EXPLAIN RAID ON COLLEGE OF JESUITS

Government Officers Search For Youths Eligible Under Militia Act.

HON. MR. DOHERTY'S SON A STUDENT

Ottawa States He and Others At Institution Not Eligible.

Special to The Standard. Ottawa, June 20.—A raid by the Dominion police upon the Jesuit College at Guelph to discover whether the institution harbored defaulters from the military service act, has aroused considerable interest in military and political circles here. The incident takes on additional interest from the fact that among the young men investigated in the college was the twenty year old son of Hon. C. J. Doherty, minister of justice. It is understood that the military police followed upon persistent reports that the college was being used to harbor a number of young men in default of the military service act, and that most of these came from Quebec. The heads of the institution have issued a statement emphatically denying that they have taken in anybody in contravention of the military service act. A non-committal statement was tonight issued by the Minister of Militia, but it is understood that a further explanation of the matter may be expected.

Results' Statement.

Following a consultation with their solicitor the following statement was issued:

"In answer to inquiries the rector of St. Stanislaus Novitiate answered that many rumors had gotten abroad as to the institution harboring deserters or defaulters under the military service act and orders-in-council, and he wishes emphatically to deny these and any other allegations of a like character.

"Particular pains had been taken at all times to accept none into the order that were subject to the act or any regulations or orders-in-council. Representatives of the government had visited the Novitiate and made enquiries, all of which had been fully answered, and the representatives had been given every opportunity to make any investigation they saw fit.

"It is understood that an official statement will be issued promptly by the government dealing with the whole matter."

Government Investigation.

An officer from the Department of Militia at Ottawa was yesterday in Guelph, investigating the whole affair.

As reported to Ottawa, three young men, suspected as eligible for military service, were apprehended temporarily, when the visit was made, but satisfied the authorities they were not eligible. The son of Hon. Mr. Doherty entered the order when he was 18 years of age. He is now 19 years old. It is said he joined the order after medical examination reported he was not physically fit to be a soldier.

Minister's Statement.

Toronto, June 20.—A despatch to the Telegram from Guelph today quotes Rev. W. D. Spence, president of the Guelph Ministerial Association and pastor of the Congregational church at Guelph, as follows:

"About ten days ago the Guelph Jesuit Novitiate College, near Guelph, was visited by the Dominion police. Forty-six men were found on the premises, and of this number twenty-two were entered since the M. S. A. came into force. The police were not able to effect any arrests, because of instructions from Ottawa. It has been definitely learned that some of these young men have no intention of studying for the priesthood, and are merely making the institution a hiding place where they will be safe from the operation of the act.

"Amongst the twenty-two who have entered since the act came into force in fact, one of the most recent arrivals is the twenty year old son of Hon. Mr. Doherty, minister of justice. It has been decided that the status of these twenty-two men is to be left in the hands of the department of justice."

Germany Planning To Send Powerful Army Into Another Drive

Ludendorff Has More Than Six Hundred Thousand Men Trained Especially For Offensive Operations and Ready To Hit in France When He Feels He Can Surprise the Entente — Minor Operations on Western Front Thursday.

Draper Declares That Until German Army Is Beaten It Is Well To Accept Warning of Balfour and Asquith Against Over-Confidence and Foolish Optimism—Men At Home Can Help Greatly To Win the War—Hardest Blow May Be Coming.

Special Cable to New York Tribune and St. John Standard. (By Arthur S. Draper).

London, June 20.—Both Asquith and Bonar Law sounded a note of warning in their speeches in parliament when they said that we are in the middle of a great battle and that the Allies have faced no graver period in the whole war.

That Ludendorff has hit his hardest blow is not the opinion of those who are in the best position to judge. July and August are bound to be the hardest fighting months of the year and everything hitherto has been only preliminary to the real effort of the German military machine to achieve a knockout.

Fight To Finish.

Ludendorff has an army to manoeuvre which has been trained to hit when he considers the time ripe for a fight to the finish. Any general having fifty divisions (more than 600,000 men) trained especially for offensive operations holds a serious threat. Somewhere around Cambrai Ludendorff has an army of this size and soon he will send it into battle. Until that army is beaten it is well to accept the warning of the British statesmen against over-confidence and foolish optimism. There is a tendency to exaggerate the losses of the enemy and minimize the casualties in the allied ranks.

SERIOUS RIOTS IN AUSTRIA!

One Hundred Thousand War Workmen Strike in Vienna.

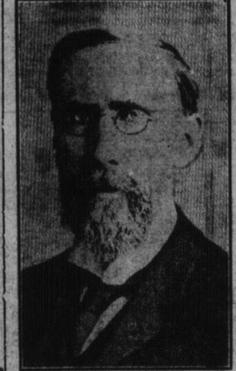

London, June 20.—More than 100,000 persons have gone on strike in the Vulcan Arsenal and the Warschawski Airplane Works in Vienna, according to a despatch from Zurich to the Exchange Telegraph. The despatch adds that riots have occurred at Favoriten, Margerthen, Ottakring and Brigittenau, suburbs of Vienna.

FROST IN CARLETON

East Florenceville, June 20.—The frost of Wednesday night killed all the beans and to a large extent hurt the potatoes in this vicinity, although many potatoes that were not above ground were, of course, not injured. Ice was formed in many places in Carleton and Victoria counties on Wednesday night.

WILL CONSIDER A PEACE OFFER ON ITS MERITS

Reasonable Suggestions Will Be Heard By Allies Says Mr. Balfour.

SEVERE CRITICISM OF BRITISH PACIFISTS

Foreign Minister Declares War Aims of Britain and United States Identical.

London, June 20.—(Via Reuters Ltd.)—Philip Edward Morrell, Liberal, Burnley, representing a small pacifist group in the house of commons today started as his group does on every possible occasion, a debate on the question of peace by agreement and moving the following resolution:

"That this house desires that the government will lose no diplomatic opportunity to settle the problems of the war by agreement; and that to that end it expresses its opinion that secret treaties with allied governments should be revised, since, in the present form, they are inconsistent with entering the war and are, therefore a barrier to a democratic peace."

Motion Lost.

The motion was negatived with division.

In moving his resolution, Mr. Morrell said that the people were anxious about the progress of events and entitled to a restatement by the government of its war aims and its opinions as to prospects of achieving them. He charged that statements made in behalf of the allies bolstered up "Kaiserism."

Philip Snowden, Socialist, Blackburn, in supporting the resolution asked Rt. Hon. Mr. Balfour, secretary for foreign affairs, to define what he meant by "peace offensive." He agreed with Mr. Morrell that nothing like a stable peace could be obtained until secret treaties were denounced.

Rt. Hon. Mr. Balfour.

Rt. Hon. Mr. Balfour began his reply by explaining that by peace offensive he meant any effort, by speech or otherwise, under the guise of seeking an honorable termination of the present war, to divide the Allies and Continued on page 2.

All Reports From the Valiant Italian Army Indicate Big Victory

To All Outward Appearances the Austrian Offensive in Venetian Theatre Thus Far Has Met With Failure All Along the Line From the Alpine Heights To the Adriatic and Italians Have Gained Much Ground.

Nowhere Along the Wide Front Has the Enemy Advanced Without Paying a Heavy Price and Nowhere Has the Italian Defense Been Penetrated To a Considerable Depth — Crucial Fighting At Montello.

Special Cable to New York Tribune and St. John Standard. (By Arthur S. Draper).

London, June 20.—All the later reports from the Austrian-Italian theatre are eminently satisfactory. The Austrians are buying their positions at a tremendous cost. Nowhere along a wide front has the enemy advanced without paying a heavy price and nowhere has the Italian defense been penetrated to any considerable depth. The Italians have retaken several important positions. The middle and lower Piave have been the scenes of the hardest fighting, the region of the Montello being stubbornly contested with the advantage still in favor of the Italians. According to the latest despatches the enemy holds rather less than a third of the hill, the positions at the highest point remaining in the hands of the Italians.

Along the mountainous front the enemy still makes a show at offensive tactics, but his main efforts are feeble. Near the sea Von Wurm's army continues to advance slowly, but after four days it is still far from any important objective. Archduke Joseph's army, assigned to the task of taking the Montello and flooding onto the plains, is persisting constantly in the efforts.

Counter Blow Did It.

At one time here on Monday the situation seemed rather unfavorable for the defenders, but a smart counter blow hurled the enemy back at the critical moment and he has not recovered since.

Everywhere the Italians are fighting gallantly and the morale of the army remains excellent. Behind the Italian lines are large reserves which stand ready to enter the battle whenever General Diaz needs them. In this theatre the conditions are reversed and the defending army is at least numerically equal to the attacking forces. Even accepting the enemy's claim of 30,000 prisoners as accurate, the record of offensives will be searched in vain to find a parallel for the present operation in which the defenders have taken their fifth stand of prisoners. Either the Austrians have failed to carry through the tactics which brought the Germans such big successes, in the west or the Italians have solved the problem of defensive which evidently consists of an immediate counter offensive.

Associated Press Summary.

To all outward appearances the Austrian offensive in the Italian theatre thus far has met with failure all along the front from the Venetian Alps to the Adriatic Sea.

In the hill region additional ground has been captured from the invaders, while along the Piave River, where intensive fighting is in progress, at some points with fluctuating results, the balance toward ultimate victory seems to sway in favor of the Italian army.

South and east of Asiago the French and Italians in brilliant counter offensives have retaken Ponnar, Bertigo and Costalunga, past which the Austrians had hoped to put their front and gain the Astico River Valley which leads to Vicenza on the plains below.

Positions Regained.

Not alone were the positions regained, but more than two hundred prisoners fell into the hands of the

TRANSPORT TORPEDOED, 638 LOST

The Santa Anna Sunk By Submarine in Mediterranean in the Night.

GERMAN AIRPLANES ATTACK NAVAL SHIPS

American Steamer Chased By U-Boat South of Sandy Hook.

Paris, June 20.—The transport Santa Anna proceeding from Bizera for Malta, has been torpedoed and sunk in the night, according to the Havas Agency. There were on board 2,150 soldiers and native workmen, of whom 1,612 were saved.

Bravery of Troops.

London, June 20.—Via Reuters Ottawa Agency—The Admiralty reports a striking instance of the discipline and bravery of Indian native troops aboard a sinking British transport in the Mediterranean, which had been torpedoed by a German submarine. The natives coolly proceeded to the boat stations and stood at attention. As the boats were being lowered a second torpedo struck the vessel which was rapidly sinking. The soldiers were thereupon ordered to heave the rats overboard and jump into the water after them. These orders were carried out with commendable calmness and all except three reached the rafts. The survivors were picked up by patrol vessels and safely landed.

British Squadron Attacked.

London, June 20.—German airplanes attacked a British naval squadron north of Heligoland Bight on June 18, the British Admiralty announced today. The German machines made no hits and one seaplane was destroyed. The text of the Admiralty statement follows: A British squadron while on reconnaissance north of Heligoland Bight on the morning of June 19 was attacked by German airplanes. No hits were made by the enemy. One enemy seaplane was brought down by gunfire.

An Atlantic Port, June 20.—The Associated Press carries the following:—

An American steamer arriving here today from a Central American port, reported that at four p. m., yesterday afternoon 180 to 200 miles south of Sandy Hook, they sighted a submarine and was pursued by the U-boat.

The captain said he put on full speed, zig-zagged, and escaped by outdistancing the U-boat. His ship carried 27 passengers.

PREMIER BORDEN AT A WAR CONFERENCE

Later He Visits Houses of Parliament and Sees General Smuts.

London, June 20.—Sir Robert Borden this morning attended the imperial war conference. This afternoon with his colleagues, he inspected in the houses of parliament the black rod to be presented to the senate of Canada by the empire parliamentary association on Friday, to replace the one destroyed in the burning of the Canadian Houses of Parliament.

Later Premier Borden had extended conferences with General Smuts and the Australian premier and subsequently conferred with Mr. Paul Craven and Major Gricecomb, who represent General Pershing at the war office.

PIAVE RIVER BATTLE FROM THE SEA

AUSTRIANS FORCED TO WITHDRAW NORTH OF MT. BELLONE RAILWAY

Enemy Launches Fresh Attack on Pieve With Strong Forces and Succeeds in Gaining Ground in Front of Zenson, But Is Forced to Retire Later—French Storm Asiago—Italians Capture Costalunga—Austrians Short of Food and Many in Rags.

Rome, June 20.—From the Montello to the sea the battle of the Piave river is continuing bitterly without pause, the Italian war office announced today. Last night the Italians forced the invaders to withdraw their whole front north of the Monte Bellone railway. More than 1,200 Austrian prisoners were taken and numerous machine guns were captured.

The Austrians yesterday afternoon, says the statement, launched a fresh attack on the Pieve with strong forces and succeeded at first in gaining some ground in front of Zenson. Later Italian reserves were brought up and forced the Austrians to retire. French forces on the Asiago Plateau stormed the Austrian positions at Bertigo and Pennar.

Italian troops succeeded in capturing Costalunga, the statement adds.

The Italian statement follows: "From the Montello to the sea the battle is continuing bitterly without pause. Yesterday evening we drove the enemy back to the north of Monte Bellone railway and made him withdraw his whole front of attack some what towards the northeastern salient of the Montello, capturing 1,200 prisoners and taking numerous machine guns."

"Along the Piave River the struggle is fluctuating fiercely on the front lines. It is being carried out by the enemy with decision and hardiness and sustained by our troops with great stubbornness and bravery."

"The enemy on the afternoon of yesterday, launching the attack fresh and numerous troops, succeeded at first in gaining some ground in front of Zenson, but he was promptly checked and afterwards was forced to retire by our reserves which immediately arrived."

"Our troops with energetic counter-attacks succeeded in greatly reducing the fighting sector to the west of San Dona Di Piave. Prisoners to the number of 513 remained in our hands."

"Czechoslovak units have valiantly given their first tribute of blood to the generous principles of freedom and independence for which they are now fighting on our side. The 26th Infantry Division, in the course of five days of glorious fighting without pause, the Bisagno brigade and the 209th and 210th regiments were able in repeated counter-attacks to bring out all their valor."

"From dawn to sunset our own and allied air men and the seaplanes of the Italian Royal Navy were all active in chasing and not allowing the enemy to approach our lines for observation or for other aims. Our machines carried out bombardments, attacked the enemy with machine guns fire and participated uninterruptedly and effectively in the battle."

"Fourteen enemy machines were brought down. One of our airmen did not return. Along the whole front our observation balloons co-operated usefully and courageously."

"On the Asiago Plateau French units by a successful surprise operation carried the positions of Bertigo and Pennar, capturing 102 prisoners."

"Our troops completed the gains with the capture of Costalunga, taking another hundred prisoners."

"Enemy attacks on Corvo were repulsed."

A Hunger Offensive

Italian Army Headquarters, Wednesday, June 19.—(By The Associated Press)—That Austria's drive against Italy is a "hunger offensive" has been proved by the new orders and addresses found upon prisoners. These were signed by officers ranging from Field Marshal Conrad Von Hotzendorf down to regimental commanders. One which was issued by the commander of the famous regiment bearing the name of Archduke Charles says: "Soldiers, remember the spoils we got last fall from the Italians, the sheep, goats, steers, warehouses full of goods and grocery stores full of wine, canned goods, flour and sugar. Think of your family. Think of the white bread you may win for all!"

The correspondents have visited groups of hundreds of prisoners, all of whom are thin and weak. They said they had had little or no food for the past month and spoke with horror of the winter months they had passed. A sample of their black bread showed that it was made of rye, straw, and potatoes.

Prisoners in Rags

Many of the prisoners have strong, calloused shoes, but these they claim they made themselves or bought. Their clothes, however, are falling apart, having been patched frequently. Most of them have mere rags for shirts. The majority of the prisoners have money, but it is either in paper bills or iron coins. The most of them wear seals for valor, some of them having one or three of them, but these decorations are of base metal and none are gold or silver. One is stamped with

SAMUEL GOMPERS IS RE-ELECTED

Again Chosen President of the American Federation of Labor—No Relations With Labor of the Enemy Countries.

St. Paul, Minn., June 20.—American workmen through the American Federation of Labor, today reaffirmed their position of refusing to meet representatives of workers of the Central Powers until Germany's military machine has been crushed.

"This position is logically, morally and absolutely correct," according to a resolution adopted at the annual convention of the Federation today, "because the true attitude of those workers could not be judged at such a conference. The representatives of German workers entering the conference would be completely dominated by the militaristic and imperialistic leaders."

A resolution urging that Ireland be granted home rule was adopted after an hour's discussion. It was intended to establish the independence of that country was voted down.

President Gompers was authorized to visit England, France and Italy in order to cement relations between the allied and American workers. It was recommended that the executive council maintain permanent representation of the Federation in Europe.

Samuel Gompers was re-elected president of the American Federation of Labor and addressed the annual convention here this afternoon. After electing most of its officers, the convention concluded its sessions today by calling upon Gompers to meet next year in Atlantic City, N. J.

Hungry Austrians

The Italian soldiers left humorous stories of captures effected by persistent Austrians that they will be well fed. One Italian officer who had been wounded and picked up by a group of Austrians who intended to make him prisoner explained how foolish they were, he said: "Come with me and you will get meat, wine and real bread. Thereupon the whole party went over to the Italian lines."

It is said, also that at the beginning of the offensive the Austrians in the front line each received three rations of meat, one for each day of the attack which they reached the Italian lines. They were so hungry, however, that they ate all of them the first day. During his tour the correspondent talked with an Austrian prisoner, a member of a manufacturing firm, with offices in all the great centers, including New York.

Too Hot For Them

"I have been fighting for months," said this man, "first on the Russian front, where I had an easy time, and now here, where the Italians are making things too hot for us. There is no food for the people of Austria and next to none for the army. I had but a few pieces of bread and potatoes before the fight and since the fight began I have had none."

The armies cannot last more than a couple of months at the best. There are no good officers left. We have plenty of ammunition, but no one to use it properly."

The Italian losses were comparatively slight, while to the known Austrian losses will have to be added the many Austrian dead which still encumber the wooded mountains.

Italians Gain

It is still too early to predict that the Austrians will not come back with a further effort, but it is clear that in their so far futile push they undermined the Italians, both as regards their morale and genius fighting efficiency.

Along the Piave, the Austrian footholds on the western bank were to-day becoming difficult for them to hold, because of the floods set in motion by the recent rains. Their communications were thus rendered difficult and they were unable to bring up additional supplies.

A sample of the comparative destructiveness of the allied and Austrian fire was observed by the correspondent on the Asiago region, where the French troops had fired more than 100,000 shells, while the Austrians had discharged a larger number. The Austrian outposts were covered with dead bodies whereas the French had suffered hardly any damage.

Careless Shampooing Spoils The Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified coconut oil which is pure and greenish, and is better than anything else you can use.

One or two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

WAR A QUESTION OF MAN POWER

(By Wilber Forrest.)

Special Cable to the N. Y. Tribune and St. John Standard.

With the French Army in France, June 20.—The war is daily becoming more and more a question of man power. Every enemy thrust has diminished the German man power through getting a slight morsel of ground which so far has merely made food for German communiques.

"Victory" communiques are becoming of pressing need in Germany. Why was the Kaiser moved to write such grand eloquent anniversary letters? Why was the German supreme command prompted to nag Austria in a bloody sacrifice against a traditional enemy? Why are the rapid thrusts of the German army on the western front imperative for the future of the empire as is shown by the simple letters from the interior of Germany which have been gathered from the German desert and wounded by the Allied army intelligence services during the past few days?

Starting Insight

I have stacks of these letters before me which would take up columns if published. That the tone of the correspondence, after eliminating the purely technical military information, gives a startling insight into the desperate economic conditions of Germany and the exceedingly low morale of the German soldiers, the civilian and the civilians with the morale of the German soldier seems to be based entirely on the successful issue of the present campaign while the "victory" today and tomorrow is dragged down by the horrible existence on short rations and the longing for

peace on one hand, and buoyed up by the army's tigerlike efforts to win quickly on the other hand. No letters from back home to the soldier falls to mention the lack of foodstuffs which as apparently all Germany now knows cannot be relieved by anarchy ridden Russia. The multitudes beg their husbands, fathers, brothers and sons to send home provisions from the conquered territory. In some instances unmailed answers were found that every day that it will soon find that army rations are also lacking both in quantity and in nourishment.

Much Embellishment

Tales of heavy fighting are embellished every soldier's letter but the mention of losses are rigorously censored. In the beginning of the first stages of the German offensive the soldier frequently wrote of promises to take Paris and bring immediate peace. Today the numerous letters show a plain of which the following quotation is an example: "We may take Paris, but will France surrender?" It is possible that the German ranks are scenting how rapidly wherever the German legions are taking their places on the battle line and steadily reversing the man power problems against the German empire.

Hard battles are yet to be fought, but those well informed state that the tide is beginning to turn so rapidly that every day that it will soon find the flood with the allied man power deeper than the enemy's.

The Allies will then have a force capable of ending victoriously these four years of the greatest struggle in history.

U. S. and Britain Agree

Mr. Balfour proceeded to emphasize that in the matter of war aims there was not the slightest difference between Great Britain and the United States and he denied that secret treaties were made in circumstances in which he believed any government would have acted similarly and it was quite a mistake to suppose that the treaty with Italy would stand in the way of peace.

"Certainly," he continued, "the government are not going to shut their ears to anything that could be called reasonable suggestions, if such suggestions should be made. Any proposal to the allies will be considered on its merits. These treaties were entered into by this country with others as members of an alliance. By these treaties we stand. Our national honor is bound up in them."

The secretary did not doubt that it should be to the common interest of the alliance to modify the treaties, the Italians themselves would suggest the modifications.

"This was the very last time said the secretary that the allies were likely to make proposals to the Central Powers, or so far as he was able to judge that the Central Powers were likely to make proposals to the allies, except for the purpose of a peace offensive."

He did not blame the Central Powers for laying a trap, but he did blame those who fell into the trap and most of all he blamed his pacifist critics.

W. Norcross, president of "Halifax Shipyard, Limited."

"Our expenditure for the shipbuilding plant," he said, "will be between 3,750,000 and 4,000,000, and, if the engineers have the plans ready, we will start spending that money during the latter part of next week, when we will let our contracts."

WILL CONSIDER A PEACE OFFER ON ITS MERITS

discourage individual members of the alliance.

Referring to Mr. Snowden's contention about Germany's desire to dominate the world in the early days of the war, Mr. Balfour said that the British as a nation had been slow to believe that other nations could be animated by motives so widely separated from the motives which moved their own people. But it was a fact that Germany was pursuing her aim of universal domination with persistent and elaborate care and foresight and with a ruthlessness, cold blooded determination which left Napoleonic tradition far behind.

No Peace There

"In a case where a sober historian would ever see the basis of a possible peace?" asked Mr. Balfour. "Is there any evidence whatsoever a suggestion like the Austrian Emperor's letter or any similar suggestion were made with a view to obtaining the sort of peace which even Mr. Snowden would regard as a reasonable peace, carrying with it some prospect of security for the future liberties of the world?"

"We never rejected proposals which we thought had the slightest probability of producing such a peace and there is no evidence whatsoever that the German government has ever been serious in making such peace offers."

Contenting that Belgium remained the greatest blow to German honor, the secretary asked whether Germany had ever in any document or speech openly or plainly offered to restore Belgium to absolute political and economic independence. He knew of no such offer. There had been suggestions, but never a frank avowal.

EXPLAIN RAID ON COLLEGE OF JESUITS

Continued from page 1.

"Owing to the fact that the local papers refused to publish any details with regard to the visit, the Protestant ministers of Guelph have notified the department of militia at Ottawa that they are cognizant of the facts and that they purpose holding an indignation meeting at which they will expose the conditions and names of the Jesuits who were present at the meeting to be held on Sunday next."

The Novitiate is in the charge of Father Power, superior-general of the order of the Society of Jesus, at the city of Quebec, Que. Rev. Mr. Bourge, the rector, and Rev. Father Doyle.

At the time he entered the order he was, by reason of his age, subject to no obligation under the act. Moreover, it had been, in the most authoritative manner possible, determined that he was physically unfit for military service.

The Journal mentioned an article which appeared on the front page of this week's Orange Standard, which was signed by Rev. Mr. Pelletier, the Presbyterian minister at Preston last Sunday night.

Mr. Doherty's Statement

Ottawa, June 20.—The following statement was issued today by the minister of justice, the Hon. C. J. Doherty:

"The military authorities will deal, in an official statement with an extraordinary article which appeared in this evening's Journal, with regard to the Jesuit Novitiate at Guelph. I desire simply to say that, so far as the article or anything contained in it, states or implies that my son has been guilty of any violation or evasion of the M. S. A. it is absolutely false."

CAMPOBELLO

Campobello, June 18.—The ladies of the North Road Red Cross Aid gave an entertainment in the church hall on Thursday evening. The programme was:

Flag drill by Sunday school scholars.

Song, "O Canada," school.

Recitation, "Keep the Flag Flying," Almada Calder.

Trips, "Consin Jedediah," Mr. and Mrs. Batson, Miss Olive Mitchell.

Song, "John Brown," Almada Calder and Forrest Batson.

Recitation, "The Bluebird," Viola Tharner and Nettie Finch.

Duet, "Spanish Cavalier," Mr. and Mrs. Batson.

Dialogue, Nettie Finch and Forrest Batson.

BRIGANTINE LAUNCHED AT SHELBURNE, N. S.

Shelburne, N. S., June 20.—A type of vessel long practically extinct in the western Atlantic, was launched yesterday at the Joseph McGill Shipbuilding and Transportation Company's yards here, when the brigantine Le Voltaire was put into the water. The vessel registers 275 tons and is built for a firm in France. She will be used in the fishing industry.

A tern schooner is under construction in the same yard.

SIX MEN PROBABLY VICTIMS OF HUNS

Capt. Kean and Entire Crew of Schooner Cecil Shaw Long Missing

Halifax, June 20.—Despite the most searching enquiries as to the fate of Captain Edgar Kean, well known in Halifax, and his crew of the schooner Cecil Shaw, which was reported missing in the Atlantic on May 6, while bound for Cadiz from Newfoundland, the captain formerly lived at Flowers Island, but the crew of five are Newfoundlanders.

TWO CHILDREN AT SACKVILLE INJURED

Son and Daughter of Hugh Griffen in Runaway Accident

Sackville, June 20.—An accident occurred yesterday afternoon when a horse ran away throwing a couple of children from the team. It appears that the two children, Phyllis and Hugh Griffen, were visiting in the team, and their father, Mr. Clarence Griffen, was preparing to get into the team himself when the horse suddenly started and ran into a ditch upsetting the team. The little girl had two ribs broken and the little boy was severely cut about the face.

The annual report of Atlantic Sugar Refineries, Limited, which will be presented to shareholders at the annual meeting at which time the balance sheet of the company will be laid on the table, shows a profit for the year amounting to \$442,876, compared with \$394,423 in 1917, an increase of \$48,453. After the usual deduction for interest and writing off \$33,991 for deferred operating charges, the balance of \$486,782 is equal before depreciation to between nine and ten per cent. on the preferred stock, against 5.35 per cent. earned in 1917.

The amount written off for depreciation was increased from \$20,000 last year to \$40,000, but the surplus carried forward was \$233,439 against \$116,457 a year ago.

SASKATCHEWAN CROPS

Regina, Sask., June 20.—Saskatchewan has approximately 2,220,000 acres sown to wheat this year, according to the preliminary estimate made by the provincial department of agriculture. This is an increase of 949,000 acres over last year. The total acreage is 4,802,000, an increase of nearly 80,000 acres compared with 1917.

No serious damage has been done to crops by lack of moisture.

WAR A QUESTION OF MAN POWER

(By Wilber Forrest.)

Special Cable to the N. Y. Tribune and St. John Standard.

With the French Army in France, June 20.—The war is daily becoming more and more a question of man power. Every enemy thrust has diminished the German man power through getting a slight morsel of ground which so far has merely made food for German communiques.

"Victory" communiques are becoming of pressing need in Germany. Why was the Kaiser moved to write such grand eloquent anniversary letters? Why was the German supreme command prompted to nag Austria in a bloody sacrifice against a traditional enemy? Why are the rapid thrusts of the German army on the western front imperative for the future of the empire as is shown by the simple letters from the interior of Germany which have been gathered from the German desert and wounded by the Allied army intelligence services during the past few days?

Starting Insight

I have stacks of these letters before me which would take up columns if published. That the tone of the correspondence, after eliminating the purely technical military information, gives a startling insight into the desperate economic conditions of Germany and the exceedingly low morale of the German soldiers, the civilian and the civilians with the morale of the German soldier seems to be based entirely on the successful issue of the present campaign while the "victory" today and tomorrow is dragged down by the horrible existence on short rations and the longing for

peace on one hand, and buoyed up by the army's tigerlike efforts to win quickly on the other hand. No letters from back home to the soldier falls to mention the lack of foodstuffs which as apparently all Germany now knows cannot be relieved by anarchy ridden Russia. The multitudes beg their husbands, fathers, brothers and sons to send home provisions from the conquered territory. In some instances unmailed answers were found that every day that it will soon find that army rations are also lacking both in quantity and in nourishment.

Much Embellishment

Tales of heavy fighting are embellished every soldier's letter but the mention of losses are rigorously censored. In the beginning of the first stages of the German offensive the soldier frequently wrote of promises to take Paris and bring immediate peace. Today the numerous letters show a plain of which the following quotation is an example: "We may take Paris, but will France surrender?" It is possible that the German ranks are scenting how rapidly wherever the German legions are taking their places on the battle line and steadily reversing the man power problems against the German empire.

Hard battles are yet to be fought, but those well informed state that the tide is beginning to turn so rapidly that every day that it will soon find the flood with the allied man power deeper than the enemy's.

The Allies will then have a force capable of ending victoriously these four years of the greatest struggle in history.

U. S. and Britain Agree

Mr. Balfour proceeded to emphasize that in the matter of war aims there was not the slightest difference between Great Britain and the United States and he denied that secret treaties were made in circumstances in which he believed any government would have acted similarly and it was quite a mistake to suppose that the treaty with Italy would stand in the way of peace.

"Certainly," he continued, "the government are not going to shut their ears to anything that could be called reasonable suggestions, if such suggestions should be made. Any proposal to the allies will be considered on its merits. These treaties were entered into by this country with others as members of an alliance. By these treaties we stand. Our national honor is bound up in them."

The secretary did not doubt that it should be to the common interest of the alliance to modify the treaties, the Italians themselves would suggest the modifications.

"This was the very last time said the secretary that the allies were likely to make proposals to the Central Powers, or so far as he was able to judge that the Central Powers were likely to make proposals to the allies, except for the purpose of a peace offensive."

He did not blame the Central Powers for laying a trap, but he did blame those who fell into the trap and most of all he blamed his pacifist critics.

Washington, June 20.—All stockyards in the United States today were ordered by President Wilson to be put under federal license by July 25.

Licensing of commission men, order buyers, traders, speculators and scalpers handling or dealing in live cattle, sheep, swine or goats, in or in connection with such stockyards also is required, except those exempted by the food and fuel law.

Halifax, June 20.—That the work of establishing the big steel shipbuilding plant at Halifax will be commenced next week if the engineers' plans are completed by that time, and that within three months the keels of three 10,000 ton freight steamers—the largest built in Canada—will have been laid on the building berths, is a statement by J. W. Norcross, president of "Halifax Shipyard, Limited."

"Our expenditure for the shipbuilding plant," he said, "will be between 3,750,000 and 4,000,000, and, if the engineers have the plans ready, we will start spending that money during the latter part of next week, when we will let our contracts."

SERIOUS INTERNAL TROUBLES OF CENTRAL ALLIES

RIOTOUS MOBS SMASH MUCH PROPERTY IN VIENNA CITY

Serious Troubles in Austria, Poland, Germany and Bulgaria—Turkey Remains To Be Heard From—If Disturbances Continue They May Tend To Hasten End of War—Food Shortage In Austria Grave.

London, June 20—Serious rioting broke out in Vienna yesterday, says an Exchange Telegraph despatch from Amsterdam. The mobs broke into bakeries, stoned the residence of the premier, and also one of the wings of the Hofburg Palace. Cavalry is being rushed to the capital to restore order. It is said to be probable that martial law will be proclaimed.

This rioting was in protest against the reduction of the bread ration. Amsterdam, June 20—The Cologne Gazette's Berlin despatch declares authoritatively that there is no question of non-fulfillment of German obligations to supply grain to Austria, because Germany has not been in a position to forward such supplies.

Amsterdam, June 20—Vienna despatches to German newspapers say the reduction of the bread ration in Austria-Hungary caused immense excitement throughout the dual monarchy. All Austrian newspapers without distinction of party protest against the measure, demanding its removal and ask immediate help from Germany and Hungary.

Trouble in Germany.

London, June 20—Heavily censored private messages received in Stockholm indicate that peace demonstrations were held recently in Berlin, Hamburg and Cologne, and that several workmen were killed and many persons arrested, says a despatch to the Morning Post from Stockholm. According to a despatch to the Exchange Telegraph Company from Zurich, there have been strikes in Vienna and Neustadt, owing to the reduction in the bread rations. The despatch adds that an almost general strike is expected and that the situation is considered grave.

Polish Troubles

Amsterdam, June 20—Dr. Drows, Prussian minister of interior, announced in the Prussian lower house that henceforth all public celebrations would be prohibited in Polish territory during the war. The step was taken, he said, as a result of disturbances which occurred at the Koestusko celebrations, which must have hurt the German population.

Crisis in Bulgaria

Amsterdam, June 20—The Cologne Volks Zeitung declares that a crisis has existed in Bulgaria ever since the conclusion of the Bucharest peace, but that the censorship prevented any allusion to it. The Bulgarian parties, it says, did not forgive Premier Radoslavoff that he failed to return from Bucharest with the entire Dobruja. This, together with the food situation, led to the defection of a large section of Radoslavoff's supporters. With Radoslavoff, the last of the prominent statesmen active at the outbreak of the war, lay down office.

Socialist Appeal

The party committee of German Socialists in Austria has addressed an urgent appeal to the workers to await the decision of the Vienna labor council and to abstain from all excesses or interruption of work. The appeal adds that the committee will make a sharp protest against the reduction of the bread ration, and says it will define all responsibility for the enforcement of the measure.

A Pacific Post, June 20—Unofficial members of the American Red Cross mission to Russia, which arrived here last night, assert that thousands of Czech-Slovaks are on their way to the United States to offer their services against Austria. These men, it was said, had been conscripted by Austria when war was declared, but at the first opportunity they had deserted to the Russians, remaining with the latter until the Brest-Litovsk peace treaty was signed. The treaty being unsatisfactory to them they decided to come to America and offer their services.

APPEAL DIVISION OF THE SUPREME COURT

Arguments Heard on Several Cases At Fredericton.

Fredericton, June 20—The Appeal Division of the Supreme Court resumed its June session here today. Chief Justice Sir Douglas Haysen, Judges White and Grimmer were on the bench. Argument began in the case of Fairweather et al vs. Foster et al. H. A. Powell, K. C., and J. H. P. Todd for the plaintiff appellants; J. B. M. Baxter, K. C., for defendants, George E. Foster and Minnie F. Harding, representing the estate of Minnie C. Coy, deceased; E. P. Raymond for defendant, Alice L. Scott; F. R. Taylor, K. C., for defendants, Mary E. Foster, F. Kent Foster and Edith K. Hubbell. Messrs. Todd and Powell were heard and Mr. Baxter began. Argument was continued this afternoon in the appeal division. Supreme Court in the case of Fairweather vs. Foster et al. Judgment in a number of important cases is to be given tomorrow.

CHIEF GUNN PROHIBITION INSPECTOR

Shediac Police Official, in St. John Yesterday, Has Been Appointed To Enforce Law in Former Wet Belt of Westmorland—Shediac Town and Vicinity Very Much Alive.

Chief of Police William Gunn of Shediac has been appointed, inspector for that town under the Prohibition Act, which recently became operative in Westmorland County. Chief Gunn, who is one of the most efficient police officials in the Maritime Provinces, was in St. John yesterday on official business. He told a Standard man that he would be able to retain his position as town marshal while holding the post of liquor inspector. Under the Scott Act Shediac was generally a wet town, except when the Moncton officers were about, and it is believed that the stocks of liquor there have been reduced considerably since the Ottawa restrictions were placed on the traffic out of Montreal. Chief Gunn will enforce the prohibitory law so far as in his power, and expects it will be a success in Westmorland, if all the officials are alert. Shediac attracts many visitors from Canada and the United States in summer and there are scores of summer cottages in the vicinity. Chief Gunn states that it is headed by a young man, Alexander McQueen, and everything is conducted on business principles. Formerly there was no fire protection, but for the past few years there has been a good water service and an absence of disastrous fires, such as crippled the town on numerous occasions years ago.

FIRE DAMAGES BISHOP'S HOUSE

House on Duke Street Damaged To Extent of \$15,000—Two Children Have Narrow Escape.

Fire in a house owned by Bishop Le Blanc at 148 Duke street did damage amounting to about \$15,000 and two boys had a narrow escape from suffocation by smoke. The house is occupied by Mr. Tamsey who had rented the upper flat for the summer from Daniel McKinney and Miss G. W. Plimton. The lower flat was considerably damaged by water and two rooms with their furniture were totally destroyed in the upper flat. Shortly after two o'clock smoke was noticed issuing from the building and a neighbor notified Mr. Tamsey. The fire was found to be in a clothes closet and an alarm was rung in from box 32. By the time the fire apparatus had arrived it had gained considerable headway and took some time to extinguish. The smoke was dense and two of Mr. Tamsey's children had a narrow escape from suffocation.

WRECK ON G. T. R.

Quebec, June 20—A freight train of the G. T. R. was derailed last evening one mile east of Lister and seven cars of the train left the rails. Traffic is still held up, but passengers are being transferred from one train to another at the scene of the accident.

CASUALTIES

Ottawa, June 20—Today's list of forty-four casualties include one Canadian killed in action, one died of wounds, three died, twenty-five presumed to have died, two missing, seven wounded, one gassed and four ill. Those from the maritime provinces are:

Infantry.
Presumed to have died—M. B. Patterson, Fredericton, N. B.; L. Lounsbury, Midway, N. B.; W. E. Preckin, North Sydney, N. S.; Wounded—J. J. Morrison, Glace Bay, N. S.

N. B. BOYS GRADUATED AT TUFTS COLLEGE

St. John, Fredericton, Shediac and St. George Represented in Dental Graduating Class.

Boston, June 20—Tufts College Dental School graduated the largest class in its history, Monday, 205 receiving the degree of doctor of dental medicine. Two members of the class will go to Labrador to Dr. Grenfell's mission. It will be the first time that dental treatment will have been given the natives. Nearly every member of the class is in some form of government service.

COLLISION ON GRAND LAKE RAILWAY LINE

Traffic Blocked At Point Thirteen Miles From Fredericton—No One Seriously Hurt.

Fredericton, June 20—The Fredericton and Grand Lake Railway was blocked yesterday as the result of a head-on collision between a freight train and a construction train at a point some thirteen miles from Fredericton. Up to this afternoon the line was not cleared, and no train had gone out from this or arrived here. It is reported that the smash was the result of wrong orders from the crossing of the two trains, and that the two train crews jumped before the accident occurred. Damage to locomotives and rolling stock is said to be extensive. As far as is reported there was no serious injury to any person.

\$250,000 ALTA. FIRE

Lethbridge, Alta., June 20—The town of Warren, south of here, was almost completely wiped out by fire last night. The loss is estimated at \$250,000.

Funeral of Miss Ellen Quinn

The funeral of Miss Ellen Quinn took place yesterday afternoon from O'Neill's undertaking parlors to St. Rose's church, where burial services were conducted by Rev. Charles Collins. Interment was made in Holy Cross cemetery. The funeral of Miss Margaret Dunlop took place yesterday afternoon from the residence of Archibald Dunlop, 81 Paradise Row. Services were conducted by Rev. H. C. Fraser and interment was made in Cedar Hill.

Register June 22nd.

The Man-Power of Canada includes The Young Men of Sixteen

The Order-in-Council not only provides for the registration of the young men of 16, but further states that after the day of registration, every person shall, within thirty days of attaining the age of 16, register with a Post Master.

It need come as no surprise that young people of 16 should be counted in the man-power of the country. War has altered many things, and today a youth is called upon to do a man's work—and is doing it, too!

In farm and factory, office and store, any boy with the right spirit in him will not stay long at the bottom of the ladder. People commence to call him "Brown" or "Mr. Brown", instead of "Willie" and he has got to live up to it!

He cannot go around any longer with down on his chin and upper lip. A boy doing a man's work must have a man's razor.

Do you know such a boy who might hesitate to buy himself a Gillette Razor? Five dollars invested for him now will earn you his everlasting gratitude. Spare him the shaving troubles most men have had to go through before they discovered the Gillette. Give him the strong moral support of a good "clean shave" daily throughout life.

Gillette "Standard", "Balldog", and "Aristocrat" Sets cost \$5.00. You will find excellent assortments at Drug, Jewelry and Hardware stores.

You Can Use An Ingersoll Radiolite No Matter What Watch You Carry.

The latest Ingersoll invention is a watch that tells time in the dark. Luminous dial watches were known only to a few people until Ingersoll by the use of a substance that contains real radium placed them within reach of all. Now you can buy one at your dealers for a very small sum.

There are many uses for a Radiolite—in the trenches, the sick room, the nursery, on rising early, in mines or factories, out of doors, anywhere that you need to know the time in the darkness.

There's no Radiolite but an Ingersoll Radiolite.

ROBT. H. INGERSOLL & BRO., 128 Bleury Street, Montreal.

This is a picture of the first Ingersoll watch made by Robt. H. Ingersoll, the Michigan farm boy, who went to New York to seek his fortune.

He gave an order to a clock factory for several hundred of this invention of his and they told him he could never make money selling a watch for a dollar—and no one would buy such a time-piece anyway.

But they were mistaken. The watches immediately took hold though they were cheap and as big as a turnip—they kept good time.

In the quarter century since then more than 50 million Ingersolls have been bought in every corner of the globe. Now there are sixteen different models, much smaller, handsomer in finish and outline—but like the original they keep good time.

SCHOOL TEACHERS' SALARIES AND THE NORMAL SCHOOL.

The statement issued by Dr. W. S. Carter in explanation of the action of the Board of Education in deciding to exact a bond of \$100 from students at the Provincial Normal School, which bond to be forfeited if students do not teach three years in this province after graduation, is interesting but scarcely meets the case. The first feature of it that will strike the average reader as peculiar is that after the action of the Board had aroused criticism throughout the Province Premier Foster communicated with Dr. Carter to know what it was all about.

In view of the fact that the board's decision is of deep interest all over the province it is peculiar that the Premier was not fully conversant with it before it was made. That he was not is evident from the fact that it was necessary to ask Dr. Carter for a statement on the matter.

Dr. Carter contends that the decision to bond Normal School students was taken in the hope of securing for the Province at least three years' service from the graduates of that school. Such action is unfair to the young teachers, as it places them in the position of being forced to teach here for at least that period at any rate of wages school boards throughout the province may agree to pay. Such a prospect will not tend to popularize the teaching profession or to increase the number of young men or women who will enter Normal School, with the prospect of three years' enforced service at small salaries ahead of them.

The remedy for the scarcity of teachers is to be found in higher salaries from the school boards and more liberal treatment from the government. The St. John Board of School Trustees has already taken a step in this direction by increasing the salaries of female teachers \$100 per year. This is not a large amount and does not meet the needs of the teachers, but it is better than nothing and that it has been given is an admission that the Board recognizes the fairness of the teachers' claim. Those enterprising young women should now organize in force for a descent upon the provincial government at its next session, for if the City of St. John, with all the other claims upon it, can increase the salaries of female teachers \$100 per year the provincial government can well afford to increase the government grant by at least half that sum.

Despite explanations from Dr. Carter the problem of improving the supply of school teachers will not be solved until the school boards and the provincial government give more real encouragement to men and women who have engaged, or contemplate engaging in that most important calling.

AN IDLE NAVY.

By the use of the submarine the German Admiralty has sought to divert the attention of the world from the comparative uselessness of the Kaiser's navy. The war will have run four years in a little more than six weeks and, except for the work of some raiders, two small clashes in the Pacific, a running fight in the Bight of Heligoland and one or two small affairs in the North Sea, one would not know that Germany possessed any war vessels but submarines.

It was on the submarine that Hun hope of victory was based. By that means England was to be brought to her knees, American vessels were to sink them, and at the same time bending every effort to the destruction or capture of the U-boats themselves, the British Admiralty has another plan to defeat Germany's designs. Britain is busy salvaging and raising vessels that have already been sent to the bottom by the underwater pirates. Little or nothing has been said about this work so it is probably a surprise to learn that in the past sixteen months 407 vessels have "returned" from a trip to "Davy Jones'." These vessels in themselves will make quite a nice little fleet to place again in the Atlantic or the North Sea, there to play their part in the work of helping to feed the British, that Germany tried to starve but could not.

The fact that Britain is restoring vessels once sent to the bottom is interesting for two reasons; it opens up a vista of enormous world wide possibilities after the war and illustrates in a new way the British characteristic of failure to admit defeat. The 407 restored ships were once sent to the bottom and by all the rules and precedents of naval warfare might reasonably have been expected to stay there. That they are again "carrying on" is typically British.

THE POOR RELATION

(By "The Khan" in The Toronto Telegram.)

How many of us have been poor relations? Did any of you ever have a rich uncle or a wealthy aunt, or a puffed-up and utterly unendurable cousin? If you did, then you have been snubbed frequently, humiliated often and sat upon habitually. Did your arrogant aunt fall to invite you to the birthday party of your favored cousin because, forthwith, you were either too poor—or too pretty? Poor relations who are pretty or clever are not popular.

People sometimes complain that the good things of the earth are not fairly distributed. They forget that the great and inexorable law of equilibrium is ever in force. Your cousins had wealth and position, but they did not have your good looks or your brother's brains.

"He doth all things well." When you tried yourself to sleep on the party you did not know that God had doled you more richly than any of your tribe. You know it now, and I hope you didn't get too late. Have you never heard that tremendous saying: "The first shall be last—and the last shall be first."

Some of us can remember when Canada was a poor relation. Our Uncle Sam looked upon us with contempt and disdain. We were blood relations of his, but he did not seem to be overly proud of the fact. When he felt that he cracked his jokes at our expense, and the whole audience from Maine to California, and from Key West to Puget Sound howled with laughter.

And we—well, we were like too many poor relations. We looked upon our rich and powerful uncle with awe and admiration. We were generous enough to be proud of him even if he snubbed us occasionally. Oh, what a difference in the morning! Nine times in ten the poor relation makes good, and I smile with pride when I realize that Canada, the poor relation of the family, has more than made good.

"The stone which the builders rejected hath become the head of the corner." This was a great day when Britannia, stricken, buffeted, blinded with tears and blood, leaned her head against the wall of the world, and upon us—only for a moment—but oh, that moment was an eternity of triumph for our Uncle Sam! "Say, fellows, you kin take it from me, that's something in these Canucks after all!"

The world used to pity us—being in a land of ice and snow. As a matter of fact, there are more potentialities to the square inch in this land than in any other in the square acre, and Uncle Samuel and John Bull, not to mention the Kaiser, everybody, is and are finding it out.

The boy that left Canada for the States or Australia or South Africa or the islands of the sea, made a poor man of himself, but he had a pearl away more precious than all his tribe! The chickens are coming home to roost. The prodigal sons are hitting for the Canada border. We are the only people on earth who can afford to kill the fatted calf and eat it at home!

THE WAR NEWS. The Austrian drive on the Italian front has been halted along the greater part of the one hundred mile front although enemy divisions headed in the direction of Venice are still making some progress though at tremendous cost. That they, too, will be stopped before attaining their objectives is a certainty, for the full force of the Italian army has not yet been engaged and the fighting on that front may be expected to become even more intense when they come into action.

Little Benny's Note Book

BY LEE PAPE.

Mr. Parkins came to see my sister Gladdis after supper yesterday, and he rang the bell and I opened the door, not knowing who it was. He came in and I saw him having his mustache shaved off, making a fearful difference for such a little mustache, and I stood there looking at him as if I had never seen him before, which I never did. Like that, Mr. Parkins saying, Well, wats all the gawking about, are you going to let me in? Yes sir, I sed. Wich I did, and he put his cane in the hall rack, and I stood in the parlor door looking at him and he sed, Say, this is becoming monotonous, wood you mind informing your sister that I am here? Yes sir, I moon no sir, I sed. And I went up to tell Gladdis, saying, G, Gladdis, Mr. Parkins is down stairs. Wy the G? sed Gladdis. O, G you're sed Gladdis. WESTERN UNION AGENTS ARRESTED IN THE STATES

Claim That Messages Intended For Wire Were Carried on Trains in Competition With Uncle Sam's Post Office.

Washington, June 20.—Postal inspectors today arrested a number of travelling agents of the Western Union Telegraph Company on trains between Boston, New York, Philadelphia, Baltimore and Washington and seized suit cases they were carrying filled with messages filed for transmission by telegraph.

This practice, which is said to have been in operation by the telegraph company for some time, is considered a violation of postal laws, forbidding persons not connected with the postal service from conducting a traffic in communications over regular postal roads.

The facts discovered will be presented to grand juries and officials of the telegraph company will be summoned to explain the practice. The penalty for violation of the postal laws is a fine of not more than \$500 or six months imprisonment.

Arrest in Boston. Boston, June 20.—Post office inspectors today detained Reginald Thomas of Brooklyn, N. Y., who they said was employed by the Western Union Telegraph Company, pending an investigation by federal authorities as to the method of despatching night telegraph letters between New York and Boston. Thomas was met as he stepped from a New York train carrying a bag which the inspector said contained a large number of night letters intended for delivery by wire to persons in this city.

Y. W. P. A. MAKE GENEROUS DONATIONS

Mrs. John McAvity and Miss Dorothy Jones' Address Members on Red Cross Work.

An interesting address on Spahnun Moss was given by Mrs. John McAvity before the members of the Y. W. P. A. at their regular meeting held in the G. W. V. A. rooms. Miss Dorothy Jones explained the sorting of the moss and showed samples of the different kinds which grow in this vicinity.

Miss Jessie Church presided. It was decided to have five hundred copies of the constitution printed and distributed among the members. On motion it was voted to have two regular meetings throughout the summer. Entertainments for convalescent soldiers are being arranged for by the entertainment committee.

Notice was given that the Red Cross work must be handed in each month. Donations were made as follows: \$25 to a fund for ten men of the first contingent; \$30 for wool for the Ladies' Home; \$5 a month to a Belgian soldier, who is a prisoner in Holland.

W. C. T. U. AT ANNUAL MEETING PRAISES THE UNION GOVERNMENT

Mrs. Wright in Biennial Address Objects To Cigarettes Being Sent To Soldiers—War Work and War Sacrifice Urged As First Consideration.

Ottawa, June 20.—Quoting Lloyd George's recent message to the labor men of the Mother Country that "you must go on, or go under," Mrs. Gordon Wright, President of the Dominion W. C. T. U., in her biennial address to the delegates Wednesday, repeated that appeal, urging the temperance women to be on guard for all reforms that make for the uplift of humanity.

The fact that prohibitive measures for the liquor traffic had been enacted, brought Canada was so recognized by this organization should cause its activity, Mrs. Wright said. There is and always will be plenty to do. Continuing, Mrs. Wright said war work and war sacrifice must be the first consideration of the W. C. T. U., and with "our brothers, fathers and husbands, we must face the tyrant enemy, until suppressed."

Mrs. Wright warmly praised the Union Government for its prompt action in suppressing the liquor traffic. She again expressed her deep regret that England has not yet seen fit to bring in similar legislation. "We, the women of Canada, protest against our sons being debauched and degraded by liquor and its consequences," she said, "when we have been our best and bravest to help the Motherland in her fight for right, and we white ribbon mothers are not asking too much when we say that such an undesirable alternative as the wet system should not be handed our boys when they cross the seas."

Mrs. Wright deplored the fact that so many women in Canada still send cigarettes and tobacco overseas for the soldier, and she quoted an officer in a training camp stating that the men of the Mother Country that "you must go on, or go under," Mrs. Gordon Wright, President of the Dominion W. C. T. U., in her biennial address to the delegates Wednesday, repeated that appeal, urging the temperance women to be on guard for all reforms that make for the uplift of humanity.

SEVEN DAYS' LEAVE IS MELODRAMA OF TIMELY INTEREST

Large Audience At Imperial Last Evening Witness War Play—Exciting and Amusing, With An Appeal To Patriotism.

It is small wonder that with the appeal of timeliness the play "Seven Days' Leave" which was produced at the Imperial last evening has had such a long run in London. It is a melodrama of the war and carries the audience through the intricate plot of a German spy plot to the unmaking of the foreigners and the successful conclusion of two love affairs.

As a one dollar and a half performance production does not come up to one's expectations. The lines are very fine in many places and several of the instigations amusing. The scenery and effects are good, especially the pretty gardens and the cloud effect from the deck of the cruiser. The play is set in a small village in England with the Lady Mary, the vicar and his household as her friends, and the exciting circumstances which brings to them, including the actions of two spies who pose as Belgians.

An extraordinary situation arises in the fact that the Duke's son and the cook's son meet as respectively private and officer both dining at the same house, and both loving the same girl. The cook's son wins her and the vicar takes his defense. The good sport he has proved himself to be. He also takes the officer's suitcases cake which that good woman, the vicar's cook made for her son "Corpulis."

It is all very exciting and very much like seeing a Phillips Oppenheim novel come to life, to the accompaniment of big runs. Only Mr. Oppenheim's heroes don't make speeches about their patriotism. The play differs from many others in that there is no star, but several important roles are in the cast.

By all odds the best acting was shown by Ontario, who as the woman spy gave a fine performance of her hateful part. Her scorn for the weakness of her fellow conspirator shown in the first act was excellently enacted, and it was her best opportunity of the evening. Miss Leon Courtney as Kitty made a vivacious part in the second act which Miss Lillian Lee Anderson as the Lady Mary was good in places, but failed to come up to the possibilities of the part.

As the vicar's cook Maud Williams had a good English accent and was responsible for many of the laughs in the play. As Cornelius Keys, the cook's son, John Winthrop interpreted well the officer risen from the ranks and was very funny in his reception of the news of his good fortune. W. L. Meehan (Terry) has a pleasing stage presence and looks well in uniform. He had an Irish brogue that was there at times. He was at his best in the third act. His portrayal of a man overcome with drink was not convincing, and one would hardly think that best friends would have been deceived. Alfred Britton as Stephen Darrell is evidently an experienced actor, and was the dignified self-sacrificing English gentleman to the life. As "Lord Arthur," the private, Jack Norton

COURTENAYS WON FROM 7TH C. G. A.

Game on Queen Square Diamond Last Evening Ended With Score 9 to 4—The West End League.

On the Queen Square diamond last evening the Courtenays won from the 7th C. G. A., by the score of 9-4. The game went eleven innings and some heavy hitting was displayed at different periods throughout the game. G. Beattsey of the Courtenays was the limit with a home run. The batteries for the winners were Cummings and Reardon; for the 7th C. G. A., Dalton and Baker.

If possible it is the intention of the teams on the West Side to organize a league with the Beavers as a member, and to accomplish this end an invitation is extended through the columns of the Standard to the manager and the captain of the Beavers to present this evening at Queen Square, Carleton to discuss the matter.

The North End Roses defeated the Harrison street Stars in a ten inning game of ball on the old Shamrock grounds last evening by a score of 12 to 7. Green done the hurling for the losers and pitched good steady ball and was given excellent support. O'Connor was on the hill for the Stars when his support failed and with two out and the bases full the bases were cleared and before the third man was out five runners were scored.

Perkins umpired satisfactorily and the batteries for the Roses was Green and McCaustlin, and for the Stars O'Connor and McCarthy. The score by innings follows: Stars0211120005—12 Roses0202101800—7

THEIR FIRST GAME The Franking defeated the Duke street Stars in a six inning game last evening by a score of six to four. Fred Diggs done the twirling for the winners while G. Maxwell for the losers. The batteries were Diggs and Porter for the winners; Maxwell and Adams for the losers. The score by innings: Stars102003—6 Franking111000—4 Umpire: E. Haines

had a splendid English accent and was most satisfactory. Frank Holland who was seen as Col. Sharrow of the British Secret Service had a wonderful speech in the second act which he gave in a way above criticism "Carry on" is a gem. As the vicar H. M. Merriman spoke with a State of Maine accent which rather marred the realism of the character though otherwise his performance was a competent one.

The returned heroes who are wearing the blue band on their arms and who are being attended in the city military hospitals have received an invitation to be present at "Na. Farum's show this afternoon, for which the soldier boys are duly thankful.

MAINE CROPS DAMAGED. Bangor, Maine, June 20.—Frost caused widespread damage to crops in Northern Maine, Wednesday, and many farmers will be obliged to repair their fields. In this city and vicinity scores of gardens were ruined.

PRICE OF REFINED SUGAR LIKELY TO BE RAISED. Sugar Stocks in Wall Street Make a Demonstration in Consequence. INTERNATIONAL PAPER WEAK ON NEW PRICES. United States Steel Strong At 106 3/4 — Call and Time Money Easier.

McDOUGALL & COWANS. New York, June 20.—The market continues to be narrow in the afternoon, but the list as a whole showed upward strength and prices continue to work upward almost steadily until the close. The sugar stocks made a demonstration on unconfirmed reports that the Government price for refined sugar would be advanced. International paper stocks were an exception to the general market trend, selling off as a result of statements originating with the company that the net earnings of the first five months of the year had been poor, and the price of 3.10 a pound for newspaper stock Wednesday was a severe disappointment.

BUYING OF SOUND ISSUES EXPECTED. Little Real Stock Offering Around Current Levels. McDOUGALL & COWANS. New York, June 20.—A trading market with specialties displaying strength under pool activities is expected. On reactions we anticipate good buying of sound issues. There is reported very little real stock offerings around current levels.

ANTIC PROFITS WERE \$462,676. Excellent Financial Showing For Year, Profits Increasing By \$158,253 — Annual Meeting Today. The annual report of Atlantic Sugar Refineries, Limited, which will be presented to shareholders at the annual meeting at noon tomorrow is by far the best issued by that company.

BANK OF ENGLAND. London, June 20.—The weekly statement of the Bank of England shows the following changes: Total reserve decreased £31,000; circulation increased £350,000; bullion increased £227,401; other securities decreased £5,868,000; public deposits decreased £2,898,000; other deposits decreased £7,375,000; notes reserve government securities decreased £2,399,000.

NEW YORK IRISHMEN AGAINST TREASON. New York, June 20.—A demand that the government "stamp out the propaganda of treason and sedition which is being openly conducted under the name of Irish patriotism," was made in resolutions adopted here last night by Division No. 9, A. O. H. The resolutions, which it was said, would have the support of 95 per cent. of our race," were telegraphed to President Wilson.

CASTINGS. We are in a favorable position for prompt deliveries on castings in IRON or Semi-Steel Up to 30,000 lbs. in weight. L. MATHESON & Co. Ltd. BOILERMAKERS, New Glasgow, Nova Scotia.

SHARP DECLINE IN THE CORN MARKET. Opening Quotations One Half To 1-3 Cents Lower — Oats Weaker At 72 1-2. Chicago, June 20.—Official notice that the food administration license of commission merchants does not cover the carrying of such grain for customers who are not licensed brought about general selling today in the corn market. Prices declined sharply in consequence. Big receipts here tended also to weaken prices.

ENORMOUS BOOM AFTER THE WAR NOW EXPECTED. Reconstruction Requirements Will Be Colossal and Plans Already Making. ANACONDA COPPER WILL EARN \$11 TO \$13. Very Few Selling Orders For Any Stock Are Now in the Market.

McDOUGALL & COWANS. New York, June 20.—Following statements to the effect that any reaction in the general market would and good absorption, a canvas of channels likely to have data on the subject shows that scale down buying orders are under the list in a number of active stands and that very few selling orders are near current levels.

NEW LUMBER CONCERN. The Garrity-Mann Lumber Company with head office at St. Stephen, capital stock \$24,000, is the latest concern to be incorporated in the province. Those composing the company are James G. Garrity, of Bangor; J. Warren Garrity, of Boston; C. N. Yroom, of St. Stephen; and J. Milton Mann, of Calais.

FAIR AND COOL.

THE ANNIVERSARY.

Yesterday was the 41st anniversary of the great St. John's fire which caused a loss to the citizens of \$12,500,000.

NEW MOVIE HOUSE.

It is said that a new movie house has been opened in Sussex, chiefly for the benefit of the many soldiers in camp there.

BEEN TRANSFERRED.

Rev. P. H. McPhail, C. S. R., who has been stationed at St. Peter's church for the past year, has been transferred to Montreal.

THE POLICE COURT.

One lona drunk appeared yesterday in the police court, was fined \$8 and allowed to go. A man was charged with assaulting his wife; the case will be heard today.

FIRE HYDRANT BROKEN.

An automobile was responsible for the breaking of one of the hydrants at the foot of Carmarthen street last evening. Commissioner Hilyard said the report to him did not say who owned the car. Repairs will be made today.

TRAFFIC DELAYED.

The need of an overhead bridge at Mill street crossing was demonstrated last evening about eight o'clock, when the tender attached to C. P. R. engine, No. 6295 went off the track. Traffic was held up for some time until the tender was again placed on the rails.

COULD NOT WAIT.

S. Michaels, of New York, was in the city yesterday, en route to Windsor, N. S., to join the Jewish unit. He was a former house painter in Brooklyn. He could not wait until the next group leaves, but was hustling along by himself. The young chap was of splendid physique and in the "street vernacular" was as hard as nails.

RUN OVER BY TEAM.

Thomas Brickley, fourteen years old, was run over by a team on Brussels street last night and had his leg injured. He was picked up by the motorman on street car No. 114 and conveyed as far as the corner of Union and Sydney street, where he was given to a police officer. He was later removed to his home in the patrol car.

LADY TEACHERS MEET.

A meeting of the lady school teachers of the city was held last night in the Kings Daughters Guild, and the offer of the Board of School trustees to increase their salary one hundred dollars per year discussed. After the meeting it was stated that a resolution had been passed, but would not be made public until after the Board had received it.

THE HEAD TAX.

R. E. Armstrong, secretary of the Board of Trade, yesterday received an enquiry from Cambridge, Mass., as to whether the head tax had to be paid by tourists coming from the United States to this city. Mr. Armstrong got in touch with the U. S. immigration officials and was informed that the head tax was not required unless the person coming in intended to stay longer than six months in Canada.

MARKET PRICES.

Potatoes show a falling off from last week's prices as a result of the fact in the majority of cases any change in prices from last week is upward. Butter is now quoted 35 to 40 cents in tubs, a drop of 5 cents in the week; potatoes, \$2 to \$2.25, a drop of 50 cents. Eggs have gone up one cent per dozen and are now quoted at 35 and 36 for case, and 38 to 40 for fresh. Veal and mutton have advanced three cents per pound.

TWO OLD SPORTS.

A very funny entertainment was presented last evening by Nat Farnum and the Bon Ton Musical Comedy Company at the Lyric. For one solid hour the audience laughed and giggled and roars of laughter were heard all over the house which shows that the popular Nat hasn't lost any of his entertaining qualities. Splendid song numbers and new dances were put on and a new repa of costumes used. To night is amateur night and a big crowd will be present, so come early and get a seat.

THE CANADIAN CLUB.

Dr. H. L. Abramson, director of the provincial laboratories, addressed the Canadian Club yesterday at noon on the "Relation of the Laboratory to Public Health." He likened the laboratory to a mother caring for her children and pointed out in a most convincing manner what had been accomplished in the laboratories of the country in connection with the cure and prevention of typhoid, tuberculosis, rabies, diphtheria, spinal meningitis and other diseases. Judge McInerney presided and among the guests was John A. Sullivan of Boston, one of the city's counsel in the power company investigation.

Opera House vaudeville programme opening tonight includes Delight, Stewart and Hardy in Bits of Musical Comedy; Lewis and Norton in humorous dialogue; Welton and Marshall, comedy singing, chat and dancing; Tremont Duo, sensational athletic novelty; Doherty and Scalia, comedy songs, dances and instrumental features; and the second chapter of the new serial drama, "The Lion's Claw" with Marie Walscamp. Two shows to night, at 7:30 and 9.

SIR ROBERT BORDEN'S SISTER-IN-LAW DEAD.

Boston, June 20.—The death is announced in Wallaston, Quincy, of Mrs. John Ritchie, sister-in-law of Sir Robert Borden, Premier of Canada. Mrs. Ritchie, formerly lived in Halifax, but for some time the family had been residing in Wallaston. She was a sister of Mrs. Borden, and a daughter of T. H. Bond of Halifax. Miss Margaret Bond, another sister, and resided with the Ritchies.

JOHN A. SULLIVAN INSPECTED THE N. B. POWER PLANT

Boston Lawyer Consults With Mayor and Commissioners — Meets Dr. Baxter Tomorrow — He Makes Some Sound Suggestions.

John A. Sullivan of Boston, who has been engaged by the city to act with Hon. Dr. J. B. M. Baxter, K. C., and Dr. W. B. Wallace, K. C., in the New Brunswick Power Company investigation, arrived in the city Wednesday night. Yesterday morning he met the mayor and Commissioners Bullock, Hilyard and Fisher, and in the afternoon discussed with R. A. MacIntyre, his audit of the books of the Power Company. In the evening Mr. Sullivan in company with Commissioner Fisher, through the courtesy of H. M. Hopper, general manager of the Power Co., made an inspection of the power house, street car barns and gas house. Mr. Sullivan will remain in the city until Saturday night as he wishes to meet Hon. Dr. Baxter, who is out of the city and will not return until tonight.

When asked last night his opinion of the commission appointed to hear the application, Mr. Sullivan said he was only acquainted with one member, Mr. Currier, but from what he had heard of the other members, and what he knew of Mr. Currier, he was satisfied they would be an impartial tribunal and both sides would get a square deal.

Mr. Sullivan said the question of rates was the main thing in the present hearing, and before that could be decided it must be ascertained what amount the company were reasonably entitled to receive on capital invested. Any company was entitled to receive a fair return on capital actually invested, but they were only entitled to receive on earnings invested in capital enough to pay the maintenance charges, not to pay dividends on that portion of the capital.

Mr. Sullivan was for four years city solicitor for the City of Boston, for four and a half years chairman of the finance commission of that city, and served for one year and a half on the commission which prepared the amended charter of 1909. While city solicitor Mr. Sullivan was successful in saving for the tax payers \$60,000 a year on a ten year contract for lighting the streets. He has had experience in street railway legislation, but not as regards rates.

Mr. Sullivan suggested that the commission when it meets should first agree on the mode of procedure and then adjourn until a certain specified time to allow the counsel for both sides to prepare their case, and this would end to reduce the actual time of the sitting. He also suggests that the commission appoint some person or persons, agreed on by both sides, to submit a statement of certain facts of the case as there were many of these that counsel on either side should not be asked to prepare.

THOMAS BURKE HAD SORE FEET

That is Reason Given Military Police for Absenting Himself From Barracks Since Friday Night.

"Sore feet" was the reason given to two military police last night by Thomas Burke for absenting himself from the barracks since Sunday night. Burke, who is a member of the Depot Battalion, has absented himself before. It is stated that the last time he was away he remained for a period of five weeks. He was apprehended by the military police last night and left at the north end police station, and later called for by the military police. When asked why he stayed away from the barracks he gave the above reason.

MAY TIE THE KNOT.

Rev. Jos. Levine, Hebrew, St. John; Rev. Aubrey Sterling Bishop, Baptist, Fairville, and Rev. H. T. Raynor, Presbyterian, Waverley, have been registered to solemnize marriage in New Brunswick.

QUARANTINE AT CAMP SUSSEX WAS LIFTED LAST NIGHT

Thousands of Soldiers Are Happy—Disease Been Successfully Combated—The Three Patients Recovering.

It was officially announced to The Standard that the quarantine at Sussex was lifted last night and the three patients who were found to have contracted the disease are recovering. It is doubtful if ever before this disease has been combated as successfully among so many men, as has been the case in St. John and Sussex. This is due to the services of Dr. Mahbra and the promptness of the military authorities in taking precautionary steps to hinder its progress. Dr. Mahbra has had several epidemics to run down in England, and also rendered valuable services in this work in Canada, and the fact that he has a complete knowledge in such a short time, demonstrates his ability to attend to such matters.

Owing to the many rumors and reports which have been in circulation regarding the epidemic it is well to state how many patients contracted cerebral meningitis and the result of each case. There were three cases at the Military Hospital when the disease first made its appearance. The first case was a complicated one, the patient having pneumonia also. Although everything possible was done to sustain life, the party died. This was a non-epidemic case. The two others who contracted the disease had it in its worst form, and one of the parties is recovering. The other died from the disease.

With regard to the cases at Sussex all were epidemic, but having been forewarned of the possible outbreak, owing to the cases in St. John, every precautionary measure possible was taken by the authorities with the result that the arrangements made proved most valuable in the control of the epidemic.

Out of the six cases it will be seen that four of the patients are recovering. This is a very high record for this form of malady, and the authorities are to be commended in the measures they took to combat the disease and the success which has attended their efforts.

JUNE 28 THE DATE FOR AN INCREASE OR ELSE A STRIKE

Union Delegates Meet Power Company Directors — Employees' Compromise Not Yet Accepted — Company Given Eight Days To Decide.

Unless the New Brunswick Power Company grant an increase of five cents per hour to their employees before June 28th, the officials of the Street Railway Union state that they will "tie" up the service. This was the decision last night after the delegation met with the directors of the company in the presence of the union.

The union presented an agreement whereby they were to receive an increase of seven cents per hour from April 1st, and at the last two meetings held by the men they voted unanimously for such an increase, and favored drastic measures if necessary to obtain their request.

At the meeting yesterday the delegation representing the union in order to effect a compromise dropped two cents and stated that they were willing to accept an increase of five cents per hour dating from June 1st.

With respect to the two months from April 1st to June 1st the men agreed that they were willing to let the matter drop for the present awaiting the findings of the commission, appointed to investigate the financial condition of the company.

It is stated that the directors of the New Brunswick Power Company increased yesterday to grant the men an increase of three cents, but this proposition did not meet with the approval of the union. The present wage paid to the street railway employees runs from twenty-five cents to thirty cents. Unless the matter is settled between now and Friday next week St. John will witness another street car strike.

BUSY SCENES IN COURT HOUSE AT REGISTERING

Eighteen of a Staff Worked Hard Last Night — Large Number of Persons Already Filled in Cards—Everything Ready For Saturday.

Everything is practically in readiness for registration day in St. John. Last night at the Court House a staff of eighteen were busily engaged in the city and country, but Sheriff Wilson stated last night that an exceptionally large number have already filled in the cards.

Something over 40 persons have been sworn in for this service, and the applications for the position have been considerably larger than was at first anticipated. Nearly every large firm or manufacturing plant, has taken advantage of Sheriff Wilson's suggestion and their employees for the most part have been registered.

Persons desiring to be registered before tomorrow can do so today at the Court House. The other buildings will be opened on Saturday morning at 7 o'clock and will remain open until 10 at night. Where it is possible registrars should make it a point to register in the morning.

The following list will give the location of the booths, and it is not necessary to register in any particular place, so long as the party registers. This applies to non-residents of the city.

The list follows:
The Congressional church, Union Street.
Centennial school, Brussels street.
The Aberdeen School, Erin street.
St. Thomas School, Erin street.
Court House, Sydney street.
Victoria School, Sydney street.
King Edward School, St. James street.

FRED WISTED HAD FOOT AMPUTATED BY A STREET CAR

Young Fellow Fell From Bicycle Near Haymarket Square and Car Ran Over His Right Foot—Now At the Hospital.

Fred Wisted, of 122 St. Patrick street, had his right foot amputated at General Public Hospital last night as the result of an accident at Haymarket Square about half-past six yesterday evening.

The lad who is about fourteen years of age was riding down Waterloo street on his bicycle and kept quite close to the curb on the northern side of the street. A trolley car coming down Brussels street was slowing up for the stop at the corner of Haymarket Square and Waterloo street just in front of Mowatt's drug store. The lad on his wheel noticed the car too late to stop and struck its side. The shock threw both he and the wheel under the street car, the rear truck passing over his right foot and the bicycle.

The wheel was completely smashed and the boy's foot badly crushed. He was immediately picked up and carried into Mowatt's drug store where first aid was administered. While the dressing was being done the ambulance had been sent for and on its arrival the injured lad was taken to the General Public Hospital.

A careful examination revealed the fact that amputation was necessary as the bones of the foot were too badly broken to leave any hope of saving it. Later in the evening the operation was successfully performed and at a late hour this morning he was resting as comfortably as could be expected under the circumstances.

Had the street car been travelling at a fast rate of speed at the time of the accident it is altogether likely the lad would have been killed.

SUNDAY CLOSING

The undersigned druggists have decided not to open their stores on Sunday during the summer, from June 22 to September 15 inclusive. This action has become necessary because of the large number of experienced drug clerks that have been withdrawn from our stores by the operation of the Military Service Act. Our customers and the public are earnestly requested to make their necessary purchases during the week.
