

It is Believed Death List in the Blizzard in the Canadian West Will Be Very Heavy, Reports Say

John Bull is to Stand No Further Fooling; Will Bring Turks to Time

Arrest of Turkish Nationalist Leaders Has Had a Salutory Effect on the Situation in Turkish Capital as Guns Command City

LONDON, March 20—While no official statement has issued, it is generally accepted that the appointment of General Milne, the British commander, to direct the allied troops in Constantinople, indicates the determination of the British Government to deal with Turkey in a firm way.

PARIS, March 20—An explanation of the designation of Lieutenant-General Sir George F. Milne of the British army as Commander of the Allied troops at Constantinople is furnished by The Temps today.

Soldiers in Hamilton Are Up in Arms Because Magistrate's Decision in Case of Little Girl

HAMILTON, March 20—Magistrate Jellicoe's statements and decision in a police court yesterday, when he dismissed a case of betrayal lodged by the parents of a 14-year-old girl against Robert Boyd, a colored man, have aroused local veterans to a point of indignation and anger.

As comrades of this father," declared one of the deputation, "we intend to bring the case to the citizen's attention, and if possible, have it investigated by the attorney-general's department.

Charlie Chaplin's Home Life Not a Comedy; His Wife is to Seek Divorce

LOS ANGELES, March 20—Charlie Chaplin's screen antics in making an entire nation laugh gave him no time to create an atmosphere of happiness at his family fireside according to his wife, Mildred Harris.

cept a settlement of \$2,000 from him and file suit for divorce in Nevada, he would start such a suit against me," said Mrs. Chaplin. "Following this he had detectives follow me everywhere but he has no grounds upon which to sue me. I don't want a divorce or his money, but I must have support. He has refused to pay my bills, and I was forced to return to work after our babies' death, much sooner than I should have done because it was necessary for me to support members of my family dependent on me."

FOLKS WHO HAVE THE MONEY ARE GETTING IN SUGAR SUPPLIES

Following close on the advice recently handed out from Ottawa to housewives to get in their sugar supplies as soon as possible many grocery stores have experienced a big demand, a grocer stating this morning that the moneyed class had begun to take an interest in the situation, and had already sent in many substantial orders.

more freely than for a long time past, no barrel stock was available, he said difficulties at the cooperative in Montreal making it necessary to send all sugar in sacks. Merchants, while not in a position to make definite statements about the prospects for continued supplies, did not anticipate any great trouble in getting sugar for a time, or at least until the busy fruit season.

Heavy Loss of Life Is Feared in Blizzard Which Raged in West

Trainmen Report That it Was the Worst in Their Experience—Trains Are Two Days Late Reaching Winnipeg.

WINNIPEG, March 20—Railway trainmen arriving back in Winnipeg from the west tonight said the blizzard of Monday which swept the west was about the worst in their experience, and they believed when the wires were working again, and detailed information received it would be found that many lives were lost in different parts of Manitoba and Saskatchewan. Hundreds of cattle and horses perished. Between Elie and Portage la Prairie, Man., twenty miles of telephone poles were snapped off about six feet from the ground.

away could not see the fire. Grand Trunk officials state the railway has been held up since Monday by the most severe storm experienced for many years. "The trains are two days late in arriving from the west. A dispatch from Gladstone, 70 miles to the northwest from Winnipeg, states: "After raging for thirty-six hours the most serious blizzard that has struck these parts within the memory of the oldest settlers, abated on Monday. People were then able to get out and take stock of the damage. Reports of lives lost have come in and word of school children spending the night in schools or at the home of neighbors. A party of five, loading pressed hay at Golden Stream siding, spent twenty-four hours in the church there. It is feared that many cattle perished.

Prices of Vegetables to Be Supplied Canning Factories Show No Change This Year

A representative of the Dominion Canners, Limited, which owns most of the canning factories in St. Catharines and the Niagara District, stated this morning that no prices had yet been agreed upon with fruit-growers for the coming season's pack, but that prices for vegetables for this season would be about the same as last.

fruit prices will be will depend largely on the crops, he said; and although prospects are said to be excellent for bumper crops, the critical time, June, has to be weathered before estimates of size and excellence of fruit supplies may be made.

Canada Seeks Right to Fix Constitution if Provinces Agree

OTTAWA, March 20—After considerable correspondence between Hon. C. J. Doherty, Minister of Justice, and the Attorney-General of a number of the Provinces, it appears likely that there will be practical unanimity that the right for Canada to amend its own constitution should be secured so long as the rights safeguarded in the present agreement and embodied in the British North America Act are not endangered in any way. If the Provinces prove unanimous in asking that Canada's power to amend its

own constitutions shall be subject to ratification by all Provinces, the Imperial Parliament may be asked at this session to amend the British North America Act to give Canada such power. All Provinces Must Agree So far there has been no suggestion that an amendment to the constitution might go into effect with a majority of the Provinces assenting. It is obvious to all that the Province of Quebec would never consent to that condition and other Provinces outside

CHILDREN OF PUBLIC SCHOOL WILL BE EXAMINED WITH VIEW TO FINDING DEFECTIVE ONES FOR PROPER TEACHING

New Athletic Park Will Not be Ready This Year

The new athletic park will not be put in shape for this summer, as the grounds must be seeded but it is hoped to get it in good shape for next year. This will be a disappointment to many as it was hoped the new grounds would be ready this year.

Have Lead in The Primaries

Twenty-four Names Which Receive the Largest Vote in First Ballot For Commerce Directors.

Very keen interest has characterized the primary nomination for directors for the Chamber of Commerce. The Committee of Tellers had a busy night's work last night counting the ballots. The following are the names of the twenty-four members who received the highest vote in the primary according to official count: W. B. Burgoyne, Jas. D. Choplin, W. J. Elliott, F. C. Field, A. F. Fifield, J. A. Forster, E. C. Graves, Courtney A. Kingstone, Maor E. H. Lancaster, R. W. Leonard, Mayor E. J. Lovelace, Fred J. Lowe, W. A. McKinnon, Lt. Col. F. C. McCordick, C. G. McGhie, J. A. McSloy, Maor J. I. McSloy, Ald. J. E. Riffes, Arthur Robinson, Geo. H. Sherwood, W. C. Turnbull, Jas. E. Waterhouse, T. F. Wright, P. B. Yates

Soldiers to Meet Sunday Afternoon

The meeting tomorrow afternoon at the Griffin Opera House under the auspices of the G. A. C. and U. V. L. commences at 2.30 p. m. There will undoubtedly be a large attendance. The speakers will be President Flynn and Captain Tupper.

NEWS BRIEFS

A bill to extend the privileges of rural halls and athletics fields to incorporated villages was introduced in the Legislature. Owing to the inability of farmers to obtain even small quantities of mill-feeds, a serious curtailment in dairy production is anticipated until good pasture is available. The Allan Cup winners will depart from Halifax on April 3 for Antwerp to represent Canada in the Olympic games. Three Ottawa men were each fined \$600 for delinquency in regard to Dominion Income War Tax. Five lives were lost in a fire at St. John's Que. Quebec see that such a provision might conceivably be a boomerang to themselves. Therefore the situation is that Canada either will not get the power to amend its own constitution or will get it subject to the unanimous consent of Provinces.

Two Thousand Tooth Brushes to Be Purchased By the Board For School Children—Vaccination Ban is Lifted From Schools—Interesting Reports Presented.

The Board of Education last night decided to ask the Board of Health to lift the ban on unvaccinated children from the public schools. Chairman Trapnell said he thought the humbug had gone far enough. He was willing to take the responsibility of allowing any child to go to school without being vaccinated. He considered that the ban should be taken off. Mr. McKinnon said seeing the ban was removed at the Falls they could certainly remove it from the schools here. Trustee Mrs. Wright moved Chairman Trapnell seconding that teachers be instructed to readmit all pupils to the schools who were kept away because of not being vaccinated. The resolution passed without opposition.

The directors of the Protestant Orphanage were given permission to take up the usual Easter offering in the public schools. Trustee McBride for the Property (Continued on page 3)

J. E. Hull, secretary of the anti-vaccination League, Toronto, wrote saying that there is no law to prevent children from going to school whose parents refuse to allow them to be "cowpoxed" Osgoode Hall has made this ruling.

Trustee Rutherford presented the management committee's report recommending: That all classes in Central School, with the exception of the entrance grade be mixed classes of boys and girls, the transfer to be supervised by the principal. At the beginning of the fall term the entrance classes if continued at that school shall be mixed classes. That the resignation of Harvey Gayman be accepted to take effect April 1. He is retiring from teaching. George R. Coombs, principal of Victoria School is transferred to Alexandra School as principal beginning at Easter.

Applications for positions as principals and as assistants are to be procured by the committee. The committee is authorized to procure a temporary principal for Victoria School. The salary of experienced and inexperienced occasional teachers was

Salaries of the Teachers of the Collegiate Raised

The following schedule of salaries for the Collegiate Institute teachers was passed at last night's meeting of the Board of Education:—Principal Coombs \$2800, W. Taylor \$2300; J. S. Jackson \$2100, Miss Odium \$2100; Miss B. Lander \$2000, Miss L. Anderson \$2000, Miss E. McKenzie \$1850, Miss L. Moyer \$1300, Miss Danard \$1900, Miss M. Jenner \$1700, Miss L. Bell \$1300, Miss H. Graham \$1500, Miss M. Poirier \$1600, Miss K. O'Connor \$1800.

U.S. HOUSE DECIDES ON PEACE-TIME ARMY

WASHINGTON, Mar. 20—A peace-time army of 299,000 enlisted men and 17,800 officers, was approved today by the House, in passing the Army Reorganization Bill by a vote of 246 to 92. The measure now goes to the Senate.

Detroit Girl Exposes the School Where Worst Kind of Anarchy is Being Taught

DETROIT, March 20—When a 13-year-old Russian girl appealed to Judge H. S. Hulbert of the Juvenile court for protection it became known a few days ago that secret schools of anarchy where children are being taught the red doctrine of destruction of all organized governments, exists in Detroit. This girl was being forced to attend an "institution" where the United States Constitution was torn to shreds, the tenets of bolshevism in its most extreme form preached, and the teaching of the public schools derided and set at naught. "One day last week," said Judge Hulbert today, "a young girl, scarcely more than a child, but with the clear analytical mind that is so often present in the Russian type came into my courtroom and asked for protection for herself and her two younger

brothers from her father. "Enquiry developed that her father had never abused or mistreated any of the children in any way, but on the contrary, had provided them with every comfort in the house and had been kind almost to indulgence. Why then, did she and her brothers need protection? The answer was—and I give it in her own words: 'Because my father makes me and my brothers go every Tuesday and Friday afternoon to a school where we are taught that all the things that the public schools teach us are bad. "I'm not so afraid for myself, but my brothers are younger and do not understand! They are ten and eight." Judge Hulbert and Police Commissioner Inches will make an immediate investigation of the school and no effort will be spared to clean it out.

WHAT ARE THE FACTS?

It seems incredible that Sir Adam Beck should make a public statement a few days ago to the effect that the N. S. & T. would likely be taken over soon, probably at the beginning of April, by the Hydro Electric Power Commission when from most unquestionable sources The Journal learns that no negotiations have been conducted recently that would suggest any such happening. The matter has not been passed upon by the National Railway Board and indeed from fountain sources the information has been secured by this paper to the effect that the Board will think twice before sanctioning such a proposal.

There is a possibility that the Minister of Railways and Canals has been lately in correspondence on the subject but certainly even in that quarter nothing has transpired to warrant the assumption that the transfer will be made.

The Journal published the news article for what it was worth in the light of further enquiry it would seem that nothing of any maturity has occurred more than was brought out before the City Council last fall.

If this is the situation does it not seem unfortunate that St. Catharines should be held up for months for improvements and extensions it could get beginning this year from the National System at no cost to the citizens? If later on the Hydro were to complete negotiations and take over the line payment for the extensions could be made on the costs as shown.

However, the strict thinker is protecting himself by striking his head in the sand and similarly many men seem to think that by creating organizations they can build up St. Catharines and yet at the same time they are denying the public, through prejudice, what would make it grow and expand.

A queer story was told to Niagara Falls police yesterday by Fred Austin, a bread-wagon driver for a local firm. He claimed that he was attacked by three masked men in a ravine about 9.30 as he was on his way home from St. David's. He says that one held the horse while the others held him up with a pistol; then he was hit and stunned. When he came to, his legs were tied and his horse and rig had disappeared. The pouch containing about \$70 belonging to the baker and \$50 of his own money had gone. His gold watch was untouched. The Provincial Police went to the scene of the affray and found the horse and rig tied by the side of the road. After a search they found the pouch with all the money intact.

THE WEATHER
TORONTO, March 20.—The disturbance which was over Illinois yesterday morning, has moved eastward to Nantucket, causing snow over the greater portion of Ontario and Quebec. In the east the weather has been fair and comparatively mild.

FORECASTS—Fresh northerly winds fair and moderately cold to night. Sunday fair and comparatively mild.

The fourp'ny doss

WHEN Peter Wright, the great Chief of the British Seamen's Union, was in Canada he said that many a time in the old days a fourp'ny doss was the only thing that stood between him and a sleep on the sidewalk.

SAILORS and soldiers and good hardy men the world over have a vivid recollection of these places.

THE "Doss," as such does not exist in Canada, but Hotels for Working Men are a definite part of the Salvation Army's activities in the larger Canadian cities.

B.C. CONSIDERS THREE PROHIBITION AMENDMENTS

VICTORIA, B.C., March 19.—Premier Oliver has promised to submit to the people of British Columbia a clear, distinct issue upon the question of prohibition or the sale of liquor under control.

Three suggested amendments to the Prohibition Amendment Act will be considered, namely, a contrary act drafted by the government on suggestions or a framework submitted by the moderationalists, and a moderation act to be framed by the Government for which it will accept responsibility.

FIRST CHRISTIAN SCIENCE HOSPITAL ESTABLISHED

DENVER, Mar. 19.—What is believed to be the first Christian Science "hospital" west of the Mississippi has been established here.

The institution at present has twelve rooms, and plans are under way to enlarge it at an early date. Christian Science books and literature are available, and according to an announcement by the founders of the "convalescent home" it is a place "where a Christian Scientist may rest for a time and receive Christian Science treatment from his chosen practitioner."

secretaries will insist on giving their opinions of the English.

"My chief impressions after a walk through the park on Sunday," said one of Dr. Stammer's secretaries, "was that the English people do not seem so chic as they were. They do not seem to wear such smart clothes."

"But perhaps that is only a first-come impression which will have to be revised later."

GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza all over Canada

GOOD HEALTH IS THE SUREST SAFEGUARD

"FRUIT-A-TIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, three thousand, one hundred and twenty-two cases of influenza and 189 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur.

For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is GOD HEALTH.

Those who are not as well and strong as they should be; those who are underweight; those who are "run down" through overwork or sickness; should build up at once. What they need is a Blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives", the wonderful fruit medicine.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally, as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system.

"Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 boxes for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

COMMISSIONER HIGGINS HERE TO CONFER ON SALVATION ARMY MATTERS

Com. W. J. Richards, head of the Salvation Army in Eastern Canada and Col. John McMillan, Chief Secretary are conferring with Commissioner Higgins, Chief of Staff and Second in Command of the Salvation Army for the work who arrived in Boston from London, England, recently. Com. Higgins came to America to discuss matters pertaining to Salvation Army affairs in Canada and the United States, with Commander Eva Booth, head of the Salvation Army in the United States and with the Canadian officials. He was for many years Chief Secretary of the United States and recently succeeded Com. Howard as Chief of Staff and Second in Command. Many matters having an important bearing upon the future policy of the Salvation Army, and its reconstruction work are to be taken up at this meeting and it is expected that on his return Com. Richards will have something to say in regard to the questions affecting the policies to be followed in Canada.

GRAVESEND RACE TRACK TO BE CUT UP INTO BUILDING LOTS

NEW YORK, March 19.—The old Gravesend race track near Coney Island, over which for twenty years the Brooklyn handicap, a turf classic, was run, to-day was sold to a real estate firm for \$875,000. The entire tract of land consisting of about ninety acres, was the property of the Brooklyn Jockey Club, in which the once noted brothers, Philip and Michael Dwyer, were the principal stockholders. It will be cut up into building lots.

This is the last of the Brooklyn race tracks which were closed up when the Percy-Gray law was repealed. The Sheepshead Bay track, used until a few months ago as an automobile speedway, is now being dismantled and converted into a residential street. The Brighton Beach course already has been transferred into a bungalow colony.

New Triplex Springs Iron Out the Wrinkles of the Rough Roads

Best of all, this heavy car kind of comfort is now obtainable with economy in fuel and tires and remarkably low upkeep cost.

Overland 4 is started and lighted by two-unit electric starting and lighting system. It has rain-vision windshield and unit power plant. It is equipped with all the latest car essentials and conveniences.

THE wrinkles of rough roads seem smoothed out completely by the wonderful springs of Overland 4.

These springs hold the wheels to the road, while the passengers ride in even comfort. The astonishing qualities of these diagonally attached Triplex Springs have created an utterly new conception of light car riding ease.

ABOUT THE SEED DRILL

What is Considered to be the Most Efficient Type.

The Feeding Device is the Heart of the Drill—Seed Should Be Dropped Directly Under the Axle of the Disc—Give the Bearings Careful Inspection.

(Contributed by Ontario Department of Agriculture, Toronto.)

As the drill sows, so shall the farmer reap, is no fallacy. It is as true in its content as the maxim "As a man sows so shall he reap." Given the right kind of a grain drill, the seed is all planted at a uniform depth, evenly covered; the earth compacted just enough to retain the moisture around it. These conditions mean that the young plants will all come up at the same time, that the roots will be well protected, and that the grain will ripen uniformly. As the grain is planted, so will it grow and ripen. If some of the seed is planted too shallow, and some too deep, the seed that comes up first, ripens first. Thus it is that some of the grain is ready to harvest while other patches are still in the milk stage.

The feeding device is the heart of the grain drill. Upon its reliability depends the accuracy of sowing, the seed. The drill scale is computed for the average sized seeds, and therefore cannot always be depended upon when the size of them varies from the normal. If the grain is oversized or undersized the required amount per acre may be sown by getting the feed lever at a point slightly greater or slightly less than shown on the indicator. There are, in common use, two different forms of feeding devices. The fluted-cylinder-force feed, and the double-run-force feed. The amount of seed sown by the fluted-cylinder-force feed may be regulated by a lever which changes the size of the outlet, but it does not always handle all classes of seed without breaking them, as can be done with the double-run-force feed, which necessarily requires for driving it a disc wheel, or a cog wheel with from nine to fifteen sets of cogs that make as many speeds or feeds.

In the most efficient type of grain drills the seed should be deposited as nearly directly under the axle of the disc as possible, as this is the only place where the seed can be dropped directly on to the bottom of the trench without hindrance. By this method the disc is not run deeper than the seed is deposited, thus the draft is reduced to a minimum. If the seed is deposited in the rear of the centre of the axle, the rotation of the disc tends to carry earth and seed up with it, causing the seed to be unevenly deposited. In operation, a properly angled disc opens a trench about two inches wide. The falling seed strikes the concave side of the shield and the convex side of the disc, and is thus scattered evenly over the entire width of the trench.

Grain seed drills are divided into four kinds, according to the type of furrow-opener—the open delivery single disc, the double disc, the shoe, and the hoe drills. The open delivery single disc furrow opener deposits the seed between the shield and the convex side of the disc. The space is open from the end of the boot between the disc and shield to the bottom or lower end of the shield. The shield prevents the falling seed from becoming mixed with the loose earth and surface trash and insures its free passage to the bottom of the trench made by the disc. It will also do excellent work in highly cultivated soil that is free from trash.

The closed delivery single disc furrow opener has a closed boot, similar to a hoe furrow opener, which comes down at the rear edge of the disc and deposits the seed about two inches back of the disc. It does not plant the seed at as even a depth as either the open delivery single disc or the double disc, but deposits it at least eight inches in rear of the disc hub, and wherever it meets with an obstruction, rock or hard soil, the disc rises up and carries the boot with it, broadcasting the seed on the surface.

There are many styles of double discs, but the one that plants the seed under or slightly back of the disc axle, or hub, is the one to use, for that point is the deepest part of the furrow. The furrow opener that shoots the grain forward of this centre is to be avoided, for the reason that the seed reaches the ground before the furrow is fully formed, and it is, therefore, mixed with the soil as the seed trench is being made, causing what is termed "wavy" sowing. The double disc type of opener tends to spread out the seed more than other kinds, so that each seed has a somewhat greater area from which to draw moisture.

The hoe furrow opener or shovel opener does not penetrate the ground readily and clogs easier than any of the other types. The shoe opener does no better work, and rather than clog will run over trash and thus plant the seed at varying depths. In selecting a drill the bearings should be given careful inspection. They should be dust proof. The hard roller must be considered superior to all others for this kind of work, as the oil can be forced into the bearing from the centre, and as it works but it carries all the dirt with it. It should have a well-braced seed box with steel hopper bottom to allow the seed to pass freely into the cups; strong frame and substantial wheels are important features. The distance between the furrow opener varies to some extent but six inches is the usual spacing. The seed tubes may be of rubber or of steel ribbon. The rubber tubes give good satisfaction, but are not durable if exposed to the weather. The steel ribbon tubes serve the purpose well, and if painted will last as long as the drill.—Jno. Evans, O. A. College, Guelph.

The cold and blustering weather kept the farmers away from the market today and there was a small attendance.

Girl's Dream of Fortune Hunt Rudely Shattered By Police of Atlanta, Ga.

ATLANTA, GA., March 20—Atlanta for a visit before going to San Francisco. She obtained apartments in a hotel here paying \$10 a day for her rooms.

When Mrs. Davis was passing through the lobby of the hotel she recognized the girl from the description sent out when the search was started. She stopped the girl and compelled her to go to Chief Beaver's office for a conference.

"I'm nineteen years old and I have my own money," said the girl "I think I should be allowed to live as I please. I have not done anything wrong. All I did was to earn money selling oil stock, now I'm going to the Pacific coast to go into the movies."

"They made it uncomfortable for me at home. My mother would not let me go to the drug store alone. Then they sent me to school and I didn't have any liberty."

"So I ran away and I've taken care of myself honestly, and I don't purpose to allow anyone to interfere with my life."

At the hotel in Atlanta the girl is said to have used an assumed name to escape detection, and also to have posed under a different name in St. Louis.

When the girl found that she was to be detained by the authorities she made a determined effort to get away. She attacked Chief Beavers and clawed and scratched and hit him until three officers, who were called in, carried her bodily from the room.

DR. DEVAN'S FEMALE PILLS—reliable medicine for all Female Complaints. 25¢ a box, or three for \$1.00, at drug stores. Mailed to any address on receipt of price.

PHOSPHONOL FOR MEN—Restores Vitality for Nerve and Brain; Increases "Grey Matter"; a Tonic—will build you up. 25¢ a box, or two for \$1.00, at drug stores, or by mail on receipt of price.

Party-Line Consideration

Two-party line is a single circuit, shared in common by two subscribers. It is not reserved for a single user and should be used on the share-and-share-alike basis.

On a two-party line it is impossible for both users to try to talk out on the same circuit at the same time. There is also the liability of both being wanted at the same time to receive incoming calls.

Therefore, there are special considerations which we urge a party-liner user to keep in mind:

1. Long conversations prevent the use of the line by the other subscriber, therefore party-line talks should be as brief as possible.
2. Whenever another party-line subscriber requests the use of the line for an emergency, courtesy should be prompt, the first user temporarily to give up the use of the line.
3. Whenever a party-line subscriber takes the receiver from the hook and finds the line in use, the receiver should be replaced at once in a careful manner.
4. At the end of a conversation the receiver should be replaced upon the hook immediately, otherwise the other subscriber cannot signal the central office.
5. Be sure always to give the operator the letters W or J in calling a party-line subscriber.

Co-operation is required to ensure good service of any kind.

In case of a general alarm the city bell will ring as follows: 1—12—123—twice, followed by the number of the box from where the alarm is being rung.

HANGED BY THE NECK

No death is more certain than the end that comes to every offender treated by Putnam's Corn Extractor. Out comes the corn or warts, root and branch. Insist on "Putnam's" only, it's the best, free from acids and painless. Price 25c. at all dealers.

NOTED CANADIAN TENOR

Edward Johnson, the great tenor of the Chicago Opera Company, has returned after a seven years' absence. Mr. Johnson is a Canadian—a native of Guelph, Ont. He sang in New York as a choir boy and later in comic opera and then went to Europe. His high-act—Vesti la Giubba (On with the Play) No. 64,840, his Victor record costing \$1.25, will delight every Canadian and may be had in the Victoria Parlors of Ye Olde Firm of Hatzman & Co., Limited, 68 St. Hal street, St. Catharines, Ont.

UNFIT TO LIVE—MUST DIE

The verdict rendered a thousand years when corns get sore. Do them with Putnam's Corn Extractor; it cures painlessly in twenty-four hours. Use Putnam's the only vegetable remedy known, price 25c. at all dealers.

Pain and expense are the two great fears of Dentistry that account for more ruined teeth than anything else.

These fears encourage neglect, and poor, indeed, will be the condition of your teeth if you neglect them. They MUST have watchful attention to prevent decay, and when decay is present, they must have proper treatment.

It is groundless fear to feel alarmed at the possibility of pain you must suffer or the cost you must pay for Dental treatment at our Offices.

The treatments are practically free from pain and the costs are astonishingly moderate.

Besides this—there is a free presentation and examination service which we extend to all who desire to know the condition of the teeth.

Fillings 50c up.

Very good Plates \$8.00.

HUN REVOLUTION ENDS IN A FARCE

BERLIN, March 19.—The dictatorship of Dr. Wolfgang Kapp and the rule of his Praetorians ended as suddenly as it began.

With the inglorious departure of Kapp from the Chancellor's palace at six o'clock Wednesday night and the ignominious kicking out of Baron Luetwitz by a committee of determined citizens, the curtain was rung down upon as extreme a political comedy as ever was staged in the most unstable Republic of South

America.

To Disarm Baltic Troops

Kapp's Praetorian guard of the Baltic troops and marine brigade already are packing up for departure knowing they will be disarmed and discharged as soon as they are out of the city. They are being sped on their way by an ultimatum from the officers of the Security Police—a husky body of former non-coms—that, unless the Baltic troops were removed speedily they would be beaten up by members of the Security Police.

No amnesty has been promised Kapp or his colleagues, and the Ebert-Bauer Government offered no conditions.

Try for Better Terms

Kapp realized in the course of the morning that "the game was up" and signed his resignation at eleven o'clock, although the fact was not

given out until one o'clock in the afternoon.

Von Ludendorff and Colonel Bauer in the meantime continued their efforts to obtain a new lease of power or at least better terms, by sending agents to the Coalition party's representatives to argue that only by coming to terms with the military party, could the city and country be defended against the Bolshevik peril.

An Inapt Remark
Unfortunately for them their committee was informed that about the time that Bauer and Capt. Pabstun had been negotiating with the Independent Socialists for joint action to prevent the return of the Ebert Government an alleged remark by von Luetwitz relative to the necessity of making common cause with the radicals to root out "the rotten parliamentarism" had come to the ears of the Ebert party.

Representatives of Ebert's party met and summoned von Luetwitz and demanded that he immediately resign command of the troops and the authority entrusted to him by Dr. Kapp. Von Luetwitz complied and the meeting appointed General von Secht to command the troops and bring about their immediate withdrawal from Berlin.

Stood Out to End

The Ebert Government it is asserted, retained until the end its determination to have no dealing with the military Junker Government which forced it to flee from Berlin.

The Security Police have assumed a guarantee for the maintenance of law and order in Berlin and though the Baltic and other troops are still

Anaemic Paleness Quickly Changed To Rosy Cheeks

Chlorosis or anaemia is simply thinness of blood.

If confined too much indoors, anaemia develops because the lungs are insufficiently supplied with oxygen, and the blood is consequently impoverished and half starved.

But there is a cure. Dr. Hamilton has solved the problem in his famous pills of Mandrake and Butternut; as a blood enricher their equal is not known.

All the functions upon which life depends are helped by Dr. Hamilton's Pills.

Richness and purity are instilled with wonderful promptness into the vital fluid.

Healthy color supplants the pallid, ashen face. Better appetite strong digestion and dreamless sleep, are sure to follow, because of the increased blood supply furnished by Dr. Hamilton's Pills.

Think it over. Will it pay you to look and feel half dead, to lack color and spirit, when all can be changed by Dr. Hamilton's Pills?

Remember act at once. Your case is more curable now than later on.

Dr. Hamilton personally guarantees his pills of Mandrake and Butternut. Their merit is unquestioned. Thousands of anaemics they have cured and kept well.

They will do just the same for you. Try Dr. Hamilton's Pills, 25c per box.

Influenza has invaded the Yuron Valley, a number of cases being reported at various points.

In Berlin they evidently are more concerned in protecting their own retreat than in taking control of the city

ATTEMPT TO HANG MAN FAILS

JACKSON, MISS., March 19.—The state of Mississippi, if a bill which has been introduced in the legislature by Representative John Yeager of Lamar County, is adopted, will pay \$5,000 to a man who was hanged 17 years ago. The introduction of the bill recalls a tragic story that aroused intense interest and no little political bitterness throughout the state. The beneficiary of the bill if it is passed will be Will Purvis, a prosperous farmer of Columbia, Marion county.

In 1903 Will Buckley was waylaid shot and killed, as he was riding home from Columbia, accompanied by his brother. They were suspected of having gone before the grand jury and divulged secrets of the White Caps a lawless organization that had been terrorizing and running the negroes out of the county for several months and whose motto was death to traitors.

Will Purvis was arrested, tried and convicted and sentenced to be hanged after one of the most sensational trials ever known in the state. The day for the hanging arrived and thousands of his friends and neighbors, as well as those who were not friends swarmed into the little county town to see him pay the death penalty—the gruesome affair to be open to all comers.

When the trap was sprung the body of Purvis shot through to the ground the noise having slipped. The sheriff jumped to take another trial as executioner, but the spectators would have none of it. Purvis was dazed but by no means dead, and accompanied the sheriff back to jail, where he remained until the courts could determine whether or not he was to hang a second time.

A great hue and cry was made against going in the face of what was called the "hand of Providence," in sparing the life of one then believed to be innocent of the crime charged against him, and it was made an issue in the gubernatorial campaign then on. However, the supreme court fixed another day for the execution of Purvis.

Anse McLaurin, then candidate for governor, afterwards United States senator, announced that if he was elected governor he would commute Purvis's sentence to imprisonment for life, and later on pardon him. He was elected and carried out his promises.

Purvis returned home after two years in the penitentiary, married his old sweetheart and they and their children are living happily on an 80 acre farm in Lamar county. Three years ago Joe Beard of Marion county, then on his deathbed, called in the sheriff, a clergyman and others and confessed that another had killed Will Buckley, he, Beard, being with him at the time.

Mr. Yeager now would have the state pay Purvis, who is a prominent family, \$5,000 for his services while on the convict farm and as a belated balm for his horrible experience on the gallows. A first cousin of Mr. Buckley, the man murdered, favors the bill and it is believed the bill will pass.

MOVIE BAN ON FILMS OF LIFE OF OUTLAWS

OKLAHOMA CITY, March 19.—Never again will "Wild-eyed Bill" blossom out into a "movie star" and show the younger Oklahoma generation how he robbed the bank and beat his man to the draw.

"Bills" doom was sealed the other day when theatre owners and managers in convention here adopted a resolution pledging themselves to voluntary censorship of all films depicting the career of former convicts, alleged criminals and outlaws.

On ordinary accounts Ontario had a deficit of \$1,559,802 for the year ending October 31, 1919. This is shown in the public accounts tabled. The province started the year with a balance of \$5,140,176.35. The payments for the year amounted to \$21,465,574.88 and the receipts totalled \$19,904,772.04, leaving a deficit of over a million and a half.

Wilde's Experience Lesson to Carpenter

Frenchman Should Not Be in a Hurry to Secure Action—Welchman's Advice Proved Decidedly Costly to Him in the End.

NEW YORK, March 20.—Wesley "Wee" Welchman, No. 1 of the flyweight ten, can whisper a few things in Georges Carpentier's ears.

With flashes in mind of the bumps he hit before he got going good, the noted citizen of Pontypridd might say to the Frenchman before he takes his first step, "Go easy Georges. If you must fight even the dally set-ups, as they say here, tyke your time old chappie."

Into the ears of the newly-wed Frenchman, the same tune that the diminutive Wilde heard will be poured: "Here's something soft for a nice bunch of coin. You can polish him off in a couple of rounds with training."

Georges may fall for it and take unto himself a couple of figurative black eyes, such as gave little Jimmy

such a dismal outlook on the U. S. A. Wilde made his mistake intarring a deaf ear to the tips of American friends, who counselled him to take things easy and get acclimated before he pulled on the gloves.

He didn't. He had to stoop for the bag of coin. Jack Sharkey outpointed him and from a \$20,000 attraction he dropped to the \$5,000 class over night.

JERSEY CITY, N. J., March 20.—Pal Moore, Memphis, outpointed Johnny Duff, Jersey City bantam, in an eight-round fight here last night.

CLEVELAND, March 20.—Benny Valger, French featherweight champion and Charlie O'Connell, Cleveland, will be the headliners in a boxing show here on March 31, according to Jimmy Dunn, O'Connell's manager. The boxers are to weigh in at 130 pounds at 3 o'clock.

Carpentier is Different, Says Johnny Griffiths

He Says That Georges Should Not Be Compared With Other French Ringmen.

NEW YORK, March 20.—Most American boxers who have paid a visit to Europe have returned singing the praises of Georges Carpentier, Johnny Griffiths, the Akron welterweight who recently returned from a trip abroad, is an exception. Griffiths thinks the noted Frenchman has no chance of beating Jack Dempsey, although he may last several rounds because of his great speed.

Griffiths appears to draw the conclusion from his own experience with French boxers. He met two of them during his trip and he put both to sleep without extending himself. Griffiths did not see Carpentier fight, but he draws the conclusion that all French boxers are overrated.

There is little doubt that few of the French ringmen would be regarded as first class performers in this country. The French, as a rule, follow the English style of boxing. They would rather be fancy than effective. But from all accounts Carpentier is an exception. Georges obtained his early lessons in the art from American methods. According to many good judges Carpentier's style is thoroughly American. He is said to have discarded English ideas of what is good form in the ring and to have acquired a style that is partly a copy of American methods and partly his own.

He has learned to place great value on an aggressive attack. In that respect his style resembles that of Packey McFarland to a great extent. Packey was the most aggressive of all the highly scientific boxers. His main idea was to keep his opponent backing up, because when a boxer retreating he cannot hit effectively. "Never let them get set and they can't hurt you" was McFarland's motto.

Carpentier now is on the high seas bound for this country. Accompanying him are two other French boxers Papin and Ledoux. It may be some months before Carpentier gets into action, as his time will be taken up with motion picture and theatrical engagements, but Papin and Ledoux are coming to fight and they will lose little time in seeking engagements.

The whole party is managed by Desamps, who seems to think that both Papin and Ledoux are sure to make good. The showing these two boxers made is sure to have considerable effect on Carpentier's standing. If they make good Georges will be held in respect but if they disappoint Carpentier is also likely to lose standing. It looks as though Desamps is taking chances by enlarging his party.

Many attempts will be made to lure Carpentier into the ring before he tackles Dempsey for the title. Gene Melady, who is close to Jack Curley

has offered Mike Gibbons \$25,000 for his end in about with Carpentier on the condition that the Frenchman accepts the match.

Gibbons and Carpentier no doubt would draw a tremendous gate. The St. Paul ghost retired from the ring recently, but has many a fight left in him yet, and there is not likely to be much trouble in obtaining his consent to the match. Obtaining Carpentier's signature will be a different matter.

Notice to Contractors

Pursuant to the requirements of the Canada Highways Act, separate sealed tenders, marked "Tenders for Concrete Culverts, Item No. 2" will be received by me undersigned until twelve o'clock noon on Thursday, April 8th, 1920, for the following work:—

- (1) Excavation, construction of concrete structures and other necessary work in the Township of Clinton (A).
- (2) Excavation, construction of concrete structures and other necessary work in the Township of Clinton (B).
- (3) Excavation, construction of concrete structures and other necessary work in the Township of Salfleet (A).
- (4) Excavation, construction of concrete structures and other necessary work in the Township of Salfleet (B).
- (5) Excavation, construction of concrete structures and other necessary work in the Township of North Grimsby.

Plans, specifications and forms of tender may be seen on and after Thursday, March 18th, 1920, at the office of the Resident Engineer, Beamsville, and at the office of the undersigned.

A marked cheque for \$500.00 payable to the Minister of Public Works and Highways for Ontario, must accompany the tender for each separate item.

A Guaranty Company's bond for ten per cent of the amount of the tender will be required when the contract is signed.

The lowest or any tender not necessarily accepted.

Limited
Winnipeg, Manitoba
(Incorporated under Dominion Act)

7% Cumulative Preference Stock
Par Value \$5.00

Quarterly dividends on the Preferred issue payable first day of January, April, July and October, at par at any branch of the Dominion Bank in Canada.
Dividends upon the Preferred issue accrue from April 1st, 1920.

This Cumulative Preferred Stock is preferred both as to assets and dividends, and at the option of the Company is callable in whole or in part at 115 per cent, and accumulated dividends. No bonds may be issued nor mortgage nor lien given on the fixed assets except by the consent of the holders of 75 per cent of the Preferred Stock.

REGISTRAR AND TRANSFER AGENT:
TORONTO GENERAL TRUSTS CORPORATION, TORONTO

CAPITALIZATION

Preferred Stock	\$1,000,000.00
Common Stock	\$1,000,000.00

(No Bonds)

The following information is summarized from a letter from Mr. S. Messer, President of the Company:—

1. The Continental Oil Company, Limited of Canada, the business and assets of which have been acquired by the North Star Oil & Refining Company, Limited, a Canadian corporation, has been in successful operation in the Prairie Provinces for the past eleven years.
2. The Company has no bond issue or other funded indebtedness outstanding nor any floating debt other than current accounts payable.
3. Earnings after the completion of a refinery for the production of refined oil, gasoline and lubricating oil, at Winnipeg, which refinery is expected to begin operations about the middle of the year, are estimated to be initially at the rate of \$150,000 to \$100,000 annually, or equal to over twice the dividend upon the Preferred Stock. With the completion of other refineries, earnings are expected to materially increase.
4. The Company has affiliations with large and responsible producers in the United States which should ensure a continuous and constant supply of crude oil. In the event of the development of crude oil in commercial quantities in the Canadian West, the Company, with refineries at Winnipeg, Saskatoon and Calgary, will be in an advantageous position to manufacture from this crude, refined oil, gasoline and other petroleum products for the Western trade.

Applications, which should be accompanied with cheque for full payment, will be received only on the understanding that the right is reserved by us to allot all, a portion only, or none of the amount applied for. In the event of a partial allotment the balance, and if none be allotted the full amount forwarded, will be returned to the applicant.

Interim Certificates will be issued pending engraving of definitive certificates.

It is intended that application be made to list these issues on the Toronto, Montreal and Winnipeg Stock Exchanges.

Price: Par (\$5.00 per share), carrying a Bonus of 40% in Common Stock.

NOBBY TREAD

A DOMINION Tire

A Bit of Advice

Don't wait until you are ready to drive your car before ordering new Dominion Tires.

Go to your dealer NOW and select the "Royal Cord," "Nobby," "Chain," "Dominion," "Grooved" or "Plain" Tread you will need so everything will be ready for the first spin.

Thousands of motorists will re-equip their cars this year with Dominion Tires because they know by experience that Dominion Tires mean the certainty of satisfactory service under all conditions of road and weather and the first signs of Spring will bring an avalanche of orders for Dominion Tires. Get ahead of the rush. Order your tires NOW.

DOMINION INNER TUBES

When you go to the trouble of getting the tires best suited to your car, get also the Inner Tubes made expressly for these Tires. Order Dominion Inner Tubes and thus ensure perfectly balanced tires.

DOMINION TIRE ACCESSORIES

It pays to care for your tires—pays in the saving of time, trouble and mileage, so keep a supply of these prolongers of tire life.

Earl Montgomery and Joe Rock who have long been co-stars in Vitagraph Big "Y" Comedies are now to be starred separately. They signed new contracts the first of this week.

By the division both Montgomery and Rock attain an ambition to play alone that resulted from the increasing following they have gained with each year of the five they have played together in Vitagraph comedies. Vitagraph has been assured that the popularity of the pair would serve to attract an equally wide following with each as a separate star. Their productions will be in two reels. Prior to Montgomery and Rocks film partnership they were on the stage, chiefly in musical comedy. Mr. Montgomery was raised in Alaska, his father having been one of the first in the Klondike gold rush. Joe Rock, before going on the stage was a physical director well known in New York's leading athletic clubs. Montgomery and Rock have made more than fifty comedies together.

Notice to Contractors

Pursuant to the requirements of the Canada Highways Act, sealed tenders marked "Tenders for work in the Township of Niagara" will be received by the undersigned until twelve o'clock noon on Wednesday, April 7th, 1920, for the earth-work and other necessary work on the Provincial Highway in the Township of Niagara. Plans, specifications, and forms of tender may be seen on and after Wednesday, March 17th 1920, at the office of the Resident Engineer, Beamsville, Ont., and at the office of the City Engineer, St. Catharines; and at the office of the undersigned.

A marked cheque for \$500.00 payable to the Minister of Public Works and Highways of Ontario must accompany each tender.

A Guaranty Company's bond for 10% of the amount of the tender will be required when the contract is signed.

The lowest or any tender not necessarily accepted.

W. A. McLEAN,
Deputy-Minister of Highways,
Department of Public Highways,
Toronto, 12th March, 1920.

DRAINAGE IS IMPORTANT AFTER EFFECTS OF INFLUENZA OFTEN SERIOUS

Some Benefits of a Well Devised Drainage Plan.

(Contributed by Ontario Department of Agriculture, Toronto.)

WHEN a man is about to erect a building he ever so small, the first thing he does is to make a plan. That plan may be on paper or it may exist only in the mind of the builder, yet it is a plan. Without a plan to follow, a builder cannot do good work. The same is true of the drainage of a farm. The man who places a "string" or "line" of tile in a watercourse, which traverses his fields, should not do so without asking himself such questions as: "Am I putting this tile in the lowest part?" "Will it be able to get a satisfactory outlet? How many acres will this tile drain, and if it rains enough to drain it satisfactorily? Have I sufficient grade to drain? The holes in the rear fifty?" If he does not ask himself these questions he is like a builder without a plan. He is working in the dark; his work cannot be efficient. All these questions the drainage plan answers, and more.

No matter how small the means for immediate construction of drains, or how few the drains which one is about to install, he should not do so without having first laid out a plan of which these drains will be a part. On rolling land such a plan is not hard to decide upon, because the differences in elevation are very pronounced, and any one who is familiar with such land is able to intelligently plan a system of drains for them. But where the area is large and the topography irregular, or very flat, guesswork is out of the question. It is then that we must resort to the tape and the levelling instrument for reliable information. A drainage plan shows first of all the differences in height or elevation between all parts of the farm over which the survey is extended. This allows the owner of the land to plan his own system of drainage. The possession of the levels for all parts of the farm lays bare the most advantageous outlets for the drains, from a study of the levels and contours of a plan it is possible to calculate the acreage which each main tile must drain. This information, together with the fall or grade procurable is the only true guide to help us decide upon the size of tile needed in any given drain. It is only when the plan has a picture of the whole object before him that he can draft an efficient yet economical plan of drains for any piece of land.

Future Benefits.—The benefits of a plan drawn with the cooperation of the drainage system. Only those of us who have tried long and hard to find a drain, the location of which was nowhere recorded, know the value of guidance such as is offered by a plan. When a tile-drained farm is offered for sale the existence of a plan of drains adds greatly to the value of the farm. The plan is of equal value to the seller and the buyer. With proper care well-constructed tile drains will give good service for several generations; therefore for the convenience of our children and grandchildren it is necessary to have a plan of our underground drainage work.

There is another way in which a drainage plan is very helpful to a farmer. It is a splendid guide toward ascertaining the acreage of any field or part of the farm. Fences are located on the plan, and the whole plan drawn to scale, so that with the aid of a rule it is possible to measure the area of any part of the land surveyed. This is of great assistance in planning a season's crops as well as in calculating yields per acre.

Protecting Drainage Outlets. Tile, particularly clay tile, should not run out to the mouth of the drain. If a piece of old gas pipe, eight or ten feet long, can be secured this should be placed in the drain in place of the last few feet. Falling this a piece of corrugated steel, or even a plank trough is much better than running the tile right to the edge where they will be broken, washed in to the outlet, or otherwise destroyed, allowing the earth to roll in and stop the flow of water.

Under any condition the bank is liable to wear away. Animals pasturing in the field may tramp it down, and block the tile, so in the second place, an abutment should be built through which the outlet discharges its water and the bank will be kept in a state of preservation. This may be made of concrete, stone or plank, and should be a permanent structure. In some cases where the flow is heavy and the water would have a tendency to undermine the wall, it is well to build an apron on which the force of the falling water is broken.

There is still another precaution which should be given due consideration. Presently small animals, muskrats, coons, ground hogs and others, seek refuge in the tile. Here they are entrapped, and form a dam to the flowing water. To overcome such the outlet should have a screen across the end. These may be quite small, and close together so that nothing can get through. A screen may be fitted over the end, but unless the mesh is quite large the water is retarded in its flow. Sometimes the first tile is threaded with wire. This forms a good protection.

When all these devices are given attention, the outlet should remain in a state of efficiency for years, and the system, if properly installed, should give satisfaction.—F. L. Ferguson, O. A. College, Guelph.

VICTIMS ARE LEFT WEAK TIRED AND MENTALLY DEPRESSED
—TONIC TREATMENT IS STRONGLY RECOMMENDED.

No pestilence in years has caused more widespread suffering than the epidemic of influenza which swept over Canada in the fall and winter of 1918-19 and again this winter. The danger from this trouble is seldom over when the characteristic symptoms, the fever, headache and the depression of spirits have passed away. Influenza leaves behind it weakened vital powers, thin blood, impaired digestion and over-sensitive nerves. Men and women who were robust before stricken with influenza find their bodies racked by pain previously unknown to them. This condition is due to an abnormal thinning of the blood and leaves the system an easy prey to other serious troubles. This is the time when the convalescent from influenza should build up the blood with a reliable blood-making tonic such as Dr. Williams' Pink Pills. Weak blood means impoverished nerves, impaired digestion, a feeling of tiredness after even slight exertion, and sometimes even more serious symptoms. When the blood regains its rich red quality the nerves recover their strength and the organs of the body function naturally. In fact building up the blood will vitalize the whole system.

The experience of Mr. Andrew Marty, Bathurst, N.E., will prove of value to a host of influenza sufferers who still suffer from the effects of the disease. Mr. Marty says:—"The new life and consequently new hope brought into my life through the use of Dr. Williams' Pink Pills is almost beyond my power of expression. Following a severe attack of influenza in 1918 I found myself rapidly failing in health, and was naturally much alarmed. I began to lose weight, could not eat, did not sleep well and in a word I was reduced to a mere shadow. I was forced to discontinue

Doak's Colic and Compound
A safe, reliable regulation medicine. Sold in three dosages of strength—No. 1, 2, 3; No. 1, 2, 3; No. 3, 4, 5 per box. Sent by all druggists, or direct, prepaid on receipt of price. THE COOK MEDICINE CO., TORONTO, ONT. (Solely Wholesale)

work because of my weakened condition and things had a very blue outlook. I tried a number of suggested remedies, but without benefit. And then one day Dr. Williams' Pink Pills were suggested to me. I acted on my friend's advice, began taking these pills and soon felt an improvement. Every day I seemed to grow stronger and after four weeks' treatment I felt fully restored to my old-time health. From my own experience I feel that if given a fair trial, there is no medicine superior to Dr. Williams' Pink Pills in building up a run-down stimulant. They build up a run-down system."

Dr. Williams' Pink Pills are a tonic blood and not only the disastrous after effects of influenza but also troubles due to poor blood, such as anaemia, rheumatism, indigestion and the general worn-out feeling that affects so many people disappear. You can get these pills through any dealer in medicine, or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

WELL KNOWN PERFORMERS
ARRIVE THERE TO JOIN INDUSTRIAL LEAGUE

PORT COLBORNE, March 19—Since the close of the O. H. A. intermediate series here the management of the hockey club has carried through another successful season in the Industrial Hockey League. John More, general manager of the International Nickel Company, presented the league with a beautiful cup last winter which was won by the Canada Furnace team. On Tuesday evening about one thousand people turned out to see the final contest in which the Maple Leafs won the championship.

Four games were played each week since Feb. 3rd, and there were five teams in the league. Every team had some real stars. The Furnace team had Arbour, the Midland centre player, The Nickel team had Kirkpatrick formerly with Sudbury, and Newman Hall, and the Maple Leafs had Shaw of last year's Woodstock juniors, and Meagher, who played centre for Midland juniors this year. Sanderson of Welland intermediates played with the Veterans.

Mrs. M. D. Lawrie of Guelph died while on a visit to her son John in Hamilton.

HE OFFERED THE COP A NIP AND THAT BROUGHT TROUBLE

The warm and generous heart of Nick Nicol, 22 Peter street, caused him to view the scenery of Hamilton police court from a seat in the dock. It was hinted that he had punctured the O.T.A., but Nick declared that he got his liquor via the prescription method.

P. C. Rolfe told the story of Nick Nicol's generous conduct. At 12.50 last night he noticed Nick walking up and down Locke street, acting in a strange manner.

"This way," said Nick very softly when the officer approached him. "He lead the bluecoat several yards down the street, and stopped by a fence. After carefully looking around he put his hand behind the boards and drew out a bottle of whisky. "Have a drop," he offered. P. C. Rolfe confiscated the whole bottle and Nick, too.

"He says he lost his wife," asked the officer for directions and wanted to treat him because he showed him the way home," explained interpreter Yarosh on the prisoner's behalf. "He got the liquor by prescription." "Well if he can prove that he got it from a doctor, he can go," the magistrate said. "The fellow was kind enough to offer the constable a drop—it was a cold night, too."

Inquiries will be made by the police, and if Nick's story is verified, he will be let go.

OPEN NOSTRILS! END A COLD OR CATARRH
How to Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sneezing, hawking, mucous discharges, dizziness or headaches, no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving an instant relief. Head colds and catarrh yield like magic. Don't stay stuffy and miserable. Relief is cure.

The cornerstone of the Stamford Women's Institute Memorial Hall was laid yesterday afternoon without any ceremony. It is hoped to have the Hall officially opened some time in May.

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION
A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, dependent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS
SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Quick and Lasting Results, Assured the Ailing Man
BLOOD YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream.

Women As Brave As the Men

THEIR STRUGGLES SHOW A REMARKABLE SPIRIT

Talk about the bravery of men but where can you find a finer spirit than among the half-sick women who are fighting and struggling to do their duty against the terrible odds of ill-health, and who will not give up.

One woman in every three is struggling against weakness. Most of them are not exactly sick, but, oh, how miserable.

The burden and misery of it all has its foundation in the blood which is thin and watery. The red cells are too few. The very stream of life is reduced in vitality. Weakness and inevitable ill-health are the certain result.

Every ailing or weak woman can quickly regain her health in this very simple way. By filling the system with the nutrition that comes from rich red blood, a quick change for the better will result. To accomplish this, take two chocolate-coated Ferrozone Tablets after each meal. You'll feel better immediately for this simple reason that Ferrozone renews the blood. It gives you vim, vigor, endurance, restores a tired, worn-out system very quickly.

You'll feel like new all over once you get Ferrozone working through your blood. It puts color into faded cheeks, brightens the eye, quickens the step, brings back that wonderful feeling of youth.

One of the finest things Ferrozone does is to make you eat lots and digest it well. With keen appetite, sound sleep, strong nerves and lots of nourishing blood your bound to regain robust health. Any sickly girl or ailing woman that Ferrozone won't make well must be incurable. There is a secret power in Ferrozone and it is worth a trial at all events. Fifty cents per box, six for \$2.50. At all dealers in medicine, or by mail from The Catarrhzone Co., Kingston, Ont.

HOUSECLEANING TIME

In the Spring a Woman's Fancy Turns That Way.

She Finds the Work Fascinating—Some Very Practical Hints as to Doing the Job—Recipes for Cleaning and Polishing.

(Contributed by Ontario Department of Agriculture, Toronto.)

HOUSECLEANING for the most part is fascinating work, that is, after we pass the cellar. After all, this is really the most important part of the house and should receive first consideration in the spring. Probably it will never be known how much of the low state of vitality found in some families is to be charged to ill-ventilated, badly-lighted, poorly drained cellars, where decaying vegetables are kept, sending its foul germ-laden air to every part of the house. If vegetables are stored in the cellar they should be carefully picked over and all growth and decayed ones removed. In addition to thoroughly cleaning, the walls should be white-washed, and if the cellar is at all damp, it is well to keep a metal parthen receptacle containing unslaked lime constantly present. Not a day should pass without the cellar being properly aired. In the very hot summer days, the windows should be opened every night and closed during the day. The reason for this is that the outdoor air in the daytime is much warmer than in the cellar. This warm, moist-laden air enters the cooler atmosphere of the cellar, and the moisture condenses and rests on all surfaces making the cellar damp and warm. By opening the windows at night and closing them in the daytime the cellar is kept dry, pure and clean. It is well, too, before leaving the cellar to see that the screens are placed properly in the windows—screens of fine wire netting to prevent flies, or insects entering. We cannot emphasize too emphatically the need for proper protection against flies. More diseases are caused by flies than we are wont to believe; and while doing the spring cleaning it is well to see that each room is screened properly to prevent the entrance of flies.

If we attend to the little things before we start the actual cleaning, such as sorting and cleaning drawers, putting away furs, winter curtains, extra blankets, etc., and laying in a supply of cleaning materials, this will save a lot of time. It has been customary to cover the home with new furniture. We think it would be easy to make the house look well if we just had some new chairs, dressers, tables, etc., but as a matter of fact, it does not make the house look half as interesting as if we have some old furniture (which we have longed to discard for years) to transform into something new. What could be more fascinating than the painting of chairs, tables and other furniture in order to have it harmonize with the walls, the drapery, the woodwork, and the floor.

It is not only that a floor looks much better if it is painted or polished, but it saves time and energy in cleaning. The rough surface collects greasy moisture, dust settles in it, and it soon grimy discolored and unhealthy conditions exist. Pine floors are hard to keep clean. The following methods of treating them may be of value:

1st. Spread over the floor strips of old sheeting; to this add two coats of paint. This will secure a very satisfactory border for the floor and the strips may be covered with a rug.

2nd. Apply a coat of linseed oil. Then fill cracks with "Crack and Crevice Filler," and apply an oak stain and two coats of floor polish.

It is difficult to say which rooms in the house should receive the most careful consideration. The bedroom is important because it is in the bedroom the person should receive that perfect sleep which will insure physical and mental strength.

The kitchen, too, is important, because here the woman spends a great deal of her time. It will be found most satisfactory to have linoleum placed on the kitchen floor. This is easily kept clean, and is soft, warm, elastic and wears well. There should be nothing in the kitchen which cannot be washed. The furniture, walls, etc., should be washable. While cleaning this spring it is especially important that when scrubbing that all the utensils which are being used constantly should be in a convenient place, and if possible, closed cupboard doors should be placed in the kitchen. The following recipes and information may be found of value in doing the spring cleaning:

Washing Windows.—Always dust first and clean the woodwork before the glass. The glass may be washed with warm water and soap, ammonia, or kerosene, or whitening and ammonia. In washing wipe the cloth almost dry, rinse off the window, and dry with a soft cloth and polish with a soft paper or cloth.

Painted Woodwork.—Wash in warm soapy water with a soft cloth, doing it up at a time and drying as you go along. For light painted wood use whitening paste.

Vanished Woodwork.—If very soiled use soap and water. Dry very thoroughly and then rub with ammonia or kerosene. To use kerosene just dampen the cloth and after rubbing on the varnished woodwork rub again with a dry cloth. If not, you will find a white glow will result.

Dustless Dusters.—Dip the cheese cloth in a mixture made from 1/2 cup melted paraffin.

Note.—These dusters may be washed several times before they require to be dipped again.

There are many helpful suggestions for cleaning, and labor-saving devices appearing in weekly papers and magazines from time to time. It is a good plan to cut these out, place them in a labelled envelope or box for future use.—Miss D. M. Sutherland, Women's Institutes Branch.

Col. Harbottle has donated a shield to be given to the boxer scoring the most points in the Pittsburgh-Toronto tournament which commences today.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

The name "Bayer" on Aspirin is of "Bayer Tablets of Aspirin" which like Sterling silver. It positively identifies the only genuine Aspirin. Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. For over nineteen years and now made in Canada. The boxes of 12 tablets cost but Always buy an unbroken package a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monocarbonylchloride. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

PAINT LENGTHENS LIFE OF BUILDINGS AND MACHINES

Many an old ship has stood the racket of ocean travel for years mainly on the strength of the tar or paint applied to her sides, but sailors do not wait for the ship's hull to become weather beaten before applying the first coat of paint. Farmers, on the other hand, seem much inclined to let their buildings reach a state of partial decay before making any special effort to safeguard them against the play of wind and water. As a matter of fact, nothing pays better than paint applied immediately after the building is constructed, in lengthening the life of the structure. The same applies to farm machinery parts especially the wooden parts and it will always pay to paint such repairs to machinery wagons, etc., as have to be made before the work season for these articles commences.

Good paint applied to farm buildings and machinery, not only protects the good management employed in serving them, but calls attention to running the farm, a fact that helps greatly in case the owner wishes to sell either the farm or some of its products. Many farmers have paid so much attention to the economic value of the farm that they have neglected an important side of farm life. There is no reason why the farmer and his family should not have as attractive a home as attractive as the city dweller has. The farmer's neighbors as well as the passing observer, will judge him largely by the care he

takes of his stock, his machinery, and his buildings.

Painting is the easiest and least expensive way of making sure of neat clean surroundings, and is the best way of preserving the lumber in buildings, implements or machinery. With sprig approaching, the time has arrived for going the rounds of the machine shed to look out these articles that can be moved to a warm building for retouching with paint in addition to their annual overhauling and repair.

Any Woman Can Dye And Keep in Style

"DIAMOND DYES" TURN FADED SHABBY APPAREL INTO NEW

Don't worry about perfect results. Use "Diamond Dyes" guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings. The "Direction Book" with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

Wm. H. Frost the President of the Smith's Falls Malleable Castings Co. died at the age of seventy-three.

P. W. Wade has resigned as Secretary and Manager of the Ontario Winter Fair at Guelph, and J. E. Retter former Assistant Secretary, has been appointed in his stead.

DUTCH GOVERNMENT SEVERELY CENSORED

THE HAGUE, March 19.—The Dutch government was taken severely to task for what was declared to be its leniency toward the former German Emperor in a debate in the grand chamber of parliament this afternoon, when the premier announced a decree limiting Count Hohenzollern's movements and his pledge to mix in politics.

satisfied with the premier's answer as a mere slight increase in the guard about the former emperor was not enough and Count Hohenzollern's pledge not sufficient.

The premier, in answer, referred to his letter to both houses of parliament informing them of the assurance obtained from Count Hohenzollern that he would refrain from all political activity and do nothing which would involve Holland in any international difficulty. He added that similar action with reference to the former-crown prince had been considered

Deputy Von Ravensteyn, communist, declared that the government's policy of silence had strengthened the general belief that the former emperor came to Holland originally with Holland's silent approval.

Other deputies took a similar stand some wanting to know how lowing the Hohenzollern's would be allowed to stay in Holland. The premier said the government long ago had stated it knew nothing in advance of the former emperor's coming and not a single person in the government knew of it. Up to the present the premier declar-

DELTA, Col. Mar. 19.—With the roof of the hospital ablaze, Dr. J. W. McArthur, local surgeon, continued an operation upon a patient here. While the patient was on the operating table fire broke out on the roof directly over the operating room, but the surgeon continued his work. "It required all the nerve I could muster," he remarked.

ed it has not appeared that the former emperor or his son has participated in a single actinon.

The debate closed without any vote of confidence or lack of confidence in the government.

You Pay only the Same Duty on Red Rose Orange Pekoe Tea as on the Very Poorest Tea

Before the war there was no duty on tea.

To-day there is a duty of 7 cents a pound on tea brought from British possessions, and one of 10c. a pound on tea brought from other countries, regardless of the quality.

If it were levied on the value of the tea, as is the case with other goods imported into Canada, the duty on a pound of Red Rose Orange Pekoe Tea would be about double that levied on common tea.

But the duty on a pound of this fine-quality, mountain-grown tea—Red Rose Orange Pekoe Tea—is the

same as that on a pound of the very poorest tea.

This is one of the reasons that this tea of extra quality—as well as our standard, well-known Red Rose brand—is so much better value than ordinary teass.

You pay less duty.

This situation is appreciated by tea lovers all over Canada. There is a greater demand for fine-quality tea to-day than before the war. And our NEW fine-quality tea—Red Rose Orange Pekoe—is already enjoying a brisk demand.

Try it. Sold only in our new package—the waxed board carton.

T. H. ESTABROOKS COMPANY, LIMITED

St. John, Montreal, Toronto, Winnipeg, Calgary, Edmonton, St. John's, Nfld., and Portland, Maine.

Mountain grown Orange Pekoes from the best plantations. A tea of quality at a little extra price.

Our well-known Red Rose Package, the sale of which is increasing faster than ever before. Red Rose consists chiefly of Assam teas, the richest and strongest in the world and therefore very economical. (The Red Rose Orange Pekoe Package is a little different in design.)

The Children of the Public Schools Will Be Examined

(Continued from page 1)

Committee reported—That the property No. 11 Welland Ave. be known as the Administration Building of the Board of Education and that a suitable sign be procured and placed on same. The committee also recommended improvements to the building and to the brick house including a furnace for the brick house.

Mrs. Wright reported for the medical and dental committee—That Miss Riggins be re-engaged as school nurse for the year 1920 at \$1100 salary. Her exact duties will be defined later by the board.

That the appointment of a dental officer be deferred till Sept. 1 or until a dental room is equipped.

That \$800 be appropriated for finishing of such room and the payment of the dentist's salary to the end of the year.

That 2000 tooth brushes be ordered

to be sold to the children for their use at cost. That the medical officer make a report as to the number of backward and suspected mentally deficient pupils in our public schools and that the matter be referred to the Canadian National Committee on Mental Hygiene so that a psychiatrist may be sent over to make a more thorough examination.

The estimates of the committee totalled \$3190 for the year. All the reports were adopted.

The request of Wilson Taylor for further leave of absence till July 1st to carry on scientific research was granted. Mr. Montgomery, the supply teacher is to continue.

CITY AND DISTRICT

We buy everything you want to sell. McGuire & Co.

It is understood that the Ellis House is to be re-opened as a hotel.

The Ladies' aid of the Welland Avenue church are holding a bazaar of nations at the Ellis House.

Port Dalhousie Housing Commission is tonight receiving applications of those who wish loans for houses.

The snow storm again played havoc the market today. It was thinly attended.

"Please Get Married" is the rollicking musical piece on at the Grand Opera House Monday night the seats for which are going rapidly.

The Housing Commission intend shortly to let the contracts for about ten houses to start off the season's work.

Rev. Cooper Robinson gave an address last evening in St. Thomas Sunday School on "Japan Our Ally in the Far East." Mr. Robinson leaves for Japan as a Missionary next week.

An Austrian was up in Thorold police court yesterday morning on a charge of robbing a fellow-countryman of \$1,000, but the case was dismissed for want of evidence.

A meeting of the U.F.O. and I.L.P. on the will be held in the Court House, Welland, on the 25th of March at 2 p.m. and 8 p.m. for the purpose of organizing a Co-Operative Store in Welland. Subscriptions for stock and all necessary business will be transacted.

The Rev. Canon O'Meara L.L.D. Principal of Wycliffe College Toronto, will be the special preacher at both services in St. Thomas church tomorrow. He is at the head of one of the largest Theological Colleges in the Empire and his message will be well worth hearing.

Provincial Secretary Nixon announces that the business tax on distilleries in Ontario is to be restored. It was cut off when the O.T.A. became effective. Yesterday a deputation from Walkerville, where the big Walker distillery is located, waited upon Hon. Mr. Nixon requesting that the tax be put back.

The Ontario Government has under consideration a scheme for increasing the remuneration of jurors and witnesses. The arrangement was made this morning by Attorney General Ransay to Warden Peart, Reeve Eby and Deputy-Reeve McNeilly, of Wentworth County, who visited the Parliament Buildings, asking that this be done. The deputation asked that jurors' fees be raised from \$3 to \$5, and witnesses' fees from \$2.50 to \$3.50 a day.

The outlook for the Welland Shipyards is not favorable. Present contracts will soon be completed and no further contracts appear to be forthcoming. The Board of Trade has passed a resolution urging the government to give further contracts to the company as it is one of Welland's important industries. To back up the resolution a committee went to Ottawa for a conference with the Hon. C. C. Ballantyne and the Minister of Labor. The members of the deputation were W. M. German, K.C., R. Cooper, M.P.P., L. B. Spencer and Superintendent Walsh.

Soldiers from Dundas and Wentworth will benefit by the bequest of Miss Grace Lomax, late of Dundas, who died a short time ago. By her will, after making a few specific bequests, Miss Lomax directed that the residue, amounting to between \$7000 and \$8000, should be expended for the benefit of returned soldiers, incapacitated from earning a living, from wounds of disease contracted in the war. She directed that the money was to be expended for the benefit of non-commissioned officers and men, only, and that preference be given to those who enlisted and served with the various contingents furnished by Dundas and Wentworth.

LADIES' NIGHT AT CANADIAN CLUB

Dr. Albert Thompson last night addressed the Canadian Club at the Welland. There was a large attendance of members and of the fair sex also, it being ladies' night.

Used for Nervous Debility, Mental and Brain Worry, Dependancy, Loss of Energy, Palpitation of the Heart, Fading Memory. Price \$1 per box, six for \$5. Sold by all druggists, or mailed in plain pkg. on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO. TORONTO, ONT.

Finest Thing Ever For Chronic Catarrh!

GETS AWAY FROM THE MEDICINE HABIT, CURES BY NOVEL METHOD.

With the many remedies you have tried you surely know that no liberal medicine can cure your throat or nose. Even a gargle only bathes the entrance of the throat—it can't really get inside, nor can it reach the inflamed bronchial tubes.

With Catarrhazone, it's so different from medicine-taking—you simply breathe its healing vapor, inhale its balsamic fumes, which carry cure and relief to the minutest air cells in the lungs, nose, throat, and bronchial tubes.

In this scientific way the soreness and inflammation is rapidly allayed, relaxed cords are toned up, the entire mucous membrane invigorated. Every trace of catarrh disappears, the disagreeable dropping of mucus in the throat, hawking, spitting and stopped-up nostrils—all these sure signs of catarrh and bronchitis are permanently cured by Catarrhazone. Large outfit lasts two months, costs \$1.00 small size 50c., trial size 25c. at dealers everywhere.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since Aug and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Even in view of this, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$48,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled.

SPRING WATER HARD ON BABY

The Canadian Spring weather—one day mild and bright; the next raw and blustery is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is often overheated and badly ventilated. He catches cold. His little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing colds, simple fevers, colic and any other of the minor ills of childhood. The tablets are sold by medicine dealers or by mail at 25c. a box from The Dr. Williams Medicine Co., Brookville, Ont.

CHURCHES

WELLAND AVENUE METHODIST CHURCH

Rev. R. D. Hamilton, Pastor. Miss Anna Williams, Directress. Miss Lillian White, Soprano. Miss Elizabeth Robb, Contralto.

GIVES "DIVINE HEALER" THE BUFFALO "MESSAGE"

ST. LOUIS, March 20—Warned by Prosecuting Attorney Sidener that he would be taken to court every day he remained in St. Louis, Frederick L. Rawson, self-styled "divine healer," with quarters at Hotel Statler, today agreed to leave St. Louis at once if charges of petit larceny, placed against him following his arrest, were dismissed. His secretary, May Weston was arrested with him.

Sidener told Rawson he must be out of St. Louis before midnight. This agreement was reached at a conference shortly before noon at Sidener's office, which was attended by the prosecuting attorney, Rawson and his lawyer, C. A. Smith.

Rawson stated that he was headed for Chicago, and that he would stay at the Congress Hotel, where he expected to pursue his profession of healing without interference. Rawson reaped a big harvest here in dollars and at the time of his arrest had scores of patients waiting as they had been for several days for the silent and divine treatment at \$15 a treatment. Rawson's treatment as given to Louisians consisted of scarcely a few common words and a request to call again. Rawson's arrest was brought about by a policewoman whom Rawson had ushered into a private room.

Money Loose is Money Spent

If you hope to rise above the dependance on daily earnings, you must learn to save money. Saved money means capital, and capital means ability to take advantage of opportunities offering, until some day you become independent.

Bomb Was Placed Explosion Woke City—Much Damage to the Buildings.

Some few minutes before 1.20 o'clock Sunday morning someone placed a bomb in the doorway of the International Co-Operative Bakery on Front Street. It was a big bomb, like in every way. Among other things it contained a lot of big spikes. Put in a place to damage it was planned to carry its function.

About 1.20 there was an explosion which shook the whole neighborhood and was heard all over the city. Some people at distant points were awakened from sleep. The front of the bakery was blown in and wrecked from cellar to ceiling. Big spikes the bomb had contained were embedded in the ceiling of the shop. In all the police found several spikes.

There was no trace of the rest of the bomb though parts of it may be under water in the cellar. The force of the explosion wrecked the front of the Rosenberg building, blowing in the fronts of three stores on the ground floor. People sleeping in the rooms above were showered with glass in their beds. Windows in houses two blocks away were broken. The three stores were occupied by Rosenberg's Grocery, Smith's and St. Anna Rosenberg's Pop Shop.

Piles of glass and debris from the explosion strewn the vicinity of the wrecked buildings. The bakery was the object of the destruction.

Winston Churchill Lord G... Wit...

LONDON, March 20—Winston Churchill, the War Secretary, today added fuel to the political agitation started by the proposed Premier Lloyd George that the Liberal and Unionist parties form a new party to oppose the extremists.

In an article in the Evening Standard Mr. Churchill reiterates the Premier's call of yesterday, and characterizes the so-called Socialist party as a most dark and formidable opponent with which British civilization is confronted.

In the meantime, Andrew Dawson, the Government Leader, in a speech also upholding the Premier's position, said that the Labour party has also been quick to accept the challenge, and Labour members today indicate that they are prepared to fight to the finish to determine whether the Labour party will hold power in the Government.
