ARBUCKLE CASE IN COURT TODAY

Men are Excluded from the Hearing.

Six Witnesses Summoned to Testify in Preliminary on a Charge of Murder—Arbuckle Held Cellar Key, Says His Housekeeper.

San Francisco, Sept. 22.—The preliminary hearing of Roscoe Arbuckle, on a charge of murder in connection with the death of Miss Virginia Rappe, before Police Judge Lazarus, occupied the attention of all connected with the case today.

The prosecution will endeavor to prove at the hearing, District Attorney Matthew Brady has announced, that Arbuckle attacked Miss Rappe in his suite of rooms in the Hotel St. Francis, Sept. 5, and caused injuries which resulted in her death four days later.

The witnesses subpoenaed for today's hearing are: Dr. S. Strange, acting autopsy surgeon, who performed the autopsy on the body of Miss Rappe; Dr. Wm. Ophelia, who performed an autopsy in company with Dr. Wm. Rummell, Miss Rappe's physician; Mrs. B. M. Delmont, complainant witness against the comedian and friend of the dead girl; Miss Alice Blake, one of those who attended the Arbuckle party; Miss Prevost, former moving picture actress and one of those who performed an autopsy on Arbuckle's guest; Miss Grace Halston, who attended Miss Rappe up to the time of her death.

The preliminary hearing will be held on a charge of murder, but it is within the discretion of Judge Lazarus to fix the degree of crime under the evidence. Arrangements were made to open the hearing at one p. m.

Only Arbuckle himself had the key to the cellar of his residence in Los Angeles, according to Miss Katherine Fitzgerald, housekeeper for Arbuckle, in testimony given to Ralph Caranillo, assistant district attorney.

Mrs. Fitzgerald said, according to Camarillo, that she understood Arbuckle's cellar was "generally stocked" with liquors, that he alone entered it, that she did not know when he had taken any with him when he started for San Francisco on August 1, which resulted in his arrest, and that while she answered for the payment of other household expenses, she never had seen a bill for liquor among them.

RUSSIA SAYS "NO, THANK YOU"

Declines to Open the Door to Anarchists and Insane from the U. S.

Washington, Sept. 22.—More than 100 Russian anarchists are at liberty in the United States under bonds which are covered by \$600,000 in Liberty bonds deposited with the secretary of labor, it was said today at the department of labor.

On account of the refusal of the Russian Soviet government to accept them, it has been impossible to deport them. Efforts of the U. S. government to induce the Soviet government to open its borders to receive these extremists as well as to receive about 100 insane and other undesirable Russians so far have been futile.

NEW RECORD FOR PANAMA CANAL

Washington, Sept. 22.—Despite the world-wide trade depression which held during the fiscal year 1921, a new high record was established for tonnage passing through the Panama Canal, according to official reports received here.

Paris in Court Is Confronted With Little Levine Girl

Says He Looks Like the Man But for the Mustache—Prisoner Has Counsel, and There is Tilt—Other Evidence Given Today.

The introduction of evidence seeking to establish the identity of John Paris as the man in the Sadie McAuley murder case, and a lively tilt between the magistrate and G. H. Vernon, of Truro, N. S., counsel for the accused, marked this morning's hearing of the case of John Paris, charged on suspicion of causing the death of Sadie McAuley on or about August 2. Five witnesses were examined and the court adjourned until this afternoon. The court room was crowded to capacity.

The evidence of Dr. H. L. Abramson, who on August 9 performed an autopsy on the body of the murdered child, was taken. The doctor read the result of his findings and he had come to the conclusion that the child had been criminally assaulted and strangled to death.

There was a dramatic moment when little Hattie Levine, who was with Sadie McAuley on the day she met her death, was asked if the prisoner was the man she had seen with Sadie on that day. Paris stood up in the dock and faced the child boldly. She said he looked like the man, was about the same size, but his mustache made him look differently. Robert Elliott, gave evidence of seeing the two little girls come to Douglas avenue on the day of the disappearance of the McAuley girl and of the Levine girl. Mrs. Robert Craft testified that she had seen the accused on August 2 and August 3 and told of Walter Humphrey coming to get her husband's boat to row Paris across the river. Robert Craft said he had let Humphrey have his boat, but did not remember the date. He had not seen Humphrey and Paris together in the boat.

During the taking of Craft's evidence Mr. Vernon of Truro, counsel for Paris, arose several times to take objections to questions asked by the witness by Sergeant-Detective Power, who conducted the prosecution. He was ordered by the magistrate to sit down, but persisted in attempting to speak. He maintained that when a man's life was at stake he had the right to object to improper questions. The magistrate scouted the idea that a man's life was at stake in a preliminary hearing and reminded Mr. Vernon that he had a means of dealing with him if he refused to sit down. Mr. Vernon took his seat, remarking that he would object every time an improper question was asked. Soon after, the examination of this witness was concluded.

Mr. Vernon waived cross-examination of Dr. Abramson. To the magistrate he said there was evidence of rape.

Hattie Levine, 30 Clarence street, said: "On the second of August I went down the avenue with my daddy's dinner. Sadie McAuley went with me. I gave papa his dinner and then we were going to get the hill we met two girls coming up and we walked along with them. We met a man and he started to pick some foot on it and Sadie went through. I called to her two or three times. I heard her say 'what', and then I saw I was going home and I never heard from her again. I came up the hill. I met a man named Bob and told him Sadie had stayed to pick berries. I asked him where was papa and he said papa was gone to the station.

"I then sat down to eat some cake papa had left in his can, and went down again to see if she was coming, but she wasn't. I came home and told mama. She sent me right back and her and her sister went all over through them bushes but we didn't see her. She came home and Sadie McAuley's sister and her brother went down.

"Looks Like Him." Sergeant Power asked the accused to stand up. "Is the same size as the man I saw that day?" "Yes," said the girl, "and he looks like him, but his mustache makes him look a little different. On that day," she said, "the man had khaki pants, a brown coat and a gray cap. He did not have puttees on."

To Mr. Vernon she said: "I don't remember being brought to this man to recognize him as the man I saw that day. I saw a man down where we went to get berries. This man looks like him, and is about the same size as him. His mustache makes him look a little different. He was brought in to see different people who were arrested but I don't remember about this man. I don't know if I was with him on August 2. I was with the man half an hour or an hour. I was close to him a lot of the time. I was talking to Sadie. Sadie was a stranger from here. I did not hear any girl crying out for help. Sadie was nine years old. I am eleven. She was shown from the maritime provinces of some men and I think I was shown one of this man. It didn't look like this man on his pictures. He had a mustache in the pictures."

To Sergeant-Detective Power she said the man she saw down where the hill did not have a mustache.

To the magistrate she said: "The man that came up the hill gave me an hour and a half. I had seen Paris in the morning of August 2. I don't remember seeing him on August 4. The day was fixed in my mind because August 2 was the night of the fire. The different clothes he was wearing were fixed in my mind because he was all dressed up that day. On August 2 he had on a light shirt and soft hat and long khaki pants, in the evening.

"On Tuesday, August 2, I saw him only once or twice. He did not seem to be excited about anything. My son lives in Milltown, N. B., and I thought I would rather go to be married and where he is than home in such company. I was lonely. I don't know about Humphrey taking Paris over before. Humphrey often got the boat. I have talked this over with my husband and the detectives about the dates, have never had trouble in court. Humphrey boarded at Mrs. Walter Cook's. On the morning of August 2, Paris was just coming up the yard into his own door."

As Hiram Sees It

"Look-a- here," said Mr. Hiram Hornbean to the Times reporter, "I want you to put in the paper for me that I got a man-eatin' dog on a license to keep a shotgun."

"My word!" said the reporter. "Does Mrs. Hornbean approve?" "She don't know about the license," said Hiram, "an' she ain't seen the dog in action. But if any o' them orchard thieves comes out to the Settlement there won't be no action for trespass. We don't mind a lawsuit now an' agin when we got nothin' else to do, but when it comes to goin' out with an otomobel an' robbin' a hull orchard we want somethin' more excitin'—yes, sir. An' we'll hev it—too. I ain't no gunnan, but I callate me an' the dog kin make an impression. I got that old musket loaded up with course salt—an' I got a few slugs if I need 'em. You might jist say that I been hev'in' some target practice lately an' the dog aint heeled a spell. It may be great fun to rob a bushman, but that ain't a patch to the good time me an' the dog is aimin' to hev—By Hea!"

ONLY ONE POINT BETWEEN TEAMS

Yankees and Cleveland in a Sensational Struggle.

Giants Now Four Games to Good Over Pittsburgh—Reg. Hart Halifax Harbor Rowing Champion—The Fredericton Races—Late Sport News.

New York, Sept. 22.—The New York Americans, still holding first place in the thrilling struggle for supremacy in the American League, today found the Cleveland club close to them, a single point separating the two teams.

The Yankees, idle yesterday because rain damped the Polo Grounds, were obliged to confine their activities to reading the score from Boston, where the Indians turned the tables on the Red Sox and defeated them. Today originally was an open date for the New York team but, weather permitting, they were to play Detroit a game postponed from yesterday. Cleveland was to conclude its series in Boston.

The results in the National League were favorable to the Giants, whose lead over Pittsburgh today amounted to four full games. The Giants defeated Chicago in an old fashioned slugfest match, and Brooklyn, with Clarence Mitchell, a lefthander, in the box, won from the Pirates, two to nothing, in seven innings.

By twice defeating the Chicago White Sox, Washington went into fourth place in the American League. After seven straight victories the St. Louis Cardinals were stopped by the Boston Braves, who won in the ninth.

Right hitters were the only home run hitters yesterday, Nicholson of the Braves sitting his fifth of the season, and Goslyn of Washington making his first.

Second baseman Harris of Washington handled seventeen fielding chances without error in the double-header with Chicago. In the first game he made six put outs and four assists and in the second four put outs and three assists.

Hart rowed Hilton Belyea at the Renforth regatta but was not a match for the St. John man.

Fredericton, N. B., Sept. 22.—After a heavy rain which commenced at midnight and continued until after seven o'clock this morning the weather cleared off and it was said that not only would the third day's racing on today, but that the track would be exceptionally fast.

The free-for-all trot in which there are four starters, is the feature event of today's card, and Alfred King, the Maine champion, is favorite over three provincial favorites. The Exposer, Zelma Strong and Border Prince. The 216 and 227 pace stakes in which the Freque late pacer, Donald Keith and Seeharor, are favorites, will complete the programme.

SEPTEMBER BRIDES

A quiet wedding was solemnized in St. Jude's church, West St. John, on Wednesday, when Sadie Mathilda, youngest daughter of the late Samuel L. Clark and Mrs. Clark of Nauyasewauk, and Andrew Melbourne Foster of this city were contracting parties. The ceremony was performed in the presence of a few close relatives by the Rev. J. H. A. Holmes, rector of the parish, assisted by the Rev. Bernard Waddington, rector of Hammond River. The bride, who was given away by Mr. Oatis Clark, a cousin, wore a suit of brown tulle with hat to match and carried a bouquet of sweet peas. After a short honeymoon Mr. and Mrs. Foster will take up their residence at Nauyasewauk. The illness of the bride's mother and sister necessitated the wedding being only a very quiet affair. The newly married have the good wishes of many friends for every future happiness.

REPORTED AGREEMENT WITH A CANADIAN BANKING SYNDICATE—EFFECT ON BRITISH POLICY.

London, Sept. 22.—(Canadian Press)—The Times correspondent at Peking says that important issues have been raised by an agreement recently signed in that city which a Canadian banking syndicate will lend the Republic of China three million gold dollars against one year bonds secured on various enterprises.

It is noted that the discount and interest give a return to the Canadian investors of a rate exceeding twenty per cent, per annum.

The correspondent says that the transaction seems to be in order except that the concertium of the powers formed to regulate the question of a loan has not been consulted and that the loan is a direct negotiation of the British government's policy in China.

It is pointed out, however, that the Canadian government is not a party to the concertium agreement of Great Britain, U. S., France and Japan and may feel under no obligation to observe its terms. Nevertheless, foreign parties to the concertium will naturally take the view, says the correspondent, that if the Canadian loan goes through, the British government will be subscribing to one policy with the right hand and to a totally different policy with the left. A concertium arrangement must end if all parties to it do likewise.

SEES IMPROVEMENT IN ST. JOHN HARBOR

Captain Adams, Naval Commander Here Twenty-five Years Ago.

Return Visit at City Hall and Exchange of Courtesies With Governor—Tonight Big Time in Rink.

Captain H. G. H. Adams, officer in command of the Canadian naval squadron now in port, accompanied by Lieutenant-Commander C. J. Beard, commanding officer of H. M. C. S. Patriot, one of the members of the fleet, visited city hall this morning and officially returned the visit made yesterday by the boats by Mayor Schofield and the city commissioners. The visit was a brief one but during the time the naval officers were at civic headquarters, Captain Adams informed the council that this was the first time in twenty-five years that he had been in the port of St. John and he noted with pleasure the many improvements which had taken place along the harbor front.

It was announced this morning that the warships would remain in the harbor until about 5:30 o'clock on Sunday morning when they would sail for Halifax. On this account the proposed church parade of the ships' companies was cancelled.

ALWAYS READY TO DO ITS SHARE

The C. C. Band Today Gives More Evidence of Its Fine Public Spirit.

For well nigh forty-seven years the City Cornet Band has been to the foremost among musical organizations here and in that time has well earned an enviable reputation for fine community spirit. It has always been quick to assist in public demonstrations and has never hesitated in appealing to the people for funds for new instruments and uniforms and it does not make this appeal without offering substantial returns. The large sum of \$1,500 to be given in its grand around the world drawing and the fair to begin on next Monday will be found well worth the outlay of all who attend. The band therefore need have no hesitations in appealing to the people for funds for new instruments and uniforms and it does not make this appeal without offering substantial returns. PLAN SPEEDIER WIRE SERVICE

A Maximum of ten minutes on every telegram from the time it leaves the sender until it reaches the addressee will be the aim of the Western Union Telegraph Company in future according to details now being worked out at a conference of officials and provincial managers of the company now being held in the city. Addresses have been heard at the sessions to date from the heads of the office at New York and elsewhere and there has been a general exchange of views among the delegates. Last evening the visiting delegates had a theatre party to the Opera House and the evening after the officials were guests at the Imperial. The conference will be brought to a close tomorrow.

A HEAVY FIRE LOSS AT ST. CECILE

Sherbrooke, Que., Sept. 22—Damage estimated at between \$75,000 and \$100,000 was caused by a fire yesterday at St. Cecile, about nine miles from Lake Magalloway. It is said that the fire was set. A thousand cords of cedar shingles, 400 cords of pulpwood and several thousand feet of hardwood lumber were destroyed, the property of D. Lalonde and Gagnon, while their saw mill and nine houses were badly damaged. The Q. C. tank, which was the village's chief water supply, was one of the things to go, and as a consequence the work of the volunteer firemen became a serious task.

MAY BE OPEN SHOP FIGHT

New York, Sept. 22—Possibility of an open shop fight in the printing industry here is the subject of the executive council of the International Typographical Union and officers of "Big Six" local union trade, when they met today to consider demands of employing printers for arbitration of a new wage schedule, effective October 1. The publishers have demanded a twenty per cent wage cut, which the union countered with a demand for an increase from \$50 to \$55 a week.

N. S. VETERANS

Amherst, N. S., Sept. 22—At the G. W. V. A. provincial command convention here the report of President C. E. Bent and the secretary, Mr. Hamilton, were presented and the convention went into committee to discuss their clause by clause. Tonight a mass meeting of ex-service men and organizations will be discussed.

A NEW BARRISTER

Halifax Recorder—This morning before Mr. Justice Russell in the Supreme Court, on motion of W. J. O'Hearn, K. C., president of the N. S. Barristers Society, William Frederick Lane, M. A., L. B., of Bayfield, Westmorland County, N. B., was admitted to the Bar of Nova Scotia. Mr. Lane is a graduate in Arts from St. Francis Xavier and in law from Dalhousie. He will practice his profession in Moncton.

IN WALL STREET.

New York, Sept. 22—(10:30)—The cut in the re-discount rates announced by the local federal reserve bank after the close of yesterday's session promptly active buying for both accounts at the opening of today's stock market. Ralls, equipments, oils and motors were most favored. Reading, Baldwin, Harvestor and Pan-American Petroleum averaged one point gains. American International (Goodrich, Industrial Alcohol, Studabak) United States Rubber, Retail Stores and the leading trans-continental rails also strengthened. Heaviness was shown by Bethlehem Steel, American Sugar, Pullman, Food Products and Utah Copper.

New York, Sept. 22—(Noon)—Mexican Petroleum swung into line with other leaders during the first hour, rising two points, and Bethlehem more than recovered its loss. Other oils, steels and equipments hardened and rails took an upward trend. Before noon, however, Mexican Petroleum became unsettled again, cancelling all its gains. Food Products were the only conspicuously weak stock, falling to a new low record. Call money opened at five per cent. Recent Canadian bond issues here continued to affect the value of the Canadian dollar, which was quoted at 9 1/2-16 per cent. discount, as compared with 10 per cent. discount yesterday.

BRITISH REPLY DECIDED ON?

Irish Viceroy Has Left Scotland.

One Report Says Answer to De Valera to be Sent Tonight—Tone of the Press Comment is Not so Hopeful Today.

Gairloch, Scotland, Sept. 22—Viscount Fitzalan, the viceroy for the colonies and Edwin S. Montagu, secretary for India, who have been here with Premier Lloyd George, left today, Secretary Churchill preceding to Dundee, where he is expected to make an important speech Saturday.

London, Sept. 22—Prospects of a conference between Sinn Fein representatives and members of the British cabinet at an early date were declared today to be less hopeful as a result of yesterday's consultation between Premier Lloyd George and several of his ministers at Gairloch. Several of this morning's newspapers reflected this view and reports from political correspondents at Gairloch generally agreed that the ministers showed a more rigid attitude toward Southern Ireland.

It is declared there is a tendency on the part of the cabinet members who attend the conference to insist that the Sinn Fein should withdraw their claim that Sinn Fein delegates would enter the conference as representatives of a sovereign state. They are said to urge that such withdrawal be made before the government agrees to meet with the Sinn Fein, that if the conference meets, the separation issue shall not be raised.

Premier Lloyd George, according to the Daily Mail, is taking an unbending attitude in the matter of the latest Sinn Fein communication and is supported by his colleagues. The Times, however, remarks that yesterday's meeting scarcely represents all shades of opinion in the government and it expresses the opinion that for this reason the premier desires to consult with the cabinet before replying to Mr. De Valera.

The French and German authorities in the district were continuing the rescue work today in the closest collaboration. A German hospital train has arrived at Frankfurt and a French train at Treves with injured from the scene of the disaster.

HON. MR. KING BELIEVES LARGE MAJORITY SURE

Montreal, Sept. 22—In an interview after his arrival here, Hon. W. L. Mackenzie King, leader of the Liberal party, said emphatically that he had become convinced he would secure a large majority over the Conservatives in the coming election. There was apparently no doubt in Mr. King's mind on this point.

WEDDINGS AT FREDERICTON AND IN THE VICINITY

Fredricton, Sept. 22—On Wednesday night at the residence of Mr. and Mrs. Charles Saunders, McKee street, Dawson's daughter, Miss Sophia, was united in marriage to George Taylor Daye, of Chipman. The ceremony was performed by the Rev. W. McEachern, in white satin and georgette with veil. After the wedding they left on a wedding trip which will include Maine and places in this province. The bride wore blue with pink tie and hat to match. Mr. and Mrs. Daye will make their home in Chipman. The groom served overseas with the C. E. F.

Harry W. Rice of Hibernia, and Miss Bertie Appleby of Lawfield, were united in marriage at the home of Mr. and Mrs. A. J. Holmes, 276 King street, by Rev. Z. L. Fash. The bride was dressed in navy blue silk and wore pearls, the gift of the groom. She was given in marriage by her father, Edward W. Appleby of Lawfield. The bride and groom left for Halifax on a honeymoon. They will reside at Hibernia where the groom is a prosperous farmer.

Raymond Henry McFarlane, son of Mr. and Mrs. George McFarlane of Southampton, and Marie Wilhelmina Patterson, daughter of Mr. and Mrs. Bruce Patterson of Athol, Minnesota, were married at the Brunswick street Baptist paragon on Wednesday. The bride wore a traveling suit of tulle with hat to match. She was unattended. She taught last year at Southampton. They were performed at Southampton. Rev. G. C. Warren presided at the ceremony.

Wednesday evening Hattie Florence MacLellan, daughter of Mr. and Mrs. George MacLellan of Parker's Ridge, was married here to Herman Warren Billing, son of Mr. and Mrs. George Billing of Central Hainesville. The bride, who is teaching school at Dumfries, wore tulle with hat to match. Rev. G. C. Warren officiated.

THANKSGIVING DAY ON NOVEMBER 7

The Times has been asked by several people as to what date Thanksgiving Day would fall on this year. At the last session of the parliament, the Monday of the week in which Armistice Day fell was fixed. That will be November 7 this year.

Barn and Hay Burned in Fredericton Last Night—Boys Seen in Vicinity.

Fredricton, Sept. 22.—(Special).—Fire late last night destroyed a large barn on the Brick Kiln road in this city, together with a large quantity of hay. The hay was the property of Camp Bros., livery stable proprietors of this city. The barn was the property of Fred. B. Edgcombe. Mr. Edgcombe carried some insurance on the barn. The fire from the building in which it started along fences, and for a time looked rather threatening. Small boys had been seen about the barn late last night firing a 22 rifle. It is thought possible that smoking caused the fire.

HAVE RECOVERED BODIES OF 850

More Than 2,500 Injured So Far Treated.

Death List in German Explosion May Show 1,500 Names—French and Germans Co-operate in Relief Work.

Paris, Sept. 22—Up to this morning 850 bodies had been recovered from the wreckage of a new gas, the qualities of which had not been fully ascertained. A German hospital train has arrived at Frankfurt and a French train at Treves with injured from the scene of the disaster.

Amsterdam, Sept. 22—The total damage done by the explosion in the Badische Aniline Company's chemical plant at Oppau yesterday is estimated at 150,000,000 marks, according to Berlin advices received here today.

Mayence, Sept. 22—Estimates today continued at approximately 1,900 and already 2,500 injured persons have received treatment.

MORE BUILDING IN FREDERICTON

People Taking Advantage of New Housing Allotment—Also Some Private Ventures.

(Special to The Times.) Fredericton, Sept. 22—Building activity in Fredericton continues. Added to the large number of dwellings which have been erected in this city so far this year, there is to be a number built under the provisions of the Housing Act by grants from the second allotment of \$50,000. The housing board at a meeting held Wednesday approved and passed four applications.

These applications which have been approved, make a total of seventeen built or building in Fredericton under the act. Thirteen were built with grants from the first allotment of \$50,000. The number of dwellings being erected by private endeavor without assistance under the Housing Act greatly exceed the number being built under the act. The decrease in building costs stimulated building activity.

OLYMPIC HAD A BOISTEROUS ONE

Three Day Gale on Voyage—Indian Chief Gives Captain Title.

New York, Sept. 22—The Olympic arrived here last night after the rough trip of her career. She encountered a gale of hurricane force, which raged for three days.

Among the passengers was Desk-Ke-Leh, chief of the Cayuga tribe of Indians of Ontario, who was returning from London, where he lodged a protest against a Canadian law making the Indians citizens of the province in which they live. Desk-Ke-Leh, on the way over, caught hold of some of the stationery of Captain Sir Bertram Hayes, commander of the Olympic. He read: "Captain Sir Bertram Hayes, K. C. M. G., D. S. O., R. D., R. N. R." "Ugh," he said, "that all the letters you got."

The skipper said it was, they were, and the chief registered much contempt. "I give you lot more," he said, and thereupon he treated Capt. Hayes a chief in the Cayuga tribe, naming him "Tak-Eya-Dy-Yes."

This, says the chief, means "man who crosses big water."

LIBERAL LEADER AND N. B. PREMIER MEET IN MONTREAL

Sir Lomer Gouin May Enter Federal Arena.

Growth of Quebec Population and Effect on Representation in Commons—Remarks About New Cabinet.

Montreal, Sept. 22—Hon. W. W. Mackenzie King, Liberal leader, arrived here this morning from Toronto, and went into conference with Premier Foster of New Brunswick.

The election campaign will be formally opened by the Liberals in the province of Quebec this evening when Hon. Mr. King, Sir Lomer Gouin, E. A. Lapointe and Premier Taschereau of Quebec, will speak at a banquet being tendered Hon. Rodolphe Lemieux in celebration of his twenty-fifth year of political life. It is announced that Sir Lomer Gouin will announce his entry into federal politics.

Ottawa, Sept. 22—How far the estimate of 2,500,000 as the population of Quebec province (an estimate reached by G. Marquis, chief statistician of the province) is correct, the census bureau here is unable as yet to determine. The figures have aroused great interest here as giving a probable indication of the effect of representation as basis of next distribution of seats in the House of Commons.

The population of Quebec in 1911 was 2,008,779 and the unit of representation 20,888, a figure reached by dividing the population of Quebec province by six-fifths, the fixed number of members from Quebec as determined by the B. N. A. Act.

If the population of Quebec is now 2,500,000 the unit of representation will be increased to 28,250 and the number of members the other provinces will be entitled to will be considerably affected. Any such changes will not, however, affect the coming general election. The changed representation will come into effect only after a redistribution bill is brought down in the next parliament.

N. S. Farmers. Truro, N. S., Sept. 22—It is probable that nine or ten constituencies in Nova Scotia will nominate farmer candidates for the dominion elections, according to forecasts at the session of the provincial executive of the United Farmers Association of Nova Scotia here yesterday. It was announced that the nomination of candidates for the coming general election, executive of the United Farmers Club is expected in Nova Scotia about the middle of October.

A Western Attack. Victoria, B. C., Sept. 22—Declaring that the Meighen government had broken faith with the people of Western Canada in the matter of representation, Premier John Oliver of British Columbia said at the opening of the new Liberal Club that the minister general, Hon. T. A. Crerar, referring to the voters lists had said that they would take off that list and put on that list just those who saw fit. Oliver said: "One dollar and six bits is a bottle profit, that is what the dominion government is forcing the people of British Columbia and Quebec to contribute to the government's exchequer."

The incidence of this tax on liquor is taking away from the people of this province many millions a year."

Too Late, Says Chronicle. Halifax, N. S., Sept. 22—The Chronicle says: The completion of the reformed cabinet suggests the familiar fable of the mountain and the mouse. It doubts whether those who have come in are equal in general equipment to those who have gone out. But, it says, even if Mr. Meighen had been called to the cabinet, it is doubtful if he would have been able to take his courage in his hand when he assumed the duties of the country, which he has not, reorganization has come too late. Had he been bold enough to take his courage in his hand when he assumed the duties of the country, which he has not, reorganization would have been a universal opinion from one end of the country to the other, the nothing can save the government from defeat.

CASE OF PICKFORD AND BLACK SHIP

THE LIST OF VOTERS. One hundred applications to be placed on the voters' list have been allowed by His Honor Judge Armstrong to date, while many have been refused on various grounds. Noticeable among the applicants is the large number of women. Many returned soldiers are also making application. They heretofore voted on presentation of certificate as to their serving overseas. No further applications is expected that there will be not more than 150 additions to the list.

LINE COMPLETED. The electric power line from the city to the radio station at Red Head has been completed. It is expected that current will be available from this line for the lighting of houses along the route as soon as the power is turned on.

BLOW DRIVES SCHOONERS HERE FOR SHELTER. The rough weather last night forced several ships to seek shelter in this port. The Cumberland Queen from Windsor to New York with a cargo of plaster; the Ena F. Parsons, from Cheyrie to New York with lumber, and the Morris and Cliff from Alma for Boston with lumber, all sought a harbor and the schooner St. Mary, which loaded at this port delayed sailing until this morning. The men of the schooners which came in all report very rough weather, with waves mountain high. So far as could be learned at noon there were no shipping casualties on this part of the coast.

ATTENDANCE AT FREDERICTON FAIR BREAKS RECORDS. Fredericton, Sept. 22—The Fredericton exhibition, favored by magnificent weather, surpassed all former attendance records up to Wednesday night. The day was the biggest day of the fair. The treasurer's office issued a statement this morning, showing that 9,981 people paid admissions on Wednesday. The attendance record for the two fairs of 1919 and 1921 for the first four days is 17,076 and 18,861.

ORPHANAGE FAIR DAILY NEWS-LETTER.

St. John, N. B., Sept. 22, 1921. Greetings.—Yesterday we were dealing with the question of responsibility in regard to the care and education of the orphans and other homeless children. The fact was mentioned that this present movement was organized through a few individuals interested themselves among their fellow members of the fraternal societies. This action on their part was merely "a means to an end," the object of which was not only to arouse the Protestants to a sense of their duty, but also to create an independent organization around which all might rally, and from which might arise in due time a permanent and aggressive force whose efforts would never be relaxed until suitable accommodation had been provided for all. The immediate need, however, is for every Protestant man or woman, not merely those who have received a personal invitation, but all who can, to seek out for themselves some way in which to participate in this movement. Times are hard; many who have not the means to contribute as they would like, may find other ways of assisting. Those who have any desire or wish to help in a movement of this kind should never wait for a personal solicitation, advise those in charge of your readiness to assist. If you have a contribution of any kind no matter how small, even such as the "Widow's mite," which in the Master's eyes was the greatest of all, kindly advise us, or forward if possible. In the press you might be missed by those soliciting, and, if you intend to help, your action in volunteering such assistance relieves the workers to that extent and enables them to see others who may not be so open hearted as yourself. Study this carefully and let us hear from you as soon as possible. "The Lord loveth a cheerful giver." How much more so must He love the voluntary giver.

CHAIRMAN.

Jas. E. Arthur, Secy, Box 12, City.

THIRD CLASS RATES TO EUROPE LOWERED

White Star-Dominion Line Announces Reductions to Continental Ports.

A general reduction in third-class steamship rates from Montreal to ports in continental Europe, to come into effect immediately, was announced recently by the White Star-Dominion Line, and is expected to be followed by other steamship companies operating out of Montreal. The amount of the decrease is \$25 in each case and applies on passages to Hamburg, Bremen, Danzig, Pillau, Libau, Riga, and Reval. Hamburg and Bremen rates drop from \$125 to \$100; Danzig and Pillau, \$135 to \$110; Libau, \$145 to \$120; Riga, \$150 to \$125; and Reval, from \$155 to \$130. The same reductions will also be effective on steamers of the White Star and American Lines sailing out of New York, including a drop from \$121.50 to \$100 on passages to Antwerp and Rotterdam. RECENT WEDDINGS

Murphy-Blanchard. Yesterday noon at the residence of Rev. F. S. Dowling, who performed the ceremony, Miss Dorothy Golding Blanchard, daughter of Mrs. Elsa Robinson, Perry's Point, Kings county, became the bride of Leonard Victor Murphy, son of Mr. and Mrs. O. W. Murphy, also of Perry's Point. They left on the 2 o'clock train for Fredericton and points north and on their return will reside at Perry's Point.

Smith-Coulthard.

At the parsonage of Queen square Methodist church on Tuesday afternoon, Ewart Smith, of Fredericton, son of Mr. and Mrs. Bradford Smith, of Florenceville, and Miss Lenore, daughter of Mr. and Mrs. Herbert Coulthard, of Fredericton, were married by Rev. Neil MacLaughlin. After a brief honeymoon they will live in Fredericton.

Moore-Hovey.

At the Central Baptist parsonage yesterday afternoon, Myles Jordan Moore, of Fredericton, was united in marriage to Miss Alice Augusta Hovey, of Maryville, York county, by Rev. E. H. Bone. The bride and groom were unattended. The bride wore a becoming traveling suit of navy blue with hat to match. After a short honeymoon, Mr. and Mrs. Moore will take up their residence in Halifax where the groom is in the employ of the express company. Many guests wish them a happy and prosperous future.

Van Wart-Hay.

A wedding of much interest to many friends throughout the province was solemnized in the Brunswick street Baptist church in Fredericton at 2 o'clock on Tuesday afternoon, September 20, when Rev. Mr. Warren, pastor of the church, united in marriage Miss Marie Hay, daughter of Dr. and Mrs. H. B. Hay, of Chipman (N. B.), and Donald Hendry Van Wart, son of Mr. and Mrs. J. B. Van Wart, of St. John. The bride was given in marriage by her father and looked charming in a traveling suit of navy blue with hat to match. The groom has a successful drug store business in Edmundston. They have very many friends throughout the province and hearty good wishes for their happiness are extended to them. After the wedding ceremony, Mr. and Mrs. Van Wart left for an automobile tour through the province and on their return they will reside in Edmundston. Only immediate relatives and friends were present at the wedding and amongst those from outside points were the bride's parents, Dr. and Mrs. Hay and their sons and the groom's parents. Many beautiful presents were received in testimony of the popularity of the bride and groom.

Kiaghorn-Myles.

The residence of Mr. and Mrs. James Myles, 175 Wright street, was the scene of a very pretty wedding Wednesday afternoon at 3 o'clock when their daughter, Minnie Gordon, was united in marriage to Hayward Coburn Kiaghorn, of Cranbrook (B. C.), son of the late Mr. and Mrs. William Kiaghorn, of Fredericton. The bride, who was given away by her father, wore a gown of ivory net with train and bridal veil caught the collar with orange blossoms. She carried a shower bouquet of bridal orange and sweet peas. She was attended by little Miss Burdett Harmon, cousin of the groom, as flower girl, who wore a dainty dress of pink organdy and carried a basket of pink sweet peas. The bridesmaids were Misses Mabelle Shaw, Evelyn Crockett, Edith Ward, Eileen Akerley, Emma Hand and Edna Anderson, in light colored organdy dresses with hats to match, were the ribbon bearers. Rev. Herbert E. Thomas officiated and during the ceremony Mrs. William Beville, sister of the bride, presided at the piano and Miss Edith Magee sang "O Perfect Love." Following the reception Mr. and Mrs. Kiaghorn left on the C. P. E. for their home in Cranbrook via Toronto and the Great Lakes. The bride's traveling attire was a navy blue suit with hat to match and seal shoes. The groom is a graduate of the U. N. B. and served overseas with the Canadian Engineers. At present he is employed with the natural resources department of the C. P. R. at Cranbrook.

The out-of-town guests were: Mrs. John Kiaghorn, Miss Louise Kiaghorn, Mrs. A. S. Jackson, Mrs. Burdett Harmon and daughter and Mr. and Mrs.

RECENT DEATHS

Wendell R. Jones.

Many in St. John, Woodstock, and other parts of the province will be deeply grieved on learning of the death of Wendell Randolph Jones, auditor and accountant, of this city, who passed away in the General Public Hospital, at 3 o'clock yesterday afternoon. Some days ago he was taken ill and his case was finally diagnosed as appendicitis and operation was performed but unfortunately he did not rally. He was the eldest son of Mr. and Mrs. Wendell P. Jones, of Woodstock, was thirty-two years old and had embarked upon a career in which his talents gave promise of much success. Mr. Jones is survived by his wife who was Miss Ida Haley, of St. John, one daughter, his parents, four brothers and five sisters. The brothers are Charles J., Raymond G., Randolph K., and George Y. Jones, all of Woodstock. His sisters are Mrs. Harold Ritchie, of Newcastle; Mrs. Frederick C. Morrell, Mrs. Clarence H. Coll, of Mount Allison University, and Audrey Jones, of Woodstock. His family will have the deep sympathy of a large circle of friends in their great loss.

Funeral service will be conducted at 3 o'clock this afternoon at the home of A. W. Petch, 39 Peters street, and the body will be taken on the C. P. E. train to Woodstock where the funeral will be held from the home of Mr. and Mrs. W. P. Jones on Friday afternoon.

Mrs. Allida Sherman.

Mrs. Allida M. Sherman whose death occurred in St. John last week was in her seventy-ninth year. She had been in failing health for some time and died, which was not unexpected, came from general weakness due to her age. She was the youngest daughter of the late Charles McCready of Penobscot, having been born there in 1841. She lived for a time in Sussex and at Hatfield's Point, and afterwards spent some years in Alberta, returning to St. John a few years ago. J. E. B. McCready of Charlottetown is a brother.

The funeral was held at Penobscot on Friday, Rev. Abram Perry officiating. Mrs. Sherman was greatly esteemed, and a host of friends learned of her death with keen regret.

Mrs. John A. Middleton.

The death of Mrs. Annie M. Middleton, wife of John A. Middleton, occurred yesterday after a lingering illness. She is survived by her husband, one daughter, Mrs. Charles Iddolls, of this city; her parents, Mr. and Mrs. William Cummings, of Montreal; three brothers, David, George and Harry, all of this city; also five sisters, Mrs. J. W. Neely, of Melrose (Mass.); Mrs. D. A. McAdam, of Montreal; and Mrs. J. A. Moore, Mrs. T. W. Moore and Mrs. William McIntosh, all of this city. The funeral will be held at 2:30 p.m. on Friday afternoon at 155 Pitt street, on Friday afternoon at 2:30. Interment will be in the Cedar Hill cemetery.

Charles Frederick Brown.

His many friends will be shocked to learn of the death of Charles Frederick Brown, which occurred yesterday at his residence, 36 High street. He had been in failing health for some time. He was a well known merchant of the city and had conducted a grocery business in Main street for several years. He had been a member of the St. John fire department for the last thirty years and was sub-chief of the North End district. He was also prominent in Masonic circles. He is survived by his wife, four sons, two daughters, two brothers and one sister. The sons are William L. H. Cecil, C. Walter and F. Yule, and the daughters Mrs. J. L. Heans and Miss Edith Brown, all of St. John. The brothers are W. K. Brown, of this city, and J. Thomas Brown of Halifax. The sister is Miss Charlotte Brown, also of Halifax. Notice of the funeral will be given later.

Child of Walter W. Brown.

Many friends will sympathize with Walter W. Brown, of 219 City road, in the death of his infant son, Norman Douglas, aged nine months, which occurred last evening at his father's home. The funeral will be given later.

Mrs. M. C. Denton.

Mrs. M. C. Denton, of Digby, passed away at her home last evening after an illness of less than twenty-four hours. Her husband was in Picton and arrived home just in time to see her alive. She was very prominent in church work in Digby. She is survived by her husband, one son, Sydney, her mother, and a number of brothers and sisters.

Mrs. Warnock.

The flag was at half mast on the schooner Charles C. Lister yesterday. A telegram was received yesterday morning from her commander, Captain Warnock, saying that his wife died at Calais. Much sympathy is extended to the captain, who is well known at this port.

MOST REMARKABLE DEPORTATION KNOWN

Twins Not a Month Old, Found in Suit Case, Back in Windsor.

Windsor, Sept. 22.—The nameless twin girl babies found last Thursday evening on the Detroit-Windsor ferry boat were deported to Windsor by order of Dr. A. P. Treat, Chief of the United States Immigration Service at Detroit. The Canadian Immigration Department has agreed that the onus of proving the identity of the infants rests with the dominion.

The twins, who are now known as Nos. 1 and 2, were received at the Windsor ferry dock by Inspector Orval Adams, in charge of immigration here. They were registered by Officer Clarence Mason, taken to the Shelter of the Windsor Children's Aid Society, pending the outcome of the search for the woman who abandoned them in a suitcase.

The deportation is the most remarkable in the history of the United States Immigration Department at Detroit, in that the twins, scarcely a month old, are the youngest persons ever subjected to such a ruling by immigration authorities.

LEARN HOUSEKEEPING IN NEW YORK SCHOOLS

New York, Sept. 22.—On the assumption that most girl pupils some day will marry and make their homes in small city apartments, public schools here are being equipped to teach them how to keep house economically and efficiently under those conditions.

Part of the equipment of the domestic science department of each of the new standard school buildings opened this year, is a model flat, filling the space of one ordinary schoolroom and including a kitchen, living room, dining room, hall, bedroom and bath.

Adjoining the model flat is a large cooking room and three small kitchens, separated by railings, the entire unit providing for the instruction of 40 pupils at once.

ONE OF PUZZLES OF NEAR EAST

What is the Ultimate Fate of General Wrangel's Army in Exile?

Athens, Sept. 1.—The ultimate fate of General Wrangel's Russian army in exile of whom 20,000 officers and men still are encamped on the Gallipoli Peninsula still continues one of the unsolved puzzles of the Near East.

General Wrangel has held together the best of his officers and men from among the refugee army which fled from Russia before the victorious Bolsheviks. He has hoped that his forces would be again needed in Russia to maintain a new government "when the Soviet regime collapsed."

But this is a hope deferred and Wrangel's best fighting men wait in their tents and huts on Gallipoli.

Major Jean de Hoover, chairman of the League of Nations commission for the exchange of populations between Greece and Bulgaria, has visited the Russian camp and brought away a very favor-

able impression of the officers and men. He knows something about the Russian fighting man for he was formerly the Belgian representative with Wrangel's anti-Bolshevik strength in the Crimea. He says: "In this camp, besides 1,500 women and children, there are 8,000 officers, 10,000 soldiers and 2,000 cadets in the military schools. These troops have kept their military organization. Their morale is of the highest and they voluntarily submit to the most stern discipline; for in all their hardships they are buoyed up by an unquestioning faith in their chief, General Wrangel, and in the greatness of their mission. "They encamped under canvas, or in

old huts that have no doors or windows, but are always in an irreproachable state of cleanliness. "They are fed by France. In addition, General Wrangel is paying them, from the little money he still has—about a dollar a month. "Wrangel, who succeeded in getting employment as labor corps, in Serbia and Bulgaria for nearly all his Cossack troops, is trying to get Serbia to receive his Gallipoli Army Corps. Five thousand of them are going to be used by Jugoslavia as a frontier guard. "As for the other regiments, the government of Belgrade is prepared to offer them its hospitality if funds are put at its disposal which will cover their upkeep for two years. The Russia Ambassador at Washington has still several tens of millions of dollars, the remnants of funds that were sent him from Russia before the Bolshevik coup d'etat, to pay for the orders for war material. Wrangel is making every effort to get the few million dollars necessary for the carrying out of his scheme raised out of these funds and transmitted to the Serbian government. "If he succeeds, what will be the ulti-

mate role of this legion? Will it fight again as an army? Probably not. The general opinion in Russian circles is that Bolshevism must go under in an internal convulsion of the country, and will be then that elements of order, a framework of administrative and police organization will be needed by the new government to restore calm for the convocation of the Constituent Assembly. This is where the survivors of the National Russian Army hope to be of service to their country."

FARMERS ARE WIDE-AWAKE. (Canadian Finance, Winnipeg) Just how keen the Alberta farmers were to achieve success in the Alberta provincial elections is shown by the fact that in the Watnwright constituency, only 25 possible votes were not polled. Several other rural constituencies had averages almost equally high. Who will deny the right of the farmers to rule if they continue to take such an interest in public affairs? Every citizen should take a similar interest in the affairs of the community.

A DIFFICULTY IN CHURCH WORK

Speaker at World's Alliance Deals With Denominationalism in United States.

Pittsburgh, Sept. 22—One of the greatest difficulties confronting the churches in the fact that there are 175 varieties of churches in America, said Dr. Baxter P. Fullerton of St. Louis to the World's Alliance of Presbyterian and Reformed Churches here today.

Dr. Fullerton is secretary of the Presbyterian Board of Home Missions and was telling of the difficulties of home mission work in the United States. Denominations, he said, was one of the greatest, most serious of these. Each of the 175 kinds of church was endeavoring to promote its own work both in the city and the country, among native and immigrant alike and, consequently, there was not only overlapping but also overlooking since there had been no co-operation in the location and development of these various local churches.

Christian church is to "Christianize the church itself." He declared that there are communities in America where four or five different denominations are at work, each church receiving home mission aid, when one or two churches could be both self-sustained and self-respecting.

local churches into one for better service for the community, but Dr. Fullerton said that extreme denominationalism prevents any very large application of this principle and strong peoples remain apart because of some unimportant or subsidiary question on which the salvation of no soul, or community depends. Dr. Fullerton said it was heartening to know that this condition of things was being considered seriously by churches and missionary agencies and pointed out that the organization of a Home Mission Council and Council of Women For Home Missions 14 years ago had become an outstanding evidence

of a spirit of co-operation prevailing in the churches.

He pointed to the condition in Utah as an illustration of what had been accomplished by the Home Missions Council and said that today there were no communities in that state where two or more Gentile churches were at work except in the cities of Salt Lake and Ogden. Similar organizations for interdenominational home mission work had been made in Colorado, Montana, Porto Rico, Cuba, Alaska and Santo Domingo.

Despite the hindrance of denominationalism, Dr. Fullerton reported that the spirit of evangelism prevailing in America was one of the most hopeful signs of the time.

Never in the course of a year had there been such an interest in bringing men into the church, he said.

He recounted the difficulties in attempting to Christianize and Americanize the polyglot peoples of the cities and as well as of the state to solve the problems of sanitation and housing.

He said that, according to best information, there were now 18,800 men and women engaged in some form of missionary work in this country and more than \$26,000,000 invested in the business of making and keeping America Christian for the redemption of mankind and the friendly service of the world.

MANY WANT TO GO TO FOREIGN MISSION FIELD

New York, Sept. 22—More than 1,200 girls and women recently have applied for appointments as foreign missionaries, according to Miss Mabelle Rae McVeigh, candidate secretary of the Women's American Baptist Foreign Mission Society. Ages of applicants, Miss McVeigh said, range from 14 to 45.

"Probably one reason for the astonishing increase in the number of applicants," Miss McVeigh said, "is the fact that the war has made the world seem smaller, so that foreign lands no longer seem as distant as they formerly did."

CATHOLIC TRUTH SOCIETY MEETS

(Canadian Press Despatch.) Montreal, Sept. 21—The idea of discussion of the activities of the Ku-Klux-Klan as suggested recently, was repudiated by the convention of the Catholic Truth Society of Canada, which opened this afternoon under the presidency of Archbishop McNeil, of Toronto.

There were present on the platform with Archbishop McNeil, Bishop Fallon, of London, Ont., Bishop Morrison, Antigonish, Bishop Couturier, Alexandria (Ont.) and Bishops Gauthier and Donnelly.

The convention was opened by Bishop Gauthier, who referred to the numerous errors that creep into the secular press and said the society was doing much useful work in shedding light and propagating truth.

SEEKING OIL

Sydney, N. S. W., Aug. 23—(Association Press, by Mail)—The search for oil which has been going on with meager results for years in the large island of Papua, has been extended to the portion known as German New Guinea, where it is said there are much better indications. This territory is now under Australian mandate.

Experts of the Anglo-Persian Oil Company, which has an agreement with the commonwealth by which each will share in the benefits of any discovery, are prospecting thoroughly. Several private parties also are in the field.

Oil prospecting is being retarded, however, because the Australian government has not decided on a land policy for mandated territories.

LOSE \$25,000,000 A YEAR IN N. S. BY ILL HEALTH

Estimate of Health Officer—Red Cross Gains 11,000 Senior Members.

Halifax, N. S., Sept. 22.—Twenty-five million dollars a year is the economic loss in Nova Scotia caused by ill health, according to the computations of Dr. W. H. Hattie, provincial health officer, given to a conference of county representatives of the Red Cross Society of the province here yesterday. Reports showed that Red Cross work is progressing favorably and the public health programme is being pushed forward.
Rev. Father McDonald, Richmond, and Dr. McKee, Victoria, referred to the health conditions on the Indian reserves of Cape Breton as being deplorable. These reserves are under federal jurisdiction.
With five counties to hear from, 11,000 senior members of the Nova Scotia branch of the Red Cross have been reported, following this year's membership campaign.

WANT PARLIAMENT CALLED TO DISCUSS MATTER OF WORK

London, Sept. 22.—Lloyd George will receive the Laborite mayors of the London boroughs at Gairloch, Scotland, on Friday. A joint committee representing all sections of the trades union congress and labor party is urging the prime minister to receive a deputation on the subject of unemployment and immediately to convene parliament to discuss this subject.
The convening of parliament is also urged by John Robert Clynes, former food controller, in a letter to the Speaker of the House of Commons, with the same object in view.

ARE EFFECTIVELY TEACHING PATRIOTISM

A rather striking illustration of what a civilizing as well as an educating force the Sunday schools of Canada are, is to be given on Sunday, September 25, this year, when more than eighty per cent of the Sunday schools in Canada, including the Baptist, Congregational, Methodist and Presbyterian denominations, will unite in celebrating Rally Day. It appears probable that at least 1,000,000 members and adherents of Canadian Sunday schools will attend a special service to be held that day. A feature of this as provided for in a specially printed programme which has already been circulated in enormous quantities throughout all the Canadian schools of these denominations, will be teaching a real patriotism and the place of the Canadian in making our Dominion a better country. Arrangements for this day have been made, by the way, by a joint committee made up of the various denominations and this in itself is rather an interesting illustration of an effective method of church union which are in operation these days.

DARWIN'S SON TO SPEAK ON EUGENIC REFORM.

Major Leonard Darwin Will Open Eugenics Congress and Later Give Views on Some American Racial Problems.

"I hold that our aim as eugenicists should be to increase the rate of multiplication of stocks above the average hereditary qualities and to decrease it among the less fit." This is the credo of the most noted and interested of the scientists which the Second International Eugenics Congress, to open on September 22, will bring to New York—Major Leonard Darwin, son of Charles and himself a scholar distinguished for achievements in several fields.
He will deliver the leading address on "The Field for Eugenic Reform" in the fourth section of the congress, devoted to a discussion of eugenics in relation to the State, to society, and to education.
Major Darwin's career has been one of brilliant diversity. He was educated at the Royal Military Academy, Woolwich, and served for five years in different departments of the British Army. He has been a member of several scientific expeditions and has served in Parliament. He is president of the Eugenics Education Society, presiding at the first eugenics congress, held in 1912, and he has been president of the Royal Geographical Society. Since 1913 Major Darwin has held the post of chairman of the Bedford College for Women, University of London. Naturally there is keen interest in his coming.
Besides his paper for the fourth section, Major Darwin will give the opening address of the congress, and in this he will speak of his belief that while heredity should still be the "main eugenic signpost" this signpost now requires three "arms," which he describes in this succinct programme:
Three Tasks of Eugenics.
First, the public should be made to realize what a potent influence heredity has on the fate of all nations. Second, efforts must be made to ascertain and make known the rules by which each individual ought to strive to regulate his own conduct in regard to laws of heredity—in so far as we know them today. And third, the action which the state should take in order to stimulate and enforce conduct conducive of racial progress should be considered. Major Darwin holds, however, that the greatest circumference ought always to be employed where questions of compulsion are involved.
"We all aim at human improvement," says Major Darwin, "but some would attack on a wider front than others. For eugenics, in opinion, ranges from those optimists, who believe that racial progress is an assured law of nature and requires but a little facilitating from us in order that 'everything may come right in the end,' as Dulcy would say, to those depressed observers who are convinced that they see a slow deterioration in the innate qualities of all civilized peoples.
Certainly, think Major Darwin and other speakers, the downfall of many a nation in the future may be traced to a deliberate ignoring of eugenic laws, and it is the duty of the eugenic idealist to urge that 'everything may come right in the end' of his country. But the highest resolves do no good without knowledge in back of them.
In the United States, for example, we

IRON TRADE TURNS THE CORNER.

The production of pig iron was generally regarded in normal times as one of the best indications of what the state of business would be in coming months, but in its present condition the iron trade appears to reflect what has occurred in the past rather than to serve as a barometer for the immediate future. The following figures, giving the output of pig iron in thousands of tons in significant months during the past year, will convey a vivid idea of the degree of stagnation from which one of the basic industries has recently suffered. The average monthly production in 1913 is included for purposes of comparison:

Table with columns: Month, United States, United Kingdom, Canada. Includes Monthly average, 1913, September, 1920, December, 1920, March, 1921, July, 1921, August, 1921.

have some 400,000 feeble-minded persons whom we are caring for as best we may, neither public nor scientific opinion being clear upon the question. For these unfortunate people Major Darwin believes that segregation is the wisest and kindest course; but he favors sterilization as a voluntary and experimental measure which would often enable them to live in comparative freedom, where now they have to be confined in institutions. "Nations decay from unsexed causes while in apparent prosperity," warns the speaker. "One such pregnant cause is the unrestricted reproduction of the weak and diseased, in mind, body, or morals.
A Problem of Ours.
Improvement of environment, unfortunately, does not seem to have helped us very much. Major Darwin points out how much comfort, convenience, and sanitation have spread since the days of Plato, and then asks us to judge whether man has kept pace with his surroundings. It is from such reflections that he has drawn the conclusion that heredity must still be the guiding star of eugenics societies. He would restrict the field of eugenics to measures affecting the inborn qualities of future generations.
On the whole, Major Darwin takes a more cheerful outlook upon the future than Dr. de Lapouge. "If our biologists will face these problems more earnestly than in the past," he says, "if politicians will pay more attention to the advice of scientific experts, and if the general public will be guided by common sense in regard to heredity—then I hold that we shall have more right to look with confidence to the future than has been the case since the dawn of civilization."

STILL THE HIGH COST.

(Financial Post.)
Undoubtedly the factor most largely responsible for the present trade stagnation is the high cost of production.
In the United States, where the deflation of wages has proceeded much further than in Canada, and where in some trades a state of normalcy has been reached, there is evidence of a revival of industry. Immediately upon the publication of the report of Judge Landis in the Chicago building trades' dispute, authorizing a substantial reduction in wages, contractors decided that they could proceed with work planned out, on the newer cost basis, and employment was also immediately available for some 40,000 to 50,000 men, who had been walking the streets in enforced idleness. The moral is applicable to every industry, and no good, but an immeasurable amount of harm, is created by needless delay.
BETTER TIMES COMING.
Recovery, But Not a Miraculous One, Ahead, is Consensus.
Better times are ahead for industry and business in the United States, but no one should expect a miraculous recovery this winter from existing depression. This fairly expresses the outlook for the coming winter held by government officials, economists, bankers and business men.
Facts upon which predictions of better conditions were based are:
1.—The recent development in cotton, which has reduced the price of money for use not only in the south but elsewhere.
2.—Increased railroad tonnage last week, idle freight cars decreased by more than 23,000.
3.—The government's readiness and ability to help business. Aid rendered the cotton and livestock industries greatly accelerated their recovery, and has helped the whole agricultural business.
4.—Depletion of stocks in almost all lines of merchandise to a point where buying in greater or less degree will soon be inevitable.

BASEBALL

Springhill Champions.
By a last inning rally Springhill defeated Middleton yesterday at Truro by a score of 4-3 for the championship of Nova Scotia. The game was witnessed by 3,000 people and excitement ran high all through the game. "Emmy" Rice, out for Springhill struck out nine of his opponents while Angus Dodge for Middleton, while pitching good ball, was not so steady. No batter on either side made better than one base hit. Following the game Mayor Murray presented to the winners the Halifax Chronicle cup emblematic of the championship of the province.

American League Wednesday.
At Boston—Cleveland 5; Boston 1.
At Washington—Washington 3; Chicago 2. Second game Washington 4; Chicago 3.

National League Wednesday.
At Pittsburgh—Brooklyn 2; Pittsburgh 1.
At Chicago—New York 9; Chicago 7.
At St. Louis—Boston 7; St. Louis 6. International league games postponed owing to rain.

Montreal Championship.
Montreal, Sept. 22.—The Athletics led it two straight from St. Henri by adding yesterday 5 to 2 in the play-off for the championship of the first half of the city baseball league schedule, which ended in a tie between these teams. This victory gives the former the right to play off with the Indians and Crescents for the city league title.

Commercial to Perth.
The Commercial baseball team left at evening for Perth, where the fast St. John aggregation will play a double-header today. The party, which was in charge of Elmer Ingraham, was composed of Kilen, Kirkpatrick, Lowmyer, Fraser, Gorman, Latham, Henson, Garnett and Beatty.

The Fredericton Races.
Two St. Stephen horses come through unscathed yesterday at Fredericton exhibition race while the third race was won by a Maine horse. Suska, owned by Keys and McBride, St. Stephen, won 2:18 trot and pace in three straight heats, best time being 2:18-1/4. Roque, owned by the same people, won the 4 pace in straight heats, best time 2:23-1/4. Baton made it the best race of four in the 27 heats and is doing the best mile in 2:15-1/2.

Grand Circuit.
Lambus, Ohio, Sept. 22.—Unless rain eases again as has been the case the last two days, Grand Circuit race will be resumed here today. Tuesday card, called after two heats had been run, with one of yesterday's scheduled events and the attempt of trying to break the world trotting record of 1:58, held jointly by Dan Uhlman, will make up the card.

The Lightweights.
York, Sept. 22.—Johnny Buff, six-foot champion, will go into the ring in the Bantam Championship fight with Pete Herman Friday night, weighing 116 pounds, it is announced at his Jersey City training quarters today. Herman will make 8 pounds.

Joe Lynch, who won the bantamweight championship from Herman, then it back again, returned today from

the Maine woods, where he has been training. He said he would seek an early return engagement with Herman. Lynch has been ordered by Tex Rickard to return a diamond studded belt, emblematic of the championship which he received when he dethroned Herman and kept when Herman turned the tables.

ATHLETIC.
World's Record.
Stockholm, Sept. 21.—R. D. Mountain, the Cambridge University runner, today at an athletic meeting won the 500 metres race in one minute five and six-tenths seconds. It is claimed that this is a world's record.

The world's record for 500 metres previously was held by F. Raftis, Hungary, who made the distance in one minute seven and six-tenths seconds in 1913.

GOLF.
Quinet Losses.
(Canadian Press Despatch.)
St. Louis, Sept. 21.—In one of the most thrilling matches played in a national amateur championship, Harrison R. Johnson, of St. Paul (Minn.), national champion, today defeated Francis Outmet, of Boston, formerly national open and amateur champion, by taking the 36th hole, 4 to 5, and winning one up.

Ladies' Golf Union.
Ottawa, Sept. 21.—At a meeting of the Canadian Ladies Golf Union, it was decided to hold both open and closed championships next year.

Mrs. Leonard Murray, Toronto, was elected president, and Mrs. McGregor Mitchell, Halifax, one of the vice-presidents.

MUTRIE WHO OWNED THE GIANTS AND NAMED THEM.
New York, Sept. 22.—"Smiling James" Mutrie, who once owned the Polo Grounds, owned the Giants, nicknamed them, managed them and won two pennants with them, at 77 years smiles as of old and follows "his Giants in the sporting pages."

Baseball gave Mutrie both fame and money, but now he is bereft of well nigh everything save his smile and memories. He is crippled in his legs, his hands are gnarled and twisted as relics of his playing years ago, and his jaw is add awry where once it stopped a hard-hit ball.

Over on Staten Island this grand old veteran of the game has found the home base in a lodging house, and his greatest joy is in taking the neighborhood youngsters to shady spots and spring yards to them of the Babe Ruths of years gone by.

"Yes, I named the Giants myself," he chuckles. "It was perfectly natural to call them that. The boys were all tall in those days, because most of them were sluggers and they didn't go in for speedy playing then. One day, when we were winning, I remarked, 'There are giants, both in stats and playing,' and the name stuck."

"No, sir, baseball ain't any better today than it was then, only on a business basis," Mutrie has his opinions and he sticks by them.

"The first game I ever put on in New York was in 1880, when John B. Day and I started the Mets. It was played on the old Polo Grounds at 110th street and 5th avenue. Two thousand persons came out to watch us play—that was a great gathering." Mutrie has his opinions and he sticks by them.

"When I came to New York in 1880 I walked the streets for weeks trying to

RICKARD SEEKING JACK'S SIGNATURE

Promoter Will Make Effort to Secure Dempsey's Consent to Willard Bout.

Tex Rickard will attempt to secure the consent of Jack Dempsey, world's heavyweight champion, to another bout with Jess Willard, Pottawatomie Giant, who formerly held the title. Rickard repeated his readiness to conduct this title struggle. His plans have progressed to the stage now where he has determined upon Saturday, July 1, as the date, and his arena on Boyle's Thirty Acres, as the place.

Willard, through his business representative, Ray Archer, has notified Rickard he is eager for the match. The former title-holder has notified Rickard he will come East several months before the battle and establish public training quarters in the mountains, where skeptical enthusiasts will be permitted to witness his workouts and convince themselves that he is really in earnest.

Jack Kearns, Dempsey's manager conferred with Rickard but declined to commit himself positively. Manager Kearns declared he wanted to discuss the match with the champion, and advanced a proposition that Willard engage in several bouts prior to again entering the ring against Dempsey. Such a course by Willard, Richard said, is highly improbable. Willard has informed the promoter that he is after a return bout with Dempsey and desires to entertain a proposition calling for

CO-OPERATE FOR RELIEF WORK IN ALBERTA

Edmonton, Sept. 22.—A policy of co-operation between the federal and provincial governments in regard to the necessary relief work in Alberta this fall and winter will be carried out along the same lines as in previous years.

This was agreed upon at a conference. The general plan upon which the situation should be dealt with was approved, with the promise of the federal government to join in with it by assuming responsibility for the homesteaders on unpatented lands, as on previous occasions. This course was declared to have worked out satisfactorily in the past.

BISHOP RICHARDSON.
A Canadian Press despatch says that Right Rev. J. A. Richardson, Bishop of Fredericton, who is a patient in the Royal Victoria Hospital here, was resting comfortably today. The physicians have not decided whether or not it will be necessary for him to undergo an operation.

MR. O'CONNELL'S PLANS.
J. D. O'Connell will remain in New Brunswick for several weeks in the interest of the referendum vote. He said today that he had cancelled for the present all picnic engagements which he had planned to give throughout Maine and the southern states. Mr. O'Connell has already been booked to speak in several places.

Y. M. C. I. LEAGUE
The first game in the Y. M. C. I. House Bowling League will be played on Tuesday evening, September 27, when His Worship Mayor Schofield will formally open the season by rolling the first ball. The Robins and Hawks will clash in the opening game. At a meeting held on Tuesday evening Dr. H. S. Clarke was unanimously elected president of the league.

NOVELTY SHOWER.
At the home of Mrs. E. Lyons, 120 St. Patrick's street, last evening, a novelty shower was held in honor of Miss Marie Bamford, who is soon to be a principal in an interesting event. About thirty-five friends were present, and Miss Bamford's marriages will take place on Saturday to resume his work as a student in the School for the Blind. A very pleasant evening was spent with games and music, and a dainty supper was served. William Gramman, on behalf of the boys, wished Hugh the best of good fortune and presented to him a sum of money to be used in pursuance of his wireless work, in which, though lacking the sense of sight, he has been a talented amateur for the last two years. The young man heartily expressed his thanks for the good wishes and the gift. "For He's a Jolly Good Fellow," "Auld Lang Syne" and "God Save the King" were sung, bringing the evening to a happy close.

APPRECIATION FROM HALIFAX
St. Mary's Club Expresses Thanks for Consideration Shown by the People of St. John.

Appreciation for the courtesy shown to their members while here for the month's regatta was expressed in a letter received from St. Mary's Aquatic Club, Halifax, by Mayor Schofield today. The letter was as follows: "Halifax, N. S., Sept. 19, 1921. His Worship Mayor Schofield, St. John, N. B.: "Your Worship—I hasten to thank you on behalf of St. Mary's Aquatic Club for the courtesy and consideration which was shown us by you and your reception committee and the people of St. John in general, and we trust that if at any time in the future aquatic sports leave your city to come to Halifax, we will reciprocate in the same splendid manner that you entertained us. Respectfully yours, F. L. SULLIVAN."

CONFERENCE RE FISHERIES IN CHARLOTTETOWN
Charlottetown, P. E. I., Sept. 22.—A paper by W. F. Tidmarsh of Charlottetown, dealing with the serious economic loss which the canned lobster industry is bearing through discoloration by bacteria, provoked a lengthy discussion at a conference of inspectors and officers of the eastern fisheries division of Canada, now in session here.

A resolution was passed by the conference requesting the federal government to establish on Prince Edward Island a modern experimental cannery where packers and operators may receive instructions and scientific investigations of the lobster industry be made. A second resolution was passed expressing appreciation of the research work carried on by the Canadian Fisheries Department.

DEATH OF CHAS. F. BROWN.
Many friends will be shocked to learn of the death of Charles Frederick Brown, which occurred about 11 o'clock last evening at his home, 36 High street. Mr. Brown had been in failing health for some time but his death came as a shock to his relatives. He had been in business in the North End for thirty-five years, conducting a crockery and hardware business in Main street. He had been a member of the fire department for the same length of time, and had been district chief since the amalgamation of Portland with the city. He was very prominent in the Masonic order, being a thirty-second degree mason and a member of Luxor Temple Mystic Shrine. He was a ship draughtsman in the days of the fall rigged ships, and many a vessel of his design sailed from St. John harbor. He is survived by his wife, four sons, William L., H. Cecil, F. Yale and C. Walter, all of St. John; two daughters, Mrs. J. L. Heans and Miss Edith Brown, also of this city; three brothers, W. K. Brown of St. John; Alexander G. of Campbellton, and J. Thomas of Calgary; and one sister, Miss Charlotte Brown, of Halifax. Much sympathy will be extended by many friends to those so suddenly bereaved.

TENDERS FOR PAVEMENT OF MARSH ROAD
Two Received Show Big Difference in Prices.

Question of Pay for City Employees Overseas—Lancaster People Want Water Service—C. P. R. Bridge Matter Touched Upon.

Only two tenders, with quite a margin in price between them were received and opened today at city hall for the pavement of the Marsh road from Cooper's corner to the city line near the One Mile House. Both were referred to the commissioner of public works and road engineer for report. The tenders were as follows:

Stephen Construction Co.—Asphalt concrete surface, \$2.80 a square yard; McAdam foundation, 90 cents a cubic yard; extra excavation \$3 a cubic yard, and tile drain, 20 cents a foot.

Currie Construction Co.—Asphalt concrete, \$1.94 a square yard; McAdam foundation, 60 cents a cubic yard; extra excavation, \$1 a cubic yard, and tile drain, eight cents a foot.

The Stephen Company was prepared to start the work on two days' notice. The road engineer remarked that the city reserved the right to close the work down at any time on account of the lateness of the season, pay the contractors for the work done and call for new tenders for the balance of the job.

The mayor said that the city should insist that so far as available taxpayers and married men should be employed. He said that he had investigated five reports this week and found in all cases that non-taxpaying men were employed by city departments.

Commissioner Frink said that some of the men were in his department. Two of them were returned soldiers who were allowed to stay on the job under a recent order-in-council, one county resident was laid off, and one man reported to him he could not find on the payroll. Two men were laid off in the north end as they were not taxpayers, being under twenty-one years.

Mr. Jones read a communication from ratenayers of Lancaster calling the attention of the council to the fact that Charlotte extension, Whipple street and Havelock street were without water service and agreeing to guarantee ten per cent. of the cost of extension of a main.

Mr. Jones said that there was a sewerage in Whipple street. He reported that previously the water could not rise to the level of the streets concerned and he doubted if the new main from Spruce Lake would remedy this matter.

It was decided to ask the city engineer to furnish a report on the possibility of extension.

A letter was read from Policeman George Cochet asking for leave of absence on account of illness. He said he had been fifty years in the city employ, eleven years with the fire department and the rest with the police department. On motion, the matter was referred to Commissioner Thornton for report.

Commissioner Frink referred to a report in a morning paper that a ship was unable to get cargo on account of the height of the new C. P. R. bridge. He asked the mayor if he had any information. The mayor promised to obtain some data.

WILL OF W. M. JARVIS
