Our new spring stock of Shoes is now coming in. Drop in and see the new lasts. We have our prices down to bottom.—Rumford, the Shoeman.

The regular monthly meeting of Lambtons 149 Chapter, I.O.D.E., will be held at the home of Mrs. T. A. Adams, on Tuesday, March 14th, at 3 p.m.

Mrs. Ed. Upton, of the Queen's Hotel, Strathroy, who has been in very poor health for some time, was taken to St. Joseph's Hospital, London, last week.

We have a carload of six tractors coming next week just in time for spring rush. Orders are coming in so don't delay, get in on the first shipment and get full use for the season.—R. Morningstar.

Hello, what's this? A St. Patrick's Tea, to be given by the Utopia Bible Class of the Methodist church. In the school room, March 17th, from 6 to 8 o'clock. Be sure and come. Admission 25 cents.

We would suggest that the Watford Horticultural Society decide upon a civic flower and every household raise some. Many towns now have a civic flower and are proud of their production.

An Alvinston subscriber in re-writing for the Guide-Advocate writes: "I have been taking the paper for nearly half a century and it is like good whiskey—it improves with age."

Patronize home talent. "Safety First"—the Lyceum, March 21—22.

"The Four Horsemen of the Apocalypse" comes to the Lyceum, Friday evening, March 24th. "Ten Nights in a Barroom" follows shortly after. Don't forget these big features.

80 dress ends of fancy voiles 75c.—Swift's.

I have secured the services of Mr. John M. MacCorkell. See Mac for any information regarding cars or tractors.—R. Morningstar.

The annual meeting of the Provincial Grand Chapter of the Royal Black Knights is in session at Sarnia this week with a large attendance. They were officially welcomed and given the freedom of the city by Mayor Crawford.

Begin the Spring March 21 and 22 with "Safety First."

Have you ever tried placing cuttings of lilac branches in water in a sunny window in winter? By doing so you will be surprised and delighted to see flowers in three or four weeks' time, says an exchange.

The next non-jury sitting of the Lambton county court is scheduled to be held here on April 4, and the next jury session on June 13. No cases have yet been set down for the April court.

The new skirts at Swift's. Open today.

The Soldiers' Memorial Tablet to be placed in the Watford High School is now on exhibition in Swift & Son's window. It is a handsome tablet and contains the names of the twenty-one graduates of the school who lost their lives in the world-war of 1914-1918.

Among the special preachers secured for the mid-week services in Trinity church during Lent are Rev. (Capt.) Pugsley of Strathroy on March 16th. Ven. Archdeacon Doherty of London on March 23rd, and Rev. Marston Shore of Warwick on the 30th. Rev. A. A. Bice of London gave a very impressive address last Wednesday evening.

Choose either night, March 21 or 22nd—"Safety First."

There were some exceptionally fine and warm days the first of this week for early March. It is to be hoped that we will not have to pay up for this beautiful weather later on. On Sunday many citizens availed themselves of the chance to take a long walk and some few got out their autos for a spin.

Great values in Dress Goods, all-wool, 75c and \$1.00.—Swift's.

## "SAFETY FIRST"

"Safety First," a very interesting and humorous farce comedy in three acts, will be presented under the auspices of the Young People's Society of the Presbyterian church, Watford, on the evenings of Tuesday and Wednesday, March 21st and 22nd, in the Lyceum. Splendid musical entertainment between acts. Reserved seats 50 cents, admission 35 cents. Sent sale opens at Siddall's drug store Saturday, March 11th. Secure your seats early and encourage local talent.

Fordson complete with pulley and governor, Oliver combination ten and twelve inch plow and Bissell double row disc harrow, all for \$723 with all tax and freight paid.—R. Morningstar.

Taylor & Son retiring from the drug business.

After a long and successful career owing to ill health Mr. T. B. Taylor has disposed of his drug store to Dr. Siddall and brother. Mr. Taylor is one of the most successful business men in this district and has always commanded the respect of the purchasing public for his straightforward and many methods of doing business and we wish him many years of retired life. We are pleased to know that he and Mrs. Taylor are going to remain with us as citizens although they have interests in other places.

On Friday evening last the members of the Reading Club enjoyed one of the best addresses in the history of the club, when Rev. H. V. Workman spoke on the subject "Apocalyptic Literature." The speaker not only dealt with his subject in an extremely interesting manner but also made it extremely interesting.

An important business change took place in Watford this week. The old firm of Taylor & Son, druggists and stationers, has changed hands, the purchasers being Mr. G. H. Siddall of London and Dr. W. G. Siddall of Watford, who are now in possession. Mr. T. B. Taylor established the business in 1867. We bespeak for Messrs. Siddall & Siddall a continuance of the liberal patronage and confidence given the old firm.

Spring business has opened up in Swift's Tailoring dept. The smart tweeds and worsteds shown are very special. No delays—a suit in seven working days, rush orders in four working days—all bench-tailored and designed by leading cutters in Canada.—The Art Tailoring Co., Toronto. Our Slogan this year is "Quality Cloths and Expert Tailors."

The Guide-Advocate subscription lists have been corrected up to March 6th. Since the last revision, a great many subscribers paid up and should receive credit on their labels. Please look carefully at your label, and if it has not been changed, where it should be, notify this office, so credit can be given. There are a few labels yet around on which there was no correction.

The women's international and interdenominational day of prayer for missions was celebrated Friday last in Watford by a well-attended service in the Methodist church in the afternoon. The service was a most impressive one, following as it did more or less exactly the suggested outline for service prepared through the interim council of the Women's Board of Canada. The attendance at the service was large.

Perhaps the fashion hasn't reached Watford. If not look out for it. We mean the new order which decrees that unbuckled galoshes seen flopping along the street proclaim the fair wearer to be a Free State and therefore open to matrimonial entanglements. A girl is engaged, not engaged, according to the use she makes of her buckles. If her galoshes are unbuckled so are her affections. The ring, symbol of subjection, is out of date.

Smart ready to wear suits for the young men. Our \$25 suits are wonders.—Swift's.

## PERSONAL

Miss Vera Edwards spent the week end with friends in Strathroy.

Mr. Bruce Marwick, Dradsden, spent the week end at his old home here.

Mrs. H. D. Taylor, London, is visiting her mother, Mrs. Wm. Marwick.

Mrs. Jessie H. Willett of Monroe, Mich., is visiting her sister, Mrs. J. H. Jackson.

Miss Erva Gough, Strathroy, was the week end guest of Mrs. Harry Y. Williams.

Miss Louise Dodds returned on Friday from a two weeks' visit in Port Huron.

Mrs. Carl A. Class is visiting relatives in Windsor and Dearborn, Mich., this week.

Mr. and Mrs. W. C. Aylesworth spent the weekend with the latter's parents in Petrolia.

Major F. A. Taylor and Mr. F. T. Taylor of London spent several days in Watford this week.

Dr. C. F. Kenward, Gary, Ind., and Dr. E. Kenward, Lacom, Ill., were here this week to see their parents.

Drs. Eccles and Clegg, London, were here on Sunday to see Colonel Kenward. On their suggestion the Colonel went to London Tuesday to undergo X-ray treatment.

## CHOP STUFF

Exeter pays \$65 per year for ringing town bell.

Henry Smart of Norwich has purchased Mrs. Penfound's furniture business in Oil Springs.

A. E. Beetham has been appointed night policeman at Leamington at a salary of \$100 a month.

The men of Parkhill Anglican church entertained the women of the church in the parish hall.

In Petrolia a petition was circulated asking to have that place made a centre for the issuing of automobile licenses.

In the rat killing contest in Essex Charles Robert's team won with a count of 1225 rats. The total number killed was 2170.

The St. Thomas Times-Journal says that a chain of grocery stores will be shortly established in Sarnia Petrolia and Strathroy.

While sawing wood with a tractor Ralph Wood of North Dawn was drawn into a wheel and his clothes torn off, but fortunately he was not injured.

The Petrolia Epworth League gave a reception to Miss Edith Tufts who is leaving shortly for China on Missionary work. She was the recipient of a number of presents.

While walking in his sleep one night last week, Charles Sweet of Essex had the misfortune to fall down stairs and injure his head and back. As Mr. Sweet is 86 years of age, the injuries are quite serious.

Rev. W. S. A. Larter is the new rector of Alvinston and Napier Anglican churches. He came to Alvinston direct from London, England, where he has been serving at Holy Trinity church, Beckenham.

About two dozen boys in Amherstburg are installing wireless outfits and a more pretentious station is likely to be installed by the Bruner Mound Club with a music transmitting equipment.

Mr. Geo. Woods of Florence has purchased the grocery business of Mr. Bruce Stratton in Dresden, and took possession on March 1st. Mr. Stratton has leased the property on the river front in Dresden from Jas. Arnold of Sombra and will open up a grocery business there.

Oliver, the wife of Ezra Webb, of Grand Bend, and only daughter of Mr. Isaac Green, Grand Bend, died at Grand Bend on Friday, Feb. 24, from pneumonia. She leaves besides her husband, a son about a year and a half old. Interment was made in Grand Bend cemetery on Sunday.

The Parkhill Gazette says—The farmers of the vicinity are finding great encouragement in the fact that the cattle buyers, though most of them were rather hard hit last year, are again very busy looking for the class of stock they require, either for shipping or for feeding.

The funeral of the late Mrs. J. R. Snell, who passed away at Arkona on Tuesday while on a visit with her daughter, Mrs. Couzens took place in Chatham on Thursday. The funeral was held from the residence of Mrs. Richard Love to the Maple Leaf cemetery and the services were conducted by the Rev. Dr. Daniel. Among those attending the funeral were Mr. and Mrs. Jas. Garen of Sarnia, the latter being a daughter of the deceased.

Edna L. Wark, 1661 Webb avenue, Detroit, was granted a divorce from Bruce H. Wark, formerly of Lambton County, president of the Wark-Gilbert Co., real estate operators. That her husband told her he no longer loved her and was not hypocritical enough to accept her caresses, was her testimony before Judge Adolph F. Marschner in circuit court. She was granted \$40,000 and some real estate by the terms of the decree.

Death came suddenly in London where he was visiting, to Jonathon Taylor, of Enniskillen, Saturday, Feb. 25, when he was stricken with paralysis and died within a few minutes. Mr. Taylor was born in the township of Zone on June 9, 1866, and there married Phoebe Welch, who, with her daughter, Mrs. Chas. Poland, 6th line and son Harvey, at home, survives. He is also survived by two brothers, Wm. of Wabash and Geo. of Independence, Mo., and one sister, Mrs. Wm. Gordon, of Thamesville. The funeral was held Tuesday at Hilldale cemetery, the service being in charge of Elder John C. Dent, of the Latter Day Saints church.

## Wyoming has formed a Horticultural Society.

John S. Brown, son of Mrs. J. G. Brown, of Wyoming, fell on the ice while playing hockey with the Hamilton Tigers in Galt and broke his left collar bone.

Samuel Haines, a well-known musician and bandsman of Chatham, lost his life when he was overcome by carbon monoxide fumes in his garage.

Mr. John Bailey, of Etonia, has a phenomenon in the way of a ewe which on Tuesday gave birth to four healthy lambs, all of which so far are thriving and give promise of living and are fully up to the average size.

The librarian of Kingsville Public Library gets \$400 a year salary. The library is kept open for two hours four afternoons a week and every evening. He also acts as janitor and takes care of the grounds during the summer.

On Friday last, a flock of thirty-two robins were seen in a couple of large trees at "Woodland" cottage the home of Mr. Angus Woodbridge on the lake front and the next day, Saturday, Mr. Woodbridge saw at the same place a flicker and nut hatcher and a blue bird. The twenty-four of February is somewhat early for these birds to return from the southland.—Kingsville Reporter.

John McMillan, a young man, was found dead sitting up in his auto in the garage of his brother, Hector, on the Back Ridge road, east, near Blenheim, on Thursday last. He was unmarried. At the time he made his home with his mother, in Blenheim and was well-known as a man of very quiet disposition. He owned a farm on the eighth concession of Harwich township. He was 36 years of age.

When Bernard Janus, of 382 South Christina street, Sarnia, arrived at his shop Monday morning he found that the burglars had visited the premises and made away with auto tires and other materials. The burglary occurred some time on Sunday night or early next morning, and the entrance was made by smashing a window, and part of a spring of an auto was found in the ditch, this being the instrument used by the men in effecting entrance.

License Inspector W. J. Coulter Friday issued a summons against Russell Richard, a resident of Petrolia, calling him to appear in court and answer a charge of keeping liquor in other than a private dwelling. When it came to serving the summons today, it was found that Russell had skipped and the charge is therefore in abeyance until some trace is found of his whereabouts. Mr. Coulter stated that he supposed he took alarm when his place was visited by the police and preferred not to take his chances in court.

On Saturday, 26th ult., Mr. and Mrs. David Watson, Plympton, held their annual gathering, it being the occasion of Mr. Watson's birthday! About 25 relatives and friends were entertained among whom were Mr. and Mrs. A. Horne and daughters, Brown City, Mich. After a sumptuous dinner the older folks enjoyed a social chat while the younger ones went for a joy ride. An evening spent in games and music brought the very enjoyable day to a close. Mr. Watson was recipient of several useful gifts.

The Bishop of Huron, conducted confirmation services in the Anglican churches of Sarnia on Sunday. At St. George's church in the morning, there were thirty-three candidates, and twenty-eight at St. John's in the evening. At both services the churches were filled to capacity. In the evening scores were unable to obtain standing room at St. John's and reluctantly turned away. Others heard the service through from the porches.

Good progress is being made in the enterprise to instal a modern wireless receiving plant of high power in the Amherstburg town hall. The poles for the aerial are on the ground and Mr. Carter, of Windsor, has the contract for the installation. It is the intention of the promoters to have an amplifier and horn on the outfit sufficiently large to send the sound all over the hall, where concerts from all the large cities will be caught and given to delight local audiences. The cost is being borne by public subscription, but the Boy Scouts, who will take over the wireless and benefit from proceeds of concerts will repay the initial subscriptions first before building up a fund for the advancement of their particular objects.

### NOTE AND COMMENT

The Ontario government, in answer to a question, said that 8,297 orders in council had been passed since the Farmer party came into power.

The Washington Conference will save Great Britain £10,000,000 this year in the naval budget. Progress is now being measured by the reduction a nation makes in its military and naval expenditure.

Margot Asquith complains of our "dreadful" sleeping cars. Margot should travel really first class, in a compartment car, with its conveniences. She would then realize what luxurious travelling is like.

Mr. Wellington Hay of North Perth was elected Liberal Leader for Ontario at the Liberal convention held at Toronto last week. He has been in the Legislature since 1914, was chief Liberal whip and acting Leader after the resignation of Hardesty Dewar last year.

French Free-State officials are considering a new currency. While reckoning by pounds, shillings and pence will undoubtedly continue for some time, it is expected that the decimal system will eventually be adopted, and that "dollars and cents, or their Gallic equivalents" will ultimately take the place of the sterling money.

Guelp Herald:—Some people wonder at the waste of time noticeable in debate in the Ontario Legislature. Can it be that the \$20 per day in addition to the \$1,400 seasonal indemnity, for every day if the session exists over 30 days, has something to do with the prolongation of the ordinary life of the Legislature?

Kingsport Standard:—Some people are still wondering if this is the time to buy, or should they wait for further drops in prices. So far as can be judged, it is the time to buy, and thus encourage trade. Money is required in circulation more than ever now, and we might point out that not only would buying aid in doing so, but so would the payment of old accounts, and the prompt payment of new ones.

Liberal women in the convention at Toronto last week went after what according to them, is a terrible inconsistency in the law respecting the franchise to women. According to Mrs. Ferguson and Mrs. Dewar, women have a right to be elected school trustees in rural sections, but they haven't the right to vote for school trustees—not even themselves—if they are running. The convention agreed that such a thing was unjust.

Detroit officials propose to ask for legislation that will make the deliberate destruction of food a crime. This follows investigation of conditions there among bakeries. Thousands of loaves of good, wholesome bread are withdrawn from the market daily and destroyed by burning or are sold to feed hogs and chickens. These loaves are counted by the bakers as an almost total loss. This loss is made up by charging more for the bread that is sold. That is one reason given by the bakers for the high price of bread in Detroit.

### HALL'S CATARRH MEDICINE

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

Man is naturally a home-loving animal, in fact most animals are home-loving. And when a man asks a woman to share his life, it is usually taken as a gentle hint that he wants her to make him a home and take a sort of general oversight of himself. He likes to know that she does things for him just for the reason that she loves him and is interested in him and his well-being. He loves his home more if there is some impress of her personality upon it. He likes best the meal she prepares for him. Of course, he says very little—perhaps nothing—of all this, being a man.

The girls are in trouble again. This time it is because they are wearing rolled stockings. One Collegiate principal has refused to admit any student thus adorned. Poor girls. We kick if they wear thin silk stockings, and we kick if they try to keep warm by wearing golf stockings over them. We kick if they wear their skirts too short and we kick if they wear them too long. We kick if they wear low shoes, in winter, and we kick if they wear overshoes, because they don't buckle them. Suppose some of us muffled up, rheumatic, asthmatic and sciatic old grouchers try leaving them alone for awhile.—Renfrew Mercury.

J. J. Hunter of the Kincardine Reporter has been listening to Margot Asquith. Standing it as long as he could, J. J. picks up the office axe and writes as follows: "If Herbert Asquith, ex-premier of Great Britain, had properly halter-broken Margot when they were first married she would not now be making the British people appear ridiculous in the eyes of the Americans. She's neither clever nor entertaining. The money that she is pulling down for what she calls a lecture is being taken under false pretences. Her talk is mere piffle and gossip. She should be ashamed to repeat some of the stuff she hands out. Margot—a muzzle for you!"

The Ontario Government formally started into the savings bank business on Wednesday, when branches were opened in Toronto, Aylmer, St. Mary's and Woodstock. Subsequently branches will be opened in other points. These will be designated "Province of Ontario Savings Branch," the word "bank" not being used. These branches will receive money not to loan it, the loans being made from Queen's Park. The government pays 4 per cent interest, and the money can be withdrawn the same as in any other savings bank. The object is to raise money which can be loaned to farmers at 6 per cent, the margin being expected to be sufficient to cover the overhead expenses. In case more is received than there is demand for, the balance will be invested in government loans.

### PROHIBITORY LAWS OF EARLY VIRGINIA

They were hard riding, hard drinking, hospitable and gallant gentlemen the lords of the manor in Colonial days. Small "tippling houses," probably mere drinking bars, for the refreshment of travelers, became so numerous that Virginia passed her first prohibition laws limiting each county to one at the court house and one at a public landing or ferry. But this ancestor of the Volstead Act was not popular and was quickly swept aside, says Paul Willstach, in "Potomac Landings." The inns and coffee houses were so attractive with their convivial taprooms that they became an embarrassment to the colonial government, for the clerks in the provincial offices spent far more time tippling at their bars than in recording deeds in the government offices.

The Maryland laws against profiteering in liquors are interesting. Among the charges fixed by the Legislature were: Brandy, malaga and cherry, 10 shillings per gallon; canary, 12 shillings; French, Rhonish, Dutch and English wines, 6 shillings; Mum, 3 shillings; plain cider, 25, and boiled cider, 30 pounds of tobacco a quart. Lodging in bed with sheets was also fixed at 12 pence and diet 1 shilling a meal.

### OUR POPULATION LESS THAN NINE MILLION

New Census Adds Ten Members to Commons. Ontario Loses One Member, the Western Provinces All Gain in Number of Representatives.

Ottawa, Feb. 26.—Revised figures of census returns issued last night bring the total population of the Dominion to 8,769,489, as compared with 7,206,643 in 1911, an increase of 1,562,846. The revisions modify the announced totals for Nova Scotia New Brunswick, Prince Edward and Ontario. The revised figures for Ontario, rather curiously, restore previously unofficial computations, the total announced being 2,929,054. The total for Ontario at the last census in 1911 was 2,523,274.

The total by provinces and territories, as compared with the 1911 census, now stands:

Province	1921	1911
Nova Scotia	523,835	492,338

## Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

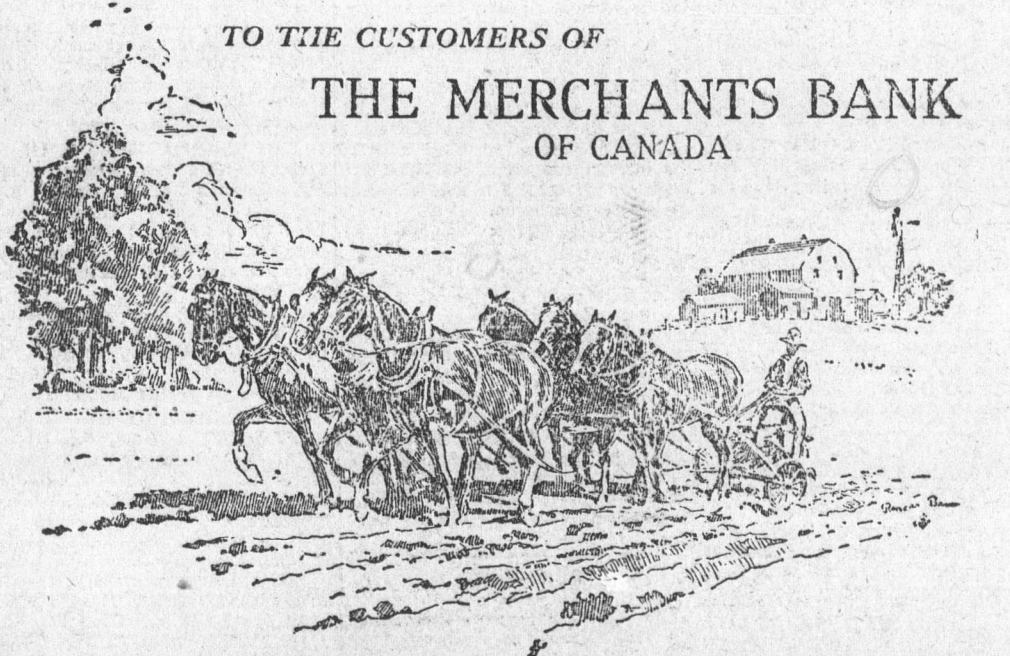

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

**GENERAL DEBILITY  
FOLLOWS INFLUENZA**

**The After Effects Often More Serious Than the Disease Itself.**  
No reasonable precaution to avert an attack of influenza should be spared. The disease itself often proves fatal and its after effects among those who are spared, make the life of the victim one of almost constant misery. Ask almost any of those who have been attacked by this trouble what their present condition of health is and most of them will answer: "Since I had the influenza I have never been fully well." This trouble leaves behind it a persistent weakness of the limbs, shortness of breath, bad digestion, palpitation of the heart and a tired feeling after even slight exertion. This is due to the thin-blooded condition in which the patient is left after the fever and influenza have subsided. This condition will continue until the blood is built up again, and for building up the blood and strengthening the nerves nothing can equal a fair treatment with Dr. Williams' Pink Pills. The value of this medicine in cases of this kind is shown by the statement of Mr. Edward J. McGuire, Pembroke, Ont., who says: "In the fall of 1918 I was attacked with the influenza—and not in a mild form either. I was confined to my room for three weeks, and although the influenza subsided I did not regain my health. As a matter of fact I seemed to be growing weaker. I had no appetite, was subject to fainting spells and my feet and ankles were badly swollen. The doctor told me that my condition had developed into a serious case of anaemia, and although I was under his care for over two months I was not improving in any way. At this stage one of my friends advised me to try Dr. Williams' Pink Pills. I was loth to do so, as I began to think my case hopeless. However, I was finally persuaded to try them, and by the time I had used two boxes there was no doubt they were helping me. I continued taking the pills until I had used a dozen boxes, when I found that every symptom of the trouble had left me and I was again enjoying the best of health. I returned to my work and have ever since been in good health and feel that I owe it entirely to Dr. Williams' Pink Pills. I think that anyone who is suffering from the after effects of influenza, or any form of anaemia should give this medicine a fair trial."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville.

**UTTOXETER LADY HAS 41  
GRANDCHILDREN**

A family group representing four generations all women and the youngest an adult is seldom seen but Mrs. Samuel Bailey at present residing in Uttoxeter is the founder of this proud record. In this group the great-grandchild is twenty years old and the great grandmother eighty-three.  
They are Mrs. Samuel Bailey, of Uttoxeter; her daughter, Mrs. John Marriott, of Sarnia; her daughter and granddaughter, Mrs. J. Jackson and Miss Elsie Jackson, of the Plympton and Enniskillen townships.  
Mrs. Bailey is one of the pioneers of Lambton and was born in Sarnia on the site of the present court house. She was raised in Warwick township and after marrying she moved to Plympton. She is the mother of 13 children, all but one of whom are living. They are:—Thomas in Vancouver, B. C.; Mrs. Geo. Withington, in Oregon, Wash.; Mrs. Alexander, Chicago; Mrs. Judson, California; Mrs. Geo. Marriott, Sarnia; Mrs. Sanders and Chas. Bailey, Castor, Alta.; Samuel Bailey, Sarnia Tp.; Mrs. John Marriott, Wainstead; Mrs. Silas Hayes, Plympton; Mrs. Archie Dewar, Uttoxeter; John Bailey, Duluth, and Mrs. Karr, Barrie, Ont.  
Mrs. Bailey, who lives with her daughter in Uttoxeter and enjoys very good health has forty-one grandchildren and twenty-one great grandchildren.

Protect the child from the ravages of worms by using Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

**OBITUARY**

**John Clark**

The late Mr. John Clark, whose death was noted last week, was one of the early settlers of Warwick Township, having come in 1868 to the farm on which he died. Some of the neighboring farms were partly cleared but up till that time a lot of 22 stood untouched, a natural forest. Mr. Clark was born on the Isle of Man, Sept. 18th, 1830, and came four years later to Canada with his parents, making for themselves a home near Springfield, Ont. In 1859 he married Miss Phoebe Baker of Springfield, who died in 1874, leaving a family of three children, Eleanor (Mrs. Nathan Hagle, Port Huron Mich.); Hugh B., on the homestead, and Phoebe (Mrs. David Ross, Yale, Mich.). In 1883 Mr. Clark married Miss Johanna Bowes of Wisbeach, who predeceased him Feb. 22nd, ten years ago, and who was survived by one daughter, Elizabeth, at home. Mr. Clark had been in failing health for some time and in the early morning hours of Tuesday, Feb. 28th, slept quietly away. The funeral took place Thursday afternoon and was largely attended. Burial at Arkona. Rev. W. K. Hager, pastor of Zion Methodist church, of which Mr. Clark had for many years been a member, had charge of the service and directed the thoughts of those present to the latter part of I Thess. 4. The pall-bearers were Messrs. D. Ross, N. Hagle, J. A. Minielly, R. Adams, R. E. McGillicuddy and G. A. Baird.

**John D. Noble**

After a lingering illness, John D. Noble, died Friday morning at the family home Petrolea. The late Mr. Noble came to Petrolea in 1863 and entered into the oil business. During his active days he was one of the largest oil producers in Canada and was favored in the ownership of large wells. In politics he was a staunch Conservative and for many years represented Christ church, Petrolea, in the Anglican Synod. Deceased is survived by his wife and four sons, Robert, Boston, Mas.; Stafford, Elmira, N. Y.; James, Vancouver, B. C., and Ernest of the Imperial Oil Co., Limited, Sarnia. Miss Jenkins of Sarnia, is a niece.

**John Stirrett**

The death occurred at the home of his daughter, Mrs. Earl Hall, Grand Rapids, Mich., on Monday, Feb. 27th, of John Stirrett in his 76th year. Deceased was on a visit to his daughter in Grand Rapids, and while there he suffered a paralytic stroke from which he never recovered, and passed away on the above date. Deceased was born in Stathcona, Scotland, in 1844 and came to Canada with his parents in 1847, settling on the 6th line of Plympton. In 1874 he married Charlotte Lavina Spearman, who survives him. After their marriage they lived in Dawn Township, afterwards moving to Sarnia where they lived till about two years ago, when they moved to Corunna. Besides his wife, two daughters, survive him, three brothers and one sister also survive him viz., George, Josiah, William, and Mrs. Neal Dewar.

The funeral service was held on Tuesday afternoon, and was conducted by the Rev. Hall, of Sarnia. Interment was made in Beechwood cemetery, Forest. The pall bearers were Samuel Bailey, Robert Sparling, William Bullfick and James Jamieson.

**William Graham**

Wm. Graham, who resided for several years on the Leonard farm, 12th line, Bosanquet, died on Sunday last in the General Hospital, Sarnia, aged 51 years. He had been in poor health for some time after moving to Sarnia, but his condition was not regarded as critical until last week, when excessive blood pressure brought on convulsions. Mr. Graham was twice married. His first wife, Lucy Taylor, died in England before he came to this country. His second wife, Sarah Quigley, survives him, and is ill at their home in Sarnia. Five daughters, by the first wife, also survive him, viz.: Alice, in Parkhill; Lucy and Lena, in Forest; Katie in Bosanquet, and Edith in Warwick.

**John Dewar**

John Dewar, flagman at the G. T. R. Main street crossing at Capac, Mich., was instantly killed Wednesday evening, Feb. 22nd, while about finishing his day's work. After guarding the crossing for a west bound local freight on the north track, and while it was passing, he took a shovel to clean the mud and slushy ice off the plank crossing on the south bound track. While thus shovelling he was facing west, and the day being foggy he did not notice a fast freight east bound coming. Though the engineer blew the whistle in long blasts and put on the brakes, the train could not be stopped in time and Mr. Dewar received the force of the blow in the face, which was stove in. He was thrown 25 feet, and his body was not mangled by the wheels. A coroner was summoned and the verdict was that the passing train and fog were responsible for the accident.

**SINGING AT FUNERALS**

At Brantford the other day at the inquest on the body of an unknown man, the coroner's jury "expressed regret that only the undertaker and the grave digger were present when he was buried, unhonored and un-sung." Life has its sad lights, generally more than its glad. There seems to be much to cry and little to laugh about. At the same time, that word, un-sung, applies to the way we would like our own obsequies conducted when the time arrives. There is nothing joyous about a funeral, and all of us can recall when the singing meant piling on the agony. In a church, with a proper choir, and with some of the old, old hymns that comforted our fathers in their times of grief, yes; decidedly yes. But in the average home, with a quartette hastily scurried together and usually only two or three of them hitting the key, un-sung for our's, if you don't mind.

**THE HORTICULTURAL SOCIETY**

The Watford Horticultural Society certainly justified its existence in 1921 by transforming the Federal Square from being an eyesore to the town to a spot of beauty we were proud to point out to our visitors.

As a proof of the way Watfordites old and young appreciated the change; not a flower was picked, not a plant destroyed or trampled, not withstanding many dismal prophecies to the contrary.

There was a membership of 75 last year, there should be twice that number this year and every family in the town should have at least one member on the list.

Recognizing the fact that the School Fair cultivates in our children a love of the beautiful and the useful in nature the Society gave the Fair liberal support which will be continued this fall.

There will be two free lectures given by Government specialists during the season.

Last Fall some 3000 bulbs were purchased in Holland at a low cost for members and as the shippers sent about 500 extra, these were tucked into the Federal Square. Watch for them this Spring. The Society expects this Fall to give bulbs free to its members and will be glad to assist at any time in selecting trees, plants, shrubs etc., and will purchase and deliver these at actual cost if desired by members.

Premiums were given last year to the amount of about 50c. This year you get practically your whole dollar back.

Each member is entitled to one choice only of the following premiums free and requests must be in by March 20th.

Put a cross beside the item you choose.

Choice 1—Gladoli—15 bulbs. Carefully selected, named varieties. Easy to grow, and very beautiful.

Choice 2—Rose Bushes—2 Hybrides. Three years old. Choice stock imported from Holland. Can be successfully grown in Watford.

Choice 3—Cannas—15 dormant roots of the large, green foliage variety. Make fine background for other flowers. Grow 6 to 8 ft. high. Small red flower. These roots were grown by Mr. Bate.

Choice 4—Seeds—Flower or vegetable. Members choosing this premium will be given an order on P. Dodds & Son good for 75c worth of seeds, any variety member selects.

If you wish your premium used to help beautify the Federal Square instead of delivering it to you, put a cross before this sentence.

Members from the country round Watford will be cordially welcomed. Cut out this list pin a dollar bill to it, or more if you can spare it, and hand or send it to one of the officers of the Society.

The Council showed its appreciation of the work that is being done by giving the Society a grant of \$50.

Members will call at Watford homes during the next week; have your choice ready for them.

Become a member of the Horticultural Society and help to make our homes and our town more beautiful, more worth living in.

He who makes two blades of grass grow where only one grew before has accomplished something worth while.

### FOREST FRUIT GROWERS MEET

A meeting of the Forest Fruit Growers and others interested in the culture of fruit, was held in the rest room of the co-operative store on Tuesday afternoon, February 21st. The meeting was addressed by Prof. L. Ceasor, of the O.A.C., Guelph. The chair was taken by the Vice-President, A. J. Clark. The professor took as his subject, "Fruit culture in its various aspects." He explained how pruning should be done, stating that it needed good common sense to shape a tree properly, not over-pruning, but enough to let the light in to properly color the fruit. He next spoke on "Cultivation" stating that the orchard might be plowed in the fall, but if not, as early in the spring as you could get on the ground and to keep cultivating at intervals, but not later than July 1st. But what he emphasized most strongly, was proper spraying with the right materials and at the right time, stating that all orchards should be sprayed at least three times and the fourth spraying very often paid well. He maintained that with proper pruning, cultivation, and above all with proper spraying you might expect 95 per cent. clean fruit, fit for marketing. Taken altogether the meeting was a decided success.

### SARNIA HAS NEW MASONIC LODGE

Saint Paul lodge, A.F. & A.M. was formally organized at a meeting held in the Masonic hall here on Saturday night. District deputy right worshipful brother W. R. THE AGENT NUISANCE

Like men in all other walks of life, those who go to make up the class that can be put in the "agent" category are composed of various temperaments, so I will not include them all in this criticism, but I'm going to go on record as claiming that a goodly share of those who follow the trade of a door-to-door salesman of anything from pins to pianos have more than the proper share of nerve, gall, or whatever you like to call it, that should be allowed any single individual. Honesty is a lost art to many of them and persistence is their slogan. Add to this impudence and resentment (when they fail to make a sale) and you have a fairly good pen picture of the make-up of these traveling gentry. There has been a regular flood of agents for some time past, due probably to the unemployment situation, and while no doubt a share of them are honest men trying to make an honest livelihood, there are others who ply the trade who by their "gall" not only frighten many housewives but give a bad name to all their fellow-agents. It is a common thing for some agents to literally force their way into a person's house when the door is opened to their knock, and many women find the easiest way to get rid of them is to buy their wares whether they want them or not. Last week saw one of these chaps who asked himself in, by a misrepresentation of giving something for nothing, and then tried to force a sale before he went out again. How often must credulous people be stung before they learn that getting something for nothing isn't in style any more? These fellows who are demonstrating somebody's goods or working their way through college may be stating the truth, and as far as it goes we can let it go at that, but when they get insulting then it's time some husky husband appeared on the scene and did a little demonstrating on how to teach manners. Many housewives are partly to blame for the existing conditions. If they would have the courage to buy only from the worthy agents, the unworthy peddlers would automatically be forced out of business through lack of patronage. These persistent fellows know that half their business is obtained from those who haven't the courage to say no.

And, by the way, if hucksters have to pay a license to enable them to do a door-to-door trade in necessities, how is it others are allowed to sell in this manner unessential at their own sweet will.—Glencoe Transcript.

DOGS, HENS AND FLOWER BEDS

(Kingsville Reporter.) We thoroughly sympathize with the views expressed by our correspondent last week who is so unfortunate as to live near people who selfishly allow their chicken's to run at large over their neighbor's vegetable and flower gardens. No one should be deprived of the pleasure of owning chickens or dogs, provided both are kept in their place, but to us it does not look consistent to say that either should run wild. It is not worth while to compare their destructiveness for either unrestrained becomes a nuisance and a constant source of annoyance, as well as loss to those who have flower beds and gardens. Chickens destroying gardens can be stopped. The best way is to appeal to the neighbor to shut them up, and, if he is a reasonable being, he will do it and see that they are kept shut up, but if he does not, then a complaint can be lodged against him and he can be compelled to take care of his fowl and pay damages. A gentle reminder to the chickens or dog that they are not wanted in one's garden can be found in almost any home in the form of a broom stick about three feet long. When this is propelled with sufficient force at the offenders, quick results follow. This remedy is only recommended in extreme cases. We have said before, and repeat it now that dogs should not be permitted to roam the streets uncontrolled any more than should sheep or pigs. In fact a town by-law says they must not be at large unless in charge of some one, and that all must wear tags. Notwithstanding this, one can any day see a pack of half a dozen dogs cutting up all sorts of pranks on the four corners of our town, contrary to by-law. Some towns, realizing that dogs are a nuisance running at large will not allow a dog on the street. Dogs, chickens, hogs, cattle, sheep, etc., are all right in their place but that place is not on the street of any town.

FATHER WALSH ON DIVORCE

The Rev. Father Walsh a Dominican friar who recently preached a sermon at Toronto on the subject of divorce gave out some important advice on domestic problems. Race suicide, selfishness and meddling mother-in-laws were apportioned a share of the responsibility for the frequent household disasters of the day. He emphasized the doctrine of the Roman Catholic church that death alone could sever the marriage vow, a doctrine which protected women. He said that there was a wave spreading throughout the country for easy marriage and easy divorce and pointed to the case in the state of Washington where there were fourteen separate causes for which divorce could be granted. There was found one divorce for every two marriages.

The speaker strongly condemned marriages of convenience where the woman marries for a home—where she sells herself to a man and puts herself in a position as bad as that of a slave.

"One of the worst inventions of the devil is race suicide," he continued. "He who will destroy the temple of God, him will God destroy. Go down through history and find what God has done to this type of offender since the days of Sodom and Gomorrah. Marriage does not mean merely a husband and wife; it means children as well. The ideal husband and wife naturally wants them.

"Christ and our soldiers in the great war laid down their lives for mankind. The soldier is filled with love of country, parents, and home. The wife who has this type of love will choose the role of a mother rather than remain childless. The woman who truly loves her husband will make all the sacrifice necessary to make a real home," declared Father Walsh. "Mind your own business," is his advice to mother-in-laws, "if your daughter comes to you to air petty grievances against her husband send her home; your son-in-law did not marry you."

The speaker considers mother-in-laws one cause of divorce in a large number of cases where they interfere too much. The ideal Catholic woman is the one who resolves to rise above these sins of the world and decides to keep her marriage vows both in the letter and in the spirit.

"In marriage a woman either makes a man or breaks him. Which will you do. Think it over," concluded the speaker.

ABOUT SCOTCHMEN

(By F. D. Reville) A Scotchman has been defined as a man who keeps the Sabbath and everything else he can lay his hands on. Most people are aware of the Scot who remarked that London was a terrible place; he hadn't been there but a few hours before "bang went a saxepee." Then there is the story of the three Scoties who went to a church where they understood there was no collection. Finally, when ushers started round with the plates, one of them, with great presence of mind, promptly fainted and the other two carried him out. And that other Scotchman who took no comfort out of his pipe because, when it was his own tobacco he worried over the expense, and when it was borrowed tobacco the bowl was packed so tight that it "wadna draw." Likewise there is the narrative that at a wedding the best man, noticing that the groom looked worried, exclaimed "What's the matter Donald? Has ye lost the ring?" "Naw" replied Donald, "but I've lost ma enthoosiasm." The expense of the manoeuvre was evidently what bothered him. Of the Scotchman and the Irishman who went into a bar for a drink and came out without having one because the Emerald Islander had left his money at home, we all know, and also that gulls will not follow a Scotch ship.

Many other stories are told in like regard but they are all libels.

Of course, when a Scotchman does loosen up he performs the thing in proper style. Just look at Carnegie who has literally cast libraries around the world in volumes.

There is this also to be said for Sandy. Some men when they put a band in their pocket and find money there know that they must have another man's trousers on. A son of Scotia always has some bawbees to come and go on.

The bagpipes are known as the national instrument but in reality that weapon of woe was used by the ancient Hebrews as well as the ancient Greeks and by many other subsequent nations who, in turn, cast them into the discard when real instruments commenced to develop. Shakespeare in his Macbeth does not even mention the pipes, unless the exclamation of the second witch "I'll give thee a wind" had remote reference to them. It may thus be safely inferred that the land of the heather hadn't appropriated the concentrated anguish in the days of the Bard of Avon. In the time of mutual cattle raiding when Scots foraged from the Lowlands, a man often got the idea that the bag of the pipes of some other Scot had been formed from the skin of one of his missing animals. This feeling together with the alleged music, led to frenzies which constituted what is now known as the highland fling. In reality as the gravelly substance called haggis is to the self respecting tummy so also is the skirl of the pipes to the self respecting musical mind.

After all is said Canada owes much of her greatness to Scotchmen and they are well able to stand all the fun that is made of them by humorists.

THE DOG

I've never known a dog to wag His tail in glee he didn't feel. Nor quit his old-time friend to tag At some more influential heel. The yellowest cur I ever knew Was, to the boy who loved him, true.

I've never known a dog to show Half-way devotion to a friend, To seek a kinder man to know Or richer, but until the end The humblest dog I ever knew Was, to the man who loved him, true.

I've never known a dog to fake Affection for a present gain, A false display of love to make Some little favor to attain.

I've never known a Prince or Spot That seemed to be what he was not. But I have known a dog to fight With all his might to shield a friend And, whether wrong or whether right To stick to him until the end.

And I have known a dog to lick The hand of him that men would kick. And I have known a dog to bear Starvation's pangs from day to day With him who had been glad to share His bread and meat along the way.

No dog however mean or rude Is guilty of ingratitude. The dog is listed with the dumb, No voice has he to speak his creed.

His messages to humans come By faithful conduct and by deed. He shows, as seldom mortals do, A high ideal of being true.

TED NEWTON WINS GOLD MEDAL

Competing against the pick of the collegiates and high schools of Western Ontario in Brantford Friday Ted Newton of Sarnia collegiate institute, carried off the gold medal and trophy in the finals of the oratorical contest of the Western Ontario secondary schools association. George B. Woods of Listowel, won the silver medal for second prize. The Sarnia student spoke on Peace, the same subject that won for him over the Petrolia high school representatives here last week.

Six speakers from different parts of Western Ontario, the survivors in the different district competitions, met in Brantford in the finals. Besides the winner and runner up Fred Minkley of Woodstock, G. Flahill of Paris, Milton Meretsky of Windsor, and Arch. T. Kendall of Dutton took part in the competition.

The Sarnia speaker's intimate knowledge of his subject, his clear cut, forceful manner of putting his facts before the audience and his eloquence won for him the gold medal which he retains, and the school shield presented by the Canada Club of London, which is held by the Sarnia collegiate for a year, until the next winner is declared.

The judges were W. B. Race, principal of the Ontario School for the Blind, and W. G. Raymond, M. P., of Brantford, and Prof. H. W. Audeh of the Western University, London.

The winner is a son of Rev. F. G. Newton, rector of St. Johns Anglican church, Sarnia. He is one of the foremost athletes at the local collegiate as well as active in the different branches of school activities. He was born in Warwick Village when his father was rector of Warwick and Wisbeach.

WINTER WEATHER HARD ON LITTLE ONES

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little ones out for an airing. The consequence is that baby is confined to overheated badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little ones healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Thillsburg, Ont.—"Ever since I can remember, Dr. Pierce's medicines were used in our family at home and they never failed to give good results. The Golden Medical Discovery was used as a tonic and blood purifier also for bronchial trouble and it proved excellent. I myself have taken the 'Discovery' for bronchial trouble and Dr. Pierce's Favorite Prescription to build me up when I was run-down, and they were both very beneficial."

How's Your Liver?

Health is Kept, If You Observe This. Stintaluta, Sask.—"I have taken Dr. Pierce's Golden Medical Discovery for liver trouble and found it excellent and would not be without it. I suffered from congestion of the liver about six years ago and I always say that this medicine cured me. I have also given it to my family for colds and it cured them in a very short time."

NOTE AND COMMENT

Is it Ireland that's free now, or England?—Wall St. Journal.

The new Pope is the 260th of his line. Only one other reigning dynasty reaches back farther than the Roman Papacy, that one being the ruling dynasty of Japan.

Complaint was made at the retail merchant tailors' convention that Canadians were reluctant to learn tailoring. The same lament is heard in the building line. Why should Canadian youths turn up their noses at the best skilled trades?

A man dashed down the corridor of a sleeping car calling out: "Has anyone any whiskey? A lady has fainted in the next car." A flask was handed to him. He took a liberal drink, returned the flask and then said calmly: "It always upsets me to see a lady faint."

Judge Whitten of Washington says "Young men of today know more about racehorses than the Ten Commandments, while the twelve Apostles are running a losing race with actors and actresses in popularity with the young generation."

A bill to prevent the sale of candy to children under thirteen without the written consent of their parents is before the Massachusetts Legislature. Dr. William Parker Cooke, of the Harvard dental school, its sponsor, says it ruins the teeth.

Dominion elections petitions are conspicuous by their absence. This does not necessarily mean, however, that elections are conducted any more honestly now-a-days than in the past. Nevertheless it is good to know that the public is to be spared much of the revelations in court which usually follow in the wake of an election.

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

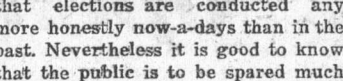

Cod liver oil as a cure for rickets—the bone disease that has caused deformities of children for ages—has been announced by two experts of Johns Hopkins Hospital staff, Baltimore, as a result of exhaustive studies. "We feel justified in saying very definitely that cod liver oil brings about a change in the bones which if the diet is not too faulty, amounts to a complete cure," their report declares.

SO WEAK COULD HARDLY DO ANYTHING

Now Looks After Home, Thanks to Lydia E. Pinkham's Vegetable Compound

Manford, Ontario.—"I was so weak I could hardly do anything and my back seemed the worst. I read so much about Lydia E. Pinkham's Vegetable Compound for women that I thought I would try it. I feel that it did help me for I am looking after my own home now and seem quite strong again. I have recommended your Vegetable Compound to quite a few friends and you can use my name if you wish to do so."—Mrs. E. FORKES, Box 440, Manford, Ontario.

In your own neighborhood there are doubtless women who know of the great value of Lydia E. Pinkham's Vegetable Compound. Women everywhere, either by word of mouth or by letter, recommend this splendid medicine. Those who have suffered from female weakness, change of life, and similar troubles know of the wonderful relief brought to them by the Vegetable Compound.

The people who pay the taxes are usually interested in where their money goes. This paper has been asked repeatedly what the Premier and members of the House of Commons receive in salaries and indemnities. The salary of the Prime Minister of Canada is \$15,000, and the Premier of Ontario gets \$9,000. Members of the House of Commons receive \$4,000 per session, provided the session extends beyond 50 days, and that the members attend at least

WHAT CAUSES SO MUCH SICKNESS

Constipation Responsible for 90% of Disease

"FRUIT-A-TIVES" Corrects It

It is generally recognized among the medical profession that Constipation or Insufficient Action of the Bowels, produces more disease than any other one cause. Constipation is responsible for at least 90% of the disease in the world today—because Constipation is responsible for the Indigestion and Dyspepsia—the nervousness, Insomnia and Rheumatism—the Eczema and other skin troubles—the Headaches and Backaches.

Why is this? As you know, it is the duty of the bowels to carry off the waste matter in the system. If the bowel muscles are weak or the liver inactive, then this waste matter remains in the body and poisons the blood. As a result, every organ in the body is poisoned by this waste.

"Fruit-a-tives" has been wonderfully successful in relieving Stomach Troubles, Nervous Troubles, Liver Troubles, Kidney Troubles, Skin Troubles and Blood Troubles, because "Fruit-a-tives" positively and emphatically relieves Constipation. "Fruit-a-tives" will always relieve Constipation, even though the trouble has been chronic for ten, fifteen and twenty years. Thousands of grateful users proclaim "Fruit-a-tives" the greatest remedy for Constipation that the world has ever known.

50c a box, 6 for \$2.50, trial size 20c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

three-quarters of the days on which the House sits. The seasonal indemnity in Ontario is \$1,400, if the session extends beyond 30 days. If not, the members indemnity is \$20 a day for each day's attendance.

The beautifying of farm homes through an increased interest in horticulture was advocated by Mr. J. Lockie Wilson at the meeting of the Ontario Horticultural Society held in Toronto, as a means of keeping young people from migrating to the city and leaving their farm homes. "Do useless, shrubless, flowerless home surrounding tend to make contented and happy the boys and girls who are now said to be leaving the farm homes of Ontario?" Mr. Wilson asked. "In numberless farm homes in our Province the things that count are not neglected and on these farms the boys and girls remained contented and happy and the lurid glare of the city streets with their dust and noise have no appeal for them."

Lord Lister & Zam-Buk

Lord Lister's discovery of antiseptic surgery has saved the world a lot of lives, but it has been left to Zam-Buk to bring into millions of homes the full benefits of antiseptic healing.

Zam-Buk is the greatest antiseptic healer the world has ever known. Being of a natural vegetable origin Zam-Buk has distinct and positive advantages over old-style mineral ointments.

Zam-Buk is a compact and highly-refined herbal balm with an antiseptic power many times greater than that of any ordinary salve or ointment. Zam-Buk kills and excludes disease germs, and instantly allays pain and irritation. It first cleanses a sore place and then grows over it new healthy skin.

As a first-aid dressing for injuries, and for soothing such troubles as eczema, ulcers, ringworm, abscesses, poisoned wounds and piles, Zam-Buk is used the world over. It has the high endorsement of Dr. Andrew Wilson and other well-known doctors, surgeons and nurses. 50c. box, 3 for \$1.25, all dealers.

One of the strangest things in this world is why a man who isn't an idiot will drive a car like one.

A company is being formed at London to put excursion boats on the River Thames from the city to Springbank.

Babe Ruth gets \$75,000 a year salary and \$500 for every home run. An ordinary professional or business man is not in it as regards making money.

A wildcat oil well in California, at 1,200 feet, has begun to produce—not oil, but fish. They are tiny specimens, apparently from a subterranean stream.

According to the Municipal Act a town may borrow from a bank the whole amount to be levied for school purposes, together with 90% of its general expenses.

Nineteen dead is the total in a political feud in a Chicago ward during the last few months. Yet the Chicago press finds time to tell Ireland what to do to England and to advise the rest of the world how to square things in the Balkans.

The possible reclamation of 1,800 acres of marsh land in the vicinity of Rondeau is being considered, according to reports. One of the farmers interested in the scheme is said to have purchased 100,000 tile, which he will put in as soon as weather permits.

Economy without parsimony, will aid in solving some of the financial problems in 1922. You can't go a \$12 a day gait on a \$4 per diem salary and make the bookkeeping look rosy at the end of the year. Some people seem to think it is possible, but they learn when reckoning day arrives.

Business failures in Canada for the week ending February 23 totalled 79 and during the preceding week ending February 16 a total of 65 were reported. A comparison with figures for the corresponding weeks in the last four years shows that the failures this year set a new high record. The failures in the corresponding

weeks of previous year were: 1921, 38; 1920, 14; 1919, 19; 1918, 21.

The name "Mary" is going out in Britain, according to the latest statistics, and only eight per cent. of girls bear the name. The girls of today are running to Glorianas, Gwendolyns, Guineveres, Elspeths, Odettes Yvonnees, Peachblossoms and such like. But there are still thousands of the best girls in the world bearing the best name in the world, despite all the falling off.

Because Chippawa development costs have exceeded last year's estimate by \$14,000,000, Hon. Doigall Carmichael, Minister without portfolio in the Drury Government, has handed to Premier Drury his resignation from the Hydro-Electric Power Commission. After statistical review of Chippawa expenditures in the Legislature Friday Col. Carmichael announced the latest expectation of cost for five units to be \$69,000,000.

It is expected that during the present session of the Legislature an increased tax will be put on the theatres direct, but not in the form of an amusement tax. It will rather take the place of a straight levy on the theatres, but of course there would be nothing to prevent the proprietors from raising the fees in order to help to meet it. There is also every possibility of a travel tax imposed upon owners of automobiles. This, it is expected, will be equivalent to an impost of about 1 cent per gallon on gasoline.

The Lighting Rod Act which came into force on January 2nd, 1922, provides that no person shall sell or offer for sale any material or apparatus intended to be used for the protection of buildings from damage by lightning until authorized to do so by a license obtained from the Provincial Fire Marshal. The material to be used, and the manner of installation, shall be approved by the Fire Marshal, and the company must give a guarantee agreement providing that in the event of any building rodged by them or their agent, being damaged by lightning, the cost of installation of the rodging material shall be refunded to the owner of the building, provided he makes a claim for same within 30 days. The cost of the license is \$50 a year, and a tax of 80c. is also imposed on every \$100 worth of material sold.

MARRIED At Sutorville, on Wednesday, March 8th, 1922, at the residence of the bride's mother, by the Rev. S. P. Irwin, B.A., Gertrude Florence, daughter of Mrs. Elizabeth Lucas, to Mr. Allan Lorne Edgar. DIED In Caradoc, on Wednesday morning, March 1, James McKellar, in his 86th year. IN MEMORIAM In loving memory of Annie Sharpe, who entered into rest on March 11th, 1920. Call not back the dear departed, Anchored safe where storms are o'er; On the borderland we left her, Soon we'll meet to part no more. Do not ask us if we miss her, There is such a vacant place; Can we e'er forget the footsteps and the dear familiar face. —Mother, Sisters and Brothers. In tender and loving memory of Robt. Jackson, who died March 5, 1920, (two years ago to-day). A dutiful son leaves golden memories but broken beads. —A Lonely Mother. In loving memory of James Saunders who died March 12th, 1912. Oft times when nights are lonely, And we're sitting all alone, In our hearts there comes a longing, If he only could come home. How we miss our loved one, How we long for him each day, But God thought best to take him, And one word we must not say. —Mrs. James Saunders & Family.
