BAGBY AGAINST GRIMES LIKELY

Cleveland Holds Betting Odds at 6 to 5

Not So Much Money Up as in Previous Years—Early Weather Outlook Good for the Contest Today.

New York, Oct. 6.—With one victory to their credit in the world's series of 1920, the Cleveland Indians, champions of the American League, depending upon their pitching ace, Jim Bagby, were confident today of making it two straight over the Brooklyn standard bearers of the National League.

Weather conditions at 9 a. m. today were favorable for the game. The sun dispelled the few clouds skirting the horizon, and it was slightly warmer than yesterday.

The Brooklyn players had no excuse to offer for their defeat, but many of their supporters insisted that "the break in the game" favored the Indians yesterday. They pointed to a play in the second inning, which resulted in the first run for Speaker's men. Burns' ordinarily would have been an easy out for Konechky, but the effect of the wind on the ball in its downward flight made it impossible for any player to judge accurately where the ball would land. Then (Continued on page 9, sixth column.)

TOOK 52,000 OF ENEMY IN WEEK

Success of Poles Against Reds Continues

Lithuanian Situation Acute—Approval of Polish Peace Draft by Russian Chief—Alleged Desertion of General.

Riga, Oct. 6.—The Polish official communication received yesterday by the peace delegates says that during the last week the Poles have taken 52,000 prisoners, 18 guns, 1,100 machine guns, seven armored trains, 28 locomotives and much other material.

Attaches of the Polish general staff here say that the Poles now occupy the major part of the old German trench system on the Baranovitchi line, notably in the Lida sector and in the direction of Minsk, which they insist, however, is not their objective.

The northern advance guard, pursuing the enemy, has crossed the Neimen. The reorganized Polish forces, after two days of hard fighting, have reached Minkovitchy, Dastyn, Luninets, Lachva, David and Grudek.

Riga, Oct. 6.—(Associated Press)—The Russo-Polish armistice negotiations are being pushed to a speedy conclusion, but the Lithuanian-Polish armistice seems unlikely to have become acute.

The Polish official statement received today reports severe fighting with the Lithuanian divisions in the vicinity of Orany, about midway between Minkovitchy and Vilna.

The statement announced that in the division of Minsk Polish cavalry divisions took the towns of Koidanov and Stankov, about eighteen miles from Minsk.

Further south a group of Polish troops fighting on the Sluzh took an armored train and 1,000 prisoners. In the Volhynia and Podolia sectors the situation is reported unchanged.

It was said this morning at the headquarters of the Polish delegation that M. Joffe, head of the Russian mission, had accepted virtually as a whole the Polish peace draft based on the eleven points framed by the Riga delegation and made public at the beginning of the Riga conference. These, it is said, have been approved at Warsaw, but have not yet been formally presented to the Soviet delegation.

RESIGNATIONS Posts Given Up by Men to Be Candidates in Election. Fredericton, N. B., Oct. 6.—In the Royal Gazette today notice is published of the resignation of seven of the candidates of the government party in the present provincial election from positions which they occupied in the gift of the government and which they had to give up in order to accept nomination. The list follows: Hon. Clifford W. Robinson, as chairman of "the New Brunswick electric power commission." Reid McManus, as member of "the New Brunswick electric power commission."

ULTIMATUM TO N. S. OPERATORS

Coal Miners Want Meeting on Tuesday

Discuss Matters in Royal Commission Report—Men Turn Down Demand of Doctors at Collieries.

Glouce Bay, N. S., Oct. 6.—The executive of the Nova Scotia Mine Workers today sent an ultimatum to all coal operators in this district, demanding a meeting in Truro on next Tuesday to discuss the proposals made by the United Mine Workers, on the basis of the increased wage recommendations of the royal commission of 1919 fatal workers and twenty-seven cents a ton for contract men.

HAPPY BRIDES OF OCTOBER DAY

Paterson-Moore.

Many friends will be interested in the wedding of Miss Alice Marion, daughter of Mr. and Mrs. John E. Moore, to Mr. and Mrs. R. B. Paterson, all of this city, which took place this afternoon at 4:30 o'clock in the Trinity church. The ceremony was performed by Rev. Canon H. A. Armstrong. The bride, who was given away by her father, was attended by Miss Gertrude Fleming as maid of honor, and Misses Louise Holly and Margaret Paterson as bridesmaids. Dr. Otis MacNeil was groomsmen.

The bride wore a costume of embroidered white satin with pearl trimmings and carried a shower bouquet of Ophelia roses with tuft of white heather. Miss Fleming's gown was of pale blue tulle. She wore silver hat and shoes and carried a bouquet of pink roses. Miss Holly wore mauve tulle with silver hat and shoes, and carried pink roses. Mrs. Moore, mother of the bride, wore black velvet with hat to match.

As the party entered the church, "The Voice That Breathed Over Eden" was sung by the Trinity choir, and "O Perfect Love" was sung by John Moore, brother of the bride. Bridesmaids were Miss Miller and Leslie Peters were ushers.

After the ceremony a reception was held at the home of the bride's sister, 211 Germain street, where delightful solo were sung by Miss Anderson, Mr. and Mrs. Paterson will make their home a trip to Boston, New York and Ridgefield, Conn. The bride's going-away costume was of tulle with silver trimmings and hat to match. Among the out-of-town guests at the wedding were Mrs. L. G. MacNeill of St. John, mother of the groom and Mr. and Mrs. Price of Moncton. Mrs. Price was a member of the same battalion as the Lithuanian-Polish cavalry divisions for four years, first with the 4th Siege Battery and later as a lieutenant post in the Royal Air Force. He now holds the position of manager of the Hood Rubber Company, Watertown, Me. and Mrs. MacNeill will make their home at Meaford Hillside.

Thompson-Coyte. A very pretty wedding was solemnized this morning in the Church of the Assumption when Miss Agnes Loretta, daughter of Mrs. and late John Coyte, of Watson street, West St. John, became the bride of Robert Thompson, of Windsor, Vermont. Nuptial mass was celebrated by Rev. J. J. Ryan at half past five o'clock. The bride looked very attractive in a smart navy blue tailored costume and black hat with sapphire blue trimmings and carried a white prayer book. She was attended by Miss Margaret Lynch of West St. John, who was becomingly attired in a blue suit with black satin hat and carried Ophelia roses. John Coughlan gave the bride away. After the wedding the party returned to the home of the bride's mother, where a dainty wedding breakfast was served. The house was prettily decorated with bride's roses and autumn leaves. The groom's gift to the bride was a pearl necklace; to the bridesmaid a pearl pin, and to the groomsmen a pair of cuff links. Mr. and Mrs. Thompson left on the Boston boat for their future home in Vermont. (Continued on page 8, fourth column.)

SOME MILLIONS OF GRAND TRUNK BONDS

Announcement of New York Financing Made Yesterday.

Toronto, Oct. 6.—The Globe this morning publishes the following despatch from New York under date of October 5: The second large piece of financing announced thus far this week was made public today when William A. Read & Co. said that they had purchased an issue of \$25,000,000 twenty seven percent sinking fund gold bonds of the Grand Trunk Railway of the Canadian National Railways system.

These bonds will be taken over by a public subscription tomorrow by a syndicate headed by William A. Read & Co. The bonds, which will be dated October 1, 1920, and will mature October 1, 1940, will be the direct obligation of the Grand Trunk Railway, which now is part of the Canadian National Railways system and will be guaranteed as to principal, interest and sinking fund by the dominion government.

SIR ROBERT BORDEN IN HALIFAX TONIGHT. Lady Borden, who attended the opening of the Three Counties fair at Kentville yesterday, are expected to arrive in the city tonight. They will be the guests of Lieutenant-Governor and Mrs. Grant.

ALLIED OFFICER TO SUPERVISE PLEBISCITE. Paris, Oct. 6.—The council of ambassadors has decided to send fifty allied officers to Klagenfurt to supervise preparations for a plebiscite. This action is at the request of the people there, who are alarmed at the disorders.

As Hiram Sees It

Toronto Academy of Medicine Wants Information

Doctor Said to Hold Full Faith in Serum as Cancer Cure and Will Report to Proper Parties at Proper Time.

Toronto, Oct. 6.—A meeting of the Toronto Academy of Medicine is to be held today to deal with the case of Dr. F. J. Glover of this city, who has declined to furnish the academy with information in his possession regarding his discovery of a serum for the treatment of cancer.

Lieut. Col. J. Amyot, dominion deputy minister of health, Ottawa, has been in conference with Doctor Glover on the matter and has endeavored to have a time fixed for Doctor Glover to reveal to the academy his secret, but in vain.

Dr. Glover's friends say that the doctor has not yet decided whether to reveal his secret for cancer and that he has said he will make his report to the proper parties at the proper time.

DISCLOSURES LOOKED FOR IN BALL SCANDAL

Seeking the "Master Mind" in Manipulation of Last Year's World Series.

New York, Oct. 6.—Impudent disclosures were anticipated today by District Attorney James E. Smith in his investigation to determine the identity of the alleged "master mind" in last year's world series manipulation. Chicago and Cincinnati teams. Mr. Smith has deputed Assistant District Attorney James E. Smith to continue the investigation.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, P. F. Fitzpatrick, director of meteorological service.

Synopsis.—The high areas mentioned yesterday is now centered in the Ottawa valley, while pressure is nowhere very low. The weather has been fair over the dominion, with the exception of a few showers in Quebec and the maritime provinces as well as in British Columbia.

Fair and Cool. Maritime—Fresh northeast to northwest winds fair and cool today and Thursday.

Gulf and North Shore.—Moderate north to northwest winds, fair and cool today and Thursday.

New England.—Fair and continued cold tonight, probably with frost in the interior; Thursday fair, slowly rising temperature, fresh north winds, diminishing force, 6 to 10 temperatures.

Highest and Lowest during 24 hours. Stations. 8 a. m. Yesterday. Night.

Table with 2 columns: Station, 8 a. m. Yesterday, Night. Rows include Victoria, Kamloops, Montreal, Edmonton, Prince Albert, Winnipeg, White River, South St. Marie, Toronto, Kingston, Ottawa, Quebec, St. John, N. B., St. John, N. S., St. John's, Nfld., and Detroit.

Dr. Glover's friends say that the doctor has not yet decided whether to reveal his secret for cancer and that he has said he will make his report to the proper parties at the proper time.

TRAIL OF BLOOD REVEALS MURDER

Reformed Gangster Shot, Carried into Corner to Die

New York, Oct. 6.—A line of crimson spots showing dimly under the rays of an electric light and extending from the curb across the sidewalk at West Broadway and Park Place led Patrolman Gallagher to the body of a man, which was pressed against timbers forming a dark corner of an inclosure to an excavation. Apparently the man had died just as the policeman reached him, from a bullet wound in the breast. In a pocket was a loaded revolver. He was identified by detectives as Thomas McGrath, a stevedore, of 17 Pike street.

JUDGE RESIGNS

Mr. Justice Hutchinson, Born in Halifax, Quits Quebec Bench.

Sherbrooke, Oct. 6.—Mr. Justice Matthew Hutchinson, of the superior court sitting in the district of St. Francis, yesterday asked the members of the bar in Chambers to resign from the bench. He had long been a friend of McGrath's. According to the hospital attendants a newspaper delivery wagon had taken Burns to the doctor and had sped away.

AFTER GOVERNMENT FOR BETTER DEAL

Mechanical Employees Inade Ottawa to State Their Case

Ottawa, Oct. 6.—Declaring against the treatment regarding salaries, days of work and general conditions recently meted out to them, the mechanical employees of the dominion government, all members of the Dominion Public Works Federation, arrived in the city yesterday afternoon and will interview the Deputy Minister of Public Works, James B. Hunter today.

MACARONI BREAKS HUNGER STRIKE IN ANCONA, ITALY

Ancona, Italy, Oct. 6.—The Ancona hunger strike is over. A platter of delicious macaroni was set before the strikers and they were unable to resist it, quickly abandoning their fast.

BISHOP BEAVEN OF SPRINGFIELD, MASS., IS DEAD

Springfield, Mass., Oct. 6.—Bishop Thomas Beaven, for twenty-eight years head of the Catholic diocese of Springfield, died yesterday afternoon after only a day's illness of heart trouble which he had suffered for several months. He had been able to attend to his duties until within a day or two. He was seventy-one years of age, and a native of this city. He succeeded Bishop Reilly in 1892.

ASKS EMBARGO ON OUR WHEAT

Harper, Kas., Oct. 6.—Governor Allen yesterday announced that he had requested President Wilson to investigate the Chicago board of trade with a view of preventing hammering down of wheat prices. He asked the president to lay an embargo upon Canadian wheat, which he said is coming into the United States in competition with United States wheat.

THE BRETHERN

Now It Came to Pass that the Brethren Disputed among themselves as to who should be greatest among them.

For there were some who would set up in all to false gods, even the idols of the Farmers. And there was great confusion of tongues, like unto that which arose when the Tower of Babel had been builded.

There was likewise much running hither and thither, unto this prophet and unto that, and all were sore perplexed. Now in those days there lived a Boy Premier and a Bow Wow minister, who went about among the people exhorting them to good works.

And when they heard of the confusion among the Brethren they went into their midst and said unto them: Wherefore do ye not make your paths straight? Think ye the people will be persuaded that it were better for them to wander about as sheep without a shepherd than to be pressed against timbers forming a dark corner of an inclosure to an excavation.

Apparently the man had died just as the policeman reached him, from a bullet wound in the breast. In a pocket was a loaded revolver. He was identified by detectives as Thomas McGrath, a stevedore, of 17 Pike street.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, OCTOBER 6, 1920

GOOD THINGS COMING TO THEATRES OF ST. JOHN

### BIG MUSICAL AND DANCE HITS AT OPERA HOUSE

New Programme Was Enjoyed by Large Audiences — Consisted of Instrumental Selections, Singing, Dancing and Comedy.

The new programme in the Opera House yesterday afternoon and evening made a big hit and gives promise of being one of the most popular presented for some time. Every act seemed to strike the fancy of the audience and they were generous with their applause.

Lillian Herlein and Earl Thurston starred in some of the biggest musical comedies ever presented in the States.

Frank Reed and Mase Clifton appeared in a highly entertaining singing and dancing offering. Their dancing was a feature and they well merited the hearty applause tendered them.

Bent Hayes won well earned applause by his clever playing on the banjo. His rendition of Minnie, Missouri Waltz and the Hungarian dance was a real treat.

Eddie Bards and Florence Clark were well received in a musical oddity entitled "Columbia and Victor." They have a novel introduction, which took the fancy of the audience.

The Three Buddies evoked hearty applause and laughter in their comedy boxing exhibition. Their bag punching was a feature. All three are clever and they give a highly entertaining offering.

In addition to the vaudeville programme there was another interesting episode of the popular motion picture serial "The Silent Avenger," which is featuring William Duncan. This programme will be repeated tonight and again on Thursday afternoon and evening.

**YOUNG-ADAMS AT QUEEN SQUARE**

The popular Young-Adams Co. are making a big hit at The Queen Square Theatre this week with "The Lion and The Mouse." Everybody is pleased with the company and production. Percy Norman, a favorite of last season, has joined the company and will make his appearance on Thursday night as Jack Glyndon in the big English melodrama "The Black Flag."

On Friday night there will be a dancing contest and Saturday night the amateur contest will take place. There will also be a contest for the children on Saturday afternoon. Liberal prizes will be given at these contests. "The Lion and The Mouse" will be presented for the last time tonight.

**IMPERIAL'S SENSATIONALLY GOOD BILL CONCLUDES TONIGHT.**

No programme that the Imperial has purveyed in a long time has created so much genuine interest as the one concluding tonight in which LeRoy Scott's fervid police story "Partners of The

**FRANCIS & VAUGHAN**  
19 King Street.

### Hood's Sarsaparilla Makes Food Taste Good

Creates an appetite, aids digestion, purifies the blood, and thus relieves scrofula, catarrh, the pains and aches of rheumatism and gives strength to the whole system.

Nearly 50 years' phenomenal sales tell the story of the great merit and success of Hood's Sarsaparilla. It is just the medicine you need now.

"Night" has been the leading item. This is a yarn that only has to be seen in pictures to create a furore of comment; it is so unrelentingly engrossing and holds the watcher as in a vise.

It is a great recommendation for a picture when the second day's business exceeds the first in volume. That's what happened yesterday. Tonight is the last showing of the story. Then again there is the Babe Ruth exposure of home-running methods; the manner in which the speed camera caught this mysterious baseball personage in the act of making one of his baffling hits.

The fans simple devoured this feature. This too will be shown for the last time tonight.

### SPECIAL PRICES FOR "POLLYANNA" ENGAGEMENT

For the "Pollyanna" engagement at the Imperial tomorrow, Friday and Saturday, the special feature scale of admissions will be in order, viz: Night 85c downstairs, 25c upstairs. Matinee, adults 25c, kiddies 15c. Saturday matinee children admitted as usual 15c downstairs 10c upstairs. Serial story Friday and Saturday as usual, into the bargain.

Poster government candidates at Imperial tonight, 8.30 o'clock.

### POLES WERE LOST BUT FOR FRENCH

Russians Were Superior as Fighting Machine

Many Polish Units Fought Without Officers — Planted Artillery in Ridiculous Places — Were Three Hours Ahead on Retreat From Reds.

Posen, Poland, Sept. 17.—(Associated Press Correspondence)—An official of the French military mission in Poland has told the Associated Press correspondent that the Polish army would have been conquered by the Bolshevik armies of Russia if the French had not supported the Poles. This notwithstanding the fact that the Poles beat back the Russian drive on Warsaw.

The French official based his statement upon his belief that the Russian army was superior to the Polish army as an effective fighting machine, with the exception of the German-trained troops of Posen. The Frenchman said he believed the Russian organization had been, and still is, underestimated and because of this tendency to belittle the Russian armies the menace to Poland's existence, if not to all western Europe, remains imminent and real.

The official said some Russian units were poorly equipped but it was not true the army was "a barefoot rabble." He was convinced the majority of the Russian divisions were "well-organized units of good fighting men, much better equipped than the Poles." The Poles had 25,000 officers but only 2,000 of them went to the front, although they were sorely needed there, he said. There was evidence that certain Polish companies had fought without officers, he asserted, and that during the retreat these were without commanders.

An American artillery officer who had spent a year in Russia and had been under fire at the Polish front told the correspondent he had seen the Poles "plant their artillery in the most ridiculous places on the exposed sides of hills and right in the open, when they could have

readily concealed it and made it effective." A neutral aviator who had flown over the front several times when "battles" were said to be in progress said what he saw of the fighting was "two armies keeping about three hours apart, the Poles retreating when the Russians advanced, and the Russians running when the Poles turned and advanced." He said this "schedule sometimes got disarranged and there was a collision between opposing detachments," but he had not witnessed any of these clashes.

A number of Polish officers with whom the correspondent talked said they were forced to admit the French saved the day, but the weakness of their officers was explained by the fact that in former years Poles had not been permitted to hold commissions in the army, either in Russian, German or Austrian Poland, and that the staff had been too short to develop a time of highly trained officers.

### SEE TORONTO AN OCEAN PORT

Farm Products Carried in Canadian Ships, Says Drury

Navy League Banquet — "Build Sea Spirit Among Your People," Is Naval Officer's Advice.

The development of the natural resources of Canada and the furthering of her overseas trade with the ends of the earth were viewed from many angles in several addresses delivered at a banquet of the Navy League held in Toronto last week. Presiding over the gathering was Hon. H. J. Coyle, D. D., L.L.D., and the speakers included Hon. E. C. Drury, Captain Donald Munro, C. M. G., R. N., Prof. J. C. McLennan, D. S., L.L.D., F. R. S., W. McI. Clarke, Canadian government trade commissioner, and Admiral Denison of the Royal Navy, brother of Col. George T. Denison of Toronto.

"We have a great seafaring opportunity in Canada, with our great inland water commerce," said Premier Drury in a short address. "The day will come when Toronto will be considered an ocean port, and the day ought to come when Ontario farm products can leave the farm and be carried on Canadian bottoms across the sea, building up a

great Canadian commerce, and contributing in no small measure to the wealth and prosperity of the British Empire. I hope also that the time will soon come when the great Canadian trade in overseas cattle will be revived."

**Men on Farm and Sea.**  
The Navy League had also a great work to do, Mr. Drury said, in getting the Anglo-Saxon men into men's occupations. They must keep the men on the farms, he said, and on the sea. "If it was not for the British navy

**Uninsured!—a tragedy**

No man appreciates life insurance so much as he who is not insurable.

The hordes of men in this unfortunate position must force you to realize the necessity of taking prompt action to perpetuate your income for the protection of your family in the event of your early death.

This can be done best by means of an Imperial Home Protection Policy.

If it is only a \$1,000 Policy to start with, you ought to insure that much protection to your wife and children now. Next week may be too late.

Write to-day for our booklet, "The Creation of an Estate". It's very interesting and it's free. Address:

Any voter wishing information regarding Lancaster may telephone the government headquarters, Main street, Fairville, M. 758. 10-

## GROCERY REPORTS FROM THREE CITIES OF THE DOMINION

The following comment on the market situation, as regards foodstuffs appeared in Canadian Grocer last week:  
The markets generally have quieted down to show gradual declines although some commodities have considerably strengthened. The features are the reduction in price on sugar and flour which has been manifest throughout Canada.

**Montreal**—The prices on fresh meats have expanded in their range. The market is very firm. Smoked hams are quoted slightly lower. The egg market shows little relief. Lard holds firm at the advanced prices. There is a better cheese market. Butter shows a more active market but export trade is restricted. Sugar drops again. All asses holds in price. Flour is reduced fifty cents per barrel. Vegetable market continues very good. Potatoes may be dearer. Apples are good supply. Sugar dropped one dollar and half per hundred during the week. Kraft paper is also higher. Cereals are lower. Baking soda is quoted higher.

**Toronto**—Sugar decline one-fifty to two dollars per hundred. Refiners report a better movement; second-hand sugars are moving less freely, apparently supplies are becoming cleared up. The market is still weak and further reductions are not unlikely. Syrups and molasses are steady under a quiet demand. As anticipated in last week's issue package oats have been reduced. The situation in other package cereals is rather unsettled and reductions on corn and wheat products are not unlikely. The condition is about the same in bulk cereals, rolled oats, barley, rolled wheat and corn meal are marked lower. There is little movement at present in canned goods with possibly the exception of sock-eye salmon. Sockeye salmon is a short pack and the small stocks available are rapidly going into retailers' hands. The competition on canned peas which was in effect for the past few weeks has somewhat abated and jobbers are now settling to the opening price basis. One line of marmalade in No. 2 and No. 4 tins is marked higher also pure extracts, condensed miscemant and baking soda in packages. The spice market generally is steady although a slight shading downward is noted on some lines. Shipments of new crop Grecian currants are on the water and are expected to arrive on this market about the middle of October. New crop prunes and apricots are also moving this way. Primary markets for raisins and currants are in a strong position and prices are holding at high figures. The most noticeable feature in the tea market is the scarcity of fine liquoring Ceylons and the Indians; it is said that lower grades continue to accumulate in London and other large markets and that these grades are offered at prices below the cost of production simply because there is no demand for low grade teas. However, if trade is opened up with Russia, then a large portion of these stocks will be disposed of. It is estimated that there will be only a twenty-five per cent drop of pecans which indicates that higher prices can be expected. Spot stocks of coffee are not large and it is said that the market will be almost bare when the new crop arrives about the

middle of November when lower prices will be manifest. Reductions are noted on tapioca, one grand of peanut butter in bulk, milk stock in bulk and bulk soap flakes. Owing to the weakness which has characterized the wheat market, flour declined 50 cents per barrel, millfeeds are also reduced \$4.50 per ton. The market for fresh beef is easy under heavy receipts and a light demand. Hogs are fairly firm with pork cuts marked higher. Smoked meats are steady and unchanged. Mess pork in barrels has advanced. Lard is firm under a three cent advance. Butter, eggs and cheese are holding firm.

**Winnipeg**—Owing to rainy weather during the past week, harvesting has been curtailed, but notwithstanding this fact, it is reported that over a thousand cars of wheat are arriving in Winnipeg daily. Money still remains very tight, but just as soon as the crop is harvested and farmers receive payment for their crop business conditions will improve. The retailer and wholesaler have a feeling of big business for the coming year. Sugar prices have been readjusted as the B. C. Refinery Co. have withdrawn from the Manitoba market. There has been practically no change in the price of grocery commodities this week. The primary coffee market is showing considerable strength, due to the heavy demand of European buyers. Mamezillas and Queen olive crops owing to the great heat are reported very scarce. These lines are 20 per cent, and 40 per cent higher than last year's price. The prune market has eased off considerably but even with lower prices in view the trade is showing very little interest. Shelled peans are reported very scarce. Cape Cod cranberries are now on the market, as well as many lines of B. C. Fruit. Virginia sweet potatoes are now on the market.

## Pyrex Oven-Ware

# The Opposition Debacle

Never in the political history of New Brunswick has any party faced the electors in the same disorganized condition as does the Baxter-Murray party today. Out of a total of forty-six seats in the house they are contesting but twenty-six; if they carried every one they could scarcely carry on a government.

As a matter of fact there is not one seat in the province they are reasonably sure of carrying and there is every reason to believe that they will not elect more than two or three members at the most. Should the farmers gain seats, it will be in counties previously held by the opposition and where opposition candidates are again in the field.

**How does it stand?**  
Madawaska—Two government members elected by acclamation.  
Victoria—No official opposition. (Messrs. Tweeddale and Burgess carried Victoria in 1917 against the government of the day by nearly 500 majority.)

Carleton—One opposition candidate endorsed. Two government candidates nominated, leaving government supporters free to choose third candidate from four others in field. (Farmer gain here if any would be no loss to government.)

York—Three tickets in field. (Farmer gain here, if any, no loss to government.)  
Chapleau—Two opposition candidates only in field. Two Farmers running. (Farmer gain here, if any, no loss to government.)

Sunbury—No opposition candidates in field. (This is Ex-premier Hasen's old constituency, now abandoned by his successors.)  
Queens—Three tickets in field.

Kings—Three opposition, two government and three Farmers running. (Farmer gain here, if any, no loss to government.)  
St. John City and County—Straight party fight for six seats. (Generally conceded government will carry all six, or net gain of five seats.)

Albert—Straight party fight. (Now held by opposition).  
Moncton City—Government, opposition and Labor candidates running. (Generally conceded to Hon. C. W. Robinson, minister of land and mines.)

Westmorland—No opposition candidates in field. (Carried against government of day in 1917 by Foster candidates by majorities ranging up to 700.)  
Kent—No opposition candidates in field. (Carried by present members in 1917 by majorities from 600 to 800.)

Northumberland—No opposition candidates in field. (Carried by present members against Murray-Baxter government in 1917 by majorities of more than 1,000.)  
Gloucester—Straight party fight. (Present members won in 1917 against Murray-Baxter candidates by majorities of 2,000, lard losing their deposits.)

Restigouche—Three tickets in field, Messrs. LeBlanc and Harrison having endorsement of government.)

This is the record. It would be a rash man indeed who would predict that Mr. Baxter would be called upon to form a government after the election. On the contrary, after October 9, the Government which has made such an admirable record in the last three and one-half years will doubtless go back with the hearty endorsement of the people.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, OCTOBER 6, 1920

### The Evening Times and Star

ST. JOHN, N. B., OCTOBER 6, 1920.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act, 1884, and registered in the office of the Registrar of Companies, St. John, N. B. Telephone—Private exchange connecting all departments, 2417. Subscription Price—Delivered by carrier, \$4.00 per year; by mail, \$3.00 per year in advance. The Times has the largest circulation in the Maritime Provinces. Special Advertising Representatives—NEW YORK, Frank R. Northrup, 303 Fifth Ave.—Chicago, E. J. Power, Manager, Association Bldg. The Audit Bureau of Circulation audits the circulation of The Evening Times.

#### GOOD GOVERNMENT TICKED

St. John City.

W. E. Foster.  
W. F. Roberts.  
W. E. Scully.  
R. T. Hayes.

St. John County.

A. F. Bentley.  
M. L. Curren.

#### HERE'S THE RECORD

The Foster government can point to these progressive measures:—

The crown lands act, trebling the revenue in three years, yet conserving the forests.

The public health act, the best in Canada.

The highway act, giving the province good roads and providing for continuous improvement.

The audit act, guaranteeing a correct statement of provincial finances.

The workingmen's compensation act, of immense benefit to workingmen.

Women's suffrage act, giving women their rightful place as citizens.

Vocational training act, providing for better education for the great host of citizens who are not seeking the professions.

The hydro-electric act, to provide great sections of the province with cheaper light and power.

These and acts relating to the better development of agriculture are to the credit of the Foster government. All this in three years. When was such a record ever made before in this province? How trivial is the opposition criticism in the face of these accomplishments by a business-like government. What sane community would want to go back to the old regime or replace this government with a combination including men of the old regime? Certainly not the people of New Brunswick.

#### THE WAIL OF DESPAIR

The despair of the opposition party is spread all over the pages of the Standard. Reckless assertions, unfounded charges, artful insinuations, and wild predictions are served up to readers who it is hoped may be sufficiently gullible to swallow the dose. Discretion, dignity and regard for the facts of the case have been thrown to the winds.

Whether the general condition of provincial affairs, or the state of a by-road somewhere in a remote district, is under discussion, the most extravagant use of superlatives is necessary to express the horror of the patriots who could wink at the crown land, Valley Railway and Patriotic potato scandals.

An otherwise uninformative reader of the Standard this morning could not but conclude that the province of New Brunswick had been reduced almost to the condition of a state in Central Europe, and that only desperate measures could save its people from utter ruin.

Of course the same reader would be relieved and cheered to know that all the opposition party will do is to set the opposition party with the help of the farmers would bring joy to an oppressed people. The Standard says so. That paper agrees that the opposition cannot do it alone, the task is too colossal; but the farmers—ah, the dear farmers. Hearken, oh people, to the Standard, when it says: "The opposition does not expect to win every one of the twenty-five seats now being contested, but it will win such a number as will, with those won by farmer candidates, make it impossible for the present government to continue in office. What will happen can be setting later."

Just so. Anything to beat the government, and everything else can be settled later. The division of the spoils of victory may safely be left to take care of itself. The patriots will attend to that.

But is the thoughtful citizen impressed by wild extravagance of speech on the part of writers and speakers for the opposition? The record of the Foster government is not hidden. Neither is that of the old government.

Does anybody in St. John believe that Roberts, Ex-mayor Hayes and Mr. W. E. Scully are going to rush this province into bankruptcy? Study the list of government candidates all over the province. Are they the sort of men against whom their fellow-citizens would rise in the frantic and ferocious manner described by correspondents of the Standard? All this journalistic uproar is the expression of a despair that is eating into the vitals of a party which sees defeat staring it in the face.

A number of worthy men in the opposition ranks are now lamenting that it was not their privilege in early life—

For to plough, for to sow,  
For to reap and for to mow,  
And for to be a farmer's boy.

The opposition candidates in Kings county make slow progress because they have to drag the record of the old government along with them.

#### THE TWO PARTIES

The Foster government is in power today because many Conservatives in 1917 could not support their former leaders. They bolted and defeated them. Of those leaders the greater number are again in the field. They have not repented. They are no more worthy of support now than in 1917. That this is keenly felt all over the province is proved by their failure to get tickets in six counties with only partial tickets in three more. The people do not trust them.

The independent vote will be cast for the government which in the last three years made a record for beneficial and progressive legislation. Its record is clean. In these last days of the campaign, reckless assertions are likely to be made by the opposition in the hope of turning votes, but the opposition members in the house could find no flaw in the government's armor, and its record stands.

The opposition cannot win this fight. That was made perfectly plain on nomination day. Its only hope rests with the farmers, and it is not justified in assuming that a large number of farmer candidates will be elected, or that if elected they will make common cause with the party whose record was exposed only three or four years ago and led to its defeat at the polls.

The electors of New Brunswick do not want any coalition or combination such as would restore any of the opposition candidates to power. The way to prevent such a condition is to vote for government candidates. They are able and worthy men, and the progressive policies of the Foster government will be safe in their hands.

#### HOW VERY PATRIOTIC

A horrible discovery has been made in Kings county, the county in which dwell two of the men whose knowledge of the Valley Railway and patriotic potato deals may have quickened their consciences and made them veritable watchdogs of the treasury. But to the horror of the discoverer. Here it is as set forth in the fervid phraseology of a Hampton correspondent of the Standard:—

"The people of Kings county know where they stand. They are amazed at the awful extravagance of the Foster administration, which has plunged this province into millions of dollars of indebtedness in the space of a very few years. They fear the financial statement covering the present year's transactions. They stand aghast at the idea of direct taxation as exemplified by the Foster government in its bartered deal of \$118,000 from the patriotic fund; they stand aghast at the prospect of further direct taxation through the iniquitous public health act, etc., etc.

Surely this is a dreadful state of affairs. And there is only one remedy, which is, of course, to elect Murray (Patriotic potatoes), Jones (Valley Railway), and Dixon (apologist for Murray and Jones). For another legislative term. But would not that be something of an anti-climax?"

The opposition will not have a majority in the house. It has only twenty-five candidates for a house of forty-eight. All the candidates will not be elected. The Foster government has forty-five straight candidates. It should easily have a majority in the house. Let St. John city and county get in line.

In his card to the electors of Carleton county Hon. B. Frank Smith is still posing as an independent. This is a sad reflection on the opposition and its leader—especially after the opposition in Carleton county gave Mr. Smith its hearty endorsement.

What have the late opposition representatives from this constituency done for St. John? Or the county members? Give the government candidates a chance—for they are men in the fullest sense qualified to be active representatives.

St. John County should elect Mr. Bentley and Dr. Curren. They will make good representatives in harmony with the progressive policy of the government.

Would the farmers of New Brunswick today own as many autos as if the roads had not been improved? Give credit to the government which has improved the roads.

Citizens in large numbers should attend the government meeting in the Imperial this evening to hear a dignified and fair discussion of the issues of the campaign.

The Standard says:—"The Times think that the opposition would dearly love to hand the farmers a leader. It is not at all unlikely that our contemporary may see it done ere long."

What do the United Farmers say about their Farmers Landry and Sheridan up front?

Only two days more of active work before polling day. Make them count for good government.

#### THE ZOO.

I sometimes go to see the Zoo, where shelfhorn Bruin rages, and moidy lions, grim and blue, look forth from rusty cages. And there are wolves from forests dark, and monkeys ten or seven; all day they pace the howl and bark as when the keepers feed 'em) and stick their noses sodden floor (save when they gaily gambol, or of the mountains through the door, and yawn and yelp for freedom.

They're dreaming of the jungles deep where once they gaily gambol, or of the mountains through the door, and yawn and yelp for freedom. They're thinking of the forest dense, of wood lore strange and clever; and now behind the iron fence they're doomed to pace forever. No more for them the outland feasts in beats the hunting call and rally; no more in some vast silent lair will they desert, swamp or valley. No more in some vast silent lair will they wander, in musty cages foul and stale, with atmosphere abhorrent. They did not booby or least their wives or do some speed law sinning; they merely tried to live their lives as planned in the beginning. And now the poor moth-eaten wrecks behind the bars must languish, that idle, snooping rubbernecks may view their endless anguish.

#### CANADA—EAST AND WEST

Domestic Happenings of Other Days

#### WALLS OF MONTREAL.

In the early days of its history the city of Montreal was surrounded on its land side by a wall, the river side was left open. This was essential for two reasons. There was the constant fear of the savages who infested the woods—more so after Champlain had made his unfortunate error of joining the Indians in an attack upon the fierce Iroquois, an act that made the tribe the perpetual enemies of the French. The other was the expectation of attack some time by the English.

Do Lery a French engineer named Do Lery was given the task of walling the city in military style. He erected as well a very strong citadel on the river side, well as a very strong citadel on the river side, well as a very strong citadel on the river side.

#### SIDE LIGHTS ON ELECTION IN PROVINCE

#### PLOUGHMAN GUPPILL.

Moncton Transcript:—Scott D. Guppill, the Farmers' candidate in Charlotte, and his opponent, the little steamer Grand Manan, and has often ploughed the furrows between Grand Harbor and St. John.

#### ST. JOHN CONTEST.

Moncton Transcript:—Reports from St. John show that the government candidates are obtaining a very enthusiastic reception, and are being viewed with different aspects from those that preceded over the last provincial election.

When Mr. Foster ran in the city of St. John in 1919 he was a novice in politics, and his opponents were well provided with campaign funds largely drawn from the grafting transactions of the old government. Today Mr. Foster is running with the prestige of the leader of a government, which has cleaned up the mess into which provincial affairs had been dragged by the inefficient and corrupt old government, restored the good name of the province, and given the old government the reputation of the impulsive and progressive policies in respect to many important matters of public interest.

These have plush buttons, patch pockets, convertible collars and Italian Cloth lining. These and other good styles are now being shown on the Second Floor.

## F. A. Dykeman Co.

#### OPPOSE PLAN

#### Likelihood When International Waterways Commission Meets.

Moncton, Oct. 6.—The sitting of the International Waterways Commission, fixed for Friday and Saturday next here, will, it is generally expected, be a most important one. It is expected that the commission will discuss the proposed canal through the St. Lawrence and Ottawa rivers, and the proposed canal through the St. Lawrence and Ottawa rivers, and the proposed canal through the St. Lawrence and Ottawa rivers.

#### GOVERNMENT WINS

The Foster government will have thirty seats in the next legislature if my estimation of the situation proves correct," said Hon. P. J. Venne, who passed through Moncton on Friday. "That will leave eighteen seats to be divided between the farmers and the opposition. I have been going about the country addressing meetings for the last twelve days, and from what I have seen and heard I feel safe in predicting that the straight opposition will have less than ten members in the next house."

#### ROAD MONEY

Moncton Transcript:—While Hon. Mr. Baker's election manifesto deprecates any appeal to race, creed or class, his St. John organ has been trying to create a cap for the opposition by telling its readers that the minister of public works has shown favoritism in the matter of expenditures on roads in counties largely peopled by his Acadian compatriots. To what extent this charge is justified, the following summary of the expenditures on durable roads during the last year. The expenditures are calculated on page 245 of the report of the department of public works; we give them in round numbers:—

Albert	80,000
Carleton	78,000
Charlotte	92,000
Glochester	72,000
Kent	54,000
Kings	90,000
Northumberland	32,000
Queens	44,000
Restigouche	111,000
St. John (Marsh road)	17,000
Sunbury	84,000
Victoria	33,000
Westmorland	118,000
York	62,000

The Standard has not yet published these figures, doubtless for the reason that they do not support its contention.

#### A POURING RECORD.

Halifax Echo:—At society functions the honor of "pouring" is usually delegated to some charming ladies, but no record has ever been kept as is therefore likely Temperance Act Inspector Tracy holds the pouring record by his performance Saturday afternoon when with the help of eight assistants he emptied into the sewer, to flow off down into the harbor two casks and 700 dozen bottles of brewery beer which had been seized last week and blustering his fingers on the job. This is sure a record.

All of the members of the faculty of the Prince of Wales College in Charlottetown, P. E. I. tendered their resignations yesterday. Small signatures are said to have been responsible for the action. The superintendent of education announced that the college would be re-opened on October 19 providing satisfactory arrangements can be made.

Alfred Poirier of Lachine was yesterday acquitted by Judge Lacombe, in the charge of illegally examining the body of his mother-in-law. The judge held there had been no indignity offered to the corpse.

### La Tour Flour

More toothsome or healthful food can you have than good sweet, nourishing homemade bread? And you'll always get the most delicate flavor—the most in food value!

### Save the surface and you save all—Paint & Varnish

WHAT DO PEOPLE DO TO keep iron from rusting? They paint it. How do they preserve their? They varnish them! Rust or wear—the principle of protection in the same—save the surface with a tough, elastic, long-wearing coating, and so save all.

But there are many kinds of paints, varnishes, enamels, and other coatings for many kinds of surfaces—each best for some purpose.

You find them here in great variety. This is a good place to remember—for you'll probably paint or varnish something soon. Neatly everyone has to. A phone call will bring prompt service.

#### News Notes About Prominent Baptists

(Maritime Baptist.)

Mrs. MacArthur, widow of Rev. P. C. MacArthur, with her daughter, has removed from North Head, Grand Manan, to Newburg, N. J., where she will be with near relatives.

The Baptists of Washington, D. C., have lost an outstanding leader by the death of Rev. S. L. Greene, D. D., J. L. D.

The last issue of the Watchman-Examiner contains pictures of Rev. J. W. Brown, Ph. D., and of the Bethel Baptist church, Fort Fairfield, Me., of which he is pastor.

On Sunday, September 26th, the church at Woodstock was surprised and saddened to receive the resignation of Mrs. J. E. Wilson from the position of church missionary which she has filled most acceptably for about two years.

Our devoted missionaries, Rev. W. V. and Mrs. Higgins, left Toronto last week on their long journey to India, where their address for the present will be Vizianagram. The following from a personal letter to the editor will be of profound interest to our readers, and will, we feel sure, enlist their sympathetic sympathy. "We were to have left Toronto last Thursday (28rd), and I had appointments in Winnipeg, Brandon, and Victoria. But on the eve of our departure it was discovered that Mrs. Higgins would have to undergo another operation

#### MORE FAILURES IN UNITED STATES

A despatch to J. M. Robinson & Sons says that Dun's report 5288 failures in the United States in the first nine months of 1920 against 4836 in the corresponding 1919 period with liabilities of \$166,577,471 against \$88,947,608.

#### THE DASAAN FLOATED

(Canadian Press Despatch.)

Halifax, N. S., Oct. 5.—A despatch to the marine department tonight says that the Canadian government steamer Lady Laurier had succeeded late today in re-floating the American shipping board steamer Dasaan which was stranded in Trepassey Bay (Nfld.). No particulars are being received regarding the steamer's condition, or if she sustained any damage.

Grand Circuit Meet.

Arlon Guy won the \$14,000 Kentucky futurity at Lexington yesterday and lowered his season's record for three-year-olds to 2:01.3.4. It was one of the richest events ever staged. The 2:01 pace for a purse of \$10,000, was won by Eva'Abbe in straight heats, best time 2:03. Mightwell won the 2:15 class trot in straight heats, best time 2:09.4. The 2:05 class trot was captured by Don De Lopes in straight heats, best time 2:06 1/2. Transpaco won the 2:15 class pace in straight heats, best time 2:06 1/2.

**RECENT WEDDINGS**  
At the Exmouth street Methodist parsonage at 4 o'clock yesterday afternoon the pastor of that church, Rev. George F. Dawson, united in marriage Wesley J. Nearin, a well known member of the St. John fire department, and Miss May Meredith, of Boston. Friends of the bridal couple were present. After the ceremony the party went to the residence of the bridegroom where a wedding supper was served. Later the happy couple left on a motor tour. Upon their return they will reside in this city. They were the recipients of numerous presents from their many friends.

**RECENT DEATHS**  
The death of Miss Eva Beatty, daughter of Rev. and Mrs. Benjamin Beatty, of Waterville, occurred last Saturday following an operation. She was born in this city and was well known and respected. Besides her parents she is survived by three sisters and one brother. Her funeral was held yesterday in Waterville.

**INVITING DOMINION W. A. TO COME EAST**  
Much extension of the work of the Women's Auxiliary in the province was reported at the first meeting of the Dominion W. A. this season held yesterday afternoon in the school room of St. Jude's church, West St. John. Mrs. Geo. F. Smith occupied the chair, as president, for the first time since her election at the annual meeting and was given a hearty reception. There was a very large attendance of members. Rev. J. H. A. Holmes, rector of St. Jude's, gave the opening address in which he emphasized the importance of individual members taking their full responsibility in the work of the W. A.

### Wrist and Bracelet Watches

Perhaps no other instrument requires such an exacting degree of skill and precision in the making as the small watch. To be sure of getting one of these small timepieces that is accurate as well as attractive, you should choose a Ferguson & Page watch.

We would be pleased to have you see our pleasing display of wrist and bracelet watches, comprising beauty and practicability. Our price will prove equally pleasing.

### "Buyers Beware"

There was the custom some time ago, in making a transfer of real estate, to make use of an agreement form, the heading of which was a Latin phrase—"Caveat Emptor"—"Let the Buyer Beware". As though there was need to warn the intending purchaser of a possible flaw in the contract.

Now, in buying a Birks Watch, the full responsibility rests on us—you don't have to investigate or to get outside opinion. If we say the watch is such and such—well, it is!

If you want a man's wrist watch—just right in size, strong double back, dust-proof silver case, and to last a lifetime—ask to see our No. 831001 \$25.00 "Ranelagh".

"Guaranteed, of course."

**CANADA'S AIR FORCE**  
Toronto, Oct. 6.—The seniority list of pilots appointed to volunteer Canadian air force has been received by the Canadian Air Force Association, as well as the scale of pay and allowance for mechanics while in training. The seniority list has on it three colonels, eight majors, 175 captains, 250 flying officers, first lieutenants and 500 pilot officers and second lieutenants. The force is now prepared to take on for training about 240 mechanics each month.

**WHITE AND NEGRO SOLDIERS FIGHT; THREE INJURED**  
Leavenworth, Kan., Oct. 6.—Three men were injured severely yesterday in a fight between about 800 white and negro soldiers, stationed at Fort Leavenworth, according to an announcement last night. The fight is said to have started on Monday night when a negro soldier pushed a white one off a sidewalk. Later the disturbance became general. The disturbance was not quelled until the provost guard was summoned from Fort Leavenworth.

### ALLEVIATE LOT OF THESE CHILDREN

National Council of Women to Make Effort on Behalf of Little Ones Born Out of Wedlock.

(Toronto Telegram.)  
A great effort to alleviate the lot of illegitimate children, those unfortunate little ones responsibility for whose fate rests with erring fathers and mothers, is to be made by the National Council of Women. In this connection a deputation composed of Dr. Stowe Gullen, Mrs. L. M. Parsons, Mrs. Harry Carpenter of Hamilton, Mrs. R. Graham of London, Mrs. Harstone of Peterboro and others, waited upon the government at Queen's Park yesterday morning.  
Law a Heritage of Harsher Terms.  
Crud Ontario laws passed years ago when a cruder public sentiment viewed illegitimacy as inevitable and the law sought to protect the father and gave scant consideration to mother and child, are still in force. And they virtually make pariahs of children born out of wedlock. Under the harsh law of today no illegitimate child has any legal claim on the estate of a parent. And a child born out of wedlock cannot be legitimized by the subsequent marriage of its father and mother. By the statutes of Ontario the sins of the father are literally visited upon the poor child. It labors under the handicap of illegitimacy all its life and carries the stigma to its grave.  
Ontario Lags Behind Norway.  
Even Norway is far ahead of Canada in her treatment of these unfortunate

children. Under the Castberg law passed in 1915 the father is obliged to care for the mother before and for a time after the child's birth. He is also compelled to assume towards an illegitimate child all the obligations he would be under to a legitimate one. The states of Minnesota and North Dakota have similar laws.  
Toronto's Illegitimate Births.  
The appalling estimate of from 800 to 1,000 illegitimate births for the city of Toronto alone is made by the Neighborhood Workers' Association. Say they in their booklet: "The girls who go wrong are the unprotected girls, the ones who are not living at home, but in cheap boarding houses and rooming places, and who are dependent for recreation on any chance friends they can pick up." Many births are not registered at all, but the association prints the following significant list of 292 mothers who have come to their notice:

How Fathers Escape.  
Concerning the fathers of these children, the information gathered is much more fragmentary. In three-quarters of the cases nothing whatever is known about them. In some cases the mothers refuse to divulge the fathers' names. In less than ten per cent. of the cases have the fathers contributed anything whatever to the child's support. Owing to the laxity of the Ontario law the "man in the case" is slipping out of responsibility entirely.  
Law Should be Changed.  
A movement is on foot to improve both the child's legal status and social welfare. Here are some of the recommendations: The state must assume full responsibility for establishing paternity, supervise all adoptions and secure support. Subsequent marriage of the parents should automatically legitimize the child. The child should be entitled to the name of the father and the parents should be required to support it exactly as if it were legitimate. The child should have the same right of inheritance even if the father is married and has a family. If several men are implicated the financial responsibility should be borne by all. The expenses of the child should be borne by the father.  
Brighter Little Lives.  
As to the social side, it is recommended that a meeting of all interested agencies be called to discuss the present means of handling questions dealing with the problems of unmarried mothers, etc. The establishment of a child welfare bureau staffed by expert workers to deal with such questions as the proper disposal of dependent children is also urged. It is also deemed highly important that private boarding houses for institutional care be vigorously pushed with the idea of ultimately making the institution simply a temporary receiving home.

**RED ROSE TEA** is good tea  
Always the same rich, full-flavored tea.  
Sold only in the sealed airtight Red Rose Carton.  
*Red Rose Coffee is always fresh*

**BARYTES IN AUSTRALIA.**  
Important deposits of barytes (99 per cent. barium sulphate) are reported by U. S. Consul Starrett, Adelaide, as now being developed at Nondings, about twenty-five miles from Adelaide. Certified analysis of samples of this product has proved it to be of unsurpassed purity. Barium sulphate is an established ingredient for many kinds of paints and the exploitation of these extensive deposits should greatly relieve the prevailing shortage of paint supplies. The local price for the product varies, but may be said to range from \$16 to \$20 per long ton for the first grade of selected ore, the second grade selling for about \$2 less per long ton.

**CANINE EDUCATION.**  
(London Morning Post.)  
The small girl contemplated the little water trough for the dog outside the big store with earnest attention, spelling out the words: "Drink, pretty creature, drink" with difficulty. After a pause she remarked: "Isn't it clever of the dogs to be able to read, especially little pups."

# COLGATE'S RIBBON DENTAL CREAM

Do You Just Brush Your Teeth—  
Or do you Clean Them Safely?

"Brush your teeth the way they grow." If you merely brush across your teeth, particles of food are left in between them, which decays and soon a good tooth is gone.

With your Colgate's Ribbon Dental Cream sweep up and down—from the gums. Get between the teeth. Then, with a brushing of the tongue, gums and inside your cheeks your mouth will be clean and wholesome.

Dentists recommend this Canadian product as a safe, wholesome dentifrice for every man, woman and child.

### THE REAL WHY OF DELAY IN APPOINTMENT

Not Opportune Time for Sir Robert to Resign

If He Took the Washington Post Now It Would Mean By-Election in Kings, N. S., and Probable Loss of Seat for Government.

(Special to The Times.)  
Ottawa, Oct. 5.—When the question of a cabinet minister plenipotentiary at Washington was brought before parliament last session, the attitude of the government was that it was a matter of comparative urgency. After a discussion there was a vote and it will be recalled to an unprecedented minimum. Months have passed and instead of an appointment being made, the matter hangs fire. Latterly rumors have been afloat that the scheme may be abandoned just as it had been delayed and, further, that the British ambassador at Washington, Sir Auckland Geddes, views the development with disfavor. The Canadian minister if appointed would be second in command of the embassy.  
What seems to be at the bottom of the trouble is that the job is being kept warm for Sir Robert Borden and that the time for his acceptance is not what ought to be called opportune. It is conceded that he has the first claim to that or any other high position in the gift of the government and his capacity admits, but the former premier is not quite ready yet to resume his activities to the full.  
To this there is added a larger consideration of political expediency. If Sir Robert should accept the position, as it is believed will be the case, he could not retain his seat in the commons. His constituency of Kings, N. S., would be vacant and this is no time for opening up seats, above all in rural parts.  
Kings is traditionally Liberal. The late Sir Frederick Borden represented it for years. In the war election, Sir Robert was elected, the county paying a very natural honor to its distinguished son. In the provincial elections last June, however, as always provincially, the constituency went strongly Liberal. If it were opened now little doubt is entertained that it would be in the Liberal column.  
The need of a minister at Washington is what the Liberals have always questioned, but the government, having become committed to the idea of the extent of approximately \$20,000 for upkeep and paraphernalia, cannot easily back out.  
However, the fact that the American elections are on and that the new president will be inaugurated next March furnished the official explanation necessary to the why of the delay. A better excuse, as stated, would be that the position is being held for Sir Robert, because it is not a wise procedure now to bring on a by-election. It is perhaps not without significance that the former premier is now down in Kings county.

THE CANIGOU AT DAWN.  
(Christian Science Monitor.)  
There is nothing else in all the Pyrenees as like the Canigou, and in some ways nothing so grand; it adds

to the grandeur of mountains the grandeur of isolation, and one can well be glad that the main range goes down to low hills at its end.  
The mountains of Andorra are wilder and vaster, but they lose force by lack of the contrasting plain. There is the poetry of light and shade and the severity of unrequited ways, but the beauty of the Canigou is that of the sculptor's stone, full of significance although but half hewn, and its severity is of Atlas supporting the clouds of the Mediterranean sky. It forbids rather

than demands intimacy, requiring one to look toward it from across miles of glittering plain, from among all the handiwork of man, to the untouched world of nature. And as one looks at it there arises a desire to pass under its shadow through all the varying seasons of the year, so that there shall be no mood of sky and cloud, of earth and sky, so transient of rhododendrons far below. That one does not ascend the great pyramid of its crater would be no matter of regret save for one thing: for those who will camp out upon its eastern slopes, or find a more sophisticated

bed in the chalet, there is the sight of the sun rising out of the Mediterranean; a sight, which rivals, no doubt, but could not possibly exceed in beauty, the first flash of the new day from 2000 feet up on an Andorran peak, stealing along the snow of the opposite valley and turning it to a shade of pink which outdoes its tracts of rhododendrons far below. Story that one can miss it.

A talk on QUALITY:  
**Nature's Quality**  
IT IS one of Nature's interesting providences that the colder the climate in which an animal lives the heavier and thicker his fur. This is a most important fact in Fur qualities. This is why the fur pelts produced in a consistently cold climate surpass all others in their quality and beauty. Our own Fur Buyers go each year into the heart of the great snow-covered North, the greatest and best fur-producing country of the world. They KNOW Fur qualities, and buy only the choicest or "prime" skins.  
Thus Nature, together with our unequalled buying facilities and rare experience, enable us to offer you furs of quality unsurpassed,—yes, more, unequalled—the world over.  
We invite you to inspect our Furs of Quality.  
Write to-day to your nearest store for your copy of our new Style Book of Furs  
We will next talk on Individuality

### The Rain Can't Get Through

To look at them, you would never know that "DOMINION RAYNSTERS" would shed water like a duck's back. They are so stylish and attractive—just like any other smartly tailored cloth coat.

The difference is in the rubber inner lining in "DOMINION RAYNSTERS". Thin layers of rubber are built right into the texture of the cloth, so that the whole coat, even to the seams, is absolutely waterproof.

"DOMINION RAYNSTERS" are all-purpose weather coats—light and easy—comfortable and dressy on cool, clear days—complete protection against dampness and driving rain.

They are made in a wide variety of styles and patterns for men, women, boys and girls and sold at popular prices.

Each coat carries the RAYNSTER label, the guarantee of satisfaction, backed by the largest rubber organization in Canada.

"DOMINION RAYNSTERS" are sold by the best stores carrying wearing apparel.

"DOMINION RAYNSTERS" are Dominion Rubber System products.

GOVERNMENT'S FINE RECORD OF ACHIEVEMENT

Eloquent Address Delivered by Mrs. E. A. Smith at St. Stephen

Some Plain Facts About Woman Suffrage — The Premier's Interest in Boys' Industrial Home — A Stirring Appeal in Favor of Good Government.

One of the most masterly speeches delivered in the present campaign was that of Mrs. E. Atherton Smith, which she addressed to a large meeting in support of the Foster administration at St. Stephen recently.

This is not the first time that I've had the privilege of addressing an audience in St. Stephen, but it is the first time I've had the opportunity of speaking to one from a political standpoint. I may say, at the outset, that I esteem it not only a privilege but an honor to find myself tonight associated with two such distinguished members of the present administration—our esteemed premier, the Hon. Mr. Foster and his worthy and able lieutenant, the Hon. Dr. Roberts, minister of public health. I may add that I am always pleased to find myself in good company.

But provincial franchise is yet withheld from women in some of the provinces of the Dominion. Thanks to Premier Foster and his colleagues the women of New Brunswick for the first time will cast their ballots on October 29th, on the same conditions as their husbands and brothers.

In former elections we were bracketed with Indians, criminals, imbeciles and the feeble-minded and labelled non-voters. Manhood suffrage enabled the most illiterate, deluded and ignorant man of twenty-one years to vote on any and every vital question while intelligent women, some heavy tax payers, were denied the ballot of any law or measure that affected their homes, their children or their country.

This was forcibly emphasized in an election in England previous to the war and in which cultured women were deep in their homes on the day of the election if he had exercised the franchise that day, to which he replied, with a perturbed countenance, "Will ye ladyship kindly tell me which one of the 'esses ye mean'?"

You will very well recall the annual pilgrimages made to Fredericton under previous governments by thoughtful women and men too, in the hope of obtaining what they felt were women's just rights, but notwithstanding the eloquent pleas and largely signed petitions, all efforts were unavailing. Thanks to the present New Brunswick government and Premier Foster, the women of this province can now share in selecting our representatives at Fredericton and they are not likely to return the men, who when in power, denied them the rights of citizenship and placed them in the

Of course Mother smiles confidently. Now that she uses Lantic the recipe always comes out just as she wants it. The soft velvety texture that proclaims, in most cakes and candies, a perfect blend of ingredients, is an ever-welcome delight in homes where Lantic is used. It imparts fineness—

because it is fine!

ATLANTIC SUGAR REFINING, LIMITED

category to which I have already referred of the feeble-minded and criminals. It is now adult suffrage, regardless of sex. All men and women who are British subjects and over twenty-one years of age, residents of Canada for one year, and of the electoral district for six months before the vote is taken may vote. We women are now citizens with the responsibility of such.

I would say to the women present a vote is a small weapon of great power. We have sought it, let us see that it becomes in our hands the defender and upholder of any righteous cause. It is not necessary for even your husband to know how you vote. "To your own self be true." Upon good citizenship is dependent the future of our race.

Good citizenship includes knowledge of conditions as they are, and unselfish effort to better them wherever betterment is possible. To care for the well being of the public body, the public mind, and the public soul, is the duty of good citizenship. The woman who aspires to be an intelligent citizen must be in touch with every phase of human life. She must familiarize herself with the changes that are taking place in social and industrial life and with the progress of thought in all directions. She must acquaint herself with the vital problems that affect our provincial and national life. It is only by so doing we can hope to have a "reason firm the temperate will, Endurance, foresight, strength and skill."

And be a woman, nobly planned, To wear with comfort and command, Politics is the business of the country. It embraces every phase of every question which has to do with your home and mine, with your business and mine, for the sum of these homes and the total of these industries is the province and provincial prosperity.

It should make no difference to you whether the person seeking your support is your friend or one you do not like personally, these considerations should be forgotten. You are to vote as a citizen, not as a man of honor who can be true to these principles?

Personally, and I am sure you credit me with some discernment, I know of no man in public life so sincere in his motives, so thoroughly in sympathy with the highest interests of his constituents and the prosperity and development of his own province as our esteemed premier, the Hon. Mr. Foster. Besides the development of the province he has made himself thoroughly acquainted with all institutions under government control. I will take the liberty of making reference to one, the Boys' Industrial Home, on whose board I have been a governor, yet for over twenty years, and during all that long time I can recall no personal visit or interest manifested to the board by any former premier of the province. Premier Foster not only visits that institution regularly but is present, when in the city, at the regular monthly meetings of the board. By his personal interest and oversight he has lifted the home from the burden of debt

that piled up under the former regime and influenced his government in financing the institution. All bills after being thoroughly passed by the board of governors going direct to Fredericton for payment. Instead of pathetically discussing "wherewithal shall we pay our bills" at our meetings, we have now the time for discussing things as they are at the home and the present and future welfare of the boys of the province within its walls whose guardians we are and whose interests we must protect. It is not necessary for me to remind you of the condition of the province when our young premier and his associates took office three years ago. The record of the causes leading to the confusion and disorganization that prevailed at that time furnish many dark pages in our provincial history.

The first work of Premier Foster and his associates was to clear away the wreckage and present to the people the real state of affairs. Let me refer briefly to some of the outstanding features of his administration speaking first of finance.

An annual audit of the provincial accounts is made by an eminent firm of professional chartered accountants, thus preventing the old system of juggling balances and painting false pictures.

In regard to Crown Lands and Forests, a survey of our forests is now being conducted for the purpose of ascertaining more accurately the quantity and quality of these important assets. We are, Dr. E. A. Smith, late minister of lands and mines in an interview recently said—"The territorial revenue was \$844,000 when we took office and I believe that we will run to \$1,200,000 this year."

A very progressive policy has been pursued in the province, and has aroused greater interest and produced satisfactory results amongst the farming population. Dairying has been greatly improved. Remarkable progress has been made in developing sheep raising. Within three years the number of sheep has doubled from 140,000 to 280,000. At present high price of wool you will realize what this means to our farmers.

Health.—The Department of Public Health was established by the present government, the premier in this most important of all provincial administration. Under Dr. Roberts' guidance it made in two years a record to be proud of in enlightening our people to the value and necessity of safeguarding health and providing the necessary adjuncts which make for the people's well being. It has provided for the medical examination of every school in the province.

Realizing that the child is the nation's greatest asset, child welfare work is receiving its merited attention and is now carried on in every town in the province and an educational campaign in this connection, and in reference to tuberculosis and "social diseases" is being vigorously prosecuted. Indeed, New Brunswick is now looked to as a guiding light in these matters.

Sale Unusual of High Quality Smocks and Overblouses

In Material of Tricollette, Georgette, Satin

OAK HALL, - SCOVIL BROS., LTD. King Street, Germain Street.

reputation of New Brunswick has been restored, public confidence has been re-established and the prestige of the province has been enhanced at home and abroad. Premier Foster has proved himself a worthy leader in the era of public life in New Brunswick. And although he entered upon his responsible task without experience in public life, he has measured up admirably to the responsibilities of his position, and has impressed the country as a straight-forward, competent leader, who is jealous of the good name and honor of his province, and is eager to promote its interests by sane and enterprising administration of its public affairs.

In closing may I say in no possible way, can we render our province a better service at this time, than in electing the whole government ticket in this historic old county of Charlotte on October 29th, to strengthen the hands and encourage the heart of our splendid young premier and statesman—the Hon. W. E. Foster.

Water Powers.—One of the most outstanding features of the government's policy is the steps taken to develop our water power. In this era of keen competition, the possession of cheap power for manufacturing is of the most essential importance. After a thorough survey of our assets in this department, such substantial progress has been made that within a short time contracts will be let that will place power and light within the reach of many communities hitherto only dreaming of such a fact.

Department of Road Works.—Now for the road question. The demands of the people for better roads were imperative, realizing as they did that good roads are the greatest factors in the development of a country. In the first year of the administration of this government an organization was effected for the construction of durable roads, and it was provided by law that the money collected from motor vehicle owners each year should (instead of being thrown into the general revenue as in the past) be applied toward the payment of interest on the road bonds.

That policy was carried out in 1917 and every year since, and as the fees from motor vehicles increase the government was able to provide further amounts for this most important service. Charlevoix county has been treated most generously by the present government in the matter of roads—284 miles of durable and subsidiary roads have been reconstructed and up-to-date road machinery been installed. Over \$264,000 was spent on the roads of Charlotte county during the last three years.

I shall never forget the thrills (not of delight) of an auto ride through this county five years ago, when an American lady friend, who sat by my side, remarked she fancied herself on horseback and expected to be thrown any moment over the head of the driver. I am convinced that a special Providence watched over me on those auto rides at that time or I would not be here in the interest of my native province tonight.

These are only some of the items of beneficial and progressive legislation for which this government can claim credit, and which entitles it to our wholehearted support.

The Hon. W. E. Foster did not seek the office of prime minister. He responded to the call after the last provincial election, as a matter of public duty. And may I tell you that, looking down from the women's gallery in the House of Assembly at Fredericton during the sessions of 1918 and listening to the would-be critic from the opposition benches heaving over the useless expenditure of three or four dollars on this or that, talking as it were in cents and taking up the time of the House that should be given

DIED IN MONTREAL; FAR FROM HOME Adam Smith, West Indies Merchant, Took Cold and Pneumonia Developed.

Montreal, Oct. 6.—The funeral of Adam Smith, C. M. G., of Port of Spain Trinidad, took place here yesterday. He was in Toronto attending the congress of Chambers of Commerce of the Empire, and while there contracted a cold. Coming to Montreal his condition became worse, pneumonia supervened and he died on last Sunday.

**Official Ballot Is Blank; Voters Furnish Names**

To straighten out conflicting reports regarding the method of voting on Saturday the Telegraph requested A. A. Wilson, high sheriff and returning officer, to explain the system used in provincial elections. Sheriff Wilson said that the system used was simple. The election officials supply blank paper for ballots and both parties furnish printed ballots which can be used by their supporters. In other words, a ballot deposited with the names of four men will count for all four. No ballot should be marked with a cross. If a voter desires to use an official blank ballot instead of a printed ballot furnished by one of the parties he or she must write with a pen or black pencil the name of all he or she desires to vote for up to the legal number. The initials of the candidates should be written as well as the family names.

If an opposition supporter desires to vote for one or more of the government candidates, he or she must cross out certain names on the opposition ballot and write in the names of the government candidate or candidates. A voter can vote for one, two, three or four candidates in St. John city. If he or she only votes for one the voter must cross out the other names or write one name only on the blank ballot.

**HERE IS THE LAW ON SOLDIER VOTE IN THIS ELECTION**

There is still doubt in the minds of some electors with regard to the soldier vote. The elections act, however, shows that a returned soldier, who resided in New Brunswick before enlistment and received an honorable discharge, is entitled to vote in the district in which he is now domiciled, on presentation of discharge papers at the polling booth.

The section of the act is as follows: (a) Every male person of the age of twenty-one years, being a British subject or otherwise incorporated, shall be qualified to vote in elections of members;

(b) Who at any election held during the present war or within the calendar year next succeeding the declaration of peace, if he shall have served in the C. E. F. or in the British Army, or on home service in the present war, and the time of his enlistment a bona fide resident and domiciled in the Province of New Brunswick and is at the time of tendering his vote a bona fide resident or domiciled in the district in which such vote is tendered, provided that no person discharged from service because of misconduct, shall be qualified to vote under this sub-section.

**STATEMENT RE PILOTAGE HERE Change Effective From October 1—Mr. Robertson Explains.**

G. E. L. Robertson, director of pilotage, who is here in connection with the transfer of the pilotage system to the department of marine and fisheries, made the following statement today:

"Dating from October 1 the minister of marine and fisheries becomes the absolute director of the pilotage district of St. John. Heretofore the district was under commissioners, who were indirectly under the jurisdiction of the minister. New by laws and regulations have been prepared and will go into effect dating from October 1. J. C. Chesley has been appointed acting superintendent of pilots and G. U. Thomas, his secretary, will take over the position of pilotage clerk.

"The pilotage office in future will be in the Customs House on the same floor as the marine and fisheries department office. All pilotage collections in future will be made through the Collector of Customs of the port of St. John. Monies that were in the superannuation fund of the pilots will be transferred today to Ottawa and will be administered by the department."

**PRESENTATION TO W. C. SINCLAIR Away to Amherst Today as Bank of Nova Scotia Manager.**

W. C. Sinclair, who has been assistant manager of the Prince William street branch of the Bank of Nova Scotia for the last four years, left today to assume his new duties as manager of the Amherst branch. Just prior to his departure Mr. Sinclair was called to the board room of the bank, where he found the entire staff assembled, and Supervisor Anderson in a very neat speech presented to the popular assistant manager a beautiful mahogany parlor lamp and some Crown Derby china. Mr. Sinclair suitably replied, and expressed his regret at leaving the Prince William street office.

While Mr. Sinclair's promotion is a well deserved one, he will be greatly missed among his associates in the local branch, and on his departure to his new field he will take with him the best wishes of all for his future success. Mrs. Sinclair will join her husband soon.

**FORTY HOURS.**

The closing of the Forty Hours' Devotion took place in the Church of the Assumption, West St. John, last evening. Rev. Raymond Mackley, the Cathedral officiated as high priest and was assisted by Rev. Father Donahue of Johnville, N. B., as deacon; Rev. Charles Carleton of Silver Falls as sub-deacon, and Rev. J. J. Ryan as master of ceremonies. Father Donahue also delivered an eloquent sermon on the Blessed Sacrament. More than 100 little girls took part in a procession of the Blessed Sacrament. They were dressed in white and wore veils and wreaths of orange blossoms. The altar of the church was beautifully decorated with cut flowers and plants, and presented a very pretty appearance.

**NORTH END DOG FOR SECOND TIME MAKES RESCUE**

**Jumps Into Water and Saves Little Leo Dunham from Drowning—Similar Action Less Than Year Ago.**

For the second time within a year, Bernard, a big mastiff dog belonging to E. G. Foster, of Chesley street, has proven himself a hero. Yesterday afternoon he rescued Leo Dunham, a five year old youngster, from the water at the foot of Chesley street.

The youngster was playing on the wharf at the slip near the rolling mill near the foot of Chesley street. He lost his footing on the edge of the wharf and fell into the water, which was about six feet deep. His cries attracted the attention of two women in the vicinity and they started for the slip. On the way they saw Bernard dash from the yard in the rear of his master's home, which is near the wharf, and leap into the water. Although badly frightened, the dog made his way to the top of a flight of steps leading from the wharf to the wharf at the water's edge, and held the little boy until one of the women descended and lifted the youngster from the water. Although badly frightened, the lad was none the worse for his adventure.

It is less than a year since Bernard figured in a rescue somewhat similar to that in which he participated yesterday and which took place in practically the same location. Mr. Foster is naturally very proud of his pet, which is looked upon as something of a guardian angel to the children in the vicinity of that end of Chesley street.

**HAPPY BRIDES OF OCTOBER DAY**

(Continued from page 1.)

McGowan-Connolly.

At the Cathedral this morning at 6.45 Rev. William Duke, with nuptial mass, united in marriage Miss Ella Beatrice, daughter of James Connolly, 119 1/2 King street east, and Charles H. McGowan.

The bride, who looked charming in a short suit of grey broadcloth with black picture hat and carrying a bridal bouquet of roses, was attended by Miss Mary Gorman, who wore a gown of old rose with black hat and seal cape, and carried a bouquet of roses. The groom was supported by William McCrossin. After the ceremony Mr. and Mrs. McGowan left on the Boston boat for a short trip to American cities. On their return they will reside at 8 Castle street. The wedding presents were numerous and beautiful.

Giggey-Atcheson.

A very pretty wedding was solemnized in Centenary church at 7.30 o'clock this morning when Rev. H. A. Goodwin united in marriage Miss Maude Viola Atcheson, daughter of the late Mr. and Mrs. Andrew Atcheson, and Fenwick Giggey. The bride, who was given away by her brother, Robert Atcheson, wore a very becoming traveling suit of buff velour with hat to match and carried a bouquet of roses. She was unattended. Miss Alice G. Hea presided at the organ and played Mendelssohn's Wedding March as the bride and groom left the church. Following the ceremony a saintly wedding breakfast was served at the bride's home, 188 Winter street. Mr. and Mrs. Giggey left on a honeymoon trip to Quebec, Montreal and Toronto. On their return they will reside at Hampton station. They were recipients of a large number of magnificent presents, among which were a chest of silver from the groom's associates in the Joshua Fowler Co., Ltd., and a case of silver from the bride's associates in Macaulay Bros. Co. They also received beautiful gifts from friends in Montreal, Toronto, Moncton and other places.

Allan-Emerson.

This afternoon at the home of Mr. and Mrs. W. E. Emerson, 188 Ludlow street, West St. John, their daughter, Marguerite Augusta, became the bride of W. C. Allan of West St. John. The ceremony was performed by Rev. W. H. Sampson in the presence of immediate friends and relatives. The bride, who entered the drawing room with her father to the strains of Mendelssohn's Wedding March, played by Miss M. Beatty, was becomingly attired in white satin with pearl trimmings and tulle veil with hand of pearls and orange blossoms, and carried a shower bouquet of Ophelia roses. Miss Annie Emerson, sister of the bride, acted as flower girl, wearing white net with pink trimmings, and carrying a basket of pink and white sweet peas. The drawing room was tastefully decorated with white streamers, ferns and potted plants, while the dining room was decorated in pink and white. After the ceremony a buffet luncheon was served. Mr. and Mrs. Allan left for a short honeymoon trip to Montreal, and on their return will reside at 174 King street, West St. John. The bride's traveling suit was of navy blue tulle. Many beautiful gifts were received.

Scott-Dunham.

A wedding of interest took place this morning at six o'clock in St. Jude's church, when Miss Margaret Ponsford Dunham, daughter of W. O. Dunham, a Dufferin row, West St. John, was united in marriage to Francis Arthur Scott, son of Mr. and Mrs. James Scott, Ballisodan, Ireland. The ceremony was performed by Rev. W. P. Dunham, cousin of the bride, assisted by the rector, Rev. H. A. Holmes. They were unattended. The bride looked charming in a navy blue gorette and velvet hat to match, and carried a bouquet of Ophelia roses. After the ceremony a wedding breakfast was served at the bride's home at which immediate relatives were present. Mr. and Mrs. Scott left on a short honeymoon trip to Boston and other cities in the United States and on their return will reside at a Dufferin row. Many beautiful presents were received in testimony to the popularity of the bride and groom. The church was artistically decorated with hydrangeas by friends of the bride. The bride is a graduate nurse, who served in France during the great war, and also in hospitals in England. The groom is a member of the local customs house staff and is a returned soldier. A large circle of friends extend to Mr. and Mrs. Scott hearty congratulations and best wishes for much future happiness.

## ANOTHER MAYOR TAKEN PRISONER

Chief Magistrate of Wexford, Ireland

Trouble Keeps Up in Cork Section—Fifteen Policemen Are Captured—Mayor MacSwiney's 55th Day.

Wexford, Ireland, Oct. 6.—Richard Corish, lord mayor of this city, and Edward Foley, a merchant, who were acting as judges at the Wexford borough arbitration court in the town hall yesterday were arrested by the police after military forces had surrounded the building.

Both were escorted to the military barracks. The incident recalls the arrest of Terence MacSwiney, lord mayor of Cork, which was made early in August under similar circumstances.

Trouble Near Cork. Cork, Oct. 6.—A patrol of twenty soldiers surprised about six civilians who were preparing an ambush of the Cork-Bandon road yesterday. On seeing the cops they fled, but one civilian was killed. It is reported that three men were wounded and six arrested. Several shotguns, a quantity of ammunition, tin bicycles and steel helmets and equipment were abandoned by the civilians in flight. There were no military casualties. Following this affair the farm house of Joseph Lynch was burned down.

Police Captured. Dublin, Oct. 6.—By means of surprise a concentrated force of Sinn Feiners, nearly 200 strong, carried out a bold coup at Schull Police barracks in West Cork last night. They captured fifteen policemen, several machine guns, rifles and a large amount of ammunition and equipment, and concluded the attack by burning the building to the ground. Under two separate attacks on the barracks they kept the Sinn Feiners at bay for four hours until, at midnight, when they were overwhelmed by the superiority of numbers and the volunteers stormed the place. No casualties occurred among the police, but it is not known what losses the Sinn Feiners suffered.

The 55th Day. London, Oct. 6.—Terence MacSwiney, lord mayor of Cork, passed rather a bad night at Britton prison, according to a bulletin issued by the Irish Self-Determination League this morning. A physician is quoted as saying MacSwiney's pulse rose a little, which might be due to some little excitement, and adds that, generally speaking, the condition of the lord mayor was unchanged today. This is the 55th day of his hunger strike.

PARING EXPENSES. Winnipeg Government Cutting Expenditures to Minimum. Winnipeg, Oct. 6.—Government departments have been ordered to cut all expenditures to a minimum by the provincial treasurer, Hon. Edward Brown. This is to ensure that expenditures will not exceed the revenue for the fiscal year.

The estimated expenditures so far this year are in the neighborhood of \$8,000,000, while the estimated revenue is \$6,983,264.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 CENTS.

In a graveyard softly sleeping. Where the gentle flowers wave Lies our dear and saintly mother. One we loved but could not save.

HUSBAND AND FAMILY.

## RECORD SQUASH FOR POLL LEADER

107-Pound Gourd Received in Market Today—Three Others Offered with Big One to Successful Candidates on Saturday.

Tippling the scale at 107 pounds, what is said by market men to be the biggest squash ever seen in the city market was brought to this city this morning by Charles DeMille of Hampton, and is now in the stall of C. P. Cunningham & Co. Three other big gourds ranging in weight from seventy-three pounds upwards were brought in at the same time. The prize specimen is of 7 1/2 inches circumference from end to end and 68 inches around the middle.

Mr. Cunningham said this morning that it was his intention to offer the four squashes as complimentary prizes to the successful candidates in the city Saturday's election. The big fellow will go to the poll leader and the other three in either Meighan or Oct. 15. He will be a speaker.

Meetings will also be held, subsequent to that in Winnipeg at Regina and Saskatoon, and possibly at other points, addressed by the premier and Mr. Calder. It is expected that Mr. Calder will join the tariff commission during its stay at the west.

BIG LOT OF FOOD WAS RECEIVED IN MONTREAL. Montreal, Oct. 6.—Foodstuffs consigned by the inspectors of the city health department between January 1 and September 1, as being unfit for human consumption, amounted to thirty-one tons of meat, fifty tons of fish and seven tons of vegetables, according to figures just issued by the city authorities.

CHARGE AGAINST CAPTAIN RE FUNDS OF VIMY POST. Montreal, Oct. 6.—Evidence in the case of Captain McDuiff, president of the Vimy post No. 4, Grand Army of Canada, was concluded yesterday before Judge Leet. McDuiff is charged with turning \$3,076, 25 funds of the organization to his own use. His Lordship said a date for argument later.

MONTREAL STOCK MARKET. Montreal, Oct. 6.—The local stock exchange was exceedingly active during the first half hour this morning and many substantial overnight gains were registered. Abitibi opened at 78, a gain of 1/2 point from last night's closing figure. Atlantic Sugar went up one and a half points to 116 1/2. Brazilian gained 1/2 point to 82 1/2. Lake Erie and River rose a half overnight to 118. Brompton and Hudson were the only losers, falling 1/2 point to 7 1/2. Laurentide closed at 118 1/2. National Breweries remained steady at 84. Wayagmack went up one point to 14. Other issues were quiet.

A DANGER SHIP. Quebec, Oct. 6.—Like a plague-stricken vessel, the steamer Scourm, which cleared for Sorel yesterday for Halifax, was given a wide berth by other craft as she steamed down the St. Lawrence for while at Sorel the Scotsburn took on the Nova Scotia capital.

IN WALL STREET. New York, Oct. 6.—(10:30)—Bulls today were confining at the opening of today's stock market. High prices were given to the market by the opening of the season's railroads, food shares and specialties were inclined to strengthen. The Royal Dutch fell 1 1/2 points to \$100. St. Paul, St. Louis and San Francisco common carriages fell 1/2 point to \$100. Preferred and New Orleans, Texas and Mexico forfeited large fractions to a full point. Atlantic Coast Line, Lake Erie and Western Preferred, American Sugar, Crucible Steel and Kelly Spring-Field gained 1/2 to 1 1/2 points.

Non Report. The market continued its irregular course throughout the morning. Gains among sugar, shippings, copper and motor specialties were substantially increased but rails lost ground with oil. Texas and Pacific was especially weak, falling four points and other low priced western and southwestern rails fell 2 to 3 points. Mexican Oils and Investment rails rallied moderately before noon but shortly pressed their advantage in the speculative industrial.

Call money was plentiful at seven per cent and exchange on London strengthened, but rates on continental Europe were heavier. The Italian rate falling to a new low record.

Re-organization rumors were responsible for the further decline of Texas and Pacific which increased its loss to almost eight points at midday. Steels and equipments, headed lightly but high grade rails, especially Reading and Union Pacific, strengthened with some of the specialties, notably tobacco.

Frederickton Mail.—The straight farmer candidates put up in a number of constituencies are standing aloof from the old parties and will continue to do so if elected to the legislature. They will certainly not have any truck with the run of an opposition which is now waging war against the government of the day.

Frederickton Mail.—A government which would ship a shoener load of rotten potatoes to Cuba camouflaged beneath a carload of good ones is scarcely the kind of an administration which the honest electors of New Brunswick want in control of their affairs at a time like this.

Frederickton Mail.—The province of New Brunswick is going forward now as the county of Queen in the matter of the Dominion Alliance, was marked here yesterday to Miss Elizabeth Churchill Sattley of this city.

Rev. B. H. Spence Married. Toronto, Oct. 6.—Rev. Ben H. Spence, secretary of the Ontario branch of the Dominion Alliance, was married here yesterday to Miss Elizabeth Churchill Sattley of this city.

OAK HILL OFFERS QUALITY OVERLOOKS AT DRAPE REDUCTIONS. An unusual opportunity is now offered of high quality muslin and over-lookers at less than half the original price. The materials are tricotelle, georgette, satin in plain colors of navy, coral, black, white and taupe, and also in plain floral designs.

Such drastic mark-downs as Oak Hill are quoting are quite out of the ordinary and as there are only a few of these of vegetables, according to figures just issued by the city authorities.

UNIQUE PROGRAMME OF MUSIC FOR THE MARTELLO FAIR. The Martello Cornet Band, in their great fall which opens on Saturday evening next in the Carlton curling rink, promise to establish a most attractive precedent for indoor shows in the excellence of musical programme which will be presented.

In addition to selections by the Martello Band, a number of instrumental concertos will be given by the City Cornet Senior Band, the Juvenile Band and by other local bands. Musical arrangements are being made to provide an area for dancing and other features which will be of great interest to the usual fair games will be conducted.

CHARGES AGAINST SOME CALGARY STORES ARE MADE. Matter of Wages for Girl Employes—Minimum Wage Hearing.

Calgary, Oct. 6.—Charges of exploitation of labor by some of the larger retail stores was made at a session of the minimum wage board opening here yesterday by Mrs. Carson, representing the employes, when she said that girls had been kept at work for months at 28 a week. One badge was presented by the Women's Labor League, representing the minimum wage board, during the week for a working girl at \$21.48.

NEW EMPLOYMENT AGENCIES FOR THE PROVINCE OF N. S. Halifax, N. S., Oct. 6.—Under arrangements made between the federal government and the Nova Scotia government, employment agencies will be opened in Halifax, New Glasgow and Amherst next week. The expenses will be shared equally by the two governments and the Nova Scotia agencies will be under the supervision of the dominion department of labor's employment clearing house in Montreal. K. G. Christie of that office, is now here in connection with the opening of the Halifax agency on Monday. Clifford Colver of Halifax will have charge.

Mr. Christie will go from Halifax to New Glasgow and Amherst to open offices there. In the provincial government administration the agencies are classified as under the department of industries and immigration.

NEED 500 TEACHERS IN SASKATCHEWAN. Regina, Oct. 6.—Officials of the department of education said today that Saskatchewan was short more than 500 school teachers and that this number might be increased to 1,000 before the end of the year.

## FRENCH TO LEAVE ADANA FIELD?

Reported Decision of General Gouraud—Foreign Office Says Mission Is to Protect Armenians.

Adana, Oct. 6.—The decision of General Gouraud, French commander-in-chief in the east, to end the fighting between the French and Turks by withdrawing his troops beyond the River Dikhman, is arousing fears for the safety of 80,000 Armenian refugees at Adana.

These have been notified that they will have to be repatriated to France, but many of them, although unarmed, have decided to remain.

Turks who returned home during the summer fighting around Adana, will seek to avenge their dead and drive the French out of their country.

Paris, Oct. 6.—With reference to the reported withdrawal of French troops from the Adana region, it was said at the foreign office yesterday that the mission intended to leave the Armenians in the hands of the Turks.

It is feared by the Armenians that the French will be unable to protect them from the Turks.

Chorus Girl Contest At Lyric Tonight.

The popularity of the different members of the chorus of the Lyric Musical Comedy Stock Company will be tested this evening when each member will appear in an individual specialty. A real treat. Be there sure.

TOOK 52,000 OF ENEMY IN WEEK. (Continued from page 1.) London, Oct. 6.—A Moscow report says that General Makno, Ukrainian commander, who has been operating under General Wrangle, anti-Bolshevik leader in south Russia, has been ordered to the Soviet administration against Wrangle.

General Makno, it is declared, appealed to the Soviet authorities for a command to lead his army which did not wish to fight for General Wrangle against the Bolsheviks.

Warsaw, Oct. 6.—A Lithuanian armored train that bombarded the Polish position on the River Ulla, regardless of the armistice has been captured near Oranau, according to a Polish communication.

J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, arrived home today from Montreal where he was spending a few days. He was accompanied by his wife and father.

Former Professor Dead. Westminster, Mass., Oct. 6.—John H. Hewitt, for twenty-eight years professor of Greek at Williams College, died at his home here today aged 86. He retired from the faculty in 1909.

BAND OFFICERS. The annual meeting of the Martello Cornet Band was held on Tuesday evening in the curling rink, where James Robertson, treasurer, Alfred L. Belyea, band sergeant, William Lenoxy, bandmaster, Murray W. Long, engagement committee, Murray W. Long, J. Fred Belyea and A. L. Belyea were present.

Edith E. Jones, Mrs. Sarah S. Stevens and Robert J. Armstrong all of St. John are incorporated as the Jones Electric Supply Co., Ltd., head office in St. John, capital stock \$50,000. The company is incorporated in electrical supplies.

Mrs. Adelaide Lodge, Mrs. Clara Bell Price, Mrs. Hattie Kerr Dickson, Mrs. Laura Annie Colpitt, Mrs. Julia Elliott Kilham, Mrs. Ella Copp Wilson, Mrs. Annie Price, Miss Irene West, Mrs. Annie Masters, Mrs. Harriet Hope Chandler, Mrs. Emma Beer Jones, Mrs. Laura E. Willett, Mrs. Olive Helms McLatchey, Miss Hazel Alward, Mrs. Frances Mary Wilson, Mrs. Mary Bailey Coleman, Mrs. Margaret Mildred Tingey, Mrs. Althea Chapman, all of Moncton, have been incorporated as the Young Women's Christian Association of Moncton, capital stock \$40,000. The association is to have a directorate of not more than thirty and not fewer than three members.

A plumbing firm of Bradley and Walsh has been formed at Campbellton by George L. Bradley and William J. S. Walsh.

NORTH SYDNEY MAN DIES OF INJURIES. Toronto, N. S., Oct. 6.—Douglas A. Smith, coal inspector for the C. N. R., died here today as the result of injuries he received when he was struck by a locomotive yesterday afternoon. He was widely known as a ship broker and insurance agent. He was 58 years of age.

EXCHANGE TODAY. New York, Oct. 6.—Sterling exchange firm demand 8.51, cables 8.51 1/4. Canadian dollars 8 per cent discount.

## POLICE COURT.

In the police court this morning two persons were charged with drunkenness, pleaded guilty and were fined \$8 each or two months in jail. One was a colored woman who has been in the court several times.

POLICE TRANSFER. Policeman S. B. Spianey, who has been doing duty in West St. John, has been transferred to the North end and is now acting sergeant in place of Sergeant Murray, recently resigned. Policeman Linton of the city has been transferred to West St. John.

PLEASANT SOCIAL. The Ladies Auxiliary of the A. O. H., No. 1, assisted by the ladies of No. 6, Fairville, held a successful social in the Union street hall on Monday evening.

A substantial sum was realized for charitable purposes. The programme consisted of music by an orchestra of which Frank O'Hara was leader, and dancing was enjoyed. Refreshments were served.

BURIED TODAY. The funeral of Mrs. Ann O'Brien was held this morning from her late residence, 1200 St. John street, west end, to the Church of the Assumption, where a large mass of requiem was celebrated by Rev. W. E. Cross, pastor.

The funeral of Ernest McFarlane was held this afternoon. A short service was held at his late residence, Union Point and the body was then taken to the funeral home of G. W. Shepherd where service was conducted by Rev. W. E. Cross, pastor.

Interment was in Mahogany cemetery.

SYND COMMITTEES. The Church of England Synod committee meetings were held this morning. At 10:30 a committee dealing with the public school situation was held in the public school building.

The board of education met at 2 o'clock to discuss the matter of the education of the clergyman's children was brought before a committee and at 2:30 the board of education held a meeting.

At 6 o'clock the board of missions met. The sessions will be concluded tomorrow.

D. S. C. R. PLANS. A. R. Sprenger, head of the D. S. C. R. engineering department for the east-end province, was in the city today on a tour of inspection. He will leave this evening for the hospitals in Halifax and Kentville. He said it was the intention of the department to keep the hospitals in the city.

A lady canvassing for the opposition party called on the home of a prominent supporter, whose wife met her at the door. The opposition lady explained that she was a member of the party and would like to know when she could call on her.

"But," said the lady of the house, "my husband is a Liberal."

"Oh!" said the visitor—and then, very engagingly—"but you know there is nobody on the Liberal side who knows as much about the game of politics as Hon. Mr. Baxter—good morning!"

NEW COMPANIES. (Special to The Times.) Frederickton, N. B., Oct. 6.—Asaede Landry, Arthur J. Melanson, Herman Conroy and J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, arrived home today from Montreal where he was spending a few days. He was accompanied by his wife and father.

Former Professor Dead. Westminster, Mass., Oct. 6.—John H. Hewitt, for twenty-eight years professor of Greek at Williams College, died at his home here today aged 86. He retired from the faculty in 1909.

BAND OFFICERS. The annual meeting of the Martello Cornet Band was held on Tuesday evening in the curling rink, where James Robertson, treasurer, Alfred L. Belyea, band sergeant, William Lenoxy, bandmaster, Murray W. Long, engagement committee, Murray W. Long, J. Fred Belyea and A. L. Belyea were present.

## BAGGY AGAINST GRIMES LIKELY

Followed Konechey's throw to the outfield, permitting Burns to score.

Colevick's success in holding the Superbas to five hits makes it appear certain that Speaker will pitch Bagby today. This will mean that the Brooklyn team will line up as it did in yesterday's game.

Robinson's Problem. The pitching selection for Brooklyn was a problem which Manager Robinson had to contend with overnight and early today it was not certain just who would get the assignment. Brooklyn's leader picked Marquard for yesterday's game on the theory that a left hander in good form would stop the heavy hitting left hand Cleveland hitters. Robinson's judgment in this respect was vindicated because of the five hits made of Marquard only one was credited to a left hander. This was a single made by Sewell in the second inning. Burns, who got a single; Wood a double, and O'Neill two doubles are right hand hitters.

Not only did Marquard's southpaw pitching baffle the Indians' left hand hitters, but the right hand pitcher of Marquand and O'Connell in the last three innings was so effective against both left and right hand hitters that not a Cleveland player was able to reach first base.

The right handers picked up the work where Marquard left off, the latter retiring the Cleveland players in order in the last two innings.

New York, Oct. 6.—Manager Tim Lincecum of Cleveland, was as happy as a school boy last night and praised Colevick highly. "It was just a ball game with him," Speaker said, in emphasizing that the pitcher was at no time nervous during the game.

Victory today was a great play for the reason that he is game. I look for him to repeat his success today. Speaker said that the result of the game shows he was not boasting when he contended that Cleveland would display just as good pitching as Brooklyn.

Joy in Cleveland. Cleveland, O., Oct. 6.—Baseball fans of Cleveland were in a frenzy of excitement tonight over the victory of the Indians over the Brooklyn Dodgers in the first game of the world's series with Brooklyn today. In hotel lobbies, on street corners and wherever the fans congregated the game was gone over and over in detail and it was the consensus of opinion that their idols would make it two straight today.

Satisfaction was expressed in the fact that Babe Marquard was disposed of by the first game, having pitched part of yesterday's game, he would hardly be available today. The fans, as a rule do not fear much trouble in disposing of anyone else whom Manager Robinson might send to the mound.

The assignment of umpires for today's game, as well as for all succeeding games in the series has been decided upon by a plan rotation. The officials will advance from left to right, one

# POOR DOCUMENT M 2 0 3 5

THE EVENING TIMES AND STAR, ST. JOHN, N. B. WEDNESDAY, OCTOBER 6, 1920

## GRANT \$50,000 MORE TO COUNTY HOUSING BOARD

### Abolition of Coroner's Office Approved by County Council—Removal of Dead Animals Arranged.

Business mostly of a routine nature was transacted by the Municipal Council, which held its quarterly meeting in the court room, German street, yesterday afternoon with Councillor J. M. Donovan presiding in place of Warden T. H. Bullock, who was enjoying a vacation. Other councillors present were Mayor Schofield, J. B. Jones, John Thornton and J. H. Frink, representing the city; William Goding, John P. O'Brien and W. M. Campbell representing the parish of Lancaster; John C. Dalziel, representing the parish of St. Martin's; Samuel J. Shandlin, Robert Bowland and W. B. Bentley, representing the parish of St. Martin's; James E. O'Donnell and George A. Anderson, representing the parish of Musquash.

Mayor Schofield, chairman of the committee on finance and accounts, then read his report, which included the following items, all of them passing the council without objection:

Payment of the account of H. A. Porter, coroner, amounting to \$146.69. A recommendation to withhold the payment of the account of Dr. H. E. Gilmour, as coroner, until an itemized statement of the account is submitted.

Payment of the bills of G. P. Leonard (\$128.20), Miss Hillen (\$11), Miss Whitehead (\$10.00) and M. V. Paddock (\$10), for reporting and other expenses in connection with coroners' inquests, was approved, but a recommendation was made that no bills shall in future be paid unless the account is attached to and forms part of the coroner's return.

Duties of Coroners.

The following resolution was passed as read:

"Your committee having considered the need of a coroner's inquest generally in this municipality recommend that, in the Harris case, \$107.10, and apparently a duplication and repetition of evidence at preliminary examination in criminal cases and the seeming uselessness of an inquest the duties heretofore performed by the coroners be delegated to the medical officer of the health and that he make a personal investigation and, in case of death under suspicious circumstances, the medical officer instruct the police department in the city and the stipendiary magistrates in the cases to institute proceedings and that legislation be promoted embodying the purpose of this section.

Your committee recommend that a memorial be presented to the lieutenant-governor-in-council to present the county buildings announced the sale of the steam heater from the old court house to the directors of the Provincial Memorial Home at a price of \$100. The memorial announced that it was preparing the outline of a scheme for submission to architects to induce them to prepare complete plans for the new building which the council may undertake to build and had tentatively agreed upon a price of \$1,200. Progress in the work was reported by the committee.

The work of the county housing board report of the investigating committee was taken up as it was expected that the

## MRS. LAUZON HAD GIVEN UP HOPE

### Did Not Believe Any Medicine Could do What Tanlac Did For Her.

"Tanlac has not only relieved me of my seventeen years' suffering, but has built me up to where I am feeling like a different woman," was the truly remarkable statement made recently by Mrs. Adeline Lauson, of 115 De Courcelles street, Montreal.

"It would be impossible for me to exaggerate all that I've suffered on account of indigestion. I never dared to eat meat of any kind, and even the lightest diet would give me a hot burning sensation in the chest, and I would blow up with gas till I was in perfect misery. My liver also was very sluggish. I suffered badly from constipation and frequently had daisy spells and I had to sit down to keep myself from falling.

"I slept so little at night that in the morning I felt more tired than when I went to bed, and my nerves got into such a condition that any unusual noise would almost make me frantic. I tried many kinds of medicine but none of them seemed to meet my case, and I almost gave up hope of ever being a well woman again.

"I never would have believed that any medicine could help a person like Tanlac has helped me. The first few bottles gave me a splendid appetite and soon found I could eat anything I wanted and never suffer a particle from indigestion. I have already gained several pounds in weight and am so much stronger I can do my housework with as much ease as I ever could in my life.

"My liver is now in good order and I am no longer troubled with constipation or daisy spells. My nerves are as steady as can be, I sleep like a child all night, and get up in the mornings feeling as fresh as a daisy. I don't hesitate to say that Tanlac is the best medicine I have ever tried, and I hope that all who suffer as I did will give it a trial.

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; J. C. W. McKay, Beaver Harbor; William J. Colwell, Evans; C. V. Parsons, Highland; John F. McGehee, Debec; O. D. Hanson, Lepreau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station, and by the leading druggists in every town.—(Advt.)

## Every Girl Who Earns Her Living Read This!

Very complex in her physical relations to life, disease early sets upon the woman who works, and she must therefore guard jealously anything that would tend to destroy her vitality or health.

Probably nothing is of more service than Dr. Hamilton's Pills, and every girl and woman can employ this grand remedy with gratifying results.

As a system-giver such results. It maintains good digestion and healthy appetite, it is impossible to exaggerate the benefits that it affords. It is a healthy, ruddy glow, which proves that Dr. Hamilton's Pills circulate blood that is rich and nourishing.

Weak organs are filled with new life and vitality; weakness, irregularities and the common ills are prevented.

When you feel poorly, when the bowels ache, back feels lame, and a drowsy, tired feeling creeps through you—that tells of the need of Dr. Hamilton's Pills; try them.

Sold in yellow boxes, 25c.

## A Stubborn Cough Loosens Right Up

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness, phlegm loosens, breathing becomes easier, tickling in throat stops and usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter-coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for money. Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

## HON. E. A. SMITH AND CROWN LANDS

The following is the Moncton Transcript's report of the address of Hon. E. A. Smith at Shediac:

Hon. Dr. Smith said the attendance of ladies was proof that they appreciate the action of the Foster government in extending them the opportunity to give an account of his stewardship since 1917. He had given the best, that was in him to the work of managing the department.

When the Foster government went into office there was a suspicion that all was not right in the administration of crown lands. A little investigation showed the government to scale logs were only paid 7½ cents per thousand, and most of the summer were at work for the lumber operators holding crown land licenses.

The minister had looked up the customs returns and found that prior to 1917 the lumber exports from New Brunswick had amounted to over 700,000,000 feet in some years. But the government's greatest collection of stumpage was on a cut of 80,000,000 feet in 1915. This showed the cut on crown lands was much greater than was supposed, and the government was getting its due from the cut on crown lands.

"My investigations led me to conclude that the licenses were not paying the government stumpage on 60 per cent of the cut of the crown lands of the province," said Dr. Smith.

Continuing, Dr. Smith told of his organization of a permanent force of crown lands officials and their efforts to systematize the stumpage collections. In 1915 the total territorial revenue was \$29,000,000, the total territorial revenue was \$24,000,000, and in 1916 the total territorial revenue was \$24,000,000, with stumpage of \$84,000,000.

In 1918 the first year in which the Foster government had charge, the territorial revenue was \$79,000,000, including stumpage of \$47,000,000. This year it was estimated that the total territorial revenue would be \$1,500,000, with stumpage of \$1,200,000.

The opposition said that was not to the government's credit as the cut was the greatest in history. The cut, however, was 370,000,000 ft. Take the cut of 80,000,000 for 1915 shown by the government returns, and add 40 per cent to that to get the real cut. This government has greatly increased the revenues from stumpage on a smaller cut.

Dr. Smith said the stories that he had resigned because he did not agree with the general policy of the government and wanted the stumpage raised to \$750 were absolutely false. He had always been in harmony with his colleagues, and it was on his recommendation that the stumpage had been fixed at \$8 this year.

## A Letter to Mothers

Who Have Delicate Children

This mother writes:—"My little girl five years of age had been delicate all her life. Pneumonia left her in a very weak, run-down, nervous condition with no appetite. We were very much worried. Our druggist, who is a doctor, said Vinol was the best tonic he knew or one in her condition. We tried it and you ought to see how she has improved by its use. I cannot say too much for Vinol."

## ANNIVERSARY OF C. OF E. INSTITUTE

The annual services of the Church of England Institute were held in Trinity Church yesterday and were impressive and inspirational. In the morning at 11 and in the evening at 7:30. The services were the celebration at Holy Communion and was assisted by Rev. Canon A. J. King, Archdeacon of the Diocese, and Rev. D. H. Loweth, in the evening, at a fully choral service, Canon Armstrong in a sermon of strong appeal told of the splendid past of the institute and asked for its renewed and continued effort of its members. Those who assisted in conducting the evening service were Canon A. W. Smithers of Fredericton, Archdeacon O. S. Newham of St. Stephen, Archdeacon D. Foreythe of Chatham, Rev. J. J. Wilkinson of King's College and Rev. D. H. Loweth of Trinity, St. John. The anthem, "O How Amiable Are Thy Dwellings," was beautifully rendered by the choir and the hymns sung were "Soldiers of Christ, Arise," "Faith of Our Fathers," "I Love My Kingdom, Lord," and "The Church's One Foundation."

## BURNED WHILE BEING BUILT

What Would Have Been  
World's Largest Ship  
Destroyed at Hamburg.

(Associated Press Dispatch.)  
Berlin, Oct. 5.—The steaming Bismarck, which would have been the world's largest vessel, has been burned at Hamburg, says a dispatch to the Zelfuhrblatt. The gross tonnage of the Bismarck was said to have been 24,000 tons against 24,282 of the Vaterland, now the Leviathan, the next largest steamer. No explanation is given in the dispatch as to the cause of the fire.

## MURDERED

## RAILED THE LOT

Russian Baggage-men Who  
Demanded 100,000 Rubles  
for Unloading British Prisoners' Baggage Put Under Arrest.

London, Sept. 20.—(Associated Press Correspondent.)—The bearded baggage-man on the platform of the Kazan railway station in Moscow demanded 100,000 rubles for unloading from a car the baggage of fifteen British officers and the Associated Press correspondent when they arrived in Moscow in July after a journey from Siberia across Russia. It had taken ten minutes for him and a dozen other men to do the work.

The British officers were prisoners. They had been members of the Red Army and had been captured by the Whites in the Caucasus. They had been held in a camp at Vladivostok, but the British officers were sent to Moscow.

"I'll pay you 100,000 rubles," he said, sarcastically. "Yes, I'll pay you, seeing that the Russian word indicates the situation. 'Show me the man,' he demanded. He was directed to the group of baggage-men.

"What are your names?" The names were given.

"And now you, Ivan Ivanovich, and you, Peter and Nicholas and your companions," said the commissar when the names had been written, "you are under arrest. You are servants of the state and you have no right to ask money for your work."

There were violent exclamations; frenzied waving of hands; tearful exclamations that the daily ration of black bread was being kept a pound. "I'll give you 1,000 rubles a pound!" said one. "One hundred thousand rubles is ten pounds pay for each of us. Long ago, before the great war, ten pounds of bread cost only half a ruble and what is that for handling a foreigner's baggage?"

But the baggage-men went to jail for speculation; the British officers went to prison for counter-revolutionary activity in Siberia, and the American reporter went into house arrest for being in Russia without permission. Only the Bolshevik commissar remained free.

### TO KEEP MILK SUPPLY PURE

Board of Health Will Prosecute Offenders — Reports at Meeting.

Strictest measures to ensure to the city a pure milk supply are being taken by the board of health. Prosecutions of those vendors who continue to sell milk in cans and a confiscation and destruction of unfit milk were authorized at the meeting of the board held yesterday afternoon. The chairman, John Kelly, presided and others present at the meeting were Mrs. R. J. Hooper, Dr. William Warwick, G. E. Blake and the secretary, T. M. Burns. The Victorian Order of Nurses' report was submitted by Miss Mundie, superintendent, and that of the Anti-Tuberculosis Society by Miss Brophy.

Dr. T. Fred Johnston, inspector of slaughter houses and dairies, gave a detailed account of his work during the month and, at his suggestion, it was arranged that a special meeting of the board should be held next week to take up the matter of licensing of slaughter houses. He contemplated closing one slaughter house which was being used too largely. When his report on the milk situation was read it was decided that notices should be sent to all milk dealers who were selling milk in cans and that five days after the notice had been sent dealers who still used cans should be prosecuted.

The board had been informed that certain of the stations along the railway were in an unsatisfactory state in consequence. Authority accordingly was given that all milk which arrived in St. John and was found to be unfit for human consumption on its arrival should be seized and destroyed.

Dr. H. L. Abramson presented a report on the water supply of the city. Charles Gillis was appointed sanitary inspector in the parishes of Lancaster and Musquash and registrar of vital statistics in Lancaster.

Dr. William Warwick, district medical health officer, in his report referred to the lack of water supply in Bellevue avenue. He said that forty-three families, or some 187 persons, were receiving all their water supply from one small shallow surface well. It was decided that a copy of this report should be forwarded to the common council.

Three houses were ordered closed by the board as being unfit for human habitation and occupation.

Dr. Mabel Hamilton, medical inspector in the city schools, gave an encouraging report of her work during the month.

Mrs. Edmund Flewelling's weekly reports as food inspector were dealt with and the board expressed gratification that morning a case had been dealt with in court in which a dealer was fined for offering for sale over-ripe fruit. The case had been brought as a result of Mrs. Flewelling's inspections and report.

Much routine business was dealt with.

### FAVORS EARLY VOTE ON IMPORTATION OF LIQUOR TO PROVINCE

Speaking at the meeting for women voters in the Palace Theatre, North End, Monday evening, Dr. T. Hayes who, with Premier Foster, Hon. Dr. Roberts and W. E. Scully is running in St. John city in support of the government, explained very clearly his position in regard to matters of interest to the temperance people of the province. Mr. Hayes' record as a temperance man is too widely known to be in need of any explanation regarding his views, but he took time to say that he was in favor of a vote on the importation of liquor into New Brunswick at the earliest possible moment. He is also in favor, he pointed out, of government control of all liquor sales in the province.

### OPENING MEETING WAS AUSPICIOUS

A lengthy list of valuable donations to the museum was reported at the first regular meeting of the Natural History Society for the season, held last night in the society rooms in Union street. In the absence of the president, Dr. J. Roy Campbell, the chair was taken by R. B. Emerson. Many new members were

### LOCAL NEWS

Two new members joined the Ship Carpenters and Joiners' Local No. 1344, last evening at their regular meeting in the Oddfellows' Hall, Union street. Routine business only was dealt with during the rest of the evening.

Lawrence A. Manning, son of Dr. James Manning, of this city, has been appointed an assistant editor of a trade publication in Chicago. His many friends in St. John will congratulate him and wish him all success in his new work.

A good attendance emphasized the musical evening held last evening in the Fairville Baptist church as the first of three rallies inaugurated by that church to commence the season's work. Vocal solos were given by Miss Daley, Miss Rankine, Miss Campbell and Mrs. Bishop and organ solos by Miss McAlister. Rev. A. S. Bishop, the pastor, spoke in regard to the purpose of that evening's gathering.

A dance to be held next week was planned for at the meeting of the Windsor chapter of the I. O. O. F. held last night at the residence of Miss Gladys Shaw in Manwagosh Road. It was decided that the Masonic Hall should be hired for the dance and all details of arrangements were discussed. Miss Gertrude Lawson, the regent, presided and there was a good attendance of members, all evincing eager interest in the work for the coming winter.

Mayor Schofield left last night for Toronto, where he will attend a convention of the Canadian Paper Manufacturers Association. While in the Empire city he has announced that he will investigate the management and operation of the harbor there, which is under commission control similar to what has been advocated for this port. Commissioner Frink, an ex-mayor, is chairman of the common council during the mayor's absence.

The chief of police has received from Mrs. Alice R. Munger, 1034 Washington street, Boston, an inquiry for her brother whose first name she does not give. Her maiden name was Alice Donoghue, a daughter of Charles and Bridget Donoghue, and she was born in St. John. Her mother's maiden name was Breslin. She was born in the North End and she thinks that there might be families there who might know of the whereabouts of her brother.

The Daughters of Israel held the opening meeting of the season in the E. M. H. A. building last night. Mrs. Joseph Goldman, the president, in the chair. Very encouraging reports were given of the work being carried on by the organization in the city. Some plans were made for holding a sale about the middle of the month for the purpose of raising funds. An appeal was received from the Hebrew College in Palestine which has been in existence for eighty years. The society voted a yearly subscription to be sent to the college.

The most successful rally ever held by the congregation of the German street church was held last night in the German Street Baptist Institute, when there was a big gathering of young and old and every one had a good time. Rev. S. S. Poole, the pastor, was in the chair. The programme opened with a piano duet by Miss Dorothy Hunt and Miss Minnie Poole and a solo by Miss March. The president of each of the organizations in the congregation gave an interesting outline of the proposed work in the coming season. The programmes were received with much enthusiasm and the speakers were heartily applauded. J. Stewart Smith sang a solo before the short address was given by the pastor. The musical part of the programme was particularly enjoyed. Refreshments were served by a committee of which Mrs. W. Simms was convener. The younger married ladies assisted in the serving. A very enjoyable social hour was spent at the close of the evening.

Foster government candidates at Imperial tonight, 8.30 o'clock.

enrolled and it was felt that the opening meeting was a most auspicious one. There was every indication of a very successful winter programme. The new members enrolled were: Mrs. W. J. Ambrose, Miss M. E. Doherty, Mrs. Frederick Foster, Mrs. Walter Gannon, Mrs. W. C. Good, Mrs. Frederick E. Kee, Miss L. Kee, Miss Olive A. Kingston, Miss Mary Laurin, Miss Louise Knight, Mrs. W. A. Lockhart, Mrs. A. F. Robinson, Mrs. A. Morris Robinson, Miss Bertha Rudlock, Miss Agnes Warner and Mrs. Alexander Wilson.

### FOR METHODIST MISSION WORK

Estimates of \$982,629 for Next Year — Kobe College to Be University.

Toronto, Oct. 6.—An estimated expenditure of \$982,629 for the year 1921 was approved yesterday by the Methodist missionary board the money to be distributed equally between the home and foreign work of the church, except \$75,000 for educational purposes and miscellaneous projects. The Methodist College at Kobe, Japan is to be expanded into a university in

### THE NEW RAILROAD RATES.

Ottawa, Oct. 5.—The Government gave final consideration today to the railway rates appeal and is said to have reached a conclusion but an official statement was not forthcoming tonight. It is understood that the railway commission's order is not disallowed but that the government without reversing or varying the judgment points out certain considerations which it suggested the board should take up. What these are in detail is not ascertainable, but even if acted upon it is learned that they are not of a character to materially alter the material effect of the judgment. The new rates stand.

Fire in the chimney of the Windsor Hotel, 41 King Square, shortly after 10 o'clock last evening, caused a turnout of the fire department. An alarm was rung in from box No. 2, and a few minutes work on the part of the firemen soon extinguished the blaze. The building is owned by the King Square Realty Company. The damage was trifling.

# Allen Theatres Limited

(Incorporated under the Laws of the Dominion of Canada)

### 8% Preferred Cumulative Shares

BANKERS—The Canadian Bank of Commerce. AUDITORS—Clarkson, Gordon & Dilworth. SOLICITORS—Ludwig & Ballantyne.

TRANSFER AGENTS—Bankers Trust Co. The Preferred Shares are preferred both as to assets and dividends. Redeemable on three months notice at \$110 and accrued dividend at the option of the Company.

CAPITALIZATION		
	Authorized	To be Issued
8% Cumulative Preferred Shares.....	\$5,000,000	\$2,500,000
Common Shares (No par value).....	200,000	200,000

For information regarding the Company, we refer to letter from Messrs. Jule and J. J. Allen, agreements covering purchase, and financial statements prepared by Messrs. Clarkson, Gordon & Dilworth, on file at the Company's office, from which we summarize as follows:

**THE COMPANY**—Allen Theatres Limited has been formed to acquire the entire assets of Messrs. Jule & J. J. Allen, controlling one of the largest chains of Motion Picture Theatres in the world—operated for the most part in Canada with extensions in the United States and England. These interests also include film exchanges, films and agencies for producers. The seating capacity of these theatres and proportion owned are as follows:

Actually in Operation:		
No. of Theatres.	Seating Capacity.	Proportion Owned.
21	17,363	100%
10	10,705	76 to 99%
11	11,634	64 to 76%
9	10,160	50 to 55%

Under Construction:		
No. of Theatres.	Seating Capacity.	Proportion Owned.
7	13,400	75%
Total.....	63,262	.....

**ASSETS**—Assets acquired by Allen Theatres Limited, consist of ownership or control and goodwill of above theatres and film exchanges which, after giving effect to present financing, amount to over \$7,500,000, or over three times the amount of the preferred stock to be issued and outstanding.

**EARNINGS**—The established earnings of the business prior to depreciation or Dominion Government War Taxes, accruing to the benefit of the Allens for the twelve months ending December 31st, 1919, amounted to \$459,154.23; for the period January 1st to April 30th, 1920, \$144,734.29, and with increased seating capacity, earnings for the fiscal year 1920-1921, prior to depreciation and Dominion Government Taxes, are estimated at \$750,000. During the latter part of the present year several theatres now building will be in operation and estimate of the earnings is:

For the fiscal year 1920-1921.....	\$ 750,000
For the fiscal year 1921-1922.....	1,250,000
For the fiscal year 1922-1923.....	2,000,000

**PURPOSE OF ISSUE**—The acquisition of the interests of Messrs. Jule and J. J. Allen, the completion of the theatres now under construction and general development.

**GENERAL**—The Allen Motion Picture interests have been built up personally by Messrs. Jule & J. J. Allen from a small beginning in 1906, to one of the largest exhibiting enterprises in the world to-day. In return for their total properties and goodwill in this business the Allens have accepted Stock in the new Company, and will continue in the management and control. The policy of building new theatres by local financing, whereby the majority of shares in local companies are retained by the Allens, will be continued, thereby continually adding to the equities owned by the holding Company without impairment of capital. The holding Company's agreement provides that all theatrical enterprises and equities entered into or secured by Messrs. Allen shall accrue to the Company. Holders of Preferred Shares who are resident in the United States will be paid their dividends at par of exchange.

**Price: \$100 per share**  
Carrying half share of no par value Common Stock.  
Common Stock bonus will be adjusted to even amount by purchase or sale of fractional share at the rate of \$40.00 per share.

R. C. Elkin, local agent.  
Schooner B. M. Roberts, Captain Kelton, arrived at New York on Monday with coal. She is not under charter.  
R. C. Elkin, local agent and owner.

#### SUGAR PRICE CUT COMING.

A general cut in the cost of living is inevitable. It was predicted Thursday last, says the Boston Herald, by Edwin F. Atkins of Belmont, big sugar producer of 10 Broad Street, testifying at the hearing in the attorney-general's probe of the sugar market. He prophesied a continued drop in the price of sugar, and told of losses sustained through the break in the sugar market a few months ago. Mr. Atkins, who controls five companies producing sugar in Cuba, and has been in business since 1868, said the ultimate consumer was going to benefit. "It may not be for two or three months, it may not come until the first of the year, but it is sure to come," he declared under close questioning.

#### Alberta Strike Situation.

Calgary, Oct. 6 - There was no change in the miners' strike in Alberta last night. There are still about 500 men idle at Drumheller, although the One Big Union officials say there are more than 1,000 idle. At The Pas mines conditions were quite, though it was said that the miners at Michel were out Monday and that Perle is likely to strike any day.

### Storm Proof

A security which during the war was eagerly bought as a good investment, is to-day an infinitely better one.

#### VICTORY BONDS are Canada's storm-proof security.

The investor who protects himself with such a security places himself in an impregnable position. No matter what financial storms or stress time may bring, the principal will be unimpaired, the intrinsic value unaffected, the income certain and the market value at any time less affected, relatively, than any other kind of security or property. Moreover, the Government will pay it off when due at 100 cents on the dollar.

The wise man takes precaution early. He protects himself, his family, his other investments and his property by holding a good proportion of such a storm-proof security. VICTORY BONDS can be purchased to-day at their lowest prices. They may be procured in many different maturities and in any amounts from \$50 upwards.

Your inquiries or orders will receive our best attention.

### ROAD WORK FOR UNEMPLOYED IN GREAT BRITAIN

From 200,000 to 500,000 Men Must Be Provided for - Two New By-Pass Roads.

London, Oct. 4 - Large schemes are under consideration for dealing with unemployment during the coming winter. Already there are signs that the problem will be serious, and, quite apart from labor troubles, the industrial outlook is far from satisfactory. It has been estimated that work will have to be found for at least 200,000 men, and that the number may quite possibly reach 500,000.

One of the directions in which efforts will be made to find as much work as possible for the unemployed will be upon the roads of the country. Here unprompt labor can be used to a much greater extent than in most other classes of road work and better results can be obtained in the direction aimed at. Sir Henry Wood, director general of the roads department of the ministry of transport, has drawn up a comprehensive programme for the government, which will be done on the roads, including the developments of motor traffic, has made a matter of great importance. The bulk of the early work on these roads is particularly suitable for unskilled labor.

#### Two New Schemes.

Two by-pass roads are already in course of construction in the London area, and the other two are being planned. Those now contemplated are relief work for the winter include one on the London-Falkstone road to cut out the congested, narrow, winding road at Eltham, and another in the East End of London to provide a better outlet in that direction. For the latter, a scheme is under consideration to provide a double track of tramways in the center, with space for up and down traffic on each side and crossings over the tramlines at certain points only. This would enable a high-speed tramway service to be run while allowing full facilities in each direction for the motor traffic.

#### Progress at Croydon.

Considerable progress has been made with the Croydon by-pass road which will be four miles long and sixty feet wide. In 1914 the estimated cost was £75,000, towards which the road board grant was £48,000. When the work was begun this year the estimated cost had increased to £127,000, and a further grant of £28,000 was made by the Road Board. Much has been done towards greater safety on the roads by improvements at dangerous corners. On the Croydon by-pass road there has been an opportunity to show how cross-roads should be dealt with and how by curving the corners a line of sight can be given which should make accidents impossible. The Great West Road, which begins at a point in the Bath road in the parish of Heston and runs into Chiswick high road near Gunnersbury lane, will enable traffic to avoid the narrow road through Brentford. Work on the first part of this by-pass road has only recently been started. The first part to be constructed will be the Heston end, as this involves less disturbance to house property. For both these roads grass and water mains are now being laid. On the Great West road everything is being laid in duplicate and a digging machine is at work excavating a trench six feet deep by four feet wide at the rate of seventy yards a day. While the Croydon road will require only a surface of tar-macadam, the Great West road will have a ferro-concrete foundation with a bituminous surface. The Great West road will be five and a half miles long and eighty feet wide. The cost in 1914 was estimated at £200,000, towards which the road board's contribution was £100,000. The cost today is estimated at £300,000, and the grant made by the road department will be about £200,000.

### IN THE PLACE OF MEDICINES

U. S. Public Health Service Treats Patients Along New Lines with Happy Results.

Washington, D. C., Oct. 6 - Reports from the government tuberculosis sanatoria of the United States public health service to the surgeon general just made public, demonstrate conclusively the great value of occupational therapy as an adjunct in the treatment of discharged soldiers. In fact, as carried out by the experienced reconstruction division of the U. S. Public Health Service, occupational therapy, consisting of manual work and manual handicraft for labor troubles, the industrial outlook is far from satisfactory. It has been estimated that work will have to be found for at least 200,000 men, and that the number may quite possibly reach 500,000.

One of the directions in which efforts will be made to find as much work as possible for the unemployed will be upon the roads of the country. Here unprompt labor can be used to a much greater extent than in most other classes of road work and better results can be obtained in the direction aimed at. ### AMENDMENTS SUGGESTED TO THE COVENANT

League of Nations to Meet at Geneva on Nov. 15 - Appointment of Non-Permanent Members.

(By Associated Press.)  
Washington, Oct. 6 - Four amendments to the Covenant of the League of Nations suggested by the Danish, Norwegian and Swedish governments probably will be taken up at the first meeting of the Assembly of the League at Geneva on November 15. They have already been submitted to all members of the league for their approval, and the approval of the council and a majority vote of the Assembly to become effective.

One suggestion proposes a fixed annual meeting of the assembly to be held either at the time provided for in the rules of procedure or on a specific date such as the second Monday in September. It is also proposed that on the demand of 10 members of the league a special meeting of the assembly shall be called at any time.

Another proposal would regularize the method of selecting the four non-permanent members of the council. It is suggested that the assembly after the first selection shall name a new state each year to serve for a period of four years which shall not be subject to reelection for the following period. The purpose is to secure successive representation on the council of a large number of states while making only one change in membership each year.

The Public Health Service operates the largest unit now engaged in occupational therapy and physiotherapy, more than 800 experts attend, mostly women, being employed.

COMING HERE IN THE INTERESTS OF MEMORIAL CHURCH AT LENS.  
Montreal, Oct. 6 - In furtherance of the project for the Canadian Vimy memorial church at Lens, Dr. Bieler of this city has left to lay the claims of the plan before the maritime provinces.

### Fall Overcoat Week At Gilmour's

**CLEVELAND TAKES  
OPENING GAME**

The Cleveland Indians, champions of the American League, won the opening game of the world's series in Brooklyn yesterday by defeating the home team by a score of 3 to 1. The winners played errorless ball and by perfect team play and brilliant individual work had an edge on their opponents. Official figures place the paid attendance at 23,578 and the gate receipts at \$19,949. The weather conditions were unfavorable, a cold north wind sweeping the field, making it hard for the fielders to judge the ball and uncomfortable for the spectators. Coveleskie who twirled for the Indians kept the game well in hand and was never in danger, while Marquard weakened slightly in the second inning. He was relieved in the eighth and Mumaux worked until the end of the eighth when Cadore was sent in to finish. The Indians started their scoring in the second when a high fly got caught in the wind and Konechny failed to judge it. Burns continued to run to second and Konechny threw to lead him off, but there was no one there to take the throw and the ball continued to left field, while Burns romped home. A double of Joe Wood and another by Steve O'Neill scored the second run.

The box score and summary of the game follows:

**FINED MEETING AT  
BATH FOR MEN OF  
FOSTER TICKET**

R. L. Simms and Dr. M. E. Commins Give Exposition of the Issues.

(Special to the Times.)  
Bath, N. B., Oct. 6.—A largely attended meeting in the interests of the Foster government was held last evening and the various matters of importance were taken up and discussed by the candidates for Carleton county. Robert L. Simms, a government candidate, was the first speaker and in an eloquent address explained the issues of the campaign and said that the government should be sustained at the polls on October 9.

**K. C. OFFER FIVE  
MILLIONS TO THE  
AMERICAN LEGION**

Chicago, Oct. 6.—Five million dollars, the balance of the Knights of Columbus war relief fund, will be offered to the American Legion for building an American Legion headquarters in Washington. This decision was reached at a meeting of the Knights of Columbus here.

**NO INCREASE FOR  
THE PLUMBERS OF  
MONTREAL NOW**

Montreal, Oct. 6.—The Master Plumbers' Association last night decided that the demands of the striking plumbers for more wages will not be considered for the present and that present arrangements must continue so far as the association is concerned, until next May. The men are asking ninety cents an hour as against seventy-five at present.

**USE The Want  
Ad Way**

The engagement of Helen Kathryn, daughter of Mrs. Kathryn Gillis, to William Francis Lawlor son of Mrs. Margaret Lawlor, of this city, is announced, the wedding to take place at the latter part of this month.

**CONSECRATED AS BISHOP.**

New York, Oct. 6.—In the presence of a congregation of 8,000 St. James Pro-Cathedral, Brooklyn, Rev. Thomas Edmund Malloy, recently attached to the church of the Queen of All Saints, was consecrated to the episcopate. His titular see will be Loris, and his duties will be those of Auxiliary Bishop to the Right Rev. Charles E. McDonnell, Bishop of the Diocese of Long Island.

**GAS IN THE STOMACH IS DANGEROUS**

Recommend Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sour, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

**"The Street Called Straight"**  
AN EMINENT AUTHOR PRODUCTION

Social customs in an old aristocratic New England family are contrasted with those of a noble British family in "The Street Called Straight." In the presentation of the story, it is seen that both families think and act in exactly the same manner, and once more confirm the observation that nationality is a minor barrier to life's more important relations.

**"Pollyanna"**

one of the great stories for which the amusement-loving world has long awaited

From Eleanor H. Porter's Novel "Pollyanna" Published by the Page Company Screen Adaptation by Frances Marion Photographed by Charles Rosher

"Pollyanna" is the High Priestess of Optimism. She is not merely the discoverer, but the 33rd degree exploiter of the silver lining. The fairies who made sunshine from the cucumbers were insignificant beings to "Pollyanna." She is full of action, sparkle and pathos, and will help you to turn your sorrows, big or small, into gladness.

BECAUSE OF THE GREATLY INCREASED RENTAL of this extraordinary feature the special price scale will obtain throughout the engagement, with the exception of Saturday afternoon when children will be admitted at the regular prices.

**MORE MONEY FOR  
AMBROSE SMALL  
WHO IS MISSING**

Toronto, Oct. 6.—A payment of \$37,500 is due and will be made within a few days in connection with the purchase, by the Trans-Canada Theatres, Ltd., of a string of theatres formerly owned by Ambrose J. Small.

It is understood that the hunt for Mr. Small is not to be taken out of the hands of the Toronto detectives and given to the provincial police as has been rumored.

# CANDIDATES ON TOUR OF CITY, FIND WARDWORKERS OPTIMISTIC OF VICTORY

## Increased Evidence of Greater Support Than Ever of Foster Government; Great Work Being Done by Women Workers

Unlimited enthusiasm and optimistic reports of the progress of the campaign directed Premier Foster and two of his colleagues on the government ticket during the course of a whirlwind visit paid to all the wards in the city last night. That the organization in every polling district was complete and working smoothly was the assurance given to the candidates by the officers and workers. Everywhere the party was enthusiastically received and many matters pertaining to the voting were discussed. R. T. Hayes and W. E. Scully were with the premier on the trip, as well as P. D. McAvity, chairman of the executive, and all expressed their keen satisfaction with the outlook as reported by the ward officers.

### Enthusiasm Everywhere.

The premier and Messrs. Hayes and McAvity left the government headquarters shortly before 8 o'clock and motored to the Odd Fellows Hall in West St. John, where they received a hearty reception from the workers in Brooks and Guys wards. Here Mr. Scully joined the party and they proceeded to Lorne and Stanley ward headquarters in Main street, and thence in turn to Lansdowne, in the Douglas Hall, Murray street; Dufferin, at the corner of Main and Mill streets; Victoria, in Victoria rink; Prince, in the Moose Hall, Coburg street; Wellington, Dukes, Queens and Kings, in the Furlong building, Charlotte street; and Sydney, in Brittain street. At each place, although the pause was only a short one, it was sufficient to ascertain that enthusiasm was running high and the indications were that the government would poll a very large vote in every district.

### Women Workers Active.

It was particularly gratifying to the candidates to learn that the women were taking such a keen interest in the election and were giving the men workers a close run for first place in the record of their accomplishments. It was noticeable on all sides that the women deeply realize the significance of the new power which has been placed in their hands through their own attainments and through the medium of the Foster government, and it is practically assured that a record woman vote will be polled, a good healthy majority of which is certain to go towards the mandate for a continuance of the present able administration.

### Soldiers' Votes.

The question of soldier votes was brought up at several ward headquarters.

I was brought up on Post Toasties so I guess I'm sort of a Post-Graduate - says Bobby

## Ward Meetings

### Elector's Favorable to the Foster Government

and supporting the following candidates:

Hon. W. E. Foster      Hon. W. F. Roberts  
R. T. Hayes      W. E. Scully

are requested to meet for ward organization, each evening, until further notice, as follows:

- Guys and Brooks Wards—Oddfellows Hall, West Side.
- Queens, Kings, Wellington and Dukes—Furlong Building, Charlotte street.
- Prince Ward—Moose Hall, Coburg street.
- Victoria Ward—Victoria Rink, City Road.
- Dufferin Ward—Young's Hall, Main street.
- Lansdowne Ward—Murray street Hall.
- Lorne and Stanley—Scott's Building, Main street, opposite Durham street.
- Sydney Ward—Jas. McCormick's residence, 71 Brittain street.

P. D. McAVITY,  
Chairman.  
t.f.

the ladies that, when the premier was asked to settle a disputed point as to who was responsible for giving the women the franchise, the premier had replied that the women were responsible themselves. By their services given during the war they had proved their right to vote. Mr. Bentley thought that if the women took more interest in public affairs the political arena would be purer and more wholesome.

Dr. Curran, said Mr. Bentley, was one of the most wonderful men in the county. Everybody knew him and loved him. Mr. Bentley said it was more pleasing to discuss the good things done by the present government than to discuss the bad features of the old one. He did not believe in invectives and vilipendments. He told of the greatly improved road policy of the government. The government had started on the trunk roads, but it intended to attend to the back roads as well and see that every man and woman who paid taxes received the benefit of the good government road system.

Good roads meant hundreds of thousands of dollars to the farmers, in the way of providing more accessible markets and increasing the value of farm real estate. Good roads also improved rural life. Bad roads made it difficult to keep young folks on the farms as there was no way of getting around the country readily. Now the young man on the farm could take a car in the evening and drive thirty or forty miles before bedtime. Mr. Bentley also spoke of the benefits of the compensation act passed by the Foster government. In the old days, if a man were injured, it was necessary to engage a lawyer and fight the case two or three years in court before any damages were obtained. Now the compensation board attended to all that. The government also was arranging to provide for widows of workmen whose husbands died of a natural death.

Vocational training was another indication of the up-to-date methods of the government. The government also had approved the cheese industry, provided flour mills, encouraged livestock and poultry raising, provided cheaper fertilizer and had done much besides to aid agriculture.

The government deserved a great deal of credit for the health act which safeguarded the families of the province. Smallpox had practically disappeared from the province, and thousands of dollars had been saved in smallpox bills. A government which existed for the benefit of the voters and their children was deserving of endorsement. The opposition had complained that too much money was being spent on the roads of St. John county and that other counties were being robbed. Mr. Bentley showed how little this part of the province had been improved. Much of what had been spent by the old government had been wasted on the Marsh road.

Mr. Bentley replied fully to the charges that the Foster government had been extravagant, showing how vast sums which the present administration had to provide for, had been incurred by the old government whose "surplus" of \$12,000 was really a deficit of \$1,087,273. That in itself should condemn the opposition party and show that its leaders were not to be trusted, he said.

Mr. Bentley also referred to the graft extracted from the big lumbermen by the opposition party today. Premier Foster wanted the endorsement of the people in order to continue the good policies begun and to put into effect others now proposed. These included the water power development, lack of which had kept St. John and the rest of the province behind other parts of Canada where industries were attracted by cheaper power.

In conclusion, Mr. Bentley referred to the scandals in which most of the leaders of the present opposition had figured and pointed out that that party in its efforts at regeneration had given the old offenders certificates of good character and placed them again at the head of the parade.

At the conclusion of Mr. Bentley's admirable and convincing address he was given a great round of applause.

W. M. Ryan.  
After Mr. Ross, of Glen Falls, had spoken of the necessity of doing something to prevent the flooded conditions of last winter and spring recurring, Mr. Ryan addressed the audience. In a powerful address he outlined convincingly the records of the two parties. The big issue, he said, was not the roads or whether the province should have an honest and progressive government or go back to the dark days prior to 1917.

Dr. Curran was warmly received by the audience. He compared the records of Messrs. Murray, Baxter, Jones and B. F. Smith with that of Messrs. Foster, Veniot, Roberts and Tweeddale. He said that Mr. Veniot was the most industrious man holding a portfolio and had gone all over the province many times to see that the roads were put in good condition. Mr. Smith had had beautiful visions of what he intended to do, but Mr. Veniot had done things and passed Dr. Roberts and gave him credit for the efficient health administration which had taken the place of the old useless provincial health board, useless because it was not supported by the government of that day.

Dr. Curran also praised Hon. Mr. Tweeddale's agricultural department and made a strong appeal to his hearers to support the Foster government on Saturday.

At Sussex and Westfield.  
At a largely attended meeting in Sussex last evening Mrs. E. Aheron Smith of this city gave a stirring address to an audience consisting of about 200 women besides many men. Her remarks were addressed to the women and she spoke on the issues of the election on Saturday. Colonel O. W. Wetmore, government candidate for Kings county, and Hon. Dr. Roberts, minister of health, also spoke. A vote of thanks was moved by J. D. McKenna, seconded by Charles Clarke and tendered by the chairman, J. H. McFadden.

### DR. GRENFELL IN NEED OF FUNDS FOR LABRADOR WORK

London, Ont., Oct. 6.—That Labrador is a portion of Canada that is going to prove of immense value to the dominion was a declaration in the Masonic Temple here last night by Dr. Wilfred T. Grenfell, famous Labrador missionary, in suggesting a campaign for funds in support of his humanitarian work. He said more hospitals are needed for the sick and money is needed to equip them. Dr. H. L. Paddon, assistant to Dr. Grenfell, said that one of the greatest scandals in Labrador was that pulp lands were held up. "This would not be the case if we had representation in parliament," he declared.

**Fry's Cocoa Girl**

SHE has rosy cheeks—yes—FRY'S enriches the blood. She is always ready for a romp—yes—FRY'S is a great energy maker. She is "pretty good" at school, too—FRY'S is good for her nerves. And all this wonderful food value comes at little cost, for FRY'S is very concentrated, a small spoonful making a big cup of delicious, nourishing Cocoa. Of course—

**"Remember, nothing will do but FRY'S"**

### FURNESS, WITHY'S NEW STEAMER LINE

Word has been received here of the purchase by Furness, Withy & Co. of the Trinidad Shipping & Trading Co's steamers Marual, Matara and Mayara, a congregational social was held at the Portland street Methodist church last evening. Reports of the year's work were read, showing that affairs of the congregation are in a good state. A musical programme was given in which the following took part: Miss Price, Miss Bromfield, Mrs. Carr, Miss Turner and Mr. Lavron. The ladies aid served refreshments.

### Oil-Driven Locomotive.

London, Sept. 1.—(A. P. Correspondence)—The first oil-driven express on British railway ran from London, Birmingham today. To the layman, the converted locomotive showed but little departure from old coal-consuming engine. The latter used 70 pounds of coal a mile, but since its conversion it burns only about 80 pounds of oil a mile, and does not emit smoke or cinders.

# Hear These Candidates Speak

## The Most Important Meeting of the Present Campaign

Will Be Held At
