

Ontario Cannot

Mr. Meredith and Mr. Hobbs are both able men, in their respective lines—one as lawyer, the other as wholesale merchant and manufacturer. Both are well liked personally, though Mr. Hobbs is perhaps more a man of the people. As to character, both are without reproach. But it is felt by many that a city capable of holding the second best yearly Exhibition on the continent might not unreasonably aspire to have one of its own citizens as its representative in the Provincial Legislature. Would it not be a fair compromise to send both Mr. Meredith and Mr. Hobbs to the Legislature?—Mr. Meredith for one of the four Toronto seats, and Mr. Hobbs for London? This would seem to be a natural division of honors, seeing that Mr. Meredith is a citizen of Toronto, and has been for six years, and is in receipt of \$13,500 from that metropolis as its solicitor, while the firm of which Mr. Hobbs is member expends \$1,000 a week in wages in this city, and have every motive for taking as their motto, "London First."

The honest, quiet citizen has an imperative call to rally to the support of Sir Oliver Mowat by supporting those candidates who are pledged to support him. Sir Oliver Mowat has preserved the business credit of this Province, while other countries have shaken to the center. Sir Oliver Mowat has fought and won for Ontario 100,000 square miles of valuable territory of which her opponents sought to deprive her. Sir Oliver has kept Ontario out of debt—the only Province of which that can be said. Is it of no moral consequence that our young men should have had before them for all these years the example of a pure-minded, God-fearing, upright statesman at the head of Provincial affairs? Much can be done by the quiet elector, through quiet, uncontroversial and persuasive talk, to discourage all attempts to bedevil the community by the raising of false issues—that community in which all of us, whether Conservatives or Liberals, Jews or Gentiles, have to mingle in friendly business and general intercourse after the 26th of June. As Principal Grant puts it, "Ontario cannot afford to dismiss Sir Oliver Mowat."

And do not magnify small things, nor expect from the Mowat Government and its supporters a minute perfection that you do not find in yourself, nor in religious bodies, nor even in clergymen. Ontario is living, not under a theocracy, but under a democracy. And, allowing for human imperfections, who can say that the Administration of Sir Oliver Mowat, for the last 22 years, has not been, on the whole, one of the best the English-speaking world has yet seen? "Ontario cannot afford to dismiss Sir Oliver Mowat."

A Yankee Schooner Fired On by a Canadian Cruiser.

A Hamilton Man Mangled to Death Near Niagara.

The Dominion Pressed Food and Fodder Company, of Barrie, has been formed, with a capital of \$100,000.

The French Government has decided to locate the French consul-general in Canada in Montreal instead of Quebec.

The wife of Jake Gaudaur, the champion oarsman, died very suddenly Friday night at Orillia. Deceased was highly respected.

Burglars broke into John Martell's billiard hall, Wallaceburg, and carried off about \$75 worth of tobacco, cigars, etc. No clue.

H. M. S. Blake narrowly escaped colliding with an unknown ocean steamer in the Bay of Fundy on her way from Boston, via St. Johns, during a fog.

The dead body of an unknown man was discovered on Saturday morning lying on the doorstep of an old vacant house five miles north of Thedford.

James Merritt, a cooper, committed suicide at the Maid of the Mist landing, on the American side of the Niagara River, on Saturday morning. He had suffered from cancer and was deranged.

At about 3 o'clock Saturday morning burglars entered J. G. Gould & Bros.' private bank at Uxbridge, pried off the vault door and blew the small steel safe, which was

supposed to be burglar-proof, open, and secured about \$4,000.

The American fishing schooner Haskell took in water at Hastings, Cape Breton, without entering the custom house a few days ago. The Canadian cruiser Vigilant ordered the Haskell to return and report. The latter's captain refused and set sail. The Vigilant fired a shot without effect and the American boat escaped.

Trackmen found the body of a man frightfully mangled on the G. T. R. track, main line, near Niagara Falls, Saturday morning. The body was identified by Clark and Henderson, hardware merchants, as Thomas Young, age 35 years, steam fitter, of 278 McNab street north, Hamilton, who had been in their employ for the past two weeks. Young was paid off Friday evening. It is supposed he was stealing a ride and fell off the train.

REDUCED TO RUINS.

Destructive Fires in Ottawa and Bradford.

Warehouses and 10,000,000 Feet of Lumber Burned at Dubuque.

OTTAWA, June 10.—Six buildings in Dalhousie ward were destroyed by fire on Saturday morning. They were owned by Mr. Wm. Cochrane, contractor, whose loss will be about \$3,000.

BRADFORD, June 10.—Coates' foundry and molding shop as well as J. H. Davey's saw and door factory were all burned yesterday. Coates' loss will be about \$2,500 and Davey's about \$1,000. No insurance.

RIVER DU LOUP, June 10.—There was a conflagration at Isle Verte yesterday. The fire originated opposite the church, the strong wind which prevailed at the time soon spreading the flames all over the village. For a time great fears were entertained that all the place would be destroyed, but fortunately the wind turned, and the fire was soon got under control. Six houses and nine outbuildings were consumed. Reported loss between \$12,000 and \$15,000, with very little insurance.

DUBUQUE, Ia., June 10.—The most destructive fire that ever visited Dubuque was started yesterday by, it is supposed, a locomotive spark, in the Lenoir lumber yards. Within half an hour the fire had gained such headway that it swept through the lumber district with resistless force. Fully 10,000,000 feet of lumber were burned, besides the mills, warehouses and factories, causing a total loss of at least \$300,000, upon which there is an insurance aggregating \$350,000. Several men were seriously injured, but there were no fatalities. Three hundred men were thrown out of work by the fire.

THOUGH THE TIDE HAS TURNED

The Fraser River Continues Rising in Some Places.

A Difference of 150 Feet Between Low and High Water Mark.

MONTREAL, Que., June 10.—The Star publishes the following special: Vancouver, B. C., June 9.—Though the tide has turned to-day in the Fraser and tributary rivers the water is still rising at some place at an alarming rate.

At Canon, B. C., the difference between the low and the high tide now measures 150 feet. The Cariboo waters are now of the flooded valleys. Should they come above the highest recorded mark. It delayed 48 hours or till Monday the tide will have fallen sufficiently to prevent further disaster.

Relief committees have been systematically appointed, and an executive is contributing local and outside funds to the relief of the municipalities in the flooded districts. Applications for immediate help are coming in fast, and if the Government and city councils had not acted with great dispatch the death rate would have been increased and the suffering awful to contemplate.

All east-bound passengers are journeying via San Francisco. All Canadian mails go by the same route. So soon as the Cariboo waters have come down and the drop of tide overcomes the rush, the Canadian Pacific Railway will put 5,000 men to work on reconstruction, and through trains will be running in a week after the work has commenced.

The relief steamers now plowing through the river in every direction have averted the greater calamity of death by starvation, which would have otherwise come upon many.

The latest reports state that the dyke at Brodie's cannery has given way and 15,000 acres of cropland have disappeared beneath the rush of waters.

McGillivray dyke at Lulu Island has succumbed, the waters having already done \$10,000 worth of damage to farms directly beneath the embankments. More track has been washed away at Kicking Horse Pass.

Reports of calamities of less importance have been sent in. Deaths by drowning have been very few, and all further anxiety on that score is at an end.

Fully 15,000 persons living in the municipalities are homeless on account of the floods along the Fraser River.

IN THE LION'S DEN.

Terrible Experience of Mlle. Beatrice at Coney Island.

CONEY ISLAND, June 11.—Mlle. Beatrice, a lion tamer at the London Zoo, which is giving a wild animal show on the old iron pier at West Brighton, had a narrow escape from being mangled to death last night by a lion. She enters a cage with two lions. Her act closes by opening the lion Brutus's mouth and kissing him.

While she was making her bold attempt to smother the lips of Brutus the man who feeds the lions made his appearance near the cage with a box of raw beef. Brutus caught sight of the beef and in a moment unfettered Beatrice's hold upon him and sprang upon her. Both had a lively tussle which finally resulted in the lion tamer's falling to the floor and the lion's grabbing the left side of

Sir Oliver Mowat

her face in her mouth. Manager Farrar and Trainers Brouce and Ordway rushed in with pitchforks. After plunging the forks several times in the head and body of the lion they managed to make him loosen his hold and got the girl out of the cage. She was unconscious and blood was pouring from her face as she was carried into the office.

Dr. Hill found that the lion had succeeded in sticking three of his big teeth through the woman's left jaw. Other parts of her face were also chewed. Dr. Hill said it was the worst case of animal bite he ever saw. The woman was delirious at midnight and is in a precarious condition.

Short-Sighted!

Some of the P. P. A. Orators Kick Against the Cross of St. George.

A Patron President Discards One of the Platform's Chief Planks.

Mr. E. B. Osler, Q.C., to Speak at the Nomination Night Meeting in Toronto—Progress of the Campaign.

STILL THEY ARE AT IT! The latest anti-Mowat "free-fed" campaign sheet calls attention to the alleged nepotism of the Hon. G. W. Ross in appointing his daughter to a position as teacher in the Toronto normal school. There are two answers to this freshest of Tory charges. In the first place Miss Ross must have had the qualifications necessary or she could not have been appointed. This she has shown by her successful course in the normal school. In the second place there is not now, nor has there ever been, a daughter of Mr. Ross on the teaching staff of either of the normal schools of this Province. So much for the latest anti-Mowat campaign lie.

On the ceiling of the Ontario Legislative Chamber is the crest of St. George, the loyal emblem of England, but the Tory P. A. orators and candidates are asking for votes because they declare it is a cross of another kind put there by a Roman Catholic Minister. Such is a policy on which the Ontario Provincial Opposition hopes to gain power. Even the Canada Presbyterian renounces the unscrupulous appeals to bigotry.

PRO. STRATFORD. Joseph Stratford, Brant county president of the Patrons, recently ordered to address a joint meeting at Tavistock in behalf of Sir Oliver Mowat and Mr. Ballantyne, and Mr. Stratford declared on oath that he believes the present method of appointing county officials to be the best, thus smashing the daily plank in the Patron platform to which Liberals may not naively subscribe. Bro. Stratford's views are shared by thousands of Patrons in Western Ontario.

MR. PARDO VERY ILL. CHATHAM, June 10.—The Liberal and Patron candidate, Mr. T. L. Pardo, is lying very ill with an acute attack of inflammation of the bladder. He will not be able to leave a hotel for several days.

At the Ottawa Conservative Association the chairman accused some one of stuffing the ballot, and one-half the delegates left the hall before the voting was completed.

MR. B. OSLER ON THE PLATFORM. In addition to the meetings which Sir Oliver Mowat has been already announced to address, he will speak at St. Catharines on Monday, June 18, and at Simcoe on Wednesday, June 20. Probably the largest meeting of the entire campaign, in or out of Toronto, will be that which is to be held on the evening of Monday, the 18th, the eve of nomination day, in the new Massey Music Hall, this being the earliest date at which the magnificent building will be open for public use. The list of speakers has not yet been arranged, but it is understood that it will include Mr. B. E. Osler, Q.C., one of the grandest orators in Canada.

PATRON PICNIC. The second annual picnic of the Prince Edward Patrons of Industry took place Saturday at the Sand Banks, ten miles from Picton. Five thousand to 7,000 people from all points of the province and adjoining counties were assembled. A moderate estimate places the number of rigs at 1,500.

NOTES. Mr. McDougall, the P. P. A. candidate put into the field against Mr. Clancy in Kent, was moved into that position by Conservatives, yet anti-Mowat speakers "blame the Grits" for Mr. McDougall's temporary candidature.

West Kent P. P. A.s, as supporters of the Conservative party, are said to be connecting a scheme to aid Mr. Clancy. The plan is to drop Mr. McDougall, who

has no Liberal following and therefore cannot detract votes from Mr. Pardo, the Patron-Liberal candidate, and declare their indorsement of the latter gentleman. They hope by this move to create the idea that there is some connection between the Liberals and the P. P. A., and to drive over some Catholic votes to Clancy. But the people of Kent will hardly be caught with such chaff as that.

CONCISE CULLINGS.

Cyrus W. Field, jun., is dead.

Lord Chief Justice Coleridge is growing weaker and his condition is much worse.

The imports of gold at the port of New York for the past week were \$101,189; exports, \$7,400,623.

It is estimated that 200 persons were injured in Vienna during the hail storm on Thursday morning.

Frances Stanislaw Ritter Von Henbikeli is the name and title of a nobleman and descendant of the Archduke of Austria now living in obscurity in the cellar of an East Side tenement in New York.

Nineteen commonwealers from the State of Washington were sentenced to 90 days in jail at Helena, Mont., Saturday. They are part of the gang which stole a Northern Pacific train. Forty-four more will be up for sentence to-day.

Officials of the New York Sanitary Code have discovered living in poverty and squalor in that city a man who claims to be the son of Maximilian Emperor of Mexico. The man has papers and documents from the Austrian Government to prove his identity.

THE GREAT STRIKE.

Four Miners Fatally Shot—Negotiations Amount to Nothing.

UNIONTOWN, Pa., June 10.—In an encounter between deputies and strikers at Lemont this morning one striker was killed and three others were fatally shot. Deputies were endeavoring to release the workmen captured last night by strikers. Many arrests were made.

COLUMBUS, Ohio, June 10.—The scale committee of the operators and miners adjourned at 11:45 last night, Monday morning at 9 o'clock without reaching a settlement.

CHALOSLA, Ia., June 11.—After an all day session the Iowa miners and the operators who were represented came to an agreement Saturday night, which provides that the scale of wages for mining coal and the rules and regulations in force during the year 1893 be restored and be continued until April 1, 1895.

ACCIDENT ON THE C. P. R.

A Train Drops Through a Burning Bridge.

WINNIPEG, June 10.—A fatal accident occurred yesterday afternoon to the through Canadian Pacific express near Fort William. A burning bridge gave way under the train and four cars were precipitated into the River Mattaw. The cars took fire from the bridge and were consumed with all mail and express matter.

Mrs. Barker, of Elkhorn, Man., was drowned, and Express Messenger Brown, of Toronto, is missing. It is also feared two others are drowned.

Among the injured are: Mrs. Biele, of Middleville, Minn., badly bruised; Fireman Whitehead, seriously injured; Engineer Elmes, slightly injured.

COUNTY COUNCIL.

The Session Concluded.

The June sitting of the Middlesex County Council was concluded Saturday, the business having been the lightest for some years. The final report of the Finance Committee was presented, and London Vest will get a rebate of \$500 on its overdue county rate, provided only that the balance is paid in full by Oct. 1. The account from the London Board of Education for county pupils attending the Collegiate Institute was referred to Inspector Dearness.

Three bylaws were passed: 1. To confirm the fourth report of the finance committee, re the village of Louisa West. 2. To raise for public school purposes \$5,523. 3. To raise for debt interest and current expenditure \$72,560.25.

The report of the jail committee stated that the county lockup was in a healthy condition and recommended that the tender of John Mann & Sons for coal be accepted.

The educational committee recommended that no action be taken re the formation of a union school section at Melbourn.

Another Chance for the Lawyers.

BUFFALO, N. Y., June 10.—The land on which the municipal building of Philadelphia stands and which is worth over \$1,000,000 it is claimed, is owned by the heirs of John Rosebrough, one of the pioneers of Pennsylvania. Amongst the direct heirs are Joseph L. Hawkins, Ottawa, Ont.; Mrs. Wm. Fonger, Buffalo, Ont.; Mrs. Wm. Sixty-Five Miles an Hour by Electricity At Mantes (Seine-et-Oise), on May 9, an interesting experiment in the adaptability of electric force to traction on railways was made on the Western of France Railway. The electric locomotive invented by M. Heilmann drew a special train from the St. Lazare terminus in Paris to Mantes station, a distance of 33 miles, performing the journey in 55 minutes. The train was composed of five coaches and a dynamometer brake van, and at certain portions of the line a speed of 65 miles an hour was attained. [London Daily News.]

THE OPEN FORUM.

The Council and the Sufferers.
To the Editor of the ADVERTISER:
The Real Estate Protective Association does not shine in any very brilliant colors in your issue of this morning. The pretense about "sympathy" with our suffering neighbors in British Columbia does not amount to a "hill of beans" when they oppose substantial help being sent. The object of the help is to relieve the property owners and others who have lost their all in the floods. The good old Book says: "If a brother or a sister be naked and destitute of daily food, and one of you (the R. E. P. A., for instance) say to them, 'Depart in peace, be ye warmed and filled'; notwithstanding ye give them not those things which they need, ye shall be cursed, and shall be without profit." If the protest of the R. E. P. A. had been accompanied with a substantial donation there might have been some sense in it, but otherwise their sympathy is worthless. As to waiting till "British Columbia asks for help," such a policy would rob the nobility and brotherliness of the act and paralyze it.

ROSEBURY WAS EXCITED.

LONDON, June 11.—The crowd at Epsom on Derby day was prodigious, and it included, perhaps, an unusual proportion of Americans, among whom were Mr. and Mrs. Bayard. The Prince of Wales, of course, was there, for he has a very profound contempt for the so-called Nonconformist conscience, and he was one of the first to congratulate Lord Rosebery. The latter, according to some of the reporters, obtained more than 100,000 signatures to his petition for the referendum could not be denied them. The reports from the most remote cantons were received yesterday, and the general result was announced to-day. The Socialist and Democratic proposal was defeated by a vote of 300,000 to 85,000.

THE HARTLEY MYSTERY.

Evidence of Arsenic Said to Have Been Found in the Dead Man's Stomach.

BRANTFORD, June 10.—Events seem to be rapidly coming to a head in connection with the mystery surrounding the death of the late Calab Hartley, of New Durham. Deceased had always been known as a healthy man, and he passed a medical examination as late as Feb. 3 last. In May he was taken suddenly and mysteriously ill with vomiting and other symptoms of an irritant poison, and he died shortly after under circumstances which led the doctors to refuse to give a certificate, as they considered all the symptoms those of poisoning by arsenic. Hartley himself, prior to his death, was suspicious, and his son also has from the first had his suspicions.

The coroner has received from Toronto the result of the long-expected analysis of the stomach, but he positively refuses to disclose the contents of the document. From a reliable source it has been learned that the analysis of the stomach has disclosed the existence of arsenic.

Rumor for some time has been busy with the relations alleged to exist between Mrs. Hartley and the hired man, named Ling, and as a matter of course this fact has worked against them in the present position of affairs. The constable of the village asserts that Ling said when first spoken to on the subject that he would give \$500 to be out of the scrape. Mrs. Hartley from the first has taken her husband's death with the utmost indifference.

NO MORE FITS.

Mrs. William Langley Was Subject to Them for Five Years—Dodd's Kidney Pills, which Never Yet Failed, Cured Her.

LONDON, June 11.—Mrs. Wm. Langley, of 21 Euclid avenue, South London, has for the past five years been subject to fits. She was treated by doctors in Lansing and Detroit, Mich., and by three different physicians in London. No one of them could cure her. About two months ago she began using Dodd's Kidney Pills. Since then she has no return of the fits. To-day she is perfectly cured. Her trouble was undoubtedly due to kidney disorder, a fact which the physicians who treated her never discovered and consequently their treatment was in vain.

The Worst is Over.

VANCOUVER, June 9.—Many are of the opinion that the worst of the flood has been experienced. The total acreage under water is estimated at between 150,000 and 200,000. The only distress reported so far is from Barnet Island, where fifteen families are said to be destitute.

She—Are you opposed to an income tax? He—Well, indeed I am. I don't want to have to pay taxes on something I haven't got.

WESTERN ONTARIO.

ESSEX.
The ladies of the several church denominations in Windsor have organized a committee to arrange flowers for decorating the graves of the deceased members of the churches. They will also deliver flowers to invalids during this summer.

ELGIN.
The St. Thomas Board of Trade has elected W. H. King president and re-elected J. W. Stewart secretary-treasurer. It decided that the building of a new city hall would not be advisable at present, but favored an electric fire alarm system.

Five hundred and seventy-eight manhood suffrage voters were registered in St. Thomas in the first three days on which the booths were open.

The annual report of School Inspector Atkinson shows the total moneys spent for school purposes in Elgin during the past year to be \$60,788.22; total school children, 6,576, of which 1,380 attend school less than 10 days; average cost of each registered pupil, \$8.70; number of school houses, 109, brick 61, frame 48; number of teachers, 126, male 57, female 72; second class 50, third class 72; average salary, male \$358, female \$245.

The county of Elgin has accepted the offer of St. Thomas of \$2,950 annually for five years in settlement of all accounts for the administration of justice.

Hugh McGill, of Cornwall, died Wednesday. He was a brother of Samuel McGill, Dunwich, and one of the most prominent men of Dunwich.

At Trinity Church, St. Thomas, Wednesday, Mr. George E. Miller, of the Chicago and Grand Trunk Railway, at Chicago, was united in marriage to Miss Annie Jane Miller, eldest daughter of Mr. R. Miller, local master. Rev. Canon Hill was the officiating clergyman, the bride being attended by her sisters, Misses Teresa and Edith Miller, and the groom accompanied by Mr. T. H. Slater, of Windsor.

HURON.
James Egan, late baggage man at the G. T. R. depot, Elgin, was presented with a handsome gold watch accompanied by a nicely prepared address by citizens. He is leaving the company's service.

KENT.
The values of Canadian fisheries in Lake Erie are as follows: Tuna, 23; tonnage, 409; value, \$61,050; men on same, 71; number of fishing boats, 249; value of same, \$18,715; number of men on same, 448; gill nets, 21,200; value, \$5,305; seines, rathoms, 8,435; value, \$4,230; pound nets, 232; value, \$76,970.

A period of social chaos prevails among the residents of the township of Oxford, near Chatham. It is owing to the arrest of High Constable Coogan of five men who have been tight in the best society and are well-to-do financially. The arrests occurred Friday, and the charge preferred against the young men was that they charivariated a couple last January on the occasion of Jas. Adrian's marriage to Mrs. Preston. The night was made hideous by the racket which usually accompanies an old-time charivari, and this event was not confined to uproar alone, but the men took Adrian from bed into the iced night. They administered what in college parlance is termed "eleventh" by rail without a ticket. They fired off a gun in his residence, broke household articles, and, going to the barn, they shaved the horses' manes and tails. The arrest of Wm. Livingstone and Jos. Danford was made at the instance of Adrian shortly after the affair. The trial at Ridgeway resulted in each being fined \$25 and costs. The present commotion is due to the arrest of Jas. Spence, Alex. McDougall, Wm. Roberts, Alex. James and Jas. Swanton. They were taken to Chatham, charged with being participants in the charivari. Some 100 hundred people were at the depot previous to their departure for Chatham. They were arraigned before Magistrate Forhan and pleaded not guilty. All were remanded, bail at \$500 each being accepted.

LACED.
The residents of Moore and Sarnia townships wish the tolls abolished or reduced on the Sarnia gravel road.

The special committee of St. Andrew's Church, Sarnia, having in charge the selecting a choir master and organist for the church, have decided to appoint Mr. James Watson choir master and Mr. Julius MacVicar organist.

About 170 candidates will write at the high school entrance examination in Watford.

After a lingering illness of over two years, Thomas Oliver died at his home, London road, last week. The deceased was a well-known resident at Plympton, having for many years followed the occupation of farmer, and erected a large number of barns in the township. He fell from a building three years ago and never recovered.

The Sarnia township council has arranged with John B. Pike, of Chatham, for extensive drainage works—the deepening of the Perche drain—at an estimated cost of \$17,800. The work is to be done by a dredge.

HIDDEESEE.
The death is announced of two scholars of the Strathroy Collegiate Institute named Arthur J. Marshall and Charles Grist. Lafferty, both young and promising pupils.

Duncan Connell, an aged resident of Belmont, died last week, aged 72. He was a native of Scotland, having come to Canada some 25 years ago. He has been prostrated with paralysis for nearly four years. He leaves a wife, three sons and a daughter.

Brantford Council Royal Highways are a very successful entertainment in their hall on Friday night. The following is the programme, which was well appreciated: Chairman's address, Dr. Murray, Toronto; guitar solos, Miss J. Law, recitations, Miss K. McKerracher, Miss M. J. J. Hartson, Miss E. Hartson; duets, the Misses Hartson.

At the last meeting of Westminster Township Council it was reported that there was a bad washout in the road to Sheppard's bridge. The reeve, J. Riddle and J. Cousins were appointed to repair the washout. A number of payments were ordered, including \$10 to Levi Fletcher for repairs on the bridge. Bylaw No. 533, to open the base line across lot No. 42 as a public highway was passed. The reeve was instructed to let by Mr. Brant, deputy reeve of Delaware, in connection with the approach to the county bridge on the town line. Moved by David Nichols, seconded by J. Cousins, that the council purchase from H. A. Brownell the western reversible steel road machine with an extra blade at \$290, to be paid at the next meeting if satisfactory. Carried. The agreement furnished by Fraser & Fraser to settle the accounts between the City of London and the township of Westminster respecting the annexation of London South on the terms agreed to by a committee of this council was carefully read, and bylaw No. 533 to authorize and instruct the reeve to execute the said agreement as therein specified was introduced and finally passed.

The Court of Revision of the assessment of the township of Westminster for 1894 held their first meeting at Odell's Hotel. All the members of the council subscribed the oath of office. George Riddle was appointed chairman. A number of appeals of small consequence were decided, and the court adjourned to sit again on Tuesday, July 8. Council met same day.

OXFORD.
The Oxford County Council was in session last week. The auditors' report showed a balance in hand to the credit of the county on 31st December, 1893, of \$37,358.44. County School Inspector Carville's report showed the amount raised for school purposes during the year to be \$91,756.86, leaving a balance on hand of \$26,139.69.

The assessment of Embro is almost \$200,000.

The name "J. L. Grant & Co." pork packers, has become a thing of the past.

The Ingersoll institution is now operated by The Ingersoll Pork Packing Company, J. L. Grant, who originated the firm, has withdrawn and the English capitalists in the company have now sole control.

PERTH.
Mr. and Mrs. James Dickson, of Atwood, celebrated the 50th anniversary of their marriage the other day. Mr. Dickson was a very successful farmer. He was also an enthusiastic dairyman. He was president of the Cheese and Butter Manufacturing Company for eleven years and a salesman for thirteen years, a position which his shrewdness and integrity enabled him to fill with great success. He and his wife are among the pioneers of Elma township.

Messrs. T. Ballantyne & Sons shipped three cars, 571 boxes, of cheese from Atwood station the other day, valued at \$5,005.

At the June session of the Perth County Council, just closed, a resolution was adopted memorializing the Dominion and provincial governments to have the voters' lists for Dominion, Provincial and municipal purposes revised at the same time and embodied in the one list.

"Glennan," the handsome residence of Mr. J. P. McDougall, of Stratford, president of the North American Mill Building Company, was the scene of a happy event on Wednesday at 5 p.m. The occasion was the marriage of his eldest daughter, Miss Maggie, to Mr. W. A. Rutherford, of Toronto. Many guests were present.

It is said that W. R. Davis, of the Mitchell Advocate, who at one time conducted that newspaper on Conservative lines, has been a byway of the news for some time as the Young Liberal Club.—[St. Marys Journal.]

WELLINGTON.
Geo. Hall, a tea agent in the employ of Marshall & Co., of London, was tried in Palmerston the other day for having violated a bylaw of the news regarding hawkers and peddlers. He was fined \$10 and costs.

GRANT STRIKES BACK.

An Independent Conservative's Support of Sir Oliver.

Mean Insinuations by the London Free Press and the Toronto Mail Fully Exposed.

KINGSTON, June 9.—The Toronto Mail of Thursday, in its leading editorial, had an insinuating article regarding the Principal Grant of the "Queen's School of Kingston." It reviews his standing as an educationist, and adds that the relations of the oracle in his capacity of college principal and local politician have been very intimate with Sir Oliver and Hon. Mr. Ross during the past two years. It reviews the history of the formation of the School of Mining and Agriculture in this city.

In respect to the Mail's article, a Whig reporter called on the Principal Grant for an explanation. The explanation is perfectly clear. Kingston was not treated with exceptional favor. The Government, in answer to petitions from a dozen county councils, laid down the British and common-sense principle that aid might be given to local effort in the direction of teaching mining and agriculture. The first offer made was to Port Arthur. In Kingston money was subscribed locally, not only by Mr. Hartley, whose name is cunningly picked out by the Mail, but by H. A. Cavin, Conservative M. P. for Frontenac; E. W. Rathbun, of Deseronto, also a Conservative, the McLarens, of Ottawa, A. Barnett, of Renfrew, and others. The meeting at which the project was mooted was attended by wardens and reeves of seven or eight counties—all bribed, as the Mail supposes, if we accept the Mail's theory. The small Provincial grant—\$6,000 in all—was unanimously approved of by the Legislature. The principal gives a specific and emphatic denial to the Mail's charge of a political compact. The school is a purely non-political affair, supported by men of all parties, and of other counties besides Frontenac; classes have been held in Hastings, and will be held in Sudbury. The school was located in Kingston for the same reason that so many educational institutions are in Toronto—the presence of a university promoting economy in teaching. It is not affiliated with Queens, as the Mail alleges.

THE REAL ANIMUS.

"Of course, anyone can see the real animus of the Mail's article. I have ventured to express, when asked, my opinion with regard to Sir Oliver Mowat's general administration, as compared with others on which a lurid light has been thrown during the past three years. The Mail is afraid that the reasons given may weigh with thinking people, and it therefore does its best to slander me. I do not think that it will help its cause in Kingston or in Eastern Ontario, or in any part of the Province where I am known, by this style of controversy. However, my reasons for supporting Sir Oliver on this occasion are what must be answered. I can only say what the Mail may think of me. I can only suppose that, on the principle that men judge others by themselves, it has come to the conclusion that I have been bribed."

FREE PRESS MISREPRESENTATIONS EXPOSED.

Free Press elsewhere that the London Free Press had printed a sermon in Chalmers' Church endorsing Mr. Hartley.

"That is equally foundationless with the statements of the Mail. I never refer in the pulpit to party politics; when I have anything to say on public matters it is always said on a platform as public, where others may answer me. You yourself know that any indorsement I gave Mr. Hartley was in the form of an open letter sent to both Kingston papers. Had I preached such a sermon in Chalmers' Church the minister would never have asked me to preach again."

"The Free Press also says the School of Mines is an annex of Queens."

You can see what that statement amounts to when you know that the school is not even affiliated with it. It is an absolutely independent institution, governed by a board of governors, Protestant and Roman Catholic, Conservative and Liberal, with representatives to be appointed, according to agreement, by the Kingston City Council and other municipalities. The governors of the school leased a building from the university because in the meantime they are unable to erect a building of their own ground. That was in their own interest and was purely a matter of business as is the leasing of the drill shed from the university by the Dominion Government. In both cases Queens will be glad, when the leases are no longer required, to take over its property. The position taken by the Free Press is a very curious one. London has been asking for a normal school for years. If the Government granted the request would it be fair to say that the Free Press and the city would benefit by the institution. But, much more, if the Government said that the people should have to pay dollar for dollar of the expenditure, and that then Mr. Meredith and the principal of Huron College had paid out of their own pockets to help raise the necessary half, would it be fair to say that Mr. Meredith or the principal had been bribed? It does not need much intelligence, even in the heat of a political campaign, to see that such assertions are not argument, and that they are not even legitimate warfare."

Ontario cannot afford to dismiss Sir Oliver Mowat. — [Principal Grant.]

—Manitoba has had a saving rain. Let us all rejoice!

—“If you see Principal Grant's head, hit it!” is the cry of the opponents of Sir Oliver now.

—The management of the Mowat Administration has been absolutely clean. — [W. R. Meredith in a moment of candor.]

—The Liberals made splendid gains in the registration in Toronto. It is highly probable that they will carry three out of the four seats.

—The latest nickname that the Conservative newspapers give Principal Grant because he supports Sir Oliver Mowat is “Hungry Protestant.”

—The opponents of Mr. Hobbs do not take kindly to the native Englishman. They detest the English ballot. They would rather anything than conduct the campaign according to British ideas of fair play.

—According to the Ottawa Journal, in only two years since Confederation has the Dominion Government been without a deficit. They make their “surpluses” at Ottawa by charging almost every expenditure to “capital account.”

—The Protestant religious bodies are now meeting. They are not echoing any Gospel of Hate. They know that the Province is ruled well, and agree with Principal Grant that “Ontario cannot afford to dismiss Sir Oliver Mowat.”

—John Haggart, a Dominion Cabinet Minister, has entered the field to try to defeat Sir Oliver Mowat. Let us see. Is not this the Mr. Haggart against whom serious charges were made in Parliament, all inquiry into which were voted down by Mr. Meredith's friends in that body?

No fewer than 13,275 manhood suffrage voters registered in Toronto in the four days fixed by law. If there had been no registration, as contended for by Mr. Meredith and his friends, over 3,000 of these would have been disfranchised. The registration system has proved a pronounced success. It will apply to every city in Canada in future.

—“No greater injury could be done to us than that we should have a Ministry willing to yield to the encroachments of the Government at Ottawa.” This from Mr.

S. H. Blake should be taken well to heart by the people of Ontario.

—The new theory that it is even impertinent for a business man—a representative manufacturer—to be a candidate for legislative honors in London will get a significant rebuke by the electors on June 26. There will be a big silent vote for the London citizen candidate on election day.

—The fate of the charges against Sir Oliver Mowat is indicated by the unconditional withdrawal by the London Free Press of the rascally accusations made against Mr. Peter Ryan, of Toronto. There is not a charge made in this campaign by the detractors of the Government and its friends that could not be met and combated as effectively. Our contemporary is compelled to acknowledge that the charges were absolutely untrue.

—Kaslo, the British Columbia town which has been washed away by the disastrous floods, was in a mountainous district a short distance north of the Idaho (U. S.) line. In 1891 prospectors in the Slokan division of the West Kootenay district struck what is said to be the richest leads of silver and lead ever found on this continent, and a city of 5,000 people sprang up in a narrow valley. All the ore brought out in this district passed through Kaslo on its way to the smelters in the States. The mountains about Kaslo are exceedingly tall and rugged and the valleys narrow, leaving but a meagre foothold for the new Eldorado, whose principal street was washed by the Slokan River, an exceedingly swift and treacherous stream. Kaslo had a newspaper, which was edited by Mr. Robert Renwick, formerly of the staff of the ADVERTISER.

—The Industrial Banner, the organ of organized labor in London, asserts that it witnessed the procession of friends of Mr. Meredith, corporation counsel of Toronto, when they welcomed the Toronto candidate to London a few weeks ago. The Industrial Banner asserts that

“There is one redeeming feature about the business; we watched it closely ourselves, and failed to see one single individual in the procession who was a member of a labor organization.”

The Industrial Banner knows the reason for the absence of the workers. They could see nothing to rejoice over in the temporary visit of a Toronto corporation official, albeit he was, some six years ago, a member of the legal profession in this city. They can see no cause for rejoicing over the advent of a candidate who has deserted this fair city, and taken his all to Toronto, whose salaried officer he now is. The workers know that the only man of real value to London is he who stays with us, who aids in building up the Forest City, who is a worker, and an employer of labor himself. Such an one is the citizen candidate for London, Mr. Thos. S. Hobbs.

—A dispatch from Ottawa says that a bungle has been made by the Canadian militia authorities in ordering the new Martini-Metford rifle, which has resulted in the indefinite postponement of the time when the Canadian militia will be re-armed. The intelligence is that the department was surprised to find that the 1,000 rifles received, instead of having new barrels altogether are merely old Martini-Henrys with the barrels lined and regrooved. In other words, steel tubes have been forced down the old barrels to reduce the bores to the new calibre. It can easily be understood that this would be a very economical process of converting rifles, and as all the old Martini-Henrys of the British army have been thrown upon the market, the contractors could afford to provide Canada with the converted rifles cheap, and still make an enormous profit. Of course there would be great objections to barrels converted in this way. In the first place the plugging of the barrel adds two pounds weight to the Martini-Henry, a vital matter when the already excessive weight of the soldiers' equipment is considered. Then, so small a barrel as that on a rifle consisting of two tubes, one within the other, could not be expected to conform to fixed rules of contraction and expansion when in use and consequently the rifle could not be relied upon for accurate shooting. The question to be settled is, were the arrangements with the contractors loosely made, and if so, will the Canadian public have to pay for the rifles whether they get them or not?

A BLOW AT LONDON.

The Toronto World (Conservative) frantically calls for the defeat of Sir Oliver Mowat's Government because it gave a charter to the Western University of this city. Every higher educational advantage, it seems, should be concentrated in Toronto, and would be concentrated there if the newspaper advocates and officials of that city had their way. For this reason, if for no other, Londoners will see that a London man, who will not desert his city, is sent to the Legislature to support Sir Oliver Mowat in fairly treating all sections of the country, including the great west, of which London is the commercial, educational, industrial and railway capital.

EDUCATION IN ONTARIO.

This Province has an educational system second to none in the world. The young men born and educated in Ontario take good positions in the United States as well as in their native land. Nor is the cost to the people excessive, as the following comparison will show:

The cost per pupil for a common school education in the United States.....	\$17.22
Ohio.....	15.98
Massachusetts.....	22.69
Michigan.....	14.70
New York.....	10.10
England and Wales, 1892, board schools.....	11.76
England and Wales, 1892, voluntary schools.....	9.34
Ontario, 1891.....	8.40
tonia, 1891.....	7.86
Minneapolis.....	22.49
Chicago.....	15.95
New York.....	17.39
Average for cities in Ontario.....	13.57

Out of every \$6 spent by the Government \$1 goes for educational purposes.

PLUNDERING BY WHOLESALE.

Five specimen jobs have been investigated at Ottawa this year. The waste revealed is shameful. According to undeniable evidence, the public have been swindled out of over \$2,600,000 on these five jobs alone, through the connivance or carelessness of the men in power at Ottawa. Here is the record:

Curran bridge waste.....	\$ 290,000
Hard pan claims waste.....	272,000
St. Charles branch waste.....	1,600,000
Gallop's Rapids channel waste.....	586,000
Waste on Cornwall canal, caused by Sheikh's Island dam.....	34,000

Total.....\$2,682,000

The men who permitted all this jobbery have been appealed to for aid to defeat Sir Oliver Mowat, whose Government has not wasted a dollar of public money on public works. Ontario electors who wish to postpone the day of direct taxation will vote to sustain Sir Oliver, and not permit their Province to be placed at the tender mercy of the Ottawa blunderers and plunderers.

HOW PUBLIC CHARITIES ARE AIDED.

The apportionment of Government aid is made under the provisions of the Charity Aid Act of 1874, and all institutions entitled to a grant under its provisions are treated alike. They are provided for under three classes, viz.: (1) Hospitals; (2) houses of refuge; (3) orphan asylums. The grant of public money to the first of these is made on the basis of 20 cents for each day's actual treatment of every patient in the institution; to the second on a basis of 5 cents for each day's lodgment and maintenance of an indigent person, and to the third on the basis of 1½ cents for each day's lodgment and maintenance of an orphan and neglected or abandoned child—reckoned in each case on the number of inmates in the several institutions during the previous calendar year. And with the view of encouraging contributions by municipalities and from other sources, the act also further provides that further aid upon the same basis may be given of 10 cents to hospitals, 2 cents to houses of refuge, and 1½ cents to orphan asylums, but so as not to exceed one-fourth of the amount contributed from other sources in the preceding year.

CROWN LANDS AND TIMBER.

Opponents of the Mowat Government say that they would not sell the timber on the Crown Lands if they were in power, or if they did sell it they would not use the money as revenue but would keep it so that future generations might draw the interest and thus avoid direct taxation. Their declared policy varies from time to time, but they are never satisfied with what the Government does. Yet their is every ground for satisfaction, as the following figures and statements will show:

Before Confederation (1841 to 1867), 9,904 miles of timber lands were sold at 50 cents a mile, and 2,561 miles were sold at \$45.50 a mile of bonus (or \$116,771), or 12,465 miles all.

The Sandfield Macdonald Government, 1867 to 1871, sold 635 miles of timber lands at \$230 per mile, or \$146,050.

The Blake Government, 1871, sold 5,031 miles of timber lands at \$117 per mile or \$589,261.

The Dominion Government sold several thousand miles of timber lands in the disputed territory in 1883-4, at only \$5 per mile.

The Mowat Government, 1873-1894 sold 4,234 miles of timber lands at \$1,205 per mile, or \$5,101,627.

Ontario Crown timber berths are sold only by public auction after the fullest publicity.

The Dominion Government voted down, during the session of 1894, a motion to have all Dominion lands sold by public auction only, thus still adhering to the practice of selling by tender or privately.

The Canada Lumberman, May, 1894, in comparing the Ontario method of selling timber berths by public auction only, with that of the Dominion by tender, says: “If we take the prices secured at the (Ontario) sales, and compare them with prices obtained by other methods of sale, only one conclusion can be reached as to the financial results accruing from the sale of timber lands by auction.”

The receipts from lands in 1895 were:

New York State.....	\$ 24,334
Michigan.....	14,258
Minnesota.....	192,345
Indiana.....	40,629
Ontario.....	1,823,550

The above States having no revenue from crown lands as Ontario, are compelled to raise most of their revenues by a direct tax on counties, amounting to \$4,028,071 in New York State; to \$1,272,000 in Michigan; to \$1,300,000 in Minnesota, and to \$1,497,000 in Indiana.

Candidates and Their Relations to London and Toronto.

Should the Man Who is Building Up Toronto or the Man Who is Building Up London Be Elected?

Pertinent Facts for the Workers of London to Consider.

The London newspaper advocate of the Toronto candidate for the Legislature petulantly objects to the ADVERTISER giving its readers a picture of Mr. Meredith's fine new residence in Toronto. Only the other day, in order that its readers might be made familiar with the face of the corporation counsel of Toronto, for whom it desires them to vote, our city contemporary printed a picture of Mr. Meredith. But it can scarcely find language strong enough to denounce this journal for printing a picture of the mansion that Mr. Meredith has provided himself with in Toronto, as an earnest to our rival city that he means to keep his word when he told the taxpayers of Toronto that he would in future make their interests his first care.

Why this fearful wrath upon the part of Mr. Meredith's newspaper agent? The chief question in this campaign is whether we will have a thoroughly competent London merchant and manufacturer to represent us, or will resort to Toronto for the services of a paid official of that city. It is not, as the Free Press attempts to make out, a question as to the personal standing of the founder of the ADVERTISER or of men who have formerly been connected with this journal. These are matters that the electors of London have no more to do with in this particular contest than they have to do with where the editor of the Free Press eats, sleeps or buys his clothing.

It is of some importance, however, to chronicle for the instruction of the electorate, either in cold type or by pictorial representation, the position which the two candidates now before the electorate take with regard to the all-important question of building up this fine center of trade and commerce. We make no apology for the position we take on this subject.

With the workers of London, we are for London first in this contest. Our city contemporary can champion the Toronto candidate if it will.

We had thought that it would please the Free Press and its friends to find, by ocular demonstration, that Mr. Meredith had prospered during the six years that he has been a citizen of Toronto. But our contemporary does not like to have these evidences revealed any more than it wished to have the fact made known that Mr. Hobbs has many warm friends among those who until now have supported Mr. Meredith. The indignation of the Free Press awaits nothing, however, in view of the facts.

Mr. Meredith is and has been for six years a resident of and a builder-up of Toronto.

Mr. Meredith never comes to London except to take money out of it.

Mr. Meredith is in receipt of \$13,500 a year as the corporation counsel of our rival city.

Mr. Meredith could get a seat in the city of his choice, and he and his friends would act wisely if they left London to be represented by a progressive citizen of this western metropolis.

Mr. Hobbs, on the other hand, is a resident of London. His whole interests are bound up with this city.

Mr. Hobbs' firm is aiding in the building up of London and in the providing of work for the mechanics and laborers of London.

Mr. Hobbs' firm pays over \$52,000 a year, or \$1,000 a week, in wages, which is all spent in London.

Mr. Hobbs is a successful business man. He believes in talking little and in working hard. That is the secret of the success of his firm.

Mr. Hobbs will help to save money for the Province by aiding in conducting its business in a business way. The Province needs more work and less talk in its Legislature.

Mr. Hobbs has never yet failed in any enterprise that he has undertaken. If he is sent to the Legislature as the representative of the city of his choice, he will work as hard there to build the city up as he has worked in the capacity of a wholesale merchant and manufacturer.

It needed no picture of Mr. Meredith's investments in Toronto to emphasize these facts, but it is apparent that they have been emphasized by our pictorial representation of Mr. Meredith's Toronto residence most emphatically or the Free Press would not object so strongly.

Thousands of new patrons have taken Hood's Sarsaparilla this season and realized its benefit in blood purified and strength restored.

Scots living in London say that Robert Buchanan is not treated fairly by the English press. Whenever he lays himself open to criticism for something said or done, as is the case once in a while, the papers speak of him as a cantankerous Scotchman. But whenever he does anything that is worthy of praise he is spoken of as “the brilliant English writer.”

LONDON DEFEATS HAMILTON. The Alerts added another victory Saturday to their very creditable record this season. It was the first of the Canadian League games on the home grounds, and 1,000 people saw them down Hamilton in a sharp and well-played game. The visitors were completely outplayed. There were a pretty three-bagger, but was put out at third in attempting to reach home owing to bad coaching. Sipi hit his batting clothes on, too, and the reliable Ball hit a two-bagger. Dave Jennings, a former London boy, pitched for Hamilton for seven innings and did well, though his support in critical places was not encouraging. He was needlessly replaced by Moore, off whom five runs were made in the eighth. Hiscott pitched a superb game, and was as cool as a cucumber with men on bases. Only three hits were made off him, and he struck out six. Hynd replaced Farnworth at short and accepted eight chances out of ten—a satisfactory showing for the first attempt. He promises to strengthen the infield. Farnworth's batting abilities make him too good a man to lose, and if he can cover center field the transposition will be an improvement. The men from the mountain felled better than they batted. They had a narrow escape from being shut out, one of their two runs being scored on a wild throw of the ball over the eastern fence. The score:

THE TRIUMPH.
THE MARTINI AGAIN AHEAD.
The second of the series of team matches of the Canadian Military Rifle League was held on Saturday at the Cove ranges, when two teams of the Seventh again lined up, one armed with the Snider rifle and the other equipped with the Martini. The latter team was again victorious. A very enjoyable afternoon was spent amid conditions favorable to good shooting. The light, however, bothered the young Snider shots, so that some of them came badly to grief in the long ranges. Major George Hayes was captain of the Martini team and Color-Sergeant J. D. Jacobs captain of the Snider team. Following are the scores:

THE HILL.
HYSLOP RECORD-BREAKING STILL.
SARNA, June 9.—Will Hyslop has added to his long list of fast records for Canada another and more favorable supplement here on Bay View Park track. Thursday evening, paced by Davidson and Moore in the tandem, he rode the half-mile in 1:01 4-5, timed by the proper official timer. On Friday he lowered the mile record to 2:10 1-2, under similar circumstances. Last evening he broke the records for the flying quarter, two, three and four miles, and reduced the existing five mile record by 1-5 seconds, paced by the tandem. He rode the flying quarter in 29 3-4 seconds, and about half an hour afterwards, from a standing start, put the record for two at 4:48, three miles at 7:11, four miles at 9:25, and completed the five miles in 12:25, the last mile being done in 2:20 3-5.

SPOKES.
A. H. Griffith and W. T. Bradish, Detroit Museum of Art, are taking

a wheel abroad, and already their faces bear the healthy glow produced by exposure to bright Canadian sunshine. Windsor, and they arrived in this city Saturday morning. To a member of the London Bicycle Club the tourists said it was their intention to visit among other places Hamilton, Toronto, Buffalo, Erie, Bradford, Chautauque and Cleveland. Though hills are rather numerous in some districts, the roads are in splendid condition for easy riding. Saturday afternoon the visitors left for Ingersoll.

NOTES.
In the lacrosse match at Montreal on Saturday, Montreal vs. Toronto, the former won—6 goals to 3.

At Death's Door.—Dyspepsia Conquered.—A Great Medical Triumph. GENTLEMEN.—My medical adviser and others told me I could not possibly live, when I commenced the use of Northrop & Lyman's VEGETABLE DISCOVERY for Dyspepsia. My case was one of the worst of its kind. For three years I could not eat meat and my weight decreased from 219 to 119 pounds. All the food I took for thirteen months previous to taking the VEGETABLE DISCOVERY consisted of milk. I am now entirely cured and have regained my usual weight, can eat anything with a keen relish and feel like a new man. I have sold over 30 dozen VEGETABLE DISCOVERY since it cured me, as I am well-known, and people in this section know how low I was, and thought I could not possibly be cured. They are eager to try this grand medicine. It certainly saved my life, as I never expected to recover when I first commenced using it. I am not exaggerating anything, but feel glad to be able to contribute this testimonial and trust it may be the means of convincing others of its use as a certain cure for Dyspepsia. I am now entirely cured and have regained my usual weight, can eat anything with a keen relish and feel like a new man. I have sold over 30 dozen VEGETABLE DISCOVERY since it cured me, as I am well-known, and people in this section know how low I was, and thought I could not possibly be cured. They are eager to try this grand medicine. It certainly saved my life, as I never expected to recover when I first commenced using it. I am not exaggerating anything, but feel glad to be able to contribute this testimonial and trust it may be the means of convincing others of its use as a certain cure for Dyspepsia. At Death's Door.—Dyspepsia Conquered.—A Great Medical Triumph. GENTLEMEN.—My medical adviser and others told me I could not possibly live, when I commenced the use of Northrop & Lyman's VEGETABLE DISCOVERY for Dyspepsia. My case was one of the worst of its kind. For three years I could not eat meat and my weight decreased from 219 to 119 pounds. All the food I took for thirteen months previous to taking the VEGETABLE DISCOVERY consisted of milk. LONDON AND ENVIRONS.

—A portion of the new pumping machin-
ery is being carted to Springbank.—Corp. Burns, of Wolseley Barracks, is
enjoying a month's furlough at Niagara
Falls.—Miss Flossie Burns, South London, is
the guest of Miss Springer, Alma College,
St. Thomas.—Mr. Walter C. Hurley, of Chicago, is
the guest of his uncle, Mr. Jas. Hurley,
211 Adelaide street.—Mr. Clifford B. Keenleyside, of Lon-
don, who has just completed a divinity
course at Yale, has taken one of the cottages
on the Fraser Heights, Port Stanley, and
will spend the summer at the Port.—James Smith and his wife left Squire
Jarvis' court Saturday afternoon the best
of friends. James lives east of the city,
and had been charged by Mrs. Smith with
assault. The matter was dropped.—George McCoomb was charged by
Chas. Niall on Saturday with non-payment
of \$13.65 wages. Both parties belong to
London township, Niall being a farm
laborer. Squire Lacey reserved judgment.—Thieves in London township are resort-
ing to new methods. Peter Duguid, of
con. 5, had about 50 pounds of milk stolen
from his premises on Thursday night. A
neighbor of Duguid's also lost a large
quantity.—Mr. M. Moore, of London, was in
town Friday arranging for the C. P. R.
picnic to Woodstock on Saturday, June
23. It is expected that there will be 500
railroaders here on that occasion. [Wood-
stock Sentinel-Review.]—A wheelman named Alfred Hooper was
the victim of a race between rival butcher
wagons on King street on Friday night.
His ankle was run over, and as he was
unable to walk a gentleman drove him
home. Citizens, with the object of per-
sisting in racing on King street and Queen's
avenue.—The list of school grants—public and
separate—has been published by the Edu-
cational Department of the Ontario Gov-
ernment. London's public schools receive
\$3,618; separate, \$462. London West is
benefitted to the extent of \$235, while
Middlesex county gets \$5,523.—The Grand Lodge of Freemasons meets
at Hamilton this year on July 18 and 19.
Already the Hamilton brethren are moving
to make provision for the reception of
their 600 to 700 visitors. At a recent
meeting R. W. Bro. John Hoodless was
elected chairman of the general committee
and Wor. Bro. Fred Howell secretary.—An inquest into the death of Robert
Johnston, who died from injuries received
on the G. T. R. near Komoka, was begun
on Friday night by Coroner E. Cook. The
following jury was impaneled: Messrs.
F. Holman (foreman), John Clemens, W.
H. May, Adam Watson, H. J. Boyd, Thos.
Hammond, Henry Clark, Joseph Wilson,
George W. Taylor, James Clark, W. A.
Weir, Fred W. Parkinson, George John-
ston, F. G. Mitchell and Peter Teer. After
viewing the body, which was identified by
Michael Deviney, an adjournment was
made until to-morrow night at the police
station.—The annual picnic of the Egin public
schools was held Saturday at Port Stanley.
There were over 4,000 people on the
grounds. The Twenty-fifth Battalion Band
of St. Thomas and the Vienna Brass Band
were in attendance, besides a string band
for dancing. The day was spent in
numerous sports. The Joe Milton made
several trips out in the lake, and was pa-
tronized by large crowds. The cadets of the
Collegiate Institute, St. Thomas, to the
number of about 40, gave an exhibition
drill under Capt. Jones. The L. E. and D.
R. R. handled the crowd well. Three or
four hundred from London went down.—The funeral of G. T. R. brakeman
Robert Johnson, who succumbed to in-
juries received on the Grand Trunk Rail-
way at Komoka, was held yesterday
afternoon. The cortege was upwards
of half a mile long, and was preceded by
about 250 on foot, representing Myrtle,
No. 2, and other city lodges of the Knights
of Pythias, Brotherhoods of Railway Train-
men, Locomotive Engineers, Locomotive
Firemen, Railway Conductors and Tele-
graphers. Delegates from the railroad
societies at St. Thomas and Hamilton were
also in line. Rev. Canon Smith conducted
the services. Bro. R. Cadwallader reading
the beautiful Knights of Pythias ritual at
the grave. The funeral designs were beau-
tiful, and included wreaths from the Knights
of Pythias, Brotherhood of Railway Train-
men and the brothers of deceased.

Successful London Students.

London did well in the recent art exami-
nations. The following are the results:
London Art School—Primary course, 16
proficiency certificates; advanced course, 1
full certificate, 17 proficiency certificates;
mechanical course, 1 proficiency certificate.Extra subjects—Painting, oil colors, 2 cer-
tificates; painting on china, 1 certificate;
drawing from lithography, 1 certificate.London Collegiate Institute—Primary
course, 290 proficiency certificates; ad-
vanced course, 25 proficiency certificates;
mechanical course, 20 proficiency certi-
ficates.Hon. Geo. W. Ross, Minister of Educa-
tion, in his last annual report, shows that
though only 157 certificates were awarded,
in 1883, with one teacher's certificate, the
total number awarded in 1893 was 5,675,
including 324 teachers' certificates.

The L. R. E. O. P. A. Object.

The council was to have held a special
meeting on Saturday night to discuss means
of extending aid to the victims of the
Fraser River flood, but a quorum was not
forthcoming. At 8:30 the following mem-
bers were present: Mayor Estery, Ald.
Carrothers, Garratt, John Heaman, John
W. Jones, Nutkins, Parnell, Pritchard and
Shaw. It was decided to adjourn until to-
night when the electric street railway
question will also be debated. The follow-
ing letter was received by the clerk: "I
have been instructed by the Real Estate
Owners' Protective Association to protest
on their behalf against any grant
being made by the City Council
to the sufferers by the Fraser River
floods (my clients believing and having been
advised that such proposed grant is illegal),
for which purpose I understand a meeting
of the council has been called for to-night.

A Gross Libel Apologized For.

To ward off a libel suit the London Free
Press has confessed that it did Mr. Peter
Ryan, of Toronto, an injustice when it
printed the atrocious false charge made
against that gentleman by Mr. T. W.
Crothers, lawyer, St. Thomas, with the ob-
ject of bringing the Mowat Government
into disrepute. To help the election of
Mr. Clancy, in a speech at Thamesville,
Mr. Crothers publicly charged Mr. Peter
Ryan with acting as an auctioneer of timber
put on sale by the Ontario Government,
and it was added: "Mr. Ryan had a friend
buy in a limit for him, and a few days
later he sold it again, making \$18,000
boodle out of it." The Free Press now
says: "We find upon inquiry that the
statement was wholly unfounded. No
limit was purchased by or on behalf of Mr.
Ryan at a sale at which he acted as
auctioneer, nor at the sale at which he
acted for the Government did he receive
any exorbitant or improper amount of fees.
The Free Press regrets the injurious de-
moralizing effect of the charge, and ap-
ologizes to Mr. Ryan for the injury thereby
done to him." If all the Cabinet
Ministers, officers of public institu-
tions, members of Sons of England
lodges, and of other organizations against
whom more untruths have been made in the
present campaign, with the object of de-
crediting the supporters of Sir Oliver
Mowat were to act as promptly as Mr.
Ryan has acted, there would be a standing
apology for misrepresentation and untruth
in the columns of the anti-Mowat news-
papers. Never has there been a campaign
where more untruths have been leveled against
the Government of the day. The one here
apologized for is a fair specimen. It is
proper to believe none of these ante-election
charges unless supported by unassailable
proof. In nine hundred and ninety-nine
cases out of every thousand there is abso-
lutely no foundation for these rascally at-
tacks.

THE QUESTIONS THAT TELL.

"1. Is there a city constituency in Canada
that sends to Parliament or to the Legis-
lature the paid agent of another city?""2. Is it right that London should select
as its representative an officer of the city of
Toronto?""3. Is Mr. Meredith, city solicitor of
Toronto, having solemnly declared that in
future the interests of that city would be
his first consideration, in a position to be an
independent representative of London?""4. Would Hamilton, Ottawa or King-
ston go to Toronto for a representative in
either the House of Commons or the Legisla-
ture?""5. Why should the progressive city of
London alone advertise that it has no one
within its bounds fit to represent it in the
Legislature, and has to accept the candi-
dature of a paid officer of Toronto?"Fine teas are selling now at lower prices
than ever in this city. G. Marshall & Co.,
238 Dundas street, have bought the stock
held by the Bank of British North America
belonging to S. Fugs, who failed a short
time ago. These teas include all the
finest lines imported by him.
