SHORTEN DISTANCE BETWEEN BRANTFORD AND DOVER A MILE

Changes in the Route Are Announced—An Auto Travels Three Miles on Right of Way.

The Lake Erie & Northern Railway Company have received permission from the Dominion Government Railway Board to change the route between Brantford and Port Dover.

In company with Chief Engineer Kellett a Courier man yesterday took a trip over the road between this city and Galt.

Between this city and Port Dover great progress has also been made. In every respect there are evidences of the best possible material and workmanship.

Latest Development In Case Against Harry K. Thaw, Who Is Being Held At Sherbrooke By Dominion Police

[Canadian Press Despatch] SHERBROOKE, Que., Aug. 22.—Habeas corpus proceedings in the case of Harry K. Thaw having been put off until Wednesday next, interest in his case centered to-day in the arraignment of the man arrested here on Wednesday last as having aided and abetted Thaw to cross the Canadian frontier.

Thompson was arraigned before Police Judge Mulvena, shortly after 10 o'clock. F. C. Campbell, acting jointly for the Dominion department of immigration and the Dutchess County authorities, asked that the case be put over on the ground that documents from Matewan showing that Thaw had been confined there and is insane, and are therefore pertinent to Thompson's alleged offence, had not arrived here.

Thaw has been advised by certain of his counsel, it was learned to-day to buy property in Canada and take steps to become naturalized as a British subject. This, it was held, would prevent his deportation.

Thaw broke away from his lawyers last night long enough to frame a telegram to a friend in Pittsburgh, saying that he (Thaw) had telegraphed through a third party to ex-Governor Stone of Pennsylvania, asking him to appeal to Secretary of State Bryan in his behalf.

The "governor" of the Sherbrooke jail laughed to-day when asked if special guards had been detailed to watch Thaw. He denied that this was true, but it is understood that precautionary measures have been taken at the request of District Attorney Conger of Dutchess county and his allies, the immigration authorities.

He Will Stop Them. VIENNA, Austria, Aug. 22.—The governor of Galicia, a crown land of Austria-Hungary, has declared his determination to stop the emigration of adults from his country to the United States and Canada.

Request From Governor. ALBANY, N.Y., Aug. 22.—Acting-Governor Glavin to-day requested Governor Fletcher of Vermont to have Harry K. Thaw apprehended in Vermont and deported to this state.

Thaw Restless. SHERBROOKE, Que., Aug. 22.—Thaw appeared this morning to have spent a restless night. His hair was dishevelled, his collar awry and his eyes staring.

GERMANS WANT TO PARTICIPATE

Whatever British Industry Does, They Must Follow Closely.

[Canadian Press Despatch] BERLIN, Aug. 22.—It is not possible to say whether under the auspices of the Hamburg-America line those German industries which regret the government's decision not to be represented at the San Francisco fair will find it possible to privately organize a German section at the Panama exposition, but Hamburg businessmen and some important local newspapers are working vigorously in this direction.

The company has already received many appeals and the industrial schools of art in South Germany, the textile and chemical industries and the toy trade centered in Nuremberg are known at least to desire discussion.

Hamburg newspapers are saying that whatever British industry does, Germany must take some part. If British industry follows the official decision, German success will be assured.

It is thought highly probable that the Hamburg-America line and even other shipping companies will forward exhibits on special terms. Should the scheme be carried out, it will be an example of private initiative and enterprise almost unparalleled in Germany where government patronage is almost always the decisive factor.

Naval Disaster. MALMO, Sweden, Aug. 22.—While the manoeuvres of the Swedish naval fleet were in progress in the Sound this morning, an armored ship collided with and sank a cannon boat. No details of the disaster have yet been received at the navy station here.

"DO A THAW." CLEVELAND, Aug. 22.—"Beat It! Slob!" and similar slang expressions have been superseded in Cleveland by "Do a Thaw."

Party of Canadian Officers Sails for England Saturday

Three Additional Members of the Expedition Will Accompany Minister to the Army Manoeuvres.

[Canadian Press Despatch] OTTAWA, Aug. 22.—The party of military men headed by the Minister of Militia will leave Canada on Saturday morning for England, for the Autumn army and divisional manoeuvres. It is the intention of the Minister that the officers on the visit will pass a busy time until they return on October 1. Besides the time passed at the manoeuvres they will visit and study matters of military interest in so far as time will permit.

They will visit the School of Musketry at Hythe, also Woolwich Arsenal, the Enfield Arsenal, Vickers-Maxim Coventry works, the Whitworth-Armstrong works, the defences at Portsmouth, and if possible, visit several of the large men-of-war. The divisional manoeuvres at Salisbury Plain and at Aldershot, and other centres will be witnessed by the party, and later on the army man-

BELFAST MEN ARE FRIGHTENED

[Canadian Press Despatch] LONDON, Aug. 22.—Business men in Belfast, who know the real situation in the city, are preparing for the worst in the event of the Home Rule bill passing into law. They are insuring their property against damage resulting from civil war, and it is understood that the policies which have been taken out now exceed \$35,000,000.

RETIRING EDITOR HONORED BY STAFF

J.P. Jaffray Severs His Connection of Sixteen Years With the Galt Reporter

[Canadian Press Despatch] GALT, Aug. 22.—Employees of the Galt newspaper yesterday took occasion to fittingly mark the severance of Mr. J. P. Jaffray's connection as editor of the paper. For the past 16 years—ever since the establishment of the Daily Reporter, Mr. Jaffray had occupied this position. His resignation is the result of his appointment as Canadian immigration commissioner at Philadelphia. He was presented with a traveling bag and a flattering address.

In replying, Mr. Jaffray referred to his long association with the Reporter. He spoke of the uphill fight necessary in order to get the journal firmly established, and of some of the enterprising achievements that had helped build up its reputation. Mr. Jaffray stated he would cherish pleasant memories of his days in Galt, and his associations on the Reporter, and thanked the donors of the gift for their kindly expressions of good-will for his future.

Broke World's Record

PARIS, Aug. 22.—Oscar Egg yesterday broke the world's one hour bicycle record, unopposed, by covering 42 kilometers, 289 metres (269 miles). Mercet Berthot on August 17 established a record of 26.35 miles. The American unopposed bicycle record for one hour, 25 miles, 600 yards, was made by W. W. Hamilton at Denver, in 1898.

50 Miners Killed

BANGALORE, India, Aug. 22.—Fifty miners were killed to-day when the Mysore gold mine fell to the bottom of the shaft.

FELL ONE MILE FROM AEROPLANE

German Airman Meets a Horrible Death To-day.

[Canadian Press Despatch] HALBERSTADT, Prussian Saxony, Aug. 22.—Lieut. Schmitt of the 14th infantry, and attached to the air aviation corps, met death to-day by a fall from an altitude of almost a mile.

The lieutenant was completing an aeroplane flight to and from Goslar, a town in Hanover province thirty miles west of Halberstadt, and had begun a descent in the shape of a spiral. While the aeroplane was at a height of about 5,000 feet, one of the wings collapsed and the machine plunged to the ground.

New Irish Fusiliers In Religious Tangle

Catholic Aspirants to Offices in Vancouver Regiment Displeased.

VANCOUVER, Aug. 22.—There is quite a serious disagreement between Irish Catholics and Protestants of Vancouver in connection with the organization of the regiment of the Irish Fusiliers. Alderman Geo. McSpadden, a prominent Orangeman, is one of the colonel. The office of quarter-master was apparently the only one offered to a Catholic. Patrick Donnelly, to whom the quartermastership was offered, has sent a letter to Alderman McSpadden, declining the office, and suggesting that the least position out of six available officers would not be satisfactory to the Catholics.

The Variety Artists Kick About Johnson

Pass Resolution Against His Appearance in Music Halls.

[Canadian Press Despatch] LONDON, Aug. 22.—A variety artists' federation passed a resolution yesterday strongly protesting against the appearance of Jack Johnson, the negro heavyweight pugilist, at the London music halls. The manager of one of the halls at which Johnson is booked insists that the boxer shall appear, but he says that any other performer is at liberty to cancel or postpone his engagement.

Strike in London Is Very Remote

Threats Are Heard of Entire Building Trade Being Tied Up.

[Canadian Press Despatch] LONDON, Aug. 22.—Suggestions that London is threatened with a strike involving the whole building industry are disheartened by leading officers of the men's organizations, associated with the trade. Inquiries made yesterday showed that while there is a good deal of unrest among builders' laborers, there is no real reason to regard the situation as alarming. At the present moment a general strike is a very remote possibility.

LIBERAL AND LABOR CANDIDATE RETURNED

Coal Miners Stood by Barnett Kenyon in Chesterfield Election.

LONDON, Aug. 22.—Barnett Kenyon, Liberal and Labor candidate, won the Chesterfield bye-election yesterday with 7,725 votes. Edward John Scurr, Socialist, 5,825.

The result was never really in much doubt, although it may surprise some that Kenyon came so near the majority which returned the former member.

The result also shows how indifferent are the coal miners to the generally recognized political forces. Barnett Kenyon was secretary to the Derbyshire Miners' Association, and his candidature received that body's support, so that the official Labor party's repudiation of him because he allied himself with the Liberals mattered nothing to the miners who comprise the bulk of Chesterfield voters.

At the same time the outcome of the election cannot but have an influence anything but propitious for the future of the Labor party. W. E. Harvey, another prominent miners' leader, who is also an M.P., declared at one of the last of Kenyon's meetings that he refused any longer to live in the atmosphere of the Central Labor caucus, and would not be dictated to by them as to what he should do in the House of Commons.

While this lively squabble between Liberalism and Labor has been proceeding in Chesterfield, Premier Asquith and Ramsay MacDonald, leader of the Labor party, played golf together in Scotland yesterday. The militant suffragists worked hard for Scurr, the Socialist candidate.

Touring Legislators Won't Be Vaccinated

Sydney, Where Smallpox is Epidemic, Eliminated From Program.

LONDON, Aug. 22.—The Sydney correspondent of the Daily Mail says that owing to the presence of smallpox in that city several members of the British Parliamentary party have refused to call there. Many of them, notably Will Crooks, refused vaccination, in the absence of which they would have been detained indefinitely in New South Wales.

The Federal Ministers are greatly perturbed by the outbreak. It is authoritatively stated that Sydney traders are losing £120,000 daily in consequence of the scare preventing visitors from coming there from country districts and other states. Sydney goods also are not wanted elsewhere.

ANOTHER ACTION STARTED RE GRAND VALLEY RADIAL

Malefeasance Alleged Against Directors—What Happened to Those Three Millions of Bonds of Company.

Another action has been commenced in connection with the Grand Valley Railway affairs. J. L. Addison of St. George, on behalf of himself and other share and bondholders of the company, is suing A. J. Pattison, W. S. Dinnick, John Firstbrook and other directors of the company, to recover unstated damages for loss occasioned by the alleged malefeasance of the defendants as directors of the company, particularly in connection with the contract for the construction of the railway made with Dill & Co., and the issue and delivery from time to time of bonds of the company to the amount of \$3,285,000, and in respect to the improper issue of shares of the company to the amount of \$900,000. They also seek to recover \$70,000 which they allege was improperly obtained by the directors and retained for their own use. An accounting by the directors of all their dealings with the company's assets is asked for.

KING'S INTEREST IN ATHLETICS

[Canadian Press Despatch] LONDON, Aug. 22.—The Duke of Somerset, in a letter to the press, announces that the King is taking a keen interest in the preparations now under way for the Olympic games in 1916. His Majesty hopes that every effort will be made to insure that the United Kingdom shall be represented by its best athletes on that occasion.

TOBACCO WAR MAY BE RESULT

English and American Companies Are Very Keen Rivals.

[Canadian Press Despatch] LONDON, Aug. 22.—A great tobacco war between the principal British and American companies may begin in London at any moment as the outcome of the threatened "invasion" of England and other European countries by the Tobacco Products Corporation of America. As one of the heads of a big British concern said last night:

"I believe it is a fact that an American corporation intends to attempt to enter the English field and open up depots on a large scale in rivalry with the Imperial Tobacco company. Whether the enterprise contemplated will succeed or not is another matter. One of many factors that will have to be reckoned with is the conservatism of the English tobacco consumer."

Emery Wheel Breaks And Worker is Killed

Piece Strikes Galt Man Over Eye and Causes Instant Death.

GALT, Aug. 22.—When the emery wheel on which he was sharpening a chisel at St. Clair Bros' factory exploded yesterday afternoon, William Sudden, aged 36, foreman of the shop, was instantly killed by a piece of the fragments striking him on the right side of the face. When fellow-employees rushed to Sudden they found him dead. He was struck with such force that he was lifted off his feet and fell against a table behind him.

Blind Boer War Hero To Teach at the R.M.C.

Appointment as Assistant Professor of Literature Announced.

KINGSTON, Aug. 22.—Lorne W. Mulloy, has been appointed assistant professor of English literature in the Royal Military College, Mr. Mulloy is the blind hero of the South African War, who after losing his sight from a Boer bullet, came from his home at Winchester to Kingston and took an Arts course at Queen's University, where he graduated in 1906. Later he went to England, where he studied for some time. Shortly after his return to Canada he was married to Miss Jean Munro, the daughter of a Canadian lumberman now resident in Seattle. His wife is a singer of note, having studied under Tetrazzini.

Chinaman Breaks Quarantine But Loses Life in Escaping

Jumps From a Moving Train When He Sees the Constable and is Found Dead Near Englehart.

ENGLHART, Aug. 22.—In a desperate attempt to escape the police, Lee Hue, a Chinaman, who broke quarantine at Swastika, was killed at noon on the day of his escape between Englehart and Heaslip by jumping from a fast-moving train. No indication of the tragedy was given until yesterday, when the body was discovered by the crew of the local train running between Englehart and Cobalt. Coroner Dr. H. R. Codd, of Heaslip, was notified and immediately went to the scene. Plot to Blow Up Office of Mayor

Ten Sticks of Dynamite and Fuse Laid at New York City Hall.

NEW YORK, Aug. 22.—A deadly charge of dynamite—three whole ten inch sticks and two halves, with a fuse and detonator—was discovered yesterday afternoon near Mayor Gaynor's office windows in the City Hall. The Bureau of Combustibles found that the explosive was 40 per cent dynamite, the regulation blasting proportion, and the amount found would, if exploded, have wrecked the City Hall. The Mayor was in his office when the dynamite was discovered by a citizen passing through City Hall park. Mr. Gaynor evinced little interest when told of the explosive's proximity, and remained apparently undisturbed at his desk while police officers hurriedly drew a cordon about the dynamite to keep back an excited crowd.

SHOT AT DETROIT
 Son of Brantford Constable Killed by a Burglar.

While on duty as a nightwatchman in a large concern in Detroit, Albert Pickell, son of B. C. Pickell of the local police force, received wounds from bullets fired by a burglar, Monday night, from which he died Tuesday. Chief Slemin received a letter to-day from the father, in which he stated an arrest had been made. Word was received of the shooting by the father, and on Tuesday he left, accompanied by Mrs. Pickell. A short time after the letter word came that their son had passed away.

The deceased was a young man and was well and favorably known locally. Only three weeks ago he paid a visit to his parents. The case is rendered extremely sad, owing to a young wife being left. The greatest sympathy is extended to the bereaved ones.

The funeral is taking place in Detroit.

TRADE MINISTER IN CANADA AGAIN
 Hon. George Foster on Way East After His Trip to the Orient.

VANCOUVER, Aug. 22.—Hon. George E. Foster, Minister of Trade and Commerce, who has been on a special trade mission to New Zealand, Australia and the Orient, left here yesterday in company with Hon. R. Rogers, and will proceed direct to Ottawa.

He announced that during his stay in the Orient he had met and instructed Richard Greig, Canadian trade commissioner, to make exhaustive reports on the question of freights between Canada and China and Japan. At the minister's request, Greig is returning home via the Trans-Siberian route in order to study economic and other conditions having a bearing on competition with Canada. Mr. Foster added:—

"I look for steady improvement in trade between Japan and the Dominion. We have become a party to the Anglo-Japanese commercial treaty and thus enjoy favored nation treatment. It may not be generally known that Japan grows the best rice in the world, and that millions of her population are too poor to use it as an article of diet; thus securing a good price for this staple abroad. Anomalous as it may seem, I see a great probability of the Japanese becoming consumers of our wheat, and Canadian wheat and flour in an economic sense are cheaper articles of diet than their own home grown rice. Canadians should find an ever widening market in Japan for our lumber and chemical pulp."

Bigamist Gets His Freedom

QUEBEC, Que., Aug. 22.—Joseph Beaudoin, arrested in Montreal last February while in the employ of the Canadian Northern Railway tunnel construction, for non-support of his wife, Marie Mason, and one month later accused of bigamy on a charge of having previously been married in the United States was this morning released from custody on a writ of habeas corpus granted by Hon. Judge Lavergne. Application for the writ was based on articles 827 and 728 of the amended criminal code to wit: "That offences cannot exist together and other grounds of procedure in violation of the articles quoted." After Beaudoin was given his liberty and reached the street, Prov. Detective Sylvain re-arrested the accused on the same charges. Mr. Allyn Taschereau, the prisoner's advocate, immediately made application to Judge Lavergne for leave to petition for a second writ of habeas corpus, which was granted. Mr. Taschereau also intends to institute an action for \$2,500 against the magistrate who signed the warrant for the second arrest on the ground that a British subject cannot have his liberty jeopardized by a second arrest for the same offence after release, and the states' law provides for such an amount of damage when British justice is trifled with.

BOWLING

Six of the eight rinks entered for the Cocksfoot trophy at the Dufferin Club have played off the first round, as follows: F. E. Sheppard, 21 A. P. Vansomeren 11 N. Creech, 15 R. C. Burns, 11 S. R. Eacrett, 19 W. F. Wilson, 14

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

A NY PERSON who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Land Agency or Sub-Agency for the District. Entry by proxy may be made at any agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

During six months residence upon and cultivation of the land in each of three years. A homesteader may live within one mile of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$100 per acre. Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent), and cultivate 20 acres extra.

A homesteader who has exhausted his homestead rights and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$300 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.00.

LAURIER'S NAVY SCHEME

The Manitoba Free Press, (Liberator) during the course of an article with reference to Laurier's speech at St. Hyacinthe, says:—

"The Liberal policy of a Canadian navy, to be built at a very considerable cost, will be as plainly set forth by Sir Wilfrid Laurier and other Liberal leaders in the meetings to be held a little later."

In the name of common sense, where do members of the Liberal party think they are in this matter?

Canadians can no more at this time build Dreadnoughts and equip them, than our Winnipeg contemporary or other up to date papers can purchase presses made in Canada.

All countries specialize in some things. For instance, Switzerland is noted for her watches. Canada leads in the matter of steam gang plows, which would be of no earthly use in the old land, and so on. Great Britain has specialized among other things, on the building of armored ships, and she is an adept at that, although closely pressed by Germany.

When Laurier was fooling around with his toy navy monstrosity, his Government got Commander Roper of the British Admiralty to come over and report with regard to the plans. He wrote in 1910:—

"The earliest that the first cruiser for Canada can be expected, supposing the contract is to be awarded without further delay, is the latter part of 1914; in other words this type of vessel will be four years old before it is completed, whilst the last will be seven years old and rapidly approaching the state of obsolescence."

For this, Hon. Mr. Lemieux made a most violent attack on Roper in the Dominion House.

That gentleman returned home to take command of H.M.S. Chameleon, and his attention having been called to the assault of Lemieux, he wrote that Minister charging him with deliberately attacking his character and reputation under the shadow of the House of Commons, in which Chamber all statements are privileged. Laurier's ex-minister having ignored that epistle, Commander Roper in self defence, has sent his letter to the press.

Anybody who has the least knowledge of battleship building, is aware of the fact that Great Britain has reached her present proficiency through many years of great cost; that the various workers have to be specially trained, that boys have to be taken hold of in youth for preparation for service, and all the rest of it.

The man, or political party, which talks lightly of the immediate building and outfitting of three Canadian Dreadnoughts, is merely displaying crass ignorance of the most asinine kind, and that is all there is about it.

MISTAKES OF RICH MEN.

It is natural for most people to think that rich men who become that have been lucky in everything they undertake—like Midas an ancient Phrygian king, of whom legend said that Bacchus granted his wish that everything he touched would turn to gold.

A recent writer in Munsey's magazine points out that that is not the case.

Recently across the border, the estate of the late Colonel Astor, who perished in the Titanic disaster was returned at a valuation of \$87,261,691 and that of the late E. H. Harriman at \$69,686,654.

In the case of Astor the figures show that he had invested over one million dollars in a lot of wild cat securities such as an "Atmospheric Products Company" and other weird things. He was not a self made man like Harriman who was reputed to be one of the most sagacious and far-sighted men in the U. S. yet he left stocks and bonds valued at over four million dollars which were only worth burning such as the "Safety Train Signal Company," a "Trophy Mining Company," and so on.

Russel Sage left worthless truck of fifteen hundred thousand dollars. Jay Gould two and a half millions, and a like state of affairs has been true with reference to practically every other big estate.

The lesson is obvious. It is that even the most far sighted and successful of men make big mistakes when they get

into the realms of speculation. Because of their immense resources they can stand such losses with equanimity when others would be more than swamped. If you have money to invest and cannot afford to lose, stick it in safe bonds, real estate and other securities. The returns are not so large or alluring as in successful "fliers," but they are sure and the cash is there all the time and can be realized on almost at will.

THE STREET RAILWAY

After careful enquiry among all classes of citizens the Courier finds that its long-continued advocacy of the municipality owning the street railway system is generally endorsed. The satisfactory financial results of an extension into the Holmedale are clearly apparent, even to the most casual observer, and that like results would follow with the system serving Terrace Hill, the main factory district, the cemeteries, and in other directions, does not admit of any doubt.

Brantford is a "far-flung" city. In proportion to population it has one of the largest areas in Ontario, and on top of that there are many hundreds of people circling the border line.

Numbers of both men, and also women, live so far from their places of work that they have to take their dinners with them, whereas with a cheap and reliable car service many could enjoy the privilege of a home meal at noon. The women of the household would also, in most cases, welcome the abolition of long walks in order to do necessary shopping, or call on friends.

As matters stand, the street railway service is altogether too circumscribed and intermittent. The condition of affairs is better than it was, but still very far from what might be accomplished.

With civic control there could be needed expansion, a more complete service and much lesser charges.

By all means, let the city take hold

NOTES AND COMMENTS

And at that he cannot be regarded as one sweetly solemn Thawt.

A sword fish cut a vessel in two. He ought to be hired and let loose on Brantford's city hall.

The Dufferin Rifles said "Tattoo," and Jupiter Pluvius responded "Tattoo," and old Jupe always has his way.

The gentle Sylvia Pankhurst is now advising the militant members to learn Jiu Jitsu. What they really most need is to acquire a little common sense.

Figures show that there are over a million bachelors in the Old Land. Perhaps that accounts for the fact that certain of the suffragettes are so fighting mad.

New York State still continues to enjoy the services of two governors, but Tammany Hall possesses the actual head.

The Grand Trunk Railway management deserves to be heartily congratulated upon the appointment of a "safety engineer," who will tour the entire system and suggest necessary improvements and impart instruction. The campaign is admirable in conception, and without doubt will greatly help in the further safeguarding of life and property.

In Galt they are oiling their public streets with much success. When so treated, they remain dustless for weeks, and watering carts are not needed. Brantford should try the same plan, especially as the stress under the present method falls on the pumping station at a time when the greatest demands are made upon it. People perhaps will be surprised to know that the levy here, via the watering carts, amounts to hundreds of thousands of gallons.

There has been some criticism because the city council has delayed the purchase of a pulmometer, until Chief Lewis, who will attend a conference of Fire Chiefs in New York, can make an authoritative report. One of these instruments was used in connection with a drowning case in Toronto on Wednesday but without result. The Courier still thinks its suggestion the best—say two public bathing places set apart in the Grand River with a capable man in charge in each instance. It is far better to safeguard those in bathing, rather than to take the chance of resuscitating those who may get into trouble.

No Effect There

HAMILTON, Ont., Aug. 22.—Manager Hastings, in charge of the Hamilton plant of the Canaga Iron Corporation, for which a receiver has been appointed, said this morning that this would have no effect on the local branch, which is well stocked up with orders, and will continue running full time.

CANADIAN MILITIA ARE CALLED ASSASSINS

Winnipeg Trades and Labor Council Pass Resolution.

[Canadian Press Despatch] WINNIPEG, Aug. 22.—Condemning trades unionists who join or belong to Canadian militia, a resolution was passed by the trades and labor council, to be sent to the trades congress and speeches were made in which the soldiery were freely described as "murderers," "assassins," and "scum of the earth."

Delegates Willoughby, a blacksmith speaking vehemently, reminded the speakers there was on Main street, a monument to the heroes of Batoche and Fish Creek, who had shed blood to protect even delegates speaking.

Kick Against Government. VANCOUVER, B.C., Aug. 22.—At a mass meeting of the workers last night in this city, a resolution was unanimously passed that an inquiry should be at once ordered into the ordering of the militia to the strike zone on Vancouver Island. A further resolution was agreed to that a referendum be taken to ascertain the views of all union men in this province on a proposition to have a general strike as a protest against the methods of the government during the coal troubles and calling on all unions to expel any member who was attached to the militia.

Paris News. PARIS, Aug. 22.—The Grand Trunk Railway is engaged in the work of removing the old "diamond" at Paris Junction, and installing interlocking switches. They have demolished the west end of the old station house and will erect there a switchman's tower from which all switching will be done. The remaining portion of the old building will be renovated.

The Council meets next Monday night when it is hoped to settle the differences between the Catharine St. ratepayers and the town over the proportion of costs to be paid by each for the new drain. Other matters are also up for consideration.

The old fire brigade met for the last time this week when the funds in the treasury were divided. The new brigade is over strength and the officers will shortly commence to pick out the best men on the roll and bring the whole down to the regular numbers.

The flower show opens this afternoon in the agricultural buildings and will remain open until to-morrow evening.

The L. E. and N. Railway have secured the use of two C.P.R. engines for construction work between Paris and Galt. They were delivered over the Grand Valley tracks.

Mr. J. Clarke has sold his boot and shoe business to Mr. Fawcett of Port Stanley, who has long been engaged in the business as a traveller.

The local electric light gang are kept busy installing the 350 hand-some street lights, which will tend to make Paris the best lighted town in Ontario after the Hydro-Electric current is turned on.

Mrs. Emmerson left this week for Bassano, Alberta.

Mr. W. T. Henderson will remove west shortly, having sold his farm.

SHOT AND KILLED BY HIS OWN COUSIN

A Tragedy Reported Near Ottawa Yesterday.

OTTAWA, Aug. 22.—John McGibbon, Jr., a farmer residing at Dalesville, a village about six miles north of Lachute, Quebec, was shot and killed by his cousin, Leonard James McGibbon, in a family altercation yesterday afternoon. The tragedy is the culmination of a feud which has existed for some years between the families of Peter and John McGibbon over the disposal of some property. A jury empanelled by Coroner Whales of St. Andrews last night, brought in a verdict of manslaughter and a warrant has been issued for the arrest of Leonard McGibbon. High Constable Ouellette of St. Scholastique, is expected to arrive to-day to make the arrest.

Twelve years ago the farm of Peter McGibbon was put up for Sheriff sale and was bought in by his brother, John, since that time there has been a feeling of bitter hatred between the two families. According to the story of the tragedy on Thursday afternoon, Peter and his two sons were trespassing on John's farm when a dispute arose and they were ordered off. They later returned with a gun. John McGibbon, jr., and his sister went out armed with a gun to meet them and both sides got into a wordy fight which led Peter to striking Miss McGibbon to the ground. Young John threatened to shoot and following it up by firing and inflicting a slight flesh wound on Peter, whereupon the latter's son, Leonard, fired at close range, the full contents of the gun taking effect in John's side, just above the hip. The man died in five minutes.

The only Democrats that actually need protection are married ones who try to pussyfoot upstairs at 3.30 a.m.—Columbia Record.

HOOD'S PILLS

Cure Biliousness, 25c. Best for all liver ills. Try them. Will Be Extradited. BOSTON, Mass., Aug. 22.—Extradition papers from William Goos, who was arrested in Winnipeg yesterday will be forwarded to-day. Goos is wanted on a charge of larceny of \$2,200 from Rudolph C. Becker of Roxbury. In 1911, it is alleged, he sold Becker a half interest in a business and then misappropriated the funds.

WARNS GIRLS NOT TO MARRY BOXERS

PHILADELPHIA, Aug. 22.—One
of the 205 couples that applied yes-
terday for divorce, fifty were brides
of boxers. To the husband of
Berth Klein, who complained that
she had discarded her wedding
and consequently was not en-
to financial support in wifely
Judge Barrett said:
"This is a progressive age. Wo-
men have a right to do as they please

and, if a woman does not want to
wear her wedding ring that is her
own affair and should not be regard-
ed as an indication that she has no
regard for the marriage ceremony."
After disposing of the cases of
three prize fighters, "Young" Nitchie,
"Kid" Beebe, and "Jerry" Willette,
all of whom argued that they were
brought in their alimony because the
summer was their slack season, the
court said:
"I warn all women, and particu-
larly young girls, not to marry boxers.
They cannot expect support from
men who work only when the weath-
er suits them."

EAGLE PLACE STARS WANT SOME MONEY

Otherwise They Will Not Play the Red Sox.

Manager Fisher and President Billo
of the Eagle Place Star baseball team
stated this morning that the Stars
were quite willing to play the Red Sox
Canadian League, but insisted that
as the game would draw a number of
Eagle Place rooters they should re-
ceive a percentage of the receipts. As
the game would be pulled off before
a regular fixture with St. Thomas the
latter team would carry away half of
the receipts. Any percentage accruing
to the Stars would, therefore, have to
be taken from the Red Sox funds;
and after a disastrous season it does
not look very promising that the Fish-
er aggregation will get in the money.
However the Stars did set in the
money decidedly at Windham Centre
yesterday, where they captured first
place and \$40 in the tournament. They
beat Otterville in the morning 15-3,
O'Connor pitching and in the after-
noon (Windham Centre 7-1. Plant
pitching. Dowling caught both games.
The team will compete in a tourna-
ment at Delhi on Labor Day.

UNCLAIMED LETTERS AT THE POST OFFICE

The following are the unclaimed
letters at the post office to-day: Miss

nox.

Local News

Very Distressing.
The corn roast which was to have
taken place at Mohawk Park last
night did not materialize on account
of the disagreeable weather.

Mourn the Loss.
The many friends of Mr. and Mrs.
Joseph Davis, of Park Avenue, will
condole with them in the loss of their
to months old son, Glen, whose death
occurred this morning. The funeral
takes place to-morrow to Mt. Hope
cemetery.

More Families.
The Brantford Branch of the Im-
perial Aid Association has speedily
justified its existence. Under its aus-
pices another family has arrived from
the Old Land, consisting of Mrs.
Crowley and her children, aged eleven
and nine. Three more families are
now on the way here.

Secured Title.
The government cheque has been
received for the site of the new mem-
ory to be constructed for the De-
rations and a Field Battery. The prop-
erty is situated at the corner of
Brant avenue and West street. The
Ottawa authorities have been for-
warded the title.

Received Injury.
While stepping off a trolley car
yesterday evening an elderly gentle-
man named John Connolly, who re-
sides on Colborne street east, missed
his footing and fell heavily to the
pavement, alighting on the side of
his head and inflicting a long deep
gash. He was taken to his home and
Dr. Wiley summoned.

Station at Paris.
The new Lake Erie & Northern de-
pot will be above Fairview Terrace,
and will be a handsome structure with
an approach of a wide sweeping road-
way. Originally we were told the
approach would be by a flight of
steps.—Paris Review.

In the Money.
Gave Him a Send Off.
A number of the officers and non-
coms. of the Dufferin Rifles were at
the G. T. R. station last night to
bid farewell and safe journey to their
commander Lt.-Col. Howard, who
left on the 8.19 train for Ottawa
where he will join the other officers
and non-coms. of the regiment. Lt.-
Col. Sam Hughes, Minister of Militia,
to attend the military manoeuvres.

City Overseer Ill.
City Overseer Howe, one of Brant-
ford's veteran officials, was taken sud-
denly and critically ill yesterday at
his home 251 Park avenue. Acute in-
digestion which had a serious effect on
the heart action, was the cause of the
complaint, but prompt medical aid
and Mr. Howe's good constitution
enabled him to withstand the attack.
This morning Mr. Howe was reported
considerably improved.

Good Meeting.
There was a large attendance at
a meeting of the Eagle Place Im-
provement Association last evening.
Mr. J. J. Burke occupied the chair.
Mr. Edmondson, a member of the
committee for improved roads, re-
ported that Reeve Kendrick and Mr.
A. E. Watts had paid a visit to the
Ontario Government authorities at
Toronto, and that a grant had been
promised. During a general talk, all
present expressed themselves as much
pleased with the progress of the
sidewalk which the Township Coun-
cil is putting down.

Exhibiting at Toronto.
There is always a great deal of in-
terest taken by citizens in the au-
tomobile exhibit at the Toronto Ex-
hibition; and this year there will be
added interest owing to the Keeton
Motors Limited exhibit. The company
will exhibit four 1914 model cars,
which will include a golden brown
roadster with two seats and an aux-
iliary seat at the back, a royal blue
seven passenger touring car, a brew-
ster green 7 passenger touring car,
and a four cylinder car. A portion of
the exhibit was shipped this morning.
Last year the company only showed
a four cylinder blue car.

Tattoo Indefinitely Postponed.
The military tattoo which was to
have been held in Agricultural Park
last night under the auspices of the
Dufferin Rifles band, was called off
on account of the rain. Bandmaster
Johnson stated this morning that the
affair was indefinitely postponed and
that as soon as he could make ar-
rangements with the out of town
bands in regard to a suitable date the
tattoo will be held. Tickets for the
affair last night will be honored when
the tattoo takes place. The band is out-
quite a large sum on account of the
postponement. Woodstock band came
last night but returned on an early
train.

Brotherly Love.
Last evening a local man was carry-
ing out that portion of the bible where
it refers to man being his brother's
keeper, and it resulted in the indi-
vidual getting into a nice row. The
"go ye and do likewise" was her-
quoted by a lady to bring home her
husband who was staying the evening
with the boys down town. He
threw back his shoulders and went.
He found the husband and was tak-
ing him home. On Bridge street, the
man who was down town, became
ugly, and then a fight ensued, and the
unruly man received a beating. It
evidently seems that a fellow can't
thrust another fellow who was ugly
and wouldn't go home without the
police stepping in, for while the show
was on, Sergt. Donnelly happened
along and ended the affair.

ASSESSORS SHOW ACTUAL TRANSFERS

In Support of Their Claim That Smaller Houses Are Not Over Assessed.

A special meeting of the finance
committee was held in the council
chamber last night, Ald. J. H. Spence
occupied the chair, and all of the com-
mittee were present except Ald.
Charlton.

Assessors Ludlow and Watt were
present also. Ald. Geo. Ward and
Lance Dean of Eagle Place. After-
man Ward contended that working-
men's houses in the Eagle Place sec-
tion of the city valued at \$1000 or \$1,
500 were being assessed right up to
the handle, while on the other hand
the better class of houses valued at
\$2500 to \$3000 were not assessed as
heavily in proportion to the others.
This, the assessors claimed was not
correct, and produced books, assess-
ment rolls to substantiate their claim.
It was shown that recently 27 trans-
fers of property (workmen's houses)
took place in Eagle Place, and a
very large percentage of same were
sold for 31 per cent. more than the
assessed value. A list of 60 other prop-
erty transfers of houses valued at
\$2500 and upwards, and it was shown
that they were sold on an average of
27 per cent. more than the assessed
value, thus leaving a difference of 1
per cent. between the sales of the two
classes of property compared.

A member of the finance commit-
tee stated this morning that every one
was or ought to be, satisfied
with the way the properties are being
assessed, and that the assessors are
doing their work fairly and impar-
tially, and showing favors to none.

Ald. Ward handed the committee
a number of written queries on paper
which the committee promised to
answer to the best of their ability be-
tween now and the next meeting of
the council.

Obituary

The Late Mrs. Ramsay.
The death occurred this morning,
after a lingering illness of Letitia Lat-
timer, relict of the late Robt. Ramsay
at the residence of her son-in-law,
Thomas Clark, Mt. Pleasant Road.
The late Mrs. Ramsay came to Can-
ada from Wigtown, Scotland at the
early age of five years and was a resi-
dent of Brant County the greater part
of her life. The deceased was in her
86th year and leaves one daughter,
Mrs. Thomas Clark to mourn her loss.

Samuel Sails.
LONDON, Aug. 22.—The Right
Hon. Herbert Louis Samuel, the Brit-
ish postmaster-general, was a passen-
ger on board the Canadian Pacific
steamer Empress of Britain, which
sailed from Liverpool to-day for Que-
bec. The Postmaster-General will take
a two months' tour of Canada and
also New York and Washington.

No Fire There.
MINDEN, Ont., Aug. 22.—There is
no fire in the immediate vicinity of
Minden village, but a number of men
have gone out six miles to save build-
ings in Lutterworth and Anson town-
ships. No one has been burned out
yet, either here or at Celdert, where
another bush fire is doing damage to
timber and fences.

No Salary Wanted.
HAMILTON, Ont., Aug. 22.—The
harbor commissioners to-day vigor-
ously denied that they intended ap-
plying to the government for salaries
of \$1200 each. Commissioner Wallace
said he would resign if any such
move was contemplated. The other
commissioners took the same stand.

GODERICH, Ont., Aug. 22.—About
2 o'clock this morning the Kensington
furniture plant was completely de-
stroyed by fire. Loss about \$40,000,
mostly covered by insurance.

RAINFALL WILL DO CROPS GOOD

Farm Lands Pretty Dry and Showers Were Very Acceptable. The heavy downpour of rain yesterday evening and this morning, was of great benefit. The farm lands were very badly in need of rain. The ground had become very hard. On some farms it was difficult to plow for fall wheat and on other farms an impossibility as the plow could not be kept into the ground. The rain will put the soil in good shape for ploughing. The pasture was also becoming very poor owing to the absence of rain. The potatoes, corn and roots will be greatly benefited.

TAYLOR—In Brantford, on Wednesday, Aug. 20th, 1913, Mary Taylor, beloved wife of Mr. Gaitskill Taylor, aged 36 years. The funeral will take place from her late residence, 38 Dundas St. on Saturday afternoon, at 2 o'clock, to Mt. Hope Cemetery. Friends and acquaintances kindly accept this intimation.

PHILOSOPHICAL PHOENIX AND THE WEATHER

THE PROBS

TORONTO, Aug. 22—The depression mentioned yesterday now covers the Georgian Bay region, giving general rains in Ontario, attended by local thunderstorms. In the west the weather is fine and warm. Forecasts: Strong breezes to moderate gales, westerly to northwesterly, clearing and cooler. Fine and comparatively cool to-day and on Saturday. Temperature: Temperature for the last 24 hours. Highest 82, lowest 55. For the same date last year, highest 77 lowest 58.

City News Items

Did Big Business. The moving picture show theatres did a "standing room only" business last night owing to the fact of the military tattoo being called off.
Amateur Ball Saturday. Saturday afternoon at Agricultural Park, the Maple Leafs will play the Dufferin Rifles. Harwood and Livingston will be the battery for the Leafs.
Information Requested. The City Clerk, Major H. F. Leonard, has received a communication from J. W. Duncan, Port Stanley, enquiring as to the license fee charged here for running a shooting gallery.
Back From Rockcliffe. Regimental Sergeant Major Arthur Roberts of the 25th Brant Dragoons arrived home from Rockcliffe School of Musketry yesterday, where he has been taking a two weeks course in musketry.
First Bandmaster. Mr. Chas. Woodard from the States is visiting his brother, Mr. R. Woodard, Sheridan street. Mr. Woodard was the first bandmaster of the local band, and has not been in Brantford for fifteen years.

Lost Two Fingers.

Royal Sloan who resides on Brock street and employed by the W. Patterson, Sons and Company met with a painful accident on Wednesday afternoon when he had the misfortune to have two fingers taken off the right hand by being caught in a piece of machinery.
Building Permits. August of this year will beat the same month of last year in the matter of building permits. Up to date the total is \$26,780 with the new Bank of Montreal building, \$65,000, to be added, or \$91,780 in all. This will mean \$100,000 before the month ends, as compared with a total of \$62,965 for the whole of August, 1911. So far this year the total is \$745,768, a splendid showing.

Don't Water the Sidewalks.

A complaint has been received by The Reporter of a citizen in the centre of the town who in sprinkling his lawn allows the water to fall on the sidewalk, making it necessary for pedestrians to walk onto the road to get by. The street is one on which there is considerable traffic and the offending party should have some consideration for passers by.—Galt Reporter. The town of Galt is not the only place where the allowing of water to fall on the sidewalk can be complained of. There are many cities in this city who allow the water to fall on the sidewalk. Incidentally many local sidewalks are so constructed to keep the water on top of them.

TEST OF THE MILK SUPPLY SHOWS SOME DISCEPACIES

All Milk Being Peddled in Brantford Isn't Just What it Should Be—The Results of Test Yesterday.

The following is the result of the recent test made of the samples of milk secured from milk vendors in the city, as made by Medical Health Officer Dr. Pearson. Specific gravity must be 10.29 and butter fat 3.50. It will be seen that there are some failure as a result of the test.

Table with columns: Vendor, Source of Supply, Sp. Gr., B. Fat. Lists various vendors and their milk quality test results.

BARRELS OF PITCH CONTAINED LIQUOR

Whiskey Kegs Immured in Cement Discovered by Porcupine Police.

Charges Followed Opening of Barrel Lying Unclaimed at Station.

SOUTH PORCUPINE, Aug. 22.—By the fortunate disclosure that barrels of cement and pitch contained within them ten-gallon kegs of whiskey, the Provincial Police of this district claim they have put a stop to a great deal of the liquor traffic. The find came about in a peculiar manner on Monday of this week, and the constables' suspicion was aroused only when too much cement and tar were shipped into the town.

As a result of the raid made, three cases will be heard before Magistrate Thomas Torrance on Saturday afternoon of this week. O'Harber by the name of Gagnon is out on \$500 bail, Joseph Hudan Loose of the South Porcupine Hotel is out on \$150 bail, while E. Juneau is awaiting a bondsman to be allowed his freedom until the trial takes place.

Penalty Heavy For Cruelty to Animals

A Fine of \$50 and Costs May be Imposed on Guilty Ones.

In reference to a letter which appeared in a recent issue of The Courier in reference to cruelty to animals, a copy of the act which refers to same, is given to-day: Revised Statutes of Canada, 1906, the animal code, chapter 146, section 548—Cruelty to Animals: Everyone is guilty of an offence and liable, on summary conviction before two justices, to a penalty not exceeding \$50, or to three months imprisonment, with or without hard labor, or to both, who: (a) Wantonly, cruelly or unnecessarily beats, binds, ill-treats, abuses, overdrives or tortures cattle, poultry, dog, domestic animal or bird, or any wild animal or bird in captivity; or (b) While driving any cattle or other animal, is by negligence or ill-usage in the driving thereof, means thereby any mischief, damage or injury is done by any such cattle or other animal; or (c) In any manner encourages, aids or assists at the fighting or baiting of any bull, bear, badger, dog, cock, or other kind of animal, whether of domestic or wild nature.

With the City Police

Ald. Hollinrake again sat in the magistrates chair and looked after all the cases. The magistrate is away taking a little rest after the lengthy session which have been the rule at the police court for the last few weeks. Geo. Rowe, for not working, was allowed to go on suspended sentence. Two motorists, Wm. Fraser and P. A. Allan, for a breach of the motor act, had their cases adjourned.

SAFETY SYSTEM ON GRAND TRUNK

Important New Department Has Been Added to the Big System.

The Grand Trunk Railway, adhering to the progressive policy which characterizes that System, announces the inauguration of "Safety First" Movement. Mr. Howard C. Kelley Vice-President, has issued an official circular calling the attention of officers and employees to the "great importance of an organization for the prevention of injuries and damage to property."

Mr. George Bradshaw has been engaged as Safety Engineer, charged with the duty of putting the movement into effect. He will inspect the lines, terminals and shops, and confer with the various officers on matters pertaining to the safety of the travelling public and employees. The thoroughness with which the Grand Trunk is going about this important work is shown by the fact that the Safety Engineer, assisted by the local officers, will hold "Safety Meetings" at all important centers on the system, at which practical instruction bearing on safety will be given to employees in all departments. Stereotypical views of unsafe and safe conditions and practices will be shown and explained, the purpose being to reach and make a lasting impression upon the mind of every employee for the benefit of safety. Committees composed of officers and employees will be organized on all divisions, terminals and all important shops whose duties will be to discover and correct unsafe conditions and practices.

The management of the Grand Trunk has kept in close touch with results obtained on other important systems in the United States and having concluded, after careful consideration, that the movement has great merit, will push along its application with the greatest vigor. "It is our purpose," remarked Vice-President Kelley to-day, "to extend this highly important work to every branch of the service. Safety is the first and most important consideration in railroad operation and no effort will be spared to give every patron and employee of this System the greatest possible protection."

Bobby Aull Out Of Cobourg Jail

His Father Will Help Him Fight Annulment Proceedings.

COBOURG, Aug. 22.—After his release this morning Robert Aull, jr., proceeded up street in civilian clothes and was the recipient of numerous invitations from various society people for dinner and automobile rides. He had a conference immediately with his counsel, Mr. T. F. Hall, and at once got into communication by wire with his family at St. Louis. It is said that his father, Col. Robert Aull, sr., was expected to arrive to-day. He has decided to fight the annulment proceedings without delay, and the arrival of his father will be the signal for renewed activity on the part of the defendant.

THE SENATOR STOOK LONDON INTO CAMP

London's Pennant Hopes Receive a Slight Set-back at Ottawa.

OTTAWA, Aug. 22.—Ottawa downed London by 6 to 3 yesterday afternoon, and threw another arm around the pennant. It was one of the most stubbornly contested matches of the season, but Rogers out-pitched Heck and kept the hits scattered, while Ottawa bunched them on the London spibal artist in the fourth and seventh.

With Shaughnessy at bat in the seventh, Bullock slid from third and scored on a passed ball. Heck stood at the plate and Bullock dumped him head over heels. Heck rushed at Bullock, and half a dozen players rushed threateningly to the scene. Umpires Halligan and Flynn finally pulled them apart and the game went on. Heck claimed that Bullock had deliberately attempted to spike him. Score by innings: London..... 0000010-3; Ottawa..... 00021021*-6.

STOLE HOME WITH THE WINNING RUN

Shultz Makes Successful Dash to the Plate With Two Gone in the Ninth.

TORONTO, Aug. 22.—"Germany Joe" Shultz stole home in the ninth inning with two out and the bases full yesterday at the Island Stadium and thereby ended as much baseball as ever was seen in an hour and twenty minutes at the Hanlan's Point meadow. The score was three to two.

Almost before the handful of the faithful who were in attendance had settled themselves comfortably into their seats in the first innings the Providence Grays had helped themselves to a couple of runs. The first three men to bat, Platte, Eddie Onslow and Fabrique, singled in a row. The next three were retired at first base. Maxwell showed a one hit performance from that to the end of the pite, Deal's single in the third inning being the only other safety garnered off the Leaf twirler. Only three hits were made off Zamlach, two in the second and one in the sixth. Tim Jordan and Shaw Had Three.

Buffalo has received Pitcher Collins from the Boston Nationals. He will be used in the outfield.

ATHLETICS GAINED ON CLEVELAND

A's Beat Chicago While Boston Put One Over on the Birmingham Bunch.

CHICAGO, Aug. 22—Connie Mack's crippled league leaders hit Picher Penz all over the field in the fourth and sixth innings, and with some daring base running by Oldring and Collins defeated Chicago 7 to 1 yesterday. The fielding behind Shawkey who pitched in fine form, prevented Chicago from scoring on three occasions.

THE RED SOX TOOK ONE FROM CLEVELAND

CLEVELAND, Aug. 22—Boston won from Cleveland 3 to 2 yesterday in a seven innings contest, the first of a series of three games. Boston's runs were made in the third innings. Lewis doubled, Gardner got an infield single, and stole second. Yerkes walked. With three balls and two strikes on Wagner all the base runners started to run with the pitcher's wind up and when Wagner singled all three scored.

PETERBORO PITCHER IN ROLE OF SURGEON

PETERBORO, Aug. 22—Pitcher Bob Sterling of the Petes yesterday morning varied his first aid skill on the diamond by giving first aid in a case of accident. Chas. McGibbon, an employee of the Peterboro Hardware Company, in handling plate glass, received a long gash in his forearm which severed an artery. Pitcher Sterling gave prompt first aid by improvising a tourniquet, applied to the arm above the cut and preventing perhaps a fatal hemorrhage before the arrival of a surgeon, who found little to do till the patient was in the hospital, to which he was removed in an ambulance.

FINE PERCHERONS WITH SELLS-FLOTO

The Sells-Floto circus which comes here on Aug. 26, has for years maintained the reputation of having the best and most comprehensive display of horse flesh ever appearing with any travelling organization, and this year for the benefit of their patrons, they will make a special display of these wonderful animals in a large tent adjoining the animal menagerie, so that their patrons and lovers of good horses generally may feast their eyes on the various breeds and individual champions which go to make up this wonderful collection. In it will be found specimens of the Percheron, representatives of the thoroughbred, standard bred, Suffolk Punch, coach horses, hackneys, hunters and general purpose horses. It will form an interesting study for those who are either closely connected with the business of horse raising or farming, besides those who love the horse for himself and desire to see him at his best. Sells-Floto circus will appear in Brantford on Aug. 26th.

BABY'S GREAT DANGER DURING HOT WEATHER

More little ones die during hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum, and stomach disorders come without warning, when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the home where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will cure the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Weigh of the Coal-Dealer

It does not always mean "all coal" even if it be full weight. This is a joke in the trade, but it's no joke to the consumer who pays for "all coal" and gets ten to twenty per cent. dirt and rubbish mixed in. If you buy your coal from us you get all coal, full weight and the best, well-screened coal obtainable without paying fancy prices.

FORCED RUN GAVE BOSTON A VICTORY

Chicago Pitchers Were Easy Pickings for McGraw's Maulers.

BOSTON, Aug. 22—With the score tied, two out and three men on the bags in the last half of the ninth inning, Harmon gave Connelly his base on balls, forcing Whaling across the plate with the run which gave Boston the victory over St. Louis yesterday by a score of 7 to 6. St. Louis 6, Boston 7.

The Reds Nosed Out a Victory in the Ninth

BROOKLYN, Aug. 22—Brooklyn and Cincinnati battled on even terms up to the ninth yesterday, when Bescher was hit by a pitched ball Bates sacrificed and Egan and Hoblitzler singled, which with Wickland's out sent two runs across, giving the victory to Cincinnati by a score of 6 to 4. Bescher, Egan and Hoblitzler divided nine of the eleven hits made off Ragan and Bescher scored half of the Cincinnati runs. Score, Cincinnati 6, Brooklyn 4.

Stack and Moore Wete Easy for the Giants

NEW YORK, Aug. 22—New York had little trouble in winning the first game of their series with Chicago, the score being 8 to 2. Mathewson kept the hits well scattered, while the champions knocked Stack out of the box in the third inning, and also hit Moore hard. The hitting of Evers, Burns and Smooggrass featured. Score: New York 8, Chicago 2.

The Pirates Won a Heavy Hitting Game

PHILADELPHIA, Aug. 22—In a hard hitting game here yesterday Pittsburgh defeated Philadelphia by 9 to 6. Pittsburgh made 14 hits for a total of 28 bases, Byrne leading with a home run, a double and a single, while Miller made a home run and a double. Score, Pittsburgh 9, Philadelphia 6.

Football

The Cockshutt United team will play the Tutela boys next Saturday, August 23rd, at Mohawk Park. This will be the concluding game for the champions in the league series, and a good game is expected with the Eagle Place boys. Players are requested to be on the ground at 5:45 as the game starts at 6 p.m. sharp. The Cockshutt team will turn out as follows: Goal, H. Carey; backs, A. Maich, C. Stubbs; half backs, W. Maycock, T. Robertson and J. Gouick; forwards, R. Plant, A. Paul, G. Richardson, R. Richardson and W. Richardson; reserves, W. Gray, E. Leaming, A. Hepper. Referee, Mr. Darlington.

The football teams will be at it hammer and tongs and some real good football is on the calendar for tomorrow afternoon. The race for the championship becomes closer, and more exciting as the weeks go by. The teams are all pretty well balanced and about equal strength. So evenly matched are the teams that the results of the games played recently have all been very close affairs. There have been four 2-0, and three 2-1 games in the last three weeks, which goes to show the comparative strength of the teams. At this stage of the game a win means a lot to a team and the games scheduled for to-morrow should be close and very interesting.

Duffs Line-up The following players will represent the Duffs in their league game against Holmedale Tigers at O.I.B. grounds on Saturday next, kick-off 6 p.m. prompt: Knowles, D. EX-GOVERNOR AND PETITION FOR

Sir J. Hewitt Repeal Charge of "Official Murder."

LONDON, Aug. 22.—Sir Hewitt, late Lieutenant-Governor of the United Provinces of Oude, has made a vigorous strictures passed upon him House of Commons recently. Mr. Swift MacNeill, the Member, called attention to what he described as an outrage. Three natives were tried for murder and by the sessions judge, but government appealed to a Court, which sentenced two prisoners to be executed and to be transported for life. It was alleged that the persons appealed on Aug. 2 Lieutenant-Governor for a commutation of sentence, the Lieutenant-Governor appealed at the desire of his advisers against their acquittal to interfere. A further appeal was that a subsequent petition transmitted to the governor but was rejected by the Lieutenant-Governor himself.

EX-GOVERNOR AND PETITION FOR MERCY

Sir J. Hewitt Replies to Charge of "Official Murder."

LONDON, Aug. 22.—Sir John P. Hewitt, late Lieutenant-Governor of the United Provinces of Agra and Oude, has made a vigorous reply to charges passed upon him in the House of Commons recently.

Mr. Swift MacNeill, the Nationalist member, called attention on June 25 to what he described as a "judicial outrage."

Three natives of Oude were tried for murder and acquitted by the sessions judge, but the local government appealed to the High Court, which sentenced two of the prisoners to be executed and the third to be transported for life.

It was alleged that the convicted persons appealed on Aug. 27 to the Lieutenant-Governor for a revision of the sentence, and that the Lieutenant-Governor—who had appeared at the desire of his legal advisers against their acquittal—declined to interfere. A further allegation was that a subsequent petition was not transmitted to the government, but was rejected by the Lieutenant-Governor himself.

In correspondence published, Sir John Hewitt says:

"The power of appeal against an order of acquittal is not recklessly or even frequently exercised. A very brutal murder had been committed. I was advised that a failure of justice had occurred, and that an appeal would probably be successful. The giving of this sanction (to appeal) did not mean that I had determined in my own mind that the men were guilty of murder. Both the Judicial Commissioners (who heard the appeal) were men of great knowledge, capacity and uprightness, the one an Englishman, the other a Brahmin."

"The petition for mercy reached me eleven days after the sentence and thirteen days after the date of execution. I could discover no grounds for disagreement from the High Court. The petition to the government of India, for mercy, reached me at a time which did not admit of its being delivered at Simla forty-eight hours before the time fixed for the execution. I therefore in accordance with the general rule and the specific instructions given to me in this case (by the government of India), refused to forward the petition."

"My order withholding the petition for mercy, was strictly in accordance with the terms of the Government of India's own rule, and the discretion with which I was vested was properly exercised."

M. P.'s Remarks Resented.

Sir John proceeds to describe the

use of the word "inhuman" by Mr. John Dillon, M.P., interference to his action as monstrously unfair, and places Sir W. Byles' description of the proceedings as "an official murder" in the same category. He concludes:

"An Englishman (I use the term in the broadest sense, does not, when he goes to serve his King in India, leave behind him the instincts on which his race prides itself. One of the best of these instincts is a desire to help the oppressed and to remedy wrong."

A Lieutenant governor deals with a case like the one under consideration without any personal feeling whatever. If a brutal murder like this one goes unpunished, the escape of the perpetrators of it encourages others to attempt similar crimes."

Lord Crew, the Secretary of State, comments on the affair as follows:

"Sir John Hewitt's full and able explanation satisfies me that the case in all its aspects received from him most careful and anxious consideration, and that in deciding not to transmit the petition for mercy he followed the course which in his judgment met the requirements of justice, and also conformed to the instructions of the Government of India, for the disposal of petitions for mercy in capital cases."

"Had Sir John Hewitt elected to suspend the execution of the sentences and to throw the onus of confirming or modifying them on to the Government of India, his action would have been justified, and this would have been the wiser course. But I have no doubt whatever that he exercised his discretion with a sole eye to the right discharge of his duty."

Lord Crew adds that he has requested revision of the existing rules so as to make it clear that a local government must invariably transmit a petition for mercy, however late received.

Captive Balloon Escapes.

An exciting scene was witnessed by nearly 20,000 people at a Reading fete. A captive balloon broke loose and went flying rapidly away with two passengers and the operator. The latter opened the gas-valve, and when the balloon came down three miles away one of the passengers, Mr. Good, sprang to the ground and the balloon immediately ascended, but the operator quickly brought it down, and he and the other passenger scrambled away. Thereupon the balloon sailed away, and has not been seen since.

"Hank" Perry has been unconditionally released by Jersey City owing to his inability to hit. Schafler gave Pitcher Main to Buffalo for Perry and McCabe and both men have since been released by the Skeeters, while Main is going strongly.

The battle for the championship of the City Amateur League will be decided to-day if the Park Nines win from the Dufferins in the first game. The Wellingtons v. the St. Mary's in the 4 o'clock, and the Dufferins triumph to remain in the running.

Reports that "Lena" Blackburn would be asked to rejoin the Chicago Americans at once have been denied. Milwaukee "fans" feared that the chance of their team's winning the American Association pennant would be weakened if Blackburn were taken away before the end of the season.

The team of the R. S. Williams and Sons Company, Limited, met the Union Trust Company for the second time this season at the Island Stadium. After seven exciting innings the game was called with the score seven all. The same teams will meet next week to close their season. Bert McCreath umpired in a most satisfactory manner.

William P. Holden, a centre fielder of the New London club of the Eastern Association, was purchased by the Highlanders recently. With an average in batting of .349, he is well up in the league, and is considered to be one of the fastest men in the association. The left-hander will report to Chance at the end of the Eastern Association season.

BRITISH NEWS VIA THE MAIL BAG

Aged But Hardy.
 A woman of ninety was among the occupants of a carriage which struck a lamp-post at Colchester. She was thrown out of the vehicle, but is none the worse for her exciting experience.

Plague of Sparrow-Hawks.
 Many pheasants and partridges have been killed in the West of England by sparrow-hawks, often smaller than themselves, which have appeared in great numbers this summer.

Direct to Consumer.
 A hen walked through the front door of a house in Gedney Fen, Lincolnshire, flew on the table and after clearing a space, laid an egg. It then strutted out of the house, cackling loudly.

Parish Without a Council.
 The village of Ashden, Essex, has now been without a council for three years, the parish apparently having no desire to elect one. At the annual meeting only the clerk and one elector put in an appearance.

Lost on the Mountains.
 Leaving Keswick in Cumberland, with the intention of seeing the sun rise from Mount Skiddaw, a party of tourists, had almost reached the summit (3,054 ft.) when they were lost in a thick mist. They wandered about for hours and at daylight found themselves on a neighboring hill.

Taunton's Charity Council.
 Large crowds from all parts of the West invaded Taunton for the annual carnival for the point benefit of the Taunton and Somersea Hospital, the Taunton Nursing Association, and the Bristol Eye Infirmary. Sports, open-air cinema, and band performances were the principal attractions.

Oldest Master.
 Master of Clare College, Cambridge for the past 57 years, and believed to be the oldest living master of any foundation, the Rev. Edward Atkinson, D. D., recently celebrated his 84th birthday. His great age prevents him taking an active interest in the affairs of the university, but he is still a very keen head of a house. He continues to enjoy good health.

Swimming to Ragtime.
 Swimming to music is the latest idea at Brighton. The enterprising management at one of the piers has arranged for a band to be stationed each morning on that part of the deck adjacent to the bathers' dressing room, recently fitted in the most up-to-date style, and swimmers are able to practice the "scissors" stroke or the trudgeon to the strains of popular ragtime selections.

Life Lost for Hat.
 Fritz Hesse, a German fitter, lost his life under tragic circumstances. He had been lodging in Prince Street, South Bank, and he visited Middlebrough, returning to South Bank by a late train. He lost his hat on the journey, and mentioned the fact to the ticket collector at South Bank Station. He then went down the line in search of the hat, although warned of his danger by two other men. A little later as Hesse, in the darkness, was stepping out of the foot-way, he was caught by a train near the Graving Dock Bridge, and was instantly killed.

LOOKAHEAD FOR ILLNESS
 Sudden illness an upturn come in every family—to parents and children alike. But if you have looked ahead and have right in your home, ready for immediate use a bottle of Polson's Nervine—there isn't much to worry over. If it's a sore throat or contracted chest, apply Nervine and put on a Nervine Porous Plaster. If it's colic, cramps or any stomach disorder, just administer ten drops of Nervine in hot water. No family medicines are more useful or more depended upon in emergencies than Nervine and Nervine Porous Plasters. They keep the doctor bill small, substitute each at all dealers. Refuse substitutes.

CAN LAUGH AT LIFE'S MINOR ILLS

Since Dodd's Kidney Pills Cured Her Kidney Disease

New Brunswick: Woman Tells How She Was Rescued From Ill Health By the Twin Remedies, Dodd's Kidney Pills and Dodd's Dyspepsia Tablets.

NEGUAC, Allain, P.O. N.B., Aug. 18.—(Special)—Mrs. Joseph G. Savoy, a well known resident of his place, whose ill health has been a matter of much concern to her friends, is telling of the cure she found for all her troubles in Dodd's Kidney Pills and Dodd's Dyspepsia Tablets. "My health is fine now," Mrs. Savoy says, in an interview. "The pains are gone from my side and back, and when I go to bed I can sleep. Before I started using Dodd's Kidney Pills and Dodd's Dyspepsia Tablets I could not eat anything heavy such as meat, but now I can eat practically what I please with no ill-effects." Mrs. Savoy was in a generally run-down condition and her cure came about by using the natural remedies, Dodd's Kidney Pills cured and invigorated her kidneys, thus purifying her blood and improving the circulation. Dodd's Dyspepsia Tablets insured proper digestion of her food, thus furnishing the body with the nutrition it required. Women with healthy kidneys and sound digestion can afford to laugh at the minor ills of life.

DATES OF FALL FAIRS, 1913
 Issued by the Agricultural Societies Branch of the Ontario Department of Agriculture. For the fifth year these fairs played the Brighton road cricket club and beat them by 98 runs.

Did Not Like New Home
 A wife's worry over a new house was described at a Dudley inquest on Lily Dutton, wife of a commercial clerk. The Duttons, it was stated, had just moved into a new house, to which Mrs. Dutton took a great dislike, complaining that the chimneys would not draw and that she did not like the neighbors. When standing before a looking-glass, she cut her throat, it was stated, with a carving knife. "Suicide while temporarily insane" was the verdict.

Public Prosecutor Criticized.
 A strong protest against the action of the Public Prosecutor was made by the clerk to the Oldham magistrates when the charge against Edward Wild Hilton, eighteen, of Manchester street, and Ernest Edwin Kelly, twenty, of Ward street, Oldham, of murdering David Wright Barstley, who was found dead in his shop at Oldham, was postponed to suit the convenience of the London official. The clerk said that the public prosecutor ought to be told that these obstinate remands were most objectionable. The public prosecutor ought to arrange to take the case in its ordinary course.

Weaver Attacks Aged Woman
 An alleged murderous attack on a woman of eighty-one was described to the Todmorden magistrates when Walter Renard, twenty-eight, a weaver, was remanded in custody for a week on a charge of assaulting Mrs. Lydia Howard, a widow. The police said the old woman kept a small shop in Halifax road. She was in the shop chopping firewood when Renard entered, knocked her down, and hit her on the head with some blunt instrument. Leaving her on the floor he rushed upstairs, where he was found by the police concealed in the bedroom.

SPECIAL \$10 EXCURSION TO WINNIPEG

 Farm Laborers' special trains will leave Toronto at 8:30 a.m. on August 22nd, via Hamilton and London, and at 2:00 p.m. on August 25 and September 5th via Guelph, Berlin and Stratford. This is an exceptional chance to visit the West, which is truly called the land of "Golden Opportunities" and many prosperous farmers and business men now residing in Western Canada can trace the origin of their good fortune to a "Farm Laborers' Excursion." The route as via Chicago is an attractive one, many large cities and towns being passed en route, which breaks the monotony of the journey, there being something new to see all the time. The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg, Saskatchewan-Edmonton, with smooth roadbed, through the newest, most picturesque and most rapidly developing section of Western Canada.

Great Cotton Spinner Dead
The death has occurred at Beach House, Bolton, in his seventieth year, of Sir James William Scott, an extensive cotton spinner and manufacturer, and head of the Provincial Fire and Accident Insurance Office in Bolton and Manchester. Sir James, who was the first baronet, is succeeded in the title by his eldest son, Mr. Samuel Haslam Scott, who was born in 1845.

"MUTT AND JEFF" SECURED BY COURIER
"Bud" Fisher's Famous Pair Will Provide Daily Laugh to Our Readers

Bud Fisher is easily the best known of the large circle of comic artists who are working on this continent. His most famous creations are, of course, "Mutt and Jeff." These two characters have made themselves a place in the esteem of newspaper readers throughout North America, a continent, which has never been equalled by the brain children of any other

BUD FISHER.
Their appeal is general. They give pleasure to young and old alike. This is explained by the fact that they are really human. "Mutt and Jeff" have a character and personality of

O'keefe's STOUT

their own and it is this character and personality, in addition to the clever draughtsmanship of Fisher that has made them famous; in a way they hold up a magnifying looking-glass to humanity.
Bud Fisher began his work in San Francisco. After the usual years of hard labor which every successful illustrator passes through, he achieved fame and immense financial successes in New York. There is hardly a city on the North American continent in which "Mutt and Jeff" are not a valued feature in some daily paper. Fisher's world-wide characters, "Mutt and Jeff," will appear in the Daily Courier, starting on Monday.

DUMMY SUBMARINES IN NAVAL "WAR"
Admiral Jellicoe's Amusing Ruses to Trick Defending Fleet.

LONDON, Aug. 22.—An amusing story of the ruses employed by Admiral Sir John Jellicoe, commander of the hostile fleet in the naval maneuvers, comes from a correspondent. Dummy submarines and a cleverly disguised transport figured largely in the plans which let the Red fleet through to fall upon and capture Grimsby, Immingham and Sunderland.
As soon as "war" was declared Sir John Jellicoe detached his principal troopship from his main fleet, and sent her with 2000 troops on board, steaming north east. The other transports were placed in the centre of the fleet, with a squadron of battleships and fast cruisers ahead of them, and a flotilla of submarines bringing up the rear. On either flank was a line of torpedo boats, while still further beyond was a string of destroyers. Leading the van were four cruisers of a somewhat old type.
The fleet sailed north along the coast, and when the destroyers reported by wireless having got into touch with the Blue fleet's scouts, Admiral Jellicoe ordered the four cruisers to steam north east at top speed. Away they went, belching clouds of smoke, and the Blue fleet gave chase instantly.
All the preceding day the men of the Red cruisers had been kept busy making and weighting canvas buoys to which wooden masts had been fixed. On the top of the masts were secured small boxes and pipes in imitation of periscopes, and as the vessels sped along these buoys were dropped into the sea, where they floated partly submerged and with only the masts and dummy peris-

scopes visible, for all the world like submarines.
The diversion served its purpose for though the four cruisers were captured, they had drawn the defenders away from the Humber mouth, and Admiral Jellicoe was able to carry out his daring raid.
Meanwhile, the Assistance, the transport originally detached, had been undergoing a transformation. As soon as she was clear of the fleet every man on board was set to work to disguise her. Her hull was daubed with red paint, her bridge and deck fittings were painted white, a dummy funnel was rigged, and, master touch of all, the name "Assistance" was obliterated, and the word "Lynx" painted in bold capitals on her bow. A quantity of lumber was brought from the holds, and stacked upon her bulwarks, so that she looked as disreputable an old tramp as ever wallowed from the White Sea with deals as deck cargo.

This transformed the vessel sailed past many of the Blue fleet's scouts and steamed unobserved to the Tyne, landing her troops to the surprise of the defenders.

George Hewitt, a Border farm servant, of Hutton, Berwick, was died at the age of eighty-seven after sixty-eight years' service on one farm, that of Hutton Mains. He served three generations of one family, and was steward of the farm for fifty years.

Drinking Ditchwater.
Many people in the Cumberland district between Linefoot and Bertha Colliery have to depend for their water supply on road gutters and field drains. At a meeting of the Cocker-mouth rural council the medical officer presented a report stating that the supply was inadequate, and the Surrey and Kentish hedgerows, was obtained from surface wells of doubtful purity, and from ditches in-

to which dirty water was pumped from collieries. One family had been made ill through being compelled to take polluted well water and water from roadside gutters.

Plenty of Blackberries.
Judging from the appearance of the "Surrey and Kentish" hedgerows, this will be a record year for blackberries.

OUR NAVAL SUPREMACY

Lord Selborne Says We Are a Squadron Short Lord Haldane's Reply

LONDON, Aug. 22.—Lord Selborne, formerly First Lord of the Admiralty, initiated a discussion in the House of Lords on Tuesday on the subject of our naval strength.

He declared that we were short of a whole squadron of battleships in the Mediterranean, and when the Government only proposed to build five capital ships this year they were deliberately falling short of the 60 per cent. they had themselves laid down.

In 1915 the German Dreadnought battleships and cruisers would number twenty-six. A sixty per cent margin meant 42, and we had only provided for 30; therefore they started this year three short.

"The critical years will be 1915 and 1916," he went on. "In 1915 in order to maintain the 50 per cent standard for the North Sea we shall have to station in these waters every Dreadnought, battleship and cruiser built by the Admiralty and paid for by the British taxpayer. There will be 30 per cent margin for the Mediterranean or any other part of the world.

"In 1915 Mr. Churchill says, the British fleet in the Mediterranean must be reconstructed in order to meet the ten Dreadnought battleships of Austria and Italy. He will not have a single British Dreadnought battleship or battle cruiser to station there, and he will have to fall back on the Malaya and the New Zealand. For the rest of the Empire there will be only one solitary ship of the Dreadnought type—the Australia, which in times of peace will be tied to Australian waters. Parous as our situation will be in 1915, it will be far more dangerous in 1916."

In regard to oil fuel, Lord Selborne thought that the Admiralty had been too rash and premature in staking so much upon it and building battleships to take oil fuel only.

Lord Ashby St. Ledgers, in reply reminded the House that while Mr. Churchill expressed his intention to develop a 60 per cent superiority over the German navy, he never claimed that we already possessed a 60 per cent superiority. The margin was provided for in the present ship-building programme.

Should Germany advance above her programme, our policy would be two keels to one, or twenty-five, giving a margin of between five and six ships in home waters.

Viscount Haldane intervened to point out that France had a Mediterranean fleet almost equal to the combined fleets of Italy and Austria. It was not reasonable to leave this out of account.

The Lord Chancellor declared that unless we took serious action to improve our educational system and train our workmen we should drop behind in the race. He derided the notion that we ought to build ships against the combined navies of the world. "That was not the way to strengthen this country. It could only sap our financial position, and it was money which was the greatest source of our strength."

ELECTRICITY WILL MAKE CHICKENS GROW QUICKLY

Remarkable Experiment Carried Out in Britain With Great Results.

LONDON, Aug. 22.—A long succession of ingenious experiments have been privately made in the effort of electricity upon the growth both of plants and animals, and, according to the London Daily Mail yesterday, it is now possible to say, with some approach of confidence, that startling results have been reached in one direction. Beyond all question, young poultry respond to electric stimulus applied in a particular way, with astounding rapidity. They surpass the best on record in the speed of growth at this time of the year, and they keep their health in crowded conditions.

Filled Them With Electricity.

In the south of England, on the biggest poultry farm in the world, an experiment of this nature has just been completed. Of eight hundred chickens in two equal groups, 400 were nurtured on the intensive system—that is, in flats, almost trays, one above the other. One group of 400 was treated by this electric system, and so charged were the chickens with electricity that the shock could be distinctly felt if the finger was put to the beak of the chicken. The chickens in this group grew to remarkable size, that is as petits poussins, in five weeks, and of the 400 only six, and those weaklings in the beginning, died off.

As for This 400.

Of the other 400 nearly one half died, it being late in the year for healthy growth, and the survivors took three months to reach a marketable size. This experiment was followed by other experiments in which similar, though not so striking, re-

sults were obtained. Trials on a yet larger scale are being prepared, and there is at any rate reasonable hope that an instrument of real value in the intensive production of food has been found.

GIRL'S COMPLETE EDUCATION

An Australian journal says a girl's education is most incomplete unless she has learned:

- To sew.
- To cook.
- To mend.
- To be gentle.
- To value time.
- To dress neatly.
- To keep a secret.
- To avoid idleness.
- To be self-reliant.
- To darn stockings.
- To respect old age.
- To make good bread.
- To keep a house tidy.
- To be above gossiping.
- To make home happy.
- To control her temper.
- To take care of the sick.
- To take care of the baby.
- To sweep down cobwebs.
- To marry a man for his worth.
- To read the very best of books.
- To take plenty of active exercise.
- To be a helpmate to her husband.
- To keep clear of trashy literature.
- To be light-hearted and fleetfooted.
- To be a womanly woman under all circumstances.

We think so, too.

Objects to Punch and Judy.

ATTEMPT TO BLACKMAIL

Lord Rothschild Received Letters Demanding Large Sums of Money.

ARREST WAS MADE

LONDON, Aug. 22.—There was a sequel at Bow-street on Saturday to the arrest the previous evening of a young German on a charge of attempting to obtain money by means from Lord Rothschild.

For some weeks the famous financier has been receiving threatening letters, in which the writer demanded large sums of money. Scotland Yard was communicated with, and as the result of a visit to a well-known restaurant in Coventry-street, Piccadilly, by Chief-Inspector Hawkins and Detective-Sergeants Stephens and Protheroe, a young German named Kremmerskothen was arrested, not, however, without a struggle.

Kremmerskothen, who is only twenty, and was described as a clerk, was brought up at Bow-street, on Saturday, and charged with feloniously sending a threatening letter to Lord Rothschild demanding £30,400. He is a well-dressed young man, and wore a smartly cut black morning coat, light vest, and striped trousers.

Mr. Schuter, who prosecuted, said he would briefly state what the charge consisted of. About June 27 his client received a letter purporting to emanate from the committee of the—asking for a large sum of money for their funds, and suggesting an advertisement in the "Times."

Mr. Schuter said that he had only received instructions late the previous day, and the police had not yet had an opportunity of fully investigating the circumstances. He asked the magistrate to take only sufficient evidence to justify a remand until next Friday.

Accused Man's Admission.

Inspector Hawkins said that he saw Kremmerskothen at four o'clock the previous afternoon at Vine-street Police Station. He told him he was a police-officer and that he would be

charged with feloniously sending a threatening letter to Lord Rothschild demanding £30,400 or his life. Kremmerskothen replied:

"I am very sorry, indeed. I have sent four letters altogether. I typed them myself. Some time ago I wrote to one of the Rothschilds for employment. I sent the letters to Lord Rothschild hoping he would send me money. I have been living with my mother—so long that I wanted to get some to help her and to keep myself. I thought by asking for a big lot, I should get something. I never would kill or hurt Lord Rothschild."

The inspector searched Kremmerskothen and in his left sock found three Bank of England engraving notes (produced). Witness said: "These were made into a parcel to represent real money, and placed in a hole in the wall of a room in Appenrodt's Restaurant, Coventry-street in accordance with the directions you gave in your letters to Lord Rothschild."

Prior to coming into court, the inspector added prisoner handed him a statement in German, which he wished the magistrate to read.

Sir John Dickinson said he would have the letter translated, and read it later.

Mr. Schuter asked the magistrate not to allow bail. Sir John Dickinson said the question of bail could not be entertained, and ordered a remand until Friday.

Gas Fumes Good for Teeth.

One of the delegates at the dental conference at Cambridge, Mr. W. Jones, L.S.S., said children living near gasworks have the best teeth. From this he inferred there was something in what was considered to be a superstition—that certain childish ailments could be cured by the fumes from gasworks.
