, presided, and stated the object of the meeting and then called on W. S. Loggie, M. P., who gave a very full explanation of the Lord's Day act in relation to the subject and stated that no employee of the I. C. R. was compelled to work on Sundays without conscientious scruples against it.

A resolution was moved by David Sadler and seconded by Alex. Walling, Esq., protesting against the proposed train as being inimical to the best interests of the I. C. R. employees themselves and the Maritime Provinces generally.

After short speeches by Revs. Mr. McLean and Wood in favor and J. T. Merrett against the wisdom of passing such a resolution, it was carried. About 75 per cent. of those present voting in favor and the remainder abstained from voting at all.

Graduates in the Commercial Course.
Students Hold Anniversary Exercises in Connection with Closing of Mount Allison University—The Pass List.

COULD NOT SWEEP FLOOR

Was So Terribly Afflicted With Lame Back.

It is hard to do housework with a weak and aching back, and no woman can be strong and healthy unless the kidneys are well.

The weak, lame and aching back comes from sick kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney trouble. Mrs. Harvey W. Brownell, Northport, N.S., writes:—"I now take pleasure in writing you, stating the benefit I received by using Doan's Kidney Pills. About a year ago I was terribly afflicted with lame back, and was so bad at times I could not sweep my own floor. While looking through your B.B.B. Almanac I saw Doan's Kidney Pills try a box or two. After using five boxes I was completely cured, and I am very thankful to have found so speedy a cure."

Doan's Kidney Pills are 60 cents per box, or 3 boxes for \$1.25, at all dealers. Large supply on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. In ordering direct specify "Doan's."

Pharmaceutical Examinations.
Notice is hereby given that the board of examiners of the New Brunswick Pharmaceutical Society will meet for the examination of candidates for registration in the city of St. John on June 13th and 14th, at 8 o'clock a. m.

Candidates must give notice to the registrar, E. H. W. Ingraham, St. John West, in writing of their intention to present themselves for examination AT LEAST TEN DAYS BEFORE THE DAY FIXED FOR THE EXAMINATION. Such notice must be accompanied by the examination fee of \$5 and by a certificate to the satisfaction of the council that the candidate possesses the qualifications required by the fifth section of the Pharmacy Act.

Candidates for re-examination are required to pay a fee of \$1.
C. FRED CHESTNUT,
Secretary, N. B. Pharmaceutical Society, Fredericton, N. B.

drowning accident took place on Friday morning on Harvey Lake. Three young men, L. Grive, G. Essensa and Alex. Coburn were fishing in a canoe and being inexperienced were capsized as one of their number was walking about the canoe. All three were thrown into over twenty feet of water and three hundred yards from shore. G. Essensa gained the shore by swimming, while L. Grive swam until chilled and exhausted. A. Coburn clinging to the up-turned canoe until help arrived. But for the near presence and assistance of Messrs. Norman Smith and J. Donohue, Messrs. Coburn and Grive would have been drowned. L. Grive was sinking for the third time when rescued by Norman Smith. All three will likely be more cautious another time in a canoe.

Empire Day was celebrated in the different schools here on Thursday. In this school as well conducted by Miss G. Craig of Westfield, an interesting programme of patriotic recitations and songs were given. Many visitors were present and complimentary addresses were given by Messrs. J. W. Taylor, school secretary; Councilor S. B. Hunter and Rev. M. J. Macpherson. The wish was expressed that the valuable services of Miss Craig be secured for another year.

The rural mail boxes have arrived and are to be placed on the route between this place and South Tweeddale this week about forty are getting them and Daniel Urquhart, the mail contractor, begins his new duties on Saturday, June 1st.

A mission band entertainment consisting of recitations, songs and exercises by the children of the band will be given in this church on Wednesday evening.

Moncton Will Have Good Brand of Ball

No Professional Team, but Amateurs Plan to Play Classy Variety—Paving Operations are Started.

Moncton, May 27.—Though Moncton will not have a pro ball team, it will have lots of the amateur variety. Not less than four local leagues, the intermediate, the school, the inter-society, consisting of the different societies, and the inter-church. The school and the inter-church leagues each are scheduled to play 24 games; the intermediate 12 and the inter-society 12. The Pickups are so far leading in the intermediate series.

Work Commenced.

Durost Bros., of St. John, who have the contract for laying concrete sidewalks this summer, have commenced work.

The school trustees recently purchased the large residence of the late W. H. T. Sumner on the same square and adjoining the Aberdeen school, and have decided to remodel it for the purposes of manual training and household science. The trustees also decided to remodel the principal building of education for changes in the school curriculum in the direction of more practical education, suggesting an electrical course and asking the co-operation of other schools in the province. The resolution adopted by the trustees sets forth that the present curriculum is not bringing about the best results and that further technical training would be of immense advantage.

The ladies' hospital aid besides contributing much linen, last year raised about \$1500 in cash, \$1000 of which was put in the maternity ward. At the annual meeting this month, Mrs. S. L. Shannon was elected president in the place of Mrs. P. C.

Press Anticipates National Convention

Republicans Scooped by Newspaper Men—Difficulty in Choosing Candidates Leads to Three-cornered Tie.

Chicago, May 25.—The Chicago Press Club tonight "scooped" the Republican party by holding the national convention almost a month in advance of the set time for it. The convention was held in a down town theatre before a large audience. Taft, Roosevelt, LaFollette, Cannon, Champ Clark, Wilson, Hearst and even Clark's celebrated "houn' dawg" were part in the performance. The burlesque was in one act, it having been announced that the club would present "in one act the many scenes of the acts of the political leaders of the day."

The curtain rose on a convention scene with the temporary chairman, newspaper men, telegraph operators, and several delegations in their places. A few seconds later, the New York delegate entered. They carried banners inscribed "Jim J. Roosevelt Thought So, Too," and "We Are Roosevelt." The latter delegate was tied and blindfolded.

Characteristic.

Roosevelt, clad in a cowboy outfit, followed quickly. After exclaiming "Hara," he threw his hat into the air. Then he described a chalk ring on the stage and threw another hat into it. In snappy sentences he explained he was not a candidate for the nomination and that if he accepted it he would have to force himself to do so.

"I have gone all over the country trying to stop this movement," he declared.

Roosevelt having retired, LaFollette and the Wisconsin delegation appeared. After kicking Roosevelt's hat out of the ring, LaFollette announced his platform, leaving greatly on the Wisconsin income tax, which he declared, gave men with large families large tax exemptions.

"If a man has twelve children, Roosevelt pays him a bonus," said the speaker.

A message arrived for Roosevelt, and upon being asked, he decided he had been nominated so he re-entered the convention and began to thank its members for the great honor they had thrust upon him. Informed of his error, he replaced his hat in the ring and then departed.

Amid great disorder Cannon rushed into the convention, pushed the temporary chairman from the platform and took up the gavel.

"We must have harmony," he shouted, "even if we have to fight for it."

The Ohio delegation arrived with President Taft. He gave Roosevelt's hat the customary kick and made a speech.

"I am against the recall," he said. "I am especially opposed to the recall of a president after he is out of office. I find nothing in the constitution about this out cast, in agin' business, and the constitution must be preserved. I don't want to move. I hope every man who had to move will vote for me."

Champ Arrives.

Champ Clark and his "dawg" followed the next arrivals, the divided Missouri delegation. The dog kicked the hat from the ring and for the result offered several kicks from Roosevelt, who replaced the hat. Inquiry as to what Clark was doing in a Republican convention brought the reply that he wanted to obtain some pointers for the Roosevelt faction on how to run the Baltimore gathering.

Both Governor Wilson and Hearst, who appeared after Clark, knocked the hat out of the ring with the result that Roosevelt put a brick under it and later put a brick under it.

TENDERS

Tenders addressed to the undersigned at Ottawa and endorsed on the envelope "Tender for Coal for Fog Alarm Stations in Nova Scotia" will be received up to noon of Friday, SEVENTH DAY OF JUNE, 1912, for supplying and delivering the steam coal required for certain fog alarm stations in the Nova Scotia Agency, chiefly in the Bay of Fundy District, during a period of one, two or three years at the option of the Department.

Specifications and tender forms can be obtained from the Marine Department, Ottawa and from the Agencies of the Department at Halifax and St. John.

All tenders must be made on the form prepared by the Department.

Each tender must be accompanied by an accepted cheque equal to 5 per cent of the total amount of the offer for one season, which cheque will be forfeited if the successful tenderer declines to enter into the contract prepared by the Department or fails to deliver the coal in accordance with the contract and specification.

Cheques will not be returned to unsuccessful tenderers.

The Department reserves the right to accept the whole or any part of a tender.

Newspapers copying this advertisement without authority from the Department will not be held responsible.

ALEXANDER JOHNSTON, Deputy Minister of Marine and Fisheries, Department of Marine and Fisheries, Ottawa, Canada, 6th March, 1912.

MAIL CONTRACT

Sealed Tenders addressed to the Postmaster General will be received at Ottawa until noon on Friday, 25th June, 1912, for the conveyance of His Majesty's Mails on a proposed contract for four years, three times per week on a rural route from Apolauqui, New Brunswick, to commence at the pleasure of the postmaster general.

Printed notices containing further information as to conditions of proposed contract may be seen and blank forms of tender may be obtained at the post offices of Apolauqui, Erb Settlement, and at the office of the post office inspector at St. John.

G. C. ANDERSON, Superintendent, Post Office Department, Ottawa, 10th May, 1912.

WHOLESALE LIQUORS

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

Any person who is the sole holder of a family of any male over 18 years old, may homestead a quarter section of land in Ontario and in Manitoba, Saskatchewan and Alberta. The application must be made in person at the Dominion Lands Agency or Sub-agency for the district, unless the applicant is unable to appear in person, in which case a deputy or other person may be appointed by him or by his father, mother, son, daughter, brother or sister, to act in his stead.

A homesteader in good standing is entitled to a quarter section of land in any of the above provinces, provided he has been in possession of the land for a period of six months, and has cultivated five acres extra.

Must reside upon the homestead or pre-emption six months in each year from date of homestead entry (including the time required to carry homestead entry) and cultivate five acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a homestead in certain districts. Price \$5.00 per acre. A homesteader may live within five miles of his homestead on a farm of homestead price, and cultivate five acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a homestead in certain districts. Price \$5.00 per acre. A homesteader may live within five miles of his homestead on a farm of homestead price, and cultivate five acres extra.

HANDSOME FREEHOLD PROPERTY BY AUCTION.

I am instructed by the administrator of the estate of the late Howard D. Troop, to sell at public auction at Club's Corner in the City of St. John, on Saturday, the first day of June, 1912, at 12 o'clock noon, the freehold lots of land and premises situated on the south side of Orange street, in the City of St. John, being known as lots Nos. 724 and 725 on the plan of the City of St. John, each lot having a front of 40 feet more or less on the south side of Orange street, and extending back 125 feet more or less, the eastern half of lot 725 being subject to a restriction that the height of any building or structure thereon shall not be more than eight feet above the level of Orange street.

This property comprises the handsome dwelling house and premises of the late Howard D. Troop.

For further particulars apply to the administrator, J. Roy Campbell, Barnhill building, 42 Princess street, St. John, N. B.

T. T. LANTULAM, Auctioneer.

BARNHILL, EWING & SANFORD, Solicitors.

INTERCOLONIAL RAILWAY

Sale of Unclaimed Goods

There will be a sale of unclaimed goods at the Freight Shed (No. 3), St. John, N. B., on Thursday, May 30th, 1912, commencing at 10 o'clock. Catalogues can be seen at the Railway Station.

A. W. CAMPBELL, Chairman, Government Railway Management Board, Ottawa, Ont., May 14, 1912.

IN THE SUPREME COURT, KING'S BENCH DIVISION.

IN THE MATTER OF Nepsiquit Lumber Company Limited and its winding-up under the Winding-up Act and Amendment Act.

UPON application of the Liquidators of the above named Company, and reading their petition;

IT IS ORDERED that the creditors of the above named Company and all others who have claim against the same, promptly carry on to the place at Bathurst in the County of Gloucester in the Province of New Brunswick, on or before the tenth day of June A. D. 1912 to send by post prepaid to George Gilbert and Elizabeth P. Mackay, the Liquidators of the said Company at their office at Bathurst aforesaid their christian and surnames, addresses and descriptions, the full particulars of their claims and the nature and amounts of the securities, if any, held by them, and the specified value of such securities verified on oath, and in default thereof they will be peremptorily excluded from the benefits of the said Act, and of the winding-up order in this matter.

AND IT IS FURTHER ORDERED that I do appoint Friday the twelfth day of July A. D. 1912 at eleven o'clock in the forenoon at my chambers in Pusey Building in the City of St. John as the time and place for hearing the report of the Liquidators upon the claims of creditors submitted to them pursuant to this order; and let all parties then attend.

Dated the 25th day of March A. D. 1912.

(Sgd.) E. McLeod, J. S. C.

The within order to be served by sending a copy post paid to each creditor appearing on the books of the Company, and by publication in a daily newspaper published in St. John, N. B. for two months.

(Sgd.) E. McLeod, J. S. C.

ST. JOHN, N. B., TUESDAY, MAY 28, 1912.

ENDORSES PREMIER FLEMMING.

The Globe on Saturday last in discussing the coming dissolution of the Legislature and the probable result of the elections said:

"At the present moment the outlook is most favorable to the Provincial Administration; and, indeed, it is no easy matter to find any substantial reason why it should be otherwise. Without any fireworks or meteoric displays, Mr. Fleming has attended to the important duties that are entrusted to him. He has proved himself deeply interested in all those concerns of the Province which are within the control of the local Administration. He is a reasonable spirit of harmony. There is no substantial question of Liberal or Conservative in the general conditions at the present time, although it is quite natural and not unreasonable that many voters will vote according to their old attachments, and for the sake of adhering to old names." But the real issue at this moment, so far as this Province is concerned—in the confusion which has come upon the Legislature—is to deal with the question which is directly before the Province, and that is whether the public confidence should be continued to Mr. Fleming and his colleagues. He has been Premier less than a year and his record in that period is a good one."

In his manifesto Premier Fleming appeals to the whole people and not to any particular party or class for endorsement of his policy, and the indications are that a large majority of the electors of the Province will be found on the Government side on election day.

In the two constituencies at the mouth of the St. John River where a strong fight is always expected, indications are not lacking that the policy of the Government will be heartily endorsed. Neither party has as yet nominated candidates, but the popularity of the Government is a great handicap on the other party which is also disrupted by an internal feud which has been simmering for some months and has now reached the boiling point.

There is every reason why the two constituencies of St. John should elect candidates pledged to support the Fleming Government. Mr. Hazen and Mr. Fleming have done more to advance the material interests of St. John by securing the construction of the Valley Railway than any previous Administration. They have righted the wrongs of three generations of legislators and for this alone are deserving of the hearty support of every right thinking citizen. St. John has never yet proved ungrateful to those who have been its friends.

WHERE THE MONEY WENT.

That organ of party and reform, the Times, which endorses Mr. Copp and defends the old Government's failure to collect nearly a million dollars honestly due the Province for stumpage on lumber cut on the Public Domain, during the last ten years were in power, says last night: "And will expend the same prudently and economically," says Mr. Fleming in his manifesto. "For further particulars see that \$56,000 deficit."

Here is the explanation of the \$56,000 deficit as told by Mr. Fleming in his manifesto to the people. The Times will observe that Mr. Fleming has no apology to make for the over-expenditure of last year to put the bridges of the Province in a safe condition. That such enormous expenditures were necessary was not the fault of Mr. Fleming or his Government. The responsibility belongs to the old Government. Here is what Mr. Fleming says:

"We have increased the expenditure on roads and bridges during the past four years and have been subject to severe criticism by the Opposition on account of our increased expenditures. That we have increased the expenditure very greatly for the ordinary bridge service of the Province is true, the figures for this service being as follows:

Expenditure 1905, ordinary bridges	\$ 50,758.48
Expenditure 1906, ordinary bridges	56,401.54
Expenditure 1907, ordinary bridges	95,419.34
Total for 3 years of old Administration	\$262,579.36
Expenditure 1909, ordinary bridges	153,974.40
Expenditure 1910, ordinary bridges	182,268.18
Expenditure 1911, ordinary bridges	235,315.51

Total for 3 years of present Administration..... \$551,555.09

"I have no apology to make for this increased expenditure. We found the bridges of the Province in a rotten, neglected condition, and we have spent freely in endeavoring to give the people the bridges that they required. We have also built bridges of a more permanent character than was done formerly; many of our bridges paid for out of ordinary revenue are permanent bridges and will stand for a generation. We have provided as generously as possible for the road service and I deeply regret the action of the Senate of Canada in rejecting the bill whereby this Province would have received \$50,000 from the Federal treasury to go upon the roads this present season."

This statement shows that the present Government spent \$288,976 more on the roads and bridges in three years than the old Government did. More than that the whole expenditure for this purpose has been met out of current revenue and not added to the public debt.

SYNDICALISM.

Syndicalism, which loomed up in the recent coal strike in England, and in the Lawrence strike in the United States, is meeting with strong opposition from the Socialists as altogether contrary to their plan of campaign. The conquest of political power as the line of economic revolution has been the foundation upon which Socialists parties all over the world have been built up. The syndicalist theory, on the other hand, stands for the capture of the industries of the earth by the working class acting through the unions. Not ballots, but the general strike as the highest form of "direct action," supplemented by such minor forms of warfare as sabotage and the boycott, are to overthrow the present social structure.

The syndicalist philosophy of "direct action" has recently been summed up as follows:

"Fellow-workers, you want an eight-hour day? Well, take it, and when you come back the next morning, tell the master you were on strike four hours yesterday. You want to get possession of the instruments of pro-

duction? You are in possession already—all you have to do is to declare that you own the factory in which you work. If the master protests, lock him out. You say you don't get the full product of your toil? Get it, do only as much work as you are paid for, and go slow the rest of the time. You say the machinery ruins your health? Ruin the machinery for a while. You say you are treated like dirt? Put some dirt into the product."

Against this beautifully simple gospel of force, as the New York Post terms it, can be put the resolution adopted by the recent National Socialist Convention at Indianapolis, which declares in clear-cut terms that the repudiation of political action and the advocacy of sabotage, or any other form of violence, shall constitute a cause for expulsion from the ranks of the Socialist party.

Already the Syndicalist movement is on the decline in France, where its ideas were first developed. In the hands of the French thinkers, Syndicalism has been becoming anti-democratic, and is thus sapping the very foundations of the political power of the workingmen. Mr. Philip Snowden, who is one of the leaders of the Labor party in the British House of Commons, declared only the other day that "the partial conquest of political power which the workers have made has done more for them in six years than all the strikes they have ever waged or ever will wage."

But more to the point is his sharp retort to the Syndicalist boast that the recent railway strike and the coal strike have demonstrated the superiority of "direct action" over parliamentary action. It is quite the other way says Mr. Snowden: "Both the railway and the miners' strike were failures as strikes. Both were converted into successes solely by the interference of the State, the very power which the men had scorned and rejected. If the employers and the men had been allowed to fight it out without interference, the men would have been 'abjectly beaten.'"

THAT "HUNGRY HORDE" OF LAWYERS.

A few days ago the Telegraph published a long and, as usual, strictly inaccurate statement concerning the cost of criminal prosecutions under the old Government as compared with the expenditures by the present Administration. If there is one department in which the Hazen-Fleming Government have succeeded in cutting down expenditures it is in the cost of criminal prosecutions.

Under the old regime the Attorney General only on very rare occasions appeared in court to prosecute a criminal case and the Solicitor General seemed to require all his time for the conduct of his private practice. The following comparative statement, from the reports of the Auditor General, shows the cost of legal business of the Province in the years mentioned:

	Old Government.		Present Government.		
Attorney General		Solicitor General			
1905	\$10,289.24	\$2,357.50	\$1,627.13	\$14,272.87	
1906	6,234.42	3,418.86	1,657.38	11,610.66	
1907	6,907.45	3,785.62	3,083.66	13,776.73	
				\$39,661.26	
				Present Government	
1909		\$5,908.66	\$2,487.00	\$1,930.08	\$8,325.74
1910		4,487.95	2,436.70	1,001.20	7,955.85
1911		2,885.56	1,903.00	1,058.75	5,847.31

Total, \$22,128.90

This shows a reduction of \$17,532.56 in favor of the present Administration in three years as compared with the expenditures of the last three years of the old regime. Going back still further it will be seen that there is even a stronger comparison in favor of the present Government.

In 1903 the cost of criminal prosecutions alone was \$2,357.50 and in 1904 \$2,357.50. The figures for 1908 are not given as that was the year the Government changed, but it may be remarked that in 1907 it cost the country \$3,083.66 for 22 criminal prosecutions, while in 1909, under the present Administration, the same number of prosecutions cost only \$1,930.

The Telegraph should not attempt to impose its untruthful figures on the public, and should remember that Mr. Copp was one of the "hungry horde" who conducted criminal prosecutions for the old Government, for which he was paid.

The Telegraph and Times complain that the Government in order to make the bridges of the country safe to travel over, over-expended \$56,000. The Telegraph forgets that it took \$591,000 in 1901 and 1902 to give the old Government a clean sheet. The whole amount of the Eastern Extension, \$280,292, and bond issues totalling \$310,000 were added to pay off the over-expenditures of the Administration of which Mr. Copp speaks so respectfully.

The Times thinks that the fisheries claims of the Province against the Dominion Government. Mr. Robinson when urging the Government to press for their settlement stated that one of them amounted to over \$100,000 and was a just claim. There are many things in Provincial politics of which the Times is densely ignorant.

Mr. John T. Hawke, editor of the Moncton Transcript, has not yet endorsed the nomination of Mayor Robinson as the Liberal candidate in Moncton, and that gentleman will evidently have to depend on his own exertions to get into the Legislature. John T.'s feelings have been trampled upon again and there are no leaves and fishes in sight to console him.

The Globe does not seem to take Mr. Copp at all seriously. Referring to the Opposition last evening the Globe says: "So far the Opposition to the legislation of the present Administration seems to be without shape, and the criticism of it is limited to comparatively indefinite matters."

Mr. Copp and his candidates will have some difficulty in explaining why the Senate of Canada with the endorsement of Sir Wilfrid Laurier, threw out Mr. Borden's Good Roads Bill and prevented the Dominion Government from granting \$50,000 towards the improvement of the roads of New Brunswick.

The delegates selected at the Government Primaries last week will meet tonight to nominate candidates for St. John city.

A COLLEGE WHEELS

This is Virtually what the Better Farming Special Amounts to — Practical Knowledge for Farmers.

For the last 25 years experimental farms in all parts of the world have been trying to solve problems in regard to the soil, seeds, crops, animal life and the manufacture of farm products.

While much yet remains to be learned many things have been learned and proved.

With the assistance of the Canadian Pacific and Intercolonial railways, the New Brunswick department of agriculture is endeavoring to bring within reach of every farmer in the province useful and practical information by means of a thoroughly equipped train which will make stops at 52 different places through the province.

On this train will be exhibited illustrating dairy and beef cattle, poultry and poultry appliances, soils and drainage, farm crops, weeds and weed seeds, dairy appliances including facilities for cow testing and milk testing, home butter making, etc., insects injurious to fruits and crops, with full information regarding the dreaded Brown Tail Moth, fruit growing and horticultural work, including spraying outfits and spray mixtures.

These exhibits will be so arranged that visitors may pass from one end of the train to the other and discuss with the instructors in charge of each department as they move along the various details upon which they desire information.

In the live stock car will be found two dairy cows of certain types, with their respective milk records upon a wall card above them. There will also be two cows of the type which produces a good milk yield and is at the same time capable of throwing a calf that will make a good beef carcass; and lastly, there will be a steer raised from such a cow.

Different types of poultry will also be found in this car, and actual illustrations as well as models of various poultry appliances.

Professor Barton, professor of animal husbandry at Macdonald College, will have charge of the cattle demonstrations and lectures, and Professor Jull, Macdonald College, and Seth Jones, provincial poultry superintendent, Sussex, N. B., will demonstrate all lines of poultry work.

An exhibit demonstrating the importance of drainage and cultivation of soils will be in charge of Professor Lynde of Macdonald College.

The essentials to success in crop growing will be explained by exhibits of seeds, fertilizers, samples of cereals and other plants. Professor Carter, Macdonald College, will be in charge of the exhibits, and Professor Blair will give special attention to the problems of potato growing.

The dairy branch will be fitted with all appliances for cow testing and milk testing. This branch will be in charge of H. N. Fiewelling, Sussex, N. B., acting provincial dairy superintendent, and the manufacturing part of this subject will be discussed by C. W. Macdonald, dairy superintendent, Sussex, N. B., who will have an outfit for home butter-making, etc.

Fruit growing in its different branches will be demonstrated by exhibits of nursery trees, orchard appliances, including sprayer pumps, spraying mixtures, fruit packages, etc., and will be in charge of Professor Blair and S. L. Peters, Dominion Fruit Inspector for New Brunswick. Officials of the Provincial Fruit Branch will also be in attendance.

Injurious insects, their prevention and destruction, will be the subject of an extensive exhibit of mounted insects and the means used to fight them. Professor Lochhead, Macdonald College, and Wm. McIntosh, St. John, N. B., acting provincial entomologist, will have charge of this branch. Mr. McIntosh will give special attention to conditions regarding the Brown Tail Moth.

When the train arrives the first hour of the stop will be devoted to an examination of the exhibits. Visitors are requested to enter at the forward end of the train and pass through the exhibits towards the passenger coaches, stopping to gather all the information they may desire from the officials in charge of each section.

At the expiration of the hour lectures upon different subjects of twenty minutes each will be given in the passenger coaches or in the open air. The train is expected to arrive and depart promptly on the minute designated, and visitors are requested by their promptness in arriving and departure to facilitate the work of the train.

Where schools are located within reach of the train an invitation is extended to the principal to bring the pupils, and a special list will be given them on nature study and insect life.

Visitors are especially invited to come and take advantage of the information to be given on poultry and dairy subjects.

The schedule of stops for this interesting train will be found in the advertising columns of this paper.

ST. JOHN, N. B., TUESDAY, MAY 28, 1912.

ENDORSES PREMIER FLEMMING.

The Globe on Saturday last in discussing the coming election of the Legislature and the probable result of the elections said:

"At the present moment the outlook is most favorable to the Provincial Administration; and, indeed, it is no easy matter to find any substantial reason why it should be otherwise. Without any fireworks or meteoric displays, Mr. Fleming has attended to the important duties that are entrusted to him. He has proved himself deeply interested in all those concerns of the Province which are within the control of the local Administration, and he seems to have a Cabinet in which there is a reasonable spirit of harmony. There is no substantial question of Liberal or Conservative in the general conditions at the present time, although it is quite natural and not unreasonable that many voters will vote according to their old attachments, and for the sake of adhering to old names. But the real issue at this moment, so far as this Province is concerned—in the confusion which has come upon the Legislature—is to deal with the question which is directly before the Province, and that is whether the public confidence should be continued to Mr. Fleming and his colleagues. He has been Premier less than a year and his record in that period is a good one."

In his manifesto Premier Fleming appeals to the whole people and not to any particular party or class for endorsement of his policy, and the indications are that a large majority of the electors of the Province will be found on the Government side on election day.

In the two constituencies at the mouth of the St. John river where a strong fight is always expected, indications are not lacking that the policy of the Government will be heartily endorsed. Neither party has as yet nominated candidates, but the popularity of the Government is a great handicap on the other party which is also disrupted by an internal feud which has been simmering for some months and has now reached the boiling point.

There is every reason why the two constituencies of St. John should elect candidates pledged to support the Fleming Government. Mr. Hazen and Mr. Fleming have done more to advance the material interests of St. John by securing the construction of the Valley Hall way than any previous Administration. They have righted the wrongs of three generations of legislators and for this alone are deserving of the hearty support of every right thinking citizen. St. John has never yet proved ungrateful to those who have been its friends.

WHERE THE MONEY WENT.

That organ of purity and reform, the Times, which endorses Mr. Copp and defends the old Government's failure to collect nearly a million dollars honestly due the Province for stumpage on lumber cut on the Public Domain during the last ten years were in power, at last night. "And will expend the same prudently and economically," says Mr. Fleming in his manifesto. "For further particulars see that \$50,000 deficit."

Here is the explanation of the \$50,000 deficit as told by Mr. Fleming in his manifesto to the people. The Times will observe that Mr. Fleming has no apology to make for the over-expenditure of last year to put the bridges of the Province in a safe condition. That such enormous expenditures were necessary was not the fault of Mr. Fleming or his Government. The responsibility belongs to the old Government. Here is what Mr. Fleming says:

"We have increased the expenditure on roads and bridges during the past four years and have been subject to severe criticism by the Opposition on account of our increased expenditures. That we have increased the expenditure very greatly for the ordinary bridge service of the Province is true, the figures for this service being as follows:

Expenditure 1905, ordinary bridges ..	\$ 80,758.48
Expenditure 1906, ordinary bridges ..	86,401.54
Expenditure 1907, ordinary bridges ..	85,419.34
Total for 3 years of old Administration	\$262,579.36
Expenditure 1909, ordinary bridges ..	153,973.40
Expenditure 1910, ordinary bridges ..	182,206.18
Expenditure 1911, ordinary bridges ..	235,315.51

Total for 3 years of present Administration

"I have no apology to make for this increased expenditure. We found the bridges of the Province in a rotten, neglected condition, and we have spent freely in endeavoring to give the people the bridges that they require. We have also built bridges of a more permanent character than was done formerly; many of our bridges paid for out of ordinary revenue are permanent bridges and will stand for a generation. We have provided as generously as possible for the road service and I deeply regret the action of the Senate of Canada in rejecting the bill whereby this Province would have received \$50,000 from the Federal treasury to go upon the roads this present season."

This statement shows that the present Government spent \$285,976 more on the roads and bridges in three years than the old Government did. More than that the whole expenditure for this purpose has been met out of current revenue and not added to the public debt.

SYNDICALISM.

Syndicalism, which loomed up in the recent coal strike in England, and in the Lawrence strike in the United States, is meeting with strong opposition from the Socialists as altogether contrary to their plan of campaign. The conquest of political power as the line of economic revolution has been the foundation upon which Socialist parties all over the world have been built up. The Syndicalist theory, on the other hand, stands for the capture of the industries of the earth by the working class acting through the unions. Not ballots, but the general strike, as the highest form of "direct action," supplemented by such minor forms of warfare as sabotage and the boycott are to overthrow the present social structure.

The Syndicalist philosophy of "direct action" has recently been summed up as follows:

"Fellow-workers, you want an eight-hour day? Well, take it, and when you come back the next morning, tell the master you were on strike four hours yesterday. You want to get possession of the instruments of pro-

duction? You are in possession already—all you have to do is to declare that you own the factory in which you work. If the master protests, lock him out. You say you don't get the full product of your toil? Get it, do only as much work as you are paid for, and go slow the rest of the time. You say the machinery ruins your health? Ruin the machinery for a while. You say you are treated like dirt? Put some dirt into the product."

Against this beautifully simple gospel of force, as the New York Post terms it, can be put the resolution adopted by the recent National Socialist Convention at Indianapolis, which declares in clear-cut terms that the repudiation of political action and the advocacy of sabotage, or any other form of violence, shall constitute a cause for expulsion from the ranks of the Socialist party.

Already the Syndicalist movement is on the decline in France, where its ideas were first developed. In the hands of the French thinkers, Syndicalism has been becoming anti-democratic, and is thus sapping the very foundations of the political power of the workingmen. Mr. Philip Snowden, who is one of the leaders of the Labor party in the British House of Commons, declared one day that "the partial conquest of political power which the workers have made has done more for them in six years than all the strikes they have ever waged or ever will wage."

But more to the point is his sharp retort to the Syndicalist boast that the recent railway strike and the coal strike have demonstrated the superiority of "direct action" over parliamentary action. It is quite the other way says Mr. Snowden: "Both the railway and the miners' strike were failures as strikes. Both were converted into successes solely by the interference of the State, the very power which the men had scorned and rejected. If the employers and the men had been allowed to fight it out without interference, the men would have been 'subjectly beaten.'"

THAT "HUNGRY HORDE" OF LAWYERS.

A few days ago the Telegraph published a long and, as usual, strictly inaccurate statement concerning the cost of criminal prosecutions under the old Government as compared with the expenditures by the present Administration. If there is one department in which the Hazen-Fleming Government has succeeded in cutting down expenditures it is in the cost of criminal prosecutions.

Under the old regime the Attorney General only on very rare occasions appeared in court to prosecute a criminal case and the Solicitor General seemed to require all his time for the conduct of his private practice. The following comparative statement, from the reports of the Auditor General, shows the cost of legal business of the Province in the years mentioned:

Old Government.		Present Government	
Year	Total	Year	Total
1905	\$10,289.24	1909	\$3,908.66
1906	6,524.42	1910	4,497.95
1907	6,967.45	1911	2,885.56
			\$22,128.90

This shows a reduction of \$17,522.36 in favor of the present Administration in three years as compared with the expenditures of the last three years of the old regime. Going back still further it will be seen that there is even a stronger comparison in favor of the present Government. In 1903 the cost of criminal prosecutions alone was \$2,737.37 and in 1904 \$2,375.72. The figures for 1908 are not given as that was the year the Government changed, but it may be remarked that in 1907 it cost the country \$3,083 for 22 criminal prosecutions, while in 1909, under the present Administration, the same number of prosecutions cost only \$1,930.

The Telegraph should not attempt to impose its untruthful figures on the public, and should remember that Mr. Copp was one of the "hungry horde" who conducted criminal prosecutions for the old Government, for which he was paid.

The Telegraph and Times complain that the Government in order to make the bridges of the country safe to travel over, over-expended \$50,000. The Telegraph forgets that it took \$501,000 in 1901 and 1902 to give the old Government a clean sheet. The whole amount of the Eastern Extension, \$280,292, and bond issues totalling \$310,000 were added to pay off the over-expenditures of the Administration of which Mr. Copp speaks so respectfully.

The Times thinks that the fisheries claims of the Province against the Dominion are unimportant. Mr. Robinson when urging the Government to press for their settlement stated that one of them amounted to over \$100,000 and was a just claim. There are many things in Provincial politics of which the Times is densely ignorant.

Mr. John T. Hawke, editor of the Moncton Transcript, has not yet endorsed the nomination of Mayor Robinson as the Liberal candidate in Moncton, and that gentleman will evidently have to depend on his own exertions to get into the Legislature. John T.'s feelings have been trampled upon again and there are no leavens and fishes in sight to console him.

The Globe does not seem to take Mr. Copp at all seriously. Referring to the Opposition last evening the Globe says: "So far the Opposition to the legislation of the present Administration seems to be without shape, and the criticism of it is limited to comparatively indefinite matters."

Mr. Copp and his candidates will have some difficulty in explaining why the Senate of Canada with the endorsement of Sir Wilfrid Laurier, threw out Mr. Borden's Good Roads Bill and prevented the Dominion Government from granting \$50,000 towards the improvement of the roads of New Brunswick.

The delegates selected at the Government Primaries last week will meet tonight to nominate candidates for St. John city.

Current Comment

(London Free Press.)

To be able to read and write has been proposed as a test for immigrants coming into the United States. The feasibility of this as a final test is laid here by Congressman Sulzer, who says he never knew a crook yet that could not read and write.

(London Standard.)

The tiger came toward me, bellowing and grunting, and when he got opposite the screen he gave one of those fearful coughs which only a man who has been close to such a beast can appreciate. It was eleven feet long.

A COLLEGE ON WHEELS

This is Virtually what the Better Farming Special Amounts to — Practical Knowledge for Farmers.

For the last 25 years experimental farms in all parts of the world have been trying to solve problems in regard to the soil, seeds, crops, animal life and the manufacture of farm products.

While much yet remains to be learned many things have been learned and proved.

With the assistance of the Canadian Pacific and Intercolonial railways, the New Brunswick department of agriculture is endeavoring to bring within reach of every farmer in the province useful and practical information by means of a thoroughly equipped train which will make stops at 53 different places through the province.

On this train will be exhibited illustrating dairy and beef cattle, poultry and poultry appliances, soils and drainage, farm crops, weeds and weed seeds, dairy appliances including facilities for cow testing and milk testing, home butter making, etc., insects injurious to fruits and crops, with full information regarding the dreaded Brown Tail Moth, fruit growing and horticultural work, including spraying outfits and spray mixtures.

These exhibits will be so arranged that visitors may pass from one end of the train to the other and discuss with the instructors in charge of each department as they move along the various details upon which they desire information.

In the live stock car will be found two dairy cows of certain types, with their respective milk records upon a wall card above them. There will also be two cows of the type which produces a good milk yield and is at the same time capable of throwing a calf that will make a good beef carcass; and lastly, there will be a steer raised from such a cow.

Different types of poultry will also be found in this car, with actual illustrations as well as models of various poultry appliances.

Professor Barton, professor of animal husbandry at Macdonald College, will have charge of the cattle demonstrations and lectures, and Professor Jones, provincial poultry superintendent, Sussex, N. B., will demonstrate and discuss all lines of poultry work.

An exhibit demonstrating the importance of drainage and cultivation of soils will be in charge of Professor Lynde of Macdonald College.

The essentials to success in crop growing will be explained by exhibits of seeds, fertilizers, samples of cereals and other plant material.

Macdonald College, will be in charge of this branch, and Professor Blair will have charge of the problems of potato growing.

The dairy branch will be fitted with all the latest apparatus for cow testing and milk testing. This branch will be in charge of H. N. Flowering, Sussex, N. B., in charge of cow testing in New Brunswick, and the manufacturing part of this subject will be discussed by C. W. McDougall, dairy superintendent, Sussex, N. B., who will have an outfit for home butter-making, etc.

Fruit growing in its different branches will be demonstrated by exhibits of nursery trees, orchard appliances, including spray pumps, spraying mixtures, fruit packages, etc., and will be in charge of Professor Blair and S. L. Peters, Dominion Fruit Inspector for New Brunswick. Officially of the Provincial Fruit Branch will also be in attendance at various times.

Insect pests, their prevention and destruction, will be the subject of an extensive exhibit of mounted insects and the means used to fight them. Professor Lechhead, Macdonald College, and Wm. McIntosh, St. John, N. B., acting provincial entomologist, will have charge of this branch. Mr. McIntosh will give special attention to explanations regarding Insect Spraying.

When the train arrives the first hour of the stop will be devoted to an examination of the exhibits. Visitors are requested to enter at the forward end of the train and pass through the baggage cars towards the passenger coaches or in the open air. Their promptness in arriving and departure to facilitate the work of the train.

Where schools are located within reach of the train an invitation is extended to the principal to bring the pupils, and a special talk will be given them on nature study and insect life.

Ladies are especially invited to come and take advantage of the information to be given on poultry and dairy subjects.

An exhibit of stops for this interesting train will be found in the advertising columns of this paper.

Grocers are firm friends of Windsor Table Salt. They like to sell it, because it is pure and good for man and good for the grocer for his best salt, and he will give you Windsor Salt every time. Not because it costs more—of that we don't know—but because the grocer knows that Windsor Table Salt pleases their customers.

LOCAL PLAYERS MADE HIT MEN AND WOMEN

Production Under Auspices of L. I. and B. One of Finest Seen in City in Recent Years.

'Men and Women' was given a fine presentation in the Opera House last evening. The play was under the auspices of the L. I. and B. Society, and drew a large audience.

The story centres around a defaulting bank cashier, through whose appropriation of funds the failure of the institution, already begun by a Wall Street panic, is accelerated.

The third act furnishes what is undoubtedly the strongest situation of the play, and served best to test the calibre of those cast in the scene.

Among the male characters, the heaviest share of the work fell to Mr. Ryan, as the governor of Arkansas.

Automobile Burned. F. G. Spencer's fine touring car was burnt by fire on Sunday evening.

Police Court. In the police court yesterday morning the preliminary examination of James Carrington was held.

Queens County Convention. Gagetown, May 27.—The provincial government supporters in Queens county will hold their convention in Gagetown on Monday, June 3rd.

The Death Roll. Chatham, May 27.—Truman Williston, son of James Williston, of Bay du Vin, died at the Hotel Dieu this morning after a brief illness.

Childrens Chest Troubles Nurse Carrington Says Her Long Experience Proves the Safest Remedy is to RUB ON NERVINE!

Every mother knows how difficult it is to get a young child to take a mixture. Seldom will one help unless given in large doses, and the result is to completely upset the stomach and make the child sick.

Proposed to Sunday Trains. Chatham, May 27.—At a meeting held in St. Luke's church last evening a strong resolution was passed protesting against the proposed increase of a Sunday train service on the L. I.

Committed to Trial. Moncton, May 27.—George R. Willamson, charged with obtaining goods under false pretences from the firm of James Doyle & Sons, has been committed for trial and admitted to bail in \$400.

May Bring Logs to St. John. Fredericton, May 27.—It is stated that the parties recently purchasing the Gibson property intend to cut the Nashwan to St. John to be manufactured into pulp in the Partridge mill.

WOMAN'S MOST SUCCESSFUL MEDICINE

Known All Over The World—Known Only For The Good It Has Done.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the good it has been doing among suffering women for the past 30 years.

Fox Creek, N. B.—'I have always had pains in the abdomen and a weak stomach and often after meals a soreness in my stomach. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better and I can work with ambition. I have encouraged many mothers of families to take it as it is the best remedy in the world. You can publish this in the papers.'—Mrs. WILLIAM S. BOUGHNER, Fox Creek, N. B.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of whom state that it has saved them from surgical operations.

Dickson, Halifax; Mrs. Chandler C. Alexander, St. George.

Health and Beauty Answers BY MRS. MAE MARTIN. Victoria: No soap of no kind in any form should be used as a shampoo. All soap contains free alkali, which is too strong for the hair. It makes the hair soft, because it dries, dries, dries and dries. A perfect and very simple lotion will prevent this. Dissolve one teaspoonful of castor oil in a cup of hot water and add a few drops of lemon juice. This will clean the hair and give it a soft, smooth, healthy look. It does not show or rub off like powder and is unequalled for skin-whitening and complexion-beautifying. It is especially good for cold sores and preventing chapping.

Little F. I would not advise you to try any of those cheaply made skin lotions. At best part of them are nothing but worthless fakes. If you want a safe, reliable, that will give splendid results, dissolve a little of the above in a pint of hot water and take a tablespoonful before meals. This remedy removes excess fat rapidly without dieting or fatiguing exercises, and is absolutely harmless, also inexpensive, it leaves the skin smooth and unchapped.

Hattie: The formula for that popular French hair-growth you speak of is as follows: Mix together a pint alcohol by cold water and 1 ounce quinine. Make it up in a bottle and use it as follows: Take a week and you will soon notice your hair getting thicker, longer and more silky and healthy. This quinine tonic is an unfailing remedy for dandruff, itching and itching scalp. It is good for both light and dark hair.

Emma S.: To make your eyes clear and bright, use the following: Dissolve an ounce of erythrin in a pint of water and put a few drops in each eye twice a day. This tonic is very soothing and strengthening and will rid your eyes of all dandruff and irritation and make them strong and healthy. A prescription of erythrin tonic is that it uses this tonic with remarkable success. A prescription of erythrin tonic is that it uses this tonic with remarkable success. A prescription of erythrin tonic is that it uses this tonic with remarkable success.

THE STOCK MARKETS--FINANCIAL NEWS--ST. JOHN

NOVA SCOTIA CAR WORKS
1st PREFERRED STOCK AS AN INVESTMENT
No bonds have been issued or authorized.

The Company has ample orders on its books to keep the plant in full operation until the end of this year.
The demand for freight cars is constantly increasing. One of the leading transportation experts of this continent is of the opinion that the railways of Canada in the near future will require more than 200,000 cars. The present number is 10,000. Thus a steady market for the Company's output is assured.

SOX MUST LOOK GOOD TO CALLAHAN WHEN COLLINS IS KEPT ON THE BENCH

JACK COLLINS

H.R. 5
3 B. 2
2 B. 4
1 B. 10

The Chicago White Sox are playing ball with a team that looks so good to Manager Jim Callahan that he can afford to keep on the bench, Jack Collins, who in the last six games on the training trip made 21 hits—five home runs, two three base hits, four doubles and ten singles.

Collins, whose manager call him "Sandy" for some mysterious and, to the reader, an entirely unimportant reason, was with the Sox last season, participating in more than 100 games and finishing with a batting average of .262, which would not indicate that he was a demon hitter.

BASE BALL WITH THE BIG LEAGUES

THE NEW BRUNSWICK FARM SYNDICATE

One Hundred Dollars Alone Has No Weight Behind It. Four Hundred and Fifty Men, Each With One Hundred Dollars Per Year for Investment, Wield a Purchasing Power Which Can Dictate Its Own Terms

HERE IS EXACTLY WHAT WE ARE DOING

We Are Getting Together Four Hundred and Fifty Men Who Can Each Afford to Invest One Hundred Dollars Immediately, and One Hundred Dollars on the First Day of June in Each Year for Three Years

With This Financial Force We Intend to Carry Through One of the Biggest and Most Profitable Land Transactions in the History of Manitoba.

The purchase of eighteen hundred acres of land, right in the path of development, and only nine miles West of the City of Winnipeg, will be exceedingly profitable to each man who goes into the syndicate.

THIS PROPERTY IS IN FUTURE TO BE KNOWN AS "THE NEW BRUNSWICK FARM"

This is a tried out venture, which **ALREADY YIELDS A HANDSOME DIVIDEND** on the purchase price.

We are absolutely confident that every subscriber to this syndicate will have doubled his money in two years.

Imagine eighteen hundred acres of level prairie in one solid block, every acre under cultivation, so large that it has taken over thirty miles of wire to fence in.

On the property, in a group, are the buildings consisting of Three Residences, Enormous Stables, Blacksmith Shop, Machinery Halls, Cold Storage Buildings, Chicken Houses, Piggeries, Three Windmills and all usual outbuildings.

Last Year the Earnings of the Farm Were in Excess of Twenty Thousand Dollars

The purchaser of shares in this syndicate will receive his profit from the operation of the farm, and from the re-sale of the property in smaller portions of one hundred and sixty acres each. The syndicate is buying at a wholesale price of One Hundred Dollars per acre, or One Hundred and Eighty Thousand Dollars in all, and can immediately cut the property up into readily saleable quarter sections, which can be sold with ease at One Hundred and Twenty-five Dollars per acre, which represents an immediate profit of Twenty-five Dollars per acre, or Forty-five Thousand Dollars in all.

The new C. P. R. yards at Bergen, the western end of the Winnipeg "cut-off," will within the next six months jump the price of all the land in this neighborhood. Land at North Transcona, the eastern end of the "cut-off," has doubled and trebled in value within the past two months. Property in the vicinity of Bergen and Rosser is bound to be just as valuable as soon as the western end of this work begins.

Land immediately West of Winnipeg, which we could have bought four years ago at one hundred dollars per acre, cannot be purchased today for one thousand dollars per acre.

If Winnipeg grows as rapidly within the next few years as it has in the past, our syndicate will have a property the sale of which will show an enormous return on each syndicate share, if held intact.

We must make money for our clients if we are to remain in business, and we are so sure of this proposition that we intend to take over, and pay for, as an investment for our company every unsubscribed share in this syndicate.

The purchaser of one share in this syndicate is on the same footing as the man who buys one hundred shares.

WE ARE PAYING THE EXPENSES OF ORGANIZATION, ADVERTISING, AND ARE PLACING THE SERVICES OF OUR LEGAL AND VALUATION DEPARTMENTS AT YOUR SERVICE WITHOUT THE EXPENDITURE OF ONE DOLLAR OF YOUR MONEY ON ANYTHING BUT THE ACTUAL PRICE OF THE LAND.

We intend to do a big business in New Brunswick and are charging all expenses in connection with this proposition to our advertising account. When we make some money for you on this deal we hope you will let us look after your future western investments.

The syndicate consists of Four Hundred and Fifty Shares of Four Hundred Dollars each, payable:

- ONE HUNDRED DOLLARS (\$100.00) WITH APPLICATION**
- ONE HUNDRED DOLLARS (\$100.00) ON THE FIRST DAY OF JUNE, 1913**
- ONE HUNDRED DOLLARS (\$100.00) ON THE FIRST DAY OF JUNE, 1914**
- ONE HUNDRED DOLLARS (\$100.00) ON THE FIRST DAY OF JUNE, 1915**

With Interest on the Unpaid Balances at the Rate of Six Per Cent. per Annum.

The syndicate books close June 1st, and all applications must be in our office on or before that date.

REMEMBER THE BOOKS OF THIS SYNDICATE CLOSE ON JUNE 1ST ON WHICH DATE WE COMPLETE THE PURCHASE OF THE PROPERTY. TO SHARE IN THE SYNDICATE YOUR APPLICATION ACCOMPANIED BY CHEQUE OR DRAFT, MUST REACH THIS OFFICE BY THAT DATE.

THE NEW BRUNSWICK FARM SYNDICATE
 H. F. Gordon & Co., Ltd., 406 McArthur Building Winnipeg, Man.
 Dear Sirs:—
 I hereby apply for . . . shares in the "NEW BRUNSWICK FARM SYNDICATE," value, Four Hundred Dollars (\$400.00) per share; payable One Hundred Dollars (\$100.00) with application, One Hundred Dollars (\$100.00) on the first day of June in each of the years 1913, 1914, 1915, with interest at six per cent. per annum, on unpaid balance and I appoint the firm of H. F. Gordon & Company, Limited, as my Agents to act for me in all matters pertaining to the syndicate, pending the incorporation of a Company, whose business it will be to care for the syndicate's interest in proper legal manner.

Last Special Vote Offers OF THE GREAT \$6000 CAMPAIGN

The Last Special Vote Offer in the Standard's Great \$6,000 Campaign is Hereby Announced. Be Sure to Read it Carefully.

IT IS POSITIVELY YOUR LAST CHANCE TO SECURE EXTRA VOTES

We will allow triple votes between the dates of Monday, May 27 and Tuesday, June 4, inclusive, on all subscriptions and we will allow double votes on all subscriptions turned in the last four days of the campaign, June 5 to June 8, inclusive.

The Schedule of Votes Allowed on Subscriptions is as Follows:

VOTES ALLOWED ON ALL SUBSCRIPTIONS BETWEEN THE DATES OF MONDAY, MAY 27, AND TUESDAY, JUNE 4, INCLUSIVE.

The St. John Standard			
	Price By Carrier	Price By Mail	Votes Allowed
Three Months	\$ 1.25	-----	600
Six Months	2.50	\$1.50	1,500
One Year	5.00	3.00	3,600
Two Years	10.00	6.00	9,000

Semi-Weekly Standard		
	By Mail	Votes Allowed
One Year	\$1.00	450
Two Years	2.00	1,200

VOTES ALLOWED ON ALL SUBSCRIPTIONS BETWEEN THE DATES OF WEDNESDAY, JUNE 5, AND SATURDAY, JUNE 8, INCLUSIVE.

The St. John Standard			
	Price By Carrier	Price By Mail	Votes Allowed
Three Months	\$1.25	-----	400
Six Months	2.50	\$1.50	1,000
One Year	5.00	3.00	2,400
Two Years	10.00	6.00	6,000

Semi-Weekly Standard		
	By Mail	Votes Allowed
One Year	\$1.00	300
Two Years	2.00	800

These are positively the last special vote offers to be made in this campaign. Those who fail to take advantage of them are jeopardizing their chance of winning one of the Ford Cars, one of the \$400 Willis Pianos, one of the Diamond Rings or one of the Gold Watches. It will be advisable to turn in every available subscription during the coming week and take advantage of the triple votes allowed on subscriptions. The triple vote offer closes Tuesday, June 4. The double vote offer closes the last day of the campaign, Saturday, June 8.

As before, you do not have to publish votes issued on subscriptions but may hold them back until the last day of the campaign, June 8. Get your orders in promptly. A few thousand votes may win one of the Ford Cars or one of the twenty-four other prizes. For particulars be sure to read the write-up in The Standard.

Tell Your Friends It's Now or Never MAKE IT NOW!

THE WEATHER

Toronto, May 27.—The western disturbance is now centered in Dakota and is spreading towards the Great Lakes. Showers and thunder storms have been almost general today in the eastern provinces and also in Upper Ontario, while from Lake Ontario eastward the weather has been fine and warm.

Minimum and maximum temperatures—Victoria 50, 62; Vancouver, 50, 62; Kamloops 50, 70; Edmonton, 52, 68; Calgary 48, 60; Prince Albert, 52, 75; Moosejaw, 55, 71; Winnipeg, 60, 78; Port Arthur 48, 68; Parry Sound 48, 70; London 52, 75; Toronto 49, 65; Ottawa 52, 75; Montreal 56, 76; Quebec 52, 78; St. John 46, 62; Halifax 40, 80.

Lower Lawrence and Gulf—South-westerly winds, warm and unsettled, with local showers.

Maritime—Fresh southwest winds, mostly fair and warm, with a few scattered thunder storms.

AROUND THE CITY

Fishermen Doing Well.

A large number of fishermen were engaged in drift net fishing in the harbor last evening. Over 100 boats were out, and many seemed to have fair catches. There has been a good run of alewives in the last few days. Some of the fishermen have made good catches of salmon of a fine quality.

Fishery Inspector Here.

J. F. Calder, inspector of fisheries for St. John and Charlotte counties was at the Victoria yesterday. Speaking of conditions in Charlotte county he said the fishing had been rather poor so far, and that the salmon fishermen had made very light catches. He thought the backward spring might have something to do with the scarcity of fish.

The Old Home Week Programme

A meeting of the 1917 Club was held last evening in the Board of Trade rooms when matters relating to the programme of entertainment for the Old Home Week were discussed, but nothing definite was decided on. Another meeting will be held on Thursday evening when it is expected some important matters connected with the reunion will be definitely arranged.

Dog Days Are Coming.

Since the first of May about 400 citizens have taken out licenses for their dogs. According to the regulations the citizens have to secure dog licenses before the first of July. After that they are liable to a fine if their dogs are caught at large without the civic tag. Then dog days begin, and the Magistrate sets aside days when he deals with delinquents reported by the police.

Merely a Hoax.

Some excitement was caused about the city last evening by a report that the Dreadnaught was in port. Quite a number of people went down to the water front in the expectation of seeing the leviathan. It was reported that King George had sent her here to pick up the trail of the German warship which hooked Mr. Puseley's plans for Fort Howe. It appears there was a craft named the Dreadnaught in port, but she turned out to be a little sloop lying at the Market Slip.

Charlotte Street Congestion.

The philosophers who ponder the wonders of the world and study the course of events from the borders of King Square, are of the opinion that there are more people in St. John this spring than in past years. They base their opinion on the number of new faces they see on Charlotte street, and the overcrowded condition of the sidewalks on fine evenings. One of these philosophers declared that the commissioner of public works should get busy at once and have the sidewalks widened, so as to permit the pedestrians to get along with more facility. Another declared that the commissioner of public safety should get the policemen to work teaching the citizens to step lively along Charlotte and Union streets, so that they would not have to lose so much time moving from point to point.

FOUND ANOTHER BREAK IN CEMETERY MAIN

Water Department will Now be Able to Make Necessary Repairs - 11,000 Gallons per day Wasted.

After a long search the water department has discovered another leak in the water mains passing through the Jewish cemetery, but the exact spot where the water is escaping has not been located yet. Since spring opened there have been complaints of leakage in this cemetery, and recent by a delegation of Jewish citizens waited upon the commissioners and indignantly demanded that the leak be discovered and stopped, as they did not feel that the departed had any particular need of water.

According to the reports of the engineer the leak is not an important one, as only 11,000 gallons a day are escaping. "If you put a gauge on a five-eighths tap on a comparatively high level you will find that only about 4,000 gallons a day runs through it," said the engineer.

The department, however, expects to be able to stop the leak in a few days. At the point where the water is escaping, the mains run about eight feet below the level of the corpses buried in the cemetery.

PERSONAL

Mr. and Mrs. J. W. Yanwart are attending the closing exercises at Acadia College, Wolfville, where their daughter, Miss Myrtle, is a student. Hon. James A. Murray and George B. Jones, M. P. of Kings county, arrived in the city yesterday on their way to Summers from a trip to the lower end of the county.

J. S. Gibbon left last evening on a business trip to Montreal.

HON. ROBERT MAXWELL TO LEAVE GOVERNMENT

Tenders His Resignation and will Probably be Succeeded in Cabinet by John E. Wilson—Mr. Maxwell to Permanently Retire from Politics.

HON. ROBERT MAXWELL. At the last meeting of the provincial government Hon. Robert Maxwell ten-

dered his resignation as president of the executive council and member of the government without portfolio. Mr. Maxwell has many friends who will regret his retirement from public life. He has had a large and successful public career. He has been for four years a member of the cabinet under Hon. J. D. Hazen and Hon. J. K. Fleming and previous to that spent three years as a member of the legislature in opposition to the old government. Before entering the legislature he served seven years as a member of the common council and was for twelve years a member of the board of school trustees.

In all positions Mr. Maxwell has fully justified the trust reposed in him by his fellow citizens. He has shown himself a man of broad mind, and good business ability, and throughout his career there has never been a question of his integrity. As a member of the government he worked unflinchingly for the good of the province and in the legislature he was regarded as a forceful debater, who could always be trusted to deliver shrewd hard blows.

It is generally believed that John E. Wilson will be called to the vacancy created by the retirement of Mr. Maxwell, and that an announcement to that effect will be made in a short time.

FIRE DEPARTMENT OFFICIALS DECLARE SERVICE WAS GOOD

Say M. V. Paddock Must Have Been Mistaken in Stating There was Delay in Getting Water on at Fraser Fire.

"There was no delay in getting water on the fire at Fraser, Fraser & Company's store on Sunday evening," Mr. Paddock does not know what he is talking about." This was the statement of Chief Kerr when his attention was called to the letter of M. V. Paddock in the Globe, criticising the manner in which the fire was handled, and stating that it was fifteen minutes after the alarm sounded before any water was thrown on the fire.

Stephen P. Gerow, of the Salvage Corps No. 1, who broke in the front door of the building, when seen by the Standard, was indignant over the allegations contained in Mr. Paddock's letter.

"When the alarm sounded," said Mr. Gerow, "I was in No. 2 fire station, just around the corner on Union street. We lost no time in getting the apparatus out and around to the scene of the fire.

"We had one line of hose laid to the building inside of two minutes, but as there was no sign of flames we did not turn on the water immediately. We opened up the building and ran in the hose from the chemical engine. We had hardly got in the building before we saw that the whole place was on fire, and at once turned on the water. Inside of six minutes there were four streams in operation. Mr. Paddock evidently thought that there were no streams being thrown on the fire till the Monitor Nozzle was raised on the tower and a stream from it directed into the building. I have been to a good many fires, and I never saw quicker or better work than at the fire Sunday night. After that the fire I remarked to Chief Kerr that do quicker or better work, and that the Boston or New York fire departments, composed entirely of permanent, well trained men could not have done better. And I have seen a few fires in Boston and New York," added Mr. Gerow.

Commissioner McLaughlin when asked if he had any reply to make to Mr. Paddock's letter, said he had read it, but took no stock in the charges contained in it.

"I'm not going to notice it," he added, "and I don't want to talk about it. I was at the fire. I was not there at the start, but I am satisfied that the department lost no time in getting water on the fire."

William Martoch, the city engineer, said he attended the fire, though he was not there at the start. "I did not hear that there had been any delay," he said. "When I arrived on the scene there were seven streams at work, and there was an abundant supply of water. When the engine that was driving two streams through the Monitor nozzle was stopped there was sufficient pressure to keep the engine going and throw a good stream from the monitor nozzle into the building. When another engine was stopped the exhaust showed a pressure of 43 pounds. That is the pressure was strong enough to work the engine without steam and still throw a good stream upon the fire."

BIG STEEL PLANT IN COURTENAY BAY NOW ABOUT SURE

Norton Griffiths Company Applies to Dominion Government for Large Tract Adjoining Dry Dock Site - Drummonds Interested also

An important development in connection with the project to establish a large iron and steel industry in St. John was brought to the attention of the city commissioners yesterday by a communication from the federal government, stating that the Norton Griffiths Company had made application for a tract of land just north of the site of the dry dock, and asking whether the city authorities had any objection to the granting of the application.

Most of the area which the Norton Griffiths company wishes to purchase is under water at high tide and a retaining wall will have to be built and the area filled in in order to make it available for industrial purposes. The land asked for is directly north and adjoining the site of the dry dock and it is understood that a ship repair plant would be operated in conjunction with the proposed iron and steel industry.

The city authorities have no jurisdiction over the area in question and decided to notify the government that they had no objection to the granting of the land to the parties who want it. The area which it is proposed to reclaim from the sea embraces about 1,200 square feet, and would afford as well as for an iron and steel making industry. It is generally understood that the Drummonds of Montreal who are developing the iron ore deposits at Bathurst are associated with the Norton Griffiths people in the project to establish an iron and steel industry in St. John.

Mr. Burton Stewart, one of the promoters of the proposed enterprise, recently left for England with the object of interesting capital in the development of this industry here. Mr. Stewart who has been working on the project for over a year, is very enthusiastic about the possibilities and believes that St. John by reason of its convenient situation is destined to become one of the most important centers for the manufacture of steel and steel products in Canada.

Dyeing Skirts, Waists and Men's Garments.

Any garment made of good material and not too badly worn can be dyed black, blue, brown or green with good success. You would be surprised to see how nice dyed clothes look after undergoing our process. TRY UN-GAR'S, 28 Waterloo St.

Garden Supplies.

Now is the time to plant your garden. We can supply you with anything you want for your garden at moderate prices. Phone us and we will be pleased to call for your window boxes and have them planted for you. W. and K. Pederson, 49 Charlotte street. Phone 1864.

Summer Millinery Display.

A magnificent and attractive display of summer millinery now on exhibition in retail department of Washburn, Nagle, Earle, Limited, 29 Canterbury street. You are cordially invited to inspect their showing.

Cypress Linene Waists.

The store that is known as the Shirtwaist store of St. John is P. A. Dykeman & Co. There you can always find the newest and most attractive styles, the finest material, a fine variety to choose from and of the best workmanship. They have just received another lot of those popular Cypress Linene Waists at \$1.59 and have also received a very special line of Linene Tailored Waists with the soft collar and cuffs and a fine tie to match, which they will sell at \$1.00.

Manchester Robertson Allison, Limited, will observe the King's birthday and their stores will be closed next Monday. Because of this decision not to open for business on June 3, the firm will not start the Saturday half holiday season until June 4, and their stores will be open as usual next Saturday afternoon and evening.

NEW BRUNSWICK'S GREATEST SHOE HOUSE

THE ROMPER SHOE FOR CHILDREN

"ROMPER" shoes are made up expressly for our retail trade from designs and ideas acquired after a life time spent in catering to the wants of the young folks.

Children who have their feet properly fitted when they are young avoid much of the distress and discomfort of later life.

"ROMPER" Shoes are made in all styles on natural shaped lasts from the best of leathers and are sure to give the ease and comfort to the child and satisfaction to the parents.

All Leathers Any Styles \$1.50 to 2.50 a Pair
