The following Extract from the Report of the present year will show the rapid growth of the FIRE BRANCH.

Year	Total Premiums received
1800	11,027 10 0
1801	20,673 5 11
1802	26,952 4 2

1808	196,148 7 6
1809	228,314 7 3

Perhaps the following Statement of the Periodical Additions made to its Fire Branch Fund will more clearly exhibit its high position and vast resources. It should be observed that these sums reserved are in addition to its large Capital in hand of £282,000, and are quite irrespective of the Life and Annuity Accumulations:

In the year 1819 the Reserve Fund amounted only to £24,251 12 0
 In the three following years £27,046 2s. was added to that amount..... 27,046 2 0
 In the next three years £29,206 12s. 9d. was added..... 29,206 12 9
 And in the past four years the sum added was..... 29,158 2 3

Making a Total now at the credit of that Account of..... £100,142 10 0

The Total Funds in hand are, therefore
 Capital paid up..... £282,000 0 0
 The Reserve Fund..... 160,142 10 0
 Life Fund..... 207,061 19 0
 Annuity Funds..... 43,308 13 10
 Investment Funds..... 5,286 16 8
 £698,803 19 6

Besides a considerable amount to Profit and Loss not yet disposed of.
 The Fire Insurances of all descriptions will be effected at Moderate Rates of Premium. The Company will ever distinguish itself by its promptness in the settlement of claims. Special Acknowledgment.—The Policies of this Company cover Losses occasioned by Gas Explosion.

THE ROYAL INSURANCE COMPANY'S LIFE BRANCH.

Large Bonns declared, — £2 per cent. per annum on sums assured, the greatest bonus ever continuously declared by any Company. Extracts from the Report to the Annual General Meeting, August, 1859.

THE PREMIUMS RECEIVED.

	£	s.	d.
In the Decennial period from 1845 to 1854 inclusive, was	105,162	19	2
In the Quinquennial period from 1855 to 1859 inclusive, was	227,859	12	3
In the last five years it has more than doubled the amount for the ten years which preceded it.			

THE LIFE FUNDS.

	£	s.	d.
The Balance on hand in 1854 was	56,792	4	0
It is now raised to the sum of	207,061	19	2

During the first ten years the amount added annually averaged less than £7,000. From 1854 to 1859 the average annual addition was upwards of £30,000.

THE INVESTMENTS

Have been made at a most favourable rate of interest; and no loss from them has been incurred. THE ROYAL INSURANCE COMPANY has, in addition to the Investments on the Life Account, large resources of capital paid up and reserves on other branches of business, all of which are liable for claims on the Life Accounts, and could, within a short time, realise that sum far more than doubled, if it were required to do so.

The MORTALITY among Declined Lives and the advantages to be expected from a judicious selection of Lives for Assurance.

A Company exercising such care will be selected by the best Lives. Healthy Assurers will be aware that being admitted among a more selected class, all the advantages to be derived from Assurance will be secured to them in the ENHANCED BONDS, which the system of watchfulness will create.

The Directors invite attention to a few of the advantages the ROYAL offers to its Life Assurers.

1st.—The guarantee of an ample capital and exemption of the Assured from Liability of Partnership.

2nd.—Moderate Premiums.

3rd.—Small Charge for Management.

4th.—Prompt Settlement.

5th.—Large participation of Profits by the Assured, amounting to two-thirds of their net amount every five years to Policies then two entire years in existence.

The rapid progress and position of this Branch will be shown by the following statement of the new Life business effected for the—

Year	No. of Policies.	Sum Assured.	New Premiums.	Year	No. of Policies.	Sum Assured.	New Premiums.

UNCONDITIONAL ASSURANCE.

NO RESTRICTION AS TO RESIDENCE.

The Directors of the Colonial Life Assurance Company being satisfied that it is unnecessary, in the case of Policies opened in British North America, to place a restriction on the residence of persons assured who are settled in life, and have no intention of proceeding to an unhealthy climate, are prepared to issue Policies without the usual Conditions as to residence in such cases *at the ordinary Rates*.

The Colonial Company lately introduced this system into Life Assurance practice in Great Britain, and have now the pleasure of extending it to British North America.

The Form of the Policy of the Company has also been altered in other important respects so as to make the Contract of Assurance a perfect security.

Every information on the subject of Life Assurance will be given here, or at any of the Agencies.

The compiler in presenting another "Toronto General Directory" to the public, feels it somewhat necessary to apologize for the delay beyond the period originally announced for issue.

Few are aware of the tedious labour and annoying disappointments connected with the compilation of a work comprising three distinct Directories, not excepting those entailed on it during the process of collecting the matter and its after progress in printing.

As nearly correct as possible, it is not presumed it will be found free from errors, although constant personal supervision has been bestowed upon it in all its stages, with the hope of making it perfect.

The Street Directory will prove of considerable value as indicating the precise position in which an individual's residence may be found, and not unfrequently of service in cases where the name of the party is entirely forgotten, even if the name of the street be remembered; indeed, it is a letter-press map of the city, every lot (so to speak) bearing the occupant's name.

While my best thanks are due to all who *have given their support*, I must express great disappointment at the illiberal manner in which very many of the citizens and corporations responded to application for encouragement.

If any publication more than another furnishes an index to the progress of a rising city, it is a good directory annually issued and well filled with mercantile advertisements, but I regret to admit that in this instance the publishers will not receive a sufficient sum to pay its cost of compilation, a mere catalogue of residents' names and locations being a sufficient risk for a Toronto Directory publisher to run.

On behalf, therefore, of the publishers, I hope the few that have subscribed and advertized will hand over the amount on *delivery of the work*.

Others, non-subscribers, desirous of obtaining copies, can I believe do so at an advance of 75c. on the subscription price.

TO BORROWERS.

The Society makes advances to members on the security of Improved City or Country Property, repayable by instalments, covering principal and interest, spread over any number of years the borrower chooses, from one to ten. The repayments to the Society are made according to the following

LOAN TABLE.

Monthly Repayments on an advance of 2 Shares, or \$100, to be paid off in

1 YEAR.	2 YEARS.	3 YEARS.	4 YEARS.	5 YEARS.	6 YEARS.	7 YEARS.	8 YEARS.	9 YEARS.	10 YEARS.

\$107.52	57.60	40.92	32.64	27.60	24.24	21.84	20.04	18.72	17.64

Both principal and interest are included in the above instalments; so that at the expiration of the time specified, if these have been regularly paid, the property will be clear and the mortgage returned.

The instalments are presumed to be paid monthly, but the Society allows members paying in advance interest on the amount so paid, or an equal credit afterwards; thus enabling farmers and others, to whom monthly payments would be inconvenient, to pay by HALF-YEARLY or YEARLY instalments.

Sums of any amount will be at all times received by the Society and applied towards the liquidation of the mortgage debt, and interest will be credited on all monies paid one or more months before becoming due. Borrowers are permitted to sell or exchange the property mortgaged, or will be allowed a liberal discount if they redeem the mortgage before it becomes due.

Further information may be obtained from the Secretary.

TORONTO

GENERAL STREET DIRECTORY,

FOR

1861.

EXPLANATION OF THE NUMBERS OF THE HOUSES.

"All those streets which cross Yonge-street are divided into two—*East and West*; the numbers of both divisions begin at Yonge-street, and strike off East and West; thus the store of Messrs. Ridout, Bros., is No. 2, King-Street East; and that of Mr. Staunton, the opposite corner, is No. 2, King Street West; the next houses each way are Nos. 4, East and West respectively—the odd numbers being on that side, and the even ones on the opposite; thus Betley & Kay's Establishment is No. 1, King-street East; and that of Mr. Dow, No. 1, King-street West, and so on.

"In all the streets running in the same direction as King, although not crossing Yonge-street, the numbers begin at the end nearest Yonge-street, and rise as they advance East or West.

"In all the streets running East and West, parallel with the Bay, the odd numbers are on the South side, and the even ones on the North; and in all those running North and South, at right angles with the former, the odd numbers (beginning at the end at or nearest the Bay) are on the East side, and the even ones on the West, *the present plan of numbering being exactly the reverse of the previous plan.*

"By the plan of the Corporation, where vacant lots occur a given space is allowed for a number, with the view of preventing any disturbance of the order arising from the erection of new houses upon such lots. As far as possible this plan has been strictly adhered to; but it is almost impossible for a person, without accurately measuring the ground, to place the numbers properly."

In consequence of many new and old houses not being numbered, the compilation of this Street Key is less complete and satisfactory. In this work, however, the difficulty is met, the bearing of the several streets, as also any vacant lot, rear, or side of buildings (when taken and practicable) being given, preserving the continuity of the street,—so that the situation of the house occupied by a party on any street, may be determined by counting from the first house, as thus:—

Alexander Street.

E. S. of Yonge.—N. S.

Vacant ground to

Copp, William Walter, of Maclear & Co.

Copp, Henry, Bookbinder.

Unoccupied House.

Copp, W. W., therefore being in the first house N. S. Alexander Street commencing from Yonge-street.

The letters W. S. standing for West side; S. S., South side; E. S., East side; N. S., North side; as also where the word "off" occurs, indicating the house inhabited by that party is built off the street; and in like manner, the word "rear" that the only entrance to it is behind that occupied by the preceding name.

The line, "here Church-street intersects," as in the case of Alexander, means that the houses on Alexander-street are divided by Church street running across.

In all cases where obtained, many unwillingly, others refusing altogether, the names of boarders or others lodging in the various houses are given, and two or more names coupled together in a bracket signify that the second and following names are only occupying part of the premises, the first name being the actual householder. In two or three instances, streets are more generally known by other names than those appertaining on the Survey; to prevent confusion, they are given under the best known name.

SUMMARY TO TORONTO STREET KEY.

It is necessary to keep in mind, that Yonge Street, the leading thoroughfare to the North, divides the city into two divisions—*East* and *West*—and forms the central line of divergence for most of the streets leading east and west. Yonge Street runs nearly due north from the Bay to Holland Landing, a distance of over thirty miles, King Street and Queen Street are the only streets that traverse the entire length of the city. The others terminate at various points east and west. Notice is only taken in the Key of Streets having tenements thereon.

"THE PATRIOT" & "NEWS OF THE WEEK."

The favor with which *The Leader* has been received by the Public may be judged by the fact that since its commencement, in July, 1852, it has steadily increased in circulation, until, in its various Editions, it has sixtimes more subscribers than any other paper in Canada. Every exertion is being used to make it more and more indispensable for every family in the Province.

THE SEMI-WEEKLY LEADER

Is published on Tuesdays and Fridays, at FIVE DOLLARS a year, in advance. It contains all the reading matter of the *Daily Leader*; and for parties who do not reside near enough to a Post Office to call every day, this paper will supply them with all the intelligence they could receive from a Daily.

THE WEEKLY LEADER

H. PIPER & BROTHER,
No. 83 YONGE STREET,

BEG to inform the public that they have on hand and will constantly keep a supply of the following Goods, viz: VICTORIA, ROCK, ALBERTINE, KEROSINE, and VISTA
OILS FOR BURNING PURPOSES,

THAT CANNOT BE EXCELLED.

The above Oils will be sold at their usual LOW PRICES FOR CASH.

Their VICTORIA Oil they think cannot be surpassed by any of the Oils now made. It has all the economical qualities it was first noted for: it does not smell, and is entirely free from all foreign substances, such as Camphene or other matter causing Oils to be specifically light and explosive. The fact is, that the Foreman of the Victoria Oil Company has made a discovery that he can at all future times make an article as good as that now offered. One trial is all that is wanted to prove the excellency of the article.

They would also beg to say that they have made arrangements for keeping always on hand a good assortment of

HOUSE FURNISHING GOODS,

IMPORTED BRITANNIA WARE, JAPANED TRAYS AND CASH BOXES, WOODEN WARE, MARKET AND OTHER BASKETS, LADIES' RETICULES, WORK STANDS, CAP BASKETS, &c., &c.

Also, all kinds of Children's Cabs, Carriages, Perambulators, &c., &c.

Our supply of Lamps will at all times be of the latest Style and Pattern, and sold at the smallest remunerating prices.

STOVES OF ALL KINDS ALWAYS ON HAND.

UPPER CANADA BUILDING AND INVESTMENT SOCIETY.—Edward Shortis, Secretary and Treasurer. Office—Bank Buildings, Wellington street east.

Building and Saving Societies were introduced into Upper Canada in the year 1845, or 1846, the intention of them being, as stated in the Statute under which they were established, "for the purpose of raising, by small periodical subscriptions, a fund to enable the members thereof to obtain unencumbered Freehold or Leasehold Property."

That the public have viewed them with favour, is amply evidenced by their increase in this City, Province, and Cities of the United Kingdom.

When well and properly managed, the accumulation of profits is very large; the effect of compound interest upon the increase of the general fund, being one secret of their well doing. Exception to every rule applies unfortunately, in some instances to these societies (particularly in England); several of the many established there having proved anything but profitable (though, truly) investments,—nearly in all cases, owing to such being first set afloat by some needy, speculative gentlemen, desirous of easy

quired

and remunerative employment; and also not unfrequently, to be attributed to the circumstance of its very directors and responsible officers, absorbing its members' funds, by advances far beyond value on their own already encumbered property.

Most in this city, however, being based on sound principles, and enjoying the zealous co-operation of some tried commercial men, are happily free from such results. To the borrower, a great advantage accrues; he not paying the large interest in reality (so erroneously reported), for he cannot be a borrower without being a shareholder; and as such, he is to a certain degree a lender to himself, thereby materially reducing the per centage he seems to pay, by a participation in the gains of the society.

The Directors and other officers are not named; each society calculating its year from different dates, and annually changing its directions.

Landed Credit and Agency Associations.

THE CANADA AGENCY ASSOCIATION OF LONDON, ENGLAND.—A. R. Roche, Manager. Office: Wellington street west, near John street. (*See Advertisement page 125.*)

CANADA LANDED CREDIT COMPANY.—John Symons, Secretary and Solicitor. Office: Victoria Hall, Melinda street.

Within the last two or three years several Agency and Loan Associations have been established in the Canadas, and two of them are now in successful and beneficial operation in this city, "The Canada Agency Association of London, England," and "The Canada Landed Credit Company." We happen to know something of the originators and managers of the first named one, and gladly add our tribute to its usefulness and success. In too many instances, public money-lending corporations are merely the means of benefiting a few to the detriment of many; but in respect to this Company numbers of "the bone and sinew of the country," can gladly testify that to them, it has indeed been a friend in need, preserving to them their hardy cleared, and harder earned farms and homes. Money may be obtained at reasonable and fair interest from this Company, and we think no unnecessary delay or expense is incurred, if its managers decide against advancing upon the property offered, one of the best recommendations for the genuine intentions of such an association.

A word or two on the subject of Fire and Life Assurance may not be out of place. To any contemplating effecting either, we would say select the best and most responsible office at first, *and at once*, without regard to the rate they require or attention to the flattering statements of any of the agents representing many of them. The English Companies, as also the American ones, doing business here, *are first class*, each having complied with the conditions of the recent enactments relating to foreign Insurance Companies, by making the necessary money deposit to the Provincial Treasury. Of some of the Canadian Companies, diligent enquiry and positive statement had better be first obtained, not that we impeach the soundness of any of them, but unfortunately, some prominent proceedings have recently come before the Toronto public in which gross mismanagement and flagrant extravagance, were amongst the least grave of the many charges brought against them. We do not think we are cautioning unwisely or needlessly. A parent to die, and the assurance not forthcoming, homestead desolated, and the sum insured not promptly at hand to restore the destroyed home and replenish its comforts, are events of sufficiently frequent occurrence, to call for a word of warning. *Above all*, select Companies known to settle their losses promptly, without deduction, and not given to disputing on any or every legal technicality, the sum they have justly and promptly promised to pay. We do not say *any* of the Canadian Companies *are* of this description, we only refer to facts recently patent to the Toronto public. We would direct reference to the advertisements of several of these Companies (see Advertising Index) as representing possibly any as good as can be selected of the English, Canadian and American, viz. : all under Mr. Chaffey's agency; and *The Beaver, The British America, The Colonial, The Montreal, The Provident, The Royal, and The London and Yorkshire.*

Law Society of Upper Canada.

The Law Society of Upper Canada was first established in 1797, by the 37 Geo. III. cap. 13, which enabled the practitioners of the law to form themselves into a society, and make rules for its government, under the inspection of the judges as visitors. The act of 1822 (Geo. IV. cap. 5) incorporated the "Treasurer and Benchers of the Law Society," giving a perpetual succession and a common seal, in the usual manner of acts of incorporation.

Under these statutes the Society is governed by the Board of Benchers, much in the same manner as the Inns of Court in London, England. The benchers sit in convocation every term, and admit students, barristers and attorneys. The examination for students, which is a scholastic examination, is conducted in the presence of the benchers; and the examination of barristers, at the end of the term of five years after admission, and of attorneys after a term of five years' service, is conducted by the benchers in convocation. This examination is in the various branches of legal learning. Each student, on admission, is a member of the Society, and entitled to the use of the library. The revenue of the Society consists of the fees paid by students, barristers and attorneys on their admission, and the fees (called term fees) charged to practising barristers and attorneys. By an agreement with the Government, the Society furnish the Superior Courts with suitable accommodation for ever for the sum of £6000 currency. The library of the Society is of considerable value, and is of great service to the students and practitioners. The treasurer is elected annually, in Michaelmas term, and enters upon his duties on the first day of the following term.

MEDICAL DEPARTMENT OF THE UNIVERSITY OF VICTORIA COLLEGE, COBOURG.

ESTABLISHED AT TORONTO.

(Lately styled "Toronto School of Medicine," and commonly known as "Rolph's School.")

In the autumn of 1854, the board of Victoria College accepted a proposition from W. T. Aikins, M. D., to constitute as its Medical Department, the Toronto School of Medicine, which was founded by the Hon. Dr. Rolph in 1843, and for which he procured an act of incorporation in 1851. The Board accordingly passed a by-law, "That the said Toronto School of Medicine be, and is hereby constituted, the Medical Department of Victoria College."

At that time the Hon. Dr. Rolph, and Drs. Aikins, Wright, and Barrett, hitherto lecturers in the Toronto School of Medicine, were by the College appointed professors in the department thus formed, and continued to discharge the duties of their respective professorships till the autumn of 1856.

Immediately after the commencement of the session of 1856 (under some misunderstanding with the college), Doctors Aikins, Wright, and Barrett sent in their resignations, which were accepted; and they forthwith opened an adverse school under the name of the "Toronto School of Medicine," to which the Chancellor of Upper Canada decided they were entitled. The session, however, was completed by Drs. Rolph, Geikie, and others. The department, which has ever since been fully sustained, is now composed of the following faculty: Hon. John Rolph, M.D., L.L.D., M.R.C.S., Eng. Dean of Faculty, Prof. of Anat.; Jas. Newcomb, M. D., Prof. of Descript. and Princ. Anatomy; Wm. Geikie, M.D., Prof. Midwifery and Diseases of Women and Children; J. H. Saugster, Chemistry; Mr. C. W. Stinson, Prosecutor. The session begins on the 1st of October and ends on the first of March. The summer session begins on the 15th April and ends the last of August.

Attendance daily at the Toronto General Hospital, by one or more of the Professors.

TO THE DYSPEPTIC AND CONSTIPATED.

DR. BUCHAN'S

Aperient & Digestive Bitters.

THIS MEDICINE is well known to a large number of the most respectable families in Toronto and its neighbourhood, as well as in many parts of the Province for its superior-Health Restoring Properties. In cases of Acute, as well as Chronic diseases, especially those arising from Impurities of the Blood, Indigestion and Constipation, Loss of Appetite, Lowness of Spirits, Drowsiness, Heartburn, Flatulency, Acidity or Sourness of the Stomach, Pain in the Side, in the Stomach, in and between the Shoulders, and in the small of the Back, Billious Attacks, Nervous, Periodical and Sick Headache, and in Chronic Hepatic affections accompanied with Indigestion. It is generally admitted to be an invaluable Medicine, also in Rheumatism, Spasms, Unpleasant Sensation of fulness after eating, Marasmus or wasting of Flesh in childhood or early youth, Chlorosis or Green Sickness, Amenorrhœas, Dysmenorrhœa, all glandular enlargements and various other complaints and disease incident to females.

The Bitters act most beneficially on the Liver as well as on the Stomach and Bowels, and in Constipation connected with long continued derangement of the biliary organs, termed Billious Dyspepsia, it will be found a most wonderful Medicine.

For Students and all those of sedentary habits, it is the safest and best Medicine for preventing constipation, so troublesome and health-destroying.

To all classes of society, but especially Females, Artizans, Mechanics and all others whose employment confines them to a sitting posture, this Medicine is of the greatest service.

In all impurities of the blood it will be found efficacious and safe, not interfering with diet or avocations—and is warranted superior to any other remedy ever offered to the public, for the purpose for which it is recommended.

PATENT MEDICINES,

DIRECTS THE ATTENTION OF THE TRADE TO THE FOLLOWING:

Parents desirous of having a Fine Head of Hair on their Children, as well as on themselves, should never be without the C.H.I., deservedly so popular throughout Canada. It is within the reach of all. It is the cheapest and the best. Try it at once.

In fragrance, delicacy and durability of odor, nothing is like it; and as a Perfume for the hair, it at once commends itself to the good taste of every lady and

gentleman who desire a pleasing Hair preparation.

It is sure to produce new hair, when the tone of the scalp is not irretrievably lost.

THE CASTILIAN HAIR INVIGORATOR!

IT IS WARRANTED that this elegant preparation for the Toilet will be found to excel all others ever offered to the public for the preservation and restoration of the Hair, for promoting its growth and softness, and for preventing baldness or grey hair, or its falling out. It usually prevents or removes scurf or dandruff, and cures tetter or ring-worm, and various other skin diseases which frequently attack the head; and, what is of the first importance, it is perfectly harmless, but yet generally successful for the purposes for which it is recommended. Its use gives the hair a beautifully soft, smooth, rich and glossy appearance.

The CASTILIAN HAIR INVIGORATOR has been used for more than a century by the nobles of Spain, but more particularly by the ladies of that nation, who are so justly famed for their beautiful and dark glossy hair. It will retain or restore to the latest period of life the original colour of the hair, only causing it to assume a darker shade, if originally very light.

When the hair gets into a diseased state, it either loosens and falls out, or turns grey. This occurs frequently in the young, or in those about the middle period of life; and if not speedily attended to, the head becomes prematurely bald, or the hair prematurely grey. The CASTILIAN HAIR INVIGORATOR alters this condition of the hair, and restores it to its original state.

NEW HINTS FOR THE TOILET.—The beauty, vitality and growth of the hair, depends much upon the condition of the scalp. It is therefore of the first importance that this be kept clean, and free from dandruff or other impurities. To effect this, apply the Invigorator once a day, or at least every second day, using briskly a moderately stiff brush. When dressing the hair, never force the brush against the natural course of the hair, but draw it in the direction you wish it to lie. Much injury often results from the very common and pernicious practice of raking the head rapidly, with a stiff brush, in every direction—crumpling, twisting and breaking up the hair in all conceivable ways. This is wrong, and cannot be persisted in without impairing the beauty, flexibility and growth of the hair, and must ultimately produce, as an inevitable consequence, a nude scalp, or a hard, lifeless, and unsatisfactory head of hair.

The FREE USE of the INVIGORATOR often relieves headache, and improves the sight and hearing.

Thousands of the most flattering testimonials have been received from those who have used the above Toilet preparation; but it is not deemed requisite to give them here, as one trial will convince any one of the superiority of the article.

Keep the bottle well corked.
