PRESIDENT TO ASSIST AT PEACE CONFERENCE

Wilson to Sail for Europe to Attend Opening Sessions Immediately After Regular Session of Congress Begins.

Washington, Nov. 18.—President Wilson will attend the opening session of the peace conference. This was announced tonight officially. He will go immediately after the convening of the regular session of congress on December 2.

This official statement was issued at the White House.

"The president expects to sail for France immediately after the opening of the regular session of congress, for the purpose of taking part in the discussion and settlement of the main features of the treaty of peace. It is not likely that it will be possible for him to remain throughout the sessions of the formal peace conference, but his presence at the outset is necessary in order to obviate the manifest disadvantages of discussion by cable in determining the great outlines of the final treaty about which he must necessarily be consulted. He will, of course, be accompanied by delegates who will sit as the representatives of the United States throughout the conference.

"The names of the delegates will be presently announced.

At Least Month Absent. How long the president will remain abroad he himself probably cannot say now. The time for the convening of the peace conference has not yet been announced, but the general belief here is that it cannot be assembled before late in December, at the earliest. If such proves the case, the president will be absent from the country for at least a month and probably longer.

What plans the president may have for his trip abroad to attend the opening of the peace conference and to participate in the discussions among the representatives of the associated nations which will precede it, have not been revealed. He undoubtedly will be accompanied by Mrs. Wilson and it is expected that besides visiting Paris, where the peace conference probably will be held, he will go to London and possibly to Brussels and Rome.

Two New Precedents. In visiting Europe the president will establish two precedents. He will be the first chief executive of the United States to participate in a peace conference for the settling of issues growing out of a war in which this country participated, and likewise he will be the first president to leave North America during his term of office. In reaching Europe to attend the peace conference President Wilson is understood to have been largely influenced by representations from President Lloyd George of Britain and Clemenceau of France, and other statesmen of the entente countries. The principles and terms of settlements announced by the president have been accepted by both the associated nations and the central powers as the basis upon which peace is to be re-established. It is understood that it is for the working out of the application of these principles that his presence is so earnestly desired by the allied statesmen.

BRITISH HAMMER-BLOWS PROVE DECISIVE FACTORS

Paris, Nov. 18.—Marshal Foch, in the course of a speech which he delivered at a luncheon given in his honor yesterday by Field Marshal Joug at the British army headquarters, said that the hammer blows of the British were decisive factors in the final crushing defeat of the enemy. Marshal Foch afterwards received the British army commanders, whom he warmly congratulated upon the tenacity of their troops.

FRENCH LED BY PETAINE TO ENTER METZ TODAY

Paris, Nov. 18.—It is officially announced that French troops, led by General Pétain, will enter Metz tomorrow. Subsequently General Castelnau and General Mangin will follow with their armies.

Congratulatory Telegram To King Albert of Belgium

Paris, Nov. 18.—President Poincaré has sent a congratulatory telegram to King Albert of Belgium on the occasion of the approaching entry of his majesty into Brussels, and "wishing the king and queen to come to Paris. King Albert in reply, thanked the president, and assured him he would accept his invitation.

Great Northwestern Operators Get Same Wage Scale as C.P.R.

Montreal, Nov. 18.—The railway war board placed the Great Northwestern Telegraph Company's operators on the same basis as the C.P.R. operators in a wage award issued today. Increases granted the men will be dated back to September 1.

ESTIMATES PLACE WAR COST AT TWO HUNDRED BILLIONS

Washington Federal Reserve Bulletin Figures Outlay in Dollars.

INCREASING TOTALS Yearly Expenditure Mounts as Struggle Grows in Proportion.

Washington, Nov. 18.—The direct cost of the war for all belligerent nations to last May 1, was reported at about \$175,000,000,000 by the federal reserve board bulletin, issued today and it is estimated that the cost will amount to nearly \$200,000,000,000 before the end of this year. These calculations were compiled by the board from various sources and while their accuracy is not vouched for, the board believes the figures are substantially correct.

For purely military and naval purposes it is estimated that all belligerent nations had spent about \$122,000,000,000 to May 1, or about three fourths of the total war cost. The balance represented interest on debt and other indirect war expenditures.

How the cost mounted as the war grew in proportions from year to year is illustrated by tabulations showing that the mobilization and the first five months of the war in 1914 cost all belligerents about \$10,000,000,000, the expenses jumped to \$26,000,000,000 in 1915 they increased to \$38,000,000,000, and in 1917 they were estimated at \$60,000,000,000. This year expenses have run only a little above the rate last year.

About \$150,000,000,000 of the total war cost has been raised by war loans of various nations and comparatively little taxation. The public debt of the principal entente allies is calculated at approximately \$105,000,000,000 or more than twice as much as the aggregate debt of the central powers, set at \$45,000,000,000. This does not take in consideration debt incurred since last May.

The enormous size of the war costs and debts is illustrated by comparison with the ante-war debt of the seven principal belligerents which did not exceed \$25,000,000,000. The cost of supporting this debt was only about \$1,000,000,000 a year. Hereafter the annual burden to pay interest and sinking fund allowances will be not less than \$100,000,000,000 and probably much more.

LUXEMBURG TO DECIDE FORM OF GOVERNMENT

Amsterdam, Nov. 18.—A Luxembourg despatch says that the chamber today adopted a motion demanding a referendum to decide the future of the form of government.

The chamber desires that the grand duchess abstain from all governmental action pending the referendum. A motion supported by the Liberals and Socialists, demanding the abdication of the grand duchess and the establishment of a republic, was rejected.

ANTWERP CELEBRATES THIRD DAY OF FREEDOM

Antwerp, Belgium, Nov. 18.—Antwerp today is celebrating its third day of freedom from the Germans. The city is gaily bedecked with entente flags. Thousands of residents are crowding the boulevards and cheering the allied soldiers. The Germans left the city on Friday without any untoward incident and Belgian troops entered immediately.

BRITISH REACH LINE OF CHARLEROI AND HAL

London, Nov. 18.—Field Marshal Haig's report on the advance of the British troops says: "The second and fourth armies continued their march today. Our advanced troops reached the general line of Florennes, Charleroi, Senefelt and Hal."

Dutch Socialist Leader To Abstain From Force

London, Nov. 18.—A despatch to the Central News from The Hague says Pieter J. Troelstra, the Socialist leader in the Dutch Parliament, has made an announcement in parliament that he did not intend to carry out a coup d'etat or use force to execute his program.

BAFF IN NICKEL DISTRICT. Sudbury, Nov. 18.—The ban on public places, meetings, schools, churches, theatres, etc., which has been effective for a month in the nickel district, has been lifted in Sudbury and Copper Cliff. There have been over 2000 cases, with a death toll of over 200. The disease still rages in the townships, lumber camps and Indian reserves.

Table showing war costs for Toronto (\$144,946,100), Montreal (\$143,433,050), Ontario (\$329,682,950), and All Canada (\$676,000,000).

HOW DEMOBILIZATION WILL BE EFFECTED

Number of Canadian troops overseas to be returned is 236,204. Demobilization by units is considered impracticable owing to reinforcements of territorial regiments by men from other districts.

Men will be returned first whose trade classification shows there is immediate need of them in industries.

Preference will be given to married men, and the order of return will depend on the length of time they have been absent.

The return of single men will be carried out on the same basis. In order to prevent cross traveling in Canada the sorting out process will be carried out in England and France before embarkation.

Canada has been divided into twenty-one demobilization areas, and the men will be allowed to select their destination.

The rate of return to each area will be in accordance with the proportion the number desiring to return bears to the entire force.

The men will be returned in standardized drafts of 500 of all ranks and will be discharged immediately on reaching their disposal areas.

The rate of return at the beginning will be about 20,000 a month. The militia department has already classified the men into occupational groups.

All necessary work in connection with documentation and medical boards will be completed before the disembarkation in Canada, and the troops will be immediately transported to the disposal station.

GERMANY'S FLEET TO STRIKE COLORS

Surrender of Ex-Kaiser's Warships to Be Highly Impressive.

London, Nov. 18.—The Times' naval correspondent, writing on the subject of the submission of the German fleet, says:

"The surrender, in accordance with the armistice conditions, will be made to a force in which the navies of France and America, as well as our own, are represented. It is outward signs the business cannot fail to be impressive.

The appearance of the long lines of vessels to be surrendered, carrying reduced crews and no armament, the method of their transference to the allied escorts, the exchange of flags on the German ships when that happens, and the striking of the colors which have replaced the imperial ensign—the allied token of yielding—will be among the more interesting features of the manifestation.

"There is another significance which attaches to this act of submission, for it represents the non-fulfillment of one of the principal purposes for which the German navy was created—to protect Germany's sea trade and colonies.

"The war has come to an end and Germany has lost her colonies and her trade. She now loses the best part of her effective naval force, but absolutely and relatively stronger than ever."

General de Maud'Huy Made Governor of Metz

Paris, Nov. 18.—General de Maud'Huy, who is a native of Lorraine, has been appointed governor of Metz, says The Temps. General Bourgeois has been named governor of Strasbourg.

With Overwhelming Enthusiasm Canada Answers the Call to Back Her Fighting Men With Money, Money, Money and Then Some.

WONDERFUL meetings have been held in Massey Hall, but it is certain that no more enthusiastic crowd of people ever gathered in the great auditorium than that which crowded every inch of space last night to hear the returns from Canada's Victory Loan, the last and best of the Dominion's war efforts. Thousands were left outside in the drizzling rain, but with the determination that gained for Canadians the hatred of the Germans, they remained arguing with the blue coats and trying at times more forcible methods of obtaining admission to the gathering.

Opened With Prayer. Promptly at 7:45 the meeting began. E. R. Wood, the Dominion Victory Loan chairman, presiding. Prayer was offered by Major Southwood, the officer in charge of the military work of the Salvation Army. The vast audience joined reverently in the Lord's Prayer at the end. Led by the Mendelssohn Choir, under the direction of Dr. Fricker, with the 10th Regiment band providing the music, the crowd joined in the hymn "All people that on Earth do dwell." The volume swelled and echoed thru the building, carrying with it as it were the city's thanks for recent blessings.

During the opening numbers at all possible intervals the members of the canvassing teams who occupied the ground floor of the auditorium made themselves more than heard. The chairman called them to order and begged them not to make themselves objectionable. Small boys, grown up, made up the teams and what had been kept within bounds during the three

weeks' teneion was let loose last night in on grand bedlam of hilarity and excitement. Every known noise-making device was much in evidence. Bells, horns, whistles and, loudest of all, the voices of rejoicing men. A good spirit prevailed and each team not only cheered itself to the echo but cheered every other team as it made its report. Lyricos galore, following all the well-known popular tunes of the day, were sung in varied voice complimentary to team captains and district chiefs. The calls of "Poor A" or "Kiss that flag good-bye" were wafted across the auditorium and in return would be sent back such remarks as "I ain't over yet" and "We're it." The presentation of the honor flags brought a terrific amount of cheering and a great deal of ringing and whistle blowing. Plenty of confetti and paper tape was in evidence, and the sight of a staid business man, his neck hung with colored tape and a bell in one hand, standing on a seat blowing a toy whistle until his cheeks bulged would have been enough to have sent his children into gales of laughter and father's firm hand would have lost its sway.

Toronto's Triumph. One of the great moments of the evening was when the telegram was brought from Montreal. A few minutes previously the Toronto total had been added up and announced as \$14,946,100 when the entire audience gave vent to its feelings in raucous cheers. The yellow envelope was handed to E. R. Wood, who opened it cautiously and on return would be sent back such remarks as "I ain't over yet" and "We're it." He got no further. The crowd did not wait for that. The city of the St. Lawrence had rolled up the splendid total of \$143,433,050, only \$90,000 behind Toronto. They did not wait to be told further that the city which told them that again had Toronto vindicated herself; again had she responded to the call and again had she risen over all other cities and obstacles and kept her title as champion of patriotic city of the Dominion. The cheering was so great that the platform, where E. R. Wood and J. H. Gundy embraced one another heartily by all the members of the Victory Loan organization.

Let the Hun be told. That we give our gold, our bonds and Victory."

Tribute to the victors. The platform which was decorated with flags of the allies and the great honor flag of Toronto with its three horizontal stripes, was lit by the Mendelssohn Choir, the Band of the 10th Regiment, and the members of the Victory Loan executive, and a few distinguished guests. Lieut. Col. W. S. Dinnick, to whom much of the credit for the success of the last meeting is due, led off with a few remarks, and got the ball rolling. E. R. Wood, chairman of the evening, the success of the chairman of the Dominion executive, reviewed the last four and two half years briefly. He told of the two great financial crises that came to Canada, one when England said she could no longer pay cash for her war material, and must have credit, and the other when the United States entered the war, and notified Canada that she could not count on the United States as a money market, and must seek other fields. He paid tribute to Sir Thomas White for the wonderful way in which he had met these crises, and to his great ability in putting over the loan, and the assistance of the Victory Loan of 1917, and the still greater one of 1918, was briefly told, and all the history of the marvelous organization that was behind it. He gave thanks to all the helpers—individuals and concerns which had assisted in making the Victory Loan a success. It was Toronto's District Chairman, J. W. Mitchell, chairman of the Toronto district, on stepping to the platform, was greeted with a storm of cheers and yells, thru which the band ineffectually tried to make the strains of "He's a Jolly Good Fellow" heard. His co-workers were able to work on a little of their surplus enthusiasm in the ovation he received. He said of Toronto's part in the loan, and must seek other fields. Mitchell, chairman of the Toronto district, on stepping to the platform, was greeted with a storm of cheers and yells, thru which the band ineffectually tried to make the strains of "He's a Jolly Good Fellow" heard. His co-workers were able to work on a little of their surplus enthusiasm in the ovation he received. He said of Toronto's part in the loan, and must seek other fields. He paid tribute to Sir Thomas White for the wonderful way in which he had met these crises, and to his great ability in putting over the loan, and the assistance of the Victory Loan of 1917, and the still greater one of 1918, was briefly told, and all the history of the marvelous organization that was behind it. and also to make their home a land of prosperity and opportunity.

He assured the audience that the millions which had been rolled up would bring the boys home. Mr. Mitchell explained in detail the organization of the committee in Toronto, and called upon the team captain to turn in their reports for the last day's sales. Each captain as he called out his total was greeted with cheers from his particular team, who turned themselves into machines made only to emit noise, as each figure was chalked up on the large blackboard at the back of the hall. Staid business men who had been members of the canvassing teams conducted themselves like schoolboys on a picnic, blowing horns, shrieking cat-calls, and all with a view to try and drown the neighboring team, who perhaps were trying to sing a popular song.

Efforts Well Rewarded.

At the conclusion of the returns Mr. Mitchell announced that the five districts had each turned in over \$12,000,000 sales, and were all entitled to one of the honor banners donated by the governor-general. The Sir Edmund Osler banner was presented to District C, while the Sir John Eaton flag was presented to District E, who also won the E. R. Wood banner for the largest total of the campaign.

The same reception that had been accorded to previous speakers was repeated when J. H. Gundy, chairman of the special subscriptions committee for the Dominion, rose to speak.

Some people thought he said that on the special subscription committee the canvassers leaned back and let the subscriptions flow in. This was an erroneous impression for during the special subscriptions required the hardest kind of grinding from morning till night.

A voice: "We know it."

He also lauded the work of the press, who he said had given untiring support. The special subscription committee had reached the end of its list last Saturday, and they started over again. Mary Pickford, the noted Toronto motion picture actress, had journeyed all the way from New York to invest in Victory bonds to the extent of \$100,000.

The special subscription committee alone had sold \$30,000,000 worth of bonds, the objective aimed at for Toronto.

G. H. Wood, chairman of the provincial committee, told of the many obstacles which the county and provincial workers had to overcome. The campaign had started at a time when the Spanish influenza epidemic was still raging in the province. This made it hard for the provincial men, who there were no meetings to entice over the loan, and which setback would be felt more keenly by these workers than might be the case in the cities.

Ontario had made good her boast that she would subscribe half the amount for the Dominion, and for every person in the Province of Ontario, there had been sold \$181.60 worth of Victory bonds, doubling the Liberty Loan percentage in the United States.

Provinces Over Top.

E. R. Wood then read out the various provincial objectives and what each had obtained. In every case, the province had gone splendidly over the top, and hearty applause greeted each one as Mr. Wood read it out. Not, however, until the great total for the whole Dominion was reached did the applause reach its pinnacle, when the great sum of \$676,000,000 brought down the house. Canada's objective was only \$500,000,000.

"I have never been so glad to be a citizen of Ontario, and Canada, as I am tonight," said Hon. Dr. H. J. Cody, when he rose to speak. "There is a fine spirit of rivalry between the cities—a rivalry for service. The result is a triumph for organization for advertising, and for endurance. You men who have brought about this result have been ready to play the game as the boys over the top are only used in connection with great achievements."

The speaker said it was a splendid thing to have borrowed from ourselves, and remarked that it would make us stronger and freer when the fight is over.

"After the sorrow and the destruction it will be something to have had such a splendid legacy of thrift," said Dr. Cody.

"Our natural and human resources will be tried to the utmost in carrying on the world's work."

He said there were lessons to be learned, and ones not easily forgotten. He referred to the talk about reconstruction and said that Canada's reconstruction was assured as far as money was concerned, by this loan.

"These men coming back in a purer world will now have a new and a better chance," he said. "This will open a new era in a better Canada."

Free from overseas, he told tales of the ruined cities and fields—the fields that in summer were covered with frothy blowing poppies—and of the rows of little white crosses. He said he had walked along and read the names of men he knew and loved, names of gallant Canadians who with not thought of their own life to give for civilization. He said he saw the grave of his friend, John MacCrae, fronting the sea, and as he saw it the challenge of his poem came back to him:

"Ye break faith with us who die,
We shall not sleep,
The meeting with the singing
of "O Canada," "Rule, Britannia," the Doxology and the National Anthem, and the Last Post played in the distance.

Cleaned at Massey Hall.

The Employees' Organization Committee raised over nine million dollars from the working people of Toronto.

Mary Pickford sent a special emissary to Toronto on Saturday to subscribe for \$100,000 Victory bonds for her.

Great Britain, the United States, France, Belgium, Italy and Serbia were represented by six girls in costumes, who carried the flags. They were stationed on the platform and came to the front at the end of the program.

Twenty pipers, in full Highland regalia, marched around the hall to celebrate the wonderful results obtained by District D. It was too bad they won no flag after such a preparation!

Mendelssohn Choir sang "The Messiah," and "The Star-Spangled Banner," the audience remaining at attention during the entire two numbers.

"We were a little afraid for the result after the peace celebration," said W. W. Mitchell, "but our faith was doubled, her efforts as a kind of thanksgiving."

WORK COUNTY AND SUBURBS

DANFORTH

Several initiations will take place at North Riverside Camp, No. 219, Woodmen of the World, in Playter's Hall, Danforth avenue, this evening, and invitations have been extended to all other camps to take part. Roy Tanner, sovereign, will preside. There are now 50 members on the rolls.

A memorial service was held in St. Barnabas Anglican Church, Danforth avenue, for the men of the parish killed overseas. Rev. F. E. Powell, rector, who officiated, read the names of the 18 known dead of our war records on the honor roll, who enlisted during the war. The choir rendered appropriate music. There was a big attendance.

A thanksgiving patriotic service was held at the Methodist Episcopal Church, Rev. G. R. Turk, pastor, presided. The musical portion was rendered by an augmented choir. There was a large attendance.

Thirty new members were received into the Danforth branch of the Y. M. C. A. at a special service held at the home of Rev. G. H. Copeland, the pastor, at 1000 Danforth avenue, Sunday evening. George Smith, Endean avenue, secretary of the Danforth branch of the Y. M. C. A., who was seriously injured in an automobile accident a week ago, attended the service, but was unable to be present.

The new St. Barnabas Anglican Sunday school building, which is being erected at the corner of Danforth and Danforth avenues, is nearly completed, and will be opened at Christmas. The building is being erected by the Danforth branch of the Y. M. C. A. All sections of church activities will be provided for in the new building. The main hall will accommodate 100 people. All steel work in connection with the building is now being completed. The contractor, and workmen are busy erecting the steel deck. It is expected that the big undertaking will be completely completed by the end of the week.

EARLS COURT

About one hundred and fifty depositors in the Muskoka Wood and Lumber Company attended a meeting in the Dominion Bank building, corner Dufferin street and St. Clair avenue, yesterday. They had the choice of either accepting back their deposits, after the liquidation of the company have been straightened out, or to take a consignment of wood at an increased price. Several cardinals of deals have been shunted to railway sidings for future delivery, and work is proceeding at Southwood for a further supply. Most of the depositors preferred to wait for the work.

Earls Court stores are being decorated for the Christmas trade. The recently erected new stores have fine plate glass fronts, and when the bylaw is rescinded permitting the burning of lights outside the stores West St. Clair avenue will be an attractive thoroughfare. Citizens are sending large quantities of Christmas presents to Earls Court soldier boys overseas.

Both St. Chad's, North Dufferin street, and the Earls Court Central Methodist church were crowded with worshippers on Sunday night, and many had to stand outside. Church work in this section has increased, and the attendance generally has been better than for some time. There is to be a large Santa Claus for taking on the year, and all citizens are urged to be ready for the occasion. The Christmas season is to be made the occasion of the greatest of the year. The soldier dependents will be looked after, as well as their families.

Strong feeling is being expressed by the Earls Court Great War Veterans because of the proposed removal of the monument to a drafter who walked across in front of a funeral procession yesterday. The monument is to be moved to the rear of the church. The occasion was the funeral of the late Mr. J. M. Sergt. George Walker, late of the 10th Battalion, who died of pneumonia. The incident occurred on Queen street. Military rules are being strictly enforced, and the funeral procession is passing through the streets in a dignified manner. Many beautiful wreaths were sent, including one from Commissioner Bradshaw. Walker was employed at the city hall.

"Feelings in the northwest district are being laid to rest, according to the assessment of the court. The court is very optimistic, citizens believe that the government has the situation well in hand and that work is forthcoming to take the place of closed factories which are soon to be reopened.

Under the auspices of the Riverdale Methodist Church Epworth League, a patriotic shower was held last evening in the Epworth hall, presided over by Gerard and Leslie streets. Rev. Dr. J. A. Long, pastor, presided, and a program of vocal and instrumental music was rendered by local artists. The proceeds will be used for the purchase of Christmas boxes for the boys of the Indian seas. Frank Smith is president of the league.

St. Matthew's Anglican Church Sunday School, First avenue, in co-operation with the Epworth League, is holding a movement, has purchased Victory bonds to the amount of \$400, which will be distributed to the children of the Epworth League and Eskimo work. Rev. Dr. Seager is in charge of the church.

Speaking of the past the church should take in the reconstruction period after the war. The Rev. Graham, pastor of the First Avenue Baptist Church, said: "The church must be the accompaniment of a new era. All graft and crushing of men by corporations must be denounced, and justice done to the small man and labor. Even in the days of the war men here in Canada indulged in graft, and the public mind is now turning to the small man and labor. The taxpayers do not pay taxes to contribute to the support of Catholic huts," said Dr. Graham, who added that in the evangelistic and social work of the church, the small man and labor should be big in order to appeal to the heroic.

Riverdale Patriotic League members are busy preparing for the Christmas season. Broadway Y.M.C.A. Annex, Broadview street, is preparing for the Christmas season. Major J. G. Starr is the acting assistant provost marshal of the military police in Toronto.

Hurrah! Hurrah! For Dear Old Santa Claus

HE IS—yes, he actually IS in Toyland—and if you will come between the hours written in large letters above you may see him any day. This year he seems more jolly than ever, because the war is at an end, and he is delighted, as usual, to see all the little boys and girls.

As for Toyland, it is just brimful of attractions and wonderful things to see. To begin with, all along one wall there are pictures of the funniest and jolliest of performing animals—the musical lion, the balancing elephant, boxing kangaroos, monkeys that are just full of funny tricks.

Along another wall is the scenic railway, with little electric trains running between mountains and by cascades and rivers, just like real trains. And there are side shows galore, while the toys are just too wonderful for words.

Toyland is now on the Main Floor, Furniture Building, corner James and Albert Streets.

GERMANY STRIPPED OF BEST WARSHIPS

Practically All of Battle Cruisers Taken by Allies.

Washington, Nov. 18.—There was no announcement here today regarding the delivery of the fleet of battleships, battle cruisers and light cruisers which Germany was required under the terms of the armistice to surrender today to the associated nations. Nor was there any information as to the names of the ports at which the vessels were to be interned.

Publication of the names of the battleships and cruisers which were designated by the associated governments for delivery reveals that Germany is stripped of at least half of the fleet of dreadnoughts which it had in commission or building when the war broke out, and of practically all of its battle cruisers.

The dreadnoughts Kronprinz Wilhelm, Grosser Kurfurst, Mark Graf and König are of the same type, each 550 feet long and of 26,000 tons. They were designed for a speed of 23 knots, and had just been completed when the war opened. They were armed with ten 12-inch and fourteen 5.9-inch guns.

The Prince Regent Luitpold, König Albert, Kaiserin, Kaiser and Friedrich der Grosse were completed in 1913, and are 545 feet long with a speed of 21 knots and of 24,000 tons. They also carry ten 12-inch guns each and fourteen 5.9-inch rifles.

Available naval records here do not show a battleship Bayern, but it is regarded as possible that this is one of the three never-dreadnoughts completed since the war started. These were authorized in 1913 and 1914, and were to have been of 23,000 tons displacement, with eight 15-inch rifles each.

Besides the craft delivered, Germany had four older dreadnoughts, but these were disarmed and laid up in German ports, however.

POPE TO PONTIFICATE ON SIGNING OF PEACE

Rome, Nov. 18.—Cardinal Gasparri, papal secretary of state, has invited the cardinals throughout the world and the patriarchs to meet in Rome for a great religious ceremony in St. Peter's on the day of the signing of peace. Pope Benedict will pontificate.

WELDON ON BIGAMY CHARGE

Windsor, Nov. 18.—Mrs. Hazel Collins, thirty-six years old, who is said to have a husband in London, was taken into custody here this afternoon and sent to London, where a bigamy charge is pending against her. The woman was apprehended as she was about to board a ferry boat for Detroit with a returned soldier.

INDIANAPOLIS PEOPLE MUST WEAR MASKS

Indianapolis, Ind., Nov. 18.—Everybody in Indianapolis must go about their business tomorrow wearing a mask, under orders of the city health authorities made today, because influenza again is increasing rapidly in the city. While outdoor or in his own home, a resident of the city need not wear the mask. Any business house or theatre admitting a person without a mask will be ordered closed. Schools were ordered closed today.

WIRELESS RESTORED AT SEA

New York, Nov. 18.—The regular commercial traffic by wireless between United States merchant vessels and American naval radio shore stations has been resumed, it was announced here today by the naval communication service.

MUCH GRAIN AVAILABLE FOR EUROPE'S WANTS

United States Has Far Greater Quantity on Hand Than Last Year.

Washington, Nov. 18.—Supplies of grain held in elevators which will be available to meet the needs of this country as well as to aid Europe are far greater than they were a year ago. Director-General McArdoo today made public a report from the operating division of the railroad administration, showing that on Nov. 9 there was on hand in the primary elevators 11,041,000 bushels of grain, as compared with 17,356,000 bushels on same day in 1917.

The battle cruiser Moltke, a sister ship of the Goeben, was completed in 1912, and soon afterwards visited this country as the flagship of a fleet which President Taft reviewed at Hampton Roads. She then was regarded as one of the finest battle cruisers afloat, being 510 feet long, of 22,600 tons displacement, and 25.5 knots speed. She had ten 11-inch rifles in her main battery.

AMERICAN HOSPITALS TO STAY IN ENGLAND

London, Nov. 18.—The plans for clearing England of American troops are incomplete, but it is desired to remove these men immediately as some shipping is available for this purpose. Most of the 18,000 men to return home are helping the British air force.

ROY BROWN DECORATED

Brantford, Nov. 18.—Friends of Lieut. Roy Brown have received the intimation that he has been decorated with the Military Cross. He is a well-known local sportsman, being treasurer of the Brantford baseball team in the Canadian League.

MORMON CHURCH'S HEAD LIES CRITICALLY ILL

Salt Lake City, Utah, Nov. 18.—Joseph F. Smith, president of the Church of Jesus Christ of Latter Day Saints (Mormon), is critically ill here and not much hope is held out for his recovery. He suffered a paralytic stroke last April and since has been confined to his home, with the exception of the occasion of the semi-annual conference of the church here last month, when he addressed the members briefly. He is 80 years old.

INDUSTRIAL WORKERS RELEASED ON PAROLE

Seattle, Wash., Nov. 18.—Orders for the release of eleven of twenty-three alleged members of the Industrial Workers of the World, arrested here last August, were received today. They are to be paroled on good behavior. The men were arrested after the discovery of an alleged attempt to organize a strike of northwest mine and lumber workers in an effort to compel the release of Industrial Workers convicted at Chicago.

Lords Negative Motion For Investigation Into Honors

London, Nov. 18.—The house of lords negatived the motion last night, calling for a committee of the privy council to investigate the question of conferring of honors. The Marquis of Salisbury said the debate only showed how difficult was the path of the reformer. The Marquis of Lansdowne and others refused to believe there had been anything like corruption.

CONGRESS ARRANGES TO ADJOURN THURSDAY

Party Leaders Take Steps to Avoid Running Into Next Session.

Washington, Nov. 18.—Adjournment of the present session of congress next Thursday was arranged today by Democrat and Republican leaders of the senate and house. This will enable members to secure travel mileage allowances and also will prevent the present session, which began last December 3, from merging with the third and final session of this, the sixty-fifth congress, which will open Dec. 2.

Ending of the present session Thursday was agreed upon after the senate finance committee had decided that it could not report the revised six billion dollar revenue bill before the date for the beginning of the new session. With disposition by the senate today of the war-time prohibition bill, which goes to the president Thursday after the formal signature by Vice-President Marshall and Speaker Clark, the most pressing business of the session was completed.

Moses Sworn in as Senator, After Short Debate in House

Washington, Nov. 18.—George H. Moses of New Hampshire, was sworn in as a member of the senate today after a sharp debate in which Chairman Pomeroy, of the committee on privileges and elections attempted to defer the action pending investigation by the committee of charges of irregularity in the New Hampshire election on Nov. 5.

BRANTFORD HAS MADE A GREAT SHOWING

Brantford, Nov. 18.—That figures of the great showing made by the workers in the Victory Loan campaign will not be complete and accurate for publication until tomorrow was announced by Mr. A. K. Bunnell today. The aggregate will, according to conservative estimates, reach \$4,000,000 which is \$400,000 more than the objective of \$3,600,000 set by the Toronto headquarters for this district, Brantford and Brant. Every township, as well as Brantford City and Paris Town won their honor flag with the exception of two, Oakland and Onondaga. Last year Onondaga topped the list, and the falling off this year was more or less expected. One of the last minute surprises was a subscription of \$25,000 from the Pratt and Letworth firm.

NORTHERN ONTARIO DOES WELL

Parry Sound, Nov. 18.—Without heat of drum or fust of flag raising, Parry Sound Town and district have passed their objective in the Victory Loan canvass. The first objective of \$750,000 for the district was reached on the 13th inst., and the returns to date show that \$1,150,000 has been subscribed for. Parry Sound Town passed its objective of \$225,000 last week. The total subscriptions will reach \$800,000, and the number of subscribers for the district, including the town, will reach 3,500, or one in every five of the population.

BORDEN AND PARTY ARRIVE IN LONDON

Lloyd George Meets Canadian Premier on Leaving Train.

London, Nov. 18.—Sir Robert Borden, premier of Canada, reached London today to attend the peace conference. He was met by a distinguished gathering, including Premier Lloyd George and Colonel Claude Willoughby, representing the King. The guard of honor of the 17th Canadian Reserve Regiment was drawn up on the platform.

Sir Robert started off with Lloyd George amid enthusiastic cheers from large crowds. Ready for Trip. Sir Robert, interviewed by The Morning Post, stated that since his return to the Dominion he had been in constant communication with Lloyd George, who warned him several weeks ago to be prepared to start for Europe.

GALT WELL OVER THE TOP

Galt, Nov. 18.—South Waterloo's contribution to the Victory Loan was \$2,836,100. It was officially announced this afternoon, with returns complete. This is \$186,000 better than the last objective which was increased \$200,000 after the campaign started. Galt's contribution was a feature of the campaign in the district, this city subscribing \$1,930,000, which was \$670,000 over objective.

EXCEEDS QUOTA BY \$250,000

Windsor, Nov. 18.—A \$500,000 subscription to the Canadian Victory Loan by the People's State Bank of Detroit, received today, put Essex County's total in the drive, now closed at \$9,500,000, two and a half millions over its quota.

TUESDAY MORNING, NOVEMBER 19

The Victory Loan

Canada at home has done something worthy of Canada in Flanders. Hon. Dr. Coody yesterday said that the Canadian army had never failed to reach any objective given it, and never lost any position they were expected to hold.

In the great Victory Loan objective of the last three weeks, Canada has more than doubled its original objective and made a record for itself which will stand in all the histories of the world. Our financial magnates have done themselves proud, but the people in general have been true to their men in the field and have nobly supported the cause for which they have fought and so valiantly conquered. Toronto has just surpassed her big eastern neighbor, Montreal, and may be pardoned a little satisfaction over the fact. Ontario has more than doubled in her contributions the original sum set for the loan.

Sir Thomas White has a right to be proud of the magnificent result which his financial genius has inspired.

Nickelites!

Did you ever see a moth dashing about a flame?

The Globe's mysterious references, occasion after occasion, to German sets in Canada ought to be explained. For instance, yesterday it tells about Count Alvo von Alvensleben's ramifications in British Columbia and elsewhere in Canada, and suggests that this agent of the Kaiser may have other Canadian possessions which should have been seized, and held against the day of settlement—as were hundreds of millions of dollars of property and securities in the States, which were seized by the custodian of alien enemy property. Is the Globe hinting at Canadian nickel properties? Has it ever gone to Washington to find out about them? Lord Reading might tell the Globe something. Any way President Wilson has some interesting information, and Lord Sydenham in England has something he wants to tell.

Keeping Up Wages

In an able review of the economic situation that confronts the United States, Mr. Frank A. Vanderlip, president of the National City Bank of New York, points out that the prices for food and clothing are not likely to fall for another year at least. Europe is suffering for the necessities of life, and this demand will keep up the price of those necessities on this side of the ocean. That being the case, he argues, we cannot expect the wage earners of the country to tamely submit to a reduction in wages. Indeed Samuel Gompers, president of the American Federation of Labor, has notified capital that the working men of the country will not return to longer hours or lower wages after the war.

On the other hand Mr. Vanderlip points out that a large amount of private capital will not embark upon construction work until prices, including wages, go to a lower level. And the situation is complicated by the slowing down and closing down of munition factories and the return of the soldiers to peaceful avocations.

What is true of the United States is true of Canada. And perhaps we should apply much the same remedy. That remedy, in Mr. Vanderlip's opinion, must be largely sought from the governmental agencies of the country. He believes that the federal government should at once embark upon a big program of railway construction and replacement; that the states and counties should spend money generously in the construction of highways; and that the municipalities should hasten to find employment for labor by going ahead with those improvements and utilities which have been postponed on account of the war.

Eventually with the re-establishment of the gold standard it is quite likely that prices and labor will go to a lower level nominally. That is, the purchasing power of the dollar will be increased. What the wage earner fears, and perhaps justly fears, is that his wages may be reduced not only nominally, but actually; that he may receive a lower wage while the cost of living remains as high as ever.

General unemployment might bring about a competition which would lower wages; but it would breed a discontent that would have to be reckoned with. The government should not squander money in useless enterprises; but it should strain its resources to the utmost to prevent unemployment or well-grounded discontent among those who toil.

The Two Germanys

It would be rather much of a miracle if all the Germans changed their natures and their policies and shed their kultur on the granting of an

armistice. There is quite enough of the old Adam, if the Teuton really traces back on that line of descent, in the German people to justify the expectation of attempts to steal the results of the victory they lost at war by the craft which they used in former times of peace. It is therefore no surprise to hear that their emissaries are busy in Mexico and the United States striving to stir up trouble.

It would be unjust to accuse the present German Government of such duplicity. They appear to be making a bona fide attempt to carry out the terms of the peace, not because they wish to, but simply because they know they are powerless to do otherwise. "We must loyally carry out the terms of the armistice if we want to have peace," is the statement of President Ebert.

But all those who represent the pan-German, Junker, Hohenzollern and militarist party may be depended upon to make trouble if they can. The close of the war has reduced them to temporary impotence, however, and it should be the aim of the allies to render such impotence perpetual.

Some German ladies are appealing to the United States to moderate the terms because they mean "unspeakable disaster" to Germany. The ladies who spat in British prisoners' faces and defiled the water given them to drink should have thought more of unspeakable disaster in 1914. But Germany has already met her disaster, and if she will make up her mind to adopt civilized ways and standards and discard her diabolical kultur, she will come up thru the valley of humiliation with renewed strength.

In any case she is powerless. The allied troops hold all the military advantages and could dominate the central empire regions at any point. They also hold the advantage of the blockade on supplies.

But the allies have no desire to use either advantage against the Germans if the terms agreed upon are faithfully observed and a genuine and just peace agreed to.

At the present time there is sitting a great inter-allied food council whose work it is to apportion the food supplies of the world to the nations, not according to their wealth or deserts, but according to their need. If Germany fails to co-operate with such a Christian spirit as this she may meet serious trials yet.

BITTER THOUGHTS

THE EXILE: There iss a man dot I haf no use for.

will never have a real chance until proportional representation sets it free.

The Kaiser, a Lost Soul

The Kaiser is a greatly fallen figure and more and more does it look as if he will have to undergo trial on the charges made against him of cruel and un-international methods in warfare. No one ever expected that he could be got out of Germany; but he ran away from it; and any country in whose bounds he may find himself is likely to be more than willing to give him up for trial. He can never live anywhere in freedom or in any respect to the spirit of the peace as in war. He is not condemned to death he will have to be kept in some stronghold or distant island by the joint action of the allies. There are Belgians, Britishers, Frenchmen, Americans, who will hunt him to the death, if he is free to go followed. He is the lost soul of this war.

Lloyd George and the British Elections

Lloyd George is a past master in electioneering. He is putting all his energies and resources into carrying the British voters with him. He wants a sweeping majority, even if only for the time being. Everything he does these days is for the elections; the peace conference must wait. He is glad to see Sir Robert Borden in England, in the midst of the electoral struggle. He is a big card, and will be put in the processions.

Lloyd George also has need of Lord Reading; the noble lord says he has tried five times to start for the United States. Lord Reading may be one of the danger points in the election; according to some of the best informed journals of London an explosion threatens in the matter of German intrigue in England, and at the beginning of the war began, and that it is necessary to have the chief justice sitting on the lid. The way that Lloyd George keeps calling for Borden and Isaacs is wonderful.

Lord Beaverbrook was found to be too heavy to carry the cabinet, and so he was let out of the cabinet because he needs must undergo a serious operation. Once out of office, the operation has been a great success, and Max is getting better rapidly. But he is out of the cabinet for the time being, and it is reported that the embargo was placed during the "flu" epidemic, but now that this is cleared, goods in the east are still being held up.

BAN IN AMHERSTBURG.

Windsor, Nov. 18.—A telephone message from Amherstburg this evening stated that owing to the spread of influenza there, Mayor Park has ordered the closing of the schools, churches and the cessation of picnicking. More than three hundred cases are reported in the town.

Political Notes

Hon. Robert Rogers is calling in his paper, The Winnipeg Telegram, for the government to repeal the orders-in-council that put our papers under censorship, and to cut out, now that the war is over, government by order-in-council. Back to parliamentary rule is the cry.

A news despatch from Winnipeg says Hon. Arthur Meighen, minister of the interior, is mentioned as general counsel for the G. E. R. He went to England to open up negotiations with the Grand Trunk for its purchase by the Borden Government. What does it mean?

And the same despatch says that in all the Canadian western provinces insistent demands are being made for a convention to instruct the western members on questions of policy, since they were merely pledged to win-the-war work.

Ottawa is full of political rumors, and it would seem as if the Unionist ministers had decided to take to the water and come out straight for a Unionist party and to organize the Dominion on that line, as against the threatened re-creation of an old Conservative party and the consolidation of the Liberals.

How Sir Robert Borden can remain in London for four months, away from Ottawa, with so much political ferment there, is hard to explain except in the lines of a rumor that surprising changes in the political situation are under way.

The ministers at Ottawa are all as busy as bees in framing up reconstruction and demobilization work.

TODAY'S POEM

THE CITY OF THE DEAD,
By Robert Todd,
Into a little churchyard
I chanced one day to stray,
And there among the tombstones
Some children were at play.
With shouts and joyous laughter,
They trod the graves they fled!
These happy little children
In the City of the Dead.

I think the ones that sleep there,
Beneath those heaped-up mounds,
Would surely would they but see them,
And hear the gleeful sounds,
I know, when my friends lay me
To rest in my earth-bed,
I'll welcome children's voices
In the City of the Dead,
Toronto, Canada.

A Line of Cheer

Each Day of the Year
By John Kendrick Bangs
A CORRECTION.
"Man's love is of man's life a thing apart!"
So spoke the pessimistic poet's heart,
That never in its stormy passions knew
A moment of the love that ringeth true.
For love that's true from nothing stands aloof;
In all of life 'tis sure, 'gainst trial proof,
And bathes with shafts of light the darkest way.

Industrial Co-operation

To Work Out Peace Problems
New York, Nov. 18.—Urging joint action between wage earners and employers for the spirit of patriotic industrial co-operation for the working out of the reconstruction post-war problems, so that the United States will be in a position to meet every present and future need here and abroad.

GOOD JOB VACANT.

Ottawa, Nov. 18.—The position of superintendent of penitentiaries, created by legislation passed at the last session of parliament, is shortly to be filled. The civil service commission gives notice that it is prepared to receive applications from aspirants for the post during the month of November.

SEEK TO LIFT EMBARGO.

Chatham, Nov. 18.—The Chatham Board of Trade has inaugurated a move to get the Grand Trunk Railway to lift the embargo on goods coming to the city from the east. It is reported that the embargo was placed during the "flu" epidemic, but now that this is cleared, goods in the east are still being held up.

FINANCES OF AUSTRIA

IN PRECARIOUS STATE
Vienna, Nov. 18.—Dr. von Steinwender, finance minister in the new German-Austrian cabinet, in a statement in the Viennese press today, described the financial situation in German-Austria as being grave. With economy and the creation of new sources of revenue, however, he said, the difficulties could be surmounted. The new states, said the minister, would have to share the national debt. He added that the holders of war loans need not be uneasy. He declared the state council intended to demand credit to the amount of two billion crowns and that a new loan of a billion crowns would be issued.

DIED OF FLU IN ENGLAND

St. Thomas, Nov. 18.—W. W. Anthony of this city has been notified that his son Pte. Leslie C. Anthony had died of influenza. Pte. Anthony prior to enlisting in 1916, was an employe of the Merchants' Bank. He was wounded in France in 1917 and after recovering was attached to the Canadian Postoffice in London, England. Later he was on the staff at Bramshott Camp, where he contracted the flu. He was 26 years of age.

U.S. WAR WORK FUND.

New York, Nov. 18.—The definite report that of total subscriptions to the united war work campaign will not be available until tomorrow, national headquarters announced tonight that the aggregate had gone far beyond the \$125,000,000 that had been pledged up to Saturday night.

CASCADIA ON FIRE; ALL HANDS ARE SAVED

Montreal, Nov. 18.—The Marconi Wireless Telegraph Company received word this afternoon from its St. John's, Nfld., agent that the British steamer Cascadia, reported in distress last night had been abandoned and set on fire. All hands have been saved and are now on board the British steamer Belleophon, the agent reported.

It was also reported that the ship might float for some time. Her position is 48.40 north and 65.55 west. The Cascadia sailed between Halifax and St. John's, Nfld.

Had Only One Passenger.
Boston, Nov. 18.—The steamer Cascadia sailed from this city for St. John's, Nfld., November 9, with passengers and a large cargo. She touched at Halifax, where some of the cargo and all but one of the passengers are believed to have been landed, and resumed her voyage to St. John's, Friday, after being delayed a day by bad weather. The steamer had only recently been put in service by the Nova Scotia Steamships, Limited.

GOVERNMENT CONTROL OF ALL OCEAN CABLES

President Wilson Orders Departure in Proclamation Just Issued at Washington.
Washington, Nov. 18.—Government control and operation of all ocean cable lines owned in America, under Postmaster-General Burleson, is ordered by President Wilson in a proclamation dated Nov. 2, which has just been made public thru publication in the government's official bulletin. Officials at the postoffice department refused to discuss the proclamation today or to say whether any steps actually had been taken toward putting government operation into effect.

New York, Nov. 18.—Action of the postoffice department in taking over control of ocean cable lines was declared to be "apparently preliminary to government ownership" in a supplementary statement tonight by Clarence H. Mackay, president of the Commercial Cable Company and allied corporations.

Mackay said that the very vastness of the cable system, as a project for federal management, "is staggering," and asked what the government was going to do with many thousands of miles of undersea lines controlled by American companies and extending to numerous foreign countries on the Atlantic, Pacific and Indian Oceans.

SALMON CANNERS ASK FOR AN INVESTIGATION

Vancouver, B.C., Nov. 18.—Salmon canners of British Columbia are making strenuous efforts to have a fully authorized representative of the federal board sent here to investigate a state of affairs alleged to exist on account of the requisitioning of the salmon packers which it contended is not only deplorable with regard to the present pack, but inimical to the prospects of the industry in the future.

It is declared that in spite of the claims that the salmon of British Columbia needed for the civilian population of the world, the pack was commandeered, only four per cent of the commandeered salmon has been shipped while the remainder, valued at nearly eight million dollars, is still here. It is stated further that on account of the manner in which the authorities have handled the requisitioning of the pack, the cost of what was actually required, the cost of the pack has been unnecessarily increased.

PRINCE GUNTHER READY TO ABDICATE THRONE

Basle, Switzerland, Nov. 18.—Prince Gunther of Schwarzburg-Rudolstadt, a princely of Germany, at the demand of the diet, has declared his readiness to abdicate, according to a despatch from Rudolstadt.

Prince Gunther was born August 21, 1852, and succeeded to the throne of Schwarzburg-Rudolstadt, January 19, 1909. The reigning prince is also reigning prince of Schwarzburg-Sondershausen.

The principality of Schwarzburg-Rudolstadt has an area of 363 square miles and has a population of about 100,000. The country is mountainous, the Thuringian Forest rising to a height of about 2,850 feet.

HOLLAND SUCCESSFUL IN PRESERVING ORDER

New York, Nov. 18.—Means taken by the Netherlands Government to preserve order in Holland have been entirely successful, and the people of the country have proven their loyalty and patriotism in the present situation. W. H. Debeaufort, charge d'affaires of the Dutch legation, was officially informed by cable today.

Debeaufort is in New York for a conference with representatives of Holland steamship lines and other business interests, and he added that in view of the information contained in the cablegram, supporting earlier reports carried by the press, he considered the situation encouraging.

VICTORIA CROSS WON BY FOUR CANADIANS

Colonel of Manitoba Regiment Directed Tanks Under Intense Fire.
QUEBEC MAN'S BRAVERY Sergeant of Alberta Battalion Fought Machine-Gun Crew Single-Handed.
London, Nov. 18.—In its issue of Saturday, the London Gazette records the awarding of fifteen new Victoria Crosses, of which four went to Canadians. The splendid exploits of the latter are thus officially described.

Lieut. Cyril Wesley Fyfe, M.C., of a Manitoba regiment, for most conspicuous bravery and skillful leadership when in attack under intense fire. His command quickly captured its first objective, but in progressing to further objectives, was held up by enemy machine-gun fire on his right flank. The situation being extremely difficult, Lieut. Fyfe pushed forward and made a personal reconnaissance under heavy machine-gun fire across the front of his battalion, which was swept with fire. Having reconnoitered the position, he returned and reorganized his battalion, and acting upon knowledge personally gained, pushed them forward and arranged the protection of his flank. He then went out under the most intense artillery and machine-gun fire, intercepted the enemy and gave them necessary directions, pointing out where they were to make their stand. He was made for a Canadian infantry battalion to push forward. To this battalion he subsequently gave the requisite support by leading his own company of tanks, and continued to lead always under heavy machine-gun and artillery fire, and contributed largely to the success of a brigade attack.

The Victoria Cross was awarded to Lieut. Charles Smith Rutherford, M.C., M.M., of Quebec, a Quebec regiment, for the most conspicuous bravery, initiative and devotion to duty. When in command of an assaulting party, Lieut. Rutherford found himself a considerable distance from the front line, and at the moment observed a fully armed and strong army party outside a pill box armed with a machine gun. He beckoned them to his revolver to come to him, and returned they waved to him to come to them. He boldly did this and informed them of the position, and they, an enemy officer disputed this fact and invited Lieut. Rutherford to enter the pill box, which invitation he discreetly refused. He then, masterfully, however, he persuaded the enemy that they were surrounded and the whole party numbering 45, including two officers, surrendered. Lieut. Rutherford subsequently induced the enemy officer to stop the fire of a machine gun which was directed at his position. He then observed on the right an assaulting party that was being held up by heavy machine gun fire from another pill box. Indicating an objective to the remainder of his party he attacked the pill box with a Lewis gun, and captured a further 35 prisoners with machine guns, thus enabling the party to advance. This officer held a gallant action, and contributed very materially to the capture of the main objective and was a wonderful inspiration to all ranks in pressing home the attack on a very strong position.

Fought Single-Handed.
Acting Sergeant Arthur George Knight, late of an Albertan regiment, was awarded the Victoria Cross for the most conspicuous bravery, initiative and devotion to duty when after an unsuccessful attack, Knight led a bombing section forward under very heavy fire of all descriptions and engaged the enemy in close quarters. Seeing that his party continued to be held up, he dashed forward alone, bayoneting several enemy machine gunners and trench mortars, and forcing the remainder to retire in confusion. He then brought forward a remaining enemy machine gun, and directed fire upon the retreating enemy, inflicting many casualties. Sergeant Knight in the subsequent advance of his platoon in pursuit saw a party of about 30 enemy men in a deep trench, which led off the trench. He again dashed forward alone and having killed an officer and two non-commissioned officers, he captured twenty of other ranks. Subsequently he routed single-handed another enemy party which opposed the advance of his platoon. On one occasion he displayed the greatest valor under fire at very close range and by the example of his courage, gallantry and initiative, his section was able to attack to all. This very gallant non-commissioned officer was subsequently fatally wounded.

GOVERNMENT CONTROL OF ALL OCEAN CABLES

President Wilson Orders Departure in Proclamation Just Issued at Washington.
Washington, Nov. 18.—Government control and operation of all ocean cable lines owned in America, under Postmaster-General Burleson, is ordered by President Wilson in a proclamation dated Nov. 2, which has just been made public thru publication in the government's official bulletin. Officials at the postoffice department refused to discuss the proclamation today or to say whether any steps actually had been taken toward putting government operation into effect.

New York, Nov. 18.—Action of the postoffice department in taking over control of ocean cable lines was declared to be "apparently preliminary to government ownership" in a supplementary statement tonight by Clarence H. Mackay, president of the Commercial Cable Company and allied corporations.

Mackay said that the very vastness of the cable system, as a project for federal management, "is staggering," and asked what the government was going to do with many thousands of miles of undersea lines controlled by American companies and extending to numerous foreign countries on the Atlantic, Pacific and Indian Oceans.

"EXPERIENCE" AT THE ROYAL

"Experience" is without doubt one of the greatest dramatic spectacles ever produced before the public, and the return visit at the Royal Alexandra last night opened with a display of interest from the immense audience that testified to the unending interest of the piece.

MUTT AND JEFF PLEASE.

Followers of that funny pair, Mut and Jeff, of Bud Fleher's cartoon fame, crowded into the Grand Opera House last evening to witness the musical comedy entitled "Mutt and Jeff in the Woolly West."

GOOD SHOW AT THE HIPPO.

Quite the best musical offering that local vaudeville has had for some time is the charming number by seven little singers at the Hippodrome.

"ORDEAL OF ROSETTA."

Touching and beautiful is the film drama, "The Ordeal of Rosetta," featuring Alice Brady, which was filmed yesterday at Loew's Theatre and runs for the week.

AT SHEA'S THEATRE.

How is it done? Is the question that she asks herself as Shea's matinee performer yesterday, when a modern Tribby apparently under the control of a modern Sengalis, sang and played some fifty or so different roles.

FUN AT THE STAR.

In presenting his latest offering Max Spiegel can be said to have excelled himself. The production, which is running under the name of "The Social Follies," is playing at the Star Theatre.

"RUGGLES OF RED GAP."

There could have been no better actor selected to portray the part of Ruggles than Taylor Holmes, who is appearing at the Regent Theatre this week.

ALLIES SUSPECT FRAUD IN GERMAN UPRISING

London, Nov. 18.—Lord Robert Cecil, assistant secretary for foreign affairs, when asked the status of the Kaiser in Holland, said: "The Kaiser entered Holland as an unarmed German citizen and is entitled to remain as long as he does not do any harm. At least, that is the Dutch Government's opinion."

FEW BRITISH SOLDIERS LOST AT SEA IN WAR

London, Nov. 17.—During the war the British Admiralty Transport Service conveyed by sea 22,000,000 soldiers, with the loss at sea of only 431. More than 120,000,000 tons of naval and military stores and more than 2,000,000 animals were transported.

MEDS DEFEATED BY ST. MICHAEL'S SQUAD

Field Goal in Final Quarter Saved Doctors From Shut-Out.

St. Michael's played a Mulock Cup fixture with Meds yesterday and turned in a 11 to 3 victory after an interesting battle. St. Michael's line had something on their opponents and this made the difference.

At half-time the Saints were leading 6 to 0, and it was not until ten minutes before the full time whistle blew that Meds got their three points. Ireland kicked a beautiful field goal from thirty yards out in the last quarter. It saved Meds from a shut-out.

Dillon was the bright shining light of the winner's line. He did some grand plunging. The whole Irish line worked like trojans and they had a lot of work to their work. Fournier was the best of the St. Michael's halves. His booting was telling, and he pulled off some good runs after some catching.

St. Michael's were the best outfit out, but Meds should show improvement the next time out.

The teams:

St. Michael's (11): Flying wing, O'Brien; halves, Hogan, Fournier, Dunn; quarter, Benner; scrum, McHenry, McNab, Hagarty; insides, Bart, McCree; middles, Monague, Dillon; outsides, Sheehy, Curtis.

Meds (3): Flying wing, Urahart; halves, Garrow, Ireland, Shier; quarter, Devitt; scrum, Fallon, Martin; punters, Sayers, Gault, Luke; middles, Haynes; teams; outsides, Burns, Blatz. Referee—Gene Lockhart.

Central Y. seniors practice tonight at 7 in the gym. The Capital 125-1b team practice tomorrow night at 6.45 at Ramsden Park.

Many onlookers were mistaken in believing that it was Fearman of the Beaches who started the fight in the Central game. Gene Gauding of the Y. believed it was Fearman when as a matter of fact, Fearman was 30 yards away and could not have started the fight.

The following Arlington players are requested to be in uniform for practice tonight at Moss Park at 7 o'clock: LaTour, Cotton, Gehring, Bird, Harrington, Gold, Boland, Martin, Plinkie, Platus, Wagman, Madoff, H. Bacon, S. Bacon, Tew, Weir, Ginnar, Bailey, Milan, Levy, Dunlop, Bonomo, Greenbaum, Patterson, Saitens, Goodman, Simon, Brown and any others not mentioned.

St. Andrew's and Upper Canada play their return game tomorrow (Wednesday) at U.C.C., starting at 2.30. S.A.C. won the first 13 to 0. St. Andrew's expect to play at Fort Hope or St. Catharines next Saturday.

PORKEY FLYNN LASTS ONE ROUND WITH JACK

Philadelphia, Nov. 18.—Jack Dempsey, the heavyweight boxer, knocked out Porkey Flynn of Boston, in the first round of a scheduled six-round bout here tonight. Dempsey was master of the situation from the beginning, and with a series of right and left jabs to the body and head put his opponent through the ropes. A moment later he sent him down for the count with a left hook to the jaw. The round lasted two minutes and sixteen seconds.

Play Indoor Golf At Granite Rink

Work has commenced on the indoor golf course in the big rink at the Granite Club. The Church street members will endeavor to keep in golf form during the winter months. The rink will be located in the gallery at the west end. The courses will be 50 feet in length and 12 feet wide and constructed in such a manner as not to interfere with the game of curling during the winter. Bankers will be arranged on the sides of each of the three courses and an opportunity for the use of all the different clubs will be appreciated by golf enthusiasts. It is expected play will commence about Dec. 1.

Two Ring Battles for Championship of Egypt

London, Nov. 18.—With many English troops in Egypt being so flourishing there, and will continue to flourish if a recent championship bout can be taken as a criterion. The bout was for the featherweight championship of Egypt. The contenders were George Mendis, described as the flyweight champion of Australia, before 3000 spectators, annual challenge to the Australian featherweight limit of 115 pounds, for the title of champion of Egypt. He has since issued a challenge to any boxer in the world who would be willing to fight him on a featherweight limit of 115 pounds, which makes a noise like real business.

A battle at Cairo for the lightweight championship of Egypt was held on July 19. The contenders were both from England, Bombarrier (Artillerian), Charles Steinberg two weeks before, and he had won the title of champion of Egypt. Webb would do in the third meeting was to be fought in 15 rounds.

Babetta, Poor Butterfly, Genevieve B., Java.

Weather rainy; track heavy. Apprentice allowance claimed.

British Sportsmen In Casualties to Last

London, Nov. 18.—Among well-known British sportsmen recently killed or wounded on the western front are several prominent athletes who have made their mark on the sporting field. Captain D. A. Allen, killed, won the Fives Cup played on the fifteenth. Captain H. G. C. Bromsgrove School, and ran second in the half-mile at the 1914 sports. A. Hartley, killed, was the famous Lancashire County cricketer. He was also a fine all-round athlete. He was an able and successful player for some years and for the North against the South in 1907. Captain C. P. Tanner, killed, was a fine all-round athlete. He represented Woolwich against Sandhurst, and in 1912, and won several events at Bedford School. Brigadier-General S. G. Taylor, killed, was a keen sprinter and footballer. He was a good player for the King's Own Yorkshire Light Infantry. He was colonel of the football and cricket eleven in that famous school. He played on the cricket team at year he averaged 75.23 for the bats in the Leeds Pals, and took the lead in the organization of sport in that famous school. CURLERS SEND BOB RENNIE CHOCOLATES FOR SOLDIERS

The curling clubs in Toronto have undertaken to supply one hundred thousand boxes of chocolate for Canadian soldiers in the hospital at Bramshott Camp, England. The chocolates were prepared by General Robert Rennie in a factory in Toronto, Ontario, and were received yesterday morning by his brother, Thomas Rennie, and the curlers promptly volunteered to see that they were supplied.

Mr. George Hargraff, last year's president of the Curling Association, and Mr. Charles Swaby of the executive committee have taken charge of the matter, and arrangements have been completed to have the chocolates shipped this week.

General Rennie is the old Canadian and Queen City Tankard skip, and the curlers were pleased to favor him with this tribute to his heroic efforts. He has been at the front practically the whole four years of the war.

Great Period of International Athletic Competition to Come

Sport-Governing Bodies, Both Amateur and Professional, in United States Preparing for Extensive Revival in All Branches.

New York, Nov. 18.—Sport-governing bodies, both amateur and professional are preparing for an extensive revival of competition during the coming year. Reports from all sections of the country are that the authorities and organizations are already planning to broaden the field of their particular activity and aid in re-establishing sport upon a better and broader basis than reached at any time previous to the war. While it is not too soon to begin outlining the possibilities, it can be said that many meetings of such bodies which were suspended primarily to the war, will now take on momentous importance in the reconstruction period which is coming in sport.

It can be stated authoritatively that major and minor leagues will resume business next spring. It is likely that the game will immediately reach the heights of its popularity when the world-war first took toll of pointed out baseball. It is established a record in weathering the vicissitudes of modern times, with but a curtailing of the season by a few months. Problems relative to high railroad rates, less performing or some maintenance of duplicate parks in some cities, must be solved, and this will be accomplished by the next April.

Many of the officers of the golf and tennis associations are at present in service, and it is impossible to secure reports regarding the status of the championship tournaments. Sentiment among the players and followers of these most popular of amateur sports is overwhelmingly in favor of a restoration or continuance of the title-tournaments next season. Those authorities who discussed the same sentiments, and it appears to be a forgone conclusion that pre-war conditions will be restored at the annual meetings, scheduled in January and February.

Baseball and rowing, two other major sports at the colleges during the spring, will also be revived. If the S.A.T.C. rules are eased or entirely removed, it will be permitted to play nearby rivals, and dual regattas will be staged. If the restrictions are eased or entirely removed, more ambitious schedules will be arranged for the nines, and there is a possibility of a revival of the eastern rowing classics. Football may be expected to resume its normal place on the college sports next fall, as by that time it is thought that the colleges will have resumed their normal functions.

In the realm of the motors, plans are taking shape for the restoration of many sport competitions. Racing enthusiasts are looking forward to the establishing of many new records on land water and in the air, through the use of the Liberty motor, which it is expected will be available for competitive purposes next spring.

The Automobile Association, Aero Club of America, and the American Power Boat Association will all stage championship races in their respective classes during 1919 as preliminary to the resumption of international contests for famous trophies and places on the racing, which have continued throughout the duration of the war, will be developed upon a larger scale, according to the statements of those interested in these

Italians Believe In Value of Sports

The victory of the Fiave was a victory for sports and athletics in Italy, according to a sporting weekly issued in Milan. The troops which put Austria out of the war were among the first whose training included sports, tournaments and athletic exercises. Their victory proved that a hand-leader, trained in sports—ready to lead, run, spring, fence with a bayonet, and obedient men uneducated in the school of dexterity, agility and gymnastics.

A movement to establish sports definitely in the curriculum of the schools in Italy has been begun, and is rapidly gaining in favor. The schools are accused of having under 17 years of age, superabundance of weak, physically incapable young men, whereas the country needs men strong physically and physically efficient. There is a plea for less Greek and abstract science and more air, exercise and physical education in the schools.

COMPLETED SCHEME OF DEMOBILIZATION

Men Will Be Returned Whose Trade Classification Shows Greatest Need for Them.

PREFERENCE TO MARRIED Troops Overseas Number 286,304—Canada Divided Into 21 Disposal Areas.

Ottawa, Nov. 18.—The military side of demobilization of Canada's army overseas has been completed and is ready to be put into operation immediately peace is declared and the highest command of the allies consents to the withdrawal of troops.

The question of precedence for the returning Canadian troops has been carefully gone into by the special Canadian committee on demobilization which has been working in England and Canada since 1917.

Another point made against demobilization by units was that since the heavy fighting, territorial regiments have lost considerable of their identity, having been reinforced by drafts from other districts.

Will Bring Back Equipment. While it is expected that mechanical transport, horses and mules, tools and general equipment of units and engineering material will be disposed of through the imperial government, the men will bring back with them certain of their equipment.

Preference to Married Men. Preference is to be given to married men because of their heavier responsibilities. This class, under the scheme, was again divided into the order of their return will depend on the length of time they have been away from home.

CHARLES D. MITCHELL

ada, and delay in returning the men to their homes, to do this sorting in France and England before embarkation.

Numbers By Provinces. An estimate of the number of the men to be discharged based on the number recruited by provinces is in round numbers:

Ontario 121,500; Quebec 29,500; New Brunswick 12,500; Nova Scotia and Prince Edward Island 15,500; Manitoba 35,500; Saskatchewan 18,500; Alberta 21,800; British Columbia 25,500.

Rate of Return 20,000 a Month. After consultation with the imperial ministry of shipping and the Canadian War Board, the conclusion has been reached that, taking into consideration the available amount of shipping and rolling stock in Canada which can be used for transport of troops, the rate of return at the beginning will be about 20,000 per month.

It was felt that it may not be in the interests of the men themselves, nor that of particular areas, to have troops return regardless of their occupation in civil life and the economic needs and requirements of the labor market of the particular area.

SHORTAGE OF MEAT THRUOUT EUROPE

Statement of Live Stock in Chief Countries Sent to Food Board.

BIG DECREASES Milk Yield Reduced Almost to Vanishing Point in Certain Countries.

Ottawa, Nov. 18.—Sir William Goode, of the British ministry of food, has called the Canada Food Board an after-the-armistice statement of the live stock in the chief European countries, which is of the utmost significance to Canadian farmers. He says:

There is throughout Europe a serious deterioration in the number of live stock. The allied and neutral home-produced supplies cannot improve for several months, hence an insistent demand for overseas supplies will be inevitable.

Appealing for American Aid. The milk yield in general is greatly diminished, in fact almost to a vanishing point in central Europe. Holland, Switzerland and Scandinavia, which are normally large exporters of dairy products, will probably not have any considerable surplus for the United Kingdom, which will thus be practically dependent on imported fats entirely from the Dominion of Canada and the United States.

WAR CONDITIONS MAKE NEW ZEALAND PROSPEROUS. London, Nov. 18.—Robert Dalton, the British trade commissioner in New Zealand, interviewed on his arrival here from New Zealand, referred to the prosperity there owing to war conditions. More progress had been made during the war than otherwise attained in twenty years of peace.

Pulp Workers May Go on Strike in Both Mills at Chaudiere. Ottawa, Nov. 18.—There is danger of a possible strike amongst the pulp workers in the mills at Chaudiere, owing to the refusal of the company to act up to an agreement which the men claim was entered into with regard to an increase in wages.

SLEEP AT VERDUN. With the American Army in France, Nov. 18.—American Ambassador Sharp, General Bliss and Admiral Benson slept in the fortress of Verdun last night on the guests of the French commandant. HIGH COST OF LIVING GOING HIGHER STILL

Ottawa, Nov. 18.—During October, the last full month of the war period, the cost of living in Canada was still ascending according to figures compiled by the labor department. This statement applies both to the index number of wholesale prices, which rose approximately four points, as compared with September, and the weekly budget of staple foods. This budget averaged \$13.54 in some sixty cities as compared with \$13.31 in September, and \$11.81 in October, 1917. The retail price of meats was slightly lower than in September, but eggs, milk and butter were higher.

SEKS STANDARD WAGE FOR SEAMEN OF WORLD. Washington, Nov. 18.—Chairman Hurley of the shipping board, who sailed for Europe last Saturday to prepare for the returning of American troops to this country, and for moving seas to be supplied to the war-torn, famished nations overseas, also plans to seek an international agreement between the governments, shipping interests and labor organizations of the principal maritime powers for standardization of seamen's wages and working conditions.

LETHBRIDGE MINER KILLED; TWO COMPANIONS HELD. Lethbridge, Alta., Nov. 18.—A brutal murder was committed here at midnight Saturday when Chuck, a miner, was beaten and killed to death at the house where he and two companions resided. The two men with whom Chuck lived, George Dohel and Pete Paulenko, were arrested, charged with having committed the crime. The three men had been fighting most of the evening. The accused appeared before the city magistrate this morning, but were remanded pending the result of the evidence at the inquest which is being held.

Better Babies

A constipated infant begins life heavily handicapped. Constipation means infinitely more than mere failure of the bowels to move regularly and thoroughly. It means stagnation of waste matter, production of irritant and poisonous substances, and their absorption into the blood by which they are carried all over the body.

The Nujol Treatment for Constipation is not only absolutely harmless, but is in the highest degree efficient. Nujol is not a drug, does not act like any drug. Nujol helps Nature to overcome the bad habits by re-establishing natural, easy, thorough bowel evacuation, as regular as clockwork.

Every drop of Nujol taken into the body comes out of the body. But in its passage through the intestinal canal, it keeps the bowel contents soft and moist, makes it easier for the intestinal muscles to act, absorbs poisons and helps to discourage germ growth. Get Nujol if your druggist and give it according to directions.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.
