Misdirected Energies.

"Should the men change their tactics and use half the energies they are using, in the right direction, they would do unbounded good in saving girls from ruin for the good of humanity at large.

"They will also find that they can never undo the moral degeneracy of which they have unwittingly been the cause.

and head would indicate that the child had been pressed against some object with the deliberate attempt to stop its breath and choke it.

Altho the body was found on the lake shore the post mortem proved conclusively that it had not been drowned.

# HARBOR COMMISSION BONDS SOLD FLOTATION IS HIGHLY SATISFACTORY

A large block of Toronto Harbor Commission bonds has just been sold to one of the leading banking houses in London, England. It is understood that a most favorable price was received.

The bonds are 4½ per cents., and are in \$1000 issues. They are guaranteed by the city, together with the interest.

Only recently the city council guaranteed an issue of \$5,000,000 worth. The federal government has appropriated a similar amount for Toronto harbor improvement, and the government and the commission will work concurrently in correspond to the projected work. mission will work concurrently in carrying out the projected work in the harbor.

# POLO PONIES FROM TORONTO BADLY BURNED IN FREIGHT CAR

When fire destroyed a freight car on the main line of the G. T. R., near Port Hope, early Wednesday morning, eight polo ponies, owned by Toronto people, were so badly burned that they are not expected to live. There were 16 ponies in the car and tipex were being taken to Montreal for the Toronto team to use in the competition for the Drensell trophy. The match will have to be postponed.

Sparks from the engine caught the car and before the railway employes could extinguish the blaze eight of the ponies had been badly burned.

Major Bickford received the message at 2.30 yesterday morning and important process of the ponies of veterinary surgeons in Port Hope.

# SULZER IMPEACHED AT CLOSE OF AN ALL NIGHT SESSION

His Wife Makes Valiant Attempt to Save Him by Confession That She Diverted Funds Without His Knowledge

this morning after an all-night session by a vote of 79 to 45 on charges of having diverted campaign contribu-tions to his private use and having made under oath false statements as

to his campaign receipts.

An eleventh hour declaration on the part of the governor's wife that she had diverted some of his campaign contributions to the purchase of stock, because she felt the household needed money, failed to avert impeachment. The roll call was one of the quickest accomplished since the assembly began the consideration of impeachment proceedings. But one member rose to explain his many control of the control o

Organization leaders who had spar-Organization leaders who had sparred for time all night in the fear that their program of impeachment would be wrecked by lack of votes, welcomed new-comers to the assembly chamber, summoned from New York during the early hours, and assured of victory by their presence started a rapid fire of legislation with the adoption of the impeachment resolution.

peachment resolution.

A roll call showed the adoption of the resolution by a vote of 79 to 32. A committee was appointed to acquaint the senate with the assembly on the findings at the meeting of the senate scheduled for 11 o'clock this morning. Majority leaders asserted their belief that with the presentation to the senate of the articles of impeachment, William Suizer would automatically cease to be governor and Martin H. Glynn, lieutenant-governor, would assume his office and functions as acting governor. Mr. Suizer's lawyers entertained.

governor. Mr. Sulzer's lawyers en-tertained a different view.

With the adoption of the articles and the appointment of the two commit-tees the assembly sat down to further

and Speaker Smith announced its membership.

Shorn of Their Terrors.

In the light of revelations contained in Mrs. Sulzer's declaration to Senator Palmer yesterday afternoon, Governor Sulzer's friend; are inclined today to view the ordeal which confronts him with less apprehension than before his impeachment. By her assertion that she diverted part of the campaign contributions sent her husband to private purposes without his knowledge and used them to purchase stocks in Wall street, she has shorn the articles of impeachment of many of their terrors.

Monday, Sept. 22. was this afternoon decision of the postmaster-general was rendered on the plea of the Cunard line that it is dangerous for such vessels as the Mauretania and Lusitania to enter the harbor, but members of the deputation dany this, and as proof of their contention point out that the White Star line steamer Olympic, which is much larger than the Cunarders mentioned, has no difficulty in calling at Queenstown.

MRS. MARTHA AVANN.

Mrs. Martha Vickers Avann, a resident of Toronto for 61 years, died yesterday at the residence of her son, J. E. Avann, 19 Hazelwood avenue.

ALBANY. N. Y. Aug. 13.—(Can. stitution, the governor will vacate his Press.)—William Sulzer, governor of New York, was impeached by the lower house of the legislature at 5.15 o'clock curt of appeals sitting jointly as a trial court of appeals sitting jointly as a trial court. The indications are that he will contest bitterly the theory of the op-position that he becomes automatically

barred.
Lieutenant-Governor Martin H.
Glynn came into Albany from his summer home at Coar Hill during the forenoon and went to his newspaper office as usual. He declined to comment

on the situation.

The fact that the various state departments and bureaus are divided in their allegiance to the executive and their allegiance to the executive and the Democratic organization which is seeking to depose him stimulates interest in the complicated situation. The possibility of two men endeavoring to discharge the functions of the chief executive at the same time suggests conditions that the courts alone would have powers to deal with

# ABANDONMENT

The Olympic Still Calls at Queenstown, Therefore the Cunarders Can.

CORK, Aug. 13 .- (Can. Press.) - A deputation representative of all the business interests in Cork and Queenstown started for London tothe appointment of the two committees the assembly sat down to further work. A 'esolution calling for the appointment of nine managers to conduct on behalf of the lower house the impeachment proceedings was adopted, and Speaker Smith announced its membership.

Shorn of Their Terrors.

In the light of revelations contained in Mrs. Sulzer's declaration to Senator members of the deputation deny this, and as proof of their contention point out that the White Star line steamer

dent of Toronto for 61 years, died yesterday at the residence of her son, J. E. Avann, 19 Hazelwood avenue.

Mrs. Avann was born in Lincolnshire, England, in 1851. She came to Canada in 1856, coming to Toronto after a short residence in Montreal. She is survived by one son J. F. his friends declare.

Monday, Sept. 22. was this afternoon made a tentative selection for the date of trying Gevernor Sulzer on the impeachment charges. This selection subject to change, was reached at a conference among Senator Wagner, president pro tem of the senate, and judges of the court of appeals.

The impeachment has raised a vital question as to whether, under the con-

DEACON BEATEN UP ON HIS HONEYMOON

Church Members Maltreat Him For Wedding Girl of Another Denomination.

KANSAS CITY, Aug. 13 .- (Special.) -Walter Stratton, 35 years old, a deacon in the Roanoke Boulevard Christian Church here, who married Miss Alta Barber of Humboldt, Kan., was taken from his bride by men members of the congregation at the close of the church services and severely hazed. Members of the hazing party said they sought "to punish" Deacon Stratton for going outside the church circle for a bride.

The hazers met Mr. and Mrs. Stratton at the church door. While two of them guarded Mrs. Stratton the others took Stratton to a pasture a mile away and tied him to a tree. They then went to his boarding house and were "wrecking" his room when Straiton, having burst his bonds, appeared. He was "paddled" and set free. ile was not injured.

Larue was charged with murder and is considered a very dangerous character to be at large. Passenger Traffic

# SHOW AT COBOURG ATTENDED BY FIVE THOUSAND HORSE LOVERS

Visitors on Second Day Included Many Americans and the Keenly-Contested Events Were Enjoyed - Kilkenny, Owned by T. J. McCabe, Toronto, Captured Honors in

By a Staff Reporter.

COBOURG. Aug. 13.—(Special.)—All previous second-day attendance records were broken here today at Cobourg's ninth annual horse show, when fully 5000 people crowded the park stands and emclosures to view the events. The town itself is bedecked on all thorofares with Union Jacks and bunting, extending a welcome to the thousands of visitors from all over Ontario.

Hotels and lodging-houses are crowded, and accommodation is at a premium. All are packed up to the limit now, and every train brings a fresh load. Private house owners are reaping a harvest, supplying temporary accommodations.

That the fame of Cobourg's great annual horse show is widespread is evidenced in the fact that American horse lovers arrive by boat by the score dally. Today the mid-day Rochester ferry landed over fifteen hundred Americans, many of whom attended the show.

Favored by Weather.

"Cobourg always has a splendid horse show, but never before anything like this promises to be," enthusiastically declared Secretary John H. Davidson to The World after today's exhibition. Splendid weather greeted the exhibition on its second day, and all events being well handled, were carried out without mishap of any kind. The splendid display of horses, which yesterday numbered 150, was augmented by fresh arrivals today. Officers are delighted with the looks of the horses exhibited, and declare them the equal of any horses shown anywhere in the country.

Hon. Clifford Sifton as usual made a

to nose out Lyman Gooderham's Hampton Prince.

The judges were: Reginald Vanderhill of Sandy Point, N.Y., on harness horses: Lew Waring of New York and Dr. Grenside of Guelph, on hunters, and Dr. Sinclair of Cannington on trotters.

The Winners.

when Ar. Coder's sardown Ar. Black sang "Oh Canada" in Bnglish, and Hon W. H. Hoarst then rose to reply to the toast to "5th Lieutenant Golvernor of Ontario." Sir John Gibson, who was busy celebrating the centennial in Hamilton. Mr. Hearst explained the Canadian constitution to the foreign geologists, and after paying his hearers many compliments he turned his thought to Ontario and her unbounded resources.

"In Ontario," said the minister, "we feel that there is a great field for research—that no place holds greater rewards for the seeker after truth than our own Province of Ontario. The doors of the Province of Ontario will ever be open to you, and on behalf of the province I wish you a happy time during the remainder of your congress."

Guebec's Resources.

Hon. Charles Devlin, minister of colonization, mines and fisheries for Quebec, said that it was the first time he ever attempted a speech in French in Toronto, and then went on to show "en Francais" that Quebec's mineral resources were as world-renowned as those of Ontario. He was confident that the geologists had not been disappointed in their tief to Canada, and in closing expressed the regret that the nevt visit to Canada and would likely be kept back for years. After Mr. Devlin came Dr. Frank D. Adams, the president of the congress, with three brilliant speeches, the best in English and the other two in French and German. In English be glorified Canada as the "paradise for geologists."

There were virgin fields in this country for every branch of geological research, and the rocks of the Dominion contained every constituent member of the geological column. The adequate study of the subject would occupy the present generations which would follow the present tribe. The monograph prepared on coal resources of the world showed that Canada occupled the proud position of being second, and a fighting second, at that.

Our Silver Camp.

Resides coal the Dominion had the greatest silver camp, in Cobalt, and some of the greatest copper camps. He referred to the GLASGOW OFFICIALS

she has opened her heart and her resources to you."

All Responded.

Mr. Lindsay then called upon representatives of the different countries to reply to the toast, and among those who responded were Dr. Aubrey Strahan of London, England; Dr. Steinman of German, Dr. Termier of France, Dr. Tiesze of Austria, Dr. Chogran of Sweden, Dr. Renier of Belgium, Dr. Fermer of India, Dr. Tchernyschen of Russia and Prof. Chamberlin of the United States. The different speakers spoke in their mother tongues, and also in English, and it was after one o'clock this morning before they ended in their extolation of Canada. Will Look For New Ideas For New Bridge and Electric GLASGOW, Scotland .- Three im-

The sentine of the branch has been described as the branch has bea

noon a young woman and a five-year old girl, who was dressed in white, came to the lodging-house and enquired for the Johnsons.

"Step into the rear room," Mrs. Jones told the visitors. George Needham, 14 years old, who lives with his parents on an upper floor of the house, stood in the vestibule. After a half hour the young woman and child left the house with the woman lodger and her husband. They walked toward Ninth avenue and that was the last time they were seen by members of the Jones household.

"At 7.30 o'clock Tuesday night I saw one of the men enter the room with a friend and lock the door," George Needham said last night. "The first man I think was the one who rented the place. I'd never seen the other man

From Mrs. Jones, Deputy Commissioner Dougherty learned that a tall, roughly clad man, who looked like a laborer, also entered the room Monday night. He walked into the hallway without ringing the bell. When challenged by Mrs. Jones he said he had permission to visit his friends.

"Have you the key to the house?" she demanded. "I have not, but everything is all right," he replied and entered the room. A Slight Clue.

The detectives today found in the closet in the room a photograph of a chauffeur who was a former roomer at Mrs. Jones' house, with whom Johnson, on one occasion, claimed acquaintance. This chauffeur was identified as Joseph Smith, who lives at Coney Island. Smith said he had formerly occupied the room, and had probably left the picture behind when he moved. He admitted knowing a man named Johnson, who described himself as a writer of vaudeville sketches and who used to call on a pronounced bionde girl rooming at Mrs. Jones' house, known as Miss Rosy.

The police incline to the belief that Martin was lured to the room in West The detectives today found in the

Martin was lured to the room in West 57th street and refusing to submit to blackmail without a fight, was murdered and robbed.

Smith told the police a Mr. and Mrs. Rose knew the Johnsons better than he did, and he did not know their address, and the police cannot locate them as yet.

The autopsy, which was performed under the directiof or Coroner Winterbottom, showed that the man probably was drugged and then a towel was tied about his throat and used as

house.

Miss Collins and Miss Graham told the deputy commissioner that they had waited for Martin until Mrs. Barrett telephoned them on Monday night. He had known Mrs. Barrett for many years and spent his vacation at her home last July when he came to New York with William L. Mortiner

Mortimer.

Last Saturday Mortimer and Martin started for New York, but Mortimer left the train at Buffalo to see Niagara Falls. Martin continued the journey alone, and at 7.30 o'clock when he left the Grand Central station he at once send his hand bag to Mrs. Barrett.

"I have known Mr. Martin for many years and he always stopped at my

Can Get All the Money She Wants For Legitimate Ventures, Says William

Wainwright.

MONTREAL, Aug. 18 .- (Can. Press.) "Canada stands well in the European all the money she wants," said William Wainwright, vice-president of the G. T. R., on his return from England to-day. "The British investor, however, will ask higher rates of interest for his money than formerly and will scrutinize more closely the class of securities brought under his notice. Wildcat schemes are barred, but anything gilt-edged will command all the money necessary.

money necessary.
"The Grand Trunk credit stands, as

"The Grand Trunk credit stands, as is shown by the manner in which the million and a half sterling notes were taken up, the issue being largely oversubscribed and going to 1% premium before I left.

"Financial men believe that prospects are much brighter, and that this fall the purse strings will be loosened and money become more plentiful. I found many over there who had invested in lands in the west disappoint.

# **GRAFT CHARGED TO** MONTREAL POLICE

Twelve Members of the Force Involved in Investigation Now Proceeding.

The nearest repair shop is New York. In the absence of more thrilling attractions the industrial exhibition had its full quota of visitors today. The exhibits fill the big armories and overflow the drilling yard.

Every article is Hamilton-made and the exhibitors number 168.

Centennial headquarters in the old public library bullding are a Mecca for homeomers who want information about their friends. "Nearly three theusand have left their names and more are coming in all the time." said more are coming in all the time." said one of the attendants.

PAIR OF OLD BOYS.

Among the old boys who visited Hamilton this week was Mr. Edward Halloran of Toronto and Guelph, now the head of the Kloepfer industries and businesses o fthese two icties.

Was tied about his throat and used as a garrite.

Marton was probably dead before 10 o' clocek Tuesday night.

"We are ambitius to find Beatty to learn the did martin met him earlier in the day as Martin told Mrs. Barre he did, or if he gave that as an excuse to cancel the theatre engagement and go to the West 57th street house with their friends. "Nearly three throat and used as a garrite.

Montrella, Aug. 13.—(Can. Press.)

MONTREAL, Aug. 13.—(Can. Press.)

As a result of an independent enquiry, which has been carried on quietties and excuse to cancel the theatre engagement and go to the West 57th street house with the woman who lived there," said Deputy Police Commissioner Dougherty tonight.

It is possible he met her by chance and that when he reached the place he was set upon by the men who frequented the room.

Deputy Commissioner Dougherty tonight ordered the police thrucut the city to ask furnished room houses of the expense of the commissioner houses.

Deputy Commissioner Dougherty tonight ordered the police thrucut the city to ask furnished room houses and have induged in drinking at the expense of the houses. Other affidavits are of the following at the expense of the sembling the voung man and woman who lived there," said Deficient has a result of an independent end

in view of the fact that Chief of Police Campeau requests that he be given the opportunity before the courts of replying to all the charges alleged against him and his department, it was decided by the board of control today to accede to his request. The details of applying to a judge of the superior court and the requisite procedure to follow to carry out the wishes of the controllers, were all left in the hands of the city attorney.

# LOST HER LIFE IN **GALLANT EFFORT**

Seventeen-Year-Old Girl Made Valiant Attempt to Save Others From the Flames.

MONTREAL Aug. 13 .- (Can Press.) -Flora Mercier, aged 17, and Lee Colson, 15 months old, were burned to death, and Mrs. Madere and Mrs. Colson, mother and grandmother of the dead child, are in a serious condition in Notre Pame Hospital following the explosion of a coal oil can used in lighting the kitchen fire.

Mrs. Madere poured oil on a smouldering fire. The can exploded, scattering oil and flames thruout the room, setting fire to the women's clothing. The baby also was a victim of the flames and was burned to

a crisp in the excitement Miss Mercier lost her life in an effort to save the others. The tragedy took place at the home of J. A. Colson, assistant superintendent of the Soulanges Canal, Cascade Point, yesterday. INDIANS AND THE IRISH.

When the Tecunsehs line up against the Irish-Canadians at the Island on Saturday they will likely be without the services of both Bert Green and Manager Querrie. The rest of the team are in good condition, tho, and were all out to practice yesterday. The players are keen on taking the Irish into camp and thus giving themselves a cnance for the championship. They, like the Irish-Canadians, realize that the Nationals will be a stumbling block to the other teams from this out, with Newsy Lalonde on the home, and, therefore, both will make strenuous efforts to win the game here Saturday. These two teams have furnished not only the best, but the cleanest lacrosse here this season, and if they only live up to their former games the enthusiasts can count on seeing a great

Persistent Builders Compel County to Construct a New Road.

DEADWOOD, S. Dakota, Aug. 12.—
Persistence on the part of a colony of beavers in Spearfish Canyon in several times rebuilding a dam in the river at a point that invariably flooded the road, a point that invariably flooded the road for the Post Office, and a very fast double play, Millen to Thompson to Millen for the Post Office. The P. O. lost many chances by bone-head plays. Score:

R.H.E.

has triumphed over the efforts of the county, and County Commissioner Malkson, who has charge of that section, has decided to let the beavers have their home and the county will build a new stretch of road.

Commissioner Malkson some time ago determined to prevent the beavers from flooding the road. Three times he had the dam torn down, but within a couple of days the hard-working little animals had rebuilt it, and each time the road was washed out.

Chances by bone-head plays. Score:

## CLAIMS DESCENT FROM BONAPARTE

Bankruptcy Court. He looks remark-

After Summer Complaint

Do not make the mistake made by so many mothers of giving cream or diarrhoea; in a large number of cases it brings back the trouble. You remember that in treating constipation we add cream to baby's food, so why should we give it when trying to check frequent movements. Give whole milk—that is cream and milk well mixed—or skimmed milk.

When you first begin to add milk to the gruel, boil it and use one ounce to a pint of gruel—as we said yester—day, that is about a tablespoonful to a feeding. hat regular formula. Then stop boiling it and use pasteurized milk for a short time, and by the time the baby is steadily gaining and his movements are normal he will be able to take his regular amount of certified milk. Since malt sugar forms a part of patent foods it is not well to use them at this time, because malt is a laxative. In cases of constipation they are often useful for a short time. diarrhoea; in a large number of cases

Older children who have been accustomed to solid food, should have their milk boiled and diluted with thick gruel, at first about half of each, then gradually worked up to plain milk again. They should not be given oatmeal or any heavy cereal while convalescing, but farina or rice or any light cereal which has been cooked three or four hours. They may also have dried-out bread or dry toast and hard-boiled egg minced up finely. Remember, hard-boiled eggs are not good unless really hard-boiled.

Green veretables should be used

are stronger.
It is best to leave out fruits and berries for several weeks, cake and candy should not be given, or pastry or fresh bread. The deserts should consist of junket, boiled custard,

# ROBERT DAILEY IS

Head Bill Next Week -

Manager Shea is at this time of the ear booking the great acts for the comng season, and from the point of vantage in the booking office will send big bills to the Toronto theatre week after

Heading next week's bill is the musica omedy favorite, Robert L. Dailey. Mr. Dailey is making his first vaudeville appearance here, and will find himself remembered of Sinca-goers who have seen him in musical conaedy. His offering is from the pens of Mack and Orth, entitled "Our Bob."

The special attractions for the week are Foster Ball and Ford West, presenting a character comedy entitled "Since the Days of '61," and De'ro, with his sweet-toned novel Italian instrument, the plane accordeon.

other features included in next week's bill are the Tirce Mori Brothers, Billy and Edith Adams, Godrick, Moore and Klaiss, the O Mer Sisiers, Woodward's Posing Dogs und the kinetograph.

# MISS HASWELL IN "THE RUNAWAY"

Popular Actress Will Appear in Pleasing Comedy at the Royal Alexandra.

In "The Runaway," the comedy that Miss Haswell and her excellent supporting company will present at the Alexandra Theatre next week, the popular actress has a role that suits her as nicely, someone has said, as her own tousled hair. In the course of the play there are moments when she is called upon to depict jealousy, rage and grief, and Miss Haswell, as her admirers know, is equally at home in any of these moods.

Local theatregoers are familiar with her in other roles and are curious to see her in this new one. Seats for this engagement will open this morning, and to ensure good locations the management urgo early bookings, as the demand is unusually large for so early in the week. There will be the usual Wednesday and Saturday matinees.

# BRIGHT BURLESQUE WILL OPEN STAR

'Girls From the Follies" Will Present Emerie as Special Attraction.

Constantly on the lookout for what is best and most entertaining in the world of highclass burlesque, Messrs. Strouse and Franklyn have struck the highest pitch in their new offering this season. "The Girls From the Follies" prominently feature with this organization, which will be presented at the Star this week, Commencing with the Saturday matinee is Emerie, advertised as the Parislan sensation of the era. Who Emerie is, or what it is, the advertising matter does not state, as the advance agent is cleverly shrouding it in mystery.

Between the two-act musical farce, "The Lady Pirates," refined vaudeville is presented by some of the brightest stars in the vaudeville firmament.

As something entirely new in high-class burlesque, critics say the company is deserving of the closest attention, Matinees will be given daily.

Scarboro Show a Good One.

## Cultivating

We noticed while out at Long Branch the other day how very dry and baked the earth is, so soon this summer. It is not usual, early in August, to find wide, dry cracks almost an inch in width, running for many yards thru the grass, and extending quite deep down. On returning to the city we looked around us and found a similar condition prevailing in several places.

vailing in several places.

This is due to the long spell of unusually dry weather. How can plants and crops exist under such lack of moisture? Think of the intense heat that has poured down onto the tions will also appeal to patrons of soil to produce such a condition.

Then take a look at some of the

Exhibition grounds," said Controller McCarthy.

"We want privacy for the women's courtend yet there is a parade of the Prisoners thru the main corridors every day," said Controller O'Neill, changed.

"We should fix up the assembly room with offices," said Mayor Hocken. "The ratepayers' pre-election meetings could be held in St. Lawrence Hall."

"The women's court should be where the medical health department now is," said Controller McCarthy.

"The women's court should be where the medical health department of offices in that a sub-committee study the problem and report. He and Controller O'Neill form the committee.

DR. HASTINGS HAS SCHEME

# THE TRIPLE TIE

(Continued From Yesterday.)

By the first of August the Red Sox were in third place, after floundering around among the tail-enders for half the season. By the first of September the world's champions were in second place, only the Athletics of Philadelphia standing between them and the leadership in the American League pennant fight. The men were playing with a dash and vigor that surpassed their 1912 form. Tris Speaker, the great centre fielder, led the league in batting and every day he was getting his two or more safe hits, most of them solid drives for two or three bases or home runs. Duffy Lewis, the left fielder, was close up in his stick work and his fielding and throwing were better than ever. Harry Hooper in right field was having his best year, batting better than he had ever done before and running the bases like a deer. Heine Wagner, captain of the team and the man most depended upon for defensive work, played with a steadiness that was the marvel of the baseball world. Larry Gardner, the third-baseman, fully recovered from the injury to his ankle, began playing again early in June and from that time on he surpassed himself at bat and in the field. Steve Yerkes was as steady as a rock at second base and his batting was timely. He seldom failed to deliver when called upon. Clyde Engle, who had to play first base nearly all the year on account of the injury to Manager Stahl's foot, played the bag in a manner that made the other first-basemen jealous. The catchers—Carrigan and Cady—were like stonewalls behind the bat, ang the pitchers—Wood, Bedient, Collins and O'Brien—with Hall and Leonard to help out, performed wonders. In short, the whole team played like wildfire and stood the other teams on end as fast as they appeared. From the first of July to the close of the season the Red Sox did not lose but one series to their opponents.

White Sox deponded on the first baseman, the entire staft with elegance and grace, while his right arm was a terror to base stealers. Strengthened by the acquisition of H

close behind them, only a few points separating the two teams in the percentage column.

In the meantime, the Athletics, managed by that shrewd baseball general. Connie Mack, which had been enjoying a sort of baseball buggy ride the first half of the season, and had already begun to count their world's series money in their minds, struck a mighty rough road about the first of August, and began to "come back," as they say in horse racing circles. They lost game after game. Their pitchers "went bad," and their sluggers failed to slug. Someone stole Frank Baker's bats and he couldn't hit the ball. Two or three unfortunate hit he ball. Two or three unfortunate hit he ball. Two or three unfortunate accidents put some of their most dependable players on the hospital list temporarily. By the first of September the Philadelphia "fans" were in a panic. Manager Connie Mack lost his Mephistophelean smile, and the subdued swearing he indulged in withered the grass in the immediate vicinity of the players' bench whereon he sat during the gloomy, losing games.

Situation Tense.

The pitchers, on whom Mack depended, caused him many sleepless nights. Eddle Plank's cross-fire became cross-eyed, Jack Coombs' curves were batted from Dan to Beersheba, and in spite of "Chief" Bender's red-faced twists and blackhaired curves, the Indian could not win a game. On Sept. 1 the Athletics were lated from Dan to Beersheba, and in spite of "Chief" Bender's red-faced twists and blackhaired curves, the Indian could not win a game. On Sept. 1 the Athletics were lated from Dan to Beersheba, and in spite of "Chief" Bender's red-faced twists and blackhaired curves, the Indian could not win a game. On Sept. 1 the Athletics were lated from Dan to Beersheba, and in spite of "Chief" Bender's red-faced twists and blackhaired curves, the Indian could not win a game. ## TOMATO CATSUP

W E have received several requests for comprehensive directions for making tomato catsup that will keep its good flavor after it is opened. One writer asks for a bright red color, while others mention a preference for a darker, richer catsup. The color is decided by the variety of tomato used and by the amount of spices added and the length of time the mixture is boiled, so each may suit herself. If the directions below are not entirely satisfactory, I will be pleased to send you additional ones on recuest tional ones on request.

tional ones on request.

One peck of ripe tomatoes—wash and cut in half, cook in porceiain kettle until the juice is extracted, and the pulp soft.

Put thru a colander, then thru a fine sieve. Return to fire and add three tablespoons of salt, one-half ounce powdered mace, one tablespoon of black pepper, one teaspoon of cayenne pepper, one tablespoon ground cloves, one-half tablespoon ground allspice, six tablespoons of ground French mustard and a tablespoon of crushed celery seed tied in a bag. Keep the fire low and simmer gently at least five hours. An asbestos pad should be placed beneath the kettle so the contents will not scorch. During the last hour the mixture must be stirred occasionally. Let stand over night in a cool place and in the morning remove the bag of celery seed night in a cool place and in the morning remove the bag of celery seed and bottle the catsup, after adding a pint of very strong vinegar.

Some persons think that onion adds a flavor superior to all else. If

THURSDAY MORNING, AUG. 14, 1913

GEOLOGICAL HONORS. Fortunately the university affords a means for doing some honor to be bestowed indiscriminately, or the conferring of degrees would defeat its directed against the selections made degrees this afternoon. The list could easily be extended from the ranks of the eminent visiting geolo-

who have been singled out to bear the compliments thus indirectly paid to their colleagues. Greece but of seven other representative nations, Great Britain, France. United States, Germany, Finland Russia, and Canada, being represented in the honor roll. Mr. Aubrey Strahan, F.R.S., is assistant director of the Geological Survey of England and Wales. M. Termier is directeur du service de la Carte Geologique de la France. Prof. Chamberlain has attained prominence for his novel

theories of the origin of the planetary systems. Prof. Saderhohn is director of the Finland survey and a specialist in archaean rocks. Our own Dr. Willett G. Miller is the man who put the alt in Cobalt, and worthily represents Canadian science. Messrs. Richard Beck and Theodosius Tshermyschew are equally represen-

tative of Germany and Russia. The occasion is one of the most inina's of the city, and there should be a brilliant' gathering this afternoon at Convocation Hall.

THE JAPANESE BOGEY. When the United States manufacturers are given to blowing, as is not at all unusual, they boast that the higher efficiency of their workers more than offsets the difference in wages. When they argue for the maintenance of a lofty tariff wall they are equally insistent on the plea that without it they are unable to compete with the

"pauper labor" of Europe and much less with the much smaller wage earner of the orient. Of course the arguments are mutually destructive, but that matters little when proper pride and self-interest come into con-

And now comes Mr. E. F. Crowe, commercial attache to the British embassy at Tokic. Japan, who tells the world that what hampers that country in her chances of competing with her goods in the world market is the high cost of production. It is a generally accepted idea, he observes, that Japan is a country of low wages and long hours, which is undoubtedly true, the average wage for men being twentyeight cents a day and for women on to comment, it is doubtful, in the ish states of the southern seas. opinion of competent observers, whether the amount of work gone thru does not cost more than in the United German geological delegates as he call-Kingdom or other countries where labor is dearer.

Nevertheless, last year created a record in the annals of Japanese trade, the total figures for 1912 being twenty per cent. higher than those of the previous year. The total export and import trade in 1912 amounted to roundly \$580 000.000 as compared with \$490. 000.000 in 1911. Of that \$315.000,000 presented imports and \$265,000,000 rts. Japanese political economists

concerning themselves over this erse balance of trade, but the edge of their criticism has been somewhat impaired by the fact that greatest increases in imports have occurred in raw cotton, metals and semi-manufactured articles. Japan has a large foreign debt, and as the government has fully realized that this is a time for economy in 1 retrenchment, the effort to hoist the Japanese bogey, attempted in some quarters in the United States. is certainly not justified by circum-

SHIRKERS AND WORKERS.

One of the problems which confront the social reformer is that which is created by the man who refuses or neglects to support his wife and family. The common method of subjecting the offender to a term of imprisonment rather aggravates than relieves the difficulty, since it is evident that during his term of retirement his opportunity to contribute is even less than it was before. Involuntary failure, even relieves him of the responsibilty which his voluntary act violated.

Ballard, a small municipality near Scattle Washington, hear provided a

solution which is provocative of hought. It has purchased a farm, to which the man who fails to support his family is relegated. There he has to work under the order of the superintendent, earning his board and lodging and a dollar and a half a day. The money is paid to his family, and so far so good. But what of the man who is anxious and willing to work and cannot find employment? He surely is at least as worthy of a job as the shirker.

HEALTH OF WOMEN AND CHIL-DREN.

New Zealand was the first of the British oversea dominions to grant vomen equa' franchise rights. The result has been that the Little Dominion so named on account of size, not progressiveness, has in a measure led the world in provisions for the betterment of ordinary people. And after all is that not what the main object of a lemocratic government and parliament hould be? The improvement of home life, the creation of a standard within reach of each and every section of the ommunity is sure'y an ideal worthy of recognition and of struggle to attain.

Journal is one by Mrs. Massey on what New Zealand does to promote the health of the women and children of hat sister British state. It describes what has been done by the society formed for that purpose about seven years ago. Its aims and objects arehus stated:

1. To disseminate accurate infornation on matters affecting the health of women and children by means of gists, but all are representative men teaching in the home and otherwise. 2. To uphold the sacredness of the

body and the duty of health; to inculcate a lofty view of the responsibility of maternity and the duty of every mother to fit herself for the perfect fulfilment of all the natural calls of motherhood both before and after

3. To provide and employ nurses ready at any time to give advice and instruction to mothers, in the home or elsewhere, with a view to conserving the health and strength of the rising generation and render both mother and offspring hardy, healthy and resistive 4. To promote legislative reform in

matters pertaining to the health of women and children 5. To co-operate with any present or

future organizations which are working for any of the foregoing or cognate

A further object which the society had at first was: To investigate the conditions under which waifs and during the first twelve months of life, and as far as possible to make provision for their proper care where they are found to be improperly housed or

(a) By getting them placed in suitable private houses under the care of women not dependent solely upon the fees received.

(b) In cases where proper provision cannot be made as above indicated, to provide suitable temporary accommodation and nursing at the society's ex-

This latter object was rendered unnecessary by the action of the government and town councils, which have improved their care of waifs and strays. But after some early struggles the society has now obtained full public recognition, and has branches and workers from end to end of the dominion. The society's hospital, which only deals with babies suffering from mal-nutrition, ignorance or neglect, is now subsidized by the New Zealand Government, which in this way has shown its practical approval of the outside New Zeniand, as requests for its book on the care and feeding of parts of the world, This New Zealand fourteen cents, while the hours of society is not the least of the benefits work are about eleven per day, with which the world has received from two holidays a month. But, he goes the leadership of the progressive Brit-

## NERO

V. B. in Toronto News: We are told that Nero was coarse in appearance his figure bulky and his face gross and brutal. For my part I decline to believe that he resembled in any way pictures that are drawn of the emperors of the modern business world. see him tall, thin, stooping slightly and very bald. His eyes are dark brown large and set wide apart. The upper part of his face is pleasing in spite of a Roman nose with a bump for each of the seven hills. But he has a receding chin, thin lips and his mouth is cruel looking. He is dignified in

is cruel looking. He is dignified in his bearing and there is a graceful carelessness about his clothes. Historians have pictured him differently; perhaps because they failed to understand his peculiar sense of humor. But I must conjure up another picture to account for his actions. As a young man I see him the idol of Roman society. His handsome face is crowned with a cluster of curls. His toga, worn with careless ease, reveals the muscular, straight limbs of the athlete, just as the modern slit skirt reveals alike to the gaze of the public, athlete, just as the modern slit skirt reveals alike to the gaze of the public, reveals alike to the gaze of the public, legs bow and legs bandy. His verses are quoted by the patricians, and garbled extracts of them are muttered by the flower sellers grouping near the Forum. His jokes are the tal kof the city. As far as can be learned he originated the sayings "I should worry" and "you're another." Rome roarded with laughter when he said "I'm the guy that made an 'ero of Nero," While driving across Rome is a public.

Forum. His jokes are the tal kof the city. As far as can be learned he originated the sayings "I should worry" and "you're another." Rone roared with laughter when he said "I'm the guy that made an 'ero of Nero." While driving across Rome is a public charlot one day, the man situate next to him complained that the vehicle was draughty. Nero turned to him and uttered this dignified rebuke: "De gusty 'bus non disputandum." The phrase became one of the most quoted proverbs. All this flattery and appreclation led him to overrate the power of his brain, and in a weak moment he turned to the study of serious subjects.

First of all he discovered the hum bus and trickery surrounding the tem-ples of the Roman gods. He learned also to appreciate the value of pre-tending to believe in the humbug. He had been brought up to despise the Jews. So he had no religion from which to draw support. Then, while studying with Seneca, he did what few other men have done He managed to ther men have done. He managed to nderstand the crushing vastness of

Ing Vasiness gave him a form of monomania. Once we appreciate this it
is easy to understand why he regarded as practical jokes what other people looked upon as abominable crimes.
The murders of the rightful heirs to
'the throne, his mother and his first
wife (the murder of his second wife,
I think, was a mistake, due to absentmindedness), how trivial were these
occurrences compared with the daily
happenings in illimitable space. He

was cruel because he was afraid of pain and wished to harden himself to the thought of it. He killed because see others cross to the great unknown, so that when his turn came he might be accustomed to the idea of dying. While living in constant dread of the vastness of space. Nero "had the most profound contempt for the petty of the contempt of the petty of the petty against the contempt of the petty of the contempt of the petty affairs of this world. I believe he despised the pomp of his own life, the he was most particular in exacting servile submission from his entourage. I can see him give a grim chuckle while arranging for the murder of a powerful patrician. The corners of his month would twitch as he watched the fat and perspiring victim tearing round the arena in a hopeless attempt to escape from a healthy and hungry to escape from a healthy and hungry lion. The humor of the situation lay lion. The humor of the situation lay entirely in the unknown quantity. What happened to these people when they were killed? Did they become they were killed? Did they become to float thru all eternity between the worlds and never find a resting place? Finally Nero killed himself to find out. If I had known Nero I should have been able to amuse him, for I should have appreciated his viewpoint. But I am afraid he would have had me with the great country of ours. been able to amuse him, for I should have appreciated his viewpoint. But I am afraid he would have had me murdered. After all, it is better to live in these times and go to see Nero burn Rome at the Exhibition. One has all the excitement, all the thrills and none of the danger of too close an acquaint-ance with a man who has learned to

special Cable to The World. Copyrighted by The Toronto World and N. Y. World. LONDON, Aug. 13.—Oscar S. Straus has been in London two weeks and has devoted the entire time to studying the social welfare schemes which have been introduced by the Library. introduced by the Liberal party. He tells The World correspondent that as a result of what he has seen regarding co-operative homes he shall endeavor to introduce similar schemes in New York York.
Mr. Siraus will attend the opening of the Peace Palace at The Hague and will be the guest of Andrew Carnegie in Scotland before returning to America

in October.
On the subject of social laws Mr.
Straus said to The World correspondent:

dent:

"Germany enacts many laws for the welfare of the masses, but there is a different spirit behind the German and the English movement. The German spirit is rather patriarchal. In England social justice laws spring from the growing power of the democratic masses."

Mr. Straus had long conferences with Chancellor of the Exchequer Lloyd George, Attorney-General Isaacs, the Lord Advocate of Scotland, Ure, and some minor ministers in the present administration.

"The whole program of the Liberal

sent administration.

"The whole program of the Liberal movement is on all fours with the Progressive movement in America," observed Mr. Straus, "yet Mr. Lloyd George pointed out to me in almost precisely the same words as Mr. Roosevelt used that the Liberal movement stands between aparely and the

Roosevelt used that the Liberal movement stands between anarchy and the conservative rights of property. Unless justice is accorded to the masses they will obtain it by violent measures. Mr. Lloyd George impressed me as a great man of great vision, with which ha unites great tact. He is very symptomic properties of the less very symptomic properties. great man of great vision, with which he unites great tact. He is very sympathetic and there is nothing theatrical about him, but he is sincerely and earnestly devoted to his cause. With all this he preserves a thoroly democratic attitude and has not forgotten his own origin nor the plain people from which he sprung.

Ahead of Progressives.

"I think the English Liberals are 25 years ahead of the Progressives of the United States. One reason is that England can legislate faster than we because she is governed by one central body. We have to go before 48 legislatures.

"Our state rights" areas great size.

"Our state rights are a great advan-

Army of Twenty-Five Thousand on March to Hankow and the Capital.

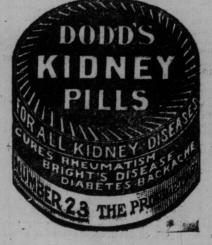

HANKOW, Aug. 13.—(Can. Press.)
—It is reported that 25,000 rebels from the Province of Hu-Nan have crossed the border into the Province of Hu-Peh and defeated a small force of levelists. It is reported to be their loyalists It is reported to be their intention to capture Hankow and afterwards to move against Peking. Northern troops with artillery have left here to intercept the rebels, and it is believed they will easily rout them.

LOST HIS MONEY

NIAGARA FALLS, N.Y., Aug. 13.— (Special.)—The body found below the falls yesterday was today identified as that of Charles Allock of Buffalo, who was last seen by relatives on Saturday. It was interred here this afternoon. The loss of his money is believed to have been the cause of his suicide.

PIPE BAND WAS PRESENT

Lefebvre of Montreal Revived With Difficulty After Half-Mile Run.

disadvantage in others. In America we must nationalize legislation for the repression of national evils. Progressiveism has got to get away from the fetish of state rights."

In talking about co-operative homes, Mr. Straus described a visit he paid with a former governor-general of Canada, Earl Grey, to the garden suburb of Hampstead, which is five miles from Charing Cross and about fifteen minutes in the subway.

"What I saw," added Mr. Straus, "impressed me deeply. It showed the way to transplant working people to healthy surroundings."

James Whitney and a number of abinet ministers, the mayor and several members of the board of control, were numbered among the honored guests.

A feature of this year's games was the presence of the new pipers' band of the Toronto Police Force. This band is headed by Thomas Ross of No. 6 Division, and is composed of twelve members, including nine pipers and three drums. It is the first pipers' police band to make its appearance on this continent, and the only police band in existence in the Dominion. It is the intention of the police to make this a permanent part of their organization.

Collapsed at Tape.

The half-mile race, which was run off late in the afternoon after the board of control, were numbered among the honored among the hounced among the honored among the hounced among the

"What I saw," added Mr. Straus,
"impressed me deeply. It showed the
way to transplant working people to
healthy surroundings so that their
children can grow up fit and useful
and patriotic subjects and by a method
"that does not pauperize them, for the
scheme is eminently practical, each
beneficiary paying four and a half per
cent. interest on the capital."

REPORTED SUCCESS

OF CHINESE REBELS

The half-mile race, which was run off
late in the afternoon, after the competitors were pretty well worn out, had rather a sensational finish, and it was not
because the finish was a close one. On
the last lap of the race Lefebre of
Montreal made a magnificent spurt from
the others, and in doing so gained a lead
of about fifty yards. Entering the
stretch at the finish he was seen to stagger from side to side, but pluckly kept
on to the tape, where he collapsed. Morel
of Montreal finished second, a short distance nhead of O'Neil, who also collapsed
at the conclusion of the race. For a
short time Lefebre lost consciousness,
and artificial respiration was resorted
to. The Results.

The Results. The results follow: Vaulting with a pole—1, Maranda; 2, McArthur; 3, McLarty. Height jumped Running broad jump—1, Maranda; 2, O'Neil. Distance jumped, 20 feet 3½ in. Hurdle race—1, Maranda; 2, Morel; 3, O'Neil.

O'Neil.
Throwing 56-lb. weight (high throw)—
1. Lefebre, Montreal; 2, O'Neil, Toronto;
3. Desmarteau, Montreal; 14 ft. 6 in.
Montreal got away with the first event.
Lefebre winning quite handily. Robinson and Desmarteau had it out for third.
Running high jump—1, O'Neil, Toronto;
2. A. Maranda, Montreal; 3, McLarty,
Toronto. Height, 5 ft. 2 in.
Long service race (25 years and over 2. A. Maranda, Montreal; 3, McLarty, Toronto. Height, 5 ft. 2 in.

Long service race (25 years and over, 100 yards — 1. Egan; 2, Craig; 3, Fyfe. Time 13 min. 3-5 sec.

This race for the older members of the Toronto force was easy for Egan, he winning by three yards.

Standing broad jump—1, Maranda, Montreal; 2, Thos. O'Neil. Toronto; 3, Morel, Montreal; 9 ft. 11% in. best jump. Putting shot, 16 lbs.—1, Desmarteau, Montreal; 2, Lefebre. Montreal; 3, O'Neil, Toronto. Distance, 38 ft. 2 in.

There were seven entered in this event, and Desmarteau of Montreal turned up as the winner with a throw of 38 ft. 2 in. Bicycle race, 1 mile—1, Koster. Toronto; 2, Egan, Toronto; 3, Cook, Toronto. Time 2.43 3-5.

Koster led all the way, winning by 2 yards, altho Egan pushed him hard right to the finish. Cook was third, 10 yards back.

100 yards dash (first heat)—1, O'Neil, Toronto; 2. Maranda, Montreal; 3, Morel, Montreal. Time 11 sec.
O'Neil won by 2 ft. Maranda second by 1 foot.

O'Nell won by 2 ft. Maranda second by 1 foot.
Tossing caber—1, McLarty, Toronto, 40 ft. 3 in.; 2, McArthur, Toronto, 39 ft. 11½ in.; 3, Desmarteau, Montreal, 39 ft. 5½ in. 220 yards run—1. Maranda, Montreal; 2, Morel, Montreal; 3, O'Nell, Toronto. Time 24 1-5 sec.
Discus—1. O'Nell, Toronto; 2, Desmarteau, Montreal; 3, Robinson, Toronto. Distance, 110 ft. 8¾ in.
Between the different events the Toronto Police A.A.A.'s Kilties Band, 12 strong, paraded around the field.
Two-mile bicycle race—1, Koster; 2, Egan; 3, Harris. Time 6.29.
Six started in this event. Egan set the pace for the first lap, and then dropped back to last place; the rest alternated in setting the pace till the bell tap, when Koster broke away from the bunch and beat them home by 20 yards, Egan very slow.

Running hop, step and jump—1, A. Maranda, Montreal 2, O'Nell Toronto.

Very slow.

Running hop, step and jump—1. A.

Maranda, Montreal;—2. O'Neil, Toronto; 3,
Carson, Toronto. Distance, 42 ft. 9 in.
Old men's race, 55 years and over, 100
yards—1. Fife: 2. Welsh. Time 15 sec.
Throwing hammer, 16 ibs—1. McArthur,
Toronto; 2. Lefebre, Montreal; 3. McLarty, Toronto. Distance, 119 ft. 4 in.

ı	MOCIVI DEIVING
	The executive of the Ratepayers' Association will meet tonight to discuss incorporation. The district is getting so thickly settled that many of the residents feel that it would be a good plan to manage their own affairs as a police village. The executive meeting is just a prelude to a big public meeting which has been talked of for some weeks.

MARKHAM
The Methodist Women's Home Missionary Society will meet at the home of Miss Ley, Wellington street, today, at 3 o'clock. The women's auxiliaries of Unionville and Reach are invited to be present and take part in the program. The congregation of Zion Church will hold a social meeting on the church lawn tonight. A long program of vocal and instrumental music will be rendered by the Whitby Orchestra, and the following soloists: Miss Alice Newport, elocutionist; Miss Laura M. Evans, vocal soloist, and E. W. Evans, bandmaster of the 34th Regiment Band, Whitby, will render cornet solos.

# POP GEERS LANDS REUSENS WINNER IN M. AND M. STAKE

Defeating the Top-Heavy Favorite, Tenara, in Five Heats

-The Grand Circuit Sum-

of the Detroit Driving Club's Blue Ribbon meeting, attracted an enormous crowd to the State Fair Grounds track, and those present enjoyed an afternoon of excellent sport.

The day was perfect for racing, and the track was at its beat, in all thirteen heats were contested during the afternoon, and in every one there was a close and acciding finish. Two tavorites and Tenans and severing finish. Two tavorites and Tenans and severing finish. Two tavorites and Tenans and for severe joil when the balance of the flied bringing with the balance of the flied bringing

WINNIPEG CRICKETERS

Cabel, and in each heat he had to do his very best to beat Tommy Murphy, with the second choice, Strathstorm. Cabel was an even-money favorite. Walter Cochato and his driver, Legg, were restored to good standing after a two weeks' suspension, and the son of Cochato was made favorite for the 2.05 pacing stake, but he failed to deliver, notwithstanding that the judges put Geers up behind the horse after he had finished a bad fourth in the four-horse race the first heat. This was a two-in-three affair, and the outsider, Flower Direct, that had been rawing on the twice-arounds earlier in the season, annexed both heats necessary to land first money, and in winning the second in 2.03½, paced the fastest heat of the day, and also took for herself a new record.

The final race of the day was for 2.08 class pacers, and was also two in three. Dr. Burns fr. was the choice of the talent, and he won all right, but not until the gray pacer, Harry the Ghost, heat of the first round. However, in the succeeding two heats the doctor smothered all opposition.

# SHERWELL BEATS LAIRD CHAMPIONSHIP SINGLES

Many Close Matches on the Toronto Courts-Playing in the

Exhausted from a three-set match in doubles, Mr. Laird fell before the good tennis of Mr. Sherwell in the championship tournament yesterday; but only after very close games. The men were evenly matched in the last set, which produced many long, fast raimes. Mr. Laird is the type of player who is unbeaten until the last score is called.

Mr. Mattheysz played Mr. Allen a close match, both showing-fair tennis. Within one point of the match, Mr. Mattheysz lost his hold on victory, Mr. Allen running out the third set, 7—5.

In another exciting match, which had the spectators on their feet, Mr. Henderson spoiled Buffalo's representative, Mr. Bowen's, chances for final honors, It was a well-played three-set match, the winner proving unquestioned superiority. The doubles produced good play when Mr. Allen and Mr. Mayes defeated Mr. Bowen and Mr. Wickes in straight sets. Mr. Allen is the premier doubles player in this tournament, constantly amazing the execited gallery with seemingly impossible shots. He plays everything all the time within his head.

Every match on Thursday should be a good one. Particular mention can be made of the Sherwell—Mayes match at four o'clock. Mr. Allen meets Mr. Spanner, and the semi-finals in the ladies' singles. The ladies' events have produced some keen tennis. Yesterday's results follow:

The Summary.

—Men's Championship Singles.—
Sherwell defeated Laird, 6-3, 7-5.
Burns defeated Baines, 6-2, 6-4.
Farton defeated Baines, 6-2, 6-1.
Henderson defeated Bowen, 4-6, 6-0, 6-1.
Allen defeated Mattheysz, 5-7, 6-3.

Henderson defeated Bowen, 4-6, 6-0, 6-1.

Allen defeated Mattheysz, 5-7, 6-3, 7-5.
Spanner defeated Hendry, 6-4, 6-3.
—Men's Championship Doubles.—
Glassco and Smart defeated Goldstein and Langstaff, 6-2, 6-3.
Burns and Ross defeated Langley and Shepherd, 6-2, 6-3.

Allen and Mayes defeated Wickes and Bowen, 6-2, 6-2.

Laird and Parton defeated Purkis and Boys, 4-6, 6-2, 6-4.

Gurney and Henderson defeated Martin and Hendry, 6-2, 9-7.

Spanner and Mattheysz defeated Baines and Sinciair, default.
—Mixed Doubles, Championship.—
Mrs. Bickle and Sherwell defeated Miss Gourlay and Morrow, 6-1, 6-1.
—Ladies' Doubles, Championship.—
Mrs, Marty and Miss Andras defeated Miss McDonald and Miss Davidson, 6-4, Mrs. Bickles' Championship Singles.—

# REFUSED TO SIT AT FIRE ENQUIRY

Controller Foster Wanted Investigation Conducted by Coroner.

A QUESTION OF MAINS

G. T. R. Refuses to Allow City to Instal Hydrants on Water Front.

When the enquiry into the charges by Aid. Burgess of inefficient fire protection was commenced by the board tection was commenced by the board
of control yesterday morning Contholiar Foster left his seat, refusing to
take part, as he held that the enquiry
should be made by a coroner.

"Is it the duty of the fire and works
departments to provide fire protection
to the city? Should the island have
fire protection from the opening to the
close of navigation?" were questions
first submitted by Ald. Burgess to the
board.

"Certainly." Mayor Hocken replied.
"If I prove carelessness by the fire and works departments, will you admit lassificiency of fire protection?" Aid. Burgess then asked.
"Yes," Mayor Hocken answered.
"Then I am ready to have my charges taken up," Ald. Burgess said.
The first charge was of carelessness in providing fire protection at the island on April 20, causing the loss of several buildings by fire.
"The time of turning on the water in mains on the island each spring was haphazard, leaving an uncertainty between the works and fire departments as to when the water should be turned on," said Ald. Burgess. "It was thus easy for the water to be turned on and the fire department not know."

"In future the water is to be turned on at the island on April 1, or earlier if the weather will permit," Mayor Hocken remarked. "It is admitted that the onus of delay at the fire on April 20 is on the works department and not on the fire department."

Thompson. "We have tried for years to get permission from the G.T.R. to lay a main there."

"If a fire occurs down there we can't control it," said Deputy Chief Noble,

"There is an area down there without sufficient mains and the chief and deputy chief say it is impossible to put in mains there," said Controller Mc-Carthy."

"There was hardly enough water to run out of the nozzle," Deputy Chief Noble said.

"The lack of pressure there is caused by a six-inch main," Commissioner Hartis ethical main, "Commissioner Hartis ethical main," Commissioner Hartis explained. "In other parts of the city similar conditions obtain. This is the result of property owners in the older part of the city having refused to pay for more than three or four-inch mains. Since I took office I ordered that nothing less than six-inch mains about the runors. "There is nothing in the story now at all," he said, when interviewed at the King Edward.

IRISH PEER IS.

VISITING CANADA dered that nothing less than six-inch mains should be laid. We are correct-

Once a Month. "There are 5218 hydrants in the city and all are examined once a month," Commissioner Harris stated. "The works department will supply the fire department with full information upon the present the pressure at each hydrant."

The next charge was that there are no keys in the fire alarm boxes at the Exhibition grounds, and that caused a serious delay in sending in an alarm for the fire there on Aug. 3.

There are plenty of keys in the possession of the officiais of the Exhibition and the grounds. Chief Thompson and the grounds alarm boxes at Exhibition Park there would be many false alarms. Wherever would be many false alarms at the discovery or whereabouts of the discovery o

alarms sent in. To show that the system at the Exhibition grounds is not exceptional, the university authorities insist upon having glassless boxes and keeping the keys in the possession of officials only." The enquiry was adjourned at 11 o'clock this morning.

## APPEALED AGAINST INCREASE IN TAXES

Moore Park Deputation Interviews Officials of Revision Court.

Moore Park sent a large deputatio to the court of revision yesterday to appeal against this year's assessment J. S. Fullerton, K.C., headed the depu-

tation.

"We represent 100 property owners in Moore Park," said Mr. Fullerton.

"Our assessment has gone up 700 per cent. by annexation, and we are assured it will be three years before we will have a sewerage system there. It is very unjust that our assessment should be so greatly advanced, and yet there can be no increase in value to our property for three years."

Chairman Drayton reserved judgment.

## AVIATOR'S FAMILY IS LEFT PENNILESS

Provision For Widow of S. F. Cody.

LONDON, Aug. 18 .- (Can. Press.)-Samuel F. Cody, the Anglo-American aviator, who was killed at Aldershot on Aug. 7, died practically penniless, All the prize money he had won was spent by him in perfecting his machines and his wife and family were left in such a dependent position that the British Government is making an investigation with a view to providing for them in some way.

ton, was destroyed. Mr. Stanley lost the season's hay, wheat and barley crops and a few implements, but no live stock. An adjacent granary and hogpen, as well as the house, was saved after a hard fight. The lost building was insured.

William McIntyre of Cobble Hill had his barn destroyed. The total loss in the vicinity was several thousand dollars.

Sealed Tenders, addressed to the undersigned and marked "Tender for Re-

mains should be laid. We are correcting the trouble with smaller mains as rapidly as possible, and before the fire sourced on Jersey avenue we had the six-inch mains on the ground there ready to be laid."

"Has your department full data on the pressure to be expected from each hydrant?" Controller McCarthy asked Chief Thompson.

Lord Glentworth of Dunmare Castle and Principal Fitzgerald of Oxford Pause School. London, are in the city. They have been making a trip across the Dominion.

The young Irish lord is making a study of Canadian conditions, and will spend some time on a fruit farm near Grimsby. He will go home for Christmas. Lord Gientworth of Dunmare Castle and Principal Fitzgerald of Oxford Pouse School, London, are in the city. They have been in aking a trip across the

# **COLLEGE STREET** IN GOOD ENQUIRY

Wave of Commercialism Will Soon Sweep West From Yonge Street.

The action of the university governors in the relieving of part of College street, from Yonge over to about the new hospitl, from rulings that shut out business houses is having its effect. Already the properties affected by the change from residential to prospective business use are in active enquiry, and sales are sure to result very soon. The citizens are quite likely to see a rush of business of Yonge before the winter is begun.

Residents who hope to stand against the natural tide of development feel uneasy as to the certain prospect of the residential character of the street being swept away. Over half of the properties between Yonge and the Victoria Hospital are on the market, at prices better than a year ago, when the present condition was not anticipated.

The Christian Science Church, at the northwest corner of Elizabeth street, for example, is on sale. And strange to Toronto, the congregation will worship in a public hall on Sundays after the sale of the site.

The Christian Science Church, at the northwest corner of Elizabeth street, for example, is on sale. And strange to Toronto, the congregation will worship in a public hall on Sundays after the sale of the site.

The Christian Science Church at the lowest or any tender.

The Christian Science Church, at the tender be not accepted, the cheque will be returned.

# HIGH GRADE STOCKS TURN FOR BETTER IN GOOD DEMAND

Stubborn Strength Shown by Continuous Decline Gave New York Market Strong Sentimental Effect of Crown Toronto Market-Situation Much Improved.

# WINNIPEG RY. SOARING

Financial Sentiment Has Undergone Decided Change For Better of Late.

While the activity particularly in the leaders, showed a tendency to slow down there was no let-up in the buoyant action of the Toronto Stock Exchange yesterday. It was apparent hat a good many buying orders of the semi-investment variety were in the market, such issues as Winnipeg Railway, Twin City, Mackay and Toronto Railway reflecting the influence of these. Meanwhile others of the general list maintained an appearance of firmness thereby evidencing the improved status underlying conditions.

Financial sentiment has undergone a decided change for the better during the last few days. In fact, the extent of the recovery is only now being realized so gradual was the rise and as usual in such times, speculators are fast getting aboard in anticipation of a further rally. Just how far the improvement will carry each one must decide for himself but it must not be forgotten that since the low prices of last month were recorded, C. P. R. has gone up 14 points, Winnipeg 13. Brazilian F. N. Burt 10, Mackay 7 and Toronto Railway 4, while the lesser gains have been general.

Profit-taking came into play in Brazilian yesterday, but the quotation did not respond to any degree, a plain evidence of the greatly improved character of the market. The shares held between 91 1-4 and 92, and the closing sale at 91 3-8 was just an eighth lower tham the previous close. Considerable

between 91 1-4 and 92, and the closing sale at 91 3-8 was just an eighth lower tham the previous close. Considerable of the buying of late has been for London account, indeed it is said the syndicate which took the preferred stock issue has been buying the common all the way down, thereby acquiring an extensive line of shares in anticipation of an increased dividend and a rise to considerably above par later in the onsiderably above par later in the

dividend on Twin City was heard, but it was generally acknowledged that nothing would be done until next year, the company meanwhile building up its surplus, which is considerable. surplus, which is considerably over \$1, 250,000. There was good buying a 250,000. There was good buying of several of the preferred securities and the bank stocks, due to the continued Gain in July Smallest of Year—

## LOCAL SPECULATORS MADE MONEY IN CORN

Grain May Reach Unprecedented Level Owing to Indicated Short Crop.

the great increase in consumption demand during that period, and also the price of 82½ cents, which was reached during 1908 and 1912, nobody would be surprised to see the grain up around the dollar mark before next summer. That figure was only reached once, during an attempted corner in 1892.

## **NEXT STEEL REPORT** WILL BE POOR ONE

Further Falling Off in Unfilled Tonnage Is Likely This Month.

NEW YORK, Aug. 13.—Unless a buying movement sets in in the last two weeks of this month the United States Steel Corporation will report a further falling off in unfilled tonnage in August. The decrease, however, may be cut down somewhat by a shrinkage in shipments, altho there has been no heavy falling off in production to date. United States Steel is probably running from 5 per cent. to 8 per cent. below the high record of a short time ago. Steel orders have been decreasing steadily since October, 1912. In that month new business, estimated, was received at the rate of 75,000 tons per day. There was a gradual decline to the end of May, 1913. A slight im-provement has been noted over the last two months. New business in May was 20,800 tons per day; it is now 24,-

# THIS LOOKS LIKE

Long Lake Property, Owned by Drummonds, Produces Thousand Dollars Daily.

One thousand dollars a day in bright, cleaming bars of gold has been the value of the output of the Long Lake gold mine for the past 30 days. These pany's capital stock to \$2.000,000. Gross pany's capital stock to \$2.000,000. Gross Ingots have been shipped to the mint at Ottawa in \$10,000 batches of tenday intervals for some time now, and 1912. the supply will not give out for some time to come; in fact, the company is so confident in the future of this pro-perty that steps will immediately be taken to double the plant's producing capacity.—Sudbury Star.

# IN BOND MARKET

Way to Advance During July.

For the first time since last January, bonds actually improved their position during July, the almost continuous decline giving way to a considerable advance. The average prices of the 25 representative railroad bonds used as a basis of comparison in the New York market stood at 85,100 on July 31, which compared with 83,990 on June 30, a gain of over two points. Even at that, however, the loss during June was not made up, and the average was away below the level current at the first of the year, being, with the exception of June 30, the lowest on record since the panic days of 1907.

NEW YORK, Aug. 13.—Foreign conditions exercised considerable influence over today's irregular stock market. Of the senting exchanges vesteday. The senting exchanges vesteday.

Not since 1908, when bonds were recovering from the panic depression, has there been an advance in a single month comparable with this, except in August, 1910. When the 2½ point rise from the low record of June, 1913, is considered, one has to go back to January, 1908, and December, 1907, to find an equal to the appreciation.

December, 1907, to find an equal to the appreciation.

It is evident from the above that there has been a decided turn in the bond market of late. At present the average is 10 points under the high of December, 1908, and 5 points under the figure for a year ago. This means that the decline of the last twelve months has been equal to that of the previous three and a half years.

The averages by months follow:

## OUR RAILWAYS BUY STOCK ACROSS LINE

Majority of Foreign Trade in Cars and Engines Centres

WASHINGTON, Aug. 13.—The sales of American locomotives and railway cars in foreign countries have been inof an increased dividend and a rise to considerably above par later in the year. The strong demand for the old-eslished stocks was the real feature of the day. Twin City rose to 105 1-4, its best price (since April: Mackay was up to 83 1-2 bid at the close, a new high in three months; Toronto Railway gained a full point to 138 1-2, and Winnipeg Elgetric moved up 6 points to 200, an exhibition of buoyancy which rivaled the sensational exploits of this issue last year. The shares carry 12 per cent. dividends, and according to current gossip were depressed away below their intrinsic value last month, when the quotation dipped below 190. Speculation on the prospect of a higher dividend on Twin City was heard, but it was generally acknowledged the result of the first ten months of the fiscal year 1913, over \$8,100,000 worth were sold to Canada and the Latin republics. During the same period \$1,300,000 worth of locomotives were shipped to Japan and Korea, but otherwise the markets for American locomotives have been limited to the American continents. The exports of electric cars have made a decided jump during the past year, but the increase is due principally to orders for more than \$2,500,000 worth of cars for Brazil.

# RAILWAY EARNINGS

Reflects the Money Stringency.

Railway earnings in Canada during July made the poorest comparative showing of any month of the year to date, the gain over last year in the gross of all roads being only 2.3 per cent. In the first three weeks of the month the increase was 3.4 per cent. in Juze 6.1, in May 7.5, in April 7.6, in March 7.8, in February 4, in January 20. The slowing down is, of course quite

Several Toronto speculators have made big money in corn in the Chicago pit during the last few weeks, according to the story that is going the rounds in the brokerage offices just now. About three weeks ago September option was selling around 61; this week it has gone as high as 73, an advance of 12 cents a bushel, which on a holding of 10,000 bushels would give a profit of \$1,200.

That the United States corn crop has undergone tremendous damage cannot now be doubted. Two Chicago experts in estimating the yeild agree on 2,500,000,000 bushels, which would be the smallest crop in ten years. Considering the great increase in consumption demand during that period, and also the price of \$2½ cents, which was reached price of \$2½ cents and the price of \$2½

## DIVIDEND PAYMENTS SHOULD HELP MARKET Improved Prospects Reflected by

Many Disbursements Due Next Month-Numerous Payments Being Made Now.

September dividends in Canada will run into a material amount and may be expected to have some influence in the stock exchanges. Already several corporations have declared disbursemeths and these will be greatly augmented by further authorizations within the next cortnicht.

fortnight.

Among the concerns which have already declared dividends, payable in September, are the following:

Miscellangous: Detroit United, 1 1-2 per cent, for quarter; International Coal and Coke, quarter 1; Kerr Lake Mining, quarter, 25c; Lake of Woods, quarter, 2 on common and 1 3-4 on preferred; Winnipeg Paint and Glass, half year, 3 1-2.

Banks: Commerce 2 1-2, Hamilton 3, Home 1 3-4, Montreal 2,1-2, Ottawa, Quebec 1 3-4, Royal 3, Toronto 2 3-4 and Union 2. All these are quarterly payments:

Among the dividends which will be paid between now and Sept. 1 are: Brazilian 1 1-2 per cent. for quarter, Buffalo Mines extra 3. Canada Cement preferred quarter 1: 3-4. Canadian Converters, quarter 1. Cobalt Lake interim. 2 1-2. Crown Reserve monthly and bonus 5. Dominion Bridge, quarter 2. Kaministiquia Power, quarter 1. Seneca Superior Mining, bi-monthly, 10. Among the dividends which will be

capacity.—Sudbury Star.

This is the gold property owned and operated by the Drummonds of Montreal. Mr. R. W. Brigstocke is in Mr. 10.—Ine Monthly Journal of Columerce compilation shows \$20,660,990 five loss in the United States and Canada in July, compared with \$15,219.160 in same month last

# PROFIT TAKING CAUSES SETBACK

Thruout Greater Part of Day.

NEW YORK, Aug. 13.—Foreign conditions exercised considerable influence over today's irregular stock market. Official utterances by British officials indicating decided improvement in the relations among the leading powers made for a buoyant market in London, that centre later sharing moderately in the movement here, the probably selling on balance. Other advices from abroad point to greater monetary ease in the autumn, despite recent misgivings. Parismarkets were firm, altho rentes were lower, but the Berlin market developed no pronounced trend, aside from some direct purchases of C. P. R.

A significant factor was the large foreign interest in the underviting of Union Pacific's Southern Pacific stock, which was more than twice over subscribed in short order. This is said to be the first European participation of any size in American securities since the depression of last spring. Incidentally, the success of this project caused a sharp advance in Southern Pacific shares, as well as the syndicate holdings, their respective gains being 16-8 and 1-14 points.

From its uncertain opening, the market son developed a stronger (on, Steel and Amaigamated scoring higher prices, likewise C. P. R. Reading and a miscellaneous lot of industrials. In the first fluoropean participation of any six of the project caused and Amaigamated scoring higher prices, likewise C. P. R. Reading and a miscellaneous lot of industrials. In the first fluoropean participation of the properties. Already the big stock exchanges are reflecting the improved dinancial outlook, and it is only naturated to look for sympathetic action on the part of the mining market before long.

Crown Reserve Optimists.

The action of Crown Reserve was entitled in the enders of the mining market before long.

Crown Reserve Optimists.

The action of Crown Reserve was entitled in the enders of the mining market before long.

Crop news was again conflicting with a continuance of drought in some of the middle western sections. In the face of this, however, western merchants are evincing incheasing optimism, both in part of the treasury department's crop money policy. Possibility of an agreement to hasten the tariff bill seemed to excite little interest in financial circles. The bond market was steady.

## **UPS AND DOWNS** IN N. Y. MARKET

Erickson Perkins & Co. report average. New York Stock Exchange prices of ten leading industrials and ten leading rails for 1913 as follows:

## High year .... 128.5 Low year .... 111.8 ARE FALLING OFF DISTRIBUTION UNDER WAY IN N. Y. MARKET

Profits Too Big to Ignore Steel Trade Is Slowing Down.

Erickson Perkins & Co (J. G. Beaty) wired: There was evident distribution going on in the market today. Southern Pacific was a feature of the day. The cld stock was bid up to within a point of the price of the new stock when issued, as the Union Pacific treasury stock is called altho the normal difference would be three points to allow for the two dividends which are held in trust. This was calculated to give an impression of a large short interest which we do not believe exists. Steel has risen fifteen points since July 9 and the accrued profits were too large to ignore. We think there was good selling of it. Responsible statements were made as to reductions in various steel prices. This is in line with known conditions. steel prices. This is in line with known conditions thruout the world. The steel trade is slowing down.

## **EUROPEAN INVESTOR** IS MORE CONFIDENT

London Market-Dividend on English Marconi.

, LONDON, Aug. 13 .- The stock mar-LONDON, Aug. 12.—The stock market today was more active and stronger than for some time past. Sir Edward Grey's speech vesterday and the prospects for comfortable money conditions in the autumn owing to the expected gold influx were mainly responsible for the improvement which was most prominent in Home Rails and Mexican securities. Investors are gaining consequently and the stronger of the stro securities. Investors are gaining con-fidence and are steadily relieving the underwriters of recent new issues of their holdings. Consols gained an eighth but Marconi stock eased off after the announcement of a ten per cent. dividend.

## ALEXO NICKEL MINE IS MAKING GOOD

Over a Million Pounds of Ore Shipped Last Month—A New Record.

COBALT, Aug. 13.—The feature of the July shipments from Northern Ontario mining camps is the exceptionally heavy output of the Alexo mine at Iroquois Falls for the month. Twenty-two cars of nickel ore, containing 1,588,500 pounds, were sent from Iroquois Falls station by this company to the Mond Nickel Co.

This is the heaviest monthly output

This is the heaviest monthly output ever made from the quarrying operations conducted by this infant nickel company of Timiskaming. In the past six months many cars have been shipped and the output has averaged in the neighborhood of 6 to 10 cars monthly.

# **MINING MARKET IS** CHEERFUL AGAIN

Reserve Incident Has Played Its Part.

Crown Reserve Optimists.

The action of Crown Reserve was in itself sufficient to inspire enthusisasm yesterday. The shares opened at \$1.60 and scored a ten-point rise for the day, with only scattered selling in effect. Meanwhile traders view the stock as an excellent speculation at the present low price, deeming the splendid prospects at the Porcupine Crown warrant for anticipations of the restoration of the Crown Reserve bonus some time next year. At their closing level the shares return about 14 per cent. on the purchase price, which is considered attractive in view of the favorable outlook.

In the general list quotations reflected the improved feeling. Beaver rallied a couple of points to 31, thus making up its loss; Timiskaming gained a fraction at 25, La Rose was firm up to \$2.28, and Nipissing changed hands slightly under the \$9 mark. Great Northern was a weak spot, with a 2-point loss at 9, its lowest-in three months on rather mysterious liquidation, which went unexplained, except for the putting out of short lines. Peterson Lake broke below 20, and Pearl Lake was off about 3 point at 31¼ at one period. Great Northern and Pearl Lake was off about 3 point at 31¼ at one period. Great Northern and Pearl Lake was off about 3 point at 31¼ at one period. Great Northern and Pearl Lake was off about 3 point at 31¼ at one period. # AT KIRKLAND LAKE

New Gold Camp Makes Rapid Progress—Rich Samples From Tough-Oakes.

SWASTIKA, Aug. 12.—Activity continues unabated in the Kirkland Lake camp. At the Tough-Oakes, Teck Hughes and the other working properties, full steam ahead is the order from the various managements. The richness of the camp is, perhaps, best illustrated from samples recently obtained by an uninterested party from the 176-foot level of the Tough-Oakes, formerly known as the Foster. Specimens from the pay streak, 18 inches wide, ran about \$495 in gold to the ton. Across the balance in gold to the ton. Across the balance of the shaft an average of \$64 was

The Wright-Hargraves, which adjoins the Foster, is also a rich proposition. A half interest in these claims was turned over for \$175,000 recently. Kirkland Lake enriched area thus far covers about four miles by one and a half miles, extending from the Lucky Cross to the Foster, almost directly in a northeasterly direction. In the line of this run the Harrington, Teck-Hughes, Hunton and Tough-Oakes claims, which are regarded as espe-Honey, cially promising.

## COBALT LAKE OUTPUT ON STEADY BASIS

Enlarged Mill Is Working Satisfactorily-Cross-Cutting to McKinley Vein.

COBALT. Aug. 13.—For the past two months the Cobalt Lake produc-tion has been on a 25,000 ounce a week basis, and the months of June and July each show an output of 100,000 ounces of silver. Of this amount 80.-000 ounces comes monthly from the concentrates of the mill, while the other 20,000 ounces is from high-grade sorted underground.
Since June the mill has been averaging 170 tons daily. As the classifi-cations are adjusted and perfected it is expected that this capacity can be stepped up to eventually 200 tons daily

oday to the highest prices that have

above last night. Wheat finished 1-4c to 1-2c up, oats unchanged to 1-8c lower and provisions at a decline of

7 1-2c to 20.

An immense business was done in corn. Bull leaders here seemed disposed at first to take profits, and to a great extent did so on the theory that there should be a reaction after the decided upturn which had taken place the day before. Prices, however, failed to recede as much as expected, and attempts to reinstate investments carried the market swiftly up grade.

Still Sweltering.

Temperatures above 100 for thirty days in Kansas and no rain for five weeks in Oklahoma made the most hardened short sellers hesitate about attempting to fight the rise in the corn market. The area too far gone to be helped by a soaking rain extended today to southern Illinois, where a downpour was declared to have been too late and to have given no benefit.

Export sales said to aggregate 500.000 bushels led to fresh buying in wheat. Primary receipts were 1,833.000 in the United States as compared with 1,647,000 bushels a year ago. Seaboard clearances of wheat and flour equaled 692.000 bushels.

Increasing receipts put oats under pressure. In the end, however, shorts

equaled 692.000 bushels.

Increasing receipts put oats under pressure. In the end, however, shorts were hastening to cover on account of tightness of corn.

Selling on the part of packers broke the provision market. High prices for corn was said to be driving an excessive number of hogs to the slaughter pens.

DULUTH, Aug. 13.—Close Wheat No. hard, 89%c; No. 1 northern, 88%c; No. do., 86%c; to 86%c; Sept., 88%c asked; ec., 90%c; May, 96c bid.

supporting orders. Dome Lake made a new low record in its history at 22. Heavy losses have been occasioned in this issue, which has sought lower levels almost from day to day, but outside of the usual story of forced selling owing to the money situation, no comment is offered on the slump.

Response.

**MONTREAL STOCKS** 

MONTREAL, Aug. 13.—Dealings in local stocks today were marked by a strong undertone, temporary uptrend of prices on Tuesday assuming the proportions of a more definite forward movement, in which practically the entire list participated. Leading issues rose 1 to 2½ in the morning, and, while the market inclined to duiness, in the afternoon, and stocks prominent in the morning advance fell back fractionally further advances were scored at other points. As a whole, the market closed strong at or near the highest of the day.

Continued strength and activity at New York furnished the main incentive to the advance, and feeling on the local street thruout the day was more inclined to a hopeful view of the outlook than for some time past. Evidence that the recent congestion of new issues in London is being removed, the success of the C.N.R. offering of short-term notes, and the better enquiry for Canadian listed stocks from London were other influences on market sentiment. With the market practically bare of stocks, prices responded easily to a buying demand, which, while not agressive, was decidedly better than on the previous day.

C.P.R., which rose 2½, to 222½, and closed 1½ up on the day; Montreal, which rose 1½, to 205%, and held all but ½ of the rise, and Textile, which rose 1, to 81½, and closed that price bid, were features in the market.

## RIDICULE TALK OF BONUS ON U. S. STEEL

**ACTIVE AND STRONG** Big Surplus This Year Will Go For New Construction

NEW YORK. Aug. 13—Reports have been current in Wall street that as a result of large amount of money United States Steel has spent for new construction, shareholders would receive a bonus before the close of the

ceive a bonus before the close of the current year. Interests identified with the United States Steel ridicule these rumors.

The corporation will probably show a surplus of Letwcen \$30,000,000 and \$35,000,000 this year. Practically all of this will go into new construction. In view of the expected early passage of the Underwood tariff bill, the money situation, the Steel suit and the uncertainty prevailing as to the course of the steel industry, it is not likely that United States Stee will consider any proposition looking towards an increase in dividends to shareholders.

# CATTLE TRADE **REMAINED STEADY**

Calves and Hogs Un-

Receipts of live stock at the Union Yards yesterday were \$4 cars, comprising 1364 cattle. 752 hogs, 1188 sheep and lambs, 512 calves and 4 horses.

Trade in all kinds of cattle was steady at Tuesday's prices, when the quality of cattle is considered.

There were several buyers for feeders and stockers, two of which were reported as buying for the American markets.

We never like to prophesy, but it looks as tho our Ontario farmers who have feed are missing an opportunity of buying their feeders at prices that will not again occur this season. Surely, if the American farmers can pay duty and put in their cattle at present prices, the Ontario farmers should be able to put in their supply when they have no duty to pay.

Hogs, sheep and calves sold at steady Receipts of live stock at the Union

ACROSS THE BORDER

Month of July.

Month of July.

MASHINGTON, Aug. 13—During the month of July, 1912, thirther application to organize national banks were reactived. Of the applications pending all were approved in the same month at 191, 1912, thirther applications to organize national banks were reactived. Of the applications pending all were approved in the same month at 191, 1912, thirther applications of \$26,000, were authorized to begin twelve banks, with total capital of the state of \$26,000, bear and the same month at 191, 1912, thirther application of \$26,000, bear and the same month at 191, 1912, thirther applications of \$26,000, bear and the same month at 191, 1912, thirther applications of \$26,000, bear and the same month at 191, 1912, thirther applications of \$26,000, bear and the same month at 191, 1912, thirther applications of \$26,000, bear and the same month at 191, 1912, thirther applications of \$26,000, bear and the same month at 191, 1912, thirther applications of \$26,000, bear and the same month at 191, 1912, the total number of \$26,000, bear and the same month at 191, 1912, the total number of \$26,000, bear and the same month at 191, 1912, the same and the same month at 191, 1912, the same and the

C.P.R. LIVE STOCK MARKET

The offerings this morning were 1100 cattle. 1000 sheep and lambs. 1200 hogs, and 250 calves.

There was some disposition on the part of butchers and packers to operate today, and in consequence a more active trade was done in cattle at steady prices. The demand was principally for the best grades, of which the supply was fair; in fact, the quality of the stock now coming forward is commencing to show some improvement. Choice steers sold at \$8.50; good at \$6 to \$6.25; fair, at \$5.25 to \$5.75, and the lower grades from that down to \$4 per cwt. A few choice butchers' cows brought \$5.25 to \$5.50, but the bulk of the trading was done in a class ranging from \$4.50 to \$5, with common at \$3.50 to \$4 per cwt.

Small meats active, but lambs continue weak with prices 25c to 50c cwt. lower, with sales of western stock at \$6.50, and Quebec at \$5.50 to \$6 per cwt. There was no change in sheep, sales being made at \$4 to \$4.50 per cwt. The demand for calves was good, at prices ranging from \$3 to \$12 each, as to size and quality.

Hogs were quiet, and prices for selected lots were 20c per cwt. lower, at \$10.50, and rough stock sold at \$9.50 to \$10 per cwt. weighed off cars.

BUFFALO LIVE STOCK

Lambs Were Higher-Sheep,

changed.

GLASGOW CATTLE MARKET

GLASGOW, Aug. 18.—Increased offerings. Trade ruled steady at the following quotations: Scotch steers, 141% to 15%; Irish, 14 to 15%; bulls, 12% to 13% cents.

WINNIPEG GRAIN MARKET WINNIPEG, Aug. 13.—Trading on the local wheat market was light in options, and prices were steady. Oats and flax were steady. Flax closed 3%c higher. Cash wheat closed unchanged to 1c

Cash wheat closed unchanged to 1chigher.

Cash: Wheat—No. 1 northern, 95c; No. 2 do., 93c; No. 3 do., 88c; No. 4, 80c; No. 5, 72½c; No. 6, 68c; feed, 60c; No. 5 tough, 82½c; No. 4 do., 73c; No. 5 do., 65c; No. 6 do., 60c; feed, tough, 54c.
Oats—No. 2, C.W., 35c; No. 3, C.W., 34½c; extra No. 1 feed, 3 4½c; No. 1 feed, 34½c; No. 2 feed, 31½c.

Barley—No. 2, 46½c; No. 4, 44½c.

Flax—No. 1, N.W.C., \$1.35; No. 2, C.W., \$1.31; No. 3, C.W., \$1.19.

With Ripening of Tomato Crop Situation Will Become

ST. CATHARINES, Aug. 13.—(Special.)—Many growers of the Niagara district are complaining about the scarcity of fruit baskets. The basket factories are working all night and day on orders received in the spring. The decision of the Dominion canners this year not to take certain lines of fruit on account of the big supply ahead has increased the demand for baskets for shipping. When the rush of the late tomatoes begins within a few days the situation is expected to be worse.

# **PUBLIC BUILDINGS AS LODGING HOUSES**

M. O. H. Calls Attention to Overcrowding Evil and Suggests Remedy.

AT GENEVA PARK donians, Bulgarians and Greeks for Toronto may be expected. "And we have no more accommodation for those people today than we had a year ago," he adds. He advises that the board of health hunt up some public buildings that could be fitted up for accommodating those immigrants until permanent accommodation is available.

Mortality statistics show that the general death rate in the city for last July is \$1-2 per cent lower than for July, 1912.

Dr. Hastings reports that the dealing with cases of measles would be more effective if one of the buildings of the old general hospital were utilized.
