A SERIES OF DEBATES.

As a result of the trip which Toronto representatives took to Montreal to the annual meeting of the Intercollegiate Debating Union, there will be a series of debates for the championship. Varsity goes to McGill and Queen's goes to Ottawa about Dec. 5, and the two winners will afterwards arrange a final debate for the intercollegiate championship.

AND THE WORST IS YET TO COME!

F. W. Wegman, counsel for the Canadian Manufacturers' Association, has just received the full text of the judgment given by the privy council in the case of the John Deere Plow Company relating to the power of the provinces over companies having only Dominion charters. The complete text fully confirms the interpretation placed on the judgment as carried in brief. The 'ill judgment shows that Ontario will be seriously affected in its revenue by the privy council's decision, as the provincial license fees are not needed by manufacturing and commercial companies.

This week's Art Section of The Sunday World consists of eight pages and is replete with pictures of current events, including many new war pictures, direct from the front, and a series of illustrations of the Church at Lonnwv. "A Vivid View of French Artillery in Action in the French War Areas." "French Divers Clearing the River-Ouse of the Wreckage of a Destroyer Barge." The Sunday World is for sale by news-vendors and newsboys at five cents a copy.

FALL IS THE TIME FOR TREE PLANTING

Expert Before Ontario Fruit Growers Gives Result of Experiments.

According to experiments carried out by F. M. Clement, fall planting of fruit trees is much ahead of spring planting. During a discussion on the subject, which he opened at the afternoon session of the Ontario Fruit Growers' Association yesterday afternoon, he stated that in an experiment on peaches he had lost 66 per cent. of the trees planted in the fall, but in the case of cherries, plums and pears, not a tree had been lost in the spring.

The growth of the Ontario Fruit Growers' Association was given in a paper by Mr. Pearce of Burlington. The association was first organized in Hamilton in 1859, and celebrated its 56th birthday in Toronto in 1908. In 1899 fruit growers around St. Catharines and along the south shore of Lake Ontario first commenced to cooperate in selling and shipping.

TOWN PLANNING TALK

Session Concludes With Address by W. S. Dinnick of Toronto.

An interchange of expert opinions, critical appreciations of the work of the organization from outside and within, and the utterance of sane practical suggestions on the beautifying of home and country brought the Provincial Horticultural Association to the close of its convention yesterday.

The exposition of the principle of town planning and the care of city backyards by W. S. Dinnick of Toronto, was enthusiastically welcomed. One of the suggestions of the speaker was that in beautifying the needs in beautifying a city or town the services of artists should be requisitioned. What a change it would make if they only could design posters. These men had made a study of color and proportion and in Paris were always to be found on commissions of that character.

BEELIAN FUND MET BY VERY LIBERAL RESPONSE

Four Thousand Dollars Sent in to Board of Trade Yesterday.

A very enthusiastic meeting of the special committee of the board of trade to look after the collection of a fund for the "Belgian Relief" of the Belgians was held in the council chamber of the board yesterday afternoon when the various departments of the board were allotted to various teams, and a systematic canvass of the members will commence at once.

WHITE PAINTINGS SHOWN AT GRANGE

First of Loan Exhibition Series Opened in Art Museum Yesterday.

MARRIE WAS HIS HOME

G. Harlow White, an Englishman, Lived Seven Years in Canada.

The first of a series of loan exhibitions to be given during the winter at the art museum of "The Grange" is now in progress. The works shown were from the pencil and brush of G. Harlow White, an Englishman, whose productions have special interest for Canadians from the fact that he spent seven years of his life here, during which period he made his home in Canada.

The artist was born in 1817 and died in 1894, the years between 1870 and 1877 being the years given to Canada. The pictures show refinement and conscientious regard for detail, and the colorings, while true to nature, are always to be most happy in their harmonies, as the artist had always chosen his subjects when sun and sky were at their best.

Among the largest of the canvases is one showing Windsor Castle, the Chapel of St. George and the peaceful stretch of Lammafield below. The blending of stately castle and pastoral country in which the castle sits a fountain, is very beautiful. The picture is lent by Mrs. H. R. Alley. "Elvert Bridge, Durham," shows a rich scene and fine proportions, and is a larger canvas of a kindred subject the scenes seem to fairly rise from the canvas. Many of the scenes are of Welsh landscapes, and bits by the sea are favored. The pencil drawings show infinite patience and appreciation of detail.

Will Last a Month. The exhibit will last a month, and is open to the public among the owners of the pictures are David Fowler, Harcourt Venon, T. Marshall, Dr. Pidgeon, Mr. Hodgins, Mr. Justice MacLaren, E. Whaley, Mrs. Edward Beck, Col. Pencheon and Mr. Bridges.

MRS. GRANT RESIGNS PRESIDENCY OF SOCIETY

Tributes Paid to Retiring Officer of W. C. H. S.—Year's Work Reviewed Yesterday.

Reports which would be difficult to improve upon were read at the 20th annual meeting of the Women's Canadian Historical Society yesterday afternoon, at 52 St. Alban's street. The papers submitted showed that a vast field of work had been covered during the past year, when the study of Canadian history had been encouraged by the presence of well-known Canadian writers, poets and lecturers. At the outbreak of the war relief work had been undertaken by the society, which has added considerably to the quantities of supplies sent with the men to the front.

CORINTHIAN CHAPTER SALE WELL ATTENDED

Seven Booths at Parkdale Assembly Hall Drew Numerous Buyers Yesterday.

One of the many successful bazaars of this bazaar-saturated season was conducted yesterday afternoon and evening in Parkdale Assembly Hall, under the auspices of Corinthian Chapter No. 12 of the Order of the Eastern Star, when a steady flow of patrons wandered thru the gaily decorated aisles or enjoyed the excitement of the fish pond.

IGNORANT HOUSEWIVES RAISE COST OF LIVING

Extravagance and Waste Cause Drain on Supply of Food.

Canadian Press Despatch. NEW YORK, Nov. 12.—Ignorance on the part of housewives is responsible in large measure for the high cost of living, in the opinion of Mayor Mitchell's food supply committee, of which George W. Perkins is chairman. Working girls and those reared in the homes of the well-to-do are usually at fault, according to the report.

FOREIGN CHILDREN DESERVE RESPECT

They Are as Bright as Our Own, Says Speaker at Institute.

INSPECTION IN SCHOOLS. Toronto the Mecca of the Movement, Mrs. Wilson Declared.

"The children who come to us from other lands are just as bright as our own. They are more gently controlled, and they show more appreciation of the teacher's work. Do not put the bars up against these immigrants. Welcome the men and the children from overseas." This message, from Mrs. J. M. Godfrey, was heard yesterday by women from all Ontario gathered at the convention of Women's Institutes.

"We should bring these people into our community life and recognize that they come from a civilization from which we can learn much. Drop the word 'dago' as a sobriquet for foreigners. Give them the respect they had in their own land. Let them hear the music they know and love. Teach them our language."

Mrs. J. M. Godfrey's address was a broad and well-thought-out exposition of the manner in which we should treat the "stranger within our gate." Immigrants will continue to come to our country, in spite of opposition from some quarters, she said, because Canada needs them. She divided the immigrants into three classes—the children, the youth and

men and women in their prime, and the aged. It is for the second class that action is necessary. The schools cared for the children; the aged were helped by the Home Guard Association. Information and inspiration were keynote in the addresses at the session yesterday. The numbers in attendance were fully as great as on preceding days, showing most forcibly that interest had not waned and that the members were as enthusiastic as at the beginning of the convention. Mrs. C. F. Doane of Newmarket was in the chair.

How Institutes Help. The morning was devoted to answering the questions found in the drawer, electing officers to provincial committees and to the eloquent address of Mrs. W. Dawson, Parkhill, on "The Institute and Community Effort." The speaker described the development of the institute and referred to the leading places taken by institute workers throughout the province in the matters pertaining to the Dawson, too, made a strong appeal for the foreign women to be taken into membership in order that their children might be imbued with Canadian ideals which they would gradually adopt.

In the afternoon Mrs. Wilson of Parkhill gave a very concise account of the progress made by medical inspection of schools in the rural districts. She complimented the schools of Toronto, which she referred to as the Mecca of the movement, and as the first city in the world that had taken upon itself medical inspection of its schools as part of its municipal duty. The success and progress made were largely due, she said, to Dr. Strutt and his wife.

Only One Refusal. Mrs. Wilson outlined the work of the institute in the interests of the country school from the time when a delegation waited on the government last year until now, when action has been taken in many country districts. In some schools from 50 to 90 per cent. of the children were found to have had defective sight and other deficiencies were brought to light thru examination. Most of the trustees were willing to co-operate, but in one school an absolute refusal was given. Proposed plans for distributing the cost between the district and the province were outlined.

Mrs. Bacon of Orillia told of the cost for inspection of 127 children, the modest sum being \$40. Had the children been examined individually by an ordinary practitioner, the cost would have been at least \$187. The value of the system advocated was apparent. Supplementary information was given by Miss Hodson, who stated that medical inspection in the schools had begun with the Boer war, when it was discovered that so many of the men were below the standard that this was due to lack of nourishment in childhood. A bill was then passed by the British Parliament, providing means for children whose homes are too poor to supply them. This bill has found its best application in Scotland, where it has been applied even in the remote Highlands, gives its hot meal diet. The following members were elected

HOPE TO REUNITE WORLD'S TOILERS

Gompers' Resolution Proposed Negotiations When Peace Congress is Opened

Canadian Press Despatch. NOV. 12.—More than one hundred resolutions dealing with the many problems of union labor, boycotts, jurisdictional differences, the European war and the social welfare of workmen, have been presented to the American Federation of Labor Convention for its consideration...

Among the important resolutions presented and referred to committee was one by the social miners urging the President of the United States to insist that the Colorado coal-mining operators comply with the federal plan for a settlement of the strike in that state, and for the government to take over the mines and operate them should the mine-owners refuse to accept the peace plan.

Another resolution which attracted attention was introduced by President Gompers, and related to the European war. It conveyed the sympathy of the organized labor movement of America with the organized labor movements of Europe. Continuing the resolution said:

In Cause of Peace. "That the Convention of the A. F. of L. in view of the general peace conference which no doubt will be held at the close of the war for the purpose of adjusting claims and differences, hold itself in readiness and authorize the executive council to call a meeting of representatives of organized labor of the different nations to meet at the same time and place, to the end that suggestions may be made and such action taken as shall be helpful in restoring fraternal relations, protecting the interests of the toilers and thereby assisting in laying foundations for a more lasting peace."

A resolution presented by the delegates from the International Typographical Union pledges the convention, if it is adopted, to support any plan which has for its purpose, the bringing about of the disarmament of all nations, to the furthest extent consistent with the preservation of law and order throughout the world.

Oil Soaked Furniture Led to Arrest of Mrs. Vanatta in Hospital.

Mrs. Bertha Vanatta, 107 Winchester street, was arrested yesterday by Detective Koester in a city hospital, where she had been detained as the result of having received severe burns, and charged with arson.

Some time ago she kept a rooming house at 54 Alexander street, but moved out on Oct. 20, taking part of the furniture with her and leaving the remainder in the house. At 7 o'clock the same evening the house was set on fire and the furniture was found to have been saturated with coal oil.

The contents of the house were insured for \$800.

Reporting The War By the Camera

HERE are more than fifty striking photographs in the Illustrated Section of the coming Sunday World.

The majority of them are pictures connected with the war—photos of actual battle scenes, scenes in hospitals and trenches, in ruined towns, in English recruiting camps, and in Toronto's own mobilization centre at the Exhibition Grounds.

The Toronto war photos include a group picture of the 36th Foot Regiment men selected for active service, some of the members of the 91st of Hamilton, the boys of the 51st of Sault Ste. Marie, the detachment of the 35th of Barrie, and some of the Queen's Own.

Other local photos show Engineers hard at work building an outpost piquet and constructing a new device for tearing down barbed wire entanglements, and R. C. Y. C. men learning how to tie knots. The other war photos range all the way from photos that show how the various countries use or abuse their prisoners to biplanes brought down by the Germans.

An interesting page of the eight picture pages is that of the Nelson Chapter, Daughters of the Empire, in vaudeville.

NOVEL CHRISTMAS CLUB OPENS TO WORLD READERS TOMORROW

CLUB OF 200 TO SECURE PHONOGRAPHS WITH UNUSUAL PRIVILEGES: MEMBERSHIP ONLY \$1

IN CO-OPERATION WITH THE OLD-ESTABLISHED FIRM OF THE R. S. WILLIAMS & SONS CO., LIMITED

At 5.30 o'clock tomorrow morning a unique Christmas Club will open to world readers, based on the power of co-operative buying.

It is a phonograph club with a limited membership of 200, the members of which will enjoy unusual privileges and advantages not possible at any other time or to anyone but a member.

When a large number of people buy the same thing, at the same time, from the same source, they profit by co-operation. So it is with this club.

This club is an actual form of co-operative buying, thru which unusual privileges and advantages are made possible in the purchase of the world's greatest phonographs. The club is run in co-operation with the old-established firm of The R. S. Williams & Sons Co., Limited, the largest musical instrument house in Canada.

Any responsible person may apply for membership, the membership fee being \$1, but this fee is refunded if you do not buy, or if your application is rejected, and is credited to your account if you do buy.

Anyone paying the \$1 fee and joining the club has the privilege of selecting his instrument before December 1. After making his selection he commences the small special club payments and the photograph is delivered to him in a few days before Christmas.

Members secure their photographs at a cash payment excepting the membership fee; they have the complete variety of instruments carried by The R. S. Williams & Sons Co., Limited, to choose from. These instruments include the Famous New Edison Diamond Disc, the Edison Cylinder, Ambers, and the world renowned Victor Victrolas, and all styles and sizes.

Members secure their photographs at the lowest cash price, but with time payment privileges. These payments are arranged from \$1 to \$2.50 weekly, the instruments being divided into four groups and the amount members pay weekly depends upon the group from which they select. These terms are not most cases lower than the regular terms. The club members do not have to pay the usual interest charged for time payments.

If a club member is taken sick or is temporarily unemployed, the privilege of self-payment is granted for as long months, as he has previously paid in full. If at any time within ten days after the photograph is delivered, a member becomes dissatisfied with it, he can return it and get back every cent he has paid, less cartage charges or necessary repair costs.

Every instrument is guaranteed to give entire satisfaction, but if at any time within three months a member desires a better phonograph, he can exchange his for any new phonograph of greater value. Records are usually sold for cash, but club members get six for which they pay in the regular club payments.

All anyone has to do to join this club is to phone or call at the "Christmas Club" headquarters—The R. S. Williams & Sons Co., Limited, at 145 Yonge Street—and they will supply you with membership blank and illustrated catalog. By signing the membership blank and returning it in them with the club membership fee of \$1, you will be entitled to all the club privileges provided you select your instrument before December 1.

Although you may possibly have used December 1 to join the club, the club will be closed immediately 300 members enroll, so the wisest plan is to call early Saturday and get full particulars and membership blank for the club.

SCOT IN NOVA SCOTIA CHERISHES HIS GAELIC

At the regular meeting of the Caledonian Society in C.O.F. Hall, College street, last night, Archbishop McNeil spoke on "The Scot in Nova Scotia." He told of the arrival in that province of the "Flectors" bearing the first company of emigrants from Scotland and of the arrival of others in later years until the whole district was populated with people from Scotland.

At the present time there were in the neighborhood of 150,000 people in one part of Nova Scotia who were descendants of those who came over between the years of 1773 and 1823. One-half of these people spoke Gaelic at the present time, and it was they who were responsible for keeping the language alive on this side of the ocean. They had also done much to promote education by introducing the training which they had received at home into their lives in Canada.

Members of McGill and Queen's Universities were descendants of the first Scottish settlers in Nova Scotia. The meeting was attended by about 200 members of the society.

ARENA ICE WILL BE READY DEC. 1
 Hockey Teams to Practice Early—Torontos All Signed—News of Players.
 Manager Jawn Marshall of the Ontario Toronto hockey team was in town yesterday, and announced that every player has turned in his contract. Jack Walter will be on the job, and the only man of last year's great team to be missing will be Scotty Davidson. Davidson is at Salisbury Plain with the first contingent. Several amateurs will be given trials by the blue shirt.
 It will likely be the first week in December before the ice at the local arena is ready. The Toronto and Ontario pro teams will start practice the week in December.
 At the annual meeting of the Montreal Arena Company the reports for the past year were received and the officers elected for the coming year. The financial report presented for the past year was most satisfactory, showing that the arena had been a very successful one for the company. It was explained that the new artificial ice plant was now near completion and that it was expected to have for skating early in the month of December. During the summer months the directors of the Arena Company plan to manufacture artificial ice for homes in the city. Ed Sheppard was again president of the company, while William Herby was again appointed secretary. The officers elected for the coming year are as follows: President, Ed Sheppard; vice-president, F. H. Wilson; secretary, Wm. Northey; treasurer, W. M. Doyle; directors, Jas. Simpson, George W. Gardner, G. B. Claxton, K. C. Walter, C. H. Hest and Chas. M. Cameron.

SALE OF CUBS NOT TO END THE WAR
 Barrow Says It Will Remove Only One Federal Backer—Conference Halted.
 Special to The Toronto World.
 OMAHA, Neb., Nov. 12.—The sale of the Chicago Cubs to Weeghman does not break up the Federal League, today said President Barrow of the International League. The negotiations now under way in Chicago do not account for the big backers of the Federal, and leaves that league in a position to invade another town if it can find the backers to put up the money.
 "Weaker negotiations will have to be made before any final peace is arranged. The birds cannot possibly purchase Brooklyn. Ebbets simply will not sell. Nor can they purchase the New York Americans. They will have to go to some other city if they expect to get into the majors."
 "A single Federal representative has attended the meetings of the minors at Omaha, but he has not been heard from since. Peace efforts on the part of organized ball are all because of the International; not because the big leagues are his body. The sale of the Cubs does not assure that peace which can only come by one or the other being wiped out or eliminated by purchase. There may be a consolidation of interests at Buffalo and Baltimore, but no elimination of the International teams, as President Glennore of the Federal says there will be. And in any negotiations which are carried on those leagues which are loyal to organized baseball will receive the consideration. Not the other fellows."
 President Barrow expected to hold a conference in Chicago this morning with Ben Johnson and Garry Herrmann, but at the last moment was detained in Omaha, and the conference is postponed until Friday morning.
 If the sale of the Cubs to Weeghman is consummated the war will not be ended thereby.

NOV UP TO WEEGHMAN HE WILL MEET C. TAFT
 CHICAGO, Nov. 12.—Negotiations between Charles Weeghman and August Herrmann, expected to result in the former's acquiring control of the Chicago National, unexpectedly came to a halt tonight after their fifth meeting. Herrmann, who represented the Taft interests in the meetings, sent word to the newspapers that the preliminary stages in the negotiations had been passed, and that final terms would be arranged by Weeghman and Charles P. Taft.
 It was generally believed tonight that Charles W. Murphy was blocking the deal, because his proposition included moving the club to the Federal League park and abandoning the old park, of which Murphy is part owner and which still hold 65 per cent of the Cubs' stock, as collateral for a portion of unpaid purchase price. This, however, was not confirmed by either party to the negotiations, both refusing to give out details. According to Herrmann, there is hardly a chance anything further will develop this month.
 With the halt in the Cub deal, hope of immediate baseball peace was deferred, but it was rumored that a truce calculated to prevent competitive bidding in ball players' salaries would be reached.

NOTICE TO CREDITORS.—IN THE Matter of James S. Hunt of the City of Toronto, in the County of York, Butcher, insolvent.

Notice is hereby given that the said James S. Hunt, carrying on business as a butcher in the said City of Toronto, has made an assignment under the assignment and Preferences Act of all his estate, credits and effects to me, David Spence, of the City of Toronto, in the County of York, wholesale fruit merchant, for the general benefit of creditors.

A meeting of the creditors will be held at the office of Messrs. Price, Garvey & Co., 200 Life Building, in the City of Toronto, on Tuesday, the 10th day of December, 1914, at the hour of 3 o'clock in the afternoon, to receive a statement of affairs, appoint inspectors and for the ordering of the estate generally.

CREDITORS are requested to file their claims with the assignee, with proofs and particulars, as required by the said act, on or before the day of such meeting. And notice is further given that after thirty days from the date of such meeting, the assignee will proceed to distribute the assets of the estate among the parties entitled thereto, having regard only to the claims of which notice shall have been given, and that he will not be liable for the assets, or any part thereof, so distributed, to any person or persons of whose claims he shall not have had notice.

DAVID SPENCE, Assignee. By Price, Garvey & Co., Solicitors. Dated at Toronto this 5th day of November, A.D. 1914.

AT THE CHINESE BAZAAR
A little piece of Chinatown has dropped down onto our Third Floor—pavilions, pagodas, lanterns, parasols give the illusion of an Oriental shopping centre. But we assure you that if you travelled from Peking to Singapore you wouldn't find a bazaar that contained so many practical bargains within so small a compass. Just look at these items for Saturday morning.

Here's an Overcoat Proposition Worth Thinking About

We were offered a fine collection of Winter Overcoats, provided that we'd take immediate delivery, at prices that will not be duplicated after the first snow flies; so, instead of adding them to our winter stock, we're passing them out on the spot. So here's the proposition: If you have one of these coats hanging on your rack, ready to put on the morning it snows, you'll have as good a coat for less money than you'll pay for it later. Get a running start at winter comfort by securing one of these coats tomorrow morning. Some of them are worth as much as \$26.50. **All go out tomorrow at 9.90**

671 Coats in a lot made from better grade English and Scotch coatings, including chinchillas, Thibets, Whitney cloths; also some of the staple black and grey meltons and chevots.
