ANCIENT CARTEL HAS \$250,000 FIRE

Looked at One-Time Like General Conflagration—Two Factories, Roller Rink and Eight Houses Burned—Sick Fire Chief Had to Be Removed on Stretcher.

ARTILLERYMEN FROM CITADEL DID GOOD WORK

QUEBEC, May 27.—It was nine o'clock this morning when the "All-over" was sounded for a fire which broke out in St. Roch shortly after noon yesterday, and which for a time threatened a large section of that portion of the city and looked possible to develop into a general conflagration. About a quarter of a million of damage was wrought by the fire, among the buildings destroyed being a couple of large and a number of smaller factories.

The fire was one of the fiercest which the local fire fighters have been called upon to face for a long time. Breaking out in a roller rink on Notre Dame des Anges street, the blaze worked itself into the Carrelle carriage factory on Dorchester street. Just around the corner, here the full force of the fire raged, the flames being fierce and the whole building speedily becoming a mass of flames.

The firemen of No. 3 and 5 stations almost opposite the roller rink, had just returned from a run to a chimney fire in their section, and were cleaning up their wagons, when the new fire was discovered. Captain Louis Talbot at once sounded a double alarm and the firemen were quickly on the spot. There was, however, some trouble with the water pressure, and for a time the firemen could not get sufficient force to cope with the flames.

General Alarm Sounded. A general alarm was then sent in and the whole brigade assembled. The proposition which confronted them was a serious one, for the fire had gained such headway and was raging so fiercely that it looked as if another disastrous conflagration was in the making. The firemen did everything possible to confine the flames to the building in which the blaze had declared itself, but this was impossible on the street and caught on the roof of the immense factory of the Dominion Corset Company, through which the fire spread with a force that could not be stopped.

At this juncture, it looked as if the whole section of the city was fated to burn. A desperate attempt was made to save the great corset and box factory of the Dominion Company, but this was in vain and the flames swept thru the upper storeys and wrecked the whole interior of the building.

The firemen, however, managed to check the fire here and prevented the flames from spreading further. Eight families burned out. In addition to the two factories and the roller rink.

Among the houses burned was one occupied by the chief of the fire brigade, F. W. Mack, who is now seriously ill, and whose house was totally destroyed. He had to be carried out of his house on a stretcher.

There were many exciting scenes during the progress of the fire, there being a hurried shift among the residents in the immediate vicinity, and whose houses seemed at one time doomed to destruction.

The full list of insurances is not as yet obtainable, but it is known that Mr. G. E. Amyot, proprietor of the Dominion Corset factory, has some \$275,000 insurance. Among the companies interested are the Quebec, \$15,000; Guardian, \$15,000; Union, \$15,000; Scottish, \$15,000; Manufacturers', Montreal, \$20,000; Manufacturers' Company, Montreal, \$20,000; General Insurance Company, \$25,000; Lloyd's, \$30,000; Liverpool, London and Globe, \$60,000; North America, \$80,000. Carrelle has \$70,000 insurance and several of the other people burned out have small amounts.

While the fire was at its fiercest, the R. C. G. A., under command of Lt. Ivan, came down on the command of the fire and they did splendid service in helping the firemen to fight the fire as well as to assist people to move out their goods from threatened quarters. "Tommy" was as active as ever, as blithe, as cheerful, as if it was only a holiday jaunt. Altho wet to the skin and with their clothes sticking to them they penetrated thru the smoke laden rooms of the dwellings in the vicinity.

Called to Vancouver. ST. THOMAS, May 27.—Rev. E. Leschere, is considering a call made by St. John's Church of Vancouver, B.C. The pastor is offered by a unanimous decision of the congregation the double of \$3000, increasing to \$4000 at the end of two years, with two months' vacation and moving expenses.

Mr. Pidgeon was the nomination to the pastorate of Rev. Mr. Gordon's (Ralph Connor) church in Winnipeg, a few weeks ago.

ONE HUNDRED SAVED. PANAMA, May 27.—Telegraphic advices received report 100 passengers and crew of the steamer Taboga have been saved. The Taboga struck a rock off Punta Mala on Tuesday, and sank a short time after. Twenty persons are not accounted for. The captain of the steamer swam ashore by the aid of a life preserver.

QUEEN ALEXANDRA'S UNCLE DEAD. COPENHAGEN, May 27.—Prince John of Denmark, uncle of King Frederick of Denmark and of the Queen-mother Alexandra of England, died this evening from pneumonia. He was born in 1825.

A November Election?

NEW YORK, May 28.—The Tribune's Ottawa correspondent writes: "Stories printed in Conservative papers thruout Canada asserting that party leaders had received reliable information that a general election would be held in September on the reciprocity issue are not credited in official circles. There is practically no change in the political outlook since parliament adjourned, it is asserted. Altho it is generally expected that the government will appeal to the country this fall, it is very improbable that an election will be held before November. When parliament reassembles on July 18, the government, backed by a majority of forty in the commons, will make a final effort to put the reciprocity agreement thru the house. If it is found that no progress can be made on account of obstructive tactics by the opposition, and the United States Senate has, in the meantime, passed the bill, there will be an appeal to the electorate.

FISHER TALKS OF APPLYING GAG TO COMMONS

Right of Speech in Parliament Should Be "Carefully Abridged," He Says, So That "Majority Chosen to Carry on Affairs of Country May Be Able to Do So."

PARNHAM, Que., May 27.—The first of the Liberal rallies to be held in this province during the recess of parliament took place here to-day, about 400 people hearing speeches delivered by the Hon. Sydney Fisher, Hon. Rodolphe Lemieux and Messrs. Demers, Meigs and Allen, M.P.'s. The audience was more interested than enthusiastic, but the speaker gradually woke it up in a forceful presentation of the reciprocity issue from the government point of view. Mr. Fisher prefaced his remarks by referring to the talk of a general election in the near future, and explained that it lay in the power of the opposition to prevent a vote on the Liberal mind, when abused outrageously it must be gotten over. I will not accuse my political opponents of extreme abuse of this right—I am not sure that we did not abuse ourselves in opposition in 1885. But it is a very serious impediment in carrying on the business of the country and I believe we have had enough of it. We should very carefully abridge that right so that the majority chosen to carry on the affairs of the country may be able to do so.

Mr. Fisher believed that if the opposition exercised its right of obstruction and forced the government to go to the country in advance of the redistribution bill, which he thought would increase the membership of the house by about thirty members, the people would condemn it as they had condemned the opposition in 1885, 1890, 1894 and 1898.

While the right of speech in parliament, said Mr. Fisher, "is one dear to the Liberal mind, when abused outrageously it must be gotten over. I will not accuse my political opponents of extreme abuse of this right—I am not sure that we did not abuse ourselves in opposition in 1885. But it is a very serious impediment in carrying on the business of the country and I believe we have had enough of it. We should very carefully abridge that right so that the majority chosen to carry on the affairs of the country may be able to do so."

STREET CAR CRASH PASSENGERS IN PERIL

Several Were Slightly Injured When Carlton Car Rammed Another at Parliament-street.

Turning south from Carlton to Parliament-st. at ten minutes to eleven o'clock last night, Carlton car No. 1372, one of the big new palace jumpers, was switched and crashed into the trailer of another Carlton car coming west, smashing the light frame and injuring the three passengers. Had the car been crowded, much more serious results might have followed. It is stated that the car which did the damage, got beyond control of the motorman two blocks before Parliament-st. was reached. The accident caused a flutter of anxiety in the neighborhood, reports of an alarming character being circulated. Traffic was blocked for more than 20 minutes.

FLEW 401 MILES ON FIRST DAY OF RACE

Two Aviators Cover First Stage of 1300-Mile Flight From Paris to Rome and Turin—Twelve Out of Twenty-one Competitors Started Yesterday.

PARIS, May 28.—Profiting by the lessons of last week's catastrophe, when, at the start of the Paris to Madrid race, M. Bertheaux, the minister of war, was killed and Premier Monis badly wounded, the organizers of the second great air contest, from Paris to Turin, sent the competitors away with record speed and precision to-day. Not the slightest mishap marred the occasion. The new minister of war, Gen. Goltz, Antoine Monis, son of the premier, who was slightly injured in the accident of a week ago; the Italian ambassador, Signor Tittoni, and several high officials, were allowed on the field, but were kept well behind the starting line. A large assemblage of people were kept out of the danger zone by imposing lines of troops.

The weather was perfect. Twelve out of 21 competitors were on the start when the signal bomb was fired at 6 o'clock in the morning. The machines were sent off in rapid succession, ten leaving within a few minutes, and the entire number being away by 7 o'clock. The remaining nine entrants, including Pierre Védrin, the Frenchman who won the Paris to Madrid race, will start tomorrow or Tuesday. Védrin is now on his way back to Paris, leaving Madrid for this city to-night.

First to Cross the Line. The first to cross the line to-day was Roland Garros, who, after making many plucky efforts to finish in the Paris to Madrid flight, was forced by a series of mishaps to abandon the race. Garros did not start until 7 o'clock, and was followed by André Beaumont, who rapidly overtook Garros and arrived first at Dijon, the initial recording station of the long journey.

The two continued in the same order, reporting at Lyons and finally landing at Avignon. They covered the 401 miles from Paris to Avignon in 4 1/2 hours, a total distance of 385 kilometers, or 239 miles.

The other competitors early in the journey were the victims of mishaps, but nothing more serious than "the breaking of wood," and only two of them, Henri Molla, representing France, and the German aviator Frey, and got as far as Dijon up to 7 o'clock in the evening.

American Aviator Unlucky. The American, Henry Westman, was particularly unlucky. After two stops on account of engine trouble, he was forced to make a landing in a field near Troy, and gradually broke up the frame broken, but he himself was not hurt.

The race was organized by the Paris Petit Parisien, and the prizes aggregate more than \$100,000. The second stage of the journey is from Nice to Rome, and the recording stations being Genoa and Pisa, and the third stage is from Rome to Turin, the official stopping places being Florence and Bologna. The total distance is a little more than 1300 miles, and the competitors have until June 15 to accomplish the distance.

JAMES BELL IDENTIFIED AS TAXICAB VICTIM

Elderly Man Did Not Recover Consciousness and Died in Hospital.

Early yesterday morning two young men walked into the city morgue and identified the body of the man killed by a taxicab at Sunnyside and Gerrard-st. last Saturday afternoon as that of their father, James Bell of 28 Taylor-ave. police station, where the description given had been so accurate that identification had been practically made there. All Saturday afternoon the man's family had waited for him to come home to his lunch, and the worst was feared when he did not come in the evening.

Bell, an employe of the Canada Foundry Co., was returning from his work at 2 o'clock, as was his unbroken custom on Saturday afternoons, and was alighting from the Carlton car at Sunnyside. The taxi was coming west at a good speed and the man was struck and thrown to the ground. The driver of the taxi, Geo. Radcliffe, 41 Mutual-st., picked him up and hurried to the general hospital. He was unconscious all the way, and died in a few hours.

The fact bears a striking similarity to that of Miss M. Stokas, the woman who was killed while getting off a car on Yonge-st. and in which Coroner Dr. W. J. Graham's jury brought in a verdict recommending that vehicles slow to walking speed when approaching a car from which passengers were alighting.

Bell was a married man of 60 years, and father of nine children, only two of which are old enough to work.

HERESY TRIALS SIGN OF TIMES

Compromise With Orthodox Belief Leads to Hypocrisy and Cowardice, Says Rev. R. J. Hutcheon.

Taking as his theme the "Limit of Compromise in Religion," Rev. R. J. Hutcheon, at the Jarvis-street-Unitarian Church, last evening, preached a sermon based on recent enquiry at Montreal respecting the alleged heresy on the part of Dr. Workman.

The speaker said that never before since the reformation had priests and ministers of religion been placed in such an awkward and uncomfortable position as they were to-day. All the great churches were bound by creeds which were made before the old biblical view of man's origin and history was revolutionized by science. At the time of ordination ministers, elders and deacons must vow allegiance to these creeds, altho it was impossible to believe them, and modern science and biblical criticism at the same time.

There thus arose in the life of every progressive preacher a moral problem of great delicacy. The endless heresy trials of the present day were evidence of the difficulties that beset the path of the present-day preacher.

"What minimum of belief," said Mr. Hutcheon, "must a preacher or a layman have to be an honest, consistent member of an evangelical church? Two beliefs at least are essential. First, that the Bible or the religion it teaches, is revealed in a sense in which Buddhism and other great religions are not revealed. Secondly, that Jesus Christ is the Son of God in a sense in which the Bible or the religion it teaches, is revealed in a sense in which Buddhism and other great religions are not revealed.

The preacher said that those beliefs were fundamental in evangelical Christianity, and no one who had abandoned them could consistently remain a member of an evangelical church. To compromise would be to surrender to the daily happenings of the world, or take vows upon the soul which must endanger a man's moral integrity.

Mr. Hutcheon said that in this trying time of transition, two things ought to be remembered by all. First, that when once men began on the way of compromise, it would be easy to slide down to conformity, hypocrisy and cowardice. Secondly, that it was not the men who kept quiet for the sake of staying in the big institutions, but the bold spirits like Wesley, Knox, Channing and Parker, who stirred men's souls with new convictions and new purposes.

The morning paper is becoming more and more the paper of the masses. The live-up-to-date man is no longer content to wait ten or twelve hours to learn of the daily happenings. The big events in sports and business rarely materialize until the afternoon or evening—then the play time, and people are away from their usual environment. The unexpected invariably happens, and the complete story appears in The Toronto Morning World. Have it delivered before breakfast at a special rate of five cents per month. Phone M. 5308.

EX-MAYOR JOHN FISHER HAS PASSED AWAY

North Toronto Mourns Loss of Foremost Citizen—Last Sad Rites on Tuesday.

NORTH TORONTO, May 28.—(Special.)—The passing away of John Fisher, North Toronto's "grand old man," at the age of 75 years, at an early hour on Sunday morning, marks the close of one of the type of men who have done much to make Ontario what it is to-day, the banner province.

The name of John Fisher, who ever known, was a synonym of probity and honorable dealing, a man whose word was as good as his bond, a staunch friend, a wise counsellor, and one who thru many years had given to the public affairs of his adopted town his very best service, and that cheerfully and well.

The late Mr. Fisher, while indisposed for some time, fought bravely but unsuccessfully to ward off the disease, and it was only at the last, and with-

ing the reformation had priests and ministers of religion been placed in such an awkward and uncomfortable position as they were to-day. All the great churches were bound by creeds which were made before the old biblical view of man's origin and history was revolutionized by science. At the time of ordination ministers, elders and deacons must vow allegiance to these creeds, altho it was impossible to believe them, and modern science and biblical criticism at the same time.

SPRING HILL STRIKE ENDED

1200 Men Had Been Idle for 22 Months—Men Lose on All Points—No Recognition of U.M.W.

HALIFAX, May 27.—The long and bitterly fought strike at the Spring Hill coal mines was ended this afternoon when the men adopted the report of the system committee. The points of the agreement under which the strike is brought to an end, as adopted at the meeting of the miners in Spring Hill to-day, are as follows:

1.—The men to be taken back as soon as places can be found for them, the company saying it hopes to find employment in 45 days for a majority of the men.

2.—The schedule for mechanics is to remain with no reductions of the rates before the strike.

3.—The Longley Board's fine, that is the docking system, is to govern, the coal cutters are to get ten per cent. less than the rate paid before the strike, fair consideration to be allowed to enable a man to earn an average wage while changing conditions in coal make that necessary.

(When the men went out J. R. Cowans, the former manager, announced a reduction of fifteen per cent.)

4.—The usual chance that any employe may appeal to his superior against an alleged grievance, with an ultimate appeal to President Plummer.

Go Back at Reduced Wages. The result is that there is to be no recognition of the United Mine Workers, that the docking system will continue and that the coal cutters go back at ten per cent. less wages than they received before the strike.

The Longley Board had refused to say that the United Mine Workers ought to be recognized; it refused to recommend an increase in wages or to compel the company to adopt a fixed schedule as to prices.

The men rejected the report of the Longley Board of conciliation, and struck to enforce their demands for an increase in pay and for the removal of what they said were grievances. They now return without recognition of the United Mine Workers and at ten per cent. less wages for coal cutters.

Some 1200 men have been idle for 22 months and the loss to the miners is estimated at \$500,000. The strike has been costly to the United Mine Workers. It is known that President White did not force a settlement, his sentiment and that of the present United Mine Workers' executives was strongly in his favor.

SHOT BY PLAYMATE

Fourteen-year-old Walkerville Lad May Die. WINDSOR, Ont., May 28.—A bullet deliberately fired by Edward Handley, of Walkerville, according to spectators, nearly ended the life of Louis Fortin, his playmate, on Saturday night. Both boys are about fourteen years of age. Fortin is in Hotel Dieu in a precarious condition and may die. Handley is held at police headquarters awaiting the outcome of his companion's injuries. The police claim that they have evidence that there was bad blood between the boys, altho Handley claims that the shooting was accidental.

FIRST ELECTION UNDER THE NEW REPUBLIC

No Disorder Marks Appeal to the People of the New Regime in Portugal—Monarchists Refrained From Putting Forward Candidates.

LISBON, May 28.—Perfect order prevailed to-day at the elections for the constituent assembly, which were held throughout the country. In thirty out of fifty-one constituencies, the seats were disputed by candidates of the directory of the Republican party, the Independent Republican and the Socialist parties. In the other constituencies the regular Republicans were unopposed.

The Monarchists refrained from putting forward candidates, declaring that the elections presented no guarantee of liberty or sincerity. Instead they circulated all sorts of rumors of a counter revolution, an armed invasion by way of the Galician frontier and similar attempts against the government.

The authorities took extraordinary precautions, not only to preserve order, but to anticipate any revolutionary movement. Almost the entire force was concentrated in the north, but the intervention of armed force has not been necessary up to the present in any part of the republic.

The polling process was very heavy and the first results indicate a majority of 231 deputies will be regular Republicans.

A few Independent Socialists are likely to win their elections, but the general opinion is that, while the government may expect to meet certain divergencies of opinion in the assembly, there will be nothing like systematic opposition.

In Lisbon, police patrolled the streets all night, but there were no disturbances. The balloting continued thru-out the day and will continue tomorrow. The regulars expected the day in this city, the woman, Dr. Beatriz Angelo, recorded her vote, amid thunder of applause.

A Oporto all was peaceful, the Republicans keeping close watch on the Socialists.

It is announced that the discussions of the constituent assembly will be confined, first to a law defining the political powers of the republic; second, to organic laws relating to each lower court, to acts of dictatorship on the part of the provisional government, and fourth, to the budget.

Several of the civil governors have made representations urging the necessity of modification of the law, and it is understood that a special bill will be introduced with this object.

THROWN INTO CARRIAGE GEAR

WOODSTOCK, May 27.—Robert Danby of Muir received a severe injury, driving in the city this morning. The king bolt of his buggy broke and he was thrown into the carriage gear, and when the horse started, he was dragged a considerable distance. A badly broken shoulder and many bruises resulted.

THE ONTARIO JOCKEY CLUB MUST WAKE UP

The Ontario Jockey Club has just held its most successful race meeting at the Woodbine.

Racing is a popular amusement with Canadians, and well-conducted as it now is at the Woodbine, is worthy of encouragement.

But the Woodbine, while it has a picturesque location, is not an up-to-date race track. It ignores the needs of the great public who support it. There should be a grand stand at the finishing wire for 10,000 spectators—club members ought to be satisfied with a stand a little greater than the organization should cater to the public first.

An up-to-date racing plant costs a lot of money, but the Ontario Jockey Club can afford to establish one and do it right away. There is not an up-to-date feature at Woodbine.

Next, as to management: The O. J. C. can stand a lot of new blood, of men who actually know the requirements of the sport. The club is traveling to-day on the great ability of its secretary. Instead of asking some of the younger lot of racing men to come into the club and take a hand when the new stock was issued, it was allotted exclusively to those who were already shareholders. That can go on. If you were keeping up the supply of men, who founded the club this might be all right; but such is not the case, and the board of directors has an air of placidity rather than racing men. Many buckets of adulation could also have been spared in the past.

Now, as to the horses: We cannot say that the Canadian-bred horses are deteriorating when the greatest of them all came out this year in St. Bass. But how many of that kind have been produced? The Canadian stables went to pieces this meeting!

The O. J. C. needs new blood in the horses of its leading stables, in its management; most of all, it needs an up-to-date race track and equipment, with ample accommodation for the public who support the game. Racing to be a success need not be a close cooperation. If the O. J. C. does not come up to the situation, others will take its up. We would much prefer to see the O. J. C. do it.

St. Bass Again Makes Good in Hendrie Handicap—Carillon Lands at Over 100 to 1.

WOODBINE PARK, May 27.—(Star Correspondence).—The governor-general arrived in state shortly after 2 o'clock, and was royally cheered. The Q.O.R. Band played patriotic airs. Soon they were off in the first race, which was won by Geo. McSweney's Carillon, at the odds of better than \$112 to \$1.

Carillon's First Race. Lady Sybil went out in front as soon as the straightaway away and led till within 100 yards of the wire. High Flow was first in attendance to the stretch, followed by Planutese, Servance, Jim L. Vreeland, Carillon, High Crown, Voltaire and Iron Queen. Carillon shot to the front on the outside. Vreeland second and Lady Sybil third, on the inside just before the stretch, and Planutese the best of the also rans that were strung out to now.

Seymour Boutler Loses Rider. They acted badly at the post in the seven furlongs race. Martin Doyle crowding down the bank. Finally he was off in front. Seymour Boutler went up, but he kept on, and so took the lead with no weight up, and finished in front of the cheers of the crowd, but the judges would not notice him. Martin kept in front all round. Sight Eight went last at the post and passed him at the machine shed and passing him at the machine shed and passing him at the machine shed and passing him at the machine shed.

Puggins by a Length. Puggins was rated nicely and won the third in a field of seven, going away by a length. Little Pal second and Senex third. Gold Plate was right up fourth, the rest of the also rans being well up home. Senex and Surflet being in turn second in the finish. Puggins came strong at the finish, forcing, string at end, was followed by Gold Plate, Tropicana and New Record for Zeus.

It is now up to the race for the King Edward Hotel Gold Cup, R. T. Wilson, who scratched Nashon and Olanoff, with the result that Owanux and Herbert and King James were scratched, also Owanux. Next Fitzze was the roughest of the mount in the feature of closing day. And at that it was a great race, one of the best of the meeting, and only two horses. Yes, they cheered at the finish, because a quarter record, so long held by Inferno, was broken by the red and led first Zeas knocked him off the mount and lay on the leader's flank, apparently trying a whole mile, then it became a shilling went to the bat. Zeus responded and slowly crept up on the outside of his rival, just winning by a scant half length, the latter so close to the rail as to make it look dangerously like a crowd.

All Down But Steve Lane. They all went down in the steeplechase except Steve Lane. He was third when Gold and Jiu Jitsu fell first at the club house bank on the last round. The Welkin was first to fall behind the latter so close to the rail as to make it look dangerously like a crowd.

Martin Doyle under restraint all the way; had lot in hand at finish. Salvatelle moved up stoutly rounding far turn, but weakened after setting to landing. Sight quit in stretch run. Seymour Boutler lost rider when barrier was sprung, and ran away five miles. Winner entered \$2.00 mutuels paid; Martin Doyle, \$3.30 place, \$2.40 show; Salvatelle, \$2.70 place, \$2.30 show; Sight, \$3.30 straight.

It is now up to the closing race of the last day, and all are quiet, except that the portion of the public that is cashing on the mounted police, the dragons with sabers drawn, the two carriages and outriders. His excellency and party have had a glorious day, and the crowd gave them a great cheer as they drove past the great cheer as they drove past the great cheer as they drove past.

Idolwies in the Last. The last race, the consolation handicap, five starters, the play being chiefly on Lawton Wiggin, Sandrian and Chiefly. He failed. Idolwies won easily by two lengths. Lawton Wiggin second, Sandrian third, a half-length away. Chiefly and Wiggins led by turns. Sandrian and Wiggins always prominent. After Carillon landed the first, five furlongs was in a row, and the crowd gave them a great cheer as they drove past the great cheer as they drove past.

DREAMS REVEAL SOUL

Rev. Dr. Hincks Cites Instances to Show that Visions Sometimes Indicate Future.

Rev. Dr. W. H. Hincks took for the subject of his evening sermon at the Broadway Tabernacle "Dreams" and claimed that a man can so govern his mind that he can see the future.

His remarks were based on the two dreams of Joseph. He pointed out how life to a large extent may be unfolded in a night-watch. Diamonds he only in the depths of the earth, and in like manner some of life's most precious truths are often only revealed in dreams which reveal the innermost secrets of the heart.

"Men have worked out mathematical problems during the night which they have utterly failed to solve with hours of labor while awake," said the preacher. "Condorcet worked out difficult problems, and Colridge composed some of his poems while dreaming."

When asleep we are free from the world, and our spiritual and moral nature is intensified. While in such a condition we often give vent to feelings which at other times are smothered.

The Bible records many significant dreams, and shows that they all have a meaning and are caused by peculiar circumstances. Joseph, Solomon, Paul, John the Baptist and many others were spoken to by God in dreams.

"Maury, went on the speaker, "dreamed that he would thru the French Revolution, endured great hardships and saw terrible scenes. After a seemingly long period he was executed by having his head severed from his shoulders. Awakening in a state of excitement, he found a pole marked in his neck just where he dreamed the executioner's axe had fallen."

Dr. Hincks told of having a conversation with a man who had become very wealthy without having earned the money. That night he dreamed of being in a shower of ten and twenty dollar bills. He filled his pockets and after thinking himself a rich man for some time, he awoke—but without the money.

Proper control will ensure peaceful and profitable dreams," concluded the minister.

MOROCCO IS A HARD PROBLEM FOR FRANCE

Sultan to Be So Commanded He Really Can Govern—General Geiran Helps Monis Cabinet.

PARIS, May 27.—(N.Y. Tribune Cable.)—The first and easiest portion of the French task in Morocco is accomplished by the arrival at Fez of General Moliner. The government is fully satisfied with the absolute necessity of completing in a thorough and permanent manner the triple work of establishing in Morocco the military supremacy of the Sultan, the integrity of his territory and the door for the commerce of all nations.

The measures decided on to accomplish these three results are to give the Sultan a strong and efficient French instructor of the Sultan's army with the aid of a corps of French officers and to maintain in security two military bases, one on the Atlantic and the other between Fez and Algeria, via Taza. Three French officers, under French officer instructors, are to be centred at Fez, at Taza and at Meknes for the first time in history to really govern the country and keep it in order.

The French Government is determined not to withdraw its present army of occupation until this is accomplished. Military experts consider that at least six months' time will be needed to carry out the duties imposed upon France by the treaty of Algeiras.

In dealing with this and other problems of a military nature the Monis cabinet is vastly strengthened by the appointment of an experienced soldier, General Geiran, as minister of war to succeed the late M. Berteaux. The new war minister is a small, wiry, energetic man, a fervent admirer of aeroplanes and the most skilled artilleryman in the French army. He is sixty-four years old and was born at Nice.

It is curious to note that on the French annexation of Nice one-half of the Geiran family, including the general, while the other half became French. It thus happened that during the Fashoda difficulty Colonel Geiran, in the present cabinet, was the French artillery at Bizerte, while his own brother, General Geiran, who belonged to the Italian army, was in command of the Italian army corps at Naples.

The Socialists are loud in their complaints against the Monis cabinet for disregarding the rights of the professional soldier as minister of war, but President Fallieres and members of the cabinet, notably MM. Monis, Cruppi and Delcasse, are convinced that the present political and military situation requires the presence at the ministry of war and as the head of a staff of a trained and experienced general.

WASTEFUL, BARBARIC WAR IS INEXCUSABLE

Rev. R. N. Burns Would Have Horrors of Armed Conflict Impressed in Schools.

The Sunday of last week was kept by many churches as a day of prayer for the peace of the world. At the highest court, where the prince of peace sits as judge, He believed that a more thorough teaching of the scholars should be given to bring about arbitration for the settlement of all national disputes.

War was wrong because it was wasteful, it was barbaric and it was unchristian. War was an uncivilized and unchristian custom, and it was unchristian because it was wasteful, it was barbaric and it was unchristian.

Rev. R. N. Burns condemned war because it is unchristian and because it is wasteful, it was barbaric and it was unchristian. He believed that a more thorough teaching of the scholars should be given to bring about arbitration for the settlement of all national disputes.

MISSIONARIES IN WRECK OFF COAST OF CHINA

Vessel Struck Rock But All Escaped in Boats—Much Looting in Confusion.

Rev. R. P. Mackay, D.D., secretary of the Presbyterian Foreign Missions, has received a letter from Rev. J. S. McKay, one of the Presbyterian missionaries, in which he states that the steamer "Asia" of the Pacific Mail Line struck a rock off the coast of China on April 22. It was reported in the papers here, also reported that all the passengers were saved and that the Chinese pirates had clambered up the sides of the vessel and secured a good deal of plunder. The missionaries of the church who were on board were Rev. J. S. McKay and Mrs. McKay and Miss Marion Oliver, M.D.

In part the letter reads: "On April 21, we left Hongkong April 21, and all went well until Sunday, the 23rd at 5:30 a.m. a low rumbling sound followed by a great crash threw everything movable on the cabin floor, made us spring out of bed sure that we had struck a rock. A great groaning noise followed, and from the cabin floor a hole opened up and the vessel sank. I should the vessel sink escape might be possible on the rocks so near by."

"I was pulled away from the ship, and soon were rejoiced to see a small cove in the rocks with a pebbly beach. Soon we were safely landed and provisions to last a few days. Then the glad news came that a coasting steamer was on board, and that the coast guard were in the bay. People who know the coast agree in saying we might well have been there for days or even weeks as our provisions were so low. We were all but a failure and it was foggy weather.

"We worked all day Sunday trying to secure baggage, clothing, etc. The boat was wrecked, and succeeded wonderfully well. In the confusion a good deal of clothing, brooches and all sorts of things were taken. We lost quite a few things but are all very thankful to escape as we did.

Mr. and Mrs. McKay and Dr. Oliver sailed from Shanghai on the C.P.R. "Empress of India," May 2, due to reach Vancouver May 21. They are probably now in British Columbia.

UNIVERSITY BANS ATTRESSES

Students Cannot Appear in Plays With Professionals.

LONDON, May 28.—By order of the proctors Cambridge undergraduates with a taste for amateur acting have been forbidden to take part in dramatic performances in which professional actresses appear.

During the last two years at Cambridge several plays have been produced by the Amateur Dramatic Club and the Footlight Club, in which actresses took part. The proctors, following the practice which has existed for many seasons at Oxford, and the productions of the Oxford University Dramatic Society, have now decided to have actresses mixing with undergraduates at rehearsals and upon the stage.

Therefore, in future mixed theatricals will be prohibited, and no student without express permission of the university authorities. The old regime must come back, they say, in which amateur actors and actresses were separated and actresses played the feminine parts.

This order has brought about some indignation, as can be seen from our columns. "The Government," say the undergraduates, "are an engineer in the College and a list of drawings in and about two bath-tubs, having been drawn up by the proctors, and arrived too late to render any assistance."

The body was taken to the boy's room where the chief corner had decided that no inquiry was necessary. His father is Frank W. Barron, and is an engineer in the College. The list of drawings in and about two bath-tubs, having been drawn up by the proctors, and arrived too late to render any assistance."

Rev. J. B. Tyrrell has returned to Toronto from a short visit to Porcupine, where he has moved to her cottage in Weston for the summer.

ANGELIC CURATE Boxes Big Negro

Challenge of Colored Man Appeals to His Sporting Instinct and "Go" in Public Results.

LONDON, May 28.—The Rev. Harold Gibson, the Sheffield clergyman, who the other day, met in public Jim Johnson, a colored boxer, appearing in Sheffield, is a curate at Christ Church, Attercliffe.

His decision to fight Johnson was, he said, purely spontaneous. No one seemed inclined to take up the man's challenge, and this appealed to Mr. Gibson's sporting instinct. They boxed two rounds, with the result that Johnson was a very smart man, said Mr. Gibson. "He has tremendous chest and arms and is very powerful. He is a real fighter, and I am glad to see that he has the courage to take up the challenge, and this appealed to Mr. Gibson's sporting instinct. They boxed two rounds, with the result that Johnson was a very smart man, said Mr. Gibson. "He has tremendous chest and arms and is very powerful. RACE TRACK BETTING IS SAME AS STEALING

Rev. Mr. Findlay Saw Pari-Mutuels Work—Woodbine Dreary Waste Without a "Flyer."

What a preacher saw at the races was related at St. Enoch's Presbyterian Church last night by the pastor, Rev. W. B. Findlay.

The preacher gave the commandment "Thou shalt not steal," as the text, and said that race track gambling, whether with the bookmaker or the pari-mutuel machine, measured by a moral standard came in conflict with the text.

Legalized race course gambling a few years ago prevailed throughout the United States, but it had been prohibited in so many states that there were only ten places at which they had been announced in the States this year.

Kept Alive by Betting. One day last week he spent three hours at the Woodbine. During that time he only saw 9 1/2 minutes of actual racing.

Chicago Options Are Feverish Climatic Conditions Ignored

Short Interest Said to Be Responsible for the Stubbornness Shown in Wheat Futures—Coarse Grains Are Less Buoyant.

CHICAGO, May 27.—Rains and cooler weather west of the Missouri River made the wheat market easy most of the time today, but in the last hour renewed buying for an interest which has been conspicuous of late in taking the bull side...

Relief from the drought and heat, even though the change was restricted in extent, brought a quick right-about-face among traders in wheat. Bearthly feeling grew more pronounced when cables turned out to be flat despite the bullish advices from here overnight...

Receipts at Primary Centres. Receipts of wheat in car lots at primary points, with comparative week to week figures, are as follows:

Porcupine Gold Camp

QUARTZ VEIN OF 24 FEET CUT IN 200 FOOT DRIFT

Engineer Robins Has Picked Up Another Valuable Lead on the Hollinger.

PORCUPINE CITY, May 26.—(From Our Man Up North)—Another quartz lead on the Hollinger, the one which Engineer Robins announced two months ago he would endeavor to pick up through a cross-cut of 200 feet north-east from the north end of the main drift at No. 1 shaft, has been cut through and sampled with the result that 24 feet of quartz, the same vein as indicated in the outcroppings to the north of the new office, yields an average of \$15 to the ton.

Just what the length of this lens is cannot be determined till the drift is run down the lens to the north and east, and underground work on this particular vein will not start till the company are in a position to take care of the rock as it comes out from the shaft.

Work underground at the present time is being carried on in the west lobe, where not over 175 feet from the main shaft is to be one of the veins that are being worked.

Not Surface Prospecting. No surface prospecting is going on at the Porcupine camp at present in view at the present time all the veins they are able to crosscut and pick up in the underground work.

Liverpool Cattle Market. LIVERPOOL, May 27.—John Rogers & Co., Liverpool, cable to-day that trade was slow, but firm for cattle in a reaction from the high prices of gold.

Work is Suspended. But the Thompson Claims Have the Earmarks of Good Prospects.

PORCUPINE CITY, May 25.—(From Our Man Up North)—The North Thompson, that highly prized gold mine prospect which fell into the lap of Thos. J. Reinhardt of New York, last spring, but during the winter operations a thousand feet of trenching and sinking were accomplished.

Fashionable Summer Suits at \$17.75

This is a big reduction. A very short time ago similar suits were selling for \$30 and over. We just purchased 125, and they are beautifully made and as smart as smart can be. We will be satisfied with \$17.75, and you will be more than satisfied with one of the suits for that money. Come early to-morrow when the selection is the best.

The suits are made of first-class imported Panamas, English serges, diagonal serges, French Venetians, in grey, green, brown, navy, black, fawn and tan, also of English tweeds and striped and checked worsteds. Coats are 26 to 29 inches long, lined throughout with silk or satin, square and rounded collars, some in mannish styles, strictly tailored or trimmed with silk braid or satin touches, patch or slash pockets, two or four-button fastening. Skirts are the fashionable and correct styles, gored, pleated or panel effects. The original selling prices of these goods were: \$25.00, \$27.50, \$32.50 and \$35.00. Tuesday's price **17.75**

Women's Dust Coats, of a splendid quality crash, in natural or grey shades, in a nice plain style. They are single-breasted front, semi-fitting back, plain tailored sleeves, smart shawl collar and patch pockets. Trimmed with small novelty buttons. Special value. **4.75**

Women's Separate Skirts, in two styles of good quality wool Panama, in black and navy, made with fashionable gore. One has fold of self around bottom, the other is cut in front and back panel to give a banded effect. A full range of sizes to select from. Regular \$4.50. Tuesday **3.25**

Men's Clothes for Motoring and for Street and Holiday Wear

Here are four examples from our Men's Department for men who motor. They are on the Main Floor, and close by are clothes for the hot weather, for cricket, tennis, camp, office, theatre, in fact, clothes for any hour of the day or night. They are all alike, in two respects. First, quality is the best. Second, prices are the best (for the customer).

Motor Coats and Light Waterproofs

Duck Automobile Dusters, in dark fawn, double-breasted style, fastened close up to the throat, with military collar and wind straps on sleeves. Sizes 36 to 46. **3.50**

English Drill Automobile Dusters, made rainproof by chemical process, dark khaki shade, double-breasted, with military collar, slash pockets and wind straps. Sizes 36 to 46. **5.50**

Paramatta Waterproof Coats, a single texture material that is very light, but thoroughly rainproof. Latest single-breasted style, long and roomy, with raglan shoulders, slash pockets and wind straps. Sizes 36 to 46. **10.50**

Chauffeurs' Suits

A Sale of

SILKS

This is not an illustration of a Rocky Mountain peak—it is *SILK*. We did not trouble our artist for a woman in a fashionable silk dress this time because you are the person who ought to wear that dress, and we couldn't use your photograph as an advertisement.

To-morrow and the next day are the only days, on which it will be possible to secure for yourself *Silk* at anything like these low prices. Here are four examples of the sale's good things:—

- 100 pieces of Natural Honan Shantung Silk. This is a specially heavy quality, bright finish and color; just the thing for auto coats, dresses and waists. A saving of 22c per yard. 34 inches wide. Per yard **.63**
- 1,500 yards of Double Width Dress Foulards, in a profusion of designs and colors. Our \$1.50 regular selling lines. 40 and 42 inches wide. Tuesday's silk sale, per yard **1.19**
- 2,000 yards of Rich Black Paillette, Satin de Chine, French Chiffon Tafeta, and C. J. Bonnet's Rich Black Peau de Soie, woven on the edge of every yard is "Wear Guaranteed," a rare opportunity to buy a black dress, waist or slip. Tuesday's silk sale, per yard **.67**
- 1,500 yards of Rich Colored Dress Silks, comprising French and Swiss paillette, satin de chine, in every wanted shade, including ivory and black; a big reduction on these silks for Tuesday's silk sale. Tuesday, per yard **.59**

The Car

is no pleasure to the woman who has to hold her hat on with both hands, and gets home with the road in her hair, or vice versa. The moral is to wear a proper hat, and do not for one moment imagine that you cannot combine usefulness with beauty. You can.

Our Millinery Department is making a special display of motor hats and bonnets to-morrow. We will be very much mistaken if you are not able to pick out exactly the finishing touch to your costume in a few minutes.

Prices are exceedingly low. We noticed a little bonnet, perfectly capable of taking care of the most wayward tresses. It would have looked quite at home with a \$3,000 car, and was priced at \$1.50. There were others at \$9.00, and dozens in between. Come and see them on Tuesday.

From Holland

On Tuesday there is a sale of Dutch Curtains, Bed Spreads and Table Covers on the Fourth Floor. These are most suitable for summer cottage, sitting-room, den or bedroom. Possibly no other fabric gives such a cosy, cheerful effect as the quaint colored Dutch crêtonnes. We are showing an unusually large range of these materials in curtains, bed spreads and table covers. Having purchased most advantageously, we are selling Tuesday at a mere fraction of their true worth. All materials have fast colors. The designs give a touch of dignified cheerfulness wherever used, and you should not fail to come and make your choice.
