HAMILTON HAPPENINGS

LICENSE REDUCTION NOT GIVEN A HEARING

Will be Threshed Out in Board of Control—Municipal Power Plant For Dundas.

HAMILTON, Sept. 29.—(Special.)—much talked of meeting of the property committee to-night was a fizzle. About one hundred temperance and license reduction advocates attended, and it looked like a pitched battle between the anti-license reductionists on the committee and the Hamilton Temperance Association, but when the motion was made that the association's speaker be heard, Ald. Ellis said that, as the matter would all have to be threshed out again before the board of control, he moved that the reduction be not heard, and he got a majority. Controller Cooper entered a most emphatic objection to a decision being treated that way. "It's all been cut and dried," he said.

Ald. Kingdon said the board of control could handle the thing. They were paid \$120 a year to shoulder responsibility.

A Lively Meeting.

Gordon C. Wilson held a mass meeting in the town hall at Dundas to-night for the purpose of organizing a movement toward establishing a municipal power plant for the distribution of hydro-electric power. The hall was crowded. Mr. Wilson, Charles Collins, Mayor Lawton and W. E. S. Knowles spoke, setting forth how the Cataract Power Company was violating its agreement with the town, and was charging a sliding scale of rates. Dundas, they said, would get hydro power at its door for \$17 horsepower, or less, and the transmission line would not be more than a mile long. The speakers were cross examined by Wm. Clark, a Cataract stockholder, and ex-president of the Reform Association, and others. The Cataract supporters, who were limited to three or four, were howled down repeatedly. Councilor Collins said the town was in the grip of one of the worst bylaws ever enacted in Canada, and those who favored that bylaw were either crooked or crazy. He also charged that the bylaw was altered by friends of the company, so as to read that the town must take its light electricity from the company. This clause, he said, had already exceeded its limit by two years.

Will Secure Information.

On motion of Councilor Collins it was decided to adjourn the meeting for a week, and in the meantime information as to what amount of power could be utilized by Dundas, and other items will be secured, for the guidance of the people. It was shown that, while Merrittion paid five cents a kilowatt hour, Dundas paid 15 cents, and that, while Merrittion paid \$17 a horsepower, Dundas consumers paid as high as \$20 to the Cataract. As to the change necessitated from 60 and 65 cycle motors required for other than hydro-power, Mr. Wilson said that on a saving of \$12 a horsepower by the hydro rate, a manufacturer would save enough to install new motors. It was stated that one man in Dundas was charged \$37 a year for a one-horsepower motor by the Cataract Company.

Legal Firm Dissolves.

QUEEN'S AVE. BOULEVARD MAY BE A JOY FOREVER

Park Commissioner Plans a Thing of Beauty That Council is Now Asked to Approve of.

What promises to be one of the most attractive boulevards in the city if the plans of Park Commissioner Wilson are carried out, is Queen's-avenue and University-street. At a meeting of the parks and exhibition committee yesterday the plans were approved and sent on to council. The committee also recommended that the board of governors of Toronto University approve of them.

As the street railway has the privilege of laying a line on the avenue, which would interfere with the plan, it was recommended that President Mackenzie be approached with a request not to lay the track. "We have every reason to believe he will not," said Ald. Graham, chairman of the committee.

According to the plans, instead of the two roadways, as now, there will be 60 feet of driveway thru the centre of a wide street, with a 24-foot boulevard on the west side, next to this an eight-foot sidewalk, and then a lawn 24 feet in width to the private property line. On the east side of the driveway there will be a 24-foot boulevard, then a six-foot sidewalk, and next a 14-foot lawn. At the South African monument the driveway will divide with a width of 27 feet to the east and 20 feet to the west along the boulevard provision is made for the planting of trees or shrubbery. The cost of the improvement is estimated at \$30,000.

The committee decided to appropriate or purchase about half an acre of land for an addition to Willowvale Park. Prizes will be presented to the children at the closing of the St. Andrew's play grounds.

A False Alarm.

The idea of the Toronto Railway Co. being in a position to lay a claim to a perpetual franchise and exemption from mileage dues on the new car lines, which are being laid in the city, is looked upon by Mayor Geary, Controller Spence and city Solicitor Drayton as almost ridiculous. Instead of being compelled to build the lines for the Ontario Railway and Municipal Board, the order to construct them was granted the railway company on its own application, which was made under the old agreement of the board imposed, said the mayor, "was after the order had been granted, when it insisted on the company building the lines. It is a pretty good argument."

Controller Spence explained that it was the company which made the application and that it was made in accordance with the city's agreement with the company.

Mr. Drayton laughed and stated that he was not afraid of any trouble. Manager Fleming would make no comment on the possibility of such a claim.

"From that report," he laughed, "we would be getting a gift. Oh, no, I wouldn't say anything after hearing such nice news as that."

Defence in Power Suit.

The city denies that application of the Toronto Electric Light Co. for an injunction to restrain the city from erecting its hydro-electric power poles, claims that the plaintiffs' poles and wires have not been erected by the city and not under the supervision of the city fire and light department, as required by agreement, and that the whole of the plaintiffs' work should be allowed to remain by the defendants, will, in the public interest, have to be reconstructed in such a manner as the hydro-electric power commission of Ontario may order.

The city denies that the construction of its line will cause any damage to the public or the electric light company. Further, it is contended that no room is left for the city to construct its line without over-building that of the company. The city further alleges that the action was not instituted by the plaintiffs for the purpose of protection, but just to block the city's competition.

Engineers of the hydro-electric power commission prefer ozone filtration against sand filtration for the purification of a water supply. Electric water purifiers by means of ozone is favored as the result of investigations which are given in the annual report of the commission, issued yesterday.

The Margaret Eaton School of Literature and Expression reopens on Monday, Oct. 3, with the registration of students at 4 o'clock. The evening classes in physical culture, voice culture, elocution, literature and dramatic art begin on Tuesday, October 4, at half past seven o'clock.

This school offers splendid courses in literature and the languages, as well as in physical culture, voice culture, dramatic art and science, and is to be congratulated on its strong teaching staff. Some valuable scholarships and prizes are being offered this year thru the generosity of the patrons of the school. These are open only to students registering at the beginning of the year, the date of the competition to be announced later.

For further information address the secretary. Telephone North 4544.

MAY SET APART SCHOOL FOR COMMERCIAL WORK

Inspector Hughes Foreshadows Setting Apart of Either Victoria or Church Street For the Purpose.

On motion of Trustee Dr. Bryans at the management committee of the board of education yesterday afternoon the board of inspectors will be asked to make a report stating how many pupils in the public schools are dependent on such temporary quarters. Dr. Bryans' idea is that being enlightened by this report, place may be given in the estimates of next year for the furnishing of proper accommodation for every pupil.

Considerable time was also given to the work of the commercial classes in the public schools. In reporting for this department Chief Inspector Hughes stated that in his mind this commercial work should all be carried on from one general commercial school. He stated that as the attendance was falling off considerably of late in some of the downtown schools, and that in all probability the Victoria or Church-st. schools would have to be closed next year, either one of these schools would then be available for the carrying on of this work. He considered that the technical school would be in a much better condition if it were made dependent on such a concentrated commercial public school.

The following arrangement was made in order that the pupils of Oakwood High School may be given physical training. H. Pearson will go from Harbor to Oakwood from 11.30 to 12 each morning and from 3.30 to 4 every day, and A. W. Dunkley will be transferred from Oakwood to Harbor. It was recommended that Miss Mary Hamilton be appointed as an occasional teacher at Humberdale Collegiate to take physical culture classes with girls, and that F. E. Wood, B.A., of the technical school be transferred to Malvern-avenue High School.

The request of Miss Mary Fraser, president of the Y. W. C. Guild, who asked that facilities be given for the teaching of domestic science to the members of the guild in the same manner the Broadway Boys' Institute had been assisted in manual training, was granted. A communication from the Y.M.C.A. requesting that a list of the boys of 14 to 16 years of age at school be supplied, was also treated favorably.

The offer of the Rev. Dr. W. E. Norton, on behalf of the Baptist Mission Board, of which he is chairman, to supply a teacher for the Sackville-st. night school, to teach the Bulgarians and Macedonians, was accepted. Miss Mary Chapman was recommended as teacher at the King Edward Sanitarium, Weston, at a minimum salary of \$400.

O.C.P.S. Exams.

The following candidates have passed the primary examination of the College of Physicians and Surgeons of Ontario:

Harry M. Chamberlain, Aymer; Paul Oliver Coulembre, Montreal; Lionel Montrose Dawson, Ottawa; Wm. The Cream of the Ribbon Market

Hat Bow Day—Never were ribbons more popular for millinery trimming than for this Autumn. We are prepared with a great showing of handsome satin, faille, taffeta and Paisley ribbons for millinery. For Saturday has been planned a "Hat Bow Day," when you will be able to buy for a small

sum an elegant trimming ready to put on your new fall hat. Bows made of rich duchess satins, faille, fine cord and handsome heavy taffeta ribbons 6 inches wide, tied in many new, artistic knots. The "Coronation," "Derby" and "St. Pierre" are among our newest. Colors include navy, royal, cadet, Alice and matter blues, rose and roe ancient, wine, bordeaux, cardinal and red, prunell, grey, taupe, copper, burnt onion, amber, tomato, tilleul, reseda, myrtle and brown. Bow complete with band for crown. Saturday, each 1.50

Special Wide Taffeta and Satin Ribbons—Half price and less, 15c—A fine collection of beautiful ribbons, some of them half price and less, offer a big range of colors for hat bows, sashes, hair bows, etc., in elegant qualities, up to 6 inches wide. We advise an early selection from this lot Saturday. Per yard 15

Duchess Satin Ribbon, per yard, 8c—For fancy work, cushion frills, small bows and rosettes; for any purpose where a 3 3/4-inch duchess satin ribbon can be used, you should put away a supply for the future at Saturday's price, for it is half and less than regular. A full list of colors, elegant, rich duchess satin ribbon, 3 3/4 inches wide. Saturday special, per yard 8

Fine Black Dress Goods 49c

The extra low price and the limited quantity both call for quick, early buying—that's what we want and that's why we made the price so very low. Weaves are fine basket suitings, mosconia cashmere, fine cords, resida, fancy stripe and checked fabrics, drap-de-Paris, sicilian, fancy grenadines, plain and fancy crepons, etc. All perfect goods of very fine quality. Widths 42 to 48 inches. Saturday morning, per yard 49

India Linen Lawn at 10 1/2 c yd.

A very low price for this fabric, but it's an odd lot, only 1500 yards, and it's a quality that we've seldom equalled at this price. Splendid for shirtwaists; 36 inches wide. Per yard 10 1/2

Good Hand Bags, \$2.00

Higher grade than we could claim without seeming to overstate. Among the leathers are goat, seal, cowhide, seal grain, etc., lined with leather corded silk or moire; the frames are very strong, and include both gun-metal and gilt finish; there are purses for change in every bag, and stout strap handles attached. This description gives only a slight idea of the fine quality of these bags, which are commodious in size and refined in every detail. Each 2.00

Good Values in Office Furniture

Our stock of Office Furniture is more than ordinarily well filled. Whatever your preference in style or finish, you are sure to be pleased with the simple lines and fine construction of these pieces.

Flat Top Office Desk, in golden finish, is 48 inches long, 30 inches wide, has four long drawers on each side, with wooden drawer pulls, two arm rests, and is thoroughly well constructed and finished. Each 12.00

Roll Top Office Desk, golden finish, 48 inches long, 30 inches deep, 49 inches high, has an interior well arranged with drawers, book and paper compartments, easy running curtain, automatic locking drawers both sides. Complete in every way, each 19.50

Fixed Focus: Film Cameras \$5.00

A camera well adapted for beginners, with its easy operation and satisfactory results.

The body is strong and well covered with Karalol. Shutter is accurately made, and the fixed focus lens needs no further focusing in taking pictures. Camera, both upright and horizontal view finders, and is fitted for roll films. Taking pictures 3 1/4 x 4 1/4 inches. Price 5.00

—Main Floor—James Street.

45 Inch Skirting 65c

Fine Swiss Mulin Skirting—45 inches wide, embroidered in dainty open-work designs to a depth of from 16 to 20 inches, excellent quality for women's lingerie dresses and children's frocks. Very special price, yard 65

The Junoform For Slight Figures

Demonstrated in Corset Section

The Junoform represents the result of years of experiment in the turning out of a bust improver that would be natural in effect, hygienic in composition, and durable in wear. It has proved all that was hoped for, and women of figures too flat and slight for modistal requirements or the demands of pleasing appearance should take advantage of the present demonstration of the Junoform, now in progress in the Corset Section. The device is made of washable rubber, encased in a dainty cover, is easily adjustable and can be worn with all kinds of gowns and blouses. Price 65 to 3.25

—Second Floor—Centre.

The Nemo Corset

For graceful lines and flexibility of form, the self-reducing Nemo, No. 320, is one of the first favorites among the array of new models in the present autumn showing in the Corset Section. So designed that the production of the slender effect is achieved by affording beneficial support rather than by injurious pressure, this corset is adopted by those who seek for comfort as well as correct outline.

AT 3.50—The Nemo, No. 320, is one of the lowest priced self-reducing corsets available.

—Second Floor—Centre.

Saturday Attractions in the Millinery Section

Smart Draped Turbans \$4.95

The draped turban is the favorite of the millinery hour in Paris and New York. For present wear, with tailored suit, it is the almost universal choice of the well dressed contingent. The special selling on Saturday, therefore, of a collection of such turbans at 4.95 should prove a strong attraction in the Millinery Section. They are fashioned of Dresden, Paisley and heavy black silks, velvets and beaver plush, edged with fine val lace, trimmed with ribbon, and finished with fancy feather mounts and jet ornaments. Special for Saturday 4.95

Untrimmed Black Satin Shapes

In the most popular styles, some with colored crowns 1.50 and 2.00

FRIDAY MORNING, SEPT. 30, 1910

NEW BOARD OF HEALTH.

Ald. Rowland's suggestions for the constitution of a new local board of health will commend themselves to everyone who is in sympathy with progressive and efficient government. The world believes that the best results can only be had thru the appointment of a businesslike commission to take charge of all the city affairs.

EXPROPRIATION AND RESALE.

Among the proposals before the city council, one of the greatest importance is that which contemplates the application to the legislature for power to expropriate land adjacent to improvements in opening or widening streets and thoroughfares. The city can benefit immensely, as other cities have done, by thus directly reaping the increment accruing from its own improvements.

COST OF LABOR IN JAPAN.

Some idea of the kind of competition which may be offered if the industrial expansion of the Far East continues, can be gained from the tenth financial and economic annual issued the other day by the department of finance of the Japanese Government. The data respecting wages in a responsible publication of this class cannot be disputed, and it is, on that account, informative to find that the male Japanese textile worker gets from 20 to 28 1/2 cents a day and the female from 10 to 14 cents, boys under 14 average 9 1/2 cents for a day's work, and girls under 14 of whom there are 33,596 employed in Japanese mills, slightly over 3 cents.

FAMOUS RADIUM EXPERT

A VISITOR IN TORONTO

Dr. Wickham of Paris Will Give an Address at the Academy of Medicine To-night.

"Radium has a great future," said Dr. Wickham, chief of the radium laboratory at Paris, France, last night, in speaking of the new treatment for malignant growths, provided by this element. Thru the influence of Dr. W. H. B. Aikens and a few associates, acting in behalf of the academy of medicine, Dr. Wickham has been induced to visit Canada. He arrived in Toronto from Montreal yesterday afternoon.

MORE LICENSE REDUCTION

W. C. T. U. Will Ask Council to Cut Off Party More. Several strong resolutions were passed by the W.C.T.U. at the closing sessions of their annual meeting, one of the most important being: "Whereas the outrageous crimes against women are on the increase, and, whereas, we believe one cause of this to be the unjust and inadequate penalties attached thereto, whereby even our judges cannot inflict the punishment they deem necessary, resolved, that we memorialize the Dominion Government, thru the minister of justice, asking that the criminal code be so amended that such crimes be adequately punished, by longer terms of servitude; and, resolved, that we regret that these men who commit such crimes, and also wife-beaters, are spared the lash."

PURE WATER

There is never any question about York Springs water. Your grocer sells it.

Six 1/2-gal. bottles, 50c. One 1-gal. bottle, 25c. Quarts, per doz., 75c.

AT OSGOOD HALL

Sept. 29, 1910. Judges' chambers will be held on Friday, 30th inst., at 11 a.m.

Peremptory list for divisional court for Friday, 30th inst., at 11 a.m.: 1. Carter v. C.N.R. 2. Dawson v. Dawson. 3. Winterberry v. Cummings.

Non-Jury Assizes.

Friday 19 a.m. 27. Atkinson v. Foster. 32. Clark v. Rowell.

Jury Assizes.

Friday 10 a.m. Fritchett v. Walton (cont.)

Master's Chambers.

Before Cartwright, K.C., Master. Nipissing Lumber Co. v. Turnbull-C. W. Bell (Hamilton) for defendant. J. G. Smith for plaintiff. Motion by defendant for particulars of statement of claim before pleading. Judgment: Particulars of paragraphs 9 and 10 should be furnished in a week. It is premature to ask for the other particulars asked. Time for defendants to plead to run from delivery of same. Costs of motion in the cause.

Turner v. Dreyfus-T. Bishop for defendant. Motion by defendant on consent for an order vacating certificate of his pendens. Order made.

Bishop v. Traders' Fire Insurance Co.—S. Campbell for plaintiff. T. L. Monahan for plaintiff. Motion by defendants to dismiss for want of prosecution. Order made that statement of claim be delivered in a week, and in default of action to stand dismissed. Costs of motion to defendant in any event.

Chambers-Ferland v. Zielski-McG. Young, K.C. for defendant. G. H. Sedgewick for plaintiff. Motion by defendant to set aside default judgment. Motion adjourned to a day to be fixed.

Irwin v. McFee—P. Aylesworth for defendant. T. D. Delamere, K.C. for plaintiff. Motion by defendant to transfer action from the district court of Sault Ste. Marie to the county court of Lambton. Reserved.

Gissing v. T. Eaton Co.—H. S. White for defendant. T. N. Phelan for plaintiff. Motion by defendants to set aside notice of trial as irregular. Reserved.

Bisky v. Peterson Lake Mining Co. —J. A. McEvoy for defendant company. J. Montgomery for plaintiff. Motion for a commission to take evidence at New York under C.R. 485. Order to go for examination at New York and Montreal as arranged by counsel.

Toronto General Trusts Corporation v. Tate-G. Bell, K.C. for plaintiff. Motion by plaintiff for judgment for 80% of admitted by defendant to be due, execution not to issue before 20th inst. Leave to proceed for balance.

Eckhardt v. Lang—A. J. Thomson for plaintiff. W. J. Clark for defendant. Motion by plaintiff for judgment under C.R. 603. Order for judgment for 80% of admitted by defendant to be due, execution not to issue before 20th inst. Leave to proceed for balance.

Understanding continued meantime. Re Hamilton v. Hamilton v. Hamilton—W. A. Skeans for two remaindermen. D. Urquhart for widow, now sole trustee. H. S. White for four beneficiaries. Motion by an order constraining will. Order made appointing the Toronto General Trusts Corporation trustees to act jointly with present trustee, unless parties agree that some one or more members of the family be appointed instead of the trust company, in which case they may be appointed with remuneration. Costs out of corpus of estate.

Re Scanlon Estate—G. Grant, for H. D. Scanlon. F. Slattery, for executor. J. R. Meredith, for any possible issue of H. D. Scanlon. Motion by H. D. Scanlon for an order constraining will. Order declaring that by reason of provisions in clause 14 of will applicant is not now entitled to receive any portion of the corpus of the estate unless the executor, by virtue of the powers vested in them by clause 18, see fit to make an advancement. Costs out of corpus.

Re Gignac and Davis—F. E. Hodgins, K.C. for vendor. An application under the Vendor and Purchaser's Act for a declaration that the vendor can make a good title and convey in fee. Judgment: Jacques Gignac by his will devised the land lodged in his two daughters, Pebronie and Delena, and to the survivors of them, her heirs and assigns forever. His daughter Pebronie died in 1896, and Delena has now agreed to sell the land and objection is taken to her title. The above words conferred a separate estate in remainder upon the survivor. The order will therefore declare that notwithstanding the objection taken to the title, the vendor can convey in fee. No costs.

McLean v. Sault Ste. Marie—J. G. Smith, for plaintiff. W. E. Ramey, K.C. for defendant. Motion to continue an injunction restraining defendants from constructing a certain sidewalk, by consent turned into a motion for judgment. Judgment: No brial has been passed by the council authorizing the construction of the works, and I can find no authority in the municipality to construct the works without a bylaw. An injunction will therefore be granted restraining the construction of the works in question, and until a bylaw is passed in accordance with the requirements of the Municipal Act authorizing their construction. Costs fixed at \$50 to plaintiff.

Divisional Court. Before the Chancellor, Latchford, J. Middleton, J. Christie v. Richardson—G. H. Walton, K.C. for defendant. A. J. Keeler, for plaintiff. An appeal by defendant. Judgment: From the judgment of Meredith, C.J., of April 22, 1910, dismissing the action against defendant Richardson. The defendant Richardson was contractor for carpenter work of a schoolhouse being erected. The action was for damages to plaintiff, an employee of Webb, who on coming to work walked up a gangway, when something gave way and precipitated plaintiff into the basement. The trial judge

DOCTORS AND PATIENTS SPEAK WELL OF HOSPITAL

Employs, However, Not Very Particular as to Disinfecting — Prof. Mackenzie's Suggestions.

Yesterday's session of the Isolation Hospital enquiry, conducted by Judge Winchester, partook, with few exceptions, of the nature of a love feast. Testimonials, solicited and unsolicited, poured in from all sorts of witnesses, especially towards the end of the day.

A letter from Prof. J. J. Mackenzie of the University Pathological and Bacteriological Department was read. It said in part: "In order that infectious diseases of all kinds may be effectively dealt with by the health authorities of the City of Toronto, it is of the greatest importance that the bacteriological laboratory, at present situated in the city hall, should be much better equipped and manned than at present."

"In addition to this, the health department of the city should deposit at all the drug stores sterile swabs, prepared for taking suspected diphtheric material from the throat, so that a physician could in a few minutes obtain the swab, if called to see a suspicious case. These might be left at selected centres in various quarters of the city, when they could be sent twice a day to the city hall, or the physician himself could send the swab to the laboratory."

"In connection with this it would enormously assist the health officer with his work at the laboratory, if establishments at the Isolation Hospital, so that the junior assistant in the hospital could, within 18 hours, decide in regard to suspected cases of diphtheria or of mixed infections sent in."

Dr. Sheard expressed his approval of the suggestions. Hospital Attaches Testify. Rev. Dr. M. Gillivray, the first witness, was well satisfied with the treatment of a child in his house, Ruth Day, who had scarlet fever.

Mrs. Mary Woodward produced her child in court. The child had a blind eye and some scars, which she claimed were the result of scarlet fever. Dr. Sheard looked like vaccination marks.

Annie Hickey, the hospital cook, said the nurses sometimes came down to the scullery, where the wash floors were established at the Isolation Hospital, so that the junior assistant in the hospital could, within 18 hours, decide in regard to suspected cases of diphtheria or of mixed infections sent in."

Dr. Sheard expressed his approval of the suggestions. Hospital Attaches Testify. Rev. Dr. M. Gillivray, the first witness, was well satisfied with the treatment of a child in his house, Ruth Day, who had scarlet fever.

INLAND NAVIGATION. NIAGARA RIVER LINE

NIAGARA CENTRAL ROUTE. BUFFALO NIAGARA FALLS TORONTO ROUTE. TIME TABLE (Sunday Excepted) Lv. Toronto 7.30 a.m., 2.00 p.m. Arr. Toronto 1.15 p.m., 8.30 p.m.

ST. CATHARINES, NIAGARA FALLS, BUFFALO, WELAND CHANGE OF TIME. Commencing Monday, Sept. 12th, and for the balance of the season, Steamer Lakeside will leave Port Dalhousie on Sunday, Sept. 11th at 11 a.m., returning will leave Toronto at 4.45 p.m.

NORTHERN NAVIGATION CO. LIMITED GRAND TRUNK ROUTE

Sailings to S. S. Marie and Port Arthur. From Sarnia, 1.30 p.m., S.S. "Sarnia" every Monday; S.S. "Hammond" Wednesday; S.S. "Sarnia" at present, it should be possible for a medical man to receive reports upon bacteriological material from cases of suspected diphtheria, tuberculosis or typhoid within 24 hours of the time of sending in.

She merely confirmed the evidence of the other maid. She washed her hands before meals, and her face "if I think it needs it."

Hospital Sued Them. Mrs. J. H. McPaul thought the treatment in the diphtheria section could not be excelled. She had, while patient, frequently visited the public wards, and found the children kindly treated, without exception.

Dr. McCollum had sent three children of his own, all at one time. He would be glad to send them back tomorrow if necessary. Formaldehyde, said the doctor, was a strong respiratory irritant, and it might be dangerous even fatal to shut a child into an ambulance which had just been fumigated with it.

Dr. Sheard expressed his approval of the suggestions. Hospital Attaches Testify. Rev. Dr. M. Gillivray, the first witness, was well satisfied with the treatment of a child in his house, Ruth Day, who had scarlet fever.

WAITING WORD FROM OTTAWA

Uncle Sam Willing and Eager to Discuss Reciprocity.

WASHINGTON, Sept. 29.—The department of state, under President Taft's direction, has made all preparations to act as soon as word is received from Ottawa indicating the intentions of the Dominion Government concerning the proposed reciprocity negotiations.

With the return of Sir Wilfrid Laurier and the various cabinet ministers to the Canadian capital, and with the recent arbitration at The Hague, eliminating the Newfoundland fisheries dispute from all controversy, the way has been cleared for negotiations for commercial agreements between Canada and Newfoundland respectively on one side and the United States on the other.

PATTEN LEFT LARGE FORTUNE.

CHICAGO, Sept. 29.—George W. Patten, the millionaire grain operator, who died last night of tuberculosis at the home of his brother, Jas. A. Patten, in Evanston, left a fortune estimated at \$5,000,000, the greater part of which, it is said, will be left to public charities, including a large donation for the furtherance of the anti-tuberculosis campaign.

Killed Child and Wounded Wife.

PHILADELPHIA, Sept. 29.—Following a night of constant quarrelling with his wife at their home in Oakview, Delaware County, John Green, a carpenter, and the father of nine children, early to-day shot and perhaps fatally wounded his wife, and instantly killed their 18-month infant.

Farmers' Excursion to New Ontario.

Oct. 3rd and 4th.

via the Grand Trunk Railway System. Round trip second-class tickets will be issued from Toronto to Halleybury, New Liskeard, Earlton, Englehart, Matheon, Montclair and Cochrane. Proportionately low rates from all stations in Ontario west of Kingston and Madawaska, to station on the T. and N. O. Railway, Halleybury and North. All tickets valid returning until Oct. 15. Only line operating through trains, "Cobalt Special" leaves Toronto 3:40 p.m. daily, carrying through coaches. Secure tickets and full particulars from Grand Trunk agents, Toronto city ticket office, northwest corner King and Yonge streets. Phone Main 4200.

Evening Classes at Technical High School.

Evening classes in the Technical High School will open on Monday, Oct. 4, in the following subjects: Arithmetic, algebra, geometry, trigonometry, electricity, steam engine, chemistry, machine drawing, architecture, estimating, freehand drawing, industrial design, wood carving, modeling in clay, cookery, home nursing, home economy, sewing, millinery, embroidery, etc. Doors will be open at 7:30 p.m. for registration. For the domestic science and art classes the doors will be open at 6 p.m. Second year domestic science and art students may register on Friday, Sept. 30, at 7:30 p.m., on presentation of year cards.

COTTON GOSSIP.

Erickson Perkins & Co. had the following in the west and waiting to be sold for the movement were recorded during the early season. May selling up to 13.50, or within 4 points of the price predicted earlier in the week. Profit-taking set in after the buying movement exhausted itself and most of the advance was lost, but the market showed no signs of weakness. Gloomy accounts of the growing crop continue to be received and estimates of the October condition, due on Monday make a very bullish showing. Some profit-taking here the bureau report is sales on strong early bulls have handsome profits, but the market is gaining friends daily and a favorable report will be necessary to destroy the growing belief that we are entering an active bull market.

SITUATION IS STILL SOUND.

World Office
Thursday Evening, Sept. 29.

A check was administered to speculation at the Toronto Stock Exchange to-day, and was interpreted as a concerted movement to prevent the public running away with the market. This is understood to be especially the case in regard to Rio. Montreal traders have been large buyers of this stock for several days, and the pressure put on the stock to-day was thought to be an effort to squelch the ultra-speculative interest which was being taken in the security. The advance in the Bank of England rate from three to four per cent. came at an opportune time, but in financial circles it is not believed that the advance in the English bank rate means anything more than a specific movement to protect the gold holdings in London, and that the rise in the rate does not portend a period of very tight money. The whole market, both here and in Montreal, was toned down to-day, but only in the speculative issues, which have had big advances, were any losses registered. The situation is still sound, but a period of stock assimilation will afford an excellent foundation for the next upward advance.

Wall Street Ignores Advance In the Bank of England Rate

New York Stocks Display Good Undertone All Day—Toronto Market Holds Well Under Pressure.

World Office
Thursday Evening, Sept. 29.

Pressure of selling in several of the speculative stocks had the effect of depressing prices on the Toronto Exchange to-day.

The effort to work prices lower was assisted by the advance in the Bank of England rate, altho no one in actual touch with the present money situation believed that the advance in the rate meant anything but a temporary arrangement to protect the gold reserves now in London.

Rio was sold freely from the opening of the market, and was put down one and a half points below the high price of yesterday.

Despite the inside attack, the buying was sufficient to hold prices and in very few instances were fractional declines registered.

The break-up in the Montreal pool dealing in Montreal Power, and the supposed combinations was not effective in disturbing sentiment in this market.

There was a good demand for all the good speculative stocks, and especially for the investment securities throughout the day. The market closed with an undertone of undoubted firmness.

Buyers in the majority of issues are still more prevalent than sellers, and until these conditions are reversed, there can be no permanent change in the trend of prices.

70,000 for Exchange Seat.

Edwin H. Stern, curb broker, has purchased a New York Stock Exchange seat, paying \$70,000. The last previous sale was at \$68,000.

Bank of England Rate Raised.

LONDON, Sept. 29.—As had been anticipated, the Bank of England raised its discount rate to 4 per cent. today. The advance was due chiefly to the large outflow of gold to Egypt and Turkey, the prospective Indian demand and the fact that other stocks are being steadily absorbed by the continent.

A year ago the rate stood at 2 1/2 per cent. This was advanced to 3 per cent. on Oct. 7, and to the next week to 4 per cent. The following week on Oct. 21, the rate was advanced to 5 per cent.

Dividend Declared.

The Delaware, Lackawanna and Western declared regular quarterly dividend of 2 1/2 per cent.

ON WALL STREET.

Erickson Perkins & Co. had the following: Stocks maintained a good undertone all day, closing with a number of small gains in active issues, while certain specialties rose a point or more. The strength of U. S. Steel was conspicuous. It closed around top. The strength of other stocks than Reading had a good effect on settlement. The stock market is all right, all it needs is increased confidence and a buying movement of some proportions. The strength of the United States is not disturbed by monetary conditions abroad, but is disposed to go by domestic considerations, was strikingly illustrated by the way the advance in the Bank of England rate was taken here.

J. F. Bickell & Co. from Finley Barrell.

In the absence of any unexpected bad news, we think the market will be active and higher, and some good profits can be secured on the long side before election. There is a considerable bear party, but its views are minimized by the optimistic talk in prominent banking circles, accompanied by advice to buy certain good specialties and a few of the leading issues.

Chas. Head & Co. to R. R. Bondard.

Cotton continues to go freely to England regardless of the banking embargo, and we have no fears that the movement will be seriously interrupted. The banks have lost \$8,000,000 cash this week, and the outlook is for another poor statement on Saturday. London was said to have been a buyer of at least 15,000 shares to-day. We still reaffirm our belief in a higher

Remarkable Value In Women's Cloth Suits at \$9.95

These Suits are made of all-wool Panama, Venetian, Venetian and Vicuna cloths. The styles are up-to-date, made to our own designs and instructions—the workmanship and finish is of the quality usually found in very much higher priced garments. These are specially priced for Saturday. Three styles are given below:

A strictly tailored Suit, made of imported Panama, in colors navy, brown and black; coat is cut in refined lines, and has dressy effect; has slash side pockets; fastens with novelty cloth buttons; skirt plainly stitched over hips, with semi-pleated sides. Special price \$9.95.

Women's All-wool Venetian Suits, in colors navy and brown; coat line throughout with silk serge; fastens with four bone buttons; has square flap pockets; skirt has panel front, with semi-side pleating. Price \$9.95.

Women's Suits, made of imported vicuna cloth; coat cut in double breasted style, but fastens with single row of bone buttons; skirt has front panel, with semi-pleats at side; colors navy, black and brown. Special price \$9.95.

(Third Floor, Queen Street.)

These Little Tots Need Winter Coats

They will be trooping in here on Saturday morning with their mothers, to see the cute styles awaiting them on the third floor. Mothers should arrange to see this exceptional collection of Girl's Coats before all the favorites have been disposed of. Bring the youngsters to-morrow morning and see how wonderfully these new coats suit them. Here are three that you should be sure to see:—

CHILDREN'S COATS FOR SATURDAY

Smart coats for girls suitable for present wear—specially priced for Saturday.

The New Coats of the Season
