## RAILWAYS ORDER 2,000 COX CARS

C. N. R. and C. P. R. Spending  
Several Million Dollars

Canadian railroads are placing at a cost of several million dollars, large orders for new rolling stock. Both the Canadian Pacific and the Canadian National systems have given orders for one thousand freight cars.

The order by the Canadian National system has just been placed. Part of the one thousand cars will be constructed by the Canadian Car and Foundry Company. The orders specify sixty thousand pound cars with steel frames. They are much larger than the average freight car which runs about forty thousand pounds.

The Canadian Pacific requisition calls for cars of different types varying in size. They will be used for the transportation of the crops, which are expected to be unusually large this year.

The order placed by the Canadian National has been distributed with different companies. R. C. Vaughan, Director of Purchases and Stores, would not announce further particulars.

## REGULAR MEETING TOWN COUNCIL

The regular meeting of the Town Council was held Thursday evening 19th inst.

Present:—Mayor Creaghan, Aids Crocker, Dalton, Dickson; MacKay McGrath and Russell.

A letter from the medical Superintendent of St. John County Hospital notifying the Town Council of the admission of Mrs. Julia Taylor to that institution on June 30th, was read. After discussion this communication was referred to the Mayor for consultation with the Town Solicitor and with power to act on his advice. The Mayor read a notice from the Secretary of the District Board of Health, calling attention to the unsanitary conditions of the Town Dump and the matter was referred to the Public Works Committee.

The following accounts were passed for payment:—

I. D. Creaghan Co. Ltd.	\$12.75
M. J. Hill	11.30
Joseph Napke	5.75
Miramichi Publishing Co. Ltd.	24.20
W. S. Anderson & Co.	2.05
Summer Co. Ltd.	420.16
George Burchill & Sons	20.60
Can. Gen. Electric Co. Ltd.	55.00
J. D. Creaghan Co. Ltd.	55.00
Joseph Napke	4.40

The following report was presented by the Light and Water Com.

"We beg to report that we have considered the application for sewerage from residents of Ledden Hill, Green St. and Water Street, and we find our appropriation insufficient for this work and we are therefore unable to undertake it. We would recommend that sufficient funds be included in the estimates so that this work may be undertaken next year. We would also recommend that sewerage on Jane Street be completed."

(Signed) A. H. MACKAY,  
Chairman

This report was received and adopted.

Dr. F. C. McGrath was re-appointed School Trustee as his term of office had expired on June 30th.

The Chairman of the Public Works Com. submitted correspondence from the Carrite Co., with reference to road-making and the Council went into Committee of the whole to discuss the matter, with Aid. Mackay as Chairman. On the Council re-assembling the Chairman of the Finance Com. reported that \$7300.00 worth of various debentures had been purchased for the Sinking Fund at prices to yield about 5.20%. He also recommended that the Town of Newcastle lease a safety deposit box at the Royal Bank of Canada at a rental of \$5.00 per year and that the Town Treasurer be appointed to have the right of access to the said box and the right to surrender the same. The report was received and the recommendations adopted.

Mayor Creaghan, Aid. Russell and the Town Clerk were appointed as delegates to attend the Convention of the Union of N.B. Municipalities to be held in Campbellton on Aug. 21st, 22 and 23. The Chairman of the Finance Committee presented a statement of receipts and expenditures showing that receipts were slightly lower than during the corresponding period in 1922.

On motion of Aid. Dickson, seconded by Aid. McGrath, the Town Clerk was granted two weeks holiday at a time to be chosen later.

The Chairman of the Park and Fire Com. reported that the Chief

## CHATHAM CURLERS DEFEAT NEWCASTLE

The big baseball event of the season took place in Newcastle on the Farrell Field last Wednesday evening between the Newcastle and Chatham Curling Club. Competition is said to be the life of trade and it is also the life of baseball. Particularly is this true on the Miramichi and great interest is being taken in the many games played here.

The game between the curlers for the Benefit of the Miramichi Hospital Drive was eagerly awaited and when the game was called at 6:45 p.m. by Umpire Bun Green, about 800 spectators were on hand to root for their respective teams. The batteries were Watters and Watling for Chatham and Brown and Bayle for Newcastle.

Some of the players were not new to the game and considering the small amount of practise, each team played an exceptionally good game. The batting was a big factor and demonstrated that curlers could use a baseball bat as well as a broom.

Characteristic of curlers, everything went along like clock work every one of the players beaming with a broad smile and cracking jokes with one another throughout the entire game. Not in one single instance was there a difference of opinion and what the umpire said "went".

The Chatham Club were too many for the locals and had a long lead over them from the start although in Newcastle's last inning they were coming like a tide, and tallied a number of runs. The game ended with a 16 to 11 score in favor of Chatham and three rousing cheers were given for each Club.

The ladies seized this opportunity for serving ice-cream, and a rushing business was done in this article throughout the game. The gate proceeds amounted to about \$33 which goes towards the Hospital Extension Fund.

It is to be hoped that more games between the curling fraternity of the two towns will be held, as it is not only good exercise but keeps the two clubs in contact during the summer months, when there is no curling.

We would suggest that a return match be arranged in the near future with a few changes in the rules governing the game. Short brooms might be used instead of a the bat and a rubber ball instead of the baseball, and all players to be over 45 years of age. This would create considerable amusement, not only for the fans but for the players as well, and when all is said and done amusement in games of this kind is what is looked for by the public. The clean-cut, fast baseball can very well be left for the league teams. "All work and no play makes Jack a very dull boy." So let us have more of such amusement. If so, we will live longer and happier lives.

Fire Marshall had called attention to the necessity of installing a regular Fire Alarm system and also to the appointment of a Deputy Fire Marshall for the Town. It was moved by Aid. Russell seconded by Aid. Dalton and carried that Aid. Dickson be appointed Deputy Fire Marshall for the Town of Newcastle.

## WILL REPORT ON WHAT HE RECEIVED

Dr. H.L. Abramson, provincial pathologist, is still conducting tests in parts of the body of Frank Kennedy who died suddenly at Chatham Head. Dr. Abramson telegraphed for the brain on Wednesday but had read in the papers that the coroner had decided that the examination of the brain made was sufficient.

He would therefore have to make his finding on the contents of the stomach as that and the liver esophagus were all that had been forwarded to him. He said that disease might produce an effect on the lower portion of the brain that would not be apparent on ordinary sectioning but the coroner had decided that a satisfactory examination had been made and that ended the matter.

## EDWARD S. CARTER IS EDITOR-IN-CHIEF

Edward S. Carter, who has been identified with St. John newspapers for many years and who was managing editor of the St. John Standard and is editor in chief of the Telegraph-Journal, according to semi-official advice to the Globe.

Ralph G. McInerney, college graduate and a former member of the Royal Flying Corps, late assistant editor of the Journal, is assistant editor of the Telegraph-Journal, and in Newcastle's last inning they were coming like a tide, and tallied a number of runs. The game ended with a 16 to 11 score in favor of E.W. McCready, who was managing editor of the Telegraph, will be editor of the Times, while A.M. Belding, editor of the Times takes the new position of exchange editor on the amalgamated newspapers.

Frank I. McCafferty, who was city editor of the Telegraph for years and who has been city editor of the Times since its establishment will continue in that capacity. Bruce S. Robb will continue as city editor of the Telegraph-Journal. He was formerly city editor of the Telegraph.

Several other changes in the present functioning of the staffs of the amalgamated newspapers will probably occur in the near future. Hart-Hall reporter of the Standard and later of the Journal, is said to be listed for that capacity.

## Take Away Matches From Woods Visitors

The Quebec Provincial forest permit, which every visitor to the forests of the Province is required to take out before they are allowed to enter the wooded country, does not entitle a person to carry matches as a portion of personal equipment according to the latest interpretation of the regulations imposed by the Provincial Department of Lands and Forest. Fire Rangers in the vicinity of Lac La Peche and Lac des Cling and near the St. Maurice River are calling upon all sportsmen, guides, tourists and others to give up their matches and smokes before they proceed further, even though they have the required forest permit. Because of heavy fire losses in June the rangers throughout this section are making this stipulation until August 1. It has been announced.

Here and There

A jersey cow owned by a Montreal man has broken all Canadian records by producing 1,200 pounds of butter in a year.

The average annual per capita cost from fires in United States is \$2.26, while Canada loses \$2.73 per capita by fire; Spain, \$1.86; France, 97 cents; England, 64 cents; Germany, 28 cents, and the Netherlands, only 11 cents.

Bungalow Camps in the wilds of Ontario have been opened by the Canadian Pacific Railway Company at French River, Nipigon, and near Kemora, Lake of the Woods.

Traffic through the Lachine Canal during the month of June showed an increase of two million bushels of grain and one hundred thousand tons of coal with increases in pulpwood, produce and passengers over the same month of the previous year.

The wheat crop of Alberta and Manitoba has progressed so well on account of the abundant moisture of the early season that farmers, business men and railroad companies are preparing for a harvest in excess of the record one of 1916.

Prince Rupert, B.C., claims the world's best record for a one trip fish catch. A fishing schooner arrived at this port recently after being at sea 14 1/2 days, with 38,000 pounds of halibut, which sold for a sum that netted each man of the crew of five \$727.80.

In the Province of Ontario, it is estimated, the lumber cut in 1922 amounted to 309,000,000 board feet, and in addition 239,113 cords of pulpwood. The Province of Nova Scotia cut 125,000,000 feet, New Brunswick 210,000,000 feet, and British Columbia 273,146,000 board feet.

The Dominion Express has just effected a shipment from Hamburg to Kobe, Japan, in 32 days. The average time consumed between the same two points via the Suez Canal is 49 days, and the saving thus made by the Canadian route will be of great importance in helping make this country the road between Europe and the Orient.

The total value of the pelts of fur-bearing animals taken in the Dominion during the season of 1921-22 was \$17,438,800, an increase over the previous year of \$7,287,273, or 72 per cent, and the number of pelts of all kinds was 4,298,790, an increase over the previous season of 48 per cent. These figures comprise pelts of animals taken by trappers and pelts of ranch-bred animals.

Tests of ceramic clay resources in British Columbia are being planned this summer by the British Columbia Government. The tests will be made under the auspices of the Department of Education and the Department of Industries. There are many varieties of clays in British Columbia and some are reported to be particularly suited to the manufacture of high class pottery ware.

A reduction of express rates on westward moving business between Europe and Canada was announced by the Foreign Department of the Dominion Express Company recently. This reduction on westbound shipments follows a similar cut on shipments from Europe to Canada made a little while ago, and amounts to a reduction of approximately twenty per cent on the trans-ocean trip. The rates came into effect on July 9 between all points in Canada and Europe.

The Banff-Windermere highway, the last link in the 6,000-mile chain of good roads which extend from the heart of the Canadian Rockies to California and return is now open to motor traffic, having been officially opened on June 30th by the cutting of a ribbon at Kootenay crossing in the presence of a number of Federal and Provincial Government officials, and a host of automobile tourists. The completion of this road has rendered accessible the most beautiful scenic country on the continent.

Relieved Rheumatism Too, Says Contractor

Thousands of people everywhere have learned of Tanlac through the statements of others and have taken the treatment with such splendid results that they in turn deem it only fair to relate their experience for the benefit of suffering humanity. Such is the case with L. Desormeaux, well known Electrical Contractor, living at 1066 Berrill St., Montreal, who says:

"I couldn't do otherwise than publicly endorse Tanlac for I was lucky to find out about the medicine the same way myself. For nearly a year I suffered from indigestion and also had rheumatism in my legs. About a month ago I was

laid up in bed for two weeks with this rheumatism and a bad case of grippe. I lost about eight pounds and felt miserable.

"Three bottles of the Tanlac treatment, besides greatly improving my rheumatism, has made my eating and digestion better than they ever were. I have regained my lost weight, and am feeling extremely well. Tanlac is great."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.

Sees Civilization Peril In Europe

Methodist ministers throughout the Dominion, Newfoundland and Bermuda are urged, in a circular issued by Dr. H.D. Chown, general superintendent, to preach on the subject "world peace" on July 29.

The circular says in part. "The nations of Europe appear to be dancing a dance of death upon the very verge of a moral volcano, whose eruption may at any moment lay civilization in ashes and us in our graves. Germany and France are holding the world in critical suspense. At any moment a continental calamity, beyond either measurement or control may result from their bitter animosities.

"Atrocious as world conditions are, they are not as appalling as the nerveless apathy of multitudes otherwise thoughtful people to the imperatives of human safety."

Scientific experiments recently made show that men who work nights require seventy-five per cent more food than day workers.

U. S. Flooded With Bogus Antiques

The United States is heavily flooded with bogus "antiques" and the Metropolitan Museum of Art in New York has been buying spurious pieces for years. Jean Vigoroux told the court in Paris at the opening of his trial on charges of diverting funds and art treasures, filed by the Parisian antiquarian, George Joseph Demotte, whose New York branch was formerly managed by Vigoroux.

The specific charges against Vigoroux are based on the alleged diversion of \$7,000 of the branch's funds and the disappearance of Persian manuscripts valued at 1,000,000 francs, later recovered by M. Demotte. Vigoroux was arrested when he returned to France, as he claimed to obtain justice.

Vigoroux denied any wrongdoing offered explanations of the alleged irregularities and turned the trial into a public denunciation of Demotte as "the world's greatest antique fakir."

D.J. BUCKLEY ESTATE VS. INSURANCE COMPANIES

A session of the Supreme Court convened in the Court Chamber in the City Building, Moncton, Tuesday morning at 11 o'clock. His Honor Mr. Justice Chandler presiding.

The case before the court was the rebuttal testimony of the D.J. Buckley estate of Newcastle and the Royal Bank of Canada vs. the Liverpool & London & Globe Assurance Company an action to recover a loss sustained by fire which occurred on August 6th, 1921 and which the Company refuses to pay, the sum involved amounting on the whole to some \$14,000.

The initial hearing of the case was held in Newcastle last February occupying ten days when it was adjourned to St. John from where it was further adjourned to Moncton. The case was again further adjourned Tuesday to come in St. John on the 25th of the month to enable the defendants to answer the evidence produced by the plaintiffs Tuesday.

Messrs. E.A. Reilly, K.C. Moncton; M.G. Teed, K.C. and H.A. Powell, K.C. of St. John are appearing for the plaintiffs and F.R. Taylor, K.C. and J.H.A. Fairweather of St. John for the defendants.

Another case by the above plaintiffs against the London Guarantee and Accident Insurance Co. Ltd. for insurance under policies covering the same property is the next case in this connection to be tried. This company has also refused to pay the loss.

An average weekly business of \$26,000 a week is done at Keith's Palace Theatre, New York and the net profits are over \$500,000 a year. The Palace charges \$2 for the best seats during the week, and \$3 on Sundays.

The man who took out an endowment life insurance policy for \$5,000 in Germany years ago and now that it has matured, has received just 20 cents, may congratulate himself that he is still alive.

A WOMAN SHOULD HAVE A BANK BOOK. EVERY woman has some little plan of things she would like to buy—if she had the money. It should be a woman's privilege to handle the housekeeping money. She can then plan for the things she needs, and save for them. If you are a wise housewife you will save for these things. Loose cash in your purse soon goes—it tempts you to spend. Keep your money where it will be safe, yet available whenever you want it. Ask for our useful memo book—it shows how rapidly small savings grow. THE ROYAL BANK OF CANADA. J. P. MacRAE, Manager, Newcastle, N.B.

Editors of Canada's Weekly Newspapers Photographed at Halifax.

NO annual convention trip which the Canadian Weekly Newspaper Association has ever taken has been more memorable than that which has just been completed. Newspaper men from all parts of Canada—from as far west as Vancouver Island, B. C., and as far north as The Pas, Manitoba met together at Toronto to board the special Canadian Pacific train that was to take them by a series of easy stages to Halifax, Nova Scotia. The editors and their wives and some children numbered altogether about 180, and it took a train of twelve cars to accommodate them. The train was made up of eight standard sleepers, two diners, a baggage car, and a compartment observation car which added greatly to the comfort of the trip. The train was manned by a picked crew of operators and stewards and was accompanied by W. B. Howard, Assistant General Passenger Agent, and Mr. J. Harry Smith, Canadian Press Representative of the Canadian Pacific Railway. The success of the trip was to a large extent due to the organizing ability of E. Roy Saylor, Manager of the Association. Pulled by one of Canada's finest locomotives the train made a special run to Montreal arriving there ahead of time schedule, and the party was joined by many Quebec members. The next stop was at Fredericton, N. B. where the citizens joined in a splendid welcome to the travellers. The Lieutenant Governor, and Premier Veniot of New Brunswick gave a reception and dance in the Legislative Chamber, and the party moved on to St. John where similar hospitality was enjoyed. On the Canadian Pacific steamer "Princess" the party enjoyed a delightful sail to Digby, N. S., from where the trip through the Annapolis Valley to Halifax was made over the Dominion Atlantic Railway. The wonderful orchards and dike-lands of the Evangeline country were looking their best and a stop was made to visit old Fort Anne at Annapolis Royal where much of the early history of Eastern Canada was made. A Kenville's fine band turned out with the population to greet the newspaper people, and here as in most other places touched, citizens came with autos to give the visitors a glimpse of the surrounding country. The ancient city of Halifax outdid herself in hospitality, and here the annual convention was held. At one of the meetings it was decided that the annual trip would next year be to England and France. The members will thus have a chance to visit the great Empire Exhibition at Wembley. The return trip was made via Canadian National to Quebec where the party was entertained by the Canadian Pacific at the famous Chateau Frontenac. The newly elected president of the Association is J. E. Fortin, of "Le Melanreux," Beauville, Que.

### In the Crow's Nest

CROW'S NEST.  
ON THE WAY TO CROW'S NEST—THE  
HIGHEST WOODEN BRIDGE IN THE  
WORLD.

Rolling up to the Crow's Nest Pass are olive green foothills without a tree upon them—natural cattleruns clothed with succulent short grass. Here are seen occasional outcrops of rock, which in their four or five feet of height show all the characteristics of a mountain range; miniatures of the Rockies, with crag and precipice and cool reproduced on the smallest scale. With a bag of salt one could lay on glaciers, touch the peaks with white and have a toy range which any Eastern schoolteacher could set up in her classroom with advantage to herself and her pupils. Canadians east of Medicine Hat know too little about the construction of this Continent and about the glorious engineering of Nature.

Consider the Crow's Nest itself. The name brings before some of us a schedule of railway-rates; to others, a series of coal mines. These are derivative impressions. The original Crow's Nest is a mountain rising to 9,000 feet and more above sea-level and visible for many miles. The rock-peak, as one looks from the foothills is set like a fuzzy, round crow's-nest on the sky-line. Leading up to it are the olive-green billows fading into a soft, blue haze.

In the distance near the peak is a snow-white precipice, which they tell us is two miles wide and a mile high. It is all excellence and loveliness until one travels twenty miles farther. Then it gleams like the fangs of a wolf. It is the rock-face of Turtle Mountain, cleft from top to bottom in 1906 to the destruction of the mining town of Frank.

To-day the whole valley, two miles wide, is a tempestuous chaos of white stone blocks, some of them as big as a house, all with jagged edges and sharp corners. They are piled from fifty to one hundred feet high above the original valley level. The railway line climbs over the debris. Beneath it lies the broken city. On either side of the avalanche stand a few deserted houses, windows out, glaring like skulls upon the newer town. The whole valley spells terror and tragedy. Even yet people talk of Pompeii and Herculaneum, but they are like to forget the more terrible fate of Frank when rock by millions of tons fell a mile out of the sky.

## Miramichi Hospital Treasurer's Report

To the Chairman and Trustees of the Miramichi Hospital, Newcastle, N.B.

Ladies and Gentlemen:  
I beg to submit my annual report as Acting Treasurer of the Miramichi Hospital for the fiscal year beginning May 1st, 1922 and ending April 30th, 1923. I have received during the year from your Secretary, the amounts specified below under the heading of "Receipts" and I have also made duly authorized payments, as specified under the heading of "Expenditures."

**KEEP THEM WORKING**

Kendall's Spavin Treatment is the old reliable, safe remedy for all cases of spavin, curbs, ringbones, boggy growth and lameness from other causes, known for more than forty years as Kendall's Spavin Cure. It keeps the horses working—fast, sound, and free from all lameness. What it has done for others, it will do for you. Keep a bottle of Kendall's Spavin Treatment handy so you can use it quickly when the need arises. A bottle may save a horse for you. It is worth while to be ready. Ask your dealer the next time you are in town. See this advertisement out on roadside you, read everywhere. Get a free copy of "A Treatise on the Horse" at your own expense, or written. "Spavin" for Horse Treatment also "Refined" for Human Use.

DR. E. J. KENDALL COMPANY,  
Enosburg Falls, Vt., U.S.A.

## FIVE YEARS' AGONY ENDED

### When He Took "Fruit-a-tives" For Rheumatism

The Medicine Made From Fruit  
There can be no doubt that "Fruit-a-tives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact. Mr. John E. Guilderson of Parrboro, N.S. writes: "I suffered badly with Rheumatism for five years—tried different medicines—was treated by doctors in Amherst—and here at home—but the Rheumatism came back. In 1916, I saw an advertisement for "Fruit-a-tives" and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt it since." 60c a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

## Farm Wiped Out And Stock Blown Away

The entire farm of F. J. Howship, one mile west of Grandore, Sask.,—house, stable; granaries and half a dozen smaller buildings—has been wiped out by lightning and wind. Lightning struck the house and it was a mass of flames in less than a minute. The farmer and his wife and child escaped. When they reached the open there was nothing to be seen of any of the farm buildings except heaps of wreckage here and there. The wind carried a big fanning mill nearly 800 yards. It also lifted a hay-rack and dumped it down 176 yards away. Machinery was scattered all over the landscape.

One hundred and fifty chickens were killed. Howship could not find any of his pigs. They had been blown away. The cloudburst which had accompanied the lightning and wind was the worst experienced in seventeen years on the prairies. Farms close by were practically untouched.

### EXPENDITURES

Salaries paid Hospital staff...\$7442.57  
Provisions, Groceries and Milk...\$3783.14

## PREMIER DENIES ELECTION RUMOR

Hon. Dr. P.J. Veniot, interviewed over the long distance telephone at his home in Bathurst Sunday evening, emphatically denied the truth of a report emanating from Fredericton over the week end that preparations were being made for a general election in September. "The story is manufactured out of whole cloth," said Mr. Veniot. "It is absolutely without foundation in fact. No action of this nature has even been contemplated." Other prominent members of the government party were equally emphatic in their comment on the report.

## MINARD'S "KING OF PAIN" LINIMENT

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.  
Best Liniment Made  
Mrs. A. E. LATENDRY, ROMOVTON, writes: "I fell from a building and received what the doctor called a very bad sprained ankle and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best Liniment made."  
Minard's Liniment always gives satisfaction. For any ache or pain. It gives instant relief.  
Minard's Liniment Co., Limited  
Yarmouth, N.S.

## Spring-time Revelry in Garden City

1—Mrs. Walter Nichol, placing the commemorative wreath.  
2—Parliament buildings at Victoria as seen from veranda of Empress Hotel.  
3—Queen of the Maytime Frolic at Victoria B.C. in her royal coach.  
4—Queen Della Balla entranced at the entrance to the Parliament Buildings.

THIS year the citizens of Victoria B. C. celebrated the eightieth birthday of this garden city and for three days beginning with the twenty-fourth of May the city frolicked. During the previous week the May Queen had been chosen and with her maids of honor had travelled to neighboring cities inviting her sisters and brothers from Nanaimo, Vancouver and New Westminster, and her cousins from Seattle, Bellingham and Portland to join in a three day frolic in her delightful gardens. The neighboring cities responded to her bidding to the extent of sending their Mayors and hundreds of their populace to take part in the spring-time revelry.

The initial ceremony of the three day fete was performed when Mrs. Walter C. Nichol, wife of the Lieutenant Governor of the province of British Columbia placed a beautiful floral wreath on the handsome bronze statue of Queen Victoria which stands before the parliament buildings, in the name of the Imperial Order Daughters of the Empire. The landing of the May Queens from H.M.C.S. Patricia followed this ceremony, a tender bearing their Majesties to the broad stone steps leading directly to the parliament buildings. Here they were given the freedom of the city by Mayor Maynard and were crowned by His Honor the Lieutenant Governor of British Columbia.

Then came the Grand Parade, entered into by almost every automobile in the city and participated in by every public spirited firm and individual of Victoria. Bellingham Wash, Nanaimo, and Esquimalt sent picturesque floats and the recently inaugurated Canadian Pacific motor ferry plying between Vancouver Island and the former city gave hundreds of Americans an opportunity to enjoy a real twenty fourth of May celebration.

During the three days many sports events were arranged and on the Thursday and Friday evenings elaborate balls were given in the armories and at the Empress Hotel. Amid the historical surroundings of Beacon Hill, where as the name implies beacon fires were built in the early days for the guidance of sailors off the Island coast, the picturesque Frolic Pageant was staged on Friday. The Passing of the Pessimaet was the title given this much heralded event which portrayed the indictment and reformation of many types of civic grouch.

Saturday, as other days, witnessed band concerts given throughout the city streets from early morning until late at night. A home-made circus and regatta provided madcap entertainment at the Gorge and the picturesque night attack by Indians staged in these natural surroundings recalled very vividly the pioneer days of Vancouver Island and brought to the close a civic carnival of brilliant splendour when the Queen of the Pacific Cities paid homage to the memory of her royal name sake, Victoria the Good.

## To Keep Young and to live long

TUESDAY, JULY 24TH 1923

Quebec's Surplus  
Is \$1,300,000

The surplus of the Province of  
Quebec for the year ending 30th  
June amounts to \$1,300,000. This  
is the crux of the financial state-  
ment presented to the Provincial  
Cabinet by the Hon. Jacob Nicol,  
Provincial Treasurer.

In making the statement, the Mi-  
nister pointed out that the result  
had been achieved despite the enor-  
mous sums that have been expend-  
ed by the Government on highways,  
education, colonization and agri-  
culture as well as other depen-  
dencies. He was sure that it would  
be regarded as an excellent tribu-  
te to the system of government in the  
Province of Quebec. That it would  
be so regarded outside of Quebec  
he was quite sure, for he knew of  
no other Province in the Dominion  
or for that matter any other State  
that was capable of making a sim-  
ilar showing.

Health For Weak  
Despondent People

From End to End of Canada  
Dr. Williams' Pink Pills  
Doing good Work.

There is not a nook or corner in  
Canada, in the cities, town, villages  
and on the farms where Dr. Wil-  
liams' Pink Pills have not been  
used and from one end of the coun-  
try to the other people sound their  
praise. You have only to ask your  
neighbors and they can tell you of  
some run down man, suffering  
woman, ailing youth or unhappy  
anaemic girl, who owes their pre-  
sent health and strength to Dr.  
Williams' Pink Pills. The success  
of this medicine is due to the  
fact that it acts directly upon  
the blood, making it rich and pure  
and thus brings new strength to  
every organ and nerve in the body.  
Mr. Andrew F. Webb, Melanson,  
N.S., tells what Dr. Williams  
Pink Pills have done for him as  
follows:—"I was in a run down  
condition from overwork and what  
the doctor called a nervous break  
down. My sister urged me to try  
Dr. Williams' Pink Pills. After  
taking several boxes I improved  
wonderfully and feel like a different  
person. I sleep well, eat well, and  
my nerves are stronger and with  
confidence I can recommend these  
pills to all weak, run down people."

If you are suffering from any con-  
dition due to poor, watery blood, or  
weak nerves, begin taking Dr. Wil-  
liams' Pink Pills now, and note how  
your strength and health will im-  
prove. You can get these pills  
through any dealer in medicine, or  
they will be sent by mail, post-  
paid, at 50 cents a box from the  
Dr. Williams' Medicine Co., Brock-  
ville, Ont.

**Approve Some of  
Soldiers' Policies**  
Of the seventy one soldier's in-  
surance policies brought into ques-  
tion by the amendments made to  
the act last session seven have been  
allowed by the D.S.C.R. for pay-  
ment and eleven others are held up  
for additional information, regarding  
dependents. The remaining fifty  
three applications have been re-  
jected as not coming within the  
provisions of the act. The reasons  
in most cases are either that the  
beneficiaries named are not depend-  
ents, or that the time which elapse-  
d between the application for in-  
surance and the death of the ap-  
plicant did not allow time for its  
approval, which is a statutory bar.  
In one case the application was re-  
ceived after the death of the ap-  
plicant.

**NOW THERE IS  
ARTIFICIAL WOOD**  
Work Of A Norwegian Inventor  
A Norwegian inventor has, after  
many years of experiment, dis-  
covered a method of making arti-  
ficial wood. A mixture consisting  
of sawdust, together with chalk  
and some chemicals is subjected to  
heavy pressure and the result is  
a substance possessing all the qual-  
ities of timber.  
Its specific gravity is the same as  
that of genuine wood, its hardness  
the same as that of oak. It can  
be planed, sawed, bored, nailed  
painted, stained or polished and  
submitted to every process of car-  
pentry or manufacture to which real  
wood is subjected. It will not de-  
teriorate in water and, on account  
of the chemicals it contains is  
impervious to rot. Moreover, it  
only burns at a temperature very  
much higher than that at  
which real wood catches fire.

**CANADA AND THE  
NEW NAVAL BASE  
AT SINGAPORE**  
There are intimations that one of  
the proposals which will be put up  
to Canada at the coming Imperial  
Conference as her share of naval  
defence, will be to furnish the raw  
materials for the construction of the  
great naval base at Singapore which  
is designed to control the sea routes  
on the Pacific.  
Such a proposal the government  
might find some difficulty in re-  
sisting. It would appeal to the  
steel industries of the East and the  
lumber industry of British Colum-  
bia, which would be called on for  
large quantities of material, and a  
powerful lobby in favor of it might  
be expected.  
Premier King has said very plain-  
ly in parliament, however, that any  
action he takes at the conference,  
will be subject entirely to the ratifi-  
cation of parliament. It is scarcely  
conceivable that the Liberal party  
with its record with regard to  
cash contributions to naval defence  
would endorse such a proposal.

THE ADVOCATE

Trust lies at the bottom of a well but in the case of oil wells the lying is done at the top.

Organization of a voluntary wheat pool in Alberta to handle this year's crop will be proceeded with immediately, it is announced by H.W. Wood president of the United Farmers of Alberta.

## Who in Newcastle is Responsible?

Among the ladies who were members of the party of the National Editorial Association tour of the Maritime Provinces in June 1920 was Mrs. H.E. Hogue of Eaton, Colorado, who wrote letters describing the trip for the Eaton Herald. The letters were later printed in pamphlet form, making a book of sixty-five pages.

The Chapter referring to the trip through the North Shore of New Brunswick is entitled "WHERE WE FELL OFF THE WATER WAGON" and this happened to be in Newcastle. Concerning this episode Mrs. Hogue writes as follows:

Leaving Fredericton the route to Newcastle, the next place to visit was a distance of over one hundred and thirteen miles and largely follows first the valley of the Nashwaak and then crosses over to the famous Miramichi River, one of the largest in New Brunswick. In Indian Nomenclature Miramichi means "Happy Retreat" and that aptly describes its character. The scenery along the valley is varied, but always possesses the quality of beauty and is never uninteresting. Several other interesting rivers and streams are encountered during the journey, while the picturesque little hamlets which dot the country impart a human touch to the scenery. For a considerable distance the railway follows what in pre-railway days was a post road from Fredericton to Newcastle which is situated on the north shore of the Miramichi river at a point where the latter is practically an arm of the sea. Miramichi means more than a river, for it comprehends a district where the land and water have alike been a source of wealth for generations past and will be for generations to come.

Newcastle is one of the oldest towns in the district, and in the forest conflagration of 1825, where six thousand square miles of territory was swept by fire, was for the time being swept out of existence. This town, with others in that district, are important shipping centres and are noted for their connection with the great lumber industry of the province vessels being loaded here for the different ports of the world. Here is also situated the largest wireless station in Canada, which had a very important part to do during the war.

As we rode across the bridge over the river we saw the many ships waiting for their loads and some ready for sailing, many loaded deep in the water with lumber were going to Australia. When viewing

the huge piles of lumber which lined the river one wondered at the high price of that article, for there seemed enough in this one place alone to relieve the building situation for some time to come.

The drive that day was a little unique. Wherever we went there was always cars awaiting us at the station and we went out and got in to any on that suited our fancy, some of us naturally choosing the best looking drivers, for the beauty of nature is sometimes enhanced by having nice looking humans along, and while we ourselves, travel stained as we were, could not add much to the general appearance it did not deter us from appreciating it in others. In this case three of us women got into the back seat of a car from which the driver was absent at the time, but we found when he returned that our unerring instinct for good looks had not failed us. When he saw what he had drawn he called to another Canadian to come with him, net I suppose, wishing to trust himself with so many alone. Now all Canadians I have ever seen are very fond of the ladies and are susceptible to their presence or at least if they are not they are excellent pretenders. In great many cases when they met the girls or ladies. Not once did we hear ourselves designated as women.

On this occasion the other man who got into the car said he must tell us a joke on the driver. He had expected to get a car full of men and therefore brought along the "makin's" for a good time. Imagine therefore his chagrin at having three females wished upon him. "What could we do? The man had just kindly given his time and furnished his car, to say nothing of bringing the wherewithal for joy unconfined and naturally he had expected some of whatever hilarity the occasion might warrant himself. Could we sit there and selfishly see him disappointed? Far be it from us to do such an uncharitable act, and we said "Lead on Macduff; mix the mix'n" and if we cannot come up to what you had expected from men, we will at least do our unworthy best.

We drove to the country and a fair, smiling country it was, thickly wooded with substantial farms. We stopped and the driver produced, to wit a namely, one large and interesting looking bottle and divers smaller ones and glasses and there was the sound of popping and then various contented sighs and then we rode on again and then we stopped—and then—Oh, well repetitions become tiresome, but at every stop did our hosts proclaim that they had chosen the very flower of the flock to go with them on this ride, and when we had again arrived at the train they came aboard with us and bequeathed unto us as a free offering and a token of good fellowship all that remained of the divers bottles and thereafter we were held in high esteem upon that train until such time as the bottles were no more but were gathered to their fathers as is the way of bottles.

Yes, it was a ride long to be remembered and we only hope those hospitable Canadians were not spooking when they said it was the close of a perfect day. How sad it was when we found so many desirable acquaintances along the way we had to be rudely torn from their—I mean from them—by the untimely departure of the train. But while we could not be with these new friends in the flesh we were in spirit, anyway so long as it lasted.

## Admired Hair Is Shampooed This Way

### Hair that gleams with life and color

Women admired and envied for their richly beautiful hair know this secret. Hair specialists agree that it beautifies hair. Olive oil for the shampoo! It has been used since history began. For its gentle cleansing action removes all dirt and oil from scalp and hair. Dandruff is dissolved and washed away. And the bright sheen of life and color is greatly increased. It leaves hair fluffy—never dry or brittle. It leaves hair silky and pliant as a baby's—

with the inimitable gloss so much desired. Thousands of women now regularly treat their hair this beneficial way. They use PALMOLIVE SHAMPOO—olive oil in its most perfect form for the shampoo. Easy to use. And very economical. You can get full-sized bottles at your dealer's. Or, by mailing coupon, you may have a 15c trial bottle free. Get some at once. Use it. See the results that follow even one shampoo.

### BUSINESS FUTURE UNCERTAIN WHILE FOREST FIRES RAGE

The enormous destruction of our forest resources as a direct consequence of human carelessness is one of the most unsettling elements in the commercial future of Canada.

We cannot pretend to be business people and at the same time continue to regard apathetically the red holocaust which is robbing the nation of one of its most indispensable resources. Without the forest only a very small portion of our business activities in Canada could continue a twelve-month. The whole of the non-agricultural area of the Dominion would be stripped of population, except for mining communities. The railways would be robbed of a main source of freight traffic. Hundreds of great wood-using industries would cease operating, and the basic forest materials entering into the conduct of farming, mining, fisheries, manufacture, fruit growing; etc. would climb to such prohibitive price levels as to handicap fatally the Canadian producer.

We must stop the forest fires or face commercial consequences that no Canadian cares to contemplate. If more rangers, better patrols, better equipment and educational propaganda will prevent such fires then our provincial governments owning the forest lands and drawing millions of dollars from royal-

### Mother and Her Baby Are Relieved of Eczema

Mrs. Peter A. Palmer, Salt Burn, Sask., writes: "Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbonylchloride. While it is well known that Aspirin means Bayer Manufacture, to avert the public against imitations, the Tablets of Bayer Company will be accompanied with their general trade mark, the "Bayer Cross."

## MAGIC BAKING POWDER

Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency. Because of this and the uniformly satisfactory results obtained by its use we recommend it as Canada's perfect baking powder.

ties and dues on the forest resources, should not hesitate to spend, not merely a quarter or a sixth of their forest revenues on fire prevention, as at present but three quarters or more until by human organization we have driven the fire fiend into a corner. The forest resources are now too far reduced to permit of any further inroads by human carelessness. We must bear in mind always that the forests of to-day are partly owned by future generations. In the words of Ruskin: "We have no right by anything we do or neglect to do to involve them in unnecessary penalties or to deprive them of benefits which are theirs by right."

### REDBANK IS RISING AGAIN FROM ITS ASHES

Rev. William Girwood, pastor of St. Stephen's church, Red Bank which was destroyed in the big Red Bank fire of June 11 last was in Chatham last Tuesday. He stated that the people of Red Bank are in most cases taking steps to rebuild their ruined homes and stores. One man, Mr. Edward Johnston has already got his house all up and nearly ready to move into.

J. D. Sutherland is rebuilding his house and others are taking steps to provide barns ect. for the reception of crops.

The church congregation are taking energetic measures to provide a new edifice for worship. Plans are being drawn up and it is expected that tenders will be called for in the very near future. The new church will cost probably between \$6000 and \$8000 and will be a credit to the congregation and the district. The insurance on the former edifice which was a fine structure and kept in excellent condition amounted to only \$2000, so that the loss was very heavy.

The members of the congregation had however rallied strongly to the support of the new church and already pledges of \$3000 have been received, a splendid amount when it is considered that the congregation contains no really rich members.

#### SOME FIRES BURNING

A new fire has been reported west of Rogersville, Northumberland county. Details are lacking as the place is difficult to access. The Department of Lands and Mines has sent a fire pump in to the Renous fire.

George D. Pratt of New York, owner of a fire hunting lodge at Holmes Lake has sent his own fire pump to Orchard Lake to fight the fire. At these places the fire is burning in the moss being the remnants of old fires. The scarcity of earth in the vicinity makes it necessary to use water.

### "BUY AT HOME"

When the buying public of Northumberland realize that they are in a great way responsible for the period of business depression which has prevailed in our midst during the past year, and change their tactics, then, and then only will conditions revert to a normal state. When one considers that a large sum is sent weekly out of this county of ours to other counties and provinces in the Dominion for articles or near substitutes which may be procured here and at something near the proper price, it is not surprising to learn that such a procedure is seriously affecting the business man of Northumberland.

It seems difficult to imagine that a Northumberland County family would find it necessary to buy its groceries, etc., without the county but we are in a position to name you several who follow this plan. Of course there are some of the number who have been catalogue drilled from the cradle up, but they with their associates, must be taught that if Northumberland is to prosper as we would have her, we must stand loyal to our county throughout all time, but more especially when business conditions are not as brisk and bright as during the seasons of prosperity; then should our people seek to cause an improvement in the situation rather than to assist in a movement to kill business through sending your hard earned dollars outside your county. The business men of Northumberland seek your support in this matter—will you lend your fullest possible co-operation?

### LETTER, IF RECEIPT FOR \$10, TAXABLE

The Customs and Excise Department announces that, effective August 1, letters and postcards acknowledging payments of \$10 and upwards are subject to the stamp tax on receipts. The department has established regulations by which business firms are enabled to have receipts stamped by means of a die

# RED ROSE TEA "is good tea"

and the choicest of Red Rose Tea is the ORANGE PEKOE QUALITY unmatched for fragrance and exquisite flavor.

Studebaker Light-Six  
Touring Car

### A quality six-cylinder car for \$1395

There was a time when owning a six-cylinder automobile was a privilege confined to wealthy people.

But today, the Studebaker Light-Six, at \$1395, has made it possible for thousands of owners to enjoy the smoothness, the flexibility and the abundance of power inherent in a six-cylinder motor car of the highest quality.

Great financial resources; modern plant facilities; large scale production; and the complete manufacture of Studebaker cars in Studebaker's own factories—make possible a quality six-cylinder car, such as the Light-Six, at its price of \$1395.

The Studebaker Light-Six has not only brought six-cylinder performance within the price reach of thousands of people, but it has actually set new standards for motor car performance, comfort, economy and dependability.

We will consider it a pleasure to show you the Light-Six; demonstrate it—or let you drive it yourself. It represents the greatest accomplishment in Studebaker's 71 years of manufacturing experience. In fairness to yourself, you should see the Studebaker Light-Six before you buy any make of car.

**HOT WEATHER AND TOWN PLANS**

Green lawns, rustling trees, shady verandahs and comfortable hammocks on the one hand, stifling shacks and overcrowded houses swarming with restless children on the other—of these are the residential parts of our towns and cities made up.

Need there be such a contrast? Need we watch our infant mortality rates go soaring every summer in all parts of the Dominion as they are apt to do in the hot summer in all places where people live in cramped quarters, and flies and bacteria are allowed to multiply at will?

It has been demonstrated in the Mother Country that it is possible to build towns where workingmen may enjoy the space and the sunshine and fresh air that in the old-fashioned city or town are the privileges of the wealthy alone. It has been shown that in such garden cities the infant mortality may be reduced to 30 per 1000, whereas in the slum towns of England the rate is sometimes as high as 165 per 1000. The garden city which can thus effect a saving in human life is an important asset to any country whose citizens have had initiative enough to experiment in this important field.

In Welwyn, not far from London for example, we find a village which possesses in itself those needs of health and happiness which will give to each resident the opportunity to live not only a useful but a healthy and contented life. It is self-contained economically: no long rides to and from work steal hours from the workingman's week. The houses for the most part are let on permanent leases instead of being sold outright. A labourer can therefore put his money into a much better house than he could if he were to buy for himself.

Welwyn was built on a fifty-year loan from the Government. The financial experiment is evidently going to be a successful one. No one can look about on its quaint and picturesque home, its green lawns, its healthy children without realizing that there is good reason for the experiment being successful. Gone are the familiar rows upon rows of cheap and ugly duplex houses with little or no porch space and insufficient room within for a family of even moderate size. Gone is the necessity for children to play all their games on the street. A staff of well-trained architects, engineers, surveyors, builders and landscape gardeners have helped to make the village a place of beauty and comfort. There are grounds for tennis, cricket, football and the like; there are gardens for all the families; there are such utilities as pure water, gas, electricity and sewage disposal; there are good stores; there is good railway connection with the metropolis; there is every opportunity for enjoyment of outdoor life. One is not surprised to find a foreigner who visited a similar town in the north of England saying that he had never seen anywhere else such manifest social contentment and well-being.

In Canada Welwyn has not yet found its counterpart. The need for the garden cities in this country grows yearly greater, however. Satellites of our large cities they might be, placed in proximity to them, but self-contained and drawing away from the larger centres that part of the working population which is anxious for better homes at reasonable prices. The expense involved in building a town of this sort is not beyond our present capacity. "A new town" it has been said by an American expert, "can be built for \$1,000,000. We are waking up to this fact. We are coming to see that if a battleship costs \$42,000,000 and we have been

Your children will clamor for bread. — just wholesome, home-made bread and butter, if you bake with **North West Flour** THE BREAD FLOUR

"North West" is the ideal flour for bread-making. But we don't recommend it for pastry. No hard wheat flour makes as good pastry as a soft wheat flour.

The best flour you can buy for all pastry making is **Sensation Flour** FOR CAKES AND PASTRY

It is economical too. Use "Sensation" for cakes and pies, and "North West" for bread and buns if you want to guarantee success for all your baking.

Both brands sold by dealers everywhere.  
**THE T.H. TAYLOR CO., LIMITED**

Maritime Representative  
**H. E. RAINS,**  
HALIFAX, N.S.

able to build a fleet of them, the actual building of an entire city is a mere incident in terms of dollars, but of the most momentous importance to the present and future welfare of every citizen."

This evidence is worth considering. Still more worth while is it to consider the happy lives of the children who live in Welwyn, Letchworth, and the other garden cities of England.

**No Beer And Wine For Manitoba**

Manitoba rejected the proposal of the Beer and Wine League which had the backing of the Hotel Men's Association, for the sale of beer and wine with meals in licensed hotels almost as emphatically as four weeks ago the province adopted the plan of the Moderation League for sale by the Government of all liquors for beverage purposes.

In a vote of 165,000 the Moderation bill got a majority of 40,000. In a vote of about half that figure the "dry" forces have a majority of probably 25,000.

**\$22,500,000 BOND ISSUES FOR C.N.R.**

Arrangements are being made for the issue in Canada, of \$22,500,000 bonds of the Canadian National Railway Company. The bonds will be guaranteed as to principal and interest by the Canadian Government, which owns all the stocks of the company.

These bonds are to be issued for the purpose of equipping the railways with necessary rolling stock. In accordance with the custom respecting equipment bonds, one-quarter of the cost of the equipment is to be paid in cash. The remainder will be represented by serial bonds covering a period of 15 years. In this case the equipment to be acquired is costing \$30,000,000. One quarter of this is provided out of the general appropriation made by parliament for the railways. The remainder \$22,500,000, will be covered by bonds. The bonds will bear five per cent interest. Invitations are being extended immediately to all bond dealers and large financial houses to tender for the bonds.

There are large loans maturing this year which necessarily engage the attention of the Minister, but it is understood that no further issue will be made in Canada before October first.

**Big cameras Will Record Sun's Eclipse**

Immense telescopic cameras forty and sixty feet long, gigantic reflectors and a number of smaller instruments will be moved into Mexico to photograph the sun during its total eclipse next September, according to plans announced by Dr. A. E. Douglas of the University of Arizona.

Dr. Douglas will head one expedition while a second will be conducted by Prof. W. A. Cogshall of the University of Indiana.

The Douglas expedition will take with it a forty-foot focus camera which will reproduce the sun with a five-inch diameter. A camera with a sixty-foot focus will be taken by the Cogshall expedition.

**LUMBERMEN'S MEETING**

The N. B. Lumbermen's Association held a meeting in the office of the Miramichi Lumber Co. on Friday. Nothing was given out for publication.

"I hate to be a kicker. I always long for peace, But the wheel that does the squeaking."

Is the one that gets the grease"

**BEFORE MY BABY CAME**

I Was Greatly Benefited by Taking Lydia E. Pinkham's Vegetable Compound

Sydenham, Ont. — "I took your medicine before my baby was born, and it was a great help to me as I was very poorly until I had started to take it. I just felt as though I was tired out all the time and would have weak, faint spells. My nerves would bother me until I could get little rest, night or day. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to recommend this good medicine. I will lend that little book you sent me to any one I can help. You can with the greatest of pleasure use my name in regard to the Vegetable Compound if it will help others take it." — Mrs. HARVEY MILLIGAN, Sydenham, Ont.

It is remarkable how many cases have been reported similar to this one. Many women are poorly at such times and get into a weakened, run-down condition, when it is essential to the mother, as well as the child, that her strength be kept up.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It may be taken in safety by the nursing mother.

**QUALITY**

**NO TREASON**

PRICE has always been of secondary importance in the blending of KING COLE Orange Pekoe. It has to be, if that characteristic rich flavor is to be maintained. Unusually choice teas are continually sought for it, and the cost of these is frequently changing.

KING COLE Orange Pekoe is for the real tea lover to whom a fine cup of tea is a delightful necessity. Any lowering of the quality would be treason.

The price of KING COLE Orange Pekoe has changed slightly from time to time, and may again be higher or lower according to market conditions, but its original exclusive flavor remains unaltered.

"The Extra in Choice Tea."

**W. S. ANDERSON & CO.**  
Old Gear Works Stand Newcastle, N. B.

**Something to Consider**

Who makes the RANGES sold here and did you ever try to find out the REPUTATION of the foundries back of the ranges on sale?

Then did you ever consider the KNOWLEDGE the salesman has of a stove or range while he TALKS to you and you are looking over a range? There is nothing so VOID OF SENSE as a person talking RANGE who has not grown up in the business.

When you want a RANGE call and let us REASON a bit with you.

We have the finest line of RANGES produced in CANADA. Our prices cannot be trimmed—we know the Business and have no substitute for QUALITY. This is the REASON we have the RANGE business of the entire country.

## Local and General News

**WARM WEATHER**  
The past few days have been real summer ones, warm and bright, with a gentle westerly breeze blowing.

**BASEBALL**  
The Firemen defeated the Night Hawks in a return game of baseball last Friday evening in the Farrell Field. The proceeds went towards the Miramichi Extension and Nurses' Home Drive.

**NO STUMPAGE CHANGE**  
New Brunswick's stumpage charges for lumber cut upon crown lands of the province will remain unchanged according to a decision reached by the provincial government at a meeting held last week.

Trade may be quiet in some lines at the present time, but the demand for MORSE'S SELECTED ORANGE PEKOE is bigger than ever. The explanation of course is that every day more people are developing a fondness for this particular tea. Once you try MORSE'S SELECTED ORANGE PEKOE, you are unlikely to be satisfied with any other tea.

**HONOR FOR DR. MOORE**  
Dr. D.R. Moore of Stanley, York County has been honored by election as a director of the Canadian Prisoner Welfare Association of Montreal. The doctor has for many years displayed a keen interest in prison work and has always been a strong advocate of the abolition of capital punishment.

**FIRE ALARM**  
The Fire Department was given a run Saturday afternoon for a fire on the roof of the Mitchell house occupied by Mr. Wm. Kitchen and family. A fire in the same building occurred about ten days ago. At the time, a stiff westerly wind was blowing but the blaze, fortunately was quickly extinguished.

**SMOKE OBSCURES SUN**  
The smoke from forest fires, evidently burning in Maine and Quebec obscured the sun Thursday morning, producing a ghastly, yellowish tint in everything, so that lights were required in business places during the morning until noon, when the sun came out brightly.

**NEWCASTLE BRANCH OF THE CANADIAN RED CROSS SOCIETY**  
The Secretary gratefully acknowledges the following contributions for a Special Cause:  
Mrs. A. Haviland,  
Vancouver ..... \$5.00  
A Nelson Friend ..... \$5.00  
Previously acknowledged ..... \$100.00  
..... \$110.00

**MASONIC VISIT**  
Northumberland Lodge A.F. and M. No. 17 was visited last Wednesday by Worshipful Brother Albert Andrews, District Deputy Grand Master of Campbellton, N.B. A picnic was held in the afternoon at Worshipful Brother E.A. Snowball's Farm, Chatham, N.B. by the Miramichi and Northumberland Lodges, at which District Deputy Grand Master Andrews was the guest of honor. During the evening a Masonic meeting was held at Newcastle both functions being largely attended and was much enjoyed.

**ST. ANDREW'S CHURCH OF ENGLAND**  
On the 25th of July 1850, the local St. Andrew's Church was consecrated and dedicated for the services of the Church of England. Tomorrow, Wednesday, the people of that Church in Newcastle are called upon to remember that their handsome sacred edifice has existed for seventy three years in our midst, to join with others in prayer and praise, and hearing the Word. Next Sunday, it is intended by the Rector, the Rev. W.J. Pate to hold the anniversary services, which no doubt will be joyfully and thankfully attended by the members and others.

**MALNUTRITION**  
In a nursing child often means that if the mother would take  
**Scott's Emulsion**  
regularly, the case would disappear.

**BASEBALL GAME**  
On Friday night the locals play Chatham in the latter place. It is most important that Newcastle should win this game. If they do, his year's pennant is virtually assured.

**MIRAMICHI STRIKE ENDED**  
The longshoremen resumed loading the Steamer at Fraser Company's wharf, Chatham Head last week, after a seven-day's strike. It is understood there were no changes made in the hours or wages.

**MAKES ASSIGNMENT**  
David G. Manderville of Derby Northumberland County has made an assignment to H.G. Hoben of Fredericton, authorized trustee. A meeting of creditors has been called. The liabilities are \$29,140.25. The assets are \$10,023.02.

**SUPPER AND CONCERT**  
A Supper and Concert, in aid of the painting of the Whitneyville Presbyterian Church, will be held in the Whitney Hall on Thursday July 26th. Supper to begin at 6 o'clock and the concert at 8 o'clock. 29-0

**MUSICAL CONCERT**  
The Percle's Concert Company gave a delightful musical concert in the Methodist Church last Wednesday evening. Considering the warm weather there was a good attendance. The piano used was an Amherst loaned by Messrs. A.J. Bell & Co. and the Company was much pleased with the instrument.

**MEETING OF CLERKS**  
A meeting of the clerks of Newcastle will be held in the Lonsbury Bldg. at 8:30 o'clock tonight for the purpose of arranging details for a picnic to be held in the near future on a Wednesday afternoon.

**BAND CONCERT**  
The Newcastle Concert Band gave their first concert of the season in the band stand on Friday evening. A large attendance was on hand to enjoy the musical numbers which were delightfully rendered. The program was interfered with by a thunder and lightning storm which began about 9:15 o'clock. It is hoped that the members of the band will give the citizens many more such enjoyable evenings during the balance of the summer season.

**TAKE HEED**  
This is the time of the year when children should be cautioned against throwing banana and orange skins on pavements or platforms. Many a serious slip and fall has resulted from such carelessness. Of course any adult person would put pins in a safe place.

**GRADUATION EXERCISES**  
The graduation exercises of the Miramichi Hospital Student Nurses will take place in the Harkin's Academy Assembly Hall next Monday evening, 30th inst. beginning at 8 o'clock, sharp. It is hoped that the public will attend in large numbers as the exercises will be both pleasing and educational. The Newcastle Band will be in attendance and several musical numbers will be rendered.

**ALFRED HOVEY DROWNED IN THE MIRAMICHI RIVER**  
Alfred Hovey the only son of Mr. and Mrs. Lawrence Hovey of Ludlow Northumberland county was drowned in the Miramichi River near his home about 8 o'clock Saturday evening.  
Deceased with a number of boys was in swimming when he was seized with heart trouble and cramps and sank to the bottom. His companions tried to save him but their efforts were unavailing. The body was recovered shortly afterwards by the use of poles and Dr. W.T. Ryan of Boiestown summoned Life was extinct and he considered an inquest unnecessary.  
Deceased is survived by his parents and two sisters, Alma, a nurse and one at home.

## BIG NEW C. N. R. ENGINE PASSED THROUGH HERE

The first of the consignment of ten of the new mountain type of engine released from the Canadian Locomotive Co's works at Kingston Ont. for the C.N.R. Atlantic region passed through Newcastle enroute to Moncton on Wednesday morning. The engine came through under its own steam from Campbellton in charge of Engineer Roy McAuley and Fireman Wesley Drillen. The engine number is 6006 and is a massive piece of mechanical construction. It is the largest type of passenger locomotive in use on Canadian Railways today. For some weeks the engine has been between Montreal and Toronto and is expected to commence running between Moncton and Halifax at once.

## Baby's Great Danger During Hot Weather

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the house where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will relieve the baby. They are sold by medicine dealers or by mail at 25c a box from the Dr. Williams' Medicine Co., Brockville, Ont.

## Many Laughs In Picture

Thomas Meighan's new Paramount picture, "Back Home and Broke" was written by George Ade the humorist, so you can judge that there are plenty of laughs mixed with the serious in the story. The finish is quite novel. Lila Lee and a good cast support Mr. Meighan. The picture, a Paramount, is to have its first showing at the Opera House on Wednesday next.

**ENJOYABLE DANCE**  
A number of local and Chatham young people attended a dance given last Thursday evening by Miss Helen Lawlor at her home here. It was a most enjoyable affair.

## ALFRED HOVEY DROWNED IN THE MIRAMICHI RIVER

Alfred Hovey the only son of Mr. and Mrs. Lawrence Hovey of Ludlow Northumberland county was drowned in the Miramichi River near his home about 8 o'clock Saturday evening.  
Deceased with a number of boys was in swimming when he was seized with heart trouble and cramps and sank to the bottom. His companions tried to save him but their efforts were unavailing. The body was recovered shortly afterwards by the use of poles and Dr. W.T. Ryan of Boiestown summoned Life was extinct and he considered an inquest unnecessary.  
Deceased is survived by his parents and two sisters, Alma, a nurse and one at home.
